No. 8

Big Spring, Texas, Friday, November 11, 1927

By T. E. Jordan

## Methodist Ministers Guests of Our City This Week

BISHOP JOHN M. MOORE  
Presiding Bishop.

Big Spring homes are open to some three hundred preachers, members of the Northeast Texas Conference of the Methodist Episcopal Church, South, who are guests in the city, attending the Conference, which convenes in this city through Monday, November 14th. The conference opened Wednesday morning, the first business session being held in the First Methodist church, at nine o'clock. The closing business session on the morning of November 14, will mark the peak of interest, as it is then the list of appointments will be read assigning the pastors and presiding elders to their respective posts for the ensuing year.

Bishop John M. Moore, of Dallas, whose area includes the Northeast Texas, the Central Texas, New Mexico, and West Texas conferences, is presiding at the conference. Rev. W. C. Hinds, local pastor, is conference host, Rev. A. L. Moore of Stamford is serving as secretary.

### Few Changes Expected

When the appointments are read on next Monday morning, few changes are expected, comparatively few of the preachers come under the four year rule, until recently binding the itinerants of the Methodist Church. Up to 1922, the law was that a pastor could serve only four years at a place. It is still customary however, to make the change unless the pastor concerned, the board of stewards of the church, the bishop and his cabinet, are unanimous in recommending his re-appointment to the same charge. In no case, is any one pastor's term of office for a longer period than one year at a time, but he is assigned his field of labor annually.

### Will Be Given New Work

Two presiding elders, Rev. J. T. Griswold of Clarendon district, and

Rev. O. P. Clark of the Vernon district, have completed their four year term of service, and since the old four-year limit still holds good for the presiding elder, these two men will be given other work. Pastors who have completed four years continuous service, and whose prospective appointments are creating interests are: E. D. Landroth of the Oak Street Church at Abilene; T. W. Brabham, of Cross Plains; J. W. Watson of Lamesa; M. S. Leveridge of Ralls (6 years); E. N. Lipscomb of Plainview; J. R. Bateman of West-over circuit; T. M. Johnston, Margaret and Thulin.

### Embraces 8 Districts

The Northwest Texas conference is one of the five ecclesiastical divisions of Texas Methodism. It embraces eight presiding elder's districts as follows:

W. E. Lyon-Abilene district; W. M. Pearce-Amarillo district; J. T. Griswold, Clarendon district; D. B. Doak-Lubbock district; E. E. Robinson-Plainview district; John H. Hamble-Stamford district; G. S. Hardy-Sweetwater district; and O. P. Clark, Vernon district.

The conference membership consists of approximately of 200 clerical members and 64 lay delegates. It represents a Southern Methodist constituency of about 60,000 members; 295 Sunday Schools with 3,604 officers and teachers, and 50,000 students enrolled.

### Pastors Give Reports

During the five day session in Big Spring, a report of the various interests of the church embraced in the Northwest Texas Conference will be made by each pastor and board chairman. The body will also receive reports from official representatives of the church-wide interests.

REV. W. C. HINDS  
Pastor Host.

### WOMEN GIVES THE METHODISM HERE

In the good memory of Mrs. W. A. Zinn, now 84 years of age, and by all who know her, it is a fact that the Methodist church in Big Spring has its origin in the activities of a group of women. In April 1883, when her husband came to Big Spring, she came to town, to make a home for her family. At that time neither church nor school was in existence in this county.

The church to be organized was organized in Nov., 1883, with eight members. The church was at the home of Mrs. W. A. Zinn, on the corner of the street, where these names on the building are: Holster, Smith (J. W.), Zinn, Painter, Zinn, Zinn (later Mrs. W. A. Zinn), and Zinn. The origin of these pioneer women is "Do all to the Glory of God." This group was blessed with a new pastor, Rev. J. B. Thomas was appointed under presiding elder Wallace. The first church was organized, being the Methodist church, together with other persuasion.

Work was attempted at the corner on which our church stands today, at a cost of \$100.00, but they had been robbed of their money and it was hard to get in the amount was raised.

REV. J. B. THOMAS  
Board of Stewards

The women again "got busy", and raised \$50.00 to put up a tabernacle, and brought Abe Mulkey to Big Spring to conduct a revival. The membership had now grown to about 200. Mrs. J. W. Ward was the first organist. Much joy marked the growth of our Church the first sad note being the funeral of dear "Auntie Wyman" held within a week or so of the erection and completion of the church in 1897.

Wyman" as she was lovingly called, built the pulpit of the first church building; it was in use as long as the building lasted.

In 1897 the "New Church" was erected at a cost of \$3,000.00. With added wings, and Sunday School rooms this building served until 1923 when it was pulled down to make room for the modern \$65,000.00

FIRST METHODIST CHURCH Where Conference Meetings Are Being Held.

structure, now complete. Rev. C. D. West was pastor in 1897 and himself labored lovingly and loyally on the construction. He built the steeple unaided, but it was destroyed by the storm of '99, which blew down the Baptist and Episcopal churches. No other damage was suffered by the Methodist Church and the steeple was soon replaced. The first District Conference ever held in Big Spring was in this new building.

The women again "got busy", and raised \$50.00 to put up a tabernacle, and brought Abe Mulkey to Big Spring to conduct a revival. The membership had now grown to about 200. Mrs. J. W. Ward was the first organist. Much joy marked the growth of our Church the first sad note being the funeral of dear "Auntie Wyman" held within a week or so of the erection and completion of the church in 1897.

The following preachers have served Big Spring since 1883 to 1927: J. B. H. Thomas, J. H. Wallace, J. T. L. Annis, Z. Green, Verdell, M. L. Moody, Nat Reed, C. L. Browning, W. H. Crofford, W. L. Harris, C. D. West, B. H. Bennett, C. W. Irvin, C. A. Evans, W. S. P. McCullough, C. W. Hearon, J. T. Hicks, A. L. Moore, D. B. Doak, Ben Hardy, M. Phelan, W. C. Hinds.

The women of the church still stand loyally by, having themselves paid off the old church debt, bought a new parsonage, paid for it, furnished it most completely and each year raise over a thousand dollars to apply on the new church debt.

According to the London Medical Journal in 1815, it was believed that a silver ring worn constantly would cure a case of epilepsy.

### CEMETERY ASSOCIATION NEEDS YOUR SUPPORT

What are you waiting on? Why not bring your money for the Cemetery fund to Mr. Wolcott at once? What you donate will be used to pay the sexton's salary and other expenses at the graveyard. This good work cannot go undone. Do your bit by contributing. Your support is needed.

Those contributing this week were: G. Overton \$5; Royal Homemakers class of First Christian Church \$1.

### TWO ATTRACTIVE NEW HOMES COMPLETED AND OCCUPIED

Two attractive new rent houses erected for J. M. Manuel on his lots just west of his home place, have been completed and both are now occupied. Mr. and Mrs. Lynn Hatcher occupy one, and Mr. and Mrs. Bass have rented the other. These two residences are just opposite Edwards Heights, the new restricted district now opening.

It is believed by scientists that by weighing hair the race of the owner can be determined, the hair of a Caucasian being lighter than that of a Mongolian.

According to Dr. William Root of the University of Pittsburgh, intelligent people think twenty times faster than they can write and the arm is so far behind the activity of the brain that poor writing results.

The longest English word recorded by any dictionary is antidisestablishmentarianism.

### HOWARD COUNTY INSTITUTE ATTENDED BY FIFTY TWO

Fifty two men and women attended the Howard County Institute held in Big Spring last Friday and Saturday, Nov. 4 and 5. The meetings were held in the county court room at the courthouse, with J. H. Kannenburg, superintendent of the Coahoma school, conducting same. An interesting and instructional program was planned for the two day meeting the principal speakers being Morgan Carter, professor of sociology and Bible at Abilene Christian College; W. W. Lackey, superintendent of the Midland schools; Rev. D. H. Heard, Rev. R. L. Owen, Supt. P. B. Bittle and T. F. Huggins. Topics of interest to the teachers were handled at round table discussions, and many practical talks and good suggestions were made. County Judge H. R. Dejenport stated that this was one of the largest institutes ever held in the county.

Those attending institute were: Nannie Lee Smith, Loreta Smith, Violet Berryhill, Estelle Hutto, Alice Pickle, Mrs. E. W. Lomax, Mrs. A. J. Stallings, Ploy McGregor, Twila Lomax, Arah Phillips, Eva Shockley, Ruth Crawford, Josephine Wood, Clarence Wood, Myrtle Whiteside Nettle Lee Shelton, Flora Blanton, Anne Martin, Mrs. L. M. Anderson, May Rogers, Pauline Cantrell, Mrs. Margaret Haynie, Anna Merrick, Mrs. J. H. Kannenburg, Edna Earl McGregor, Beatrice Smith, Mrs. Ruth Riggan, Mrs. C. A. Wilhite, F. H. Bankston, L. R. Arnold, V. M. Skinner, Mrs. V. M. Skinner, Mrs. W. F. Cox, J. R. Hale, Mrs. J. R. Hale, A. C. Tate, Helen

Mr. and Mrs. B. F. Robbins spent several days in Fort Worth last week on business. While there they were the guests of Mrs. Robbins' brother, Attorney John M. Willis.

### METHODIST MINISTERS WILL CONDUCT SERVICES SUNDAY

Methodist preachers in Big Spring attending the Methodist Conference will conduct services at the various churches in the city Sunday, Nov. 13, at both morning and evening hours of worship. Following is announcement of the various services to be held:

- Methodist Church 11 a. m. — Bishop John M. Moore.
- Baptist Church 11 a. m. Rev. C. A. Bickley; 7:30 p. m. Rev. W. B. Vaughan.
- Christian Church 11 a. m. Rev. A. L. Seabrook; 7:30 p. m. Rev. J. O. Haynes.
- Presbyterian Church 11 a. m., Rev. W. E. Hamilton; 7:30 p. m., Rev. J. L. Henson.
- East 3rd St. Baptist Church 11 a. m. Rev. C. C. Wright; 7:30 p. m. Rev. M. M. Beavers.
- Church of God 11 a. m. Rev. W. M. Murrell; 7:30 p. m. Rev. J. P. Howell.

Make Sunday a big church day. A cordial welcome is extended the general public at every one of these services.

Mrs. O. T. Lacey is expected to arrive in this city next Tuesday for a few days visit with relatives and friends here.

That business men spell little better than their stenographers was proved by a spelling bee given by the Omaha Chamber of Commerce in which "breasy," "accomodate," "pidgeon," "vitals" and "extrem" were a few of the glaring errors found.

### BROTHER OF MRS. J. B. NALL IS CLAIMED BY DEATH

Mrs. J. B. Nall returned the early part of this week from Coleman, Texas, where she was called by the death of her brother, B. L. (Dock) Collins, who passed away at Denver, Colo., Thursday, Nov. 3. His remains were shipped to his home in Coleman for interment. The many friends of Mr. Collins will be grieved to learn of his death. He was well known among the younger set in this city having made his home here a number of months while working at the S. A. Hathcock grocery. Mrs. Tod Crane of San Angelo accompanied Mrs. Nall to Coleman to attend the funeral services.

Some of these days Big Spring will become prosperous enough to afford an auditorium, an airport and several close-in community parks or playgrounds. These are needs of our city which should be met before property values go any higher.

G. S. HARDY  
Presiding Elder, Sweetwater District

### ST. MARY'S AUXILIARY MEETS WITH MRS. KOBERG

Mrs. Chas. Koberg was hostess to the members of St. Mary's Auxiliary of the Episcopal Church last Monday afternoon with twelve members in attendance. The regular study meeting was held followed by a social hour. At refreshment time delicious ice cream and cake were served.

The Auxiliary will meet with Mrs. R. V. Middleton next Monday afternoon at 3 o'clock.

BY T. E. JORDAN

\$2.00 A YEAR IN COUNTY  
\$2.50 A YEAR OUTSIDE COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, Nov. 11, 1927

**NOTICE TO THE PUBLIC:** Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

Most Americans learn to kick at an early age and rarely, if ever, do they learn to overcome this habit.

Forty cents per pound the year round for butter is not such a bad bet, and you can make such a contract right here in Big Spring if the butter you make is good.

And to think I had the opportunity to buy that property for a song is an expression you hear quite often in Big Spring these days.

The work of improving the upstairs of the Lester Fisher building over the Biles drug store is nearing completion. A fresh coating of paint and other improvements have been made on this property.

Big Spring should be the best place in the world during the coming week as we will have as our honored guests some three or four hundred ministers and laymen of the Methodist Church. Each and every citizen should lose not a single opportunity to extend our guests a few courtesies.

Perhaps a petition from the citizenship requesting that the plan to eliminate the dangerous crossing at Gregg street be speeded up, or the railroad be asked to station flagmen, or some adequate safety devices, at this point. There's no earthly reason why action should be delayed until some of our folks are killed or maimed.

Among the needs of Big Spring one that must be met within the next year or so is an adequate High School building. We might just as well begin to think about it and plan for same. A building which will meet the requirements for a number of years to come should be decided upon.

The weak kneed who have been having cold chills every time some one started the rumor that the T. & P. shops were going to be moved from Big Spring are now experiencing a hardening of the backbone. They are realizing while the shops are a good thing—that we have other resources which will keep the wheels of progress turning.

The sooner we complete an up-to-date office building in Big Spring the better it will be. Just now a modern office building is the next big need. Our hotel facilities are going to be A. No. 1, with the new Crawford now opening and the Douglass ready near the middle of December.

Give Her One  
She'll Be  
Proud Of

Every girl loves her engagement ring, just because it is her engagement ring. But, oh, she likes to have one she can be proud of—one that her friends will admire and exclaim over.

If you are about to become a diamond ring buyer, let us work with you on the proposition. We can show you how to get the best value for your money in a diamond ring that she'll be proud to wear and proud to show.

We are direct representatives of

JEWELER & OPTICIAN  
Big Spring, Texas

New folks are beginning to drift in, in every increasing number, and real estate deals are being made right and left. The steady growth that is to mark Big Spring progress in the years to come is getting off to a good start.

The growth of a city like the flow of water will follow the lines of least resistance. Few property owners who refuse to sell, lease or build can force a city to build in a direction directly opposite to that in which it would ordinarily build, you can sometimes hold property just a little too long as the town or city may build away from it.

Democrats don't want a wet Democratic nominee for president but are perfectly satisfied to carry on under a wet Republican president. Democratic boos are wasting a lot of hot air and time, for there is no more chance of the Democrats electing a president in 1928 than there is of our flying.

Two or three wildcats now drilling at a depth at which an oil formation should be found, are of particular interest to the oil fraternity. If these wells do encounter the oil at the expected depths, it is going to mean more development than any of us have an idea of.

It won't be much of a job to double track the Texas and Pacific Railway from West Texas to Fort Worth within the next few years. The company has had to build so many side tracks to accommodate the heavy business that it will not require many million miles of track to make it a double track system.

All "ifs and ands," all doubt and guessing, as to the future of Big Spring were eliminated when the Magnolia Petroleum Co. hit the gusher on the Dora Roberts ranch, 17 miles southeast of Big Spring. The old burg is due to make a wonderful growth; its progress is to be steady and sure.

There are still a few men of wealth who imagine they can do anything they please; they seem to have an idea that they are greater than the law. Its time that this class who think their money will buy their right to flaunt the laws of our land be shown the rich as well as the poor must respect the laws of our country.

This is the harvest season of the year, when one's thoughts should turn in thanksgiving praise to the able soul is that one indeed who Giver of all good gifts. A miser cannot be thankful that it is as well with him as it is!—Fletcher's Farmer.

The big electric sign on the new Crawford Hotel was tested out Sunday night and it certainly does stand out like a million dollars. It won't be long now until this sign will be bidding the world a welcome to Big Spring.

Sam Hansen secured a good well of water at his ranch four miles north of Big Spring. He secured this water at a depth of 86 feet, and convenient to barns and house. It is the more remarkable since other attempts to secure water on this farm were unsuccessful.

Edison, Firestone and Ford are working on a proposition to grow rubber plants in the United States so this country will not be dependant on any foreign country for her rubber supply. Danger of war with European countries in the future, is causing these far-sighted men to prepare for this eventuality.

With the men in the oil game investing in Big Spring property it is quite reasonable to conclude that they are convinced that this territory is going to see some extensive development. Naturally this will cause property in Big Spring to have an increased value.

A bale of cotton is worth something this season because it cost less to produce and harvest, and sells for a better price. Last year

**DON'T WORRY**

No matter what ails your watch we can repair it. **WILKE'S JEWELRY and OPTICAL SHOP.**

It was a case of a fellow going deeper in debt the more cotton he made—and especially so if he was renting land.

Tom Ruskin says: "Faith never yet lost its modesty where age had not lost its honor; nor did childhood ever refuse obedience except when age had forgotten correction." Youth today is under fire. The Press and Pulpit spare no occasion of reprimanding young men and young ladies. But who is to blame? Did their elders make any attempt to place them on the straight and narrow road? Do the elders give the rising generation a proper example? Children curse, who taught them that abomination? Children do not go to church, do their parents go? Children quarrel, do parents always live in peace? Girls are not properly dressed, are their mothers any better? Let the blame for present conditions among our young be placed where it belongs. Like father, like son; like mother, like daughter; like teacher, like pupil.—EX.

**THE VEALMOOR COMMUNITY**

The bringing into a county of fifty families is an outstanding accomplishment, and yet this has taken place right here in Howard county without any blowing of horns.

