XXIII No. 38

Big Spring, Texas, Friday, June 10, 1927

By T. E. Jordan

Big Spring's Greatest Need---Adequate Telephone Service!

Development Due to Pick Up

It seems to be of opinion that the price of crude oil is to soon end.
Howard County to Benefit
Howard county declare that Howard is going to come in for the play of any county in West Texas when oil development does. They cite as reasons: the low drilling in commercial wells, the shallow fields of Howard county, the fact that leases are to be at reasonable prices and the fact that almost half the acre in what might be termed a semi-proven series of oil. A thirty eight mile stretch that gives up oil in almost every acre drilled, might well entitle Howard County section to be called the wonder oil field. The fact that no big gusher wells have been struck is the only reason the oil rush has not started to our north.
The major oil companies get production of the fields in Up-Crook and Winkler counties are to force the wildcaters to an open oil field such as we have in Howard County.

Drilling in Owen & Sloan Well

The Owen and Sloan well on the Dora Roberts ranch; and near the F. H. E. Oil Co.'s well, has hit pay and is being drilled in.
This test is located in the proven territory between the Clay and Settles oil pools.
To Start Test on Section Six Soon
As soon as the Owen & Sloan well on the Dora Roberts ranch is completed as a producer, the spudder will be moved to the northwest quarter of section 6, block 32, tsp. 28 in Howard County where a test is to be drilled by David V. Smith of Colorado. This test is located between the Settles well and the Marland test on the Edith K. Fisher tract.

Gulf to Increase Operations

The general supposition is that the Gulf Co. is going to be the company to start the big doings in the proven oil field of Howard County. With their pipe line completed from Midland to Ranger they will be occupying a commanding position. Their two wells in the Chalk field producing oil and gas in commercial quantities will be an encouragement for them to do extensive drilling on their holdings.
When the Gulf gets started several other companies will be compelled to drill offset wells.

Gulf Pipe Line Work Rushed

The Gulf pipe line crews are certainly rushing the work of putting in the ten inch line from Midland to Ranger a distance of 205 miles. The ditching crew has completed their work as far east as Itan and the pipe laying machine is now south of Coahoma. Another force of men is working westward from Colorado.

Tons and tons of dynamite were used to blast the ditch thru the rocky strata in the hilly section south and southeast of Big Spring.

The Gulf company expects to put the pipe line in service this month. Shipments of oil from the tank farm at Midland by rail have been discontinued.

At World Co.'s McDowell No. 1

Work at the World Oil Co.'s well on the L. S. McDowell ranch 20 miles south of Big Spring has been going forward steadily but not a great amount of speed in deepening the hole is to be noted.

Considerable underreaming has been necessary in lowering the 15 1/2 inch casing. An effort is being made to lower the casing below the 700 foot mark. If this can be accomplished it will mean a saving in one string of casing. Once they case off the water around the 700-foot mark they will have smooth sailing on this test. With three wells nearby having encountered oil sands at four different depths it is predicted that the World Oil Co. is due to bring in a commercial well.

MAYTAG COMPANY OPENS DISTRICT OFFICE IN CITY

The Maytag Company, the world's largest manufacturer of domestic washing machines, is to establish a district office in Big Spring. L. T. Bonnar of Dallas is to be district manager and he will have all the territory from Colorado on west to Pecos. He has secured temporary quarters at the Nall & Lamar grocery and will maintain an office there.

The company has its home office and factory at Newton, Iowa, and has a paid in capital of \$32,000,000. The manufacturing plant has more than thirteen acres of floor space. The Maytag Company's gross sales for 1926 were \$53,000,000. Twice during that year the company broke the world's record for the largest single shipment of merchandise ever made by one concern. October 12 they shipped out 5 trains, 130 carloads, 11,000 machines, value \$2,000,000; December 22 7 trains, 165 carloads, 15,000 machines, value \$2,750,000.

The Maytag Company is a firm believer in advertising. During 1926 Maytag Washers were advertised in more than 1900 publications at a total cost of more than \$2,250,000. The Maytag is a wonderful machine and has fewer moving parts and needs less attention and repairs than other washers on the market.

Harald want ads get results.

Luncheon Club To Lend Aid

To Help Cemetery Association and Will Also Assist in Entertaining Texas Press Association Here

A splendid session of the Wednesday Luncheon Club was in order this week under the leadership of J. Fred Phillips. The meeting hour was moved up to 12 o'clock sharp and the change seemed to prove satisfactory to the majority of members.

Dr. T. W. Currie, president of the Austin Theological Seminary, who has been conducting a special Bible Course at the Presbyterian Church, made a brief but pleasing talk in which he highly complimented Big Spring. He expressed surprise that it had made such a substantial growth since his last visit here. He said we had a fine little city here but like all cities which fail to look into the future and neglect to do city planning, ours has been built in a river bed and some day we are going to be treated to a taste of what they are now getting in the Mississippi valley. He admitted that statement overdraws in the face of the present dry spell but he pointed out that it would not always be as dry as it is at present.

Rev. A. A. Duncan who is conducting a revival meeting at the First Baptist Church, was the next speaker and he, too, pronounced Big Spring an exceptionally fine little city. He said when he started here he expected to find a typical West Texas town of about 2500 population so you may imagine his surprise when he found himself in as beautiful and progressive little city as is to be found in Texas. He stated he could visualize wonderful possibilities for Big Spring. He told some stories to illustrate the requisites of city building---advertising, cooperation and others.

W. V. Mountain, city manager, made a statement as to the affairs of Big Spring and pointed out that the city was getting along fine; it being a matter of surprise that everything could be started off in such good shape. He stated the water works system was functioning in first class style and was proving to be a big revenue producer. He stated in a test held a few days ago all nineteen wells were put on the pump at the same time, and before any one was aware of it the 1,500,000 gallon reservoir of the city was overflowing. He stated that additional improvements were contemplated in connection with the water system. He also stated that some street paving was being planned and that the question of aiding in the construction of a viaduct across the railway tracks would be given consideration.

E. A. Kelley made an announcement relative to the holding of a refrigeration demonstration here on Tuesday, June 13 at the high school building. Mrs. Linza of Houston, home demonstration agent of this division for the Ice Manufacturers Association will conduct the demonstration in the Home Economics department. Mr. Kelley extended an invitation to all merchants and housewives to attend.

Rev. R. L. Owen made a plea for the Cemetery Association and urged the members to lend all the cooperation possible. He stated the Cemetery Association had funds to pay the sexton salary and other necessary expenses for the next sixty days but after that date they were dependent on the luncheon club, lodges, churches and citizens coming to their relief. It was voted to elect or appoint a committee at the next meeting to attempt a solution of the problem.

City Manager Mountain suggested that it might be possible, next year, to vote an amendment to the charter whereby a small tax could be levied to take care of the city cemeteries if the citizens so desired.

H. L. Rix, chairman of the Trade Excursions, announced that a visit would be made to Center Point tonight (Friday), and urged all who could to go. He also urged those who could furnish cars to take members of the Municipal Band, to phone 512 immediately.

C. T. Watson, secretary of the Chamber of Commerce, announced that officials of the Southwestern

Bell Telephone Co. were here this week and had made the statement that the latest Improved flash light system switchboard would be installed in Big Spring. No date would be given by this official as to what date the improvement on the local telephone system was to be started.

Mr. Watson also announced that a special train bearing members of the Texas Press Association would be in Big Spring 9 to 10:20 p. m. Tuesday, June 14, and urged all to be on hand to help entertain the visitors. J. F. Wolcott was named chairman for next week's meeting.

BLIND TIGER AT ROSS CITY RAIDED ON WEDNESDAY

Sheriff Frank House and deputies swooped down on Ross City Wednesday and made a real haul. They have conducted a number of raids on joints in Ross City but heretofore the bootleggers seemed to have advance notice and were able to cover their tracks but Sheriff House caught them napping this time.

In Wednesday's raid 3000 bottles of home brew, 4 cases of malt and 100 pounds of sugar were seized. A capping machine and 9 barrels and 7 kegs in which mash had been kept were found in the little building which has been known as a bootlegging joint. The proprietor was not captured but the officers are on his trail.

Another blind tiger located on the Mountain road just a few miles south of Big Spring was destroyed by fire Tuesday night. This place has been raided by Sheriff House on several occasions, and gambling paraphernalia destroyed. Another blind tiger east of town which has been raided regularly by officers has been moved off the highway.

The officers declare there is a well organized gang of bootleggers operating in Howard County and it is going to require the cooperation of law-abiding citizens to help keep them from taking charge and openly violate the laws.

TEXAS ELECTRIC SERVICE OFFICIALS VISIT CITY

Quite a number of officials of the Texas Electric Service Co. are here on business this week. Big Spring's steady growth and being one of the central points of the company's \$2,500,000 expansion program makes it necessary for the officials to frequently visit our city.

F. A. Royce out of the Dallas office of the engineering department is here on a big proposition the company is working on.

B. K. Howard of the Dallas office and L. J. Geer of Sweetwater, district manager, were here Wednesday on a tour of inspection.

G. D. Geer of Sweetwater, district engineer, is here in charge of two expert crews to rebuild the power lines to and thru the new industrial district which the railroad company has set aside for the use of oil company and supply company warehouses. More than fifteen companies have applied for building sites in the new industrial district.

The Texas Electric Service Co. is looking to the future and is one corporation that is going to be ready to serve all West Texas when the big development sets in.

DR. CURRIE CLOSES HIS BIBLE COURSES HERE WEDNESDAY

Dr. T. W. Currie, president of Austin Theological Seminary, and who has been in our city the past ten days conducting a series of Bible courses, completed his work Wednesday evening and left Thursday morning for his home in Austin.

The Bible lectures were well attended and much interest was shown in the discussions. Dr. Currie proved to be most interesting in his talks and held the undivided attention of his audience who marveled at his explanation. His ability as a Bible teacher is indeed recognized, and every moment Dr. Currie talked he was pleasing to his listeners. Big Spring is fortunate in securing the services of this brilliant man and are anxiously awaiting his return to this city on a similar mission.

FISHING AT SPRING CREEK

Mr. and Mrs. Pete Johnson, Mr. and Mrs. Eb Hatch, Mrs. Wofford Hardy and son, Mrs. W. A. Earnest, James and Monroe Johnson left Monday morning for a fishing trip on Spring Creek, south of San Angelo.

Cole Hotel Will Be Rebuilt at Once

Work on Completely Rebuilding the Cole Hotel Is to be Started at an Early Date. Contract to be Let

Before our readers peruse this article it is likely that the contract for rebuilding the Cole Hotel will have been awarded. The walls of the building are to be torn down and the building to be erected will be new from top to foundation.

According to our information, a two story fire proof building 90x140 feet is to be erected on the site of the former hotel.

The building will front 140 feet on East Third street and 90 feet on Runnels. The upper story will be made into hotel rooms and will be equipped with every modern convenience. On the lower floor will be spaces for about nine business firms; six of these to face on Third street and three on Runnels.

A representative of the firm of Nichols and Campbell, well known architects of Abilene, is here to advise Mr. Douglass as to awarding the contract for the work.

It will be good news to our citizenship to hear that the contract for rebuilding this hotel has been awarded. The Cole Hotel is going to be needed to help take care of those who desire to make their headquarters in our city or stop here on business visits.

Mr. Douglass, the owner of the Cole, has worlds of friends among the traveling public and there will always be a big demand for rooms at the Cole.

ELECTRIC HIGH LINE COMPLETE

The construction force of the Texas Electric Service Co. completed the task of erecting high line from Big Spring to Midland the first of the week, and on Monday this power line, built to handle 60,000 volts of electricity, was cut-in and everything was found OK.

The construction crew will continue their work westward, completing the high line to Odessa and to Crane City and also to points in the Winkler County oil field.

The Texas Electric Service Co. officials are in a position to vision the big development that is due to come to this section and they are going to be prepared to meet every call for service.

If other corporations had their eyes on the indicator they, too, would be making plans to cope with the situation instead of waiting until the rush comes and then be caught unprepared.

SOUTHWESTERN TELEPHONE CO. BUILDING NEW LINES

The Southwestern Bell Telephone system is at last awakening to the needs of West Texas and is increasing the long distance telephone facilities.

Four new copper circuits are now being strung between Big Spring and Dallas and two additional circuits between Big Spring, Odessa and McCamey. A line to the Chalk oil field is one good bet the Southwestern continues to disregard.

It is rumored that the Southwestern plans to start work on overhauling the telephone system in the city of Big Spring before the end of the present year.

W. C. Prehn, state manager of the company, on a recent visit stated that company engineers had completed a survey of Big Spring and plans for the improvements are under consideration.

NEW DRY GOODS FIRM LOCATES IN THIS CITY

A. B. Cook and Son is the name of a new dry goods firm which is to open a dry goods store in Big Spring in the very near future.

They have rented the corner space in the new Elliott building, at the corner of East Third and Runnels streets and are now having the store building fitted up for early occupancy. Mr. Cook is moving here from Brownfield where he has successfully conducted a business for a number of years.

Mrs. Frank Kuhns after a visit in this city with her parents, Mr. and Mrs. J. W. Couch, other relatives and friends, left Monday for her home in Kansas City, Mo.

A CHANCE FOR PUBLICITY

Big Spring folks who are complaining about so little publicity of the home town appearing in the state papers now have an opportunity to have the old town written up all over the state.

Several hundred Texas editors will arrive in Big Spring on a special train at nine o'clock Tuesday, June 14, and be the guests of our city until 11 p. m.

The old town should be thrown wide open on this occasion, flags put out along Main street, and the stores in the business section made as bright as day. Make the pencil pushers imagine they are on the white way in some big city. Big Spring folks should have the glad hand extended and make the newspaper folks feel that you are indeed happy to meet them. Tell them what a good little city we have, and cause them to leave happy that they spent two hours in Big Spring.

Some forty or fifty automobiles are going to be needed to take our guests on a moonlight ride over Scenic Drive so if you want to help entertain the newspaper going phone 512, the Chamber of Commerce, and let the secretary know how many you can take on this trip.

Newspaper people are appreciative, and if we make their stay here truly enjoyable you can be certain Big Spring will get publicity that will be worthwhile.

Snap out of it and help entertain the editors. Don't wait for an introduction to any of them; they are mighty easy folks to get acquainted with. If you run across a great big, jovial guy just walk up and slap him on the back and say hello Pink, for that will be Pink Gresham. If you see another rotund gentleman busier than a cranberry merchant just yell Hello Sam, for that will be Sam Harben, the secretary of the Texas Press since the high water. Then by using the old reliable salutation Hello Bill or George, you can break in on any of the bunch.

BIG SPRING NOW HAS POPULATION OF 7200

A careful check in which practically all sources of information except the taking of the census were utilized, was recently made to ascertain the present population of Big Spring and the figures show the present population of our city to be 7200.

This is not surprising when you remember that from seventy-five to one hundred new residences have been erected in our city the past year and then too every available room and some garages has been pressed into service to house the new folks who have been moving in. Even now there is a shortage of houses and rooms and a continued building program must be carried forward if we want more folks to come to our city.

When oil development is going good again Big Spring is going to be flooded with folks seeking homes or rooms in our city.

WORK STARTED ON WOOTEN WHOLESALE GROCERY BLDG.

Work was started this week on the modern, fire-proof building for the Wooten Wholesale Grocer Co. in Big Spring. This structure is to be located at the corner of West First and Gregg streets.

The building is to be of brick construction, one story with concrete floor. It will be 75x100 feet, fronting one hundred feet on Gregg street. Along the front will be a loading platform for trucks and other vehicles and along the north side of the building will be an unloading dock for unloading carload shipments.

