

# Judges Name Patti Ayers 1962 'Miss Mademoiselle'

## Tana Tolleson Wins Playmate Contest

By JEANNIE BOOKOUT  
Toreador Society Editor

An "Around the World" search for Tech's most beautiful coed Friday night produced Miss Patti Ayers, a blue-eyed blonde sophomore from Corpus Christi, as the winner.

"I'm so happy; I can't believe it," exclaimed Miss Ayers after she was crowned as Miss Mademoiselle of 1962 at the La Ventana Extravaganza.

Miss Tana Tolleson, freshman from Dallas, was given the Miss Playmate title as a highlight of the beauty review. Johnny Woody, co-editor of the La Ventana, presented Miss Tolleson a large white rabbit, symbolic of Playboy magazine. The '62 Miss Playmate will be featured on a three-page foldout in the Playboy section of La Ventana.

Miss Ayers was crowned by Mrs. Joan Wienke Weaver, 1961 Miss Mademoiselle, and was presented a bouquet of red roses by Bob Taylor, president of Sigma Delta Chi, professional journalistic society, sponsor of the pageant.

Tech's new Miss Mademoiselle, who stands 5'8" tall and measures 37-23-36, isn't unaccustomed to the bright lights of beauty contests. In 1960 she was named "Miss High School of America." Before that she was a winner of eight other beauty contests including "Miss Charm" of 1958 and "Miss Padre Island" of 1959.

Nine finalists, besides Miss Ayers, were named at the Extravaganza and will be pictured in the yearbook as Tech's most beautiful women. Miss Ayers will be shown on the cover page of the Mademoiselle section in color.

Named as finalists in the grand finale were Dorothy Gates, Delta Gamma; Lady Jane Henry, Delta Delta Delta; Donna King, Delta Delta Delta; Jan Mayo, Delta Delta Delta; Betty Mosher, Kappa Kappa Gamma; Linda Ann Nolan, Zeta Tau Alpha; Judith Ann Roberts, Sigma Kappa; Brenda Rogers, Delta Delta Delta; and Nan Taylor, Kappa Kappa Gamma.

Approximately 700 people were on hand at the Extravaganza to see the 29 semi-finalists vie for the Miss Mademoiselle title.

Gene Price, local disc jockey, was master of ceremonies at the show which featured an "Around the World" theme both in decor and entertainment.

The beauty contestants first appeared before the audience in swim suits to the lilting tune of "Around the World" played by members of the Tech Orchestra.

Later Tech's top lovelies, wearing long formals, came on stage from behind a large globe. The audience was treated to a close-up view as they walked down a ramp, pivoted and returned to the stage.

Variety acts were presented between the appearances of the beauties. Keyed to the setting of faraway places Miss Sharon Vinyard opened the show with a solo, "Bali Hai." Later Miss Beverly Suttle added an oriental flair with the singing of "Love is a Many Splendored Thing."

Other entertainment featured "I Love Paris" sung by Duane Hood and a Spanish number with James Bolling and Hank Shaffer who played the rhythmic "La Colomba" with bongos and guitar.

Judges for the show were Joe Riordan, David Penn and J. Collier Adams.

The ten beauty finalists and Miss Playmate will spend a three-day skiing holiday in Ruidoso, N.M., during spring vacation. Miss Mademoiselle will also receive a leather

(Continued on Page 2)

TECH'S TOP BEAUTIES

... chosen at Friday night's La Ventana Extravaganza, are Tana Tolleson, Miss Playmate, and Tech's most beautiful woman, Patti Ayers, Miss Mademoiselle of 1962.

## Tech Slates School Vote In March

A campus-wide vote on the controversial proposal to change the name of Texas Tech is set for a general election March 7, the Student Council office announced Friday.

Techsians voting in the election will express their opinions on the name change proposal and, if in favor of a change, will indicate their choice of a new name for Texas Tech.

"The election will be for our information so the Council can act for the student body," Carlyle Smith, Council president, explained.

A number of suggested name changes for Tech will be on the ballots. Voters desiring to write in other names are urged by the Council to do so.

In conjunction with the name change election, Techsians will also vote for class favorites and Mr. and Miss Texas Tech.

