

British Move Armored Wall East

REDS FORCE NAZIS BACK

MOSCOW, Sept. 27 (AP)—The German retreat to Riga was turned into a desperate stampede today by swiftly pursuing Red army armor and infantry which had cleared northern Latvia to within 30 miles of the Baltic seaport.

North and east of Riga the enemy was making no attempt to hold an organized line but the overland escape corridor westward from the city along the coast in the direction of East Prussia was being kept open regardless of losses, front dispatches said.

Japanese Drive Forward Toward Chinese Bases

By LEONARD MILLIMAN Associated Press War Editor

The war against Japan will last for at least a year and a half after Germany is beaten, the office of War Information said today.

The OWI summary, reflecting military opinion, listed in Japan's favor: the war in China, geography, manpower and Nippon's ability to increase production.

Japanese armies in China appeared to be driving toward their greatest gain in six years, with two columns making long, threatening advances toward the Allied southeast China base of Kweilin.

In Burma, which has furnished the only encouraging news of the Oriental war, Allied troops were reported operating in the Fort White area in the rear of Tiddim, springboard for the ill-fated Japanese invasion of India.

Marines and soldiers on Peleliu island in the Palau group are killing ten Japanese for every American lost. Adm. Chester W. Nimitz announced 688 Yanks have been killed against some 7,000 Nipponese. American casualties total 5,500, including 4,408 wounded and 406 missing. Enemy losses were insignificant compared with the OWI estimate that Japan has 4,000,000 men in the army with another 3,500,000 in reserve or in the 17 to 20 year age group.

The war department announced all superfortresses returned safely from yesterday's heavy raids on industrial targets at Anshan, Manchuria; docks at Dalren; and military objectives in two Chinese cities.

Cattle Raisers Perfect Invoice Plan For Taxes

FORT WORTH, Sept. 27 (AP)—C. E. Weymouth of Amarillo, vice president of the Texas and Southwestern Cattle Raisers association, says the organization has about perfected a program agreeable to the government under which cattlemen may invoice their cattle on a constant basis for income tax payments.

Weymouth, chairman of the association's tax committee, made his statement yesterday before a quarterly meeting of the group's directors, who also adopted a resolution opposing the government's feed program which they said threatens to drain this section of protein feeds to have it marketed as mixed feeds.

The resolution, adopted after a report made by John C. Burns, Fort Worth, chairman of the protein feed committee, complained of a government regulation allowing mixed feed manufacturers to use unlimited quantities of protein feeds provided their products when marketed contain as much as 30 per cent protein without applying against their regular quotas.

The resolution also complained of what it termed the failure of the Commodity Credit Corporation to allocate a portion of the soy bean crop grown in the north for milling in the south.

Local Boy Among Contest Winners

Winners of the "Feed A Fighter" contest held by 4-E club boys through the state are Burrell Hull of Coahoma, first prize, Fred Phillips, Big Spring, second prize, Harold Simpson, Gay Hill, third prize and James Coates of Center Point, fourth prize.

The four boys together raised enough food to feed an army of 10 men everyday for the period of one year. They will be given a free trip to San Angelo on October 7.

ALLIED TRAFFIC STEAMS OVER DUTCH BRIDGE — A steady stream of Allied motorized vehicles moves across the captured Nijmegen bridge over the Waal Rhine river in Holland Sept. 21. (AP Wirephoto from Signal Corps Radiophoto).

West Germany Hit Again With Heavy Bombers

LONDON, Sept. 27 (AP) More than 1,100 American heavy bombers attacked railroad yards and industrial plants today at Kassel, Ludwigshafen, Cologne and Mainz, all in western Germany.

The big U. S. bombers struck out in the third straight day of heavy attacks on German communications and war plants behind the western front.

The bombers were escorted by approximately 700 American fighters.

Among targets attacked were a tank factory at Kassel, the railroad yards and the Oppau synthetic oil and chemical plant at Ludwigshafen, the railroad yards at Cologne and the rail junction and an ordnance depot at Mainz, situated on a bend of the Rhine southwest of Frankfurt.

Initial reports made no mention of any aerial opposition, but said heavy overcast forced all bombing to be done by instruments. A strong force of British Lancasters and Halifaxes set fires at the inland German port of Karlsruhe and at Frankfurt last night in attacks costing two bombers. Karlsruhe is on the Rhine 100 miles beyond Metz, for which Americans are fighting. Frankfurt is about the same distance from Luxembourg, another GI front, and both cities are supply centers for the embattled German armies.

It was estimated that 6,000 tons of explosives plummeted on six German centers during the last 24 hours.

Many heavy bombers and swarms of lesser planes crossed the channel on this third successive day of concentrated aerial attack.

Labor Shortage In Big Spring Acute

There are positions now available for many and varied types of workers, U. S. Employment officials revealed Wednesday. The demand for laborers for gathering the 1944 cotton crop has left job openings which offer good salaries and a chance for advancement.

A large number of these openings are in essential industries and include linemen, routemen, driller helpers, roughneck, derrickmen, truck drivers, storekeepers, bookkeepers, station agents, firemen, auto and aircraft mechanics, welders, electricians, managers, cooks bakers and many more.

The most urgent need is for laborers for pipeline work, refinery yardmen, construction and general maintenance, the USES stated.

Among the positions available for women are laundry laborers, elevator operators, telephone operators, sales clerks, fountain girls, waitresses, hotel housekeepers, clerk-typists, stenographers, maids and various domestic jobs. For more information applicants should contact the USES office.

Clothing Drive Has Slow Response Here

Response has been slow so far in collection of serviceable new and used garments for distribution to destitute people in liberated areas in Europe and appeal was made Wednesday morning for Big Spring persons to make their contributions as early as possible.

The collection is being sponsored this week by the Council of Church Women. Mrs. Bernard Fisher, president, asked that residents take items to churches and publicized information showing the national goal is 15,000,000 pounds of usable garments.

Urgency of the appeal springs from the acute needs faced by peoples of liberated areas and those of nations soon to be delivered, it was announced. With the departure of the Nazis, winter will become their grim enemy.

"Failure to secure adequate supplies of clothing promptly may mean untold suffering," Herbert H. Lehman of the United Nations Relief and Rehabilitation Administration, said in a statement received here. "Because of the needs of the armed services and civilian requirements, manufacture of clothing will not get underway for sometime. This means that the needy men and women and children in such countries must depend on the help of the American people."

Strong Counterattacks Force Americans Back

Fifth Forced From Monte La Fine Mass

ROME, Sept. 27 (AP)—A strong German counterattack in which, an official report declared, the Nazi command "expended liberally his personnel," has driven Americans of the Fifth army from a portion of the Monte La Fine hill mass, 20 miles south of Bologna, the Allied command announced today.

Meanwhile, the Eighth army extended its bridgeheads across the Rubicon, one-time boundary of Republican Rome and Cisalpine Gaul in the southeastern edge of the Po valley, and fought its way into the outskirts of Bellaria, nearly eight miles northwest of Rimini on the Ravenna road.

The Fifth army command said Nazi Field Marshal Albert Kesselring had moved elements of three more infantry divisions into position against American spearheads now aimed down the northern slopes of the Apennines after cracking the middle of the Gothic line.

The German counterattack which dislodged the doughboys from a hardwon western spur of Monte La Fine hill mass was made the night of Sept. 25. Headquarters declared "efforts are being made to regain the sector."

On the Fifth army right flank, British forces captured Bocconi, 21 miles southwest of Forlì on highway 67. Other British columns were slowed by increased resistance.

The enemy gave ground only stubbornly on the Fifth army's western flank near the coast but official reports said continued attacks were made on enemy strongpoints in difficult mountain territory by the Brazilians, aided by American elements.

Gulf Refiners Report Continued High Level

HOUSTON, Sept. 27 (AP)—Gulf Coast Refiners association reporting on operations for the first half of September, 1944, indicates crude oil output of 119,417 barrels a day, maintaining recent high levels. Crude runs were at 85 per cent of rated capacity and represents an increase of 23,987 barrels daily in comparison with operations at 78 per cent of capacity a year ago when the group processed 95,430 barrels a day.

Total stocks of all products in the plants of the GCRA group were reported at 3,604,990 barrels Sept. 15, showing an increase of 157,923 barrels during the first half of the month.

Allied Airborne Troops Landed In Albania To Slow Retreating Nazis

ROME, Sept. 27 (AP)—Allied airborne troops of "the land forces of the Adriatic" have been landed in Albania to harass the German withdrawal from the Balkans, the Allied command announced today.

Other units were landed by sea. A Balkan air force communique said the troops now "are operating on a wide front in the Adriatic country"—including both mainland Albania and the islands off the Yugoslav coast.

Crops Benefitted Across State By Sectional Rains

Rains which began in Texas yesterday (Tuesday) brought moisture which boosted wheat prospects in the Panhandle and was beneficial to fall gardens, feed crops, pastures, and ranges in many sections.

For a 24-hour period which ended early today figures showed the heaviest rains on the coast, topped by 3.21 at Houston.

At Lubbock and Slaton, in the South Plains, slow rains which had totalled .75 an inch and 1 inch respectively, were slowing harvesting. There concern was expressed that continued rain might lower the grade of cotton and strain sorghums, much of which were on the ground.

The official forecast was for mostly cloudy weather, showers and local thunderstorms over both East and West Texas today.

At Amarillo, which had 1.17 inches since last night, and at Plainview, the moisture was reported excellent for wheat, nearly all of which was seeded.

Midland county's 1.06 inches brought the total in excess of the county's 28-year average for the month by 1.85 inches. Borger measured 1.02 inches by 10:30 a. m., 59 of it since 8:30 a. m. Light rain in Wichita county was reported not sufficient to aid materially crops, ranges, and depleted stock tanks.

An early morning compilation by the Dallas weather bureau showed light rains then continuing at Houston, Brownsville, San Antonio, Austin, Waco, Brady, Big Spring, Abilene, and Laredo.

Sears-Roebuck Show October 2

Schedule for the 1944 Sears Roebuck Pig Show to be held at the Big Spring County warehouse October 2 and 3 is as follows: On October 2 the pigs are to be in the pen by 5 o'clock p. m. Boys are to bring their own troughs and get the pigs in show shape. The following day boys and fathers are to be at the County Warehouse Barn not later than 9 o'clock a. m., pigs will be shown at 10 o'clock and judged by E. M. Regenbrecht of College Station.

Following the show will be a luncheon at 12:30 p. m. in the Settles Hotel. Chairman of this meeting will be Mrs. Olive Murphee, and guest speakers include Judge James T. Brooks, E. M. Regenbrecht, W. L. Marshchall, C. T. Johnson and County Agent Durward Lewter who will award the prizes.

Those showing Sears pigs are entering them in the contest are Howard Smith, Bluford Burton, Marlin Murphy, Nathan Hughes of Knott; Lloyd Robinson, Ackery and Billy Nichols, Curtis Rasberry, Martin Fryar and Howard Madewell of Knott.

Prizes are for first place gilt, one registered Jersey heifer; second place, 200 baby chicks, third place, 150 baby chicks, fourth place, 100 baby chicks and the same amount for fifth place. For first place Boar, ten dollars of merchandise will be given.

Forsan Gunner Praises Air-Sea Rescue Method

AT A 12TH AAF B-26 MARAUDER BASE—Six airmen who bailed out of their ailing B-26 Marauder 8,000 feet over the Mediterranean returned to their home base with admiration for their parachute and the air-sea rescue system. One of the six was S-Sgt. Jim E. West, Box 655, Forsan, turret gunner.