The W. P. Soash Land Company has placed fifty families on farms in the Vealmoor community on the Slaughter lands, 20 miles north of Big Spring, and there is not a more contented or prosperous community to be found in many miles.

They have a fine school with an enrollment of 49 pupils. The Sunday school attendance averages 129. Those who have purchased land, have made good crops and are meeting the payments on their land ahead of time. You oftentimes hear what a man can do in West Texas but in the Vealmoor community is a woman who is making a record that is going to be told.

Mrs. Tona Campbell, a widow, bought an eighty-acre tract of land in the Vealmoor community two years ago. With no other assistance than that rendered by her fourteen year old son she is making a success of farming; paying the interest on land notes promptly and has notified the land company she is ready to pay off one land note that is not due until next year. You must remember this was unimproved land and has to be cleared of timber before it could be planted last year. And then you must remember that returns from crops last year were anything but generous so Mrs. Campbell's success is the more remarkable.

If a woman can make a success of farming in West Texas there is little or no excuse for any man who is willing to work to make a failure.

The Soash Land Company has sold 22,000 acres of land in the Vealmoor community, mostly in 80 and 160 acre tracts, and they have less than 8,000 acres more to dispose of in this particular tract. They sell the land on easy payments and make it possible for the purchaser to pay off all land notes with the proceeds from the cotton crop. They encourage a

man to purchase only the amount of land he can cultivate as they realize a small tract properly cultivated is more sure to produce profit than a big tract half cultivated. They want those who purchase land from them to succeed, and accord every co-operation.

They are many other 22,000 acre tracts in the Big Spring territory subject to similar development, and just think what it would mean if we had a successful farm on every quarter section of agricultural land in the Big Spring country. Here is a job that is big enough to engage our time and attention for years and we need a W. R. Soash to show us the way.

We are informed that there is a movement on foot to secure a modern office building for Big Spring, and it would be well if the proposition could be consummated in the shortest possible time. Just now we cannot offer office rooms to oil companies and others who wish to make their headquarters here.

The Directors of the Big Spring Chamber of Commerce appointed a Nominating Committee to submit to the membership the names of 40 men from which 20 will be elected as Directors for 1928.

The following have been chosen by the Committee and are submitted for publication. This list will be mailed on a ballot to each member of the Chamber of Commerce.

E. O. Ellington, Shine Phillips, S. R. Weaver, R. L. Price, J. Fisher, T. S. Currie, R. L. Cook, Yuell Robb, Buck Richardson, Homer McNew, J. F. Phillips, T. E. Jordan, J. B. Pickle, E. A. Kelly, H. L. Rix, Fred Keating, Tom Ashley, Harry Lees, C. D. Baxley, A. M. Fisher, W. F. Fahrenkamp, Joy Stripling, B. Reagan, C. H. McDaniel, J. P. Wolcott, Jess Slaughter, M. H. Morrison, Dr. Bennett, J. D. Biles, C. E. Talbott, J. C. Douglas, Calvin Boykin, W. W. Inkman, C. E. Yarnell, L. S. Patterson, Clyde Fox, Willard Sullivan, F. F. Gary, E. E. Fahrenkamp, T. E. Satterwhite.

Of course it is none of our business but many a person now sporting silk stockings can't afford the cotton variety. This is the silk stocking age.

Can you picture Big Spring doubling in population within the next year or two. You are pretty certain to see this very thing happen.

**TWO CARS BADLY WRECKED;**  
**OCCUPANTS ESCAPE INJURY**

A Studebaker roadster driven by George Lewis of Pecos, and a Buick sedan driven by Mrs. C. A. Ludlow of Chicago, collided on the Bankhead Highway, between Midland and Big Spring, last Wednesday afternoon, and both cars were completely wrecked. The occupants, of the two cars escaped uninjured, except for a minor cut over the right eye of Mr. Lewis. Mr. and Mrs. Ludlow and two children were occupants of the Buick, and Mr. Lewis was in his car, alone.

Sometimes we doubt if the saloon is a worse evil than the criminal bootleggers who infest every section. You are liable to encounter these birds anywhere, anytime and they will not stop at murder in order to escape arrest.

In their effort to secure a Club House for Big Spring, the members of the City Federation should be accorded the wholehearted support of every citizen.

# You can't forget the sublime flavor of Hills Bros Coffee or find it in any other

HILLS BROS. Coffee is the kind that makes you talk enthusiastically about it long after you have tasted it. And once you've drunk it, you're never completely satisfied with any other. Hills Bros. wins your taste for all time.

The inspiring aroma, full-bodied flavor and exhilarating strength are due to Hills Bros.' exclusive process of Controlled Roasting. A few pounds at a time—never in bulk—that's the secret. No other method is so exact or can insure such uniform goodness.

By packing this matchless product of Controlled Roasting in vacuum, every bit of the glorious aroma and flavor is yours to enjoy when you open the can. Today millions of coffee lovers in the West buy Hills Bros. in preference to all others. Your grocer has Hills Bros. Ask for it by name and look for the Arab on the can. Our informative and attractive booklet, "The Art of Entertaining," will be sent to you free if you mail the coupon.

*Hills Bros. roast their coffee as a good cook makes mayonnaise.*

The oil should be added a little at a time so as to control the mixing. By roasting coffee a few pounds at a time, Hills Bros. control the process and produce a rich uniform flavor.

HILLS BROS., Dept. 77,  
 2525 Southwest Boulevard, Kansas City, Mo.

# Edwards Heights

Overlooking and Adjoining the State Park

**Open Monday, Nov. 14th, At 12 O'clock  
Noon**

**Don't Worry**

**Buy a Lot in  
Edwards Heights**

An ideal site for a real home, in the trend of Big Spring's best residence section. It is the proper distance away from the business section, away from noise, dust and dirt.

Will Big Spring be the big city in West Texas? Will her population be 15,000 or 30,000 in 1930? Big Spring's future is assured. Why waste time and printers ink telling you something you already know.

## See Prices on Tags on these Lots

### Opportunity

Edwards Heights is the most beautiful spot in Big Spring to build your home. These desirable lots are at their lowest prices now, and it is a matter of getting in on the ground floor now on property that is sure to increase in value with the sure growth of Big Spring.

More money has been made on the turning over of real estate investments than ever was made in taking oil or gold from land.

It is the adventurous spirit that makes men seek fortunes in mining and oil business but it is the conservative investor who prefers to put his dollars in real estate and grow rich in the same, natural increase of land values, based on sound prospects, commercial and residential trend.

This opportunity is offered you in Edwards Heights Addition. There will be a red tag on each lot giving price and terms. Go out Monday at noon and pull the tag on the lot you want and bring it to our office on the ground or to W. P. Edwards office at West Texas National Bank.

### Lots In Edwards Heights

The beautiful lots overlook the city of Big Spring. Remember it is just about the last desirable close-in block of acreage in the city of Big Spring. Values are bound to increase. The city has a future. Its location and big oil development in the county insures it. It is the trend of the city's best development. It's where the better homes will be built.

Restrictions are worth more than the price asked for lots. A home in Edwards Heights will be worth more than one in the older part of the city. Its surroundings will be new.

Big Spring has reached a size where its people are thinking of better homes and their surroundings. The people who are and will continue to move to Big Spring will locate in the new restricted neighborhood.

**WATCH OUT FOR WINTER COLDS**

If you have a cold do not treat it lightly, advises Dr. J. C. Anderson, State Health Officer, who stated that everyone suffering from this malady should consider it a distinct disease that needs prompt treatment.

"A cold is a communicable disease that, when contracted, may lead to serious results, weakening the resistant powers of the body to the extent that the cold victim may likely succumb to the marauding forms of pneumonia, tuberculosis or other serious diseases. A cold is also quite often the first symptom of influenza, many of the diseases common to children, and other maladies, and should in no instance be allowed to run its course without treatment," Dr. Anderson said.

**THANK GOD EVERY MORNING**

One day I asked if a little woman in the back of the church and she replied that she was not sure whether she liked God or just plain green things best. Finally she went over to the window and took down from it a scrap of paper pinned to the curtain. It was Charles Kingsley's "Thank God every morning when you get up that you have something to do that day which must be done, whether you like it or not. Being forced to work, and forced to do our best, will breed in you temperance and self control, diligence and strength of will, cheerfulness and content, and a hundred virtues that the idle will never know." — Mrs. Hunt in The Progressive Farmer.

Disinfectants in the drinking water may keep healthy chickens healthy, but that seldom cures sick ones. Besides, doctoring sick chickens requires a lot of time. Culling requires less time. It never pays to keep poultry in the flock which had a poor start. A chicken lacking in vitality is the first to become diseased, and if left in the flock it will scatter disease among healthy birds. Cull out all the backward, unthrifty pullets and hens.—Farm and Ranch.

**W. B. SLAUGHTER SUES FOR \$2,500,000**

Suit for alleged actual damages of \$1,500,000 and exemplary damage of \$1,000,000 was filed last Friday in the United States District Court at Dallas by William B. Slaughter, San Antonio, against United States District Judge James C. Wilson and Mrs. Carrie Averill Slaughter, widow of the late Col. C. C. Slaughter, brother of the plaintiff, William B. Slaughter, and members of the Slaughter family.

Mr. Babson says: "You can write this for your front pages. America cannot be saved until the men and women of this generation get down upon their knees before God and pray the way their fathers and mothers prayed. We cannot be saved until the business men put the ten commandments back into business. Until then we cannot save America." Mr. Babson is one of our leading citizens and should be heard. We are overloaded with statute laws, but the country is not progressing towards the higher level. The need of America is more religion and less politics. The 10 commandments must be reinstated. Parents, teachers, Christian pulpits, conscientious editors, should take interest in the words expressed by Mr. Babson. What a blessing if the 10 commandments figured in all American schools. The 10 commandments for centuries kept the Jewish nation happy. Today we have 1,000,000 laws and are unhappy.—Fletcher's Farming.

**SOME OBVIOUS FACTS**

A merchant could not stay in business if he closed his store six months out of every twelve.  
A factory could not make a profit and only operate half the time.  
Laborers, clerks, and salaried men in our cities, the most of them, would be in want if deprived of work two months in succession.  
Skilled craftsmen in the various trades find that steady work is almost necessary to enable them to pay rent and provide the necessities of life for their families.  
Professional men would lose experience and reputation if they applied themselves only half the time.  
The bread earners in our cities must work regular hours, rain or shine, winter and summer, to make both ends meet. A week of sickness makes a serious cut in the income of the average citizen.  
The only class of people who get by by working with reasonable regularity only about half of each year is the one-crop farmer, and if he tells the truth, the kind of a living he makes for himself and family is nothing to brag about.—Farm and Ranch.

**MARRIAGE LICENSES**

Lewis Blevins and Noreen Haley, Oct. 31; Gregorio Nunez and Salsphia Vuenobides, Nov. 5; A. N. Dean and Lucille Parker, Nov. 5; Jimmie Buchanan and Etta Caldwell, Nov. 5; Feburcio Nunes and Rosenda Larez, Nov. 7.

**No Extra Needed**

to inform the intelligent readers of this paper that the combination we refer to is one of the greatest ever; a salesman was telling one of our local townsmen of his great invention, a combined talking machine, carpet sweeper and letter opener. "That's old, I beat you to it; I married one."

Our particular combination is building materials of quality, coupled with building helps that assure satisfaction when the house is completed. Associate our name with your building requirements.

# Sunday School Lesson

Lesson for November 13

THEA PREACHES GOD'S LOVE

HOSEA TEXT—Hosea 11:1-4, 8, 9;  
 GOLDEN TEXT—I desire mercy and  
 the knowledge of God more than burnt offerings  
 PRIMARY TOPIC—God's Wonderful  
 Love  
 SENIOR TOPIC—God's Wonderful  
 Love  
 INTERMEDIATE AND SENIOR TOPIC—  
 The Unchanging Love of God  
 JUNIOR TOPIC—God's Wonderful  
 Love

The message was primarily to  
 the nation was outwardly  
 for its height of temporal  
 was reached in the time of Jerom  
 II (See II Kings 14-20). With  
 prosperity came luxury, immoral  
 and apostasy. Calf worship and  
 worship were substituted for the  
 of God.

The marriage (1:1, 2).  
 was commanded by God to  
 an unchaste woman to be his  
 wife. While this was a strange act,  
 it was right, for it was commanded  
 of God, and its motive was the eleva  
 of the woman to the prophet's  
 plane. It was designed to show  
 a wonderful condescension and  
 in entering into covenant rela  
 with a nation of such immor  
 The nation had no more to  
 when God chose it than  
 an unchaste woman when Hosea con  
 marriage with her.

The unfaithful wife (ch. 2).  
 The wonderful condescension  
 on the part of the prophet  
 in contracting marriage with this  
 woman, Gomer, the unfaithful wife,  
 from him to consort with her  
 base lovers. This shows Israel's  
 ingratitude in their departure  
 from God to go after idols. Sore chas  
 tement fell upon her for her unfaith  
 ness.

Illustration of Gomer, the unfaith  
 wife (ch. 3).  
 This illustrates God's undying love  
 for Israel. The motive governing the  
 prophet's act was love. God's love for  
 Israel is just as real. His grace will  
 move Him to take back that nation  
 Himself.

God's Love for Israel (Hosea  
 14:4, 8, 9).  
 In the beginning (v. 1).  
 It began when Israel as a nation  
 in its childhood. God loved the  
 nation even while in Egypt.  
 "Called my son out of Egypt" (v.

God called Israel out of the bond  
 of Egypt and brought them into  
 the land of freedom—flowing  
 with milk and honey. Such love and  
 grace placed Israel under peculiar ob  
 ligation to God.

"Taught Ephraim to go" (v. 3).  
 In spite of Israel's backsliding (v.  
 4) God is represented as teaching  
 how to walk, even as a father  
 holding up his child in his arms. God  
 looked over them as parents watch  
 their children by night.

"I drew with cords of a man (v.  
 4).  
 He drew that His drawing was not  
 a stout rope as used with an un  
 willing laborer (ch. 10:11), but a cord  
 as a man could bear. God's won  
 derful love in Christ should constrain  
 us to obey and serve Him.

"Took off the yoke from the jaws  
 of the oxen" (v. 4).  
 The figure is of a husbandman lift  
 ing the yoke from the oxen so that  
 they could eat.

"Unwillingness to give them up  
 (v. 6).  
 In spite of all Israel's sin, God was  
 unwilling to destroy them.

"God Pleads for Repentance  
 (v. 6).  
 Inwithstanding their awful sins,  
 God urged Israel to turn unto Him.  
 He was doing the same to backsliders to  
 day. He made promise unto them.  
 "I will heal their backslidings" (v.

6).  
 In the condition of frank and  
 confession.  
 "I will love them freely (v. 4).  
 This is characteristic of God. Only  
 those who express unmerited love.  
 "I will be as the dew to Israel"

(v. 6).  
 The dew will refresh the nation as dew  
 refreshes the parched grass.  
 "Beauty promised (v. 5).  
 "Beauty assured (v. 6).  
 "Pleasant fragrance (v. 7).  
 This is a picture of the re  
 newed nation, something similar may  
 be seen in the fragrant, fruitful lives  
 of men and women who have sinned  
 and come back to God.

Faithfulness is All  
 The man who is faithful over a few things  
 will be faithful over all things. It does not matter  
 how small the things are, if you preach in Westchester  
 or in such a ragged class, as you  
 are faithful. The faithfulness is all—  
 E. C. MacDonald.

The Sane Christian  
 The sane auto driver keeps his hand  
 on the wheel and his eye on the road.  
 The sane Christian keeps his hand on  
 the Bible and his eye on God.—E. C.

## WHAT'S DOING IN WEST TEXAS

By  
 West Texas Chamber Commerce

Stinnett — A big free barbecue  
 which will be attended by United  
 States Earle B. Mayfield and other  
 men of prominence will celebrate  
 the arrival of the Rock Island Rail  
 road into Stinnett here November  
 15. This road is now being built  
 from Amarillo to Liberal, Kan.;  
 rails reached city limits of Stinnett  
 October 23. All towns and com  
 munities of the North Panhandle  
 will send large delegations. Excurs  
 ions are already being arranged by  
 Amarillo and Liberal, Kan.

Burkburnett — Formal opening  
 of the new Inter-state Free bridge  
 across Red river between Texas and  
 Oklahoma, was celebrated here, Nov.  
 5. Officials of the West Texas  
 Chamber of Commerce participated  
 in the affair. The bridge was erect  
 ed at a cost of \$380,000.

Thalia — This Foard County  
 town has joined the ranks of af  
 filiated West Texas Chamber of  
 Commerce towns. Substantial mem  
 berships were subscribed on a re  
 cent visit of the regional organ  
 ization's field man, who was accom  
 panied by Mack Boswell of the  
 Crowell Chamber of Commerce.

Shallowater — This farming com  
 munity of some 250 people claims  
 the ginning record for the plains  
 country this season. One thousand  
 four hundred bales have been gin  
 ned here, more than any other town  
 on the plains. Affiliation was  
 made recently with the West Texas  
 Chamber of Commerce.

Pampa — Work on the proposed  
 railway from Pampa to Cheyenne,  
 Okla., is expected to start early in  
 1928. The line was offered through  
 a proposal by Frank Kell, Wichita  
 Falls capitalist and president of the  
 Clinton & Oklahoma Western rail  
 road.

Memphis — Business interests of  
 Memphis, Childress, Quanah, and  
 Chillicothe have employed an ex  
 pert to conduct rural organization  
 work in Hall, Hardeman, and  
 Childress Counties, with especial  
 stress on dairying.

