

Calves Bring 9.92 Average In Sale Here

Club Boys Dispose Of 50 Animals; Top Price Of 15 Cents

Fifty 4-H and FFA calves, exhibited in the third annual Big Spring district livestock show Monday and Tuesday, averaged 9.92 in auction at the Big Spring Auction Co. ring Wednesday afternoon.

15-Cent Top

Top price was the 15 cents paid to Henry Moates for his 925 milked steer which was adjudged the

Complete tabulation of the calf sale appears on Page 10.

Howard county winner. Jess Slaughter paid second highest for a 500-pound steer from W. L. Wilson, offering 13 cents.

Most active buyers were Robinson & Sons Grocery, purchasers of the champion calf, with five steers; John Poe of Stanton, who bought seven steers; the State National bank, buyer of five, and G. L. (Armour), four. Westerners Druggs, Krey Packing Co. of St. Louis, and Big Spring Cotton Oil Co. bought three each.

Prices ranged from the 15-cent top to 8.80 but there was only one to go below nine cents. Only two lambs went through the sale.

Premiums added \$36 to the \$178 total Henry Moates received for his calf.

Outside the auction, there were some of the transactions reported: Wendell Lawrence lambs to B. S. Cotton Oil Co., Club Cafe, Lone Star Chevrolet and Big Spring Hardware at 10 cents; Frank Thieme lambs, Safeway, 15 cents (for county champion); John Davis Feed Store, Buysy Fee Cafe, and Earl Phillips and George O'Brien, 10 cents each. Lawther Mills gave a sack of feed as premium; Herschell Mattheis calf, 10 cents, to Repps Guitars; Billie McClelland (sheep champion lamb), 20 cents to Robinson & Sons. Two lambs in the sale brought W. J. Coates 8.20 from Lester Brown, Ackerly, and Wendell Lawrence 8 cents from John Poe, Stanton.

Texas Pension Plan Given Approval

WASHINGTON, Mar. 21 (AP)—Senator Connally (D-Tex.) received notice today that the social security board had given final approval to the Texas merit system for administering old age assistance.

In addition the board approved allocation of funds to the state for April, May and June disbursements.

TEXAS TO DEMAND RETURN OF CONVICT

DALLAS, Mar. 21 (AP)—Texas will demand the return to Huntsville prison of Robert Lacy Cash, escaped life term who was arrested Tuesday at Boulder, Colo., and turned over to authorities at Biebee, Ariz., District Attorney Andrew Patton said today.

Assistant District Attorney Earl Street left for Austin, state capital, to apply for extradition papers.

Cash was convicted here for the murder of Harry Leon Helfman.

No Winners In Sight, According To Ickes

WASHINGTON, Mar. 21 (AP)—Secretary Ickes, who advocates a third term for President Roosevelt, said today that no democratic presidential candidate now in the field could control enough delegates to win the nomination.

He included Vice President Garner, Federal Security Administrator McNutt and Postmaster General Farley.

Ickes made the statement in his press conference in reply to a question and declined to elaborate.

Ickes, who once said that McNutt could not get the support of the liberal element if he were the democratic nominee, declined to comment in this respect about Farley.

The liberals, he said, would continue to work for the re-nomination of Mr. Roosevelt regardless of his candidates.

Meanwhile, talk of a Hull-Farley democratic ticket was revived on Capitol Hill, as discussion of the postmaster general's unreserved announcement of his candidacy ran the gamut of interpretations.

Most senators expressed the opinion the cabinet officer, in saying flatly his name would be presented to the democratic national convention, did so believing that a Farley ticket would not be a candidate for a third term.

A few interpreted the announcement as placing Farley in the same category as Vice President Garner—a candidate whether the president runs or not. Farley would not clear up this point in talking to reporters yesterday at Springfield, Mass.

Would Trim Funds For Wage & Hour, Labor Agencies

House Appropriations Committee Reduces Roosevelt Budget Estimate

WASHINGTON, Mar. 21 (AP)—Contending that the labor relations board was "overstaffed" and that a "confused administrative problem" existed in the wage-hour administration, the house appropriations committee asked congress today to trim next year's funds for those agencies.

The committee proposed an appropriation of \$2,843,000—\$337,000 under President Roosevelt's budget of \$3,180,000—or \$1,000,000 less than budget figures—for the wage-hour administration.

Income Taxes Up More Than 30 Per Cent

WASHINGTON, Mar. 21 (AP)—Secretary Morgenthau said today that preliminary estimates of annual income tax collections were running 31.2 per cent ahead of last year and "comfortably ahead" of President Roosevelt's budget estimate.

The treasury secretary said at a press conference that telegraphic reports from regional collection offices showed collection of \$21,000,000 of income taxes in the first 29 days of March, compared with \$473,000,000 in the same period last year.

March collections are always the biggest for income taxes because annual returns and at least first quarter installment payments are due on March 15.

Morgenthau declined to say by what margin the collections would exceed budget estimates, which are made only on an annual and not a monthly basis, but added that there was "not a chance" of the excess equalling the \$460,000,000 of additional revenue asked by the president to pay for emergency national defense costs and to help keep the treasury under its \$45,000,000,000 statutory debt limit.

Asked whether he still favored new taxes despite comments of leading congressmen that the higher tax collections obviated the need for new taxes, the secretary asserted:

"In words of one syllable, I stand on the president's message until he changes it."

He added that he had no reason to believe that the president would withdraw his request for new taxes.

At the same time, Morgenthau repudiated proposals to use some of the \$2,000,000,000 in the treasury's stabilization fund to avoid the debt limit.

"I certainly am not going to use the stabilization fund or any other trick method to avoid the debt limit," the treasury head said.

"It is strictly up to congress and if they vote to spend money which will exceed the limit, it is up to them to do something about the limit."

"I don't think the \$45,000,000,000 limit is very important. There is no reason why it should not be 46, 47, or 48 billion dollars. I would not worry if it was \$50,000,000,000."

"But it should be done in an open, legal way by congress."

Burns Fatal To Texas Man

WICHITA FALLS, Mar. 21 (AP)—One of four men burned in an explosion and fire last night that wrecked a pump station of the Sinclair Prairie Pipe Line department near here died in a Wichita Falls hospital this morning.

Edwin Thomas (Tom) Michael, 49, connection foreman for the company, succumbed to burns that covered his body.

Three other company employees standing with Michael near the door of the pump station were in hospitals here. W. C. Clark and H. C. Hoing, burned about the face, hands and legs, and H. C. Morgan, burned about his face and hands, were reported in a serious condition.

The explosion and fire damaged the pump station an estimated \$16,000. It is located in the Hull-Silk pool three and a half miles southeast of Holliday, serving a line from the pool to the main connection.

An investigation was under way by company officials to determine the cause of the blast.

The victim had lived in Holliday eight years and is a former Oklahoma resident. Burial will be at Temple, Okla.

REPORT MAN KILLED IN MINE CAVE-IN

SAN JOSE, Calif., Mar. 21 (AP)—The sheriff's office received a report today of a cave-in at the Red Mountain magnesite mine, about 80 miles south of Livermore, where about 100 men were at work. The report said at least one man was dead.

BACK IS INJURED

Oville Robinson, employe of the West Texas Sand & Gravel company, sustained back injuries, the extent of which were not determined early Thursday afternoon, when a caterpillar shovel fell and struck him as he worked at the company pit seven miles southeast of Big Spring. Robinson was brought to the Big Spring hospital for medical treatment. He was operating the caterpillar shovel when the accident occurred.

VICTIM OF SLAYING — Mrs. Harriet Arnold (above), attractive 45-year-old Seattle matron, was found stabbed to death in her suburban bungalow, her beaten body trussed and nailed shut in a cupboard under the sink drain. The victim's 23-year-old son was sought.

Another Hike Is Sought In Farm Fund

WASHINGTON, Mar. 21 (AP)—The senate, moving toward a vote on the billion-dollar farm bill, today heard Senator La Follette (Frog-Wis) urge expansion of its provision for the government food stamp system.

