

the Toreador

Vol. XXV Texas Technological College, Lubbock, Wednesday, May 9, 1951 No. 55

Band, Toreador Head Budget Of Council; Rodeo Group Out

At its final meeting of the year, the Student council Monday night debated and approved a budget for the 1951-52 school year.

Acting as a committee with president-elect Bob Schmidt presiding, it considered appropriations of funds to council-sponsored organizations and approved the budget for submission to President D. M. Wiggins.

The council, which receives \$2.76 of each \$15 student health and activity fee, voted to give the Tech band 70 cents of each \$2.76. It was

brought to the attention of the group that, while the department of speech and division of agriculture pay part of the expenses of dramatics and judging teams, respectively, the band receives none of its funds from the music department.

A 69-cent appropriation to The Toreador was the second highest item on the budget.

For the band it means a decrease of six cents, while The Toreador is to receive a 6.5-cent increase.

Band expenses will include two out-of-town trips, tentatively scheduled for the Texas-A&M game in Dallas and the Tech-Baylor game in Waco. The band made only one trip last season. A surplus in the band fund enabled a decrease for next year.

The committee voted against funds for the Rodeo association.

Conference To Air Sanity Code, Frosh Questions At Meet

Five important questions will be discussed at the Border conference executive meeting Friday and Saturday in Tucson, Ariz., announced Dr. J. M. Davis, executive committee president of the conference.

The meeting is being held in conjunction with the annual track, tennis, golf and swimming meets which get underway Friday.

Five issues to be discussed by the group are:

1. A supplementary ruling to replace the NCAA Sanity code.
 2. The status of students who transfer from one college to another in regard to sports.
 3. Participation in spring football workouts by players not yet enrolled in the college.
 4. NCAA policy on participation for players in their fourth year of varsity competition.
 5. Eligibility of second-semester freshmen who transfer from other schools.
- Attending the meeting with Davis from Tech will be athletic director DeWitt Weaver, head basketball coach Polk Robison and sports news director Bill Holmes.

Hankins Is Named All-Around Cowgirl For Annual Tech Championship Rodeo

Lorelei Hankins from Rock-springs tied for "all-around cowgirl" honors at Tech's second annual Intercollegiate Championship rodeo, announced Jack White, rodeo manager.

Other Tech students to place in the final results of the rodeo were Forrest Burnham, first in bull riding; Bill Arnett, second in calf roping; Bill Kerley, second in bareback bronc riding; John Wilson, third in saddle bronc riding; Mary Anne Parris, third in women's barrel race; Helen Hightower, third in women's goat tying. Miss Hankins placed first in the women's barrel race.

Runners-Up
High point rodeo team was Colorado A&M. Dick Barrett from Oklahoma A&M was named "all-around cowboy." Runner-up for "all-around cowboy" was Joe Chase from Colorado A&M.

Beverly Jean Thorn from Texas Western tied with Miss Hankins for the "all-around cowgirl" award. Miss Thorn, who won first in women's goat tying, was presented a tailored western suit. Miss Hankins received a pair of hand-made

boots. Second place winners in each of the women's events received either a strand of pearls or a western hat.

Awards Given
The "all-around cowboy" award, won by Barrett, was a \$200 saddle. First place prize in each men's event was a trophy belt buckle, second place a western hat and third place a western shirt.

Although Tech's rodeo team is eligible to compete in the NIRA finals in Fort Worth today through Sunday, the team will not go because of the nearness of finals. White said. Tech's rodeo was the last one the campus team will compete in this year.

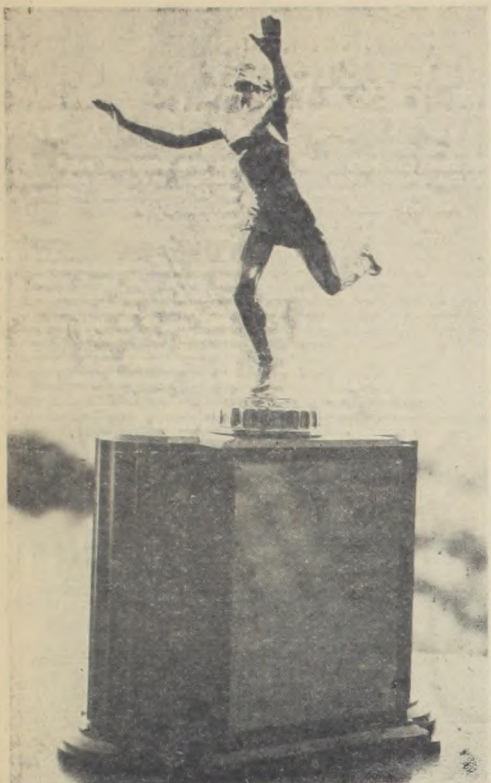

First, second and third place winners of each event were:
Bareback bronc riding: Barrett, Kerley; Bill Scaggs, West Texas State.

Saddle bronc riding: Dutch Taylor, Ranger Junior college; Chase; Wilson.

Bull riding: Burnham; Chase; Gene Brownell, Colorado A&M.

Bulldogging: Barrett; Bill Guest.

See RODEO, Page 8

WHOSE IS IT?—The Toreador trophy which will be awarded the winning team in Saturday's intramural track meet is shown above. It features a runner breaking the tape. A team winning the trophy three consecutive years will be permanent owner. Details of the track meet are told on page seven. (H. A. Tuck jr. Photo)

Tech ASCE Chapter Wins Certificate For Second Year

J. H. Murdough student chapter of the American Society of Civil Engineers has won the national president's certificate of commendation for the second straight year.

The Tech chapter, which was awarded the certificate in 1938 and 1949, shared 1950 honors with the University of Colorado and California Technical Institute, sponsor D. George Whetstone was notified Sunday.

