

Mild temperature this afternoon and tonight and windy.

Crude Listings Above Federal Certification

AUSTIN, Nov. 19. (AP)—Texas crude purchases attaining a statewide proration hearing today submitted nominations 239,595 barrels above the certification from the Office of Petroleum Coordinator.

Chairman Ernest O. Thompson of the state railroad commission read a telegram from Petroleum Coordinator Harold L. Ickes certifying December production of 1,550,400 barrels of crude daily, a decrease of 30,000 barrels from the state's daily production last week.

Operators increased nominations 31,820 barrels daily to 1,589,995 barrels for next month.

A telegram from Ralph K. Davies, deputy petroleum coordinator, advised that Texas crude stocks had increased 20,000,000 barrels since last January 1 and stated it was inadvisable to build further Texas crude storage in view of impending gasoline rationing, transportation difficulties and a decrease in tank car deliveries to the east.

Commission engineers, testifying on the proposed adoption of a water-oil production ratio to combat declines in the bottom-hole pressure of the mammoth East Texas field, asserted the pressure had dropped, "dangerously" low in the field's extreme east area.

They declared the area would be enlarged if the pressure decline were not checked and advocated a water-oil ratio of nine to one based on production of 400,000 barrels daily of crude and 650,000 barrels daily of all fluids.

J. K. Baumel, director of production for the commission, said checking the pressure decline is "a matter of prime importance" and pointed out that with the adoption of a water-oil ratio the commission "can order the production of certain amounts of oil and certain amounts of water."

To maintain a pressure of 1000 pounds per square inch, 655,000 barrels of water, oil and gas could be withdrawn daily from the field for the next four years, Baumel asserted.

Commission engineers reported that 1,241 wells in East Texas were producing 347,225 barrels of salt water and 19,940.30 barrels of oil per day. About 50 per cent of the salt water flows from 216 wells.

Commission engineers reported that 1,241 wells in East Texas were producing 347,225 barrels of salt water and 19,940.30 barrels of oil per day. About 50 per cent of the salt water flows from 216 wells.

3 ALLIED ARMIES MOVING ON AXIS

French Unit Joins Yanks And British

Parachutists Hold Airfields Until Forces Come Up

LONDON, Nov. 19. (AP)—Three of the toughest armies assembled by the United Nations since the start of the war converged on the Bizerte-Tripoli-Bengasi triangle today in fighting contact with axis forces while allied planes and parachute troopers built up air power in preparation for the final assault to wipe the Germans and Italians from North Africa.

As the American and British squeezed the last axis foothold from east and west, a motorized column of fighters was reported driving up from the Lake Chad base 1,200 miles to the south to put the Lorraine Cross of Fighting France into the battle along with the Tricolor of French North African garrisons which have joined with the allies.

Sweeping back outlying axis positions, Lieutenant Kenneth A. N. Anderson's First Army—the veterans of Flanders—drove on into Tunisia from Algeria at several points in a sweep intended to trap and crush the German-Italian alpine army reported digging in at Tunis, the capital, and Bizerte, the big naval base, against pro-allied French resistance.

Leaping ahead of Anderson's ground forces, American and British parachutists were seizing vital airfields for use by follow-up units of the United States army air forces and the RAF which already were gunning their way through the axis aerial screen.

The RAF laid down a bomb barrage for Anderson's advance, while veteran battle-of-Britain squadrons engaged axis bomber flights, and United States flying fortresses turned their bomb sights upon the axis-held Bizerte airfield.

From the east, the British Eighth Army overtook the rearguard of Field Marshal Rommel's broken African corps south of Bengasi—well within 100 miles of the El Agheila line where the Nazi commander is expected to try a new stand.

Reuters said the Morocco radio reported that allied supply ships, meanwhile, had arrived at recap Tobruk to feed new forces into the Eighth Army's Libyan drive. The broadcast did not specify whether the supplies were shipped from west to east through the contested Mediterranean, or came the long way around Africa and through the suex canal.

Reuters reported from North Africa that four Spitfires attacked a flight of six Italian Savoia torpedos planes near an Algerian port shot down four of them and drove the others away before they could attempt to discharge their torpedoes against an allied convoy.

Although the allied communiqué did not identify the points at which columns had driven into Tunisia, information here suggested that these followed the main road and rail routes: one from the Algerian port of Bone along the coast through Taberna toward Bizerte; a second along a rail line from Tebessa, Algeria, toward Tunis; and a third, farther south, along a trail which runs through Gafsa to Gabes, where better roads lead on to Sfax and the coastal rail line to Tunis.

Progress of these drives was not disclosed, but pro-allied French forces were reported making a fighting withdrawal to join the incoming British and American forces, while their compatriots from Algeria advanced as scouts ahead of Anderson's army.

Observers here said the advance from Lake Chad might use as a striking base the Kufra oasis, which is 500 miles south of Bengasi and which the Fighting French seized from an Italian garrison 15 months ago.

Forces in the Chad region were reported here to be of considerable number, well equipped, and supported by South African and RAF squadrons.

Full German-Vichy Military Alliance Seen As Laval Assumes Dictatorship Of France

LONDON, Nov. 19. (AP)—Fighting French sources forecast today a full military alliance between Germany and Vichy France granting the axis the use of the 64 ships in the fleet at Toulon as one possible outcome of Pierre Laval's new dictatorial powers.

Such an alliance, if it develops, probably would follow a peace treaty between Germany and France releasing more than 1,000,000 French prisoners who likely would be recalled into French armed forces, these sources suggested.

Backed by German bayonets, Laval held powers of life and death over the people of unhappy France through the Vichy government's latest gesture toward the Nazi conquerors.

It was disclosed last night that Marshal Petain at a Tuesday cabinet meeting designated the swart little Germanophile his heir as chief of state and gave him full powers to write his own laws and decrees.

British political observers were quick to declare that extended powers for Laval—whose fortunes and very life are pinned to his often affirmed belief in an ultimate axis triumph—were a "logical development." They said it showed definitely that the Octogenarian Petain "is completely in the hands of the Germans and they put Laval in."

In the official Vichy announcement, the 56-year-old Marshal praised Laval for "patriotism and foresight," explained that the chief of government was being given an extended power so that he may "speedily deal at any hour and in all places" with France's problems.

Petain informed France: "We, Marshal of France and chief of state by virtue of the constitutional law of July 10, 1940, decree that the head of government (Laval) outside of constitutional laws, has the power on his simple signature to make laws and issues decrees."

That was the considered opinion of naval experts today after a detailed analysis of the staggering losses in ships, men and equipment suffered by the enemy in last week's rout.

These authorities, who asked to remain anonymous, were interested in but not unduly excited by the appearance of eight Japanese destroyers off the north coast of New Guinea yesterday. They said it was to be expected that enemy task forces would be encountered from time to time. But, they declared, it requires considerable time and organization to assemble a major armada such as was beaten back last week.

The delay will give United States forces an opportunity to replace their relatively small losses and build up their strength for what Secretary Knox already has labeled round 3 (coming up) of the battle for the Solomons.

In fact, it would not be surprising to many informed persons here if the marines and army troops on Guadalcanal took aggressive advantage of the enemy's predicament to improve their own positions which still encompass only a small area of land about the airport on the north coast of the island.

The last report on land fighting on Guadalcanal, covering activities of Nov. 10, said the United States troops were conducting offensive operations on both their eastern and western flanks. The failure of the Japanese, already outnumbered, to land any considerable reinforcements in their big push last Thursday, Friday and Saturday would seem to leave their forces open to attack, especially since it will be difficult if not impossible for them to obtain substantial supplies for some time to come.

LONDON, Nov. 19 (AP)—Britain's heavy four - motored bombers streaked across the Alps last night and delivered another heavy blow at Italy, choosing the big Fiat works at Turin for their chief target, the air ministry announced.

With clear skies to aid them, the RAF bombers accomplished "good results" on this, the fifth big raid on Italy this month, without the loss of a plane, the official announcement stated.

Last night aircraft of the bomber command attacked the Fiat works and other targets at Turin. The sky over northern Italy was clear and the crews report good results. None of our aircraft is missing," the communiqué said.

The Italian high command reported "considerable damage to civilian houses," some fires in Turin, 24 dead and 82 wounded. The communiqué made no claim of downing any of the raiders. It said the fires were quickly controlled.

Japs Stalled For Some Time In Solomons

WASHINGTON, Nov. 19. (AP)—It will take the Japanese at least three weeks and possibly much longer to pull themselves together for another try at Guadalcanal.

That was the considered opinion of naval experts today after a detailed analysis of the staggering losses in ships, men and equipment suffered by the enemy in last week's rout.

These authorities, who asked to remain anonymous, were interested in but not unduly excited by the appearance of eight Japanese destroyers off the north coast of New Guinea yesterday. They said it was to be expected that enemy task forces would be encountered from time to time. But, they declared, it requires considerable time and organization to assemble a major armada such as was beaten back last week.

The delay will give United States forces an opportunity to replace their relatively small losses and build up their strength for what Secretary Knox already has labeled round 3 (coming up) of the battle for the Solomons.

WASHINGTON, Nov. 19. (AP)—Southern opponents of a bill barring collection of poll taxes as a requisite to voting for federal officials reported agreed at a conference today to seek a showdown vote in the senate Saturday in the hope of killing the measure by defeating a proposal to limit debate.

Senator Bilbo (D-Miss) continued for the sixth day a filibuster by which opponents have blocked consideration of the bill while his colleagues held cloakroom conferences with administration leaders on the possibility of obtaining a test vote.

Part of five tins were served at luncheon yesterday in rice pudding, and the remainder scrambled for dinner.

Eggs similarly prepared had been delivered to other state institutions, Dr. Evans said, and eaten without ill effect.

SALEM, Ore., Nov. 19 (AP)—Forty-four insane inmates of the Oregon state hospital have died from an unidentified poison—possibly contained in frozen eggs—said a corps of physicians struggled today to save the lives of more than 400 other men and women.

The poison struck swiftly, and within 15 minutes after dinner last night, at which the eggs were scrambled, the victims began complaining of violent cramps. Within an hour the poison had caused the first deaths. By 10 p. m., five hours after the meal 19 had died. By midnight, the toll had reached 22. By four a. m. the total was reported to have reached 40. Later, four others died.

Tokio-To-Tokyo Their Aim

These 21-year-old twin brothers, Elton and Alton Wilmet, smilingly point out a voyage they would like to make soon. They're from Tokio, Tex., and are training at the South Plains Army Flying School at Lubbock to be glider pilots. Once there was talk of changing the name of their home town, but the twins believe a better solution would be to destroy the Tokyo across the Pacific.

Japs Fearing U.S. Drive On Indies

By The Associated Press

An American offensive to recapture the Dutch East Indies was predicted today by Japan's former navy commander-in-chief, Admiral Sankichi Takahashi, even as Washington naval quarters declared it would take Japan at least three weeks to rally after the great United States sea victory in the Solomon islands Nov. 18-19.

"The Americans obviously are planning to use the Solomons as a springboard for an offensive with a view to regaining the Dutch East Indies," Admiral Takahashi said, according to a German broadcast.

"We must reckon with further heavy fighting in the Solomons," he added.

Only 24 hours earlier, the Tokyo radio claimed that the U. S. Pacific fleet had been "annihilated"—for at least the third time—and asserted that any hope of an American offensive in the south seas was "a thing of the past."

Meanwhile, American bombers hunted through bad weather for a force of eight Japanese destroyers off the New Guinea coast near Buna, while U. S. army and British troops closed within 25 miles of the enemy's main invasion base there.

Dispatches said the destroyers apparently planned to help Japanese ground forces now being driven to the coast, and there was also the possibility they were standing by for an attempted evacuation.

While allied jungle fighters pushed forward against little or no opposition outside Buna, Gen. Douglas MacArthur's hard-hitting airmen pounded the enemy throughout the southwest Pacific theater.

A communiqué said United Nations warplanes attacked Japanese troops around Buna and raided six enemy bases in New Guinea, Timor and New Britain.

The attack on Mrs. MacLam occurred near San Diego. Mrs. MacLam told police that she and the three children had been driving with Mrs. Wallace to the border city.

At Encinitas they stopped to look out over a promontory, Mrs. MacLam said. She was struck from behind with a rock and fell or was shoved over an 80 foot bluff. She was found the next morning, and is in a San Diego hospital in a critical condition.

Reds Take The Initiative At Stalingrad

MOSCOW, Nov. 19 (AP)—Extending their job of bleeding and blocking the German armies, the Russians have taken the initiative in Stalingrad and in the Caucasus, today's battle reports showed.

The midday communiqué reported no major changes anywhere but said that during the night "our troops launched active operations and captured several enemy fortifications" in southern Stalingrad.

A Red army unit also was credited with a fighting reconnaissance northwest of the city in which enemy trenches were broken into, 60 Germans killed and others captured.

In a factory area of the staunch Volga stronghold, wrapped for two days in fog, the Germans returned to the attack during the night but were driven back with 200 killed, the latest reports said.

Soviet troops also were reported in active operations which scored some advance northeast of Tupaia along the Black Sea coast in the western Caucasus while 300 of the enemy were said to have been killed in an artillery-supported infantry attack southeast of Nalchik in the mid-Caucasus.

Jay Thomas Rites Said

Last rites were said at 3 p. m. Thursday in the Eberley chapel for Jay D. Thomas, 42, former Howard county resident who was the victim of an unusual accident near Phoenix, Ariz., last Saturday.

When he failed to return to his ranch home north of Phoenix, a searching party found his body in a concrete irrigation ditch along with evidence that indicated his mount had fallen with him in attempting to cross the ditch.