Hamlin — Hamlin now has four  
 rural mail routes which cover an  
 area of 228.59 miles.

**BRACING!**

**White Swan COFFEE**

FRESH by truck from daily roastings

**White Swan COFFEE**

ONE OF THE 101 FINE FOODS

Weatherford — The local feed  
 manufacturing mill here is having  
 a record business. Demand for  
 corn has been so great that car  
 loads have been ordered from north  
 east Texas. The mill grinds corn  
 and grains into feed for cattle feed  
 ers, dairymen, and poultry raisers  
 of the section.

Ovalo — A harmonica band has  
 been organized here and will fea  
 ture community entertainment pro  
 grams.

Bradshaw — Farmers of this  
 territory, including those from  
 Lawn, Ovalo, Oak Lawn, Guion,  
 Shep. Moro, Cedar Gap, Cedar  
 Creek, Iberis, and other communi  
 ties south of Abilene, were given  
 opportunity to attend a terracing  
 school at Tuscola the first week of  
 November. The school was conduct  
 ed by J. R. Masterson, Taylor Coun  
 ty agent. A similar meeting was  
 held in Merkel at an earlier date.

Quanah — Quanah was the  
 scene of one of the most unique  
 city celebrations ever held in this  
 section Nov. 4 and 5 when a tribe  
 of Comanche Indians came from  
 their Oklahoma reservation to re  
 bless Quanah, which was named in  
 honor of their chief's father, Quanah  
 Parker. President H. W. Haynie of  
 the West Texas Chamber of Com  
 merce was initiated into the tribe  
 and made a white chief. Manager  
 Homer D. Wade and Publicity Man  
 ager E. H. Whitehead were also in  
 attendance at the Harvest Moon  
 Fete.

Yes! We Have  
 "it"

Cook's Armorcote  
 The "Fool-Proof" Lacquer

It is the only practical lac  
 quer for brush application  
 over any surface by amateur  
 painter or skilled craftsman. It  
 will not "set" or "peel"—it is odor  
 less, quick drying and durable. It  
 works like an enamel—levels up  
 perfectly—and gives a hard, porce  
 lain finish that is like tile. Take  
 your choice of twenty-one shades  
 and clear—match any shade you  
 want. Enough lacquer to refinish  
 a large piece of furniture costs only  
 a few cents. Cook's guarantees it  
 to give good results on furniture,  
 floors, woodwork, porch furniture.

 Lumber

### CURING THE FAST DRIVERS

"Fall-and-Faine" pedestrians bid  
 fair to become the bane of Slam.  
 Their method is to pick out a slowly  
 moving motor car, dart out from  
 the sidewalk, stumble against the  
 car and fall in a faint by its side.  
 A policeman appears, puts himself  
 and the half-conscious victim in  
 the automobile and proceeds to a  
 police station. Rather than go to  
 court on a charge of reckless driv  
 ing, the motorist will usually pay  
 the damages asked.—Big Lake  
 News.

The Siamese are not as dumb as

we thought they were. This might  
 be a good plan for Americans to  
 follow in an effort to break some  
 of our speeders or break their  
 speeding habit.

Miss Margaret Happel arrived  
 Monday from Austin where she is  
 attending State University, to visit  
 her parents, Dr. and Mrs. E. H.  
 Happel.

Mr. and Mrs. P. G. Stokes of  
 Slaton visited friends in this city  
 Sunday. Mr Stokes also made a  
 business trip to Sterling City.

### SIXTEEN 55,000-BARREL TANKS TO BE ERECTED

The crew is in town awaiting  
 steel to build two tanks about three  
 miles east of the ones now stand  
 ing a short distance southeast of  
 Coahoma. Each will be the ordi  
 nary 55,000 barrel tank and loca  
 tions are being made for others, and  
 it has been stated that fourteen  
 more will probably be built short  
 ly, making a total of sixteen tanks  
 that will be built only a few miles  
 from Coahoma.—Coahoma Citizen.

 Dallas. — A citizen police force of 113 men has been added to the Dallas police department to strengthen a drive against reckless automobile drivers.  
 The new "cops" are business men and other responsible citizens. They will be vested with the authority of regular police.

The song "Yankee Doodle" was written as a joke by Dr. "Dicky" Shuckburg of the King's army in derision of the backward Colonial militia. Instead of giving offense, the song made a hit with the entire American militia.  
 Shaving utensils of all kinds...  
 Cunningham & Phillips.

**FATHER OF MRS. L. G. SUBER VISITING HER AT THIS TIME**

Mr. and Mrs. L. G. Suber have as their distinguished guest, Mrs. Suber's father, Brigadier General J. Thompson Clinkscales, a United Confederate veteran of Texas. General Clinkscales was in the midst of battle during the Civil War and can relate many interesting war stories. Following is a clipping taken from the Eugene (Oregon) Messenger, giving a portion of the history of the life of this colorful figure, and interesting bits of Texas history:  
 Good sturdy legs that can track and track fast have saved lots of men from lots of battles. But it isn't every man who will admit it.  
 Brigadier-General J. Thompson Clinkscales, United Confederate veteran of Texas, is one of the few who will. "I was in a lot of tight places during the civil war, and it was just a good clean runnin' that kept me from being captured a lot of times," says the general, when asked whether he was ever taken captive during the war.  
 General Clinkscales, who makes his home in Texas, and has as his one hobby in life the taking care of other people who need taking care of, is now visiting his daughter and son in law, Mr. and Mrs. L. G. Suber of Big Spring, having arrived at their home some ten days ago. He is back in the Lone Star State after an extended trip to Tennessee and other Southern States, during which time he was a delegate from Texas to the Confederate veterans reunion in Alabama. And 'twas there during the convention sessions, that Colonel Clinkscales had conferred upon his venerable head the honorary title of Major-General in the forest cavalry, Texas division. He wears his three stars, with the utmost dignity and pride, as well he might.  
 Born in Iuka, Miss., 87 years ago, Jim Clinkscales as he must certainly have been called by his comrades of boyhood, since he has high good humor still twinkling out of a pair of seepset eyes—enlisted in the Southern army in 1862, and his baptism of fire was received when he was a youth of 23. Not so young as many of the lads who went in during the later days of the war, but plenty young enough. He had gone to school in Iuka, and he enlisted with the Forest cavalry, Tennessee army.

**Advance Is Rapid**

He must have been a fighter for fair, for in no time at all he was a major, and in 1864 he received the rank of colonel, which he kept until discharged after the surrender of the Confederate forces. At the close of the war he was serving on General Porter's staff.

Never but once in the three years of fighting did he receive a wound, and that was when a fragment of shell hit him as he lay in front of the flag. Even that was not severe enough to put him out of the fighting lines.

The name Clinkscales is hard to place in the nationality list. But the general says his great-great-grandfather Clinkscales migrated from Scotland to Maryland, to South Carolina. In the Scotland era they were big landowners of the nobility, and in the civil war era they were land and slave owners, with nearly half a hundred farms in their estates.

General Clinkscales was married following the war, to a lovely Southern girl who during the war had been a nurse. Her nicest petticoats had been torn into bandages for her beloved Southern boys who lay wounded in the hospitals, and she had nursed many a one back to health, seen many a one give up the battle. She too lived in Iuka, and in the battle fought at the little town, she lay with her people in a gully, while the battle was literally fought above them. It has been two years now since she left him, and she was laid to rest under the Texas skies, with full military honors—the highest honor ever accorded any Southern woman. It is because he is so lonely that he travels about a great deal, and tries to do for others. Any Confederate veterans or their families who are in need or sorrow know that in General Clinkscales they have a true friend.

More than in war has this old-timer seen interesting experience. Long years ago he used to ride the trail through middle Texas, or what was then Indian territory, driving thousands of head of cattle to Kansas City and Missouri. Each spring for years when the rains had made the grass lush and green on the prairie open spaces, he and his companions would mount their ponies and head straight across country, herding and camping like cowboys, in a round up. The "muck-wagon," and the cook were most important details of the trip, which took a full two months, at the

hair-raising speed of fifteen miles a day.

Later he used to visit his old cronies of the Pioneer Freighters association and the old Time Drivers association, but all are gone now so far as he knows, riding their phantom herds in a phantom land.

During the war, one particularly narrow squeak from capture and possible death lives as most vivid in his clear memory. It was in the advance of Hood's army to Franklin, Tenn., when the "bush-whackers" (Union sympathizers) galore were camped in every wood and road way, and all troops were warned to stay in strict lines lest they be picked off by some of the enemies.

**Funny Stories Save Him**

But the young soldier was always hungry and on top of that he was a good forager and hard to keep in line when hungry. It was about ten o'clock in the morning when something in the way of food enticed him out of line, and into a clear space. Almost immediately he was surrounded by cordial bush-whackers who made plans to hang him at sundown. But the general wasn't given a sense of humor for nothing. He remembered a few funny stories, made up a few more, and after several hours of such exchange, broke away from his captors and had a 300 yard start before they knew he was gone. It was December, and dark in the woods, so he rode down a mountain side off the main road, was seen no more by his enemies, and at the foot of the mountain found a Southern woman who secreted him for shelter for a time. At ten o'clock in the evening she summoned a neighbor boy who took him another twenty miles toward the gray army, and after staying that night at another house, he next morning caught up with his company.

More than 25 years after the war, an old Federal army soldier came to Mr. Clinkscales' home in Texas to swap stories, and they fell to talking of the battle of Paluska, Tenn. The Federal soldier told of trying to pluck off some stubborn rebel concealed behind a stump, and when the two compared notes they discovered in high glee that the stubborn rebel was none other than Soldier Clinkscales, trying to do the same thing to the soldier in blue.

The old fighter now has many good friends among the Grand Army of the Republic and he visits back and forth with many of them. The feeling between the Yankees and the Rebels has died down entirely he believes save in a few rare instances, and the feeling is one of friendliness and realization that they all fought for what they felt to be right and just. So far as he knows, Mr. Clinkscales had no relatives in the Northern forces.

After attending the convention in Alabama, General Clinkscales went to Tennessee just to see the Stone mountain memorial which was started by Gustav Borglum, the sculptor. He was vastly interested, and described the commanding figures of General Lee and General Jackson. He was much impressed by the fact that last year 125 people gathered on the brim of Lee's campaign hat, high on the face of the mountain for a luncheon party.

"I went to Tennessee and brought back a pocket full of rocks," said the general with a twinkle in his eye, as he proffered a sparkling bit of rock from the bottom of his pocket. The stone sparkles as though set with tiny diamonds, and the veteran declares it a wonderful sight to see this whole immense mountain of solid stone shining in the light. He carries in his pocket as a talisman some Stone mountain coins, which were sold in the South to help finance the memorial to Confederate army veterans, and which show a view of the memorial as it will be when completed years hence.

General Clinkscales is as erect and vigorous as a man of middle age. He wears a long beard which sweeps down in white masses over his uniform coat, and greets you with a pleasant and youthful smile. He hasn't taken up golf nor does he drive a Ford but he likes to read anything from the "Confederate Veteran," published in Texas, to the daily newspapers, Hearst's Cosmopolitan and all the rest of them. He is a prominent Mason in the South, and interested in the dedication ceremonies of Eugene's new Masonic temple.

Come to our store and let us show you the Gulbrandsen MIDGET PIANO. Nationally priced at \$295. RIX'S.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS  
 To the Sheriff or any Constable Howard County—Greeting:  
 You are hereby commanded, summon Earl Stirman by the publication of this Citation on each week for four consecutive weeks previous to the return hereof, in some newspaper published in your County, if there be no newspaper published therein, but not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Howard County, to be held at the Court House thereof, in Big Spring on the 1st Monday in February A. D. 1926, same being the 6th day of February A. D. 1926, then and there to answer a petition filed in said Court on the 27th day of October A. D. 1927, in a suit numbered on the docket of said Court No. 10, wherein Will P. Edwards is Plaintiff, and Earl Stirman, The Wool Growers Central Storage Company, a corporation, and H. B. Crockett, Defendants, and a brief statement of plaintiff's cause of action, be as follows:  
 Suit upon a note made by Earl Stirman October 3, 1925, for \$7116.74 due and payable to P. Edwards at Big Spring, Texas, April 1st, 1926, with ten per cent interest per annum from maturity and for ten per cent on said note as attorneys fees. Also to foreclose a Chattel mortgage lien on a head of ewes, 325 ewe lambs, Spring of 1925, together with 17 lambs born in Spring of 1925, their increase and accretions, 17 bucks, all wool-branded H on side, 125 cows, 75 two-year Steers and heifers, 100 yearling 70 calves, crop of 1925, and their increase, accretions and accretions; known as the Earl Stirman flock of sheep and stock of said County in October, 1925.

Said suit is against the said Earl Stirman, The Wool Growers Central Storage Company, a corporation, San Angelo, Texas, and H. B. Crockett County, Texas, for full amount of said note and interest from maturity of said note, conversion of said livestock. Plaintiff prays that all of the said defendants be cited to answer his filed herein at the said term of District Court of Howard County and for costs of suit, and special relief.

Herein fail not but have be said Court, at its next regular term this writ with your return there showing how you have executed same.  
 Given under my hand and seal of said Court, at office in Big Spring, Texas, on this the 2nd day of November A. D. 1927.  
 (S) J. I. PRICHARD  
 Clerk, District Court, Howard County, Texas.

### WEDDING AFFAIR GIVEN FOR MABEL RICKER, BRIDE-ELECT

The loveliest parties of society has been given for Miss Mabel Ricker, whose marriage to John Walker will be solemnized at the First Methodist Church at 8 o'clock Monday evening, Nov. 14. Miss Ricker has been filling the last few weeks with the wedding with dates and appointments, including a dinner at the home of Mrs. J. R. Cope-

land on Wednesday with Mrs. J. R. Cope-land and Mrs. J. R. Cope-land. The bride-elect was given a beautiful gown by Mrs. J. R. Cope-land. The bride-elect was given a beautiful gown by Mrs. J. R. Cope-land.

The bride-elect was given a beautiful gown by Mrs. J. R. Cope-land. The bride-elect was given a beautiful gown by Mrs. J. R. Cope-land.

### PRETTY AUTUMN PARTY GIVEN THURSDAY AFTERNOON

One of the loveliest autumn parties given this season was the one on last Thursday afternoon when society maids and matrons assembled in the Carnegie home for bridge play. Mrs. R. V. Middleton and Mrs. Chas. Dublin entertaining nineteen tables of bridge enthusiasts. The lovely color theme of yellow and white was very effectively carried out in the decorations, table appointments and other details of the party and brought to a pretty climax on the refreshment plate. Shaggy chrysanthemums, artistically arranged in vases were placed throughout the rooms used for entertaining and elaborately expressed the chosen color motif. The note of Halloween was sounded in the fallies.

### PRETTY IN-HONOR AFFAIR GIVEN FOR BRIDE-ELECT

In compliment to Miss Mabel Ricker, bride-elect, a delightful party was given at the lovely new home of Mr. and Mrs. Ed Hatch in the Cole and Strayhorn addition on Saturday evening with Mrs. Hatch and Miss Nell Hatch hostesses. The bride was the diversion of the evening and seven tables of players contested in the series of interesting games. Mrs. Fred Hopkins made ladies' high score and Dr. M. H. Bennett gentleman's high score.

### HOME GARDEN CLUB WILL MEET TUESDAY AFTERNOON

The Home Garden Club will hold its initial fall meeting in the rest room at the courthouse at 3:00 o'clock Tuesday afternoon according to Mrs. J. M. Morgan, president of the club. After a long rest during the summer months the members are urged to renew their interest in the work of the club, and to attend this meeting. Many interesting things will be discussed Tuesday. Be there!

### YOUNG WOMEN'S MISSIONARY SOCIETY WILL MEET MONDAY

The Young Women's Missionary Society of the First Methodist Church will meet with Mrs. T. E. Johnson on South Main street at four o'clock next Monday afternoon Nov. 14. All members are urged to be present.

### T. E. L. CLASS MEETING AT HOME OF MRS. FULLER

The T. E. L. class of First Baptist Church held their November business and social meeting at the home of Mrs. I. A. Fuller on Tuesday of this week. All joined in the opening song led by Mrs. Roy Lay and Mrs. W. B. Tolleson conducted an impressive devotional service.

The class president, Mrs. R. Jones, presided at the business session and much interest was shown in the several matters which were brought up for consideration. The business hour was concluded with prayer and the meeting was then in the hands of the social chairman, Mrs. C. C. Coffee. A very pleasing piano solo was rendered by Mrs. Mercer.

The remainder of the program consisted of papers or talks on "One of the Most Striking Magazine Articles I Have Read Recently," arranged by the program committee. Mrs. L. L. King splendidly entertained, reminded and warned us with Edgar A. Guest's treatment of "Gossip, the Meanest Habit on Earth," cleverly punctuating this with home teachings on some of the points mentioned.

### ARMISTICE DANCE AT MILLER'S SKATING RINK NORTH OF CITY

An Armistice dance will be given at the Miller skating rink tonight, (Friday) Nov. 11 and a cordial invitation is extended everyone to attend. Dancing will begin at ten o'clock and will continue until 2 a. m. Music will be furnished by the orchestra of the Harley Sadler Co.

