

Blanks Available

Application blanks for BSO offices are available in the Ad Bldg. Offices open are program chairman, retreat chairman and workshop chairman. Applicants should have a 2.0 grade average.

THE DAILY TOREADOR

TEXAS TECHNOLOGICAL COLLEGE

Candidates Meet

Candidates for cheerleader, Student Council representatives and executive officers will meet at 6 p.m. today in the Union Coronado Room. All candidates are asked to be present.

Vol. 38

Lubbock, Texas, Thursday, April 4, 1963

No. 115

In Final Orientation Session

Recruiters Receive Orders

The spring vacation academic recruiting program was launched impressively Wednesday night when more than 100 Techsians met for a final orientation session.

A sketch of the two-year-old Arts and Sciences honors program was given to the volunteers to complete their capsule study of various phases of Tech's academic, athletic and social life.

To Speak To Several Groups

Each volunteer will visit his hometown high school during the holidays and speak to honor societies, science clubs and other special academic groups, as well as individual seniors, on the advantages of attending Tech.

The object of the new Student Council - sponsored program is to attract the

"better" student — not just more students.

Don't 'Brag' Like West Texans

In a previous orientation session, Floyd Boze, dean of admissions and registrar, briefed the volunteers on some of the questions high school students might ask. He told the Techsians to be honest about what they say and not "brag" like West Texans too much.

Each volunteer will carry copies of the recently-issued Tech bulletin edited especially for high school students. The bulletin is attractive and is well illustrated with photographs of Techsians at work and play.

Visit All Parts Of State

High schools in nearly every metropolitan area of the state will have one or more Techsians visiting. Both the Student

Council and the volunteers sent letters of introduction to the school principals asking their cooperation. Numerous replies expressing interest in the program have been received by the Council office, officers said.

Recruiting until this semester has primarily been centered around a program of inviting high school honor societies to visit Tech and corresponding with those too far away for a visit.

'Bring Tech To Students'

This fall semester the Council decided to embark on a broader program by "bringing Tech to the students."

Ginger Butler and Ronnie Botkin, council representatives, have served as chairmen of the Academic Recruiting Committee.

Pikes Fined \$100 For Rush Violation

By CHARLES RICHARDS

Daily Toreador Editor

Pi Kappa Alpha social fraternity was fined \$100 Wednesday night to cap a brisk meeting of Tech's Interfraternity Council.

The fraternity was found guilty of violating IFC "function" and "silence" rules during official rush week. The amount of the fine is that stipulated by IFC's constitution for first violation of rush week rules.

THE VIOLATION took place Feb. 22, the night before the spring pledging convocation. In

attendance at a party between the hours of 6:45 p.m. and 1 a.m., Feb. 23, were rushees "committed" to Pi Kappa Alpha and several "holdover" pledges of Pi Kappa Alpha of the fall semester.

The court based its case on interpretations of the constitution which it felt clearly defined the status of a holdover pledge "as being a pledge."

THE SILENCE rule forbids any communication, written or oral, between rushees and pledges, members or alumni after 11 p.m. the day before the pledging

convocation. The function rule makes it illegal for more than three rushees to be in the company of pledges, members or alumni during rush week.

If Pi Kappa Alpha wishes to appeal, it has until April 20. It

must be on the basis of new evidence or belief that an injustice has been done. The fine is payable April 24.

HARRY WALKER, asst. professor of economics; Wayland Bennett, professor of agriculture

economics; and Billy Lockhart, professor of home economics were recommended and unanimously approved by IFC delegates to be faculty members of the IFC appellate court, should one be needed.

Committee Pushes For Name Change

Tech's Faculty Advisory Committee went on record Tuesday as unanimously favoring a resolution that the name of Texas Technological College be changed as quickly as possible to Texas State University.

Concurs With Student Vote

By repeating the same resolution passed a few years ago, the committee concurred with a student vote last spring in favor of the name change.

One reason the faculty representatives again proposed immediate change is because of a bill now before the state legislature seeking to change the name of Texas A&M College to Texas A&M University.

Argument Said Removed

"One of the arguments against the name change is now removed," said Dr. Ernest Wallace, chairman of FAC. Previously, some objection to the name, Texas State University, had been raised because many thought that by precedent, A&M was entitled to the name, he explained.

FAC is a committee comparable to the Student Council in that its members are professors elected to represent the faculty from each of Tech's six schools.

Appearing At 7:30 p.m. Today

... are the Four Freshmen. The versatile quartet will perform in the Union Ballroom, under sponsorship of the Union Special Events Committee. Story on page 2.

Politikin' Atmosphere Hits Campus April 16

Speeches, handshaking, campaign platforms and a carnival atmosphere will mark the week following spring vacation as "election week."

CAMPAIGNS OPEN

Activities get underway April 16

Friday Named Election Issue Ad Deadline

Candidates for student body officers who wish to have advertisement space in THE DAILY TOREADOR's special election issue must purchase their ads by 5 p.m. Friday.

The special issue will be published on April 19. Students interested in advertising should see David Day in the Student Publications Office in Journalism Bldg., room 102.

and 17 when candidates for cheerleader, Student Council representatives and executive officers speak informally at men's and women's dormitories. Candidates will move on a rotation basis through the dormitories from 6:30-8 p.m. They will present their platforms and answer students' questions.

ELECTION RALLY

The election rally is scheduled for 6 p.m. April 18 at the Municipal Auditorium parking lot. Carnival booths, brass bands, stunts and contests will kick off the rally. Activities will move to the auditorium where cheerleader candidates will perform. Contenders for Student Council executive positions will present brief speeches and Student Council representative candidates will be introduced.

April 19 is the date for election of officers and cheerleaders while council representatives go on the ballot April 24.

Art Contest Still Open, Rule Altered

More students may enter the Campus Art Contest due to a change in one of the contest's rules.

The new rule states that work under class supervision can be submitted if an instructor has not helped with the work.

Other rules of the contest are that an individual is limited to five entries in each division and entries must be submitted in a form ready to display. Works available for sale from the exhibition should be marked accordingly.

The five divisions are watercolor, oil, drawings and prints, sculpture and photography.

Works must be submitted by April 17.

Four Freshmen In Tech Union Show

The Four Freshmen will "blow, strum and thump" instruments — and sing at 7:30 p.m. today in the Tech Union Ballroom.

Noted for its versatility and fresh, imaginative arrangements, the quartet has repeatedly been named "Best Vocal Group" by Metronome, Down Beat, Billboard, Playboy, and United Press surveys.

Kenton Started Them

Capitol artist Stan Kenton started the Four Freshmen on their way to success and national fame in 1950 after hearing their performance in Dayton, Ohio. They set out for Hollywood and a Capitol recording contract soon after that engagement.