Survivors include his widow, Mrs. Clara Thomas; two daughters, Pauline and Betty Jean; two brothers, Pete and Curtis Thomas of Big Spring; and three sisters, Mrs. E. D. Rice, Seminole, Mrs. A. W. Rowe and Mrs. W. L. Brown, Coahoma. Among other survivors were Mrs. Cal Thomas and Mrs. Clem Thomas of Coahoma and Mrs. Annie Thomas, Hawley.

Services were in charge of the Rev. Dick O'Brien, First Baptist pastor, assisted by the Rev. N. W. Pitts, Coahoma Baptist minister. Pallbearers were Jeff Roberts, Joe Wheeler, Joe Barbee, Norman Reed, Ira McQuerry, Harold Harrington, J. W. Warren and L. E. Smith and burial was in the city cemetery.

44 Asylum Inmates Die Of Food Poison

Board To Decide On Teen Age Signup

Howard County selective service board, scheduled to meet in the office Friday, will decide where this county's 12-year-olds will register and to make other arrangements for conducting the registration, beginning Dec. 11.

The registration will be for those who have become 15 since the last registration on June 30.

Questionnaires will be mailed beginning immediately to teen-age youths already registered, and reclassifying will start as soon as the questionnaires are returned.

Vote Due Saturday On Poll Tax Issue

WASHINGTON, Nov. 19. (AP)—Southern opponents of a bill barring collection of poll taxes as a requisite to voting for federal officials reported agreed at a conference today to seek a showdown vote in the senate Saturday in the hope of killing the measure by defeating a proposal to limit debate.

Senator Bilbo (D-Miss) continued for the sixth day a filibuster by which opponents have blocked consideration of the bill while his colleagues held cloakroom conferences with administration leaders on the possibility of obtaining a test vote.

Part of five tins were served at luncheon yesterday in rice pudding, and the remainder scrambled for dinner.

Eggs similarly prepared had been delivered to other state institutions, Dr. Evans said, and eaten without ill effect.

Gas Registration Starts Tonight

Passenger car owners and motorcycle owners will begin their trek to the city and county schools this evening to register for the basic "A" mileage ration book, as school teachers take up the duties of registrars for some 4,945 cars recorded in this county and probably several more cars belonging to newcomers to Big Spring.

To receive the basic A book, passenger car owners secure applications from their tire dealers, and a license tax receipt for 1942. In the event the registration receipt is in another name other than the present owner, an additional certification card proving ownership of the car, must be obtained from the ration board.

Applicants are reminded that the applications must be made out in pen and ink, on the typewriter or in indelible pencil.

Each patron is requested to go to the school to register where his children attend. If children are in both high school and elementary school, the applicant is to go to the grade school. If the parent has children only in the high school, he is to go there to register. All car owners who have no children in school will register at the high school.

All schools will be open for taking applications for ration books Thursday and Friday evening from 5 o'clock to 10 o'clock. Those who fail to complete registration Friday evening will report to the high

Cosden Gains In Earnings

Six months earnings, before deduction for federal income taxes, of \$25,484.87, are reported for the Cosden Petroleum corporation following a directors meeting held this week in Chicago, where the board reviewed operations for the half-year period ended October 31.

The earnings report is up slightly from the same period last year, when the figure, before income tax deductions, was \$219,210.13.

The 1942 total will be subject to adjustments and audit at the year-end, and it was estimated by the management that the income tax rate for Cosden would be approximately 70 per cent, which would leave a profit of \$166,945.31 for the first half of the corporation's current fiscal year.

Alaska Highway To Be Opened Friday

WHITEHORSE, Yukon Territory, Nov. 19. (AP)—A ribbon of red, white and blue will be slashed and flung to the Arctic wind tomorrow, opening the Alaska highway.

Between the fluttering colors of the United States and Canada will roll an army truck manned by two proud soldiers from the ranks, to be followed by cars bearing civil and military officials of the two nations. This will be the vanguard of a series of mighty convoys—convoys safe from submarines and all but immune to air attack—which will move north toward Japan.

Registration Of Women May Come Soon

WASHINGTON, Nov. 19. (AP)—A prediction that an announcement would be made within a fortnight of steps to be taken before the first of the year toward registration of American woman-power was made today by President William Green of the American Federation of Labor.

It followed a conference of the AFL-CIO Labor-War Board with President Roosevelt, at which the problem of determining the available supply of women for war work was discussed.

Green said no decision had been reached, nor was it determined whether registration of women should be compulsory or voluntary. He said such registration would cover 40,000,000 to 50,000,000 women.

BOSTON, Nov. 19. (AP)—Future deferment of military service will depend more and more upon the kind of work a man is doing and less and less upon whether or not he has dependents, Paul V. McNutt, chairman of the War Manpower Commission, today told the first New England war conference.

"We know that to meet military needs and industrial needs at the same time that the importance of occupational deferment will increase from month to month and the weight which may be put on dependency deferments will decline," McNutt declared at the conference of northeastern business leaders, attended by New England governors.

# Annual Tour Of Inspection Is Held By Women Of Knott Home Demonstration Club

KNOTT, Nov. 19 (Spl)—Home demonstration club members and visitors from three communities last Tuesday morning in the home of Mrs. Fred Roman for the annual tour of inspection at the homes of special demonstrators.

Mrs. Roman, living room demonstrator, pointed out improvements made in the living room of her home, and other members discussed similar improvements which they had made. Accounts of achievement day visits with other clubs in the county were also heard.

After lunch, served at the Garner gym, a visit was made to the home of Mrs. S. T. Johnson, home food supply and outdoor living room demonstrator. Her excellent report told of the preservation of 495 containers of vegetables and fruit, all of which was raised in her garden and orchard with the exception of one bushel of pears and one of apples.

In addition to her canning, which included 50 varieties of food, she is planning to butcher pork and beef. Her poultry report showed a profit of \$280.60 from 250 hens during a 10-month period.

Present were Mrs. R. C. Stocks, Mrs. Lee Castle and Mrs. J. H. Burrow of the Brown club in Martin county; Mrs. Denver Yates, Mrs. E. G. Overton, Mrs. Walter Barbee and Mrs. B. J. Petty of Overton club; Mrs. C. C. Campbell, Knott; Mrs. Olan Faulkenberry, Bowie; Mrs. D. L. Knightstep, Mrs. Harvey Adams, Mrs. R. E. Unger, Mrs. R. N. Adams, Mrs. E. O. Sanderson, Mrs. O. R. Smith, Mrs. Paul Adams, Mrs. Joe Myers, Mrs. O. E. Gaskins, Mrs. Robert Brown, Mrs. J. W. Phillips, Mrs. Fred Roman, Mrs. T. Johnson, Mrs. J. H. Sample and Fontilla Johnson, county agent.

## Hanky Shower Is Given At Church For Two Members

Surprise handkerchief and farewell shower was given Wednesday for Mrs. J. P. Ferguson and daughter, Frances, by a group of women of the Wesley Memorial church.

Mrs. Ferguson and Frances are moving today to Midland where they will join Mrs. Ferguson and make their home.

The group met at the church and then went to the home of the Fergusons for the shower.

Gifts were presented and refreshments served. Present were Mrs. H. J. Whittington, Mrs. Mary Edwards, Mrs. Frank Stagg, Mrs. J. E. Green, Mrs. Cora Shelton, Mrs. Roy Green, Mrs. T. R. Lovelace, Mrs. W. D. Lovelace, Mrs. T. L. Lovelace, Mrs. Ike Lowe.

Mrs. W. W. Coleman, Mrs. Arthur Pickle, Mrs. J. A. English, Mrs. J. T. Morgan, Mrs. Jack King, Mrs. Cecil Nabors.

Sending gifts were Mrs. Johnny Garrison, Mrs. W. N. King, Mrs. J. C. Pittard, Mrs. E. R. Cawthron.

## Firemen Ladies To Have Dinner On November 25

Plans for a turkey dinner to be held at the L.O.O.F. Hall were discussed at the meeting of the Firemen Ladies when the group met at the Hall to plan for the dinner to be given on Nov. 25.

Those attending the meeting were Mrs. Gladys Stusser, Mrs. Dora Spotts, Mrs. Florence Rose, Mrs. Bertie Adams, Mrs. Ada Arnold, Mrs. Jewell Williams, Mrs. Mamie Lovelady, Mrs. Susie Wilson, Mrs. Flora Jones, Mrs. Billie Anderson, Mrs. Rebekah McGinnis, Mrs. Lula Mae Holley, Mrs. Irene Stegner.

Mrs. Leth Brooks, Mrs. Helen Gill, Mrs. Bessie Power, Mrs. Vera Nichols, Mrs. Marrie Munke, Mrs. Annie Wilson, Mrs. Alice Mims, Mrs. Minnie Harbes, Lendorah Rose.

## Fairview Club To Sponsor Program At Auditorium

The Fairview Home Demonstration club is sponsoring a musical program at the city auditorium on Nov. 21.

The program will include the Callahan Brothers-Hartington trio and violin music.

# 7th Grade Gives Play At P. T. A.

A play, "The Gift of the Fairies" given by Mrs. C. C. Coffee's seventh grade class was the featured program at the monthly meeting of East Ward Parent-Teacher association.

Announcement was made that luncheon would be served to school children on Wednesday or Thursday of next week to raise funds for the treasury.

Mrs. Coffee's room was awarded the prize for having most mothers present and those attending were Mrs. Fred Beckham, Mrs. Margaret McNew, Mrs. Eugene McNallen, Mrs. M. Reeves, Mrs. E. H. Wilson, Mrs. J. L. Terry, Mrs. H. D. McKinney.

Mrs. D. P. Thompson, Mrs. D. J. Shepard, Mrs. O. J. Milam, Mrs. Roy Yeatch, Mrs. C. C. McCraney, Mrs. J. C. Sewell, Mrs. Claud Epler, Mrs. A. F. Dyer, Mrs. J. J. Troop, Mrs. Timms Carter and Mrs. Coffee.

## VISITS AND VISITORS

Capt. W. E. Turner returned the first of the week from Waterville, Kas., accompanied by his wife, Mrs. Turner, and son, Terry Norman, who will make their home here at the Alta Vista apartments. Capt. Turner is public relations officer at the Big Spring Bombardier School.

Mr. and Mrs. G. A. McGann and son, George Albert, will attend a family reunion in Electra this weekend. McGann's parents, Mr. and Mrs. G. T. McGann are celebrating their golden wedding anniversary.

Fanny Ruth and Norma Roy of Coleman are visiting their mother, Mrs. Joe E. Nixon.

Mrs. Stewart Womack and Virginia Douglas are leaving today for Richmond, Calif., where Virginia and Billy Womack will be married. Enroute they will stop in Hobbs, N. M., to visit with Mrs. Womack's daughter, Mrs. T. R. Barnhill.

Mrs. E. D. DePriest and Mrs. Marjorie House, Jr., left Thursday for Glendale, Calif. Mrs. DePriest has been the house guest of Mr. and Mrs. Marvin House, Sr.

## Dance Compliments Former Residents

Mr. and Mrs. T. W. Hammond and Mr. and Mrs. Huck Wright entertained with an informal dance at the Country Club Tuesday evening honoring Mr. and Mrs. H. E. Dickerson, former residents. Dickerson is an instructor at Kelly Field, Tex.

Those attending were Mr. and Mrs. Huck Wright, Mr. and Mrs. John Whitmire, Mr. and Mrs. John Ray Dillard, Mr. and Mrs. Robert Satterwhite, Mr. and Mrs. Rufus Miller, Mr. and Mrs. Roy Lassiter, Mr. and Mrs. Dickerson, Mr. and Mrs. Shirley Robbins.

## Clubs Asked To Send In Contributions To Soldier Center

Clubs who have agreed to contribute \$1 a week to the temporary USO center are asked to contact Mrs. L. A. Eubanks, hospitality chairman, with checks or money which the center is needing. "Right now," Mrs. Eubanks pointed out, "we're broke, and would like for club treasurers to send in the money as soon as they can."

## Thurstons Entertain De Luxe Bridge Club

Mr. and Mrs. W. N. Thurston were hosts to the De Luxe club met at the Settles Hotel for dinner and bridge Wednesday evening.

Mr. and Mrs. Harry Miller were included as guests and others present were Mr. and Mrs. G. A. McGann, Mr. and Mrs. Tom Pharr, Mr. and Mrs. Johnnie Griffin, Mrs. J. C. Valvin, Mrs. Paul Drott, Mr. and Mrs. M. E. Allen, Mr. and Mrs. T. A. Thigpen.

Mr. and Mrs. Velvin are to be next hosts.

In World War I, 68,950 New Zealanders served overseas, suffering casualties of 52,501.

## New under-arm Cream Deodorant Stops Perspiration

ARRID is the largest selling deodorant

1. Does not irritate or sting skin. Does not irritate skin. No stinging to skin. Can be used right after shaving.

2. Instantly stops perspiration for 1 to 3 days. Prevents odor.

Annette B. Calloway versus Jerry Calloway, suit for divorce.

## St. Cecilia's Unit To Have Silver Tea

St. Cecilia's unit of St. Mary's Episcopal church will hold its annual silver tea Sunday from 4 o'clock to 6 o'clock in the home of Mrs. R. B. G. Cowper, 602 Mountain Park Drive.

## Surgical Dressing Room Opens With New Gauze Quota

A new quota of gauze for surgical dressings has been received and women are urged to come and work at room 15 over the First National Bank.

The surgical dressing room is open Tuesday through Fridays winner hours 9 o'clock to 12 o'clock and 1 o'clock to 5 o'clock.

## Miss Laneous Notes

By MARY WEALEY

We purchased a new pair of shoes the other day and not until the new was worn off did we discover that they are slow shoes.