A balcony 30x50 feet will also be provided to increase the floor space. Mr. Olde, a contractor of Abilene, is in charge of the construction of this building.

BIG OFFICE BUILDING ASSURED

A large office building to supply accommodations for the many oil companies seeking to establish district headquarters in Big Spring is now assured. A number of our well to do citizens formed a building corporation to put this proposition over. Work is to start as soon as plans and specifications are approved.

This is only one of our pipe dreams, but we do hope our folks will wake up and try to sid the old home town move onward.

Genuine...
A western greeting and
a cup of Hills Bros Coffee

No ONE forgets a western welcome. It's so honest — whole-hearted and enthusiastic. Likewise no one can forget the irresistible flavor that only a cup of Hills Bros. Coffee has. You marvel at its richness—its "life."

It is Controlled Roasting, Hills Bros.' patented process, that produces this inimitable, uniform goodness. Ask for Hills Bros. by name and look for the Arab on the can. Send for a free copy of "The Art of Entertaining." Address Hills Bros., 2525 Southwest Boulevard, Kansas City, Mo.

News Notes From Other W T Fields

Dents Oil Co. to Drill

The Wentz Oil Corporation has made a location for its No. 1 Birge Forbes Land Co., 150 feet each way from the northeast corner of the southwest quarter of section 183, block 29, W. & N. W. railway company survey.

Pecos County Operations

San Angelo. — Pecos County's latest gusher, Mid-Kansas and Transcontinental No. 1, Smith-Taylor, was increased to 175 barrels hourly when deepened to 1271 feet. The Smith-Taylor well came in May 25 for 85 barrels hourly at 1234 feet, extended the pool 1600 feet west.

Roxana Oil Co. to Make Surveys

A crew of fifteen Roxana Oil company geologists and survey men have arrived in Lamona to make a survey of Dawson and surrounding area for prospects of oil.

The Humble people conducted such a survey in Dawson County about three months ago. — Dawson County Journal.

Upton County Well Is Deepened

San Angelo. — Texas Company No. 1 J. M. Perry in the southeast corner of section 5, G. C. & S. F. Railway Company survey, Monday became the best producer in the southeastern extension of the Upton County production when it began flowing 39 to 35 barrels hourly upon deepening to 2027 feet. Previously it gauged 315 barrels in 24 hours. It logged the "big lime" higher than in surrounding wells.

Will Spud Two Tests Near Stanton

Stanton, Texas, June 4. — The Landreth Production Company will spud two wells on the Houstons' ranch, six miles southeast of Stanton, within the next few days. The rig to the Houston No. 1, which is located on the northeast quarter of section 12, block 36, township 2 south, will be completed Tuesday and the well will possibly be spudded Wednesday.

The Landreth Production Co. will drill its second well on the Dick Houston ranch and will spud in as soon as work has been started on No. 1. The tools have been moved to the headquarter camp on the A. L. Houston ranch.

Gulf Co. Gets Producer in Crane

Discovery of another big production area in the University-McElroy pool in Crane County was indicated Sunday by the drilling in of the Gulf Production Company No. 12 McElroy, which flowed 1185 barrels in the first eight hours, partially checked. The well topped the pay at 2909 feet, and had been drilled to only 2840 feet when the big flow started.

It is in the northeast corner of Section 201, Block F, and is one of the north line wells of the Gulf's big block.

It is two locations west of the Gulf No. 11 McElroy, which first proved definite connection between the University pool and the Gulf McElroy pool. No. 11, after making a small flow natural, was shot late Saturday with 110 quarts and is now flowing 60 barrels per hour. — San Angelo Standard.

\$500,000 Oil Deal in Pecos County

San Angelo, Texas, June 6. — The McMan Oil Company has purchased from the Marland Oil Company of Texas its lease on 758 acres in Eastern Pecos County for \$500,000, according to unconfirmed reports here. Negotiations are known to have been under way for several weeks and McMan has had representatives in the field. The land is owned in fee by Ira G. Yates of San Angelo on whose ranch six of seven Pecos County producers are located.

The tract lies northwest of the Yates pool and part of it is within one and one-half miles of the Mid-Kansas and Transcontinental No. 1 Smith-Taylor, latest producer. The strip is about two miles long and a third of a mile wide and is separated from Runnels County school land on the north by section 101, held by Humble; section 102, held by Roxans, and section 103, under lease to Simms. Bordering the strip on the south are holdings of the California, section 37; Humble, section 36, and California, sections 25 and 24, block 134.

ICKLY, FEVERISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

CUNNINGHAM & PHILLIPS

PUBLIC RECORDS

Mr. and Mrs. G. C. Stewart sold to the Trinity Royalties Co., a one-fourth royalty in northeast quarter of section 130, block 29, W. & N. W. survey.

G. T. Hall assigns to James T. Brooks a lease on the SW 1-4 section 2, block No. 3, tsp. 1N.

Mr. and Mrs. D. A. Rhoton sell to Marland Employes Royalty Co. 1-2 interest in the royalty of E 1-2 of section 4 and E 1-2 section 8, block 30, tsp. 1S.

G. T. Hall assigns to Cosden Oil & Gas Co. the lease on N 1-2 of section 27, block 34, tsp. 3N.

R. L. Cook assigns to Cosden Oil & Gas Co. a lease on SW 1-4 section 20, block 33, tsp. 2N.

C. D. Read et al sold to T. H. Shipp 1-2 interest in oil royalty in W 1-2 section 38, block 30, tsp. 1N.

Mr. and Mrs. John Papham lease to Arthur Woodall 100 acres off W 1-2 section 9, block 33, tsp. 1N.

Mr. and Mrs. J. T. Miller lease to G. T. Hall S 1-2 of SW 1-4 of section 12, block 33, tsp. 1N.

W. V. Rutledge has leased to Marland Oil Co. of Texas all of the fractional section 1, block 31, tsp. 2N, section 20, block 27 H. & T. C. survey and the N 1-2 and SE 1-4 of section 18, block 25, H. & T. C. survey.

Bon Whitaker leased to Marland Oil Co. of Texas SW 1-4 of section 18, block 25, H. & T. C. survey.

R. L. Cook leased to Marland Oil Co. of Texas E 1-2 section 28, block 34, tsp. 1N.

C. D. Read leased to Marland Oil Co. of Texas N 1-2 section 19, block 30, tsp. 1N.

Mr. and Mrs. W. W. Lay leased to Marland Oil Co. NE 1-4 section 23, block 31, tsp. 1N.

Mr. and Mrs. L. A. Ford leased to Southern Crude Oil Purchasing Co. NW 1-4 and N 39 acres of SW 1-4 of section 41, block 33, tsp. 1S.

B. C. Mann sold to Healdton Oil & Gas Co. 1-4 royalty in section 44; S 1-2 section 41; the NE 1-4 section 43; all in block 33, tsp. 2N.

V. F. Heffington assigns to the Roxana Petroleum Corporation a lease on E 1-2 section 2, block 33, tsp. 1S.

Mr. and Mrs. J. M. Anderson leased to V. F. Heffington E 1-2 section 2, block 33, tsp. 1S.

Mr. and Mrs. Fred Sellers leased to Hugh Corrigan E 1-2 section 38, block 33, tsp. 2N.

G. T. Hall transferred to L. C. Harrison lease on S 1-2 section 38, block 34, tsp. 3N.

James T. Brooks assigns to W. A. Tunstall 1-84 royalty interest in S 1-2 section 33, block 34, tsp. 1N.

The Marland Oil Co. of Texas and Group No. 1 Oil Corporation assigns to the McInley Corporation of Delaware and Lee S. Davis lease on the NE 1-4 of NW 1-4 of section 159 and SE 1-4 of SE 1-4 of section 135, all in block 29, W. & N. W. survey.

Robert R. Penn assigns to Sun Oil Co. lease on N 1-2 of SW 1-4 of section 11, block 34, tsp. 2S.

Robert R. Penn assigns to Sun Oil Co. lease on N 1-2 of SE 1-4 section 2, block 34, tsp. 2S; W 1-2 of NE 1-4 section 7, block 33, tsp. 2S.

B. C. Mann assigns to Sun Oil Co. the lease on SE 1-4 section 33, block 33, tsp. 2S.

B. C. Mann assigns to Sun Oil Co. lease on E 1-2 of section 41, block 34, tsp. 1S.

B. C. Mann assigns to Sun Oil Co. lease on N 1-2 of SW 1-4 section 33, block 33, tsp. 2N.

Mr. and Mrs. T. M. Robinson leased to Hugh Corrigan E 1-2 section 43, block 33, tsp. 3N, and NW 1-4 section 6, block 33, tsp. 2N.

Carl Gray et al leased to the Marland Oil Co. section 16, block 27, H. & T. C. survey.

Paul C. Bundy sold to T. N. Sloan and W. P. Menzies one-one hundredth twenty eighth in royalty of NW 1-4 section 133, block 29.

Assignment of Oil royalty by Paul Vitok to H. L. Willford the equal of 3-16 part of all oil and gas produced from the N 1-2 of SE 1-4 section 126, block 29, W. & N. W. survey.

R. D. Matthews sold to James T. Brooks a portion of block 19 in College Heights addition.

Mr. and Mrs. T. H. Carter sold to Joe B. Neel lot 3 in block 14.

NOTES FROM KNOTT

Some of the farmers around Knott have fine looking crops but are needing rain badly. We hope a good soaking rain will come to us in a few days.

A nice crowd attended the singing given for Mr. and Mrs. F. O. Shortes last Sunday night. Everyone seemed to enjoy it.

Mrs. R. J. Mitchell of Knott left Friday morning for Cisco to visit her daughter, Mrs. Henry Knight.

Mr. and Mrs. Wesley Owens, Mr. and Mrs. Hoster Turner and children of New Mexico are visiting their folks, Mr. W. F. Turner and family at Knott this week.

Jewel Martin returned from Merkel Friday.

Roy Motley went to Vincent last Sunday.

Mr. Bass from East Texas is visiting his brother, T. H. Bass of Knott.

Mr. and Mrs. Dalton Mitchell spent last Sunday evening with Mr. and Mrs. John Allred.

Knott Correspondent.

IN APPRECIATION

Mexican Protestants of Big Spring are happy in the realization of the fact that they now have a church building of their own, and they greatly appreciate all the assistance given them by the American citizens.

Rev. Ruiz and Rev. Bergos have been with them for the dedication of the church and for a protracted meeting which has just closed.

In token of their appreciation of these workers and of the financial aid given by the citizens, the women of the church recently gave a banquet for the Mexican minister and American representatives. The banquet table was attractively laid in the splendid basement of the church and everything about it spoke out the cordial feeling of these warm hearted people who are trying to help encourage their fellow man to higher planes of christian living.

The beautiful flowers used as a centerpiece reminded us of the Mexican's love of the beautiful and finer things of life. The various dishes carefully prepared and graciously served by the women were indeed offerings of love.

At the conclusion of the repast, Rev. Ruiz rose and made an address, speaking for the protestant Mexicans, and expressing something of the gratitude and good wishes they have for Big Spring people who had part in materializing their dreams of a church. Especially do they appreciate the faithful and wonderfully efficient services of their true friend and adviser, Mrs. S. H. Morrison.

Patently and wisely has Mrs. Morrison worked and prayed with and for them during many years past, and since undertaking one year ago the building of this church she has given them her first thought and most of her time. Hence they wished to voice, through Rev. Ruiz, their appreciation, and invoke blessings upon her and also upon Mrs. C. S. Holmes and others who have rendered special service in their behalf.

"In this building," said Rev. Ruiz "every plank represents a prayer of Sister Morrison, and every nail, a tear. We have no words to express our appreciation and our gratitude to you all, so we offer you this work of our hands as a small token of our loving thanks."

Following Rev. Ruiz, Rev. Borgen spoke of the great work to be accomplished among the Mexicans and of his interest in having Christ enthroned in every home. He also thanked the Americans for all they have done and are doing for his people.

Response was made by the visitor present who spoke in high terms of the work and the noble ambitions of these foreign friends, and pledged their goodwill and loyal support.

The pleasant occasion ended with an earnest prayer of thanksgiving and a petition for Divine guidance in effort to build up a good and noble citizenship. Guest.

LAMESA LOBOES HERE SUNDAY

The Big Spring T. & P. team will entertain the Lamesa Loboes at the ball park in this city next Sunday afternoon. A red hot contest can be expected when these two teams meet on the field and next Sunday's game will be no exception.

The local team is once more a scrapping, slugging aggregation, and they are going to make any semi-pro team get up and hustle to defeat them. If you like a snappy game make your plans to see these two teams in action.

The T. & P. team will journey to Lamesa Saturday to tackle the Loboes in their own lair. Quite a few Big Spring folks are planning to journey to Lamesa to see the game.

O. L. Hooper, line foreman for the Texas Electric Service Company, returned Saturday morning from Mineral Wells, where he had been to attend a meeting of the line foremen in this district.

Tom Adams, T. & P. fireman, who had been relieved from duty about eleven months ago, was returned to his former position with the railroad last week, seniority rights and other privileges restored.

Back to Normal!

Texarkana, Texas.—"I was in a serious condition of health when I arrived at middle life and as I had heard of so many being wonderfully benefited by Dr. Pierce's Favorite Prescription at that age I decided to try it. It proved to be the proper medicine and I cannot praise it too highly for the benefit I received, for it relieved my aches and pains—saved me a lot of suffering, and left me in good health which I still enjoy."—Mrs. C. E. Shipp, 397 Oak St. All druggists. Tablets or liquid. Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial pkg. of the tablets and write for free advice.

Big Spring, Texas

We have just learned that the day when natural gas can be piped into Big Spring is not as far off as we thought. It certainly will be great when all a fellow has to do to keep the house warm in winter is keep plenty of matches handy—and pay his gas bills.

An office building might not prove as big a money maker as an oil well, but it would certainly pay Big Spring to provide such a building for the men in the oil game who would like to make their headquarters in our city. It's a pity we can't build it with hot air.

Bathing caps Cunningham & Philips

BOOSTING AND BOASTING

Boost but don't boast, advises the Big Spring Herald, adding that hot air advertising is not good business.

This seems to be directed at Big Spring citizens, some of whom have been complaining that their town isn't getting enough "publicity" (odious word) in the city papers.

It is applicable, however, to many of our El Paso people who never have been able to distinguish between earnest work, cooperative work, which is true boosting, and mere loud-mouthed boasting. There is a difference. The former attracts. The latter repels.—El Paso Herald.

You are bound to admit that it is very discouraging for those who are trying to do something for Big Spring to find their efforts unappreciated. A home planned entertainment to raise funds for local betterment is not given near the patronage that a cheap tent show or carnival is accorded.

Germicidal soap keeps off chiggers Cunningham & Philips

NO. 200

Guardianship of Frances et al., Minors.

In County Court of Howard County, Texas.

Notice is hereby given that Stella Payne, guardian of the estates of Frances Payne, Thomas Alexander Payne and Raymond Payne, Minors, have filed application in the above entitled cause for order of the Judge of Howard County authorizing me as the guardian of the estates of said wards to file a mineral lease upon each of the following described real property belonging to the estates of said wards:

**BIG SPRING WINS GAME
 SUNDAY, IN SPITE OF SAND**
 Big Spring T. & P. baseball team
 cheated old Dame Nature here Sunday
 when they played one inning in
 a raging sand storm to complete five
 innings so as to class the game officially.
 It was Fort Worth T. & P.
 that was getting the smaller end of the
 3 to 1 count. The game had the
 ear marks of being a good one. Only
 two hits had been collected off of
 Babers for Big Spring, and only four
 off of Grable for Fort Worth. Four
 sacrifice hits played an important
 part in Big Spring's scoring.

