WASHINGTON, Aug. 1 (AP)—The \$3,000,000,000 GI terminal pay bill headed for President Truman's desk today as house members laid plans to get around its "payment in bonds" provision early next year.

Patterson Tells Of Two Killings

SAN BERNARDINO, Calif., Aug. 1 (AP)—Emmett Patterson, 30-year-old ex-marine charged with murder, yesterday told a jury that he had buried the bodies of his brother-in-law, William B. Cole, 47, and sister, Allene, 33, on the desert "because I wanted to get my health back before I told my story."

Peace Treaty Aids Inflation In Italy

ROME, Aug. 1 (AP)—Publication of terms of the proposed Italian peace treaty has contributed to the gradual inflation spiral disrupting Italy's economy.

Two Battle It Out For Place In Runoff

FORT WORTH, Aug. 1 (AP)—Revised tabulations last night increased to 24 votes the lead of Keith Kelly, Fort Worth attorney, over Marvin B. Simpson, Jr., former state representative, for the second place spot in the Aug. 24 runoff for state senator.

Government Weighs Decision To Hike Bread, Flour Price; OPA Hearing Set

WASHINGTON, Aug. 1 (AP)—The government is trying to reach a decision today on whether to allow price increases of a penny a loaf on bread and about a cent a pound on flour.

President Asks Federal Expenses Be Held Down

Says Inflationary Conditions Make Thrift Imperative

WASHINGTON, Aug. 1 (AP)—President Truman today called on all federal officials to keep public expenditures "at the lowest possible level."

In a formal statement, Mr. Truman declared that reductions in federal expenditures are imperative in view of "the present inflationary situation."

The President's statement was contained in a letter to the heads of all executive departments and agencies. It said:

"We must do everything within our power to reduce inflationary pressures. One of the most effective means of doing this is to reduce federal expenditures."

The statement emphasized that the nation's present fiscal situation "is a most serious one."

"We are faced with a continued substantial budget deficit in the present year," it continued. "Even those federal expenditures which are most necessary have the effect of increasing inflationary pressure in the total national economy."

Mr. Truman asked public works agencies "to postpone commitments and actual construction so far as possible, and to keep their expenditure programs within certain specified limits."

He asked each of the departments to review expenditure programs and not to hesitate "to eliminate work of low priority, and to concentrate even on 'smaller economies.'"

Adoption Of Two-Thirds Rule In Conference Virtually Sure

Yugoslavs Balk Over Trieste Compromise

PARIS, Aug. 1 (AP)—The Yugoslav delegation served notice today that it would not accept the compromise solution on Trieste.

The foreign ministers council recently voted to establish Trieste as international territory under United Nations authority. The UN has not accepted the responsibility, however.

Edward Kardelj, Yugoslav vice premier and spokesman for Premier Marshal Tito's peace conference delegation, attacked the so-called "French line" of demarcation between Italy and Yugoslavia.

"It abandons large sections of our people to the oppression of Italy," he said. "It takes from Yugoslavia large sections of Austria."

Kardelj said Yugoslavia did not consider it just that the compromise solution by the foreign ministers of the four principal powers had been reached without her representation.

Economically, he added, the compromise gives no guarantee to Yugoslavia that she will receive any compensation for her great losses during the war.

Jackson Due Home To Fill Court Duties

WASHINGTON, Aug. 1 (AP)—President Truman said today he expects Associate Justice Robert H. Jackson to resume his duties on the Supreme Court upon his return to the United States.

Jackson, chief US prosecutor at German war crimes trial in Nurnberg, is due back in Washington tomorrow.

Mr. Truman was asked at a news conference whether he expected to talk with Jackson about differences on the Supreme Court, including Jackson's disagreements with Justice Hugo Black. The President replied he expected to talk with Jackson about his first trip home since he said in a statement June 10 at Nurnberg that Black wanted him "to cover up facts" in a case before the court.

Teague Endorsed By Losing Candidates

MEXIA, Aug. 1 (AP)—Three opponents who were defeated in Saturday's primary race for congressman from the Sixth congressional district last night endorsed Col. Olin E. (Tiger) Teague of Bryan for the Aug. 24 runoff campaign.

Teague, who placed second in the primary, will oppose Tom Tyson of Corsicana in the runoff.

War Profiteer Probe Expands Major Industries Must Account For Boom Years

WASHINGTON, Aug. 1 (AP)—Chairman Mead (D-NY) said today the senate war investigating committee will dig into the boom spending of wartime years in the automotive, aircraft, aluminum and shipbuilding industries before drafting recommendations to prevent possible future frauds.

"We want to get the complete picture before making our report," he told reporters. The committee is in a brief breathing spell after a month of public hearings concentrated chiefly upon the operations of the Garson munitions combine.

The committee will meet in executive session tomorrow to map plans for the immediate future.

Concluding the first phase of its open hearings on war contracts, the committee announced it will give "high priority" to a separate "major investigation" seeking to fix responsibility for failure of the shells and the resultant casualties.

Maj. Gen. Alden H. Walt, chief of the army's warfare service, estimated in testimony last week that 10 or 12 soldiers were killed by premature shell-bursts, but said he didn't think it was possible to pin the blame on any one manufacturer. A later report revised the number of casualties upward to 29 killed and 83 injured.

Erie Basin Metal Products, Inc., one firm in the Garson combine of war manufacturers under investigation, held a big contract for the 4.2 shells. Walt noted that other companies made the same size shell.

Announcing the investigation in a statement, the committee made public a questionnaire it will circulate chiefly among former military men having "first-hand knowledge of the facts."

School Buildings Declared Sanitary

School plants have been given a clean bill of health by the city typhus control section.

After a thorough inspection of all school buildings, V. A. Cross, in charge of the typhus control program, reported to school authorities that there were no signs of rodents around any of the buildings. An eradication program had been put on last year, apparently with perfect results.

Following up on making the plants healthful, buildings are being cleaned thoroughly, said W. C. Blankenship, superintendent. They will be given a heavy treatment with DDT within the next week or so, and again just before opening of school on Sept. 3.

No flies are to be seen at any of the buildings, said Blankenship. Sanitary facilities are being cleaned and subjected to intense disinfection.

Equalization Board To Review Tax Rates

Howard County Board of Equalization will re-convene Monday, August 12, to review any challenges that might be made on new tax evaluation made by the unit last month.

Tax rate on most property within the county has been increased slightly, according to County Commissioner Thad Hale. The level was decreased in a few instances, however.

Notification of any change in the tax rate was mailed to property owners last week.

Molotov Backs Greek Proposal To Open Agenda

PARIS, Aug. 1 (AP)—Soviet Foreign Minister V. M. Molotov agreed today to a Greek proposal to open the Paris peace conference to all "questions pertaining to the draft of peace treaties."

In supporting the Greek motion, Molotov proposed that the rules of procedure of the conference be amended to include the statement that:

"The conference may place on its agenda at the request of any delegation any question pertaining to the draft of peace treaties."

The motion was made by Constantin Aghnides, Greek ambassador to London, who said that the conference should be thrown open to any "connected" peace question not now on the agenda.

Before Molotov spoke the motion was opposed by Moshé Pijadi, Yugoslav official, and Dmitri Z. Manuilsky, member of the Ukrainian delegation, who said the proposal was a "disguised form" of bringing up the disputed question of a simple majority rule for voting in the conference.

The Greek proposal asked that the decision of placing any new matter on the agenda be by a simple majority vote.

Manuilsky said Article 18 of the United Nations charter required a two-thirds majority for voting. Dr. Herbert V. Evatt, Australian minister of external affairs and champion of the simple majority proposal, said that Manuilsky's interpretation of the UN article was faulty.

The adoption of the two-thirds rule seemed assured, however, thus probably restricting the major decisions of the 21-nation body to those matters on which the Big Four have been unable to agree.

The debate on the question of opening the conference to various peace treaty questions occurred at a meeting of the rules committee. Molotov's amendment permitting the conference to discuss all questions pertaining to the peace treaties was adopted in a unanimous atmosphere.

Hunter Services To Be Held Friday

Funeral services for Stafford Cecil Hunter, who died Monday afternoon at a local hospital will be held at 2:30 p. m. Friday in the Nalley chapel.

Last rites will be conducted by Rev. W. L. Porterfield, pastor of the Wesley Methodist church. Mr. Hunter, who resided at 703 Abrams, had been in failing health for about five years.

Palbearers at the funeral will be Bryan Daniel, S. C. Courley, Elmo Phillips, Willie D. Loveless, Tommy Loveless, A. M. Harris and Alice Carlisle. Burial will be in the local cemetery.

Postal Receipts Up Over Last Month

Postal receipts for the month of July showed an increase over June but were off almost one third for the same period in 1945.