The westerner asked that funds for disposal of surplus commodities be increased from \$85,000,000 recommended by the senate appropriations committee to \$113,000,000.

La Follette declared the surplus removal activity was "one new deal program that has worked and won unanimous support."

La Follette's amendment was ruled out of order under a technical senate rule yesterday and he urged the senate to reverse the chair's decision and vote on his proposal.

Senator O'Mahoney (D-Wyo.) told the chamber that unemployment and farm tenancy were factors which might develop "a present class in this country."

Discussing La Follette's proposal, O'Mahoney said that what was needed most was "real jobs at real wages, so there will be a real market for the products of the farmer."

Economy forces were routed yesterday with the voting of a \$212,000,000 farm party fund. The parity payments, similar to those authorized for the current year, are designed to give farmers the same purchasing power which they had in 1909-14. The money would be divided among wheat, corn, cotton, rice and tobacco growers who take part in the crop control program, and would be in addition to the soil conservation benefits.

Free Garbage Collection Service May Be Instituted Early In April

Arrival of two trucks to be used in the collection of garbage by the city gave rise to hopes Thursday that the service might be instituted soon.

The city is installing enclosed bodies on the two trucks and tentative routes are being mapped to the end that there may be a weekly or semi-weekly pick-up on refuse.

Also under advisement is an ordinance regulating the collection of garbage as a municipal function.

Contrary to rumors, the service is to be free to residences and in a limited way to business houses. There will be no extra charge attached to water bills, said a city official. Regular collections will be made in the business districts, but extra amounts of trash and refuse will have to be disposed of privately by the concerns.

The new service, talked here for several years, may be instituted early in April.

OIL PRODUCTION IN STATE FOR JANUARY 42,000,000 BARRELS

AUSTIN, Mar. 21 (AP)—Indicated oil production in January in Texas was 42,000,897 barrels, engineers of the railroad commission reported today.

The figure was based on reported flow of 692,361 barrels and an allowable of 47,536 barrels from leases which did not report production. The total flow was 8.42 per cent under authorized production for the month.

France Sets Up New Cabinet; Changes Hinted For Britain

Chamberlain Hears Aides Criticized

Shakeup May Come During Easter Recess Of Parliament

LONDON, Mar. 21 (AP)—Parliament recessed for the Easter holidays today amid growing reports that Prime Minister Chamberlain would reconstruct his cabinet during the interval before sittings are resumed April 2.

Criticism

The house of commons sessions ended with outspoken criticism of two cabinet bigwigs, Chancellor of the Exchequer Sir John Simon and Lord Privy Seal Sir Samuel Hoare, voiced by Gregory Mander of the Liberal opposition.

"It is widely felt throughout the country that the chancellor of the exchequer and the lord privy seal are heavy liabilities both at home and abroad," he said.

Speculation outside commons mentioned Air Minister Sir Kingsley Wood and Supply Minister Leslie Burgin as ministers likely to be displaced by the prime minister in reshaping his cabinet for more vigorous prosecution of war tasks.

The air ministry, meanwhile, announced that one German plane had appeared today over the Shetland islands and then vanished without dropping bombs when British fighters took to the air.

Children in the locality left their schools for air raid shelters during a 15-minute raid warning.

Eight merchant ships, six of them flying the flags of Scandinavian neutrals and two of the Union Jack, were counted as new sea casualties, sunk or damaged by bombs in the past 48 hours.

Denish shipping boys the brand of the whited German offensive, losing three vessels. It was feared 30 men had gone down with the ships.

The 2,468-ton British steamer Albatross, burned after being hit by an incendiary bomb and another British ship, her name undisclosed, was bombed last night off the southeast coast and five of her crew killed.

Other losses were: Denmark: Minsk, 1,229 tons; Both, 2,109; Viking, 1,153. Norway: Svinta, 1,267; Tora Elise, 721. Sweden: Utklippan, 1,599.

PAUL REYNAUD

Letters Asked In Support Of Air Service

A substantial gain in the number of letters citing benefits of a north-south airline was reported by the chamber of commerce Thursday morning.

However, a great number more are needed from business and professional men, and others who would be aided by establishment of such a line with a stop in Big Spring.

J. H. Greene, chamber manager and chairman of an inter-city committee pushing for a north-south line, said that letters should contain an explanation of specific benefits according to a person or firm business from the service and should refrain from indulging in generalities. Greene, incidentally will leave Friday morning for Lubbock to join representatives of that city in a flight to Denver, Colo., for an inter-city conference on the projected line Saturday.

This likely will be the last such meeting before the Civil Aeronautics Authority hearing in Washington on April 15.

It's 'Swamp Fever' Holding FD Down

WASHINGTON, Mar. 21 (AP)—President Roosevelt was confined to his room again today with what he facetiously called "swamp fever."

A secretary, Stephen Eyer, said the president's temperature was normal last night but was up again this morning to 99.4 degrees, eight-tenths of a degree above normal.

"He is in grand shape," Eyer said, "and nobody is worried and nobody is concerned."

Eyer said Mr. Roosevelt's recovery from his head cold was delayed because he had come back to work too soon after becoming ill.

LA GUARDIA SEEKING BIG FUND FOR WPA

WASHINGTON, Mar. 21 (AP)—Mayor F. H. La Guardia of New York came to Washington today to ask congress and President Roosevelt to provide at least \$1,500,000 for the WPA in the coming fiscal year.

The mayor said that a survey by the U. S. Conference of Mayors, of which he is president, indicated that at least 1,400,000 workers would be forced off the WPA rolls around July 1, "and we have never guessed wrong," he added.

"There isn't a city in the United States that could absorb those people," La Guardia declared. "Every mayor is worrying and helpless in providing for this additional load."

Reynaud Head Of Govt. Organized To Win The War

PARIS, Mar. 21 (AP)—Energetic Paul Reynaud today formally took the helm of the French government as premier and foreign minister in a broadened "win the war" coalition cabinet drawn from the socialists on the left to groups of the right.

Edouard Daladier, whom Reynaud succeeds as premier, stayed in the new ministry as minister of national defense. Reynaud's former portfolio in the finance ministry went to Lucien Lamoureux.

Reynaud also set up a "war committee" composed of himself, Chautemps, Daladier, Colonial Minister Georges Mandel and Finance Minister Lamoureux.

A separate "economic council" also was established, similar to Britain's ministerial economic warfare group. Members include Lamoureux and all ministers whose duties are concerned with national economy.

Reynaud called his first cabinet meeting for tomorrow morning, to be followed by a council of ministers — the cabinet meeting with President Albert Lebrun. These sessions will be followed by governmental declarations before the two chambers of parliament.

The new government failed to present the national union character at first expected because of the refusal of two rightist groups to support it, the republican federation led by Louis Marin and the republican alliance headed by ex-Premier Pierre-Etienne Flandin.

The cabinet therefore depended strongly on Daladier's radical-socialists, who furnished seven members, and the socialists, largest group in the chamber of deputies, represented by three ministers.

The new cabinet: Paul Reynaud, premier and foreign minister; Camille Chautemps, vice premier; Edouard Daladier, minister of national defense; Cesar Campinchi, navy; Laurent Eynac, air; Raoul Dautry, armament; Henri Roy, interior; Louis Rollin, commerce; Albert Serol, justice; Lucien Lamoureux, finance; George Mandel, colonies; Albert Sarraut, public instruction; Henri Queuille, provisions; Paul Theiler, agriculture; George Monnet, blockade; Anastas de Monsie, public works; Charles Pomaret, labor; Jules Julien, communications; Louis Frossard, information; Alphonse Rio, merchant marine; Marcel Herault, public health; Albert Riviere, pensions.

The socialists, largest party in the chamber without representation in a French cabinet since Daladier took power in April, 1938, have three ministers in the new government, Monnet, Riviere and Serol.

The designation of peppy, 61-year-old Reynaud, whose reorganization of French finances is rated as one of the greatest achievements of the Daladier cabinet, was well-received in parliament.

Legislative circles, whose demands for more strenuous French war efforts led to Daladier's downfall, considered Reynaud well qualified to lift the war out of stalemate with British-French initiative.

