## Woman, Age 102, Dies

BEAUMONT, Nov. 20 (AP)—Funeral services and burial were to be held here this morning for 102-year-old Anna Reeves Millard who died yesterday in the home where she had lived 65 years.

British Foreign Secretary Anthony Eden, in a top item on their agenda is expected to be the effect of the Indian compromise plan on a truce in the Korean War.

Dulles, 64, held the title of ambassador when he served as architect of the Japanese peace treaty under Secretary of State Dean Acheson.

Eden will come directly from a conference with President-elect Eisenhower at which the Korean problem was expected to be thoroughly explored.

The British have been active in the behind-the-scenes negotiations attempting to draw up a united western front towards the Indian plan. Eden may indicate what measure of agreement there is among the western powers.

The U. S. yesterday reportedly was holding out against some phases of the plan as too ambiguous. A spokesman said today that the proposals were now considered worth support provided they were clarified by suitable amendments.

Delegates speculated that Eden reported to Eisenhower on the results of the conferences among the 21 sponsors of a resolution backing up the unified command's refusal to send back Red prisoners of war who say they don't want to go home.

Soviet Foreign Minister Andrei Y. Vishinsky angrily rejected the West's resolution and V. K. Krishna Menon of India has now come up with a plan he hopes will bridge the gap.

The U. S. has held the Indian plan as vague and ambiguous in that it did not spell out how a four-power neutral caretaking commission, proposed in it, would actually handle 152,000 prisoners from both sides. It also appeared to leave final disposition of the prisoners to a political conference.

Poland, Czechoslovakia, Switzerland and Sweden are the proposed commission members with the right to name a neutral umpire if they, too, deadlock.

The U. S. is now understood to have agreed to back the plan provided these ambiguities are cleared up. What effect this will have on the 21-power resolution, which is also before the political committee, was not immediately apparent.

The grand jury foreman, Dallas H. Moore, told reporters the inquiry is to determine whether there were irregularities in the election. He said H. L. Mills, public schools business manager, had been subpoenaed, three election judges are to appear Friday and other witnesses will be called.

# Texas Columnist Is Given Merit Award

WHITE SULPHUR SPRINGS, W. Va., Nov. 20 (AP)—An 83-year-old man who waited until he was 85 to break into the editorial end of the newspaper business received an award of merit here today.

He was Judge A. W. Neville, an active, 115-pound columnist for the Paris (Tex.) News.

The award, made at the opening session of the 49th annual three-day convention of the Southern Newspaper Publishers Assn., was presented by the American Association of State and Local History.

Neville, who acquired the title of judge for serving two terms as Paris city court judge 44 years ago, was "by and large a printer until I got to be 65."

After that the bright-eyed Neville was shifted to the editorial department where he started a five-day a week column called "Backward Glances," a semi-historic enterprise.

For his column, Judge Neville and the newspaper which publishes it were cited for making "distinguished contributions to American local history."

Neville was born in Salem, Va., and plans to return there Friday for the first time in 73 years.

"Although I'd done some writ-

ing," Neville said, "I probably wouldn't have been shifted to the editorial department if they hadn't thought the job of being composing room foreman was too much for me. Now, look!

"Retire? They'll have carry me out before I quit."

Mrs. Frances Ogdon Stubblefield of Charleston, W. Va., presented the welcome to those attending the first SNPA business session.

Printed reports by association officers and chairmen of 12 committees covering most phases of newspapering also were presented.

The reports followed the election of new members.

Those proposed for membership were:

Sarasota (Fla.) Journal; Morristown (Tenn.) Sun; Strasburg (Va.) Northern Virginia Daily; Hazard (Ky.) Herald; Roanoke Rapids (N. C.) Herald; Jacksonville (N. C.) News and Views; Washington (N. C.) News; Weirton (W. Va.) Times; Ft. Pleasant (W. Va.) Register; Corinth (Miss.) Daily Corinthian; Sayre (Okla.) Herald; Okla. Daily Journal; Crestview (Fla.) Daily Journal; and Corpus Christi (Tex.) Caller Times.

# Expense Report Provision Due Test In Court

AUSTIN, Nov. 20 (AP)—An election suit filed here may force a precedent-setting legal interpretation of the new Texas Election Code's expense reporting provisions.

Constable M. M. Thorp of Precinct 2, Travis County, a two-time loser for re-election contested the election of A. W. Murchison and said he (Thorp) was elected by 29 write-in votes.

Thorp's petition claims Murchison failed to file a required expense report on time last May prior to the July 26 Democratic primary and said Murchison's name was illegally on the ballot.

Thorp received 29 write-in votes in the general election of Nov. 4 while Murchison got 24,956. There was no Republican candidate.

Horace Shelton, attorney for Murchison, said yesterday he would fight the case to the State Supreme Court if necessary.

The court last June declined, in a Harris County case, to rule on the election law expense report provisions on the grounds that it was a party affair and the court did not have original jurisdiction.

The fact that this suit involves the general election instead of the Democratic primary leads observers here to believe a ruling would be forthcoming if the case reaches the State Supreme Court.

# Lawyer Could 'Buy' Cop, Witness Says

HOUSTON, Nov. 20 (AP)—Herman Dayton Worsham, 29, testified in Federal Court here that Attorney James J. Shown once told him that he could "buy off" Police Lieut. Arch Spradley.

Worsham, a government witness in a Federal Court interstate auto theft trial, told the court that "Shown said he and Spradley were just like that and he could buy him off and everything would be all right."

The witness held up his first and middle fingers, clasped tightly together, when he said "just like that."

Shown is a defendant in the trial

and Spradley is head of the Houston Auto Theft Bureau. Contacted by reporters at his home, the lieutenant said Worsham's testimony was ridiculous.

Worsham, his cousin, Fred R. Worsham, 31, and Michael Lynch entered pleas of guilty Monday when the trial opened. That was the same day that S. F. McGee Jr., 22, testified he had been told that Shown was making policy pay-offs of about \$300 weekly.

