

Nazis March Into Unoccupied France; Parachute Troops Moved Into Tunisia

Defeat Of The Axis Pledged By FDR In Armistice Day Speech

WASHINGTON, Nov. 11 (AP)—President Roosevelt, honoring the dead of past wars on this Armistice Day, declared at Arlington national cemetery today that the German Nazis and their "appropriate associates, the Japanese" face "inevitable, final defeat."

Mr. Roosevelt made this forecast of Allied victory after placing a wreath on the tomb of the unknown soldier of World War I. Looking on was America's 82-year-old leader-hero of that conflict, General John J. Pershing. In speaking at the cemetery, which is the burial place of thousands of dead of past wars, the president followed a routine of more peaceful years.

Referring to recent war developments, Mr. Roosevelt said the United Nations were being joined by "large numbers of the fighting men of our traditional ally, France."

North Africa Resistance Collapses

Hitler Rushes Men Into Tunisia To Head Off Allies

LONDON, Nov. 11 (AP)—Collapse of organized resistance to American occupation forces in northwest French Africa appeared to be all but complete today and Adolf Hitler rushed forces into Tunisia to forestall an extension of the Allied coup to the central Mediterranean.

The Vichy commander at Casablanca sued for an armistice at that vital Atlantic port of entry for expeditionary forces, and dispatches from Allied headquarters in North Africa disclosed that American troops were in firm occupation of Rabat, the Moroccan capital.

An Allied spokesman said some of Hitler's air-borne troops and warplanes had landed in Tunisia, and British radio reports added that Italian marines had taken possession of the Tunisian naval base of Bizerte in order to maintain their control of the narrow part of the Mediterranean where the French African coast comes within 130 miles of Sicily.

Allied spokesmen said they had no knowledge of any American or British troops reaching Tunisia where they might dispute the German movement, although the Berlin radio claimed that American troops had been attacking Tunis, the capital, since this morning.

The Vichy radio declared that there had been no Allied landings east of Algiers and that there were no Allied military operations as yet in Constantine, the area of East Algeria.

French radio reports continued to emphasize the arrival of American and British convoys in the Mediterranean area, and quoted observers at La Linea, Spain, as saying several thousand British, American and Canadian troops were now at Gibraltar.

Two cruisers, four destroyers and a large transport entered Gibraltar harbor early this morning, joining a battleship, three aircraft carriers, four cruisers, 11 destroyers and five transports already in the harbor and 38 merchant ships in the bay, this report said. Among the merchantmen was the French ship Caudoubert.

The Vichy radio announced that Admiral Micheller, the French commander at the Moroccan port of Casablanca, had been compelled to ask an armistice because "after three days of fierce fighting all means of resistance are exhausted."

Collapse of the fight there followed the surrender of Algiers on Sunday and the entrance of American troops into Oran yesterday. These were the three chief centers of resistance in Algeria and Morocco.

Bizerte in Tunisia is the best and largest naval base in French North Africa and is about 40 miles from Tunis, the capital. The Tunisian coast is about 130 miles from Sicily, the shortest distance between French North Africa and Italy.

It was announced that Lieut. Gen. Kan Anderson is commanding British troops, the vanguard of the several divisions sent to North Africa to reinforce the Americans, and that Air Marshal Sir William Welsh is commanding the RAF in that area.

French naval forces which had comprised the backbone of resistance at Casablanca was practically wiped out before the commander there sought an armistice, and British observers believed that an armistice for the entire area of Morocco and Algeria would follow speedily.

Hitler's move into Tunisia, aimed as a counterstroke to Lieut. Gen. Dwight D. Eisenhower's American and British North African operations, placed the Germans in momentary command of the narrowest point of the Mediterranean. A large German-Italian air center is at Sicily.

The landing also drove a thin wedge between Eisenhower and Marshal Erwin Rommel's defeated axis army in Libya.

Football Game Starts At 2:30

The Big Spring-San Angelo football game starts this afternoon at 2:30. Starting time previously had been announced as 2 o'clock, but school officials late this morning gave notice of the new hour.

1940 Armistice Scrapped, French May Put Up Fight

By The Associated Press

LONDON, Nov. 11.—Goaded by the American coup in Africa, Adolf Hitler scrapped his armistice with France today, sent his grey-clad columns racing south toward Toulon and Marseille, and launched parachutists and air-borne infantry into French Tunisia.

The Mediterranean took its grim place as the great new front of the war. Reports from Vichy said Marshal Petain declared the armistice no longer in effect (which could return undefended France to a technical state of war with the axis), and that he would make no move to interfere with whatever resistance the French could put up.

The wedge-shaped French protectorate of Tunisia, through which President Roosevelt asked passage for American forces from Algeria to Libya, loomed as the first contested prize.

German broadcasts, perhaps seeking an excuse for axis troop action, said Tunis, the capital city, "has been attacked by United States troops since Wednesday morning," and declared that the garrison there was resisting.

Axis forces already were there. An allied headquarters spokesman said Nazi combat

planes and air-borne soldiers had been moved into Tunisia "for some little time." BBC said port of Bizerte, and other reports told of German parachutist landings.

Italian Marines Had Occupied the Tunisian

Lieut. Gen. Dwight D. Eisenhower's powerful AEF was racing for a cleanup in Algeria and French Morocco.

French defenders of the key Atlantic port of Casablanca were reported to have asked for an armistice today after their defenses were shelled from the sea, dive-bombed from the air and assaulted by armored columns from the land.

From Algiers other American columns were reported striking southwest toward Tunisia and Libya, but a spokesman at the allied headquarters said he did not know whether American or British troops were in Tunisia.

German and Italian troops alike moved into southern France while Marshal Petain, the hero of Verdun and the tired old man of Vichy, protested sadly in vain.

Hitler sought to undercut whatever resistance the French might yet offer. In a lengthy message to Petain he posed as France's friend. In a message to Frenchmen he cast himself in the role of their guardian against American attack upon Corsica and the French south coast.

"The German government has known for 24 hours that plans of these operations (in North Africa) provide that the next attack will be made against Corsica, in order to occupy that island, and against the south coast of France," he said.

As German troops swept past Vichy and Italians moved in along the Riviera coast, Marseille was ordered under nightly curfew.

Italy showed her mounting alarm by ordering civilians out of her Ligurian seacoast from Genoa to La Spezia opposite Corsica.

The terms of the Compiegne forest armistice were violated by Adolf Hitler's order for a sweep by Nazi troops through unoccupied France and Marshal Petain protested quickly to German Field Marshal Karl Rudolf Gerd von Rundstedt. A Vichy radio broadcast appealed to the French people to rally behind the aged Petain.

German divisions pushed southward. One arm of the German forces headed directly toward Marseille, France's major Mediterranean port, and Toulon, her major naval base, by way of Lyon.

Italy said she was in full agreement with Germany on the necessity for this action on the 24th anniversary of the World War armistice, and fascist forces moved into France.

For Italy, the occupation probably will mean even greater domination by the senior axis partner, as described by Secretary Hull, to maintain the pretense of recognizing Vichy.

Defection of the French General Henri Honoré Giraud and possibly other eminent soldiers and statesmen, some already in North Africa, would provide the broad basis which some quarters maintain Gen. Charles De Gaulle has always lacked for a broad government in London.

Hitler Sends Message To Petain

"This is a most significant Armistice Day," a British source said. "It must be remembered that 24 years ago on this date another German army was marching — marching back home because it had suffered a great defeat. Today we have another German army on the march — because it has suffered defeat. It suffers well for the allied cause."

LATE WAR BULLETINS

LONDON, Nov. 11 (AP)—The French fleet still is at Toulon, its Mediterranean base, the Vichy radio declared late today.

LONDON, Nov. 11 (AP)—A Reuters dispatch from the French frontier said today that Marshal Petain and Gen. Maxime Weygand had left Vichy for an unknown destination.

U. S. CORRESPONDENT WITH A. E. F. IN NORTH AFRICA ALLED HEADQUARTERS IN FRENCH NORTH AFRICA, Nov. 11 (AP)—Lieut. Gen. Dwight D. Eisenhower, Allied commander-in-chief in North Africa, disclosed today that Rabat, the French capital of Morocco, is in American hands.