The certificate is awarded annually to three schools in the western region for "excellence in the effective and meritorious conduct of their affairs." The western region includes all engineering schools in Washington, Oregon, Idaho, Montana, Wyoming, California, Nevada, Utah, Colorado, Arizona, New Mexico, Alaska and Texas.

Activities of the Tech chapter during 1950 included winning of the Texas student paper contest by Gordon Landwermyer; a barbecue and reception for Ernest E. Howard, national ASCE president, and Lowber D. Snow, Texas section president; the election of J. Paul Ramer as vice-president of the Texas Conference of Student Chapters.

During the early part of the year, A. L. Kincheloe was president of the Texas conference. George Emerson was elected to the conference presidency in 1951.

Officers of the chapter during the year were: president, A. L. Kincheloe, now with Brandt Iron Works of San Antonio, and Ramer; vice-president, Paul Tingle, now with North Texas Steel company of Fort Worth, and Howard Kuhn; secretary, E. D. Campbell, now with the Southern Pacific, and Charles Swart; treasurer, J. T. Johnston, now with the Texas Highway department, and Ralph Shouse.

H. N. Roberts and Gordon Parkhill, Lubbock consulting engineers, were contact members for the chapter and Dr. George A. Whetstone was faculty adviser throughout the year.

The queen bee has 5,000 eyes.

Dance To Begin 'Fish' Day Events

Freshman Day will begin Friday with an informal dance from 8-11 p.m. in the Green Room, and will end Saturday with a combined picnic and swimming party at 2 p.m. at Mackenzie park pool, Hardy Clemons, president of the freshman class, announced.

All freshmen will meet in the Aggie auditorium at 5 p.m. today to discuss details of all activities, Clemons said.

Admission for the dance is 50 cents per person, stag or drag. Music will be furnished by Bobby Robbins and the Texans.

Freshmen will bring their own picnic lunch for Saturday's event.

Juniors To Hold First Sport Prom

A Junior-Senior sport dance honoring all seniors will be given by the junior class at 8:30 p.m. Saturday in the Green room.

Although only junior and senior women were sent bids to the dance, all members of both classes and their dates are invited.

Contrary to tradition, the dance will be a sport affair instead of the usual semi-formal, Charles Joplin, publicity chairman, announced.

As each junior was assessed 50 cents to finance the dance, no admission charge will be made.

Ted Crager and his orchestra will provide the music.

WICC Fall Rush Week To Be Held Before Semester Opening This Year

Women's social clubs will hold rush week before registration next fall for the first time, stated Mary Anne Kelley, president of Women's Inter-Club council.

The pre-rush schedule submitted by WICC has been approved by dormitory officials and the Dean of Women.

Letters from WICC will be sent the campus this week to determine how many are interested in participating in rush week activities. Any woman who is interested will be put on a list to receive further information this summer concerning rush. Names must be turned in by May 18 to Joann Applebay, Women's Dorm III. Miss Applebay is the WICC president for 1951-52.

Rush week will begin Monday, September 10 and will be concluded Saturday, September 15. All rush week participants will be housed in Women's Dormitory IV for a fee of \$7.50. Meals will not be served in the dorms and restrictions will be

Tech Team Places Fifth In Dairy Meet

Tech's four-man dairy cattle judging team placed fifth in the American Royal Dairy Cattle Judging contest Monday in Kansas City, Kan.

Ray Sprawls, Lubbock, won high individual honors in the judging of Ayrshire cattle. Other team members are Reggie Anderson, Lovington, N. M.; John Dewey, Harrison, Ark.; Robert Rupp, Fairfuries.

Placing second in judging Brown Swiss and third in judging Ayrshires and Holsteins, the team rolled up 2967 points to take the fifth slot in the 11-school contest. Oklahoma A&M at Stillwater, Okla., won the meet with 3191 points.

Koy L. Neeley, association professor of animal husbandry, is coach of the team.

Graduation Invitations Available For Seniors

Senior graduation invitations may be picked up now at the Bookstore, Conner Cole, manager of the Bookstore, said.

Lacy Wins NACM, Phi Psi Awards

Ralph E. Lacy of Goldsmith has been awarded the annual Phi Psi award and National Association of Cotton Manufacturers medal, announced L. E. Parsons, textile engineering department head.

Both awards are given to the outstanding graduating senior in schools through the state. They are based on scholastic standing, (two-point total grade average), leadership, initiative, personality, service, loyalty and courtesy.

Lacy was selected by faculty members from a field of five, including Tim O'Conner, Tommy Randall, Frank Lewis and Henry Lewis. Lacy has maintained a 2.7 grade average in all courses, excluding the spring semester.

The Phi Psi, national textile engineering organization, award is a leather folder, billfold and certificate engraved with the club emblem. It is given by the Grand Council of Phi Psi at Wolfeboro, N.H. The NACM award is an engraved bronze medal.

TCC SETS FINAL MEETING

Tech Chamber of Commerce will hold its last meeting of the year at 7:30 p.m. tomorrow in C101.

Wallace Named Historical Ass'n Prexy; Aims To Incite Heritage Preservation

Tech's Dr. Ernest Wallace, new president of the West Texas Historical association, hopes to make the people of this region more conscious of their heritage and the importance of preserving it. He also wants to arouse the interest of our young people in the association through the cooperation of high school teachers.

Wallace, elected at the twenty-seventh annual meeting of the association Saturday in San Angelo, came to West Texas in 1933, receiving his master's degree from Tech, later earning a doctorate at the University of Texas. He served several years on the nominating committee of the association.

Two other Tech officials were re-elected to offices in the association which they have held for several years. Dr. S. S. McKay, professor of history, was re-elected vice-president and Dr. W. C. Holden, head of the history department, was chosen a member of the publications committee for another year.

Dr. G. C. Rister, who is coming to Tech from the University of Oklahoma the first of the summer

term, was also elected to the publications committee.