Besides the trio which pleaded guilty and Shown, Robert E. Hyser and Miss Mary Wainwright are on trial under similar charges, conspiracy to transport stolen automobiles across a state line.

Dayton Worsham's first mention of Shown and Spradley yesterday came when he told of a meeting last February at the Worsham Motor Sales Company. He said his cousin, Fred, offered a plan for stealing cars and giving them motor numbers from wrecked and junked autos.

Later he said Shown came back to the used car lot and "told me everything was all set on his end as far as Lieut. Spradley was concerned."

He testified Shown told him not to pick up too many cars in Houston because it would put too much pressure on him.

He also testified he, Hyser and Miss Wainwright went to Oklahoma City last March and stole two autos which Fred Worsham had sold to dealers there a short time before.

Both cars, he said, were driven back to Houston.

# Bankers To Learn About Farm Loans

COLLEGE STATION, Nov. 20 (AP)—Texas bankers will meet here Dec. 7-10 to learn more about making loans to farmers.

It's the second annual Texas Farm and Ranch credit school for commercial bankers more than 200 are expected to attend.

"This school was started last year with the purpose of assisting bankers of the state to acquire a better understanding of the needs for farm credit under modern conditions," said Dean C. H. Sheppard of the Texas A&M School of Agriculture.

"It was also hoped that it would afford a better understanding of the requirements for successful operation as a basis for such credit. The hearty and widespread acceptance of the school last year and the requests for its continuance have been most encouraging."

# Biffle Seeking To Leave Capitol Hill

WASHINGTON (AP)—Secretary of the Senate Leslie L. Biffle said today he is thinking of retiring after 44 years on Capitol Hill.

Biffle's job will be forfeited to the Republicans when they take over control of the Senate in January. Indications are that J. Mark Trice, present secretary to the minority, may be picked for the job.

Biffle, who is 63, told reporters he has no plans for the future except to take a long vacation.

There were indications, however, that the Democrats would ask him to stay on as director of their Policy Committee, or in some other post.

# Segregation Invalidated On Buses Crossing State Line

RICHMOND, Va. (AP)—Segregation of white and Negro passengers on buses running between states has been declared illegal by a Federal District Court here.

The decision yesterday came a week after the U. S. Supreme Court declined to review another ruling by the same District Court which invalidated segregation on interstate railroad travel.

The prior ruling established the precedent that led to Judge Sterling Hutcheson's decision in the bus segregation case.

"If such regulation (requiring segregation) issued by a railroad is invalid, it necessarily follows that its adoption by a bus company would not make it valid," said Judge Hutcheson.

The decision resulted from a case brought by J. B. Williams, a Negro of Spring Hope, N.C. Williams charged he was put off a bus operated by the Carolina Coach Company—better known as Trailways Lines—when he refused to move his seat while on a trip to Norfolk Sept. 4, 1950.

Arrested on a charge of violating North Carolina's segregation ordinance—the charge later was dismissed—Williams sued for \$50,000. Judge Hutcheson awarded him \$251 in compensatory damages.

Martin A. Martin, Richmond Negro attorney for the National Association for the Advancement of Colored People who represented Williams, said the decision will bring about the abolition of segregation on common carriers throughout the South.

The company postponed a decision on whether to appeal the ruling until a formal order is entered in a few days.

# Soviet Warning Over Lie Successor Noted

MOSCOW (AP)—The Soviet magazine New Times today warned the Western Powers that in considering a successor to Trygve Lie as U. N. secretary general they must steer clear of attempts "to put the U. N. in the service of the imperialist interests of the Atlantic bloc."

If this is not kept in mind, the New Times added, the result will be "sad." Any such Western efforts are "destined to fail," it declared.

# One Way To Avoid Drunkenness Charge

STRATFORD, England (AP)—A man charged with driving while drunk was acquitted in court yesterday after protesting that the police doctor who examined him was under the influence of liquor.

The defense presented another doctor as a witness. He testified that when he shook hands with the police surgeon, the latter smelled strongly of alcohol. The police doctor denied it.

The court held the defendant did not get as full an examination as he was entitled to for such an offense as drunken driving.

# Organism Specimens To Aid In Study Of The Deadly Red Tide

HOUSTON, Nov. 20 (AP)—John F. Howell, U. S. Fish and Wildlife Service Biologist, arrived here by plane last night with specimens of organisms taken from the mysterious "red tide" off the coast of Florida.

Howell was met by Albert Collier, chief investigator of Gulf Fishery Investigators at Galveston, which is studying the fish-killing "red tide."

Collier described the organisms as one-celled protozoans called "dinoflagellates." He said they would try to keep the specimens alive in Galveston to find out how they kill fish.

... yet enjoy the richest coffee of all.

Smart housewives know that the true cost of coffee is measured by the number of cups a pound of coffee makes ... not by the price they pay for it in the store.

Good coffee today costs at least two cents per cup. But with Maryland Club, because of its extra richness ... you can use less to make each flavor-rich cup ... get 10 to 15 more cups out of every pound ... thus you can actually\* save up to 25¢ per pound.

Try Maryland Club and discover for yourself how really good coffee can be ... and how economical, too! Buy coffee the smart way and save up to 25c a pound ... buy Maryland Club!

### Thanks A Lot To All Who Had A Part In The Bloodmobile Project

By the time you read this, the Bloodmobile will have ended its current stand in Big Spring. We are hoping that the final results will not be far short of the 600-pint quota assigned the Howard-Glasscock chapter.

We want to take occasion to thank everyone who had a part in the project — those who gave blood and those who came and offered their blood although the doctors thought it would be better if they didn't this time.

### Dragging Interim From Election To Inauguration Should Be Cut

Senator William Fulbright of Arkansas, a principal adviser of Adlai Stevenson in the recent campaign, has declared that if the new Republican administration wants to shorten the period between the election and the accession of a new government, he will support it. Anything effective, of course, would call for a constitutional amendment.

pecting a settlement of the Korean issue, for a shining example, knowing that the incoming administration might repudiate them or fail to fulfill them.