The July revenue amounted to \$8,749.92 as compared to \$7,297.77 for June and \$13,204.46 for July, 1945.

The July figures bring the total for the year to \$65,053.58 as compared to \$62,722.74 for the first seven months of 1945.

Missing Woman's Body Found In Cranberry Bog Reservoir

ONSET, Mass., Aug. 1 (AP)—A body identified by police as that of pretty Ruth McGurk, 25-year-old Cambridge summer visitor, was discovered today in a lonely cranberry bog reservoir ten miles from the dance hall from which she vanished Saturday night.

The body was clad in a pink dress, but Medical Examiner E. Vincent Smith said undergarments were missing. Shoes also were missing and the backs of the victim's stockings were stained with a black substance which residents said was foreign to the area.

Investigators were considering the possibility that if the girl was slain, the crime was committed elsewhere and the body brought to the secluded pond, known as Green Lodge reservoir.

Toll Bridge Approved Across Rio Grande

WASHINGTON, Aug. 1 (AP)—President Truman yesterday signed a bill authorizing construction of a toll bridge across the Rio Grande at or near Rio Grande City.

The bill authorizes Gus A. Guerra and his heirs or legal representatives, to construct and operate the bridge. The project must be approved, however, by the international boundary and water commission and by Mexican authorities.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Governors Of Texas - -

Hogg Battles Against Corporations, Retires With One Silver Dollar

(This is the eighteenth in a series of stories based on the lives of governors of Texas.)

By PAUL BOLTON

AUSTIN. — A political giant was born to the Texas political scene one stormy night in Cherokee County in 1851. The Giant's political theories didn't begin to make headlines until sometime later, but when they did, the name of Texas' eighteenth governor, James Stephen Hogg, became a part of history for keeps.

Hogg came up through the ranks. His parents died during the Civil War, his father as a major general in the Confederate Army. His first job was a "printer's devil" on the Rusk Observer. Hogg decided he liked newspaper work and went West to grow up with the land. He worked for the Cleburne Herald when Cleburne was a new town but the newspaper plant burned and left Hogg with 15 cents in his pocket. His next job was on the Quitman Clipper in East Texas. He chopped wood, milked cows and set type. When his employer went off to New Orleans on a binge, Hogg filled the paper with poetry.

After some tough times during Reconstruction days, (he almost died from a gun-shot wound as a Deputy Sheriff, Hogg went into the newspaper game in a big way. He took over the Longview News and later set the Quitman News on its way.

Hogg quit newspapering in 1873 and began practicing law. He served three years as Justice of the Peace in the Quitman precinct. In 1878 he became county attorney and then district attorney in 1880. Six years later he was elected attorney general and re-elected in 1888.

From then on James Hogg battled against corporations and combines of wealth. He was one of the first men in the nation to begin the struggle against trusts and monopolies. He was denounced morning, noon and night as an enemy of capital, free enterprise and property owners. The little into the governor's race in 1890, people of Texas loved it.

Hogg took his reform platform His contention was that "the people must rule the corporations or the corporations will rule and ruin the people." His biggest platform plank called for railroad regulation through a state commission and his campaign slogan was "Hogg and Commission."

The ranchers, farmers and small merchants immediately jumped on the Hogg band wagon. It marked the end, at that time, of the conservative elements of the Democratic party who had been in control since the Civil War.

When Hogg entered the fight for governor he had as his opposition the nomination of the old Democratic party warhorse, Judge Gustav Cook and former governor J. W. Throckmorton. But

JAMES S. HOGG

Hogg's opponents had no chance. Hogg talked to the people straight and said the things they wanted to hear. He was nominated in San Antonio in August. The Republicans met the next month in the same city and named Webster Flanagan as their candidate for governor. Flanagan was famous for his slogan, "What are we here for if not for the spoils?"

Flanagan got no spoils. Hogg and his lieutenant governor, George C. Pendleton were elected by a plurality of 184,890 votes. The people of Texas also adopted a Constitutional Amendment for regulating the rates and services for transportation, thus the railroad commission.

As governor, Hogg continued his battle begun as attorney general against corporate interests. He ran for re-election in 1892 and had another fight on his hands. The Democratic party split in the Houston state convention that year. Part of the party bolted behind George Clark, attorney general under Governor Coke.

Hogg was nominated by the regular convention and Clark and his bolters got the support of the Republican party. Col. E. M. House, just beginning his famous career, supported Hogg. He put his endorsement on him with these words: "When I found that the railroads and the entire corporate interest of Texas were combined to defeat Hogg, I enlisted actively in his behalf."

The daily papers did not. They were all against Hogg and the clash became a struggle between the urban and rural peoples of Texas. Hogg said: "You may turn the city votes against me and I may lose every city in the state, but I will carry the country vote and be elected."

He was. Hogg received 190,486 votes to Clark's 133,395.

Hogg's second administration was a continuation of his fight to control corporate power. The legislature followed Hogg's lead and enacted legislation prohibiting trusts and monopolies. Hogg turned

ed to other matters and established the Confederate home, required railroads to provide separate coaches for whites and negroes, (the Jim Crow law), enlarged the endowments of the University of Texas and got amendments to criminal laws including offenses committed by corporations.

Hogg refused to accept for Texas the pro rata amount of sugar bounty donated by the federal government in proportion to the state's production of sugar. He refused on the grounds that it would be a surrender of state sovereignty to federal regulation according to the rules and restrictions imposed by Congress.

Hogg retired from the governor's office in 1895 with one silver dollar to show, as he put it, "after eight years of office holding and battling for the policies which I believe some day will assist in making Texas the imperial state of the Union."

On a business trip in 1906, Hogg was injured in a railroad accident and died.

Hogg wanted no man-made shaft on his grave, but a living tree. Today pecan trees mark his grave in the state cemetery at Austin.

In Hollywood— Laughton Scared On His Return To Stage Work

By HOWARD C. HEYN
HOLLYWOOD, July 31 (AP) — Charles Laughton, who leaves Hollywood this week to return to Broadway, says quite frankly that he's scared.

The heavy-jowled actor's latest appearance on the great white way was in 1936, with the Old Vic company. His reason for returning is to do "Galileo."

Charlie hasn't succumbed to stage fright, nor has he lost the knack of long speeches. He has a very fine reputation out here for hospital visits, on which he has been known to deliver lengthy excerpts from plays, completely without script.

He is also being helped back into the groove by his present screen role. In "A Miracle Can Happen," Laughton portrays a clergyman and is given plenty of opportunities to make with the words.

"I'll encounter the same difficulties on returning to the stage that I met when I switched to the movies," he said.

"At first I couldn't get used to arising at 8:30 a. m., walking through the bright sunlight into a darkened studio stage, and starting to act."

"Now I'm resigned to it. It's going to be difficult to wait all day, then go to work at night."

"RIVERSIDES... didn't come on my car, I CHOSE THEM"

"And I see a lot of other busy salesmen are switching to Riversides, too!"

Yes, all over America, men who use their cars for business are buying Riversides! Over 42 million Riversides have been chosen, in preference to tires that come on cars, in preference to all other makes of tires! It couldn't happen so often without some mighty good reasons!

Take Advantage Of Good Okra Crops For 'Gumbo,' Pseudo N'Orleans Treat

With July and August expected to be peak months for okra, most markets already have large supplies and homemakers are on the lookout for fat-saving recipes. One of the most popular answers to this problem lies down New Orleans way, where okra appears as "gumbo" in soups and stews. Many famous cooks long ago learned how to take advantage of the thick jelly-like substance in okra as an ideal thickening for these dishes. So famous has okra become as an ingredient for "gumbo" dishes that the words "gumbo" and "okra" are practically synonymous. The name "gumbo," in fact, is the English derivation of "ki-ngombo" which was the original West African name for okra.

BEST BUYS

According to the United States Department of Agriculture, the "best buys" of the week at markets include watermelons, peaches, tomatoes, cabbage, Irish potatoes, bulk carrots and okra.

Fig, Ancient Fruit, At Season Peak

Figs, now about in their peak locally, offer the homemaker a bit of taste-tempting luxury, with emphasis on fresh use because of the sugar shortage. Eaten out of hand for a breakfast appetizer, or a lunch dessert, a good fresh fig offers unique food enjoyment, reminiscent of ancient times. The fig is especially associated with the history of Greece, where special laws regulate their exportation. The Spartans, too, are said to have used figs extensively at their public tables. A good fig is fully ripened, soft, yet firm, and free from mold. Because the fully ripe fruit becomes sour and ferments quickly, prompt refrigeration is a must unless the figs are to be used immediately. Ripe figs may be greenish-yellow or purple-black, depending on the variety. Ten to 12 weigh a pound.

soups and stews, its jelly is sometimes objectionable. That's why so many people prefer okra fried. A little experimentation, however, will greatly increase the ranks of those who actually relish the gummy consistency and peculiar flavor of this unusual food, with a history that goes back to the ancient Arabs and Egyptians.