BERN Switzerland, Nov. 11 (AP)—The staff of the United States embassy and American newspapermen left Vichy this

afternoon on a special train for Lourdes, in the Pyrenees, according to telephoned advices from Vichy. They are expected to be interned at Loulges until an exchange can be arranged.

NEW YORK, Nov. 11 (AP)—A German broadcast quoting foreign office spokesmen declared today that Marshal Petain's protest against the marching of German troops through Vichy France was nothing more than a "formal remonstrance" and emphasized that the Vichy government had instructed military and political authorities to offer no resistance.

LONDON, Nov. 11 (AP)—A broadcast by the German-controlled Paris radio said today that 1,000 arrests had been made in Lisbon in suppression of what the announcer called a "communist revolt" in the Portuguese capital.

One was addressed to "Frenchmen, officers and men of the French army." The other was directed to Marshal Petain, the elderly chief of state.

"The German government has known for 24 hours that plans of these operations provide that the next attack will be made against Corsica, in order to occupy that island, and against the south coast of France," he said.

"In these circumstances I feel compelled to order the German army immediately to march through the unoccupied zone—and this is now being done—and to march to the point aimed at by the Anglo-American landing troops."

Again and again he insisted that, as far as the French were concerned, it was a friendly maneuver. "It has a single aim—to repel, together with its allies, any landing attempt by the Anglo-American forces," he said.

Immediately withdrawal of the troops across the line was pledged "as soon as the situation in the Mediterranean is improved to the point that it is no longer imperiling the interests of the Reich in maritime France."

The necessity for moving into the unoccupied zone was largely blamed upon Gen. Henri Honoré Giraud, the veteran French officer who escaped from Nazi imprisonment and is establishing a French North African army with U. S. aid to fight alongside the Allies.

Hitler assailed Giraud bitterly in his message to Petain as a French general who "during his captivity simulated illness" in order to escape and had decided "not to fight from now on against Germany in the services of the Anglo-Saxon nations, the authors of the aggression, but also against his own country."

New Group Of Selectees Off For Induction

The first November quota of Howard county selectees was filled by a group of registrants who left by bus at 7:15 o'clock this morning for the induction station at Lubbock to take army physical examinations.

Those accepted will be given furloughs pending call to active duty at the Fort Sill reception center.

Included in the group were many men who were married prior to December 8, 1942, and who recently were re-classified I-A.

Four registrants scheduled to leave with the party failed to appear.

Otis Oren Craig, volunteer officer candidate, was leader, and Curtis Ellis Warren assistant leader. Others in the party were Popper Lee Motley, Lee Corbit Leavermilk, Edgar Leon Lowe, Lenard Wilkerson, Eldon B. Morrison, Orvia Hale Walker, Frank Johnson, Lupa M. Torres, Willie Hurts Perry, George Lewis Marler, Dale Nathaniel Reid, John Lewis Dorson, Venus LeRoy Mitchell, Emalee Veron Willis, Vadis Rawls Lemon, Clifford Leroy Marsh, George Edward Camp, James Dawson Lee, Alvin Cecil Hendrix, Cecil Eunsard Shannon, Paul M. G. C. Broughton, Jr., and Cecil Stafford Hunter.

Sam Ralston, local registrant, was transferred to Flagstaff, Ariz., and Alvis Lee Mason to Berkeley, Calif.

Transfers from other boards who accompanied the local selectees were Bias Gerra Ballon, Stanton; Juan Lopez, Uvalde; Clinton Brooks Sterling, Mission, and William Roy Colwell, Nashville, Tenn.

New Fighting Near Nalchik

MOSCOW, Nov. 11 (AP)—The slender quiet which enveloped the long Russian front for three days was broken yesterday southeast of Nalchik where, the Soviet mid-day communique said, violent fighting was in progress throughout the day and 300 Germans were killed.

At Stalingrad, site of tremendous battles and great destruction in the last two months, the action was confined to artillery duels and light skirmishes within the city.

'42 Thanksgiving Meal To Show Effects Of War

CHICAGO, Nov. 11 (AP)—A mixture of rationing, voluntary and enforced, and higher food prices will make the 1942 Thanksgiving feast a typical wartime American affair, market statistics indicated today.

This year's dinner, if its menu is of the usual variety and length, may cost almost 20 per cent more than the 1941 Thanksgiving spread, and 60 per cent more than two years ago. In fact, it will be the most expensive since 1919, when Americans gave thanks for the first full year of world peace.

Churchill Pledges 'In Due Time' Channel Attack

LONDON, Nov. 11 (AP)—"An attack will be made in due course across the channel or the North Sea," Prime Minister Churchill informed the house of commons today.

"Such an attack," he said, requires an immense degree of preparation, vast numbers of special landing craft and a great army trained division by division in amphibious warfare.

"All this is proceeding, but it takes time."

However, said the prime minister, "should the enemy become demoralized at any moment, the same careful preparations would not be needed."

"Risks would be run on a large scale," he declared, "but this certainly is not the case at the present time."

The prime minister said the German army in France was "as large, apart from the (British) home guard as ours in Britain . . . it is not so well equipped as the British and American troops but contains many veterans."

Invasion preparations "have advanced greatly," he said, and "Enormous installations have

been and are being brought into existence at all our suitable ports." The prime minister disclosed that he informed Stalin on his last visit of the difficulties of a channel landing and the decision to intervene in North Africa.

"Only in this way," he went on, "could we draw the largest number of Germans and pin them to Calais and the coast of France and the low countries."

Churchill referred to the "immense output of munitions we have sent to Russia when we were being rightly reproached for the comparative ill equipment of our own troops."

On his first visit to Washington, the prime minister said, President Roosevelt favored the idea that French North Africa "was specially suitable for American intervention."

Churchill emphasized the complete harmony among the United Nations allies—the "complete understanding" between him and Stalin and the unity between British and American staffs of whom "many scores have been employed night and day" on joint plans "and have worked together like a band of brothers."

Marvin Ulmer New WTCC President

ABILENE, Nov. 11 (AP)—A 56-year-old banker, Marvin C. Ulmer, whose civic interests include having been a member of the Midland city council since 1917 and mayor of Midland since 1934, will guide the war-time destinies of the West Texas Chamber of Commerce as its president the coming year.

Ulmer succeeds Dean J. Thomas Davis of John Tarleton Agricultural College, Stephenville.

Dean Davis was eulogized by the chamber as "top West Texan for 1942." He was unable to attend the organization's one day session yesterday because of illness. A plaque was delivered to his son, Dr. J. W. Davis of Lubbock.

Other new officers elected were George A. Simmons, Lubbock, first vice-president; E. W. Hardin, Amarillo, second vice-president; and Malcolm M. Meek, Abilene, re-elected treasurer. General Manager D. A. Bandeen was retained for his 14th year with the chamber.

The 1943 objectives proposed for the organization were approved by local affiliates with only scattered dissent, returns showed.

Action To Be Taken Soon On Manpower

WASHINGTON, Nov. 11 (AP)—President Roosevelt has promised action within two or three weeks to insure an orderly supply of manpower to raise the strength of the four armed services to 9,700,000 by Jan. 1, 1944, and still leave sufficient labor for farm and factory.

The chief executive disclosed the over-all manpower needs of the army, navy, marine corps and coast guard for the next 13 1/2 months at a press conference yesterday and expressed the hope that 7,500,000 would prove enough for the army by the end of 1943. He said the army was now around 4,500,000.

Emphasizing he was speaking only in round numbers, he added the navy would have to be increased in the same period from an existing 1,000,000 to around 1,500,000, and the marines and coast guard from 400,000 to around 700,000—or an aggregate increase for the four services of 3,800,000.

He said the manpower problem was not an immediate emergency, but something would have to be done in the next few weeks because of the demands for men for the army and navy, workers to insure adequate food supply, and more thousands for expanding war industries.

On Capitol Hill it was reported that an administration recommendation for manpower legislation probably would reach congress in January.

Bombardier School Detachments Are 100 Pct. On Bonds

Two units at the Big Spring Bombardier School have reached the 100 per cent goal in the purchase of war savings bonds, it was announced Wednesday.

The medical detachment which includes officers, nurses, and enlisted men reported a 100 per cent enrollment last week, and the commercial transportation department, headed by Capt. Lewis P. Blanton, reports a perfect enrollment of his officers, enlisted men and civilians.

