House Expected To Okay Hawaii Statehood Today

WASHINGTON, March 6. (U.P.)—The House takes up Hawaiian statehood today.

There was brief debate on the measure last Friday — after the lawmakers had approved Alaskan statehood 186 to 146 — and a vote was expected on Hawaii either late today or tomorrow.

Passage seemed certain. The House approved a similar bill in 1947.

In general, the same House members who backed Alaska's statehood bid are supporting the Hawaiian measure. In an effort to keep partisan politics out of the debate — Hawaii is Republican, Alaska Democratic — the two have been considered as a package by agreement.

For both bills, Senate prospects appear dim.

The Hawaii bill passed by the House almost three years ago was bottled up in the Senate Interior Committee. Sen. Butler (R-Neb.), ranking Republican on that group, has said the chances are no better this year, for either Alaska or Hawaii.

The main argument against both measures is that the two territories would get Senate representation equal to that of states many times their size.

Arguing for the Alaskan measure Friday, Delegate Farrington of Hawaii, a Republican, declared that the system of equal representation in the Senate was decided on by the drafters of the Constitution. He said neither Hawaii nor Alaska should be penalized for it.

Acheson, Aides Confer On Problem Of Saar In U. S. German Policy

WASHINGTON, March 6. (U.P.)—Secretary of State Acheson and some of his top aides begin a round of talks today on U. S. policy in Germany, newly complicated by the Saar problem.

TORTURED—Michael Shipkov, Bulgarian employe of the U. S. embassy in Sofia, tells in an affidavit, made public in Washington by the State department, how he was tortured by Bulgarian Communist police for 32 hours continuously until he made a false confession of espionage and treason. (AP Wirephoto)

The complication arises from an agreement over the week end between France and the semi-independent government of the rich Saar coal area between France and Germany. This is reported to provide that France will take the Saar's coal for 50 years; the Saarlanders are to get complete independence at the end of that time.

At Neuss, Germany, yesterday, the treaty was denounced by Kurt Schumacher, West German Socialist leader, as "a success for Soviet Communists and German Nationalists."

One day earlier, Chancellor Konrad Adenauer said the possibility of West Germany joining a European union would have to be reconsidered because of the Saar treaty.

Washington officials admitted to deep concern over the situation. They want the problem minimized in the interest of European unity. The heart of western unity is the relationship between France and Germany and the Saar question stabs squarely into that issue.

The officials here indicated they believed that the U. S., Britain and France had advised Adenauer beforehand of the nature of the Saar pact, and had emphasized that the treaty was subject to any future German peace treaty — covering a vastly broader field.

Famed Theater Magnate Dies

HOLLYWOOD, March 6. (U.P.)—Sid Grauman, whose lavish theater preserves for posterity the footprints of two decades of movie stars, died yesterday at the age of 70.

Death was caused by a heart ailment.

A master showman, he built Grauman's Chinese Theater—where stars' footprints are impressed in cement—in 1927. John Barrymore's profile; Jimmy Durante's nose and Betty Grable's legs also are imprinted in the concrete forecourt of the movie house.

Grauman is credited with pioneering the spectacular premieres for which Hollywood is famous, and numerous other theatrical "firsts."

He was born in Indianapolis, Ind. While in his teens he went to Alaska with his father, David J. Grauman during the gold rush. As a newsboy there, he sold papers for as much as a dollar a copy to news hungry miners. Once he sold a paper for \$50 to a storekeeper, who charged miners admission and read the paper to them.

Later he operated theaters in San Francisco before coming here.

Azores Farmer Wins \$2,000 Radio Award

HOLLYWOOD, March 6. (AP)—A tenant farmer from the remote Azores Island of San Jorge is on his way home today—richer in experience and dollars than he ever dreamed. He is Antonio Brasil, who had the good fortune to find a plastic ball on the shores of his island. Inside the ball was a note that the finder had \$1,000 cash and \$1,000 in merchandise coming to him at the end of a free trip to Hollywood. The stunt was staged by a radio program. Brasil left his wife and 10 children and flew to Hollywood to spend a week glorying in the luxuries of running water, and sheets on his bed. When he gets home he plans to buy 10 acres of land with his money. Until now, his income has been about \$100 a year.

Canadian Fined \$50 In Disturbance Here

A Canadian, C. English, was fined \$50 and costs in Justice court this morning on a charge of disturbance after he resorted to physical violence while resisting arrest Saturday night. English objected strenuously to going to jail after authorities sought to arrest him on charges of drunkenness at a local tavern. He broke and ran on two occasions but was finally collared and taken to jail. Two other men, Don McKinnon and H. B. Price, entered pleas of guilty in justice court this morning to drunkenness charges and each was fined \$1 and costs.

BONDS

(Continued from Page One) relieve congestion in other parts of the system, it is pointed out. The present building would be converted to junior high facilities, and a resultant shift of the 7th grade would make more classroom space in elementary schools. The new high school plant would be constructed on 11th Place, between Goliad and State streets, on a tract the district already owns. In addition to complete high school facilities, plans include an auditorium, a separate gymnasium building and a separate power plant. Widespread interest has been shown in the election, with several civic and service groups endorsing approval of the bonds to meet the district's needs. A good election turnout was forecast.

Bennett Reported Somewhat Improved

Some improvement has been noted in the condition of W. W. (Pop) Bennett, seriously ill with a heart involvement and asthma. Mrs. Paul Floyd of Midland has been visiting at the bedside of Bennett, her father.

100 Persons Slated To Attend Jaycee Banquet Here Today

Approximately 100 persons are expected to gather at the Settles tonight for the annual junior chapter of commerce banquet which starts at 8 p. m. Delbert Downing, Midland chamber of commerce manager, is to be guest speaker for the evening. Music will be provided by Larry Evans, pianist. Feature of the evening's program will be the presentation of the Jaycees' distinguished service award to F. W. H. Webber. Lewis Hefflin, president of the organization, will present the key to the award by a special committee made up of persons outside the Jaycees. He will receive the honor because of outstanding community service during the past year. Webber is past president of the local Rotary club, and has taken an active part in Community Chest, Red Cross, Infanile Paralysis chapter, chamber of commerce and other civic affairs. Jaycees members were to continue selling tickets to the annual banquet throughout the afternoon, and indications were that more than 100 might attend. Rad Ware, secretary, said. The program is to start promptly at 8 p. m. in the Settles ballroom.

Former Resident Of City Succumbs

Word has been received here of the death of Marvin H. Cook of Fort Sumner, N. M., a former local resident and brother to several Big Spring people. Cook, 58, died Sunday of a heart attack. He will be buried in the New Mexico city Tuesday. Attending services from here will be his brothers, R. L. (Bob) Cook and Leonard Cook, and Annabelle Lovelace, a sister. Father of two boys and two girls at the time of his death, the Fort Sumner man was an agent for an oil company.

