

U.S. Turns Down Russian Bid For Berlin-Cuba Deal

By LEWIS GULICK

WASHINGTON (AP) — U.S. authorities flatly ruled out Monday any Berlin-Cuba deal with the Soviet Union and predicted the German issue may become a first-class crisis by Christmas.

Soviet Premier Khrushchev was said to have indicated that he will resume his push for a Berlin settlement following the Nov. 6 U.S. elections. The Kremlin's idea of a solution—getting Western forces out of West Berlin—is unacceptable to the West.

The fear expressed by U.S. officials is that the Soviet Union may overstep in its next Berlin drive, because the Western Allies are determined not to be pushed out.

It was admitted here, however, that the British do not show as much concern as the Americans over the danger of the German dispute growing acute by the end of this year.

This word was given to some 500 American newspaper, radio and television editors attending a State Department-sponsored briefing by high U.S. officials on foreign policy.

The two-day conference was opened by Secretary of State Dean Rusk and the closing speaker Tuesday is scheduled to be President Kennedy.

Under the rules governing the semi-annual briefing, none of the speakers could be identified by name but the information they gave could be reported in news stories.

State Department press officer

Lincoln White put on the record the U.S. rejection of any package deal with Moscow on Berlin and Cuba. Published reports had said the Russians would ease up in their Cuban activities in return for concessions on Berlin.

White quoted a Sept. 30 statement by Rusk that "You cannot support freedom in one place by surrendering freedom in another," and added that no Berlin-Cuba bargain had been offered to the United States. If it were, White continued, such an offer 'would be kicked right out of the window so fast it would make your head swim.'

White also reported three more notes arrived from the Soviet Union over the weekend. He sought to dispose of them by saying they dealt with previously discussed matters and apparently ended diplomatic exchanges on those matters.

According to the State Department spokesman one Moscow note repeated past Soviet accusations that Western powers were heightening Berlin tensions. A second note complained about applications of certain airworthiness standards by the Allied commandants to aircraft entering Berlin.

A third note, White said, repeated Soviet protestations over seizure of a Cuban sugar cargo in Puerto Rico. He noted the Soviet Union already has entered its claim in court there, as the State Department had suggested. He voiced hope that the "long and tedious exchanges" on these measures was now ended.

On Cuba, U.S. officials sought to impress on newsmen what they described as a proper perspective in relation to other international problems.

Specifically ruled out at this time were a U.S. invasion of Cuba, a blockade, recognition of a Cuban government in exile, or creation of a North Atlantic Treaty

Organization type inter-American military command to deal with Cuba.

One or another of these actions has been urged in the course of the public debate over Cuba. The newsmen were told, however, that Cuba does not present a military threat to the security of the United States at this time.

The U.S. officials said the main danger from Cuba is the export of subversion to other Latin-American lands, and in this connection countersteps are underway.

One tactic, according to the U.S. strategists, will be to try to make the Soviet aid to Cuba as expensive as possible both for the Kremlin and for Castro.

William L. Shirer, Famous Author, Will Lecture Here

Texas Tech students will have an opportunity this week to hear an American who has made a mark on the history of the world.

Sponsored by the Tech Union as part of a special "German Week," William L. Shirer, the author of the popular "The Rise and Fall of the Third Reich" will lecture here.

Shirer, through his book — a best seller for the past two years — is said to have contributed an idea that will be remembered by civilization. He told of the history of Germany.

And at 7:30 p.m. Thursday, Tech students will get a chance to share in his knowledge of "Deutschland." That's when he'll speak to them in Lubbock Municipal Auditorium.

His topic will be "Germany and Russia: Keys to the Future." Admission is 75 cents for students, \$1 for faculty members and \$2 for the general public.

Shirer was in Berlin the day Hitler declared war, and since then

he has spent many years in research, gathering material for his book. In addition to "The Rise and

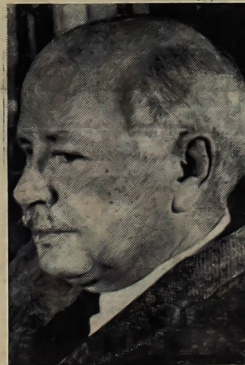

Fall of the Third Reich," Shirer also wrote the famous Berlin diaries.

Among those Shirer worked with when he began his journalistic career are James Thurber, Elliott Paul and Vincent Sheean. At one time he was employed by Columbia Broadcasting System and worked with Edward R. Murrow.

Considering Shirer's outstanding accomplishments and reputation, the chairman of the committee which brought him here believes his talk will be one of the most informative and interesting of the year at Tech.

"He has a message for each of us, a message that we all need to know of because of today's world situation," Sue Gerrard, chairman of the special events committee, said Monday.