### TEKARA ENTERTAINMENT RECEIPTS AMOUNT TO \$31.50

Tekara, the Magician, delighted the school boys and girls at the R and R Lyric theater last Friday afternoon with his tricks of magic and entertained a full house of youngsters. The performance was given as benefit of the Central Ward P. T. A. and \$31.50 for the Association was cleared on this entertainment.

### SILVER TEA GIVEN AT HOME OF MRS. M. WEISEN

A silver tea was given at the home of Mrs. M. Weisen last Friday evening, and a good crowd enjoyed the interesting games and contests played throughout the evening hours. Her daughter, Mrs. Albert Gaackle assisted in entertaining. At refreshment time delicious fruit salad, tea, hot coffee and cake were served in a dainty manner.

### MISS NOREEN HALEY AND LEWIS BLIVINS MARRY

The wedding ceremony which united in marriage Miss Noreen Haley and Lewis Blivins was performed by Rev. W. C. Hinds, pastor of the First Methodist Church at the Methodist Parsonage Monday evening, Oct. 31 at 8 o'clock. Immediately following the ceremony the happy couple left for a brief visit in Abilene.

The bride is the attractive daughter of Mr. and Mrs. J. L. Haley, proprietors of the Wyoming and Haley Hotels in this city, and she has many friends in this city. At the time of her marriage she was managing the Haley Hotel, upstairs over the J. & W. Fisher store.

### MISS FRANCES MELTON IS CHOSEN SENIOR FAVORITE

Miss Frances Melton, daughter of Mrs. Chas. Holmes of this city was recently chosen Favorite of the Senior Class at Simmons University, Abilene. Miss Melton will receive her degree from Simmons next spring.

### TWILIGHT MUSICAL HAS BEEN POSTPONED

The twilight musical program announced for 4:30 p. m. Sunday at the Baptist Church will be given at another date. So many activities this week made it advisable to have the service a little later. Due notice will be given soon of the time when the program will be given.

### HOMEMAKERS CLASS ENJOY PARTY WITH MRS. MARTIN

The Homemakers class of the First Baptist Sunday school, Mrs. R. Rangan, teacher, was most delightfully entertained in the home of Mrs. I. W. Martin Tuesday afternoon. The diversion of the night was given in the games and contests enjoyed by the large number of guests present. Following the social hour the devotional and book meetings were held. It was decided to increase the membership of this class to include the young married women of this denomination and plans for the campaign were discussed.

### HARLEY SADLER'S COMPANY SHOWING HERE THIS WEEK

Many people have been disappointed this week when they were turned away from the Harley Sadler show in Big Spring, since Tuesday night. The big tent has proven inadequate to take care of the big crowds that have attended each evening's performance. The fine plays, the good vaudeville between the acts and the splendid orchestra music make this tent show a very popular place, and the West Texas favorite, Harley Sadler, alone draws the people here from miles around. Everything good can be said about the show for it is a high class entertainment a real family show, and those attending speak of it in terms of praise. They will close their engagement in this city Saturday night for this season. A matinee will be given Saturday afternoon also two plays Saturday night.

### PRIZE WINNERS!

Those winning prizes in the Hoo's Hoo and Watt's Watt contest announced in last week's Herald are asked to call at the Herald office and claim the prizes.

### Second Annual Washington Place Flower Show Opens to Public

Many Beautiful Flowers and Pot Plants on Display Saturday; Difficult Job for Judges to Decide

The second annual flower show, sponsored by the City Federation, was a pronounced success and a large number of beautiful flowers and pot plants were contributed to the display by the flower growers of Big Spring and Howard County. The flower show was held in the Woleoff Motor Company building and the flowers and plants were placed in attractive arrangement to be judged. This year's show was bigger and better than the one held last year but the large chrysanthemums which were the outstanding feature of last year's show were missing this year. Chrysanthemum growers stated that it was a little too early and their big flowers were not in bloom.

The roses in a variety of kinds and colors won more favorable admiration than any of the other flowers and those exhibited were as beautiful as could be grown anywhere. Zinnias, dahlias, cosmos, snapdragons and many other blossoms came in for their share of favorable comment as well as many of the pot plants.

The judges made their decision late Saturday afternoon and awarded the ribbons. C. T. Watson, secretary of the Chamber of Commerce, Mrs. Chas. Eberley and Mrs. Service served as judges. Those winning ribbons are listed below:

- Roses—1st prize, Mrs. Harry Lester; 2nd Mrs. Harry Lees; 3rd Mrs. Harry Lester; 4th Mrs. Joe Jim Green.
- Large Chrysanthemums—First Mrs. Fred Hopkins; second Mrs. Joe Jim Green; third Mrs. D. H. Beard.
- Small Chrysanthemums—First Mrs. Spurlin; second Mrs. Temp. Cagle; third Mrs. W. R. Settle.
- Zinnias—First Mrs. L. H. Smith; second Mrs. John R. Hull; third Mrs. W. E. Phillips.
- Snapdragons—First Mrs. Joe Jim Green; second Mrs. Marjorie McDonald; third Mrs. Harry Lester.
- Wild Flowers—First Mrs. C. H. Bussey; second Mrs. Spencer Leatherwood; third Mrs. L. L. Burg.
- Dahlias—First Mrs. Fred Hop; second Mrs. Jess Slaughter.
- Cosmos—First Mrs. C. W. Cunningham; second Mrs. L. S. Smith; Boston Fern—Mrs. J. J. Slight.
- Asparagus Fern—First Mrs. J. L. Pritchard; second Mrs. G. W. Roberts.
- Begonia—First Mrs. W. R. Settle; second Mrs. J. L. Pritchard.
- Large Collus—First Mrs. Spurre; second Mrs. Eck Lovelace; third Mrs. Towler.
- Small Collus—First Mrs. Green; second Mrs. W. W. Crawford; third (in box) ?
- Different Type Collus—First Mrs. Towler.
- Geraniums—First H. M. Gilbert; second Rev. W. C. Hinds; third Rev. W. C. Hinds.
- Marigold—first Mrs. W. E. Phillips.
- Polinetti—First Mrs. F. F. Gary; second Mrs. F. F. Gary.
- Winter Mustard Leaves—First Mrs. R. E. Lloyd.
- Daistes—First Mrs. Towler; second Mrs. W. A. Allen; third Mrs. R. E. Slaughter.
- Petunia—First Mrs. Frank House.
- Arterio Plant—First Mrs. T. M. Robinson; second Mrs. J. L. McDowell.
- Evergreen Moss—First Mrs. John R. Hull; second Miss Eddie Ray Lees.
- Japanese Rose—First Mrs. W. C. Barnett; second Mrs. W. C. Barnett.
- Crown of Thorns—First Mrs. W. R. Settle.
- Palm—First Mrs. Milner.

### Washington Place Opens to Public

"Washington Place" the best high class restricted residential section ever offered in Big Spring, or any other city as to price and desirable location is now ready for your inspection. Large spacious home sites in this beautiful high and level subdivision will be on sale at from \$275 and up. The lots are 70x135 feet, 12 feet additional for sidewalks. They front on 80 foot boulevards which are parked in the center. A cash down payment of \$25 only is asked and small monthly payments for the balance.

A live building program is to be promoted in this beautiful subdivision. City water, electricity and telephone service will be guaranteed to the home builders on graded streets. Washington Place is directly east of the high school and south ward school and in easy walking distance of these schools.

You will certainly fall in love with this beautiful subdivision if you pay it a visit. The Lyons-Earnest Realty Service are placing this fine new subdivision on the market. If you expect to build a home let them show you a choice site and quote you a most reasonable price.

### PRESBYTERIAN AUXILIARY NOTES FOR WEEK OF PRAYER

In observance of the Week of Prayer and Self-denial for the assembly of Home Missions on next Monday and Tuesday afternoon at 3 o'clock at the Presbyterian Church the ladies of the Presbyterian Auxiliary will meet. The program for Monday afternoon has been prepared by Sue R. Haley Secretary of Home Missions and all of the ladies are urged to be present to hear the following program:

- Subject: Benefits Received
- Opening song, Doxology
- Scripture reading, Psalm 139—Mrs. H. W. Gayler.
- Hymn, Holy, Holy, Holy
- Responses reading
- Psalm, Wonderful Words of Life
- Benefits received, Mrs. Marnie T. Barnett, Mrs. Edna and Mrs. T. M. Dowell.
- Prayer, Mrs. J. T. Link.
- Novel, Mrs. L. S. McDowell
- Offering, Home, Offer
- Offering, Home, Offer
- Tuesday afternoon at 3 o'clock the ladies of the church are urged to attend the study meeting of the auxiliary. The study of the book, "Presbyterian Expansion in the Synod of Texas" will be completed. All of the ladies are especially invited to attend Tuesday's meeting, as the secretary of Home Missions has specially requested that we connect this study with our week of observance of prayer and self-denial.

- Cactus—First Mrs. K. S. Beckett; second Mrs. G. L. Brown; third Mrs. G. L. Brown.
- Wild Flowers—First Mrs. Richardson; second Mrs. Richardson.
- Ivy Geranium—First Mrs. W. W. Crawford; second Mrs. W. R. Settle; third Mrs. W. R. Settle.
- Lantana—First Mrs. Inez Knight.
- Peewinkle—First Mrs. W. R. Settle.
- Caranions—First Mrs. Jess Slaughter.
- First unique, Mrs. L. S. McDowell
- Mrs. J. M. Morgan, mother of the Home Garden Club, and general chairman of the flower show committee, was well pleased with this year's exhibit and was glad that so many flower growers contributed and showed interest. It is her desire to have the show each year bigger and better, and wants everyone in the county to take part. Some of the loveliest flowers exhibited this year were grown in the country. Everyone who helped in any way to make the flower show the success that it was is due thanks.

**BETTER MAIL SERVICE  
NEEDED AT BIG SPRING**

If our government is too poor to give us a Federal building we are not going to kick but we are in favor of kicking and complaining until we are given better service at the local office. In the first place the government should rent larger quarters since the present space is all too small. You can't expect the employees to render efficient service in the crowded quarters in which they are compelled to work.

Then for instance the one serving the General Delivery window is supposed to serve the thousands of patrons who get their mail thru the general delivery; sell stamps; collect box rent; weigh, estimate cost of postage and affix stamps on parcel post packages; deliver parcel post packages to all patrons of general delivery and to others when packages are too large for boxes. Imagine if you can representatives of a few of our department stores with arm loads of packages to mail and the lobby crowded with folks eager to secure their mail at the general delivery window. At times there is such a jam of humanity in the lobby that it is difficult for those who rent boxes to wade thru this crowd to get back in the dark corner where the boxes are located.

The citizens of Big Spring, knowing that a Federal building is several years, or more, away should keep on the trail of the postal inspector of this district, insisting on the securing of larger quarters for the local post office.

A committee has been appointed by the Chamber of Commerce to work on this proposition and they should have that inspector out here to look things over before the holiday rush sets in.

The post office is certainly inadequate at present, what will it be if Big Spring continues to grow?

Have you bought that new heater? We trade for your old one. RIX'S.

**OIL LEASES AND ASSIGNMENTS**

The Peerless Oil & Gas Co. purchased of H. B. Herring a one-eighth royalty interest to the E 1-2 of section 5 and the E 440 acres of section 8, and the N 187.5 acres of section 9, all in block 32, Tsp. 28 in Howard and Glasscock Counties.

The Marland Oil Co. of Texas assigned to Group No. 1 Oil Corporation an undivided one half interest in and to the lease on sections 22, 23, 26, 27, north three fourths of section 28, north three fourths of section 34, section 35 and 38, all in block 34, Tsp. 18; containing 4800 acres.

The Marland Oil Co. of Texas assigned to Group No. 1 Oil Corporation an undivided one half interest in and to the oil lease on south half of the south half of section 28, the south half of the south half of section 34, all in block 34, Tsp. 18, in Howard County, containing 320 A.

The Marland Oil Co. of Texas assigned to Group No. 1 Oil Corporation an undivided one half interest in and to the oil lease on all section 19, section 17, except 40 acres out of northeast of southeast quarter, all of section 15 and all of section 14 in block 33, Tsp. 18 in Howard County, containing 2520 acres.

G. T. Hall assigned to Roxana Petroleum Corp. a lease on East one half of SW quarter of section 6, block 33, Tsp. 1N, containing 80 A.

W. B. Robinson assigned to Mrs. W. B. Robinson lease on 120 acres out of SW quarter section 30, block 30, Tsp. 1N, Howard County.

W. B. Robinson assigned to Mrs. W. B. Robinson lease on 110 acres out of NW quarter of section 8, block 30, Tsp. 18, Howard County.

Mr. and Mrs. W. R. Creighton sold to R. L. Cook an undivided one half interest in and to the oil royalty in and to SE quarter of section 39, block 33, Tsp. 1N.

Mr. and Mrs. Harry Hyman, C. E. Henderson, S. A. Sloan, H. L. Hutchinson and Geo. A. Henshaw Jr. leased to John E. Lee the E 160 acres of the S 320 acres of section 61, block 29, W. & N. W. survey in Howard County.

Mr. and Mrs. Harry Hyman, R. P. Price, H. L. Hutchinson, S. A. Sloan, Geo. A. Henshaw Jr. leased to John E. Lee the E one half of W one half of the S 320 acres of section 61, block 29, W. & N. W. survey in Howard County.

**Wife Takes Vinol  
Feels Fine Now**

"I was weak and had no strength. Since taking Vinol, I feel fine now and do my work again."—Mrs. G. Barnesberger. The very FIRST week you take Vinol, you begin to feel stronger, eat and sleep better. Vinol is a simple, strengthening iron and cod liver compound in use for over 25 years by weak, nervous women, run-down men and sickly children. J. D. Biles, Druggist.

**BE GENEROUS  
WITH KIND WORDS**

Don't be afraid of spoiling the world with kind words. They cost little, and often mean so much. Many a lad has been driven to bad company by sourness at home. Many people seem to look on kindness as a weakness, and starve their families and friends with lack of encouragement. It is possible for us to be so concerned in the welfare of strangers as to neglect the interests of those nearest to us. Lots of children are given an impetus towards ruin because their starved up fathers button themselves in their dignity, and deny them proper encouragement and recognition. The boy will not stray far who gets the chance to tell his father his failures and successes. The wise man says: "My son, if thine heart be wise, my heart shall rejoice even mine; yea my reins shall rejoice when thy lips speak right things." There is something wrong with the man who is stingy with kind words. — *Batterson*

Better Coca Cola  
Cunningham & Phillips.

The Federal Reserve Bank of New York handles on the average of thirty-five tons of coins a day. By the machines used to count and weigh these it is found that a thousand dollars' worth of dimes weighs fifty-three pounds, that fifty bags of nickels total ten thousand dollars and that a ton of pennies fill sixty bags and are worth three thousand dollars.

Have you bought that new heater? We trade for your old one. RIX'S.

**"SELL TEXAS TO TEXAS"**

Wisconsin daily newspapers are going to conduct a "Sell Wisconsin to Wisconsin" campaign in 1928. It might not be a bad idea for Texas daily and weekly newspapers to conduct a "Sell Texas to Texas" campaign. Texas is such a whopper and every section has so many resources that half of Texas don't know how the other half looks or lives.

**REAL ESTATE DEALS**

Special Six  
4-Door Sedan  
\$1335

Leads the World in Motor Car Value

**Lightning pickup!**

This Nash Special Six 4-Door Sedan has the FASTEST acceleration in its price-field.

When traffic starts, this big Nash 7-bearing motor puts you in the lead instantly.

DRIVE this Sedan and test out its great pickup—and its great SPEED and SMOOTHNESS, too.

Along with its EXTRA power it has the smoothest, quietest type of motor ever engineered.

And in many other important ways this brilliantly exceptional car offers far more in both quality and value. The instrument board is a good example. Nash has finished it in walnut effect. And the door panelings and window moldings are similarly treated. Cushions are form-fitting to give you greater comfort. Upholstery is fine mohair, tufted beautifully. There's a vanity case and smoking set, leather mounted. Drive your car in when you come—we want to tell you about our special, LIBERAL terms on your car for this week.

THE NEW NASH IS A GREAT AUTOMOBILE

Each sip a revelation of COFFEE GOODNESS

IF YOU want to enjoy coffee at its best, raise a cup of Morning Joy Coffee to your lips. Breathe in the delicious aroma—the exquisite fragrance of its vapors. Then take a sip: and you will discover a flavor different from anything you have ever tasted before. A fuller, richer, more satisfying flavor—true coffee goodness that "hits the spot" and sends its message of cheer throughout your being.

Morning Joy Coffee is a famous blend that has helped make New Orleans world famous for its coffee. A blend that has brought pleasure and enjoyment to lovers of good coffee throughout the South and many sections of the North and East. Choice, green coffees—selected from the many brought into one of the world's greatest coffee ports—are scientifically blended and roasted into a delightful whole. All of the delicate shades of flavor and of the various coffees are expertly preserved for you through the careful roasting process and the vacuum pack.

Try a cup of Morning Joy Coffee tomorrow. You'll find it a revelation of how good coffee can be. Ask your grocer.