"The whole thing worked out more like a storybook than real life," claims 2nd Lt. Edgar E. Wolf of New York City, pilot of the Marauder who was last to be picked up after a 2 1/2 hour and 20 minutes in the water. "Everyone got out of the plane safely, and the air-sea rescue system was marvelous. One of their planes was circling us as I went down in my chute. The only thing approaching an injury was the

shroud burn on his cheek that my copilot, 2nd Lt. Claude C. McMilly (111 W. 33rd Street, Austin, Texas) got."

The Marauder was returning with a formation of the Mediterranean's oldest medium bomber group from a mission into southern France when Lieutenant Wolf discovered the engines using excessive gasoline and headed for an emergency field in Corsica. The weather was bad and the plane lost its course.

"Gas was very low, so I decided to abandon the ship. The coastline was too rocky to land, and I didn't want to land the B-26 in the water. The chutes were practical foolproof, but a landing at sea isn't. Besides, we'd been in touch with air-sea rescue for some time, and they knew where we were."

Wolf spotted an Italian fishing smack off the coast and, circling above it, told his crew to bail out the open boombox and be careful not to become separated. The pilot related how the men landed all around the fishing smack and the smack didn't even stop.

The other members of the crew, bunched closely together in the water, were picked up by a Catalina flying boat, but Wolf was harder to find. He was picked up later by a second Catalina.

Lieutenant Wolf praised the rescue highly and called it "a perfect example" of sea-air rescue. Other crew members were 1st Lt. Francis A. Boone, San Gabriel, Calif., bombardier; S-Sgt. Glen L. Dyke, Mascot, Tenn., engineer; and S-Sgt. Harold B. Deye Jr., Vanice, Calif., radioman.

Red Devils Move Back From Rhine

LONDON, Sept. 27 (AP)—British and Belgian divisions moving a wall of men and armor eastward in a build-up of the invasion of Holland have reached the Maas river at points along a 40-mile front, and battled today within three miles of Germany.

Eastward and westward drives carried 10 miles or deeper on both sides of the corridor carved up to Nijmegen, and from there on a thinner line to Arnhem. They widened the Allied push to split Holland, and won another supply road northward.

British forces struck eastward through mediocre resistance to Boxmeer, 13 miles southeast of Nijmegen and 13 miles southwest of Kieve. They were along the Maas (Meuse) for five miles from Boxmeer south to Groningen, and three miles from the Reich itself.

This thrust was south of the double-pointed British-American push into Germany which had carried within eight miles or less from Kieve, upper end of the Siegfried line.

Some 30 miles farther south along the Maas, Belgian troops reached the west bank of the river on a 10-mile front between Wessem and Dilsen, within sight of Germany. The Allies were closing up toward the Maas from the Boomer to Wessem areas for a solid front.

In the westward pushes, the British shoved out 10 miles to the town of Osa, 1 miles southwest of Nijmegen.

Further south, a British formation drove west from Eindhoven and linked with the right flank of the Canadian First army near Arendonk, forming a solid assault line through Turnhout to Antwerp.

Heavy action still marked the long American front from Aachen to Belfort. Doughboys forged slowly ahead southeast of Nancy and east of Epinal, where the Germans said a new American offensive was underway.

A battle of heavy guns continued around Metz, strongest fortress of Western France. Allied planes beat at one of the three main forts guarding Metz today, and crewmen estimated 25 per cent of the stronghold and its subsidiary fortifications was destroyed.

U. S. Infantry attacking after the air blow, however, ran into heavy mortar and machinegun fire.

The U. S. Third army beat down another German counterattack near Marsal, 21 miles east of Nancy, and fought doggedly into enemy positions based on old World War One pillboxes in the Baccarat area southeast of Nancy.

The Seventh army on the sector below gained from two to five miles on a front east of Epinal, where the Vosges foothills funnel into the Belfort gap to Germany.

City Commissioners Approve Tax Rolls

City commissioners approved the 1944 tax rolls and made an ordinance for distribution of the tax money at the meeting of the commission Tuesday night. City Manager B. J. McDaniel announced Wednesday.

A tax rate of \$1.70 has been set of which \$1.60 will go into the sinking fund. The remaining 10c was placed in the general fund. This was the smallest amount ever set aside for this fund, the city manager stated.

The 1944 evaluation has been placed at \$6,939,880 and the 1944 total tax levy for the year is \$117,970.00. The tax statements will go into the mail on October 1.

City officials believe that 93 per cent of the taxes will be paid bringing in \$105,000 net. McDaniel made a complete report on the Big Spring water project covering the cost, number of feet of pipeline laid, and tests.

"B-3" and "C-3" gasoline ration coupons will be invalid for car owners after September 30, the district Office of Price Administration announced today. Holders of such coupons which were issued for use beyond that date may exchange them for valid coupons at their local board.

YANKS BLAST JAPS AT MINDANAO — Three Jap cargo vessels burn, and smoke billows from enemy military installations (upper right) after carrier-based planes from the U.S. Third Fleet bombed the enemy in the Philippines on Sept. 28. AAUW Discusses Plans For Year's Program

Meeting Held In Home Of Nell Brown

Committee appointments were announced and plans for the year's program discussed at a meeting of the American Association of University Women Tuesday in the home of Nell Brown.

Committee chairmen were announced by Mrs. W. E. Wright, president, as follows: educational, Mrs. Debenport; international education and relations, Mrs. Carl Blomshield; social studies, Mrs. Frank Lytell; creative art, Mrs. G. W. Wood; economic and legal status of women and legislative program, Mrs. W. J. McAdams; membership, Mrs. E. W. Thompson; fellowship, Mrs. Charles Watson; program, Miss Brown; hospitality, Mrs. K. H. McGibbon; and publicity, Mrs. J. B. Mull.

Review Planned
The group discussed tentative plans for a book review here by Evelyn Oppenheimer of Dallas.

Miss Brown discussed present-day activities of the A. A. U. W. Those present were Miss Brown, Miss Debenport, Mrs. Blomshield, Mrs. Watson, Mrs. Mull, Mrs. Wright, Marguerite Woods, Mrs. Susie McAllen and Mrs. H. A. Stegner.

The group will work under the study type of program this year and topic at next meeting Oct. 24 will be "Do You Believe the United States Should Take the Lead in the Formation of an International Government to Maintain Peace in an Ordered World." Each member will take part in discussion.

WHERE THERE'S A WILL
WINSLOW, Ariz. (AP)—The Rev. George B. Curtis said he has found a use for two native war clubs sent him by his soldier son in the South seas. They might be used, he explained, to pound religious theories into the heads of the unbelieving.

Two other souvenirs, however, leave the minister stumped—grass skirts.

Amazing Way for "RUN-DOWN" people to get NEW VITALITY...PEP!

1—Promote the flow of vital digestive juices in the stomach
2—Energize your body with RICH, RED BLOOD!

These two important steps may help you to overcome the discomforts of embarrassment of sour stomach, jerky nerves, loss of appetite, indigestion, digestive complaints, weakness, poor complexion!

Build Sturdy Health and Help America Win
Thousands and thousands of years have passed since the first man was brought to this earth. Scientific research shows that it is not only the way you eat, but the way you live that makes you feel like yourself again. At drug stores in 10 and 20 cent sizes. 50¢, 75¢, 1.00.

Activities at the USO

WEDNESDAY
Volunteer desk hostesses. 6:15—Hospital visiting hour at the post, Lillian Jordan, chairman.
9:00—Bingo, three-minute free telephone call home.
THURSDAY
General activities.
FRIDAY
Volunteer desk hostesses. Games and dancing.
SATURDAY
7:00-9:00—Canteen open, free cookies and coffee furnished.
9:00-11:00—Record letters in recording room.

Alyné Moore and Milton Bodzin Wed

COLORADO CITY, Sept. 27—Announcement is being made in Colorado City and Snyder this week by Mr. and Mrs. Alton Moore of the marriage of his sister, Alyné, to Milton Bodzin. The marriage took place in San Angelo August 24.

Mrs. Bodzin, daughter of the late Mr. and Mrs. P. S. Moore of Colorado City, is a 1937 graduate of the high school here. She has been employed as cashier of Walgreen's drugstore several years. The bridegroom is the son of Mr. and Mrs. D. Z. Bodzin and is a graduate of Colorado City high school and of Texas Technological college. He owns the Fair Store in Snyder and is associated with his father in the drygoods business in Colorado City. The couple will be at home here after a visit in Dallas.

Musical Program Given At Post Hospital Tuesday

Weekly entertainment at the post hospital at Big Spring Bombardier school under auspices of the Red Cross hospital committee was presented Tuesday night, with Mrs. G. R. Paulsen and Mrs. James Lambert as hostesses. A musical program was given and included accordion solos and songs by Mrs. Gail Bonner, piano solos by Helen Duley, and group singing under direction of Miss Duley. Mrs. Carroll Toile was a guest.

WPB Provides For Aid To Veterans

WASHINGTON, Sept. 27 (AP)—Special help for veterans to set themselves up in small businesses was provided today by the War Production Board.

The action, giving aid especially to the thousands of veterans before the war and therefore lack the re-employment preference given wage-earners, has not been formally announced but became effective through an order signed Monday.

State Below Quota For Vital Laborers

AUSTIN, Sept. 27 (AP)—An acute shortage of workers on such high priority war jobs as munitions, ship repairs and building and heavy trucks was emphasized today by C. E. Belk, state director of the war manpower commission.

If these jobs are not filled quickly, Belk said, "Germany's defeat will be prolonged at the expense of American lives." For the first time, Texas is falling to meet its share of the national quota of workers in essential war production, said Belk. Belk explained that the demand for cotton pickers, and the return to school of about 100,000 high school age workers had brought on the situation. He appealed to every worker in the state not now engaged in essential war production to go to the United States Employment Service and accept a high priority job.

Prayer Week Is Observed

First program of the Woman's Missionary union of the First Baptist church in observance of the Week of Prayer was conducted Tuesday afternoon at the church. Mrs. R. V. Jones gave the opening prayer. Mrs. M. E. Harlan was program leader and gave the devotional. Theme of the program was "Our Neighbors."

Topics Discussed
Mrs. Roy Odom discussed "Our Mexican Neighbors" and closed with a prayer. Mrs. Lina Lewellen, "What Are We Doing To Win the Negroes?" closing with a prayer by Mrs. Della E. Agnell. Mrs. Carl McDonald, "Work Among Soldier Boys," closing with prayer by Mrs. W. J. Alexander; Mrs. A. L. Hobbs, "Our Christian Schools"; Mrs. R. D. Uirey, "Our Hospitals," followed by a song and closing prayer by Mrs. L. E. Hutchins, president of the W.M.U. An offering was given for missions.

Next program at the church in observance of the week will be given by young people at prayer meeting Wednesday night. Topic will be "The Romance of Texas State Missions."

Mission study will be continued in all circles of the W.M.U. next Monday.

Murray Protests Steel Formula

WASHINGTON, Sept. 27 (AP)—CIO President Philip Murray told the War Labor Board today that "unfortunately some people would like to make a political football" of labor's current effort to smash the Little Steel wage formula.

Departing from the text of a formal statement demanding speedy board action on the 10-month-old wage demand of the CIO United Steel Workers, Murray said "this case has to be determined on its merits, and I believe it will be."

In his prepared argument, the head of both the CIO and the Steel Workers said an Office of Price Administration study showed that the general 17-cent-an-hour increase sought by the union could be granted without making a steel price increase imperative.

Whatley Completes Orientation School

Cpl. Loyce W. Whatley has recently completed orientation training at an air service command station in England for duty in France, it was revealed recently.

Cpl. Whatley's wife, Mrs. Lillie Mae Whatley, lives at 407 Donley street, Big Spring.

