Germany Comes To Tech This Week

If a person wants to see Germany, he packs his bags and heads for Europe . . . unless, of course, he is a Tech student. In that case, Germany comes to him.

Beginning today the International Interest Committee of Tech Union is "bringing" Germany (as it was yesterday and as it is today) to the Texas Tech campus for a week. It will accomplish this through films, lectures, and dinners.

The events begin with the film "Mein Kampf" which will be shown at 4 and 8 p.m. today in the Coronado Room of Tech Union and at 2:30 p.m. Sunday, Oct. 14. The film is a Swedish documentary assembled to permit the Nazis to tell, through their own eyes, speeches, and cameras, the history of their rise and fall.

Combining never-before-shown film footage taken from Goebbels' archives and speeches from the public appearances of Hitler, Hess, Goering, and Goebbels the movie attempts to explain why events happened as they did.

For those students who really want a "taste" of Germany, The National Dish Dinner will be at 5 p.m. in the ballroom on Sunday, Oct. 14. The food will be prepared under the supervision of German students and instructors at Tech and is a featured highlight of the German-Week activities. Following the dinner, James Moesser, recipient of Fulbright Scholarship to study in Germany (1961-62), now a grad-

uate fellow at the University of Ludwig Alexander Fabel, from the German Consul at Houston will speak at 7:15 p.m. in Municipal Auditorium.

A rare opportunity will be given Tech students on Thursday, when Dr. William Shirer, author of "The Rise and Fall of the Third Reich," will speak on "Present-Day Germany."

The week's activities terminate with the film "The Confessions of Felix Krull" to be shown next

Friday at 4 p.m. and at 2:30 p.m. Sunday in the Coronado Room. Throughout German Week, exhibits of modern German sculpture through photographs and exhibits of original contemporary German artists will be in Tech Union.

At the end of this series of events Tech students will have had an opportunity to learn a great deal about Germany; such as the price of a good "Schlitz-burger" in Berlin. Tickets for "Mein Kampf" are 25 cents for students and 50 cents for general admission. Reservations can be made through Saturday at 10 a.m. for the National Dish Dinner. Tickets will be \$1 per plate in Tech Union.

Tickets to the William Shirer lecture may be purchased in the lobby of the Union beginning Monday and at the auditorium the night of the lecture for 75 cents for students, \$1 for faculty and \$2 general admission.

Entertainer Gives Court Room Show

VAN NUYS, Calif. (AP) — Nightclub comedian Lenny Bruce played a lively game of hide-and-seek with photographers who turned out for his arraignment Wednesday on a charge of possession of heroin.

It was quite a show. Bruce, 37, hid behind railings, rapped himself like a mummy in the California state flag, buttoned his jacket over his head and placed his head between his legs ostrich-fashion.

At one point, a deputy sheriff took Bruce into a back room until the session began.

TROOPS, GUERRILLAS CLASH

SAIGON, Viet Nam (AP) — Government troops launched a big operation yesterday against Communist guerrillas in the western provinces. One report said 4,000 soldiers were involved.

A government report, unconfirmed, said there were heavy Viet Cong casualties. An air strike was reported to have sunk 40 sampans loaded with guerrillas.

Old Story: Boy Meets Girl, Or Does He?

(1.) Oohhh, gotta hurry . . .

(2.) Gimme just one more minute . . .

Early Bird Gets The . . .

The saga of boy meets (or tries to meet) girl is one that can be seen on college campuses all over the world. These photos by TOREADOR photographer Cal Wayne Moore capture the spark, the drama, the sheer poetry of young love . . . well, anyway, it's a boy-meets-girl type story.

We find our future lovers in the wee, er, about 15 minutes before 8 o'clock (and that's in the morning), and alas, they have only time for a quick cup of coffee in the SUB, and here the scene is set.

Principal characters are Janette Heflin, elementary education junior from Brownfield and Stephen Brownfield, of Brownfield (this really gets ridiculous), a freshman agriculture major.

Where One Lives Influences Grades

Male students living in the residence halls make better grades than those living off-campus.