Among the spots the Freshmen have played are the Crescendo, the Palladium, and the Hollywood Bowl, in addition to numerous colleges and universities in the U.S.

The original quartet developed its distinctive style at the Arthur Jordan Conservatory of Music in Indianapolis. Ross Barbour and Bob Flanigan are original members of the group. Ken Albers and Bill Comstock have replaced the other two originals.

Free Record Albums

"Because of a cancellation, the Four Freshmen had an open date on their tour, and we were lucky enough to book them," said Mark Gresham, assistant chairman of the Union Special Events Committee. "We should be able to seat 1,200 to 1,500 in the Ballroom. Eight free record albums will be given away," he added.

Tickets to the performance are 75 cents for Tech students, \$1 for

Vacation Housing Announced

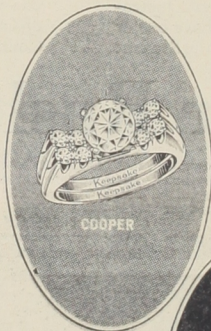

All men's residence halls will remain open during spring vacation while West Hall will accommodate all women staying on campus.

On all days except Sunday, breakfast will be served from 7:30-8; lunch from 11:45-12:30; and dinner from 5:30-6:15. Sundays, breakfast will be served from 8-8:45 and lunch from 12:15-1.

Students who need to eat earlier because of work conflicts should make arrangements in advance by contacting the dietician in the dormitory involved.

Meals will be served in a different dormitory each day.

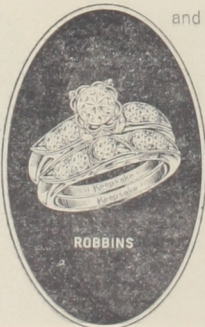

- The meal schedule is as follows:
- Saturday, April 6 (Dinner Only) Gaston Hall.
 - Sunday, April 7, Gaston Hall.
 - Monday, April 8, West Hall.
 - Tuesday, April 9, Weeks Hall.
 - Wednesday, April 10, Bledsoe Hall.
 - Thursday, April 11, Gordon Hall.
 - Friday, April 12, Sneed Hall.
 - Saturday, April 13, Carpenter Hall.
 - Sunday, April 14, Horn Hall.
 - Monday, April 15, Knapp Hall.

Another Student Applies In Ambassador Program

Rebecca Hord, sophomore from Lubbock, is the fifth applicant in the Community Ambassador program sponsored by the Lubbock Chamber of Commerce.

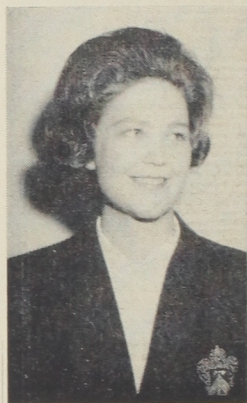

Deadline for the program has been extended to Friday at 5 p.m.

Miss Hord has traveled in 46 of the 50 states, Canada, Europe and Mexico during the past five years. She is a member of Kappa Kappa Gamma sorority and majoring in languages.

The person selected as Lubbock's 1963 Community Ambassador will spend eight weeks in Spain this summer traveling and

living with a typical Spanish family.

The program is open to Lubbock citizens between the ages of 19 and 30.

Kappa Takes First In Swimming Meet

The results of women's intramural swimming placed four sororities in top positions.

First place went to Kappa Kappa Gamma; second, Chi Omega; third, Delta Delta Delta and fourth, Gamma Phi Beta.

Sue Sovell, Kappa, was the winner of the 25-yard dash. Claudia Ludwig, Horn Hall, placed second.

Jane Knight, Tri-Delta, won the back stroke event. Penny Hill, Kappa, took second.

Sue Sovell, Kappa, won first in the breast stroke. Patty Pownder, Chi Omega, won second, while Penny Hill, Kappa, placed third.

In the free style relay, the Tri-Deltas placed first and the Alpha Chi Omegas took second.

Kappas won the 75-yard medley relay and the Tri-Deltas placed second.

In the second medley Patty Pownder took first and Penny Thornall placed second.

In the free-form event Joan Grinnell, Kappa, took a first place in the front crawl. Betty Jamison, Chi Omega, Shelia Fletcher, Tri-Delta, and Mabel Crossett, Chi Omega, tied for second.

Seniors' Deadline

Saturday is the last day seniors may order their caps and gowns, invitations, and calling cards from the Tech Bookstore.

Pam Whitcomb and Ellen Morgan tied for first place in the back stroke.

In the side stroke Betty Jamison, Chi Omega, took first place and Nina Eidman, Kappa, won second.

Martha Welch, Kappa, won the breast stroke while Carolyn Davis, Gamma Phi Beta, won second.

Linda Keeton, Alpha Chi Omega, placed first in diving. Penny Hill won second.

Man and the World: Philosophy Discussed In Honors Lecture

By TRAVIS PETERSON
Toreador Staff Writer

Although emphasizing the considerable disagreement as to the exact definition of philosophy, Charles S. Hardwick, Tech philosophy instructor, says philosophy has "enabled us to re-evaluate and understand the increasing complexity of human experience in the world."

Hardwick, in recent lectures to the Arts and Sciences Honors Program course, "Man and the World," discussed a philosophical basis for man's development and the role played by the philosopher in society.

Questions The Established

Philosophy's contribution has been made through the progress of questioning and examining the established, he said. This entails close scrutiny to understand the process underlying a given discovery — not especially the thing discovered.

Philosophy also includes a questioning of fundamental categories devised by men to explain reality, he continued. Philosophers study ideas to determine fundamental categories.

Decide What Is Real

According to Hardwick, philosophers — and all men, actually — are directly concerned with deciding what is real. "The problem of reality is the most fundamental problem man faces — it is the problem of man in the world. One's attitude toward reality is reflected in his relationships, social traditions, outlook on life, etc.

"Man is aware of the fact that he confronts something in the world. This is called experience. However," the lecturer said, "man subjectively is aware of his limitations and realizes that his experience does not constitute the totality of the cosmos he lives in. He has never been satisfied with the limitations of his experiences."

Symbols Used

As a means of expressing what man has experienced, Hardwick stated that countless symbols have been formed. After exper-

ience the world, man thus thinks and speaks in terms of symbols.

Philosophy conducts a questioning of the symbols man has chosen to explain his experiences.

Continuing, he expressed the belief that philosophy has always played a vital role in increasing understanding of experiences and aiding scientific developments.

Abstract Framework

"Each age and culture devises some sort of theoretical or abstract framework of symbols to attempt to describe what is experienced in life," he said. "It is the philosopher's duty to expand this framework to more adequately describe experiences and to better utilize reflections from the recording of these experiences."