Republican Repeats Pearl Harbor Charge

BOSTON, Sept. 27 (AP)—The Boston Herald today quotes Rep. George J. Bates (R-Mass.) as saying in an interview that "military leaders and others high in authority in Washington were notified several hours beforehand of the Japanese attack on Pearl Harbor."

The Salem representative, a member of the house naval affairs committee, "attributed the disaster to official blundering in Washington," according to the interview. The paper quoted Bates as saying "current investigations at the War and Navy departments had thus far uncovered no evidence to justify the court-martialing of General Short and Admiral Kimmel, army and navy commanders at Hawaii."

French Star Tortured To Death By Gestapo

PARIS, Sept. 27 (AP)—Harry Bauer, French film actor, died in 1942 from the effects of torture after telling the Gestapo "I would rather die standing up than lie on my knees," the newspaper Resistance said today.

Bauer, leader of a resistance group, was arrested as a Jew and his wife was kept for 115 days with her hands tied behind her back, the article said.

Social Calendar Of Events For Week

THURSDAY
PARENT-TEACHER school of instruction will open at 10 a. m. at First Baptist church; covered dish luncheon at noon.
ALL-CHURCH fellowship supper will be conducted at 8:30 p. m. at First Presbyterian church.
FRIDAY
SECOND SESSION of Girl Scout training course for new leaders will be conducted at 8 p. m. at First Methodist church.
REAPERS CLASS OF EAST FOURTH Street Baptist church will hold a monthly social and business meeting at 11:30 a. m. at the church.
FRIDAY
SUSANNAH WESLEY class of the First Methodist church will entertain with a treat at 3 p. m. at the church in honor Mrs. E. C. Masters, who will move to Albany soon.
MODERN WOMAN'S FORUM will meet at 8 p. m. at home of Mrs. A. B. Wade, 906 Main St.

East Fourth WMU Has Mission Talk

East Fourth Woman's Missionary union met Tuesday afternoon in the church parlors, with Mrs. A. W. Page, president, presiding. Following song and prayer, devotional was given by Mrs. R. J. Barton. The pastor, Rev. J. R. Clark, talked on community missions.

A committee to nominate new officers was appointed and is comprised of Mrs. A. S. Woods, Mrs. L. L. Telford and Mrs. Bob Wren.

Those present were Mrs. Tom Buckner, Mrs. Telford, Mrs. Barton, Mrs. R. T. Harrell, Mrs. J. R. Clark, Mrs. Otto Couch, Mrs. W. R. Fickett, Mrs. Woods, Mrs. Page and Rev. Clark.

Man Charged For Marrying Niece

LITTLE ROCK, Ark., Sept. 27 (AP)—W. A. Ragan, 52, of Benton, whose marriage to his 12-year-old grand niece, Louise Ragan, was the basis of civil and criminal action in state courts, was indicted by a federal grand jury here today on a charge of violating the Mann act.

The indictment, one of 91 returned by the jurors, charged that Ragan took the girl from her home at Haskell, Ark., to Longview, Tex., for immoral purposes last July.

Ragan was married to the girl by a justice of the peace in a taxicab at Benton July 22. The girl's parents, who said they had no previous knowledge of the marriage, charged that he misrepresented the girl's age as 18 to obtain the marriage license.

Jackie Johnson Is Honoree At Party

A party honoring Jackie Johnson on her sixth birthday was given Tuesday by her mother, Mrs. Jack Johnson.

A pink and white cake and other refreshments were served. Gifts were presented.

Mrs. C. E. Johnson, Mrs. Dwain Leonard and Mrs. Howard Brooks assisted.

Children attending were Jane Donaldson, Brick and Virginia Lee Johnson, Sonny and Patsy Tidwell, Charles Lane and Kenny Johnson, Joel Walters, Nancy Bowie, Claudia and Beverly Nichols, Christine and Jerry Brooks, Eunice and Billy Ruth Freeman, Zelma Jones and Pat Johnson.

Local Inductees Named By Board

Names of inductees accepted from the group sent from here Sunday were announced Wednesday by the Howard county selective service board.

Among those accepted by the navy were J. F. Mulholland, Jr., Victor Rayos Yanez, Charlie Joe Graham (v), Elvis Odell Counts, Pete Bernard Reaves (v-volunteer).

Included in the army inductees were Lloyd Barnett Crow, Winfred Wayland Cunningham, Jesus Hernandez Baca, and William Howard Bain, who transferred from Brawley, Calif.

Ohio Scientist Finds Vitamin Treatment for Hay Fever Distress

News of vital interest to thousands of hay fever victims comes from an Ohio college laboratory, where Vitamin C has been used with amazing success to check the distress and suffering of hay fever.

Under scientific observation, 25 annual sufferers were given this vitamin in generous amounts. All but 3 experienced relief from their usual discomfort—ranging from a slight irritation to almost complete absence of unpleasant symptoms.

The eminent scientist in charge of this study believes Vitamin C may help the body get rid of excessive histamine, a substance held to be responsible for the nose and eye irritation in hay fever attacks.

Wheatamin CEVIGARDS represent a convenient way to obtain pure Vitamin C. In the amounts reported effective. The vitamin is incorporated in tablets made with a natural B-Complex base which provides a diet in nutritive value. Ask for CEVIGARDS by name—and get a free leaflet giving full directions at Collins Bros., and Walgreen Drug Stores in Big Spring, (adv.)

Couple Is Wed. At Reno

Announcement has been received of the marriage of Garland Coulter and Evie Underwood, both formerly of Big Spring. The ceremony was conducted Sept. 19 in Reno, Nev.

Mrs. Coulter is the daughter of Mrs. J. T. Underwood of Big Spring, and Mr. Coulter is the son of Mr. and Mrs. Jess Coulter of Big Spring.

The bride wore a powder blue tailored suit, coral blouse and black accessories. Her attendant, Bonnie Mae Smith, wore a coral tailored suit with black accessories. Both wore orchid corsages.

Truman B. Smith was best man. Mr. Coulter is employed by the Key System Bus company at Oakland, Calif., and the couple is at home at 1033 Ninth street at Berkeley, Calif.

London Threatened

LONDON, Sept. 27 (AP)—Unpleasant living accommodations can be provided for thousands of bombed out Londoners, the city will be threatened with an influenza epidemic this winter which may work the war," Labor Minister Ernest Bevin declared today.

Bowling League To Be Formed Thursday

An officers' wives' bowling league will be formed at Big Spring Bomber school at 3 p. m. Thursday afternoon.

British Question Tommie Publicity

LONDON, Sept. 27 (AP)—Several members of parliament raised the question today whether the exploits of British troops throughout the world were getting full recognition in the American press.

Alfred Edwards, laborite, asked in common whether unnecessarily strict British censorship kept American correspondents from sending full accounts. Ernest Thurtle, parliamentary secretary for the ministry of information, replied, "I am unaware of this."

Sir Thomas Moore, conservative, asked "Why is it that from U. S. papers it is almost gathered that British troops are not in the field at all?"

Thurtle replied, "It may well be that the correspondents provide the necessary material to the editors, but that the editors cannot find space for it."

Roosevelt Praises American Maritime

WASHINGTON, Sept. 27 (AP)—President Roosevelt said today the men and management of the American marine have written one of the war's "most brilliant" chapters.

In a letter to Rear Admiral Emory S. Land, chairman of the Maritime Commission, on the occasion of Victory Fleet Day, Mr. Roosevelt said: "They have delivered the goods when and where needed in every theater of operations and across every ocean in the biggest, the most difficult and dangerous transportation job ever undertaken."

Starts INSTANTLY to relieve MUSCULAR ACHES-PAINS

Soreness and Stiffness—For blessed prompt relief—rub on powerfully soothing Musterole. It actually helps break up painful local congestion. So much easier to apply than a mustard plaster. "No fuss. No mess with Musterole!" Just rub it on.

Little Girls' COAT
Right for Dress or Play
Double-breasted princess coats and comfortable box coats in thick, fleecy fabric, warmly interlined. Velvet collars. 3 to 6. **6.90**

Readjustment Aided For GI By Separation Center

(Editor's Note:— This is the third in a series on veterans' benefits, ranging from demobilization to jobs and pensions.)

By JAMES MARLOW
WASHINGTON, Sept. 27 (AP)—The soldier about to be discharged back to civilian life is sent to a separation center at army camps across the country.

There, his papers are checked and he is given a record—called a separation qualification record—of his civilian and military occupational training.

Which means: The kind of jobs he had done in civilian life and the kind of jobs he learned to do in the army. It is intended to help his readjustment to civilian life and for this reason:

The record will be the veteran's official army introduction to future employers, educational authorities or any civilian agency with which he deals for a job.

The soldier attends lectures, the last he will hear in the army, about his return to civilian life and his new responsibilities. He is also told about his rights and benefits as a veteran.

He turns in all his equipment. The army takes back everything except one complete uniform, one extra shirt, gloves, ties, socks, underwear, towels, toilet articles and personal belongings.

He is permitted to wear the uniform 90 days after discharge although most veterans probably will wear it only until they get civilian clothes. He can, of course, wear it thereafter upon special occasions.

He is given a physical examination. If there is anything wrong with his body or teeth that can be corrected, his discharge may be delayed until the condition is remedied at a government hospital. He can waive such treatment if he wishes.

Trained army specialists can give him two kinds of advice at these separation centers: Advice on his personal affairs, like insurance and war bond allotments; and advice on getting a job.

Finally the soldier signs his discharge certificate and draws the money due him: This includes his back pay, travel money for the trip home, and a minimum of \$100 in mustering out pay which discharged veterans get unless they've served less than 90 days.

Before he leaves the center the discharged soldier is given a pocket-sized booklet—gift of the war department—called "Information for soldiers going back to civilian life."

It is a valuable booklet to keep.

These Questions may decide what laxative to give your child

Ques. Do children take more readily to a child's laxative? Ans. Yes, that's generally so. Ques. What is a "child's laxative"? Ans. A laxative like Syrup of Black-Draught, designed especially for a child's needs and tastes. Your children should like Syrup of Black-Draught. The big 50c bottle contains more than three times the old trial size. Caution, use only as directed. (adv.)

BRIGHTER OUTLOOK!

When Your Eyes Fuss See Dr. Geo. L. Wilke Eye-strain Specialist

GRIN AND BEAR IT

—And now that the War Production Board has sanctioned pots for civilian use, I can promise the chicken—!

It tells the veteran a great many things he should know about benefits, insurance, and things he should do in settling down to civilian life again. The five separation centers so far are set up at Fort Dix, N. J.; Fort McPherson, Ga.; Fort Sam Houston, Tex.; Fort Sheridan, Ill.; and the Persido, Monterey, Calif. Three more to be opened by Oct. 15 are at Fort Devens, Mass.; Camp Atterbury, Ind.; and Jefferson Barracks, Mo. (Tomorrow: Mustering out pay, who gets it and who doesn't)

Jury Charges Union Man For Embezzling

BEAUMONT, Sept. 27 (AP)—A criminal district grand jury has returned eight bills of indictment charging embezzlement of \$11,899 in a union's funds against O. Lee Jr., Port Arthur, former treasurer and business agent of the Plumbers Union, Local 617, of Port Arthur.

In addition to embezzlement, Lee was charged in all eight cases with "misapplication by an official of funds received by another than an employer in an official capacity."

The alleged misapplication of funds, ranging in amounts named of from \$37 to \$2,162, were charged to have occurred between May 10 and Nov. 15, 1943.

Snyder Lawyer Made Rationing Attorney

Appointment of Frank Sentell of Snyder to the position of District Rationing Attorney for the Office of Price Administration was announced today by Howard Ghelson, District Director. Sentell has been an attorney in private practice at Snyder for the past 22 years, and "I feel that his addition to the District staff will make a valuable contribution to our wartime program," Ghelson said.