William Pearce, Tech history professor, presented a paper on the Matador Land and Cattle company at the association meeting, while Harold Gober, an ex-Techman, presented a paper on the West Texas sheep industry.

The publication of the West Texas Historical Association Yearbook is one of the main functions of the association. The book, which has been published since the association was first started, offers outlets for research publications of faculty and graduate students at Tech, Wallace said.

Honorary Fraternity Holds Annual Banquet, Elections

Members and guests of Sigma Tau Delta, national honorary fraternity for English majors, met at the Chicken Village Monday evening for their annual banquet.

Afterwards the group went to the home of Dr. T. W. Camp, English department head, where James G. Allen, dean of student life, presented a paper on Elizabethan drama. New officers were elected.

Honored guests attending were Dean and Mrs. Allen, Dr. and Mrs. Camp and Dr. and Mrs. W. B. Gates, professors of English and foreign languages, respectively.

Myers Will Be DFD Rush Captain; Moore, Williams Named To Office

Rhea Myers has been named rush captain for next year by DFD social club. She will replace Phyllis Herington, who is planning to graduate in August.

Mary Lou Moore will serve as assistant rush captain to replace Joann Applebay, new president of Women's Inter-club council. Mari-lou Williams, who also plans to graduate this summer, will be replaced by Joan Terry as reporter.

Buddy Barron Is Double-T Prexy

Buddy Barron, sophomore one-year letterman in football, has been elected president of Double-T association for next year. Ted O'Neil, two-year letterman in basketball, was named vice president.

Jack Cockburn and Frank Graves, who have both lettered for one year in football, were chosen secretary and treasurer, respectively.

Lewis N. Jones, assistant dean of student life, was named new sponsor. He replaces Polk Robison, who has been acting sponsor since C. E. Morris resigned to be head coach at Highland Park high school in Dallas.

Double-T members and dates were entertained with the annual spring picnic Sunday at Buffalo Lakes.

New Military Science Instructor Honored At Annual Signal Picnic

Capt. Victor E. Penuel, new instructor of military science from Washington, DC, was honored at the annual Signal club picnic held Sunday afternoon in Mackenzie State park. He is replacing Maj. W. C. Neuhauer who will take a post in Washington in the near future.

Approximately 20 persons, members of Tech Armed Forces Communication association, the Signal club and their dates attended.

Coffee Conner, club president, was in charge of arrangements for the party.

SOCIETY

MICC Discusses National Frats

Possibility of bringing national fraternities to Tech was discussed Sunday by the Men's Inter-Club council.

No definite decisions have been made, according to John Hall, acting chairman. The subject will be presented by each club president at a club meeting tonight. In this way, it is hoped to get a consensus concerning the subject of national fraternities, Hall said.

Information gained from meetings tonight will be organized at the MICC meeting Sunday.

CE's To Stage Spring Banquet

Student chapter of the American Society of Civil Engineers will hold its annual spring banquet at 7 p.m. Friday in Hotel Lubbock.

Robert L. Lowry, consulting hydraulic engineer of El Paso and vice president of the Texas section of ASCE, will be guest speaker. He is to show pictures of Afghanistan and Iran which were taken when he was serving there as United States member of a three-man international arbitration board.

Dalton E. Hamilton, serving as toastmaster, will introduce W. Rudelle Shuck, who will give the invocation.

Ruth Carpenter will sing, accompanied on the piano by Margaret Nelson.

Chapter Of TCAS Organized At Tech

Tech's chapter of the Texas Collegiate Academy of Science was recently organized and approved, according to Don Hunsaker, member. The Collegiate Academy is a sub-division of Texas Academy of Science, which in turn is affiliated with the American Association for the Advancement of Science.

Purpose of the Academy is "to encourage and coordinate research in Texas by bringing scientific workers together and by publishing the results of their investigations; to advise individuals and the government on scientific matters; to assemble and maintain library and museum facilities."

Hunsaker and Robert N. Hambric, science student, will officiate at a meeting at 7:30 p.m. tomorrow in C217. They plan to introduce the club charter and to invite new membership, Hunsaker said.

Tech Students Come From 203 Texas Counties, 39 States, 20 Foreign Nations

Tech's students for 1950-51 represent 203 of the 204 counties in Texas, 39 of the 48 states and 20 foreign countries.

Of the 6,124 total enrollment for the year, 1,947 students are from Lubbock county. Hale county leads out-of-county students with 178, with Tarrant county running a close second with its 176 students. Other counties ranking high are Hockley 166; Dallas, 144; Lamb, 126; Potter, 120.

Ninety of the 315 students from other states are from New Mexico. Others include New York, 27; Oklahoma, 21; Illinois, 12; Cali-

fornia, 12; Arkansas, 11.

Total number of foreign students is 35, ten of whom come from Germany. Other foreign countries represented are Belgian Congo, Brazil, Burma, Canada, China, Columbia, England, Germany, Iran, India, Hawaii, Holland, Honduras, Lebanon, Mexico, Panama, Peru, Philippines, Switzerland and the Virgin islands.

Tech Engineers To Give Architect License Exams

Approximately 75 college graduates from all parts of Texas will be at Tech at the end of the semester to take a license exam for registered architects, Prof. F. A. Kleinschmidt, head of architectural engineering, said.

The test, held by the Texas Architectural Examining board, will be conducted and graded by the Tech engineering department staff.

Magazine Issue Devoted To Tech Will Be Released This Week

The May issue of the Cattleman magazine will be released this week, Rick Jay, Tech publicity manager, said.

The eight pages of the edition are devoted to pictures of Tech and its administration with articles on the college's history and hopes for the future, primarily in the agriculture division. An article by W. L. Stangel, dean of the agriculture division, on the cattle aspects of Texas Tech is included.

Regular subscribers will be sent issues of The Cattleman and 500 extra copies will be sent to friends of Tech.

