

Campus Swings Back To Life

Registration Inches Near 11,000 Mark

More than 5,000 students—mostly freshmen and sophomores—began enrolling for spring semester classes during the second day of registration Wednesday.

Approximately 10,500 students have started the enrollment process since registration began Tuesday morning, according to Don Renner, assistant dean of admissions.

ANTICIPATE INCREASE

"There's always a lag between the number who start and the number who pay off," Renner said. "We still anticipate an increase over last spring's enrollment."

He said he expected more than 11,000 to register before noon today.

Renner said he was pleased with the cooperation of the students who have registered so far, and added that only the normal problems have occurred.

"Some of the sections are closing—they are really getting tight now. A lot of the rooms are crowded because the students are trying to find a section that is open," he continued. "But people get a schedule, though it may not be exactly the way they intended it to be."

JAM-UPS SHOULD SLACK

The jam-ups in the halls should be "pretty well slackened off" by today, according to Renner.

"Most students registering today are transfer students just now showing up from other schools, and those people in the lower rank of the scholastic order."

Renner said he felt the temporary traffic barricade set up on the circle has had a "favorable psychological effect" on the students who have registered so far. "It makes it a little safer for the students to walk across the circle."

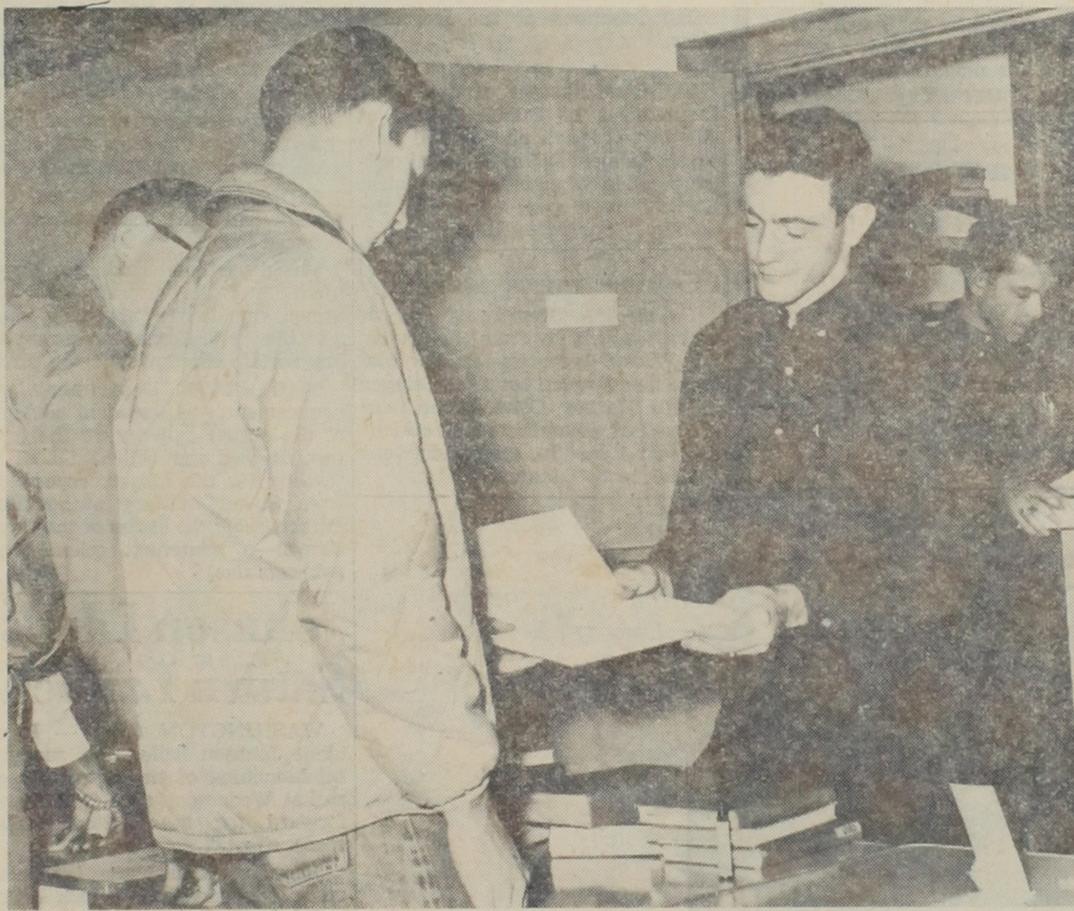

Curtain Rises On 'Firebugs'

The Tech speech department's current dramatic offering, "The Firebugs" by Max Frisch, opens today.