Texas Defined As Half-Savage State

PARIS, Sept. 27 (AP)—The United States still looms strange in the minds of the French. At least, Texas does. The evening Paris newspaper, *Defense de la France*, in an article about the U. S. Army's WAC's, referred to Pfc. Mary Jones, who it was said, came from a village of "200 souls" in the "half-savage" state of Texas.

Case Continuance Granted By Judge

DALLAS, Sept. 27 (AP)—A continuance in the case of Hillary Mayen, charged in connection with an indictment in a \$62,500 swindle of Mrs. D. B. Flagg of Sioux City, Ia., owner of a citrus orchard near McAllen, has been granted by Federal Judge T. Whitfield Davidson.

Mayen's attorneys brought up the question of whether a grand jury in January, 1941, intended to indict Hillary Mayen or a second man named Joseph Rosenblum.

Among seven men indicted on charges of transporting in interstate commerce \$53,000 in bonds allegedly taken from Mrs. Flagg in a stock market confidence game was one named Joseph Rosenblum, alias Goldberg.

Rosenblum originally was alleged to have played the part of the stock exchange manager in the swindle and was arrested in St. Louis, Mo., and brought here for trial in 1942. He was released and the case against him continued when identification of him as Goldberg failed.

Mayen was arrested several weeks ago by the Federal Bureau of Investigation and the government now charges he is the man who played the role of Goldberg. In a motion to bar prosecution, Mayen's attorneys contended it was the St. Louis man the grand jury in 1941 intended to indict and that the government now cannot substitute another man.

Judge Davidson held that the point should be clarified and granted a continuance to allow defense attorneys to establish the facts.

Relief Parties Near Wreck Of 'Clipper'

PUEBLA, Mexico, Sept. 26 (AP)—Troops and relief parties today are climbing paths in the desolate Almeyaco mountains north of here toward the Mexican Aviation company (CMA) "Clipper" plane which ran out of gas and crashed during a storm.

The last word from the village of Tlalnalapa last night was that two were dead and 10 injured among the 19 passengers and four men of the crew.

The only names given of casualties were those of the two Cuban correspondents, Dr. Jose Ignacio Solis of Diario De La Marina and Dr. Paul Alfonso Gonsse of El Mundo and the Chief pilot, Captain Ricardo Gonzalez Figueroa.

The wrecked plane is popularly called "Havana Clipper" in Mexico because it picks up at Merida, Mexico, the load of the Havana clipper of Pan American Airways, of which CMA is an affiliate.

Katharine Cornell Suffers Stage Fright Before American Soldiers

By SID FEDER (Substituting for Hal Boyle)

ROME, Sept. 25 (Delayed) (AP)—As one of Broadway's veteran dramatic stars, Katharine Cornell has faced all kinds of audiences without a moment's nervousness. But she admits she was mightily scared the night she stepped out in front of the GI's to open her tour in Italy.

She was afraid her drama—The Barretts of Wimpole Street—would be too long-hair for the boys.

But after the opening night performance, one of the doughboys came backstage to tell her: "It's highbrow stuff, Miss Cornell, but it's good."

Then she met two more soldiers who said "we never saw a stage play before in our lives, but you're tops."

That was a month ago today, and since then she and what she calls "the greatest cast ever to play the Barretts" has been a big hit with the soldiers. And the soldiers have been a big hit with the cast.

"Why," recalled Margaret Steenson, former Appleton, Wis., schoolteacher now working for the Red Cross, "they were here five days and could have been entertained by generals and all the ranking officers in the area. Instead, they

came to our club every night to have coffee and doughnuts with the boys. They talked to them and entertained them. I never saw such enthusiasm on the part of the troops."

The troupe opened its tour in historic Garibaldi theater in Santa Maria. It was in this theater that Enrico Caruso appeared many times early in his career. Actor Brian Aherne found Caruso's name still scrawled on the wall of his dressing room.

Wherever the performance is given, Miss Cornell and the cast always turn up at the local GI club to entertain the boys. Aherne talks to the soldiers—but they like Elaine Perry's singing more.

The boys are proving by the hundreds that all the autograph hounds are not back home. Miss Cornell is getting so she finds it pretty easy to hand onto a doughnut with one hand and sign her name with the other.

RE-BROADCAST SPEECH

NEW YORK, Sept. 27 (AP)—A re-broadcast of the Oklahoma City speech of republican presidential candidate Thomas E. Dewey will be made tonight, republican national chairman Herbert Brownell, Jr., announced. The nationwide program will be carried at 9 p. m. Central War Time, by the Mutual Broadcasting System.

For SAFETY'S sake...

HAVE YOUR EYES EXAMINED

Surveys show that a very large percentage of all industrial, traffic and other accidents result from "faulty vision." For your own protection STOP taking chances with blurred vision. SEE clearly what you are doing... and you'll do it better... and with safety! Your first step is to come in for a check-up on your eyes. If you need glasses, we'll fit you scientifically, comfortably, promptly.

Browns And Tigers Holding Own In Close Fight For League Title

By JACK HAND
Associated Press Sports Writer

Sig Jakucki could be the key to the American league pennant race today for the footloose ex-soldier boy who was a June sparkler, but an August washout for the Browns had earned a most important victory that sent St. Louis back into a first place tie with Detroit.

With five games to go for the co-leaders and the New York Yankees who have been hustling along with their fingers crossed three games back, Luke Sewell had his pitching staff straightened out with five trusted starters. Detroit again had to fall back solely on Hal Newhouser who goes today and Dizzy Trout, who probably will go tomorrow and so on. Stubby Overmire's sore arm had complicated Steve O'Neill's problems.

Jakucki's feat, sensational enough on its own merits for it was a brilliant five-hit shutout over Boston 1-0, gained added stature for the rookie had not started in 16 days and hadn't won since Aug. 21. Three earlier victories over Boston prompted Skipper Sewell to call on him last night and he brought home the bacon.

After the Browns finish with Boston today the schedule calls for four "toughies" with the Yanks while Detroit entertains last-place Washington. Despite this, St. Louis has started selling world series tickets on the strength of their super-duper pitching down the stretch.

The Tigers avenged their defeat at the hands of Philadelphia by a 6-0 triumph yesterday with the help of homers by Dick Wakefield and Rudy York.

New York still has hopes, though remote and vanishing fast, after topping Chicago, 9-5. Johnny Lindell's three-run single and his sensational diving catch to stop a Sox rally kept those hopes alive.

"Grandpa Joe" Heving set a new American league record for relief men by appearing in his 62nd game but Cleveland lost to Washington, 8-3.

The St. Louis Cardinals recovered their batting eyes and banged out 14 hits to beat Brooklyn, 8-7. Cincinnati took two from New York, 8-5 and 6-4, Pittsburgh drubbed Boston, 6-2, and Chicago shut out the Phillies 15-0, in the opener but bowed, 10-1, in the second of a two-night double.

Win Over Angelo Places Lubbock High In Rating

Lubbock's vaunted Westerners come to town Friday night for their third consecutive game with a District Three AA team and meet the Big Spring Steers in the local eleven's third non-conference tilt, and the final one before they open their league campaign against Odessa next week.

The Westerners are riding high on their two early-season wins from pre-season favorites in this district, an 18-6 victory over Odessa, and last week's stunning 7-6 upset of the favored San Angelo state champions. This latest victory placed the Westerners in the top bracket of state title contenders, and they will be riding high when they hit the underdog Steers, losers of one game to Colorado City and winner over Cisco's Lobos.

Despite the post-game-morose of Blondy Cross who states that the Angelo line has never been whipped, the Westerners outgained the Bobcats nine yards on the ground and ten in the air. They intercepted four passes thrown by the champions and six more aerials fell incomplete against a tight Lubbock pass defense.

Meanwhile, on the offensive, the Westerners turned to the skyways for eight completions in 14 tries for 42 yards gained. This plus 143 yards gained on the ground led to the defeat of the Angelos, favored to repeat in the state race.

The visiting team will be sparked by George Brewer and Johnny Davis, two backs who have been leading the Westerner offensive this season. It was Davis who punted the Bobcats into the hole so many times last week, and Brewer's fine performance proved the "straw-that-broke-the-Bobcats-back."

In the line there will be such stars as Clinton Benefield, end who smothered a fumble of Angelo backs last week to set up the winning score, and Charles Pressley who plays a powerful game at the center position. These will be the leads that Coaches J. "Mule" Davis and Dixie White of Lubbock throw against the struggling Steer offensive.

Against such an imposing lineup Coaches John Dibrell and Howard Holmes will place the same lineups seen here the past two weeks. The forward wall will be led by Leo Rusk, 196-pound guard, and I. B. Bryan, 215-pound tackle who was absent last week for an Army physical. In the backfield to oppose Brewer and Davis will be Hugh Cochran and Pete Cook, two hard-charging lads who have been the offensive spark of the Steers in the early-season games.

Again fans will see the Steers employ their T-formation which is gradually gaining power in each game and promises to develop into quite a bit of trouble for opposing elevens before the season ends. Just what it will accomplish against the Lubbock forward wall remains to be seen.

Defensively the Steers will also remain unchanged in formation. Employing a five-man line most of the time they will shift to a seven-man line when the ball nears scoring territory.

Tickets are now on sale at the chamber of commerce, the Big Spring Hardware, and the school administration building. They will remain open until 5 p. m. Friday,

Tyler Welterweight Decided By Zivic

GALVESTON, Sept. 27 (AP) — Fritzie Zivic, former world's welterweight title-holder now stationed at Camp Normoye, San Antonio, today held a technical knockout over another army boxer, Artie Dorrell, of Tyler, stationed at Amarillo army air field.

Referee Flake stopped their fight last night in the seventh round with blood streaming from cuts on both of Dorrell's cheeks. Zivic weighed 159 and Dorrell 147.

Dorrell tried to swap punches with Zivic, but he showed after round two that he was no match for Zivic, who blocked the Tyler fighter's punches and countered with blows that cut. A doctor placed 11 sutures to close the wounds under Dorrell's eyes. Dorrell said he wanted to meet Zivic again.

MODESTY IS THE BEST POLICY
NEW YORK (AP)—Charles Wagner, tattoo artist, claimed he was performing a patriotic duty by putting clothes on nude figures ornamenting would-be sailors to meet navy standards. But his cleanup campaign cost him a \$10 fine. He was convicted in Bowery court of failing to sterilize his tattoo needles.

...speak no evil!

"There is only one evil," wrote Socrates, "that is ignorance." And ignorance is, which sometimes prompts the careless car-owner to say that all motor oils are alike, that there is no difference between any of them.

Oils vary in chemical composition, in stability, in freedom from harmful impurities, in lasting power, in ability to maintain viscosity, and in many other ways as well.

That is why all intelligent car-owners naturally prefer a quality oil. But not all of them know the simple, easy way to be sure of getting it, as explained by the following facts:

Phillips offers a number of oils because car-owners' preferences vary almost as much as their cars and pocketbooks. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Figure the cost per year of draining and re-filling with quality oil every 6,000 miles, as experts advise, as against the cost of using cheap oil; and it is plainly foolish economy to take a chance. So when making the seasonal change from summer-works lubricant, get quality by getting Phillips 66 Motor Oil.

GEN FOR YOUR CAR - FOR YOUR COUNTRY

It's Phillips Finest Quality

PROVED IN 50 BILLION MILES OF SERVICE

Tiny cochineal are used for color in rouge and sticks. It takes 70,000 to make a pound. Glycerine, the "slippery" element in hand lotions, is used for making high powered explosives.