Big Spring—

 Big Spring baseball team goes up
 to Lamesa Saturday for a game and
 Lamesa comes to Big Spring Sunday
 for a return conflict. These games
 will be the first of the year between
 these two clubs and should be thrill-
 ing. Big Spring defeated Lamesa in
 every game played last season but
 Lamesa is playing better ball this
 year as they have split with Midland
 in two games and defeated Lubbock
 Sunday in a 10-inning game, 5 to 4.
 Be at the park Sunday and help Big
 Spring beat Lamesa this year too.

**M. C. LOFLIN SUCCEEDS PETE
 JOHNSON AS T-P ROADMASTER**

M. C. Loflin of Van Horn was promoted to the position of roadmaster on the Texas & Pacific, between Big Spring and Baird, succeeding Pete Johnson of this city.

We know none of the facts relative to Mr. Johnson's dismissal but we do know that he has been an employee of the Texas & Pacific railway the past forty-two years, and there is not a more loyal or faithful worker on the entire system. He has ever been a company man and had the reputation of being a driver because he would not tolerate loafing on the job. He asked no man to do more than he was paid to do, but he did insist on the men under him giving an honest day's toil. There was never a time that Mr. Johnson was not looking out for the company's interest; and the night was never too dark or stormy for him to get in action when there was trouble anywhere on his division and he stayed on the job until the way was opened for traffic.

Of course a corporation takes no consideration of such service—but it does seem that a man who has given faithful and efficient service for more than forty years deserves better treatment at the hands of even a corporation.

**NALL AND LAMAR OPENING
 DRAWS LARGE CROWD**

The formal opening of the Nall & Lamar grocery and market held last Saturday attracted a banner crowd and the store was filled with customers and friends throughout the day. Attractive prices were made on much of the merchandise and the callers took advantage of the reductions.

The opening was held to introduce the public to the new market recently installed in this grocery store. The fixtures and refrigerators make the market neat and clean and the highest grade meats were on display. The first fifty customers who entered the store and bought \$2.50 worth of merchandise were given a half pound of sliced bacon free of charge.

**DR. COLLINS TO LET CONTRACT
 FOR BUSINESS BUILDING SOON**

We are informed that Dr. T. M. Collins is to let the contract at once for a splendid business building 50x90 feet at the corner of East Second and Runnels street. This is an ideal location and he will have no trouble in securing tenants.

**C. OF C. DIRECTORS MEETING
 MONDAY AT 8:15 O'CLOCK**

The regular meeting of the Directors of the Chamber of Commerce will be held in the C. of C. office Monday evening June 13 at 8:15. All of the members are urged to be present.

BETTY JEAN WINGO DEAD **BUILDING PERMITS** **ALL SPACES IN ELLIOTT BUILDING ARE RENTED**

Betty Jean, 22 month old baby of Brother and Mrs. Claude Wingo, passed away in Clouderoft, N. M., about 9:30 o'clock Thursday evening, June 2, following an illness of several weeks. The child was suffering from summer complaint, and believing a higher altitude and cooler climate would prove beneficial the parents took the child to Clouderoft Saturday a week ago. All that loving hands and medical skill could do to alleviate the suffering of the little one, proved to no avail. The body was brought to this city for interment. Funeral services were held at the First Christian Church at four o'clock Saturday afternoon with Rev. E. D. Salkoid of Abilene in charge of the services. Burial was in Mt. Olive cemetery.

Heartfelt sympathy is extended to the bereaved parents and relatives at the death of their precious babe. Out of town relatives here to attend the services were: Mrs. H. S. Jones of Roscoe, Mrs. Edith Haines and baby of Fort Worth, Miss Eunice Jones of Fort Worth, and Mrs. D. A. Newland of Fort Worth.

A wonderful line of Wrist Watches to select from for the graduate at Wilke's Jewelry & Optical Shop.

R. L. Boswell Jr. and Lowell Wilson of Fort Worth enroute to El Paso visited friends in this city Wednesday evening.

Kasch's Plumbing and Electric Shop moved to 107 Gregg—Phone 167—advertisement.

The following building permits were issued by the city the past week:
 A modern fireproof building 75x99 feet to be built at corner of West First and Gregg street for Wooten Wholesale Grocery. Estimated cost \$8500.
 E. H. Josey a 5 room frame dwelling south of high school. Estimated cost \$2000.
 G. M. Gatliff a 12x12 brick building on West Third street, next to Whittaker and Gardner Filling Station, estimated cost \$125.
 Geo. Winslow a 25x35 tile and concrete building on Main street, estimated cost \$150.
 W. C. Henley was given permission to move the building in which his machine shop is located at First and Gollad street to another location outside the fire limits.
 Geo. Hockerston was granted permission to move his building used as a lunch room in east part of city to a site on the Gall highway.

The new people and firms now coming into our city are not just planning for the 7000 or 8000 population here, but are talking of the population of 25,000 or more Big Spring is due to have within the next year or two.

Misses Dorothy Jordan and Jeanette Pickle returned Tuesday from Denton where they have been attending school at the College of Industrial Arts, to spend the vacation days in this city with homefolks.

The five business spaces in the new Elliott building fronting on East Third street are now rented and in a very short time the new firms will all be ready for business. The Bankhead Cafe is now established in the first space in the west part of the building; next comes the Smith-Nabours Grocery and the Bankhead Market; Max Jacobs of Greenville will open a dry goods store in the space east of the grocery and market next Saturday; the next space is reserved for Mr. Elliott who plans to put in a bakery; the corner space is to be occupied by the dry goods store of A. B. Cackel & Son. Dr. Ora F. Estes has an office in the northern corner of the building fronting on Runnels street.

AUTO REPAIR WORK BY EXPERT
 We have secured the services of a first class auto mechanic, R. R. Cooper of San Angelo and we want all our friends, and especially Nash owners to call and see him when your automobile is not doing "its stuff" properly.
 He will tell you exactly what is the matter with your car and just what the necessary repair bill is going to cost. All work guaranteed.
 We are now in our new home on the Bankhead highway in the West part of Big Spring—so when you want first class service give us a call
BIG SPRING NASH CO.
OIL MEN—We appreciate your trade and treat you 100 per cent square. Wilke, Jewel and Optician.

IN MEMORIAM
Betty Jean Wingo

Daughter of Mr. and Mrs. Claude Wingo, was born June 26, 1925 at Willis Point, Texas. Died June 2, 1927 at 9:30 p. m. at Clouderoft, New Mexico, aged 1 year, 10 months and 7 days.

The funeral services were held at the First Christian Church June 4 at 4:00 p. m. at Big Spring, Texas, with Rev. E. D. Salkeld of Abilene, officiating.

In Mount Olive Cemetery, under a mound of beautiful flowers, loving hands laid the precious little body away bidding her a sad farewell, "Till they meet again."

Another flower has been transplanted from the earthly garden.

An angel was needed in Heaven so God took her to Him, and the little white bud has opened to bloom eternally in the Master's Garden.

Her presence is gone from among us, but in our hearts she still lovingly abides. How sweet is the memory of what she said and the little things she did; they are precious gems for our treasure chest. Her little life was spotless, and our loss is Heaven's gain. Her presence at the throne of God, will brighten the home prepared for her. She is at rest, safe from hurt or harm sweetly sleeping in the arms of Jesus who said: "Suffer little children to come unto me." God is the Father, who gives and the one who takes away, and in His tenderness, will comfort and lighten the burden of mother, father, Bonnie and Christeen, and all the mourning loved ones. We would fain have kept her with us, but God, in His infinite wisdom, deemed it meet to call her on.

What He pleases is the fulfillment of His beneficent purpose and we bow in humble submission to His will. Dear parents and all those near and dear, left to "labor and to wait," yet for awhile, remember that He is not only a God of greatness and of power, but also a God of tenderness, of mercy and of love. To His children He hath said: "Fear not for I am with thee. I will never leave thee, nor forsake thee."

We know that the Eternal God is our refuge, and underneath are the everlasting arms. With our trust in Him, let us smile thru our tears, for we believe she would have it so. The memory of her is a ray of sunshine to light the shadows along our way and may this and the abiding spirit of love draw us closer.

Little Betty Jean is waiting for us up there, and sometime we can go to meet her, and our Heavenly Father in that Great Beyond, where Jesus said: "I go to prepare a place for you; that where I am, ye may be also."

"Breathe, O breathe Thy loving spirit
Into every troubled breast
Let us all, in Thee, inherit,
Let us find that promised Rest."
A Friend.

With the large number of men employed on building the Gulf Pipe line thru Howard County, the steel gang and construction crew of the Texas & Pacific Ry. here to double the capacity of the local railroad yards and raise all tracks to the level of the main line; the construction force of the Texas Electric Service Co.; the rig builders, truck contractors here to haul out supplies to the oil fields, and the oil development which continues in our county, has all helped conditions in our section in a great measure in placing more real money in circulation. Work on the new Crawford Hotel, the Radford and other buildings has also helped. Now work is to start on the new brick building for the Wooten wholesale grocery, one or two oil supply warehouses and some more new homes. By the time the oil development picks up we expect another building era to set in.

Miss Gladys Lloyd returned Tuesday night from Denton where she had been to attend the commencement exercises. Miss Lloyd was a member of the graduating class at C. I. A. this year and received a B.S. degree from the college at the annual commencement exercises Monday evening. Miss Lloyd has resigned her position at the courthouse with the Howard County Abstract Company and has accepted a position at the West Texas National bank.

Miss Arthur Hawk returned Friday night from Denton, where she has been a student in C. I. A., to spend the summer in this city with homefolks. Miss Hawk was one of the honor students in the Freshman class at C. I. A.

Misses Lillie Mae Hayden, Lillian and Jena Jordan returned Tuesday evening from Denton where they attended Homecoming and the commencement exercises at C. I. A.

Alarm clocks.....Cunningham & Philips.

C. OF C. MAY NEWS LETTER

"What a man does for himself dies with him; what he does for his community lives forever."
Unselfish service for the good of our community will pay dividends. Invest now, the demand is great.

The Texas Electric Service Co. and the Southern Ice & Utilities have set a pace for development in Big Spring. Their plants have been more than doubled in capacity.

We are hopeful that the Southwestern Bell Telephone Co. will get the "spirit" and give to Big Spring a system commensurate with her needs. Why the continued delay?

The recent ruling by the Interstate Commerce Commission on change in freight rates and the dissolving of the common point freight rate structure has struck a blow to West Texas wholesalers. Big Spring comes in for considerable increase in rates. A heated protest is being made by the traffic department of the West Texas Chamber of Commerce. You are urged to write a letter to U. S. Pawkett of the traffic department of the West Texas Chamber of Commerce, addressing him at Stamford, Texas, insist that he vigorously oppose this rate increase. At present our rate out of Chicago, New York, St. Louis, and Philadelphia is the same as that of Dallas and Fort Worth, but with the change in rates that come December 5, we will pay fifty to one hundred dollars per car more freight.

Approximately six thousand dollars per month is going out of Big Spring to Building and loan associations; enough to build a nice little home every two weeks. Why not have a Big Spring Building and Loan association and keep our money at home?

A viaduct across the railroad track at Gregg street or some other crossing would be a great convenience and a protection to lives. Why not the railroad, the city and county cooperate in this much needed protection.

Within a few days we hope to have some oil refining news that will be of general interest.

The highway committee has done a splendid piece of work in building of cattle guards on the road to the Chalk field. These guards of made of railroad steel and when concrete piers are placed under them they will be as good as the best.

Buy it made in Big Spring. Let's popularize that slogan and help our home industries grow bigger and better.

Some small tin road signs with mileage and the words "Big Spring" are being put on our highways at five mile intervals, for a distance of one hundred miles from Big Spring.

People are still calling for places to live, eleven different calls were made at the Chamber of Commerce office one day this week within two hours. No day passes without inquiries for either houses or apartments. We need more homes.

Our Chautauqua opens June 24, get your tickets, the programs sound interesting.

When you know items of interest that are suitable for the state papers, telephone the Chamber of Commerce—No. 512.

The response to the clean-up, paint-up campaign has been gratifying. The silver loving cup will be awarded as soon as the report of the inspection committee is made.

H. L. Rix, chairman trade extension committee, announces a trip to Center Point for Friday night, June 10. Be sure and get in on this trip.

If you know a citizen of Big Spring who is not—but should be—a member of the Chamber of Commerce, get his membership; we need his help.

A new piece of advertising is just off the press. Call at the Chamber of Commerce and get these folders and mail them to people who should know more about Big Spring.

People who care, invest their money and build homes in cities with conveniences and attractive features. Let's support the city's program for more paving. Let's make Big Spring more attractive.

A victory has been scored by the Chambers of Commerce over Texas in defeating the five per cent insurance increase that was asked by the companies operating in this State. To Big Spring this means an annual saving of several hundred dollars.

Help make Big Spring a "Convention City." If you know of a convention we might get, tell the secretary about it.

WATCH BIG SPRING

The State National Bank has largest amount of deposits also largest number of customers of any bank in Howard County.

Lawrence Simpson returned Tuesday evening from Denton, where he had been to visit his mother.

OLDSMOBILE

PRODUCT OF GENERAL MOTORS

SPEND THAT VACATION IN WEST

If you are planning to take a vacation this summer why not join the Motor Caravan to the mountains of West Texas and New Mexico, under the auspices of the West Texas Chamber of Commerce.

July 2 has been set as the assembling date for the motorcade party with the objectives being Alpine, Texas, and Clouderoft, New Mexico, at which points there are district meetings of the West Texas Chamber of Commerce. Short stops will be made at towns enroute and three days will be spent in side trips to points in the Davis mountains. One or two days will be spent in El Paso.

Leaving Sweetwater, the party will travel by easy stages up the Bankhead highway to Odessa, Fort Stockton, Alpine, Marfa, and other places. From Fort Davis the motorcade will go to Balmorhea, thence to El Paso, stopping enroute at Sierra Blanca and other points. Alamogordo, Clouderoft, the Mesquero Indian Reservation, Roswell, the famed Pecos Valley, Carlsbad, and other noted attractions will be on the New Mexico itinerary. Social features will honor the motorcade in cities along the route.

A most distinguished personnel will make up the group of West Texans who plan to go on the proposed motorcade of the West Texas Chamber of Commerce through the famed resort section of the Davis Mountains and the scenic playgrounds of Eastern New Me too during the first ten days of July.

Though the party has not been organized, and though plans are yet tentative, already Highway Commissioner W. R. Ely and wife of Abilene, O. E. Carr, city manager of Fort Worth, and wife; W. C. Grant of the Associated Press and wife; Judge J. D. Hamlin and wife and S. H. Roberts and wife of Farwell, and

President R. W. Haynie of the West Texas Chamber of Commerce have announced that they will make the trip. Among other West Texas officials who will go are: Manager Homer D. Wade and wife, Publicity Manager E. H. Whitehead and wife, and Exhibit-Agricultural Manager E. M. Whiteaker and wife. Past Presidents R. Q. Lee of Cisco and Arthur P. Duggan of Littlefield and wives may also make the trip.

Every city in West Texas is cordially invited to send as many representatives as possible with this motorcade.

You will find this an ideal vacation trip and a most economical one, so make your plans to join the party when they arrive in Big Spring along about July 2.

HALEYS REPORT GOOD BUSINESS AT BIG SPRING

Mrs. D. H. Haley and Miss Noreen Haley were here Friday afternoon from Big Spring. Mrs. Haley is manager of the Wyoming Hotel there while Miss Noreen is operating the new Haley Hotel which has been opened on the second floor of the J. & W. Fisher building. Both of them report a good business, having to turn away from twenty-five to thirty people each night.—Midland Reporter.