#### Red Agent Reports Writer Was 'Taken Care Of' By Smearing

It is not often that events unfold which throw light on a perplexing personal problem years after it no longer matters. For a prolonged period after 1937, things happened to me. Before then, I had written a large number of articles for "The Atlantic Monthly" and occasional articles for other magazines.

to the columns of hundreds of American newspapers, was also a subject for discussion that day.

I had been accused by the Nye Committee of trafficking in arms for Japan which was obviously untrue as I had never bought or sold arms, individually or on a large scale for myself or anyone else, much less Japan.

Under the carefully guarded pen name of Gordon Rend, I had exposed how the La Follette Committee had been penetrated by such subversive agents as John Abt and Charles Krivitsky.

Reinhardt at that point is dealing with a Soviet agent, Louis Gibarti, who was sent to my country to do a job for Stalin. I came into it as follows:

Actually, Gerald Nye, Senator from North Dakota, had no idea what all this was about. He was a Republican, a conservative, an American Firster, a pacifist.

#### Listening To After Dinner Speakers Has Become 'Mass Self-Punishment'

NEW YORK (U)—America is becoming a nation of after dinner speakers.

There are a few isolated cases of rebellion against this spreading submission to mass torture.

It might be a good idea to put a government bounty on them right now or there won't be an ear in the land left unrent.

The fee ranges from \$25 to \$1,500 home, depending on the rating of the professional ear bender and the crucial nature of his message.

#### Gettysburg Address Didn't Excite The Country Much

WASHINGTON (U)—Eighty-nine years ago yesterday, as soon as the Baltimore Glee Club had finished, the tall homely man pulled a paper from his pocket and began to read a speech in his high, unmusical voice.

"The world will little note nor long remember what we say here," he said, "but it can never forget what they did here."

After all, there had been plenty who had been a U. S. senator, governor of Massachusetts, a Cabinet member, a minister to Great Britain and president of Harvard.

The tall man sat down. He had been expected to make some perfunctory remarks and probably he got only perfunctory applause.

### New Trial Due For Man Who Went To Sleep In Korea War

FT. MEADE, Md. (U)—The Army said today it will start a new trial "in the next few days" for Pfc. Warren McConnell, 21-year-old soldier from Alloway, N.J., who was previously sentenced to 10 years at hard labor for going to sleep on his post in Korea.

#### Ike To Be Told Of Plan To Take Troops Out Of Korea Gradually

WASHINGTON—To make good on all the promises that were in his campaign speeches President-Elect Eisenhower would have to be superman in a tearing hurry.

They believe, it is working on their side. They have openly predicted our economic collapse, and they are patiently counting on the pressure of a long period of tension to bring about political discord and disension among the western allies.

Certainly, it was not surprising that millions of Americans responded to the suggestion in an Eisenhower speech in the last week of the campaign that by a personal visit he might find a way to end the war.

The patient, persistent approach to Korea is the one that Bradley believes will finally convince the Communists that aggression does not pay.

### Sea-Going High Schoolers In Race

NEW YORK (U)—Students from the ship John W. Brown, believed to be the only floating maritime high school in the United States, held a lifeboat race in the East River recently with two nine-man crews of seniors.

Those who take this line see the holding operation in Korea as a part of the general task of order-keeping that has fallen to America's lot because of the vacuum of power left after World War II.

#### Animals Lived 'On Rainbow'

The Zulus said little about gods or goddesses when they were visited in early times, but they had a strong belief in spirits.

That a strange animal dwelt on one end of the rainbow, the end which seemed to touch the earth. This animal was supposed to be about the size and shape of a sheep, but was said to have hair of different colors.

### City Is Now Ready For A Catastrophe

MADISON, Wis. (U)—If this city is ever to have a first-rate catastrophe, Tuesday night would probably be the best time because almost 150 radio hams are mobilized for just that purpose.

That animal was an object of fancy, but the Zulus dealt with animals which were real enough. Their hunters brought down lions and leopards from time to time. Spears were the chief weapons in days of old, but the Zulus also used bows and arrows. Some of them employed clubs.

Estah's Shows New Displays For Holidays

For lovely holiday decorations—Thanksgiving, Christmas or both—it isn't too early to contact Estah's Flowers, 1701 Scurry.

Estah's skilled arrangers are available now for planning and creating beautiful seasonal decor, inside or outside the home.

Included are the turkey centerpieces for the Thanksgiving table, created from scores of flowers and greenery, and cornucopia from which tumble a whole rainbow of fall and holiday colors.

Other holiday decorations provided by Estah's are mantle and table pieces of foliage and flowers, either in baskets, cornucopia or other arrangements.

In addition, Estah's also affords beautiful Christmas and Thanksgiving bouquets and corsages. Of course there are the cut flowers and pot plants, too.

Estah's stocks a large line of gift items, including ceramics, brass goods, and planters of all kinds, particularly of brass, maple and redwood.

Another Estah's service of particular value this season of the year is the telegraph flower delivery. Many of your gift shopping problems probably can be solved as simply as calling Estah's.

And asking that suitable flowers be delivered—at any place at the specified time.

Engle Mill Saves Time And Money For Area Builders

Charles Engle, owner and operator of Engle Mill and Supply Company, 705 East 2nd Street, believes that builders can save time and money by checking his work and prices.

And he knows what he is talking about. For whether a person is building or re-modeling, a few peculiar cuts and slants will be necessary on the finishing wood-work.

"Time and money are essential to professional builders, and those amateurs engaged in a building project find the same ingredients are essential to their work," Engle said.

"With our equipment we can save any builder time on his mill work needs," he said. "And our prices will stand up with any in this part of the country."

Professional builders generally know exactly what they want and have exact measurements. However, Engle states that amateurs usually need help in their planning.

"There is always someone here who will be able and willing to help customers figure their orders," Engle said. All of his personnel have been trained in exact measurements.

Engle himself can usually be found at the mill supervising operations. He has been supplying mill

work for contractors and individuals in Big Spring since 1945. The mill supplies now handled by the firm include stock and detail moulding, window units, doors and door units, screen doors track and hardware for sliding doors, and builders hardware.