33 Firemen Injured At Houston

HOUSTON, Nov. 11 (AP)—Thirty-three firemen and one coast guardman were injured while fighting a four-alarm fire at the Schulte-United Department Store, at the corner of Main and Prairie, which caused damage estimated at \$600,000 early today.

Twenty-one of the firemen were injured when a wooden canopy on which they were standing, collapsed.

The fire was whipped into a roaring blaze and firemen poured thousands of gallons of water into the windows of the three-story brick building for more than two hours before the fire was brought under control.

The 33 firemen had just climbed to the roof of the canopy, about 50 feet in length, over the Prairie avenue entrance of the store, when, with a sudden groan, it collapsed. The firemen were hurled into space and a number fell into the street. Several of the men were pinned under ladders, but none was serious under the canopy.

Over 1500 To Ask Soldiers To Dinner

Reports of committee appointed to contact church members absent from services Sunday swelled the number of invitations to soldiers for Sunday dinner to 1,578, it was revealed at a meeting of the Big Spring "Pastors" association this morning at the chamber of commerce.

General Chairman J. H. Green stated the pastors were well pleased with the response to their appeals to local people to invite the soldiers into their homes for Sunday dinner.

According to an original estimate by Capt. E. W. Nolan, special services officer at the Big Spring Army Air Force Bombardier School the invitations represent about three-fourths of the number of soldiers who would like to take advantage of the hospitality.

Add War Casualties - All-Wool Frocks, Pleats And Zippers

By JEN WIESER

What is so rare as a girl with nylon? With priorities and shortages what they are, it will soon be the girl with an all-wool frock with a pleated skirt and slipper.

Besides inevitable changes in trends, what with the national mind concentrated on military aspects and an all-out victory, priorities have had a say and the WPB had not the slightest hesitation about assuming its role in setting the fashion stage.

The girls have been forewarned time and again that they are in for more cottons and rayons, with some fleecy and wool, and more of synthetics like the wonderful Aracel, a miracle fibre made of milk. Speculations are rife as to what will become of imported furs (and what price the domestic), metal studs and ornaments, costume jewelry, and all-wools a yard wide that make an ordinary dress into something special.

Nylon and all-silk hose have come and gone—the former all too quickly—about the time the manufacturers had really started in earnest to solve the ever-present

problem of hose. Few young things will begrudge the army their precious nylon, although one hardly feels patriotic enough to wave a flag while wearing a pair of the rayon nightmares.

The sensible will make out on what's available to cover the legs—even if its paint—and trust ingenious manufacturers to figure a way out. They usually do.

One thing for certain, we are in for lighter, brighter colors (we're short on dyes, too), natural shades and, as never before, a rage of "winter white." The trend is toward low-heeled shoes, more of the walking kind, and for trim on your dresses, you'll substitute trapunto, lace, fringes, eyellet, velvet, stitching, quilting, shirring, smocking and felt flowers instead of metallics and other stage-structure materials.

And if the fashion mart goes from bad to worse, you can follow the advice of the magazine writer who is suggesting making aprons out of your husband's old shirts and voluminous peasant shirts from brightly-colored old tablecloths that have seen their last family dinners.

It isn't TABOO any more for girls to know these truths

Some girls take CARDUI as directed, three days before their time to help relieve periodic pain due only to functional causes. Others take it as a tonic to stimulate appetite and aid digestion by increasing the flow of gastric juices, thus helping build up strength for those demanding days to come. A 15-year record says CARDUI may help. Try it, won't you? (adv.)

Evangelist Talks On Text Offer

Last night at the Voice of Prophecy auditorium, Evangelist R. E. DeLafield read a letter offering \$5,000 for a text.

"This letter," stated the evangelist, "from the Rev. A. N. Dugger, editor of the Church of God Advocate, offers to anyone the stated sum if he can produce one text in the New Testament for Sunday Sacredness."

Reading all the texts in the New Testament which mention the first day—Mark 16:2, 9; Luke 24:1; Matthew 28:1; John 20:1, 19; I Corinthians 16:2; and Acts 20:7—DeLafield concluded that it was impossible to win the \$5,000. "This offer has been standing for eleven years."

Tonight the evangelist will speak on the subject, "What Is the Soul?" He will also speak over KBST this afternoon at 5:45 p. m.

It is estimated that there are 4,000,000 physically handicapped men and women who, after proper training, are fitted for certain war jobs.

Club Has Quiz At Meeting

A humorous quiz, with the prize a war savings stamp to every one participating, was entertainment when Past Patrons Club met yesterday at the home of Mrs. Charles Koberg, with Mrs. Wyatt Eason as co-hostess.

Mrs. Willard Read presided, and reports were heard from Mrs. Bernard Fisher on surgical dressings, Mrs. George Hall on soldier kits and Mrs. Read on bundles packed for the Red Cross.

Mrs. R. J. Michael and Mrs. Koberg were appointed to the telephone committee, and Mrs. J. C. Smith, Mrs. E. C. Boatler and Mrs. G. W. Dabney were appointed to visit the sick.

Mrs. Eason conducted the I. Q. Quiz and presented the prizes.

Refreshments were served and others present were Mrs. Theo Andrews, Mrs. J. T. Brooks, Mrs. W. E. Carrick, Mrs. Ladonia Cook, Mrs. Brownie Dunning, Mrs. G. C. Graves, Mrs. W. R. Ivy, Mrs. Verda Mae McCombs, Mrs. C. A. Murdoch, Mrs. Susie Musgrove and Mrs. R. E. Stringfellow.

T. E. L. Class Is Complimented On Record

A record of five years as a Standard group has brought commendation for the T. E. L. class of the First Baptist Sunday school. At a meeting of the class Tuesday afternoon, a letter from the Sunday school board was read, complimenting the class on its achievement.

The letter was read by Mrs. P. D. O'Brien, and Mrs. K. S. Beckett discussed "Our Standard of Excellence." Mrs. O'Brien led in prayer, and Mrs. W. R. Douglas conducted the devotional and a Bible sword drill.

The group heard a report from Mrs. R. V. Jones on the placing of Testaments at the local air base hospital.

Attending were Mrs. Beckett, Mrs. Jones, Mrs. Douglas, Mrs. O'Brien, Mrs. J. H. Greene, Mrs. L. M. Gary, Mrs. E. E. Bryant, Mrs. George Williams, Mrs. Stewart Womack, Mrs. Jim Crenshaw, Mrs. J. P. Dodge, Mrs. R. V. Hart and Lela Andrews.

Rebekahs Plan For Initiation Nov. 24

Plans for initiation Nov. 24 were discussed at the Tuesday evening meeting of the Rebekah Lodge 284 when the group held a business meeting at the L.O.O.F. Hall.

Those present were Mrs. Lois Forsyth, Mrs. Mable Glenn, Mrs. Opal Tatum, Mrs. Gertrude Newton, Mrs. Della Herring, Mrs. Eula Pond, Mrs. Ben Miller, Mrs. Bessie Hayworth, Opal Pond, Mrs. Hazel Lamar, Mrs. Docia Crenshaw, Mrs. Julia Wilkerson, Mrs. Maggie Richardson.

SCHOOL DESTROYED

KERRVILLE, Nov. 11 (AP)—Fire of undetermined origin last night destroyed the city high school of Kerrville. Damage was estimated at \$200,000.

Natives of the Virgin Islands have been limited to 2 pounds of flour a week. War rationing books, similar to those in use in the United States, have been issued to the 12,000 inhabitants of the two islands.

Stewards Give Victory Dinner At The Church

Upon completion of a good financial year and outstanding increase in membership, stewards of the First Methodist church entertained with a Victory dinner in the church basement Tuesday evening using a patriotic motif in table and room decorations.

The tables were shaped in a large V with an American flag forming the apex. Folded cards with miniature flags marked the guest table, and red and white mums at intervals down the table lined with red and blue streamers.

Dr. G. H. Wood, chairman of the steward board, was toastmaster, and short talks were given by Joe Burrell, Rev. H. Clyde Smith, and Shine Phillips. A farewell gift was presented to Dr. Wood by Ray Satterwhite, representing the stewards.

Speaker of the evening was the Rev. Dick O'Brien, pastor of the First Baptist church.