The play, a satire about the bomb, is directed by Clifford B. Ashby. Performances will be at 8:15 p.m. today, Friday, Saturday, Monday, Wednesday and Thursday in the speech auditorium.

The cast includes Barry Corbin as Gottlieb Biedermann, Paula Crietz as Babette Biedermann, Kay Clapp as a maidservant, Raymond Bailey as Sepp Schmitz, Mike Niemczyk as Willie Eisenring and William Leonard as a policeman. Also, Gerald Hanners appears as a Ph.D. and Judy Eaton portrays Mrs. Knechtling. G. W. Bailey, George Griffin, Charles Van Der-venter, Glenn Polk and Ken Hendricks comprise the Fireman's Chorus.

Admission for the performances is \$1, and reservations are available at the box office in the Speech Bldg. or by calling ext. 2152.

SWAPPIN' AROUND — Steve George, chairman of the book swap committee, takes charge of a text left by a student to be sold through the book swap committee. This swap, the first student attempt at Texas Tech, will continue until Feb. 7 in the cloak

room area on the second floor of the Tech Union. Swapping, done by check, is being conducted from 10 a.m. to 3 p.m. and committee members report a total of 200 books have already been exchanged through the program. —Staff Photo

Text Book Swapping Continues

The first student book swap continues today with more than 200 books being sold for students during the first two days of business.

Students interested in buying or selling books through the exchange may continue to bring books to the swap until Feb. 7 when the exchange closes.

According to Steve George, chairman of the book swap committee, the idea arose from a suggestion of the Student Council.

SWAP TO SAVE

George said, "The purpose of the swap is to save students money. Since the labor and space for the exchange is free, we are able to sell books at a lower price than the bookstore."

George added that the book swap idea had encountered no opposition from the bookstore and that the bookstore had provided the committee with a list of books to be used next semester to facilitate the trading.

To sell a book through the organization, a student fills out an index card listing his name, address, telephone number, the department and course in which the book was used and the author of the book. He then fills out a check, filling in the price he will take for the book.

SIGNS OVER CHECK

Anyone purchasing the book then signs the check and the book swap committee sends the check to the owner of the book.

THE PRICE on most books is set at 5/8 of the purchase price of the book. Since the bookstore pays only half the purchase price of books returned to them and sells books back at 3/4 of the original purchase price, both seller and buyer benefit from the book swap.

There is a 10 cent charge for all books handled through the exchange. Books left at the exchange after Feb. 7 become the property of the exchange and will be disposed of by the exchange.

The exchange is being conducted in the cloak room area of the second floor of the Union and is open from 10 a.m. until 3 p.m.

Wallace Eyes Ohio Primary

COLUMBUS, Ohio (AP) — Alabama Gov. George C. Wallace said Wednesday he will decide by Feb. 4 whether to enter Ohio's May 5 Democratic primary.

He said he seeks to demonstrate sentiment over states rights and national administration policies.

His news conference was picketed by persons identified as members of the Congress of Racial Equality.

Wallace said he has received thousands of letters from throughout the nation expressing concern over what he termed federal domination of state affairs.

Ohio's candidate filing deadline is Feb. 5.

Campus Political Signups 'Brisk' During Registration

By CECIL GREEN
Toreador Copy Editor

Political activity is picking up steam on campus as both the Tech Young Republicans and the Young Democrats prepare for the upcoming 1964 elections.

Both of the politically affiliated groups will maintain registration booths in the foyer of the Tech Union through today, signing up prospective members.

SIGNUPS BRISK

Approximately 50 students had filled out membership applications with the Young Demos early Wednesday afternoon, but statistics on the Republican signups were not readily available. However, Glenn Looney, Young GOP president, said that activity at the booth had been brisk during the registration period.

STEPS TO follow at the various booths include the following:

Democrats — Sign membership applications and pay dues of \$1 per semester. Also available are subscriptions to the "Democrat," a national newspaper published by the Democratic National Committee. Regular subscription rates are \$1 per year, but the Young Demos are offering the paper for 50 cents per year.

Republicans — Fill out membership forms and pay dues of \$3 per year or \$2 per semester. Applicants

also receive a copy of "The YR Star," a national monthly newspaper, and a copy of the "Tech Young Republican" newsletter.

GOP LARGEST GROUP

The Young Republicans have the largest membership on campus

Coeds Still Hospitalized

Two Tech coeds injured in an auto accident during the Thanksgiving holidays are still hospitalized, but are reported improving.

Gail Ernestine Scales is presently in a hospital at Gonzales, her hometown; and Cheryl Terry has been moved to Methodist Hospital here in Lubbock. Neither girl has fully regained consciousness yet, but both are progressing steadily.