While admitting that, by necessity, philosophers have never achieved an ultimate finality and that they are continually in disagreement, he said the complaint that they never achieve anything is unfair and untrue.

Less Tangible

Critics who contend that scientists are actually doing things and getting results while philosophers are only "dreaming" forget that the latter deal with ideas — something less tangible than what the scientist has to experiment with.

"Philosophy has, does, and will continue to serve a vital role in man's intellectual growth and development," he emphasized.

Rational Ability

One concept accepted by philosophers, according to Hardwick, is that man fundamentally has rational ability, and this underlies any approach one wishes to take to the world.

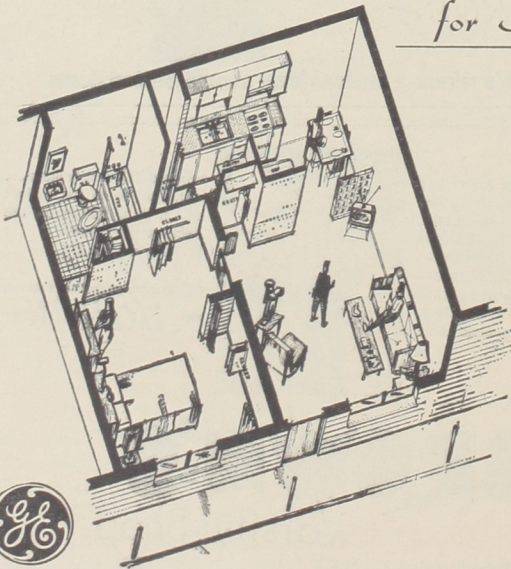

Hardwick listed the myth as man's first intellectual tool. Nothing existed in cosmos that was not explained by mythology (e.g., thunder occurred because the gods were angry). It served as an explanation of experience and of the world, as well as a pattern for anticipating the future.

Greek Culture Studied

He also attributed the discovery of relationships between concepts and ideas to the Greeks (e.g., "A thing cannot be and not be at the same time;" "A whole is greater than a part,"). These deductions produced theories about theories and eventually generated philosophy.

Detroit & 3rd Place VISITORS WELCOME Phone PO2-2233

FROM THE BENCH

by artie shaw

Mitchell V. Charnley, who wrote the text used by beginning and second semester reporting classes, says that news should be "objective and unbiased." This eliminates any sort of editorializing by the writers and reporters of newsworthy events.

This is why we have columns in newspapers. A column is "by-lined" and presents the personal opinions of the author, and not necessarily those of the paper.

My opinions have remained dormant for too long. The period of dormancy on my part has come to an abrupt end.

Shaw is about to reveal. Being an avid follower of Tech sports and an undismayed reader of THE DAILY TOREADOR, I have noticed several disheartening factors integrated into the column that appears on those hallowed sports pages.

CHAPTER ONE

The most blasphemous of these being the mention of the New York Yankees. This mere mention is indeed a major crime when taken from my vantage point.

To add insult to injury, the writer has predicted said Yankees would win the American League pennant, and from there go on to a World Series victory.

I will readily agree that an American League pennant is tantamount to a World Series victory.

My argument arises from a disagreement as to who will win the American League flag. I think the Baltimore Orioles have already indicated their desire to implant the honored banner in their backyard. Their virtual runaway victory in the Grapefruit League has shown this.

And the Yankees? Walking in murky soil, deep in the depths of the cellar of that exhibition loop. Does the writer claiming support for them propose that they will emerge from those muddy depths upon resumption of the actual schedule? Surely he jests!

Meanwhile, the Orioles, not resting upon their laurels (as some teams have been known to do) have made a few changes.

Ronnie Hansen, Gus Triandos and Hoyt Wilhelm are gone. Luis Aparicio, Al Smith, Stu Miller, Mike McCormick and John Orsino are here.

Lest they be ignored, let me remind you of those staying on from last year's wars: Brooks, Robinson, Boog Powell, Marv Breeding and the fabulous Jim Gentile.

Then there's the Oriole pitching staff, called by many experts the best in the business: Chuck Estrada, Milt Pappas, Robin Roberts, Dick Hall, Billy Hoef, Miller and McCormick.

Yes, Yankee fans—dream on!

CHAPTER TWO

The rejuvenated Mets of Casey Stengel announced the purchase of the old pro, Duke Snider, for a price over the waiver price. Unless they've changed the waiver price since I last heard, it is \$10,000. The rumor say Snider was purchased for a price in the vicinity of \$40,000—quite a sum for a veteran with 14 years in the business!

Word has it the Mets are after one-time Milwaukee great, Del Crandall, due to a lack in catching depth.

CHAPTER THREE

At a Saddle Tramps smoker last semester, Berl Huffman, illustrious and outspoken freshman football coach, said he thought Donnie Anderson could be the best back in the nation by the time his third year of eligibility rolls around.

Huffman said Anderson could tear the SWC to pieces in one year, and quickly graduate with high standing in the sports country, if he comes around as expected.

Judging from what I have seen at recent Tech scrimmages, of Berl couldn't have been more correct. Anderson kicks, blocks and runs better than any sophomore I've ever seen.

The lad is destined for greatness.

Lest we digress too far, David Parks, C. C. Willis, Bill Shaha and Danny Scarborough should gain mention for the outstanding work they've done. They, along with many others, have helped tremendously in raising the hopes of loyal Tech fans everywhere.

CHAPTER FOUR

Predictions from this corner for next year indicate losses to Texas, Arkansas, Rice and possibly one other team. Which one it will be, is a source of bewilderment.

Looks an awful lot like six wins and four losses to me. Not a bad improvement over one win and nine disastrous losses.

To Pan-Am Games

U. S. Sends Athletes

NEW YORK (AP) — A squad of 372 athletes, the largest contingent ever to represent the United States in international competition on foreign soil, will carry the American colors in the Pan-American Games at Sao Paulo, Brazil, April 20-May 5.

WITH THE completion of the trials to determine the team, the U.S. Olympic Committee announced Wednesday the squad will include 279 men and 93 women in the

21 sports classifications. The entire official party, including coaches, trainers, managers, doctors, nurses, administrative personnel and equipment men, will number 469.

THIS FIGURE was exceeded only by the delegation of 507, including 401 athletes, for the 1959 Pan-American Games at Chicago. The U.S. sent a total of 405, including 310 athletes, to the 1960 Olympic Games at Rome.

THE AMERICAN team will be smaller than the one for Chicago because of the restrictions on entries in swimming and track and field. Each nation will be permitted to enter only two athletes in each swimming and track event instead of three.

IN THE 1959 games, American athletes swept the three medals in many of the track and swimming events.