M. E. Coley was in charge of the program and Mrs. W. D. McDonald, Mrs. H. G. Leaton and Mrs. R. S. Satterwhite were in charge of the table decorations and serving.

Around 75 members and guests attended.

Beta Sigma Phi Plans Dance For Aviation Cadets

Plans were made for a dance to honor the new class of aviation cadets at the bombardier school at the Beta Sigma Phi meeting Tuesday evening at the Settles hotel. Communications from headquarters were read by the president, Mrs. Theo Willis, who also gave a summary of the purpose and scope of the sorority for the new members.

Mrs. Paul Darrow discussed qualifications for membership, and Mrs. Will Knox spoke on the insignia of the sorority.

Appointed a committee of arrangements for the dance were Clarinda Mary Sanders, Mrs. Leonard Skiles and Tommie McCrary.

Others present were Mrs. Hiram Brimberry, Mrs. Murlin Smith, Omega McClain, Elizabeth McCrary, Maribel Menger, Evelyn Merrill, Elizabeth Glass, Mrs. Choc Smith, Marie Dunham, Jane Clayton and Sara Reidy.

Parish Council Meets To Complete Plans For Chili Supper Saturday

Reports of committees were heard on plans for the chili supper to be given Saturday in the old J. C. Penney building at a called meeting of the Parish Council yesterday at St. Thomas' rectory.

Mrs. Alfred Thieme Is Hostess To Circle No. 3

PORSAN, Nov. 11 (Sp)—Mrs. Alfred Thieme conducted the business meeting when the W. M. S. Circle No. 3 met with Mrs. F. R. Camp Monday afternoon at 2:30.

Mrs. Jesse Overton, Bible study leader, reviewed the last 14 chapters of Job.

Refreshments were served to Mrs. Guy Howell, Mrs. Nelson Lowe, Mrs. W. T. Creelman, Mrs. Jewel White, Mrs. Jesse and Mrs. G. W. Overton, Mrs. I. O. Shaw, Mrs. Earl Lucas, Mrs. Alfred Thieme, and Mrs. Leland Camp, a visitor.

Downtown Stroller

It's our opinion that if you have transportation this afternoon and the price of a ticket, you'll be out at the football game for the one public event to be held on Armistice Day. Here's hoping the Steers and locasts put on a good show.

Mrs. FRED MITCHELL didn't know whether her anniversary party was such a success after all for while the evening, a wasp stung her on the wrist which was not only painful but caused her arm and face to swell up for awhile.

Just back from a weekend trip to Carlisle and a tour through the caverns are Lieut. and Mrs. RICHARD McNAMARA, Lieut. and Mrs. FRANK ARGUE, JUNE KRUPP, and Lieut. A. BLOOMBERG. Since they decided it was "slazy" to take the elevator out of the caverns and they walked the whole way. The next day there was a lot of limping around and stiff muscles in the crowd but everybody had a good time.

Just before Judge WALTON S. MORRISON left his office to report back to the Big Spring bombardier school, most of his friends were rallying around to wish him farewell. When things were getting a little strained, as farewells usually get, PANCHO NALL, came forth with the remark that "Judge, most of the men got to be P.T.A. private first class, but you'll be a P.T.A. private for ever!" They are still chuckling over that one at the courthouse.

Mrs. Hitt's Room Has Most Mothers Present At North Ward P-T.A.

Mrs. R. C. Hitt's room was awarded the prize for having the most mothers present at the Tuesday meeting of the North Ward P-T.A.

Mrs. Melvin Choate, Mrs. Martin Dehlinger and Mrs. H. L. Williams were selected as a committee to make plans for a Thanksgiving dinner to be served to school children Nov. 24.

Mrs. B. E. Winterrowd was in charge of the business meeting and the finance committee introduced a plan to sell sandwiches at the school on Wednesday of each week to raise funds for the P-T.A.

The group sang America which was followed by prayer. A P-T.A. War Pledge was read and those present were Mrs. G. S. Weaver, Mrs. V. L. McPherson, Mildred Creath, Mrs. Melvin Choate, Mrs. S. W. Windham, Mrs. Arthur Leonard.

Texans, Mahon Among Them, Are Popular In North As Speakers

By GEORGE SIMPSON

WASHINGTON—Washington is full of roomers . . . Rumors here that Hitler will call Nazi Reichstag together in Kroll Opera House in Berlin to ratify amendment to "Mein Kampf" . . . Rode from Capitol to Press Building the other morning with cabby who says is making \$125 a week driving taxi . . . Men dying on battlefields around world while two middle-aged men, walking through Press Building corridor, argue fine points of bridge game as if most important thing in world . . . M. H. Advance In Crude Price Is Urged By Ernest Thompson

AUSTIN, Nov. 11 (AP)—Increasing the price of crude would promptly uncover enough new fields to permit production of 5,000,000 barrels per day over a sustained period, Chairman Ernest O. Thompson of the Texas railroad commission declared today in urging Price Administrator Leon Henderson to supplement depleted petroleum reserves by allowing crude prices to advance to a parity level.

"Certainly a commodity as important to the war effort as oil has just as much right to a parity price as any other product," Thompson asserted, explaining: "An increase in the price of oil of 25 cents a barrel in the past has always brought an immediate increase in drilling of wildcat wells and has always in the past brought about the discovery of new pools."

The chairman asserted in an article prepared for publication by the New York Journal of Commerce that the nation was consuming oil at the rate of 4,000,000 barrels per day and predicted that within one year the consumption rate would be 5,000,000 barrels per day.

"In order to keep our current reserves up to standard," he said, "we must discover a new 30,000,000 barrel field every week and this is not being done for the simple reason that the price does not justify wildcatting."

Thompson said that of the 100,000 producing wells in Texas, at least 30,000 are presently being produced at a loss to the operator. Pointing to an actual price of \$1.20 per barrel, the chairman noted that "all oil all over the United States of 35 gravity for the past 10 years has averaged \$1.82 per barrel. The parity price of oil on Nov. 1 was \$1.70 a barrel if parity prices had prevailed."

Cotton Harvest Is Going Better

By shifting crews from one farm to another, cotton growers are harvesting crops at an even pace now and suffering a minimum of labor difficulties.

Frightened by impending gasoline rationing which might leave many transient crews stranded, some laborers have returned to South and East Texas.

Others have returned to the Rio Grande Valley where they hold contracts with fruit and vegetable growers to harvest those crops. A few others have been lost through induction in military service, but for the most part, what harvesters are now on hand are remaining to see the job through.

W. R. Charters Of Colorado Succumbs

COLORADO CITY, Nov. 11.—William Robert Charters, city sanitarian of Colorado City, died at noon Monday after an illness of several weeks. Funeral services will be conducted Tuesday afternoon at three o'clock at the First Baptist church with the Rev. A. E. Travis, pastor, officiating, assisted by the Rev. C. M. Epps, pastor of the Methodist church.

Charters, born in Georgia Dec. 1, 1886, came to Texas with his family when he was four years old. He lived in May, Texas, Brown county, until 1908 when with his brother-in-law, Mayor J. A. Sadler, he moved to Colorado City and entered the drug business. He was associated with the Charters-Sadler Drug Store and old Colorado Drug until the business was sold in 1934.

In 1937 he was named city health officer, the post he was filling at the time of his death. He was a Mason and had been a member of the Baptist church for seven years.

He was married in 1906 to Miss Maude May Lindsey who survives him. The couple's only child, a daughter, Mrs. M. X. Carson died in 1935. Burial was in Colorado cemetery beside his daughter with Kiker and Son Funeral Chapel in charge of arrangements.

Bean Production Alone More Than Pays All Expense On 4-H Garden

This is one of a series of stories in connection with the observance of national 4-H Achievement Week—E4.

Eulene Jackson, Vaalmoor 4-H Club girl, has a true bean story that puts most fish stories in the shade.

From one pound of Kentucky wonder pole bean seed, Eulene gathered 15 1/2 bushels of quality beans after she thought the vines were dead from drought. She gave 7 1/2 bushels to her neighbors, sold 8 bushels for \$11.62 and the others she used fresh and canned.

The beans alone far more than paid Eulene for her work and for expense she had on her garden. The okra paid off well too — she gathered 35 1/2 pounds from one small package of white velvet okra seed. Eulene was one of the 25 club girls to receive seeds and plants from Sears Roebuck and Co.