A complete line of pre-fit doors and windows are made at the mill for homes and offices. The units are ready to install in the slots cut for them in building frames.

People buying the pre-fit doors and windows do not have to worry about hanging doors or weather-proofing windows. The best type of weather stripping is used in the windows, Engle said.

The president also called on the nation's religious leaders to unite against "outbreaks of bigotry," which he said might arise from time to time, but which he said could be prevented "if we will be true to our national ideas."

The remarks were in an address delivered at the laying of the cornerstone of a new temple for the 100-year-old Washington Hebrew Congregation.

Brown's Fabric Shop Displays Winter Goods

With Thanksgiving and Christmas holidays just around the corner, the homemaker can reap dual benefit from a shopping visit to Brown Fabric Shop, 201 E. 2nd.

"Sew and save," is the advice offered by the concern, which also offers all necessary materials and accessories for doing just that. Brown Fabric Shop now is displaying a wide array of fall and winter goods, including wool jerseys and belts for winter wear.

Gracing the Brown Fabric Shop's display are flimsy broadcloth, in a variety of colors and patterns; Dan River plaid gingham; American prints, taffetas, and a holiday net material for formal.

Brown's also has a large display of apron material for holiday wear or for gifts. Which occasions the suggestion that the housewife can save on her own clothing as well as materials for making many Christmas gifts right in her own home.

Further aids in saving are afforded by the many patterns available at the fabric shop. Butterick and Simplici brands, both extremely fashionable and popular with the home seamstress, are available. The Brown Fabric Shop also stocks a complete line of sewing essentials such as threads, trims, and buttons. Added to the popular and durable Lucite buttons has been the new line of Lydia Lyn Buttons, in two large sizes for coats and dresses.

Another advantage of shopping at the Brown Fabric Shop is the availability of pesting service which no other firm offers in Big Spring. Seamstresses can have box, accordion, knife and sunburst accordions incorporated through the shop's service.

Many other materials and accessories may also be secured. Many attractive winter coats are stocked along with materials of practically every variety. After 75-Year Try

**New Pastor, Wife Arrive; WSCS To Have Program**

GARDEN CITY, (Spl) — The Rev. and Mrs. W. W. Kitterman have arrived in Garden City and he has assumed his duties as pastor of the Cumberland Presbyterian Church.

The Rev. Kitterman will devote half of his time to the evangelistic field.

He was born in Nebraska but was reared in Missouri, where he received his training at South East Missouri and at Bethel College in McKennle, Tenn. He has pastored churches in Tennessee, Mississippi and Texas and came to Garden City from the First Cumberland Presbyterian Church of Ft. Worth.

A private plane is used for his evangelistic work which the Rev. Kitterman has carried on in Missouri, Oklahoma, Kentucky, Tennessee, Mississippi, Arkansas, Illinois, Louisiana, Alabama and Texas.

The Kittermans have only one daughter, Mrs. M. A. Alexander, a student at Bethel College.

Plans were made for a special Thanksgiving program when the WSCB met with Mrs. Edward Bryans Monday afternoon. The program and a social will be at the same hour next Monday afternoon, in the home of Mrs. Weldon Parker, with the ladies of the Presbyterian Church as guests.

Mrs. Roy Carter, Mrs. Bryans, and Mrs. W. K. Scudday will plan the program.

Serving on the refreshment com-

mittee are Mrs. Tom Ashill, Mrs. J. P. Boswell and Mrs. Weldon Parker.

Mrs. J. P. Boswell opened the meeting with prayer and Mrs. Carter brought the study, Mrs. E. M. Teale, a guest, led the closing prayer. Lora Medina was also a guest. Refreshments were served.

Mrs. E. T. Williamson Sr. and Mr. and Mrs. E. T. Williamson Jr. and children of Lytle were week-end guests of Lora Medina.

# Military Medical Probe Suggested

By FRANK CAREY  
Associated Press Science Reporter  
WASHINGTON (AP)—The president of the American Medical Association says many doctors are refusing to volunteer for military service because they feel too much of

their time is wasted treating wives and children of armed forces members.

Dr. Louis H. Bauer of Hempstead, N.Y., called upon the services to find out how much time military doctors spend caring for dependents because, he said: "Questionnaires sent to (medical) men on leaving the services cite this frequently as a cause of resentment—namely that they have been drafted from civilian life to take care of other civilians."

In urging an investigation by the armed forces, the AMA leader said yesterday in an address prepared for the 59th annual meeting of the Association of Military Surgeons of the United States:

"The necessity for extension of the doctor draft law will depend in part on the answer to this question."

Dr. Melvin A. Casberg, chairman of the Armed Forces Medical Policy Council, said yesterday doctors up to 51 years of age without veterans' status may be drafted early next year unless the present outlook in doctor supply improves.

At another point in his talk, Dr. Bauer asserted:

"The medical services of the armed forces are still suffering from unfavorable reactions, the result of the last war."

"There is no doubt that doctors were wasted at that time. Many were kept weeks and months in mobilization camps doing little. Others were assigned to duties of a nonmedical nature."

"Many, in fact, most, of these conditions have now been largely eliminated....Unfortunately, this is not widely known. Former officers have tended to discourage men from going into the services, because of their unfavorable recollections of their own service."

"He urged the armed forces to undertake a campaign of public relations among the civilian medical profession."

## Imagine, Being Scared Of The Delivery Boy!

WITH U. S. FIRST MARINE DIVISION, Korea (AP)—A four star general delivered a package of goodies to a Marine company cook today after toting it half way around the world.

"Mission completed," said Gen. Hoyt S. Vandenberg as he handed a package of food to Pfc. Nicholas Baldwin, of Minneapolis.

The U. S. Air Forces Chief of Staff became "delivery boy" as a favor to Baldwin's parents whom he met in Europe earlier on his around the world inspection tour of American air bases.

On the first stop of his tour of U. N. ground forces today, Vandenberg met 24-year-old Baldwin at a light plane airstrip.

"I brought a package for you," Vandenberg said, "I think there's some food in it. I hope your buddies don't eat it all up."