**LOOKING AFTER YOUR OWN FENCES**

The man who thinks himself his "brother's keeper" suffers from a case of exaggerated ego, and it is doubtful if any biblical allusion ever had more mistaken assumption road into it than has Cain's evasive answer to his Creator—"Am I my brother's keeper?" Just as Cain was unable to keep himself—much less his brother—so have his numerous nephews all down the ages found themselves and must so continue to find themselves until restored to that pristine purity from which their common ancestor departed when he became a fallen god. Could mankind get away from the mistaken notion that it is each individual's Divine prerogative to meddle in the affairs of his brother, and take home to his own mind and conscience a realization that it is his duty to keep himself "unspotted of the world"—wherein he will find a full time task for all his energies and faculties—the world would be in the way for better days, when human rights will be secure and courthouses and jails will be unattended, for there will be none to give offense. If first we are true to ourselves we can be false to no man. Until a man is true to himself he can but be false to others; and false to one, unfit to keep another. With every man true to himself, there will be none in need of keeping. Who is so egotistical as to claim himself worthy of being another's keeper?—Fletcher's Farmer.

Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you! J. D. Biles, Druggist, and Cunningham and Phillips.

**Rat poison... It's a good investment.**

Cunningham & Phillips.

Water people certainly know "great folks" so says some of our hundred people from Big Spring who went over to the game last Friday afternoon. They came home saying a kind of the courtesies shown them in that city. Free parking was provided for the visitors of the ball park a goal post was decorated with black and red colors, and the town school students were cordial to the Big Spring people. It's the little things that make these things make an impression on the Big Spring people.

**Gossiping**

Women have tongues so they can sit in the parlor and chatter in the kitchen. There always a few gossiping in any community who are anxious to hear a little tale on some innocent girl—and this first tale is about the wrecking of this town. Gossiping is as much a sin as anything one can do, especially when it eventually leads to sorrow, pity and woe. Women's gossip is as poison thrown from the most beautiful fangs. Some little by little and gradually exaggerate someone's sorrow, and to your neighbor's child, husband or wife. Be careful what you say. If you can't say something good about a person, don't say anything at all. The best policy in keeping peace is good will. A single blade of grass may cause a fire, and the same might be said of the wrong thing said to a person. "Judge not, lest ye be judged."—The Devils Rivers

**It's a pity there are so many who malice the characters of the people. No doubt they will get what the devil receives them.**

**A. W. NIX DEAD**

Adderson Whitworth Nix, 73 years, was claimed by death at his home at 5:30 o'clock Friday morning, Nov. 4, following a several weeks illness. The body was prepared for shipment and the remains were taken to the old home at Winters, Texas for interment. Funeral services were conducted at the Drasco Baptist Church at Winters Saturday afternoon at 3 o'clock and the remains were laid to rest in the family plot in the Bluff Creek cemetery.

Adderson Whitworth Nix, was born in Rock Port, Miss., on July 18, 1854. He came to Texas in 1874 and since that time has made his home in the Lone Star State. He married Geneva Arver Harwood in Milam County in 1886 and to his union seven children were born, five of whom survive: J. Webb Nix, Josephine Daniel, Adderson Whitworth Nix, Geneva Arver McCulston and John Gordon Nix, all of whom were at the bedside when the summons came.

Mr. Nix became a member of the Baptist Church at Wingate in 1902, and lived a consecrated christian life until his death. He was a good neighbor, kind friend, and loved by all who knew him.

Other relatives surviving are two brothers and two sisters, S. P. Nix of Wesson, Miss., Woodson Nix of Oma, Miss.; Mrs. Josephine Stein of Rockport, Miss., and Mrs. Emma Moore of Oma, Miss.

Deepest sympathy is extended to the bereaved ones in this sad hour.

The Diamond and Watch House

Alton C. Robertson, editor of the Coahoma Citizen, was a business visitor in Big Spring Tuesday.

**MEXICANS AMBUSH OFFICERS**

Two Mexicans are under arrest and two others are being sought on charges of assault with attempt to murder as a result of a bunch of Mexicans firing on Sheriff Frank House and his deputies who were seeking some Mexicans suspected of attempting to rob or assault a party of young people at the city's new water works plant.

The Mexicans are members of the Magnolia pipe line crew which has been camped on the hill one half mile east of the waterworks.

J. A. House and Clyde Brown, brother and nephew of Sheriff House and two young ladies had gone to the city waterworks park Monday night as this is used quite regularly for picnic parties by Big Spring folks and while driving in the park a bunch of Mexicans made an effort to force them to stop their car, but they speeded up and came to town and reported the facts in the case to the officers.

It was decided that the officers would accompany the young people back to the park to see whether or not the Mexicans really meant to attack the boys and girls.

The officers remained concealed in the cars for a time and then spread out to look for the Mexicans. They were attracted back to the park by calls from the boys where they found one of the Mexicans, armed with a pistol, on the running board of the automobile and another Mexican in the act of jumping on the running board when Sheriff House knocked him down.

The armed Mexican fled. The Mexican captured gave the name of his companion and also stated he worked with the Magnolia pipe line crew. Deputy Sheriff Andrew Merrick was left in charge of the captured Mexican while Sheriff House, Deputy Lane and Clyde Brown went to the Magnolia pipe line camp to see if they could get a line on the fleeing Mexican.

They had not been there long until pistol shots were heard at the City Park and Sheriff House asked Lane to go back and see if Andrew Merrick needed assistance. After Lane had gone some time more shooting started so Sheriff House and Brown, started back to the park to help Merrick and Lane, and had not gone far when three Mexicans hiding behind a clump of bushes rose up and began shooting at House and Brown. They got in several shots before House could get his pistol in action. He dropped one of the Mexicans and the other two fled. An examination later, indicated that one of the two had been hit by a bullet as there were signs of blood on the ground.

The wounded Mexican who was shot in the jaw, was taken back to the city park. It developed that three Mexicans hiding in a ditch had opened fire on Andrew Merrick who was with the captured Mexican and poured some more shots in that direction after deputy sheriff Lane returned. It may have been these same Mexicans who attempted to ambush Sheriff House and Brown as they returned from the pipe line camp to the park.

From the fact that the Mexicans had murder in their heart in firing on the officers, it is quite likely that this bunch of three or more had intended to kill the young men and attack the young ladies.

Other charges may be filed against these fellows. The two Mexicans held here from Old Mexico are 22 and 30 years of age; they are named Felix and Francisco Torres. The two Mexicans who are said to have done much of the shooting are named E. R. and Ben Medelina.

**KNOTT COMMUNITY IS MOST FORTUNATE**

The Knott community seems to be the most fortunate community in our county this year. Rains came just when needed and crops of all kind are abundant.

The fellow who didn't make more than one half bale of cotton to the acre is the exception. Many land owners report small patches of cotton making a bale or more cotton per acre.

**ARREST AUTO THIEF**

Sheriff House has had H. A. Melford arrested on a charge of auto theft and he is now being held at San Antonio.

Melford is charged with having stolen an automobile of Carl Williams at Sweetwater, Texas Thursday of last week. The prisoner will be taken to Sweetwater to answer the charge.

## Steers Lose Cham- pionship Game

Sweetwater Leads With One Point;  
 Big Spring Still in the Race for  
 District B Championship

The largest crowd of Big Spring fans that have ever turned out to a football game accompanied the Steers to Sweetwater last Friday afternoon to witness the championship game between the local Steers and the Sweetwater Mustangs. The game was a victory for Sweetwater, the opponents leading with a score of 14 to 13. The final outcome of the game seemed more "luck" than anything else, for the two teams were well matched and if anything the Steers outought the Mustangs. In the opening of the game the Steers started an attack that couldn't be stopped. As a result they piled up 13 points making six first downs and held the Mustangs to one first down. This was all Big Spring scored. In the second half the Mustangs opened an aerial attack that spelled doom for the Steers. Sweetwater began a series of passes and she completed every one—making a score of fourteen points. Luck seemed to be with the Mustangs on this occasion and they came out the victors.

More pep and enthusiasm than has ever before been manifested by Big Spring fans was displayed at this game, and it wasn't because of cheers and yells that the boys went down in defeat. The High School Pep Squad in colorful uniforms kept up a roar throughout the entire play, which sounded mighty good to the boys on the foreign field. The girls pep squad gave a spectacular demonstration and snake dance between halves, each one in a black and gold uniform.

Even though the Steers came home with the small end of the score the people are indeed proud of them for they fought valiantly. They are still in the race for district championship, provided Snyder defeats Sweetwater in the game today. Let's all root for Snyder.

### Bon Fire and Pep Rally

The town was alive last Thursday evening with boys and girls of the Big Spring schools creating pep enthusiasm preceding the big game on Friday—to be played at Sweetwater. A big bon fire was lighted on the high school campus and its light was seen for miles around. While it was burning the pep leaders practiced yells and songs with the students after which the entire group formed a chain and paraded the business section of town. Traffic was blocked while the Steer supporters marched up and down Main street. Much enthusiasm was developed among the town people, as well as the students as the interested one accompanied the team to see the game. A caravan of cars left Big Spring Friday at noon for Sweetwater.

### Big Spring Line-up

The Big Spring line-up in Friday's game was as follows: Fields, right end; Maxwell, right tackle; Thorp, right guard; Patterson, center; Griffith, left guard; Yarborough (captain) left tackle; Johnson, left end; Ferguson, quarter; Jones, right half; Williamson, full; Coats and Flowers. Every man played too good to enumerate the special plays of each one. The entire team deserves credit for the wonderful team work and brain work they used in this game.

## Oil News From Other W T Fields

### Oil News From Callahan County

Gibson and Johnson brought in a new well on the C. B. Snyder survey No. 139 in the Chase pasture, a few days ago, which is only 3 1-2 miles on an air line from Baird. This well is about three miles southwest of the wells on the Snyder ranch, which have been producing for some time, and about four miles south of the Drew Beams pool on the Jackson ranch, where there are five producing wells and about seven miles south of the Sims pool on the Dyer and Lones ranches, where there are 9 producing wells. Development will continue in this field which gives promise of being the largest field in Callahan County.

The Baird shallow field out south of Baird is still busy developing. Moutray Oil Company having brought in two good wells on the Act Hickman lease the past few days.

The Magnolia pipe line will be built through this field. Many loads of pipe for this line is being hauled out from Baird each day.—Baird Star.

### Oil Development West of the Pecos

The Exploration well near Sand Lake, about ten miles north of Pecos, is now drilling ahead as fast as possible. This area has never had a bit pounded through its surface before, and will be a real wildcat.

The Deep Rock well just across the Cyberson line, west of Toyah, is now drilling below 200 feet, with their snudder. The contract calls for 1700 feet. This is the fourth test and will be made to determine the show they found many months ago in their second test at 1500 feet.

The operators of this company have undoubtedly believed in the possibilities of their block for they are now drilling their fourth wildcat with the first three failing to show any real production. They found rainbows, but no big pool.

The Flores-Kingston well of the Humble Oil & Refining Co. located just across the Jeff Davis line, is now drilling ahead, making new hole below 2175 feet in lime and anhydrite. This test is in the edge of the mountains and had great trouble getting started. They had to skid their rig once and finally got past the treacherous cavities.

The Earl W. Brooks well, Edlins No. 1, south of Pecos in Reeves County, is now drilling past 2475 feet in anhydrite and making fast headway. This well is another wildcat in a territory heretofore untouched. It is another that will bear watching.—Pecos Enterprise.

### Testing Oil Show Near San Angelo

San Angelo, Texas.—J. V. Cox and others' No. 1 Llano, eight miles north and slightly west of San Angelo, which has been showing oil and an odor of gas for a week, was to be tested probably beginning Wednesday, upon completion of underreaming of 6 5-8 inch casing from 300 to 400 feet. J. R. Modlock, drilling contractor, announced underreaming Monday had reached 255 feet.

### Seminole on Fast Decline

That the greater Seminole district will be down to below 300,000 barrels daily by the first of January is the prediction being made by operators now.

### May Complete Oil Well Test

Dr. H. S. Gerson, geologist, and one of the prime factors in the development of the south plains oil prospects, and chief promoter of the contract which resulted in the drilling of the Kingsland well on the Brownfield ranch sixteen miles west of Tahoka, went into considerable detail in explaining to the Kiwanians at their luncheon Wednesday the situation regarding this well, appealing to the business men of Tahoka to provide funds for the completion of this well.

Dr. Gerson explained that the drillers had reached a depth of more than 3200 feet, and owing to certain unfortunate circumstances which had arisen and which he explained, the Kingsland Company had abandoned the well. He felt exceedingly confident that if the well were drilled down to a depth of 3750 feet and not more than 4000 feet at the most, oil would be found in large quantities. He gave reasons for so believing, exhibiting a log of this and other wells. He expressed the belief that one of the greatest oil fields yet discovered will some day be developed here in this section of the south plains.—Lynn County News.

### GARDEN CITY SCHOOL NOTES

"There was a sound of revelry by night," ghosts, witches and black cats were seen all around Garden City, the laughter of children echoed thru the streets and Halloween was celebrated in a hilarious, but very peaceful manner. The majority of the people showed great interest in the celebration spirit that marked Monday evening's activities.

Mrs. V. E. Roberts delightfully entertained the young people with a well arranged party. Mrs. J. B. Ratliff greatly pleased the little people; while Mrs. Dunn had charge of the intermediate folks. The conventional Halloween emblems and games appropriate to the season were played.

American Education week is being observed in the schools of Glascock County, with appropriate exercises.

The Garden City school is planning an Armistice Day program for Friday, Nov. 11. This is also the regular date for the meeting of the Parent Teacher Association. It is hoped that the day may be fittingly observed by all the schools and the entire citizenship of the county. We feel that the P. T. A. makes possible a cooperation of all patriotic people.

Mr. Forehand, the superintendent of Glascock County schools, has announced a teachers meeting for Friday afternoon, Nov. 18, to be held at Panther Draw school. Each teacher is urged to be present.

The Mothers Club met last Friday afternoon with Mrs. Cox and Mrs. Cunningham as hostesses. The children rendered a short patriotic program. Everyone enjoyed Mrs. Cox's story and reading and Mrs. Cunningham's song. Sandwiches, decorated with animal cakes and delicious chocolate fudge delighted the children and the grown ups as well. After a short business session the meeting adjourned to meet again November 18.

Dan Dean who suffered a stroke of paralysis some days ago is reported to be improving. This is the second stroke of paralysis that Mr. Dean has suffered, the other one being several years ago.

**ATTORNEY FROM ROTAN OPENS OFFICE IN BIG SPRING**

J. R. Dykes, attorney, has decided to locate in Big Spring, and at present has his office in the court house with James Little, county attorney. Mr. and Mrs. Dykes arrived in this city last week and are at home at 901 Scurry. They come to Big Spring from Rotan where Mr. Dykes has been practicing his profession, and they believe that have made a wise move. According to Mr. Dykes Big Spring is some little city and he has wanted to move here to make his home since his first visit here several months ago. He is elated with the outlook he says.

**THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF HOWARD COUNTY—GREETING:**

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Howard, State of Texas, and you shall cause said notice to be printed at least once each week for four consecutive weeks before the return day hereof: Notice of Application for Partition and Distribution of Estate of Netter Hall, Deceased

**THE STATE OF TEXAS,**

To all persons interested in the estate of Netter Hall, deceased: Whereas on the 29th day of October A. D. 1927, E. O. Ellington, admin-

istrator of the estate of Netter Hall, deceased, filed in the County Court of Howard County, Texas, an application for the partition and distribution of said estate, and alleging that Shelby Hall, who resides in Howard County, Texas, Noah Hall, who resides in Cave Spring, Kentucky, Emmet Hall who resides in Russellville, Kentucky, and Bertie Berendt, who also resides in Russellville, Kentucky, are entitled to a share of the estate, and are the only persons so entitled; which said application will be heard at the next term of said court commencing on the first Monday in Dec. A. D. 1927, the same being the 5th day of December, 1927, at the court house thereof, in Big Spring, at which time all persons interested in said estate are required to appear and contest said application should they desire to do so.

It is herein fall not, but have you before said Court on the said day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Big Spring, this 31 day of October A. D. 1927.

J. I. PRICHARD, Clerk, County Court, Howard County, Texas.

## Dr. LeGear Will Speak on Poultry

Poultry Expert Will Be in City Tuesday and Wednesday and the Public is Invited to Attend

It was announced through the Chamber of Commerce last week that arrangements had been completed for a lecture on poultry raising to be given by Dr. L. D. LeGear, V. S., of St. Louis, Mo., the well known national poultry expert and lecturer at the courthouse in Big Spring Tuesday, Nov. 15 at 7:30 p. m., also Wednesday, Nov. 16 at the same place and hour. His subject will be "How to Make Farm Flock Pay."

An interesting feature will be a clinic demonstration in which Dr. LeGear will dissect several fowls and through a postmortem examination, explain causes of certain diseases.

We are informed that the speaker will tell of his successful methods of housing, feeding and caring for the flocks, how to get the highest egg production, how to successfully feed and hatch baby chicks, how to cure poultry diseases, how to cull flocks and many other subjects.

Following the lecture, he will answer questions and grant free consultations regarding the treatments of poultry or live stock.

Dr. LeGear is a graduate Veterinary Surgeon, a practical poultry raiser and a nationally known poultry expert, with 35 years of experience. He has given many poultry lectures from various radio stations and at scores of state and county fairs. Also a meeting given by Chambers of Commerce of many cities and towns throughout the Southwest.

We are advised that Dr. LeGear has made a careful study of farming conditions and that general farming of today is a failure in nearly all sections of the United States. It can be made to pay, however, if the farmer will diversify by adopting some "side line" such as the hen, the cow and the sow. Poultry is especially profitable when given proper attention. It is one of the easiest "crops" to handle and can be made the most productive part of farm work.