Candidates for class favorites will be nominated in class meetings called by the officers of each class. Announcements of these meetings will appear in the Toreador.

Campus organizations will nominate candidates for the Mr. and Miss Texas Tech title.

The results of the Mr. and Miss Texas Tech and class favorites election will remain a secret until the Coronation Ball March 9 in the new Union Ballroom.

Only the Council Election Committee will know the results of the election. The committee will report the name change vote to the Council.

Ballot boxes will be located in the Tech Union, C&O, Administration, East Engineering and Home Economics Bldgs. The polls will remain open from 8 a.m. to 5 p.m. except for the noon hour.

Voters must show their I.D. cards.

# SWC Spotlight Shines On Tech-Texas Game

AUSTIN—With Southern Methodist hosting seventh-place TCU at Dallas, the area Southwest Conference spotlight falls here in Austin tonight where Texas Tech moves into Gregory Gymnasium to play Texas University. Game-time is 8 p.m.

SMU's Mustangs and the Red Raiders of Tech are deadlocked for the league lead, with Texas A&M in third place. And with the season fading, every game is a must game.

In other SWC action, Baylor is at Rice. Arkansas played Texas A&M at College Station last night.

The Raiders came into Austin with an 8-3 conference ledger, whereas the Longhorns are all even at 5-5 and still cling to an outside chance for the title.

Even though Texas is 2½ games off the pace, they still are in the position to pull an upset. Until SMU beat them 69-64 Tuesday, the Longhorns had not been beaten at home for 19 consecutive league tilts.

The two teams have already

played one game this year, and the Raiders came out on that match, in Lubbock, by a 77-66 count.

One of the key men in the Texas attack is 6-7 Jimmy Brown. He topped Longhorn scoring in the loss to SMU with 13 points and it was also his scoring that propelled Texas past Rice in the 83-82 squeaker at Austin ten days ago. He scored 27 in the victory.

Joining Brown in the lineup will be Butch Skeete, 6-1; Jimmy Gilbert, 5-9; Ron Weaks, 6-4; and Jack Dugan, 6-7.

For Texas Tech, the starters will be Harold Hudgens, 6-10; Del Ray Mounds, 5-10; Roger Hennig, 6-4; Mac Percival, 6-3; and Bobby Gindorf, 6-4.

Reserves for the Raiders are Sid Wall, Milton Mickey, Mike Farley, Gilbert Varnell, Royal Ferguson and Mike Gooden.

Feb. 3, the Raiders beat Arkansas on the road following lack success at Dallas against SMU, and everyone thought they were "in" as conference champs, but TCU and SMU came along to beat

the Raiders in Lubbock, and at the same time SMU took five straight victories. As a result, the Mustangs are tied with Tech for the lead with three games to go.

Hudgens scored 11 and Mounds 10 in the victory over TCU Tuesday to break their scoring deadlock. Both had 168 points going into the game. Now Hudgens has 179 points and a 16.3 average, and Mounds is a point behind at 178 and 16.2.

Hennig scored 23 against the Horned Frogs to move his total to 143 points for the league campaign and a 13.0 mean. Percival made 9 Tuesday, close to his 9.6 average, while Bobby Gindorf helped his 6.6 average with a 17-point outburst against TCU.

Wall has a 4.8 average through the 11 conference games, and Mike Farley has played in all 11 games, scoring 24 for a 2.3 average. Mickey and Varnell have scored 3 and 2 points respectively for Tech. Gooden and Ferguson haven't scored yet in conference play, but both have seen action in two games.

## Basketball Listening Party Will Back Raiders At Austin

A basketball listening party for campus-bound Raider fans, followed by a dance with music by the Four Teens, will begin at 8 p.m. today in the upstairs Ballroom of the Tech Union.

Freshman basketball players will keep a blackboard tally for students during the game between

Tech and the Texas Longhorns in Austin, according to Karen Moore, Union program director.

Tables will be set up in the Ballroom for students to study or play cards, checkers and chess during the game, she added.

The dance will begin at 10 p.m. and the Four Teens will provide music until midnight.

## Judges Name...

(Continued from Page 1)

photograph album filled with pictures of the memorabilia event.

