

County Ballot Lists 88 Candidates For 35 Posts; 5,500 Total Is Anticipated

Connally Given Easy Win Odds Over Opponents

DALLAS, July 26 (AP)—Texas' heated first democratic primary campaign, with an even dozen candidates in the race for governor, will reach a climax tomorrow when a predicted 1,400,000 citizens will cast their votes.

The Senatorial race heads the long ballot, with Sen. Tom Connally, chairman of the Foreign Relations Committee, considered an easy winner over four minor opponents.

There are five major candidates for Governor: Homer P. Rainey, deposed President of the University of Texas; Attorney General Grover Sellers; Railroad Commissioner Beauford Jester; Farmer Railroad Commissioner Jerry Sadler and Lieutenant Governor John Lee Smith.

Rainey predicts he will poll a majority of votes tomorrow to win the office without a runoff. The big, solidly-built candidate says he would "unshackle Texas from the strangle-hold of monopolistic interests of the north and east."

Truman Still Backs Atom Control Plan

WASHINGTON, July 26 (AP)—President Truman yesterday reiterated his advocacy of the American plan for control of Atomic Energy internationally, notwithstanding Russian rejection of it at a United Nations commission meeting earlier this week.

R. L. "BOB" Wolf Asks REELECTION To The Voters Of Howard County:

I earnestly solicit your vote on July 27th for the office of sheriff of this county. I am running for my second term and I believe that my record as your sheriff for the year and a half that I have served has been of such a nature as to justify me in asking for this office.

I have tried to conduct this office in the manner that you, the people of this county, expect it to be operated. We, who work in your sheriff's office, have tried to be fair in the performance of our duties, and diligent in our efforts to enforce the laws of this state.

As sheriff of this county I pledge to you that I will, to the best of my ability, perform my duties as such officer in a fair and impartial manner and that I will continue to be diligent in the apprehension of, and bringing to trial, all offenders of the law.

I further pledge that I will continue to cooperate, and work with, all other officers, Federal, State and City, and try to make our county a better place in which to live.

If you believe that I have made you a good sheriff I request your vote on July 27th.

Respectfully,
R. L. "BOB" WOLF

LOCAL ATTORNEYS ENDORSE Judge Albert S. Mauzey

for
COURT OF CIVIL APPEALS

The Big Spring Bar gladly joins with the many Bars over the twenty-three counties of the 11th Court of Civil Appeals District in the endorsement of Honorable Albert S. Mauzey for Associate Justice of that Court.

People of Howard County who have lived here ten years or more remember when Judge Mauzey was our District Judge, when Howard County was in the 32nd Judicial District. He is still the Judge of the 32nd District, but some time ago Howard County was transferred by the Legislature from the 32nd to the 70th District, so we are no longer in the 32nd District, but are in the 11th Court of Appeals District.

Judge Mauzey has made an outstanding record as a District Judge, and is considered one of the finest Judges in all Texas. We think he is the man to be elevated to the High Court of Civil Appeals.

As Good Outside The Church As In It? THREE QUESTIONS

1. What would you say to the youth who claims he can be as well educated outside the school as in it?
2. Can a person serve as well outside an organization as through it?
3. What is the source of your best ideals and principles?

NOTE: We ought not accept the benefits of the church and refuse to become a part of it. Christianity is more than goodness. It is faith and service. A GOOD man can SERVE best through the church. Be in church Sunday.

Do Your Best With Your Ballot

Vote as you please, but vote. This runs a popular slogan used in encouraging poll tax payments and in getting out the vote.

It would be better if it said "vote wisely and vote, but since we are all human beings, we can only hope for this approach to perfection in the functioning of democracy. It is the right of any qualified voter to vote as he pleases, and we wouldn't have it any other way.

So far as possible, it will be beneficial to the cause of good government if voters will make every effort to know enough about various candidates and the duties of the office to cast an effective ballot. The ideal situation is achieved when the voter attempts to lay aside all other considerations

save that of selecting the individual he or she believes to be best qualified to serve the public in a particular office.

But we are human beings. Many other elements enter into voting—friendship, loyalty, prejudice, fear, hate, reciprocity, ignorance, mistakes, mental laziness, and many others. No one is completely free from all of these, for we possess the frailty of human beings.

There is one thing each of us can do, and that is honestly try to do the best we can with our ballot, remembering that it is a powerful democratic weapon and basically the only truly effective one that we can wield. Certainly, we ought never to let it go by default.

So vote Saturday, vote as you please, but vote.

TRYING TO TAKE OVER THE LEASE

Broadway—Jack O'Brian

Takes Some Egg-Laying

NEW YORK—Jimmy Gardiner, former chorus boy who co-produced "Are You With It?" which closed after playing 264 times, is a handsome, blonde hunk of a fellow who comes from a wealthy family and is reputed to have a hefty fortune of his own. . . . A few years ago he was both a chorus boy and principal backer of one of the bigger Broadway musicals. . . . He later became a financial partner and then a full producing partner of Richard Kollmar when they started plans for "Are You With It?"

The show had a good run but managed nevertheless to run up a hefty deficit. . . . While it is generally considered a "hit" musical, the actuality is that it laid a lengthy egg, with Gardiner finally taking over the entire show when Kollmar decided to put all his efforts into another musical, which folded on the road.

Like another rich young man, W. Horace Schmidlapp, who had his bankroll caught in the Broadway wringer, Jimmy has decided to get out of the producing end of things. . . . Schmidlapp took a neat financial lacing with the recent extravagant dud, "Polonaise," and decided upon the movie division of the entertainment trade. He is building a studio a few miles up the Hudson from New York, which Horace says will be the largest in the country outside Hollywood. . . . He plans mostly commercial films and documentaries for business firms. . . . He doesn't expect to jump directly to the point where he can star his wife, Carole Landis. Jimmy Gardiner's plans now include purchase of the property on Sixth Ave. where the famous old Hippodrome theatre once stood, and turning it into a three-theater cultural center. The property's now a parking lot.

Joan Roberts, with a straight face, says you can avoid that run-

Washington Merry-Go-Round—Drew Pearson

Pocketbook Versus Public Interest

WASHINGTON—Most distressing political development in the nation is the weakening of public confidence in our democratic legislative system. Wire-pulling for war profiteers by Congressman May of Kentucky, congressional dawdling over OPA, the influence of cash campaign contributors over congressional voting, all have weakened confidence in congress at a time when we can't afford lack of confidence.

The writer happens to be one who believes congress can be, usually is, a bulwark of our democracy. Furthermore, most of its members are honest, conscientious, hard working. They are a true cross-section of the American people—which is the essence of democracy.

A small minority, however, can damage the reputation of the rest. Long ago, congress should have adopted rules of conduct to protect its own reputation. But, since it covers up rather than purges wayward members, this column will call the roll of congressmen who vote for the pocketbook interest rather than the public interest. Here is the first roll-call:

Rep. Frank B. Keefe, Wisconsin republican—led fight to defeat legislation for national cemeteries to bury war dead. Instead, he advocated and won out on a plan to bury war dead in private cemeteries in USA—which means large profits for private cemeteries. Most people don't know it, but Congressman Keefe is president of Lakeview Memorial Park, Oshkosh, Wis., operators of a private cemetery. Keefe, therefore, voted for his pocketbook interest, not the public interest.

Rep. Dean Gillespie, Denver, Colo., republican—battled to the end against OPA. He happens to be vice president of Bluhli Foods, Inc., which, on March 22, paid a fine of \$1,007.11 to OPA for violating price ceilings on marmalade. His company is now being sued for \$13,901.31 treble damages for violating price ceilings on preserves. Congressman Gillespie, therefore, not only let his food company violate price ceilings, but voted for his pocketbook interest to abolish OPA.