The visit to Tech this year is a continuation of a tour Shirer has been making to American universities. Last year he spoke at the University of Texas.

WILLIAM L. SHIRER

Space Race Program Set For Saturday

Will the United States land a man on the moon by 1970?

How does our nation stand in comparison with Russia in the race for faster and better space travel?

These questions and many more will be answered Saturday when a "showcase on space" comes to Lubbock and Texas Tech.

The program is scheduled to get underway at 9:30 a.m. in the Lubbock Municipal Auditorium and is free to the public.

"Space Day 1962," sponsored by the Junior Chamber of Commerce and hosted by the Lubbock Jaycees, will feature many top congressional, military and civilian space authorities who will present a comprehensive two-and-a-half hour program concerning space problems, progress and the objectives of the national space program.

U.S. Rep. George Mahon, Lubbock, chairman of the House subcommittee on Defense Appropria-

tions will be the keynote speaker of the program.

Other top officials of the U.S. and of the space program subject to take part in the seminar are Col. John P. Stapp, deputy chief scientist of the Aerospace Medical Division, famed for acceleration and deceleration "sled tests;" Maj. Robert Rushworth, X-15 test pilot; Maxine A. Faget, assistant director for research and development for NASA Manned Spacecraft Center; and technical representatives from the major divisions of the Air Force Systems Command.

Phil Orman, vice president of the Jaycees, said that there was a possibility that a few of the U.S. astronauts may be able to attend.

The program will be followed by a space luncheon which in turn will be followed by a question and answer session in the downstairs Ballroom in which students and the public will be able to ask the top questions concerning the space program.

Was Haben Sie Gesagt? German Week At Tech?

By ROBIN FUNNELL, Toreador Staff Writer

"Present Day Germany," one of the present hot spots in the cold war, will be spotlighted Wednesday when Dr. Ludwig Alexander Fabel appears as main speaker at noon forum.

Backing up the speech on Germany in its present state will be a panel made up of Tech teachers. Dr. Sterling Fuller will be panel moderator, with Hans Fink and Dieter Markworth comprising the rest of the panel. Dr. Fuller teaches government; Fink is a visiting associate professor of foreign languages and Markworth is a teaching assistant in foreign languages.

Students will be allowed to ask questions through-

out the program. The forum is being sponsored by International Interest Committee, in conjunction with German Week being sponsored by Tech Union this week.

Price of the meal is 65 cents and students who wish to eat must sign up on the lists at the Union newsstand by 10 a.m. Wednesday. Students are also welcome to come in and listen to the program, even if they do not plan to be there for the meal.

Dr. Fabel, the main speaker, has taught political science at Peiking Catholic University and economics at Manhattan College, N.Y. He has been associated with the German consulate general, Montreal, Canada, as well as with the German foreign office at Bonn, Germany.

Texas Tech Cagers Begin Workouts For '63 Season

Home Ec Clubs Meet Here For Workshop

Texas Tech's School of Home Economics will host the annual workshop of the Texas Home Economics College Clubs this week, Oct. 18-20.

Meetings will be in the Home Economics Bldg., the New Ballroom of the Tech Union, and in the Pioneer Hotel, which will be the official headquarters for the occasion. Theme for the meeting will be "The Process of Becoming."

A featured speaker for the workshop will be Dr. Bernice Moore, who is associate director of the Hogg Foundation for Mental Health. She is also a consultant in home and family life education for the Texas Education Agency. Another key speaker for the workshop will be Mrs. Florence Low, president of the American Home Economics Association, and assistant director for home economics in Texas Agricultural Extension Service.

Eighteen college clubs were

represented in last year's meeting and approximately 200 girls are expected for the 1962 meeting.

Officers for this year's workshop are the following: Jeanne Golly, University of Texas; vice president, Nickie Woelfel, Texas Tech; secretary, Carol Pavlio, Texas Christian University; treasurer, Yvonne Grothe, Sam Houston State; reporter, Sara Kay Wright, East Texas State; historian, Joyce Andrews, Incarnate Word College; parliamentarian, Mary Walker, Texas A&I; advisor, Miss Mary Gerlach, Texas Tech; advisor-elect, Miss Ann Erickson, University of Texas.

The plans for the meeting include a get-acquainted party at the Home Management House on Thursday evening. Later that night, the House of Delegates meeting will be in the Pioneer Hotel. Friday's general session will be held in the Tech Union Ballroom with Jeanne Golly, president of THECC, presiding. At this time the girls will receive a formal

welcome to Texas Tech campus. The principal speaker for this meeting will be Dr. Bernice Moore.

