NEWS NOTES FROM THE OIL FIELD COMMUNITIES

Miss Lora Farnsworth, county home demonstration agent, gave a demonstration on the cleaning of felt hats for the Overton Demonstration club when Mrs. Hart Phil-

lips, Jr., entertained the club this week. Miss Farnsworth also gave some helpful hints on cleaning and pressing in the home, and on removing spots on garments. On Oct. 21 Mrs. G. W. Overton will be hostess to the club at her home. Those present for this meeting were: Mrs. Jewel White, Mrs. Carl Tippie, Mrs. Jessie Overton, Mrs. G. F. Painter, Mrs. O. S. Phillips and Mrs. Victor Phillips. The latter was a guest of the club.

Mr. and Mrs. E. T. Sewell and daughter, Odene, enjoyed a motor trip to Hobbs and Lovington, N. M., Saturday and Sunday.

Mr. and Mrs. Otis Griffith and Evelyn spent the weekend with Mr. Griffith's parents in German. Miss Christine Rutherford of

Sterling City was the guest of her sister, Imogene Rutherford, day operator of the Foran telephone office, Saturday and Sunday.

C. C. Williams, father of Hood Williams, underwent a nasal operation in the Big Spring hospital this week. Mr. Williams has been ill at his home in Seminole for some time and was removed here to the home of his daughter, Mrs. Fred Harrahd recently. Mr. Williams is doing nicely and will be removed to the home of his son and daughter-in-law, Mr. and Mrs. Hood Williams, in the Owen-Sloan camp the latter part of the week.

Mr. and Mrs. Fred Harrahd departed Monday for El Paso, where they have purchased a hotel and will make their future home in that city. Mr. Harrahd was employed at the Southwest Tool and Machine shop here for the past nine months, coming here from Hobbs, N. M. While here Mr. and Mrs. Harrahd made their home in the Lopez

hotel. Miss Maxine Thompson, who has been attending school at Lubbock business college, arrived here Tuesday to spend several weeks with her parents, Mr. and Mrs. J. E. Thompson in the Amerada camp.

Mr. and Mrs. C. E. Chaitin returned from their vacation trip to Oklahoma, Fort Worth and Dallas this week. Mr. Chaitin is employed with the Texas Machine shop near Chalk.

Mrs. L. B. Rippey has been in Abilene for several weeks where she has been visiting her parents.

Barnett Hinds, teacher in the Foran school, spent the weekend in Tye with his parents.

The sophomore class of the Foran school, with their sponsor Ira Watkins, enjoyed a picnic Friday evening after school. Marshmallows and wieners were roasted, after which games were played.

Those attending the picnic were: Mary Brown, Joy Lane, Virginia Chambers, Elwana Mustgrove, Edna Earl Bradham, Myranel Harris, Jim Johnson, Earl McAlpine, James Gardner, Alton Long, Bill Lonsford, Olden Griffith, Charles Bell, Harold Patterson, Warren G. Qualls and Garrett Tension.

Ladies of the Women's Missionary Union held their Bible study at the Baptist church Monday afternoon. Mrs. H. L. Hayes led in the study of Second Kings. A short business session was held at the close of the study. Those present included Mrs. I. O. Shaw, Mrs. O. A. Nichols, Mrs. A. Sbart, Mrs. R. A. Chambers, Mrs. Jewel White, Mrs. O. S. Phillips and Mrs. O. L. Bradham.

Mr. and Mrs. James L. Johnson have as their guests Mr. Johnson's brother and wife, Mr. and Mrs. W. B. Johnson of Santa Maria, Calif.

The Johnsons plan to remain in Foran for several weeks.

Mrs. J. E. Thompson has been ill at her home in the Amerada camp this week.

Burgoo King Colt Is Sold For \$2,800

LEXINGTON, Ky., Oct. 13 (AP)—A bay colt by Burgoo King, a Kentucky Derby winner, out of Blue Eyed Peggy, brought the top price of \$2,800 at the Lexington sales paddock last night. Walter Cox, former star trotting horse driver, purchased the colt from Thomas Platt, who sold 17 head for \$14,325.

Seventy-one thoroughbred yearlings were sold for \$46,425, an average of \$653. The three religions practiced in Japan are Shintoism, Buddhism and Christianity.