Water

(Continued from Page One) thousand at Big Spring, 15 cents at Snyder (14 cents at Stanton should that city wish water), 16 cents at Midland and 18 cents at Odessa. If averaged, the cost would be 17 cents per thousand. Under the alternate, envisioning the extra dam on the upper Colorado, cost would be 10 cents per thousand at Snyder, 12 cents at Big Spring, 15 at Stanton, 18 at Midland and 20 cents at Odessa. All costs were based, he said, on an estimated 80 years to amortize. Mayor G. W. Dabney, Big Spring said that "anything we do is a gamble. We've got to have a certain amount of faith. Whatever we do, I hope we won't break off negotiations." From Odessa came the view, expressed by Mayor A. P. Brown, that "we know one thing; we've got to have water." Burleigh took this as an invitation of further talks. Dabney said Big Spring city fathers were interested in more details from the bureau, and Snyder echoed a similar sentiment. Freese pointed out that Midland was probably the pivotal city in the project, but Burleigh objected "to putting the burden on Midland. Any one city's withdrawal would affect the costs."

Local Milk Plant Is Burglarized

Things escaped with approximately \$100 in cash, a case of beer and a .45 caliber pistol at the Tennessee milk plant here last night, one of two places entered over the weekend. Thieves also broke into the Hollis Grocery near the municipal airport but nothing was missing. It is believed they were frightened away at the latter place, since they left \$20 in cash in a drawer they had opened. The intruders made entry into the Tennessee plant through a rear window.

Bicycle Found Here

A Hawthorne bicycle, found abandoned Saturday on W. 3rd street, is being held at the county juvenile office. The owner may obtain the bicycle by identifying it, Jess Slaughter said.

NEW YORK, March 6. (AP)—Leading stocks posted narrow advances in today's market, some responding to the coal agreement.
Fractional gains were locked on in the trade at the opening, and held fairly well as the market showed continued strength after the general level of prices to around the best in more than three years.

Photography Is Studied By Local Cub Scout Den

Members of Cub Den No. 3, Pack 13 began a study of photography as a feature of their program for this month at a meeting Saturday held at the home of Mrs. Obie Bristow, den mother. Jimmie Hicks talked to the group on the photography program and several games were played. Attending were Jerry Graham, Gordon Bristow, Harrison Haynes, Bill French, Teddy Groehl, Bill Elliott, George Peacock, Eddie Kennedy, Bob Dillon, Lee Denton, Danny Brownlee, Donald Ray Cannon, Leslie White, Kenneth Morrow, Claude Renick, Bob Kiser and Vance McCright, a new member. Leaders present were Mrs. Bristow and Mrs. Omer Elliott, assistant den mothers, and Bill Dillon and Jimmie Hicks, den chiefs.

Quartet Fined For Drunken Driving

Four persons entered pleas of guilty in county court this morning to charges of driving while under the influence of intoxicants and paid fines totalling \$400 and costs. They were Loy A. Clark, Robert B. Owens, Santiago Valencia and C. R. Robinette, each of whom were fined \$100 and costs by Judge Johnny Dibrrell.

City Woman Injured In Auto Collision

Mary Hudman, Big Spring, was released from Big Spring hospital Sunday morning following treatment for injuries sustained when her car was in collision with a pickup at 3rd and Benton streets Saturday.

Three Fire Alarms In City Reported

Firemen responded to three fire alarms over the weekend. All were for minor blazes. A trash fire was extinguished at 808 Aylford street about 7 p. m. Saturday. No damage was caused by the blaze, firemen said. Sunday afternoon firefighters put out a grass fire on a vacant lot at 904 W. 12th street. An auto was slightly damaged by fire, started by an electrical short circuit, at 500 N. W. 8th, about 10 p. m. Sunday.

Doyle Brunson Named To All-State Team

West Texans Hog Laurels

By WILBUR MARTIN AP STAFF

AUSTIN, March 6. — The best basketball players in the 30th annual Texas High School Basketball Tournament played for 13 different schools.

Sportswriters covering the three-day tournament at Austin last week today announced their "all-tournament" teams in the three-division meet.

Gruber's Leslie Cator and Big Kelly Jim Duncan of Cayuga were the only unanimous choices. Gruber, Class B champion, and Canyon, Class A titlist, were the only schools to place more than one man on the teams.

The sports writers' selections:

CLASS B
Leslie Cator, Gruber; Lynn Hart, Gruber; Kelley Jim Duncan, Cayuga; Norman Miksch, Waeider, and James Hutton, Warren.

CLASS A
Troy Burrus, Canyon; Billy McCurry, Birdville (Fort Worth); Joe Abbott, Canyon; Richard Zamora, South San Antonio, and Loyd Kilpatrick, French (Beaumont).

CLASS AA
Doyle Brunson, Sweetwater; Johnny Crouch, Vernon; L. G. Dupre, Texas City; Billy Ward, Austin (El Paso), and Ronnie Sisemore, Corpus Christi.

Hart and Burrus lacked just one vote of being unanimous choices. Sisemore, sparkling of Corpus Christi's Class AA champions, was the only player the Ducs placed on the all-tournament team.

Gruber won the Class B title by beating Waeider, 43-34; Canyon the Class A by thumping South San Antonio, 49-25, and Corpus Christi the Class AA by defeating Vernon, 40-24.

West Texas teams dominated the tournament, winning two championships, placing three teams in the Class AA semi-finals and monopolizing the all-tournament teams.

The only defending champion in the 1950 tournament, Texas City, in Class AA, lost out in the first round to Sweetwater.

The 42,000 who saw the tournament last Thursday, Friday and Saturday was 1,500 under the attendance in 1949. But the 7,300 on hand for the Class AA championship game Saturday night was a new record. Seven thousand watched the Class A and B championships decided.

The record book for Class B was practically rewritten, with eight new marks posted.

Steerettes Go To Midland

Girls' volleyball ball teams of the local high school will go to Midland tonight for three practice games with that school's representatives.

The first encounter will probably get underway around 6:30 o'clock.

Arak Phillips' Steerettes, gunning to make their most serious bid for their own invitational tournament title next weekend, have already won nine of 11 starts but may be hard pressed to hold their own against Midland, which went to the finals in the recent Odessa tournament.

The Big Spring team is in fine physical fettle, however, after some of its members were out with the flu. The Big Springers swamped Odessa with a convincing show of power last Friday night and may be able to live up to their advance notice as the greatest team in the history of the school.

LOOKING 'EM OVER

With Tommy Hart

Carl Coleman, the Big Spring high school grid mentor is wearing a big smile these days.

A giant lad who likes to play football and who won't enter high school until next September has moved to Big Spring from Throckmorton. He is Jimmie Ellison, who weighs all of 250 pounds and who could put Gargantua to shame before he wins his sheepskin. Ellison will probably wind up at tackle. He'll probably play for the Yearlings next fall but could figure in varsity plans by his sophomore year.

Big Spring high school could field one of the biggest school-boy grid teams in this section next fall.

Dick Laswell, starting tackle who has already won two numerals, is up to 206 now and still growing. His running mate, Jack Little, must hit the scales somewhere between 160 and 170 pounds now but he's got the frame to carry more weight. Jack's brother, Jim Bill, weighed around 185 pounds when he played here.

Bobby Kuykendall, letterman and who will be a junior next fall should weigh around 185 or 190 by September. He's fast, too. Bobby Porter, one of the Steers' brightest prospects, is a line-man who'll probably go over 200 before the season gets underway. He's quick as a mouse, too.