Vandenberg shook hands with Baldwin, who was surrounded by a star-studded array of Army, Marine and Air Force brass.

Baldwin said later: "I was plenty shook."

**Cat Earns A Medal For Food Tasting**

MELTON MOWBRAY, England (AP)—Whiskers has retired after five loyal years as the chief taster in an animal food factory and had a medal hung around his neck.

One factory executive said of the ginger cat: "He had a better personality than his junior assistants. If Whiskers turned away in distaste from a new product, we had to scrap it."

## New Hampshire Has Youngest Governor At 35

By ALAN POPE  
CONCORD, N.H. (AP)—The youngest governor in the history of New Hampshire, Hugh Gregg, will be 35 when he takes office in January. More people than ever before voted in New Hampshire the day Gregg led the Republican ticket in getting elected — he even ran ahead of Gen. Eisenhower.

The young attorney has been called the "all-American boy" by newsmen. He is handsome, comes from a well-to-do family, has a pretty wife and two attractive sons. He was a counter-intelligence agent in the Army during World War II and returned home to be elected his city's mayor.

When Gregg took over as mayor of industrial Nashua, the city seemed about finished as a center of high employment. But he, with aid from his father and a group of businessmen, organized the Nashua Foundation and attracted many out-of-state businesses to settle there.

After his term as mayor, Gregg was recalled to active Army duty. He served a year and a half and then resumed his private law practice.

He was persuaded to run for governor and won a smashing victory in the primary over three candidates, two of whom were older and more experienced in politics. One had served two terms as governor.

Gregg in action—on the speaker's stand or at a political rally—is a natural. His good looks are a help; he has great presence of mind and enthusiasm and is quick to turn a phrase.

In his platform he came out for 11% sales or income taxes in the state. He promised to do what he could to get more industries into New Hampshire.

Gregg was graduated from Yale in 1939 and from Harvard Law School in 1942. He lives quietly with his wife and son in Nashua, where he raises Newfoundland dogs. He neither smokes nor drinks.

**Defense Buildup Must Be On Even Keel Says Lovett**

NEW YORK (AP)—Secretary of Defense Robert A. Lovett says this country should find an "acceptable cruising speed" in our defense effort, instead of "costly ups and downs" dictated by Soviet propaganda.

Lovett spoke last night at an annual dinner of the National Institute of Social Sciences, which awarded him one of its gold medals for distinguished service to humanity.

In discussing the constant menace in the world today, Lovett said:

"We must proceed calmly and confidently to develop and maintain the necessary forces without regard to the particular propaganda line taken by the Soviet Union for tactical purposes at that particular moment."

**Death Sentence Due In California Murder**

SANTA ANA, Calif. (AP)—Convicted of murdering a 15-year-old babysitter last August, Billy Rupp Jr., 18, has been adjudged sane at the time of the crime, making his death sentence mandatory.

Rupp, a Yorba Linda, Calif., beekeeper, was convicted last Thursday of the sex slaying of Ruby Ann Payne. The jury deliberated only 22 minutes yesterday on his insanity plea.

Rupp was accused of molesting and shooting the Payne girl while she was caring for the children of Perry Dyer, his employer.

Two technicians give final tests to a transmission selector frame manufactured at the Hawthorne Works near Chicago for the new dial system in Big Spring. This frame and the rest of the equipment which will make up Big Spring's dial system will be shipped in January. Installation will start as soon as the equipment arrives in Big Spring.

## Jap Executioner During War Is Treason Witness

NEW YORK (AP)—A new interpreter was called into Federal Court today to handle the testimony of one of the Japanese executioners of a captured U. S. Army captain on Corregidor.

The witness is Seitaro Fujita, 32, a wartime sergeant now serving 30 years in a Tokyo prison as a war criminal for the slaying of Capt. Burton C. Thomson of Sweet City, Ia.

Fujita, brought from Japan as a government witness at the treason trial of John David Provo, began his testimony yesterday through an interpreter, Robert M. Kamide.

The defense attorneys objected to some of the translation of Fujita's testimony concerning Thomson's death and Provo's actions on Corregidor.

Provo, 35-year-old former U. S. Army sergeant who was captured on Corregidor, is accused of betraying Thomson to the Japanese and of selling out other fellow prisoners to their captors.

Fujita, head of the firing squad which executed Thomson, allegedly after a final quarrel with Provo, testified his superiors told him Provo would be of great advantage to them "because he could speak the language very well."

The witness said Provo told of a prewar visit to Japan to study Buddhism. "He pleaded that 'I would work for the Japanese forces,'" Fujita said.

## Dial Phone Service Scheduled For July

Installation of intricate central office switching equipment that will make up Big Spring's modern dial telephone system is scheduled to begin early next year.

Manager Clifford Fisher of Southwestern Bell Telephone said Thursday that "precision built equipment is being given final tests and will be shipped in January from the Hawthorne Works telephone factory near Chicago."

He new building, which will house the banks of dial switches, is being rushed to completion at 8th and Rannels. Construction is being expedited, said Fisher, so that the plant will be ready to receive equipment as it arrives here.

Skilled teams of installers and technicians will come to Big Spring to begin the actual job of cross-connecting the tiny wires and to arrange the banks of switches and frames in proper order as soon as the first freight carsloads of equipment roll into town.

"The job will take several months to complete," Fisher observed. "Installers must make hundreds of thousands of individually hand-soldered connections before every Big Spring telephone can be connected to every other telephone."

"Right now," he continued, "it looks like Big Spring telephone users will have dial service some time in the last week of July (1953), possibly around the 25th."

Every telephone in the city and surrounding rural area must be equipped with a dial to work with the new system, he explained.

Currently the company is making an inspection of the outside lines and cable network stretching over the city.

Before the dial system is put into operation, a number of miles of wire to the outside cable web will be added to try to bring service to all who have requested it, Fisher said.

When the switch-over to the new system is made, the telephone service will be equal to the best in the world, Fisher declared.