Believe it or not, there are fast shoes and slow shoes. With some shoes we can get up a powerful amount of steam while with others we have to take the hills in low gear.

Once, we used to believe that color was what made the difference. For instance, we had a pair of blue shoes that were the speediest we ever owned. If time was important, we put on our blue shoes and they always got us there in time.

We've always had good luck with black shoes getting us along fast, too, but our new brown ones are a disappointment. They take to by-paths, without our consent, and seem to be happiest under a table or propped up on the edge of a bed.

People who have never investigated the phenomenon of fast and slow shoes, scoff at our theory and declare that it is the person who wears them that determines speed, direction and velocity.

This isn't true, however, for we've made close study of the situation. Take the other afternoon for instance when we started back to work. They turned at the corner and headed out toward the country. Much later we turned them around, with difficulty, and pointed them toward the office.

They kicked leaves in the street and loitered along till we were hours late getting back.

## Kongenial Klub Is Entertained By Mrs. Petty

Mrs. C. S. Edmunds entertained the Kongenial Klub in her home Wednesday for bridge and Mrs. Herschel Petty won high score.

Second high score went to Mrs. Jack Smith and Mrs. Ollie Anderson bingoed.

Mrs. Cecil McDonald was present as a new member. The club voted to meet each first and third Wednesdays from now on.

Refreshments were served and others playing were Mrs. D. A. Watkins, Mrs. R. W. Halbrook, Mrs. Bill Edwards, Mrs. Escal Compton.

Mrs. Halbrook is to be next hostess on December 2nd.

## Mrs. Keith Speaks To Central Ward Study Group

Mrs. Harwood Keith spoke on "The Child and His Parents" when the Central Ward Study group met Wednesday preceding the regular P.T.A. meeting.

Mrs. Keith pointed out that every child comes into the world a questioner, looking to his parents for answers to his questions. "We must educate parents to properly answer these questions," Mrs. Keith stated.

Those attending the meeting were Mrs. L. D. Jenkins, Mrs. C. W. Creighton, Mrs. A. G. Hall, Jr., Mrs. Alton Underwood, Mrs. Albert Joseph, Mrs. Buel Fox.

## Mrs. Heckler Is Hostess To The Ladies Aid

Mrs. W. C. Heckler entertained the Concordia Ladies Aid in her home Wednesday afternoon and the business meeting was opened with a scripture reading by the Rev. R. L. Kasper, pastor of the Lutheran Church.

A pink and blue shower was given for Mrs. Carl Stemple following the business session and refreshments were served.

Those present were Mrs. E. L. Bynum, Alma Busckart, Mrs. B. Ruechart, the Rev. Kasper, Mrs. R. A. Pachall, Mrs. C. J. Stemple, Mrs. T. A. Barclay, Mrs. Oiaf Lien, Arvilla Kasper, Mrs. Gus Oppgard, Mrs. Herman Pachall, Mrs. Hulon Davis, Mrs. Walter Pachall, Frances Davis, Jackie Pachall, Richard Pachall, Barbara Barclay, Mrs. W. C. Heckler, Mrs. Henry Fehler.

## YOU WOMEN WHO SUFFER FROM HOT FLASHES

If you suffer from hot flashes, dizziness, distress of "irregularities," are weak, nervous—due to the functional "middle-age" period in a woman's life—try Lydia E. Pinkham's Vegetable Compound. It's helped thousands upon thousands of women to relieve such annoying symptoms. Follow label directions. Pinkham's Compound is worth trying!

# Music Club Meets With Mrs. Wood

An illustrated study of "Fearsynsault" showing melody, harmony, rhythm and form in composer's materials was presented at the meeting of the Music Study club when the club met with Mrs. G. H. Wood Wednesday afternoon.

Mrs. Omar Pitman was program leader and Mrs. Robert Middleton gave a paper on Pearynt as further illustration. Mrs. Pitman played "Morning" and "Ass's Death" and Mrs. J. E. Kirkpatrick and Roberts Gay played "In the Hall of the Mountain King" and "Drink to Me Only With Thine Eyes" was sung by Mrs. L. S. McDowell. Mrs. R. W. Thompson played "Anitra's Dance."

A treasurer's report was given, the group discussed additional hostesses for the USO center and funds were collected.

Plans for a Christmas program at the city auditorium were discussed and Dec. 15 was the date set for the musical program which will include selections by service men.

Others present were Anne Gibson Houser, Mrs. Harry Hurt, Mrs. J. P. Kenney, Mrs. Bernard Lamun, Mrs. C. W. Norman, Elsie Willis and the hostesses.

## Mrs. Newton Is Complimented With Shower

Mrs. Troy Newton was given a pink and blue shower in the form of a luncheon at her home Wednesday afternoon. Hostesses were Mrs. C. R. Thompson and Mrs. R. E. Porter.

## KATE SMITH says: "Can you decide which is best?—I can't!"

"I bet when you try this Current Orange Loaf recipe, and then try its grand Prune Nut variation, you'll feel just the way I do! They're both best!"

"And one reason for that is dependable, double-acting-Calumet. Because with Calumet you get a light, airy texture and a tenderness that makes you proud . . . every time!"

**CURRENT ORANGE LOAF**

3 cups sifted flour  
3 teaspoons Calumet Baking Powder  
1/4 teaspoon salt  
1/2 cup sugar or dark corn syrup  
2 teaspoons grated orange rind  
1 1/2 cups currants  
1 egg, well beaten  
1 cup milk  
4 tablespoons melted shortening

Add orange rind and mix well; then add currants. Combine egg, milk, and shortening and add to flour mixture and blend. Bake in greased loaf pan, 9x5x3 inches, in moderate oven (350° F.) 1 hour, or until done. Store several hours before slicing.

**PRUNE NUT LOAF**

Substitute 1/4 cup chopped English walnut, black walnut, or pecan meats and 1 cup finely cut dried prunes for currants and orange rind in above recipe. (All measurements are level.)

# Most The Bombardiers— New Class At Air School Has Many Texans, New Yorkers

(First of a Series.)  
Texas, New York, and Ohio lead the third bombardier class at Big Spring Bombardier School in the number of registrants. Grady A. Carrell, San Antonio, is one of Texas' embryo bomb-droppers. He attended Brackenridge high school in San Antonio and was a hids inspector for the U. S. Dept. of Agriculture before his enlistment. Claude W. King is from Stockdale, where he was an oil worker. He lists hunting as his hobby, does not specify what kind of hunting although now presumably Jap hunting is his favorite sport. Rex E. Breneman is from El Paso although he was employed as a box-maker in California before his entry in the army.

Alfred B. Colwell, Jr., was captain of his high school track and baseball teams at Harwood. He was a clerk at a pharmacy in Lubbock before enlistment. William J. Cook attended Edinburg Junior college in his hometown of Edinburg, and left school to join the army. Justus W. Bachman, Throckmorton, attended Texas Tech at Lubbock and was employed as a sign painter before enlistment. Leon Blalock, San Antonio, was a rancher and won high school awards for distance running. He lists as his ambition that he would like to bomb a certain dehorned gentleman out of the Japs. James R. Brown was a surveyor in White-wright, Texas, his home town. Lee C. Brecher is another oil worker. He's from Loving, Texas. John B. Blevins is from St. Jo where he was an oil worker. Claude J. Tucker was farming near Childress. He has a brother who is with the Marines in Hawaii. Wilbur R. Pearson was a partner in a radio repair shop in Austin. Ralph T. Brady is from Claude although he was working as a clerk in Phillips before his enlistment. He says his ambition is to bomb Tokyo, an ambition he may realize someday.

**NEW YORK**  
Charles R. Chernes is from that curious borough, Brooklyn, where he was a radio service man. Paul E. Castellotti, Corona, attended the New York university and was restaurant steward and manager at the famous Hotel Waldorf. Theodore D. Ottobro from the Bronx was a production manager for the Curtis Publishing company. He also attended New York university. John R. Blair was just forty-five minutes from Broadway in his hometown of New Rochelle. He was employed at the Bowers Savings Bank, graduated from the American Institute of Banking.

# Calls For Moves To Halt Rising Sex Delinquency

**NEW YORK, Nov. 19.** (AP)—Rising juvenile sex delinquency among those who "label themselves victory girls" must be halted by action of mothers and schools, former Magistrate Jeanette G. Brill told the Federation of Jewish Women yesterday.

The former Brooklyn children's court jurist attributed the "sad situation" to a changed psychology which she said existed among younger girls today.

"They label themselves the victory girls," she asserted. "They think that the boys are here today may be dead tomorrow, and they reason: 'We'll give them all they want.'"

"We have got to stop bringing unwanted war babies into the world," she declared adding that mothers could help remedy the causes of delinquency by supervising the after-school activities of their teen-age daughters, while schools could remain open afternoons and evenings to provide places for wholesome relaxation and study.

Declaring that war always brought about an increase in juvenile delinquency, the former magistrate said she feared America's delinquency rate would rise to the 46 per cent found in England, "unless we have unity of action in doing something about it."

# Colorado City Youth To Be Marine Pilot

**COLORADO CITY, Nov. 19.**—When Doyle Mitchell, Colorado City high school graduate class of '41, left this week for training as a pilot in the Marine air corps at San Diego, he was the third of the sons of Mr. and Mrs. M. D. Mitchell of the Valley View community, Mitchell county, to enter the service. Arlie Mitchell is a member of an anti-aircraft unit stationed at Pearl Harbor. Another brother, Victor Mitchell is in the mechanized cavalry and is thought by his parents to be seeing active service in the Solomon Islands.

# Negro Sentenced To Die For Killing New Jersey Girl

**NEW BRUNSWICK, N. J., Nov. 19.** (AP)—Death in the electric chair Jan. 4 has been ordered for John Henry Swan, six-foot-four negro who battered 20-year-old Gisella Mary Forepough to death with his fists in the movie house where he was a porter.

Swan was convicted of murder and sentenced yesterday on his own admission that he had followed the pretty, slightly built girl into the lounge, pummeled her in the women's room, dragged her backstage and stripped her body of clothing behind the screen while 500 persons watched the picture on its other side.

Then he dumped her nude body from a second-floor window, hid the clothing and went to a saloon for a "triple shot" of whiskey. Swan said he had been drinking all afternoon, but denied any intent to rape, rob or kill the girl.

# The War Today: French Equatorial Africa Supports Bridge For Allies

**By DEWITT MACKENZIE**  
**CAIRO, Nov. 19.** (AP)—Major offensives like the Allied drives to destroy the axis in north Africa draw their striking power from many sources and present operations are getting great strength from a strategic development which has been achieved so quietly that many of its features still remain secret.

Since this is likely to play an increasingly important part in the Mediterranean campaign, it is necessary that we know something of it.

So if you'll dig out your maps of Africa I will show you what I mean.

Now, if you will flip a dime toward the heart of the Dark Continent, and you are a fair shot, it will fall close to a big panel known as French Equatorial Af-

rica. That is the Fighting French territory, which has Chad on the north and reaches southward to include Ubangi-Shari, the French Cameroons, the Middle Congo and Gabon. Brazzaville, way down on the lower Congo, is the capital of this huge area which pokes its hot nose close to the equator and likes it.

French General Mangin once remarked that he who holds Chad, holds Africa. A map will help you get the significance of this statement in part, but you've got to see the recent works of man in this still largely primitive vastness to understand it in full.

I've just made my way across this zone by the sweat of my brow and have discovered what Mangin meant.

First off, you will note on your

# Prophetic Message Slated By Delafield

"Where the Priests Silenced the Preachers" will be the topic of the free address on Bible prophecy to be given by Evangelist R. E. Delafield tonight at 7:45 at the Voice of Prophecy auditorium, 409 East Third street.

The evangelist will speak over KBST at 8:45 this evening on "Where Are the Dead?"

# ONE-MAN SCRAP DRIVE

**NAPOLEON, O. (UP)**—John E. Mohler is 87 years old, but that did not hinder his fervor in the recent scrap drive. In a one-man assault, he pushed his wheelbarrow through all parts of town and ended up by turning into the drive 887 pounds of iron and 367 pounds of rubber.

and military resources have been developed and we shall hear much more of them before this conflict is finished.

French Equatorial Africa now provides a span for an allied bridge right across Africa.

Harold M. Hall, son of Mr. and Mrs. G. W. Hall of Big Spring, was among the enlisted men graduating from the air force training course in airplane engine mechanics given at Southwestern Institute of Technology, Weatherford, Okla.

**KIDNEYS MUST REMOVE EXCESS ACIDS**  
Flush Out Poisonous Waste  
Help 15 Miles of Kidney Tubes

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disease of kidney function (protein poisoning) remains in your blood, it may cause swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with smearing and burning sensations shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowing so ask your druggist for Doan's Pills, and generally by millions for over 40 years. They give happy relief and will help 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# How To Make Your Meal A Treat With Just A Tiny Bit Of Meat

By WRS. ALEXANDER GEORGE  
Wide World Food Editor

With taxes hitting us all harder than ever and living costs so high, the family food budget will need special watching this winter. One of the best ways to reduce food costs is to serve nutritious and taste-appealing dishes which make meat go farther. You can use meat more often in the form of stews, pot pie, pastry roll and vegetable meat hash or loaf which give the meat flavor without using large amounts.

Meat is one of the best sources of protein in the diet. Milk,

**CHICKEN CROQUETTES**  
3 tablespoons quick-cooking tapioca.  
1-3 teaspoon salt.  
1-6 teaspoon paprika.  
2 tablespoons minced green pepper.

2 tablespoons minced pimento.  
1-2 cup milk.  
1-3 cup chicken stock.  
1 1-3 cups chopped cooked chicken.