Bobby Jack Gross, co-captain and a back, weighs more than 176 pounds. Coleman says he wishes he had a "barfball" like Gross, for Bobby Jack is a lad who thinks and who loves the game of football.

Aubrey Armistead, the other co-captain and an end, packed better than 190 pounds last year and should weigh at least 170 by fall. A lot will be heard from Aubrey during the 1950 season. He turned in some sterling performances last year.

Bobby Wheeler and Robert Cobb, backs, are both growing fast. Wheeler may do 170 or better and Cobb will weigh better than 160, if all goes well.

SPECK FRANKLIN LOOKS GOOD AS HURDLER
Charles (Speck) Franklin, a sophomore who may play regularly in the Steers' backfield next fall, is improving his footwork by running the hurdles on Bert Brewer's track and field team.

Considering the fact that he's had no experience at clearing the barriers, Speck looks very good at it. He could become a champion before his eligibility runs out.

Coleman hopes to get his grade school football program started here by fall. In order to do that, the schools will have to appoint new teachers in all the schools who can coach the lads. The enthusiasm is there. Make no mistake about that.

Carl intends to run a track meet for the grade school athletes before this school year is out, probably in May.

Big Spring bids fair to get its new high school gymnasium. Tuesday's bond election, of course, will determine whether or not it becomes a reality.

Coleman, if he has any say in the matter, intends to see to it that it will be the best that the appropriated money can buy. He plans to scout fieldhouses all over the country and ask coaches and superintendents what flaws they have detected in their own gyms. Then he'll sit down with the architects and try to eliminate the bugs.

There'll be no more gymnasiums like the one the Steers now use, if Coleman has anything to do with it.

The boy who will oppose Joe Louis in his fights at both Lubbock and Odessa is J. C. Ingram, a Negro from Denver, Colo. The Lubbock exhibition is planned for March 18 while Odessa's attraction takes place two nights later.

The Odessa baseball professionals have purchased Jim Haggard, a pitcher who was with Corpus Christi when the Aces played Big Spring last Autumn but did not see action in the series.

A native of Fort Worth, Haggard won six and lost three for Corpus in 1948.

ARIZONA CAN WIN CROWN TONIGHT
By MURRAY SINCLAIR Associated Press Staff
Arizona can win the Border Conference basketball title tonight by beating Hardin-Simmons in Tucson.

For Hardin-Simmons to finish on top it must (1) break Arizona's string of 54 consecutive victories on its home court, (2) beat tricky Tempe tomorrow night and (3) trip last-place Flagstaff Wednesday. They are the only conference games this week and bring the conference play to an end.

Hardin-Simmons can lose one game—so long as it isn't to Arizona—and finish in a first place tie.

Hardin-Simmons is the most surprising team in the league. It was supposed to finish in the second division. It showed nothing in early-season games, losing two of its first four conference dates. Since then it has won nine in a row.

Underwood, Big Spring, turned back Deavenport of Abilene in one of the feature matches, one up. Swindell, Big Spring, edged Reinhart, Abilene, 5-4. Scott, Big Spring, won out over Davis, Abilene, 4 and 3. Reynolds, Big Spring, trounced Beacham, Abilene, 4 and 2.

Ard, Abilene, edged Phillips, Big Spring, 3 and 2, while Wise of Big Spring and Wright of Abilene halved their match.

Swindell grabbed off medal honors with a respectable 83.

PASADENA, Calif., March 6. (U)—The White Sox will run through their first intra-squad tussle tomorrow in a tune up process for the week end's contests with the Cubs in Los Angeles.

Playoff Berths To Be Decided In Cage Meets

By The Associated Press
Except for two post-season tournaments, Texas college basketball teams have wound up the campaign.

The Southwest representative in the National Collegiate Athletic Association will be decided this week. It will be from among Baylor and Arkansas, co-champions of the Southwest Conference; University of Houston and probably Arizona.

The latter can win the Border Conference title by beating Hardin-Simmons tonight.

Hardin-Simmons can take the title by winning three straight games.

The National Association of Intercollegiate Basketball will pick its Texas representative this week. East Texas State, co-champion of the Lone Star Conference; independent Texas Wesleyan and the winner of the West Texas State-Texas Tech Border Conference game tonight will be in the playoff.

East Texas won in the first round, eliminating Abilene Christian College, the Texas Conference champion, last week 61-51.

All conferences in Texas ended regular season play last week.

Arkansas beat Texas Christian 45-39 and Baylor licked Southern Methodist 70-61 to finish a tie for the Southwest Conference championship. Texas edged Texas A&M 23-20 for a tie with the Aggies for fourth place. Texas Christian, Baylor and Texas had the best season records with 13-11. Tom Hamilton of Texas was the scoring leader for the season with 283 points. He also topped in conference scoring with 203.

University of Houston was the Gulf Coast Conference title with an unbeaten record. The Cougars also led for the season with a 16-7 record.

Abilene Christian led the Texas Conference both in season and conference play with 13-10 and 10-6 records respectively.

Local Golfers Edge Abilene

A mixed team of Big Spring high and junior high school golfers is seeking more worlds to conquer after drubbing South Junior high of Abilene in Abilene last Saturday.

The local lads are coached by W. O. Maxwell, Jr., and train almost every afternoon at the municipal course. Around 23 boys of school age are working out regularly.

Big Spring defeated the Abilene team by a margin of 12 1/2 to 5 1/2.

Underwood, Big Spring, turned back Deavenport of Abilene in one of the feature matches, one up. Swindell, Big Spring, edged Reinhart, Abilene, 5-4. Scott, Big Spring, won out over Davis, Abilene, 4 and 3. Reynolds, Big Spring, trounced Beacham, Abilene, 4 and 2.

Ard, Abilene, edged Phillips, Big Spring, 3 and 2, while Wise of Big Spring and Wright of Abilene halved their match.

Swindell grabbed off medal honors with a respectable 83.

PASADENA, Calif., March 6. (U)—The White Sox will run through their first intra-squad tussle tomorrow in a tune up process for the week end's contests with the Cubs in Los Angeles.

Jack Burke, St. Pete King, Assured Of Ryder Cup Berth

Texan Second Leading Winner

ST. PETERSBURG, Fla., March 6. (U) — Jack Burke, a 27-year-old sportsman with a wealth of golf in his system, is almost certain to play with the Ryder Cup team this year.

The curly haired kid who may yet outdo his famous father—now dead—picked up 10 Ryder Cup points with victory in the St. Pete Open yesterday. He also picked up \$2,000 and is second to Sam Snead in both money winnings to date and Ryder points.

Running his money to \$7,400 and Ryder points to 298, Burke breezed by his idol and teacher—dazzling Jimmy Demaret.

Snead won \$900 for his sixth place finish and leads the money parade with \$8,158. He has 238 Ryder Cup points and also leads for the Vardon Trophy with an average of 58.33 strokes in 24 rounds.

Demaret collected \$367.50 on a tie for eighth place and stands third with \$6,146.16 this year. He is third in Ryder points at 164 1/2 and also is third behind Burke in scoring average toward the Vardon Trophy.

Burke has averaged 65.57 strokes and Demaret 69.06 in 23 rounds each. Next comes Jim Ferrier with 68.19 in 30 rounds and Johnny Palmer with 69.61 in 28.