## New Manufacturing Firm Set Up Here

Big Spring received a new manufacturing concern this week with the opening of the Ray-Vent Awning Company. It is located at 1220 West 3rd Street.

Don Deel, manager, said that metal aluminum awnings would be made to requested specifications. He claims the awnings, which can be ordered in any color, will last as long as the buildings to which they are attached.

The local plant is a branch of the main headquarters in Glenrose, and another plant is located in Fort Worth. Deel has been associated with the firm for 2 1/2 years.

The awnings will be sold wholesale or retail, in any size and any quantity, Deel said. Free estimates will be made on homes in a 60-mile radius without charge.

Deel attended school at Hardin-Simmons University and at Tarkenton. He is married and has two children. The family resides at 1206 East 15th.

## Personal Standards And Politics Differ

SAN ANTONIO, Nov. 20 (AP)—Some persons judge political actions by a different moral standard than they follow in their own behavior, a political science expert believes.

"People of good personal morals," Le Roy Ferguson of Michigan State College said yesterday, "are staunch supporters of Senator Joe McCarthy."

Ferguson was speaking at one of the closing sessions of the National League of Municipalities' 58th conference on government. He is a political science professor at Michigan State.

He and five other political science experts and a magazine writer participated in a panel discussion of "elections and political morality."

About 1,000 persons registered during the three-day conference and five concurrent sessions were held Wednesday, last day of the meeting.

Recurring theme that cropped out repeatedly in the political science discussion was that increased citizen interest in public affairs is the best guarantee of better government.

Writer Leslie Velle defended politicians, saying many would do a good job if left alone to do it.

"Who are the real corrupt politicians—the office holders or the businessmen who bribe them?" Velle demanded. He said many lawyers — legislators see nothing wrong with the practice of accepting retainers from firms with political axes to grind.

"Yankee money" was blamed by

H. C. Nixon of Vanderbilt University for racial issues in the South. He said an important fact of shoddy politics is unrevealed campaign funds for unrevealed issues.

Louisiana State University's Prof. William Havard slapped at party nominees who support the candidate of another party. He noted however that for the rank and file party lines should remain fluid.

Brooklyn College's Belle Zeller rapped some practices of members of Congress and said personal standards or morality should govern political conduct.

It was after Miss Zeller's statement that Ferguson said different moral standards were followed.

J. E. Reeves of the University of Kentucky favored more voter participation in party affairs including a citizen's group of poll watchers.

The Rev. H. Womack Stroman has arrived here to assume his duties as pastor of the Church of the Nazarene, Fourth and Austin Streets.

He and Mrs. Stroman and their two small children, David and Jan, arrived here Monday from Petersburg, near Lubbock, where they had spent little more than a year in starting a new church.

The Rev. Stroman is a graduate of Bethany Peniel College in Bethany, Okla., and of the Nazarene Theological Seminary in Kansas City, Mo. During World War II he spent three and a half years as a Navy pilot.

The new minister follows the Rev. Lewis Patterson, who has just completed a four year pastorate in the Church of the Nazarene here. The incoming pastor stated that all ready he had received a friendly welcome to the city of Big Spring, and that he is eagerly anticipating the new work in what promises to be a rewarding field of labor in this area.

Y Groups Discuss Conclave Plans

District officials and presidents of local Junior Hi-Y and Junior Tri-Hi-Y Clubs conferred with Dan Pitt, Plainview, on district conclave plans Wednesday evening.

Pitt is district YMCA youth activity director. The junior conclave is set for Dec. 6 in San Angelo. Several hundred boys and girls of junior high age are expected to attend. The Big Spring clubs will furnish the opening devotional.

District president is Benny Compton, and district secretary is Betty Anderson, both of Big Spring. Representing the junior Hi-Y were Tom Aleny, Quint, president, Gary Tidwell and Rodney Sheppard; the Junior Tri-Hi-Y, president Maxine Rosson and Sue Boykin. Mrs. K. H. McGibbon is advisory council chairman.

Bed-Room Suite Won By Local Woman

Mrs. Jimmie Mothershead, 1803 1/2 Lancaster, received notice today that she will be given a free bed-room suite by the McBride Furniture Company of Midland.

She will receive the suite as a result of signing a visitor's docket when she toured the House Beautiful in Midland a couple of weeks ago. She was notified that the bed-room suite was ready for her to pick up.

artillery shelling. After 50 minutes they withdrew to the comparative safety and warmth of a cave. Eisenhower along the front, the numbering clock is 14 degrees — kept in front of both sides huddled in their bunkers most of Wednesday night. Only scattered patrol skirmishes were reported.

An Eighth Army briefing officer said he did not regard the attack on Sniper Ridge as presaging any attempt to retake the bloody, shell-battered terrain which changed hands a number of times in recent weeks — before the advent of winter cold.

"These are harassing actions," he explained. "Apparently the Chinese are trying to get continuous information about our position and plans — or are trying to keep us off base in that sector."

U. S. fighter-bombers today slashed anew at Communist supply arteries, front-line positions and troop concentrations. Pilots reported hitting 175 trucks Wednesday night.

These were follow-up strikes to the intensive blasting of targets throughout North Korea in the 24 hours to midnight Wednesday. The Far East Air Forces reported 1,300 individual missions in the period, the third highest total of the war.

The strikes ranged from the front lines to within 25 miles of the Manchurian border and included a raid on a 30-acre ordnance processing installation which set fires visible for 40 miles.

Vandenberg spent the second day of his Korean tour looking at famed battlegrounds on the front. Then he left by plane for Japan.

Rev. Stroman Assumes Duties At Church Here

The Rev. H. Womack Stroman has arrived here to assume his duties as pastor of the Church of the Nazarene, Fourth and Austin Streets.

He and Mrs. Stroman and their two small children, David and Jan, arrived here Monday from Petersburg, near Lubbock, where they had spent little more than a year in starting a new church.

FFA District Winners Set To Compete Here

District-winning Future Farmer of America teams from the seven districts in area two of West Texas are scheduled to participate in the area leadership contest at the Big Spring Senior High School Saturday. It has been announced by E. L. Tiner of Big Spring, area supervisor of vocational agriculture education.