Appearing also in the country-by-country presentation were Diane Baker, Chi Omega; Judy Boney, Delta Delta Delta; Sandy Broxton, Delta Delta Delta; Nadyne Faulkenberry, Chi Omega; Sheila Fletcher, Delta Delta Delta; Gay Gillespie, Delta Delta Delta.

Susan Graham, Pi Beta Phi; Krista Heimberg, Horn Hall; Janette Heflin; Julia Ann Herrell, Alpha Phi; Holly Hunt, Delta Gamma; Carole Kay Jobe, Kappa Alpha; Kay Karrh, Delta Delta Delta.

Frances Rader, Knapp Hall; Judy Richerson, Kappa Kappa Gamma; Kay Sanders, Delta Delta Delta; Ann Schmitz, Delta Delta Delta; Latrice Teague, Zeta Tau Alpha; Tana Tolleson, Zeta Tau Alpha.

Miss Playmate candidates were Patti Ayers, Alpha Delta Sigma; Joy Crain, Tyrian Rifles; Suzy DePauw, Phi Delta Theta; Freddie Gerlach, Pi Kappa Alpha; Melinda Harrison, Delta Tau Delta.

Penny Kaytis, Bledsoe Hall; Carol Kerfoot, Kappa Sigma; Joyce Oliver, Bledsoe Hall; Janie Richards, Thompson Hall; Denise Rose, Carpenter Hall; and Sharon Vinyard, Army ROTC Brigade.

## Raider Roundup

### UNION MOVIE

"The Third Key," a British suspense movie starring Jack Hawkins, will be shown at 2:30 p.m. Sunday in the upstairs Ballroom of the Tech Union.

### RUSH TEA

Girls with a 1.5 overall average and six hours in commerce are invited to attend a rush tea sponsored by Phi Gamma Nu, women's business honorary, from 2 to 5 p.m. Sunday in the Ballroom Lounge of the Tech Union.

### CHEMICAL ENGINEERING WIVES

The Association of Chemical Engineering Wives are to meet at 7:30 Monday night in the Southwestern Public Service Company meeting room downtown.

### PSI CHI

A program will be presented for the public by the Texas Tech chapter of Psi Chi, national psychology organization, at 2 p.m. Sunday in the Municipal Garden and Arts Center. Dr. Beatrix Cobb, professor of psychology at Tech, will participate on the program.

## Thetas Choose New Officers

The Gamma Phi chapter of Kappa Alpha Theta Monday elected officers for 1962.

They are Carol Jean Francis, president; Karan Fickert, vice president; Ginger Graham, corresponding secretary; Sherry Proffer, recording secretary; Julie Minkus, treasurer; Susan King, editor; Kay Kagay, Fanhellenic; Sue Hoskins, house manager.

Jimmie Bibb, archivist; Suzy Hawkins, chaplain; Ann Orrick, historian; Carol Nichol, marshal; Ann Atkinson, parliamentarian; Dianne Carrol, song leader; Carol Fursman, AWS; Mary Kay Pearce, rush chairman; Johnny Mathers, social chairman.

Elected also were Jan Justice, scholarship chairman; Ann Kollberg, activities chairman; Sara Tubbs, fraternity education chairman; Cherie Cailloux, float chairman; Barbara Hill, intramurals chairman; Norma Batties, efficiency chairman; Sara Tubbs, BSO; Ginny Lee, courtesy chairman; and Ginger Graham, party chairman.

## Lending Library Offers Variety

The Record Lending Library is now open from 8 a.m. to 12 a.m. and 1 p.m. to 5 p.m. Monday through Friday and 8 a.m. to 12 a.m. on Saturdays for greater student convenience.

The library is located in the program Council Office of the Tech Union and contains all types of records. Hi-fi records may be checked out for a week for 10 cents each, and stereo records are available for playing in the main lounge.

## perpetual motion?

No! But scientists and engineers at Ford's research and scientific labs do deal in perpetual notions—and they have more than a few about what might be commonplace in the future, some of them just as startling.

Studies at Ford involving new energy sources and improved materials may help bring jet-propelled cars with gyro stabilizers... automatic driving controls... flying automobiles and wheelless vehicles that glide on a cushion of air... vehicles propelled by atomic energy... plastics with the strength of conventional metals... adhesives that replace welding... radar and other electronic controls to assist or replace the driver in many situations.