The two color cover will have four pictures of different campus buildings and the Double-T insignia.

Weekly newspapers in the United States have increased circulation to more than 19,000,000, the highest level in history.

Coxon Is Named President Of College Club Fraternity

Curt Coxon, senior business administration major from Lubbock, was elected president of College Club fraternity at the regular meeting last Wednesday.

Other newly elected officers are vice president, Glen Terry; secretary, Claude Caperton; treasurer, Charles Orren; corresponding secretary, Richard Martin; reporter, Hugh Ingram; and sentinel, Bill Bales.

Jackson To Make Series Of Commencement Speeches

Dr. Doyle D. Jackson, professor of education, will make a series of commencement speeches beginning tomorrow when he will appear before Robertson Rural High school graduates.

Next Wednesday he will speak to the graduates of San Jon, New Mexico High school; appearing next at Paducah High school May 18. May 24 he will be at Crowell High school and his appearance at Memphis High school will conclude the series.

His topics for the commencement at San Jon and Robertson High schools will be "The Road Ahead." At Paducah, Crowell and Memphis High schools he will speak on "The Challenge of the Future."

Experimenter Holds School For Area Rabbit Breeders

A school for rabbit breeders was held at Aggie Grove, Thursday, according to W. L. Stangel, dean of agriculture.

The school, under leadership of the office of the Lubbock county agricultural agent, was presided over by George F. Templeton, director of the Rabbit Experiment station with the US Department of Agriculture at Fontana, Calif.

After the afternoon session, a rabbit barbecue was held followed by the evening session in the Aggie auditorium.

Templeton has previously conducted schools in Houston, Dallas, Abilene, College Station and San Antonio.

Luxury Before Necessity . . .

Recreation outranks health facilities at Tech. Within the last week we have learned rather graphically that as students we place more emphasis on recreation than on health.

The average student thought little of the inadequacy of the Infirmary building—that is, until half of it burned last Wednesday. Then groups of students began wondering why it was we hadn't required a permanent structure for the Infirmary before bucking for a Student Union building.

It seems to go back to the quality in human nature which takes good health for granted. We care more for a place to gather, play bridge, drink coffee or just "fellowship" than we do for an adequate place to go when we get sick. The student patients who were evacuated from the Infirmary when it blazed very likely never thought they would need medical care, though they pay something over six dollars per semester in health fees.

Because of its auxiliary standing the Infirmary building is insured, though state laws forbid the insurance of regular state college structures. Thus the charred half of the health center will be rebuilt. Meanwhile the permanent, fireproof walls of the Student Union, to be built by specific donations from groups, profits from the Tech Bookstore and the backlog from health and activity fees, will be raised.

According to present plans a permanent health center will only be possible through the next phase of Tech's building program, scheduled for 1955 or 1956. We have placed a luxury before a necessity. Now we can but hope for an interlude of four fireless years for the Infirmary.

Frosh Frolics; Prom Potentialities . . .

Sophomores are exempt from this. Your Hodge-Podge was a success and is already pasted up in the college memory book.

Pre-dead week activities will be in full swing Friday and Saturday. Of particular interest are the functions for freshmen, juniors and seniors. Freshman day is scheduled for Saturday and will be started by a freshman dance Friday night. Green caps have been tucked away in mothballs, but the freshman class will be banded together as a group with a common interest when this week-end comes.

Participation in freshman activities, though not by any means compulsory, will give life to the campus for the next three years. Traditional all-school activities, particularly dances and socials, are limited, perhaps in the hope that much emphasis can be given one event for each class rather than spreading out activities.

In extra-curricular activities Freshman day is the first for Techsians. The Sophomore Hodge-Podge is second on the list. Then comes the Junior-Senior prom, for which participation should have been primed by underclassman activities.

This year the junior class has pitched in financially and otherwise to honor the graduating seniors. Saturday night is the date listed on the Junior-Senior prom personal invitations which have been issued to every junior and senior.

This affair hangs in the balance from year to year, lacking full support from the host and honoree groups. This year the juniors have organized the prom well. It is up to the seniors to carry through with their part as guests. Interest this year will be necessary to insure the fate of the prom next year. Should the juniors, who have worked diligently this spring be denied their chance to be honored next year because of senior disinterest Saturday night?

PAT'S PATTERS

By PAT JOHNSON

National sororities and fraternities on Tech campus?

A question which should be of interest to every person enrolled in Tech.

Women's social club members have backed the movement wholeheartedly and a few of the social club men have expressed a wish for them.

Yet officially, this paper has heard only two comments on the question one for and one against. This apparent lack of interest was also noted at the campus-wide debate on the subject last Wednesday night.

The audience was seemingly composed of persons who were for national social organizations. Of the talks made by students after the debate was opened to comments from the floor, not one argument was against the national groups.

Does this mean the entire campus wants nationals? We think not. We think it is another example of students not having enough interest in campus affairs to take two hours off to attend a meeting with such potentialities.

If the campus-wide feeling is the one expressed at the meeting, lets bring nationals to Tech and bring them quickly.

If not, let's hear some good concrete arguments from the other side of the fence.

A thought for next year—Why can't Tech have campus political parties?

In reading newspapers from other colleges, we notice that schools with smaller enrollments than Tech have two or three of the campus organizations which form platforms and run candidates in student elections.

In fact, the student newspaper at SMU recently ran an editorial bemoaning the disbanding of one of their parties.

In the editorial, the writer said a two-party system guarantees two good candidates for major offices and the interest excited by the parties makes for greater student interest in elections and in student government as a whole.

He went on to state "In a two-party system, the parties are open and above board in their movements. . . there is no danger of power politics and other unsavory maneuvers of smoke-filled room politics."

These statements are certainly true. We have even heard rumored there is an underground political organization on Tech's campus now similar to one which was supposedly disbanded a few years ago.