Sifted bread or cracker crumbs.  
1 egg, beaten with 3 tablespoons milk and dash of salt.

Combine tapioca, salt, paprika, green pepper, pimento, milk and stock in top of double boiler. Place over rapidly boiling water and cook 5 to 10 minutes after water boils again, stirring frequently. Add chicken and mix thoroughly. Chill. Shape into

CHICKEN CROQUETTES: Thrifty and unrationed.

cones. Roll in crumbs, dip in egg mixture, then roll again in crumbs. Fry in deep fat (380 degrees Fahrenheit) 1 minute, or until golden brown. Drain. Makes 8.

riks and one egg (or 3 yolks). Shape into cakes about 3-4 inches thick. Sprinkle with flour and brown on both sides in frying pan. Spoon fat heated in frying pan. Cover and cook 10 minutes over low heat. Top and surround with savory sauce or gravy made from drippings. Serve with stewed tomatoes, cabbage relish salad and fresh apple sauce and ginger cookies for dessert.

**PEANUT RICE LOAF**  
To serve 4 mix together 1 cup chopped salted peanuts, 1 cup boiled rice or bread cubes, 1-2 cup dried celery, 2 tablespoons each chopped onions, parsley and pimentos. Add 1-2 cup hot milk, 1 beaten egg, 1-4 teaspoon each paprika and salt and 3 tablespoons fat, melted. Pour into buttered baking dish. Bake 50 minutes in moderate oven. Serve with hot tomato sauce, escalloped cabbage, bran muffins and sprout cobbler.

**CHEESED EGGS**  
... can be prepared in a short time and call for simple staples usually found in the refrigerator. Make up 3 cups creamy white sauce, add 2-3 cup grated or finely sliced cheese and 4 hard-cooked eggs, sliced. Cook until blended in double boiler. Stir several times. Add 1-4 cup chopped ripe or green olives. Serve with buttered toast, tossed green salad and apple roll with cream.

**MACARONI AND CHEESE**  
... takes on new interest when some mushrooms are added. Try this: Melt 5 tablespoons butter and add 1-3 cup flour, 1 teaspoon salt and 1-4 teaspoon each celery salt and paprika. Add 2 cups milk and cook slowly until creamy sauce forms, stir in 2-3 cup sliced or grated cheese and 1-2 cup cooked or canned mushrooms. Cook slowly until blended. Add 3 cups cooked macaroni and pour over buttered, shallow baking dish. Cover with buttered crumbs and bake 45 minutes in moderate oven. Serve with mashed turnips, grapefruit salad and baked date or raisin pudding with orange sauce.

cheese, poultry, fish, eggs, dry beans and peanuts, however, are also good protein foods. Dry beans are inexpensive, energy-supplying foods and "they stick to the ribs" on cold days. They need to be seasoned with something spicy and especially appetizing.

**MEAT VEGETABLE CAKES**  
Use a pound of meat to serve 5 or 6: Mix together 1 pound chopped beef (any economy cut), 1 cup boiled rice, 1 cup-cooked carrots and 2 tablespoons each chopped celery, parsley and onions. Add 1-2 teaspoon salt, 1-4 teaspoon pap-

# War Board News

A weekly column contributed by members of the Howard county USDA War Board.

## Farmers, Ranchers On Production Line Of War Program

The farmers and ranchers of this nation are just as much on the production line of the nation's war industries as are the workers who build ships, guns and airplanes.

It takes 27,000,000 man hours of skilled labor to build a battle ship. These men and women must be fed properly or they could not work. In order to feed these people, it will require the food produced from 42,000 acres of our farm and ranch land. This does not take into consideration the agricultural products that go into the construction of the ship. The construction of a tank requires 27,000 man hours of labor and these people need the food produced on 43 acres of land.

When you think of the many articles of war that are being turned out by the industrial plants and then think of the enormous amount of food required by the people who work in these plants, you can realize what a task lies ahead of the American farmer and rancher.

Labor is short and the farmer and rancher is faced with the necessity of making every acre produce to its capacity and at the same time maintain soil productivity.

The conservation methods recommended by the AAA and Martin-Howard Soil Conservation District has proven beyond question

that this can be accomplished. "During the past few years, cotton production has almost doubled more beef. These records are not and the range land is producing only local, they are being repeated year after year in all counties. If all farmers and ranchers would adopt at least a simple system of conservation practices they would produce enough more food products to meet the demands of the war effort."

## US Gives Help To Mexico Railways

WASHINGTON, Nov. 19. (AP)—The United States has agreed to finance rehabilitation of key Mexican railway lines of the Mexican National Railways in order to speed up war shipments.

In an exchange of notes disclosed last night between Mexico's Foreign Minister Esquivel Padilla and Ambassador George S. Messersmith in the Mexican capital the U.S. agreed to bear the cost of all necessary materials and equipment, repairs and maintenance.

The Mexican railway lines to be rehabilitated under the agreement, as described in the notes, are: (a)—Mainline south from United States border at Laredo, Texas, via Monterrey-Saltito-San Luis Potosi to Mexico.

(b)—East-west line from Torreon via Paredon to Monterrey.

(c)—Main line south from Cordoba and Puerto Mexico via Jesus Carranza and Ixtapex through Suchiate on the Guatemalan border.

(d)—From Chihuahua to Torreon.

## Quake Recorded In South America

NEW YORK, Nov. 19. (AP)—A fairly severe earthquake occurring approximately 2,800 miles south of New York, possibly near Colombia, South America, was recorded early today on the Fordham University seismograph. The first shock was recorded at 4:59:51 a. m., and the second at 5:06:08 a. m., eastern war time.

## Traffic Deaths Are Fewer In County And Over State

While traffic accidents in Howard county increased in 1942 in the first nine months, fatal accidents show a decrease over the same period, a report from the Texas department of Public Safety shows.

During the first nine months of 1941, there were only 12 accidents recorded for the county while in 1942, 30 were reported to the bureau. One explanation for this increase, local highway patrol officials explained, is that this year the city police department as well as the highway patrolmen are now reporting accidents to the bureau, a practice that was not followed in 1941.

Fatal accidents in Howard county during the first nine months of 1941 totaled eight, but for 1942 in the same period, only two were recorded. Total fatalities in Howard county have also declined. Last year from January to September 11 were reported, while this year during these months only 2 have been reported.

The downward trend in accidents and fatalities in the county reflects a similar record for all of Texas. In the state during the nine month period last year there were 11,042 accidents as compared to 10,294 in 1942. Also on the bright side of the record in the state is the decline in fatal accidents. This year there were 315 fewer fatal accidents than in 1941, when 1,385 were reported.

Total fatalities in Texas last year were 1,385 while for this year, 361 fewer fatalities have occurred. The records would show that Texas and Howard Counties are either driving better or driving more carefully. This decrease in

the number of fatal accidents is expected to be even sharper during the months of November and December in the event that gas rationing is established in Texas, local highway patrol officials predict.

## Facts About Meat Saving Campaign

**DID YOU KNOW:**  
That the plan of the share the meat campaign provides for 2 1-2 pounds of meat per week for an adult, 1 1-2 lbs. for children between 6 and 12 years, and 3-4 of a pound for children under 6?

That you can greatly aid the war effort by voluntarily reducing your meat consumption to comply with the above allowance?

That peanuts in the form of peanut loaf, etc., are an excellent meat substitute?

That what farm families can produce for themselves will largely determine what kind of diets they have in 1943?

That it is patriotic to eat everything on the dinner plate—even the gravy or juice in order to save food and food values?

That tomatoes can be saved from frost by pulling up the vines and hanging them in a dry, moderately light storage place to ripen?

That turnips make an excellent kraut?

That fireproofing fabrics is very simple if done with borax, boric acid and water?

That old silk hose are needed for making powder bags? Save yours to help with the war effort.

That people will have to dress in warmer clothing this winter because indoor temperatures may be lower on account of the fuel situation?

That fallen leaves, dead grass and other vegetation about the place are Nature's plant food in the making? Don't burn them—save them as compost.

Capital Comment--

Houseboat Brought In To Help Relieve Washington's Housing

By GEORGE STIMPSON
Herald Washington Correspondent
WASHINGTON--From where I'm sitting in Press Club dining I can see the steps of New York Avenue Presbyterian church; before war this beautiful church steps were lighted every night; Abraham Lincoln, while President, attended services there; used to sit in pastor's study where he could see and hear minister without being seen himself by congregation; after I came to Washington Lincoln's son, Robert, in memory of his father, contributed the funds for that beautiful electric-lighted spire; this city has undergone many, many changes since Father Abraham presided over the destinies of this great nation through a terrible war.

Heard Canon Almoner Merritt F. Williams of Washington Cathedral, at Press Club luncheon, describe "The Life and Death of the Wasp," of which he was chaplain. . . . Speaker Sam Rayburn and Chairman Wright Patman of Texas Congressional delegation insist Texas rather south west, but southwest, combines best in both sections. . . . My corns hurt today, guess its going to rain. . . . Superintendent of Capitol press gallery brings in litter of Cocker Spaniel puppies to show newspaper boys, cute little devils.

Col Louis R. Dougherty, born Calvert, wife lives at Midland, receives distinguished service medal for exceptionally meritorious service as field artillery officer in Philippines, still listed among missing in absence of official list of prisoners from Japan. . . . I will consider this country ready at war when Press Club turns in brass rail for scrap metal. . . . Washington full of Britishers, have trouble telling them from Harvard men putting on the dog. . . . Washington so crowded houseboat brought from Florida to be used as hotel to relieve congestion; 264 feet long, cost \$265,000 when

built, 75 rooms with running water, lavatories, baths, moored at Potomac river wharf, takes in only transients. . . . For aught I could ever read, could ever hear by tale or history, the English are the only people in the world who speak their own language with an accent. . . . Have never heard him, but learned lawyer from Corpus Christi assures me Dick Kleberg's musical accomplishments are not half so bad as they sound. . . . Mum's the word; "hush hush" in Washington means more than a secret. . . . Cousin Nat Patton, surrounded by bevy of eight-seeing school-girls on Capitol Hill, popular with youngsters, always makes hit with them.

Manpower legislation still in column stage. . . . middle-aged Army officers, wisely looking at bright neck-ties in Washington corner drugstore, saying, "No use, won't have any use for these for long time." . . . Lots of behind-door work going on in Capitol, jockeying for better committee assignments in next Congress. Popular, able, industrious George Mahon takes pencil from behind ear, figures out average length of service of Texas delegation in Congress is over 18 years. . . . If my recollection serves me rightly, Earle Bradford Mayfield, who preceded missing in ab escanero ETAOINU Tom Connally, is only living ex-U. S. senator from Texas. . . . Deputy Petroleum Co-ordinator Ralph Davies in letter to Congressman Lindley Beckworth admits great importance of discovering and developing additional sources of crude oil in segment present supplies, says his office is exercising extreme care to see that available materials are used frugally so that will be some left to drill in undeveloped fields in Texas and elsewhere.

Wilson Cowan, Dalhart, two years with farm security, now commissioner of U. S. Court of Claims, of which Marvin Jones is most distinguished member. . . . One of hardest jobs Washington correspondents have nowadays is getting hotel room reservations for visiting firemen. . . . Tom Clark, Dallas lawyer, son and grandson of a lawyer, now in charge Allen Enemy Control section of justice department, handled Jap problem on Pacific Coast for Army, Thurman Arnold's right-hand man in anti-trust, came to Washington five years ago. . . . Since he came to Washington nearly 20 years ago, Speaker Sam Rayburn has served with 1,280 different men and women in House of Representatives, only two men left who were members when he came here. . . . Got box of really good cigars today from Congressman Albert Thomas of Houston; reason: Albert is father of second daughter, Lera, named after her mother; wish more congressmen would have babies.

Scientists End Snoring Research With Treatise
MADISON, Wis.--The indolence and neglected art of snoring came into its own recently with an announcement by the Wisconsin Medical Society in a bulletin that scientists, after long research, have tabulated the "amanations from the soft palate and uvula" according to resonance, tone, pitch, volume and frequency. . . . Snoring, when done by an expert, can produce as much noise as a battery of clanking typewriters and ringing telephones in a busy office, the study revealed. A wheezy automobile is hard put to match the snores of a sound-winded man with "a projecting mass of ed man with a mucous membrane and a deviated wall between the nasal cavities." . . . And yet, the bulletin pointed out, only one out of 10 snorers knows he has the habit, even though he may be awakened by the thunder of his own nocturnal rumblings. The snore, ranging from a delicate nasal rasp to a deep rumbling roar, has many causes, the scientists noted. The sleeper invariably has his mouth open. It may be caused simply by relaxed jaw muscles or, more serious, tumor growths, bony deformities, enlarged adenoids, sinus infection, or colds. Cigarette smoking unquestionably contributes to snoring, the bulletin reported. "There is little more to learn about the snore today," the report concluded, "apparently satisfied that its findings would be the definitive work on the subject."

First 'Shavetail' Was An Army Mule
CHICAGO -- "Shavetail," nickname of Army second lieutenant, originally referred to an unbroken mule, according to the Dictionary of American English now in preparation at the University of Chicago. The dictionary says the term originated with the Army and was applied to mules because their tails are smooth down to the tufted tip. It later was used with regard to the second lieutenants because of their alleged stubbornness.