SIX SEAMEN PERISH IN FIRE ON SHIP

BAYTOWN, Oct. 13 (AP)—A broken hose that threw kerosene into the galley and the engine room of the tanker Paraguana was held the cause of a blaze yesterday that burned six seamen to death and injured nine others.

The dead were Tsang Ah Foo, Chinaman; Ramon Marin, Ramon Zambrano, Manuel Hidalgo, Angel Martinez and Victory Martinez, all Venezuelans.

The injured included two British subjects, J. Young, third engineer, and N. A. Hewart, fourth engineer. Seven Venezuelans burned seriously were Manuel Vinas, Evaristo Welfer, Felix Ventura, Cruz Millan, Rafael Thompson, Bernabe Sambano and Mario Reyes. The master of the vessel, T. W. Welch, an Englishman, said the tanker was being prepared for a cargo of oil for the Dominican Republic. The kerosene was being used to scour the tanks.

'Ever-Normal' Granary Plan Advanced

Crop Insurance System Mentioned By Roosevelt

WASHINGTON, Oct. 13 (AP)—Agriculture department officials were quick today to compare President Roosevelt's outline of an "all-weather" farm program with the "ever-normal granary" advocated by Secretary Wallace.

They said price-depressing bumper crops and high food costs in the cities had doubled the emphasis on demands for its immediate enactment.

General farm legislation will have priority in the forthcoming special session of congress under an agreement whereby Mr. Roosevelt approved 1937 cotton loans. That agreement pledged congressmen to take up a crop control bill as soon as they met again.

More than a year ago Wallace started hammering away for his granary system to store surplus corn, wheat, cotton and other major farm products under a government loan system from bumper to poor seasons. In an effort to stabilize supplies and prices, the president took note of the situation in his speech last night when he said:

"We must find a way to help the farmers to store up in years of plenty enough to avoid hardship in the years of scarcity."

"And when we have found that way, we shall also have found the way to protect the nation's food supply from the effects of the same fluctuation. We ought to have enough food at prices within the reach of the consuming public."

During the last month members of the senate and house agriculture committees have been seeking to ascertain farm sentiment on the type of legislation desired. Bills will be offered, administration leaders hope, as soon as the special session begins.

FRANCE ASKED TO HIKE WAR BUDGET

PARIS, Oct. 13 (AP)—An increase of nearly 20 per cent in the French army budget for 1938 was asked today by Minister of National Defense Edouard Daladier.

The minister, in a tentative combination of the ordinary and extraordinary budget submitted to parliament for study, asked 12,900,000,000 francs (about \$427,500,000) for next year, as compared with 10,900,000,000 francs (about \$350,700,000) for 1937.

Nearly 10,000 men would be added to the land forces, which already number more than 650,000 in France and her colonies. This total includes mobile guards (militarized police).

DE VALERA BACKS NEW PRESIDENT FOR FREE STATE

DUBLIN, Oct. 13 (AP)—Eamon de Valera indicated today that he was promoting a "mystery man" to run for president of the new state of Eire, which is to be set up under the constitution adopted by the Irish Free State last July.

The New York born president, who disclaims any attempt to assume dictatorial powers through the constitution, appeared today not to offer himself as a candidate for the presidency of the new state. This construction was placed on a speech he delivered at a Fianna Fail party conference last night.

BISHOP'S POWERS UNDER DEBATE AT CHURCH MEETING

CINCINNATI, Oct. 13 (AP)—Legislation to broaden the powers of the presiding bishop of the Protestant Episcopal church headed today toward an uncertain fate in the house of deputies in the church's triennial general convention.

The deputies, traditionally more conservative than the house of bishops, had just killed a proposal to liberalize the Episcopal canon on marriage and divorce, and the legislation which would give the presiding bishop administrative power came to that body for concurrence after being approved by the bishops by a good margin.

CONVENTION OPENS

CHICAGO, Oct. 13 (AP)—Representatives of 7,000 cities in 40 states assembled today for the 14th annual meeting of the American Municipal association, a federation of State Leagues of Municipalities. Sessions will end Friday.

DON'T SCRATCH, SOOTHE THE IRRITATION

Quick relief from the maddening itch of eczema, psoriasis, poison ivy, and irritation about the rectum or personal parts is obtained by applying an ointment called Resinol. Leave it on over night. It lessens the desire to scratch, and eases the irritation.