This fact has been proved by statistics released by the dean of men's office Thursday. The figures were compiled on freshmen enrolled at Tech between 1954-61. The freshman class was used as a base figure because it is the most stable group from which to figure statistics, according to the report.

Of the 7,191 freshman men enrolled during the six-year period, 62 per cent of the off-campus residents failed to make a 2.0 grade average as compared to 53 per cent of the residence hall inhabitants. In the same group 47 per cent of those not making their grades the first semester dropped out of school. The on-campus students had a drop-out of only 22 per cent.

"To me, this is very significant," Lewis N. Jones, dean of men, said. "It proves to me that boys in the residence halls have a greater studying advantage over those who live in town."

He explained that after freshmen get to college they can make a choice between studying or not; they are not forced to study by their parents as they were in high school.

Dean Will Go To Conference

Dr. John Bradford, dean of the School of Engineering, is attending a conference for deans of engineering schools in Texas and Oklahoma today at Trinity University, San Antonio.

The deans plan to discuss common problems in engineering education and will attempt to co-ordinate the engineering programs in the two states. Dr. Bradford will return late tonight.

Run-Off Balloting Starts Today As Campaigning Continues For Class-Council Positions

Run-off balloting for class and AWS offices and initial voting for engineering representative is being conducted today.

Candidates for engineering spots are Jerry Brock, Sam Truett, Jimmy Harrell, Jeffrey Zander, Dick Ward, Wayne Hillin, John Perry, and George Hite.

The engineering representative was to have been elected Wednesday. Because of complications, the four announced candidates either resigned or were disqualified.

"Due to excess campaigning near polls, we must remind all students to mark their ballots within 15 feet of the polls," said Karen Anderson, Student Council secretary.

Deadline Set For Pictures

The deadline for having pictures made for La Ventana is Friday, Oct. 19. No appointment is necessary. Anyone who has not had his picture made may go by Avalon Studio, 2414 Broadway, at any time for a sitting.

"We would like to have all pictures made by Friday because the class 'Views' have to be at the printer's before the Christmas holidays," Kay Kagay, editor of La Ventana said Thursday.

"In the dormitory, there is always someone with a book open to remind the new-comers of their purpose here. Off-campus, there is no such reminder to prick at their consciences."

Dean Jones said that most of the students he had talked to agreed with him on the matter of studying. They also think that most on-campus students are more serious about their education.

"Most of the boys interested in an education get their room reservations in during their senior year, while those who wait until later are the ones not really interested or certain as to whether college is the right place for them."

The statistics further prove the place of residence makes little difference to boys who make above a 3.0 average. The residence hall students had 12 per cent who made a 3.0 average or better, while the off-campus students had 9 per cent with grades of this caliber.

Library Shows Rare Books, First Editions

"First Enrollment In Tech Sets Record For Colleges As Number Approaches 800 Mark."

"Matadors Hold Indians To 0-0 Tie."

These are the top headlines appearing in the first edition of The TOREADOR, published Oct. 3, 1925.

A copy of the first TOREADOR, along with copies of early editions of La Ventana, a general information catalog and rare books are all on display in the foyer of the Library Bldg.

The 1926 general information

catalog reveals that then no tuition was charged. The amount of fees — registration, incidents, library and medical — totalled \$10.75. A student-activity fee was \$5 per year.

The display also features pictures of the first buildings at Tech, the first band and the first cadet corps band.

In another display case are three books from a 14-volume set called "La Galerie Agreeable Du Monde" by Pieter Vander Aa. The books were published in 1729.

In the books are Aa's concep-

tions of various plants, a castle city of the 15th century and a map of the western hemisphere. Aa's map pictures California as an island and shows the Mississippi River flowing through the middle of the con-

tinents into the Gulf of Mexico on the Texas coast.

Another book on display is a facsimile of the original Gutenberg Bible. The Bible, in two volumes, is written in Latin. Each volume weighs 10-12 pounds and is valued at \$500.

The original Gutenberg Bible, printed in 1455, is considered priceless. Tech's facsimile was a gift of the Tech Foundation.