Must Keep Our Moral Stamina, Shuler Says

Declaring that "we have been selling the future too cheap," Dr. Bob Shuler, Los Angeles, Calif., told members of the Lions club Wednesday that "America must maintain moral stamina, through its basic institutions, in order to avoid 'defeating ourselves.'" Hence he called upon his listeners to give serious consideration to the post-war era to avert the repetition of conditions which produced "three of the greatest revolutions the world has ever seen in the work of the first World War." This, according to Dr. Shuler, means that "we should be fighting for the future." The one way to do this is to realize that nations are built not on materials but upon moral character. "All great civilizations perished at this one point because they lacked moral stamina," he asserted. Real morale, continued Dr. Shuler, is based on morality and cannot be imbued to fighting men and those on the home front by superficial means. Attempting to do this has resulted in a "cheaper standards" of conduct, he contended.

Our job is to preserve the American way of life," stated Dr. Shuler, "not as we know it, but as our fathers knew it; for America at her worst is better than Europe at her best, and I am not an isolationist and never have been." Cautioning that citizens should be alert to demanding that every right yielded in stress of emergency be returned to them when the crisis is past, he reminded that there was still another means through which the "American way of life" could be preserved. This, he said, is through the American Christian home. Save this and all other basic institutions may be restored; lose it and all is lost eventually. He lashed out at a popular cry to induce women to abandon the home for uniforms and rivet guns, declaring that this is a sign of warning that the home was in danger of disintegration. With Dr. Shuler at the meeting were Dr. I. B. Reynolds, who is director of music for the city-wide revival in which Dr. Shuler is leading, the Rev. H. Clyde Smith, First Methodist pastor, and the Rev. P. D. O'Brien, First Baptist pastor.

Harry James Album New Feature For Record Collectors
Of particular interest to Harry James enthusiasts who are currently jamming theatres, hotels and ballrooms where he and his orchestra appear, and to all music lovers who will appreciate James' technically sound arrangements of swing and classical music played in the modern tempo, is an album of Philharmonic records recently released by Firestone dealers and stores throughout the nation. Previously recognized as one of the greatest trumpeters of all time, a reputation which he cemented with his inspired rendition of Flight of the Bumble Bee, James has been building an equally prominent name for himself as leader of one of the country's truly outstanding musical organizations. Included in the Firestone album are The Carnival of Venice, Flight of the Bumble Bee, Sheik of Araby, Alice Blue Gown and four other now-famous arrangements which first brought James to top position among the popular band leaders of today. Possessor of one of the most colorful careers in his profession, the 36 year old musician spent the first 15 years of his life under the Big Top traveling with his parents. In his early teens he was leader of the Christy Brothers Circus number 1 band with Mr. James, Sr., leading the number 1 band. At 21, the ex-contestant, ex-drummer, ex-circus band leader was being featured as solo trumpet by Benny Goodman. With this background, 23 year old Harry James didn't have to look up the word showmanship in anybody's dictionary when, with the assistance of Benny Goodman, he formed his own musical organization in 1929.

SHOOTING JAPS IS DIFFERENT
ZANESVILLE, O. (UP)--Charles Fraunfelder, 18, whose father prohibited him from going duck hunting last fall because "he was too young to be trusted with a gun," now is a member of the Marine task force on Guadalcanal island, his father, George Fraunfelder, has learned.

### Navy Wanting Negro Workers

Negro workers are needed in a variety of capacities by the U.S. Navy, it was announced at the sub-station here Thursday by Fred Baucum, recruiter in charge.

Age limits are 17 to 50 years and applicants should bring three letters of recommendation from former employers, plus further proof of experience and skill. Pay ratings will range from \$64.50 per month up to \$102.50, counting all allowances, etc.

Negroes qualified in any of the following occupations should contact the sub-station in the post-office basement here: baker, cook, draftsman (electrical), gunners mate, sailmaker, steward, blacksmith, carpenter, concrete worker, cooper, electrician, deckhand, dredge fireman, helper for crane and engine, construction worker, launchman, metalmith, oiler, painter, pliedriver, pipeman, powerman helper, rigger, road machine and tractor operator, stevedore, telephone man, water tender, welder and wharfbuilder.

### Livestock

**FORT WORTH, Nov. 19 (AP)—**Fully steady on all classes cattle and calves. Hogs 5c lower on the butcher classes; packing hogs were strong to 25c higher. Yearling sheep and aged wethers strong to 25c higher with other sheep and lambs steady.

Steers and yearlings common to medium grades 10.00-12.75, included one load of steers 12.25. Cutter yearlings and heifers from 8.00-9.50. Good beef cows 9.50-10.50 with common to medium butcher grades at 8.00-9.25 and canners and cutters at 4.50-7.75. Good heavy bulls 9.50-10.00; common to medium kinds 7.50-9.25. Good to choice fat calves mostly 11.50-12.50, one outstanding package of creep-fed calves 13.25. Common to medium butcher calves brought 8.50-11.50. Cull sorts cleared at 6.50-8.25. Good and choice stocker steer calves up to 13.50; similar heifer calves up to 12.50. Common to medium stocker calves 8.00-11.50. Stocker steers and yearlings sold at 8.00-11.00; stocker cows went back to the grass at 9.25 down.

In the hog yards good and choice butchers averaging 180-300 lb. sold to all interests at 14.20 while good 150-175 lb. averages brought 13.00-14.10. Few heavy butchers 14.10 down. Packing hogs 13.50 or 13.75; stocker pigs 12.75 down.

Sheep, included choice fat lambs up to 13.50; good yearlings at 12.25 with two-year-old wethers out at 9.00; aged wethers up to 6.75; slaughter ewes 5.00-7.50; medium grade feeder lambs 9.50 down.

### Large Crowd Hears Rev. Shuler Talk On 'Influence'

The largest crowd of the week attended the city-wide revival services at the First Methodist church Wednesday evening when Dr. Bob Shuler, prominent minister of Los Angeles, Calif., spoke on "Influence," using as his text "Am I My Brother's Keeper?"

The two week revival, sponsored by the local pastor's association, includes services at 10 a. m. and 8 p. m. daily.

Dr. Shuler pointed out in his sermon that crimes of the age are the crimes of influence. "There are children who live under the influence of unfit parents who would be better off without them," the minister stated.

Dr. L. E. Reynolds, in charge of the musical department at Southwestern Baptist Theological Seminary in Fort Worth, has formed an all church choir, presenting special music at each service.

### Ward Told By FD To Meet WLB Order

WASHINGTON, Nov. 19 (AP)—President Roosevelt directed Montgomery Ward and company today to comply "without further delay" without a war labor board order that the big Chicago mail order firm should include a "maintenance of membership" clause in a contract with an employe union.

The chief executive, in a letter to the company's president, Sewell Avery, said he considered "such a course of action essential in the interest of our war effort."

Montgomery Ward had rejected the board's order, handed down November 5, which called for a union maintenance contract and also for compulsory arbitration and a guarantee of wages and working conditions for a year.

The firm said, however, that if the president, as commander-in-chief, directed that the company accept the WLB's rulings, it would obey. It contended the rulings were illegal and unenforceable.

The firm had particularly objected to the maintenance of union membership clause, saying this was but a form of the closed shop.

### Steer Auctioned For China Relief, Brings \$190.97

An unexpected sale at the livestock auction Wednesday brought \$190.97 for China relief, thanks to J. V. Murphy of Martin county and to men who attended the sale.

During the auction, Murphy announced that the next steer which he owned would go to the block—but with funds to go to China relief. Murphy's request was that his bid be matched by the crowd of buyers to bring at least \$100 for the steer.

Once the bidding started, the crowd got in the spirit and the 885 pound animal, selling at \$12.20, was bought back by Murphy for \$107.97. Bids then pledged by the buyers, ranging from \$1 to \$5, came to \$83 to make the total fund for China relief \$190.97.

There is regular trading at Wednesday's sale was unusually large, with the total sales running around \$38,000. Some 800 head went through the ring, with these prices prevailing:

Fat cows, \$9-10.50; butcher cows, \$8-8.50; canner cows, \$4-6; fat bulls, up to \$10; feeder bulls, \$8-9; feeder cows, \$7-8; stocker steer calves, \$10-12.25; common stocker steer calves, \$9-11; stocker heifers, \$11-12.50; good butcher yearlings, \$10-11.50; common butcher yearlings, \$9-10.

### Mexican Loses Arm In Traffic Crash

Narciso Olgin, 23, is recovering in Malone & Hogan hospital following amputation of his left arm, fractured and mangled in an automobile accident near Ackerly.

Olgin and three other Mexicans were riding toward Ackerly on the Lamesa highway when their Model A Ford was sideswiped by a large truck travelling in the opposite direction. The driver of the truck failed to stop and render aid, and Olgin's companions rushed him back here for treatment.

The other three were uninjured, but Olgin, who was driving the car with his arm resting on the window opening, suffered five or six bone fractures, attending surgeons said. The automobile was damaged only slightly.

### Urges Keeping Of Farm Debts At A Reasonable Level

While farmers, like all other citizens, are anxious to do their full share in the war effort including the purchase of war bonds, U. D. Kindrick, rural rehabilitation supervisor for the Farm Security Administration here, said today, but warned that it was unwise to purchase war bonds at the expense of sensible liquidation of indebtedness.

The farmer's problem, he pointed out, is peculiar in that he must finance his own business where the average industrial worker has capital provided by investors.

First obligation of the farmer is to produce the maximum amount of essential foods for our armed forces—not merely to buy bonds, said Kindrick, adding that "there is a critical need for all food that we can possibly produce as long as the war lasts and for at least a year or two thereafter."

To fulfill his obligations of food production, it may be necessary for the farmer to exercise his credit, but Kindrick advised that debts should be kept at the lowest possible point for efficient business operation. Enlargement should be made if it can be financed safely and labor is available, and it is unwise to expand if these conditions do not prevail. In any case, a farmer should keep a running record of his income and expenses, he said.

Second job of farmers is to reduce debts, for income applied to amortizing of debts does not compete with the war effort because it leaves the creditor with more funds for purchase of war bonds. Third job of the farmers is to invest all surplus in war bonds, foregoing desired improvements until after conclusion of the war, Kindrick concluded.

### Remodeling Work Can Be Resumed

Building activity in the way of renovating and remodeling for defense housing purposes was expected to pick up with the announcement, received Wednesday by Manager J. H. Greene of the chamber of commerce, that the temporary suspension order issued on October 27 relative to the processing of applications for remodeling and privately owned defense housing construction had been rescinded.

The regional construction manager of WPA informed Greene that applications are now being accepted by the Federal Housing Administration in Fort Worth for recommendation and further processing.

So far as Greene knows the order applies only to remodeling and not to new construction. However, 14 such projects underway at the time suspension was ordered are expected to be resumed and to aid materially in relieving the housing situation in this locality.

### Here 'n There

Two officers reported for assignment at the Big Spring Bomber School Thursday morning and include Lieut. Harold C. Runyan of Colorado Springs, Colo., assigned to the dental corps, and Lieut. Frances L. Urabec of Sheboygan, Wis., reporting at army nursing corps.

Good news came to Mr. and Mrs. W. C. Newton Thursday in a letter from Australia, where their son, P/O Raymond Newton has been stationed for some months. It was the first letter they had received from him in five weeks, and he wrote that he was well and enjoying Australian sports—some unique ones such as kangaroo hunting.

### Rites Said For Mishap Victims

Services for two Mexican children killed in an automobile wreck near Ackerly Wednesday afternoon from the Sacred Heart Catholic church. The Rev. George Julian, pastor, was in charge of the rites.

The children, Hortencia Segovia, 4, and Carlita Segovia, one year old, were killed when the car in which they were riding with their family was in collision with an oil truck in an early morning fog. Seriously injured and still at the Big Spring hospital are Carmen Segovia, who is being treated for probable internal injuries, and Estanislao Segovia, who received severe lacerations.

Others in the car, who were injured but are not in the hospital, are Leo Segovia, who suffered a broken hand, and Manuel, who received an injured shoulder. Helen Segovia and two other members of the family were uninjured.

### AAA Conference Here Tomorrow

District AAA meeting will get underway at 10 o'clock Friday morning at the Settles hotel in Room One in an all day session of county committeemen and administrative officials.

Expected to attend is A. H. Jefferson, College Station, district field officer for district 6-South. Jack B. Hall, district field man, also of College Station, will be in charge of the meeting.

Discussions will include a preview of the 1943 farm program and discussion on the cotton referendum vote.

### Waterworks Group Will Meet In Feb.

Ferriam Basin Waterworks association, meeting in Lubbock last night for what had been expected to be the last meeting for the duration of the war, will continue sessions at least quarterly, and the next meeting will be held in February.

Twenty-seven members attended from Midland, Ector, Gaines, Borden, Howard, Mitchell and Martin counties, including City Managers Boyd McDaniel and City Inspector J. D. Stembbridge of Big Spring.

After an informal dinner, problems of waterworks administration were discussed.

The next meeting will be held either in Big Spring, Lamesa or Midland, McDaniel said, the site to be decided later.

### FD's Powers Over Tariff Restricted

WASHINGTON, Nov. 19 (AP)—The House ways and means committee moved ahead today to prepare compromise legislation giving the president limited authority to suspend tariff and immigration laws though high government officials had testified in favor of a broad grant of power as requested by Mr. Roosevelt.

The committee voted yesterday to table the measure giving the president power to suspend at any time during the war any laws or regulations governing the movement across American borders of persons, property, or information, and ordered a sub-committee to draft substitute legislation.

This action was taken after a War department representative, appearing along with Attorney General Biddle and other high officials favoring the broad legislation, told the committee "all-out war cannot be successfully prosecuted under narrow and specific legislation."

Chairman Doughton (D-NC) told reporters there was no chance of getting the original measure through congress because it was "broader in its scope than is necessary."

Republican members had assailed the measure as bordering on "totalitarianism," and some Democrats also had shied from it as delegating to the executive too much legislative power.