Combination dishes made with okra are among the most tempting, and tomatoes are probably the most popular team-mate. Okra and tomatoes are an excellent menu suggestion right now because both vegetables are on the plentiful list.

Relatively low in calories, the principal dietary contribution of okra is its vitamins A and C and its minerals calcium and phosphorus. "Young, crisp and tender" is the selection rule. Pods about two to four inches long are best. More mature pods are apt to be hard and woody. About 35 three-inch pods make a pound and will yield approximately two and three-quarter cups of okra ready to cook.

B-29 Crashes, Crew Picked Up Uninjured

TOKYO, Aug. 1. (P) — The Pacific Air Command announced today that a B-29 which was to have participated in an aerial demonstration over Tokyo crashed yesterday between Guam and Okinawa but that the 13 crewmen parachuted and were picked up by a destroyer.

Life boats were dropped to the 13 from B-17's of the sixth emergency rescue squadron.

The B-29's commander, Col. E. D. Reynolds (no address available) ordered the crew to abandon the big bomber after one engine caught fire and a propeller flames back as far as the tail surfaces.

Torches Cause Fire

HOUSTON, Aug. 1. (P) — Fire department officials last night blamed sparks from welding torches with setting fire to approximately 40 bales of cotton in the hold of the Lykes steamship, Harry Culbert, preparing to sail for Rotterdam.

UNSCATHED WAR HERO GETS SHOT— WITH BUCKSHOT BY IRATE FARMER

By JACK RUTLEDGE Associated Press Staff

Happy is the warrior, home from the wars:

An East Texas hero, veteran of several major battles in the Pacific, returned home unscathed. This is one of those stories, but different. Wait until you hear what happens next!

He and some friends were driving along a country road and passed a field of watermelon. He hadn't had a watermelon in years, and the sight made him drool.

He stopped the car and got out, climbed a fence and leaned over to pick a melon. Unfortunately, others had been doing that too, in this same field. An irate farmer was waiting.

He heaved into sight, lifted his gun and fired. A load of buckshot peppered the hero in a spot which made sitting down difficult for days.

A Dallas veteran named Hal

Collins, Jr., has a British war bride. She's learning American ways fast, but now and then things bewilder her.

Like Collins, for instance. He has little sales resistance. He told his wife he was going to the store to buy an electric razor. They didn't have an electric razor, but a super-salesman gave Collins the works. He returned home with a \$350 electrical exercising machine.

His wife took one look at it and gasped:

"Do you mean to say you shave with that thing?"

But we have to have a tale with a happy ending, to end this:

Tom H. Prestridge of Van Zandt county, a marine, decided he'd enter politics. He ran for district attorney, a very crowded race.

But before election three other candidates withdrew, leaving him lone man on the totem pole.

Ships Sunk In Test Believed To Have Broken On Sea Floor

ABOARD USS MT. MCKINLEY AT BIKINI, Aug. 1 (AP)—The possibility was being studied today that the carrier Saratoga and the battleship Arkansas broke their bottoms on the exposed lagoon floor after falling down a huge hole in the water opened up by the underwater atomic bomb July 25.

Rear Adm. W. S. Parsons, deputy director of "Operation Crossroads," disclosed that this was one of several theories being checked by officials of the joint task force.

He speculated that the cavity may have opened under one end of each of the two big ships. In the case of the Saratoga, the admiral said, this would have accounted for her going down by the stern, then finally at relatively even keel. The Arkansas, with her bottom crushed by the impact, went down quickly. The sea, closing in first from the lower end of the cavity, because of pressure, temporarily would have refloated the ships.

On the basis of present information, there is doubt that a big

Benefits Increased For Railroad Men

WASHINGTON, Aug. 1 (AP)—President Truman has signed legislation increasing benefits under the railroad retirement and unemployment acts.

It provides:

1. Changes in disability annuities.

2. An increase in survivor benefits to a level approximately 15 percent above social security benefits.

3. An increase in the retirement tax rate from the present seven and one-half percent to 11-2 percent until 1949, 12 percent from 1949 to 1951, and 12-2 percent thereafter.

The measure was backed by the railroad brotherhoods and opposed by the carriers as too costly.

BUCKING, RARIN' HORSES—This is only one of the bucking horses which promises to provide plenty of thrills and action at the annual rodeo here August 7-10, when Jack and Earl Sellers of Del Rio bring their stock for a repeat performance of last year's successful show. Three carloads of these horses, never before ridden, and steers never before roped are due to arrive in Big Spring sometime this week.

Tuna On Return Trip To American Tables After Four Years Of Scarcity

Tuna, a wartime scarcity, is on its way back to grocers' shelves. The Fish and Wildlife Service predicts a record-breaking pack this year.

Around five million cases will be produced compared with 4,188,000 in 1940, the largest pre-war year, and 4,237,000 in 1945, when the industry began its recovery from the effects of the

war. During 1942 the tuna pack fell to only 2 1-2 million cases because some of the most productive tuna waters were closed as a security measure and many tuna clippers were requisitioned for military service because of their speed and size.

Homemakers will find more salmon available as a result of action taken this week by USDA ending set-aside requirements on the 1946 pack of chum, the most economical variety. More than 230,000 cases will be released. The original set-aside order required that during the year beginning April 1 a third of the chum pack be reserved for government purchase to be used by UNRRA in relief feeding. Recently it has been decided to cut canned salmon shipments out of the relief program. Set-aside quotas on other classes of canned fish remain at 33 percent for all salmon except chum and 45 percent for Atlantic and Pacific mackerel, pilchards, and Atlantic sea herring.

Principal exporting countries (Norway, Newfoundland, Canada, Denmark and Greenland) will have approximately 293,470,000 pounds of dry salt fish for export this year, according to latest estimates, but this amount is not expected to meet world needs. UNRRA will have first call on about 22 per cent of the total supply.

Shanghai, Aug. 1 (AP)—A United States Army lieutenant, who was with the convoy of 100 US Marines ambushed by 300 Chinese Monday, told the Associated Press today that a series of incidents involving Marines in North China occurred several days before the bloody encounter southeast of Peiping.

At least three Marines were killed and 12 wounded in the Monday clash with Chinese unofficially identified as including Communist troops. In Peiping, the pro-government newspaper Hsin Sheng Pao said today that three Marines still are missing.

Lt. Charles E. Kennedy, 29, an Army military policeman, said in an interview on arriving in Shanghai from Peiping that he was involved in an accident the day before the ambush.

Kennedy, of Mobile, Ala., said unknown riflemen fired on the jeep in which he was traveling from Peiping to Tientsin, accompanied by an interpreter.

Casseroles Ideal Answer To Hot Dish Dilemma

HAM AND NOODLE CASSEROLE... Adds zest to cold meal.

By CHARLOTTE ADAMS
Associated Press Food Editor

Most of us realize there should be at least one hot dish in any meal, whatever the weather. The best way to do this in summer, in order to avoid as much bending over a hot stove as possible, is to serve one hot casserole as the main dish. Then let the rest of the meal be cold and still meet the requirements of what is good for you, as well as good.

Here's a suggestion for a hot main-dish casserole.

- Ham and Noodle Casserole**
- 1-2 cups noodles
 - 3-4 cup ground ham
 - 1-2 cup grated cheese
 - 1-4 cup chopped green pepper
 - 1-4 cup chopped celery
 - 1-2 cups milk
 - 1 or 2 eggs
 - 1-4 teaspoon paprika
 - 1-2 teaspoon salt

Cook noodles in briskly boiling, salted water for nine minutes. Drain. Grease a baking dish and put a layer of noodles into it. Combine ham, cheese, green pepper and celery. Sprinkle a layer of this mixture over the noodles. Continue layering until ingredients are used up, ending with a layer of noodles on top. Beat egg or eggs slightly and combine with the milk, paprika and salt. Pour over the noodles. Cover the top with buttered crumbs and bake in 350 degrees oven for an hour. This meal can be beautifully completed by the addition of a crisp green salad with tart French dressing, fresh fruit for dessert, and plenty of icy cold tea right straight through.

Farm And Ranch News

By WACIL McNAIR
In addition to keeping lice and flies to a minimum, County Agent Durward Lewter believes that the DDT and rotenone and sulphur mixed as a livestock spray also will prove effective in controlling cattle grubs. The cattle at the Lomax ranch, which are getting their third experimental spraying today, will be studied especially for this factor during the fall.