Ther at 6 p.m. a banquet will be held at the Pioneer Hotel. Following the banquet, special committees will meet. From 8 to 9 a mixer or dance will be held in the Pioneer Hotel. Saturday's meeting will begin at 9 a.m. when the girls will hear Mrs. Florence Low. At 10 a.m. the Home Economist of the Year will be presented and the new slate of officers will be announced. Installation of officers will take place at 10:40 followed by an old and new officers meeting and an officers' luncheon at the Tech Union. This will be the last session of the 1962 workshop.

All the sessions are open to the public, with the exceptions of the historical fashion show which is open only to out-of-town and local Home Economic Club members. For the open sessions a \$1 fee will be paid by non-members of the club.

Changes Occur On Queen List

Techsans will cast ballots from 8 a.m. to 5 p.m. tomorrow in an all-campus election to select 10 semi-finalists in the Homecoming Queen contest.

Jimmie Bibb has withdrawn from the race and Caroline Quebe has been added to the list. Total number of coeds entered in the contest is 29.

Final voting will take place Oct. 24. The girl receiving the most votes in this election will be crowned Homecoming Queen at coronation services Oct. 26 and the four runners-up will make up her court. She and her court will ride in the Homecoming Parade and will be presented during the half-time ceremonies at the Tech-SMU game Oct. 27.

Kappa Marks Founder's Day

Kappa Kappa Gamma social sorority will observe the 92nd anniversary of Founders Day today at the Lubbock Women's Clubhouse, at a dinner at 6:30 p.m.

Receiving the Kappa Kappa alumnae and the Texas Tech Delta Psi Chapter in the Assembly Room preceding the dinner will be Mrs. Charles Dollins, president of the Alumnae Assn., and Mrs. Robert Westberg, president of City Panhellenic.

Mrs. L. E. Cox of Kansas City, Mo., fraternity ritualist, and Mrs. Richard J. Price of Dallas, province director of chapters, will be honored guests at the dinner.

Miss Evangeline Young, president of the Tech chapter, will preside.

A candlelight ceremony honoring the six founders of the fraternity will conclude the program.

Tech Union

Pledges Name Fall Officers

Campus sorority life has included the elections of several pledge class officers during the past week.

Delta Gamma

Pledges in Delta Gamma have elected Anne Robinson to head the spring pledge class. Helping with officer duties will be Mur Garrett, vice president; Carolyn McCoun, secretary; Nancy Lamb, treasurer; Noony Lamb, scholarship; Lola Page, song leader; Vicki Mosty, activities; Connie Curry, social; Karen Caton, intramurals; and Carol Fritz, lodge.

Phi Mu

Janice O'Neal has been elected Phi Mu president by her pledge sisters. Officers obligations will be delegated to Betty Melzer, vice president; Suzanne Spratt, secretary; Scotti Jenkin, treasurer; and Suzanne Harrington, standards.

Alpha Phi

Alpha Phi pledges elected Ellen Erickson, president and Linda Kay Collard, vice president. Other officers are Anne Locke, secretary; Linda Lay, treasurer; Mel-da Sassar, scholarship; Gaye Purcell, chaplain; and Nancy Holloway and Helen Kimbrough, social chairmen.

Pi Beta Phi

Officers elected by Pi Phi pledges class are Majorie Heard, president; Priscilla Dyer, vice president; Sara Rajnus, secretary; Gail Tate, treasurer; Patricia Smith, social; Linda McSpadden, scholarship; Paula Hanson, activities; Ann Gordon, historian; Jenny Odell, standards; Gwen Gough, lodge; Jo Hansen, song leader; and Pat Rolfe, censor.

TRAIN KILLS FOUR

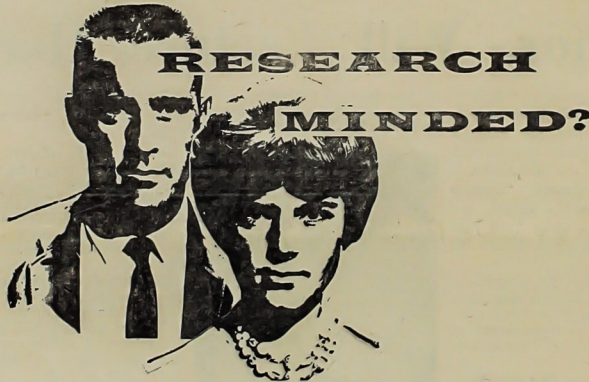

MCKINNEY (AP) — A Southern Pacific freight train hit a pickup truck here Monday killing four men. T. T. Lewis, who lives on Rt. 2, and three Negroes who worked for him were the victims. Another Negro was injured critically.