OPEN THURSDAYS 'til 9

Instant Credit to College Students

Texas Relays Attract Tech's Cinder Men

Texas Tech is entering eight varsity performers and seven freshmen in the Texas Relays at Austin Friday and Saturday.

Ronny Biffle who last week set the school mark for the high hurdles, will lead the Texas Tech

cinder hopes. Biffle ran the highs in 14.1, losing to Texas' Rex Wilson, who had the same time, in an extremely close race. The old mark of 14.2 was set in 1960 by Bob Swafford and James Pettit.

By events, with best marks in parentheses, Coach Don Sparks' participants include:

400 meter hurdles — Biffle (38.0 in the 330 hurdles); freshmen — Dale Edgeworth of Lubbock.

880 Relay — Noel Carter of Seminole, Norman Donelson of Stanton, Walter Cunningham of Galena Park and Richard Vogan of El Paso.

High hurdles — Biffle (14.1); freshmen — Edgeworth (16.5).

100 Dash — Cunningham (9.8); Vogan; freshman — Mack Highfill of Carlsbad (10.4).

440 Relay — Carter, Vogan, Cunningham and Biffle (42.2); freshmen — Harold Nippert of Quanah, Highfill, Gary Cook of Fort Summer and Leslie Lee of Booker (42.7).

3000 Meter steeple chase — Bill Meador of Saint Jo, Jerry Brock of Fort Worth.

1,500 meter run — Brock; freshmen Ronny Davis of Brownwood.

Broad Jump — Freshmen — Lee (22-4), Edgeworth (22-4½).

Sprint Medley — Carter, Vogan, Donelson and Bowe (3:27.6).

Mile Relay — Bowe, Donelson, Vogan and Carter (3:14.4); freshmen — Highfill, Lee Cook and Nippert (3:26.5).

High Jump — Twink Terry of Amarillo (6-0).

Variety Marks Sports Week

While Texas Tech's track team is competing in the Texas Relays Friday and Saturday, three other Red Raider squads will stay busy at home.

Southwest Conference competition in golf and tennis, three baseball games, and a football scrimmage are on tap.

Baylor furnishes opposition in SWC play.

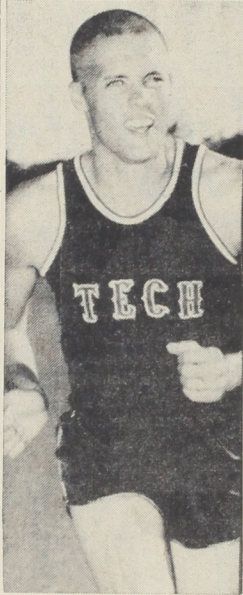

Coach Jay McClure's linksmen tee off against the Bears at 12:30 p.m. Friday at Meadowbrook. Tech is currently 8-4 in SWC play, having lost to Texas A&M 4-2 and beaten Rice 6-0 in road matches.

For Coach George Philbrick's tennis players, the match with Baylor on the varsity courts at 2 p.m. Saturday will inaugurate the Southwest Conference schedule. The Raiders downed Hardin-Simmons 6-0 Monday after dropping a pair of 6-0 decisions to Trinity earlier.

Baseballers, coached by Berl Huffman, collide in a doubleheader with New Mexico Highlands University at Hodges Park at 1:30 p.m. Friday and in a single game at 1:30 p.m. Saturday.

Coach J T King has scheduled the third intra-squad scrimmage for his footballers in Jones Stadium at 2:30 p.m. Saturday.

Executive Platforms Voiced

Furgeson Seeks One-Day Break

In many conversations with Tech students across the campus, I have found a desire for strong programs and for new ideas from the Student Council. With this in mind, I have tried to develop a platform to meet the desired needs of the student body.

Presently Tech is accelerating its academic growth just as fast as its physical growth. In this realm I feel the Student Council can promote activities.

The speaker convocation should be greatly intensified in order that Tech students can get a first hand report on national and international activities. These convocations could help us coordinate our in-class instruction with practical, on-the-spot information.

Since I have mentioned the classroom, let me explain another idea I have in relation to academics. At Tech and at other universities in this nation, grades are of chief importance. Since the pressure to make high grades is so great and since final examinations usually determine a grade to a large extent, I feel that we, as students, should have longer to prepare for our tests.

With this explanation I propose to work for a one-school-day break between dead week and final exam week.

I feel that Tech is definitely a university, and next year, I will work to bring university status to our name. These above four programs are the ones I plan to stress in the realm of academics.

Another realm of the Student Council which has not been examined closely in the past is the area of communications between the Council and the student body. I would like to remedy this problem by printing a column in THE DAILY TOREADOR from the Council.

I also feel that we need to have the executive officers before the students for criticisms and suggestions. This could be accomplished by having monthly meetings in the Union composed of the officers and all students who wish to attend. We would also have these mass meetings in the dorms.

Another area where I feel communications need to be improved is between Tech and other Southwest Conference schools.

With these other programs I have mentioned, I would like to emphasize some of the established programs of the Student Council. The Traffic Program is one that needs continual work and supervision. Our Athletic Recruiting Program is also one which can add strength to our athletic system in future years.

All these programs are the ones that I feel Tech needs to enable it to continue to keep pace with the changing times. Since they are important, I have made them the basic points in my platform.

NOT EVEN WIND CAN STOP 'EM—A strong West Texas wind seemingly proved no obstacle to this couple attending Thursday's campaign rally. Perhaps the girl received a lift to obtain a better view of campaign proceedings or merely to provide a balance against the winds. —Staff Photo

Strickland Sees Small Minority

Will we ever have another chance? If so, when? Do you really care if we have another chance? If so, read on.

Will we let a small minority of students set the policies and procedures of this campus for another term of office? I hope not. Will we continue to permit the leaders to blame the lack of voting on students' indifference? Again I hope not.

The main question is, will we face the following true fact?—We have never had a real reason to vote, mainly because of the self-centered policies and practices of this small minority.

As you read you will be able to understand how my platform isn't constructed to make me sound popular — because frankly, I'm not for everything that is "popular." I stand for the issues that back the rights of every Tech student.

First, I will inform students with a President's Column in THE DAILY TOREADOR, giving factual information of Student Council and administrative decisions and viewpoints.

Secondly, I will earnestly seek possible solutions to the growing parking problem.

Thirdly, I am not completely against a tuition hike if scholarships and other benefits are provided to balance the extra expense, but I will personally lead a campaign against any action that does not enhance the Tech student.

Fourthly, I will use any influence I have to obtain student rates at local theaters.