Campus political parties would not be too hard to organize, and we believe they are necessary to wake up dead school spirit.

Little Man On Campus

by Bibler

"That'll take care of the writing—but what if he asks you to take an oral examination?"

West Of College Avenue

By SUE HOLMES
Toreador Editor

One more issue and this year's Toreador file will be complete. It would take reams to thank all the persons who have contributed to the issues during the Silver Anniversary year, thus we'll forego the usual swan song and suffice it to say the staff is grateful for news tips, transportation to engravers, criticism which we know is just, volunteer or drafted reporters and photographers, cartoons and advice from many sources.

A prof quipped recently: "I have cold beer in my classes on TTS and whiskey on MWF." An astounded listener, ready to enroll, investigated further, only to get the explanation that the prof wasn't serving illegal re-

freshments at all, but merely giving the foreign pronunciations to two students' names, to wit: Colbert and Hueske.

We haven't checked the student directory for such names, but it makes a good story.

Having been apprehended for some egregious errors in spelling in headlines recently, we took an almost fiendish satisfaction in the rodeo sign placed on the southern rim of the campus which advertised "Tech's Innercollegiate rodeo." Some drawing Texan must have dictated the "Intercollegiate" to a mechanical sign painter.

Hopes for next year which have not been realized during this semester include better Library lights and completion of

About The Campuses

The speaker the University of Hawaii had lined up to dedicate a new chemistry building is very unhappy these days. The university cancelled its invitation on the grounds that he wasn't qualified to speak. The man immediately answered in a fiery letter that he was being hurt professionally by the cancellation and demanded that the invitation be renewed.

Residents of one of the halls on the campus of Baylor university have been having trouble lately with the practical jokers living in the dorm. Just before sundown students walking beneath the windows of the dorm are usually caught in an unpredicted shower. Every spring a few little gremlins unload wastebaskets of water on unsuspecting people.

Parents of a three-year-old child who fell into an open drainage ditch at the University of Arkansas have lodged a complaint against the university. Officials have placed a wooden fence around the opening of the sewer and filled the hole with rocks. Parents, however, say that they will not be satisfied until the sewer is completely covered or the present fence covered by wire.

Anyone on or off the campus of the University of Tulsa is fair game for the annual "Big Wheel" dinner. Members of the club sponsoring the dinner do take-offs on anyone on the campus who is fairly well known such as politicians, lovers, scholars, faculty members or athletes. This year plans are also being made to mimic such well-known programs as Hopalong Cassidy. Altogether, more than 250 take-offs are planned.

Administration officials at the Eastern New Mexico university have changed their minds about not allowing a dance following the annual rodeo. Although a petition bearing over 200 signatures was turned in, the committee had refused to permit the dance. Seems there was too much drinking at the affair last year. However, the dance will still be held, but will have no connection with the official rodeo events.

The University of Kentucky banned a jazz concert to be given by an honorary music fraternity on the grounds that jazz "has no part in the university program." Seems the object of university music programs is to elevate the taste of students, not to continue to give them the same things they hear on dance programs, etc.

Letters To The Editor

Dear Editor:

Perhaps I can answer some of the questions that have recently been raised as to the identity of the personages whose likenesses appear on the front of the Administration building.

Dr. Paul Whitfield Horn, first president of the college, gave much thought to the inscriptions and the plaques that should adorn the building. In Volume I, Number 1 of the Bulletin of Texas Technological College, entitled The College That Is To Be (date in 1924), Doctor Horn explained his choices.

One series of plaques represents the seals of the six nations under whose flag Texas has existed: France, Spain, Mexico, the Republic of Texas, the Confederacy and the United States.

Another group includes "the busts of five of the greatest men known in the history of Texas, namely, Sam Houston, Stephen F. Austin, David Crockett, Albert Sidney Johnston and J. S. Hogg." Another group includes "the busts of five of the greatest men in the history of America, namely, Columbus, Washington, Lincoln, Lee and Wilson."

Doctor Horn called special attention to two of the inscriptions: Mirabeau B. Lamar's "Cultivated mind is the guardian genius of democracy. It is the only dictator that free men acknowledge, the only security free men desire," and Solomon's "Righteousness exalteth a nation."

The names of the great historical figures that appear on the south side of the Administration building were also chosen by Doctor Horn.

W. B. Gates
Dean of Graduate Studies
Thanks Doctor Gates, for solving the mystery of "The Nameless Faces"—Ed.

Editor's Note: Saturday's Toreador will be the final one of the semester. Any letters to the editor to be published in the last issue must be in the office by tonight.

campus parking plans to eliminate entirely the parking on streets during busy traffic hours.

For some three years we've been bothered by the obnoxious odor of trees lining the street in front of Women's Dorm IV, east of the Bee hall. Finally a plant industry instructor familiar with all forms of campus vegetation cleared up the mystery. The trees are Russian olives.

With The Colors

David Andrews, Tech senior, is in Camp Hood now taking his basic training. He took his entrance exams and Officer Candidate school tests at Fort Sill, Okla. where he made a score of 137 on his entrance exams, one of the highest scores ever made at Fort Sill. After he finishes his basic at Camp Hood he will go to OCS. While in Tech he was a member of the Saddle Tramps and Future Teachers of America. Andrews majored in education and his home is in New Jersey.

Benton O'Neill, seaman apprentice, is home this week on a 10-day leave after completing boot camp at San Diego, Calif. He attended Tech last semester, majoring in pre-med. His home is Lubbock.

First Lt. Ernest E. Morrison of Lubbock has been ordered to active duty with the United States Air Force at Reese Air Force base. He received his BBA degree at Tech. While in Tech he was a member of the Alpha Chi and Sigma Iota Epsilon fraternities.

Second Lt. Jeff Puckett is now stationed in Fort Riley, Kans. where he is training replacements. He was graduated from Tech in '50 with a major in geology. Lieutenant Puckett received his commission through the ROTC program. While in Tech he was president of the Geology club and Sigma Gamma Epsilon.