Indications were that the final draft, on which a sub-committee starts work tomorrow, would specify the extent to which the president could disregard existing laws in dealing with international traffic.

In a special message on Nov. 2, the president told congress it was urgent, for the successful prosecution of the war, that peacetime restrictions be removed and "legislative obstacles" impeding the war production effort be set aside when necessary.

### Hermit Brothers Buy House And Avoid Eviction

NEW YORK, Nov. 19 (AP)—The brothers Collyer, who lived as hermits for decades in the world's greatest metropolis, are no longer in danger of being drawn from their barricaded home into a world nearly as far from them as the moon.

The aged recluses—Langley and sailing "Home"—were guaranteed continued isolation yesterday when Langley endorsed a check with a red letter "CD" inside a white triangle in a blue circle—the official emblem.

The order also included additional arm bands for administrative personnel.

An Arm bands and identification cards have been presented to the following, who recently completed prescribed air raid warden and messenger courses: Janie McClelland, Winnie Rogers, Merlyn Merwin, Mary Lee Cook, Mrs. Albert M. Fisher, Carline Jackson, Mrs. Dan W. Conley, Dudley T. Mann, Dorothy Robertson, Mrs. Alma E. McLaurin, Mrs. J. F. George, Mrs. Dora Jones, Mrs. Schley Riley, Sarah Kelley, Mrs. Malda Carper and Mrs. J. G. Glenn, wardens.

Richard F. O'Brien, Robert B. O'Brien, Charles Hugh McLarin and Kenneth B. Partridge, messengers.

The chemical warfare phase of the courses was taught by H. D. Williams of Foran, fire detector by H. V. Crocker and general course by Mrs. A. B. Partridge.

Langley by the city representing a tax refund, and induced the recluses to sign it.

Langley did, and the bank announced the Collyers had bought the house.

### Temporary Gas Permits For Farmers

Farmers who have not yet received a certificate of war necessity will be issued a temporary gasoline permit, the Office of Defense Transportation has advised the local AAA office here.

Many of the farmers, who own vehicles, other than passenger cars, have not received application forms from the ODT office to apply for certificates of war necessity, the AAA office said. In order to keep farm vehicles running until the certificates of war necessity can be issued, this temporary permit will be issued.

Originally, a deadline of November 15th was announced for farmers to register their farm-used cars and trucks. This was later set up until December 31. Since no farmers have secured a gas ration book or necessary repairs until he has a certificate of war necessity, the temporary permit will enable him to buy gasoline until such time as he can submit his application for the war necessity certificate.

### Public Records

C. E. McClenny, to enlarge 3 rooms 3 feet on each room, 1804 Young street, cost \$45.00

### Weather Forecast

WEST TEXAS: Mild temperatures this afternoon and tonight; occasional drizzles in Del Rio-Eagle Pass area tonight; windy this afternoon in Panhandle and South Plains.

EAST TEXAS: Little temperature change this afternoon and tonight. Moderate to occasionally fresh winds on the coast this afternoon.

### OCD Banner Is Ordered

An order was placed today for an official Civilian Defense flag to be flown below the American flag from the pole in front of the city hall, where the new Civilian Defense office has been opened.

The 6x9 banner will have the red letters "CD" inside a white triangle in a blue circle—the official emblem.

The order also included additional arm bands for administrative personnel.

An Arm bands and identification cards have been presented to the following, who recently completed prescribed air raid warden and messenger courses: Janie McClelland, Winnie Rogers, Merlyn Merwin, Mary Lee Cook, Mrs. Albert M. Fisher, Carline Jackson, Mrs. Dan W. Conley, Dudley T. Mann, Dorothy Robertson, Mrs. Alma E. McLaurin, Mrs. J. F. George, Mrs. Dora Jones, Mrs. Schley Riley, Sarah Kelley, Mrs. Malda Carper and Mrs. J. G. Glenn, wardens.

Richard F. O'Brien, Robert B. O'Brien, Charles Hugh McLarin and Kenneth B. Partridge, messengers.

The chemical warfare phase of the courses was taught by H. D. Williams of Foran, fire detector by H. V. Crocker and general course by Mrs. A. B. Partridge.

Langley by the city representing a tax refund, and induced the recluses to sign it.

Langley did, and the bank announced the Collyers had bought the house.

### Aid Is Rushed To Airmen Forced Down In N. M.

COSTILLA, N. M., Nov. 19 (AP)—Nine, injured and weakened army airmen waited on a ridge above timberline on Costilla peak today for the arrival of ground crews with food and medical aid.

One flier was killed Monday when their four-motored army bomber crashed on the rocky side of Sangre De Cristo mountains near the Colorado-New Mexico border.

The wreckage was located from the air yesterday.

Following the circling planes, A. D. Packard, 60, caretaker at Costilla reservoir, reached the men late in the day with the first food they had had since the crash at 5 a. m. Monday.

Twelve of the army ground crew set out to their rescue last night

### Aid Is Rushed To Airmen Forced Down In N. M.

John Wolcott, county tax collector, Thursday had issued checks totaling \$143,244.07 to the county treasury, representing October collections, which had been announced previously at little better than 77 per cent of the current roll.

# Hardin-Simmons May Supply Two Top Ball Carriers Of The Year

## Mobley Leads, Wilson Has A Chance At 2nd

CHICAGO, Nov. 19 (AP)—Rudolph (Little Doe) Mobley and six-foot Camp Wilson, the long and short of unbeaten Hardin-Simmons' devastating running attack, are well on their way to becoming the top two ball carriers of 1942 football.

If they succeed, it will mark the first time in modern records that two members of the same team have run one-two in national rushing figures.

Mobley, already credited with a season's record-breaking rushing total of 1,149 yards in seven games, has first place virtually sewn up. Wilson must beat out Missouri's Bob Steuber and Ohio State's Gene Fekete for the runner-up position.

Although playing in fewer games, Wilson trails Fekete by only 20 yards and Steuber by 51. Figures released today by the American Football Statistical Bureau show Steuber with 848 yards in nine games; Fekete 817 in eight games. Wilson has 797 yards in seven contests with two more to play.

Together, Mobley and Wilson have Hardin-Simmons leading the nation in rushing with an average of 899 yards a game, 49 yards better than the record set by Colorado in 1937. In fact, the two would be outstanding complete backfield units of every college eleven in the country if it weren't for four teams—Ohio State, Boston College, Missouri, and Texas.

Meantime, Frankie Sinkwich, the Georgia powerhouse, is running and passing his way toward the 2,000 yard mark in total offense. He has a 1,815 total gained by running 692 yards and passing for 1,123 and still has two games to go. The record is 1,928 yards.

The total leaders: **GOVERNALL:** Governall, Columbia, 148 yards rushing, 1,318 yards passing; Dutton, Pittsburgh, 676-508; Steuber, Missouri, 848-335; Mobley, Hardin-Simmons, 1,149-0; Evans, Kansas, 284-351; McKay, Texas, 661-418; G. Dobbs, Tulsa, 298-796; Graham, Northwestern, 214-637; Hillenbrand, Indiana, 317-662.

**RUSHING:** After Mobley, Steuber, Fekete and Wilson came Holovak, Boston College, 743 yards in 7 games; Hirsch, Wisconsin, 724 in 9; Kennedy, Washington State, 712 in 7.

**PASSING:** (Ranked on completions) Evans, Kansas, 53 passes for 881 yards; Governall, 78 for 1,213; Gillette, Virginia, 71 for 793; Sinkwich, 63 for 1,123; Graham, 66 for 637; Daniels, Texas A & M, 62 for 701; G. Dobbs, 53 for 766; Bertelli, Notre Dame, 51 for 735.

**PUNTING:** Cifers, Tennessee, 44.45 average; W. Flynn, Harvard, 43.62; Faircloth, North Carolina State, 42.65; Douglas, Dartmouth, 42.53.

**PASS RECEIVING:** Rogers, Texas A & M caught 35 for 412 yards; Ferguson, California, 24 for 308; Salem, Texas Mines, 24 for 314; Judd, Tulsa, 23 for 312; Keller, Columbia, 22 for 395.

Statisticians estimate that illness and premature death in the United States result in an economic loss of ten billion dollars annually.

## West Ward Bests Central For The Elementary Title

West Ward stood at the top of the elementary school football heap Thursday by reason of a well-earned 15-0 victory over Central Ward in the play-off for championship laurels at Steer stadium Wednesday afternoon.

It didn't look as if West Ward could even hold the rangy leads from Central during the first half. Outside of one brilliant run by J. D. Matlock, one of its individual stars for the day, West Ward had trouble even holding on during the initial half. With Currie shunting loose on a 25-yard punt, Central turned on the power and drove to the West Ward 10-yard stripe before bogging down and had the Westerners holding on at the whistle.

But something happened in the third quarter. Matlock's kickoff carried deep and on the first play from scrimmage Central fumbled and Matlock was on it for West Ward. He, David and Turner made it a first down on the 14. Then Matlock loped one to Vance Sims in the end zone. A stab at the line failed to net the extra point.

Central couldn't go after another deep kick off had set them back and a fourth-down punt was blocked on the Central 12. Matlock lost no time passing to Sims in the right flat and Sims used his stiff-arm nicely to cut down the

sidelines for the score. Another try at the line for the extra point failed.

It's ground game suddenly gone sour. Central took to the air and an interception quickly cooled the aerial attack. Seconds before the end of the game a Central kick was blocked and West Ward covered on the 30 after almost turning it into a score. Davis, a standout for West Ward, ran quickly to the Central six-yard stripe but Matlock was spilled at the line on the last play.

Starting line-ups: West Ward—Matlock, Turner, Davis, Wright, back; Hale and Sims, ends; Cain and Clinton, tackles; Brunson and Gilbert, guards; Pierson, center; Bob Wright, coach. Central—Moody, Lee, Currie, Guy Burrow, back; Houser and Day, ends; Little and Gerald Burrows, tackles; Self and Cherry, guards; Ewing, center; Dick Robnett, coach.

## Club Cafe Team Widens Lead In Fem Bowling

SPT-CLUB CAFE-24 . . . . . Club Cafe strengthened its lead in the Women's Bowling league Wednesday evening, obliterating C. R. Anthony in three straight games.

Walker Pharmacy crippled the chances of Rainbow Inn of overhauling Club by whipping favorites in three successive encounters, two of them by forfeit. Youth Beauty downed J. & L. Drug by 2-1 in the other match of the evening.

Little Dot Cagle, 11-year-old novice, came near being the sensation of the matches when she rolled 201 to tie Fern Wells for high single game. Her 480 pins for the evening was only 15 under Miss Wells, who was leader in that department.

Club Cafe had high series with 1,962 and Youth Beauty was high for team game with 702.

**STANDINGS**

Team	W. L. Tot.
Club Cafe	20 7 741
Rainbow Inn	16 11 593
Anthony	14 13 518
Youth Beauty	11 16 407
J. & L. Drug	11 16 407
Walker Pharmacy	9 18 338

## Connecticut Folk Back Willie Pep In Title Scrap

NEW YORK, Nov. 19 (AP)—Willie Pep used to be a bootblack, which may or may not be the reason the good folks of Connecticut think he's such a shining favorite to polish off Chalky Wright in their featherweight title scrap tomorrow night at Madison Square Garden.

Nevertheless, Pep—the real name was Papaleo until Willie decided to give his rooters (and the linotypers) a break—is such a stand-out from the state that is famous for production of top-flight featherweights that his ruckus with Wright is going to bring more folks into the Garden from the Nutmeg state than any punch-party in Garden history.

Of course, the fact that Willie has won 53 fights in a row and throws punches with about as much rhyme and reason as an axe-saw gun on the loose isn't going to hurt the fan interest.

Up to right this minute, the good folks from the nearby Nutmeg state alone have dug down into the sock for \$20,000 worth of ducaats.

## Abilene Game To Be Played Under Lights

Big Spring and Abilene will play their Friday game under the lights. This was the word from Coach John Dibrill Thursday as he advised Vernon Hilliard, coach of the Abilene Eagles, that the game would start at 8 p. m. at Steer stadium.

The change was made to night due to balmy weather this week, and to make it possible for more people—and particularly soldiers—to attend the game. Soldiers, incidentally, are admitted at student prices.

Friday evening's game will be the last home stand for the Steers this season.

It finds them somewhat crippled, for Wayne Dearing was added to the list of ailing team members Thursday. An early season bruise was still giving him trouble and doctors advised him against exercise for the member pending a more thorough examination. This put Dibrill down to three ends, including Peppy Blount, who is nursing a game ankle. Red Cagle and Big John Urey both will be ready to go.

In the backfield Ernest Bostick is out and there is prospects that Dewey Stevenson, quarterback, will get to play little. He had a bad charleyhorse sustained in the San Angelo game. Hugh Cochran and Bobby Barron may get to start along with Billy Mims and Doyle Stewart.

Glen Brown still has a tender hip and may not play much at tackle. Bob Boykin will be all right for the other post and Darrell Webb and Bob Coffee are in shape at guards, and Billy Bob McDonald and Barkley Woods in fine fettle at center.

Abilene may use the same lineup as ran up an 82-12 score on Colorado City. John Howell would replace Gene Spires at quarter and Joe Bennett take the place of Rex Stubbs at center. Other players would be Neal Bradshaw and Billy Allen, ends; Don Havins and Paul Fret at tackles; John Tom Winnifield and Charles Grant, guards; Red Burditt, Charles Trickey and George Watson, backs.

## Wm. And Mary Mentor Faces Major Test

WILLIAMSBURG, Va., Nov. 19 (AP)—Saturday will be "judgment day" for that "wizard of ours".