Basic studies in these and other fields are just part of a continuing program of progress aimed at reinforcing Ford's leadership through scientific research and engineering.

AFROTC AWARD goes to Cadet Col. Carl McKenzie

## Cadet Gets Top Honors

Carl McKenzie, Lubbock senior, was awarded the AFROTC's Professor of Air Science award for outstanding service as a cadet last semester at a formal parade and review Thursday.

Other outstanding cadets of the semester were also recognized. Joseph Giles, Lubbock, was named outstanding junior; Donald Moore, Midland, outstanding sophomore; and Dennis L. Schwartz, Dallas, outstanding freshman.

Lt. Col. George R. Hull, professor of air science, presented the awards.

McKenzie, a pre-law major, was commander of the AFROTC cadet corps last semester and president of the AFROTC Assn. He is in the Arnold Air Society and Saddle Tramps, and has served on the Board of Student Organizations, and the Tech Union program council. He also has been named to Who's Who in American Colleges and Universities.

## Committee Extends Deadline For Tech Art Contest Entries

The Texas Tech Campus Art Contest deadline entry has been changed from Feb. 22 to Feb. 28. Preliminary judging will be March 4 and finals will be March 11.

The art contest is sponsored by the Exhibits Committee of the Tech Union. All art work is to be turned in to the Program Council office.

Entries will be taken in oils, wa-

ter colors, sculpture, drawings and Caseins. The work must be done by students of Tech, but not under craft supervision. All entries will be available for sale unless marked "not for sale."

Prizes will be awarded to the winners in each division and winning entries will be displayed in the Union. First place winners will be presented a blue ribbon and \$10.

## Smith Reports To Forum On Student Council Work

"Action must be taken by next year if the school name is to be changed," Carlyle Smith, student council president, told the noon meeting of Friday Forum.

In an attempt to answer the question "Is the Student Council Doing Its Job," Smith continued with the "name change" plank in his campaign platform.

The council in the name of the student body will take a stand after the "referendum" election March 7. This stand will put the student body on an equal footing with ex-students and faculty members on voting for the issue.

"With council support the one dollar fee for La Ventana pictures was instituted again," enumerated Smith. "Also the initiation of a daily newspaper will begin next year, with council help."

On the parking problem, Smith only commented that progress was being made and that committee findings were forth-coming.

Along with the athletic recruiting program that has been established, film programs will be taken by Tech students to high schools in an attempt to encourage them to go to college, preferably Tech.

A visitation program, similar to that of the athletic department, for large groups to visit Tech will begin this spring.

Also new to the student council this year is the addition of the cheerleader and class project responsibility.

"Each needed financial backing assumed now by the council," reported Smith.

When challenged about the lack of interest on campus about controversial affairs, Smith replied, "We don't need the kind of interest

that caters to radicals and minority groups." He went on to add that the council had to represent all the students, not one faction.

Smith summed up by saying, "I would rather see the council complete a good program and let it stand for itself than have a lot of publicity 'hull-a-balloo'. We are not an organization that needs it."

# From Politics To Pool

*j. petty*

A story the Toreador carried Thursday concerning John Glenn's flight into outer space drew this letter:

AN EXPLANATION, PLEASE!

To Whom it may concern:

In the February 22nd issue of the Toreador, I was extremely disturbed to read that one boy said, in reference to Col. John Glenn's orbital shot Tuesday, "I don't give a damn if he makes it or not!"

You, whoever you are, have a hell of an attitude toward something so serious and so vital as this shot was to our country and also to the rest of the free world. From a military point of view and from a propoganda point of view, this flight has raised the prestige of the United States tremendously.

The hopes and prayers of millions were with Col. Glenn Tuesday for his success and safe return. Where were yours? Glenn is an American—a human being—a very brave man! Would you actually not have given a damn if he had not returned? I hope not.

By your showing such an extreme lack of interest in American achievement, one of these three conclusions must be drawn:

- (1) You are a very poor example of an American citizen.
- (2) You are a little on the pink side.
- (3) You didn't feel well that day and didn't know what you were saying. (If you were sick, please let us know and we won't hold it against you.)