Senator Elmer Thomas, Oklahoma democrat—made speeches against OPA margins when OPA tried to prevent cotton speculation. While making these speeches, Thomas and his family were speculating on cotton.

Senator Hugh Butler, Nebraska republican—opposed famine relief shipments of grain to Europe; also voted to remove price ceilings on meat and grain. Butler is a big grain and flour dealer, also raises cattle. He worked for the pocketbook interest, not the public interest.

Senator Edward Robertson, Wyoming republican—voted to remove price controls on meat. The senator is a big cattle and sheep rancher. His vote was for the pocketbook interest.

Senator Wherry, Nebraska republican—introduced an amendment to the OPA bill whereby automobile dealers would get a higher profit on the sale of cars. Wherry long has been an auto dealer. His vote was for the pocketbook interest.

Another rollcall of pocketbook-interest congressmen will follow shortly.

Note—This column has long proposed that congressmen be required to register their stock and commodity transactions and their

Sam Rayburn's Veto

Soviet Ambassador Gromyko is supposed to be the great wielder of the veto, but in a recent secret conference, good old Sam Rayburn of Texas did a little vetoing of his own. In effect, he took a large blue pencil and ran it through three important sections of the senate bill to reorganize congress. GOP Leader Joe Martin added one extra veto of his own.

The congressional reorganization bill, authored by Wisconsin's Senator Bob La Follette and Oklahoma's Rep. Mike Monroney, is aimed to help win back national respect of congress.

Able Speaker Rayburn, in general, is behind the move to reform congress. But, meeting in a closed-door session with other leaders, he swung his veto on three provisions. They were:

1. Appointment of an \$8,000-a-year executive assistant for each member of congress. Rayburn felt this would partially remove a congressman from contact with his constituents. Several other leaders agreed.

2. Each committee to hold monthly sessions at which any member could ask debate on a bill previously sponsored by the committee chairman. Rayburn vetoed this, but many congressmen disagree with him. They complain that such dictatorial committee chairmen as May of Kentucky can bottle up important legislation indefinitely, giving other congressmen no chance to pry it loose. Had this provision for free committee debate been operating, some of the Erie Basin scandals might not have occurred under other congressmen's noses.

3. No more special investigating committees. This was where

Joe Martin's Veto

Joe Martin's veto of the reorganization bill was on the provision for the appointment of an executive assistant for each member of congress.

The Nation Today—James Marlow

Mental Health Institute Created

Editor's Note: This is the first of two stories explaining what the government has just done to fight mental disease.)

WASHINGTON, (AP)—The mentally sick will get a break, better than they've had.

The government will build—taking about two years to finish—a national mental health institute.

public and private organizations and individuals, the nation has not yet made real progress toward the goal of mental health because these efforts have been limited and they lack coordination.

"Research in the field of mental illness has up to the present been utterly inadequate in view of the magnitude of the problem and its serious consequences to our society.

"It is estimated that no more than \$2,500,000 is spent annually on research in psychiatry and related fields, as compared with an expenditure of at least \$250,000,000, or 100 times as much, for the maintenance of mental institutions.

"All public and private government agencies together are spending not more than 25 cents per year for research for each estimated case of mental illness, and only \$1 for each known case of total disability because of mental ill health, as compared, for example, with \$100 per case of infantile paralysis.

The location: just outside Washington, in Maryland. The cost: \$7,800,000. The institute will be part of the US Public Health Service.

Its job:

1. Do its own research into the causes, diagnosis and treatment of mental illnesses. It will have a staff of specialists and receive volunteer patients.

2. Stimulate and coordinate the same kind of research around the country in hospitals and schools.
3. Give financial help to individuals, hospitals and schools working in this field and help states in their mental health programs.

The institute will have about \$10,000,000 a year to spend on its work. The job is big.

Before congress approved creation of the institute, committees of the house and senate investigated the problem. The senate committee on education and labor reported what follows:

There are 600,000 mental patients occupying hospital beds in this country, half of all the hospital beds available for all illnesses. Over 125,000 cases are admitted each year.

At any one time about 1,000,000 people are permanently disabled by mental illness and another 1,000,000 temporarily disabled.

"It is estimated that 10,000,000 of the current population will require hospitalization for mental diseases at some time in their lives.

"About 6 per cent of the population—or 8,000,000 people—suffer from some form of mental illness."

The committee said: "Despite the contributions of

Hal Boyle's Notebook

A City Beneath London

By WILLIAM E. MACKLIN (For Hal Boyle)

LONDON, (AP)—Beneath the wartime rubble of London have been found archaeological secrets which for centuries had been sealed under buildings that foiled the curious researcher.

Investigators have dug down to the ruins of the original London built about 106 A.D. around Ludgate Hill, on which now stands St. Paul's cathedral.

There is evidence that the original Londoners had a pottery industry that could have provided containers for the principal beverage of that period, although there is no evidence that Scotch whisky or tea yet had made inroads among the populace.

Manufacturers of that period realized the importance of advertising. Many dishes contain the potter's name.

"We found," W. F. Grimes, keeper of the London museum, said "that the original Roman surface was about 18 feet below the modern road surface, or eight feet below the present London cellars. At that level people had evidently lived for some little time, and instead of stone buildings they had timber buildings as are commonly found in the late prehistoric periods in Britain."

In one area of the old city a medieval center of the tanning and leather industry was found.

"We discovered a number of funnel-shaped pits, heavily lined with wood," he added. "Probably they were the soaking pits used by the craftsmen of the time."

Even then London had its slums as well as fine buildings. The findings will force a revision of

the accepted picture of that period, Grimes said.

The discoveries recalled the chance finding of the famous Roman health resort at the western English city of Bath. In the evacuation for a basement in the last century, 2,000-year-old lead water pipes were unearthed. Further explorations revealed a complete system of swimming pools where Caesar's legions may have got their ultra-violet.

Jackson Seeks Nazi Convictions

NUERNBERG, Germany, July 26 (AP)—Justice Robert H. Jackson demanded on behalf of the United States today that all the 22 Nazi leaders on trial on war crimes charges before the international military tribunal be convicted as "conspirators" to wage aggressive war.

Opening the prosecution's summation for the Allied nations against Hermann Goering and his 21 co-defendants after eight months of testimony and debate, Jackson replied:

"Adolf Hitler's acts are their acts. His guilt is the guilt of the whole dock and every man in it."

Mama Wren flies from the nest when Kronk starts the car and lets her children take the trip alone.

Jake Morgan's 73 Looms As Best Score In Muny

Bill Crook, Marv Wright Scheduled To Play Today

Jake Morgan's one-under-par 73 posted more than a week ago, looms more and more impressive as the August 1 deadline for qualifying play in the Muny city golf tournament near.

Three dozen linksmen have gone to the post since medal firing opened at the course July 15 and only Forsan Jack Keith finished anywhere near Morgan. His 76 was a stroke better than Gene Anderson while Sam Hefner, John Malaise and Sammy Sain have been the only other entries to break 80.

Bill Crook and Marv Wright, the latter a 17-year-old who has come along fast in the last year, were expected to play the layout today to qualify for the tournament. Crook is due to shoot somewhere in the 70's and Wright will rate the title flight if he is as steady as he has been in practice rounds.