APPOINTMENTS ANNOUNCED

AUSTIN (AP) — Gov. Price Daniel announced the reappointment of three men to the state Seed and Plant Board Monday. They are Owel Gilbreath of Lubbock, Garwood Gerdes of Giddings and Heino Staffel Jr. of Austin.

SANTA ANNA GETS LOAN

WASHINGTON (AP) — A loan of \$3,200 to aid Santa Anna, Tex., in planning construction of 16 low-rent homes was announced Monday by the Public Housing Administration. Eight of the homes will be designed for the elderly.

MAJOR-MINOR CLUB

Miss Jan Cannon, physical education teacher at Monterey High School, will speak to the first professional meeting of the Major-Minor Club today at 7 p.m. in the Women's Gym, room 106. Miss Cannon will speak on problems in the teaching profession.

DOUBLE T ASSOCIATION

The Double T Association will have a meeting Wednesday at 8:30 p.m. in the association lounge at the stadium. There will be a vote taken concerning the initiation of new members.

AGRICULTURE COUNCIL

An Agriculture Council meeting will be held Tuesday at 5 p.m. in the Agriculture Bldg., room 301. The meeting will be for business purposes.

FRESHMAN COUNCIL

All Freshman Council members and class officers are to work counting ballots in the Wednesday election of the Homecoming Queen finalists.

TREASURERS MEETING

There will be a meeting of all treasurers of campus organizations Wednesday at 7:30 p.m. in the Administration Bldg., room 260. A representative from the auditor's office will be there to familiarize the treasurers with the campus financial procedures.

BSO BANQUET

A banquet for the members of the Board of Student Organizations will be tonight in the Tech Union Ballroom. It will be from 6:30 until 8:30.

STUDENT MIXER

Sigma Delta Pi and Alpha Phi will have a mixer tonight at 6:30 in the McKenzie Park party house.

PHI GAMMA NU

Phi Gamma Nu, national professional sorority, will have a rush Coke party today from 2-6 p.m. in the Anniversary Room of the Tech Union.

CLASS OFFICERS MEETING

All newly elected class officers will meet today at 2 p.m. in the Student Life Conference Room.

RODEO ASSOCIATION BANQUET

The Tech Rodeo Association will have a Banquet Thursday in honor of the members that went to the national finals last year in Denver, Colo. The banquet will be in the Coronado Room of the Tech Union at 6 p.m.

Cadet Wives Meet Today For Lecture

A meeting of the AFROTC Cadets' Wives Club at 7:30 p.m. today in the Presbyterian Union Bldg. will kick off the club's 1962 activities.

The program for this meeting will include Col. George R. Hull narrating a film entitled "Moments of Decision." The film covers some of the training the cadets receive in AFROTC and later in the U.S. Air Force.

According to Capt. Bill J. Williams of the Tech AFROTC teaching staff, later programs will deal with life, customs and advantages of the Air Force. Speakers from Reese AFB will participate in several of the meetings to help acquaint the wives with Air Force life.

The president for this year is Mrs. John Murphy, whose husband is a senior cadet at Tech.

Haywood Reviews Novel by Shirer For Poetry Hour

Carl Haywood's review of William L. Shirer's best-seller, "The Rise and Fall of the Third Reich," will be given this afternoon at 4 p.m. on the sun porch of the Student Union.

The review, a part of a series of events scheduled through October 21 dealing with "Germany: Yesterday and Today," will be an introduction to Shirer himself, who will appear in the Municipal Auditorium Thursday.

Haywood is a graduate student at Texas Tech.

Attention, all witty, urbane college students:

Get Lucky!

MAKE \$25 (or would you like to try for \$50?)

ENTER LUCKY STRIKES' ZANY NEW "Crazy Questions" Contest

(Based on the hilarious book "The Question Man.")

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:

First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded \$25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a \$25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to 1/3), clarity and freshness (up to 1/3) and appropriateness (up to 1/3), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

Flags, Fairs, Football Highlight Trip

Fun-Filled, Confusing Weekend

By CHARLEY RICHARDS
Toreador Managing Editor
A two-day holiday.

A confusing, laughter-filled weekend that proved one old saying: there is no rest for the weary! A trip that began with a flurry as 140 students raced to their buses and ended as the same students sleepily trudged off again, 36 hours later.

That was the Texas Tech 1962 all-school trip.

To describe the most hilarious or enjoyable moments of the trip would take a modern-day Merlin. Everywhere you looked, there was Tech. And there was happiness almost all the time.

The trip was to Fort Worth for the Texas Tech-Texas Christian football game, but a sidelight that took students to the State Fair or Six Flags Over Texas furnished many thrills in itself.

Officially, it all began at 12:30 a.m. Saturday, although the festivities and preparation for the trip began hours earlier for some, days earlier for others.