Miss Estelle Hutto returned Sunday from Lubbock where she has been a student in the Texas Tech, to spend the summer vacation with her father, Logie Hutto. Miss Hutto was chosen as one of the fairest maidens at the Tech, and her picture appears in the Beauty Section of the annual, "La Ventana."

Jimmie Pease of San Angelo visited friends in Big Spring this week.

Bathing taps and bathing supplies.....Cunningham & Philips.

OIL — TARGET FOR TAX GATHERERS

"Oil is taxed from the time it reaches the surface until it comes out of the exhaust pipes of automotive or stationary engines as expended energy," says D. H. Baneroff in the El Dorado, Arkansas, News.

"It is taxed with a severance tax, a storage tax, a property tax and a gasoline tax and the machines that use it are levied upon with property tax and license tax, road tax and school tax, state tax and city tax. Wherever there has been a hook to hang a new tax on it has been so decorated, and whenever there weren't hooks enough they were manufactured for the occasion to meet the need of a new source of revenue."

Over 400 measures affecting the oil industry were introduced in the legislatures of practically every state in the Union, during their recent sessions. Of these, only two proposed to reduce the tax on gasoline. "Deep hidden in the earth, accessible only by expensive drilling, accompanied by grief such as only the wildcatter knows and which is shared in to a large extent even by his brother operating in proven territory," says Mr. Baneroff, "oil appears to the average legislator as the magic lamp which needs only to be rubbed by a new law of some sort to release vast wealth for the benefits of roads and schools or a public library in Lickskillett." — Albany News.

ALL DAY AFFAIR HON-ORING W. R. PURSER
 Honoring W. R. Purser who has given so generously and willingly, his talents in song service for the Lord and to the good people of Howard County for the past 27 years an all-day singing and dinner was given at Knott, Texas, Sunday, May 29.
 An estimated crowd of over 1,000 attended this singing from all parts of the county. Every singing class in Howard County was well represented and expressed their full appreciation for Mr. Purser and the time and labor he has so generously given to them all in the past 27 years.
 Mrs. John Marchbanks, Mr. Steve Baker, Mr. C. C. Nance and Mr. Fred Whitaker welcomed Mr. Purser as he entered the church by singing an old song written by him. This started the singing spirit which lasted thru-out the day. Other singers present were: J. A. Kinard, W. A. Prescott, Will Gregory, Mr. Cook of Coahoma singing class and the Prairie View singing class which gave two special numbers on the program.
 At lunch time a most wonderful dinner was served to the enormous crowd present. Mr. Purser's expression was that it was "a splendid dinner just the kind that makes us want to go to singing every Sunday."
 At one o'clock the real singing started. Mr. Purser arranged the evening program as he always does and each singer was allowed to lead. Special music was rendered by the quartet. Rev. S. J. Horton made a fine talk on the text: "I have kept the Faith. I have fought a good fight, I am ready to be offered up," which is so familiar to us all. The singing was brought to a close about 5 o'clock. Everyone expressed his appreciation for the day and his enjoyment of the occasion.
 Mr. Purser asked that in conclusion I give to the good people of Howard County who gave this for him and who were so kind to come and give of their time, his sincere appreciation, and best regards. He said that he could not enjoy anything better than a good old all-day singing.
 L. E. Lomax, Chairman.

SALEM NOTES
 Sunday school was well attended the first Sunday. Owing to the sandstorm blowing up late Sunday eve a very small crowd attended E. Y. P. U. Sunday night.
 John Robinson of Lamesa was visiting with Mr. and Mrs. W. H. Robinson Wednesday night.
 Mr. Campbell and family of Big Spring spent Sunday with Mr. and Mrs. Horace Dearing and family. They attended our Sunday school; also after attending Sunday school Mr. and Mrs. Earl Hull motored to Coahoma to be the Sunday dinner guests of Mr. and Mrs. Henry Mustgroves.
 Mrs. Dee Robinson visited with Mrs. Sam Buchanan Jr. Monday afternoon.
 Mrs. J. W. Fryar and children of Moore spent Friday night with Mr. and Mrs. A. J. Wilson returning home Saturday morning with Mrs. Wilson accompanying them home to spend the week-end.
 Mr. and Mrs. Horace Dearing spent one day last week with relatives at Fairview.
 The young folks enjoyed a party given by the Misses Eva and Bertha Miller Friday night.
 Mr. and Mrs. Shirley Fryar and daughter, Betty Res, of Highway, and Mr. and Mrs. S. L. Newsum and family enjoyed some delicious ice cream with Mr. and Mrs. Clarence Fryar Saturday night.
 Miss Louise Rogers spent Monday afternoon with the Misses Oma, Omega and Mattie Buchanan. They enjoyed a horseback ride.
 Mr. and Mrs. S. B. Hull and family spent a while Saturday night with Mr. and Mrs. Horace Dearing and family.
 Little Misses Mary and Mildred Robinson and their little brother of Coahoma visited with their grand parents, Mr. and Mrs. W. H. Robinson Saturday night.
 Mrs. W. C. Rogers spent Monday afternoon with Mrs. Ellis Lay.
 Mrs. Ellis Lay who has been quite ill with the "flu" is able to be about her household duties.
 R-Bar's ball team motored down to Coahoma to play ball; defeating Coahoma's team. The score was 11-12.
 W. J. Crawford and daughters, Mrs. Roy Pierce and Miss Hilma Crawford returned last Saturday from an auto trip to Lubbock. Vernon Crawford who has been attending the Texas Technological College accompanied them home.
 Mr. and Mrs. Daye Jones returned last Wednesday from a visit with relatives and friends in Abilene.

"AN EVENING IN HAWAII"

One of the big attractions of this season's Chautauqua program is Vierra's Hawaiians, featuring the spectacular musical production, "An Evening in Hawaii." In a setting of colorful, tropical splendor, produced by special lighting and scenic effects and quaint native costumes, the romance of the South Sea evening is most vividly portrayed.

Hawaii is a land where moonlight is the most gorgeous in the world and where every whispering wave breathes of romance and music. You will be enthralled by the native music as it is played and sung by the company of native musicians.

Moreover, they are past masters at the playing of the latest popular airs. They give to the melody of the day a touch of the subtle harmony of the true Hawaii.

George Vierra, the director of the company, first acquainted Americans with Hawaiian music at the San Francisco Exhibition, where Vierra's Hawaiians were accorded an enthusiastic reception. He is largely responsible for the subsequent popularity of real Hawaiian music in this country.

The company consists of six artists, who play the ukulele, banjo, and guitar. Melody is the soul of music and this company dispenses it in a generous measure. As singers their voices are unusually clear and sweet, true and flexible.

From the rising of the curtain on the fifth afternoon and evening, until the last number, they will hold an audience spellbound.

CARD OF THANKS

We wish to express our sincere appreciation and thanks to our many loving friends who cherished and comforted us by their many deeds of kindness during the illness and death of our beloved husband, father and brother, W. C. Allred. Especially do we thank the Rebeccahs for the beautiful floral offering.

- May God's richest blessings abide with you all.
- Mrs. W. C. Allred.

 - Mr. and Mrs. Jewell Allred.
 - Mr. and Mrs. Oscar Shorten.
 - Mr. and Mrs. Anderson Bailey.
 - Mr. and Mrs. Jim Allison.
 - Mr. and Mrs. R. H. Halbrook.
 - Mr. and Mrs. Oil Allred.

NOTICE OF SALE OF REAL ESTATE

THE STATE OF TEXAS
 County of Howard

In the District Court of Tarrant County, Texas.
 H. H. Hardin, plaintiff, against Barbara E. Bauer, defendant. By virtue of an order of sale issued out of the district court of Tarrant County, Texas, on a judgment rendered in said court on the 18th day of April A. D. 1927, in favor of the said H. H. Hardin and against the said Barbara E. Bauer, I did on the 24th day of May A. D. 1927, at three o'clock P. M., levy upon the following described tracts and parcels of land situate in the county of Howard, state of Texas, and belonging to the said Barbara E. Bauer, to-wit:

Six and one-half acres of land out of the SE quarter of section 42 in Block 32, Township one North, T. & P. Ry. Company survey, located in Howard County, Texas, and described by metes and bounds as follows, to-wit: Beginning on the S line of Sec. 42, also on north line of Section 43, Blk. 32, Township, One North in the Center of Locust Street which joins on said section line for the beginning of the survey; Thence North 13 degrees West 380 feet to a stake and a stone mound; Thence North 77 degrees East 760 feet; Thence South 13 degrees East 380 feet to a point in section line where Beall Street connects with section line, stone mound for corner; Thence South 77 degrees West 760 feet to the place of beginning. (The property as above fully described, the defendant has an equity therein valued in the sum of \$1,000.00).

And on the 6th day of July, A. D. 1927, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Barbara E. Bauer in and to said property.

Dated at Big Spring, Howard County, Texas, this 25th day of May, A. D. 1927.

FRANK HOUSE,
 Sheriff of Howard County, Texas.

**TO HOLDERS OF
SECOND LIBERTY LOAN BONDS**

**EXCHANGE OFFERING OF NEW
TREASURY BONDS**

Notice is given of a new offering of UNITED STATES TREASURY BONDS, dated June 15, 1927, and bearing interest from that date at the rate of 3% per cent. The bonds will mature in twenty years, but may be called for redemption after sixteen years.

Second Liberty Loan bonds will be accepted in exchange for par. Accrued interest on the Second Liberty bonds offered for exchange will be paid as of June 15, 1927.

Second Liberty Loan bonds have been called for payment on November 15, 1927, and will cease to bear interest on that date. Holders of such bonds who desire to take advantage of the exchange offer should consult their bank or trust company at once. The exchange privilege will be available for a limited period only, and may expire about June 15th.

Further information may be obtained from banks or trust companies, or from any Federal Reserve Bank.

A. W. MELLON,
Secretary of the Treasury

Washington, May 31, 1927.

PLAN LANDING FIELD HERE

At the regular meeting of the Luncheon club the committee that had been appointed to see about a landing field for airplanes made its report and the members voted funds to buy a field and provide for the marking of same.

The field will be marked according to government specifications, and will be designated on all government maps as a landing field. It will rank as a class C or D field.

When completed it will enable government flyers as well as commercial flyers to have a suitable landing place.

No Mable! this is not a fact—just a hope that some day we may be able to print it as a real news item.

IT WAS ONLY A FALSE ALARM

There was considerable stirring around about three o'clock Monday morning when the fire siren tore loose with its unearthly whine. The noise was so continued that everyone awake, surmised a big fire had made its appearance. After all it was only a false alarm. The wind blowing the wires together, made a short, causing the siren to start and it was hard to stop.

Less Whittaker of Amarillo, representing Amarillo interests, is here on a mission that will mean much for our city if the Amarillo folks carry out their plans.

**SEASON OPENS FOR
TOURIST "MOOCHER"**

This is the season for the tourist "moocher."

Every day some "tin can knight of the road" finds his way to the office of the City Welfare Department, seeking aid to get "home" or to a job in a nearby city or town. The request almost always is for gasoline.

"The average person who comes up here wanting us to supply him with gasoline so that he may continue his journey, is a shiftless appearing individual," Dr. L. H. Martin, superintendent, said. "He always lives in some city or town not so far away, or is going to such a place where he has a job and hasn't quite enough money to buy gas to get there."

"Sure, we'll be glad to loan you a little money," I tell them, "but you'll have to let us have your car for security."

"That never fails to get the desired result and the 'moocher' vanishes at once."—Fort Worth Star-Telegram.

**JESS SLAUGHTER PLANNING
MODERN CAFE ON MAIN ST.**

Jess Slaughter is to install a modern cafe just north of the Home Bakery on Main street to replace the hamburger stand he owns there. He will increase the size of the building to 25x35 feet and install the most modern equipment for a first class cafe.

Work on the building is now in progress.

J. M. Bates is now looking after the mail on RFD No. 1 while H. S. Meskimen enjoys his annual vacation. J. M. states that if it has not rained by the time the Herald goes to press it will rain soon, as it has rained every time he has acted as rural mail carrier.

According to the sandhouse dope the Texas & Pacific railway will be totally absorbed by the Missouri Pacific Ry. by 1930. The name Texas & Pacific stenciled on cars and engines will be no more as it is to be replaced with the Missouri Pacific lettering.

Miss Marian Hutto returned the latter part of last week from Milford, where she has been attending Texas Presbyterian College, to spend the summer with homefolks.

**DAILY VACATION BIBLE SCHOOL
AT PRESBYTERIAN CHURCH**

Mrs. T. F. Huggins will be director of the daily vacation Bible school to be conducted at the First Presbyterian Church in Big Spring, two weeks, beginning Monday morning, June 13 at 9 o'clock. This school will include Sunday school classes from beginners through the intermediates, and a most cordial invitation is extended to every child in Big Spring and the county to attend.

Much good will be derived from attending the Bible school and able teachers will assist Mrs. Huggins in carrying on the instructional work.

Start coming Monday morning and you won't want to miss a single day. Classes will be held in the morning from 9 until 12, noon.

PRESBYTERIAN AUX. NOTES

The regular meeting of the Presbyterian Auxiliary will be held at the church at 4 o'clock Monday afternoon.

All of the ladies are urged to be present. The following program will be given:

Devotional—Mrs. R. L. Owen.
Piano Solo—Elza Jeanette Barnett
College Days—Agnes Currie, Marian Hutto.
Vocal Solo—Mrs. L. S. McDowell.
A Story—Mrs. J. I. McDowell
Song—Blest Be the Tie That Binds Mizpah.

TELEPHONE OFFICIALS HERE

M. H. Moore of Abilene, district manager for the Southwestern Bell Telephone Co.; F. C. Bookout, district traffic chief, and G. M. Haley, district construction engineer, have been here, this week to make a survey of the telephone needs of Big Spring.

They promise our city a big improvement as to telephone service but refuse to name any definite date for starting on this work.

**ANOTHER EVIDENCE OF
OUR CITY'S GROWTH**

If you doubt that Big Spring is expanding take a look at the records of the city water department.

Thirty-five new water connections were made last month. More than three hundred connections were made during the past six months.

Try a large can of crushed pineapple for 30c, sliced 35c. The White House.

REMEMBER

Fathers' Day

Sunday, June 19th

Merely some small token of remembrance --- something to your esteem for the "grandest daddy of them all." Here are suggestions from the Men's Store any one of which is sure to help you select the very thing for father. Things he will appreciate whether he is forty years old or seventy years young.

Comfort for Father

In These

Hot Weather Straws

Look under the inside band of dad's hat and get the size. That's all we want to know to help you select the new one he needs. Yeddos, Panamas, Sennets and Leghorns. Solid black or tidy fancy bands. All well known Townsend-Grace Straws.

Interwoven Sox
50c, 75c, \$1.00

Dozens of new patterns in fancy sox—sure dad will like a pair of gay sox too, and anything you want in solid colors, silk or hile.

Give him a pair of
Florsheims
Most Styles

\$10

Oxfords at \$6 and \$7.50

They get more admiring looks than a diamond pin. Men of good taste naturally choose to wear Florsheims. In tan shades and black—lasts to fit every foot in bal or blucher styles. Leather heels for young men.

If you don't care to pay more than \$6.00 to \$7.50 for good oxfords, then we have them at that price. Solid leather with good workmanship. In black and tan.