Either an 82 or 83 will be required to edge into the championship round, according to Pro Foy Fanning. Only player to report an 83 or better, outside of the aforementioned, is W. G. Ezell, who posted just that.

Other qualifiers and their scores are:

C. L. Rowe 84; Leonard Miller 84; W. B. "Slim" Harmon 86; D. A. Young 87; Cornell Smith 88; George Tillingshast 89; Ray Snider 91; Avery Faulkner 91; Lloyd "Pat" Patterson 92; Kelly Lawrence 92; Bernie Freeman 92; Sam Roden 92; H. W. Smith 92; Sam Thurman, Jr. 93; Bill Horne 96; Charles Bailey 96; Joe Williamson 98; Hiram Glover 98; W. L. Reed 101; Clifton McDonald 103; Lee Flowers 105.

Others who are scheduled to qualify shortly are C. M. Shaw and LeRoy Wood.

LOOKING 'EM OVER

With TOMMY HART
That stormy petrel of baseball, Pepper Martin, is on the wing again.

As a player, the Osage Indian from Oklahoma was one of the most popular on the national scene. His feats in the 1931 World Series captured the imagination of a thrill-loving public. His base running was so breath-taking, he almost influenced Mickey Cochrane into retirement.

As a foreman, though, Martin commits the same mistakes that many a great athlete picked to lead a band of players oftentimes makes, and that is expecting his charges to emulate his daring and match his spirit on the field of strife. For identical reasons, the peerless Ty Cobb was never considered a successful pilot.

We were occasioned to witness Martin in action several times during the 1944 and '45 seasons. He seemed to worry over his clubs—Sacramento and San Diego—so much, he could well have developed stomach ulcers.

One of Martin's faults is berating his players in view of the stands.

We saw him lift Valie Eaves from the pitching hill in San Francisco once without condescending to speak to him. Eaves was on his way to a season that saw him win 21 decisions, and he wasn't pitching a bad ball game that day. Valie had his faults but when he bore down he was hard to hit and he was bearing down that day.

He had sailed along for five innings with experiencing trouble but a walk and a couple of base hits found him heading into rough weather.

The Seals put the tying run on base and Martin—who has insensibly been spewing instructions from the dugout on every pitch—bounced out of the dugout in a fit of rage.

He waddled out to the rubber but, instead of informing Valie he was through, grabbed the ball out of the hurler's fist, weaved around him with an air of uter disdain and then signaled to the bullpen for relief.

Stories pop up every now and then from San Diego that Martin does not associate with his play-abuses them when they make a mistake.

Now comes word that a threatened Padre player strike has been put down by the president of the San Diego club, Bill Starr.

Starr, so the story goes, appeared before the team the other day and dressed them down for insubordination. Some of the operators were suspended, among

Sooner Medalist In Amarillo Meet

AMARILLO, July 26 (AP)—First and second rounds of match play are scheduled here today in the fourth annual Amarillo Country Club invitation and open golf tournament.

Yesterday Bill Blanniken, Duncan, Okla., amateur, scored a one-under-par 69 to win Medalist Honors.

Chick Klein, San Antonio Pro, carded a 68 to lead the field of Pro Golfers at the end of the first round in the 54-hole medal play event.

LaGrange Wins

HOUSTON, July 25 (AP)—The La Grange Demons and the Baytown Humble Oilers raced to easy victories Thursday night in the Houston Post semi-pro baseball tournament.

The Demons pounded out 18 hits good for 27 bases to maul the Brotherhood of Railway Trainmen, 12-2, in the opening game; and the Oilers collected 14 blows for 23 sacks in downing Galveston Merchants, 19-0.

Dodger Fans Ready To Give Giant Frosh Borough Key

Kennedy Tames Cards As Brook Adds To Lead

(By The Associated Press)
For the first time in the memory of the Modern Day Baseball Fan, followers of the Brooklyn Dodgers today actually were singing the praises of the New York Giants.

The Dodgers whipped the Chicago Cubs 4-1 for the second straight time yesterday, but had the St. Louis Cardinals swept the three-game series with the Giants, including yesterday's twin-bill, the Redbirds and not the Brooks would be occupying first place.

Instead, the Giants by dividing the two games, gained the series two games to one to enable the Brooks to build up a game and a half lead over Eddie Dyer's pestiferous Challengers.

After handsome Howie Pollet, the Willow left-hander from New Orleans, had gained his 12th Monday victory for the Cards with a nine-hit 2-1 triumph, the Giants threw their Southpaw Freshman Ace, Monte Kennedy, against the Birds; and the 21-year-old North Carolinian clipped the Cardinal's wings with three hits as the Giants won 6-1.

In losing, the Cubs saw their third place lead over Cincinnati narrow to three and a half games as the Reds eked out a 1-0 decision over the Boston Braves.

The clearing of the entire Pittsburgh Pirates bench except for George Magerkurth highlighted the twin bill between the Bucs and Philadelphia Phillies. Magerkurth's action came after the Pirates booted a third called strike on chuck workman.

The Pirates, behind the seventh-pitching of Johnny Lanning, won the opener 2-1, but the Phils came back to Rip Truett Sewell apart 9-2 in the nightcap.

In the American league, Boston's pace-setting Red Sox dropped a 3-1 verdict to the Chicago White Sox.

With Mickey Vernon having a perfect four for four at the plate to wrest the league's individual batting leadership from Williams by one point, the Washington Senators tanned Detroit's Tigers 8-3.

Cleveland's Indians outslugged the Philadelphia Athletics 9-8. The Yankees and St. Louis Browns had an off day.

Huck Doe, Local Lad, Paces Lamesa Legion Team To Win

LAMESA, July 26—George Hart and Robert "Huck" Doe, the latter a recruit from Big Spring, paced Lamesa to a 5-1 victory over Wichita Falls in a first round game of the American Legion Junior baseball tournament before some 600 fans here Thursday night.

Hart limited the opposition to seven hits and struck out 19 men while Doe collected a triple, double and single and drove home a brace of runs.

The Dawson county troupe qualified to meet the El Paso team in a second round bout tonight. Game time is 9 o'clock. This evening's program will begin at 6 p. m., with Wichita Falls facing Lubbock.

In last night's other contest, El Paso slugged out a 17-15 victory over Lubbock.

If Lamesa clips El Paso, the teams qualified for the Sunday finals, winner of which goes to the state tournament at Austin. J. R.

Bizzell is slated to twirl for Lamesa.

Doe is a former outfielder who has been playing shortstop for the Lamesa club. He signed on with that team when no Legion contingent was fielded here.

He is the son of Mr. and Mrs. Frank Doe of Big Spring. The Lamesans sailed through eight Legion games this season without experiencing a defeat. They defeated Sweetwater, Ballinger, San Angelo and Abilene two games each.

Joe Sikes manages the team.

Cosden Oilers, B'Spring Motor Chalk Up Wins

Cosden's Oilers and the Big Spring Motor company brigade chalked up easy wins in Muny softball league play at the city park Thursday night.

Led by Pat Stacey and Jim Tidwell, the Oilers bruised Manhattan 11-4 in the final set after the Fordmen had crushed United Body Works, 11-0, behind Leon Glenn Bredemeyer in the opener.

Stacey stepped into the first fat pitch of the game for a double that started the Refiners on their way to a three-run first inning. Tidwell came along in the fifth to send out a long home run that sent Outfielder Wylbur "Cy" Moore dashing into the darkness beyond the glare of the arcs in pursuit of the pellet.