The soothing effect of Resinol takes the sting out of the irritated parts and makes you comfortable. The skin heals sooner, too, with the help of Resinol.

The oily base of Resinol Ointment is ideal for penetrating the outer layers of the skin and securing deeper action. Bathing the affected parts first with Resinol Soap hastens the effectiveness of Resinol Ointment. Try this treatment today.

ENDURANCE RECORD

On Strike For 11 Years, Locomotive Engineer Doubts He'll Get Job Back

CLEVELAND, Oct. 13 (UP)—John J. Gillespie, 45-year-old night watchman at the Brotherhood of Locomotive Engineers' building looks at modern labor strife with a mildly contemptuous eye.

Month-long strikes mean nothing to him. Gillespie has been on strike for 11 years. He was one of 423 engineers and firemen on the Western Maryland railroad who struck late in 1925 rather than sign what they termed a "yellow-dog" contract.

The men with whom Gillespie walked out never have returned to work, and they still think of the strike as being in progress.

Slight Hope of Victory
"I asked Alvanley Johnston, president of the Brotherhood of Locomotive Engineers what he thought of the chances for a settlement were," Gillespie said. "He said he couldn't see much chance unless something unforeseen turned up."

The strikers were members of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen.

Gillespie probably wouldn't return to the railroad even if the strike were settled. He has been in other kinds of work too long.

In the 11 years since the strike began he has worked in a saw mill, on a section gang, with a steel construction crew, as an elevator operator and a watchman.

14 Years With Road
He had been with the Western Maryland railroad for 14 years before the walkout.

Gillespie still is interested in the situation which caused the strike and has on hand a file of letters and pamphlets on the subject.

For more than a year he has been the champion endurance hiker of Cleveland. There was a pretender to the throne—a man who considered himself on a strike against the Chicago, Burlington and Quincy railroad for 35 years, but he died last year.

ATTACK SEEN AS AN ATTEMPT TO TAKE LIFE OF CHIANG

NANKING, Oct. 13 (AP)—High Chinese authorities tonight charged that the airplane machine-gunning of a British embassy automobile yesterday at Minchong was an attempt by Japanese to kill Generalissimo Chiang Kai-Shek.

Authorities tonight disclosed that the generalissimo, now is somewhere in the vicinity of Shanghai inspecting defense lines on that front.

(Minchong, where three British embassy automobiles were fired on yesterday, without casualty to any of their occupants, is about 14 miles from Shanghai on the road to Nanking.)

MODERATOR NAMED

CORSCANA, Oct. 13 (AP)—Rev. E. C. Stockton of Longview, was elected moderator of the Synod of Texas of the Cumberland Presbyterian church in its opening meeting here last night. The Synod, with approximately 80 delegates registered today, is to continue through noon Friday. The new moderator succeeds Rev. M. F. Allen of Hillsboro.

The Texas Synodical Missionary Convention is meeting simultaneously with the Texas Synod.

LANES HAVE AN INTEREST HERE

When "Behind The Mike" is offered at the Lyric theatre Thursday, it will be a special attraction to Mr. and Mrs. J. N. Lane of Big Spring. For one thing, the featured female player is Mrs. Lane's niece, Judith Barrett (pictured above with William Gargan). For another, Mr. and Mrs. Lane were in California this summer when "Behind The Mike" was being filmed, and as Miss Barrett's guests they witnessed the making of some of the scenes at the Universal Studios.

"Little Girl With The Big Voice" Starred In New KBST Program

A paradox, in the well-known words of Webster, is a riddle, an enigma, something true but hard to believe. And 16-year-old Mary Small, "the little girl with the big voice," is one of radio's very best Grade A paradoxes. Take her name, for example. Mary Small. Yet she's one of radio's biggest and brightest stars, with her own program and frequent guest spots on outstanding shows like the Musical Moments Revue, on which she will be heard soon.

At sixteen, she's a radio veteran, having trouped the air waves since the age of eleven. Although a rather demure young lady, she sings "Old Man River" or "Mandalay" with all the gusto of Lawrence Tibbett. Not so long ago she played the radio role of "Little Miss Bab-O", now she's a torch-singer who recently broke all personal appearance records at the Paramount Theatre in New York, receiving ovations equal to those accorded Rudy Vallee and Bing Crosby.