But probably even weeks of careful planning could not have steered the students from the inevitable—getting on the wrong bus.

On one bus, a student smiled sheepishly as he was told he and his date would have to get on another bus, that they were not signed up for this one. "Sure, sure. Any ole bus will do, weren't you saying?" the date chided to her blushing companion.

The four buses finally left the campus at 1 a.m., and the novelty of being on the trip was enough to keep everyone in high spirits and wide awake—for the first 60 miles anyway.

That was when the first "rest stop" came, at a couple of small cafes in Dickens. From then on, most of them settled back to attempt to grab a little sleep, anyway.

(See SCHOOL TRIP, Page 6)

Waving greetings to visitors at State Fairgrounds, the Tall Texan makes his familiar salute.

It was a hard-fought and heart-breaking game.

Many Techsians visited the huge midway.

Some went out of their way for excitement.

No mistaking their loyalties!

Six Flags visitors look over interesting talent.

—Staff Photos by JIM RICHARDSON, VERNON SMITH

Tech Prexy To Receive Recognition

Dr. Robert C. Goodwin, president of Texas Technological College, will be the Man-of-the-Year for the 1962 Homecoming at Howard Payne College, Brownwood, Nov. 9 and 10.

Goodwin will be presented as Man-of-the-Year at a banquet Friday night in Brownwood. He will participate in the Homecoming Parade and will be presented in a half-time ceremony at the football game Saturday.

Goodwin, a native of Brownwood, was graduated from Howard Payne in 1917. His father, the late John W. Goodwin, was a member of Howard Payne's first board of trustees. His mother taught mathematics on the first faculty. Two of his three brothers also attended the college.

This is the second time Howard Payne has honored Dr. Goodwin as Man-of-the-Year. The first time was when he was dean of arts and sciences at Tech.

Goodwin majored in English and history to earn the bachelor of arts degree from the University of Texas and the doctor of philosophy degree from Harvard University.

He joined the Tech faculty in 1930 as chemistry department head, coming to Tech from the University of Florida. He was named dean of the Graduate School in 1938, dean of arts and sciences in 1945, academic vice president and acting president in 1959.

FUMES COLOR HOUSES
HOUSTON (AP) — About 100 homes in the Hidden Forest addition near Channelview were hit by mysterious sulphide fumes Monday.

The fumes turned the homes various colors, ranging from black to yellow, and in some instances peeled the paint. No injuries were reported.

Tyrian Rifles Elect '62-'63 Sweethearts

The Tyrian Rifles, AROTC Drill Team elected Patsy Rohrdanz, Houston sophomore, and Mary Ellen Olson, Bellaire freshman, as their 1962-63 Sweethearts at a special meeting in the Tech Union Oct. 15.

All twenty-eight members of the Tyrian Rifles brought dates and each girl was a candidate for the Sweetheart title. Only the initiated members of the Rifles were allowed to vote on the candidates. According to Cadet Sgt. Weldon L. Scarbrough, the candidates will be escorted by the members to the Tech freshman football game Thursday.

The Tyrian Rifles is strictly a voluntary unit composed of AROTC cadets. In addition to the regular Thursday drill the Rifles also drill Tuesday and Wednesday of each week.

The Rifles were organized in 1959 to provide Tech with a competition drill team. They participate in several parade competitions every year and are planning to take trips to Laredo, Corpus Christi, Shamrock, San Antonio, and Tucson, Ariz. They have been invited to participate in the New Orleans Mardi Gras celebration but have not made any definite plans to go yet.

The Rifles serve as color guard

in the flag rising ceremonies at varsity football games and are in charge of the Tech cannon at ball games.

The members of the Rifles receive special training in drill and individual leadership. They wear uniforms of black helmets, white neck scarves, pistols and combat boots. They have also been selected as one of four units in the U.S. to receive special antiguerrilla warfare training.

Membership in the Rifles is open to any freshman or sophomore AROTC cadet any time during the year. Cadet Sgt. Scarbrough recommends that any cadet who is interested in joining the Rifles should join as soon as possible in order to take advantage of all the training that is offered. No special training is required to join.

MINE MUST BE HERE SOMEWHERE . . . says pretty Paula White, freshman chemistry major. She is examining the collection of sunglasses in the Tech Union lost and found department. —Staff Photo

Lost-Found Collection Yields Many Articles

Behind the magazine counter at Tech Union, in a long, dark closet, is a most amazing collection.

It's not famous gems or modern sculpture.

It's a Tech's lost and found department.

You name it—they've got it! There are earrings, bracelets, rings, towels, shorts, shirts, spiral notebooks, loose-leaf note books, workbooks—and just plain books.