OWI Says Japanese Fall Should Take Two Years

WASHINGTON, Sept. 27 (AP)—The job of crushing Japan is expected to require an "absolute minimum" of one and a half to two years after defeat of Germany, the Office of War Information said today in a summary of war agencies' data.

Indeed, the psychological effect of an end to the European war is apt to favor the Japanese rather than the Allies, OWI said, figuring it this way:

"For the United States, defeat of Germany will mean that a half-way point has been reached in the global war, and will bring extensive changes in the war economy which might induce a let-down in effort and morale.

"To the Japanese, the end of the war with Germany will mean that Japan's war with the United Nations is just beginning. It might well heighten Japan's determination and fighting spirit."

OWI said its findings were based on information from the state, war and navy departments and the Foreign Economic Administration.

While the odds of military strength, natural resources and the quality of fighting forces and equipment all favor the United Nations, OWI said there are a number of factors which may enable Japan to prolong the war.

These were said to include the ability of Japan to increase her production of "almost every category of war equipment and military supplies." On the other hand, OWI related, Japan has "failed to capitalize" thus far on her conquests since Pearl Harbor, limiting war production to capacity of the Japs' pre-war industrial plant.

Geography is another factor fighting on the side of Tokyo, OWI said, adding that before Allied might can be brought to bear it must be based within striking distance of Japan's homeland. To this end, the B-29 Superfortress raids, while possible now only at periods of 10 days or more, were called a "definite advance."

The agency pointed out that tremendous shipping problems must be solved before a major invasion can be launched against Japan, and added it may be several months before shipping to be transferred from the Atlantic can be made effective in the Pacific.

Listing Japan's manpower situation on the asset side of the Tokyo ledger, OWI estimates there now are 4,000,000 men in the enemy army. In addition, there are approximately 2,000,000 available and fit for military service who have not been called up, and about 1,500,000 in the 17 to 20 age

group, not yet subject to the draft. Turning to advantages of the Allies, OWI pointed out that the United States alone produces 8,000 combat planes a month, compared to Japan's estimated production of 1,400 or 1,500 planes a month.

Pacific commanders, it said, assert that Japan has lost the power "for a strategic offensive beyond the range of her land-based planes." The agency added, however, that the possibility of sporadic raids on our west coast has not been eliminated.

Louisiana Electors Asked To Pledge

BATON ROUGE, La., Sept. 27 (AP)—Louisiana's ten presidential electors have been called on to pledge their support to the Roosevelt-Truman ticket by midnight Oct. 2 or resign and be replaced. The democratic state central committee adopted 77 to 17 yesterday a resolution authorizing its chairman, John Fred Odom, to

call another meeting of the committee if any of the ten had not signed pledges or resigned by the deadline. Odom said the meeting, if necessary, would be October 7 "to select nominees who would so pledge."

J. W. Rely, an elector from New Orleans, announced his resignation before the committee met and was replaced by W. H. Talbot, campaign manager for Governor James H. Davis and presumably pro-Roosevelt. Two electors have declared flatly for the Chicago nominees and another said he was "undecided."

E. Wales Browne of Shreveport, one of two state electors-at-large, said after yesterday's meeting that he would sign no such pledge.

the jungle like the natives themselves, the 48 men joined Lieut. General Walter Krueger's Alamo Scouts who work sends them behind Japanese lines.

Six weeks of intensive training preceded the presentation of their Alamo Scout certificate by Gen. Krueger. They spent days on patrol in the jungle, learned to eat the rub and snail and to find the precious water vine, learned to dive into the surf while machine gunners sprayed the water with live ammunition, and learned secrets of camouflage to make them invisible in the jungle at 10 feet.

Graduates included: 1st. Lieut. Paul E. Wood, 27, (918 Hickory St.) Abilene, Tex., and Corp. Billy G. Reynolds, 19, (520 Palace St.) Tyler, Tex.

Ag Department Reports Harvest Conditions Good

AUSTIN, Sept. 27 (AP)—The United States department of agriculture reported today that the week ending Sept. 25 was favorable for harvesting operations, with moisture generally adequate for growing crops.

Rains would be helpful to pastures and growing feed crops, and for seeding of small grains.

(The report did not take into account rains which fell in many parts of the state yesterday and last night.)

Conditions were favorable for cotton. Picking was getting started in northwestern areas.

In south Central Texas, harvest was about complete, while peak harvest operations were underway in the central district.

Harvesting of other spring-sown crops was continued during the week.

Winter vegetable areas reported satisfactory progress. All areas were active in planting operations.

Pastures were somewhat dry in many sections of the state, but were still in relatively good condition. Livestock continued in good condition, holding recent gains, and no unusual losses were reported.

POP MCCOY IS WORKING ON BORROWED TIME

Pop built up the best Humble Service Station in his neighborhood and he was ready to turn it over to Bud and retire a couple of years ago. But Uncle Sam had other plans. So while Bud takes care of some serious unfinished business in the South Pacific, Pop's taking care of the folks at home.

It's true—most of the help he used to have and some of the products he used to sell have gone off with Bud to help the fight. But Pop's doing his best. He knows that no matter how old the cars or how worn the tires, doctors, war workers and lots of other essential drivers have to keep going. He figures it's his job to see that they do.

Even if he can't sell you a thing—Pop's always glad to see you. With a cheerful grin he'll wipe your

windshield, check your tires or give you any of the typical services you expect at Humble stations. He's looking forward to the day when Bud will be back to service that streamlined post war model of yours with newer, finer Humble products than you ever had before.

Tetra-ethyl lead, when added to gasoline, raises the octane number of the gasoline and reduces or eliminates motor "ping." But tetra-ethyl lead has recently become a critical war material... so critical that the Petroleum Administration for War has directed all refiners of premium grade fuels to limit their production of such gasoline to one-half the amount produced during the six months prior to June 1944. This reduces drastically the amount of premium gasoline available to civilians. Also in the interest of conserving war-critical tetra-ethyl lead, P. A. W. has directed that less of it be used in the manufacture of all Regular gasoline. Consequently the octane number of this product has been reduced from 73 to 70. So, if your Humble Station is temporarily out of Eco Extra, or if Humble Regular does not perform in your car like it did in the past, please remember that tetra-ethyl lead is really at war... just another of those small sacrifices all of us at home are asked to make in the interest of an earlier Victory.

Clinical Scales Are Donated

A set of clinical scales has been contributed to the Howard county-Big Spring health unit by the Howard County Tuberculosis association, Mrs. Ann Fisher, health nurse, announced Tuesday.

The Tuberculosis association furnishes the funds for the obtaining of the tuberculin patch tests and many X-rays from the sale of Christmas seals which are on sale in November.

Nearly 3,500 patch tests have been given this year and Mrs. Fisher plans to resume such testing again soon. The testing will begin in the Knott territory.

Mrs. Fisher pointed out that the tuberculosis threat is more serious than the public realizes, there being 200 deaths per day in the United States from that disease alone. Thirty six thousand people are suffering with tuberculosis in Texas, 11 of which die every day, she stated.

Nazi Minister Says Allies Will Lose

LONDON, Sept. 27 (AP)—Joseph Goebbels declared in a tripartite pact anniversary speech today that the war had become a life-or-death fight which must continue "until our enemies realize that they could never win."

The Nazi foreign minister said the Allies would suffer enormous losses in coming battles and—ignoring the fact American troops already have crossed the reich's western frontier—added that "should the enemy succeed in temporarily setting foot on German soil he may be assured that absolute hell will spring up about him."

"Germany, (puppet-ruled) Italy and Japan and their allies are engaged in a hard defensive struggle at all fronts," he said, according to a DNB broadcast from Berlin.

"The war has now reached a stage demanding the highest courage up to the last breath from the soldiers and people of the tripartite powers."

Benito Mussolini and Mamoru Shigemitsu, Japanese foreign minister, also spoke in celebration of Japan's signing four years ago of the Berlin-Rome axis agreement.

O'Mahoney Appeals To Voting Public

WASHINGTON, Sept. 27 (AP)—A "Don't take a chance" appeal to the voters was outlined for democratic campaigners today by Chairman O'Mahoney of the party's senatorial campaign committee.

Asserting that to send a new president and a republican congress into office now would introduce "disorganization and confusion at the moment when it would be most disastrous," the Wyoming senator declared in a statement:

"We have the organization now and the leadership and they are already far advanced in laying the foundation for peace."

"It would be absurd to scrap this organization on the specious plea now being made by the republicans that Governor Dewey, with his isolationist followers and a group of new and inexperienced legislators could be safely entrusted with the task."

The statement that the present democratic congress has pushed to passage reconversion and surplus property legislation "drawn in such careful terms as to prevent the scandals which took place during the Harding administration and forestall the collapse that marked the Hoover era."

Apple Hits Reporter Instead Of Dewey

EN ROUTE TO ALBANY WITH DEWEY, Sept. 27 (AP)—A rotten apple police said was thrown by a young boy from a nearby building, splattered Mike Ackerman, Acme photographer, as he was preparing to make a picture of Gov. Thomas E. Dewey in a train platform appearance at Springfield, Mo., shortly before midnight last night.

Ackerman told reporters that he was standing 12 feet from the republican presidential nominee when the apple struck him on the head.

Springfield police went into action quickly and took three youths into custody. The crowd had been applauding Dewey's remarks when the incident occurred.

The word cosmetic comes from the Greek, and means "to adorn or beautify."

Kautz Cited For Outstanding Feat

DALLAS, Sept. 27—Karl Wilhelm Kautz, Boatswain's Mate second class, U.S. Navy, of 309½ Owens St., Big Spring, Texas, has recently been officially commended by the Chief of Naval Personnel "for outstanding service as a member of the Armed Guard Unit aboard a merchant vessel during action against enemy aircraft while enroute to Gibraltar on August 13, 1943."

The citation, signed by Vice Admiral Randall Jacobs, reveals that the convoy of which Kautz's ship was a part was attacked by a large formation of German bombers which approached from dead ahead, coming out of the setting sun and flying very low over the water. "As they flew down the columns of ships, launching their deadly missiles," the citation reads, "the planes were met by an accurate and vicious barrage of shellfire which completely disrupted their plan of attack. The Navy gun crew of the merchant vessel performed brilliantly, shooting down three of the enemy and contributing to the destruction of three others, thereby insuring the safety of their ship and the successful completion of its mission. Your fearless and highly effective action in this engagement was in keeping with the best traditions of the United States Naval service."

Boatswain's Mate Kautz's mother, Mrs. Alma Emmons, resides at 1605 N. 18th St., Abilene.

Rationing In Mexico Raised For Gasoline

MEXICO CITY, Sept. 27 (AP)—Flood waters that destroyed a section of the pipeline from Poza Rica oil field and thus brought about temporary gasoline rationing in Mexico City abated enough today to permit repair crews to enter the field.

Relief crews were busy in flood stricken states of southern Mexico, particularly Vera Cruz and on the isthmus of Tehuantepec, where thousands of adobe homes were destroyed, crops damaged and rail and road transport halted.

Military authorities reported 30 highway workers killed when their camp in Oaxaca state was raked by the storm, which began nearly two weeks ago.

Final Plans For Reconstruction Of Italy Reached

WASHINGTON, Sept. 27 (AP)—Far-reaching plans for the political and economic reconstruction of Italy were being put in final shape in London and Washington today in line with a new policy of greater Italian home rule worked out by President Roosevelt and Prime Minister Churchill.

Brig. Gen. William O'Dwyer, American member of the Allied commission for Italy, is said to be preparing to return to his post almost immediately with orders to carry out the gradual shifting over of the one-time enemy country from a military to a civilian basis.

A report which O'Dwyer made to President Roosevelt immediately before the Quebec conference on military administration of Italian affairs was credited in some official quarters here with influencing the decision by the president and Prime Minister Churchill to order the change-over at this time.