Yes, sir, Mary Small is a paradox. So who knows but what she may be heard some day hurling her mature, well-trained voice at the Golden Horseshoe of the Metropolitan Opera, thrilling that glittering circle of listeners as she now thrills radio's millions. A "bright star still in ascension," she sings over KBST tonight at 7:00, when Vic Arden presents the Musical Moments Revue, with the Songsmiths, Bailey Axton and Graham McNamee.

OKLAHOMAN HEADS KIWANIS GROUP

FORT WORTH, Oct. 13 (AP)—Robert O. Wilson of Posca City, Okla., today was head of the Texas-Oklahoma district of Kiwanis clubs. He was elected at the concluding session of the twentieth annual convention here yesterday.

SIXTH JUROR PICKED

CINCINNATI, Oct. 13 (AP)—A sixth woman juror was seated tentatively today after Mrs. Anna Marie Hahn, 31-year-old German blonde, returned to a crowded courtroom for resumption of her trial on a murder charge.

RODEO MAN KILLED

NEW YORK, Oct. 13 (AP)—Far from his prairie home, Walter Cravens, 25-year-old Oklahoma rodeo performer, rode the lone trail to "the last roundup."

Cravens, once runner-up for the world's steer riding championship, was killed Saturday night by the slashing hooves of a wild steer in Madison Square Garden.

Last night the range folk took leave of their dead. Spectators were barred at the close of the regular evening performance and 350 fellow performers trooped on foot past the casket on which lay Cravens, body clad in cowboy regalia.

ONE DEAD, TWO HURT IN AUTO COLLISION

WEATHERFORD, Oct. 13 (AP)—Slippery pavement was blamed for an automobile collision here yesterday that was fatal to one person and injured two others.

E. J. Earle, 52, of Sacramento, Calif., was killed. Mrs. Searle, William L. Meuser, also of Sacramento, and R. R. Holloway, of Longview, Tex., were injured slightly. L. F. Davis, of Longview, was unhurt.

asserted. It is not possible to hold even a class meeting. Dunham explained that the PWA had offered the Big Spring school system a grant of 45 per cent for building and equipping two new school buildings, provided that the present auditorium and gymnasium be razed down to the first floor. The grant, he figured, might amount to \$40,000 or \$45,000. To acquire the grant, the school district would have to vote bonds for 55 per cent of the work, plus enough to demolish the two stories of the gymnasium and put additional footings on the east wing of the high school building, probably about \$60,000 in all, he asserted.

Telegrams An Issue In Oil Co. Trial

Judge Withholds A Ruling On Admission Of Messages MADISON, Wis., Oct. 13 (AP)—Federal Judge Patrick T. Stone withheld today a ruling on admissibility of certain telegrams as evidence in the federal government's anti-trust law case against 23 oil companies, three trade publications and 46 executives. Judge Stone, who denied yesterday a defense motion to exclude all documents taken by the government from oil companies' files, permitted marking of an exchange of telegrams between two government witnesses for identification only. Defense counsel charged the government obtained the documents by "illegal search and seizure." William Lanza of Chicago, manager of gasoline sales for the W. K. Barber company, independent marketing firm, identified the wire messages as those he sent to and received from J. M. Bradshaw, Dallas, Texas, broker in 1935. The contents have not been disclosed. Judge Stone said he would decide whether the telegrams were admissible as evidence when Bradshaw is called to testify later in the trial. Lanza testified his company was able to buy gasoline from small independent refineries in 1935 for as low as five-eighths of a cent below the "low" quotations published in the Chicago Journal of Commerce. The government charges the oil companies conspired to raise and fix gasoline prices, and that the trade publications knowingly published the quotations of the big companies as the market prices at refineries.

MINES' GRIDDERS PREPARE FOR N. M. LOBOS

EL PASO, Oct. 13—Putting on a story-book finish to snatch a victory from the West Texas State Buffaloes here Saturday afternoon, the Texas College of Mines Gridders are not letting any grass grow under their feet in prepping for a Border conference tilt with the University of New Mexico in Albuquerque Saturday. A heavy downpour of rain kept the Miners on the inside where they saw plays used by the Lobos against the New Mexico Aggies last Friday night. Head Coach Mack Saxon also sent his players through a signal drill in an attempt to better the timing of plays. Ross More, Ore Digger halfback, gave his team a last minute 16-14 win over the Buffs when, with less than one minute to play, he stepped calmly back from the West Texas 5-yard line and place-kicked the ball through the uprights for 3 points and the winning margin.