There is one box devoted just to sun-glasses: big frames, small frames, jeweled frames, tortoise shell, wire-rims, silver-stems.

The shop is sponsored by Alpha Phi Omega. Three times a week two men check with the custodial department and collect the various items that are left behind in classrooms.

These items are then tagged, entered in a log book and identified by name of item, location and date found.

Then they are put in the closet. If the objects are identifiable, a calling service is provided to notify owners, or post-cards are sent if

Once a year, Alpha Phi Omega

has an auction and all unclaimed an address appears on the item. If not, they go on the shelf.

Library books are returned to the library, and ownerless textbooks are sold to the book store. Money earned from the auction goes into the fraternity's accumulative scholarship fund.

Items held over from last year are due to go to the auction block within the next two weeks.

Mrs. Grace Smith is the lady to see if you want to check that closet. She's the small gray-haired lady behind the counter.

Postal Rates Draw Comments

A small, random sampling by the TOREADOR indicates that few Tech students are aware that the price of postage stamps will be increased one cent, making regular postage 5 cents and air-mail stamps 8 cents.

Few of those questioned, however, seemed disturbed by the prospect.

Here are some of the comments:

Gary Gore
Junior
Spanish major
Lubbock

Robin Funnell
Sophomore
English major
Colorado
Springs, Colo.

Yes, I am aware of the increase in postage. I was opposed to the increase at first, but I reconsidered after thinking of all the "junk" that goes through the mail for such a low price. The post office is so much in the red that it is probably a good thing. The main thing that I am opposed to is the way that advertising goes through the mail at such a low rate.

Oh No! I didn't know. It doesn't seem like a good idea. When I write to my mother I have to send the letters airmail or they will never get there. If the rate increases I will only be able to write her once a month! I think the increase is awful.

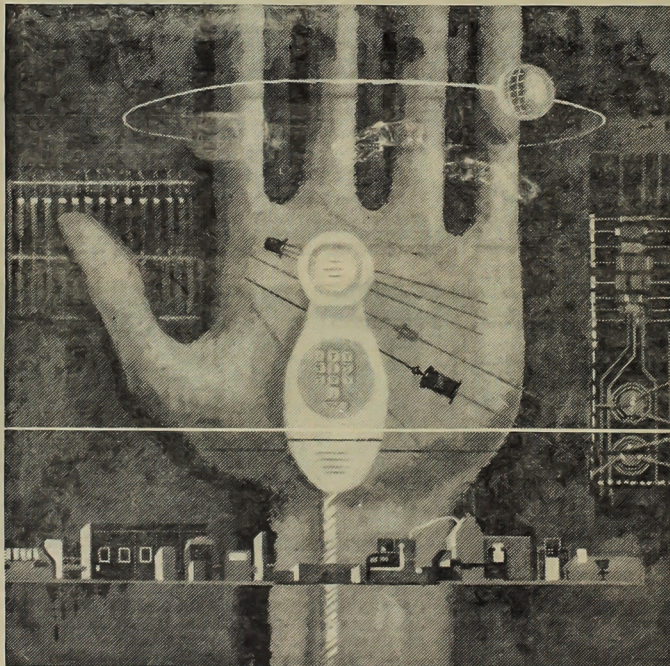

The Sounding Board rests.

Our future is in the hands of men not yet hired

At Western Electric we play a vital role in helping meet the complex needs of America's vast communications networks. And a career at Western Electric, the manufacturing arm of the nation-wide Bell Telephone System, offers young men the exciting opportunity to help us meet these important needs.

Today, Western Electric equipment reduces thousands of miles to fractions of seconds. Even so, we know that our present communications systems will be inadequate tomorrow; and we are seeking ways to keep up with—and anticipate—the future. For instance, right now Western Electric engineers are working on various phases of solar cell manufacture, miniaturization, data transmission, futuristic telephones, electronic central offices, and computer-controlled production lines—to name just a few.

To perfect the work now in progress and launch many new communications products, projects, procedures, and processes not yet in the mind of man—we need quality-minded

engineers. If you feel that you can meet our standards, consider the opportunities offered by working with our company. In a few short years, you will be Western Electric.

Challenging opportunities exist now at Western Electric for electrical, mechanical, industrial, and chemical engineers, as well as physical science, liberal arts, and business majors. All qualified applicants will receive careful consideration for employment without regard to race, creed, color or national origin. For more information about Western Electric, write College Relations, Western Electric Company, Room 6206, 222 Broadway, New York 38, New York. And be sure to arrange for a Western Electric interview when our college representatives visit your campus.