Eulene tells her own story: "The garden space was broken in January. We had to shovel in dirt on the lower side so the water would not run off down the hill. I watered the garden before planting it. With the help of Mother and Daddy, all the garden was planted in May. I could not plant all the seed in the garden so I planted the corn, lima beans, pole beans, cucumbers, and some okra in the field just above a terrace. All the tomatoes died and I got only one nice cabbage head from the cabbage plants I received.

"We watered and hoed the garden about once a week during the months of June, July and August. We worked about 80 hours all together. Mother and I canned 29 quarts of string beans, three quarts of limas, 11 quarts of beets, two of cucumber pickles and seven quarts of cream peas. I traded beans for 28 quarts of cucumbers which we canned. The corn didn't make because it was too dry this summer.

"I gathered from my garden 35 1/2 lbs. of okra, five lbs. carrots, 15 bunches of radishes, five heads of lettuce, and all the leaf lettuce we wanted, five lbs. squash, 1 1/2 bushels of lima beans, five lbs. sweet pepper, 1 bushel of beets, and 10 lbs. cucumbers. We had very little insect trouble. I enjoyed having the garden very much."

Eulene has certainly done her part well as a Victory demonstrator this year. Her garden with its 12 varieties of nice vegetables provided fresh products for the family from May 30 to October 22.

Howard County 4-H Club girls are carrying clothing work as a major activity this year. Each club has a clothing demonstrator who serves as leader in clothing work. Irene Turner of the Lomax community was proud of her work when the club met with her for their annual achievement event.

Even though Irene had never used the sewing machine very much before, she succeeded in making a nice cotton dress, apron, and other articles. As a part of her Victory Demonstration, she

Certificates To Be Required Of Truck, Taxi Operators

Operators of trucks, buses and taxis must have their certificates of war necessity before applying to the local war price and ration board for their mileage rations, the board has announced.

Certificates of war necessity, issued by the Office of Defense Transportation, form the basis for issuance of transport rations to commercial vehicles, board officials pointed out. When applicants come to the board they must bring with them the certificates, together with properly executed application for a mileage ration.

Each war necessity certificate states the number of miles the vehicle for which the certificate is issued will be allowed to travel during a three-month period. The certificate also states the number of gallons of gasoline needed to cover this mileage.

The ration board will determine the amount of transport rations to be issued for the vehicle on the basis of mileage allowed in the

B'Spring-Angelo Grid Rivalry Renewed This Afternoon

Schoolboy Championship Battles Underway Today

By HAROLD V. RATLIFF
Associated Press Sports Editor
The battle for the Texas schoolboy football championship really starts today.
Two district championships are on the line and at least three more will be determined before the week ends.
At Odessa this afternoon the Bronchos will tackle Sweetwater one of the state's eight undefeated, untied teams, in a game due to decide the district 3 championship should Odessa win. If Sweetwater comes through it still must face the tough San Angelo Bobcats.

At Lubkin Nacogdoches will battle the mighty Panthers for the district 12 crown. Lubkin is unbeaten for the season and Nacogdoches is undefeated in conference play.

Friday night North Side plays Amon Carter Riverside in a game to determine the Fort Worth district title—should North Side win. If Amon Carter Riverside comes through it still must face Masonic Home and a victory by the Masons would throw the race into a tie.

Also Friday night Yaleta plays Bowie at El Paso and the result will crown the champion of district 4.

Saturday afternoon Fort Arthur will attempt to halt the great George Walmaley at Goose Creek for the district 14 title.

Finalists of district 10 will be decided Friday night when Waco enters Temple and Bryan is host to Mexia. The Waco-Temple winner will capture one division title. Bryan has already clinched at least a tie for the other division crown and can win a clear claim by beating three-defeated Mexia.

Here is the complete schedule for the week by districts:

1—Friday: Plainview at Pampa (conference); Saturday: Amarillo at Lubbock (conference).

2—Friday: Childress at Wichita Falls (conference); Vernon at Graham (conference); Quannah at Electra (conference).

3—Wednesday: San Angelo at Big Spring (conference); Sweetwater at Odessa (conference); Colorado City at Abilene (conference); Midland at Lamesa (conference).

4—Friday: Yaleta at Bowie (El Paso); Saturday: Las Cruces, N. M. at Austin (El Paso).

5—Wednesday: Denison at Gainesville (conference); Bonham at Sherman (conference); Friday: Forest (Dallas) at Paris.

6—Friday: Gladewater at Sulphur Springs; Greenville at Denton (conference); Highland Park (Dallas) at McKinney (conference).

7—Wednesday: Fort Worth Tech vs. Paschal (Fort Worth) (conference); Thursday: Arlington Heights (Fort Worth) vs. Poly (Fort Worth) (conference); Friday: North Side (Fort Worth) vs. Amon Carter Riverside (Fort Worth) (conference).

8—Friday: Sunset (Dallas) vs. Crozier Tech (Dallas) (conference); Saturday: Woodrow Wilson (Dallas) vs. Adamson (Dallas) (conference).

9—Wednesday: Cisco at Ranger (conference); Breckenridge at Brownwood (conference); Weatherford at Mineral Wells (conference).

10—Friday: Cleburne at Corsicana (conference); Temple at Waco (conference); Mexia at Bryan (conference); Waxahachie at Hillsboro (conference).

11—Wednesday: Longview at Tyler (conference); Marshall at Texarkana (conference).

12—Wednesday: Nacogdoches at Lubkin; Athens at Palestine; Friday: Jacksonville at Livingston (conference).

13—Thursday: Reagan (Houston) vs. Milby (Houston) (conference); Friday: Sam Houston (Houston) vs. Austin (Houston) (conference); Lamar (Houston) vs. St. Thomas (Houston); Saturday: San Jacinto (Houston) vs. Jeff Davis (Houston) (conference).

14—Friday: Orange at Conroe (conference); Saturday: Fort Arthur at Goose Creek (conference); Beaumont at South Park (Beaumont) (conference).

15—Friday: San Antonio Tech at Austin (conference); Kerrville at Jefferson (San Antonio) (conference); Saturday: Brackenridge (San Antonio) at Corpus Christi (conference).

16—Friday: McAllen at Brownsville (conference); La Feria at Harlingen; Edinburg at San Benito (conference).

Meatless and fishless Wednesdays in Washington's 33 government cafeterias are expected to save six tons of the two products weekly.

17—Friday: McAllen at Brownsville (conference); La Feria at Harlingen; Edinburg at San Benito (conference).

All district championships, AA and A, must be determined and certified not later than Nov. 28. No final championship shall be recognized in either conference unless it is won by actual play.

Free To Run, If Not Too Weary

Atlanta, Nov. 11 (AP)—Buck Cheves, veteran football referee, relates one for the book from the Clemson-Georgia Washington game at Clemson last Saturday.
Clemson tried a forward pass that became a lateral and the receiver snuffed the ball. Referee Cheves did not blow his whistle. No one tried to recover the ball. Finally the Clemson captain picked it up and walked over to Cheves.
"Can I run with this thing?" he asked.
"Yeah, if you're not too tired," Cheves replied.

The Clemson captain cleared out and almost made the goal before he was tackled.

League Schedule Due To Be Carried Out

AUSTIN, Nov. 11 (AP)—Although football teams in the Texas interscholastic league are not compelled to participate in schedules beyond district races, the league will carry on its program as far as possible.
An official announcement said bi-district games in AA and A conferences must be played not later than Dec. 5. In conference A survivors in each region will play for championships not later than Dec. 12.

All district championships, AA and A, must be determined and certified not later than Nov. 28. No final championship shall be recognized in either conference unless it is won by actual play.

Dibrell Lads Out To Upset Dope Bucket

The old dope bucket will be on the shelf this afternoon when Big Spring and San Angelo renew one of the most spirited football rivalries in this section of the state.
Game time is set for 2 o'clock at Steer stadium.

Based on season's records, San Angelo ranks definitely as the favorite, but more than once in the past decade the two teams have met in bitter conflict to find supposed advantages suddenly whittled away.

So intense has been competition between the two teams that the two of them have scored only 151 points in 10 years and only nine points (in San Angelo's favor) separate them. Only twice in that time has there been more than a touchdown margin between the two, and five times during their grid rivalry there have been ties, three of these scoreless affairs.