The "wizard" is Carl Marvin Voyles, who has been laboring the last four years rehabilitating football fortunes at the College of William and Mary. Voyles, who used to help Wallace Wade at Duke University, sends his undefeated but once-tied William and Mary team against one of the nation's greatest combinations—the North Carolina Pre-Flight school.

When Voyles picked up his belongings at Duke and came down to the second-oldest college in America, he didn't have much to look forward to. That was in 1939. The previous year, William and Mary had won only one game. The Indians didn't even get a player among the honorable mention on all-state teams.

It didn't take Voyles long. With a freshman team that didn't win a game and the remnants of the hapless veteran eleven, he produced a club that lost only twice. Then, Voyles became known as that "wizard of ours".

The following year—1940—the Indians won the Virginia "Big Six" with only a tie to mar a perfect state record. Last season, they won every start in Virginia.

Right now, the Associated Press lists W & M as the fourteenth team in the country. The Indians have stopped Navy, smothered such teams as V.P.I., George Washington, Virginia Military and Dartmouth. Only a 7-7 tie with Harvard mars their slate.

## Poor Robert Has Had No Job For Past 12 Years

SCHENECTADY, N. Y., Nov. 19 (AP)—A typist copying Bob Pastor's application for a war job at the General Electric company noted the retired heavy-weight had attended college, was married and the father of two children.

"Here seems a deserving fellow who hasn't had a job in 12 years," she remarked to a superior. "I'm glad he landed here."

In the blank for previous occupations, Pastor had written only "Worked for James A. Stewart and Sons in New York in 1931"—neglecting such details as staying 19 rounds twice with Joe Louis.

## Wichita, Vernon In Headliner On Schoolboy Front

By HAROLD V. BATTLEFF Associated Press Sports Editor

A Wichita Falls and Texas schoolboy football fans will know then if it's true what they say about the Coyotes being as strong as last year when they swept to a state championship.

Wichita Falls takes the top record of the year into this game—eight straight victories and 205 points to 28 for the opposition. But Vernon also has won eight in a row and along with Wichita Falls occupies a spot with the state's seven undefeated, untied teams.

Anyway, the game will determine the district 3 championship and because it matches two eleven with perfect records and is the major test for the Coyotes as they seek a place in the state playoff once more, it is the outstanding battle of the week.

But there'll be big doings elsewhere in Texas' far-flung gridiron campaign. Championships go on the line at

Fort Worth, at Austin and at McAllen.

It's the showdown in the Fort Worth district where unbeaten Amos Carter Riverside seeks to hurdle its last barrier—Masonic Home's Mighty Miles. Amos Carter Riverside already has clinched at least a tie for the title but Masonic Home could deadlock for the lead with a victory.

At Austin the Maroons battle Corpus Christi. Victory for Corpus Christi would clinch the title. If Austin wins it still could be tied for the lead but that would be considered a major upset.

San Benito needs to beat McAllen to win the district 16 championship. McAllen could take over the lead but there would be the possibility of a tie for the title if it lost next week.

All along the line the games are crucial. Other districts could determine championships if there were upsets—and those are likely anytime in the always topsy-turvy schoolboy race.

## Longhorns Lead In Ground Game, But Don't Do So Well In The Air

COLLEGE STATION, Nov. 19 (AP)—If you took the Texas statistics at face value you'd think the Longhorns not only should be well out in front in the Southwest conference football race but should be undefeated over the season route.

In nine games Texas has averaged more than 326 yards for a total of 2,940 rushing and passing while holding the opposition to an average of 127.1-3 or a total of 1,146 yards.

Yet Texas is in a virtual tie for first place—boasting a percentage lead only because of having played one more game than Texas Christian and Baylor.

Maybe it's that weak aerial game that has been so tough on Texas.

Latest figures from the conference statistical bureau at Texas A&M College show the Longhorns have gained only 608 yards in the air, fifth in a field of seven.

## Heavy Stakes Involved In Week's Tilts

By The Associated Press

The schedule is light but the games are important this week in Texas college football.

The championship of the Border conference goes on the line at Lubbock where Hardin-Simmons' undefeated, untied Cowboys play Texas Tech.

A victory by Hardin-Simmons would give the Cowboys the championship but should Tech win there would be that Tech-Arizona game next week before the title could be determined.

In the hectic Southwest conference there are only three games but two of them stand out in importance like bandaged thumbs.

Texas Christian, in a virtual tie with Baylor and Texas for the lead, goes to Houston to tackle the Rice Owls. Baylor meets Southern Methodist at Waco. Arkansas plays an interconference game, meeting Detroit at Detroit.

Austin College and Abilene Christian College wind up the Texas conference campaign at Abilene. Howard Payne already holds the championship of this circuit.

## New Contracts On Hospital Addition

FORT WORTH, Nov. 19 (AP)—Instructions to start work not later than Dec. 1 on eight contracts providing for equipping a 60-bed addition to the Hendrick Memorial hospital being constructed at Abilene, Tex., as a war public works project were issued today by James W. Bradner, Jr., regional director for the Federal Works Agency.

Construction is reported to be near completion on the first three contracts awarded in connection with the project.

The entire Abilene hospital project is estimated to cost \$125,000 for which the applicant is furnishing \$20,000 while receiving a federal grant of \$105,000.

The first time the U. S. Marines raised Old Glory on a foreign fortress was in 1805 when they vanquished the pirates of Tripoli.

Generalissimo Chiang Kai-shek, as a youth, studied military science in Tokyo and was a member of the Japanese army.

## "I haven't lost a day since December 7th"

"Of course, I don't claim my HANES Winter Sets kept me well. But they're mighty comfortable, protect my legs. And like many factories, this one's drafty."

Yes, sir. These middleweight garments keep you warm outdoors without being too hot indoors. You'll want them particularly if you're conserving fuel with a cooler house this Winter.

They also provide gentle athletic support with the HANESBENT Crutch-Guard. Conveniently placed opening. Flexible waistband for trim fit. You're really unaware of underwear.

**CHOOSE FROM THESE HANES WINTER SETS** Wear a short-sleeve or sleeveless shirt with ankle-length trousers (shown above) or with mid-length slacks (Figure A). Ask for HANES Winter Sets for boys, too.

**HANES UNION-SUITS** (See Figure B) For men who need even warmer underwear. Fluffy and comfortable. Tailored to exact chest width and trunk length—they won't pinch or pull. Ankle-length legs. Long or short sleeves.

The HANES Label assures you quality garments of moderate prices. We are every effort to keep you supplied. But if you cannot obtain your favorite style of HANES Underwear, remember that such of our production is going to our Armed Forces. P. H. Hanes Knitting Co., Winston-Salem, N. C.

# Editorial - Helpers And Fighters Both Due Respect For Part In War Effort

The practice of deferring men from military service in order to hold them in critical occupations is going to call for a great deal of understanding on the part of the public.

It is one thing to say to a young man: "You must stay on the farm and help produce food." And it is quite another to follow this with whippers of "draft dodging."

The nation is to be complimented on the sensible attitude it has assumed in regarding this problem thus far, but as more and more men are called into service, as husband is taken from wife, as even perhaps fathers are taken from their families, it is going to become increasingly difficult to be broad-minded about the matter.

But this thought should be borne in mind—that after all is said and done, the large majority of men struggling to get along in crippled businesses had a lot rather be in the armed forces if

the choice involved only themselves; that a lot of them are having as equally difficult time in civilian life as their brother in khaki.

This war is going to be won by everyone serving unselfishly where he can do the most good. That may be behind a gun, in a merchant ship, or at the controls of an airplane. It may be in a factory, behind a welding torch, or rivet gun, behind a plow, or with a herd of cows or a bunch of pigs. It may be at the throttle of a locomotive or at the wheel of a truck where a man ought to be if he is making his maximum contribution.

Everyone of us is a soldier in this war. Regardless of what ties may be broken, or how many march away and or who is left behind to feed, to arm, clothe and carry them, let us not fall re- spect the man who is helping as well as the man who is fighting.

## Man About Manhattan—

# Amen George! The Shorts Are In A Venomous Rut

By GEORGE TUCKER

NEW YORK—Speaking as a private citizen who occasionally goes to the movies, I would like to get it off my chest that I am fed up with short film subjects intended to stir up hatred of the enemy, whoop up the sale of war bonds, or squeeze out tears.

Now get it straight. I have a 24-hour hatred of the enemy, I'd buy six war bonds a day if I could, and miss very much my friends and relatives who are away in the services—some wounded, some dead. What I mean is that these films defeat their purpose. They are an insult to the American intelligence.

We know too much about propaganda and we oldesters remember too many atrocity stories told in the last war (the crucifixions, the little boys with their right hands cut off) which were proved to be untrue.

## WCTU Reports On Year's Activities

A year abounding in activities is reflected in the annual report of the local Women's Christian Temperance Union, presented to the last meeting of the unit here.

Shown in the report were these items: Presentation of a motion picture on Alcohol Education entitled "Pay Off," before 428 persons; an active part by the WCTU in the local option election; gratifying response by pastors to a WCTU request for a temperance sermon by every Big Spring pastor on a certain Sunday.

Conducting of two weekly classes in temperance education for children from six to 14; organization of a Youth Temperance Council with 21 members and a growing interest; distribution of \$720 of temperance literature to schools and of hundreds of leaflets in the homes; entertainment of a large group of soldiers recently by the WCTU in the First Baptist church; and addition of 13 new members during the year.

## SOLDIER SENDS DONATION

STUEBENVILLE, O. (UP)—Pvt. William A. Lieberbach is mighty busy in the Army right now, but he still has a place in his heart for the home front. Last week he mailed the Steubenville Community Chest a four dollar check for his share of the 1942 drive from his army post in the Hawaiian Islands.

## Washington Daybook— Washington's Stage Canteen Lively Place

By JACK STINNETT

WASHINGTON — Lafayette Square is more than 45 minutes from Broadway and (travel being what it is these days) goodness knows how far from Sunset boulevard, but Washington's Stage Door Canteen can take its bows right along with those in New York and Hollywood.

The service men who nightly pile into the old Belasco theater don't have to kowtow to buddies who have visited the canteens in New York or the movie city. Maybe they can't match autograph for autograph if you stick strictly to stage and screen entertainment, but they can take them or maybe throw them if it's just a matter of collecting who's who.

Helen Hayes, a native Washingtonian, has been around so often, she's almost as well known to the boys who visit the Capital Stage Door Canteen, as Mrs. Lawrence Langner, who is in charge. The latter, also a native, has been around too, not to mention Dorothy Lamour, Lily Damita, the Lunts, John Boles, a couple of guys in uniform named Ezra Stone and Burgess Meredith, et cetera.

Alfred Lunt, who was around for a couple of weeks with his pre-Broadway appearance in "The Pirates," did just as good a job as menu advisor in Washington as he did in New York. I don't really believe there's any truth in that story that he examined the garbage to find out "what the boys didn't eat," but no buck private on KP ever did a better job of cleaning up.

Still the boys in the uniforms of any of the services have something that the kids who stick strictly to Hollywood and Broadway haven't got. For example, Leon Henderson, the price man; Speaker Sam Rayburn; and Admiral Emory S. Land, chief of the Maritime Commission, washing dishes.

Every few nights Lieut. Charles Brandler brings in his Navy band; and other times, it's one from the Coast Guard, Marines, or one of the Army units. These crack musical units can't go as far away as Hollywood or even New York—they never can tell when the War or Navy department will need them on the double quick.

Every night at each of the Stage Door Canteens, there's an "angel's table." The cover charge is pretty high, like \$200 a plate and up. In Hollywood, there are producers, stars, writers and even associate producers to buy them. In New York, there's Wall Street, Park Avenue and Broadway.

But where else would you get an "angel" for the evening like Joseph Davier, who not only puts his spread on the table with the staggering cover charge, but autographs copies of his book, "Mission To Moscow," for the boys.

The Belasco is just one "yoo-hoo" and a cigarette flip from the White House. There's been no indication yet from the White House that it is even cognizant of the hilarious noise that comes from the neighboring night club.

# MURDER on the Campus

By JERRY BRONFELD

Chapter 27  
13-13

Sitting high in the stadium Susan knew her faith in Todd had to be justified. No use kidding herself—Todd let her down.

There wasn't much sun and the air was sharp and a little on the cold side. Susan sat with Amy, Jane and Ann, two large blankets thrown over their laps.

Luttrell won the toss and chose to kick off. Susan and Anne took one last light look at each other and then Andy Duchek moved forward. His toe swung into the ball and it sailed almost to the goal line where it was taken by Ken Magruder, Michigan's tricky halfback. Magruder picked his way to the 35 before Johnny Harris brought him down.

It took exactly three plays to show just how tough that Michigan team was. Canning blasted through for 12. Magruder went for 15 on a reverse and on the first play of the next sequence Magruder nudged the ball to Puchinsky, 30 yards diagonally to Puchinsky, the left end, who took it on the dead run and raced the remaining 20 yards unmolested. Magruder converted and Michigan led 7-0 in the first minute and a half of play.

It was a stunning start, but Luttrell, confident, encouraging, pepped 'em up on the next kickoff.

"Okay, Johnny... Chuck... Andy, boy... let's get it back and another for good measure...!"

It wasn't quite that easy. Michigan seemed to settle back and wait for a break, meanwhile piling up everything State tried. Todd sent Duchek into the middle, off the tackle, but they got nowhere.

He tried Eddie on their favorite deep reverse and saw a grinning Puchinsky murder the play. He took to the air and tried to connect to Bert Elliott or Eddie but his receivers were covered with a blanket of blue-shirted defenders.