U. S. Officials Name Psychiatrist For Check On Ex-Gen. Walker

DALLAS (P) — The Justice Department appointed a Washington psychiatrist Thursday as the gov-

ernment's doctor to examine former Maj. Gen. Edwin Walker.

Documents naming Dr. Winfred Overholster to make the examination were filed with the U.S. District Court in Mississippi.

Psychiatric examinations are to determine whether he is able to go to trial on federal charges of insurrection and conspiracy to oppose by force execution of U.S. laws.

Under an agreement with authorities when he was released last Saturday from the Springfield, Mo., medical center and prison, Walker was to report for psychiatric examination within five days.

A Walker lawyer said the general would make himself available at the office of Dr. R. L. Stubblefield at Southwestern Medical School at 11 p.m. Thursday.

Sale Of Directories Begins On Thursday

By CHARLES WALKER
Toreador Staff Writer

The Texas Tech student directories for the 1962-63 school year went on sale Thursday. Alpha Phi Omega is in charge of distribution of the directory and is selling them at the Tech Union, in the dormitories, and in town as well as at the College Bookstore.

James G. Allen, dean of student life, was the chairman of the committee which put the directory together. Also serving on the committee were Dr. Floyd Boze, W. C. Cole, W. E. Garets, David Rogers of Rogers Litho, Phil Orman, Don Renner and Adrian Vaughn.

Both the front and back covers of the book have colored pictures. On the front is a picture of the Texas Tech Red Raider posing in front of the West Engineering Bldg. This is the same picture used on the Lubbock telephone directory of 1959.

On the back is a colored picture of the Texas Tech College Bookstore, publisher of the directory.

Rogers Litho, Inc. printed Tech's new directory. The total cost has not yet been figured. Anyone may purchase the book for 40 cents. The price, along with advertisements in the directory, goes to defer the cost of printing. Dean Allen said that there is always a struggle for the book to break even.

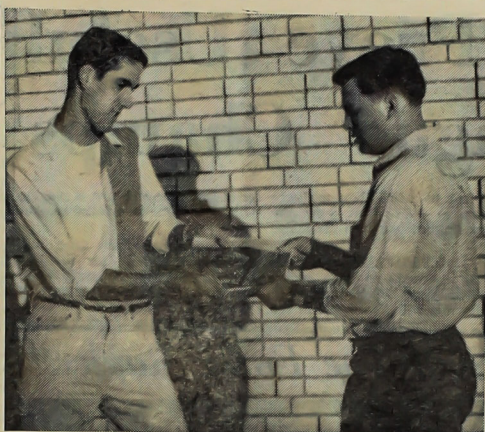

There are 101 pages of names and numbers in the book as well as many office and information numbers. Besides each student's name and phone number, his address,

school and classification are also listed.

The first name to appear in the new directory is that of Burl Monroe Abel, associate professor of finance. The first student listed is Eric C. Aenson, A&S freshman from Dallas. Appearing last in the student section is the name of Gloria Zwang, an A&S junior from Amarillo.

Immediately following the student section is a fold-out map of the Tech college campus. Twenty-two pages of classified buying section is printed on yellow paper in the back part of the directory. The last two pages have space for additional telephone listings.

The releasing of the new directories is expected to make life easier for the operators at the college switchboard; but, at the same time, make for somewhat busier telephone lines.

TAKE IT EASY FELLAS!—Bill Holton, left, and Phil McGee stage an impromptu tug-of-war over one of the new student directories, but it's really not necessary to go to these extremes. The directories went on sale Thursday and may be purchased for 40 cents at the Tech Union, in the dorms and at the College Bookstore.

TV Plans Live Show

The first live, state-wide telecast from Lubbock will originate from the Municipal Coliseum Oct. 15.

The telecast, honoring Jack Cox, Republican candidate for governor, will begin at 7:17 p.m. It is sponsored by Tech's Young Republicans and the Jack Cox-for-Governor Committee.

Admissions for adults will be \$1. Tech students who want to attend should contact Suzie Dreshell, Young Republicans corresponding secretary, at Ex. 2865.