Principal manufacturing locations at Chicago, Ill.; Kearny, N. J.; Baltimore, Md.; Indianapolis, Ind.; Allentown and Laureldale, Pa.; Winston-Salem, N. C.; Buffalo, N. Y.; North Andover, Mass.; Omaha, Neb.; Kansas City, Mo.; Columbus, Ohio; Oklahoma City, Okla.; Engineering Research Center, Princeton, N. J. Teletype Corporation, Skokie, Ill., and Little Rock, Ark. Also Western Electric distribution centers in 33 cities and installation headquarters in 16 cities. General headquarters: 195 Broadway, New York 7, N. Y.

Comedian Due To Visit Tech

Humor, laughter and music will be in store for the audience at 8 p.m. Wednesday when the "button-down mind" of Bob Newhart performs at Lubbock Municipal Auditorium.

Tickets for the program, sponsored by Civic Lubbock, Inc., are on sale at the auditorium lobby box office and Tech Bookstore. They are \$3, \$2.50 and \$2.

Newhart, who will appear on the Gary Moore Show tonight, writes most of his own script and has been praised by such media as the San Diego Union, Los Angeles Herald & Express, Variety, Newsweek and Hollywood Reporter as the best comedian in years.

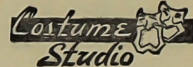

Appearing with "the button-down mind" will be the Don Jacoby jazz quintet.

Tech Rifle Team Wins Over TCU

Tech's AROTC rifle team, members of the new Southwest Rifle Association, defeated the TCU rifle team Saturday morning, Oct. 13 in Fort Worth 1,389 to 1,350.

The members of the Tech team and their scores at TCU were: Harry Marsh 276, Gerald Kirby 272, Jack Pritchard 277, Harold Schappell 286, and Bernard Funk 278.

Pierce Clips Yanks; Giants Win By 5-2

By JACK HAND

SAN FRANCISCO (P) — Billy Pierce returned to his happy hunting ground at Candlestick Park Monday and squared the World Series for the San Francisco Giants with a 5-2 victory over the New York Yankees in the sixth game.

Pierce, unbeaten at home with a 12-0 regular season record in this park, had lusty aid from Giant bats which knocked out Whitey Ford in the fifth inning.

Orlando Cepeda snapped out of a horrible 0-for-12 batting slump with three straight hits and drove in two Giant runs in the nine-hit attack on Ford.

The first 13 Yanks were set down in order by Pierce and some of the 43,948 fans began to recall Don Larsen's perfect game of 1956 until Roger Maris slammed his fourth Series home run over the right field fence.

Pierce, a stylish 35-year-old workman with a long American League background, had a one-hitter going until the eighth when Cleve Boyer doubled with one out and scored on Tony Kubek's single that just eluded a diving Harvey Kuenn in soggy left field.

This sixth game, postponed three days because of heavy rains and an unplayable field, was contested on a damp, soft outfield that

had been dried before the game by three helicopters swooping low with their whirling blades.

With the 59th Series all squared at three games each, it will be Jack Sanford (24-7) for the Giants against Ralph Terry (23-12) in Tuesday's seventh game battle of right-handed pitchers. About \$4,000 will be hanging in the balance on each pitch, because each winner will get about \$12,000 and each loser about \$8,000.

Pierce's three-hitter was a magnificent job. Rested seven days after losing the third game 3-2, the veteran was in real danger only once. That was in the fifth after the homer. A two-base error by Jim Davenport and a walk to Cleve Boyer on an intentional fourth ball, put men on first and second with two out.

Ralph Houk, Yankee manager, chose to stick with Ford as his batter and passed up a chance for a pinch hitter. Ford popped up and the Yanks' one and only big chance was over.

As it turned out, Houk left himself open to the usual second guessers, for Ford went out and was racked up for two more runs and chased in the fifth.

Ford had skirted disaster in the early innings, getting out of trouble with the help of double plays

AFTER BONE BREAK SATURDAY

Lovelace Bows Out

By JIM RICHARDSON
Toreador Sports Editor

When Johnny Lovelace hopped off Amon Carter Field Saturday night on one leg, 4,000 Raider boosters wondered "what the heck?"

Not the least of these fans from Raiderland was Tech football pilot J T King. "It was the worst game of the season, and now this..."

The atmosphere in the Tech dressing room Saturday after the 35-13 loss to TCU echoed King's woe.

JOHNNY LOVELACE

"We played good football for a quarter, then something just fell apart," said Doug Cannon who spent much of the night directing action on the field.

Fullback Coolidge Hunt was asked to compare the Frogs with Texas A&M.

"TCU could move the ball a little better than A&M, but their

X-Rays Saturday night showed a broken bone just above the ankle of quarterback Johnny Lovelace. Lovelace, along with James Ellis, who received a knee injury in the Texas game, is probably lost for the season.