Gay Goodman, who returned to Tech this semester after also having been injured, reported the need still exists for blood donations in the name of the girls to alleviate the cost of transfusions.

thus far, with an enrollment pushing the 500 mark. According to Young Demo president Mike Read, the Democrat organization has approximately 175 members.

BOTH GROUPS have a full slate of activities planned for the spring semester, including top-name speakers, political films and, possibly, a debate between the two clubs on political ideology.

Slated to speak before the Young Democrats during February or early March are Ralph Brock, the Lubbock County Democratic Committee Chairman, and Sargent Shriver, director of the Peace Corps and often spoken of as a possible vice presidential candidate.

DEMOS SET FILMS

Also, the Demos will feature two controversial films during this period, "Operation Abolition" and "Operation Correction."

THE YOUNG Republicans have scheduled Dr. Robert Morris of Dallas to speak on Feb. 6 about conservative philosophy. The club's annual Lincoln Day Dinner will be Feb. 13, with Sen. Carl Curtis of Nebraska as the main speaker.

The Young Democrats meet twice a month, on the first and third Wednesdays, while the Young Republicans have one monthly night meeting and a series of Noon Forums and special events.

Four Tech Coeds Join College Board

Texas Tech will be represented this year on "Mademoiselle" magazine's national college board by Mary Etta Bellew, junior; Barbara Lou Barker, junior; and Camille and Carmen Keith, freshmen.

The annual College Board Competition is designed for women students with talent in art, writing, fashion, merchandising, promotion or advertising. Board members were selected on the basis of entries that showed the ability of each in one of these fields.

As College Board members, they will report news from their colleges to "Mademoiselle." They are eligible to compete for the 20 guest editorships that will be awarded by the magazine in May. To win one of the top 20 prizes, they must submit a second entry to show their specific aptitudes for magazine work.

Campus Briefs

Harlon Jarnigan, a 6-1, 190 full-back from Goldthwaite has announced that he will sign a letter of intent with Texas Tech.

Jarnigan, a starter for three years, was an all-regional selection and is also a starter on the Goldthwaite basketball team. In addition, Jarnigan is an honor student with a 97 average.

Freshman class dues will be collected during registration at the Ad Bldg. and the Tech Union, according to freshman class officers. Dues are \$1 and are for spring social functions of the freshman class.

Dr. Carl Heather of the Texas Department of Public Health at Austin will speak on "Animal Reservoir Salmonella" at a special called meeting of the Bacteriological Society at 4 p.m. today in the Science Bldg., room 212.

RUBY TAKES TESTS

Dallas (P) — Deputy sheriffs removed Jack Ruby from the county jail Wednesday afternoon to take more neurological tests. The slayer of Lee Harvey Oswald, the man accused of assassinating President John F. Kennedy, also underwent mental tests Tuesday.

U.S.S.R. Rejects Shooting Protest

WASHINGTON (AP) — The United States Wednesday protested "in the strongest terms the shooting down" of an American jet trainer over East Germany Tuesday, but the Soviet Union rejected the protest immediately.

"I DID NOT accept the protest," Georgi M. Kornienko, minister-counselor of the Soviet Embassy, told reporters after a 12-minute visit with William R. Tyler, assistant secretary of state for European affairs.

"My government has already protested against this clear-cut case of gross provocation," Kornienko said.

THREE OFFICERS aboard the plane were killed, the Russians announced today.

The department said in a statement that the aircraft was unarmed, that it was "obviously lost," and that it "afforded no threat of any sort to the Soviets."

THE STATE Department announcement was issued in advance of the actual delivery of the protest. It said the United States is "calling for the fullest cooperation from Soviet military authorities" in recovering the bodies of the three airmen—a lieutenant colonel and two captains.

Soviet Ambassador Anatoly F. Dobrynin could not be summoned officials said, because he is ill.

THE SOVIET Union disclosed the fate of the T39 trainer, missing for 24 hours, in a note released in Moscow accusing the United States of a provocative flight designed to increase tensions.

Shortly thereafter, Gen. Paul L. Freeman, U. S. Army commander in Europe, sent a note calling for an investigation to Col. Gen. Ivar Yakubovsky, the Soviet commander in Germany.

A&M Seeks Tech Talent At Audition

Talented?

A seven-man panel of judges from Texas A&M will be on campus Friday looking for Tech talent. The Aggies will be scouting for performers for the 13th annual Intercollegiate Talent Show March 6 at College Station.

Auditions Friday will be at 7 p.m. in Tech Union's Coronado Room.

"Anyone with any kind of talent may audition," according to Jud Wimbish, Union spokesman.