Niver To Head Los Cams, Overton Is Best Member

James Niver of Pampa was elected president of Los Camaradas fraternity for the fall semester at a meeting last Wednesday night.

Joe Overton of Albany was chosen "best member of the year." Other new officers include Gerald Smith, vice president; Coffee Conner, secretary; James Egan, treasurer; Alan Hamm, corresponding secretary; Paul Woods, sergeant-at-arms; Ervin Reecer, reporter; Ray Marsh, athletic director; Bob Overton, assistant athletic director.

The building fund committee includes Brad Beedy and Joe Fortenbury.

Goss Receives Annual Merit Award From West Texas Geological Society

Lewis Goss, senior geology major from Coleman, has been given the 1951 Merit award by the West Texas Geological society at Midland, Raymond G. Sidwell, geology department head, announced.

Goss will receive a year's membership in the American Association of Petroleum Geologists and bound bulletins of the association for the last year.

The Merit award was given in 1940 and 1941; then discontinued during the second World war. This year will put the giving of the honor on a permanent annual basis, Sidwell said.

Winners are chosen on the basis of scholarship, leadership and personality by three geology staff members and a member from each of Tech's three geological societies.

Tech's President, Coaches Speak To Levelland Alums

Dr. D. M. Wiggins, Tech president, and Tech's coaching staff spoke at an organizational meeting and barbecue of the Levelland chapter of the Ex-Students association Tuesday in the Rodeo clubhouse of Levelland.

Coaches speaking were DeWitt Weaver, Jack Mitchell, "Babe" Wood, Wyatt Posey, Wade Walker, Bobby Goad and George Scott. D. M. McIlroy, executive secretary of the Ex-Students association also attended.

Tech exes and boosters of Hockley and Cochran counties sponsored the meeting.

REC TO OFFER LAST SHOW

Last of the series of Rec hall programs for this semester will be the showing of "Mother is a Freshman" at 8 p.m. Friday in the Aggie auditorium.

Prof To Be Coordinator For Evaluation Committee

A committee of twenty persons, with Dr. Doyle D. Jackson, professor of education, acting as coordinator, will visit Seminole High school for the purpose of evaluation.

The criteria for evaluation were gathered from the standards of 200 high schools throughout the nation.

Included on the committee are Dr. Lewis Cooper, associate professor of education at Tech, and Claudia Neely of Lubbock High school.

Jolly Dyer, January graduate, is grade school and assistant high school coach in Hale Center.

Dyer, who was graduated with a degree in commercial teaching, was a member of Tech's track team in 1946.

Texas Tech College BOOK STORE

-- Sports Slants --

This weekend is a full one for spring athletes at Tech. Out at Tucson, Arizona, the University of Arizona will be host to all other Border conference members in the annual spring meet.

There will be track, tennis, golf, and swimming. Tech will enter a team in all four sports. It isn't likely that Tech will win anything much.

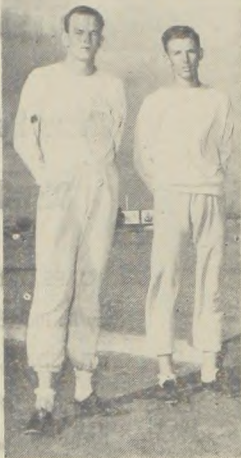

The tennis team hasn't done very well, but beat West Texas State last week, which may be an indication that they have hit their stride and are finally ready to win some. Arizona, the favorite in the conference as far as tennis is concerned, beat the Raiders handsly earlier this year and will probably do the same to just about anyone in this conference.

The golf team, coached by Morley Jennings, more than likely will not place. That is to be expected, because all the foursome are inexperienced, playing their first real competitive golf. They show promise, however, and next year or maybe the one after, will probably be a top contender in intercollegiate golf.

In track, Tech is weaker than usual. Coach Joe Wilson's boys have worked hard, but just don't seem to have it. Charlie Pinnell, wheel horse of the team who does darn near everything, can be counted on for a few points. Bobby Hawkins, Tech's amazing distance man, will probably add a few more, and Sonny Stanford may add some points in the hurdles. Some of the other boys may do rather well, too, but don't look for Tech to score very many points. Again Arizona and the other Arizona schools will be favored.

Tech's strongest contender for championship is the swimming team. Organized for the first time this year, the team has improved steadily. Times are now in pretty good shape, and could produce some winners at Tucson. Probably Arizona is again the favorite, due to the fact that they are located in a climate where they can swim all year round, indoors or out, if nothing else. It won't be long before Tech is once again at the helm in Border conference spring athletics.

Athletic director DeWitt Weaver has big plans for improving all the sports played at Tech. But it

READY FOR MEET—Freshman tracksters Gene Bralton, left, and Jimmy Culbertson pause for breath before they head for the annual Border Conference track meet at Tucson. (H. A. Tuck Jr. Photo)

will move slowly and the results won't be seen for a while. Nevertheless Mr. Weaver and his staff are working at it hard, and we think will do the job well. It will take more money, too. If the money is readily forthcoming, it won't take as long. Already plans are underway for improving the track team.

Basketball fans at Tech will not get to see one of their favorite players in action next season. Jack Little, tiny sophomore from Amarillo, is not working out during spring drills and says he won't play next season. Coach Robison was unable to give him a scholarship, and Jack says he won't have time to play next year without one.

Little stands five feet four inches tall and has always been a crowd pleaser. His chief asset on the court is his ball handling ability.

Street Paces Raider Tank Crew To Win Over Amarillo

Led by smooth stroking Ben Street, Texas Tech's swimming team trounced Amarillo High school soundly Friday night, beating the high plains team 51-24 at Boys' Club pool.