Dr. LeGear has said that the big value of poultry on the farm has been especially demonstrated during the past five years in the Corn Belt section of the Central West, where poultry raising is fast becoming an important factor. Statistics show that Fannin County is forging ahead rapidly as a poultry raising industry. However, much educational work is necessary throughout the country to help those who are attempting to, or are raising poultry. You and your family, and friends are cordially invited to attend Dr. LeGear's lectures.

A. W. Allen, a frame residence in Cole and Strayhorn addition, \$1500.  
Purser and Fleeman, a sheet iron workshop on East Second, estimated cost \$200.

The best line of hardware in town—RIX'S.

### AGE OF FEMINISM IS APPROACHING, "TEX" SAYS

It won't be long now, until the husbands are going by their wives' name," says Jasper H. Smith, better known as "TEX", an man who is well known as a walking philosopher. "Tex" arrived in Big Spring Sunday evening from a visit to his old home in Montana. He travels on foot, catching rides with good people along the highway. He was fortunate in getting lifts on his return trip, and made it back to Texas in eight days. "Tex" is 70 years old, and he has some wise thoughts. Mr. Smith sees an age of feminism ahead. He thinks that women are rapidly becoming dominant over men, and before 1935, Tex says that women will give here name to the man in marriage. He thinks it's all wrong, and unless the world goes back to the olden ways that there is a terrible tragedy ahead.

### Others Think Wrong

That isn't the only thing that is wrong with the world, according to Mr. Smith's way of thinking. In discussing the employment question, he stated that many men all over the country, were out of work. Things were not as prosperous as they seem. He thinks that it is entirely wrong to put a man or boy in jail, because he is out of work, and found loafing on the streets. He says these men are not criminal at heart, but when they are locked up overnight, many of them become hardened, and turn out to be crooks. They go the wrong way, because they have to have a living, and can't get work to make it honestly, so take the path of least resistance.

"The heart of the world is alright," Tex said. "I have never failed to pick up ride, and in three years I have been on the road. I have never slept out of doors, nor have I gone hungry."

### Doesn't Like Prohibition

"Tex" doesn't like prohibition. He says that it has merely taken liquor out of the saloons, and put it in the hip pocket and the automobile. The country is worse off in this condition than it was with saloons, according to his way of thinking. The younger generation is harder hit by the present day conditions, than anyone else.

Mr. Smith says he is happy in his nomad life, and friends throughout the country are urging him to compile his experiences into a book. His is a deep knowledge of the emotions and reactions which sway mankind and the tales that he tells are worth while.

He left Wednesday morning for Girvin, Texas, where he will spend a part of the winter. He was biking out the south pike, and in leaving said "Getting a ride never bothers me. I never fail to get picked up before I walk a few steps." He has a philosophy all of his own.

Spectacles and Eye Glasses from \$1.00 to \$25.00. Examinations free. All work guaranteed.

### MORE THAN 10,000 BALES OF COTTON RECEIVED HERE

More than one thousand bales of cotton have been received in Big Spring the past week, making the total receipts here more than 10,000 bales.

J. W. Carpenter, public weigher, has received 8337 bales at the compress warehouse and 3400 round bales have been turned out by the Kelsling gin and are not included in the warehouse receipts. The 3400 round bales equal 1700 square bales.

Some estimate that the cotton crop is about sixty per cent harvested, but if bad weather sets in this percent will be increased.

# Cook Electrically for a Spotless Kitchen

Besides its scientific exactness and automatic time and temperature control, Hotpoint electric cooking is CLEANER. The gleaming white porcelain easily keeps clean and spotless. There is no flame, and therefore no soot; therefore the walls and ceiling keep spotless, saving redecorating. Curtains, too, retain their clean freshness for a long time.

You can buy the Hotpoint automatic electric range for only a small payment down and pay the balance in convenient monthly payments with your electric service bill. And we will give you a liberal trade-in allowance on your old range toward the purchase of a new Hotpoint range.

### Clean as a China Plate

Not a speck of soot—that's the beauty of a Hotpoint electric range. The cooking utensils are always clean and new. No black and greasy pots and pans to wash. And the range, too, keeps clean as a china plate.

### DEEP OIL TESTS TO BE MADE NEAR ROBERTS NO. 1

Magnolia's Big Gusher Roberts No. 1 is Re-opening for a Number of Deep Tests Being Made in That Territory at an Early Date

Six deep tests will be made surrounding the Magnolia No. 1 which is rated at 4000 barrels per day to flow, in the very near future, and the number of tests will be continually increased.

Brothers are now being drilled and rigging up to have rotary drill holes. The F. H. E. Oil Co. has a test started on a tract just north of the holdings in a short P. H. E. Oil Co. has been drilled a test on Sloan tract just east of the big well. Bristow & Melett, Schemmerton et al will drill in that section. The California, O. Co., the California, et al, with tests from one mile distant will send in search of the deep going to require many to determine the extent of the has been tapped by the Magnolia's Roberts No.

The low price of oil we anticipate any wild rush to the new oil field but development which is much better in the long run now from 25 to 30 are drilled in the proven Howard County and ten are going down. Should we wildcats tap another well be big things come. The extent of the territory is now found in the has astounded the and they now admit the biggest pools ever be found in our coun-

#### Sub-division Begins Nov. 14

**California W. B. Currie No. 2**  
The California Oil Co. is drilling below 1000 feet in their W. B. Currie No. 2 test on the W. B. Currie ranch 20 miles southeast of Big Spring. This well is located on section 213, block 29, W. & N. W. survey.

**At Edith K. Fisher No. 1**  
Though the Marland Oil Co. drilled to the contract depth of 3500 feet in the Edith K. Fisher test, about 8 miles south of Big Spring, it was decided to drill this well on down and it is now more than 3600 feet. A lime and blue shale formation is being encountered.

**The Mystery Well**  
Due to the fact that the general public has been excluded from the lease on which the Marland Oil Co. is drilling their Connally No. 1, 4 miles south of Big Spring and the further fact that oil scouts has not been permitted to visit the well at will; the Connally No. 1 is called the Mystery well.

No news is being made public in connection with this test so there was considerable interest when it was learned one \$32,000 lease deal and offers of \$50 and \$60 per acre for leases two miles away from this well last Saturday night.

Rumor has it that an oil showing was encountered at 3080 feet and that the well is gassing at 3175 feet. The elevation of the Connally is said to be 75 feet higher than the J. B. Harding well, located three miles southwest so the drill will have to go on down another hundred feet before the depth the Harding pay was encountered is reached.

**At California Co. B. & J. Fisher 1**  
The drill in the California Oil Co. test on the ranch of Bernard and Joye Fisher ranch, six miles south of Big Spring will have but a few hundred feet to go to determine whether or not the big pay found in the Magnolia Roberts No. 1, to the southeast is going to be tapped.

The oil fraternity are watching this test as it will start something big if a good commercial well is secured. The salt water found in the Magnolia Roberts was found in the Fisher No. 1 but about 200 feet higher.

**At the A. Richardson Test**  
The steel derrick at the Marland Oil Co. test well on the A. Richardson estate, four miles east of Big Spring was pulled in three times while an effort was being made to move the fifteen inch casing which was imbedded in quick sand.

A depth of more than five hundred feet has been reached in this test.

**Texon to Deepen Settles No. 1**  
The Texon Oil Co. has decided to deepen their Settles No. 1 on section 159, block 29, W. & N. W. survey, 14 miles south of Big Spring in an effort to tap the big pay found by the Magnolia's Roberts No. 1. The work of drilling on down is to be started immediately. The Settles No. 1 is now rated as a 400 barrel well from shallow sands between 1250 and 1650 feet.

The Settles No. 3, one mile north on section 134, is to be put on the pump. It is rated at 130 to 150 barrels per day.

**Drilling on Flowers Well Resumed**  
It is stated that drilling on the Flowers test well, 4 miles east of Big Spring is to be started shortly. Some differences as to division of holdings surrounding the test well is supposed to be responsible for the present inactivity.

**To Drill on Section 61, Block 20**  
John E. Lee has leased 240 acres in the south half of section 61, block 29, W. & N. W. survey in

#### New Theater For Big Spring

R. and R. Interests Plan to Erect Modern Theater at Corner Main and 4th—Start at Early Date

A modern theater building, and much larger than the other two theater buildings is assured for Big Spring—with work on this handsome structure to be underway in the near future.

Yuell Robb, local manager of the R. and R. theater interests here has been advised that architects at Dallas are now busy on the plans and specifications and they will be ready to call for bids within a short time. The building will be one our city and citizens can well be proud of.

The seating capacity of the new theater will be from 1200 to 1400. A full size, standard stage will be installed so most any kind of an opera company or attraction with many actors and much stage fittings can be taken care of. The theater building will be erected at the corner of Main and E. Fourth streets on the 50x140 foot lot purchased from the American Legion.

#### STEERS AND WOLVES, ARMISTICE RIVALS, TO CLASH

This afternoon a large delegation will go to Colorado to witness the big football game to be played between the Colorado Wolves and the Big Spring Steers. These two teams evenly matched and good fast teams are old rivals for Armistice victory—and it is the Steers time to win. And that is what they are going to do! The Steers are sure of a victory, and they have perfected a passing defense this week that will assure them the victory. The Wolves have a strong defense and they are determined to hold the Steers in defeat. This is sure to be one of the best games of the season and will be the hardest fought. The Steers are in there to win and want the support of the fans and townpeople. A big crowd is expected to accompany the team. Turn out in full force and help the Steers win.

#### CRESCENT DRUG STORE OPENS IN CRAWFORD HOTEL

The Crescent Drug Store, occupying the corner space in the new Crawford Hotel opened for business Thursday morning. H. L. Talley and son, L. A. Talley, formerly of Electra, Texas, are proprietors of the new store and are experienced in the drug business, having been engaged in this business at other places.

The store is equipped with attractive and up to date fixtures and is a first class drug store in every respect. Both curb and room service will be given and customers will be assured courteous and prompt service at all times. A full line of drugs and sundries will be kept, in connection with the frigid-aire fountain for cold drinks and ice-creams. Located at the crossing of and the Bankhead and Glacier to Gulf highways, this drug store is sure to receive a good tourist trade as well as local.

#### C. W. MITCHELL TO ERECT BUSINESS BUILDING ON 3rd

C. W. Mitchell who recently purchased the Marlin property, a 50x140 foot tract of land at the corner of West Third and Gregg streets is planning to erect a modern business building on this site in the near future. The frame residence which has been on the lot has been torn down.

This site is on the Bankhead and is a most desirable location for a business. Mr. Mitchell has had several opportunities to sign up firms who desire to lease the building just as soon as it is completed.

#### Dallas Loan Co. Opens Office Here

Continental Saving and Building Association of Dallas to Have Office in W. T. Bank Building

The Continental Saving and Building Association of Dallas this week opened offices in the West Texas National Bank Building, room 8. Their purpose of opening offices in Big Spring is to finance new homes in this city, or finance homes already built. E. J. Berry a representative of this company formerly located in Abilene arrived in this city Saturday to take over the management of the Big Spring office.

Big Spring was chosen as the favorite West Texas city by Ralph A. Beaton, secretary-treasurer of Continental Saving and Building Association, who spent a week in our city during the month of October. Mr. Beaton visited several West Texas cities including Midland, Colorado, and he finally decided that Big Spring was to have a more substantial growth than any other place in the west and that this was the logical location for their offices.

**Big Spring a Great Town**  
Mr. Beaton was favorably impressed from the very first and he thinks that this is a great town. Splendid opportunities are open to Big Spring and she is fast becoming a city. The fact that he is convinced that this territory is to enjoy extensive development is proven by this company locating here.

The Continental Saving and Building Association has more than fifty concerns throughout Texas, and it has been operating in the State for over forty years. It is one of the largest loan companies in Texas and Big Spring is fortunate in having such a concern locate in our city. The company will make loans on new homes, in fact will build the homes for you on monthly basis. They will also make loans on homes already built on monthly payments. Their main business is to finance homes in the city of Big Spring.

Mr. and Mrs. Berry and family arrived in this city Saturday from Abilene to make their future home. They are at home at 908 Runnels.

#### CRAWFORD HOTEL BEAUTY SHOP WILL OPEN THIS WEEK

The Crawford Beauty Shop to be operated in the new Crawford Hotel by Mrs. Helen Snell will be ready and open for business the latter part of this week. The beauty shop will be just off the lobby next to the ladies waiting room and will be attractively equipped. All kinds of beauty culture will be given by expert operators, including permanent waving, marcelling, shampooing, finger waves, manicures and facials.

The shop will be divided into private booths for each line of beauty work. Another feature of special interest to the patrons of the shop will be to know that soft water will be used for shampooing. The interior of the shop is being arranged and it is planned to have the formal opening of the shop the latter part of this week.

Mrs. Snell is an experienced operator having been engaged in beauty parlor work in this city several years. She was formerly owner of the Vogue Beauty shoppe and also operated at the Bobbie Beauty shop No. 2. She has a long list of satisfied customers who will be pleased to note her opening in the Crawford Hotel.

#### NEW T. & P. MACHINE SHOP

The construction of the new machine shop for the Texas & Pacific Railway at Big Spring is nearing completion. The building 44x140 feet is of steel frame and sheet iron siding, concrete floor, fire proof glass in windows, and is as near fireproof as a building can be. Grover Dean of Sweetwater spent Sunday in this city with homefolks.

#### The Citizenship of Big Spring Unites in Extending a Most Cordial Welcome to Methodist Episcopal Conference Delegates During Session Here

CRAWFORD HOTEL OPEN TO PUBLIC

They just wouldn't permit A. J. Crawford, owner of the Crawford, Big Spring's handsome new hotel, to set the time he was going to take in guests. He was straining every point to have the rooms on two floors ready for occupancy on Wednesday to help take care of the delegates to the Northwest Texas Conference of the Methodist Church but he had to beat that. A big crowd of traveling men and oil men invaded the hotel Monday and said they just had to have a place to stay, so Mr. Crawford let them out talk him and thirty-two guests were taken care of Monday night. The number of guests continues to increase just as rapidly as the furniture is installed in additional rooms.

On or about November 21 it is planned to have a big formal opening, at which time one hundred guest rooms will be available. Visitors from all sections of Texas are expected to attend the opening.

Fifty rooms on the sixth and seventh floors will be completed as rapidly as the situation demands—thus making 150 guest rooms available at this hotel.

Everyone who visits or stops at the Crawford hotel are real boosters for it. No finer appointments, or furnishings are to be found in the leading hotels in the larger cities and the service is just as good as can be had anywhere.

Big Spring can count itself fortunate in having sold Big Spring to Mr. Crawford. He gave our city a hotel much finer than any our citizens ever hoped to see erected here. This hotel will be responsible for selling Big Spring to hundreds and thousands in the future.

#### COFFEE SHOP NOW OPEN

The "Coffee Shop" at the new Crawford Hotel is now open and the manager, A. D. Meletis is being showered with compliments for this attractive place, its excellent food and splendid service.

The Coffee Shop in itself is indeed a thing of beauty and furnishing and fixtures harmonize. The Spanish design one of the latest and most attractive designs now in vogue in the cities is to be noted, and a color scheme of rose and gray adds to its attractiveness. Linens, tables, chairs, special designed dishes are the finest to be had.

Equipped with Frigidaire, and specially electrical equipment and counters a more modern cafe is not possible. Special dinners for limited numbers will be prepared upon request, and the very finest dining room service will be maintained.

C. Yancy, a chef of many years experience will personally supervise the kitchen service and see to the preparation of all foods served. Mr. Meletis the manager is going to take a personal pride in the food and service of the Coffee Shop and will leave nothing undone to make it as popular an eating place as is the Crawford, with its patrons.

A cordial invitation is extended one and all to call and inspect the Coffee Shop—the welcome sign is awaiting you.

#### PAVING BONDS BRING PREMIUM

The \$40,000 bonds for the new paving program of Big Spring were sold Tuesday and at a premium of \$1106.

The bid of \$102.51 was the highest price ever received for bond issues of this city.

Roger Caldwell of Nashville, Tenn., was the purchaser. The cost of printing the bonds is to be borne by the purchaser, we are informed. The selling of the bonds will enable paving to be started just as soon as the petitions presented by property owners can be acted upon.

Big Spring is host to four hundred delegates to the Eighteenth Annual Session of the Northwest Texas Conference which convened Wednesday, November 9, and our people join in extending to our honored guests a most hearty and cordial greeting. This greeting is extended to everyone Bishop John M. Moor, presiding over the conference, to the ministers, laymen and members of their families. We want them to know and feel that Big Spring is proud to have them as visitors and is ready and willing to accord them every courtesy within their power. So the delegates are requested not to be bashful. If there is anything you want, any service that you would appreciate don't be backward in letting your wants be known for our citizens will be only too glad to help make your stay in our city as pleasant as possible. During the hours they are not busy at conference visitors are cordially invited to visit the business houses and make themselves at home. They will be welcome anywhere and everywhere in our city.

We are indeed proud to have the honor of meeting and mingling with the conference delegates.

In representing Methodism which has ever been a great moral force in our nation, a crusade for righteousness, the delegates represent the highest type of citizenship. They stand for civic righteousness, for a high type of living, private and public, for law enforcement and respect for law.

May their stay in our city prove pleasant, is the sincere wish of every citizen and may we have the pleasure of entertaining this conference often in the years to come.

#### Conference Draws Large Crowd Here

Church Auditorium and Balcony Filled with Preachers, Laymen, Church Members at Services

Scores and scores of preachers, laymen and out of town people are in Big Spring this week attending the eighteenth annual session of the Northwest Texas Methodist Conference, which opened in Big Spring Wednesday morning. Over three hundred out of town people are in attendance. The conference will continue through Sunday night and possibly Monday morning.