I, and many others, I am sure, would like to have an explanation, please, of your rash statement.

Sincerely yours,  
Jimmy Porter  
Box 4438  
Tech Station

I couldn't agree with Mr. Porter more. It seems to me that the flight has been one of the few incidents in the past two decades that have really cheered the American people.

Whoever made the statement, I would hazard a guess, didn't really mean it—he or she was trying to be cute. Fortunately, no one thought it was.

\* \* \*

I'm hoping the basketball team can take Texas tonight on their home court. It won't be an easy assignment but the Raiders have to win it in order to stay in the title race. They have the material and the know how . . . I believe they can turn the trick.

SMU has proven to be the surprise team of the conference so far. However, I believe that somebody is going to knock them off—they have been riding much too high.

# THE TOREADOR

Serving Texas Tech Since 1925

THOUGHT FOR TODAY—If you lend you either lose the money or gain an enemy.

## Students Speak

# Sounding Board

Reaction among Techsans to the Toreador "Ban the Cars" editorial ranged from a strong condemnation of the Toreador editor to enthusiastic approval of the proposal.

The question, "What is your opinion of the proposal to ban traffic around the circle?" was posed in a random poll of students, including several from off-campus residences.

The Toreador editorial proposed that automobile traffic be banned from the main circle from 8 a.m. to 5 p.m. during class hours five and one-half days a week.

When faced with the question, Steve Benno, a sophomore math major, responded, "It is one of the prettiest drives on campus and I don't believe they would have put it on campus if we weren't suppose to drive around it."

He added, "If they are so worried about the present traffic problem, then what kind of a mess do they think we'd have if we couldn't even drive through the campus."

"I think it is a good idea . . . because there is so much confusion between classes," Kay Webb, a junior elementary education major, commented.

Al Brown, a freshman arts and sciences major, answered, "Well, I don't have any trouble going to class. I think the proposal to ban traffic is not important. I haven't had any trouble crossing the streets as of yet."

"I'm against the traffic ban on the circle because it is a major traffic artery," Eddie Gloyna, a senior civil engineer major, replied to the question.

"I think Ralph Carpenter (Toreador editor) is an instigator. He is always trying to instigate something," Gloyna added.

One off-campus student came up with a new idea. Gary Thomas, a sophomore electrical engineering major, said, "I don't agree with banning the traffic entirely. They should have the lights fixed so the traffic is stopped just before and after classes are dismissed."

Commenting on his idea, Thomas mentioned that the University of Southern California used that system when he was there.

Another off-campus student, Leo Smith, a sophomore architecture major, commented, "Well, I think the traffic around the circle is a definite problem in getting from one building to another. I think banning the traffic around the circle would be a good idea."

"The off-campus students don't really need this area. There are lots of places we could come through," he concluded.

Susan Dallas, a freshman majoring in commercial arts, said, "I am against it because I live off campus and it would inconvenience me. Anyone with a car to park would be limited to only two parking places and this would take up time walking to classes."

Richard P. Ward, a freshman honors student majoring in math, reacted, "Since the library parking place will be the only one affected, I don't see why anyone should have to drive on campus. There are plenty of access roads. We have to walk from class to class anyway."

Pointing, Ward said, "While they're at it, they should chop down the little red sign in front of the library."

# AP Analyst Views News

By J. M. ROBERTS  
Associated Press News Analyst

Soviet Premier Khrushchev's preference maneuvers forecast clearly that the forthcoming 18-nation disarmament meeting in Geneva will follow all of its predecessors down the drain of propoganda washout.

He has already said that agreements will not be reached except on Soviet terms—which everybody knew anyway.

By calmly ignoring his demand that they meet him, British Prime Minister MacMillan and President Kennedy will reduce his sounding board and force him to deal with lesser lights if he goes to Geneva at all. He didn't earn much when he tried that sort of thing at the U.N. General Assembly in 1960.

The United States is engaged in guerrilla warfare in more than the ordinary sense of that term. Political warfare these days is just as jungle tactics are different from the trench warfare of 1918. Standing utterly cold and assured instead of reacting to all the bait is a tac-

tic which the West seems to be learning.