L. D. Cunningham, outpitching Jimmy Daylong, saw his team build up a nine-run lead through the fifth, then relaxed.

Bredemeyer limited Eddie Hammond's Mechanics to three safeties in the evening's first go and collected five hits to help his own cause along.

The Motorists went out and got themselves three runs in the initial round and had an easy time of it thereafter.

League rules limited the contest to five innings, which were completed by 8:10 p. m. The two clubs played on until 8:45 o'clock, however, and the Fordmen continued to dent the plate with monotonous regularity.

The Mechanics even succeeded in breaking the ice in the seventh round.

Citizens and Voters of Precinct No. 2
I wish to thank you for the courtesies you have shown me while I have been campaigning among you for the office of County Commissioner for Precinct No. 2.
As the election date draws near I find myself thinking of the many ways I could be of service to you as your Commissioner.
I am progressive minded and believe in keeping up with the times. As your County Commissioner I will always co-operate and work with the other members of the Commissioners Court for the advancement of Howard County.
I will try my very best to be a good public servant if you see fit to elect me.
Sincerely,
G. E. (Red) Gilliam

Ump Forfeits Game In East Texas Loop
By The Associated Press
Henderson, pace setter in the East Texas league, paraded four pitchers to the mound last night to down third-place Texarkana 9-7 in a 22-hit battle.
Greenville and Tyler took one-sided wins from Jacksonville and Paris. Greenville put on a seven-run spree in the eighth inning to win 7-5. Tyler took Paris 9-2.
The Sherman vs. Lufkin tilt ended in the sixth inning, 40-4, when Umpire J. L. Estes forfeited the game to Sherman because Lufkin Mike Mistovic refused to leave the field when ordered to do so. Mistovic disagreed on called strikes.

LaGrange Wins
HOUSTON, July 25 (AP)—The La Grange Demons and the Baytown Humble Oilers raced to easy victories Thursday night in the Houston Post semi-pro baseball tournament.
The Demons pounded out 18 hits good for 27 bases to maul the Brotherhood of Railway Trainmen, 12-2, in the opening game; and the Oilers collected 14 blows for 23 sacks in downing Galveston Merchants, 19-0.

Haney's Single Beats Missions
By The Associated Press
Brilliant mound work by Texas league pitcher highlighted victories by Fort Worth, Dallas, Beaumont and Shreveport in last night's games.
Fort Worth tagged San Antonio, 1-0. Dallas swept a doubleheader from Houston, 2-0 and 8-3. Beaumont beat Oklahoma City 7-2. Shreveport defeated Tulsa 7-2.
Eddie Chandler squared the San Antonio series for Fort Worth by outlasting Sigmund Jakucki in a pitching duel. Left Fielder Jay Haney settled the issue when he singled through the box to score catcher George Pfister for the only run of the game.
The Dallas Rebels took both ends of a double header from Houston to climb back to within half a game of second place San Antonio. The Dallasites won the first game behind the airtight pitching of lefty Quentin Altizer who allowed only four hits. A seven-run rally in the seventh inning won the second game.
Jackie Robinson, backed up by good hitting, pitched the Beaumont Exporters to victory to square the series, one-all. In the fourth inning Ted Sepkowski, Indian outfielder, banged out a two-run homer.
The Shreveport Sports made it two in a row over Tulsa behind the eight-hit pitching of Vern Williamson. It was Williamson's second straight victory over the Tulsans. Shreveport took the lead in the first inning and held it all the way.

To The Voters of the 91st Legislative District
There are 18,536 registered voters, plus exemptions in the district. Due to this vast number, I find it next to impossible to meet all of you personally. I have contacted all I possibly could.
I take this method to assure you one and all that I will highly appreciate any consideration you can and wish to bestow upon me in the Democratic primary on Saturday. It is a trust I will not break faith with you. Yours for a pure and better government.

Tour Inspects Feeding Activities Of 80 4-H Club Yearlings In County

Eighty 4-H club steers in Howard county, ranging in age from young calves placed on feed less than a month ago to larger yearlings being groomed for the Dallas fair and other early livestock shows, were toured Thursday by a delegation composed of several dozen club members, farmers, ranchers and businessmen.

Starting from the county agent's office in Big Spring at 8:15 a. m., the itinerary included stops in several sections of the county, with communities in the northwest, and north parts visited during the morning, and the northeast, east and southwest during the afternoon.

Several men making the tour who have followed the 4-H club projects closely during the past two years, observed that most of the steers are in better condition than those of previous years at the same stage of the feeding period.

Many club members have made elaborate preparations this year for facilitating their feeding programs, and virtually all animals visited are receiving special rations in the milk feeding program.

County Agent Durward Lewter said he hopes to have four or five animals ready for the Dallas fair in October, and others will be finished in time to enter other major livestock shows over the state.

Feeding projects visited Thursday included Tommy Hooten, two calves; Lloyd and Wanda Robinson, five calves; Jerry Roman, one calf; Darrell Jackson, two calves; Charles Williams, three calves; Reppy Guitler, one calf; Leonard Smith, one calf; Martin and Billy Fryar, two calves; Neil Fryar, one calf; Jerry Rogers, four calves; James and Travis Fryar five calves; Perry and Billie Jean Walker, seven calves; Ronnie and Delbert Davidson, four calves; Lewis Rice, one calf; Melvin Griffith, one calf.

Also Ray Walker, one calf; Bennett Moore, one calf; Jack and Bobby Cathey, four calves; James Coates, two calves; Burrell Hull, one calf; Jimmie and Charlie Minchew, two calves; Louis Loveless, two calves; Elvon and Arlton De-

Vaney, two calves; Charles and Bob Read, four calves; Wayne White, four calves; R. J. Echols, three calves; Wade Choate, one calf; Jimmy White, five calves; Hollis Yates, two calves; Marie Peetz, two calves; James Casale, one calf; Raymond Phillips, two calves; Fay McMurray, one calf.

Texas Today—

Texans Heading Literary Field For This Week

By JACK RUTLEDGE Associated Press Staff
Texans figure in the field of literature this week.

"Maverick Town, the Story of Old Tascosa," by John L. McCarty of Amarillo Globe News has been published.

And "Wind in the Olive Trees" by Abel Pienn of Brownsville has been named the Book Find Club selection for July.

"Maverick Town" is a major contribution to the history of West Texas. Texans may well be thankful to McCarty for putting Tascosa's history in print.

Tascosa today is just a ghost town, but once it rivaled Dodge City, Cheyenne, and Tombstone as a major inland cattle empire capital.

Famous names flourished there—Billy the Kid, Pat Garrett, J. E. McAllister, Col. Charles Goodnight, John Chisum, legendary ranches such as the LIT, the XIT, the Jinglebob. There is Boothill Cemetery to testify to the violence of both men and elements.

To the oldtimers of the Panhandle, Tascosa epitomizes all the romance of the old west. And now McCarty has given others a chance to know about it.

Harold D. Bugbee has illustrated the book, and wonderfully well. His drawings remind one of Remington, some say. Bugbee has illustrated many books, is widely known, but he likes to be known as a rancher from Clarendon.

Pienn's "Wind in the Olive Trees" is a story of inside Spain under Franco. Reviewed by Leonard Stowe, the noted war correspondent and author, this Texan book has been hailed as "brilliant," "informative," "thrilling," and "the best book on Franco Spain yet."

The book is full of dynamite and Stowe says "at this moment particularly it commands the attention and the thought of the entire American people."

Six Congressmen Unopposed; Four Retire; Others Face Stiff Fights

(By The Associated Press)
Of Texas' twenty-one Congressmen seventeen are seeking re-nomination in tomorrow's Democratic Primary. Six of them are unopposed.