This report was described as holding rigid Allied military controls over Italian affairs largely responsible for the widespread shortages, hunger, black market operations and similar economic problems that have been widely reported from Italy.

The new Roosevelt-Churchill policy was announced by the White House here and by the British government in London late yesterday.

The policy calls for extending to the Italian government "an increasing measure of control" over Italian affairs. British and American diplomatic representatives in Rome are hereafter to be recognized as "ambassadors" and the Italian regime is to send diplomatic representatives to Washington and London.

Dewey Indicates New Blasts Coming

By JACK BELL

EN ROUTE TO ALBANY WITH DEWEY, Sept. 27 (AP)—Homebound from his western wars on the new deal, Gov. Thomas E. Dewey gave renewed indications today that he is ready for a swift counterattack against expected news blasts on the republicans by President Roosevelt.

Dewey announced he plans to speak in West Virginia, at a city yet to be selected, on Oct. 6, just one day after Mr. Roosevelt takes to the air for a talk to democratic party rallies. The New York governor smilingly told a news conference yesterday that he had been apprised of the president's radio date.

In New York, the republican national committee announced the West Virginia address would be made at Charleston and would be broadcast nationally over NBC from 9 to 9:30 p. m., Eastern War Time.

When a reporter remarked that the lapse of time was so short between the two there might not be sufficient opportunity to prepare an answer to anything the president might say, Dewey observed that he had written his Oklahoma City speech, delivered Monday night, in 12 hours.

ITALY FAVORS PLAN

ROME, Sept. 27 (AP)—The Italian press generally commented favorably today on the statement by President Roosevelt and Prime Minister Churchill promising the Italian people a freer hand in running their country.

Registrants Are Located By Board

Three registrants, previously carried on the "missing" list were located through publication of the list in Tuesday's Herald, the Howard county selective service board announced Wednesday.

They were Cecil G. Hull, Robert E. Ray, Clarence A. Nichols.

Since many are unaware that they are classed as "missing," the remaining list is repeated in hopes that families or friends of the registrants will contact the board and furnish information which will put the board in touch with the registrants and thus obviate necessity of further action.

Joseph Charlie Waver, Willie Raymond Wilcox, George Eldredge Hogan Jr., Velvin Ozar Hooper, Isaac Elgie McCormick, William Ellis Burchett, Percy Payne, Arthur Bryant Clark, Richard McBain, Francisco Aleman Castio, Floyd King, Frank Leonard, Willie James Daniels, Jeff Willard Brown, James Oscar Scoggins, Guadalupe Arroyo Gonzales, John Buchanan Cox and Miguel Coronado.

Matador Court House Swept By Flames

MATADOR, Sept. 27 (AP)—Fire of undetermined origin swept through the Matador county court house today.

It was discovered at 7 a. m. and soon after the alarm was sounded by R. L. Brandon, bakery operator, the upper story and roof were a mass of flames.

Fire fighters plied water on the vaults in an effort to save county records.

The building was erected in 1904.

Dispute Arises Over Peace Plan

LONDON, Sept. 27 (AP)—The dispute over Germany's economic future was extended to the tripartite European advisory commission with a strong possibility it will decide upon creation of an Allied industrial control commission to handle Germany's postwar production.

This solution, it was learned today, would be in the nature of a compromise between those who advocate turning the country into an agricultural state and those who believe that to paralyze its industry would disrupt Europe's economy.

It would be designed as a stop-gap measure, insuring continued production until the United Nations later worked out Germany's economic fate. This question inevitably will involve consideration of reparations.

Remaining Civil War Veterans Assemble

MONTGOMERY, Ala., Sept. 27 (AP)—A few of the remaining men of the confederate army assembled here today for the 54th annual meeting of the United Confederate Veterans.

Only about 12 to 15 of the old soldiers were expected to attend the reunion, held in conjunction with the two-day conventions of three other organizations — The Sons of the Confederate Veterans, Confederate Southern Memorial Association and the Order of Stars and Bars.

Livestock

FORT WORTH, Sept. 27 (AP)—Cattle 4,700; calves 3,600; cows regained 25c of recent losses, fairly strong; other classes unchanged; common to medium steers and yearlings 8.00 - 12.50; beef cows 6.75 - 11.00; canner and cutter cows 4.00 - 6.75; bulls 6.00 - 8.75; good to choice fat calves 11.00 - 12.00; common to medium calves 7.50 - 11.00.

Hogs 1,300; steady; good and choice 180 - 240 lb. butcher hogs 14.55; heavier butchers 13.80; good and choice 150 - 175 lb. butchers 13.75 - 14.55; sows 13.50 - 75; stocker pigs 12.00 down.

Sheep 4,000; mostly steady; medium to good spring lambs 11.00 - 12.00; good yearling sheep with No. 1 pelts 4.25; slaughter ewes 3.00 - 4.25; medium to good feeder lambs 9.00 down.

FRENCH AGREEMENT GIVEN

PARIS, Sept. 27 (AP)—Pierre in the De Gaulle administration, Teitgen, minister of information has expressed full agreement with the American congressional resolution advocating free world interchange of news, declaring such unhindered diffusion of news "is a condition of democracy's good functioning."

PARITY PRICE REACHED

A cotton parity price has been reached under the Bankhead bill recently passed by congress. The government has agreed to purchase cotton from farmers at 21.91 middling at 15/16 of an inch. This amount applies to Howard county only.

PACKAGES MUST BE MARKED

All Christmas packages going overseas must be marked "Christmas Package" in some conspicuous place on the parcel before it can be mailed. It is urged that this be done in order to save time for both yourself and employees of the postoffice.

DAVIS DENIES RUMOR

ATLANTA, Sept. 27 (AP)—Screen Actress Bette Davis was quoted by the Atlanta Constitution today as denying published reports that she came south to marry Capt. Lewis A. Riley, who is stationed at Fort Benning.

IMMIGRATION DROPS

PHILADELPHIA, Sept. 27 (AP)—Immigration into United States for the 14th consecutive year has fallen below the 100,000 mark and is "substantially less" than the annual quota permitted by law, Attorney General Francis Biddle has announced.

TWO-WAY TAXI RADIOS

WASHINGTON, Sept. 27 (AP)—Operation of a two-way radio system for dispatching of taxicabs has been authorized for the first time by the Federal Communications Commission. Yellow Cab Co., Cleveland, was granted a three-month license for the experiment.

DUNKER DOVER

PHILADELPHIA, Sept. 27 (AP)—Samuel Falpern of Atlantic City, N. J. donated his 31st pint of blood and said "this is the best blood bank I've hit yet—you have the best doughnuts."

Amnesia Victim Is Sherman Resident

FORT WORTH, Sept. 27 (AP)—A pretty young amnesia victim who collapsed downtown here last night has been identified as Miss Lucille Knox, 18, of Sherman. A brother, Floyd Knox, of Sherman, came here early today and took her home.

The brother said Miss Knox left Sherman Wednesday for Rochester, N. Y., where she expected to enter dental school. Her route called for a stop-over in Dallas, and her luggage has been located at a rooming house there where she formerly lived while employed as an assistant in a dentist's office.

Miss Knox was unable to recognize her brother when he arrived in Fort Worth early today but later in the morning she called him by name. The attack is the third she has suffered in three years, he said.

She is the daughter of Mrs. A. T. Knox, Sherman.

Newest Type Ships Are Given Priority

WASHINGTON, Sept. 27 (AP)—New types of assault ships designed to carry fighting forces and their supplies directly to an invasion shore have been given top priority in navy production programs, Navy Secretary Forrestal reported today.

Including both cargo and transport types, they are "a vital and essential link in any operation we shall conduct in the Pacific," Forrestal told a news conference.

"They're designed to go into a combat area with troops and equipment to be disembarked ready to fight," he added.

It was explained that the ships can take aboard troops and supplies in the United States and transport them across the ocean ready to move ashore under battle conditions.

Initiatory Services Given By Mullen Lodge

Initiatory services of the second and third degree were conferred on six candidates at the weekly meeting of Mullen lodge 372, Independent Order of Oddfellows, in their castle hall Monday night.

Receiving the second and third degree initiation were J. L. Bowen, L. W. Curry, Hubert Clawson and R. R. Fields. The third degree was conferred on C. J. Sullivan and Maxie Fann.

Others attending were M. L. Hayworth, Cecil Mason, R. V. Forestry, Ben Miller, A. D. Franklin, J. G. Chapman, M. W. Tolbert, W. W. Bennett, George B. Johnson, W. L. Nowell, A. F. Gilliland and N. L. Blain.

Third degree initiations will be conferred on two candidates next Monday night.

County Agent Gives Upholstering Show

Miss Rhea Boyles, county home demonstration agent, gave an upholstering demonstration Tuesday afternoon in the Knott high school gymnasium.

She completely upholstered a foot-stool and emphasized the importance of good equipment. Part of the demonstration included how to put springs from an old automobile seat into the foot-stool.

Next meeting will be held October 10 at Knott.

CC PROGRAM BROADCAST

The chamber of commerce program can be heard over KBST Wednesday night at 7 p. m. DeAlva McAllister will sing and another appeal for the address of Big Spring men in the service will be made.

LITTLE OIL CHANGE

BATON ROUGE, La., Sept. 27 (AP)—The minerals division of the state conservation department today announced October oil allowances for Louisiana at 268,880 barrels, little changed from the September figure of 265,544 barrels.

The Farm And Veterans

Ray Yarnell, editor of Capper's Farmer, has pointed to a current problem recently when he expressed the belief that great harm can come to individuals and to agriculture if emotional and inexperienced planners high-pressure returning soldiers and sailors into becoming farmers on the theory that doing so will solve their postwar readjustment problems.

He further warns that "certain persons are suited to agricultural pursuits by temperament and fitted to them by training and experience. . . . The nation will be smart if it encourages veterans so qualified to get into agriculture to the extent sound opportunity exists. . . . Being a successful farmer is not easy for the skillful and experienced man. It is downright tough for anyone else."

There is a very real danger of what Mr. Yarnell warns, especially since men overseas, in the midst of nerve-racking experiences, are prone to be seized with a nostalgic longing to get away to some quiet pastoral scene. These young men, most of them ill suited for agricultural activity, will be easy targets for any planner or public official who holds up the allurements of a "fertile forty" to them.

It also has been aptly pointed out that farmers and ranchers have given us something to think about in the production of food in the last three years. With a shortage of labor and of equipment, ways have been found to do the most amazing job of production in the history of the country. This being the case, will there be such a demand for more agricultural activity immediately after the war, and especially so when more mechanized equipment becomes available? Then the farmer will be able to cover more territory more efficiently with less manual labor than ever before.

Thus, this business of getting back to the farm ought to take into account the background of the individual. It will be both an unhealthy thing for returning veterans and for the country as well to wholesale them into the farming business unless they know something about it to begin with.

Maybe We Need Another Column

Recently Wendell Willkie, the 1940 GOP presidential nominee, criticized the foreign policy planks of both major parties. Now he comes out with an article charging neither party has a workable program to outlaw poll taxes and lynching and "to stop discrimination against Negroes in the armed forces." With all of five weeks remaining before the campaign, there is yet time for more pot shooting from this source and it begins to look as if we should have nine instead of eight columns on our bulky ballot. We could all join in the game and list our complaints in the extra space.

Hollywood—Minute Goddard Learns Minuet

By ROBBIN COONS
HOLLYWOOD—Paulette Goddard came from the grand ballroom set of "Kitty" sagging under the weight of 40 pounds of lavish period costume (including steel hoops) and a towering wig supported by a wire frame. Even so, she averred that the minuet was fun and she was looking forward to the livelier gavotte, which would be more fun. Mitchell Leisen was letting the company rest between dress rehearsals, and the lords and ladies, similarly wigged and buried under mountains of silk, brocade and jewels, were relaxing as best they could in such preposterous if colorful and photogenic garb. Paulette is taking ballet lessons now—"it helps with the minuet, and with acting, too," she said.