A side bet: That if the proposal to change the name of Cape Canaveral to Glenn ever reaches the point where he is consulted, the astronaut would surely veto. He is a great hero. But Canaveral is the jet nozzle through which a great national effort is projected, an effort which was not begun by Glenn, and will by no means end with him.

He said it himself, accepting the acclaim as the representative of all those who made the flight possible.

It is the Cape of U.S. aspiration, and the name doesn't matter.

Secretary of State Dean Rusk made the Davidson College basketball team 30 years ago. I could not do it 10 years before that. Today he'd have to stretch to wipe the brows of most modern players.

**Ambassador Interest Rises**

# Applications Increase

Four more Tech students have submitted applications to serve as Lubbock's 1962 Community Ambassador. An ambassador will be named in April to represent the city on an eight-week trip through a foreign country.

Jimmy Foster, Diane Abbott, Bette Carole Poff and Patsy Ellen Tonroy are the newest applicants from Tech. Last week Carolyn Sue Morrow and Richard Lee Brown applied to serve on the Ambassador program.

The program is open to anyone 19-30 years of age who is a high school graduate and has lived in the Lubbock Public School district for at least a year.

Deadline for obtaining entry blanks is noon today. They may be acquired through the special events office at the Chamber of Commerce. The forms must be completed and returned to the special events office no later than 5 p.m. Wednesday.

Jimmy Foster, freshman Spanish major, has spent a part of the past three summers in Mexico. During one summer, he worked as a laborer with Spanish-speaking people as he toured the country.

Diane Abbott, a junior Spanish major, has been studying the Spanish language since 1945. She also speaks French and Portuguese. Miss Abbott has lived in Chile and Mexico with her family.

Bette Carole Poff is a sophomore liberal arts major. She is in her

fourth year of studying French and has worked as a counselor at a camp in Cuernauca, Mexico.

Patsy Ellen Tonroy was the sixth applicant to enter the ambassador program. She is a junior who has studied Spanish for five years. She also speaks French.

The all-expense paid trip is part of an experiment in international living. The three countries selected by the Chamber's Community Ambassador committee at a recent meeting for the 1962 representative to visit were in order of preference, Argentina, Yugoslavia and Israel.

**Fish Move Dance**

The Fish Twist, an all school dance sponsored by the freshman class, is set for the night of March 3.

It will not be in the downstairs Ballroom of the Tech Union as originally planned, but will be in the Tech Rec Hall. The dance is scheduled from 7:30 until 12 p.m.

**Backstage with Fred MacMurray**

"I'm not a dedicated actor," confesses Fred MacMurray. In this week's Post, he tells about the "accidents" that made him a star. How he nearly passed up his role in "My Three Sons"—now a hit on ABC Television. And how he gets along with his TV kids.

With Fort Worth Meet

# Outdoor Track Starts

Texas Tech's track team begins its outdoor season at the Southwestern Recreation Meet in Fort Worth March 30.

Five lettermen return. They include team captain Curtis Hart of Andrews, 440, 880 and relays; Guy Golden of Stephenville, 880 and

mile relay; Bob Swafford of Abilene, hurdles and relays; Bake Turner of Alpine, broad jump, hurdles, relays, javelin, and Franklin Wood of Stephenville, dashes and relays.

Broad jumper Roger Gill of San Antonio and discus thrower Richard Stafford of Matador are squads returning. Gary Don Bowe of Happy, in the 880, is a junior college transfer, from Lubbock Christian.

Sophomores include Ronny Biffle of Anton, hurdles; Walter Cunningham of Galena Park, sprints; H. L. Daniels of Marshall, weights; Norman Donelson of Stanton, 440 and relays; Don Mason of Brownfield, 440 relays; Bill Meador of St. Jo, distance events; and Ronny Sessums of Lubbock, distance events.