Four congressmen are not seeking re-election. Hutton W. Summers, Dallas, and Fritz G. Lanham, Fort Worth, announced their retirement. Luther A. Johnson, Corsicana, resigned to become a Judge of the U S Tax Court. Sam Russell, Stephenville, is retiring because of ill health.

Unopposed and certain of returning to Congress because the Democratic nomination is the equivalent of election are Sam Rayburn, Bonham, Speaker of the House, fourth district Tom Pickett, Palestine, seventh district William O. Poage, Waco, eleventh district; John E. Lyle, Corpus Christi, fourteenth district; Eugene Worley, Shamrock, eighteenth district; and O. Clark Fisher, San Angelo, twenty-first district.

Chief interest during the campaign centered on these races: Third district: Lindley Beckworth, Gilmer, seeking a fifth term, is opposed by two World War II veterans, D. S. Meredith and Earl Roberts, both of Longview.

Fifth district: five candidates seek the seat Summers leaves. They are William Burrows, State Senator W. C. Graves, district Judge Sarah T. Hughes, Preston Reynolds and J. Frank Wilson, all of Dallas.

Sixth district: Joe Cowley, Hillshire; Lynn B. Griffith, Waxahatchie; Judge H. F. Kirby, Groesbeck; Olin E. Teague, College Station; and Tom L. Tyson, Corsicana, are the candidates for Johnson's seat.

Gov. Coke Stevenson has set a special election for Aug. 24th to fill Johnson's unexpired term.

Ninth district: Rep. Joseph J. Mansfield, Columbus, is seeking a fifteenth term. The chairman of the House Rivers and Harbors Committee at 85 is the oldest member of the House.

His opponents are Ben F. Faber, Eagle Lake; C. O. Foster, Jr., Richmond; Clyde B. Kennelly, Fort Bend County State Senator L. J. Sulak, LaGrange, and Clark W. Thompson, Galveston.

Tenth district: Rep. Lyndon B. Johnson, Johnson City, seeking a fifth term, and Hardy Hollers, Austin, who served on the prosecution staff of the Nuernberg War Crime Trials, have engaged in a hard-hitting and sometimes bitter campaign. Both served in World War II.

Twelfth district: Wingate Lucas, Grapevine, who served seven years on the secretarial staff of Rep. Fritz Lanham, has drawn

Humble Increases Oil Purchase Price

HOUSTON, July 26 (AP)—Humble Oil and Refining Company late yesterday announced an average price increase of 25 cents per barrel for crude oil purchased. The increase was effective at 7 A. M. Thursday.

The new price schedule calls for a 25 cents per barrel increase on all grades of crude oil increased 28 cents, Stratton Crude 30 cents, and Seeligson and Tjerina-Canales crudes were increased 20 cents per barrel.

Salt brine is treated electrically to produce caustic soda and liquid chlorine.

most of the fire of the eleven other candidates. They charge that Lucas was "hand-picked" to succeed Lanham.

Thirteenth district: Rep. Ed Gossett, who recently said he had been placed at the top of the "Purge List" of the CIO-PAC, is seeking a fifth term. His opponents are John R. Good, Harlingen County Farmer; State Rep. Houston McMurray, Henrietta; and Mack Taylor, Wichita Falls.

Seventeenth district: Eight candidates seeking to succeed Rep. Russell are confident of entering the run-off. They are County Judge William W. Blaton, Albany; J. Buron Bradbury, Abilene; Omar Burleson, Anson; Mrs. Ann J. Headrick, Sweetwater; Robert R. Herring, Breckenridge; Ted Miles, Stamford; G. B. Sanderfer and Robert M. Wagstaff, Abilene.

Nineteenth district: Rep. George M. Mahon, Colorado City, seeking a second term, is opposed by former State Representative Halsey, Lubbock, who has campaigned with a Hill-Billy Band.

Although they have opposition these Congressmen are not expected to encounter difficulties in the first primary: Wright Patman, Texarkana, first district; J. M. Combs, Beaumont, second district; Albert Thomas, Houston, Houston, eighth district, who has been endorsed by the CIO-PAC; Robert E. Thompson, El Paso, sixteenth district, and Paul Kilday, San Antonio, twentieth district.

Twenty years as practitioner and District Judge in Bell County and the last fifteen in the practice at Corpus Christi. He is regarded by the Bar as one of the ablest lawyers in Texas. Ask any Federal Judge.

The great Coast and Border Country from the Sabine to El Paso has never had a judge on that Court and should have at least one out of the nine.

In the Trapp Case recently decided by the majority of the Court, not yet officially reported, Chief Justice Alexander, in a vigorous dissenting opinion says in part that if the majority opinion, concurred in by Judge Smedley, is to be the law,

"We destroy the right of trial by jury—a right that has made us a free people" and "If that holding is adhered to, it will subject the people of this State to an orgy of bureaucratic tyranny similar to that which they have been compelled to endure under the Federal System in recent years."

Judge Hubbard will do his best to simplify the rules of procedure so that cases which now take a week to try can be disposed of in a day or two, as is now done in the Federal Courts.

VOTE FOR CECIL H. BARNES

For State Representative For Second Term

Do not under-rate or discount experience when you select your lawmaker. The Legislature is a \$300,000,000 business; the State's largest business. It is the people's business. It calls for fiscal management and careful budgeting.

You would not overlook proper age and experience in your own business—do not require less of your State officials.

Do not sell experience short in your State Government.

Cecil H. Barnes has worked for and supported increased salaries for school teachers; better farm-to-market roads; legislative redistricting; full payment of pensions; a better public health program; and for every bill devoted to public interest.

Cecil Barnes has never favored one class above another. As an independent candidate he has encountered the active opposition of the power trusts and other monopolistic vested interests, and thus must look to support of the rank and file of the people.

A VOTE FOR CECIL H. BARNES FOR STATE REPRESENTATIVE IS A VOTE FOR TRIED AND PROVEN EXPERIENCE. EXPERIENCE COUNTS.

CLIMAXES CAMPAIGN—R. E. (Peppy) Blount, Jr., Howard county candidate for state representative from the 91st legislative district, climaxes his campaign for the democratic nomination in a dual hook-up over KBST, Big Spring, and KGKL, San Angelo, at 8:30 p. m. today. Blount has been devoting considerable time to campaigning in and around San Angelo and is encouraged greatly over response in the heavy population end of the district. Among those who will be on the program, originating over KBST, to tell of their regard for Blount are John A. Coffey, at one time his high school principal, Harold P. Steck, American Legion commander, and Walker Bailey, who has followed Blount's career as an athletic competitor.

Keichline Faces Murder Charge In Resort Case

LAS VEGAS, N. M., July 26 (AP) — District Attorney Jose E. Armijo today prepared to file murder charges against Frank W. Keichline, 43, of San Angelo, Tex.

A coroner's jury yesterday named Keichline as responsible for the fatal shooting Wednesday of former army major who had registered with Keichline's estranged wife at El Porvenir mountain resort near here.

The wife, Mrs. Mary S. Keichline, testified her husband walked to the cabin where she and Perry were sitting following a horseback ride and opened fire with a .22 rifle with the remark, "well, folks, here it is."

"I have driven 450 miles since 9 o'clock last night to do what I have just done," she quoted Keichline as saying later.

A. B. Mellor, Jr., operator of El Porvenir Lodge, testified Keichline was standing on the cabin porch holding a .22 rifle when he reached the place about two minutes after hearing the shot. He said he heard Keichline say, "well, I have killed my friend and I am damned glad."