Forced To Withdraw Consuls In Poland

WASHINGTON, Mar. 21 (AP)—American citizens in partitioned Poland were cut off from all direct diplomatic representation today as the United States, acting under German compulsion, withdrew its consular officials.

The state department ordered the withdrawal after unavailing protests to Berlin, but informed Germany that it was reserving "all of its rights in the matter."

The order, the state department said, applied to diplomatic representatives of all foreign countries. Informal sources in Berlin said that for visa purposes the lack of consulates in the area was inconsequential because no one can visit the territory without a special permit from its governor general.

The evacuation of diplomatic establishments in German-held Poland would, in effect, make Germany the sole source of official information on conditions in the area.

Negotiations are in progress, however, to obtain permission for American relief workers to enter the district to supervise distribution of aid to Poles. The number of American citizens now resident in Poland was fixed at 323 by the state department.

No official reason was advanced for the German order. One explanation offered was that Berlin believed some consulates engaged in undesirable activities, and decided to remove them all.

The state department arranged to handle all future matters concerning American nationals in Poland through the American embassy in Berlin.

More Trust Indictments

DETROIT, Mar. 21 (AP)—A special federal grand jury today indicted 13 organizations and 18 individuals for alleged anti-trust law violations in the electrical contracting business, and charged that agents for an electrical workers' union were paid to hamper work attempted by contractors who refused to join the combination.

The indictment charges all defendants with conspiring to form a combination in restraint of trade in violation of the Sherman Act.

Local 58 of the AFL International Brotherhood of Electrical Workers and two of its business agents, Lloyd J. Coons and Frank Casper, are accused of ordering union electricians to engage in a "slow-down" designed to increase costs when working for any contractor not a party to the alleged conspiracy. The intent, the jury charged, was to make it unprofitable for such a contractor to operate here.

The Detroit Electrical Contractors' association and ten individual Detroit firms are charged with establishing arbitrary and artificial bids for electrical contracts, and allocating the contracts among themselves.

Always Farm Disparity?

Last May, when the senate voted \$338,000,000 for the farmers, Secretary Morgenthau was led to comment, "I don't care to discuss the merits of the (agricultural) bill, but I do want to say the increase added to our present deficit disturbs me greatly."

Swivel point of the whole agricultural dilemma is money—not alone the actual cash that the farmer does or does not receive, but the relation between his income and the prices of his necessities.

What the administration has tried and is still trying to do is to purchase farm prosperity. If the senate and house approve new fund expansion, an additional \$300,000,000 will be needed, which is equivalent to the amount that congress has passed from 10 different appropriation bills now up for consideration.

Planning A Garden?

Standard Plants Are Surest Bet For Beginner

(Fourth In A Series)
By ROBERT E. GIEGER
AP Feature Service Writer

"Everybody can't be a Luther Burbank, but the average garden farmer can benefit from Burbank's contributions to plant culture.

The "plant wizard" inspected thousands of plants, selected perhaps 50 or 100 to be grown for propagation or seed purposes and destroyed the rest. Those he kept were picked because they had better flavor, thinner skin or more colorful flowers.

Dosens of seed specialists now use methods similar to Burbank's to produce bigger and better flowers, trees, shrubs and vegetables.

Beginning gardeners probably will have greater success if they

plant easy-to-grow, standard varieties. Later they can experiment, patterning their garden in flavor, fragrance and beauty to suit their tastes.

It costs just as much in space, time and labor—sometimes more—to cultivate half a stand as it does to grow a full stand. In a small garden, seed costs usually aren't big enough to be a deciding factor in what to plant.

Obtain seeds only from a source that has a reputation for handling quality goods and is familiar with the conditions of your locality.

In addition to selling you seeds, any good dealer or nurseryman will give you valuable tips on selecting and cultivating plants. He knows what will grow in your locality and the best and easiest methods of getting it to grow.

Kiwanis Club Awards Young Pig Growers

Prize winning pigs, raised by Carl McGettes of Coahoma, did a bit of social climbing today when they left their 4-H Club-FFA live-stock show pen for a private corner in Settles hotel ballroom. The occasion was the awarding of cash prizes in first, second, third and fourth places for the show's top pigs by Big Spring Kiwanis club, first prize honors going to young McGettes. The club's second place cash offer went to Howard Smith, Garner; third place, Herschell Matthias, Garner; fourth place, Kenneth Brown, Garner.

Principal speaker was County Agent O. P. Griffin who explained the work of 4-H Club boys and Future Farmers of America.

The two most important things about their work, the speaker said, are what the boys do for agriculture and what they do for themselves. Griffin also stressed the need for a cotton club sponsor. Such a club could be perfected to an extent that its result might be exhibited here annually just as the livestock shows are held, he said.

Other club guests were O. E. Smith, L. C. Mathies, both of Garner; Carl McGettes, Coahoma; Arthur J. Stallings, Lomax, and Bill Tate.

BASE MATERIAL IS BEING PLACED ON HIGHWAY 9 JOB

Base material is being installed rapidly on the 4.5 state highway No. 9 south project.

With all slab poured on structures, it is considered possible that the stretch of new road from Big Spring to the new highway section south of the city will be ready to receive surface coats early in April. Base on 20 blocks of South Gregg street has been in for several weeks and is now considered in good shape for paving when the highway job is topped.

EXCAVATION STARTS FOR LAKE COTTAGE

Excavations are under way at the Moss Creek lake site where a caretaker's cottage and concession building is to be erected as a National Youth Administration project.

Some 10 young men, under the direction of Henry C. Snodgrass, supervisor, are learning the rudiments of building as they go along building forms, setting levels, squaring corners, etc.

By the time the project is in full stride, approximately 50 boys may be utilized on it.

HOTEL CLERK SLAIN; ASSAILANT TAKEN

LONG BEACH, Calif., Mar. 21 (AP)—The night clerk of the swank Pacific Coast club was shot and killed today and the man who police say was the assailant was captured by five other employees after a terrific battle.

Harry Dale, 48, died almost instantly. Jailed for investigation is Theodore Alphonse Grimschled, 27, who told Detective Lieut. C. C. Carstensen that he is a former Milwaukee policeman.

Grimschled said he frequented the club in an attempt to keep from his bride of two weeks the knowledge that he was unemployed. He said he was a former employe of the club.

Sybil Island Tuesday night and Wednesday morning—a raid that was itself in reprisal for Saturday's German bombing of the British naval base at Scapa Flow.

The Sybil raid, in which British officials said great damage was done to the German sea-plane station, was a spring tonic for the spirits of the whole British nation. The fliers themselves expressed relief at being permitted to "cut loose" at last after their long series of pamphlet raids and reconnaissance tours over German soil.

The Exchange Telegraph Agency reported 49 giant bombers had participated in the Sybil raid, 48 of them returning safely.

Reports persisted that Germany's submarine nests and shipyards in the landlocked Baltic sea would be probable objects of attack.

MARKETS Wall Street

NEW YORK, Mar. 21 (AP)—Stock market buyers pumped a little more fuel into alicrisis and specialties today, but even favorites lost altitude in the tail-end of the session.

European affairs, particularly intensification of aerial warfare, brought further stimulation for the plane group at the opening. Spotty business trends in home sectors, however, served to chill bullish proponents for various industrial. Best advances, running to a point or so for selected issues in the morning, were cut down substantially or eliminated after midday. Closing prices were moderately mixed.

SEARCH CONTINUES FOR MISSING BOAT

PORT ISABEL, Mar. 21 (AP)—Coast guardsmen, their hopes of finding alive the captain and crew of the fishing boat Jerry Ann diminishing with each hour, searched this gulf coast area today for bits of wreckage to which the missing men might be clinging.

Part of the boat was found ten miles north of here on Padre Island yesterday. The wreckage—part of the cabin—was identified by the owner of the craft, B. B. Burnell.

All Of Moore Students Are Vaccinated

MOORE, Mar. 21.—Following the outbreak of smallpox in this community last week when Claudine Goodman, 17-year-old daughter of Mr. and Mrs. O. A. Goodman fell victim to the disease, the local school board and principal of the school met with the county health authorities and launched a drive to have the entire student body vaccinated. Seventeen had previously been vaccinated, ten secured vaccination the forepart of the week from their family doctors, and 28 were vaccinated at the school building by the county health officer.