Remainder of the Red Raider

schedule includes: Mar. 10—triangular with New Mexico, Texas Western at Albuquerque; Mar. 17—West Texas Relays at Odessa; Mar. 24—Quadrangular with Abilene Christian, Texas A&M, Houston at Abilene; Mar. 31—San Angelo Relays; Apr. 6-7—Texas Relays at Austin; Apr. 14—Texas Western Relays at El Paso; Apr. 28—Red Raider Relays at Lubbock; May 3—Quadrangular with Texas Christian, Southern Methodist, Baylor at Waco; and, for qualifiers, May 26—Texas Senior College Meet, Houston; Jun. 9—Meet of Champions, Houston; Jun. 16—National Collegiate of Eugene, Ore.

Several of Coach Don Sparks' Red Raiders have already competed in four indoor meets—at San Antonio, Lubbock, Fort Worth and Odessa.

## Boxing Champ Dies

FORT WORTH (AP) — David Buzzell, 22, former Golden Gloves champion, died of a hemorrhage suffered during a sparring match at Arlington Wednesday.

Buzzell was injured while working out with a companion. Buzzell was a regional Golden Gloves welterweight champion in 1958.

## Coaches Receive Positions

Duty assignments within the Texas Tech football coaching staff were disclosed this week by Coach J T King.

Willie Zapalac, who was defensive backfield coach, has been named defensive coach with direct responsibility for linemen and linebackers.

Joe Blaylock, formerly with Tulane, who succeeded Matt Lair on the staff, will be in charge of ends, both defensively and offensively. Jim Wright, freshman aide last year, will coach the three deep backs; that is, the halves and safeties.

Continuing with last year's assignments will be Merrill Green, offensive backs; John Conley, offensive linemen; and Berl Huffman, freshmen. Blaylock, Wright and Huffman will handle scouting. Spring training is to start Mar. 15.

## Swim Team Competes In Colorado

Tech's Red Raider swimmers out-lengthed Colorado University Thursday night and moved on to the Golden, Colo., meet.

The Raiders snatched the champ title from Colorado U. by winning the 400-yard freestyle relay in a time of 3:41.0.

Charles Bleil was highest scorer for Tech with 7 3/4. Jack Shipley was second with 6 3/4.

Tech placed first in five of the eleven races. Raiders won in the 400-yard medley relays, 2100-yard individual medley, 200-yard butterfly, 200-yard backstroke and the 400-yard freestyle relay.

The next scheduled meet for the swimmers is set for today at the Air Force Academy in Colorado. Tech races Oklahoma University along with the Air Force.

On Feb. 27 Eastern New Mexico will meet the Raiders at Tech. The Southwest Conference Championships will be held in Dallas March 8-10.

The results of the Golden Meet were not available late Friday night.

### ENGLISH PROFESSOR WRITES ARTICLE

Mrs. Grace Wellborn wrote an article, "The Mystic Seven in 'The Scarlet Letter,'" which was published in the winter 1961 edition of "South-Central Bulletin," a literary publication. Mrs. Wellborn is an assistant professor in the English department.

**Old Spice SUPER SMOOTH SHAVE**

## SUPER SMOOTH SHAVE

New "wetter-than-water" action melts beard's toughness—in seconds. Remarkable new "wetter-than-water" action gives Old Spice Super Smooth Shave its scientific approximation to the feather-touch feel and the efficiency of barber shop shaves. Melts your beard's toughness like hot towels and massage—in seconds.

Shaves that are so comfortable you barely feel the blade. A unique combination of anti-evaporation agents makes Super Smooth Shave stay moist and firm. No re-lathering, no dry spots. Richer and creamier... gives you the most satisfying shave... fastest, cleanest—and most comfortable. Regular or mentholated, 1.00.

### Why Fred MacMurray wanted no part of TV

"I turned down so many TV shows," says Fred MacMurray, "that I lost count." In fact, he nearly passed up "My Three Sons"—now a hit on ABC Television, in this week's Saturday Evening Post, Fred tells how he was dragged into the show. And why his writers don't want pretty girls on the program.

### Ball Player Walks Home After Game

MUNCIE, Ind. (AP) — Losing can become particularly hard in Indiana basketball.

After Selma lost to Harrison Township 65-44 in the annual high school sectional tournament Thursday night, Selma regular Larry Joe Wright was seen trudging along the highway to Selma, head down. Offered a ride by fellow students, Wright replied:

"No thanks. I played such a lousy game I'm going to walk home. Home was seven miles away."