One golfer who never has made the Ryder Cup team is among the top 10 candidates at this time. He is Pete Cooper, whose only major win was the St. Petersburg Open last year and who is making his final big swing around the golf circuit this year.

Ryder Cup leaders behind Demaret are Chandler Harper, Ellisworth Vines, Henry Ransom, Skip Alexander, Ben Hogan, Pete Cooper and Chick Harbert.

Leading money winners for the year: Sam Snead, White Sulphur Springs, W. Va., \$8,158; Jack Burke, White Plains, N. Y., \$7,400; Jimmy Demaret, Ojai, Calif., \$6,146.16; Cary Middlecott, Ormond Beach, Fla., \$4,765.

Jim Ferrier, San Francisco, \$4,706.66; Fred Haas, Jr., New Orleans, \$4,450; Henry Ransom, St. Andrews, Ill., \$3,203.83; Chandler Harper, Portomau, Va., \$2,700; Ellisworth Vines, Los Angeles, \$2,200; John Palmer, Badin, N. C., \$2,111.83.

CAMP BRIEFS

Rookie Gardener Is A's Camp Standout

WEST PALM BEACH, Fla., March 6. (U) — A rookie outfielder who can throw like a pitcher was the talk of the Philadelphia Athletics training camp today.

Bob Betz, who batted .345 for Youngstown (Ohio) last year, threw out Bob Weisman at home plate when he tried to score from second on a single and later ripped Joe Tipton at third when he tried to advance from first on a long single.

CLEARWATER, Fla., March 6. (U)—President Robert R. M. Carpenter of the Philadelphia Phillies and Andy Semnick will try again today to iron out their differences over the holdout catcher's 1950 contract.

Trade rumors began filling the air in the Phils camp yesterday after a second conference between the two men failed to bring results.

SAN BERNARDINO, Calif., March 6. (U) —Outfielders Ralph Kiner and Wally Westlake probably won't play more than three innings of any exhibition game scheduled by the Pittsburgh Pirates.

Manager Billy Meyer said today he already knows the strength of his two power hitters and wants to give his other outfielder candidates plenty of action.

ST. PETERSBURG, Fla., March 6. (U) —Johnny Mine, seeking a steady first base position with the New York Yankees, appears to be in tip-top physical condition.

Recovering from an arm injury sustained last season, he consistently has been hitting to the outfield fences.

ORLANDO, Fla., March 6. (U) —The Washington Senators' spring training began to take on more of a down-to-business atmosphere with third baseman Eddie Yost and second baseman Al Kozar joining the squad today, as well as outfielders Gil Coan and Clyde Vollmer.

AVALON, Calif., March 6. (U) —Hank Sauer yesterday let a fly

ball escape for a two base hit; Andy Pafko did a series of somersaults trying to snare a single—and Manager Frank Frisch is convinced the Chicago Cubs need another camp game.

Instead of cutting down the routine training chores, Frisch has scheduled an intra-squad tussle for tomorrow.

LAKELAND, Fla., March 6. (U) —Arrival of pitchers Hal Newhouse and Freddy Hutchinson in the Detroit Tiger fold over the weekend brought the club to full strength. Both reached contract terms with the club Saturday night.

Fastball Group To Meet Here

Fastball representatives for cities in this area will convene here again next Sunday to further plans for organization of the Texas Fastball league.

Nine communities reportedly are already lined up for play and more teams may gain admittance.

Those already committed to field teams or which have expressed interest in the league include Lubbock, McCombs, Crane, Stamford, Colorado City, San Angelo and Seymour.

Sunday's session, starting at 2:30 p. m., will be held at the Settles hotel.

THE NEW GRAND PRIZE Pale Dry BEER

Yes, I changed to the new Pale Dry GRAND PRIZE night before last. And I'm recommending it to anyone who likes a pale dry beer!

E. W. Haynes, sportsman and meat wholesaler, Fort Worth

I changed to Pale Dry GRAND PRIZE when a neighbor had me try a bottle. She was pleased with it, and so was I once I tried it.

Mrs. Howard S. Lindhart, housewife, Austin

I didn't change at all. I always have liked GRAND PRIZE—and this new pale dry flavor makes it better tasting than ever.

J. N. Shinde, manager manufacturing plant, Dallas

I changed as soon as I tasted it! I've always preferred a mild, light beer and the new Pale Dry GRAND PRIZE hits me just right.

Chas. L. Brady, chief engineer, San Antonio

Wherever Texans serve beer you'll find them changing to the new Pale Dry GRAND PRIZE. This great beer is made from top-grade ingredients—the best malt, hops and water obtainable—and it's a blend of forty selected brews. That's what makes it so good. That's why so many people are changing to the new GRAND PRIZE beer!

Civil Rights Break With South Established Liberal Demo Party

WASHINGTON, March 6—When President Truman was elected in 1948 in a bold break on civil rights with the solid south, he laid the foundation for a strictly liberal majority party.

Folk Singer Scheduled To Appear In Town Hall Presentation Tuesday

Bascom Lamar Lunsford, Carolina folk singer, will be featured in the third program of the season to be presented under the auspices of the Big Spring Town Hall association in the municipal auditorium Tuesday evening at 8 o'clock. Appearing with Lunsford will be his Appalachian Folk Singers and Dancers.

During the past year, Lunsford recorded 330 ballads for the Library of Congress in Washington, D. C. in one seven day session. In making these recordings he has made the biggest contribution of any single folk-singer in the 21-year history of the library's song archive. The archive has had thousands of contributors, but no other singer has recorded more than a seventh of what Lunsford now has transcribed there. His seven day stretch almost (but not quite) exhausted his repertory.

Lunsford, who has been a singer of folk songs for many years, "knows more American folk songs than any one else in the country," according to Dr. Duncan Emrich, the folklore chief for the Library of Congress.

A native of Buncombe county, North Carolina, Lunsford, who calls himself a "mountaineer," more accurately is a farmer-lawyer and actually devotes all his time to folk music. Founder and director of several annual folk festivals, he has long been one of the country's foremost experts in his field.

The songs he recorded all came from his home territory in North Carolina, an area he calls "the richest pocket of American culture in the country, lying between the Blue Ridge and Great Smoky Mountains."

"The mountaineer," Lunsford says, "makes music as best he can. Something happens and he makes a rhyme of it. He picks out, say an old religious tune. Then he sings. You don't have that conservatory take-off on it, and its a rough voice. But good folk expression is as vigorous as Shakespeare could ever be."

The assassinations of Lincoln and McKinley, several notorious

(and otherwise forgotten) murders and an earthquake in Santa Barbara, California are subjects of typical ballads in Lunsford's collection. These go along with such favorites as "Casey Jones" and the "Arkansas Traveler." All the versions and some of the songs were new to the library.

When it comes to singing them, a banjo, mandolin or guitar is almost essential, and a good memory even more so. But Lunsford makes it plain he doesn't care for

checked shirts or any other "Broadway" accoutrement. He adds, "I don't want a fellow who goes around in broadcloth putting on overalls when he sings. Many singers do things to songs that show an attitude of ridicule toward a fine thing. Why not present it at its best? If a man remembers a few snatches of song and can sing them, can't he do it without caricature? I don't see any use of growing a beard and wearing a costume."