Branch Plants From US Dot Canada

American Capital Far Greater Than That Of British OTTAWA, Ont., Oct. 13 (UP)—The penetration of United States industry in Canada, attributed to the desire of American manufacturers to obtain the benefits of the British Empire tariff preferences, is increasing, a survey of the Dominion bureau of statistics, Canadian government statistical agency, reveals. It is estimated that American manufacturers have established nearly 1,500 branch plants in Canada, and the large majority of the \$2,000,000,000 invested in plants in the Dominion by foreign manufacturers is owned by American interests. The American capital invested in Canada, it is revealed, far exceeds British capital. The American penetration in Canada is particularly pronounced in Ontario, because the province extends farthest south and is more contiguous to the large centers of American manufacturing.

Distance Favors Americans Canadian economists, surveying the situation, find a great difference between the attitude of British and American manufacturer in locating in Canada. The former operates primarily under the disadvantage of long distance, whereas communication between American plants and Canadian subsidiaries is only a matter of minutes, and the shipment of equipment, when urgently needed, is only a matter of hours. Moreover, the British manufacturer has an enormous home market, in addition to being favorably located for foreign trade in general, and being in the Empire has all the fiscal preferences automatically.

Labor Asks That Board's Powers Be Restricted

DENVER, Oct. 13 (AP)—The American Federation of Labor convention decided unanimously to ask congress to curb the powers of the national labor relations board. The decision followed a demand by John P. Frey, president of the federation's metal trades department, that three of the board's regional directors be removed for what he said was partiality to John L. Lewis' C.I.O. It also followed charges from half a dozen other A.F. of L. leaders that the board had promoted C.I.O. unions at the federation's expense. The regional directors whose removal Frey demanded were Mrs. Elinore Herrick of New York, Mrs. Alice Rosseter of San Francisco and A. Howard Oyers of Boston. Commonwealth Federation party, which holds that the operation of these companies in the Dominion is "a real menace to Canada," J. S. Woodsworth, leader of the party, recently accused Prime Minister Mitchell F. Hepburn, whose opposition to John L. Lewis' Committee for Industrial Organization is construed in some quarters as an invitation for American industries to locate in the province, of permitting American companies to organize in the province and operate under lower wage scales. "Wherever there are gold, nickel or coal mines, automobile factories, or water powers controlled by American interests in Canada you should put up an American flag, and then you would have no room for the British flag," he said. "Stand on guard for Canada if you want to have British industries established here."

Committees Working On Oil Topics

HOUSTON, Oct. 13 (AP)—Four important committees today started work on oil topics moving at the Independent Petroleum Association convention. The committee on taxation, cancellation of supply with demand, elimination of illegal production and unnecessary and excessive drilling, opened their discussions. From this group the association hopes to glean ideas that will benefit them when they ask for special legislation covering part if not all of the activities. Reports of the committees will be ready for the convention proper when it opens tomorrow. Two thousand delegates from all sections of the United States are slated to attend. Many of them were in town today. Simultaneously the interstate oil compact commission will begin a meeting here tomorrow. The commission will hold its sessions at the Oil World Exposition coliseum. Chairman Ernest O. Thompson, Texas railroad commissioner, said the six state governors on the commission or their representatives would attend. Tax legislation proposed both in Washington and in the state capitals of oil producing states is expected to draw the fire of the I.P.A.A. delegates. C. E. Buchner, executive manager of the association, said many oil men feel the industry is carrying its share of the tax burden. Jesse H. Jones, chairman of the R.E.C. is due here tomorrow to address the convention. Secretary Harold L. Icker of the department of the interior will arrive Friday.

Rain

block sullen skies dropped steady rains with no indication of a let-up. Since Sunday the precipitation at Lubbock has totaled 3.07 inches and Don L. Jones, superintendent of the state experiment station, foresaw a "good possibility the rains will lower the grade of cotton that has opened and will darken grain sorghum heads, as well as lower the grade." Temperatures over the state moved sharply downward as the rains set in overnight. At Amarillo, the Dallas weather bureau reported, mercuries showed a low of 38 today along with the more than two inches of rain. The bureau predicted "colder" weather for all of Texas tonight, with temperature declines making themselves felt as far south as the Rio Grande valley.