A FAMILIAR SIGHT—is this shot by Tech's 6-10 center Harold Hudgens. He'll be one of the mainstays for the Raiders against Texas University tonight.

10 Blankets To Be Awarded  
**WIN A TECH EMBLEM BLANKET**

on display in Campus Bookstore  
It's easy! Here's all you do:

FIRST: Estimate the number of DUAL FILTER TAREYTON Cigarettes in the TAREYTON Bowl on display in the campus bookstore. SECOND: Deposit an empty DUAL FILTER TAREYTON package wrapper or reasonable facsimile with your estimate and name clearly indicated thereon in the receptacle located in the bookstore. Save your DUAL FILTER TAREYTON wrappers — enter as often as you wish. Five winners each week for a two week period.

CONDITIONS: 1. Contest is limited to students and faculty. 2. Contest winners will be posted on the bulletin board in the bookstore on Mar. 5 and Mar. 12 at 9:00 a.m. 3. In the event of ties, a special runoff will be conducted. 4. Contest closes March 10. 5. Limit one prize per person.

### YWCA Presents Spanish Course

Registration for an eight-week course in conversational Spanish at the YWCA continues through Tuesday.

Classes will be conducted at 1641 Broadway from 7:30 to 9 p.m. Monday and Tuesday of each week. Registration fee is \$10 and \$2.50 for YWCA dues.

### Ag Engineers Vie For Cash Awards

Five Tech seniors have entered a farm structures masonry design contest sponsored by the engineering department.

Those entered are Bob Hejl, James Byrd, Gene West, John Ford and James Zetzche. They are all members of Agricultural Engineering 438.

### Panel Discusses World's Religions

"Great Religions of the World" will be the topic for the panel discussion at the Thursday Night Forum, beginning at 7 p.m. in the upstairs Ballroom of the Tech Union.

Panel members will be Dr. Ivan Little, Rabbi Alexander Kline, Rev. Calvin Froehner and Mohamed Ayoub.

## Students Use 'Greek' Skillfully At KTXT

"After cuing an L.P., the easiest thing to do while working the board is to open the mike. Synchronizing the pots to keep the V.U. at a hundred is a delicate operation, although background noise never affects the turntable or the mike. Tracking is permissible only when running a live remote through the mixers."

Greek to you? Well, maybe, but to the staff of Tech radio station, KTXT-FM, this is everyday language. The 35 students eat, drink and sleep this radio jargon in their attempt to maintain a public service and cultural medium for the Tech campus and the community of Lubbock, and at the same time learn the interworkings of a radio station.

KTXT-FM was established on the campus in 1961. Broadcasting over a frequency of 91.9 megacycles, it covers almost two-thirds of

Lubbock. The non-commercial station operates from funds received from the Student Association and from funds appropriated by the speech department.

"Programming attempts to bring a well-balanced schedule of good and popular music, informational programs and special broadcasts of events on campus, such as the Carlos Montoya concert," said Marilyn Caplinger, program director.

Broadcasting hours are from 2 p.m. to 12 p.m. Monday through Friday and from 12 noon to 12 midnight Saturday and Sunday. The hours are limited only by the lack of student personnel and records.

All types of positions are available for those interested in radio work. They include publicity, programming, remote engineering, on-the-air announcing and engineering.

"The only qualification for staff members is the desire to work and learn. No experience is necessary and the work schedule will not interfere with the student's classes. A clear pleasant voice is an advantage, also," remarked Charles Buzzard, radio sponsor.

Free publicity can be obtained through KTXT-FM for various activities scheduled on the campus or in Lubbock, according to Kay Moxley, publicity director. Organizations can send announcements of forthcoming events to the station a week in advance and the station will make a minimum of five spots for each one.

"Our job is to serve the public. We would like the opinion of our listeners on what they like and dislike and suggestions for improvement," Don Franklin, station manager, said.

### How is L.B.J. getting along with his boss?

In public, Lyndon Johnson and J.F.K. shower each other with praise. But in the past, there's been some friction between the V.P. and White House staffers. In this week's Post, you'll learn how big a part Johnson plays in White House decisions. And whether he still has his eye on the Presidency.