District elimination contests have been held throughout the area in recent weeks. Only the first place team in each division of the district leadership contests can participate in the area contests here, Tiner said.

Approximately 240 boys comprising 42 teams from 26 West Texas high schools are expected to compete here. Six contests will be held. These are radio broadcasting; junior farm skill demonstration; senior farm skill demonstration; junior chapter conducting; senior chapter conducting, and FFA quiz. The junior division of the contest is for first year vocational agriculture students and the senior division is for advanced V. A. students. It has been explained.

Contests are scheduled to begin at 8:30 a. m. and announcements of results and presentation of awards to the high four teams in each contest division will be made in the High School auditorium at 1:30 p. m. following the formal welcoming of the participants by Superintendent of C. Blankenship of the Big Spring schools.

Among the schools scheduled to represent their respective districts in one or more of the Area Two events are: Big Spring, Flower Grove, Colorado City, Fabens, Hamlin, Pecos, Meadow, Odessa, Lamesa, Roscoe, Lueders, Marfa, Van Horn, Brownfield, Klonkrie (Dawson County), Highland (Nolan County), Iraan, El Paso, Anson, Yaleta, Coahoma, Rule, Del Rio, Bronte, Wilson and Stanton.

Final Rites Pending For A. C. Williams

A. C. Williams, 56, an ardent baseball fan as Big Spring ever produced, was "called out" early today, but he went down swinging. Mr. Williams had suffered from a heart condition for 12 years, but he fought back gamely until he died shortly past midnight today at his home at 406 Owens.

Before ill health forced his retirement, he was employed by West-Oil Company. Intimates said that his intense interest in baseball undoubtedly prolonged his life. Evertime he was able, he went to the games here.

Rites are pending word from relatives. The remains are in state at Nalley Funeral Home.

Born Feb. 2, 1896, Mr. Williams moved to Big Spring in 1933. He was a veteran of World War I.

Surviving are his wife, Mrs. Vela Williams, to whom he was married on May 18, 1924; two daughters, Mrs. Hulen Reed, Hobbs, N. M., and Mrs. Bill Soy, Odessa; one son, Jim Don Williams, Big Spring.

Also surviving are two grandchildren; six brothers, B. O. Williams, Vincent, Charles Williams, Coahoma, Horace Williams, Hico, Loyd Williams, Brownwood, Bill Williams, Vanderbilt, Hood, Williams, Jackboro; four sisters, Mrs. D. B. Parks, Graham, Mrs. J. M. Trammell, Seminole, Mrs. M. B. Renault, Waco, Mrs. F. Fontes, California.

Registration for the school, which delved into all phases of the life of the common fly, grew to 22 Thursday. Health officers and others from Stanton, Lamesa, Sterling City, San Angelo, Odessa, Midland, Fort Worth and Big Spring were on hand.

Final day's study covered the use of insecticides, Wednesday's training was in garbage storage and disposal, including sanitary fills, incineration, and other methods. Biology of the fly was studied Tuesday.

Films and exhibits were used to illustrate all lectures delivered by Vaughn.

The school was sponsored by the Big Spring-Howard County Health Unit, the Texas Water and Sanitation Research Foundation and the State Department of Health.

Schools From Stanton May Join Carols

Possibility that Stanton schools will be represented in the Christmas caroling program to open the Yule season here Dec. 2 was announced today by Loyd Wooten, Chamber of Commerce projects manager.

A Stanton school official contacted Wooten to inquire about the program. Stanton students are invited to participate, the Chamber official said.

Meanwhile, 10 other Big Spring and area chorals groups are preparing for their parts in the big caroling program, Wooten said. The schools are Midway, Coahoma, Vealmoor, Forsan, Ackery, Gay Hill, Howard County Junior College, combined Big Spring elementary schools, junior high school and high school.

The program is planned for the afternoon of Dec. 2. It will be staged on a platform to be erected at Fourth and Main.

Specialists Due To Lecture Here At A VA Clinic

Three outstanding specialists will lecture at a regional dental clinic to be held at the Veterans Administration Hospital here Dec. 12-13. Dr. Calvin Guilliams, chief of dental service at the hospital, said that program for the two-day clinic had been completed. With the exception of a reception scheduled the evening of the first day at the Settles Hotel, sessions will be held at the VA Hospital.

Featured on the program will be Dr. Phillip E. Williams, Dallas, Baylor University dental college professor, who will lecture on oral surgery; Dr. Horace Beauchamp, Dallas, Baylor University, who will lecture on full denture prosthesis; and Dr. Sam R. Parks, Dallas, Baylor professor of periodontia, who will lecture on periodontia in private practice.

Members of the local dental society are co-operating in plans for entertaining clinic participants and their wives.

Testing Nearly Over For Water Line To Odessa

Testing is virtually complete on the 27-inch section of the Colorado River Municipal Water District line between Big Spring and Odessa.

The supply line appears to be in good condition, said E. V. Spence, general manager for CRMWD.

Monday the line from the well field to Big Spring will be shut off to permit installations of valves for users along the line.

Some few have been making emergency use of water from the CRMWD lines, particularly ranchers who have a stock watering problem. The district has installed a spigot at the northwest corner of section 34-35-in, T&P, about five miles northeast of Stanton, to serve as a loading point for those adjacent to the line but who must haul water in the interim.

Connections are all 2-inch affairs with the exception of one six-inch tap blocked out in anticipation of possible needs of the Martin County Fresh Water District in east central Martin County.

In all there are 59 taps on the Big Spring-Odessa section. There are four in Ector, four in Midland, 19 in Martin, and 31 in Howard Counties. Water will be metered to them for domestic and livestock purposes. So far, the district has furnished the water without charge pending installation of meters.

Part of the 33-inch line from Big Spring to the CRMWD lake in Scurry County has been tested. Laying this line will be resumed in about a month. There are a number of taps on this line but it will be supplied from the lake.