It was the second win over Amarillo for the Raiders, and their third straight victory. Odessa beat Tech in the season opener, but has since been beaten in a return engagement. One meet remains on the 1951 slate—the Border conference meet at Arizona university in Tucson, this week-end.

Street, Tech number one breast

stroker and wheel horse in several other events, won two first places and swam on the winning medley relay team.

Loftin Witcher moved into the spotlight with two first places, one in the 40 yard free style, one in the 100 yard free style. Bob Kain won the 200 yard free style and finished second in the 100.

Complete results:
40 yard free style—Loftin Witcher, Tech; C. Butterfield, tie for first; Milton Tucker, Tech. Time 22.7 seconds.

100 yard breast stroke—Ben Street, Tech; C. Mock, Amarillo; V. Hunshurg, Amarillo. Time 1 min. 23.5 sec.

100 yard free style—Bob Kain, Tech; S. Hadgin, Amarillo; Terry Doane, Tech. Time 2 min. 26.7 sec.

100 yard back stroke—David Bullen, Tech; Charles Cable, Tech; E. Lashire, Amarillo. Time 1 min. 14.6 sec.

100 yard free style—Loftin Witcher, Tech; Bob Kain, Tech; C. Butterfield, Amarillo. Time 1 min. 42 sec.

150 yard individual medley—Ben Street, Tech; C. Mock, Amarillo; Time 2 min. 13.1 sec.

150 yard medley relay—Tech, Bullen, Street, Willis. Time 1 min. 38.4 sec.

Diving—Milton Tucker, Tech. 200 yard relay—Amarillo, Cavin, Cleek, Turner, E. Butterfield. Time 2 min. 44. sec.

Keys, Cams Tied In MCCC Softball

League standings through Friday in MCCC softball play find Silver Keys and Los Cams tied for the lead with records of four wins against no losses. The MCCC race winds up today.

College Club, trounced Adelphi 28-11 in a contest played Friday. Centaurs dropped Socii out of a chance for the championship by beating them 12-7.

David Levertson's home run was not enough help for Kemas as they suffered their first defeat 12-5 at the hands of Silver Keys. While Keys were beating Kemas, Los Cams were stomping Wranglers 22-9.

Silver Keys trounced Wranglers 21-6 in a game played Thursday. Ben Willis and Dorrance Guy aided the Keys by blasting home runs. Los Cams beat witless Adelphi 17-6 in another defense of their unbeaten record.

Kemas were victorious in a game with Centaurs Thursday. They were hard pressed by the good pitching of Dub Kuykendall, but finally won 7-6.

The most errors by a baseball team in a single season were committed by the Detroit Tigers in 1901. They made 425.

Tech To E In Border

Tech will enter swim track and tennis this weekend in Tucson, Arizona. The annual Border conference meet in Tucson is on Friday and Saturday.

Tech, the defending champion, is expected to win the swimming titles. Texas Western has taken the role in tennis. Tech will win the tennis team are Joe Charlie Green, Shari De Buddy Satterwhite.

Fencers To M A&M, Pro Tea

Tech fencers will journey Saturday to complete tournament with and a semi-pro fencing tournament in Galveston.

Tech's fencers have a feat only in the nation last year. In the last two years they have won according to Travis Simons.

The team from Galveston, featuring Cleo Berg, was an Italian fencer and Jack Baird former champion.

Fencing for Tech will be Smith, Don Olson, Max F. Bill Spinks.

This will be the last season for the Tech fencers. The Tech fencers will be taught in the department.

Tech To Enter Four Teams In Border Conference Meet

Tech will enter swimming, golf, track and tennis teams in the seventeenth annual Border conference meet in Tucson, Ariz., Friday and Saturday.

Tech, the defending champion in tennis, is expected to make a good showing. Texas Western, however, has taken the role of favorite in tennis. They have lost no tournaments this year. Members of the Tech team are Joe Wheatley, Charlie Orren, Shaff De Gaisn, and Buddy Satterwhite.

Fencers To Meet A&M, Pro Team

Tech fencers will journey to Dallas Saturday to compete in a fencing tournament with Texas A&M and a semi-pro fencing squad from Galveston.

Tech's fencers have suffered defeat only in the national fencing tourney in the last two years and are expected to do well in this meet according to Travis Smith, fencing instructor.

The team from Galveston will feature Clembal Ergo, whose father was an Italian fencing master, and Jack Baird, former national champion.

Fencing for Tech will be Travis Smith, Don Olson, Max Preston and Bill Spinks.

This will be the last match this season for the Tech men. Next year beginners and advanced fencing will be taught in the men's PE department.

* Coach Morley Jennings will field a golf team composed of Jack Dempsey, Jimmy Cole, Joe Stoltz, and Raylon Evans. Hardin-Simmons is expected to win the title in golf, having scored victories over the defending champions, New Mexico.

Arizona State, Tempe, will be favorite in the track and field meet with a strong contestant in almost every event. Coach Joe Wilson will take Henry Briscoe, Charlie Pinnell, Bill Killough, Sonny Stanford and Bobby Hawkins to the meet.

Dr. Ramon Kirellis, swimming coach, has not announced the team he will carry to the meet. He may use the same team that entered a recent meet with Amarillo High school.

Weaver, Rushing Attend Fort Worth Ex Meeting

Coach DeWitt Weaver and W. B. "Dub" Rushing, president of the Ex-students association, attended a supper party and ranch dance given by the Fort Worth chapter of the association last night at the Ernest Allen ranch near Fort Worth.

William C. "Brigham" Young, '34 graduate, is president of the Fort Worth alums.

DOAK TO REVIEW BOOK

Mrs. Mary W. Doak, former Dean of Women, will present a book review for the final meeting of Book Reviewers at 5 p.m. tomorrow in HE102.

Entry Deadline Set Today For Intramural Tracksters

Independents Beat WICC's In Softball

Helen Bishop of the independent team drove in the winning run in the top of the seventh inning to defeat Women's Inter-Club council all-stars softball team 4-3 Monday afternoon.