OXFORD, Miss. (AP) — Negro James H. Meredith strolled through the campus without an escort at his side for the first time Thursday at the University of Mississippi.

A single loud unfavorable remark was heard as groups of students walked closer to Meredith, 29, than his small guard of federal marshals who brought up the rear.

The scene was in sharp contrast to the jeers some '70 students—mostly males—hurled at him as he left the cafeteria Wednesday night.

At noon Thursday, an unidentified white student chatted with him, while Meredith ate lunch in the cafeteria.

Meredith walked the 300 yards to his residence hall after lunch—again for the first time.

Rejects Prove Useful For League Champs

Ed Bailey, catcher for the San Francisco Giants, must feel much better now than he did at this time last year.

It was in 1961 that Bailey was traded away from the Cincinnati Reds to the Giants for second baseman Don Blasingame. The Reds went on to win the pennant, and Bailey was left without a World Series check.

Now it is Bailey's turn to gloat. Cincinnati finished third this year while the Giants beat Los Angeles in the National League pennant playoffs. The veteran catcher will have even more to rejoice about if the Giants manage to win the World's Championship.

There are others on San Francisco's squad who can be happy they were given a change of scenery for the 1962 campaign. Among these are pitchers Billy Pierce and Don Larsen. Both veteran American Leaguers were moved over to the National League pennant winner from the Chicago White Sox where

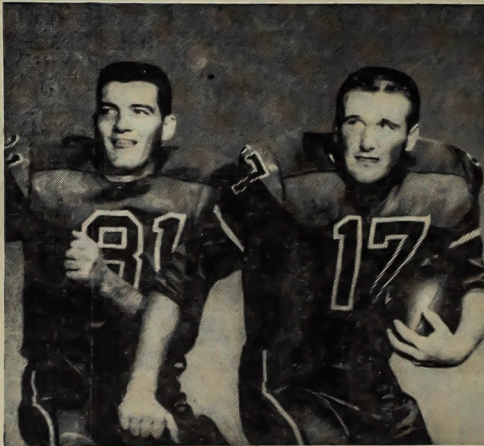

they had no more than mediocre seasons in 1961. This year the Chisox finished fourth in the junior circuit.

The New York Yankees also have players who came to them during this past year. Pitcher Marshall Bridges was with Cincinnati in the

series last year and now is playing with New York as a relief specialist.

First baseman Dale Long was playing off and on for the last place Washington Senators when the Yanks bought his contract in the middle of the year.

Skin The Frogs, Raiders!

FORT WORTH-BOUND RAIDERS David Parks (81) and Doug Cannon (17) set their sights on the TCU Hornfrogs and Tech's first victory in the 1962 Southwest Conference campaign Saturday night. Parks is among the top pass receivers in Coach J T King's aerial assault and Cannon is one of the big guns able to fire the pigskin.

IN BASKETBALL

Raiders Start Drills

Coach Gene Gibson Monday starts trying to offset the effects of graduation on the Texas Tech basketball team that dominated the Southwest Conference the past two years.

Gibson and assistant Charlie Lynch have six lettermen to work with, but missing are four men who accounted for 79 per cent of the Tech scoring in the 1961 and 1962 seasons. During this time the Red Raiders won an outright title ('61) and downed co-champion Southern Methodist ('62) in a playoff to determine the SWC National Collegiate tournament representative.

Missing will be two who gained all-conference and all-NCAA regional honors — 5-10 Del Ray

Mounts of Perryton and 6-10 Harold Hudgens of Ballinger — 6-5 Roger Hennig of Mathis, and 6-3 Mac Percival of Vernon. A reserve, 6-2 Royal Furguson of Lubbock, will probably forego basketball his junior year.

LEGION WANTS PRAYERS

LAS VEGAS, Nev. (P) — The American Legion, after spirited debate, called today for a federal constitutional amendment allowing prayers in public schools.

The Legionnaires, in the final day of their national convention, took the action in a resolution after defeating a motion to table the matter for further study. Both motions were decided by voice votes.