The opening session was held Wednesday morning at 9 o'clock, when the members met in business session. Monday afternoon at 3:00 o'clock Dr. Frank Onkerdonk, special worker for Missions from San Antonio preached. He brought the large congregation a wonderful message on the beauty and happiness of Christ Life. "I believe that Christ smiles," Dr. Onkerdonk said. "He isn't long faced like many believe Him to be."

Rev. E. K. White, pastor of the First Church at Lubbock, preached the opening sermon Wednesday evening. The anniversary of the Sunday school board occupied much time of the meeting and talks by Rev. J. B. Patterson of Tulsa, board president of the Sunday school board; Reverend Martin of Nashville, Tenn., representing Dr. E. B. Chapel, general supervisor of Sunday school work, and Mr. Yancey, Rev. L. B. Nance of Abilene, Conference Sunday school superintendent, and Mrs. W. E. Lyons, elementary superintendent were given on Wednesday evening.

Rev. R. E. Houston, pastor evangelist of the Dallas church, conducted the song services which were especially fine. The director of the local choir, Mrs. Chas. Morris, and members of the choir, are being congratulated for the splendid

(Continued on page 5, this section)

#### DEATH CLAIMS W. V. ERVIN

William Vinson Ervin Sr., aged sixty-seven years, one of our long time residents and highly esteemed citizens was claimed by death at the family home south of Big Spring at 4 o'clock Monday afternoon, Nov. 7. Mr. Ervin had been ill for a number of years and had traveled over a great portion of the state the past four years in the hope of regaining his health. He had been seriously ill for months past at his home here.

Mr. Ervin is one of the best newspaper men in Texas. He was former owner and editor of the Big Spring Enterprise and played a big part in the task of converting West Texas from a cowman's paradise to an agricultural section. When he conducted a newspaper in Big Spring away back in the 1900s it was not popular to boost the agricultural possibilities of this section but he stuck to his prediction that Howard County was destined to become the farmer's paradise. He was for better churches and schools and never lost an opportunity to aid those great moral and educational forces.

He was a most worthy citizen from every standpoint; big hearted, kindly, and ever ready to aid the needy. He was a faithful husband, a fond and indulgent father and loyal and true to his friends and many hearts are saddened by his death.

Funeral services were conducted at the First Christian Church, of which he was a staunch and faithful member, by the pastor, Claude Wingo, at five o'clock Tuesday evening and the remains were laid to rest in Mt. Olive cemetery.

He is survived by his wife, two sons and two daughters, W. V. Ervin of this city, J. R. Ervin of Dalhart, Misses Lesta and Maxine Ervin of Dallas. Two brothers, C. E. Ervin of Shawnee, Okla., Wynnton Ervin of Oklahoma City; two sisters, Mrs. M. A. Mitchell of Galveston, Texas, and Mrs. I. M. Howard of Cross Plains, Texas, and three half sisters, Mrs. W. P. Searcy of Exeter, Mo., Mrs. S. H. Doyel, Exeter, Mo., and Mrs. Grover Baker of Roger, Ark., also survive.

To the relatives who mourn for their loved one is extended the heartfelt sympathy of the many friends in this community.

Our stock of toilet preparations is probably the largest in West Texas. Cunningham & Phillips.

#### REAL ESTATE DEALS

The Stone and Johnson Realty firm announce the following real estate transfers made by them recently:

Mrs. Clara Eddins purchased of Dr. G. S. True a tract of land 95x150 feet at the corner of East Third and Nolan streets.

Sold to Dr. G. S. True two lots in College Heights addition. Dr. True plans to move the residence from the site he sold to Mrs. Eddins to the new location in College Heights. Mrs. Eddins plans to move her two story rooming house, from the lot she recently sold to Cunningham & Phillips to the lot purchased from Dr. True.

W. W. Inkman purchased of Chas. Eborley a lot 50x70 and residence at corner of East Third and Johnson streets.

Leland Stone purchased of W. D. Stripling 12 lots in College Heights addition.

#### ATTENDING STATE FEDERATION MEETING AT EL PASO

Mrs. J. I. McDowell, Mrs. F. F. Gary and Mrs. L. L. Froeman are in El Paso attending the State Federation of Women's Clubs. These club women from Big Spring are representing the City Federation, Hyperion Club and Delphian Chapter.

Anyone who has witnessed the hair breadth escapes to be noted on our streets daily will agree that parents are lax in warning their children of the danger of being hit by an automobile. The streets are no place for children to play.

The best line of hardware in town—RIN'S.

#### BISHOP MOORE AND HIS CABINET MET HERE TUESDAY

Bishop John M. Moore presiding at the Methodist Conference in session in this city, met with members of his cabinet at ten o'clock Tuesday morning. The meeting was held in the cabinet room adjoining Bishop Moore's quarters in the new Crawford Hotel. The work of the cabinet was the placing of the men on the field for another year.

OUR GIFT SHOP... WE HAVE GIFTS FOR EVERY AGE... CUNNINGHAM & PHILIPS.

#### 200 MEN FLIMFLAMMED BY PROMISE OF CROOKS

Two hundred laborers at Fort Worth and an employment agency in that city were the victims of a smooth crook last week. Sixty of the laborers were unloaded at Big Spring at midnight last Friday and left to shuffle for themselves until trucks were sent after them.

The swindle was discovered Saturday when C. T. Watson secretary of the Chamber of Commerce was appealed to by some of the men. They informed him that they had been promised jobs constructing the Magnolia pipe line thru this territory and desired to get in touch with the proper officials. Mr. Watson inquired at the various camps on the pipe line work and soon learned the foreman had not sent for any workmen.

He immediately wired to the employment agency at Fort Worth for instructions as many of the laborers were without funds. The firm stated they were swindled as well as the men but would send trucks out from Fort Worth to bring the men back to that city.

Here's the scheme the slicker worked. He inserted an advertisement in a daily paper calling for 100 men and offering good wages. He had these men call at the hotel and upon payment of \$2 they would be promised a job and transportation. He represented himself as having a contract to secure laborers to work on the pipe line the Magnolia company was building thru West Texas. He had arranged with the Brooks & Wall labpr agency to permit the men to meet at their place for the trip west by rail. Later he notified the labor agency that trucks would be provided to take the men to West Texas. The slicker traveled with the two trucks transporting the 100 men until they reached Clyde, at which point he disappeared. Forty of the men were dropped at Clyde and the balance brought to Big Spring where they landed at midnight Friday. Each one had a card stating he was to receive \$4.50 for nine hours work and was to be furnished board at \$1.50 per day.

It was later learned that the truck drivers were given bogus checks for transporting the men to

#### Big Spring.

A few of the men refused to avail themselves of the opportunity to return to Fort Worth preferring to seek employment in this section.

Paint in small cans for any purpose. Cunningham & Phillips.

#### FATHER OF MRS. HARLEY SADLER CLAIMED BY DEATH

Wm. T. Massingale, father of Mrs. Harley Sadler, was claimed by death at his home in Cameron, Texas, Saturday, Nov. 5. Mrs. Sadler attended the funeral. The opening of Harley Sadler's company in this city was postponed from Monday night until Tuesday night on account of Mr. Massingale's death.

#### OFFICE BUILDING FOR COLEMAN

More than half of the \$65,000 necessary to insure the 5-story office building for Coleman was raised at an enthusiastic meeting of business men at the Chamber of Commerce offices Nov. 3, and it is thought the remaining portion will be raised before Saturday night. With this out of the way the remaining \$65,000 will be represented by six per cent bonds to be purchased by Coleman people desiring good investment. — Coleman Democrat-Voice.

We wish Big Spring chances for securing an office building were as near realization as they are in Coleman. Some day our folks will wake up and have a needed office building erected.

**DO YOU WANT YOUR CHILD KILLED?**

Parents of Big Spring are court- ing sorrow in permitting their chil- dren to play in the streets.

Just as sure as the sun is going to come up tomorrow is the fact that some home is going to be sad- dened by the death of some child. Crushed to death beneath the wheels of an automobile will be the story.

Playing football in the streets is now to be noted in many sections of our city and if you do not warn your child of the danger and if you do not forbid him to play in the streets you will be partly to blame.

Auto drivers are oftentimes reck- less but even a careful driver may be unable to keep from hitting a child running in front of the car.

So if you do not want your child killed or maimed warn him of the danger of playing in the streets. Do more than this: see that he does not play in the streets. It will be too late to be sorry after the child has been killed or hurt.

Riding bicycles and playing in the streets would be a dangerous game for grown ups if all drivers were careful drivers but we know it is only a question of time until a terrible accident is going to take place if children are permitted to make playgrounds out of our streets.

Three deaths have already been chalked up as a warning of the dan- ger on our streets and roads. This should be sufficient to make par- ents doubly sure their children are warned of the danger of playing in the streets or even in crossing streets.

Parents warn your children, and help prevent needless sorrow and suffering.

**ILLITERACY & INEFFICIENCY**

Coupled with poverty and unem- ployment and going hand in hand with ignorance and sometimes crime, we find illiteracy and ineffi- ciency. There are a number of illi- terate people who are inefficient in certain lines and there are some inefficient people who are not illi- terate. Crime of course is not caused by illiteracy. Ignorance of the law sometimes is due to illiteracy; and lack of ability in public wel- fare may be partly due to narrow- mindedness which comes to some as the result of the lack of ability to read and thus inform them- selves regarding the great outside world. But these things are not the cause as much as the back- ground upon which certain condi- tions react. Public schools are es- tablished that all people may have training. It is the opinion of many that the State must give this help to its citizens; and it is reasonable that the State should give opportu- nity to its citizens. All of them should avail themselves of it. The reduction of illiteracy will mean the reduction of much child labor. There are exceptions to this, but usually illiteracy leads to ineffi- ciency injures the individual and the community. This is a day when reading is very important.

The type of education best suited to the needs of the people is the one which will train them for the life they will live. Some might say that we do not know what kind of life they will live. I grant we can- not say, but there are some known facts that will help the vocational counselor and teacher to guide aright the students under their care. We must see that vocational educa- tion as well as cultural training en- ters into the curriculum of our pub- lic schools and as much as possible

**THE STATE OF TEXAS.**  
 To the Sheriff or any Constable of Howard County, Texas. Greeting: Jack W. Martin, Executor of the Estate of J. W. Martin, Deceased, having filed in the County Court of Howard County, Texas, his final account of the condition of said estate, together with an application to be discharged as such Executor, you are hereby commanded, that by publication of this writ twenty days in a newspaper regularly published in Howard County, Texas, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections thereto, if any they have, on or before the December term, A. #### MORE ABOUT METHODIST CONFERENCE IN SESSION

(Continued from p. 1, this section)

music they are furnishing and for their cooperation in making the conference services such a success.

**Thursday's Meetings**

Bishop John M. Moore of Dallas, presiding bishop, opened the business meeting on Wednesday morning with a short talk after which the presiding elders, who did not give their reports at the Wednesday morning session, reported. The sermon on Thursday afternoon at 3 o'clock was preached by Rev. S. E. Allison of the Roswell district. The Board of Education and Board of Missions were discussed at the Thursday night meeting, with Dr. C. C. Seelman, president of the Southern Methodist University, Dallas, talking on Education, and Rev. J. F. Ralls of Nashville, Tenn., talking on Missions.

**Preachers Entertained**

Many of the preachers are guests in the home of friends in Big Spring and are enjoying the real West Texas spirit of hospitality. The preachers were taken for a drive over the city on Wednesday evening, through the courtesy of the Big Spring Chamber of Commerce.

They saw Big Spring from the heights of the Scenic Mountain, and also visited other places of interest near the town. Thursday evening they were guests at a barbecue at the Parrish Park, east of Big Spring, given in their honor by the Big Spring Chamber of Commerce. The Christian ladies are serving meals in the basement of the church to the majority of the preachers.

DR. J. W. HUNT  
President, McMurry College  
Abilene, Texas

Dr. J. W. Hunt, president of McMurry College, Abilene, Texas, was elected secretary of the Northwest Texas Methodist Conference at the regular business session on Wednesday morning. Dr. Hunt succeeds Rev. A. L. Moore, secretary of the conference since its organization. Dr. Moore has been transferred to the Roswell district.

Following is an article written by Dr. Hunt in which he gives the history of the conference.

The General Conference of the Methodist Episcopal Church South, held in 1866 provided among other things a new Annual Conference to be known as Northwest Texas Conference. The first session of the new conference was held at Waxahatchie, Texas, in the fall of 1866. Bishop Marvin presiding. The territory embraced in its boundaries included all of the Central West and Northwest Texas. From that session until the year 1909, the conference grew in numbers until it was considered too large to be practical, and at the session in the fall of 1909 held at Stamford, Texas, it was divided, the Northwest Texas Conference as it now exists territorially was organized and the territory from the old Northwest Central Conference was constituted the Central Texas Conference.

The first session of the new Northwest Texas Conference thus organized was held at Clarendon, Nov. 9-13 1910, with Bishop James Atkins presiding. The Rev. A. L. Moore was elected Secretary, and the Rev. O. P. Kiker, editor of the Journal.

Since the first session the following sessions have been held, annually: Plainview, Texas, Nov. 1-6, 1911,

Bishop Atkins; Abilene, Texas, Nov. 6-11, 1912, Bishop Atkins; Vernon, Texas, Nov. 12-17, 1913, Bishop Atkins; Sweetwater, Dec. 9-14, 1914, Bishop McCoy; Clarendon, Nov. 3-9, 1915, Bishop McCoy; Stamford, Nov. 8-12, 1916, Bishop Maunon; Memphis, Oct. 31-Nov. 4, 1917, Bishop McCoy; Abilene, Nov. 6-8, 1918, Bishop Cannon; Lubbock, Nov. 12-16, 1919, Bishop McMurry; Clarendon, Oct. 20-25, 1920, Bishop McMurry; Amarillo, Oct. 5-9, 1921, Bishop McMurry; Quanah, Nov. 1-5, 1922, Bishop Dickery; Plainview, Oct. 31-Nov. 4, 1923, Bishop Dickery; Abilene, Oct. 29-Nov. 2, 1924, Bishop Dickery; Canyon, Nov. 11-15, 1925, 14, 1926, Bishop Moore. For these Bishop Dickery; Childress, Nov. 10-seventeen years the Rev. A. L. Moore has served continuously as secretary and the Rev. J. W. Hunt, has succeeded O. P. Kiker, as editor of the Journal since 1911. From a sparsely settled region of small town and few modern facilities of travel or home comforts, the territory embraced has enjoyed a phenomenal growth along all lines, until today it is the home of hundreds or thousands of citizens, thriving towns and cities, paved highways, happy homes with every device for comfort and schools and colleges equal to the best on earth. Its membership has grown from 24,000 in 1910 to 56,568 in 1926. New districts and new pastoral charges, beautiful modern church edifices and Sunday School buildings have sprung up as if by magic, until today the conference ranks as one of the great Conferences of Southern Methodism.

It began its history with two small junior colleges, Clarendon and Stamford. In 1918 Stamford College was discontinued and in 1921, McMurry College at Abilene was founded in its stead. McMurry college has quickly taken rank as a senior college of the first class, and has enrolled over 450 students in the first period of its fifth term, with a paid up investment of one-half million in buildings, grounds and equipment. Clarendon College has been discontinued to be likewise opened at Amarillo College at Amarillo on a far larger scale, with far greater opportunities for service.

The meeting of the conference at Big Spring this fall, marks the farthest west that any session has ever been held, and the growth of the conference is typified in the growth of the fair city entertaining it this fall.

During these years many preachers and leaders whose names are as ointment poured out have come and gone, and many who rejoice at the organization in 1909 are with us yet in active service. Our ministerial ranks have been swelled by scores of new recruits from younger men and transfers from other conferences. Blessings of God have been upon us and this year of our Lord 1927 has been the best of our history.

#### DEEP OIL TESTS TO BE MADE

(Continued from p. 1, this section)

Howard County. He agrees to start a test well on this tract by December 1, 1927. This acreage is about three miles south of the O'Daniel test and two miles north of the old Deep Rock test. It is about five miles northeast of the Chalk field and will open up a new territory if a commercial well is secured.

#### Bristow & Merrick to Develop

Bristow & Merrick who have three good wells producing from a shallow sand on their 80 acre lease in the northwest part of section 140, block 29, W. & N. W. survey in Howard County, have let the contract for another shallow test on this tract.

When this test is completed Merrick & Bristow will have from one to five deep tests drilled on their holdings in the neighborhood of the Magnolia's big well on section 135, block 29, W. & N. W. survey, 17 miles southeast of Big Spring.

#### Peer Oil Company Test

The Peer Oil Co. is drilling below 2700 feet in their test well on the C. D. Reed ranch in the eastern part of Howard County.

This test is on section 35, block 30, Tsp. 1N.

### Georgette Accepts Such Trimmings as Tucks, Pleats and Scallops

With Dainty Lace Collars or Jabots, These Frocks Become the Season's Favorites

The frock at the left is smartly bloused above the gypsy girdle. The finest of pleats finish the skirt which is scalloped and tucked like the waist. Lace medallions edge the georgette jabot.

The frock at the right is given a tailored simplicity, relieved by a novel lace collar, round at the front and deeper in the back. Narrow bands of georgette accentuate the hips and are repeated on the sleeves.