Other areas of my platform are: further stressing of honors program, hush discontentment about dorm food, reconstruct girls' restriction codes and eliminate out-of-date restrictions, ballot boxes in each dorm, something done about the name change, obtain athletic intergration if Techsians want it and continue study of purposes of class officers.

My platform also includes: unifying Tech organizations to work for advancement of Tech, obtain big - name speakers, raise money for name marker at campus entrance, make Model UN an annual event and work with IFC and Panhellenic to promote TB fund drive.

Let me ask you to study each candidate's platform and make a decision on your own. Then vote.

Prexy Candidates List Qualifications

Royal Furgeson QUALIFICATIONS

- ✓ Two-year member of the Student Council, serving on Publications Committee and Athletic Recruiting Committee
- ✓ Saddle Tramps
- ✓ Who's Who in American Colleges and Universities
- ✓ Varsity Basketball Letterman
- ✓ Interfraternity Council
- ✓ Honors Program in English
- ✓ Leadership Recognition in All-College Service
- ✓ High School Senior Class President
- ✓ Sports Editor of High School Annual
- ✓ National Honor Society
- ✓ High School Varsity Basketball

Gary Strickland QUALIFICATIONS

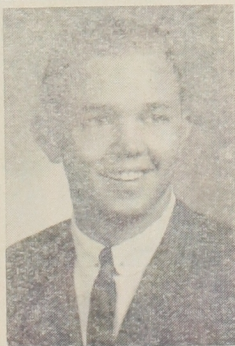

- ✓ Engineering Representative on Student Council
- ✓ Chairman of Class Committee Student Council
- ✓ Co-Chairman of WUS
- ✓ President of Sophomore Class (61-62)
- ✓ Vice President of social Fraternity
- ✓ Activities Chairman of social Fraternity
- ✓ Member of IFC
- ✓ Member of BSO
- ✓ Member of Alpha Phi Omega (service fraternity)
- ✓ On Committees at BSU
- ✓ Participation in advance ROTC
- ✓ Cheerleader in High School
- ✓ Student Council in High School

President's Duties

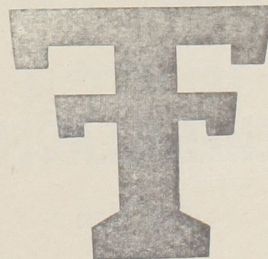

- Preside over meetings of the Student Association.
- Serve as presiding officer for the Student Council.
- Be chairman of the Executive Committee.
- See that rules and regulations are executed.
- Appoint all committee personnel not otherwise provided for in the Constitution.

STRICKLAND

ROYAL FURGESON FOR

PRESIDENT COMPARE AND VOTE

VP Hopefuls Give Platforms

James Cole

I propose to work for a compulsory evaluation of the faculty in the hope that such evaluations, if required, will make department heads more aware of teacher deficiencies. I also propose to work for increased student voice in the area of determining, to some degree, academic policy.

I propose to do this by working for joint student-faculty committees on which student opinion is voiced as to departmental policies. I propose to work for ad-

ministrative convocations at which the administration explains its policies and then subjects itself to question and answer periods about administrative matters.

I propose to work this summer on the feasibility and value of a book swap and then incorporate it next year if it is a good proposal for Tech students. I propose a very active name change program to the point of student referendum votes.

I propose to study our freshman orientation program and try to come up with a better orienta-

tion into the areas of campus activity, student life, and school spirit.

My qualifications are as follows:

President of Wells Hall in 1961-62, vice president of Men's Residence Council in 1961-62, member of Saddle Tramps, president of BSO in 1962-63, student council in 1962-63, chairman of the traffic committee, member of the elections committee, Who's Who in American Colleges and Universities, 1962-63, College Awards Board member, Tech Union Board member, committee on student organizations member.

Doug Gibbins

I would like to decrease student apathy through more student participation in Student Council and student government.

I propose to do pioneer work toward athletic integration. I also propose to continue and improve upon the athletic academic recruiting program.

I propose to study fraternity and sorority lodging plans and formulate some ideas and plans that would be workable in the future. Also, I would like to find more definite and satisfactory reasons for the tuition hike before we let it be put into effect.

My qualifications are as follows:

Chairman of the special events committee, in charge of the Freshman Dance and Freshman Convocation during freshman year; Games and Tournaments Committee at Tech Union; Wells Hall Social chairman in 1960; Campus Religious Council in 1961; secretary of the Double T Assn.; president of junior class in 1962-63; member of Phi Delta Theta; member of the Saddle Tramps; member of Phi Epsilon Kappa.

Botkin, Cornell Compete

Ronnie Botkin

The position of Business Manager of the Student Association is usually greatly underrated by the average student. Only at election time is anything really heard about the office. The position requires a great deal of work, and only with prior experience on the Student Council and a working knowledge of the duties of the office would anyone be able to do the job correctly and efficiently.

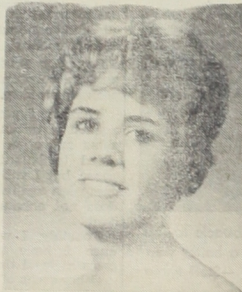

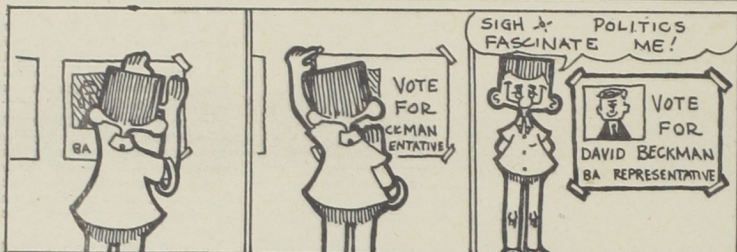

I feel that by being a member of the Student Council and working on the Allocations Committee I have gained the needed experience and knowledge. The responsibilities of the position are great and I think that I will be able to deal with any situation that might arise with the best interest of the students and Texas Tech in mind.

If you choose to select me as Business Manager of the Student Association, I will serve you and this 'university' to the best of my ability.

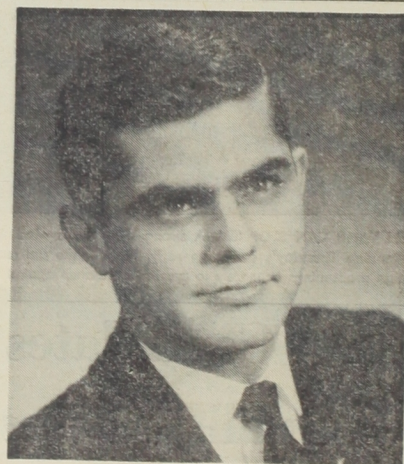

Jess Cornell is also a candidate for Student Council business manager. His platform does not appear as he failed to submit it to the Toreador by Thursday's deadline.

