Rolls For 1937 Approved; Provide \$78,000 Revenue

Completed tax roll of the eity of Big Spring for 1937 was approved formally by the city commission Tuesday night, total valuation being placed at \$6,062,425.

New Values
This is an increase of approximately \$182,000 from the current total; but basically there was no increase in valuations. The gain is represented in new construction. property improvements and increased personal property such as new store stocks, fixtures, etc.

On a tax rate of \$1.30 per \$100, previously fixed, this provides for a total revenue to the city th's year of \$78 911.53. This is a boost of the than \$8,000 from the past year, but that gain is accounted for the 10-cent rate hike for 1937, ordered to finance the recent hospital site bond issue. This year's total tax levy is \$70,565.64. Deal estate on the rolls for 1 37

is placed at \$4,415,445, as compared with \$4,375,990 for 1936, Personal property is listed at \$1,646,980, as compared with \$1,504,480 last year, Drive On Delinquents

City commissioners discussed in-formally Tuesday evening plans for a definite program of collecting delinquent taxes. Collection of pastdue accounts has been comparatively good this year—about \$8,500 since the start of the fiscal year but there are still on the rolls many pld accounts, some o' them extendire back 12 years. Formal notices recently have been sent all delin-quents, and some of these may be followed up with court action. The pality to join with the school district in its suits for past-due taxes.

Ft. Worth Man Girl's 5-Year Sleep Is Terminated By Death

CHICAGO, Sept. 29 (P)—The enigma of pretty Patricia Maguire's

strange five and a half year sleep was scaled today in death.

The 32-yer-old suburban Oak Park stenographer for whom time stopped at the age of 26 died at a hospital last night without bridging the abyss of unconsciousness created by her baffling ailment, lethargic encephalitis.

A common affliction—pneumonia—was the immediate cause of death. It developed last Sunday when Miss Maguire was taken to the hospital for the removal of an abdominal tumor. Two blood transfusions falled to check the disease or shake her from the comatose condition which had proved unfathomable to medical science.

A post mortem examination was performed during the night. Physicians said they would not be prepared to issue a statement on the findings until they had made an intensive study.

Many eminent physicians studied the case but none of their mi trations proved successful. Serum injections, massages, sun b and artifically induced fever were employed with equal futility.