Perry, hit in the chest, died in 20 minutes.

Keichline did not appear at the inquest. He said he could not remember the shooting, according to Armijo.

In Detroit, Perry's wife, Verille, announced that the body was to be sent there Friday and that funeral services would be held Monday. The Perrys have a son 19 in the army.

ACCORDING TO SON'S WISHES

Lincoln's Letters And Secrets To Be Made Public July 26, 1947

By TOMMY HART

A date which has few equals for dramatic if not historical significance is July 26, 1947.

That is the appointed day when the faded notes of the 16th president of the United States, Abraham Lincoln, will be opened to the world. Writers throughout this broad land are making capital of what is written therein.

Lincoln's son, Robert Todd Lincoln—so the story goes—was in the act of destroying the personal notes of the famed Emancipator when Dr. Nicholas Murray Butler heard about it and succeeded in changing the younger Lincoln's mind.

The son was not amind to give the nation immediate access to the contents of the missives, however, and decreed that they should not be read until 21 years after his passing.

Why he wanted the collection kept secret for that period of time, no one seems to know.

Robert Todd Lincoln passed away at Manchester, Vermont, July 26, 1926, and the letters became the property of the nation.

Journalists have speculated for years as to the nature of Lincoln's writings. Some insist the notes will betray some of his strategy for Union troops in the War Between the States. (He was a soldier himself, at one time, remember.)

Others say the ill-fated president had traced his heritage. There the imaginative scribes differ widely, for his birth was so obscure historians have long debated as to his origin, some speculating that both the Lincolns were not his parents.

There are those who insist that John Calhoun, an important man in his day, fathered the future commander-in-chief.

Perhaps Lincoln's writings will be dedicated wholly to doggerel verse, for which Lincoln was once locally famed.

Lincoln never joined a church nor did he belong to any denomination. Some of his critics held him up to be an atheist, which is likely untrue since he at times attended the New York Ave. Presbyterian church in Washington and frequently relied on Scripture and referred to Deity. The billets he left behind him could well deal with his views on theology.

Reading the literature will be no easy job, since more than 10,000 letters written by and to the president, drafts of state papers, pamphlets and press clippings were donated by the son to the Library of Congress.

District USES Chief Resigns Position

ABILENE, July 26 (Spl)—E. J. Berry, supervisor of the US Employment Service Abilene district since July 17, 1944, has submitted his resignation, effective July 29.

He will be succeeded by John Griffin, manager of Abilene's local USES office. The 33-county district includes other local offices at Sweetwater, Big Spring, Lamesa, San Angelo, Stamford, Coleman, Brownwood and Eastland.

Berry announced that he resigned to enter private business in Salem, Ore.

HERE N THERE

Dr. and Mrs. R. V. Jones, Jr., and two sons, Rick and Tom, are visiting with his parents for a few days.

Dr. Jones, who has been located at Shreveport and Texas City and before that was in the service, will shortly go to Lubbock to begin practice.

Josephine Bonaparte introduced the custom of daily baths with soap in Europe.

Bergman Reported "Rediscovered" in Native Sweden

By HOWARD C. HEYN

HOLLYWOOD, July 26 (AP)—Ingrid Bergman reports that Sweden has rediscovered her.

This announcement could cause many a gray hair in Hollywood. Miss Bergman is probably sought for more major roles than any other actress. And should she, like Garbo, return to Sweden, a wave of neurasthenia among producers here might understandably result.

But Ingrid assured me she has no intention of leaving.

"I simply received word," she said, "that seven of my pictures are now being shown in Sweden. The films are: 'Gaslight,' 'Casablanca,' 'Bells of St. Mary's,' 'Spellbound,' 'Saratoga Trunk,' and two old Swedish films.

I thought she would be immensely pleased with her monopoly of Swedish theaters, but she wasn't.

"An actress should follow Garbo's example," she said. "Garbo keeps the public waiting for one of her pictures to appear. I now plan to make only two pictures a year in Hollywood."

Miss Bergman is completing her quota for 1946 in "Arch of Triumph."

I suggested that her decision might not please the movie-goers. "Oh, I didn't mean it that way," she quickly answered. "I was just worried that they might get tired of seeing me."

I wouldn't worry about that.

National Lines To Be Found In Nathan's Stock

Shoppers at Nathan's formal opening Saturday may be so impressed with the variety of hard-to-get items in stock that they will overlook one of the featured points of the new store's service. It is that Nathan's specializes in nationally advertised lines of merchandise. There is good reason for this, namely consumer protection.

A firm believer in advertising, Nathan's believes that it has a real value to the consumer. Each item of merchandise bearing the name of a reputable and advertised manufacturer has a reputation to uphold. Success of the makers is built up by quality, and the presence of these names is a guarantee of quality to the customer, company officials contend.

In keeping with this policy, here are some of the familiar lines at Nathan's new store: Watches—Elgin, Hamilton, Bulova, Gruen, Benrus, Longines. Electric clocks—General Electric, Telechron, Sessions. Silver—International Sterling, 1847 Rogers Bros., William Rogers and Son, Holmes and Edwards, Community Plate. Appliances—Manning and Bowman, General Electric, Westinghouse, and others.

Governor Condemns Teaching Atheism In Public Schools

AUSTIN, July 26 (AP)—Contending that public school teachers have no legal right to teach atheism, Gov. Coke R. Stevenson said today that a man who teaches atheism is teaching a subversive doctrine.

His statement was made in reply to press conference questions concerning his San Antonio speech yesterday when he discussed "the state's responsibility for its children."

The governor said his remarks concerning academic freedom were not made with relation to any of Dr. Homer P. Rainey's past statements on the subject. He said it is his contention that the whole structure of government in America is based on a belief in God.

At his press conference today he recalled the United States constitutional provision for religious freedom and said Texas had followed along that line with a statute forbidding the teaching of any sectarian view in public schools.

To illustrate his conception of why atheism should not be taught, Stevenson said, "We have complete freedom to wear any kind of clothes we want to, but on the other hand, we couldn't come into a public place without any clothes on at all—which is what atheism does. Atheism comes in without any clothes on at all."

Oil Council Involved In Anti-Trust Case

WASHINGTON, July 26 (AP)—Rep. Voorhis (D-Calif.) has made public a Justice Department report showing that more than 30 members of the recently appointed National Petroleum Council have been involved in cases connected with anti-trust or Elkins Act violations.

The 85-man council was created by the Interior Department to work with its oil and gas division.

HOT ARGUMENT EXTINGUISHED

DECATUR, Ill., July 26 (AP)—A Decatur bartender successfully used a handy fire extinguisher to cool the fiery tempers of two quarreling customers.

Police said the fight ended promptly when one of the unruly participants was squirted squarely in the face and knocked unconscious.

SELWYN LEEDS

All Officials To Be Here For Store Opening

All officials of the Nathan's Jewelry store organization will be on hand Friday evening and Saturday for formal opening of the new store here at 219 1-2 Main.

Heading the group will be Nathan Donsky, San Angelo, president; R. B. Slaton, Paris, vice-president; Honey Donsky, San Angelo, treasurer; Ervin Donsky, Brownwood, travelling field representative; and Ida Donsky, San Angelo, assistant treasurer.

Besides these, there will be managers from some of the other stores, including Abe Gerson, manager of the Odessa store, which had a gala opening last week, and Richard Hankin, manager of the Denison store.