Wm. Patterson left Monday morning for a visit with relatives in Rankin.
Miss Gladys Pope of Talco, Texas, is here on a visit to her friend, Mrs. Carl Mowick.
Miss Ruthe Miller left last Thursday for Denton, where she will attend summer school at the College of Industrial Arts.
Marvin Frost returned Sunday from Lubbock where he has been attending the Texas Tech, to visit homefolks.
Mrs. S. D. Graves and son, Jack, of Cumby, Texas, arrived Monday for a visit in this city with R. A. Graves and family.
Miss Miriam Kennedy left the latter part of last week for Denton, where she will attend summer school at the College of Industrial Arts.
Mrs. W. A. Ricker, Miss Mabel Ricker and niece, Cookie Ricker, left Monday morning for a visit with relatives and friends in Dallas and Corsicana.
Miss Thelma Lovelace of Fort Worth has been the guest of Mr. and Mrs. T. M. McWhorter at the McWhorter ranch the past several weeks.
There's just a little selfishness around for Big Spring to get it really should. For the chance to meet so commensurate take a back seat.
Some of our people the right spirit. In Big Spring citizens who have more money are willing to invest where else town. You will see can't.

The Big Spring Herald

BY T. E. JORDAN

\$3.50 A YEAR OUTSIDE COUNTY
\$2.00 A YEAR IN COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, June 19, 1927

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

Barnum said one was born every minute. The only trouble with Barnum was that he was too conservative.

Just when big things in our oil fields are going to break loose we are unable to state, but when the Gulf's ten inch pipe line is completed from Midland to Ranger the development program start is moved that much nearer.

Some folks find great delight in talking—and when that's said all is said, for the talking is about all they do. We need more men who are willing to put time and money into propositions which will cause the old town to keep moving along.

Most of the big strides in the growth of Big Spring have been due to circumstances over which we had no control. We talk much but when it comes right down to the scratch we fall short of doing for our community the things that we should.

The boys in Big Spring who are in the big money class are not going to risk much of their coin just to help the home town. They want to see something coming back before investing and if there is any risk they are going to wish that on the other fellow.

The accidental bringing in of a three hundred barrel oil well in the oil fields surrounding Big Spring causes not even a ripple of excitement anymore. The Pure Oil Co. brought in what is considered better than a 300 barrel well in the Chalk field last week.

There will be quite a scramble to purchase property in Big Spring when oil development hits its stride this fall or early next spring. More building will also be in order than ever before. If you have a little surplus money to invest now is the time to do your buying.

If the Gulf Co. decides to put in a big refinery here to extract gaso-line from the gas now coming from their wells in the Chalk field, and then makes provision to supply Big Spring with gas for domestic and commercial use we certainly will be "sitting on top of the world."

Another five mile stretch of territory was added to the Howard County oil fields last week when the Marland well on the Guitlar ranch struck pay. It certainly appears as though Big Spring is to be circled by oil wells—they are more than halfway around the circle up to the present.

We wonder how many of our readers read the article "The Business of Living Together," which was printed on page two of the Big Spring Herald last week. If you failed to read it, hunt up last week's issue and read this article from beginning to end. It will help you to make a better citizen.

From the way some folks live it is evident that they have no thought of the future. Just how, why or where they expect to spend eternity means about as much to them, as where they will spend next year. Their only thought—if they ever have one—is of themselves, and the pleasures or riches they can get out of today.

All the Chamber of Commerce is expected to do is get busy and cause Big Spring to double in population in a jiffy. Oh yes! the property owners expect to do their part—which is to reap the profit when real estate doubles or triples in value. Oh, no! they can't afford to contribute anything to the support of the C. of C.

The traffic regulations seem toirk some folks—possibly the ones responsible for their adoption—since folks who drive carefully are not "gripping." Turn irresponsible drivers loose on our streets and highways and the lives of our citizens will be endangered. Most of the folks who drive too fast are not going anywhere, except, possibly, to the devil.

If we can just stay in and pitch we cannot help but win. It's going to take an extra bit of nerve but you can't run away and win.

If we did not receive any moisture from the clouds which put on a show last Sunday we at least were treated to some cooler weather which was quite a treat. "Keeping cool with Coolidge" or anyone else is our biggest job these days.

A fellow would just as cheerfully part with his left leg as with his automobile. It seems impossible for a fellow to walk two blocks after he has owned an automobile a short while—and once an owner of an auto, always an owner.

Six thousand cases of heartbreak is the way one writer pictures the residents of the flooded area in Arkansas and Louisiana. When inclined to get blue just picture the case of the flood sufferers and your troubles are slight compared to theirs.

"You have a fine little city here," is the way most visitors speak of Big Spring. "You have a good foundation for a large and prosperous city—such as is practically assured when the extensive oil territory in Howard County is being developed."

Another modern hotel is in prospect for Big Spring, so 'tis said. We have not been able to get any definite dope on the proposition however. It's probably the same with reference to an office building; if someone starts the ball rolling it will not be so difficult to interest others.

A municipal parking place is about the biggest need in our city on Saturday. Parking space is at a premium for many blocks along the streets in the business section. We just can't persuade folks who live in town to park their cars at home one day a week to help relieve the situation.

"Well done never dies." Ask the historians. Ask the biographers, the makers of monuments, the singers of old brave songs. Ask any of us who has drawn strength and benediction from some good life that wrought well for God and fellow man, before our eyes. "Well done never dies."—Ex.

There are quite a few business men here who should never criticize anyone for patronizing the mail order houses for they have the mail order habit the worst way. They will not give others the same chance to make a profit on merchandise as they expect but yell their heads off if we get our goods out of town.

We want gas. The bringing of gas to Big Spring will mean a greater convenience for the home and a cheaper fuel to attract industries here. New folks and new enterprises of various kinds will be easier to secure when gas has been brought to our city. It sure will be fine when we will not have to pack out ashes on cold winter mornings.

Housewives in West Texas are certainly patient and long suffering. If we were a housekeeper we would lock up the house until these sandstorms had worn themselves out, and hike to the mountains until warm weather was over. Mere man don't know what it is to clean house only to have a sandstorm pop up just as you have completed the task.

Consider the emotional drive. Where has it not carried man? To what heights and depths has it not driven him? To fiery passion for life, the haunting fear of the unknown! The ages-long persecutions, the massacres, the burnings, the torturings, the revillings, done in the name of God to prove that God is just! The hells that have been invented to scare children into loving a merciful God. How the heavenly choir must have wept—or laughed! —George A. Dorsey.

There will be plenty of time to advertise to the world the fact that we have a real oil section—right now we have twenty-eight miles of oil territory indicated by producing wells. There is no use trying to force development in the face of the present slump in the price of crude. But at the best, we are not going to be halfway prepared to take care of the new folks who are going to flock into this section when things break loose. Some capitalists are overlooking a good bet in not investing in real estate here and erecting office buildings and apartments.

GENERAL OVERHAUL

A dentist says that he had an absent-minded motorist in his chair the other day. "Will you take gas?" he asked. "Yeah," replied the a-m patient, "and you'd better look at the oil, too."—Boston Transcript.

General Motors

The Chevrolet Motor Company is a unit of the General Motors Corporation—the greatest automotive organization in the world. The vast resources and engineering facilities of this organization are largely responsible for Chevrolet's matchless value.

Research Laboratories

A technical staff, representing every science related to the design and construction of motor vehicles, is continually testing and experimenting in the General Motors research laboratories—in an endeavor to improve the quality of Chevrolet cars.

Proving Ground

The General Motors Proving Ground, comprising a tract of 1145 acres, is located at Milford, Michigan—forty miles northwest of Detroit. Fleets of Chevrolet cars are under constant test at the Proving Ground—driven every day and night under every conceivable condition of road and load.

12 Great Factories

Chevrolet cars are manufactured in 12 great factories, located at strategic shipping points throughout the country. Every factory is equipped with the most modern machinery known to engineering science—performing every manufacturing operation with maximum efficiency.

Volume Production

Chevrolet is building cars at the rate of 4,500 a day! Because of this enormous production, Chevrolet is able to purchase materials in tremendous quantities—at the lowest prices available. And these savings are passed on to the purchasers of Chevrolet cars in the form of increased quality and value.

For Economical Transportation

WHY Chevrolet can offer such marvelously fine cars at such remarkably low prices!

Only when you know the facts about the Chevrolet Motor Company is it possible to understand how Chevrolet can offer such marvelously fine cars at such remarkable prices.

A unit of the General Motors Corporation, the Chevrolet Motor Company is backed by the vast resources and tremendous purchasing power of this mammoth organization—by the greatest automotive research laboratories in the world—by the greatest outdoor automobile proving ground ever created—and by the most famous engineering staff in the history of the automotive industry.

The twelve great Chevrolet factories are equipped with the most modern machinery known to engineering science, performing every manufacturing operation with maximum efficiency—while tremendous volume production makes possible enormous savings, both in the purchase of raw materials and in the manufacturing processes. Come to our showroom and see the Chevrolet models—and then you will know why thousands of buyers are selecting Chevrolet each day!

POTASH SHOWINGS

Government experts conducting the potash exploration tests in the Southwest find evidence supporting the theory that there exists in this region vast supplies of the salts commercially available. The initial core test, being drilled in Eddy County, New Mexico, has produced a record sample, according to W. B. Lang, potash geologist of the United States Geological Survey. The core shows a recovery percentage of 94, being well above the grade which is the minimum for profitable mining.

In the meantime, potash tests in West Texas, where indications point to thicker beds at a shallower depth, have been delayed through the stupidity of the authorization bill as passed by Congress. These difficulties are shortly to be ironed out, and the way cleared for a thorough determination of the exact status of potash deposits in this country.

If even a part of the possibilities of potash in the Southwest proved out in the exploration test, the result will be worth more to the United States than the discovery of many new oil fields. Fort Worth Star-Telegram.

SAN ANGELO OIL MEN VISE

R. R. Massey, J. W. Schenker and W. A. Wagner, San Angelo oil men, were business visitors Wednesday to Big Spring. They found considerable lease activity in the vicinity of the Marland No. 1 Guitlar, which is shut down for orders at 3000 feet, and royalties selling around the Marland No. 1 Fisher on a 350 base. The Fisher is fishing for tools at 400 feet. San Angelo Standard.

A POKER TALE

"Did you hear the story of the nut and the raisin?"
"No, shoot the works."
"Well, it seems he kept raisin' and raisin', and when he was called he had nothing in his hand."—Ex.

MITCHELL CO. NEWS ITEMS

Mrs. J. E. McCleary and Mrs. J. G. Merritt went to Big Spring Thursday and Mrs. McCleary organized a Young People's Missionary Society. The family of Leslie Thomas have moved back to Big Spring. They made many friends during their stay in Colorado and will be greatly missed. Especially do the women of the Methodist Church hate to give Mrs. Thomas up.

Prof. A. W. Franklin, principal of high school at Vernon, Texas, is visiting the Hutchins family at Lovaine and Benton Templeton of Colorado. He is looking over the field with a view of applying for the superintendency of the Colorado schools.

Miss Sallie Buchanan, who lives at Big Spring, was a teacher this year at Sulphur Springs and closed her school there this week. On her way home she stopped off in Colorado a few days to visit her sister, Mrs. Walter Whipkey, and on her way home took the children, Virginia Rose and Bettie, for a week's visit to their grandparents, Mr. and Mrs. W. B. Buchanan, of Big Spring. Colorado Record.

WHY THESE FIRMS SHOULD BE PATRONIZED
By LeRoy Merrick
511 Douglas St., Big Spring

Having a week-end to pass, owning a car, and desiring to visit friends in Lamesa, I left San Angelo Friday afternoon, and drove leisurely to Big Spring, where I determined to spend the night.

As travelers, particularly healthy ones, must eat, I sojourned forth, after securing a room, in search of a cafe. I crossed lower Main street, where, attracted by the size and clean appearance, entered the Busy Bee Cafe.

It will be granted, I think, that most travelers soon tire of the ordinary restaurant fare and eagerly return to domestic meals. Until I tasted the Busy Bee's chicken lunch preparation, I had been no exception; but after that event I changed.

At the cafe I met Clayton Green, a Lamesa friend, who had just moved to Big Spring. I left my lodging and went, at his request, to his apartment for the night. I had mentally determined to continue to Lamesa at day-

break. But even my most fixed resolve was broken, as I, under Clayton's pressed invitation, remained with him until late Saturday evening.

My friend, who possessed as much leisure, due to delayed occupation, (though not as thankful for it) spent the Saturday forenoon at his quarters letting fall on my defenseless head his praise of Big Spring (scarcely conceivable after his so short occupancy).

"We have," my friend's oratory included all. "In the Big Spring Hardware Company, a firm fully, expertly equipped," (true, for I had visited it earlier than morning); "the Campbell's Tailor Shop with its 'press while you wait' system; the Creath Furniture store and mattress factory; the Vogue Beauty Shoppe, employing the best permanent waving machine in existence; and the Allen Grocery Co., whose various foods you ate with such evident gusto at breakfast. Truly now, do you not think we are as fully up to date, if not more so than even your San Angelo."

Being bored by Clayton's speech, I would not have made the mistake of opposing his re-

cently grasped patriotism for his newly acquired city, if he had not endeavored to prove Big Spring the equal or superior of my own town. Thus my "home town" spirit was elevated, and I contradicted his last statement, declaring:

"We have large plumbing companies and branch offices of great motor cars in San Angelo with repair shops and filling stations for the upkeep of these cars. You do not have them in Big Spring," (at least, I had not seen them); "furthermore, you do not possess any flower conservatories to match ours; hence you are not our equals." I desisted impressively, with the air of victory won. Not so, however, for he replied quickly, almost retorting:

"You are mistaken. We have the low-priced Coleman Electric & Plumbing Company, the Buick Garage, and McNew Overland Co., with automobile supply houses at the Big Spring Wrecking Company and the Ideal Service Station. And, as far as your knowledge about our lack of flower conservatories is concerned, it is absurd," (you see he was almost angry). "We have the Couch Greenhouse and Floral Company."

Dec and Bery Purser are in Fort Worth this week attending the state convention of furniture dealers.

BANKHEAD CAFE OPENING

While the Bankhead Cafe is now located in their handsome quarters in the new Elliott building, just two doors east of the former stand, the management plans to celebrate with what might be termed a house warming on Sunday June 12.

A big chicken dinner is to be served and all who really appreciate something good to eat are invited to visit the new quarters on that date. You are not only going to be served one of the finest meals you ever enjoyed but you are going to be shown what real service is.

Take this opportunity of visiting the Bankhead Cafe, noting the up to date equipment and furnishings, the neat and attractive interior and the spotless cleanliness throughout.

Prompt and courteous service is as in the past, to be the outstanding policy. The Bankhead Cafe is proud of the long list of satisfied customers it has won and is now going to press onward in its endeavor to merit the patronage of many new patrons.

Be sure to attend the big opening feature next Sunday.

J. I. Prichard, county and district clerk, left Wednesday evening for a visit with relatives and friends in Fort Worth.

HARRY SNODGRASS AND HIS ANNOUNCER HERE MONDAY

Harry Snodgrass, "King of the Ivories" and known as the world's most popular radio entertainer, will be in Big Spring in person Monday, June 13 at the R and R Lyric theater. Coming with Mr. Snodgrass is radio announcer J. M. Witten, who operates station WOB, Jefferson City, Mo.

Many Big Spring radio fans have heard Snodgrass over their radios, and will receive the news of his coming with delight and anticipation. He has thrilled millions on the air and

you will be just as thrilled when you see him and hear him play in person. As "King of the Ivories," Snodgrass demonstrates talent and plays the songs that are favorites with the majority of fans.

This evening with the radio entertainer at station WOB will prove to be one of the most delightful you have ever been treated to. To be here one day only, means that you must get reserved seats and come early. This will draw a record breaking crowd to the Lyric. Make your plans now to see and hear the King of the Ivories perform.