Last year Pat Eakins represented Tech in the Aggies' talent show.

A&M judges will select 10 acts from colleges in a five-state area—Texas, Oklahoma, Louisiana, Arkansas and Mississippi. Then at the variety show professional talent scouts from throughout Texas will view the performances, according to Miss Wimbish.

Collegians chosen to appear in the show will be given free room at A&M and paid three cents per mile for gasoline expenses.

Wednesday nine Techsans have signed up for the Friday auditions. Interested students may call the Union program office.

Dispute Aired

WASHINGTON (AP)—Panama reported Wednesday to the Inter-American Peace Committee it has decided to call for an emergency meeting of the Organization of American States to air its dispute with the United States over the Panama Canal.

Johnson Lauds Saturn Launch

WASHINGTON (AP) — President Johnson hailed the successful launching of the Saturn super rocket Wednesday as a "giant step forward for the United States space effort."

Johnson watched the launching on a television set in his office and later issued a statement saying this country has now "proved we have the capability of putting great payloads into space."

He said the two-stage Saturn vehicle put into orbit the largest payload ever launched by any nation.

PERMIT DEADLINE

Traffic Security officer Bill Daniels says that students not enrolling for the spring semester must apply for parking permit refunds within two weeks after the opening of that semester.

Dennis Moffatt sought a job with responsibility

He found it at Western Electric

Dennis Moffatt, B.A., Coe College, Cedar Rapids, Iowa, '57, joined Western Electric in 1961 after two years of graduate work at the State University of Iowa and two years with the Army. Most important to Dennis was the fact that WE offered him the chance to move ahead . . . fast. Dennis started at Western Electric's Hawthorne Works in Chicago as a Staff Trainee in Industrial Relations.

After only a year with the Company and the completion of one of WE's training programs for college graduates, Dennis became a Personnel Placement Analyst. Advancing rapidly, Dennis was recently promoted to Section Chief, Employment

and Placement, Systems Equipment Engineering.

If you, like Dennis Moffatt, want a career with a company that will recognize your skills and abilities, and have the qualifications we're looking for—let's talk! Opportunities for fast-moving careers exist now for liberal arts, physical science and business majors, as well as for electrical, mechanical and industrial engineers. Get the Western Electric Career Opportunities booklet from your Placement Officer. Or write: Western Electric, Room 6405, 222 Broadway, New York 38, N. Y. And be sure to arrange for an interview when the Bell System recruiting team visits your campus.

Long \$5

Union Gives Fee Stretch

By MICHAEL READ
Toreador Staff Writer

During registration this semester, approximately 11,000 Tech students will each part with \$5 for a "Union fee" in addition to the other expenses of registration. Since money is often a rare commodity for the college student, it is not surprising that the question often arises—"Just where does this \$5 go?"

The \$55,000 coming directly from the student fee goes, as the name implies, to the Tech Union. This fee, along with the other income of the Union, is stretched to provide funds for Union salaries, maintenance, activities and debt payments. It is probably the most stretched \$5 on the campus.

CAN SEE \$5

Every time a student steps inside the Union, he is seeing the results of his "Union fee."

Part of the more than \$100,000 raised each year from student fees is used to pay the bonded debt on new addition for the Union—some \$95,000 per year. Part of this expense is met from the net profits of the bookstore.

Part of this fund is used to pay program costs. The range of Union

activities is both wide and varied. John Moeser, director of public relations for the Tech Union, outlined some of these activities.

SPONSORS SHOWS, CONTESTS

Moeser pointed out that the Union sponsors dances and jam sessions, style shows, talent shows and other contests. Expenses for these events are met by falling back on part of the much-stretched \$5.

The Union also sponsors seminars and forums, panels and well-known speakers, movies; and a record lending library is maintained by the Union. Chess and bridge tournaments are held in the Union

and increase the stretch and strain on the student fee.

Union-sponsored events such as the International Fair, Fine Arts Festival and Model United Nations help drain the general operating and program fund, and special events, such as the appearance of Hans Conried in the Union, draw from the student fees.

Large operating expenses—the monthly gas and light bill alone can run to \$2,000—also are drawn from the student fees.

The \$5 fee is stretched a very long way indeed, and, as the college grows, the fee must be stretched even farther.

THE L-O-N-G STRETCH — Trying to make the \$5 Union fee go as far as possible are Suzanne Langley, left, sophomore from Hereford, and Judy Wimbish, Fort Worth junior.

January ROTC Grads Get Bars, Commissions

The gold second lieutenant bars were pinned on 29 Army and Air Force ROTC January graduates in ceremonies Sunday afternoon.