P-T. A. REPORT
 Mrs. Lester Newton, local P-T. A. secretary, this week forwarded a report of the year's work as done by the organization to the district body which meets in Abilene on March 28, 29 and 30. According to her report there are 29 paid members on the roll. The organization has carried out a series of programs dealing with "Character Building and Preparation for Successful Home Life." Home people have been used on the programs most of the time. Social activities for the year include: a reception for the teachers, a banquet for the basketball teams, and a President's birthday party. Money-making projects include: auction sale, band concert, and a high school play, all of which netted the organization \$186.54.

Material accomplishments of the association include: installation of a new and complete water system, purchase of a slide for the primary children, and providing all playground equipment including tennis, basketball, softball and volleyball. Funds raised at the President's birthday ball totaled \$28 which was contributed to the Infantile Paralysis Fund at Washington, D. C. The association has enjoyed a very pleasant school year and has been of much assistance to the school. Other officials for the current year are Mrs. B. M. Newton, president, and Miss Twila Lomax, program chairman. Officers for next school term are Mrs. J. Luak, president; Mrs. D. W. Hayworth, vice president, and Mrs. G. C. Broughton, secretary.

Border Patrol Report Given

WASHINGTON, Mar. 21 (UP)—Work of federal border patrolmen operating along 2,013 miles of Mexican boundary was cited before a congressional committee considering legislation to appropriate funds for the labor department next fiscal year.

Testifying in support of his request for funds, James L. Houghteling, immigration and naturalization inspector, told a house appropriation sub-committee that 351 patrolmen watched along the border, 1,321 miles of which was in Texas.

He said 126 of the number were employed out of the San Antonio district, 135 out of El Paso and the remainder westward through California to the Pacific ocean. The El Paso district extends from the Big Bend country of West Texas to Ajo, Ariz.

Discussing methods of operation, Houghteling said the patrol usually worked in two lines, one close to the border and the other some 30 to 40 miles inland. Cooperation of residents in that margin territory in informing officials of the presence of strangers is one of the important checks the service has on aliens trying to slip into this country.

Houghteling commented the border patrol for its efficiency, asserting that very few aliens enter the country at other than ports of entry. He estimated that approximately 1,000 alien sailors annually abandon their ships on reaching American ports and are at large in the country. Many are caught when arrested for some offense committed years later.

TO TRANSPORT GAS ACROSS RIO GRANDE

MEXICO CITY, Mar. 21 (UP)—Gas service will be offered to residents of Nuevo Laredo, Tamaulipas, across the United States border from Laredo, Tex., the National Petroleum administration, a branch of the government-controlled oil administration (Petroles Mexicanos), announced today.

The gas will be taken from a recently-drilled well near Laredo which has a daily capacity of 2,500,000 cubic feet. The well was drilled at a depth of 680 feet.

Only WILSON & CO. Makes Certified Smoked Ham

'OH, GOODY!! I KNOW WHAT WE'RE GOING TO HAVE FOR EASTER!'

WILSON'S Certified SMOKED HAM
 —the original TENDER EXTRA-MILD

American tradition decrees Turkey as Thanksgiving, and HAM as Easter. And, since only the best will do for so special an occasion, the natural choice is Wilson's Certified Smoked Ham—the ham with the richer, smokier, milder flavor, and of surpassing tenderness.

In your home you can highlight this Easter day with Wilson's Certified Smoked Ham—a whole baked Wilson Ham glazed and decorated to suit the occasion. But make no mistake—ask for Wilson's Certified Smoked Ham in the bright orange wrapper. Cook before eating.

SIMPLIFIED COOKING
 The easiest ham in the world to prepare! No parboiling. Have ham at room temperature before starting to cook. Bake according to your favorite recipe 16 minutes to the pound for whole ham (19 minutes to the pound for half ham) in oven temperature of 325° to 350° F. Because of shorter cooking time Wilson's Smoked Ham saves time, saves fuel, and there's much less shrinkage.

BIG GASSER OPENED IN ARTESIA AREA
 ARTESIA, N. M., Mar. 21 (AP)—A million cubic foot gasser that roared wild west of here today put this town right on top of a possible oil pool and caused the biggest excitement since the first big oil production was encountered years ago east of Artesia.
 The gasser belongs to a 20-year-old boy, William Dooley, Jr., who

braved the jeers of all veterans in wildcatting the location and hit gas at 988 feet, about half the production depth in the oil field east of here.
 Dooley is the son of Will Dooley, who pioneered the Artesia oil field.

May Not Grant Extradition To Florida

SACRAMENTO, Calif., Mar. 21 (AP)—Gov. Culbert L. Olson, studying amazing charges of cruel and inhuman treatment of Florida chain gang convicts, says he is convinced that Harry Biosdale should not be extradited to the Ralston, Fla., prison from which he escaped five years ago.
 The governor, who talked by telephone yesterday with Gov. Fred B. Cone of Florida, said he believes Biosdale had become fully rehabilitated during the five years he had lived in California since his escape.
 Olson said he would not definitely deny the extradition request, however, "until I hear further from Gov. Cone."
 Biosdale admitted he escaped from a jail at Tallahassee while being returned to the road camp after hospitalization.
 Anna Zaesek, attorney for the fugitive, said Biosdale had lived in Los Angeles without any attempt at concealment and using his true name. She presented scores of letters, telegrams, petitions and affidavits protesting the extradition of the World War veteran, who was sentenced to a 15-year term for robbery.
 Biosdale charged that road gang

prisoners were treated so inhumanly several convicts chopped off hands or feet to escape work.
 Documents bore tales of floggings, suspension by the wrists, starvation rations, sweat-box torture and the shooting to death of prisoners by guards.
 The charges brought a vigorous denial from Florida prison officials.

Sweepstake Buyers May Name The Time Of Baby's Arrival, Win Dough

MINNEAPOLIS, Mar. 21 (AP)—George Bestrom got so tired having friends ask when his first prize-and-joy was due that he started the "Bestrom Baby Sweepstakes."
 Now when they ask he sells them a ticket at \$1 a chance—29 have bought.
 The sweepstake has a slogan. "You pay your money and you name the time."
 It has a handicap: "The best medical authority indicates about April 6."
 The race is to "Name the date and hour."
 The take-off is: "A 10c administrative fee deducted from each \$1 by the sponsor" (Bestrom).
 The expectant father said he wasn't sure whether "my wife is going to molder me for this" but since everyone seemed so interested in the event he decided to cash in "because it is costing me a lotta dough."

WINNERS—Champions of the third annual Big Spring 4-H and FFA Livestock show are shown in the above pictures. Kenneth Lewis, 17-year-old Sweetwater 4-H club boy, is shown at the top with his grand champion steer, Premier Special. The champion lamb and group of five lambs from Sterling City are pictured in the center. At the left of the group is Billy McClelland, Sterling City FFA, with his champion lamb. Others holding lambs in the group, left to right, are John Lancaster, Buford Chesney, Jim Bob Clark and Neal J. Reed, all Sterling 4-H boys. Standing in the background is E. M. Carter, vocational agriculture teacher. At his right is Woodrow Mills. Billy Joe Payne, Nolan county 4-H, is shown in the bottom picture with his reserve champion calf. Farm And Ranch Talk AROUND THE COFFEE POT