San Angelo comes here today boasting a formidable record for the season, having tied Lubbock, a team that spanked Big Spring previously; having slaughtered Lamesa, a team that tied Big Spring; having held powerful Odessa to a 14-6 victory after Odessa had flayed Big Spring 33-4.
But the eager steers of Coach John Dibrell don't read the sports pages carefully and can be excused if they are not properly impressed with the might of Coach Rocky Rundell and his Bobcats from the Concho banks. In fact, the Steers polished off an enthusiastic workout Tuesday afternoon without showing the slightest sign of conceding anything to San Angelo.

Most cheering news for Big Spring was that Ernest Bostick will get to play in spite of a knee ailment. Doctors said he apparently had a small bone chip, but that play on it probably would not aggravate the condition. It was possible, however, that the member may be inactivated after the Angelo game if it does not come around as hoped. Bostick, whose passing has been much better in the past two weeks, would be sorely missed by the Steers.

The rest of the team was in top shape and on edge for the game. Peppy Blount would like nothing better than to duplicate his pass catching feats against San Angelo last year when he snuffed two for touchdowns and thus provided a win. Nothing would please Doyle "Hunka" Stewart better than to smash big holes in the vaunted Bobcat line.

Bob Boykin and Glenn Brown have an opportunity to shine at tackles if they succeed in bottling up the potent Angelo running game. John Ulrey, Wayne Dearling and Red Cagle all will have a chance along with Blount in hemming in the Bobcat attack from the ends.

Pressure will be on the two scrappy guards, Darrell Webb and Bob Coffey, but they have been ready for this game for days. Barkley Wood and Billy Bob McDonald both are anxious to give what they have at center. Besides Bostick and Stewart in the secondary, Dewie Stevenson and Billy Mims are all set to block and cross up the opposition with surprise runs.

San Angelo is encouraged over the possibility of Graham, fullback hurt during training season, getting into the game today. He worked out Monday for the first time. Chief hopes are pinned on Milton Rathbone, one of the finest backs in the district, and upon Jones, gangling candidate converted from end to halfback. Together, they make a poisonous pair.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Nov. 11 (AP)—You've heard about the football player who busted his leg falling off the bench at an exciting moment. . . Well, Angel Werner, liltion Venesuelan who plays for the Oklahoma Jayvees, cracked two vertebrae in his back while sitting on the bench recently. During a game with Central Teachers, Charlie Head was tackled and tossed across the sidelines, plugging Werner against the bench. . . and George Parker, line coach at Washburn U., was treating an injured player on the sidelines when a wandering pass receiver stumbled into him, gashing the top of Parker's head, breaking his glasses and ruining a new hat.

Sammy Schless, the fight manager, was drafted in the other war and inducted into the army Nov. 11. As soon as he reached camp, he was sent home because the armistice had been signed. Now Sammy has been called again and told to report for induction today.

Illinois May Use Ball-Stealing Trick Again To Upset Ohio State

CHICAGO, Nov. 11 (AP)—Illinois' ball stealing Illinois, grown adept at scoring touchdowns in this manner, may go on to steal a share of the western conference football championship this week.
They will meet powerful Ohio State at Cleveland's municipal stadium Saturday and a victory would be in keeping with the surprising Illinois' first season under Ray Eliot.

Longhorns Are Leaders On All Counts

COLLEGE STATION, Nov. 11 (AP)—There certainly is no reason why the University of Texas shouldn't be the favorite in the Southwest conference football race.
Here are the reasons:

1. Texas is the only undefeated team.
2. Texas leads in total offense.
3. Texas leads in defense.
4. A Texas back—Roy McKay—leads the ground-gainers and a teammate, Jackie Field, is second.
5. McKay is second in punting to Dean Bagley of Texas Christian but has kicked three times more than Bagley.
6. Field is one of the top punt returners.
7. McKay is third in passing.
8. Wally Scott, Texas end, is one of the leading pass-receivers.
9. Aubrey Gill, Texas center, is tied for second in pass interceptions.
10. Field and McKay are the leading scorers.

The latest report from the conference statistical bureau here shows Texas to have rolled up 2845 yards rushing and passing and allowed the opposition 993-124 yards per game.
McKay has gained 659 yards in 106 carries and Field 575 in 95 runs.
McKay's kicking average is 41.8, just three-tenths below Bagley. Leo Daniels, Texas A&M's great back, has the best punt return average with 15.9 but Max Sallings of Arkansas has run back the most—238 yards. Field has returned kicks for 132 yards.

Daniels tops the passers with 640 yards on 84 completions.
Emery Nix of Texas Christian is second with 492 yards on 50 pitches. McKay has 417 yards on 32 completions.
Cullen Rogers of A&M leads the pass receivers with 340 yards on 27 catches. Scott ranks fourth with 139 yards.
Kit Kittrell of Baylor tops in pass interceptions with four for 105 yards. Gill has taken three for 27.

Field leads in scoring with 45 points and McKay has 28.

BALTIMORE, Nov. 11 (AP)—Warren Wright's Whirlaway was a heavy favorite to win his last start of the eastern racing season, the \$10,000-added Governor Bowie handicap, which featured the final program of the Pimlico fall meeting today.

Roosevelt Starts Study Of Budget

WASHINGTON, Nov. 11 (AP)—President Roosevelt has begun his annual tussle with a budget, swelled this time to unprecedented proportions by the war. He called in Budget Director Harold Smith and Assistant Director Wayne Coy for a report on the preliminary budget studies which they already had made.

The budget, to be submitted to congress in January, will estimate expenditures for the fiscal year ending June 30, 1944.
Capping prices set by the government prevent anyone from making undue profits from salvage materials. When you sell your scrap, invest your returns in war stamps and bonds.

Louisiana State's athletic director, picked Georgia Tech over Georgia even after hearing that 75-0 score last Saturday. He figures Tech has been playing harder opposition right along.

Friday, After A Fall
After the Chicago Cardinals took that 25-0 shallocking from the Redskins last Sunday, Bob Morrow, Chicago back, limped into the dressing room holding his back. "What's the matter—back hurt?" asked the trainer. . . Taking a tip from Coach Jimmy Conzelman, Morrow was right there with a quick comeback. "Everything hurts," he moaned, "my back, my leg, my head and my pride."

All Elementary School Teams To Play Thursday

Portland Is Hot Team On West Coast

PORTLAND, Ore., Nov. 11 (AP)—You haven't heard of the Portland Pilots?

Well, here's what they've got:
1. The Pacific coast's highest scorer, fourth in the nation.
2. The hottest college football team in Oregon, in or out of the Pacific Coast conference; and an average of 36 1-3 points a game to prove it.
3. A coach who's made their game so pass-heavy it looks like volleyball.

They really have something this year at University of Portland, a school of the same class as St. Mary's Geels and Santa Clara's Broncos.
Take Del Huntzinger. He's a good-looking lad from South Bend, Wash., stands six feet, weighs 195. He has scored 11 touchdowns, made 16 conversions—one a drop kick—for a total of 82 points.

That's enough to put him well in front of Washington State's Bob Kennedy, who was listed this week as the coast leader with 63 points. Enough to put him fourth in the national rankings, just ahead of Georgia's Frank Sinkwich, behind Eddie McGovern of Rose Poly, Bob Steuber of Missouri and James Secret of Rochester.

His running partner and roommate is Halfback Louie Farnsworth of Bellingham, Wash. He's scored 50 points himself, mostly on passes from Huntzinger, at least one of which traveled 80 yards through the air.

The pilots have put their razzledazzle together for 219 points this season to opponents' 39. They've won seven out of their last eight games.

Alsab Runs Last Race As 3-Year-Old

NEW YORK, Nov. 11 (AP)—Mrs. Albert Sabath's sensational Alsab makes his final appearance as a makes his final appearance as a three-year-old today in the \$10,000 victory handicap, feature of the Armistice Day program in racing's victory week meeting at Belmont park.

Outcome of the elementary school football league races will hang in the balance when all teams go into action Thursday starting at 4:30 p. m. at Steer stadium.

It is possible that the championship will not be settled by the games, for if West Ward and Central Ward win their tilts, they will finish in a tie.