Hits were held to the minimum as Jane Hyer for the all-stars and Totsie Thorp of the independents battled for pitching honors. Darlyne Blount of the all-stars was the only player able to connect for

With a few hours left in which to submit team entries for the third annual Toreador sponsored intramural track meet, only two teams have officially entered. Baptist Student union and the Kemas club have entered.

Deadline for entries is 5 p.m. All entries must be turned in at the men's physical education office in the gymnasium before this time.

"Members of the physical education department will be on hand at the track field tomorrow to assist any team in workouts and timing of events," said George Philbrick.

an extra base hit. She got a three-base hit in the bottom of the sixth inning.

"All team members will be required to wear tennis shoes in all events," said Philbrick.

Any student who has never participated in any varsity athletics is eligible to enter the meet. Awards will be given the first three finishers in each event, with a team trophy going to the winning team. In addition to the regular ribbon given the first place winners, The Toreador is giving a miniature gold track shoe.

Since varsity athletes are ineligible this year competition should be more even. Most of the record times made last year were made by varsity men who had the advantage of being in near top physical condition.

BELIEVE IN YOURSELF!

Don't test one brand alone ...compare them all!

Unlike others, we never ask you to test our brand alone. We say... **compare PHILIP MORRIS...match PHILIP MORRIS...judge PHILIP MORRIS against any other cigarette!** Then make your own choice!

TRY THIS TEST!

Take a PHILIP MORRIS—and any other cigarette. Then, here's all you do:

1 Light up either cigarette. Take a puff—don't inhale—and s-l-o-w-l-y let the smoke come through your nose.

2 Now do exactly the same thing with the other cigarette.

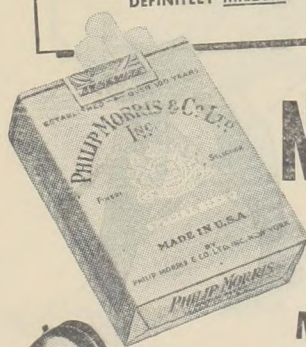

NOTICE THAT PHILIP MORRIS IS DEFINITELY LESS IRRITATING, DEFINITELY MILDER!

Remember...

Aviation Representative Will Interview May Engineering Graduates Tomorrow

A representative of the North American Aviation incorporated will be on the campus tomorrow to interview May and August graduates with majors in civil, electrical, industrial or mechanical engineering, according to Mrs. Jean Jenkins, executive secretary of the Placement office.

Graduates with majors in arts and sciences, business administration or engineering and who are interested in positions with the Container Corporation of America in Fort Worth should attend a general meeting at 5 p.m. tomorrow in the Extension auditorium. Interviews will be held Friday. Positions are open in production planning, costing and sales detail.

Mr. Charles L. Mills, superintendent of the Hobbs, N.M. municipal schools will hold an interview Saturday for May and August graduates interested in teaching. Positions are open for elementary teachers, especially in the primary grades.

In senior high school, there are openings in speech, commercial subjects, vocational home economics, mathematics and coaching, and possibly Spanish. Other positions open include mathematics, coaching and band in junior high school and accountant for the business office.

Mr. R. P. Ward, superintendent of the Edinburg schools, will inter-

view prospective teachers Friday. Teachers are needed for primary and elementary grades, health and physical education in grade school, junior high teachers and teachers for handicapped children.

Persons who are interested in any of these positions should report to the Placement office to schedule interviews, according to Mrs. Jenkins.

Three Livestock Judging Contests Open To Undergraduates Saturday

Three livestock judging contests will be sponsored Saturday by the Block and Bridle club, announced Ray Mowery, head of the animal husbandry department.

The twenty-fifth annual freshman judging bout is open to all students who have completed or are enrolled in animal husbandry 131, but have not enrolled for animal husbandry 231. Awards will be a gold medal for first place, silver medal for second place and a bronze med-

Engineer Show Winners To Be Announced Tonight

First and second place winners in the "best project" contest of the Engineering show will be named tonight at the Engineering society meeting.

D. M. McElroy, secretary of the Ex-Students association, will award the first winner a plaque which was donated by the association. Fifty dollars will also be awarded the first winner. Second prize is \$25.

Officers for next year will be elected by the society.

Tech ROTC Signal Corps Adds Capt. Victor B. Penuel To Staff

Capt. Victor B. Penuel is the assistant professor of military science and tactics in Signal corps of the Tech ROTC. He is one of the newest members of the military science teaching staff.

Penuel has been in the Army for approximately nine years. He served in England, North Africa, Sicily and Italy during World War II.

Although born in Cleburne, Tex., Penuel calls Phoenix, Ariz., his home. He was transferred to Tech from Washington, DC.

The Penuels have a boy, 5, and a girl, 3. The family is residing at 2207 Ninth street.

The largest tomato farm in the world is in the Brazilian state of Pernambuco.

al for third place.

The third annual sophomore judging team is open to sophomore students. Awards to high individual in the contest and high individual in each class will be guests at the Block and Bridle club banquet at 8 p.m. Saturday. They will also be presented a subscription to the breed magazine of their choice.

The seventeenth annual judging match for juniors is open to students who have completed or are enrolled in animal husbandry 313. The winner will be presented a gold medal at the club banquet.

Wesley Players Will Hold Initiation Ceremony Friday

Twelve spring semester pledges will be initiated Friday night at a picnic held by the Wesley players, Methodist drama group. Members and pledges are to meet at the student center at 6 p.m.

Dale House is in charge of picnic arrangements and Billy Phillips is in charge of the initiation.

DISCUSSION TO BE HELD

Jim McGraw will lead a discussion of "A Christian's Concern" at the Methodist forum held tonight at the student center at 7:15 p.m. Songs will be led by Wanda James.