Red-shirt quarterbacks Bob Black and Larry Anderson both have broken right hands. Only Doug Cannon and Richard Mahan will be able to guide the Raiders against Baylor Saturday at Waco, and Mahan is still bothered slightly by a hip injury sustained in the Aggie battle.

Allen Schuler, who has worked with the Raiders all fall, and who is currently helping with the freshman gridlers, will probably be called into action this week, according to King.

Other than Lovelace's injury, the Raiders emerged in fairly good physical condition after the TCU contest.

defense was just about the same." The general team opinion, however, was simply, "There's no way to compare after the way we played tonight."

The squad filed out in silence, slowly munching apples.

WATER STORAGE INCREASE

AUSTIN (P)—The Texas Water Commission said Monday that storage in a number of selected reservoirs during September increased.

Series Closes Today

(Con't. from Page 7)

in the first and second, but ran into a problem in the fourth. With one out in the fourth, Felipe Alou singled on a hot shot off Boyer's glove that rolled to deep shortstop. Ford worked carefully on Willie Mays, his old nemesis, and finally walked him on a 3-1 count.

Cepeda, who had broken his hitless string with a single in the second, was at bat when Ford suddenly wheeled and tried to pick Alou off second base. Ford hesitated in the midst of his throw when he saw the Yanks were late covering, and finally threw into right center.

Alou scored easily on the error, with Mays taking third.

Cepeda then doubled to right center, scoring Mays, and scored

himself on Davenport's ground single into center field.

Once again there was one out when the Giants struck in the fifth. This time it was Harvey Kuenn, hitless in 10 trips in the Series, who finally broke out of it with a single to left. Chuck Hiller dropped a single into center field that fell dead on the soggy turf. Felipe Alou's single to left drove in Kuenn with the Giants' fourth run, bringing up Mays.

Houk let Ford pitch to Mays. Ford justified his faith by getting Willie on a foul pop to Moose Skowron. When Cepeda followed with a single to center, driving in Hiller, Houk decided Ford was finished. Jim Coates mopped up for 2 1/3 innings and Marshall Bridges finished the job without further damage.

Beating Ford gave the Giants a terrific boost, for the chunky little lefty had won more World Series games (10) than any other pitcher and had beaten them in the opener, 6-2.

Despite the soggy outfield, the players did not appear to be overly handicapped. They made most of the plays, skidding at times and cutting fancy divots in the turf. Kuenn might have reached Kubek's single in the seventh on solid ground. As is was, he made a dive, got a hand on the ball, but could not hold it.

Mays roamed around center field in his usual style, moving deep to take a long fly by Mickey Mantle in the second and going deep to left center for Skowron's long drive in the third.

In Tuesday's seventh game, the Giants will return to their left-handed hitting line-up against Terry, who will be hooking up with Sanford for the third time. Sanford won the second game 2-0 and Terry won the fifth 5-3.

Against Terry, Willie McCovey will play left field in place of Kuenn and Tom Haller will replace Ed Bailey as catcher. The awakened Cepeda will stay in.

SWC Cage Champs Open Drills Monday

Tech's Red Raider basketball squad opened workouts Monday with the defense of its Southwest Conference championship at stake.

"We're ready to go," said cage mentor Gene Gibson. And on that note the 1962-63 version of Tech basketball team began a strenuous two-hour workout in the Men's Gym.

Tech has won the SWC cage title for the past two years in a row, and Gibson won't be satisfied without a third this year. "We lost all but one starter, but we'll field a good group anyway. Del Ray Mounts, Harold Hudgens, Mac Percival and Roger Hennig all are gone now, and that's a big loss," said Gibson.

"But we have some good boys up from last year's freshman squad. Bobby Gindorf is the only remaining starter and we have a few junior-college transfers that could help us a whole lot."

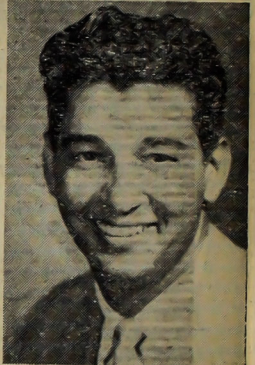

Tom Patty, a stalwart on the Raider squad a couple of years ago, will return with the team in January after restoring his eligibility.

Charlie Lynch, freshman basketball head, is just as eager to get started as Gibson.

"I've been ready for a month," said Lynch. And a quick look at the Picador roster can easily show why. If the first six names were not on the 1962 high school all-state roster, they were at least posted on their respective all-district team.

Tech has not finished below fourth in the Southwest Conference cage battle since the Raiders' debut five years ago.

Gibson started Monday to keep the tradition.