C. H. DeVaney, chairman of the Howard County Farm Bureau association, has announced that an important meeting of the bureau's directors has been called for 2 p. m. Saturday in the county agent's office.

Some experiments which have been going on at the King Ranch in South Texas have convinced the US Department of Agriculture that there is a decided value to adding phosphates to drinking water for cattle. The particular treatment worked out has resulted in more productive breeding stock and in better gains by calves. Adding phosphate is not necessary of course, except where native vegetation does not contain enough phosphorus.

A. L. Smith, animal husbandman for the extension service, explains that adding phosphates to drinking water is a decided departure from usual practices in Texas. Most stockmen add bone meal and other forms of phosphorus to salt in mineral boxes. Others apply phosphorus to the soil as fertilizer. On the King Ranch phosphate salts were added to supply 6.5 grams of phosphorus in six gallons of water. This way the cattle assimilated it easily. Two forms of phosphate were used successfully—disodium phosphate and deflorinated triple superphosphate. USDA scientists say it is necessary to use the deflorinated product, since flourine is poisonous to animals.

General farm and ranch workers are still needed in most sections of Texas despite the return to farms in large numbers of veterans and war plant workers, according to a labor survey recently conducted by C. Hohn, state farm labor supervisor with the extension service. The survey showed that in nearly all sections, living quarters will be furnished for year-around workers, with wage rates running from \$60 to \$140 per month.

US civilians will have from 135 to 140 pounds of meat per capita in the year that began July 1, the department of agriculture estimates, compared to 145 to 150 pounds last year. Reduction is due to a smaller pig crop in sight and the marketing of animals at lighter weights.

FLORIDA CITY HIRES COWBOY

ST. AUGUSTINE, Fla., Aug. 1 (AP)—This city, which claims the honor of being the country's oldest, has hired a part-time cowboy. His job will be to round-up stampeding cattle which, the police say have been storming out of nearby woods and causing damage. The cowboy, Pete Braddock, has been equipped with horse, whip and lariat and told to herd into city pound every stray cow he can lay a rope on. The four-horned antelope is the only living wild four-horned animal.

Holcomb Here To Aid Vets Secure Surplus

C. W. Holcomb, field certifying representative of the War Assets Administration Fort Worth regional office, was in Big Spring Thursday and Friday, will remain throughout Friday to assist World War II veterans in their problems in connection with obtaining surplus government property. He may be contacted at the Veterans Administration office in the Petroleum Building. Two previous visits here were paid by WAA representatives with the result that numerous local veterans obtained the required certification, the initial step in obtaining needed papers for property acquisition. Holcomb will certify any World War II veteran upon presentation of his or her honorable discharge papers, or a photostatic copy of the papers. He also will distribute copies of the booklet, "Surplus Property — How, What, Where," which is not only informative for veterans but is valuable for representatives of city and county purchasing agents. Increased sales to veterans have been reported in July by the WAA office in Fort Worth. Considerable farm, construction machinery and motor vehicles have moved to veterans.

Cotton

NEW YORK, Aug. 1 (AP)—Cotton futures turned reactionary following early sharp gains of a little more than \$500 a bale today as the advance attracted increased hedge selling and commission house profit taking. Early demand was predicted on unwarranted rains in parts of the eastern belt and the tightening cotton supply situation. The October, 1946 delivery, which had reached an early high of 34.25 cents a pound, slumped to 33.45 cents.

CLASS MEET CHANGED

Homemakers class of Airport Baptist church has postponed its luncheon which was originally planned for Friday. The affair will be held instead on Tuesday.

Kidneys Must Remove Excess Acids

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness

Rent Evictions Now Under OPA Control

Evictions must be handled now under OPA regulations, Robert L. Richey, area rent director, said he had been informed by the Fort Worth district office. He advanced this information as the result of several requests, he said. Tenants already evicted cannot obtain re-possession of houses or apartments, but others may now remain legally until evictions are obtained under terms of the new OPA bill, Richey said he had been informed. Judgments entered against tenants during the three-week OPA recess were invalidated unless obtained in accordance with OPA regulations — except in the case where eviction actually took place. Answering another question, Richey said that rent ceilings are to be restored to June 30 levels as of July 26. Thus, rents raised in July are to be returned to old levels, but no refund is required on increased charges from July 1 to July 26.

Big Spring Attains Quota Of Recruits

Of the seven "main stations" in the El Paso US Army recruiting district, only Big Spring attained its quota in enlistments for the month of July, according to figures made public today by S-Sgt. Oliver Goodman of the local office. A total of 84 men were processed for military service here during the 31-day period. July quota was 65. The Albuquerque station showed the next best record, having reached 96 percent, Lubbock 88.6, Roswell 77.5, El Paso 67.5 and Amarillo 61.1.

Arthur D. Nanny, Big Spring, became the first man to be sent from the local recruiting station to higher echelons during the month of August. After volunteering for three years service in the 52nd Airborne division, Nanny was dispatched this morning to El Paso's reception center.

Markets

NEW YORK, Aug. 1 (AP)—Individual stocks exhibited further quiet strength in today's market while many recent climbers were halted by profit taking. The flood of pleasing dividends and earnings again inspired a certain amount of buying but a number of customers shelved commitments on the idea the comeback in six straight sessions had corrected the June-July reaction and put the list in a vulnerable position. Support was accorded Pond Creek common on a lifted quarterly payment and splitup proposal. Ahead were Sunshine Mining, Cerro de Pasco, Kennecott, Santa Fe, Southern Railway, Chesapeake & Ohio, and Woolworth. Laggards included Bethlehem, Westinghouse, General Motors and Union Carbide. Bonds turned somewhat irregular.

Here 'n There

Dan McRae, former superintendent of schools at Forsan and now serving in a like capacity at Patton Springs (Dickens county), visited in Big Spring this morning. He will be accompanied back to Alton by his daughter, Donna Bell McRae, who has been working here.

Pfc. James D. Shipley, who enlisted in the US Army here several months ago, is a Big Spring visitor until Saturday. His orders read for him to report to the Army Detachment, Naval Amphibious Operation, Coronado, Calif.

C. M. Richter, Eastland, Farm Security Administration supervisor for District 11, is spending the day in conference with E. A. Miller, Howard county supervisor.

Cotton Insurance Records Delayed

Adjustors of the Federal Cotton Crop Insurance Corporation are awaiting the arrival of additional forms from College Station before completing reports on crop losses within the county. According to figures released by J. G. Hammock, captain of the team, 118 of the 195 farms covered by the insurance experienced complete losses on current crops. Hammock said he had on hand enough of the blanks for the loss statements to cover 50 farms. Thirty of those are already in the mails and the others are due to be dispatched to College Station shortly. Hammock said farmers could expect to receive insurance checks within a month after their reports had been audited and forwarded to College Station.

Football Turf Put In Order For Season

Steer stadium's turf is to get a new dressing in anticipation of the football season, now little more than 45 days away. Approximately 100 yards of good topsoil will be spread over the field and then topped with an application of plant food. When this is done, the turf will be watered more heavily than ordinary in order to bring the field around to carpet surface by time for the opening game.

More Rooms At ACC

Abilene Christian College has procured rooming facilities for 235 additional students, Don H. Morris, president, has announced. The quarters will be available for school opening on Sept. 17. A breakdown shows quarters available for 66 girls, 50 non-veteran men, 103 veteran men and apartments for 16 veteran couples. Morris anticipated an enrollment in excess of 1,200.

of the

Elliott's Crawford Pharmacy

It is with a great deal of pleasure that I announce the purchase of the Elliott's Crawford Pharmacy.

Under the new ownership, you will find the same high quality service and nationally advertised products that you were accustomed to under the J. D. Elliott ownership. At our store we are equipped to give you the very best in Fountain service with drinks compounded by the same skilled and experienced operators. When better drinks are made, the Crawford Drug will make them.

We invite you to make the Crawford Drug your headquarters.

Mr. and Mrs. Elliott Sell Last Drug Store

J. D. ELLIOTT

MRS. J. D. ELLIOTT

After 12 years in the drug business in Big Spring, Mr. and Mrs. J. D. Elliott are retiring today. They have announced the sale of their last store — the Crawford Drug — to Frank W. Hardesty, formerly of Austin, effective today. Elliott said that he and his wife have no definite plans, but immediately they hope to enjoy an extended vacation before returning to Big Spring to manage their properties. When Elliott came here in 1930 to go to work for Shine Phillips, he already had about eight years experience in drug stores at Cisco and Abilene. On Sept. 10, 1933, he and Corrine Hardesty were married and the following Feb. 1 they purchased their first store — the Ritz confectionary, which was converted into a drug store. On Dec. 1, 1934, they purchased the

Lyric drug and a year later bought the Crawford drug. Still expanding, although effects of the historic depression were still felt, they opened a store (Elliott's Friendly Drugs) in Abilene. In 1937, still another store — the Second Street Drug — was purchased here. Elliott sold the Lyric drug store in 1938 and the Second Street store, but in 1940 bought the Jack Frost Pharmacy on S. Scurry street. When he entered the Army in January 1942, he sold the Scurry street concern. On his return from service, the Ritz drug was sold in September of 1945. In retiring from business, both Mr. and Mrs. Elliott expressed appreciation to Big Spring people for support which made possible the success of the stores. After 12 years of night and day work, Elliott said he and his wife were going to catch up on some overdue rest.