Residential RC Drive Launched By Volunteers

A breezy March morning secured an enthusiastic group of volunteer workers off on the first leg of the residential drive for the 1950 American Red Cross fund campaign following an early coffee session at the Douglass hotel today.

Approximately 50 women gathered in the Maverick room for instructions and material and to hear inspirational talks on Red Cross services by Joe Pickle and Champ Rainwater, general chairman for this year's drive. RIBBON RAMBLINGS By Mildred Young

Maybe Town Hall association members should make a special effort to attend Tuesday night's presentation of Bascom Lamar Lunsford and his company of singers and dancers. Big Springers are seeing them at about half-price because they asked for them early. It seems that the University of Texas is paying about twice the price for the same show. They didn't get their bid in soon enough.

Evidently, someone read Friday's column because we got a letter Saturday reading something like this: "This writer not only believes you are doing a good job of reporting the news but that you give impartial coverage of the other members of the Herald staff." They went on to say some things about criticism, but since we got in two-cents worth on that subject slightly over a week ago, we won't mention that. There was only one thing wrong with that letter, like the first one we quoted, it wasn't signed. It makes a letter so much more interesting when they are signed and they carry a lot more weight, too. If you're going to write this column, how about signing the letter? If for some reason, we decide to quote you, we won't mention your name if you tell us not to. That goes for vocal remarks, too.

That reminds us of Friday's session of the American Business Club. Roy Reeder got up in that session to make some remarks concerning the school bond election. There were pencil in hand ready to take a few notes when the guy floors us with the remark that he's not talking for publication. After he finished, we asked him how he expected his club to get any publicity if he was the speaker and refused to be quoted. He replied that he was only talking about his side remarks. And that's what this column tries to find-printable side remarks.

Pauline Sullivan of Big Spring was re-elected secretary at the District Two meeting of the Retail Credit Executive and Business Managers in Abilene Saturday and Sunday.

Other officers named were H. S. Strain of Odessa, president; T. F. Erickson of Brady, vice-president; and Lucille Coltharp, Lubbock; Margarette Wooten, Big Spring; Kathleen Morgan, Fort Worth; Jake S. Helsky, Abilene and Lee Mallory, El Paso, directors.

Entertainment at the meeting included tables of bingo, a formal dance and banquet.

Announcement was made that Big Spring will host the District Two meeting on the second Sunday of March 1951.

Mrs. Kloven Is Honored At Tea

Mrs. Thelma Kloven was complimented with a gift-tee by the members of the Ruth class of the First Baptist church in the home of Mrs. Dick Lane, 203 Jefferson, Friday afternoon.

Mrs. Dewey Young served as co-hostesses to the affair.

The refreshment table was laid with a lace cloth and centered with an arrangement of pastel colored stock flanked by lighted tapers. Silver and china appointments completed the table setting, decorated in the class colors of green and yellow. Mrs. Kloven attended the refreshment table.

During the afternoon, Hazel Reagan was presented with a housewarming in her home. A gift was presented to the honoree.

Those attending were Mary Jenkins, Lola Cantrell, Margaretta Coffee, Thelma Kloven, Mamie Mayfield, Hazel Reagan, Helen Rice, Thelma Young, Lorene Lane and Beth Kay.

Altar Society To Have Game Party Thursday Evening

A game party will be held at the St. Thomas Catholic church Thursday evening at 8 o'clock. Final plans were announced at the called meeting of the Altar Society Sunday morning.

Mrs. Dvite Gilliland presided at the meeting. Announcement was made that the personalized card tables have arrived and will be placed in the social room of the church. The tables will be used at all church socials and game parties.

A door prize will be presented at the game party. Also, the kitchen will be opened and hot coffee, homemade pie and cake will be sold by the hostesses.

Those attending the meeting were Mrs. Walter Ruechart, Mrs. D. E. Speeg, Mrs. C. C. Choate, Mrs. R. L. Bagley, Mrs. Ed Settles, Mrs. Martin Dehlinger, Mrs. Earl Corder, Mrs. Charles Deats, Mrs. A. L. Time Is Near For Installing Summer Coolers

It will soon be time to start installation of summer air conditioning equipment. W. C. Williams, owner-operator of Williams-Sheet Metal works, has reminded.

All air conditioning repair, replacement of parts, as well as actual installation of equipment will be done promptly and efficiently by Williams Sheet Metal workers, he pointed out. It would be wise to get air conditioners checked while the weather is still cool, having necessary repairs and replacements made in plenty of time for hot days ahead.

In addition to servicing equipment, Williams Sheet Metal works stands ready to make new installations or alterations in existing cooling systems, Williams stated.

Williams has all sizes of air conditioners for all types of buildings. His sheet metal workers are experienced in making installations in newly constructed buildings or in fitting equipment to older structures.

Air conditioners are also available for both business and residential buildings.

Williams will make free estimates covering both the cost and size of coolers required for any structure. Ducts and conduits, made in the Sheet Metal works shop, will be designed to give maximum efficiency as well as economy of installation and operation.

Now is the time to start planning for installation of that new cooling system, Williams emphasizes, in order to be ready for hot summer temperatures.

Spring Bedding Plants Soon To Be Available At Caroline's Florist

Spring bedding plants, about as essential to landscaping as furniture is to the interior design of a house, will shortly be made available here by Caroline's Flower Shop, located at 1510 Gregg street in Big Spring.

Petunias, snapdragons, periwinkles and verbenas are among the plants which add to the attractiveness of any yard. Adaptable bulbs proffered by Caroline's include dahlias and gladioli.

The aforementioned plants and bulbs should be planted up to May 1, in order to realize best results during the warm months.

Tomato and pepper are among the garden plants which grow best in West Texas that are sold by Caroline's. The establishment stocks Porter, Red Cloud and Boun-

Meat Department Is Douglass Feature

Fresh meats always stand out as a sparkling feature at Douglass Food store, corner of Eleventh Place and Johnson.

It's not by accident, either, for Dale Douglass, owner, has spent a lifetime connected with the livestock or food business. He knows good meat animals when he sees one, and how they should be finished. That's why he specializes on feed lot beef for his meat counter.

Lending support in the cured lines are such famous names as Swift's Premium, Rath's Blackhawk and Armour's Star—all standards of highest quality and flavor.

Incidentally, this is a tip-off to the policy followed throughout in Douglass Food stores. Only the nationally-advertised and time-tested lines are carried for convenience of customers. There's no guessing over strange brand

names, which might turn out to be rather inferior.

One line, an exceptional one and carried in Big Spring exclusively by Douglass is Sexton's foods. The name is a hallmark of quality and of great value.

Recently, Douglass Food installed a new open top vegetable case to give even more attractive display to the regular supply of fresh vegetables. In addition to providing easy display and handling, the new case also preserves the original freshness and crispness of vegetables until they are ready to be taken to home refrigerators.

Williams Is Dealer For Two Conditioners

Authorized dealer in Big Spring for both Chrysler Airtemp and Comfort air conditioning equipment is Williams Sheet Metal Works.

Williams has the coolers in sizes for any type business or residential building. Installation can be made in either new or older buildings.

Harvey Wooten, who distributes Red Chain feed products at his Wooten Produce company here, is more than a little proud of Donald Hewitt's record at Houston.