Accompanying Gerson from the new Odessa store will be Herbert Stalkin, assistant manager, and Herbert Edensbaum. Host manager, of course, will be Selwyn Leeds, who has been here for the past six months helping to shape up the Big Spring store.

Men Could Save Ship Struck By Bomb, But Would Probably Die

ABOARD APPALACHIAN OFF BIKINI, July 26 (AP)—Men doomed to die from the effects of an atom bomb might save their ship from sinking, Vice Adm. W. H. P. Blandy pointed out today at a press conference on post-blast assessment of yesterday's underwater test.

He said that had there been men on the carrier Saratoga, those not killed immediately by the blast likely could have saved her from sinking since seven and a half hours went by before she plunged. But Blandy added it was quite probable that those same men would have died later.

Violence Hearing In Strike Delayed

CORSICANA, July 26 (AP)—Hearing on a restraining order against violence at the strike bound Corsicana mills has been postponed until Aug. 2 by District Judge A. P. (Cus) Mays.

The postponement was announced after union and mill officials agreed to resume negotiations.

TO EXPLORE CITRUS DISEASE MISSION, July 26 (AP)—

Representatives of the Texas citrus industry to work with Florida leaders on a \$60,000 tristate plant disease exploration in South America will be named today by the valley planning board's agricultural committee.

Nathan's Jewelry Will Open Formally This Weekend

Store Manager With Company For Five Years

Five years of association with Nathan's backs up Selwyn Leeds as manager of the new Nathan's Jewelry which opens here Friday at 7 p. m. with an open house affair.

Leeds, a native of St. Joseph, Missouri, is no newcomer to West Texas. Since 1941 he has been associated with Nathan's having been in the parent organization at San Angelo.

In October of 1942 Leeds entered the US army and served until December 1945. Soon after his discharge, he was assigned to become manager of the new Big Spring store and has been on the field here since Feb. 15, 1946.

Leeds was a member of the Jaycees at San Angelo and holds membership in the Masonic lodge. He is married and he and Mrs. Leeds have one daughter, Patricia. Like other store managers for the company, Leeds will acquire a home in Big Spring.

Assisting him in the operation of the local store will be Clara Brewer and Melba Dean Anderson. Other personnel additions will be made soon, including a repairman and optometrist.

Highway Patrolmen To Ride Motorcycles

Members of the state highway patrol will pursue their assignments for the next several days aboard motorcycles instead of the conventional automobile.

John Strother and Bill Beeson, local patrolmen, went to Lubbock earlier in the week to effect the switch.

The change is only temporary and is in line with the Department of Public Safety's general training program.

Main St. Location Presents Most Modern Appointments

Formal opening of the city's newest business—Nathan's Jewelry—is scheduled in two big events for Friday evening and Saturday.

The public will get its first glimpse of the interior of the modern appointed store at 221 Main street, Friday from 7 to 10 p. m. when open house will be held. No merchandise will be sold during these hours, but free gifts will be given to those who attend as well as those all-day Saturday.

Virtually all the officials of the company will be here for the event, which will be climaxed by presentation of a grand gift Saturday at 9 p. m.

From the front to the back, the store is along most modern lines. The store is conditioned with refrigerated air and illuminated with recessed lighting and indirect neon lighting. Fixtures carry out the overhanging display theme typified by the show windows and are in oak finish with walnut trim. Here again soft lighting qualities are featured and amplified by mirrors. Indeed, the interior of the store will be brightened with profuse use of mirrors.

Either side of the store will be lined with cases filled with nationally advertised lines of jewelry, silver, radios and appliances. To the rear on one side a stair case leads to an upstairs office space. Immediately back of this is the store office layout and flanking it will be the repair department. A clear view of all the store is possible from almost any point.

Wherever possible, all work on the store was contracted locally and all possible materials were purchased locally, store officials pointed out, in keeping with a company policy of making each store a local institution.

A state department announcement said this country "has decided to withdraw" from the international air transport agreement signed in Chicago in December of 1944, which provided for the multi-lateral approach.

The department gave as its reason that a recent civil aviation conference has "made it clear that the agreement cannot be relied upon as an effective medium for the establishment of international air routes for operation by United States carriers."

Under the so-called "Five F's" agreement accepted by 15 nations at Chicago, each country pledged to grant to other signers the right to fly over its territory, stopping to pick up and discharge passengers and going on to any other destination they desired.

NEW STORE—This is an artist's sketch of the modernistic new front of Big Spring's latest business addition—Nathan's Jewelry, which is open this evening for public inspection and a "get-acquainted" period, and which formally opens for business on Saturday. Many weeks of construction work have gone into the remodeling of the location at 221 Main street. The store is conditioned with refrigerated air, is illuminated with recessed-type incandescent lights. The modernistic "overhand" lines of the front are followed in the pleasing display arrangement of the interior.

Stores Operate As Key Units In Communities

Although Nathan's has grown to be an organization comprising six retail jewelry and appliance outlets, company policy places emphasis on keeping each store a local, self-contained unit.

Officials reminded that contracts for building the store, so far as possible, were handled on local basis. The same applied to materials.

Moreover, the policy goes further than that, for Nathan Donsky, president, insists that the store as well as its management and personnel be an integral part of the community which it serves. Thus it is that company officials encourage participation of store and personnel both physically and financially in civic projects.

"Success of our store depends in no small measure upon success of the city," said R. B. Slaton, vice-president, "hence we believe it is good business to be interested in the progress of the city."

Local Store Is Sixth For Nathan's Group

From an humble beginning 18 years ago in San Angelo, Nathan's has developed into an aggressive association of stores in three sections of Texas.

Starting out with small space and small stock, Nathan Donsky gradually developed and expanded his jewelry business in San Angelo, all the while, gaining valuable merchandising experience.

Eventually, Donsky ventured out and opened a store at Brownwood, then one at Paris and at Denison. Last week a fifth store was opened at Odessa and this week the sixth in the group opens formally with open house from 7-10 p. m. and initial business on Saturday from 9 a. m. to 9 p. m.

During the past five years Nathan's has been developing plans for expansion, looking out for cities which provide promise of steady growth.

Republicans Suggest Tax Reduction In '47

WASHINGTON, July 26 (AP)—The house republican tax study committee declared today there is "an imperative need for a complete overhauling of our federal tax system." It suggested a 20 percent reduction in federal taxes for 1947.

Chairman Reed (R-NY) of the 27-member committee issued a statement saying there is no reason why taxes should not be reduced "handsomely in 1947." He said "one reason is the continued New Deal program of spending and wasting public funds."

Traffic Death Toll Takes Alarming Jump

AUSTIN, July 26 (AP)—Texas Traffic death toll jumped 47 percent in the first six months of this year over the same period last year.

N. K. Woerner, chief statistician of the Department of Public Safety, today announced this six-months toll: Killed, 874; Injured, 30,346; Economic Loss, \$26,141,075.

This compared with 594 killed and 20,790 injured in the previous period.

Reed Addresses Kiwanis Lunch

Holding a critique on local recreation, Walter Reed told members of the Kiwanis club at their regular Thursday luncheon that Big Spring did not have enough persons assigned to that type of work to insure success of the program.

Other cities of this vicinity have long since realized the importance of recreation and promotion of athletics, Reed said, and have competent staffs with which to work.

"We are going to have to awaken to that fact, if we expect to do anything in an athletic way," the speaker stated.

Mrs. Houser, who had charge of the musical part of the program, presented Susan Houser, pianist, who played a Chopin number as an introduction, then swung into a boogie-woogie selection. Accompanied by Mrs. Houser at the piano, Peggy Lamb sang "Always" and "The Joint Is Really Jumping Down at Carnegie Hall."