Tribune Claims To Find Owner Of Knife Used In Degnan Slaying

CHICAGO, Aug. 1 (AP) — The Chicago Tribune said today that it had "found the man from whom William George Heirens, 17, stole the knife he used to hack to pieces little Susanne Degnan, 6, after she was kidnaped from her home on Jan. 7."

The Tribune said that the knife, which had been found in the vicinity of the Degnan home by an elevated track worker shortly after the slaying, had been identified by Guy E. Rodrick, 21, as one stolen from his apartment last Dec. 5. It said that Rodrick previously had identified a .22 caliber pistol and other articles which had been stolen at the same time and which had been found in Heirens' room.

The Tribune said that Rodrick, a summer student at Northwestern university, turned over to police two hard rubber grips that he had removed from the pistol before it was stolen and they have the same number of the pistol. It said that ballistics tests have established the gun as the weapon used in the shooting of Mrs. Marian Caldwell in her apartment on Dec. 5.

The paper said that when Rodrick had appeared to identify the gun before the grand jury that indicted the 17-year-old University of Chicago student in the Caldwell shooting last month, he had described the missing knife and sketched it in minute detail on a piece of paper in the office of Charles Wilson, head of the police crime detection laboratory. The knife is being examined for finger prints and blood stains.

Jews Meet in Paris To Study Proposals

PARIS, Aug. 1 (AP) — Members of the Jewish executive met in Paris today to discuss Palestine problems and consider the Jewish reply to proposals for division of the Holy Land into communal units. The executive, meeting with Chairman David Ben Gurion, was expected to take up procedural matters first, and a spokesman said the British-American plan for Palestine probably would not come up until tomorrow. Ben Gurion withheld comment on the British announcement of details for partition pending formal statement of policy by the executive, but sources close to the Jewish agency said it was certain that reaction would be "completely negative."

Many Factors In City Extension

As Big Spring grows, there must be in the minds of many the question of whether the corporate limits should be extended. To many, expanding boundaries are an evidence of development like nothing else.

Yet, there are many factors to consider in such a matter. First of all, those on the outside have prime consideration. Impairment must not be done their interests; they must first wish to be a part of a municipality because of its advantages.

On the other hand, the municipality has an interest. It should, in the long run, feel that the annexation of territory is feasible,

logical and eventually economical. It is not merely a hokus pokus business whereby something is added without responsibility or expense. Services must be extended to new territory.

While we have heard no agitation locally, in time there will be talk because other cities are expanding limits. At the moment, however, it seems the better part of wisdom to catch up with services within our corporate limits before taking on other loads. Then we will have more to offer and be in a better position to handle our responsibilities.

Three Men With A Mighty Task

Roy L. Thompson, George H. Mead and Daniel W. Bell might be nominated for the three bravest men for the week because of their acceptance of places as members of the decontrol board under the new OPA bill.

The pressure to remove controls will be much more terrific than was the pressure to alter OPA regulations. Every type of argument known will be used by opposing forces and the board will face a big job in trying to arrive at clear decisions.

Success of the board under the new law is

unpredictable. However, this much may be said for its chances: It has men of recognized capabilities as members. They will not be taken easily by phoney claims one way or the other. They may not be free from restrictions and the welter of tape and interpretative subordinates. No one envies them their jobs. For the sake of achieving maximum effectiveness and justice under the new OPA measure, it is to be hoped that they will meet with unexpected cooperation in their herculean task.

How Congressmen Will Buy Pensions

WASHINGTON. (AP) — Almost all the senators and representatives defeated for re-election this year can get a congressional pension.

Here's how it goes:

1. To get a pension, a member of Congress must have served at least six years and be 62 years old.
2. If he's served six years but is less than 62, he can get a pension but will have to wait till he's 62 to start drawing it.

This pension system is part of a bill which Congress has just passed, a bill to reorganize Congress. President Truman will soon sign it into law.

But if a member wants a pension, he must do these two things:

1. He must say he wants a pension. He just doesn't get it automatically even though he's served six years and is 62 years old.
2. He must contribute to the pension fund a percentage of his yearly salary of \$10,000 for at least five years of his congressional service.

The smallest payment a congressman can make to the pension fund for those five years of service is \$2,716.

Here's an example of how it works:

Senator Jones, elected to a 6-year term in 1940, was defeated for re-election this year. He's served six years.

He leaves Congress when his term ends next Jan. 2, goes into private business, never goes back to Congress.

He's only 50 years old and he wants a pension for those six years he served.

So he deposits that \$2,716 for five of his six years in Congress and waits till he's 62.

Then, although he's in private business and 12 years out of Congress, he starts drawing for the rest of his life about \$1,465 a year.

Suppose a member of Congress had served more than six years and leaves Congress he could do one of two things:

1. He could pay into the pension fund for only those last five years of his service. But he'd get a certain amount of credit, and added pension money, for those years above five which he served.
2. He could pay a percentage of

Well, What Juneau?

NEW YORK — Milton Berle, practically incorrigible, no matter how serious the conversation, was sitting quietly listening, which hardly seems like Milton, to some saloon pundits discussing how important Alaska is from a military standpoint. . . . One of the fellows thought Milton was being left out of things and out of sheer politeness tried to bring him into the conversation. . . . "What do you think about Alaska, Milton?" the polite saloonist asked. . . . In the polite Berle fashion Milton replied: "Be it ever so humble there's no place like Nome!"

The unpublished music of Vincent Youmans, of which there's said to be a hefty trunkful lying about, has caused several producers to send bids to Vincent's executor, the highest of which to date is \$150,000 for the lot, sight and sound unseen and unheard.

Socialite Richard Knight, the guy who stood on his head at the opening night of the Metropolitan Opera several years ago, is writing a book. . . . Palisades Park is sponsoring a "Stubble Trouble" contest to find the fastest shaver. . . . There'll be various divisions for men with one-day-old beards, three-day-old stubbles and for owners of full beards.

Anyone who thinks crooners are on the wisky side had better not make any such cracks to Art Lund, Benny Goodman's singer. . . . He used to be a heavyweight Golden Gloves champion. . . . And, incidentally, Sinatra throws a pretty good set of leather himself. . . . He even works out at Stillman's Gym when he's in New York.

Betty Reilly, as Gaelic a colleen as ever sang an Irish tune, rarely sings one of her native liltis professionally. . . . She specializes in Spanish, Cuban and Mexican tunes which the south-of-the-

border lads say are linguistically perfect, and for a change of pace does a neat job on Yiddish songs.

Garbo's said to be coming back from Europe very shortly to make a picture for David O. Selznick, with Gregory Peck as leading man. . . . Spike Jones, as part of National Music Depression Week, received a special citation from Sigmond Spaeth during ceremonies at Leon and Eddie's proclaiming him "The man who has done the least to further the understanding and appreciation of good music." . . . As part of his negative musical tactics, Spike has whipped up a mad musical instrument glossary of his own, and offers such lexicomic lusus as: Cello—the thing that comes in six flavors; trumpet—street walker; French horn—Charles Boyer's nose; piccolo—the thing that goes in the middle when the mustard's on top; Metronome—Alaskan affiliate of a movie company; Fiddle—Fiddle's partner.

Congressman Denies OPA Caused Drop In Cotton Market

WASHINGTON, Aug. 1. (AP) — Rep. Paul Brown of Georgia yesterday said cotton provisions of the new OPA bill "should have a bullish effect on the market" and "speculative forces" which he blamed for recent declines in cotton prices.

Brown declared it is "not true" that the revival of OPA caused the decline. He said that after investigation he came to the conclusion "that the principal reason for the decline has been those speculative forces which have operated to the detriment of the cotton producers for many years."

Butter Made From Coal

By JAMES DEVLIN (For Hal Boyle)

WITTEN, Germany, (AP) — A factory that makes butter from coal was one of the prizes discovered by the British in their zone of Germany.

The factory, Imhausen and Company, located in this Ruhr city, has not made butter since the end of the war, but its management hopes to resume operations in about a month.