Connie Emerald, Ida Lupino's mother, is coaching her in Cockney dialect, and in how a Cockney like Kitty trying not to talk Cockney would talk. Her one-time drama teacher, England's famed Constance Collier, is in the picture with her.

Miss Collier, who wrote her memoirs in 1929 and has been busy ever since as before, put in her bit about the perpetual Goddard studying. "That's what makes stars, granted they have something to give. A lot of these girls who complain that they never get anywhere never will, because they won't work. Paulette does, and never stops."

Ray Milland hated dancing lessons when he was in knee pants, and here he was taking them again, and back in knee pants, 18th cen-

The War Today

By J. M. ROBERTS, JR.
(Substituting For Dewitt Mackenzie)

The government has chosen today, when Allied spirits are lower than at any time since heavy bombing failed to break the Germans at Cassino, to tell us that we will be fighting through all of next year and into 1946.

It is just as well that way. The situation with regard to Japan has been obvious. But now, rather than when we are overrunning Germany, is a much better time to emphasize that the end of the war in Europe will merely give us a chance to hitch up our pants and spit on our hands.

In passing, and while awaiting the end of the news blockade regarding Holland, it is worth noting that the battle of Arnhem may be, temporarily, overplayed in its relation to the whole western front. Word that the British Second Army is swinging eastward toward Germany may mean that the Arnhem situation is decided and that we must get on with the invasion of Germany, leaving the city to be enveloped as other Allied forces clear the enemy from western Holland.

But to get back to Japan. At present, the crux of the situation seems to lie in China, where lack of supplies, lack of political unity, inept and frequently corrupt military leadership, have permitted an exceedingly dangerous situation to develop. As a fighting force, despite the individual willingness of her millions, China is almost impotent.

As a prospective base from which Allied forces could clear the Japanese from the mainland and envelop his home islands, she is rapidly being over-run. Only a relatively narrow strip of coast remains toward which we can operate, and that by way of fortress Formosa. The much-touted Ledo road, a narrow, often washed out military track, is but another eye-dropper in the supply situation. There is no slightest present indication that our leaders really expect any help from Russia.

None of this adds up to any doubt about the outcome of the Japanese war. Material for a book is available about how the Japanese are going to get slugged when we really get major fleets and armies of the world into combined action. But it does remind that Europe represents only one phase of a tremendously big job.

Chinaman Here For Conservation Study

David Kai-Foo Loa of Changsha, Hunan Province, China has been sent to the United States to study soil and water conservation. He has been assigned to the Big Spring SCS office to receive training in range management according to Charles R. Donaldson in charge of the office, and will remain here approximately six months.

Kai-Foo Loa has received college training in one of the universities of Massachusetts. John H. Taylor, district conservationist for the Martin-Howard and North Concho Soil Conservation districts will direct the training of Kai-Foo Loa during his residence here.

V-Day Will Halt Delivery Of Beer

GALVESTON, Sept. 27 (AP)—The Texas Wholesale Beer Distributors association has agreed that all delivery of beer will be suspended for 48 hours and places of business will be closed on V-day.

The organization yesterday adopted a resolution to this effect, adding that "the members of this association and their employees will observe this period in solemnity, thanksgiving and prayer."

EX-LEGISLATOR BURIED

MERIDIAN, Sept. 27 (AP)—J. L. Bird, 71, former state legislator and Spanish-American war veteran, was buried yesterday at Walnut Springs.

The Unseen Audience

Ernie Pyle: When Fortresses Barely Get Home We Praise Pilot; He Toasts Plane

By ERNIE PYLE
A FORWARD AIRDROME IN FRENCH NORTH AFRICA, January, 1943 — The 10 men who brought their Flying Fortress home from a raid on Tripoli, after they had been given up for lost, undoubtedly will get decorations. Nothing quite like it has happened before in this war. Here is the full story:

The Thunderbird was heavily defended by both fighter planes and antiaircraft guns. Flying into that hailstorm, as one pilot said, was like a mouse attacking a dozen cats. The Thunderbird — for that was the name of this Fortress — was first hit just as it dropped its bomb load. One engine went out. Then a few moments later the other engine on the same side went.

When both engines went out on the same side it is usually fatal. And therein lies the difference of this feat from other instances of bringing damaged bombers home. The Thunderbird was forced to drop below the other Fortresses. At the moment a Fortress drops down or lags behind, German fighters are on it like vultures. The boys don't know how many Germans were in the air, but they think there must have been 30.

Our Lightning fighters, escorting the Fortress, stuck by the Thunderbird and fought as long as they could, but finally they had to make it home. The last fighter left the crippled Fortress about 40 miles from Tripoli. Fortunately, the swarm of German fighters started home at the same time, for their gas was low too.

The Thunderbird flew on another 20 miles. Then a single German fighter appeared, and dived at them. Its guns did great damage to the already crippled plane, but simply couldn't knock it out of the air.

Finally the fighter ran out of ammunition, and left. Our boys were alone now with their grave troubles. Two engines were gone, most of the guns were out of commission, and they were still more than 400 miles from home. The radio was out. They were losing altitude, 500 feet a minute, and now they were down to 2,000.

The pilot called up his crew and held a consultation. Did they want to jump? They all said they would ride the plane as long as it was in the air. He decided to keep going.

The ship was completely out of trim, cocked over at a terrible angle. But they gradually got it trimmed so that it stopped losing altitude. By now they were down to 900 feet, and a solid wall of mountains ahead barred the way home. They flew along parallel to these mountains for a long time, but they were now miraculously gaining some altitude. Finally they got the thing to 1500 feet.

The lowest pass is 1600 feet, but they came across at 1500. Explain that if you can! "We didn't come over the mountains, we came through them." The co-pilot said: "I was blowing on the windshield trying to push her along. Once I almost wanted to reach a foot down and sort of walk us along over the pass."

And the navigator said: "If I had been on the wingtip I could have touched the ground with my hand when we went through the pass." The air currents were bad. One wing was cocked way down. It was hard to hold. The pilots had a horrible fear that the low wing would drop clear down and they'd roll over and go into a spin. But they didn't.

The navigator came into the cockpit, and he and the pilots navigated the plane home. Never for a second could they feel any real assurance of making it. They were practically rigid but they talked a blue streak all the time, and cussed, as airmen do. Everything seemed against them. The gas consumption doubled, squandering their precious supply. To top off their misery, they had a bad headwind. The gas gauge went down and down.

Little Black Book In Connally's Office Has Names Of Many Celebrities

By TEX EASLEY
WASHINGTON, Sept. 27 (AP)—In Senator Tom Connally's red-carpeted, ornate foreign relations committee room in the senate wing of the capitol is a black leather-bound book an autograph fan would give a pretty penny for. It's a regular guest register, like that in most congressional offices, but it has some of the world's most important names scribbled among the pages along with a number of Texans who have dropped in to see the senator or his committee room.

Seminar Attended By Local Scouts

The Boy Scout seminar at Lubbock Monday was attended by some 35 volunteer and professional scouts including Elra Phillips, George Mclear and H. D. Norris of Big Spring. Frank Breeden, assistant director of programs from the New York office was present and warned the scout leaders to provide diversion for the Scout which permits scout activity in its truest sense.

Sherwood Resigns As Overseas News Head

WASHINGTON, Sept. 26 (AP)—Playwright Robert E. Sherwood's resignation as director of the overseas branch of the Office of War Information left him free today to take active part in President Roosevelt's fourth term bid. That, he told OWI Director Elmer Davis, was his "sole purpose" in resigning. Davis moved up Edward W. Barrett, former associate editor of Newsweek, magazine, from executive director to director of the overseas branch.

Colonel Easterling Dies In Dallas Ward

DALLAS, Sept. 26 (AP)—Lieut. Col. Albert H. Easterling, 51, deputy adjutant general of the Eighth Service Command, died last night at a hospital following a heart attack Sunday. Col. Easterling, whose home was at Ellsville, Miss., had been in the army since World War I, and served from 1936 to 1941 in the Philippines.

Washington—Small Man's Boss Quits Small Job

By JACK STINNETT
WASHINGTON—The head man at the smaller war plants corporation is giving up his small business.

Of course it was only a side line, but Maury Maverick, SWPC chief, finds keeping a hive of bees in one's office a little too strenuous. He has called up the department of agriculture and told it to come and get 'em. Months ago Maverick, who admits he has been a bee-nut for 40 years, was presented with a hive of Italian bees which it seems thrive as well in this country as Italian prisoners of war. Being fond of the little stingers, Maverick just parked the hive in his office where he could beguile his leisurely lunch half-hour by contemplating their antics.

It seems, however, that some complaints came in from his staff and other government workers in the neighborhood. There were other factors involved. Maverick decided to transfer the bees from the SWPC bonnet to agriculture, which has experimental acres to take care of such things.

SLAYING CHARGED

DALLAS, Sept. 27 (AP)—Eddie Foy Crowell, 26, has been charged with the pistol slaying of Guy Nabors, Dallas police character, Chief of Detectives Will Fritz said. Eight other persons, held for investigation after three bullets were fired into Nabors' head, were released after the complaint was filed against Crowell.

phy, assigned to General Eisenhower's Supreme Allied headquarters as a sort of trouble shooter handling diplomatic affairs. He simply signed his name, and for address inflated: SHAEF. Numerous diplomatic figures and even presidents of smaller countries also have entered their names, not to mention such celebrities as Carmen Miranda, the Brazilian singer, and Dana Andrews, a Texan who made good in Hollywood.

A war department press release dated "Myitkyina, Burma," telling of the arrival of members of a quartermaster outfit, says: "The detachment is well balanced. It even has its own barber, a necessity in the front lines. Private Charles V. Triolo of Stafford, Tex., the barber, wants to get to Tokyo before he goes home." It was noted that the group had arrived by plane, and were there only ten minutes when they all "hit the slit trenches" to escape a flight of strafing zeros.

Around the Capital: Miss Pat Fincher of Fort Worth, assistant science instructor at T. C. U., on leave to serve here as a Navy department civilian employee, finally got a day off after three weeks work since arriving in Washington and looked in on house and senate sessions.

A proud great-granddaddy is 83-year-old Rep. J. J. Mansfield of Columbus. His granddaughter, Mrs. Chester Lee, recently became the mother of an 8-pound boy in one of the local hospitals. Mrs. Lee, whose husband is an Army lieutenant, is the daughter of Brude Mansfield, employed here

Havana Clipper Crash Survivors In Mexico

MEXICO CITY, Sept. 27 (AP) - Passengers of the Havana Clipper, which crashed during a storm Saturday north of Puebla in the state of Vera Cruz, arrived in Mexico City last night, among them several who required hospital treatment.

The most seriously injured was Miss Cynthia Faria of Miami, Fla., the only United States citizen aboard the Mexican Aviation company plane. Both her legs were broken. The crash killed a Mexican woman and injured 17 of the other 22 passengers aboard.

Dr. Hubert Thomas, Dallas Resident, Dies

DALLAS, Sept. 27 (AP)—Dr. Hubert J. Thomas, 31, Dallas resident for 25 years, died yesterday at a hospital.

Dr. Thomas had been practicing at Clinic Hospital in Wichita Falls for the past year and had just returned to be associated with a clinic here.

A melodrama originally was a dramatic composition in which the actor recited his part while an orchestra played appropriate airs.