Donald's steer, reserve champion of the show, brought \$6,600 at the auction sale. A classy calf, it was finished on Red Chain products. It follows a pattern, however, for the vast majority of Howard county club boys have been using Red Chain feed for years in their projects.

Jeep Trucks Make Motor Vehicle News

Jeep trucks are just about the biggest news in the medium-duty motor vehicle field, and the Rowe Motor Co. in Big Spring has the glad tidings for customers in this area.

The Rowe Motor Co. is local dealer for Willys-Overland, which builds five lines of Jeep trucks. They include panel jobs, station wagons, pick-ups, platform type with stake bed, and others with covered beds.

All of the vehicles boast the war-tested Willys-Overland Jeep engine which has gained world fame for stamina, dependability drive or four-wheel drive models are available.

There are in addition, of course, to the universal Jeep, which is adaptable to many uses. The Rowe Motor Co., which is located at 1011 Gregg street, also is Big Spring's Packard dealer and has the latest models on display.

A spacious repair department for all makes of automobiles, a modern service station, parts department and used car department, round out the services offered by the Rowe Motor Co.

The entire organization is one of the most modern in West Texas.

Puncture-Proof Tires Help Curb Accidents

Reberling puncture-proof tubes, distributed locally by the Creighton Tire company, eliminate accidents caused by tire failure.

The blowout-proof tubes have thick walls with two ply of cord on the side next to the tire's tread. Soft, gum rubber inside the tube instantly seals all holes made by nails or other sharp objects, eliminating up to 95 per cent of punctures.

Seberling tubes often run for 10 or 12 years without losing air that is sealed in by the layer of gum rubber, Charlie Creighton, manager of the Creighton Tire company, declared.

MISSING FOR ONE YEAR—Police in Detroit, Mich., dug up the basement floor of a suburban Wyandotte home in search for clues to the year-old disappearance of Guy J. RANGER ASKED TO AID IN HUNT FOR MISSING 'LONELY HEARTS' HUSBAND

DETROIT, March 6, (U)—Texas Ranger Smiley J. Moxley has been asked to come to Michigan and assist officers in their search for his brother, Guy J. Moxley, 41, of Plainview.

The Texan has been missing since March 23, 1934, three months after he was married.

Yesterday police cleaned up the home of Mrs. Constance Moxley, 42, in Suburban Wyandotte after digging in the cellar for clues to her missing "lonely hearts" bridegroom. They found nothing to the accompaniment of jeers from Mrs. Moxley—and abandoned the digging late Saturday.

Det. L. Larry Eastman said he would seek to bring the brother to Michigan to aid the search. It was the Texas Ranger's reported fear

One-Armed Bandits Have No Redress

GREAT FALLS, Mont., (U)—County Attorney R. J. Nelson recently ordered the release of two men held for using slugs in slot machines at a nearby town. He ruled no law covered their case.

Nelson said the statute against obtaining money by trickery came closest, but he decided it was intended to prevent obtaining money by trickery from another person. He said: "I don't believe it would cover a case in which a person obtained money from a machine by trickery."

West Coast City Holds Nose As Whatzit Grounds

DELAKE, Ore., March 6, (U)—The aromatic nature of this Oregon coast resort's contribution to oceanic "monster" legends today was overcoming curiosity.

Noseholding townsmen may not wait for a bonafide Marine life expert to examine their ton of long dead whatzit. Disposal of the four tailed globe shaped mass was a bigger question.

Even the chamber of commerce president, Lloyd Cable, was losing enthusiasm at the last of an unseasonable crowd of Sunday motorists drove off. He admitted there was a growing discontent among the populace. Auto Station Opera for Wayne Eyer was among these. He was kept busy serving motorists yesterday. But today he hoped for a quick burial of the "monster." He lives downwind from the object of excited weekend attention.

Doubters of the sea monster yarn noted that a whale had recently grounded to the south of here. Some thought the four-foot diameter mass with flabby tentacle-like appendages—one 16 feet long—was the dead mammal's innards. A University of Washington zoologist, who got information by telephone, said in Seattle it was surely a genus morocouthis—giant squid.

Today that explanation was good enough for most of DeLake's residents.

Cardinal Sees Signs Of Approaching War

ROME, March 6, (U)—Signs of war are increasing, says Francis Cardinal Spellman.

Employing a phrase usually construed by Catholics to mean approaching ruin from war or other disaster, the visiting archbishop of New York told reporters here: "Signs telling of the 'abomination of desolation' are increasing."

"While we hope and pray and strive for peace," Cardinal Spellman said, "we nevertheless must be, as Catholics, always prepared for death."

He Shoots The Works On Round-World Trip

SYDNEY, (U)—A ship's plater from Barrow-on-Furness is in Sydney on the first leg of a "soft" trip round the world. He is Robert Cross, 54, who says he is spending his life's savings on the trip.

He told newsmen: "I want to live soft for a year and go broke in the process." He said he is going to spend about \$2,240 seeing Australia, New Zealand, Tahiti, Panama, and America. Already he has spent about \$1,387 on shipping and airline tickets.

Cross said he has been working as a plater for \$21 a week. He added with a smile: "I will be broke but happy when I return to my job."

No Health Found In Minimum Charge

LOS ANGELES, (U)—A court has ruled that establishing a minimum charge for cleaning suits and topcoats will not improve the public health.

The State Board of Dry Cleaners sought to restrain one business from doing the work for less than the minimum charging that public health and safety would be threatened. Superior Judge Clarence Hanson denied an injunction, holding that a price increase would not raise health standards.

Penn State's basketball coaches, Elmer Gross and John Egil, and their ace scorer, Marty Costa, are Purple Heart veterans.

WAS MAJOR POET Edgar Lee Masters Dies Of Pneumonia

PHILADELPHIA, March 6, (U)—Edgar Lee Masters, who forsook a flourishing law practice to write "Spoon River Anthology" and other widely read poems, died last night at the age of 81.

Masters had been retired from an active literary career during the latter part of his life and at the time of his death was a patient in a convalescent home at Suburban Melrose Park.

He was stricken with virus pneumonia several days ago.

In addition to Spoon River—which made him one of the nation's most talked of poets overnight—Masters penned a number of novels, boys stories and biographies of such men as Vachel Lindsey, Walt Whitman, Mark Twain and Abraham Lincoln.

Born Aug. 23, 1868, in Garnett, Kan., he was the son of an attorney, Hardin Wallace Masters, for many years mayor of Lewistown, Ill. The father was a law partner of William H. Herndon, once Lincoln's law office associate and his first biographer.

Young Masters spent some time as a cub reporter and learned the printer's trade in Lewistown. After being admitted to law practice, he moved to Chicago.

He was still engaged in his legal career there when his best known work, "Spoon River Anthology," was published in 1914 under the pen name "Webster Ford."

The book not only made Masters an overnight literary sensation, but served to create a renewed interest in American poetry.

The work was named for a small stream that flows near Petersburg, Ill., where Masters lived during part of his youth.

In "Spoon River Anthology," the

'Rich' Dog Dies At Age of 16

LIBERTY, Mo., March 6, (U)—Duke, a collie dog that received a \$25,000 legacy, is dead.