Announcing

CONOCO AMALIE MOTOR OILS

CONOCO dealers can now supply you with Conoco Amalie Motor Oil in the proper consistency for your particular motor. It will be worth your while to try it, for this oil has the unqualified approval of the experts who have designed and perfected motors for 207 automotive vehicles. These engineers have learned by actual tests that Amalie, 100% pure Pennsylvania oil, does a 100% lubrication job. And these engineers know that oil is the life-blood of the motor. If the oil breaks down, so does the motor.

Made from premium crudes from the famous Butler and Franklin fields in Pennsylvania, Conoco Amalie Motor Oil gives lubrication unsurpassed by any other oil in the world. It stands up under the most intense heat. It retains its viscosity—thus sealing the pistons and greatly reducing crankcase dilution, the cause of so much costly wear and tear on the motor.

Conoco Amalie is not a "tramp" oil. Every batch is sampled and tested in the laboratory before being packed in the drums and cans from which you get it. Look for the Guaranteed 100% Pennsylvania Oil trade-mark on the Conoco Amalie container—at your service station or garage. Then you will be sure to get the right oil for your motor—the kind of oil that the manufacturer of your car wants you to use.

Get it at the familiar sign of the Continental Soldier.

RUSSELL RESIGNS
"HELLO" OPERATOR
 Miss Russell has resigned as chief operator at the Bell Telephone Company and left Wednesday for Fort Worth, where she has a home. Miss Russell has been in the employ of the Bell Telephone Company for many years and they have found a more efficient worker. During this time, Miss Russell has not worked, nor did she take her desk of duty. This is the first time that few of us can boast of the company will find one to fill as efficiently as did her many in Fort Worth.

CRAWFORD HOTEL GOING UP

The splendid progress now being made on the new Crawford Hotel is indeed gratifying and from all indications this building should be ready for occupancy before the stipulated date, September 15. The basement, first and second floors are now in a finished stage—or at least the concrete work and reinforcement has been completed. Superintendent Vought states that a floor or story can be completed every ten days from now on.

While the hotel is to be a five story fire proof structure of 100 rooms, it is so planned that two additional stories can be, and will be added if it appears to Mr. Crawford that Big Spring needs more hotel accommodations.

If the oil development gets going any time within the next two months we believe it will be easy to prove to Mr. Crawford that there is need of his adding two more stories to this hotel.

THE FASHION TO OPEN

The Fashion, featuring ladies ready to wear, is another new business enterprise for Big Spring.

Max Jacobs of Greenville has rented a space in the new Elliott building on East Third street and will open with a complete stock of ladies ready to wear, millinery, hosiery, etc.

Mr. Jacobs comes highly recommended as a citizen and a business man, and we extend him a cordial welcome to our city.

TO OPEN DODGE BROS. AGENCY

H. B. Allen of Sweetwater was given possession of the brick garage building on East First street, formerly used as the Bus Terminal, and is to open an agency for Dodge Brothers automobiles there at once.

DOCTORS WARN of hot weather dangers

For the sake of your family's safety, read this news item reprinted from—

THE DALLAS MORNING NEWS, MONDAY, MAY 30, 1927

For Class Y. Mallins Preaches Sermon to 5,000 Students
 Y. Mallins, pastor of the First Baptist Church, preached a sermon to a class of 5,000 students at the University of Texas, May 29. The class consisted of 400 members of the Y. M. C. A. and 4,600 students of the university. The sermon was held in the gymnasium and was the largest ever held at the university.

Poisoning From Food Made Stale by Heat Treated at Hospital
 More than a dozen cases of acute food poisoning have been reported to doctors at the Emergency Hospital since the advent of the extremely warm weather, and a warning to the public to guard against spoiled eatables was issued Sunday by Drs. D. R. Scott and W. C. Snow of the Emergency Hospital, who have handled the majority of the patients. Food which has been cooked one day and kept over for one or more days is very likely to cause serious poisoning cases which have been caused by the eating of stale pies, although the doctors pointed out that any kind of food, if allowed to stand several days, may contain germs which cause poisoning. Butter and milk, which should be kept in a refrigerator, are especially perishable foods. Dr. Scott said that any food that has become stale should be thrown out and not eaten. During the hot weather only light food should be eaten. He continued, "Stay away from meats, heavy pastries, pies, puddings, and the like. In the summering, the system does not need nearly the amount of food energy that is required in winter, and overeating in hot weather simply causes illness. Drink plenty of milk during the hot days. Cooling drinks are beneficial, but do not drink too much ice water."

Myrtle Penson, Accident Victim
 Myrtle Penson, 15, daughter of Mr. and Mrs. J. P. Penson, 222 Second avenue, was killed Sunday afternoon by an automobile. She was driving a 1926 Buick. Death resulted from a skull fracture. The car was driven by a 3505 Commercial.

Heed This Warning—

Protect Your Family's Health by Taking ENOUGH Ice!

When the health of your family is at stake, no price would be too high to pay for the protection which ice gives—yet, ice is the cheapest commodity that comes into your home. Play safe—tell your Southern Ice Service Man to keep your refrigerator filled!

WHAT'S DOING IN WEST TEXAS

By the
W. T. Chamber of Commerce

Miles — An up to date 15-room hotel is under erection here. The building is a two story structure, located in the heart of the town, and is under management of Joe Thelle.

Breckenridge — A conference of oil men in the West Texas Chamber of Commerce territory has been called to meet here at 6 p. m., June 13, for the purpose of more fully coordinating efforts, and for taking some definite action of the recommendation for creation of an Oil and Gas Bureau of the West Texas Chamber. Members of the Texas Railroad Commission, the president of the Mid-Continent Oil and Gas Association and many other prominent professional leaders will attend the conference. The proposed Oil and Gas Bureau of the West Texas Chamber of Commerce would have for its purpose "the exploitation, conservation, protection, and development of the Oil and Gas Industry of the West." The advisability of such a bureau will be discussed and decided upon at the Breckenridge meet.

Pyote — Organization of an active chamber of commerce was effected here recently at a mass meeting of the Pyote citizenship. Men from every phase of the commercial and civic life enlisted in membership of the body. Among officers elected were the following: Paul S. Cotner, president; A. J. Sitton, vice president; and J. J. Ross, secretary-manager.

Cisco — Notable and prominent leaders of West Texas and the State will be in attendance at the Board of Directors meeting of the West Texas Chamber of Commerce to be held here June 13. This gathering will mark the first official executive session to be held by the board appointed at the ninth annual convention. Momentous action is expected to characterize the meeting at which a comprehensive program for the year will be outlined.

Dalhart — Cream receipts for the Kaufman Creamery Company, which has been located in Dalhart for the past two years, totaled \$5300.69 for the month of May up to noon of May 27. This amount is more than twice the business of May, 1926. More than 459 farmers are patrons of the creamery. The establishment has promoted introduction of several carloads of dairy cattle.

Sweetwater — Sweetwater will be the assembling point for the distinguished personnel which will make up the motorcade party sponsored by the West Texas Chamber of Commerce to the Davis Mountain section of West Texas and to the scenic

wonderland of Eastern New Mexico. Cars will gather here July 2, and will proceed with Alpine, Texas, and Clouderoft, New Mexico, as objective points, at which places district West Texas Chamber of Commerce conventions are scheduled. Short stops are to be made at towns enroute and three days will be spent in side trips to points in the Davis Mountains. One or two days will be spent in El Paso. An exploring party through the famed Carlsbad Caverns will climax and close the trip.

Slaton — Construction is in progress on between fifteen and twenty blocks of street paving in the residence section of the city. When completed, there will be 40 blocks of pavement in Slaton. It is all of brick laid on a concrete base.

McCamey — An emergency fire works system is under completion here, giving McCamey fire protection which it has needed since the town was first built. Actual proceedings have been started toward building a road to the Yates oil field, thereby giving McCamey additional 25 miles of trade territory and giving the town connection with the greatest shallow oil field in the world. Erection of \$200,000 worth of new schools is also underway. All these projects are being sponsored by the chamber of commerce which recently organized with the following new officers: Tyron Lewis, W. H. Chiles, J. W. Schooler, G. L. Hildebrand, E. L. Cole. Cole is secretary-manager of the commercial body.

ATCHISON IS DISSATISFIED WITH REFEREE'S DECISION

Tex Atchison the Fort Worth stock yards wrestler is very much dissatisfied with the referee's decision at the wrestling match last Thursday night, and is requesting Matchmaker Faust to give him a return match at the earliest possible date. Tex proves his claim to the third and last fall with the book of rules as kicking is barred by the recognized Police Gazette rules as well as the amateur rules and states that he had the local boy going and would have ended it with an aeroplane swing had not London kicked him under the chin.

BIG DANGER IN BATHTUBS

You are more likely to be hurt while using the bathtub than you are in getting in or out of bed or standing on a stepladder, according to accident reports of a large insurance company. In 1926, out of a total of 33,303 claims paid, ninety-eight went to persons injured in bathtubs, thirty-six to those who had fallen from ladders and forty-four persons hurt while entering or leaving their beds. Another feature of the company's report was that more men were injured in the comparatively mild sports of golfing, fishing, tennis and gymnasium exercising and squash than in the more active game of football.—Ex.

Big Spring folks need not use this as an excuse to refrain from taking their regular Saturday night dip.

ANOTHER GOOD "DAILY DOZEN"

1. A little patience—at least once.
2. A minute of unselfishness.
3. A kind word—or two or three.
4. A bit of self-control—somewhere.
5. A flash of generosity.
6. A prompt excuse—for someone else.
7. A noble thought—perhaps a text recalled.
8. A good deed—not left undone.
9. A moment of thankfulness—for blessings enjoyed.
10. A brief prayer—for a friend in trouble.
11. A kindly smile—where it may brighten another.
12. A catch of song—or hum of a tune.—Unknown.

WET

The haggling at the seat of government as to methods of enforcing the Prohibition Law does not promise much for enforcement. The Republican Party is, in fact, just as wet as the wet wing of the Democratic Party, with this difference, that the Republican Party says nothing about the matter but behaves in a way quite satisfactory to the wets, while the wet wing of the Democratic Party says quite plainly that it is wet, to the great consternation of all dries. The wets have it either way.

If prohibition were a matter of as great public concern today as it was a few years ago, the Republican administration would be nationally repudiated by the moral indignation of the people.—Dearborn Independent.

OFFENSIVELY ROBUST

Askins—"I understand your old aunt is very rich. Does she enjoy good health?"
Ardrupp—"Enjoy it? She positively gloats over it."—Boston Transcript.

Diamonds—over 150 bargains to select from, at Wilke's Jewelry and Optical Shop—the diamond house of West Texas.

LONDON HAD TO KICK WAY OUT

Billy London met one of the toughest opponents that he has ever met on the mat last Thursday evening at Miller's skating rink arena, when he tackled the pride of the Fort Worth stock yards, Tex Atchison. Both men were in the best of condition and were at all times on the defensive end of the game. The match was fast and furious and gave the fans plenty of thrills, keeping them in an uproar at all times. Practically every hold known to the game was used by both contestants and Atchison was weak on the Jiu Jitsu tactics and warned the referee and the local boy several times that they were barred by the Police Gazette rules; however, the local boy continued to use them and had Tex almost jumping from the ring several times.

London took the first fall in five minutes and thirty seconds with a series of flying mares, and after a short rest Atchison came back strong and was on the aggressive end as well as the defensive and had the local boy at his mercy in short order and secured the second fall in three minutes and thirty-two seconds with one of the most dangerous holds ever seen on the local mat—the leg split.

Both men came back determined to end the match at the earliest possible moment and gave the fans plenty of excitement; London trying to trick the Fort Worth boy into one of his favorite body slams fell into an aeroplane swing and was forced to kick his way out; kicking Atchison under the chin and sending him down for the count in seven minutes flat, and secured the last fall with top scissors and a half nelson. Atchison, a true sportsman, took his defeat good naturedly and did not protest the referee's decision, which according to the rules of the game should have gone to him on a foul as kicking is barred, and asked Matchmaker Faust to give him a return date as he is extremely anxious to show the fans that he can defeat the local boy.

The semi-final was not up to the expectations of the crowd and the scheduled six round boxing exhibition between Red Rossier and Earnest Holder was stopped at the end of the third round by Matchmaker Faust as the boys were not satisfying the fans. Holder was the most scientific men of the two and did not make any effort to land any blows on his heavy opponent, due to a strained ligament on his right shoulder, and was forced to cover his head and body at all times to offset the rushes of the local rig builder.

The semi-wind up between Raymond Sheppard and Joe Popejoy was full of pep and created lots of excitement and was up to the standard, both boys battle clean and fast and the six rounds were evenly divided and the bout was ruled by the fans a good draw. Both of the boys showed to the fans that they have real science and were capable of giving and receiving plenty of punishment and won the applause of the fans during their exhibition.

The crowd was the largest that has ever witnessed the wrestling matches produced by Matchmaker Faust and he was warmly congratulated Friday morning by the fans for his wonderful exhibition.

Don't Be Embarrassed By Skin Diseases

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores your case to a healthy condition. Eczema, Tetter or Cracked Hands, Poison Oak, Ringworm, Scaly Blistered Feet, Sunburn, Old Skin Sores—all of these have yielded to its wonderful healing power. 40c and \$1.00 a Jar. Soap 25c, at

WHEN YOU WANT GOOD WOOD and COAL

Purser & Howell, Proprietors

BIG SPRING, TEXAS

Mrs. Louis Crutchfield and Mrs. Travis of Clyde are the guests of Mrs. E. D. Merrill this week.

Miss Alice Dawes returned Sunday from Canyon where she had been attending school at the West Texas Teachers College, to spend the summer months in this city with her parents, Mr. and Mrs. W. R. Dawes.

Less Whitaker and family of Amarillo, enroute to Winkler County oil fields, visited relatives and friends in Big Spring a short time Wednesday.

Taylor Berry of Cisco has been a business visitor in Big Spring this week. Mr. Berry owns a string of lumber yards in West Texas, one of same being located in this city.

Mrs. Herb Lees has been quite ill this week.

Mrs. Gordon Phillips returned Wednesday from a visit with relatives and friends in Dallas.

Blake Anderson left Wednesday for Paris, Texas, where he will spend his two weeks vacation visiting homefolks.

Mrs. W. D. McDonald and son, Cecil, left Wednesday night for a few days visit in Dallas, with relatives and friends.

Mrs. S. A. Hathcock and daughter, Mary Hazel, returned Friday night from a visit with relatives and friends in Dallas.

Mrs. Joe B. Neel and sons, Byron and Junior, are in Austin visiting Mrs. A. E. Sullivan. They plan to return home Saturday night.

Misses Catherine and Ida Belle Higgs of Bryan, Texas, arrived Saturday morning for a visit in this city with A. E. Pistole and family.

Miss Elza Jeanette Barnett returned Monday from Fort Worth, where she has been a student in Texas Woman's College, to spend the summer months with her parents, Dr. and Mrs. W. C. Barnett, other relatives and friends.

John Schram expects to leave soon for an extended vacation trip. He will go to Hot Springs, Ark., for a short stay, and then on to Pennsylvania, for an extended visit with relatives. He expects to see the Pittsburg baseball team win a number of games.

The passing of "dry checks" continue in order and the business men are going to be compelled to tighten up on cashing checks for folks they don't know. Even Sheriff Frank House confessed to being a victim to a "dry checker" this week. Better miss a sale than take a chance on a dry check.

Mrs. E. O. Ellington and daughter, Miss Dorothy, returned Wednesday from Nashville, Tenn., where Dorothy has been attending Ward Belmont. She was a member of the graduating class, and Mrs. Ellington was there to attend the exercises. Enroute home they visited in St. Louis and Canyon.