Turk Demonstrations Follow Elections

ISTANBUL, July 26 (AP)—The Military Commander of Istanbul, acting to break tension which has been building up since Sunday's elections, has announced "action" would be taken against any newspaper disturbing the "tranquility of the public."

The immediate effect of the warning was that few papers were expected to publish a formal statement by Jemal Bayar, leader of Turkey's opposition Democrat Party, asserting Government election officials falsified the returns and that party supporters were "menaced, beaten, and wounded."

Democratic party spokesman at Ankara said protests were pouring in from widespread areas against the election results, which gave the Democrats only 96 of the new National Assembly's 465 seats. One observer said the protests carried a tone of "effervescence and nervousness."

Canadian Wheat Deal Has Escape Clause

OTTAWA, ONT., July 26 (AP)—The Canadian agreement to sell Britain \$1,000,000,000 worth of wheat in the next four years contains an escape clause understood to have been inserted to satisfy the United States.

This clause provided that the terms of the deal "shall be subject to any modification or amendment which may be necessary to bring it into conformity with any international agreement or arrangements hereafter entered into to which both Governments are parties."

A And M Will Host 4-H Club Round-Up

Railroad Fares Will Be Held At 1942 Levels

CHICAGO, July 26 (AP)—Railroad passenger fares should be held at the level authorized by the Interstate Commerce Commission in 1942, regardless of what adjustments may be required in the future, Hugh W. Siddall, chairman of the Transcontinental-Western Passenger associations, has announced.

Siddall testified at an ICC hearing on the railroads' application for freight rate increases and retention of present fares.

"Rapid falling off of passenger travel following the return of the armed forces, accelerated by the increasing use of private automobiles as cars and tires become more widely available, will reduce railroad passenger revenue this year by nearly \$500,000,000, even with present rates," Siddall estimated.

"The railroads will also lose to other means of travel a certain amount of traffic which they handled during the war years. To what extent such diversion will occur is difficult to estimate, but it will be substantial. However, the situation is so uncertain that we are not now in position to state or determine what adjustments, if any, should later be made in the passenger fare structure to meet the situation."

In Hollywood—

Gene Kelly Back With Dance Field All To Himself

HOLLYWOOD, July 26 (AP)—Gene Kelly, one of the most natural and unassuming guys you ever hit the screen, is back on the production line.

I saw the ex-navy man during his first day's work in "Life's for the Loving," and it's a pleasure to report that he's in A-1 shape.

"I put on 18 pounds in the Navy," he said, "and I really feel fine."

Like any other veteran, Gene is bustling around, getting back into the swing of civilian and cinematic life.

Unlike some returning actors, Gene's position in pictures is unique to the extent that he has less, rather than more competition than he had when he went into the service two years ago. Fred Astaire has retired, at least temporarily, and George Murphy has virtually turned in his dancing shoes. But Kelly has no such intention.

"How could I," he asked, "when they've got so much set for me here? It looks like a production line ahead of me. I don't know which picture I'll do next, but I think it will be 'The Pirate' with Judy Garland."

Italy Confiscates Il Duce's Property

ROME, July 26 — On the third anniversary of the fall of fascism, the properties of Benito Mussolini have been confiscated on behalf of the Italian people.

Overruling pleas of Il Duce's widow, Donna Rachele, and of his children that they would be left without means of support if the entire estate were taken for Il Duce's sins, the tenth section of the supreme court agreed with the finance ministry's contentions that everything should be taken. The court gave no indication of the size of the estate.

However, it reserved the right to investigate the economic status of the family and, if their situation proved desperate, make provisions for it.

Cowgirl Event Open, Will Be Time Affair

The cowgirls contest for the Big Spring Rodeo, Aug. 7-10, will be open to any individual regardless of representation or residence, rodeo association officials have announced.

Nature of the contest has not been announced by Earl and Jack Sellers, Del Rio, producers of the show for the local association, but it will be a time event.

A purse of \$200 has been posted in addition to all entry fees. These fees are \$10 for each contestant.

Signs were beginning to go up in downtown business windows advertising the rodeo event, and committees on decorations and tickets were due to go to work within the next week.

Here 'n' There

Two youths, who did not await the formality of the YMCA opening its doors before entering to shoot a few games of friendly pool, were talked to by police. No pick up was necessary, said officers.

Mrs. Searcy Whaley, Lubbock, is visiting this week with her father, F. W. Bettle, and her brother, Clayton W. Bettle.

W. D. Willbanks, scoutmaster of troop No. 2, has called a meeting of his troop for 7:30 p. m. Friday at the municipal swimming pool to practice for the district water meet here Monday.

S-Sgt. Oliver Goodman, non-commissioned officer in charge of the local US Army recruiting office has been called to San Diego, Calif., due to the serious illness of his mother.

A little paint here and there has served to preserve the beauty of Charley Dublin's century plant, which broke into profuse bloom earlier this year, then threatened to wilt. Dublin gave it to Nat Shick, who propped it up in his backyard and painted the stalks to resemble so many bananas.

Radio Club Slates Meeting For Friday

Big Spring Amateur Radio club members, recently reorganized, will hold a meeting and social affair at the Earl Blair home near here Friday at 8:30 p. m.

Approximately 12 amateur operators in this vicinity are members, together with a similar number in the surrounding area.

Officials report a revival of interest with "hams" contacting other amateurs in all parts of the world.

Andrew M. Jones is president. Earl Blair vice-president and Ligon Baird, secretary-treasurer.

Spence Visits Here

E. V. Spence, member of the state board of water engineers and former city manager here, visited in Big Spring Thursday morning enroute to Austin. He has been attending a hearing in New Mexico on division of the Pecos river waters.

Stock Movement Faces Car Death

Volume records fell before an estimated 2,000 head of cattle at the Big Spring Livestock Commission weekly sale Wednesday, and Thursday found the yards glutted with bawling cattle to be shipped.

A. L. Cooper, head of the sale concern, said prospects were that the ear shortage would leave around nine to 22 carloads left on hand after today.

Market eased off Wednesday, following a general pattern, but approximately 30 head of hogs hit a new local top of 19.50.

Cooper said 1,668 tags were issued at the sale, some of them covering lots. There were possibly 300 of these cattle which moved out in units under a single tag.

Buyers were shipping most butcher stock to north and Eastern markets, although a good volume went to the West Coast. Stocker bidding was more active with bulk of that class ticketed for Missouri and Kansas.

Fat bulls drew up to 13.25, fat cows to 14.25, butcher yearlings up to 15.00, average butchers 13.00-14.50, butcher cows 8.00-12.00, canners and cutters 6.00-7.25, light stockers at 10.00; stocker steers up to 14.50 and stocker heifers to 14.00.

Congress - 19th District

Hop served West Texas in the Texas Legislature before the World War.

Hop served America during the war as a Marine in the Pacific.

Hop Halsey wants to serve West Texas, America and his district in Congress.

Hop Halsey was born in Bell County, reared in West Texas, educated at Texas Tech College.

Hop is 32 years of age, married, has two children, and holds the respect and admiration of thousands who know him.

Hop believes that too many non-elective officials are directing our government and that Congress should recover its rights to law making.

Halsey believes that the teaching profession is entitled to adequate remuneration in keeping with the time taken to prepare for the dignified profession.

Hop believes that aged are entitled to the full federal grant of funds regardless whether the states match the federal funds.

Hop wants to cut down the hardening bureaucratic spending and pay the war debt. Too much governing of business is bad government.
