### Radio Station Approved To Direct **Broadcasts To South America**

WASHINGTON, May 13 (P)—The house naval committee made public reports today showing President Boosevelt has approved construction of a proposed government radio station designed in part as an "antidote" for fascist and communist broadcasts to South America.

Chairman Vinson (D-Ga) said the committee would begin public hearings Monday on a bill to authorize a high-powered station in this city. A senate subcommittee heard proponents yesterday of a measure to set up a station near San Diego, Calif.

It would be operated under a cooperative arrangement between the may and interior departments, both of which have approved the transportation.

WASHINGTON, May 13 (P)—President Roosevelt repiled with a flat no when asked at a press conference today whether he intended to send a letter to Governor George H. Earle or Senster Guffey, Pennsylvania democrata, similar to the one he addressed to Sennter McAdos (D-Calif) urging the latter to run for reelection.

Representative Pace (D-Ga) has asserted in the house that Pennsylvania, which he termed a "doubtful" state, received more in WPA funds in 1937 than 11 states in "the old democratic south."

"Is the old democratic south being punished because we are regular, while the plum is given to the doubtful states?" he asked in debate on the president's lending-spending program.

Pace said the 11 southern states were Alabama, Arkansas, Mississippi, North Carolina, South Carolina, Teunesseu, Florina, Georgia, Louisiana, Texas, and Virginia, "states that for many, many years through good weather and bad, have stued by the democratic party.

"These 11 southern states, which have stood by the party generation after generation with a population of M.900,000 people had year received a lotal in WPA funds of \$216,000,000 and the use state of Pennsylvania received \$216,000,000."