Dr. Karl Heinz Imhausen, young manager of the company, said the plant normally could produce 600 tons a month at a cost less than that of natural butter.

The synthetic butter can keep without refrigeration. Dr. Imhausen exhibited a pound manufactured before the war ended. It had not been kept under ice, and had not melted. It looked and tasted like the real thing.

Coal is converted into butter like this:

Coal is made into coke, coke into gas, the gas into paraffin. By a blowing process, the most difficult part of the operation, 80 to 82 tons of fatty acid can be drawn from 100 tons of paraffin. The fats are further separated by distillation under a high vacuum. Some are edible, some are not.

From there on the recipe is: Add to the pure synthetic, edible fat 20 per cent water. Add carrot extract for vitamins and coloring. Add salt. Finally, inject

Quezon Reburied In Philippines

MANILA, Aug. 1. (AP) — Manuel Quezon was buried today in cemetery Del Norte two years to the day since he died at Saranac Lake, New York, while the forces of liberation were mounting the final offensive to liberate his beloved islands from the Japanese.

The late Philippines president, whose body was brought from the United States aboard the carrier Princeton, was placed in a granite sarcophagus at noon near the tomb of his daughter.

Jose P. Laurel, president of the Philippines during the Japanese occupation and recently brought from Tokyo to face a people's court on a treason charge, viewed Quezon's casket earlier today under special permission of the court.

Accompanied by guards, Laurel, Benigno S. Aquino, speaker of the puppet assembly, and Jorge B. Vargas, ambassador to Japan during the occupation, went to Santo Tomas University where the body was lying in state. The trio was whisked back to Bilidid prison immediately thereafter.

US Supreme Court Justice Frank Murphy, Ambassador Paul V. McNutt and other US dignitaries were among thousands attending the state funeral.

Washington Merry-Go-Round—Drew Pearson

Secretary Reports To Boss In Paris

(Editor's Note: While Drew Pearson is in Paris, his secretary reports to him on what is happening back in the nation's capital.)

WASHINGTON, D. C.

Your sick cow is getting sicker. . . . Secretary Ickes did a good job for you on the first replacement broadcast. Frank Sinatra and General Omar Bradley follow. . . . Your pal, Congressman May, is still in hot water. . . . Your black cat is still spending most of her day in the letter box on your desk. She doesn't seem to miss you at all—though of course we do. . . . The West Virginia politico who called you a communist is being investigated by the Mead committee. . . . The Atlanta radio station which had so much pressure brought on them not to carry your Ku Klux Klan broadcast is now feeling happier. Despite the threats of the Georgia Power company, the final reaction in Atlanta was OK.

ported a total income of \$22,533 last year. This was against \$17,396 the year before. Thanks to Keefe's pocketbook voting, maybe the cemetery business will pick up. . . . The Oklahoma newspapers are riding another of your "pocketbook" congressmen, Senator Elmer Thomas of Oklahoma, in connection with his getting Ben Fields, of the Erie Basin war profiteers, out of the penitentiary. . . . Poor Senator Elbert Thomas of Utah! People are always getting him mixed up with Elmer Thomas of Oklahoma. In contrast Utah's Elbert is a saint.

Record, never-say-die Lyle Boren of Oklahoma inserted an editorial from the Yonkers, N. Y., Herald-Statesman, proposing Jim Farley for governor of New York. . . . You have probably now seen that Boren bit the dust in the Oklahoma primary.

Things Slow at State Dept.

I have been trying to get that santon from New England who handed you the big "exclusive" and then proceeded to give it out to the wire services. I want to tell him what I think of him. . . . Bumped into Bob Wagner of New York. Wish there were more like him in the senate. He was one man in the secret OPA house-senate conference who really went down the line for the public. Wright Patman of Texas and William Barry of New York were two others.

Oh, yes one other—about good old Herschel Johnson. Now that he's US ambassador to the United Nations, Herschel is getting hoity-toity about diplomatic precedence. A chart of the American delegation to the UN showed Bernard Baruch and ex-Ambassador John Winant ranking above Farley for governor of New York. . . . whereupon Herschel hit the ceiling and ordered a new chart, with his name, like Abou Ben Adhem's leading all the rest. . . . Herschel also got huffy when the boys threw a farewell party for Ed Stettinius and invited Ralph Bunch, a negro, in charge of dependent American affairs, to attend. When Johnson objected, Sam Boykin, also of the American delegation, bawled him out. "I'm from Alabama," he said. "But Ralph Bunch has as much right as anyone to be at the party. I'm going to invite him." He did.

Slick Pants Willie May

Senator Ferguson of Michigan is strong for probing your friend, slick-pants Willie May, nephew of the elusive congressman from Kentucky. The latter, by the way, lists himself in the congressional directory as having "had an active and successful business career." . . . Congressman Henry Jackson of Seattle is still battling to clean up scandals in the maritime commission—and doing a good job of it. . . . Your admirer, Senator McKellar, got so bitter against his fellow-Tennessean, Albert Gore, in a recent closed-door committee meeting that Congressman Ben Jensen of Iowa, a republican, came to Gore's defense. McKellar wanted to build TVA dams simultaneously. Gore wanted to build one first and later the second, saving over a million bucks. . . . Even after Speaker Sam Rayburn warned against inserting critical material in the Congressional

Oilers Slug Out 20-15 Win Over Vets; Club Edges UBW

LOOKING 'EM OVER

WIS TOMMY HART
Our Town's Robin Hood, Hopalong Jack Thompson, can be found almost any evening in the storm basin north of the Cowper clinic on Gregg street zeroing his sights on a target with a bow-and-arrow in his mitts.

Usually a flock of young'uns and more recently quite a few adults descend into the great arroyo with him and drink of his moxie as an archer, for Jackson knows of what he speaks when he preaches on the pastime.

Thompson has been following the sport for nine years. Since 1943, he's more or less concentrated on the game. If practice makes perfect, Jack must have spent long hours in training for pupils of the modern William Tell will swear that Jack can shoot better than he can see.

Whether his vision is erring or not, Thompson can stand 200 feet away from the objective and seek out the bulls-eye most every time he draws a bead on it.

His lessons are for free—he does it purely for the sport. He maintains he can put a student "on target" in a matter of hours and that by correcting the pupil's stance, his grip and show him how to judge the "carry" of his arrow.

Persons who complain of the village's heat and who find their evenings dull and uneventful can perhaps solve their craving for entertainment by joining Jack and his cohorts at the South Gregg street basin.

The initial outlay isn't expensive—equipment can be found at almost any local sporting goods store—and the bows and arrows usually last.

Banker Ira Thurman writes back from Chicago that he's been privileged to watch the New York Yankees in action against the Chicago White Sox, that he's "never seen anything to equal Joe Gordon's field."

Gordon, to refresh the reader's memory, plays second base for the Gothamites and there are those

Pat Stasey, Frank Barton Hit Home Runs For Cosden

In a comedy of errors, wild pegs and base hits, the Cosden Oilers thrashed the Veterans of Foreign Wars, 20-15, at the city park diamond Wednesday evening to protect their lead in Muni softball circuit standings.

Defense went out the window and a fellow took his life in his hands merely by walking into the battle pits. Even the spectators weren't safe.

One of the Cosden scatter-arms tared wildly at first base while doing a tight rope act along the left field foul line and the agate banged into the cars along the first base foul line, shattering the windshield of a chariot belonging to Winsett Nance.

Pat Stasey and Frank Barton hit long home runs for the Cosdens as did Billy Womack for the victims. Jim Tidwell banged out a safety that paid the freight as far as second base but he completed the excursion when the Vet right gardener failed to gather in the well spanned lemon.

The ex-GI's took a brief lead in the initial frame by scoring three but the Refiners sent VFW stock skidding in their part of the round when they went out and picked up five runs.

For contrast, the Manhattan and United Body Works turned in a neat if not gaudy performance in the 7-30 opener, which Manhattan won, 5-0, on the strength of Jimmy Daylong's one-hitter.

The Manhattan earned only one run but even that would have been enough to win as Daylong never permitted a runner past second base.

Eddie Hammond robbed the Manhattan ace of a no-hitter when he laid down a swinging bunt in the third inning which Daylong batted down but could not retrieve.

Toby Cunningham, debuting on the hill for the Mechanics, put the Clubbers on a five-hit diet, which proved ample.

The Manhattan offense was paced by Manager Cliff Harrison, who nicked the UBW red-head for two safeties.

Leo's Strategy Backfires, Cards Flatten Hatten

By The Associated Press
Loquacious Leo Durocher, whose unorthodox albeit uncanny managerial moves have pulled many a game out of the fire this year, saw his latest bit of strategy backfire on him yesterday as the second place St. Louis Cardinals belabored Southpaw Joe Hatten and two successors for 15 hits and a 10-3 victory over the National league leaders.