VP Duties

- Perform the duties of the President in the event of his absence or inability;
- Succeed to the Presidency in the event that the office should become vacant;
- Perform such duties as designated by the President or the Council;
- Be in charge of the annual school trip.
- Keep a complete and accurate record of all financial transactions of the Student Association.
- Serve as chairman of the Allocations Committee of the Student Council.
- Direct the financial activities of the varsity yell leaders.
- Educate all yell leader candidates in regard to the responsibilities and limitations of their positions.
- Be responsible for the approval of all money-making activities of the four undergraduate classes.
- Write an article to be printed in the TOREADOR during the month of December of each year to inform all students graduating at the end of the first semester of the deadline for submitting requests to the office of room reservations for the return of their room deposits.

REMEMBER...
TO VOTE!

Pat Hamilton
Secretarial Candidate

In both leadership and service capacities, I have served and am serving Texas Tech:

Through school — I have worked in the Home Economics Club,

and am past CANDLE Editor and incoming President of Phi Upsilon Omicron.

Through organizations — I am a member of President's Hostesses, will be a legislator of Doak Hall, and have recently been selected to membership in Mortar Board.

Through Student Council — I have served on the Elections, Current Events, and Allocations committees.

If elected your Secretary, I would like to accomplish the following things during my term of office.

- Continue the present secretary's program of opening up the campaigns and putting the candidates in front of the voters.
- Make arrangements so that all counting of votes can be done by IBM computer. This would insure fast and accurate tabulation of votes.
- Hold Freshman Council elections as early as possible in the fall so they may work on a more united freshman class; they could reserve a section of the football stadium for the freshmen whose enthusiasm might boost our school spirit.

Cecile Camp
Secretarial Candidate

My qualifications for Student Council secretary are: EXTENSIVE secretarial training, GOVERNMENT minor, EIGHT consecutive year's service on student councils.

My platform is:
 Ready to serve YOU in:
 1. Better communications for a better Tech—

- Council members should report back to their organizations
- Minutes of meetings should be printed in the TOREADOR

DOR

2. Fairer elections for a better Tech—

- Re-evaluation of officer qualifications
- Filling cheerleader and class officer vacancies

3. More special events for a better Tech—

- Another all-school program such as the Model U.N.
- Top national speakers

4. Safer traffic for a better Tech—

- Let the students decide

Judy Price
Secretarial Candidate

Qualifications:
 Student Council 62-63, Elections Committee 62-63, Recognized by Student Council for leadership,

Freshman Council 60-61, Junior Council, Sigma Kappa, Phi Gamma Nu, Pi Delta Phi, President's Hostesses.

As Secretary of the Association, improved communications would be one of my goals. As a member of the election committee this year, lack of student interest in campus elections has been painfully evident. Campus positions are often filled by a very small percentage of voters. Integration of students into Tech's student government could be achieved through a coordinated program with the TOREADOR.

I would also work this summer with IBM in the Engineering Department to set up a program for elections. All elections then would be held on IBM cards and counting would be done electronically.

Office Duties

The secretary's duties are:
 KEEP the minutes of meetings of the Student Association and of the Student Council; BE responsible for the maintenance and preservation of the official version of the Student Association constitution and all rules and regulations of the Student Association; SEE that a copy of the official version of the constitution and all rules and regulations of the Student Association remain on file in the office of the president of the college; SEND a copy of the minutes of each meeting to the following: President of the College, Dean of Student Life, Dean of Men, Dean of Women, Student Council sponsor, Vice President and Comptroller, Academic Vice President.

AT all times maintain and preserve the official copies of the Student Association constitution and bylaws in the Student Council office.

PRICE IS RIGHT for SEC.

for
Business Manager

WHO WILL IT BE? — Techsians voting by secret ballot today will choose three boys and three girls from the 18 candidates for cheerleaders to rally students behind the Raiders next fall. Run-off elections are set for Monday. —Staff Photo

Cheerleader Candidates

And Duties

Candidates for cheerleader are Carolyn Buxton, Linda Edie, Carol Fursman, Gay Gillespie, Jeannine Jones, Nelda McQuien, Camella Moore, Kathy Osthoff, Sandy Sample and Jami Steinhoff.

Other candidates are Myrna Stephenson, Lynn Wallace, Dennis Ashmore, Mike Bohn, Smiley Irvin, James Perry, John Ward and Bobby King.

Those persons elected will:

- Be responsible for all Texas Tech pep rallies
- Coordinate the generation of enthusiasm at all recognized college athletic events
- Be responsible for furnishing a representative to the Southwest Conference Sportsmanship Committee
- Encourage good sportsmanship on the campus
- Be responsible to the business manager for the management of their finances
- Elect, from their number, a

head cheerleader who shall be a male student and shall serve as their chairman.

PRICE IS RIGHT for SEC.

It Takes More Than Yelling To Be A Tech Cheerleader

Lots of people can yell and cheer with gusto when the Red Raiders go over for a touchdown. Quite a few can turn flips, inspire enthusiasm and attend all athletic events.

But there are a few special qualities, perhaps best classified under the term, gung-ho, that sets a good cheerleader apart from the football crowd.

Special qualities don't include regular cheerleader duties such as coordinating pep rallies and being on hand at ballgames.

One Tech cheerleader called it a year-round job. "A cheerleader must attend teas for visiting athletes, entertain visiting yell leaders and when away, attend all planned functions at other schools," she said.

High on her list on what makes a cheerleader really go is being able to perform yells well, en-

thusiasm, and devotion.

"A good cheerleader above all to develop sportsmanship and his enjoys cheerleading," she reflects. "He should at all times strive to develop sportsmanship and his own potential to its fullest."

Industrial Engineers Win First

Industrial engineering department took its fifth straight first place in the recent Science and Engineering Show.

Industrial engineering exhibits demonstrated techniques in production control, plant design, materials handling, work measurement, statistical quality control, product design, manufacturing analysis and organizations research.

Displays in the 31st SE annual show were judged on appeal to the public, explanation of department curriculum and presentation of exhibits.

The industrial engineering display received 3,705 points of a possible 4,000.

Bud Lanham was chairman of the department's exhibit. American Institute of Industrial Engineers and Alpha Pi Mu set up the displays.

READY TO STOMP—Judy Richards, junior, and Bob Fouts, senior, are all decked out for the Phi Mu western dance 8-11:30 p.m. today. Jimmy Heap's Band will play for the open dance at Vann's Catering Service. —Staff Photo

Delegations Plan Trips

Delegates from Tech's history department will scatter to state and regional history meetings in Austin and Albuquerque this weekend and next.