Todd sponged his face during a timeout and took deep breaths. He looked up at the crowd. There were a couple of gentlemen named Talbot and Crane somewhere up there hoping for a tie. That Talbot guy a slick one.

"You're bound to find yourself in a beautiful spot to come through for us. You wait and see," Talbot had mocked over the telephone. "It'll be so easy you won't be able to resist it. Twenty-five hundred bucks, Malone, and we'll be the judge. Easy judges, too... just

call one wrong... or maybe drop a punt... twenty-five hundred, sucker... or maybe you aren't a sucker, Malone..."

The referee came over and told Eddie that time was in.

Late in the second quarter Duchek fumbled on his own 35 and Michigan went into high gear again, smashing through for a first down in three plays. Then Magruder, coming out of a half spin lobbed the ball to Canning. Canning fired one far down the middle.

Almost paralyzed, Susan saw a receiver get beyond Todd. Todd turned too late but the Michigan receiver was too eager. With a certain touchdown in sight he dropped the ball.

A great sigh of relief rolled up. "Boy, was Malone lucky then..."

Someone in front of Susan said. Todd just didn't see that receiver, Susan told herself. He just didn't.

State held for downs and the half ended.

Fast Going Susan wasn't much interested in the half-time ceremonies, the homecoming queen and her court and the special band numbers. She sipped hot coffee and thought of the near-touchdown pass that went over Todd's head.

Pete Bailey fanned 'em up between halves. "Let's get one quick," Eddie said to Todd and Todd nodded, his mouth tight.

Todd almost got it by himself. After an exchange of punts he slashed around right end for 25.

Howard county cotton ginnings to November 1 were about two-thirds the total for the corresponding period last year, the official census report compiled by J. J. Hudson shows. The 1942 figure is 16,470 bales, against 24,284 for last year.

## MECHANICALLY INCLINED MEN

TO BE AUTOMOBILE MECHANICS

We need good men to help us maintain service operations for our war work customers. If you are in good health and if you have mechanical experience or unusual mechanical skill, you may qualify for one of these high-paying jobs. The work is permanent and offers a big future. Excellent working conditions and finest equipment available.

**CONSIDER THESE ADVANTAGES**

Guaranteed wage.  
Vacations with pay.  
Group life, hospitalization and surgical insurance available.  
Hydra-Matic Drive training... for use in future when all cars will have automatic drives.  
Interesting, diversified work with frequent public contact.  
Continuous training by factory experts.

## Story

(Continued from page 8)

breaking into the clear, but a shoestring tackle brought him down. He powered it through the middle with Andy Duchak and then passed to Elliott for 15.

He faded back for another pass and then exercised his favorite option. His receivers were covered and the Michigan linemen came in too fast. Todd took off between the end and tackle, streaked out wide and cut in. Someone set up a good block for him downfield. Todd reversed his field, shook off two Michigan men and went the rest of the way untouched. There was bedlam as he tied the score a few seconds later.

"That's working, fellas," Eddie shouted to Todd, slapping him on the back.

"It startled Todd. "...Tying it up..."

Michigan broke the tie five minutes later. Canning ripped the State line wide apart. He was a 200 pounder with vicious drive. He ate up 40 yards in four attempts and then Magruder, taking it on a beautiful State of Liberty, swept 10 yards around State's end for the touchdown.

Chuck Stein exploded through to block Magruder's conversion attempt and the score was 13-7.

Balley rushed in reserves but the State line weakened fast. Pushed back to their 25, Todd punted on second down.

"Hey, what's the idea..." a man in front of Susan shouted. "You can't win that way..."

Lutrell was a demon, raging up and down behind the State line, slapping, cajoling, encouraging.

Ten minutes left. Eight. Five. Todd looked at the clock. He called a wide sweep for Lutrell and went out and cut down the Michigan end. But the tackle sifted through and broke it up.

"Give us some blocking," Todd pleaded in the huddle. He called for his own number on the next play and cut back over tackle. Johnny Harris started through ahead of him. Someone hit him

from the side. Todd stumbled, fought his way into the secondary for 15 yards before they ganged up on him.

Todd completed a pass to Elliott for 10 and they were down to the Michigan 15. Two minutes to go.

Todd gave it to Bill Cartwright on the first play and Bill got two. Then Andy took it on a cross buck, ploughed to the eight. Todd called a quarterback sneak and almost made it but they piled him up on the three. It was a first down.

"Yours, Andy," Todd panted. The lines smashed together, locked. Andy exploded through, got knocked down on the two. Once, more. No gain. Todd set up, a sharp pain in his right leg.

A minute left. He hobbled around for a few seconds and Eddie called for time.

"It's okay," Todd said but pain was intense.

They set up the play while time was out. "Third and two, Andy, it's now or never," Todd said.

The big Slovak boy nodded. Time went in, and they came out of the huddle. There was the smash of bodies. Todd cracked in ahead of Andy. Then they were smothered but he heard the tremendous roar and knew Andy had gone over.

Someone pulled him to his feet. "All tied up again!" Eddie yelled. "Make this kick good..."

Todd stumbled back to the huddle physically numb but the word "tie had set his brain in motion again. It was 13-13 and it was up to him.

It seemed he could hear only one person among 75,000 who were screaming. It seemed Ben Talbot was saying very softly:

"It's..."

(To be continued)

The increase of births in the United States between 1930 and 1940, about nine million, was the smallest gain recorded since 1870. About 45 out of every 100 persons in the United States in 1940 resided in towns of less than 2,500 population.

**Major Who Fought In Philippines Sees Victory For Trained Air Force**

If American soldiers, "outnumbered and without equipment" could hold them off, this new and better trained and better equipped air force will drive the Japs off," Major John Randolph, recently returned from Pacific combat zones, told officers and cadets at the Big Spring Bombardier School Wednesday.

"I saw outnumbered men flying battered old commercial crates hold off the Japs for weeks," said the former Shertz, Texas, officer in telling of his duties in the Philippines during the early months of the war and of his later duty in other Pacific theatres following the fall of Bataan. "Now I've seen schools like Big Spring giving thorough training the like of which the air forces have never had before. I've seen new and better planes rolling off assembly lines."

Recounting difficulties in waging a losing fight in the Philippines, Major Randolph said "we flew at night. We could use no lights and could use our radio only in emergency. Every night we would fly our ships to Corregidor, carrying in supplies, bringing out the wounded."

He told of the makeshift flying equipment of the island. "If it had wings we flew it," he said. "Sometimes we flew when it seemed impossible to fly."

He was asked about living conditions in the island. "We lived in tents, slept on the ground. Living was rough and it was luxury to find a cot for the night. Usually we slept in blanket rolls."

Major Randolph told of the flying conditions, the emergency fields hidden in the Philippine jungle brush. "We were lucky enough to go through this flying in the dark, landing on rough terrain amid the dangers of warfare, without an accident," he told the assembled officers and cadets. Flying men later remarked though it took more than luck to pass unscratched through flying like that of the Philippines.

**Pioneer Merchant Of Paris Expires**

DALLAS, Nov. 19 (AP)—W. P. Bennett, 68, pioneer merchant, died today. Funeral services will be held today.

Born in Paris, Tex., Bennett was in the grocery business in Wichita Falls for many years before moving to Dallas 15 years ago to enter the wholesale peanut business. Survivors, besides the widow, include three sons, D. C. Bennett, Wichita Falls, Charles C. Bennett, Dallas, William P. Bennett, Fort Worth, and two daughters, Mrs. J. W. Lee and Mrs. A. E. Riner, Wichita Falls.

**Hi, Mrs. Shopper, Looking For An A-1 War Food??**

In the nine months that we've been in this war the American housewife has come to realize the full value of careful planning and nutrition in the meals she gives her family. We all need an added supply of extra energy these days so we must favor those foods that the health-building, energy-building, nourishing and thrifty—and Mrs. America (God bless her!) is a good housewife in this respect. That's why she takes added care today in planning her meals, and always makes sure that she is giving her family foods that are urged by nutritional experts.

It's her task to keep up the home front, keeping it healthy, strong, and "on the job."

So many underestimate the value of breakfast, the first meal after the longest fast period in a person's day. Just grabbing a piece of toast and a cup of coffee won't satisfy your needs for that morning—you need a normal supply of energy-building food to give you a good start and keep you at your tasks for that day, whether you are an essential war worker in war production or a housewife with daily duties plus volunteer war work to handle. Food authorities have long been campaigning for a "better" breakfast for better health. Now that your energy and productiveness are being called on for their utmost, you yourself can see—and do something about—the need for a hearty, nourishing "first meal of the day."

The best "starter" for a day of war time activity should contain vitamin B1 (the nerve nourishing vitamin), iron for rich red blood, lasting energy and non-fattening proteins for stamina. All of these important elements—plus a delicious flavor—are found in National 3-Minute Oats.

And for a new treat tomorrow try using honey or syrup—instead of rationed sugar—on your breakfast dish of National 3-Minute Oats—it adds a new delightful flavor.

Now, for other meals of the day there is no limit to the good dishes that contain the benefit of oats. Below are some recipes using little or no sugar that will help you in planning your victory meals—every one has its quota of nutritious, healthful vitamins and minerals:

**TOMATO BEEF LOAF WITH OATMEAL**  
1-4 cups National 3-Minute Oats.  
1 lb. lean ground beef.  
1 egg.  
1 cup milk.  
1 can condensed tomato soup.  
1-4 tsp black pepper.  
2 tps. salt.  
Bacon strips.  
1 tbsp. minced onion.  
Combine beef, egg with other ingredients. Mix thoroughly and place in greased loaf pan. Bake in dish with bacon strips (if desired). Bake at 350 degrees about an hour. Serves 6 to 8.

**OATMEAL DROPS**  
2 cups National 3-Minute Oats.  
1 cup corn syrup.  
1 cup chopped raisins.  
1-2 cup flower.  
1-2 cup shortening.  
1 tsp. soda dissolved in 4 tbsps. water.  
1-2 tsp nutmeg.  
Bring to a boil in a saucepan the corn syrup, shortening and raisins and cook for five minutes and then add the soda, National 3-Minute-Oats, flour and nutmeg. Mix well and then drop by the spoonful on a greased and floured

**Helps You Overcome FALSE TEETH**  
Looseness and Worry  
No longer be annoyed or feel ill at ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder sprinkled on your plates holds them firm so they feel more comfortable. Soothing and cooling to gums made sore by excessive acid mouth. Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug store. (adv.)

**Nuts Continue As 'Victory Special'**

Domestic tree nuts, the Victory Food Special, will be extended an additional week, Frank J. Riordan, area supervisor, AMA, has announced. The drive will last until Nov. 28 instead of ending Nov. 21 as originally planned.

"Various factors affecting the available supply of certain types of tree nuts have led the Agricultural Marketing Association to extend the period of the drive in Texas," Riordan explained. "Homemakers will now have an additional week in which to take advantage of the Victory Food Special."

Though often called "red," the American Indian is really brown. Warpaint was sometimes crimson.

baking sheet two inches apart. Bake in hot oven for 10 minutes.

**OATMEAL LOAF PUDDING**  
1-2 cups cooked National 3-Minute Oats.  
2 eggs.  
1 tsp. cinnamon.  
2 cups scalded milk.  
1 tsp. ground cloves.  
1-3 cup molasses.  
1 cup raisins or other fruit.  
1-3 cup sugar.  
Mix hot milk with oats and stir until all lumps are dissolved. Add molasses, sugar, beaten eggs, spices and fruit. Pour into an oiled baking dish and bake at 350 degrees Fahrenheit for 40 minutes or until firm. Serve warm, with cream or milk if desired.

**Variety In Sandwiches**

As variety is the spice of life—and of sandwiches—the Office of Defense Health and Welfare Services, Nutrition Division, has prepared some sandwich suggestions to help the homemaker and the war worker do their part in sharing meat with our Armed Forces and Allies.

**Cheese Crunch**  
1-4 pound cheese put through food chopper.  
Chopped pepper.  
Chopped peanuts.  
Mix and spread on buttered whole-grain or enriched white bread.

**Fish Spread**  
1-4 pound flaked fresh or frozen fish.  
1-4 cup chopped celery.  
Salt.  
1 chopped dill pickle.  
Mayonnaise.  
Mix and spread on buttered whole-grain or enriched white bread.

**Egg Delight**  
3 hard boiled eggs diced.  
1 cup shredded cabbage.  
1-4 teaspoon salt.  
1-8 cup salad dressing.  
1-8 cup chopped pimiento.  
1-2 cup diced celery.  
1 tablespoon chopped onion.  
Combine mixture. This will provide filling for three sandwiches.

**Peasut Butter and Carrot**  
Grate raw carrot. Sprinkle on peanut butter spread on buttered enriched white or whole-grain bread.

**Chicken Slaw**  
Chop chicken, cabbage and peppers. Mix with mayonnaise.

Spread on lettuce or green cabbage leaves on buttered whole-grain or enriched bread.

**Tasty Liver Spread**  
1 cup ground cooked liver.  
2 teaspoons cooked onion.  
2 teaspoons minced parsley.  
Salad dressing.  
Mix and spread on buttered whole-grain or enriched bread.

**Kidney Bean Salad Spread**  
2-3 cups cooked kidney beans.  
3-4 cup chopped sweet pickle.  
2 sliced hard cooked eggs.  
1-3 cup chopped celery.  
1-3 cup fresh or evaporated milk.  
1-4 cup vinegar drained from pickles.  
Combine beans, pickles, eggs and celery lightly with fork. Mix milk and vinegar and add to salad. Spread on lettuce on buttered enriched or whole grain bread. This will make three sandwiches.

Until the Russian occupation, no advanced peoples ever occupied northeastern Asia.