The Card triumph evened the "crucial" series between the two contenders and once again the Brooks' lead stands at two and a half games with the rubber contest to be played today.

Before the important three game tussle, Durocher announced he would switch from his original pitching nominee, Hatten to Rube Melton, a non-winner up to then, to work the opener if Eddie Dyer's selection was Howie Pollett, the Cards' ace.

"I figure if Pollett, who already has licked us three times, is right, he will be tough to beat," philosophized the Lip. "So why should I waste my top hurler? Hatten figures to beat any other St. Louis starter. If we're lucky with Melton in the first, we should grab the first two quick and set them back on their heels."

Melton, having one of his rare good days, outpitched Pollett Tuesday night. With Hatten, fully rested, on tap, the experts were ready to award Durocher another "E" for efficiency.

Hatten got his ears pinned back, and Murry Dickson, recently elevated from relief roles, held the Brooks at bay while the Redbirds pounded out their biggest hit total in four weeks.

The Card-Dodger tussle partly overshadowed Bobby Feller's scintillating one-hit pitching exhibition against the Boston Red Sox as he registered his 20th victory by twirling the Cleveland Indians to a 4-1 victory. Bobby Doer robbed Feller of a no-hitter with a second inning single.

The Detroit Tigers defeated the New York Yankees 6-0 to wrest second place from their victims by one percentage point. Both teams trail the Red Sox by 12 1/2 games.

Claude Passeu, recuperating from an ailing back which had sidelined him for almost two weeks, pitched the third place Cubs to an 8-1 victory over the New York Giants.

The Boston Braves edged out the cellar-dwelling Pittsburgh Pirates 2-1.

After dropping six straight in Shibe Park, the Cincinnati Reds turned about and downed the Philadelphia Phillies twice, 4-3 and 2-0.

Helped by Bob Kennedy's fourth home run, the Chicago White Sox scored three times in the ninth inning to come from behind and defeat the Philadelphia Athletics 3-2. The St. Louis Browns beat the Washington Senators 6-2.

Crook, Bristow And Morgan Favored In City Tournament Opening Today

Score Of 79 Or Better Needed In Title Flight

Match play in the first post-war City golf tournament gets underway at the Muni course today, and if performances in the championship flights holds up to medal standards, it's going to be some taffy-pull.

It took a 79 or better to rate the title flight, with five men coming in at that figure. One of the last qualifiers was Obie Bristow, who breezed around the tough layout Wednesday in 73 strokes, just two blows in arrears of Bill Crook's medal winning figure.

Bristow ranks as one of the front runners along with Crook and Jake Morgan, who posted a 73 two weeks ago to herald the fact that he is on top of his game.

Pro Foy Fanning had underestimated the quality of the field when he predicted it would take no better than an 83 to become a main eventer.

Only John Pipes banged out an 80 and he found himself in the first flight.

A record field of 74 entries lines up for a crack at the title and three other flight prizes.

First round play must be completed by Wednesday, August 7. Fanning says he hopes to complete tournament play before the big Invitational show begins at the Country Club.

The pairings (with scores):
CHAMPIONSHIP FLIGHT
Bill Crook 71 vs. Sam Hefner 78; Jack Keith 76 vs. Jimmy Moon 79; Obie Bristow 73 vs. Sammy Sain 79; Gene Anderson 77 vs. Leonard Morgan 79; Jake Morgan 73 vs. Sam McCombs 78; Wayne Burns 76 vs. Champ Rainwater 79; Dub Prescott 75 vs. John Malaise 79; Marvin Wright 77 vs. Novis Womack 79.

Hank Oana Uses Mace To Register His 17th Win; Shippers Lick Cats

By The Associated Press
Big Hank Oana gave up eleven hits but knocked in two runs to lead the Dallas Rebels in a 2-4 win over the Shreveport Sports. It was Oana's seventeenth victory of the season, two more than Eddie Chandler of the Fort Worth Cats.

The Cats were victims of a three run eighth inning rally by the Beaumont Exporters and lost, 7-5.

Sweeping a three-game series, the Tulsa Oilers defeated Houston in a twin bill, 3-2 and 7-2, while the eighth place Oklahoma City Indians were bumping second place San Antonio, 9-2.

In the third inning, Oana hit a line drive against the centerfield fence, 395 feet away, to score Nick Gregory and Red Davis and break a 1-1 tie. Centerfielder Clint Conaster of Dallas hit a homer in the seventh with two on base.

Al Zachary, starting hurler for Fort Worth, had a 5-4 lead

Veterans Oppose Stanton Tonight

Leroy "Stix" Wood leads his Veterans of Foreign Wars softball team into action in a third round game of the Ackerly Invitational tournament at 6:30 o'clock this evening with Stanton constituting the opposition.

Wood has nominated Leon Glenn Bredemeyer to pitch against the Martin county troupe. Survivor in the contest takes on the Cosden Oilers of Big Spring in the semi-finals of the meeting. Championship is due to be decided early next week.

The Veterans postponed their Muni game with Forsan's Cosden Pipeliners in order to play the Stanton team.

Set For Stadium

NEW YORK, Aug. 1 (AP)—Joe Louis and Tami Mauriello will do their fighting for the heavyweight title in Yankee stadium here Sept. 18—not in Detroit.

Promoter Mike Jacobs said he had decided against switching the fight to the champion's home town, despite the fact he has two other title bouts scheduled in the same ball park in September.

Lamesa Legion Team To Play Poly Tonight

AUSTIN, Aug. 1 (SpD) — Lamesa's peppery youngsters carry the hopes of West Texas into the American Legion Junior baseball tournament here at 6 o'clock this evening when they cross bats with the Polytechnic team of Fort Worth.

Longview's Rangers and Houston's San Jacinto Bears clash in the evening's other go at 8:15 o'clock.

The four teams are survivors of a field of 82 and qualified for the state meeting by winning their respective divisional titles earlier this week. They will be fighting for the chance to represent Texas in the national regional playoff at New Orleans.

Lamesa eliminated El Paso, Lubbock and Wichita Falls in a tournament completed at Lamesa last Sunday to earn the right to play in the state tournament.

Either George Hart, winner eight times in ten starts, or J. R. Bizzell is expected to shoulder the pitching chores for the Lamesans. Both are right-handers.

Bill Russell is due to be Fort Worth's hill chieftain.

Robert "Buck" Doe of Big Spring is booked to start at shortstop for the Lamesans. Doe's bat played a big part in the Lamesans' sweep to victory last weekend.

Losers of tonight's games will tangle Thursday night. The finals will be staged Monday evening.

CONDITION IMPROVED
Friends here have learned that Rev. G. I. Summers of Nixon is improved slightly. He is the father of Mrs. Lee Eggleston, who was called to his bedside last Forsan 0 5 .000 week.

Lobos In Home Port Tonight

LAMESA, Aug. 1. — Lamesa's baseball Lobos, victors over Clovis in their final road game last night, return home to do battle with the Abilene Blue Sox at 8:25 o'clock this evening.

Clovis and Albuquerque will also appear here in the Lobos' eight-day stand.

The locals have 21 games remaining on their home schedule.

Snap's Losing Streak

By The Associated Press
The Henderson Oilers broke their losing streak last night and protected a two and a half game lead on first place by defeating Paris, 9-5.

At Sherman, Monty Stratton let out ten hits but won his fifteenth game of the season by defeating Jacksonville, 8-4.

Second place Tyler kept pace with Henderson by winning over Texarkana, 4-3, while Greenville defeated Lufkin, 8-2.

Market Steady, But Not Near So Heavy

Approximately 1,250 head of cattle sold at the Big Spring Livestock Auction company Wednesday, and shipped by rail to northern and eastern markets as the market held steady from the previous week.

Although receipts still were considered heavy, the Wednesday total represented a decrease of about 40 percent from the figure of a week ago.

Fat bulls brought up to 13.00 per cwt.; fat cows up to 14.00; fat butcher yearlings 16.75; fat calves 14.50; good white faced cows and calves, \$10 to \$11.5 a pair; plain cows and calves, \$7 to \$9 a pair. Only a few hogs were offered, with the market hitting 20.00.