Central, looking stronger in each of its games, will be favored over North Ward but had better watch Joe Jabor, the frisky North Side back. Similarly West Ward will be favored over East Ward, leader until it took it on the chin from Central last week. However, it must be admitted that West Ward's roe against East Ward is definitely harder than that Central must follow in its closing game.

Nothing but the cellar will be at stake in the College Heights and South Ward games. College Heights, with a big weight advantage, should have no trouble in slipping past the Migdets and winning its first game of the season.

N'western Looking To First Victory

EVANSTON, Ill., Nov. 11 (AP)—Not since 1923 have Northwestern's Wildcats gone without victory in a Western conference football season. But they will have to beat Wisconsin Saturday to keep the record intact. It is the Wildcat's last conference game and they already have lost five in a row.

Religion And The Military Forces

A great revival of interest in religion is noted in the nation's armed forces. Bibles took first place as favored Christmas presents among sailors in a recent survey, and scored high among soldiers. Chaplains report almost capacity attendance upon religious services, even on maneuvers.

Fall Of 1942 Looms As Turning Point In War

WASHINGTON — The Shadow of Things to Come: Covering Washington from the War Department on lower Constitution to Capitol Hill, one must inevitably come to the conclusion that future historians may well look back on the fall and early winter of 1942 as the "turning point" in the war.

MURDER on the Campus

Chapter 20 NEW MURDER "What's up, Lake?" Hinton asked the detective, closing the door. "That stool pigeon has been singing again, like I told you over the phone. He says he learned for a fact that Humphries and Riley Beckett got into quite an argument one night about a week before Humphries got bumped off. Humphries threatens to Welch on his debt if Riley doesn't quit hounding him."

Trailer Tintypes

Lake stepped on the starter again, shifting quickly and turned his car about. "Bill," he said to his companion, "I think we better see what all the rush was about before we do anything else. We can offer apologies later if necessary."

William Seabrook Writes Very Frankly

By GEORGE TUCKER NEW YORK.—I have just read "No Hiding Place," the autobiography of William Seabrook, a book so frank and reflective of others that when I met Seabrook in the flesh I was bursting with the question: How do people react when they see themselves pictured unfavorably in print?

All-Star Pictures Are The Rage Again

HOLLYWOOD.—Whether it's punch-drunk with the times or merely playing the old game of follow-the-leader, our town is knocking itself out on these all-star pictures. Most of the lots have at least one "colossal" on the cookstove, dramatic or musical, getting ready to dish up celluloid so jam-packed with stars that somewhere in the melange every fan can find his favorite.

**Charles Laughtons
Becoming Citizens**

LOS ANGELES, Nov. 11. (UP)—The British actor, Charles Laughton, and his wife, Elsa Lancaster, are on the way to becoming American citizens. Disclosing that they obtained first papers three months ago, Laughton said: "We decided to take this step when it became apparent that our home was to be in America. We felt that so long as our interests and work were in the United States, we should become citizens."

Ancient Coffee
KANSAS CITY, Nov. 11. (UP)—Mrs. Vincent Heegn was happy to find, after a long search, a pound of coffee on a grocer's shelf. She was happy that is, until she opened it and found a coupon which said: "Send 50 cents and this slip before April, 1939, and get a pair of silk hose."

Civilian use of shellac has been practically halted by the WPB, indicating a further reduction in the manufacture of phonograph records.

Hitler Himself Has Opened The Second Front

(This column, conducted as a daily feature by Dewitt MacKenzie, was analyzed, is written today by Glenn Bahh, Mr. MacKenzie, now touring the war zones, is travelling.)
It was not to be expected that Adolf Hitler would take our move into North Africa lying down. His record was warning enough that he would act with lightning speed, utter ruthlessness and entire disregard for any covenants that might stand in his way. With Rommel beaten and the British and American armies moving rapidly toward occupation of the entire North African coast the danger to his enslaved Europe was too great.
So today, when the United Nations celebrate the 24th anniversary of the first armistice of Compiegne Forest, the Nazi Fuehrer tears up the second armistice dictated in that tragic, historic woodland and sends his legions swarming toward the Mediterranean.

His enemies will receive this typically Hitlerian stroke without either surprise or indignation. The world has little further capacity for indignation over anything Hitler can do. And the high commands which prepared with such foresight and imagination and such thoroughness in detail the campaign now moving toward success in North Africa undoubtedly have foreseen the last seizure of the rest of continental France and made plans to meet it.
The campaign of North Africa becomes immediately the campaign for the whole Mediterranean. Hitler will fight to the finish for that key to victory. Already he has sent air-borne troops to Tunisia to meet the United States forces moving in from the west. It can be expected that a mighty section of his great land and air forces will be shifted rapidly to the south of Europe.

One consequence of this is that there has been opened a second front that should satisfy Joseph Stalin as completely as an allied landing on France's northern shores. No longer can Hitler concentrate three-fourths of his more than 300 divisions in Russia. Relief for the Red army is at hand.

Giraud May Head New French Govt.
WASHINGTON, Nov. 11 (AP)—Appointment of Gen. Henri Honoré Giraud as leader of the anti-German, anti-Vichy French in North Africa was regarded in authoritative quarters here today as foreshadowing potentially great political and diplomatic as well as military consequences.

Security Card Issues Show Heavy Employment In Area
From January to September 30, 1942, a total of 8,520 new workers entered employment in the Big Spring area of the Social Security Board. The area includes the counties of Andrews, Borden, Crane, Dawson, Ector, Gaines, Loving, Martin, Midland, Mitchell, Reeves, Ward, and Winkler. These figures are based on the number of new social security account numbers issued by the Big Spring office of the board, according to a statement by Elliott W. Adams, manager.

The great majority of the new account numbers were issued to workers in defense plants near Big Spring, Midland, Odessa, and Pecos. However, it was explained, this number does not represent the total of new employees in defense plants since many workers employed already had account numbers.

In addition to the issuance of almost 7,000 account numbers to new employees within the nine-month period, Adams' office issued a total of 2,327 duplicate account number cards to workers who, through carelessness or by accident, had lost their original cards.

It costs the Social Security board more to issue duplicate account number cards than to issue original cards since the application for a duplicate number must be carefully checked against the original records. This action is necessary to insure that all wages received by the individual be posted to the same account. Workers should realize the importance of their account number cards and avoid misplacing them because it costs the government time and money to replace them. In addition, it causes many workers to lose time that is greatly needed in the war effort.

Adams asked each worker to show his social security account number to each employer for whom he works, regardless of the length of time during which he is employed. He also emphasized the fact that the more a wage earner receives in wages the more his insurance checks will be when he retires.

New Members Signed Up By Garner P-TA
KNOTT, Nov. 11.—The Garner Parent-Teacher association met last week with the president, Mrs. E. O. Sanderson in charge. Report was made on a drive netting 22 memberships and the cards were given out. Discussion was held on buying stoves for grade rooms and the home economics building. A cafeteria WPA helper can be secured now and discussion was held pertaining to that service. Mrs. E. O. Sanderson and Mrs. Lela Goin was elected to attend the Congress of Parents and Teachers to be held at Houston in two weeks. The first grade won the new picture by having the most parents present at the meeting and will be allowed to keep the picture in their room for a month. A meeting will be held at the home of Mrs. J. E. Brown Thursday evening by the committee appointed to work out the by-laws of the association and a called meeting will be announced for this week by the president later. There were 18 members present.

The Achievement Day program plans have been worked out and date for the program has been set for Nov. 17. The visit will begin at the home of Mrs. Fred Roman, living room demonstrator, lunch will be served at the Baptist church and in the afternoon the home food supply and outdoor living room demonstrator, Mrs. S. T. Johnson will be visited. All women of the community are urged to attend this tour and there will be other visitors from the county.

James Ollie Kemper, ten year old son of Mr. and Mrs. J. J. Kemper has returned to his home after medical treatment at the Malone and Hogan Clinic at Big Spring. The boy's father is expected to return from Portland, Oregon, this week and the child will be taken to Rochester, Minn., for examination.

Says 17 Million To Be In War Work
ORANGE, Nov. 11 (AP)—A United States war labor force that is due to rise to 17 million workers by Dec. 31, as compared to the six million at work last Dec. 7, was predicted today by Raymond Bellamy, regional representative of the war production drive headquarters in Washington.

"Today we are planning to organize four million women in war work," Bellamy said in an Armistice Day address prepared for delivery before the 17,000 employees of Consolidated Steel corporation's shipbuilding division.