Four Arrested In Car With License From Another Auto

Four men — two from Gladewater, one from Fort Worth and one from Big Spring — were held overnight in city jail after police arrested them Wednesday in possession of a 1950 model Cadillac bearing license plate from a 1950 Ford and inspection sticker from a 1951 Buick.

One of the quartet was fined \$19 when he was found guilty to charge of improper auto registration this morning. Another was transferred to county authorities on a charge of carrying a deadly weapon, vagrancy charges against the other two were dismissed in Corporation Court this morning.

Police checked with the Department of Public Safety to determine if any of the four is wanted by the law. None apparently are, although they have long records, officers said.

DULLES

discontinued. Proponents of this belief argue that military aid alone — and assisting European allies with a broadened trade basis — would be more effective and less costly.

The probability of opening more American markets to British trade would be a matter of major interest for Eden.

There has been speculation, as well, that foreign secretary would sound out Eisenhower on a meeting with Prime Minister Winston Churchill.

Dulles' interview precedes Eden's today.

The New Yorker has served for years as an advisor on foreign policy. He bore the brunt of the general. When he was asked if he is going to head the State Department, he grinned and replied: "You'll have to ask the general. I don't know."

Eisenhower also has a date today with Harold E. Stassen, former governor of Minnesota. Stassen's name also crops up frequently in speculations about the next Cabinet.

Much of Eisenhower's first day of planning was devoted to talks with Taft and with Rep. Joseph Martin of Massachusetts, likely choice for Speaker of the House, on the probable outline of the legislative program to be presented to the 82d Congress.

When asked if he thought the national budget could be balanced, Martin answered, "I hope so." He said the first task, however, is to get government spending. Thereafter, he continued, the effort will be to reduce taxation.

"Our goal is to cut them (taxes) at the earliest possible opportunity," Martin said. "But before that, the first emphasis must be on cutting spending."

Taft said he and Eisenhower touched on "14 or 15" subjects that can be expected to come up in the next Congress.

He named some—the budget and possible tax reductions, a study of welfare legislation, amendments to the Taft-Hartley Act, a new look at price and wage laws and rent controls and revisions of the excess profits tax.

The senator said the meeting was "entirely harmonious."

Thieves Disregard Bars Once Again

Thieves were reaching through bars again last night, but they weren't prison bars.

For the second time in a week, culprits broke the glass on a window at the B&B Service Station, Lamesa Highway, and reached through the barred opening to steal bottled drinks and a few gas tank caps.

Actually, it was the third time the place has been burglarized recently. The establishment was entered once before the thief started reaching in the window.

Juvenile Officer A. E. Long says he thinks the thefts have been the work of youngsters. The same youths probably were responsible for the last two incidents.

Hit-Run Mishaps Are Reported To Police

Two hit-and-run traffic mishaps were reported to police Wednesday afternoon.

Mrs. J. E. Reid, Stanton, said her car was struck by another automobile while crossing a viaduct here about 3:10 p. m. Wednesday. The other vehicle failed to stop.

The other mishap occurred about 3:20 p. m. at 900 N. W. 3rd Street. A car ran under a 1950 Ford truck operated by Odie Grantham of Knott. Driver of that car also left the scene without providing required information.

Officers today were seeking both the disappearing autos and their drivers.

Market Is Lower At Livestock Sale

The market at the Big Spring Livestock Auction Company's sale was \$1 to \$2 lower across the board but in line with the prices being paid for cattle at sales throughout the country.

The influx of cattle may have been a factor in the declines, too. Some 1,600 cattle and an estimated 40 hogs were processed.

Fat hogs brought up to 16.00, fat calves from 18.00 to 22.00, butcher cows from 9.00 to 11.00, canners from 7.00 to 8.00 and cows beside calves from 9.00 to 12.00. Stocker steer calves sold for 20.00 to 21.00, heifer calves from 17.00 to 18.00.

Assault Is Charged

Aggravated assault charges were filed in County Court today against Robert J. Walker, Negro principal of the Lakeview Colored School. The charges were filed by his wife, who alleges that he hit her and broke a couple of ribs in September.

TRUMAN

ted Nations stand on prisoners of war and does not necessarily endorse the specific U. N. position.

Truman replied he was not going into semantics—that is, to the meaning of words. He said he was going by the headlines, which reported without elaboration that Eisenhower lacked the United Nations position.

Truman said he would meet again with Eisenhower before the general takes over the White House — if Eisenhower wants another meeting.

Truman said last Tuesday's meeting with the President — elected was given over almost entirely to foreign affairs.

He said the prisoner of war issue was one of the subjects discussed and that they also talked about the Iranian problem.

He didn't give any details. On other subjects: Truman said he expects to meet Gov. Adlai E. Stevenson sometime around Dec. 1, when the defeated Democratic presidential candidate is coming to Washington.

He said again that he regards Stevenson as the head of the Democratic Party.

Asked if he would recommend a new chairman of the Democratic National Committee in place of Stevenson's man, Stephen A. Mitchell, Truman replied that he would ask the governor for nothing — that he would merely offer in reorganizing the Democratic Party.

Truman said it is very likely to a question that it is very much too early to discuss what he himself will do after leaving the White House.

He went on to say that he does not know himself yet what he will do eventually—that for a while he is not going to do anything but sit down and enjoy himself.

He said he'd have some information to make public about his plans on Jan. 21, the day after inauguration.

He did say, however, that he does not plan to maintain an office or an apartment in Washington.

Woman Is Injured In Auto Accident

Mrs. Rip Smith was injured early Thursday morning in an accident near Donald's Drive-In. She was a passenger in her husband's car when it hit a store fence west of the drive-in.

Smith, who lives at 1110 Main, told investigating officers that a car ran into the back of his automobile, causing him to hit the fence. The accident occurred about 12:30 a. m.

Mrs. Smith was taken to the Big Spring hospital where she received treatment for a broken arm and a bruised chest. She was transported in an Eberley ambulance.

Smith was taken to the hospital with possible chest injuries, but after examination was transferred to custody of city authorities. He was fined \$12 in Corporation Court Thursday morning after being found guilty to a charge of intoxication.