Tennessee Votes On McKellar's Seat In Senate

NASHVILLE, Tenn., Aug. 1 (AP) — Tennesseeans voted today to say whether they'll return 77-year-old Sen. K. D. McKellar, veteran of 28 years in the senate and president pro tem of the body, for another six-year term.
Four opponents faced him in the democratic primary election, including a 46-year-old lawyer, Edward Ward Carmack, who came within a few thousand votes of unseating Tennessee's junior senator, Tom Stewart, four years ago.
More than 300,000 votes were expected to be cast. A plurality alone was necessary for nomination and the democratic nomination is usually equivalent to election in this border state.
Carmack has stumped the state and in more than 100 speeches has gained control over the Tennessee Valley Authority for patronage purposes and of taking orders from E. H. Crump of Memphis, whose political organization has long been dominant in Tennessee.
The two main candidates in the state's gubernatorial race are Gov. Jim McCord, who seeks a second two-year term with Crump's backing, and former Gov. Gordon Browning, now a lieutenant colonel with the army civil affairs section in Germany.
A third candidate for governor, Mrs. Leah Richardson, took time out in her letters-to-the-editor campaign last month to give birth to her fifth child in Memphis.
Republicans also held their primary today and in the first congressional district five candidates fought it out to succeed Rep. B. Carroll Reece, who recently was elevated to the chairmanship of the republican national committee.

"He certainly isn't taking the concessions he had to make to his employes very gracefully!"

College Catalogs Sent To Press

Catalogs for the fall and winter term of the Howard County Junior college have been prepared and sent to press. E. C. Dodd, president, announced today.
The booklets will be ready for distribution to prospective students within the next few days.
The college still is receiving inquiries daily from high school graduates, Dodd said, and a large percentage still are expressing genuine interest.
Faculty for the college is due to be completed at a board meeting Friday night. A staff of 13 instructors and department heads is being planned for the first term.

Two Waco Men Reach Alaska In Model-T

WACO, Aug. 1 (AP) — Two Waco men who started early last month on a Model-T trip from Waco to Fairbanks, Alaska, arrived there last Saturday.
Dick Clark and Ed Clevinger, in a collect telephone call to the Waco News-Tribune yesterday, said their old car got about 20 miles per gallon of gasoline and averaged about 20 miles per hour.
The trip required 26 days. One burned out connecting rod was the only major mechanical trouble.
Clark and Clevinger plan to start the return trip today or tomorrow after a visit to Circle City on the Arctic Circle.

Here'n There

D. Hodson Lewis, manager of the US Chamber of Commerce Southwestern headquarters in Dallas, visited briefly in the local chamber offices Wednesday. Accompanied by Mrs. Lewis, he was en route to points in New Mexico and Colorado where he has several speaking engagements.
W. T. (Tanjak) Strange of Lubbock stopped for a brief visit with friends in Big Spring Tuesday while on a business trip to Dallas.

NIGHT CLUB JUMPING WITH JIVE BUT NO ONE THERE TO DIG THE BAND

PHILADELPHIA, Aug. 1 (AP) — The night club was "jumpin' with jive" but for five weeks the seven-piece orchestra had no audience.
The musicians sweated out the nights as though 400 paying customers were in the closed Coronet restaurant for the supper show—because the owners "like music."
Tomorrow night the club opens for business again and Jules Lavan's band "takes a powder"—to look for a new job.
Owners Joseph Fine and Dan Gerson have had themselves \$3,102 worth of tunes, old and new, since they bought the Coronet, on July 2.
They closed the club the same night but found themselves with an orchestra that had five weeks to go on a contract signed with the former bosses.
"Look, boys," Fine said, "we won't be reopening until August 2, so we won't need you around. Let's make a settlement."
Lavan held out for five weeks pay.
"Okay," said Fine. "I like music, so we'll have music—every night on contract schedule."
It was "play or no pay."
And every night Fine and Gerson, with a few passersby who drifted in, sat and listened.
"No hard feelings," Fine said. "It's just that I like music."
Lavan said a drunk walked in one night and yelled for a whiskey sour. Told the place was closed, he complained:
"The joint's jumpin' and I can't even get a drink."

German Conscience Guilty, Pastor Says

OXFORD, Eng., Aug. 1 (AP) — Persecution of Jews in the Hitler era has left a permanent, enormous weight on the conscience of the German people, the Rev. Hermann Maas, Lutheran pastor from Heidelberg, told the International Conference of Christians and Jews today.
"There are terrifying memories that haunt us," said the 69-year-old pastor, who was sent by the Nazis to forced labor in France despite his age. "With tears I remember so many whom I have loved and who never came home from Auschwitz (Oswiecim) or Belsen. We have indeed occasion to pray: Forgive me, brother."
"Each encounter with a Jew," said the clergyman, "is for us Germans the occasion to confess an immense guilt, a guilt which the German people—misled and carried away by delusion and satanic powers—has incurred and will have to carry for all time."

Two Girls Rescued From Drowning

FORT WORTH, Aug. 1 (AP) — Two Polytechnic high school girl students late yesterday were rescued from drowning at a Fort Worth pool by two Texas Christian University students and a Navy veteran.
The girls, Marcelle Lewis, 16, and Jeanne Steed, 15, had stepped into a 12 foot hole while wading in the pool. They were rescued by Bryce Davis and Wallace Brown, TCU students.
Bill Mickero, recently discharged as a Navy pharmacist, applied artificial respiration until an ambulance arrived.
The girls are recovering from shock and their condition is reported as "good."

Agriculture Class Elects Officers

Electing Grady Hodnett president, the agriculture class of the Howard county vocational school for veterans has named a full slate of officers.
Edwin Reeves was chosen vice-president; Henry Wolf, secretary; and Norman Chuck, treasurer.
Other charter members of the class include L. D. Smith, Bruce Bewley, Joe Robertson, Antonio Segura, James Piper, Edward Smith, Junio Gaskin, Earl Reeves and Amedeo Urieta.

In Hollywood—

Sinatra Lures Fight Game To Cinemaland

By HOWARD C. HEYN
HOLLYWOOD, (AP) — Frank Sinatra is now an avowed Californian. But to insure against becoming homesick for the East, Frankie-boy hopes to bring some of its attractions to Hollywood.

The first big project on his list is what he calls "Hollywood Square Garden, Inc."

The Garden will accommodate 20,000 (just enough to out-seat Madison Square's 18,500). The cost of this effort will be three to four million dollars. And Frank assured me on the "It happened in Brooklyn" set that he will not start to build until the veterans' housing problem is solved.

The arena will be designed for many sports: boxing, basketball and ice skating will be the primary attractions.

Sinatra expressed dissatisfaction with the way young boxers are treated out here. And he deplored the lack of facilities for their training.

Frank's great interest in the boxing field is no secret. He has three fighters of his own now, and by the time the garden is built he may be the Mike Jacobs of the West.

One reason the swoon-voice is so wrapped up in this leatherpushing business: he was a resin-polisher himself in his younger days — a flyweight.

Rosalind Russell, anxious to get to work with her own producing unit, finds she still has two pictures to make for Columbia. One will be "Mourning Becomes Electra," which means another dramatic role for Miss Russell, who has just finished "Sister Kenny" and is now working in "My Empty Heart."

"I'm hungry to do a comedy," she told me. "For years I got nothing else. I thought I'd never get a dramatic part. Now I seem to be in an exclusively dramatic cycle, without a comedy in sight."

Her own company, formed recently with husband Fred Brisson, writer-director Dudley Nichols and agent Frank Vincent, already has four story properties, "and only one of them is for me," she added.

Tee-High Golfer, 7, Makes Finals Of Caddy Tourney

POUGHKEEPSIE, N. Y., Aug. 1 (AP) — "Kindergarten champ," they call him. And one day "Little Ralphie" may be grabbing some of golf's big money.

Right now, the seven-year-old son of Charles DeStefano, pro-manager at Poughkeepsie's city links, is handicapped. Regulation bags and clubs are too high for him. So he uses a special 18-pound set.

"Little Ralphie" himself weighs only 50 pounds. He's 41 inches tall.

They started calling him "kindergarten champ" because he was playing with his dad and some of the "regulars" the first year he was in school.

The brown-eyed round-faced kid with the "dead rabbit" haircut reached the finals of the College Hill caddy tournament, dropping a 15-foot putt to win by 1-

Two Shutdown Days Added In West Texas

AUSTIN, Aug. 1 (AP) — The railroad commission today ordered two additional shutdown days for West Texas (commission district 8) oil fields during August, bringing total shutdown there to nine days, instead of seven as previously ordered for this month.

The commission explained its action as resulting from pipelines being filled and unable to carry the load of allowable production as set out in its August proration order.

LIGHTER VOTE PREDICTED

DALLAS, Aug. 1 (AP) — Henry Williams, county democratic secretary, last night predicted a second primary vote of 40,000 in Dallas county. Last Saturday's primary vote was 62,468.

Doyle Ray Mears, Big Spring, has been processed for two years of service with the US Army at the local recruiting station. He left this morning for the reception center at Goodfellow Field.