By Newton Robinson
 The Howard county FFA and 4-H show took precedence over all other local news this week when boys from six counties exhibited their choice stock in the county warehouse northwest of Iowa. The new warehouse, ideally located and constructed for a show of this sort brought many compliments from visitors as well as local people who visited it for the first time.
 Anna Belle Edwards, attractive young daughter of Mr. and Mrs. Marlon Edwards of Big Spring, was one of two representatives at the Fort Worth Stock show last week to be invited to perform at Madison Square Garden in New York next October. Margaret Owens of Ozona was the other lucky lady. It will be a repeat performance for Anna Belle.
 Dr. Frank Boyle is having a portion of his place near Elbow community re-fenced. Those who wonder why the Doctor left several piles of brush stacked in his pasture when it was cleared will learn that the sportsman simply left it as a shelter for game birds. Dr. Boyle also jumped the gun for farm improvements this week by setting out 100 young Chinese elm trees on his place.
 Quite a few of the young exhibitors at the local club show sold their calves at the auction sale Wednesday. Although they received good prices for their stock, some of the spirit of the show was lacking because of scarceness of business firms in the bidding.
 Henry Moates, who exhibited the grand champion Howard county calf received fifteen cents for the animal. Lawrence Robinson, representing Robinson and Sons Grocery bid thirteen cents, then jumped his bid to fifteen before the animal left the ring. Other contributions jumped the premium to \$56. Outside contributors were Jess Slaughter, 1-2 cent per pound; Carl Mercer 1-2 cent per pound; Big Spring Motor Co., 1 cent; Vaughn Bakery, 1-2 cent; Aggregate contributions were: Big Spring Herald \$5; Andy Brown \$5; Miller-Oldham, \$3; Wacker's, \$2.50; Dr. Frank Boyle, \$1.50; J. W. Haygood, \$1; and Newton Robinson, \$1, and Burr's Store, \$5.
 Around 150 guns participated in a rabbit drive in the Lomax sector Wednesday. The number of rabbits killed was variously estimated from 1,000 to 2,500. Close to 100 of the hunters were Big Spring people who got their first chance to limber up their shootin' irons on the 20-section drive since last fall. The drivers were treated to a dinner on the J. Y. Robb farm, consisting of barbecued beef, mutton and the old standby—son-of-a-gun.
 Two hunters—Howard Schwarzenbach and Pat Patterson—killed a fox each in the drive.
 Ranchers figure that 14 rabbits will eat as much grass as one cow. Figuring from that basis, 71 head of cattle could be pastured for every 1,000 jackrabbits killed.
 Prices being paid by local produce houses for farm products Thursday were: hens 7 to 10c; fryers 20c; eggs 11c and grade No. 1 cream 20c.
 An interesting exhibit at the County FFA and 4-H club show was four Rambouillet bucks shown by Breeder L. F. Hodges of Sterling county. The bucks averaged over 250 pounds.
 The Big Spring Auction company, which celebrated its second anniversary in Big Spring last month, showed a true spirit of cooperation with the club boys when

THE PREFERRED BOOKS

CHICAGO, Mar. 21 (AP)—Bernard J. Holweg was quite a booklover, his wife, Lillian, told the court during her divorce hearing.
 She testified that her husband installed a fine new library in their home while she was in a hospital and greeted her return with: "I have my books now, so I don't need you any more."
 She got the divorce.

Funds Being Received For Easter Seals

Funds through the sale of Easter Seals have started coming in, Mrs. Emil Anderson, treasurer of the local Crippled Children committee, reported Saturday.

Airline Parley To Be Held At Denver

J. H. Greene, chairman of an inter-city committee seeking a north-south airline through West Texas with Big Spring as one of the stops, said Friday that he would join with representatives from other interested cities in a conference March 22 in Denver, Colo.

WORK STARTED ON COUNTY AUDIT

Regular annual audit of all Howard county departments was begun here Tuesday morning. E. R. Sedgwick, San Angelo, auditor of the books last year, has the contract for the fiscal year of 1939. E. R. Jordan, San Angelo, was here Tuesday to begin the work. Ordering of the audit this year marks a departure of the county from a prior policy of biennial audits.

Service Held Sunday For Mrs. Dan Hudson, Auto Mishap Victim

Death on the highway struck with stunning swiftness Saturday, to claim a member of one of the city's most popular couples. She was Mrs. Dan Hudson, wife of the manager of the Settles hotel, killed instantly when the car in which she and her husband were riding overturned as she swerved the machine to avoid hitting a steer which had darted onto the highway.

The mishap occurred some 15 miles east of Ranger, on the near end of the new Weatherford cutoff south of Strawn, about 7:15 a. m. Mrs. Hudson was rushed to Ranger, where word of the tragedy was telephoned to friends in Big Spring. As the car hurtled off the pavement and overturned, Mrs. Hudson was thrown clear of the machine, and was crushed under it. She was 42 years old. Mr. Hudson escaped with arm lacerations and body bruises.

News of the tragedy cast a pall of sorrow over this community, which had welcomed Mrs. Hudson into close friendships. Admired as a young woman of quiet charm and gracious manner, she had established a wide circle of friends in the 16 months she had made her home here with her husband. They came to the Settles on November 16, 1938. Previously, they had been at home in Dallas, San Antonio and Fort Worth, and Mr. Hudson is prominently known in hotel circles over the state.

The body was returned here in an Eberly coach Saturday, and brief funeral services were conducted at 9:30 a. m. Sunday at the Eberly chapel, by Dr. D. F. McConnell, pastor of the First Presbyterian church. Named as honorary pallbearers were R. R. McEwen, Dave Eastbourne, B. L. LeFevre, Sam Goldman, Roy Townsend, Harvey Williamson, Bob Whipkey, Burke Summers, E. V. Spence and Grover Dunham.

The body was taken overland today for burial, after rites at 10 a. m. Monday, in the Wheatland cemetery, near Lancaster, Dallas county, under direction of a Lancaster funeral home. The rites were held at the home of Mrs. Hudson's mother, Mrs. Rosa T. Stuart, at De Soto, Dallas county. In the nearby Wheatland cemetery are interred Mrs. Hudson's father, and a daughter, who succumbed several years ago. Survivors, besides the husband and mother, are a sister, Mrs. J. P. Conley of Texas; and four brothers, R. J. Stuart and Jack Stuart of Houston; E. P. Stuart of Dallas, and R. O. Stuart of Texas City. Mrs. Conley's husband is known as "Snipe" Conley, one of Texas baseball's outstanding figures.

The Saturday mishap was the tragic termination of a trip that had been planned as a combination civic and pleasure jaunt. The Hudsons were to have joined a group of Big Spring people at the Fort Worth Fat Stock show Saturday, to assist in advertising this city's stock show and the forthcoming West Texas chamber of commerce convention. They were at a dinner party Friday night, when word from the hotel headquarters in Galveston authorizing the trip, and the couple decided to start for Fort Worth at once. They drove to Cisco to spend the night, then had resumed the journey early Saturday morning. Close friends of the two, Mr. and Mrs. R. McEwen, went to Ranger on receiving word of the tragedy to accompany Mr. Hudson home.

Dale Carnegie 'Wins Friends' In Audience

Holding an audience of some 350 people at undivided attention for an hour and forty minutes at the Municipal auditorium Saturday evening, Dale Carnegie, nationally known author, lecturer, radio personality and newspaper columnist, spoke on the topic which has brought inspiration to millions, "How to Win Friends and Influence People."

West Texans Score High In Pistol Shoot

Complete details on the marksmanship triumph of L. P. McCasland, Big Spring state highway patrolman, and Jess Woody, Stanton, in the mid-winter national pistol matches at Tampa, Fla., were available today with a letter from the two.

McCasland topped the 22 matches in the first round of the tournament with a 968 score for the aggregate. In the slow fire match at 50 yards, McCasland shot 189 to win the event. Woody tied for second with 187. Woody won the rapid fire contest at 25 yards with 198 and McCasland was third in the event with 197.

W. R. Thomas Death Victim

Funeral services for Walter Ray Thomas, 60, will be held Saturday at the East 4th Baptist church with Rev. Sidney Cox, Abilene, officiating.

Mr. Thomas, who had farmed three miles northeast of Knott since December of 1923, suffered an heart attack Monday and had been in a local hospital since. He succumbed at 9 p. m. Thursday. Surviving are his widow; two sons, John L. Thomas and Jack Thomas of Knott; three daughters, Mrs. Clesie Walker, Big Spring, Mrs. Cora Large, Junction, and Mrs. Daisy Donahue, Knott; one sister, Mrs. F. S. Barton; and a nephew, Petty Thomas, Knott. He leaves six grandchildren.