Four faculty members will represent Tech at the Texas State Historical Assn. meeting this weekend. The Austin meet begins today and continues through Saturday. Dr. David Vigness, department head; Dr. Ernest Wallace, professor; Billy Mac Jones, instructor and Richard Marcum, teaching assistant, will attend.

Tech's chapter of Phi Alpha Theta, history honorary, will send five representatives to a regional meeting in Albuquerque, N.M., Friday and Saturday, May 3-4.

Attending will be Dr. Paul Woods, history professor, and Lt. Col. George R. Hull, professor of air science.

Ronald Benson, teaching assistant, will present a paper on the Hay-Pauncefote treaty.

Nancy Vincent, Alpha Theta president, and Sarah Gaston, Austin junior, are Tech's student representatives.

Why Do You Read So Slowly?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement" mailed free to anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept 9894, Chicago 14, Illinois. A postcard will do.

Zsa Zsa Stars In Union Show

Mel Ferrer and Zsa Zsa Gabor star in "Lili," a technicolor movie, at 4 p.m. and 8 p.m. today and 2:30 p.m. Sunday in Tech Union Coronado Room. The Special Events Committee is sponsor.

Grads Discuss Negro Novelist

Grover Lewis and Nolan Porterfield, graduate English students, will lead the discussion at today's Noon Forum in the Tech Union Blue Room.

Discussion topic is contemporary Negro novelist, James Baldwin. Baldwin is author of "Another Country."

Purdue Prof Lectures On European Market

Competition from the European Common Market will force the U.S. to move rapidly if it is to hold onto its world markets or consider expanding them, according to Dr. James Greene, industrial engineer and visiting lecturer at Tech.

His ideas may carry some special weight since he has recently been a consultant to the European Production Agency, a division of the Common Market's organization.

"The U.S. must find ways to produce goods with more efficiency," he declared. "This presents a challenge to our industrial engineers."

Dr. Greene, a Purdue University professor, is spending three days, Monday through Wednesday, at Tech. He is conducting seminars in general industrial engineering research, production control and operations research.

Positions Open For L-V Staff

Applications are now being accepted for associate editor, copy editor and staff artist for next year's La Ventana.

Students interested in these positions should write a letter giving their qualifications, past experience on an annual or newspaper, why they want the job and any new ideas they may have for next year's La Ventana.

Past experience is not necessary, but preferable. Applications should be turned in to the La Ventana office or to either Johnnie Lu Raborn or Travis Peterson by May 1.

These are paid positions, and applicants should be willing to put in a great deal of time.

HONORARY MEETS

Psi Chi, psychology honorary, will meet at noon today in Tech Union, Elmer's Lounge. The group will initiate members and present a slate of officers. Those attending must sign up in the psychology office, X-31.

SURROUNDED—Carol McCormick, Ennis sophomore, was surrounded by cadets from England's Royal Air Force after their captain said, "If I were you blokes, I wouldn't let these ladies sit alone."

As I see it . . .

by johnnie lu raborn

"You think we speak the same language, but we don't," said one cadet from Cranwell, the Royal Air Force Academy in England. I had to agree with him.

Tech's Angel Flight was visiting the Air Force Academy in Colorado Springs. Some were dated with English cadets, who were also visiting. It was a real education.

For years, I've heard the English stereotype came out with "jolly good," "old chap" and "ra-ther." They are all true with the addition of an occasional "quite" and "Oh, my yes."

In England, you are not "out to lunch" but "around the corner." When we have a lousy date he is called "cull" or "bad head," but Cranwell calls them "grimmies."

'MAKING OUT'

It is a mystery how they got it but "cupeake" is said for "making out." Tennis shoes are called "blimp shoes," and a resounding "dash it" means darn or damn.

We Americans take much for granted. These cadets had never seen a drive-in movie or drive-in restaurant. Motels were also new, for they don't exist in England. Some of the guys got their first taste of pizza, Mexican food and pretzels. They didn't like it.

'STATUS SYMBOL'

It is a status at our Air Force Academy for the "firsties" or seniors to have Sting Ray Corvettes. That vast parking lot is full of them. I didn't see five cars under two years of age. The Cranwell "chaps" find it "marvelous" to get to ride bicycles when seniors. They do have cars, but generally these are somewhere in the 30's models. A car 10 years old is relatively new.

I did notice one thing about the cadets as a group. They abounded with national pride. One said, "There will always be an England." To which some of the U.S. cadets sort of laughed. A Cranwell "troop" recounted with a "Don't scoff at it, national pride is a wonderful thing." Their pride was so emphasized that it made me wonder if we "came over" the same way about our country.

On Saturday night, a formal ball was given for our flight, Cranwell and first classmen (seniors) at the academy.

The British boys taught us one way to live up a rather stiff dance. During one of the songs, one Cranwell "troop" yelled "Ants." The cadets immediately fell down on the floor, rolled over on their backs and kicked their feet and arms into the air. At the sound "dead ants," the legs and arms went stiff. Rather quaint, I'd say, but still effective enough to break everyone up.

GHOU L POOL

The Angels with U.S. Academy dates were wondering that night if they were included in the "ghoul pool." It goes like this. The academy hosts arrangements for blind dates for the formals. Cadets within each squadron enter a "pool" for 25 cents. At the dance, squadron officers act as judges and dance with the dates of each cadet entered in the pool. Afterwards, these officers decide which had the worst date and he wins the money. If we did it here, I would be rich.

AS I SEE IT

Sigma Kappa will choose a "Mr. Pledge" at 8 p.m. today in the National Guard Armory. Mr. Pledge will be chosen from fraternity pledges. The Caravans will play for the all-school dance.

Phi Mu will have a western stomp, 8-11:30 p.m. at Vann's Catering Service. The open dance will feature Jimmy Heap's band. Tech Union also is having a western dance from 8-11:30 p.m. in the Ballroom. Jimmy Mackey is playing.

KAPPA KAPPA GAMMA

An informal "German Beer Garden" will be the setting for the Kappa Kappa Gamma dinner dance at 6:30-11:30 p.m. today.

Delta Sigma Pi will have its Rose Dance from 7:30-12 p.m. Saturday at the Pioneer Hotel.

Newman Club will go on a picnic Sunday to Palo Duro Canyon.

Red-White Skirmish Ends Spring Training

Scarborough, Ben Elledge Opposing QBs

By ARTIE SHAW
Toreador Sports Editor

A pair of shining freshman quarterback prospects will be opposing each other at 4 p.m. in Saturday's final spring training scrimmage.

Featured will be Danny Scarborough of Quanah and Ben Elledge of Brownwood.

The annual contest is the rubber game of the series, as the Reds jumped to a quick two-game advantage, only to have it taken away from them in the last two outings by the underdog Whites.