The 16-year-old animal died Saturday night.

Three years ago Duke's mistress, Mrs. Martha M. Benson, a widow, died leaving her estate to Duke. He had been her constant companion since she found him as a puppy.

Mrs. Benson's will stated that after the dog's death the estate was to be divided between two Kansas City institutions, the Catherine Hale Home for Blind Women and Mersey Hospital.

ABUNDANCE OF WATER, BUT—

EASTPORT, Me., March 6, (U)—This city of 3,500, practically surrounded by salt water, was without the fresh variety today.

After two days of abnormal cold, an exposed section of a 10-inch main froze early yesterday.

Fire was the most immediate hazard. Calling the situation critical, Fire Chief Frank L. Bradish kept all on standby status throughout the night.

Supt. Herman Staples said he hoped service could be restored today.

Clothing Drive For Children Of City Is Success

A clothing drive for underprivileged children conducted by the Big Spring Kiwanis club met with outstanding success, club officials reported this morning.

Troy Harrell, chairman of the club's committee for underprivileged children's work, said over 40 pupils at one local elementary school were fitted with clothing, and others are being aided by supplies obtained during the drive.

Some of the children who received clothing were not attending school because they were unable to dress properly, Harrell said.

Another truck load of clothing is still on hand and it will be distributed to other children. In event there is a surplus, clothing will be kept on hand for use as needed, Harrell said. The County Welfare Association and Public Health nurses have been advised to contact the Kiwanis club when they learn of children in need of clothing.

Harrell said the Kiwanis club appreciated the response of Big Spring citizens who contributed to the clothing drive. Contributions included all types of clothing, including coats, sweaters, shoes, etc. for both boys and girls.

Kiwanis club officials also praised local cleaning and pressing establishments which cleaned and pressed the clothing without charge.

City To Vote Tuesday On School Bond Issue

\$950,000 For New High School Plant Needed

Big Spring's Growth Forces Expansion Of Present System

Big Spring writes a decision Tuesday on expansion of its school system.

Voters with property rendered in the Big Spring independent school district will go to the polls on a proposition for issuance of \$950,000 in bonds to finance construction of a new high school plant.

Voting will be done at the city hall fire station, and polls are open from 8 a. m. to 7 p. m. Voters were reminded again of the new state election law which requires presentation of poll tax receipt or exemption certificate at the polls.

School trustees submitted the bond issue after analysis showed that the sum can be handled under present tax schedules. The district's rate is now at its statutory maximum.

Authorization would be for 30-year bonds, at an interest rate not to exceed three per cent.

While present high school facilities already are inadequate, school officials are also hoping meet future needs, when the "war baby crop" in the next few years means a much heavier enrollment in higher grades. Figures show

Brannan Paints Picture Of Want, Plenty In Report

Old Farm Problem Bobbing Up Again, Truman Informed

WASHINGTON, March 6. (AP)—The old farm problem of want and plenty existing at the same time is appearing again, Secretary of Agriculture Brannan said today.

Shortages of food which plagued even the big food producing countries during and directly after the war are being replaced by surpluses in those countries, including the United States, he reported. Yet these surpluses, the secretary said, are very small when measured in needs in undernourished areas of the world.

This picture of the farm problem, from an international viewpoint, was painted by Brannan in his annual report to President Truman.

Stating that poverty and hunger in shortage areas cause political as well as economic instability, the secretary said it is "our duty and our interest to help such areas toward stability and progress."

Brannan said solution of the country's farm surplus problem requires action on both the international and domestic fronts. This country, he said, must buy more from foreign countries so that they would have the money with which to buy American farm products.

On the domestic front, there is need, Brannan said, for more effective farm price support machinery to prevent a new farmed national depression.

"Currently, our purchase price support programs encourage overproduction on the one hand and under-consumption on the other," he said.

"Once we acquired these commodities, the government must either convert the excess production into storable form, where possible, move the commodities into export outlets at reduced prices, divert them into non-food uses, or destroy the commodities if no outlets of disposition are available."

Lake Water Supply Is Proposed Here

Two Alternate Plans Offered By Area Engineer

Demands of Four Cities Would Be Met by Reservoir

Alternate projects, both envisioning use of water from a lake below Robert Lee, were advanced here today as the means of solving water problems for Big Spring, Snyder, Midland and Odessa.

Harry P. Burchell, Austin, area engineer for the Bureau of Reclamation, presented two proposals which he said would meet any foreseeable water demands for the cities. One would call for a lake at Robert Lee, giving a firm yield of 134,000 acre feet of water for domestic purposes (plus 14,000 for irrigation purposes). He estimated cost of this project, including pipelines to the various cities at \$43,422,000.

As an alternate, he presented a plan which would call for a dam on the upper Colorado river for the express purpose of lowering costs to Snyder. Total cost was pegged at \$48,465,000, and the increase, of course, would be reflected in slightly higher costs to other participating cities.

Burchell ruled out the upper Colorado river site, originally proposed 25 miles northeast of Big Spring, as capable of satisfying all the demands of the cities. At the same time, he said the length of qualitative studies was not sufficiently long for firm conclusions. Possibility of a diversion dam, making use of Bull Creek waters in the upper Colorado project, was not acceptable to the bureau because of costs. Simon Freese, Fort Worth, Colorado River Municipal Water District engineer, questioned this.

Odessa, Big Spring and Snyder municipal representatives informed Burchell that they would welcome the opportunity of further discussions on the project with the bureau. Mayor W. B. Neely, Midland, indicated his constituency was interested, but that he was not entirely satisfied with some of the contractual relations which might exist between cities and the bureau.

Specifically, he had in mind being tied to any minimum draw by a city. To contract for a fixed amount of water, he said, would bind cities to abandonment of present production systems according to estimates regardless of the physical condition of the system. It also would mean that cities must grow as rapidly and to the extent estimated, he said.

Under plan A (the Robert Lee dam alone), Burchell estimated raw water would cost 10 cents per acre foot.

'Long Peace' In Coal Fields Of Nation Forecast

By STERLING F. GREEN AP Staff

WASHINGTON, March 6. — The signing of a new contract sent soft coal miners swarming back to the pits today—ending a serious threat to the nation's economy and promising peace in the coal fields for months to come.

For the miners, the prize they won was a \$1.40 daily "package" per man, plus a reasonable assurance of fairly steady work for at least a year and perhaps until the middle of 1952. For the operators, it meant getting back into business.

For the public the settlement meant relief from a four-week strike, rescue from a looming industrial breakdown, and some assurance of stability in the industry, plus higher coal bills.

One operator put the cost of the United Mine Workers' gains at \$250 million this year. The extra cost to consumers may be from 25 to 50 cents a ton.

The strike-settling contract was signed by UMW President John L. Lewis and the spokesmen for all major groups of operators — North West, the reluctant South, and the steel-owned "captive" group — at 4:30 o'clock Sunday afternoon. Lewis told newsmen: "The United Mine Workers have again accomplished the impossible." Then he let the word be flashed to the 370,000 strikers:

"All mines will resume work." This time there was no defiance of a back-to-work order. In many districts the jubilant miners waived formal meetings and back-to-work votes. Until now they had defied orders to go back from both Lewis and the federal court.