CALICHE HAULED FOR ELBOW ROAD

Caliche is being hauled in on the west end of the three mile Elbow lateral road project, launched here two weeks ago as a Howard county-WPA undertaking. New grade is being established on the two-mile lateral extending from old highway No. 9 south to Elbow. Deep ditches and short shoulders are being eliminated. One mile of new road is being opened between the lateral feeder and the rerouted highway No. 9 south. This portion of the road is along the line designated as a direct route to Garden City.

County's Cash Goes Higher

A further increase in the cash balance of Howard county funds is shown in the regular monthly report of Treasurer Ida Collins as approved by the commissioners court.

Total balance of all funds was \$102,182, up from the \$99,350 shown at the end of January and considerably above the \$86,708 for February a year ago. During the month \$1,000 in a courthouse and jail warrant was paid, reducing the bonded indebtedness of the county to \$198,000. Most funds held their own due to tax receipts. The officers salary fund disbursed \$3,987 while receiving \$5,084. The general fund received \$6,938 and expended \$2,716, the permanent improvement dropped off with \$98 in receipts and \$1,941 in disbursements, and the road and bridge, showing a steady influence, gained with \$4,015 in revenues and \$3,600 expended.

Balance by funds follows: Jury \$10,656, road and bridge \$9,741, general \$28,980, road bond \$11,667, good road bond \$2,984, highway \$3,835, permanent improvement \$11,213, courthouse and jail \$1,622, viaduct \$1,071, officers salary \$15,787, total \$102,182.

Here To Aid In Music Drive

Harlowe F. Dean, representative of Civic Concerts, Inc., arrived here Tuesday to assist in preliminary plans for the staging of the second annual membership drive of the Civic Music association.

Dean, who was here last year when the initial campaign attained its goal and succeeded in securing memberships in sufficient number to assure three concerts, will remain in Big Spring for a two week period, assisting local workers during the invitation period next week.

A dinner for CMA officers and workers has been set for Monday at 7:30 p. m. in the Settles hotel when all drive details will be outlined and lists assigned. The party had been erroneously announced for this week.

Encouraged by response last year, leaders in the unit hoped for an even greater measure of success this season, now that the public is familiar with the ruling that only those who secure memberships may attend the CMA concerts, of which there will be a minimum of three.

Nolan County Boys Corner Beef Prizes

Kenneth Lewis Duplicates Ft. Worth Feat; Sterling Cops In Lamb Class

Nolan county 4-H club boys, feeding under the supervision of County Agent R. B. Tate, broke a two-year winning streak of Martin county boys in making virtually a clean sweep of the baby beef division of the record-breaking third annual Big Spring District 4-H club and Future Farmers of America Livestock show.

Kenneth Lewis, 17-year-old son of County Judge and Mrs. Charles Lewis of Sweetwater and who only last week sold the grand champion of the 44th annual Southwestern Fat Stock show for a sensational \$3 a pound, topped off with honors with his 285-pound milkfed calf-grand champion of the show.

Billy Joe Payne, another Nolan 4-H club lad, took the reserve championship and Billy Arledge, also from Nolan county, had the record-breaking third annual Big Spring District 4-H club and Future Farmers of America Livestock show.

Outdressing the two previous shows by a wide margin—both in number of entries and spectators—the third annual display had 85 baby beefs, 40 lambs, six barrows and four sows with litters totaling 19. The new \$40,000 Howard county warehouse, dedicated by the show, proved ideal for the purpose.

Sterling county was as strong in the lamb class as was Nolan in the beef, taking the three top prizes in the individual division, and showing the best five from one county. Billie Nelson McClelland, Sterling 4-H club boy, had the outstanding lamb, one from the Mrs. L. Nelson ranch.

Howard county boys yielded first place in the fat barrow class to Jack Erwin, Colorado City FFA youngster, but took all other places in the big and sow classes.

After placing six of their eight calves in the money and all of them within the award class, Nolan county 4-H clubbers took the prize for the best lot of five calves from one county, nudging Martin county out of the honor. Mitchell county was third and Glasscock county fourth.

Howard county conceded to Martin county boys in the best carload of 15 calves from one county.

Individual awards by counties stacked up like this: Nolan, \$58; Sterling, \$56; Martin, \$36; Mitchell, \$17; Howard, \$17; and Glasscock, \$10.50. Group prizes were not figured in the totals, but would not materially affect the margins.

Kenneth Lewis was high winner with prizes totaling \$28. Only he, Billy Sadler of Martin county and Warren Barton of Nolan county won more than one place to spread the prize money among 27 boys from the six counties represented. In a little buying around the show, Lawrence Robinson bought the champion lamb, weighing around 110, for 20 cents a pound for Robinson & Sons. Reppe Guild bought a calf, which did not show due to wildness, from Herschel Matthias for 10 cents.

The grand champion calf was bred by Mrs. E. O. Kothmann, Mason. The reserve champion was out of the Winston Bros. herd at Snyder. Next J. Reed's calf was bred by J. C. and N. H. Reed of Sterling county. The Arledge calf came from the T. E. Arledge Estate at Sweetwater. The champion brood sow was bred by H. G. Lucas and was one of those furnished by the Kiwanis club to Howard county 4-H club boys.

George "Stud" Barnes, College Station, judged the animals. Grand champion of the county was a 398-pound heavy nurse cow sired by Sam Buchanan and fed out by Henry Moates. Reserve champion was the 690-pound heavy dry cow calf of S. F. Buchanan bredling fed by James E. Coates.

James' calf won its class while Delbert Simpson, son of Mr. and Mrs. Akin Simpson, had the top light drylot calf, a 775-pound animal bred by D. H. "Pop" Snyder.

Frank Thomas, son of Mr. and Mrs. Alfred Thiams of the Furman area, had the best lamb in the county and exhibited the best group of five in that class. Other county winners, in order named, were: Drylot heavy—John Appleton, 896-pounds; W. D. Coates, 906; Willis Winters, Jr., 876; John Appleton, 880.

Drylot light—Henry Moates, 868; W. L. Wilson, Jr., 856; Willis Winters, Jr., 850; Buddie Barr, 810.

Sheep—Wendell Lawrence, second and third places, and second in group of five.

FIREMEN CALLED OUT TWICE SUNDAY

Firemen made two runs Sunday evening, one to the Ranch Inn on the west highway where a car, reported as belonging to Roy F. Bell, was damaged by fire. The other was to the Hanzhaw-Queen Motor Co. where a barrel of kerosene had caught fire. The blaze was extinguished by the time firemen arrived, however. Another car fire, thought to have originated from a cigarette, occurred at 409 E. 3rd street. Little damage resulted.

TRUCK RUNS WILD

A loaded truck, mysteriously rolling downhill against set brakes and emergency brakes and reverse gear, bounded over a curb at 410 Nolan street and eventually came to rest in the yard of Mrs. J. W. Barnett after striking a tree. The truck, owned by Gerstard Sanders, had air-brakes set on the trailer, emergency brakes on the truck and the machine was in reverse gear. Moreover, the cab had been locked and was still locked when it completed its roll at 8 a. m. Monday.

Satterwhite A Candidate For City Job

The candidate list for the annual municipal election, to be held Tuesday, April 2, was increased by one Saturday, as public interest noticeably was turning to the forthcoming balloting.

Saturday was the last day for filing without an accompanying petition, and the last day brought in the name of W. S. (Bill) Satterwhite, manager of the Farmers Gln company here and well known in business circles.

Satterwhite made no formal announcement, but let it be known that in submitting his name for the ticket he had no "special axe to grind" or any drastic innovations to propose. His aim in serving as a commissioner, he said, would be to further the best interests of all the people of Big Spring, and to assist in maintaining a progressive and forward-looking municipal administration, with continued harmony in all activities.

Satterwhite's name is the eighth listed on the ticket; and from the eight voters who choose three members of the council, up for re-election are H. V. Jones and Elmer Cavazos (Vic Melinger, another whose term expires, is not running again); and other candidates are J. B. Collins, R. L. Cook, J. C. Loper, Ed Merrill and D. W. Webber.