Germany's Surrender Will Release Workers

NEW YORK, Sept. 27 (AP)—With the defeat of Germany 4,000,000 workers will be released from their present jobs, the munitions program will be cut back 40 per cent and manpower controls as a national requirement will not be necessary, Chairman Paul V. McNutt of the War Manpower Commission said today.

McNutt's statement on manpower was read before an industrial relations conference of the American Management Association by Lawrence Appley, vice president of Vick Chemical Co. and former deputy manpower commissioner. In the address he had prepared but was unable to deliver because of an attack of laryngitis, McNutt said:

"The forthright decision of government to strip away government controls on V-E Day is a decision that in effect declares: You, American management, will now pilot the American people back into civilian production."

Calling for "more manpower for the most plants," McNutt said 68,000 new employes are needed for explosive and loading plants, 50,000 for ship production and ship repairs, 4,500 for airborne radar production and 8,700 to make cotton duck.

"The duration of the battle for Germany will be shortened if these manpower shortages are met," he asserted.

JOHNSTON TO MAKE ADDRESS

DALLAS, Sept. 27 (AP)—Harold W. Gaurapp, Dallas, master of the Texas Grange, says Oscar Johnston of Scott, Miss., National Cotton Council president, will address 200 Texas farm leaders at Waco tomorrow.

Congressman Mahon Outlines Program To Aid Grain Farmers Prevent Loss

In order to help prevent losses for farmers of West Texas on their grain sorghum crops, Congressman George Mahon has outlined the following program:

"To afford a greater market demand for grain sorghum, the War Production Board and War Food Administration have agreed to permit the unrestricted use of grain sorghum in the manufacture of industrial alcohol for the war effort. There has not been any restriction on the use of grain sorghum by the brewers, but October 1 is the first date that the use of sorghum will be permitted for industrial alcohol. It is estimated that alcohol producers will consume about 5 million bushels of grain sorghum per month. The brewers and mixed feed manufacturers will probably take ten million bushels per month.

In order to make better use of present storage facilities, the maturity date of the sorghum loan has been changed from June 30, 1945 to April 30, to enable warehousemen to clear their storage for wheat by next spring, thereby permitting the warehousemen to accept more grain sorghum.

In an effort to provide additional storage space, some lumber and prefabricated granaries are being provided, but this is not very effective as demand is so great in relation to supply.

Director Johnson of the Office of Defense Transportation has agreed to provide additional railroad cars to move the grain but declares that it is not possible to fully meet this important need on account of other demands of the war effort for cars.

These matters are of the greatest concern because West Texas is producing millions of bushels of grain sorghum. The production costs have been great, and a price of less than the loan rate of \$1.69 per hundred is intolerable. National grain sorghum production last year amounted to 103,000,000 bushels, Texas, principally West Texas, producing 74,000,000 bushels of that amount. I shall continue to urge adequate price support for grain sorghum and every possible assistance toward more adequate storage and transportation facilities."

Bigamist Wife Tells Story Of 'Fundamentalist'

SALT LAKE CITY, Sept. 27 (AP)—Details of her life as the polygamous wife of a member of the "Fundamentalist" cult were related by an attractive, California woman called again to the witness stand today in the trial of 32 persons charged with conspiring to practice plural marriage.

Brown-haired Mrs. Cathryn Cosgrove of San Diego, Calif., told the all-male district court jury she was "married" in a "Fundamentalist" cult rite to Heber Kimball Cleveland in August, 1941, and lived with him nearly two years.

A child was born to them at Grand Junction, Colo., July 13, 1942, she said, and three days later her husband told her "when our baby was of marriageable age she was to marry David Darger, who was then living at Grand Junction."

Cleveland and Darger are among the 32 defendants who assert their belief in plural marriage — a principle of the "Fundamentalist" cult — is based on original doctrine of the Latter-day Saints (Mormon) church. Mormons outlawed polygamy in 1890.

Governor Proclaims Victory Fleet Day

By The Associated Press

Gov. Coke R. Stevenson, in proclaiming today (Wednesday) Texas' observance of National Victory Fleet Day, said "a large percentage of the vital cargoes are moving through the great ports of Texas in ships, built, manned and operated by Texans."

Meanwhile, port cities on the Texas coast participated in the occasion commemorating the third anniversary of the launching of the second world war's first Liberty ship, the SS Patrick Henry.

Thirteen ship operators of the Beaumont area were to be honored today at Beaumont with a program for which Pennsylvania Shipyard was host.

At Houston, a 10-500-ton ship, the SS Irving Babbit, named for the American educator and critic, was open for inspection. Merchant marine officers guided visitors through the vessel, built by the Todd-Houston Shipbuilding Corporation. The ship will be operated by the American-South African Lines.

Investigators Seek Data On O'Daniel

WASHINGTON, Sept. 27 (AP)—Committee investigators are already in Texas to investigate the part Sen. W. Lee O'Daniel (D-Texas) is taking in the election campaign, said Chairman Green (D-R) of the senate campaign expenditures committee.

Green declined to say whether the investigators were senators, how long they would remain in Texas or to give any details.

The committee chairman said last week the investigation would be made to include a \$100,000 fund which O'Daniel said had been collected to dispense information on the campaign.

O'Daniel is opposed to the fourth term campaign of President Roosevelt.

The committee also decided, said Green, to investigate the American democratic national committee, an anti-administration group of democrats, and to ascertain its receipts and expenditures.

Soldier's Death Closes Book On Tulsa Slaying

TULSA, Okla., Sept. 27 (AP)—A soldier's death in France for Paratrooper Phil Kennamer closed the book today on one of the country's most publicized slayings — the 1934 Thanksgiving shooting of socially prominent John F. Gorrell.

The War Department notified Federal Judge Franklin E. Kennamer that his 28-year-old son, paroled from a 25-year manslaughter sentence in the Gorrell slaying to become a paratrooper, was killed in action August 15.

His death somewhere in France was the latest development in a case which received national attention through a decade of trial, appeals and clemency petitions.

When Kennamer last visited Oklahoma — to testify at a clemency conspiracy trial of a former state pardon and parole officer in November of 1943 — he confided to a newsmen that "something just seems to tell me that I won't come back."

"I hope," the paratrooper told Managing Editor Edward D. Burks of the Tulsa World, "that if I die under the flag of my country, those who have condemned me will hold me differently in their memories."

Gorrell's body, shot twice through the head, was found in an automobile in a Tulsa residential district at midnight, and a week later Kennamer appeared at the sheriff's office to surrender. He said he shot in self-defense.

At the 11-day trial, held in Pawnee county on a charge of venue, Kennamer testified he used Gorrell's pistol to slay his frequent companion in a quarrel over a plan to kidnap a Tulsa girl.

Jester Invites Colorado To Aid Oil Controversy

AUSTIN, Sept. 27 (AP)—Chairman Beauford H. Jester of the Texas railroad commission has invited the state of Colorado to join Texas in opposing the Anglo-American petroleum agreement.

In a letter to Governor John C. Vivian of Colorado, Jester asked that Vivian study the agreement and expressed the hope that Colorado will "join us in opposing its adoption."

Texas oil operators and members of the rail commission, the state's oil regulatory agency, met here Sept. 19 and adopted a resolution protesting the agreement in which they saw danger to state control of the oil industry.

The group authorizing appointment of a committee to oppose the agreement before the U. S. senate's foreign relations committee.

Assistant For Labor Added To State Staff

AUSTIN, Sept. 27 (AP)—An assistant in charge of labor affairs will soon be added to the attorney general's staff, Grover Sellers told delegates to the 47th Texas state federation of labor (A. F. of L.) meeting here yesterday.

Sellers said he was "very sympathetic with the problems of labor" and felt that labor deserves someone thoroughly familiar with state and federal legislation to whom it could go with all questions which might arise.

"I do not agree with those who kick the football of wild-eyed labor leaders around," said the attorney general.

"There are always a few in every profession or organization who are not representative, but that is no reason for criticizing the entire group."

There are 14,000 individual pieces in a light war tank.

West Teax Trucks To Get More Tires

WASHINGTON, Sept. 27 (AP)—The Office of Rubber Director has approved an additional allotment of tires for small trucks moving West Texas crops, Rep. Thomson (D-Texas) has been informed.

Max McCullough, deputy administrator for the Office of Price administration, told Thomson yesterday rationing boards would be notified immediately of the increase in allotments for their respective areas.

Although the specific quantity was not mentioned, it was reported to be considered sufficient to meet the areas critical shortage.

Alley Resurfacing Slows Women Bowlers

Resurfacing of the alleys Wednesday prevented opening of the women's bowling league as originally planned, Grace Applin, secretary, announced.

She said players need not report this week but at 8 p. m. on Oct. 4 to the alleys to begin play. There are six teams entered but the schedule will not be completed until the first night.

Texas Observes Forestry Week During October

AUSTIN, Sept. 27 (AP)—Texas observes Forestry Week beginning Oct. 22, a period in which Governor Coke R. Stevenson asked that citizens consider lumber's important role in war and peace.

In a proclamation, the governor declared that the state's 16,000,000 acres of forests constitute Texas' only perpetual natural resource.

It is perpetual only as long as it is given adequate care and proper protection, he emphasized.

The proclamation was signed in the presence of East Texas lumber and industrial leaders who presented Stevenson with a large photograph of an East Texas pine woods.

The photograph was framed in Magnolia wood processed at the Texas Forest Products Research Laboratory, Lufkin.

Present were Joe Butler of Corsicana, president of the East Texas chamber of commerce; W. E. White of College Station, director of the Texas Forestry Service; R.

Big Spring Woman Faces US Charge

Mrs. Tannia Elma Cleary has posted a bond of \$500 after being charged with harboring and protecting a deserter. Mrs. Cleary and her husband are charged with the sheltering of Odell Kirk, deserter from the U. S. Navy. Sureties were Gust Moutos and Zach Zacharias.

Robert Williams Cleary remained in Tom Green county jail Monday in default of \$1,500 bond.

Cleary and his wife will be tried in Abilene at the fall term of federal court which opens there October 2.

CANADIANS IN AUSTRALIA

MELBOURNE, Australia, Sept. 27 (AP)—The first Canadian troops to land in Australia arrived today. They were welcomed by Canadian High Commissioner Judge David who hinted that they were the vanguard of a Canadian Pacific army.

M. Eagle of Carmona, president of the Texas Mill Men's Association; W. E. Merrem of Houston, president of the Texas State Manufacturers' Association.

A Switch in Time saved Mine...

My wife wasn't all joking.

She said that a real new car improvement would be to go easing sideways, right into a cramped parking space at the curb. I said yes—maybe in 1960. There's one swell improvement though, that's here already!—an OIL-PLATED engine! You get that immediately by switching to Conoco Nth motor oil.

I don't say it's the only oil; they're not hiring me. But I had this engine OIL-PLATED around 1941. It's still running like a darby, using Conoco Nth oil all the while, to cut down damage from engine acids. If I know what I've read all through this War, the acids made by every engine are liable to cause corrosion inside. That's bad. But acids don't like OIL-PLATING—can't gnaw right through it. It's fastened real close or sort of plated onto working parts that you've got to protect till your new car comes. And even then you'll want the engine OIL-PLATED with Conoco Nth oil, the same as in the car you've got right now.

CONOCO Nth MOTOR OIL

Have a "Coke" = Otlichno! (SWELL!)

... a way to rate with a Russian sailor

In west coast ports, newly-arrived Russian sailors encounter a familiar American greeting. It's the hearty *Have a "Coke"* of a Yankee tar... and the Russian smiles as he replies, *Otlichno!* In many lands around the globe, Coca-Cola is spreading the custom of the pause that refreshes,—has become the happy introduction between friendly-minded folks, just as it is when served in your home.