CONSIDERATION SAFETY

THE SOUTHERN ICE SERVICE CODE

Realizing that in the discharge of my duties, I am a representative of our company, and that through me the company may, to a large extent, be judged,

- I PLEDGE MYSELF TO:
1. Courtesy
 2. Cleanliness
 3. Neatness
 4. Correct Weight
 5. Honesty
 6. Promptness
 7. Consideration
 8. Safety
 9. Service with a Smile

CONSIDERATION of other people's wishes is true courtesy. Southern Ice Service Men are courteous and considerate. They do not track up your kitchen, walk over your lawn, or otherwise show lack of consideration for your interests.

They are also pledged to Safety and Carefulness. They drive carefully and do not allow children to ride on the back of the wagon or truck. They are careful in handling the huge blocks of ice to not injure person or property.

Consideration and Safety are integral parts of the Southern Ice Service Code.

BRITAIN AND RUSSIA BREAK

There is no surprise over the severance of relations between Great Britain and Soviet Russia. The surprise is that the relationship lasted so long. The reasons given for the break are the same reasons which have existed all along. Everyone knew them, because Bolshevism has never concealed its hand. The bolshevist communist soviets have always said in most unmistakable terms that their mission on earth is world revolution, the destruction of what they term 'capitalistic civilization,' which at this period of human history happens to be the only, the highest and the most widely spread form of civilization that exists or is possible. It has its defects; it is conceivable that it will, in its turn, give way to something better, but that something better is not the 'bloody baboonery' and the chaos of bolshevism.

Great Britain's action has already been followed by Canada and doubtless will be supported by the other Dominions. It is not a movement against the Russian people, because the Russian people are distinct and separate from the alien government which has set up the rule of revolution, murder and starvation over the Russian people. If anything will tend to emancipate the Russian people from their new oppressors, it will be this action of Great Britain. With every motive to help even the Soviet government to establish itself, with great interest in developing trade between Britain and Russia, with infinite patience toward the treacheries of the bolshevists, Great Britain was forced at last, hesitatingly, regretfully, to face the truth that she was only keeping open the door for revolution in her own country and giving protection to the most dangerous social incendiaries the world has ever known. The trade agreement and the diplomatic agreements between the two governments were covers for a network of propagandist activity. However, it should be said again, the bolshevists are not the deceivers, they have announced their program to the world and there is no excuse for any nation not being forewarned.

Now where does all this leave those Americans who have urged the Government of the United States to recognize the Soviets? And is it possible to continue this urging in the face of what has occurred? These questions become important in view

of the threat of bolshevism to involve the world in war. What the Soviets have failed to accomplish by propaganda they will try to precipitate by military attack. And who can prevent them?—they have the largest standing army in the world. —Dearborn Independent.

THE CEMETERY ASSOCIATION AND YOU!

Just what is to be done in reference to the Cemetery Association is a problem we are unable to answer. The fact that not a half dozen citizens were sufficiently interested to attend a meeting on Memorial Day causes the situation to appear hopeless.

Surely we do not want to let Mt Olive cemetery go to rack and ruin. We certainly ought to be able to retain the services of a sexton. We cannot afford to let land purchased or donated revert to owner since no one is empowered to handle same if the Cemetery Association ceases to function. A greater per cent of the citizens of Big Spring have loved ones at rest in Mt. Olive and surely a sufficient number should be interested to join together and keep the cemetery association going.

The churches and lodges should take the lead in this movement if no leader among our citizens is willing to take up the burden the faithful officers of the cemetery association wish to hand over to others. They have labored earnestly and unselfishly with little support or cooperation and they feel that the task might be more ably handled by some one else.

It will certainly be a tragedy if our citizens fail to do their part toward keeping the resting place of our dead in as good condition as possible.

GULF SPENDING \$800,000 ON MIDLAND-RANGER LINE

The Gulf's main trunk pipe line from Ranger to Midland will cost \$800,000. Six pipe lines have been built to the West Texas and Panhandle fields this year, and one or two more are being planned.

VOTES \$800,000 BOND ISSUE

A five year improvement program for San Angelo was provided in the issuance of \$800,000 in 5 per cent serial 40 year bonds which was voted last Saturday. The following items were covered: paving, \$355,000; four sub fire stations, \$75,000; fire alarm system and incinerator, each \$25,000; sewer extension, \$20,000; city auditorium \$250,000.

Dandy Dick Griffin, promoter, manager and pugilist of Fort Worth, Texas, passed through Big Spring last Friday enroute to the Pacific coast, accompanied by Dude Trammel of Fort Worth. Both of these boys have won international fame in the ring, and while in this city were the guests of Sam Faust, local match maker. Both Griffin and Trammel assured Faust that they would be glad to stop in Big Spring on their way back for exhibitions.

The first called session of the Fortieth Legislature ended Tuesday night with much wrangling for record, and very little in the way of real accomplishment. Appropriation bills amounting to \$47,874,836 were passed during the special session. Another special session is expected to be called toward the end of the year.

We are still in the market to buy your cream. Bring us all you have East Side Grocery and Market.

OBITUARY

Mrs. Philip Fix passed to her home beyond Sunday, May 29, 1927, at the home of her daughter, Mrs. J. M. Manuel of Big Spring, Texas, with whom she had made her home the past thirteen years; death being due to a complicated trouble.

Lodisca Cleantha Spencer was born in Hancock County, Illinois, October 12, 1857. She came with her parents to Kansas in the early seventies and was married to Philip Fix in 1877, to which union six children were born, 3 sons and 3 daughters; two sons and one daughter having preceded her to the Great Beyond. She leaves two daughters, Mrs. J. M. Manuel of Big Spring, Texas, Mrs. R. G. Dexter of Trinidad, Colo., and one son, O. C. Fix of Conway Springs, Kansas, and six grandchildren to mourn her loss.

As in life so was Mother in the quiet dignity of death, calm, composed and of peaceful mien. Death in coming had left no mark upon her countenance, so quietly had the end come that her face, but for its pallor, might have been that of one in peaceful sleep. To live content with small means, to seek elegance rather than luxury, and refinement rather than fashion, to be worthy not respectable, to think quietly, talk gently, act frankly, to listen with an open heart, to bear all cheerfully, to do all bravely, to let the spiritual develop and grow was ever her symphony. She exemplified in her daily life the sublime principles of Christianity. She was a kind and sympathetic friend, a precious mother, a loving and devoted grandmother. She was adorned with the highest and noblest virtues which give dignity and force to her character and moral beauty to her life. She has left behind to her kindred and to all, the rich legacy of a splendid character and an unsullied record. Death comes equally to us all and makes us all equal when it comes. From the struggle of life to the slumber of death 'tis but a single step. Let us live, holy, patient lives and meet each other in the heavenly mansions which Jesus has gone to prepare.

The funeral was held at the First Methodist Church of Big Spring, Rev. W. C. Hinds, officiating. A solo, "Whispering Hope" was sung by Mrs. V. H. Flewelling and Mrs. O. D. Cordill, with Mrs. Chas. Morris, accompanist.

"God thought to give the sweetest gift
In His Almighty Power
To earth, and deeply pondering
What it should be one hour,
In fondest joy and love of heart,
Outweighing every other,
He moved the gates of Heaven apart
And gave to Earth a Mother."

Mrs. T. B. Hadley of Baird is visiting Mrs. E. D. Merrill in Big Spring this week.

RELIGIOUS DISCUSSION TO BE AT CHURCH OF CHRIST

A religious discussion will be held at Big Spring at the Church of Christ tabernacle, beginning June 17. The question to be discussed is the Campbellism question, and the disputants will be Elder W. A. Kile, missionary Baptist of Putnam, and Elder J. D. Boren, pastor of the Church of Christ.

The question is divided into two propositions, as follows:

1. History teaches that the Campbells were the originators and founders of the doctrine and the church you and your brethren teach, and that doctrine never was taught before Campbell's day, and therefore you are a Campbellite.

Affirmative—W. A. Kile.
Negative—J. D. Boren.

2. History teaches that the Campbells were not the originators and founders of the doctrine and the church held by me and my people and that the doctrine was taught before the Campbells day and therefore we are not Campbellites.

Affirmative—J. D. Boren.
Negative—W. A. Kile.

The first proposition will be discussed Friday and Saturday nights. The second one will be discussed Sunday morning and Sunday night. Remember the dates Friday night, June 17 at 7:45, and the Saturday night and Sunday following. Place: Church of Christ tabernacle, at the rear of the Methodist Church.

This debate is not being held because of personal malice but simply to clear up a much disputed question. Both disputants are gentlemen and will conduct themselves as such. Everyone is cordially invited to come and hear these discussions.

SUMMER SCHOOL OPENED WITH FAIRLY GOOD ENROLLMENT

Summer school opened Monday morning, June 6, with a fairly good enrollment. The classes will all be held in the High school building from the first to the eleventh grade, inclusive. Enrollment will continue through next week and all those who are planning to attend the summer classes should enroll as early as possible.

Supt. P. B. Brittle, T. F. Huggins, and M. B. Hair are in charge of the High school work, and George Gentry is conducting the grammar grade work, in the high school building.

J. M. Manuel returned Sunday morning from Whitewater, Kansas, where he accompanied the remains of Mrs. Manuel's mother, who passed away in Big Spring, Sunday, May 29.

Mr and Mrs. Ralph Rix left Tuesday morning for New Braunfels, where they will spend a month or more. Ralph will be under the care of a specialist during this stay.

Why Pay More

40x8 14-ply Truck Tires \$100

We will appreciate a visit

W. G. Hayden Co.

113 W. First St. Big Spring, Texas

Little Misses Edith Odom and Maurice Eason arrived Sunday from their homes in Texas City to spend the summer with relatives in Big Spring and Stanton. They were accompanied to Big Spring by G. W. Eason of Houston.

Miss Zou Hardy left Tuesday evening for Fort Worth where she will visit relatives and friends a few days. From there she will go to Boulder, Colorado, where she will attend the University this summer.

Mr. and Mrs. Robert Middleton, Mrs. E. H. Happel and daughter, Katherine, left Wednesday morning for Pecos, to attend the wedding of their cousin and niece, Miss Myrtle Rhulen.

RESOLUTIONS OF RESPECT

The officers and members of the Altar Society of the St. Thomas Church wish to extend their heartfelt sympathy to the bereaved in the loss of a dear mother, Mrs. Elizabeth Hart Currie. Let us look to our Father above for consolation, for it was His will and not ours.

Be it resolved that a copy of these resolutions be sent to the daughter, Miss Catherine Currie, a copy to the Herald, and one copy spread on the minutes of our society. "The light of her life went down And sunk behind a hill, The glory of the setting star, Clear, suddenly and still, Fold her, O Father in thine arms And let him henceforth be a messenger of love Between our human hearts and Thee."

Committee:
Mrs. Max Welsen,
Mrs. A. L. Sheeler,
Mrs. J. M. Morgan.

RESOLUTIONS OF RESPECT

We, the members of the Rebekkah Lodge extend to our beloved members Mrs. Aggie Allred, J. C. Allred, and Mrs. Cora Shortes, deepest sympathy at the death of their father, W. C. Allred. Even though the hearts are broken keep faith with Him on High, who knows what is best and you shall find everlasting life, when you join loved ones in that Home on High.

Whereas, the Death Angel has taken this loved one from home, be it resolved that we convey sympathy to the grief stricken ones and be it further resolved that a copy of these resolutions be placed on the minutes of our lodge and also appear in the Herald.

Resolutions Committee of Rebekkahs

CARD OF THANKS

We wish to express our sincere gratitude to our dear friends and neighbors for the kindly acts and comforting words during the illness and death of our beloved one, Carson Blalack. Your thoughtfulness, in word and deed, will ever be remembered by us, and we pray that when you are called upon to pass through this dark hour that true friends such as you, are there to cherish and comfort you. May the Heavenly Father bless you all, in our ardent prayer.

Mr. and Mrs. F. B. Blalack,
Mr. and Mrs. Roy Martin,
Pat and Lee Blalack

RESOLUTION OF RESPECT

Whereas it has been the will of the Heavenly Father to call from this earth one of our most highly esteemed and loyal members, W. F. Caughey we, the members of the I. O. O. F. lodge wish to extend to the members of the bereaved family

our deepest sympathy. May the sorrowing ones find comfort in the Lord.

Be it further resolved: That a copy of these resolutions go on the records of the lodge, and another copy be printed in the weekly paper.

O. J. Welch,
L. E. Crenshaw, Committee.

CARD OF CONDOLENCE

Whereas the Death Angel has visited the home of one of our devoted members, F. B. Blalack, and has taken away his dearly beloved son, Carson Blalack, we, the members of the I. O. O. F. lodge, wish to express heartfelt sympathy. May the love and devotion of the Heavenly Father bring comfort and peace to the grief stricken ones.

Be it resolved that a copy of these resolutions go on the records of the lodge and also appear in the weekly issue of the Herald.

O. J. Welch,
L. E. Crenshaw, Committee.

LUBBOCK COUNTY TO PAVE

A movement has been launched in Lubbock which has for its object the paving of all highways in Lubbock County, and our old friend J. A. Rix is chairman of the committee in charge.

This is a big proposition, is going to cost lots of money but is going to be worth far more than the cost.

The Lubbock citizens will put the proposition over big, because they are that kind of folks. They believe in going forward. A city or county without good roads cannot go anywhere but backward.

RESOLUTIONS OF RESPECT

We, the members of the Rebekkah Lodge, wish to convey heartfelt sympathy to an esteemed member, Mrs. Nettie Crenshaw, at the death of her sister, Mrs. Mattie Hill of Lometa, Texas. Where, the Almighty Father has willed that this loved one shall be taken away may He bring comfort and peace to the sorrowing hearts.

Be it resolved that a copy of these resolutions be placed on our minutes, and also appear in the Herald Resolutions Committee of Rebekkahs

CARD OF THANKS

We wish to publicly express our thanks to each and everyone who helped to make the City Federation Carnival a success. To everyone who served on a committee, to the merchants and business men who so generously donated, to L. E. Coleman, L. L. Freeman and others who gave their time and materials to us, we wish to especially extend our sincerest thanks.

Members of the City Federation,
Johnston's candy on Ice,
Cunningham & Phillips

CARD OF THANKS

We wish to extend our heartfelt thanks to our friends for the loving kindnesses extended to us when we were called upon to part with our loving mother and grandmother. Only those who have had to part with loved ones can truly know such kindness is appreciated. We shall always remember your kindness to us.

Mr. and Mrs. J. M. Manuel and family,
Mr. and Mrs. R. G. Dexter and family,
Mr. O. C. Fix.

BARGAIN MARRIAGES DEPICTED IN FILM—"THE TENDER HOUR"

The tragedy hidden behind many "business" marriages of the rich is dramatically depicted in "The Tender Hour," the George Fitzmaurice production which comes to the R. and R. Lyric theater next Monday and Tuesday, June 13-14.

That the situation as it is shown in the plot of the picture is a real one is proven by at least half a dozen such marriages which have ended disastrously and with much sensational publicity in the past year.

Particularly does this apply to the marriages of American girls in European titles. It is this particular phase of "bargain marriages" which the story of "The Tender Hour" is based. In the picture an American financier who regards his daughter merely as a possession to be sold to the highest bidder forces her into marriage with an exalted nobleman in order to further his business interests.

A Cossack duel—a highly thrilling and extremely dangerous pastime invented by the former soldiers of the Czar—provides a spectacular and dramatic scene in "The Tender Hour."

This particular form of duel is fought by two men armed with revolvers and carrying lanterns, who start at opposite ends of a forest and stalk each other down. This blood-thirsty form of amusement is said to have been started by Russian soldiers stationed in the lonely wastes of Siberia, who were willing, after nine months on the snowy steppes to risk their lives in order to provide themselves with a thrill.