Born in Mississippi October 10, 1879, Mrs. Richards was married in Meridian, Tex., in 1899, and the husband survives. They resided

Rites Said For Mrs. Hamby

Funeral services were conducted here Sunday afternoon for Mrs. Clarissa Hamby, long-time resident of West Texas and for many years a resident of the Big Spring area. Mrs. Hamby, 75, succumbed Saturday in a local hospital, where she had been under treatment for two months. She had been ill for two years.

Rites were said at the Nalley chapel by Melvin Wise, minister of the Church of Christ, and burial was made in the new city cemetery. Pallbearers were Otto Couch, J. C. Robinson, C. E. Richardson, R. F. Davis, V. W. Davis and Dick Davis.

Born in Charleston, S. C. January 6, 1865, Mrs. Hamby came to Texas around the turn of the century and was married in Big Spring in 1907 to Charles Hamby. For many years they resided north of Big Spring, and 15 years ago moved to Garza county. Mr. Hamby has been engaged in the stock farming business.

Survivors besides the husband are four daughters and a son. Two of the daughters, Mrs. H. F. Self of New Braunfels and Mrs. C. F. Clark of Hobbs, N. M., were here for the funeral. The other daughters reside in Los Angeles, and the son, Charles Hamby, Jr., lives in Kansas City.

Airmail Route Is Permanent

Placing the star route airmail service from the west on what appears to be a permanent basis was seen Monday when Nat Shick, postmaster, advertised for bids on the route to cover a three year span. Bids, said Shick, will be accepted until April 16 when they will be opened.

They call for transporting airmail six days a week from Mondays and intervening point to Big Spring in time to be dispatched over scheduled American Airlines planes later the same day. The postoffice department specified that the bids would cover the service of gathering airmail at Monahans at 2:31 p. m. and collecting it at bus stations at Odessa, Midland and Stanton for delivery at the Big Spring bus station at 3:23 p. m.

Greyhound Bus lines now has the contract for \$340 per annum. The service was instituted on Feb. 1, 1939 more or less as an experiment. The new bids cover the period from July 1, 1940 through June 30, 1943. Each proposal must be accompanied by a \$1,400 bond.

Names Listed On City Ballot

Eight men, candidates for the city commission, had their names placed Monday morning in the order they will appear on the ballot for April 2 voting.

Only two candidates—Mayor R. V. Jones and J. C. Loper, were present for the drawing although all had been notified. Names were drawn from a hat by party not connected with the city.

This was the order in which the names were drawn: R. B. Merrill, R. V. Jones, J. C. Loper, J. B. Collins, E. B. Cavazos, D. W. Webber, W. S. Satterwhite, and R. L. Cook. Unless there are other names added by means of a petition bearing the names of 50 qualified voters, this is the way the ballot will appear when voters select men for three places.

Absentee voting will start Friday and continue for 15 days until three days before the election. Entrance of names on the ballot by petition may be done until three days before the election.

Mrs. Richards Succumbs

STANTON, Mar. 18 (Sp)—Death came with stunning swiftness to a member of a prominent Stanton family Saturday, as Mrs. John Richards succumbed in a hospital at Lubbock. Victim of bronchial pneumonia, Mrs. Richards, 60, had been ill only three days, and was taken to Lubbock only Friday for treatment of a throat infection. This developed into the fatal pneumonia.

News of her passing brought widespread mourning in Stanton, where she had resided for more than 20 years, and where she was held in high esteem. She had been an active worker in the Methodist church.

The funeral service was held at the church at 2:30 p. m. Sunday, with Rev. J. R. McRaynolds of Floydada, a former pastor, conducting the rites, assisted by Rev. W. C. Hinds of Midland and Rev. Raymond Van Zandt, local pastor. Burial was in the Evergreen cemetery. Pallbearers included Poe Woodard, Claude Houston, Dr. J. E. Moffett, B. T. Hill and Jim Tom.

Martin County Farmer Dies

James Rivers Nichols, 68, farmer of the Courtney community in Martin county, died in a Big Spring hospital early Sunday, following a brief illness. He had entered the hospital last Wednesday.

Funeral services were conducted at 2:30 o'clock Monday afternoon at the Methodist church in Stanton, with the Rev. Dooley officiating. Burial was made in the Evergreen cemetery, under direction of the Eberly Funeral home. Pallbearers were A. W. Keeling, Morgan Hall, B. T. Hall, Finley Rhodes, R. Kelly, Roscoe Hazelwood, Joe Stewart and Penny Stroud.

Mr. Nichols had resided in Martin county for 15 years. He had been a member of the Methodist church since childhood, and was a member of the W. O. W.

Survivors are the wife, three sons, Elma and Oran Nichols of Stanton and Clarence Nichols of Big Spring; three daughters, Mrs. W. M. Clements, Mrs. James Jones and Mrs. Harrison Bleckley, all of Stanton; and eight grandchildren.

Jack Dearing Baby Succumbs

Marion Carlton Dearing, 12-month-old son of Mr. and Mrs. Jack J. Dearing, succumbed in a local hospital at 10 a. m. Tuesday following an illness of several days duration.

His great-grandfather, J. H. Kemp, died here Saturday of heart attack.

Surviving are the parents and these grandparents, Mr. and Mrs. H. W. Dearing and Mr. and Mrs. C. R. Bird. Other relatives include Horace W. Dearing, Deerwood, Wayne, Mary Francis and Billy Gene Dearing, Berl Martin, Claudine Holly, Randolph and Billie Bird, Mrs. W. W. Bennett, Mrs. Lee Bennett and Berline Kemp.

Rites were said at 2:30 p. m. Wednesday in the East Fourth Baptist church, officiating. Burial was in the city cemetery. Nalley Funeral home was in charge of arrangements.

Seven Certificates Issued At Close Of Scouters School

COAHOMA, Mar. 15—Seven men qualified for certificates following completion of a scout leaders training school here.

They are C. T. DeVaney, A. G. Young, C. H. DeVaney, A. W. Thompson, D. L. Townsend, George M. Boswell and William L. Forter.

It is possible that others will qualify if an evening "make up meeting" is carried through. The course opened Monday evening before a meeting of the "Men of the Churches," and included S. P. Gaskin, Stanley Mate and Jack Hodges, scout executives; Fred Mitchell, George Thomas and Earl Scott, Big Spring scoutmasters, and Rev. N. W. Pitts of Coahoma as instructors.

HERE'S NEW KIND OF TRAFFIC TICKET

A new kind of ticket is being issued by traffic officers in addition to the traditional red one which means trouble at headquarters. The new tag, on yellow paper, is given for failure to park within designated lines. It simply makes a request for the driver to observe the parking lines in the future in order to make more space available for other motorists.

SUFFERS GUN WOUND

Morris Redding, gunsmith, was released from the Big Spring hospital late Sunday after submitting to treatment for gunshot wound. The bullet passed through the lower portion of the left side of his chest and emerged from his back. However, he appeared to have suffered no serious effects from the wound.

BEER... a beverage of moderation

Jones Motor Company, New Dodge Dealer, Slates Formal Opening Friday-Saturday

Special Programs Arranged At Runnels St. Location

A new business firm in Big Spring, the Jones Motor Company, will make its bow to the public here Friday evening with an unusual formal opening beginning at seven o'clock.

Recently appointed to handle the Dodge and Plymouth line of passenger cars and trucks here, the Jones organization is successor to the former Dodge, Plymouth and Dodge truck dealer here, the West Texas Motor company.

Sales and service facilities of the new car and truck dealer are located at 401 Runnels street in an improved brick building, 50 by 140 feet. Used car and used truck display facilities will be located directly across the street at 402 Runnels street.

The dealership is headed by Henry G. Jones, identified with the retail automobile and truck business in West Texas continuously for the past 26 years—since 1914. Department heads of the new organization are L. G. Talley, office manager; Tims Carter, parts and service manager, and Charles Carter, used vehicle manager. Other members of the firm's personnel include Glen Hancock, Mack Hunt, "Kirk" Kirkpatrick, Don Carter, Pete Matlock, Bill Witt, Taylor Marshall, John West, Curtis Reynolds and Clyde Stevenson.