Commissioned as new Army ROTC second lieutenants were Paul A. Anthony, Doyle W. Barnett, Charles R. Fifer, James B. Johnson, William K. Nolan, Orland M. McNeely, Frederick J. LaRoe, John P. King, John L. Seymour, John S. Rike III, and Rodney L. Pace, all of Lubbock.

Others are Louis H. Bryan, Odessa; Edison W. Hallford Jr., Fredericksburg; Peter S. Hickok, San Jose, Calif.; Jerry G. Hooks, Amarillo; Boyce H. Hurley, Throckmorton; Robert W. Janek, San Angelo; William L. Mullins, Freer; Billy G. Wilson, Killeen; Leo F. Waltz, Denison and John A. Unger, Houston.

Commissioned as new Air Force ROTC second lieutenants were Russell L. Chaddick, Plainview; Wayne

L. Harrison, Pampa; James D. Lyons, Jr., Beaumont; George L. Metcalf, Chillicothe.

Others were Carl E. Newsome, Mt. Vernon; Alvin D. Richter, Lubbock; James R. Spentath, Boerne; and Larry B. McBride, Lubbock.

SAE Selects Officer Slate

Sigma Alpha Epsilon, social fraternity, has announced the spring election of new officers.

Norman Mayes was elected president; other officers are John Moeser, vice president; Jim Hackney, secretary; Pearson Knolle, treasurer; Ted Haldeman, cronicer; Tom Callen, herald; Barry McNeil, chaplain; Cril Payne, pledge trainer; Northam Ashcroft, correspondent; and Bev Herndon, warden.

Tech Tankers Bow To Kansas, 68-27

The Kansas Jayhawk swim team swamped a hapless Raider crew Tuesday night, 68-27, as Tech managed to capture only three first places in 11 events.

Team captain Phil Simpkins and diver Jesse Marsh provided the only bright spots in the Tech tankers' performance. Simpkins won both the 50- and 100-yard freestyle events while Marsh upset Jayhawk diver Ron Marsh in the 1-meter dive.

Jayhawker Mike Calwell took high point honors with 11 3/4 points. Calwell won both the 200- and 500-yard freestyle events and swam one leg on the winning 400-yard freestyle relay team.

Calwell also set a pool record in the 500-yard event, going the distance in 5:34.1. The old record of 5:41.6 was set last year by Texas' Jay Smith.

The loss made the Tech record

0-2 for the season with two more meets scheduled this week. Oklahoma arrives here Friday for a meet with the Raiders and Southern Methodist arrives Saturday.

Area Coaches Meet Saturday

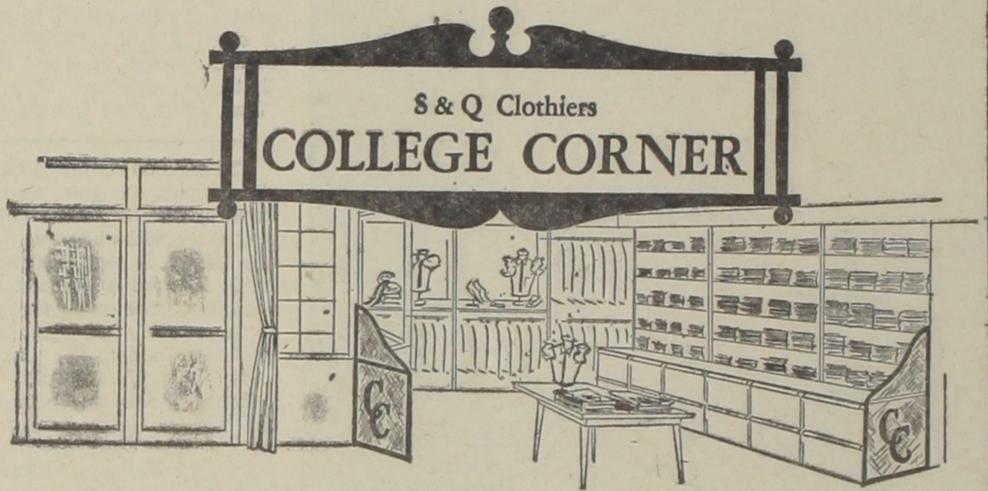

Texas Tech plays host to the Region One meeting of the Texas High School Coaches' Assn. Saturday.

Highlights of the meeting will include discussion on various aspects of football, basketball, track and training procedures.

Following a general meeting to be held at 3 p.m., coaches will meet according to school classification to select all-star nominations for the coaching school football and basketball games in August.

The meeting begins at 8:15 p.m. in the Coronado Room of the Tech Union.