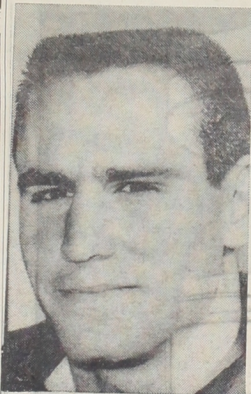

Two upperclassmen quarterbacks, Bill Worley of Midland and James Ellis of Lubbock, underwent knee surgery in December and will probably not see action, although they will be suited.

Statisticians Overworked

With both the Reds and the Whites threatening to "loosen-up" their previously tight offenses, the stress could be worse on the statisticians than on any one else.

Last week the Reds gathered 364 yards of total offense in a losing cause, while the Whites haled and threw for 277 in their 20-12 victory.

Long gainers have been the word of the day thus far, and any

BILL WORLEY

. . . Will not see action

more would be just icing for the cake.

Jim Zanios, Albuquerque fullback, for example, took a handoff from Red quarterback Ben Elledge and raced 52 yards off tackle in a spectacular gainer.

Elledge connected on two long passes, one to all-Southwest Conference end, David Parks, for 44 yards and another to Stimmert halfback, Donny Anderson, for 41 yards.

For the rubber game, each having won two contests, lineups will be exactly the same as last week. There may be a trade at halfback between David Baugh of Rotan, a Red last week and Jimmy Edwards of Roysie City, who played for the White squad last week.

Admission is \$1 for adults, 50 cents for students and Tech students will be admitted by showing their identification cards.

Traffic and Security

The staff is comprised of a chief, 10 commissioned officers, one night sergeant, two radio operators, one secretary, one clerk and two part-time employees. There are three radio-controlled patrol cars. In October, 1962, there were 6,240 cars registered to park on campus.

Tech Linksmen Meet UT At Meadowbrook

Texas Tech, in an effort to get back into the Southwest Conference golf race, engages the University of Texas here on Lubbock's Meadowbrook golf course today.

Tee-off time at Meadowbrook is 12:30 p.m.

Coach Jay McClure's linksmen, 4½-1½ losers to Texas Christian University here Monday, will also be motivated by a desire for revenge. Texas sports five lettermen from the squad that downed the Red Raiders 5-1 in Austin last year.

Texas Tech currently has a 14½-9½ standard. The Raiders lost to Texas A&M, knocked off Rice 6-0 and defeated Baylor 5-1 before dropping the match to TCU.

Texas' players will probably be Bill Munn of Midland, Randy Geiselman of Houston, Oscar Goode of Austin and Pat Thompson of Mission.

Texas Tech golfers for the match will probably be Bruce Dobie of Worcester, Mass., Richard Yates of Corpus Christi, Housty Brewer of Andrews and Jim Davidson of San Angelo.

Yates is Texas amateur champ, and lost his first-SWC match of the year to Jack Montgomery of TCU last week.

Tech Netters Challenge Rice, Texas In Important Matches

Texas Tech tennis players, in their next two matches, have a chance to influence the outcome of the Southwest Conference championship campaign.

In successive matches—against Rice University here Saturday and against University of Texas in Austin Monday—the Red Raiders tackle the teams currently sharing the lead.

Coach George Philbrick's netters, besides playing the role of potential spoilers will be out to guarantee or better their own third place position. Tech is 14-4 following wins over Baylor University 5-1 and Texas Christian University 6-0 and a split with Southern Methodist University 3-3.

Raiders' netters will be Daryl Allison of Lubbock, Greer Kothmann of Junction, Beau Sutherland of Kerville and Robert Peterson of Wichita Falls.

Rice University is led by the 1962 Southwest Conference finalist in both singles and doubles, Fritz Schunck. The Owls, coached by Sammy Giamalva, are defending Southwest Conference team champions.

Last year Rice downed Tech 6-0, and the Longhorns battled the Raiders to a 3-3 draw.

A re-match of last year's SWC finals doubles match, won by Allison and Sutherland over Schunck and DeEdward Greer, has been virtually ruled out by re-pairings on both teams.

Matches, on the Varsity Courts, will start at 1:30 p.m. The public is invited free of charge, Coach Philbrick pointed out.

Pics Down AFB, 20-12

Texas Tech's Picadors picked up their eighth win of the season Wednesday as they ran away from Reese Air Force Base, 20-12.

The game, which took three hours and twenty minutes to play, was called at the top of the ninth inning due to darkness. Tech slammed out 17 hits, as converted basketballer Dadid Schmidly picked up his first mound victory of the season. Schmidly pitched the first four innings and left the game with a 15-5 lead. In his four innings stint, Schmidly allowed only four hits, while striking out six and walking three.

The Picadors were led at the plate by second-baseman Buzz Henderson, who collected four hits out of five at bats. Jim Murrell and Ronnie Holly drove in the most runs with five RBI's apiece.

Raiders Visit Highlands Nine

Two improved baseball teams—Texas Tech and Highlands University—clash in a doubleheader at Las Vegas today.

Since Texas Tech posted a pair of wins, 5-2 and 3-0, here earlier this month, the Cowboys have won six straight and now are 10-10 for the season.

The Red Raiders have a three-game streak, and five of the six, going for them. Their only loss came at the hands of the Abilene Christian College nine. Other wins are the twin-killing of Highlands and a double victory over ENMU.

If a sports fan wants to stay busy here this weekend, he won't have much difficulty.

Touching off the crowded schedule was an NRA Rodeo, which begins at 8 p.m. Thursday. Other night sessions are carded for tonight and Saturday night. One is also slated for 2 p.m. Saturday afternoon.

★ ★ ★

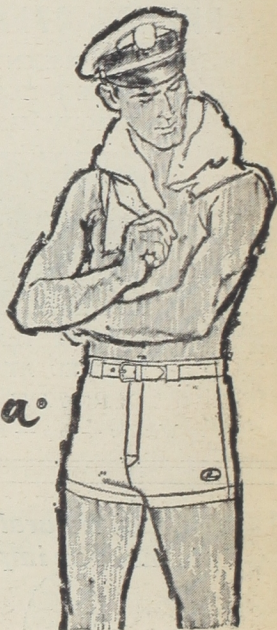

A football clinic gets underway at 2 p.m. today and continues through Saturday. It is being hosted in conjunction with the annual Red-White scrimmage and will include a barbecue tonight and sessions Saturday morning. Head Coach J T King and his staff are holding this clinic for high school coaches.

★ ★ ★

Starting at 1 p.m. Saturday will be finals in the Red Raider Relays, open to state track and field meet qualifiers. The strongest events prior to the start of the Relays appear to be the 100-yard dash, pole vault and high jump.