Friday evening's program will conclude at 11 p. m. Opening festivities will resume, Saturday, however, continuing until 11 p. m. Saturday evening at that time bringing to a close the dealer's varied opening celebration.

The affair promises to be one of the most unique and complete ever seen here. It will include tasty refreshments, clever souvenirs for each visitor regardless of age, interesting motion pictures, two special three-hour organ recitals by Brook Haven and his electric organ, and, an hour radio broadcast over radio station KBST direct from the firm's showroom from 8:00 p. m. until 9:00 p. m. Friday evening in which guests will be invited to participate.

Everything is free and the public has been invited by the new car and truck dealer to help celebrate the opening of their new business home.

Although a resident here for only the past six months, Jones is enthusiastic about Big Spring as a business and trade center and as a fine place to live.

"I sincerely hope that every Dodge, Plymouth and Dodge truck owner in Big Spring and vicinity will find it possible to pay us a visit during our formal opening," he said in outlining the firm's festivities. "If that isn't possible or practicable, then I want to say now that I do hope each and every owner will drop in for a visit with us at their first opportunity."

"We are going to have the kind of an organization of which the people of Big Spring can be proud. And we are also going to have the kind of an organization that will merit on its own behalf the confidence, friendship and good will of every car or truck owner in Big Spring and vicinity."

The first saw was said to have been made from the jawbone of a snake.

Pacific Coast Organist To Play Nightly At Jones Motor Opening

Maestro Haven seated at the console of his privately owned electric organ which he uses exclusively on all engagements.

The artistry of Brook Haven, Pacific coast organist of radio, stage and screen fame, will lend itself to the enjoyment of visitors attending the formal opening here Friday and Saturday of the Jones Motor company, newly appointed Dodge, Plymouth and Dodge truck dealers, located at 401 Runnels street.

Haven will give two 3-hour recitals nightly in the showroom of the new car and truck dealer, from 7:00 p. m. until 10:30 p. m. each evening.

Organist Haven, although still young in years, recently completed a three-year contract with the Music Corporation of America, one of the country's largest musical booking organizations, appearing at the famous Hotel Del Monte in Monterey, Calif. He comes to Big Spring especially to appear during the auto firm's formal opening. During his appearance here Haven in addition to his prepared programs will also play request numbers of visitors.

FAST-CLIMBING PLANE NEW TYPE DEFENSE AGAINST BOMBERS

ST. LOUIS, Mar. 21. (AP)—A "deadly" defensive weapon against bombers—an "interceptor" plane which can climb at a rate of more than a mile a minute—is being produced for an undisclosed foreign government at the St. Louis plant of Curtiss-Wright Corporation.

Test flights of the first plane off the production line yesterday showed it was "the fastest climbing type in the United States as well as the fastest climbing plane in the world, to our knowledge," said C. W. France, general manager of the factory.

The ship fairly leaped off the ground after a short run and the test pilot reported later he flew

vertically during part of the flight. The plane has a speed well over 300 miles an hour.

"This type of plane is much more effective than anti-aircraft batteries in combating high-flying enemy bombers because of its mobility and the rapidity with which it may be directed against an attack," France said.

COUGHS UP FREEDOM

LOS ANGELES, (AP)—When U. S. marshals took Paul Cretzer, bank robber, from his cell for a visit with his wife they didn't like the looks of his mouth. Insisting that their prisoner "spit it out," they obtained a key fashioned from a spoon. It fitted the handcuffs he was wearing.

Three 'Soloists' In Flying Club

Two members of the Ace Flying Club—a local aggregation of aviation enthusiasts—had tested their wings in solo flights this week, to join another "early bird" who took his solo hop a week ago.

First out in the club's plane—with no instructor to guide him—was Wayne Seabourne. This week, he was joined as a solo flier by Garland Sanders and Brownie Hanshaw.

Other members of the club, all of whom are taking instruction from Art Winthelmer, new operator of the municipal airport, include Bill Tate, Rowe Verschoyle, Dick Dickerson and Frank Adcock. Members purchased a Taylorcraft ship for training purposes.

BACK FROM VISIT

H. R. Grauke and family have returned from a visit with his son, R. C. Grauke, and Mrs. Grauke and son, Gary Lynn, of Ballinger. The visitors enjoyed a fishing trip while greeting old friends in Ballinger, their former home.

Soil Erosion Expert To Be In Abilene

ABILENE, Mar. 21.—Dr. W. C. Lowdermilk, Washington, D. C. is recognized as one of the world's foremost authorities on man's age-old struggle with soil erosion. Monday, March 25, he will come here to present an illustrated discussion of Soil Erosion and Civilization in the Abilene high school auditorium at 8 p. m. J. Walter Hammond, president of the Taylor County Agricultural Association, has announced.

The address, open to the public, is sponsored by the Agricultural Association assisted by the Agricultural Committee of the Abilene chamber of commerce, county agents and vocational agriculture teachers.

"We are fortunate to obtain Dr. Lowdermilk for one of the addresses he is making in Texas this month," said Hammond. "Dr. Lowdermilk has just completed a 15 months' survey in the old world for the United States department of agriculture. His discussion and the 100 colored slides he will present are based on his findings in this survey which dealt with the use of the land as it relates to soil erosion, soil and water conservation, and torrential flood control. What Dr. Lowdermilk has found

Federal Bill Proposed To Abolish Poll Tax Watched; Would Probably Mean Abandonment Of Texas Law

By ALEX LOUIS

HERALD Austin Bureau
AUSTIN, Mar. 21.—Texans who favor abolition of the poll tax as a prerequisite to voting are watching with close interest the hearing in congress on the Geyer bill.

The Geyer bill would forbid the poll tax requirement for voting in a federal election. Should it pass congress, it would prove a strong factor in complete abolition of the poll tax by the states.

Governor W. Lee O'Daniel is opposed to the poll tax requirement for voting in any election. Maury Maverick, mayor of San Antonio, is a strong opponent of the poll tax. Others from time to time have raised their voices against the poll tax.

Mrs. Homer P. Rainey, wife of the president of the University of

Texas, recently condemned the poll tax as un-American.

Maverick in a recent national broadcast declared "what we have in the South today is a voteless white class" who can't afford to pay a poll tax. Speaking as a Texas southerner and as an American, there can be no semblance of democracy or any solution of the economic problems of the South unless the southern people as a whole vote."

Passage of the Geyer bill would almost force states requiring payment of a poll tax to abolish it. Otherwise, these states would be discriminating against voters who elect state officials. A person voting for a state official would have to pay a poll tax while the person who was interested only in federal officeholders would not be required to pay a poll tax.

NON-FREEZE FIRE

CRANE, Mo., (AP)—The fire of the week was reported at Crane. A seven-day-old pile of ashes suddenly came to life in weather that would have frozen the heart of anything else. It burned the straw-thatch anti-freeze covering from a nearby strawberry patch.

The senior military officer of the United States army is the chief of staff.

INVESTMENT BURNS; THERE'S NO LOSS

WINCHESTER, Ky., (AP)—Eleven thousand dollars in bonds went up in smoke on Wall Street, but no one became excited and there was no loss.

Members of the county fiscal court and the county school superintendent assembled for the proceedings at the Wall Street entrance to the county courthouse here.

A match was touched to eleven county school bonds which had not been sold in a recent school construction program.

"THANKS FOR A LOVELY EVENING..."

A new kind of beer retailing is bringing wholesome recreation to millions of Americans!

America's new kind of beer retailer wants to sell good beer, of course... but he is also keenly aware of his social responsibility to the community. He makes sure that his place is clean and inviting—and scrupulously free of anti-social influences of any kind.

The Brewing Industry wants all of beer's retailers to be of this type. We do not want any other kind. And we are taking

action to eliminate any abuses in beer retailing that may occur.

We have instituted a new plan... now in effect in a few states and being extended as rapidly as possible... to protect your right to drink good beer in decent surroundings. May we tell you about it... in an interesting free booklet? Write: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.