Ben Lyon and Montagu Love are the duellists in the scenes from "The Tender Hour" and Billie Dove is the lady about which the disputes center.

Dr. and Mrs. E. H. Happel and daughters, Misses Mary, Margaret and Katherine returned Sunday evening from Denton. Margaret is a sophomore at C. I. A. and will spend the summer vacation in Big Spring with her folks.

C. E. Lettoll made a business trip to Nottaw Monday.

"A Family We All Should Know"

The father of success is Work.

The mother is Ambition.

The oldest son is Common Sense.

Lesson for June 12

PETER DELIVERED FROM PRISON

LESSON TEXT—Acts 12:1-17.
GOLDEN TEXT—Many are the afflictions of the righteous; but the Lord delivereth him out of them all.—Ps. 119:119.

PRIMARY TOPIC—God Takes Care of Peter.

JUNIOR TOPIC—God Answers Prayer for Peter.

INTERMEDIATE AND SENIOR TOPIC—How Does God Deliver Us?

YOUNG PEOPLE AND ADULT TOPIC—The Power of United Prayer.

I. Peter's Imprisonment (vv. 1-4).

1. By whom (v. 1).

Herod, the grandson of the wicked Herod who slew the innocent children of Bethlehem.

2. The reason (v. 3).

It was to gain the favor of the Jews. Herod was not a Jew, but an Edomite, therefore knew that his success was dependent upon his having the good will of the Jews. Herod for the sake of popularity manifested a deep sympathy for degenerate Judaism. It was but the sympathy of the politician. Since the church had developed so as to be a successful rival of Judaism, indeed was already displacing it, he saw an opportunity to curry favor with the Jews by putting forth his hands against it.

3. The method (v. 4).

He was arrested, put into prison and guarded by four quaternions of soldiers. A quaternion is a guard of four soldiers. Humanly speaking, it was impossible to escape. They had doubtless heard of Peter's escape from jail before, so they thought they would take no risks this time. However, they made one fatal mistake—they left out God.

II. The Church of God in Prayer (v. 5).

The church was at a crisis. Her situation was most grave. James, one of the brethren of the church, was dead, and Peter, the most prominent of all, was in prison. In this desperate strait they did the wise thing—they betook themselves to prayer. It was a noteworthy prayer.

1. It was unto God, not unto men, or to be heard of men. This is a very common fault today. All true prayer is unto God.

2. It was united prayer.

There is peculiar power in the united prayer of God's people.

3. It was an intensely earnest prayer.

It was more than unceasing prayer. It was the earnest desire of the soul as it stretched itself out toward God.

4. It was definite prayer.

They specifically offered prayer to God for Peter. Their prayer was concentrated, definite and specific.

III. Peter Delivered by an Angel (vv. 6-11).

1. Peter sleeping (v. 6).

This shows that he was not greatly disturbed over the matter. The Lord keeps in perfect peace those whose minds are stayed on Him. (Isa. 26:3).

2. Peter leaves the prison (vv. 7-10).

A heavenly light shone in the prison. The angel smote Peter on the side; the chains fell off. Peter put on his clothes and passed by one guard after another through the iron gate out into the city.

3. The effect upon Peter (v. 11).

Although the matter was so wonderful to Peter, even outside his consciousness, when he came to himself he was assured beyond peradventure that God had miraculously delivered him from Herod's wicked hands.

IV. Unconscious Unbelief (vv. 12-19).

1. Behavior of Peter and the church (vv. 12-17).

Peter went to the house of Mary and knocked. The knock was answered by Rhoda who was so overjoyed that she forgot to open the gate, and ran in and told them that Peter was at the gate. The disciples were not prepared for such good news, and even accused her of madness. She, undaunted, insisted. They offered as an explanation that perhaps it might be Peter's guardian angel in his likeness. They got more than they expected. Peter rehearsed unto them the Lord's dealing with him, and instructed them to make these things known unto James and the brethren.

2. The behavior of the soldiers (vv. 18, 19).

There was great agitation among them as to what had become of Peter. This was a serious matter since they were responsible for him. Not being able to account for Peter's escape, Herod commanded that they be put to death. After this Herod went down to Caesarea. Here he was adored as God. Because he arrogated this honor to himself, the Lord smote him. Herod died, but the Word of the Lord grew and multiplied.

Life and Death

It is good when the garden of life and the sepulcher of death are linked with Him who was crucified. He makes the garden tenfold richer and more beautiful. He robs the sepulcher of its terror and gloom.—Rev. Alex. Smellie, D. D.

Cynicism

I hate cynicism a great deal worse than I hate the devil; unless, perhaps, the two were the same thing.—R. L. Stevenson.

BANK AT LAMESA IN HANDS OF NAT. BANK EXAMINERS

It was with much surprise and regret that friends and customers of the State National bank of this city found posted on the front door of that institution, Thursday morning, a notice which read: "In the hands of National Bank Examiners." There were many rumors afloat and no two of them were the same. You could hear any thing you wanted to about it and each seemed to be most positive in his or her declarations that they had the correct "dope" from some one of those most deeply interested—officers and directors of the bank.

"The Devil" tried in vain all during Thursday to get in touch with the cashier of the bank and it was late night before they were successful in "shaking" O. F. Priest, the popular cashier of that closed institution loose from his work in assisting the bank examiners, who had taken charge of the bank, to give "The Devil" an interview.

In conversation with Mr. Priest he stated "that the bank was forced to close temporarily owing to inability to secure sufficient credit to meet rapid withdrawals of funds and the board of directors passed a resolution to temporarily close. And a National bank examiner is in charge working out the situation." He stated further "that they were very hopeful, and seemed cheerful over the prospects that business would only be curtailed for a short time." "The failure to open," he stated, "involved approximately \$275,000 deposits and that the loans were approximately \$440,000." Mr. Priest was strong in his belief that the affairs would be straightened out in a very short time and that depositors would get 100 cents on the dollar and that they would soon be doing business as though nothing had happened.

Mr. Priest also stated "you never know how many friends you really have until something happens to bring them forward and that I am certainly appreciative of the kind words and many offers of assistance of not only customers of the bank but friends as well."

It is true that the closing of this important institution at this time, only temporarily, will do much to impede and curtail business and it is going to be only through the

strongest cooperation of every business in Lamesa that we all "pull" through and land on top. Optimism and cooperation can do wonders. Let's all be optimists and cooperate. —Dawson County Journal (Lamesa).

WHAT OF THE FUTURE?

How free will the next generation be to work out its own salvation, to guide its life in the light of wisdom? Will life be more free seventy-five years hence than it is today? Are we more free than were our ancestors two thousand years ago?

How free are we of today—from war, pestilence, earthquake, volcano, fire, sickness, idleness, imbecility, pauperism, crime, squalor, shipwreck, stupidity, ignorance, superstition, famine, disease; from accidents of mines, factories, railroads, automobiles, and airplanes; from harsh sounds, bad air, and foul odors; from scorn, malice, and intolerance; from vested interests and established opinion in church, school, and government in home, society, and nation; from clocks, time-tables, and calendars; from the decrees of fashion, the convictions of the mob, the mandates of the politicians? In short, how free are we of the ox goad and the treadmill? We know that winter will come, and provide accordingly; our expectation that there will be another harvest next year is that of the bees and squirrels. More free to live than we were, more prepared to die; but in all respects more free? It is doubtful. It is less doubtful that we are not as free as we might be.—George A. Dorsey.

NOTICE

THE STATE OF TEXAS
To the Sheriff or any Constable of Howard County—Greetings:

You are hereby commanded to cause to be published, once a week for ten days exclusive of the first day of publication before the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

To all persons interested in the welfare of Bonetta Franklin, et al, minors:

You are hereby notified that Tennie Franklin has filed in the County Court of Howard County, Texas, an application for Letters of Guardianship upon the estates of said minors, Bonetta Franklin, Willard Franklin, Clifford Franklin, Billie Franklin and Joe Franklin, and on the 18th day of March A. D. 1927, by order of the County Judge of said county the said Tennie Franklin was appointed temporary guardian of the estates of said minors and at the next regular term of said court (except the regular term convening April 4th, 1927, there not being sufficient time for citation and notice to be completed for the April Term of Court) commencing on the 6th day of June, 1927, at the County Court House in Big Spring, Texas, at which time all persons interested in the welfare of said minors and their estates, may, and are hereby cited to, appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of Court then the same shall be permanent.

Herein fail not but have you then and there before said Court, on the first day of the next term thereof, this writ, with your returns thereon showing that you have executed the same.

Given under my hand and seal of said Court, at office at Big Spring, Texas, this 18th day of March A. D. 1927.

J. I. PRICHARD,
Clerk, County Court, Howard County, Texas.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 90c, 60c and \$1.20. Powder 30c and 60c. What A Big Hit!

This is the average sheik. If 480 kisses shortens life one day, and 3,360 kisses clips off a full week, how many years does a flapper lose when she rides in a second hand Ford coupe? Anyhow it takes 175,000 kisses to shorten life one year, and anyone who wants to do that much kissing is better off dead than alive.

Our building materials are making

A BIG HIT

with all builders. Use our high grade lime, sand, gravel, stone, brick, plaster and other quality building supplies. It does not pay to save on building materials.

Coe-Parks Lumber Co.

Good Lumber — Friendly Service
501 East Second Street

MRS. EDNA S. MANION DEAD

Following an illness of several weeks, Mrs. Edna S. Manion, sixty years, 1 month, 20 days, passed away at three o'clock Thursday morning, June 9. Funeral services were held at the Presbyterian Church Thursday evening at 7 o'clock with Rev. R. L. Owen, pastor, officiating. The remains were shipped to Fort Worth on the evening passenger train and were laid to rest in the Greenwood cemetery beside her husband who passed away six years ago.

The death of Mrs. Manion brought sorrow to her many friends in this city who loved her because of her kindly nature and goodness of heart. She was ever ready to lend a helping hand to those suffering or in distress and the good things that she has done will ever be remembered. She has always lived the life of a Christian, practiced the teachings of the Golden Rule in her daily living, and was ready to meet her Master when the summons came. Mrs. Manion was a member of the Rebekahs, ladies auxiliary of the B. of L. F. & E. and the Maccabees, and she was a loyal and devoted member and worker in each lodge.

Deceased is a pioneer resident of Big Spring, having made her home in Howard County for over thirty five years. Her husband for many years, was a prominent ranchman in this section and later was employed by the Texas & Pacific railway, which position he was filling at the time of his death six years ago.

Surviving Mrs. Manion are two sons, Russell Manion of this city, and Aubrey Manion of Fort Worth; two sisters Mrs. S. H. Nance of Cedar Hill and Mrs. J. A. Denton of Wichita Falls, all of whom were here at the time of her death, and accompanied the remains to Fort Worth. Other immediate relatives from Fort Worth, Cedar Hill, Wichita Falls, and other places will be in Fort Worth Friday to attend the funeral services, which will be conducted by Reverend McConnell. Burial will be made in Greenwood cemetery.

Heartfelt sympathy is extended the bereaved ones by their many friends in this sad hour.

Walton Morrison returned Friday from College Station where he has been attending A. & M. College, to spend the summer with homefolks.

J. A. Somerville of Dallas, general manager of the Texas & Pacific Ry. was here Wednesday on a tour of inspection.

THE WEATHER UNCHANGED

We had the pleasure of viewing some real rain clouds, if we didn't have any rain—the first of the week. On Sunday afternoon and again Tuesday afternoon rain clouds were to be seen north and east of here and the rains extended as far as Colorado.

The it looks rather discouraging from an agricultural standpoint we have a few more days to go yet before it is too late for planting cotton and we have up to July to plant feed. A big general rain could certainly change the map of West Texas.

MARRIAGE LICENSES

J. A. Hanks and Miss Alta Morrow, June 3.
C. H. Neely and Miss Vera Bigby, June 5.

TUESDAY, JUNE 14, FLAG DAY

President Coolidge has issued a proclamation calling on the public to observe "Flag Day."

He states it is as necessary to cherish the unseen things the flag stand for as to respect the national emblem itself.

Big Spring business men are asked to leave the flags on display after nightfall next Tuesday—on account of the Texas Press Association entertainment.

Mrs. Robert Currie and Miss Agnes Currie left Thursday afternoon for a visit with relatives and friends in San Angelo.

Jimmie Myers is in Midland this week visiting his grandparents. He will spend several weeks there.

Well, Folks!

We Requested that you Watch This Space and then Watch Big Spring and we Meant Every Word of it

The "MERIWETHER OIL COMPANY" has just completed its organization, under the laws of Texas, capitalized at \$70,000,000, divided into 70,000 shares at \$1.00 par, has complied with all requirements of the Blue Sky law and has been issued permit to sell \$30,000.00 worth of capital stock.

The purpose of the "MERIWETHER OIL COMPANY" is to buy and sell leases, drill wells on any of its holdings, when it appears advisable to do so, to construct pipe lines, erect buildings and otherwise to improve properties as conditions may require.

The present holdings of the "MERIWETHER OIL COMPANY" are as follows: 1650 acres surrounding the "World Oil Company's well, which is now drilling on S. W. 1-4 of section 43, Block 34, Township 2 South, located in Glascock County, Texas, on the McDowell ranch; 120 acres of the "MERIWETHER OIL COMPANY" lease in direct off-set to the above well, and the balance of the 1650 acres is checker-boarded around the said well.

160 acres in section 24, block 34, Township 2 North in Howard County, Texas, near the Martin well being drilled by Donnelly, Mann and Freel, and 80 acres 1 1-4 miles from the Skelly Oil Company's well now drilling in Winkler County.

Now folks, the thing that caused the birth of the "MERIWETHER OIL COMPANY" is the famous McDowell lease, in Glascock County, 22 miles S. W. of Big Spring, of which you are all practically familiar with: You know there was 3 wells drilled on the McDowell ranch that produced oil: We do not know of a place in Texas where so much oil was produced that was not carried on to development.

Knowing the conditions that exist on this property, with other geological data we were able to secure, we were successful in securing a lease, in the block surrounding the old wells, from Mr. McDowell, and also convinced the World Oil Company of the possibilities of this lease to the extent that they are now drilling a well on this tract; they have contracted with us

to drill this well to 3000 feet or to oil or gas if found in paying quantities at a lesser depth; the World Oil Company being a reliable one, we are now assured of the test going down.

One of the main purposes of the "MERIWETHER OIL COMPANY" is to give the McDowell lease a thorough test, by drilling other wells or causing them to be drilled, if it proves advisable.

We honestly, and have reason to, believe that before the World Oil Company's well reaches the contract depth, you really will not have time to watch Big Spring, as it will grow by leaps and bounds.

All you good folks will have to step on it to keep up with the parade that the "MERIWETHER OIL COMPANY" are leading.

And don't lose sight of the fact that the other properties mentioned are in good prospective areas, and that we expect to acquire other properties, in the future, that are equally as good; to make a long story short, we are in the oil business to win, and if you desire to join a live wire oil company, we solicit and will appreciate your support.

We feel sure if you follow your own inclination and best judgment you will get in with "MERIWETHER OIL COMPANY": why stand back and let outsiders step in and pluck the fruit from your own orchard?

While considering this opportunity, remember a few dollars invested with "MERIWETHER OIL COMPANY" will answer two purposes for the home folks: The possibility of making a little fortune on a small investment and you will be assisting in developing your community and causing Big Spring to boom.

The officers of the "MERIWETHER OIL COMPANY" are people of experience, conservative and pledge themselves to give an economical and honest administration and will exert every effort to make for its associates a profitable investment.

Call at Office, Room 2, West Texas National Bank building or phone 701 and we will be pleased to give any information desired