**BIG SPRING IS AND ALWAYS WAS A REAL GOOD TOWN**

Editor of the Herald:  
I am in a reminiscent mood this evening and my mind has gone back to the day, twenty one years ago, when I landed in Big Spring. I was prospecting for a new home, and I dropped off the train one morning in September 1906. After getting breakfast at the Restaurant, I went up the street a few doors, to a drug store, the proprietor of same being a red face Irishman. I told him that I was looking for a place to settle. He started to tell me what he thought of Big Spring, and he equalled a California booster. He said that Big Spring had a future, as a farming country, and that the town was just in the right place to make one of the best towns in West Texas. I had travelled in the night through a good portion of the way from Fort Worth, and after taking a look around the town, I thought that my new Irish friend was over drawing on the goodness of the country. I had written to a land agent at Gail, Texas, and bought a ticket and went up there on the old stage line. After getting out of town a few miles, I was surprised at the number of acres of fine as a crow ever flew over lying idle not to say, exactly for their were hundreds of cattle grazing on it but no farms. I took the old stage coach, nearly all day to make it to Gail. They had a station where they changed teams at Mrs. Minnie Smith's ranch, about half way between Gail and Big Spring. I spent the night at Gail and met a merchant who had lived at Tahoka. He and I went with some land agents to see the country around there, and it looked fine, but I kept thinking about my Irish friend in Big Spring had said to me. I turned back at Lamesa, that city just barely poking its head up, and came on back to Big Spring, and here I have been ever since. If any of the folks here regret that I stopped here they can blame the Irishman for he caused it by his strong belief in the great future of this town. I want to say right here that I have never regretted stopping here, as I found the finest people I ever knew, including the Irishman, who 21 years ago introduced himself to me as B. Reagan. He is still at his post working for the building of Big Spring and Howard County. May Mr. Reagan and those who are working so hard for the upbuild of our home and country succeed to the fullest extent.

Big Spring has a location far superior to most of the towns. Some of its best advantages are: the best water to be found anywhere, and plenty of it; as a fine body of farm lands as there is in the state; an abundance of gravel for building purposes and thousands of acres of gazing lands with oil underneath; rock quarry or fine stone for building, and other things. Before the death of the late lamented C. W. Post, I did some freighting for him in Post City. He was like my Irish friend. He could look into the future and could see that West Texas was the best part of the state. He could see great factories in the south, and said that a big problem would be solved when the produced had a home market. He spoke of the cotton mills, and said they could easily be made a market for all grains and sorghums, by putting it into food for man and beast. There was a small field of grain growing near where we were talking, and he waved his hand toward the field and said that one of those grains make the finest cereal or breakfast food of any grain that can be grown. He said at that time he was going to put up a factory at Post but his untimely death, ended his plans. Now if Big Spring could get someone with money to build a mill or a factory it would be a boom, to the farmer as they would have a market for their feed crop as Mr. Post said. Seed crops can be made almost every year, and it is easier to raise than most any other crop. A few things that Big Spring needs:  
A viaduct.  
A better Post Office building.  
A good Telephone Exchange.  
A better lighting system in the town.  
Hoping that Big Spring will forge to the front and continue to be a better town in which to live.  
M. W. Hartwell.

Tooth brushes. Regular visits to your Dentist and regular use of a good tooth brush will preserve your health. . . . Cunningham & Philips.

**UNCLE SAM'S FREE BOOK STORE**

An article in the October issue of the Kansas Bureau Farmer on the subject of Uncle Sam's Free Book Store for Farmers suggests that farmers, as a rule do not take advantage of the free information provided by specialists and experts.  
The United States Department of Agriculture publishes millions of bulletins on every subject of possible interest to producers. Some of these bulletins are technical in nature and are for the use of county agents and other specialists, but the most of them are couched in a language easily understood by the layman.  
A farmer interested in poultry can secure bulletins on poultry housing, poultry insects, poultry diseases, feeding, and any number of subjects connected with the poultry industry. A careful study of these bulletins will assist him in solving many of the problems he meets, many of which he deems important enough to write about to his favorite agricultural paper. There are bulletins covering every phase of dairying, of pecans, orchards, and every phase of horticulture; bulletins on small grains, on cotton, on sheep, goats, in fact, on every subject relating to farming and kindred lines. The most of these bulletins are free, and those for which a charge is made cost but a few cents.  
Every farmer should have a file of bulletins on subjects in which he is interested. Write the Department of Agriculture, Washington, D. C., for their free list, or see your county agent, Farm and Ranch.

**EAGERLY AWAITED FILM AT LYRIC THEATRE SOON**

"The Big Parade" which has been rightly called the biggest picture in screen history, has been eagerly awaited in this city. King Vidor's Metro-Goldwyn-Mayer picturization of Laurence Stallings' story, is coming to the Lyric Theatre next Monday, Tuesday and Wednesday.  
Briefly the story of the "Big Parade" centers in Jim Apperson, a typical fun-loving American and much like every other rich man's son. In the spring of 1917, fired by a new patriotism, he enlists and departs for service in France. The succeeding scenes show Jim and his two buddies; Bull, a former Bowery bartender, and Slim, an ex-riveter, and their life in the doughboy's billets in rural France. Mr. Stallings is said to have created a trio as original as Kipling's "Soldiers Three."  
And then Jim meets Mellisande, as played by Renee Adoree, and forgets about his American sweetheart. This little French girl in her wooden sabots and milkmaid garb is a figure of high romance. Some of the most touching scenes ever filmed are those of the lovemaking of Jim and Mellisande. Then comes the advance to the front and the lovers are separated. Vital moments of drama are shown in the advance through the forest, the attack on the French village, the trenches, shell-holes, machine gun nests, the wounding of Jim and the final fight for his two pals. Then home again the re-construction period when the two lovers are reunited. Realism dominates every scene. Supporting John Gilbert are such sterling play-

ers as Renee Adoree, Karl Dane, Tom O'Brien, Hobart Bosworth, Clarie Adams, Clarie McDowell, Rosita Marstini and Robert Ober.

**AND BAG LIMITS HUNTING SEASON**

For convenience of hunters in north zone:  
Bear—Nov. 16-Dec. 31. One per season.  
Buck deer—Nov. 16 to Dec. 31. Two per season; must have three points or more.

Resident hunting license costs \$2 and allows shooting in all counties of Texas, subject to laws. Posted lands or state game preserves excluded.

**TODAY IS ARMISTICE DAY, THE NINTH YEAR**  
Just nine years ago today ended that vast and destructive struggle—the World War, wherein thousands of our bravest boys, our finest citizens unstintingly gave their efforts, their blood, their very lives that we at home might remain forever safe from the threat of militarism.  
At 11 o'clock today, let us stand for a minute in silence, facing West, thinking of the incalculable debt we owe those who perished over there in the most glorious cause under Heaven and offer a prayer.

Ministere Welcome To Our City

**SPRING IS ON THE "BROADWAY OF AMERICA"**

"Broadway of America", the highway from New York to Los Angeles, passes through Big Spring. The highway, in time, will be the most motor travelled road in America, and it will be the only snow-free highway from coast to coast, all the year round. This trail will have more pavement than any other trans-continental highway, and no other highway in America can offer so much of unpolluted nature as this one.

The highway question is one of the most elaborate staged in this country. It will lead through the cities of Philadelphia, Baltimore, Washington, Nashville, Memphis, Little Rock, Texarkana, Dallas, Fort Worth, Midland, Pecos and El Paso, passing through Las Cruces, Deming, Lordsburg, N. M., thence into Arizona and the Pacific coast.

This is a big thing for Big Spring. It is our citizenship should feel the importance of tourist trade, and for the travellers every courtesy, when they are guests in our city. It is while they are touring through the state that they catch the real spirit of the West, and a friendly and courteous treatment, going the way in making the tourist like the place and the people.

Good roads help make a favorable impression. If we want the tourist to come our way, it is our interest to keep up the roads in our country. The Bankhead Highway should be in A. 1. condition with a new paving, and this should be done before the hard surface is ruined. There are several bad places in the highway that need attention at once.

Let us cultivate a taste for tourists when they are in our city let us extend them the glad hand and let them know they are welcome in Big Spring and in Texas. Many of the tourists will do their shopping along the Broadway of America, and Big Spring will come in for her share of the benefits.

When you have a party and a prize... Remember our gift... Cunningham & Phillips.

**ROCK CRUSHER GOOD INVESTMENT**

Paving, building roads and highways and street improvement are under construction in our county for some time to come and we can well afford to do some experimental work in an effort to save money.

With the inexhaustible supply of crushed rock in our county it should be profitable for us to do paving and highway building at a lower cost than sections where all the material must be shipped in. A rock crusher about all the machinery that is needed to test out the plan.

An eight or ten inch base of crushed rock would make a mighty base for paving or a paved driveway and it can be put down much less than a concrete base. There are plenty of streets on which the test can be made before it is finally passed upon.

If it proves satisfactory this section can supply crushed rock for building in many other portions of West Texas. It is worth trying since we are going to do much paving and road building during the coming year.

**THE LE GEARS LECTURES WILL BE WORTH LOTS OF MONEY TO THE PEOPLE OF BROWN COUNTY AND WON'T COST YOU A CENT... CUNNINGHAM & PHILLIPS.**

It is a pity the gas mains are not before we start any more paving. Conditions should be provided that paved streets will not have to be cut to permit the installation of gas. It is practically certain Big Spring will have natural gas by next fall.

**LUBBOCK WILL ASK FOR NEXT CONFERENCE MEET**

Lubbock, Texas. Delegates to the annual district conference of the Methodist Church which meets at Big Spring Tuesday will throw Lubbock's hat in the ring for the 1928 meeting.

Rev. E. E. White, pastor of the First Methodist Church of Lubbock will head the delegation from here. Dr. P. W. Horn, O. H. Cline, J. H. Cline, J. H. Moore, J. H. Hughes, Rev. R. F. Dunn, Rev. D. C. Ross and others will go as delegates.

The Lubbock delegation will tell other churches of the growth of the church here. A \$75,000 addition is to be put on the church before the next annual conference.

At a recent meeting of the board of Stewards of the church, the building committee composed of R. J. Murray, chairman, W. S. Posey, H. W. Stanton, W. K. Dickinson, C. E. Maedgen, James L. Dow, F. A. Norman, Dr. P. W. Horn, and Geo. R. Bean were instructed to make steps for the construction of the addition which will care for the overflow of the Sunday school classes and young people's work.

The new addition will give classrooms for the cradle roll, beginners, primary, junior, intermediate, classes and senior department along with room for two or three of the adult classes. The addition will also have a chapel which will care for Junior Church, Epworth League, Mid-week Services, and other small gatherings.

Back ache plasters... Cunningham & Phillips.

We no longer need worry about oil development picking up. In fact it would be better for the land owner if development was delayed until the price of oil was back to normal. Several oil fields have just about been located in our county and you will witness an intensive development during the coming year.

**Just Tottering, So Weak**

"I was in a bad state of health and was going through a critical time of my life," says Mrs. Ella Scarborough, R. F. D. 5, Duthan, Ala. "Several different things were recommended to me, but I did not get any real relief until I began to take Cardui.

"I was just as weak as could be. My legs were shaky, and often I would just totter around the house. I finally got so bad that I was in bed several weeks.

"It was then that I began to take Cardui. I kept it up for quite a while, and at last I regained my health. Cardui was certainly a friend to me in time of need.

"My health is splendid now, and I seldom have to use medicine, but I gladly say a word about Cardui whenever I find a friend going through the same suffering which I endured."

**ANOTHER TANK COMPANY LOCATES IN BIG SPRING**

Black, Sivalls and Bysson, Inc., of Bartlesville, Okla., have purchased a tank site 200x400 feet in Lakeview addition on the Bankhead highway, just west of the city limits and will keep a large supply of oil field tanks on hand.

This tank company will make Big Spring headquarters for western trade according to Mr. Grubb, district manager, a number of men will be employed with this company here to construct both metal and wood tanks.

Tenant houses for the employes are to be erected on the tract just purchased.

W. C. Henderson and family and Everett Henderson and family of Loreine, Okla., are Monday in this city visiting their sister, Mrs. C. C. Nance.

**TEXAS COURSING ASS'N. TO BE HELD AT MILES**

The Texas Coursing Association for the second season will be held at the Miles Coursing park at Miles, Texas, 18 miles east of San Angelo, Thursday, Friday and Saturday, Nov. 24, 25 and 26. Entries are open until the night of the drawing. Good footing and plenty of trained jacks are already assured. A big crowd is expected to attend.

Mr. and Mrs. J. Y. Robb announce the arrival of a baby daughter on Monday, Nov. 7th.

Miss Anna Mae Freeman returned last Thursday morning from a visit with friends in Fort Worth and Denton.

**HOWARD COUNTY SINGING TO MEET IN COAHOMA**

The Howard County Singing Convention will be held in Coahoma Saturday night and Sunday, Nov. 12 and 13. One of the largest crowds every attending a singing is expected to be present on this occasion and some of the best singers in the county will be in charge of the song service. The Saturday night session opens the convention and everyone is urged to come Saturday night and also all day Sunday. Dinner will be served on the ground to all those who bring baskets. Everyone bring lunches and all can eat together. It is hoped that a banner attendance will mark this meeting.

**WE NEED AN AIRPORT**

The following news item from Wichita, Kan., is further proof that Big Spring needs and must provide an airport.

Wichita, Kan., Nov. 7. — Announcement of a proposed 1261-mile air mail, passenger and express line between Dallas, Texas, and Los Angeles, Calif., was made here today, when Maj. Howard F. Wehrle, of Kansas City, Mo., conferred with officials of Travel Air, Inc., for the purchase of 18 monoplanes for use on the route.

It was pointed out by Maj. Wehrle that operation of the proposed route would shorten the present trans-continental air mail schedule by about four hours.

Although Maj. Wehrle would not divulge the names of the men associated with him in the venture, he said "they are men of capital in Arizona, Texas and California."

The proposed route would touch Los Angeles, San Diego, Yuma, Phoenix, Tucson, El Paso, Pecos, Abilene, and Dallas. At Los Angeles it would serve as a feeder for Pacific air transport.

Men backing the proposed venture had considered opening the new route December 1, according to Major Wehrle, but difficulty in securing planes will hold up the date of the initial flight, which will be made "in less than six months." He estimated the initial investment about \$275,000.

**PROPERTY OWNERS SEEK ANNEXATION TO CITY**

A petition is being prepared by those living in the additions to the city of Big Spring asking that these additions be brought under the jurisdiction of the city government.

The folks who are back of the movement realize that if they are to have water service, fire and police protection it is only fair that they bear their proportionate part of the cost of operating the city government by paying taxes. The city is under no obligation to supply water service to those outside the city limits, and if this one convenience should be denied those who have erected homes in the fast growing additions it would be a calamity. It is believed that the majority of the property owners in the outlined district will gladly sign the petition.

The district is to include that territory between Lancaster street on the west to the eastern limits of the city and south to the railroad section.

**NEW PAVING PROGRAM**

It is now up to the citizenship to decide just when the new paving program is to be started.

The city has sold the \$40,000 paving bonds at a nice premium—grades and levels for streets have been established and the city will be ready to advertise for bids just as soon as the petitions asking for paving along the various streets have been passed upon.

Only one petition has been filed so far, so the City Commission will withhold action until other petitions which are now being circulated are submitted.

The type of paving, the exact number of blocks to be paved are all problems that will have to be worked out later.

**J. W. WARD APPOINTED RECEIVER FOR OIL COMPANY**

Y. Q. McCammon of Fort Worth and J. W. Ward, Big Spring, were appointed receivers to take charge of two producing oil wells in Howard County in an order by District Judge Lattimore Tuesday.

W. M. Dorsey, filing the suit, set forth that he owns a one-sixteenth interest in the wells but that the defendant, Frank M. Greene, and others in charge will not make an accounting in connection with the operation of the wells. The defendants are stated to own fifteen-sixteenths interest in the wells. —Fort Worth Star-Telegram.

**FOOL-PROOFING HIGHWAYS**

The high dump and deep ditch on our public roads must go. Public safety demands it. A cheaper, safer and better method must take the place of the deadly mantrap. Wide, shallow drains and conservative oval crowned roadbeds are cheaper, safer and better in every way than the railroad dump. —Sterling City News-Record.

Since motorists won't make an effort to protect their lives by driving safely it is up to us to make the highways as near fool proof as possible. Shallow drainings along the highway would certainly help save many lives and overturned cars. When a car leaves the traveled section of the present highway it is just too bad as a deep gully is usually encountered, and if a car is traveling at a fast clip a wreck is inevitable. Shallow drainways along the highways will certainly prove life savers and road engineers must consider this feature in future highway planning.

Come to our store and let us show you the Gulbransen MIDGET PIANO. Nationally priced at \$295. RIX'S.

**"CUSHING SPECIALS" FINE LARGE TOMATOES**

Wm. F. Cushing was right in naming his variety of tomatoes "Cushing Specials" for they are indeed especially fine in size and in flavor. Mr. Cushing treated The Herald family to some of these large tomatoes this week and we are here to say that they are the best we have tasted this season. Most of the tomatoes measured eight inches around and several were larger than this. They were firm, and plenty ripe—and we say they left a fine taste in the mouth.

M. H. Moore of Abilene, district manager of the Southwestern Telephone Co., Mr. Trapp of Fort Worth, Mr. Swann, Mr. Pierce and Mr. Higginbotham of Dallas, were business visitors in Big Spring this week in the interest of the Southwestern Bell Telephone Co.