Eisenhower's 82-Year-Old Mother Hopes Her Son 'Will Be Home Soon'
ABILENE, Kas., Nov. 11 (AP)—"I hope Dwight will be a good boy and come home soon."

"That's the 82-year-old mother of Lieut. Gen. Dwight David Eisenhower speaking, as she peers from behind the newspaper carrying the latest account of her famous son's African exploits.

She lives with a woman companion in a modest cottage, studying newspaper and magazine stories of her boy.

All 5,555 residents of the general's old home town are running a decided temperature, too.

Hundreds of portraits of the general adorn Abilene homes and store windows. An Eisenhower Day was celebrated recently, with flags decking the business district, and a huge meeting was held in the city park with his mother as the guest of honor.

The Rotary club last week made him an honorary member—and received a grateful acknowledgment by cablegram.

Being a general is a lonely life, he admitted in a letter to an Abilene friend last week. "I wish I could be home and go down to the cafe this morning and have a coke with the gang. . . Can't do that here."

His North African successes are no surprise to his mother. "I knew he would do something great," she said.

"You know, Dwight always gets what he wants, and though I don't see why we have wars, I hope he will win."

Senate May Act Tomorrow On 'Teen Age Draft Bill

WASHINGTON, Nov. 11 (AP)—Administration leaders expect swift senate approval tomorrow of the 'teen-age draft bill, stripped of a controversial clause which would have required a full year's training before a soldier under 20 could be sent abroad to fight.

With a minimum of debate, the house shouted its approval of the revised bill yesterday after a joint conference committee had eliminated the year's training amendment.

The bill, as finally accepted by the house, provides that necessary farm workers, regularly employed, shall be deferred from induction as long as they remain on the farm "and until such time as a satisfactory replacement can be obtained."

High school students of 18 and 19 called up during the last half of the academic year would be eligible for deferment until the end of the semester. Men who had reached their 40th birthday could not be drafted without their consent.

The compromise measure struck out a house provision under which all single men in a given state would have to be called up before any married men could be taken.

Early Mailing Stressed To Avoid A Holiday Mail Jam

The postoffice department is starting the most gigantic task in its history—the movement of a deluge of Christmas parcels, cards and letters while maintaining the regular flow of pieces of mail daily to and from our armed forces.

In 1918, under similar conditions, a terrific jam occurred, and the department is seeking to avoid this by seeking early mailing cooperation from the public.

Indications are that the Christmas volume this year will be by far the largest on record, for September retail sales, were second only to the record of Dec. 1941, a fact that presages heavy mailings. If thousands of men in the armed services are not to be disappointed at Christmas time, the public must cooperate by mailing earlier than ever before and by addressing letters and parcels properly.

The postal problem this year is aggravated by the calling of some 25,000 experienced postal workers over the nation into the war service. Replacements are difficult to find and temporary employees naturally lack in experience.

On top of this, the trend of mailing is sharply up. Free mail service to those in armed forces boosted the volume of this class by 30 percent, and as forces are expanded the postal burden is increased. The volume of mailings to those overseas before deadline time the last of October indicated a phenomenally large mailing to men in the services everywhere.

The safe, smart and sympathetic thing to do this year, postal officials stressed is to shop and mail many weeks in advance of Christmas.

Other Offensives Coming, President Roosevelt Says

WASHINGTON, Nov. 11 (AP)—The axis powers had a warning from President Roosevelt today that the American campaign in North Africa is no bar to future offensives elsewhere.

Where or when they might come, he naturally did not disclose. But he told a press conference late yesterday that the limiting factors for a big offensive no longer are in operation.

These factors, as Mr. Roosevelt outlined them, centered in the problems of large-scale production of weapons, the training of adequate military forces, and the transportation of men and equipment to fighting fronts.

Chronologically, the chief executive explained how plans for the African campaign developed, how the points of attack were decided last July, and the approximate date set last August. There was no thought of the election at the time, he said in reply to a question.

The inclusion of the first major American operation of the war goes back to the time, a fortnight after Pearl Harbor, when the president asked Prime Minister Churchill of Britain to come to Washington with some of his war staff. They discussed then the desirability of various offensives.

Late in August, the chief executive disclosed, the approximate date was picked.

Meanwhile, although a second front actually had been mapped out, Mr. Roosevelt said he and Churchill had had to sit back and smile or take it on the chin when people began to demand a second front.

Navy's Recruiting Cruiser Wastes No Time Getting Men Into Service
NAVY'S RECRUITING—2-30 ... went into action with everything but mounted deck guns.

The recruiters have simplified this procedure of enlistment and handle every little detail from attracting them through an amplifying system to swearing them in as full-fledged seamen, right on the spot. A prospective job hasn't a chance to get away, even if he wants to.

Most of them don't, as, for instance, one of the men who signed up yesterday. He is 42, has two sons already in the navy and one to go soon. He's joining because he wants to get with those sons—feels it's his duty as much as theirs.

Whatever degree of enthusiasm the prospective recruits exhibited, they weren't slowed down with a maze of red tape. Their applications were filed out, their records typed up, physical examinations given and the bath administered, all within a space of some 150 square feet.

That allowed room for the pullman - type cushioned seats, a built-in studio couch that opened into a double bed, magazine racks, clothes closets and drawer space, mirrors, folding tables and chairs, ceiling fans, a three-burner stove, ice box, sink and built-in cabinet, short-wave radio and receiving set, and Venetian blinds.

The first mate only knew where the power system that generated their own electric current was located! But the flag-printing equipment was there and in use.

What extra furnishings would be needed is a mystery, but the recruiting officer explained his crew was not equipped to enlist WAVES.

Fugene Anderson Dies Suddenly; Rites Today

Funeral services were scheduled at 3 o'clock this afternoon at Eberley chapel for Eugene Anderson, 68, who died unexpectedly at 7:15 o'clock last night at his home, 1401 W. 6th, after having helped brand cattle all day at the Wilkerson ranch.

A resident of Big Spring for 39 years, Anderson was prominently known as a mechanic and carpenter.

The Rev. H. C. Smith of First Methodist church was to officiate in the rites, and pallbearers named were Reuben Schuessler, E. W. Furlow, Robert Stripling, R. L. Millaway, R. M. Gardner and Walter Davis.

Burial was to have been in city cemetery.

Besides his widow, Anderson is survived by his mother, Mrs. M. E. Anderson; two brothers, Mike and Charlie Anderson, Stanton; three sisters, Mrs. T. W. Haynie, Stanton, Mrs. Estelle Eblevin, Byers, Okla., and Mrs. Jess Barnett, Big Spring; aunt, Mrs. L. J. Mason, Hermleigh; mother-in-law, Mrs. W. J. Caldwell; two sisters-in-law, Anna Mae Caldwell and Mrs. J. F. Millaway, all of Big Spring; and a brother-in-law, Nevt (N. T.) Caldwell, now of Houston.

Debts, probably prohibition, the affairs of the Baptist Foundation (which cares for the church's manifold institutional affairs), its hospitals and Buckner's orphan's home were up for discussion.

The general convention, meeting in the 84th year of organized Baptist work in Texas, got away to a flying start last night, electing its officers and getting a picture of foreign mission work, now constricted by the war. About 5,000 attended.

A. D. Foreman, Sr., of Houston was re-elected president for his third year. New vice presidents chosen included J. J. Strickland of Beaumont.

That Extra Something!
...You can spot it every time

SPECIALIZING in any job is important. And, it takes only one taste of ice-cold Coca-Cola to tell you that its makers have specialized in refreshment for years. They created this utterly different drink 57 years ago. Today it's still individual—and delightfully so.

Note the difference in taste. You can sense the special blend of flavors. Sip again. Your thirst is gone before you know it, but something else arrives. This is refreshment. And it's refreshment that goes into energy—quickly—pleasantly.

When you've finished, you know you've enjoyed a drink made to a standard of quality, not to a standard of price. Folks the country over feel the same way about it. They appreciate the genuine... the real thing... Coke... Coca-Cola.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing... the real thing... "coming from a single source, and well known to the community."

Boy and girl, recreation and refreshment! There's two for company and two more for happiness and satisfaction. You know refreshment's first name, of course. Everybody knows Coke.