Some pits were ready by midnight to start pouring black energy into the fuel-starved economy. But it may be 10 days before all of an estimated 225,000 laid-off men in coal-dependent industries, such as railroads and steel, will be back on the job.

DIGGERS IN HAPPY MOOD

Miners Return To Pits As Strike Ends

PITTSBURGH, March 6 (AP)—About one-third of America's soft coal mines swung back into operation today to pace the gigantic task of retueling a shivering nation.

Resumption of digging that began a bare five hours after the official end of the great coal strike progressed slowly. But by nightfall nearly every bituminous pit in the country is expected to be turning out coal.

Many of the 372,000 strikers reported to the mines in the same festive mood they were in during a week long victory celebration. Gone were the grim stares and angry talk of the previous months.

Big industries — crippled by the fuel shortage — limped along a step behind the mines in restoring order to the nation's economy.

A survey of the fields indicated fewer than 30,000 miners on early shifts answered the back to work call.

In some cases pits were reopened although only a fraction of the normal manpower was present. Scores of others began operation behind regular schedule as small groups of miners struggled in.

Tradition accounted for the delay in most cases. Customarily UMW locals hold meetings after receipt of the official word of a strike end from John L. Lewis. Then the diggers go to work.

The UMW chieftain's telegram has not yet reached many mine areas. Laughter echoed in the lamp houses and shaft entrances where miners did show up.

DALLAS RAPIST IS TO DIE IN CHAIR

DALLAS, March 6 (AP)—Handsome Fred Felix Adair, Jr., was convicted today of raping a Dallas housewife. He was sentenced to death.

Adair is the 26-year-old former bookkeeper accused of a series of attacks on Dallas women. Dallas newspapers dubbed him the "love bug."

The verdict was reached by a jury in Judge Henry King's criminal district court. The jury received the case Saturday and was ready yesterday with its verdict, but the judge delayed hearing it until today.

The Dallas woman broke down on the witness stand while describing how she was raped as her two children watched. She pointed out Adair as her attacker.

Adair had denied the charge. His wife and her sister testified he was home sleeping on the night of the attack.

The tall, slender defendant is under indictment on two other charges of rape, and also has been indicted for burglary.

Adair himself received the verdict with composure. But his pretty young wife, who has been at his side throughout the trial, broke down and cried. Adair tried to comfort her.

Defense attorneys immediately announced they will file a motion for a new trial. They said it will be based in part on testimony of a state's witness, a woman Adair is accused in another indictment of raping.

R&R To Open New Drive-In Theatre In Big Spring Soon

Preliminary surveys and contour checks were completed last week on the site of a new drive-in theatre to be opened in Big Spring by the R&R theatres.

This new amusement center will be located on Highway 87, just south of the Scurry street Y, on land leased by the theatres from the Texas & Pacific Railway company.

Engineering work was done by F. R. Redfern of the Harvey A. Jordan Construction company of Dallas, recognized as outstanding specialists in designing and erecting drive-in theatres. The firm has built such open-air houses for Underwood & Exzell and R&R in such towns as Brownsville, Fort Worth, Houston, Dallas, Terrell and Waxahatchie.

The local drive-in will be of 800-car capacity, and will embody the latest designs for such theatres.

Veterans Demand Red Treason Trials

OKLAHOMA CITY, March 6 (AP)—Oklahoma's 48th infantry division veterans want treason trials for members of the U. S. Communist Party.

Veterans of the fighting unit approved a resolution to that effect as their annual reunion closed here yesterday. They also asked the U. S. to stop aiding non-Democratic nations.

BONDS BACKED BY EX-SERVICE MEN

Ex-service men in the city apparently are solidly behind a bond issue to provide Big Spring a new high school plant.

A postcard questionnaire was distributed last week to all city resident members of the American Legion, and results of the mail poll were released today by Post Commander Frank Hardesty.

Of 113 replies received, 112 stated "I am for the school bond." One card was indefinite in its marking. Not one returned card was marked for opposition to the bonds.

The poll was conducted, Hardesty explained simply to register an expression of sentiment of the veterans.

That during the next four years alone, 150 more students will be entering high school each year from the lower grades than the number graduating. Double-day sessions in the high school is a definite threat, the school men assert.

To Seize Church Land

WARSAW, Poland, March 6 (AP)—Poland will take over large land holdings of churches under a law to be presented to parliament soon. Premier Josef Cyrankiewicz told parliament today.

Leftist Leads In Greek Election

ATHENS, March 6 (AP)—Gen. Nicholas Plastiras, a moustached old warrior who drove King Constantine into exile in 1922, emerged today from yesterday's national elections as a powerful new leftist force in Greek politics.

With nearly one-half of the votes counted, Plastiras' National Progressive Union held a slender lead over the countries two big traditional parties — former Premier Constantinos Tsaldaris' Conservative Populists (Royalists) and Sophocles Venizelos' Moderate Liberals.

Another new leftist party, the Republican front headed by former Foreign Minister John Sophanopoulos, polled a sizeable vote that surprised most observers.

Crazed Boy Butchers Quartet In Rampage

NEW YORK, March 6 (AP)—A 19-year-old youth, just released from a hospital for the criminal insane, slaughtered four strangers and stabbed three other persons in a 10-minute rampage through crowded Brooklyn streets yesterday.

The mad knifer, William Jones, a Negro, finally was beaten into submission with gun butts after police pursued him along three blood-trailed blocks.

Jones, turned loose as sane last Wednesday, wouldn't tell police what made him grab a 14-inch carving knife from a restaurant and rage through the tenement district slashing at the heart of every passerby.

The four who died were white men whom Jones apparently never

had seen before. But one of Jones' other victims, a 20-year-old Negro, was a friend and neighbor. Jones cut him as the victim raised a hand in greeting.

People stood frozen on the sidewalks, horror-stricken and helpless as the mass killer pulled his knife from hiding, struck from behind and piled up his bloody toll. Other people fled, screaming.

"It seemed like he was using the knife so fast nobody wanted to try to stop him," one witness said.

Two policemen in a patrol car finally caught up with the killer. Jones lunged at them with his bloody knife, but they beat it out of his hand and slugged him to the sidewalk with gun butts. Then they tied him up with rope and carried him off in their car.

BROWNWOOD SPECULATES ON NATURE OF MYSTERY ROUND OBJECT IN SKY

BROWNWOOD, March 6 (AP)—Hundreds of people in this Central Texas town craned their necks today looking at a what-is-it in the sky. All agreed it was round. But if it was a saucer or disc it wasn't flying. In fact it seemed to be moving little if at all.

The object was spotted soon after a ground fog lifted, leaving the sky brilliantly clear.

Soon dozens reported seeing the object high in the sky, almost directly overhead but a little to the south.

B. G. Joyner, member of the Brownwood Daily Bulletin's staff, looked at it through an engineer's telescope and reported: "I could see its shape was circular, darker on one side, sort of shaded, and brilliantly white-silverish on the other. It looks somewhat like a moon."

THE MORNING AFTER—George H. Robinson of Pompey, New York, digs out after an 18-hour blizzard that swept through Central New York. Swirling, driving snow closed schools and roads and left drifts up to 12 feet high. Robinson burrows through one of them to get to his car. (AP Wirephoto)
