NUMBER 14

## "Tech Speaks" Features Clubs

A group of students from six of Texas Tech's Social Clubs under the direction of Annah Jo Pendleton, head of the Speech Department, presented the program on "Texas Tech Speaks" over radio station KFYO, Thursday night.

The three women's clubs and their representatives on the program were: D.P.D. Club Dorothy Cantrell, president, Johnnie Mae Smith, Pat Keffer, Jane Coffey, and Charlotte Balliff; Las Vivarachas Club, Lometa Hodge, president, Carleen Clary, and Janie Stucker; Sans Souci Club, Panze Butler, president, Maudie Claiborne, Carolyn Cole, Jo Ray Watson, Pat Lively, and Anne Greenshaw.

The three men's clubs and their representatives were: Kemas Club, Hugh English, Lem Tittsworth, David Putter, and James Campbell; Silver Key Club, Ralph Coumougher and guest singer Don Lummas, accompanied by Charles McElery presented the Silver Key song; Los Camaradas Club, Glen Werhan, Men's Inter-club Council was represented by J. C. Bartlett, Wesley Hamilton was master of ceremonies.

Next Thursday at 8:30 p. m. "Texas Tech Speaks" will be presented by the six other social clubs, Ko Shari, Las Chaparritas, Sochi, Wranglers, College Club, and Centaur.

## Tech Rodeo Fans Organize Club

The Rodeo Committee is preparing the Constitution and By-Laws for the Texas Tech Rodeo Association, a new organization being formed for all students interested.

The organization will be open to students from all divisions, although attendance at a meeting held recently was made up principally of agriculture students, says A. J. Bishop, reporter.

Ed Hughes from Springfield, Colo., Junior agriculture student, was elected temporary chairman. A committee was appointed to work on the constitution, which will be presented for approval of Administrative officials of the college after it is prepared.

"One purpose of the organization is to send roping teams to contests which teams will compete from different colleges that have rodeo associations. Some events will be sponsored on the campus by the association," he states.

## New Residents Honored At Home Management Tea

Residents of the Home Management House will give a dessert Sunday afternoon honoring the girls who will move into the house, January 30, according to Junell Cearley, hostess. At this time the girls will draw for their rooms and select their roommates. The new residents will include June Anderson, Barbara Conkling, Leota Carlwell, Mildred Coats, Dorothy Hivally, and Mary Ann Harding.

A Mexican dinner was given Monday night, January 13, by the residents; each girl invited one friend. Following the dinner, the party attended the Lindsey theater, Cearley said.

## Tarpley Featured By Press Club

Dan Tarpley, former night editor of Lubbock "Avalanche-Journal" and present news writer for KSEL, will address the Press club on radio news writing and editing Tuesday, Feb. 4, at 5 p. m., says John Anderson, program chairman.

Plans for second semester, according to Bob Weddle, president of Press club, will give a news outstanding journalist address each meeting and to have one banquet during semester with a prominent guest speaker.

Weddle also urges all journalism majors and present members to join the club for second semester, and to pay dues which will be \$1.00 to Billie Burrell, treasurer.

## Freshmen Orientation Program To Be Jan. 28

A pre-registration orientation program for freshmen will be held Jan. 28, under the direction of Dr. Ernest Wallace. Freshmen Honor Society for Women and Phi Eta Sigma, freshmen honor society for men, will take part on the program according to Dick Copeland, president of the men's organization.

Speeches will be made by Copeland and Gretchen Cliff, president of the Freshman Honor Society for Women. They will explain the organization of their respective clubs and give the requirements for membership. Dean James G. Allen, sponsor of Phi Eta Sigma, will be introduced by Copeland.

American Indians did not refer to their future state as "the happy hunting ground." Application of the term was made by early-day writers as a result of descriptions given them by hunting tribes.

# Class Favorite Elections Are Under Fire

Tech Cattle Man And Movie Star Wife

## Mexico Will Be Home Of Nathan Allens

Would you like to have a wife who could greet you with a cheery "Good morning," not only in English, but in French, German, Russian, Tagalog (Philippine dialect), or her native Spanish? Nathan Allens, senior Techman of the animal husbandry department, has the professionally linguistic wife who can do just that. But her accomplishments do not end here. She also sings, dances, and is an actress of radio, stage, and screen. Her name is Espanita and she hails from the Philippine Islands.

Nathan is the lad who was acclaimed by all of West Texas when he was named "high individual" over all other participants in the Chicago stock judging contest last fall. No stranger to the cattle men of this section, Nathan was born and reared on a ranch near Big Spring. He went to the Junior Judging contest in 1942 at Fort Worth and the Registration Committee in Kansas City in 1946. He is a member of the Aggie Club and former vice-president of Block and Bridge.

The story of Nathan and Espanita began in 1945. He had been in Australia, New Guinea, and the Netherlands East Indies during his first two years in the Signal Corps. In Feb. 1945, he was stationed in the Philippine Islands. There he met this charming, shapely actress, and they were engaged to be married.

Nathan returned to the States in Nov. 1945, and after his release from the service, came back to Tech for the spring semester, 1946. Espanita reached the U. S. in the fall of that year, having finally obtained a visa to Spain via the U. S. The couple were married Oct. 26, 1946. Espanita says, in effect, "Let them try to make me go on to Spain."

## Song, Music Deadline Is Set For Varsity Show

Songs and music for the Varsity Show must be submitted by Feb. 1 to Jamie Trainer or the student council office, according to Trainer.

Directors for music, costumes, set, dance, make-up, music arrangement, and dramatics will be selected at 2 p. m. Feb. 2 in the Ione Hutchinson reading room in the Press building. Try-outs will be held Feb. 8 and 9 in the Aggie auditorium.

Scripts have been received and winning script will be announced later, said Trainer.

## Court Decision Demands New Fish Election

Texas Tech Supreme Court ruled January 10 that the freshman favorite election of December was illegal and a second election should be held. Their decision was in reply to a request of the Student Council Election committee as to the validity of the freshman election in which three non-freshmen cast votes.

La Ventana had asked that the first election be allowed to stand since it was under their authority, but the Supreme Court ruled that the election was subject to regulation by the Election committee to whom complaints regarding the election had been made.

The council deeply regrets that a second freshman favorite election need be held, and at the same time wish to make it clear that no one has been accused of any illegal practice in connection with the previous election. We have no way of knowing for whom the illegal voters cast their ballots. We feel, however, that because votes were cast by persons not now in school, and because the disputed election was so close, it is only fair to all concerned that another election be held.

Troy Davidson, President, Justice Amos Howard wrote in the unanimous court opinion, "The Constitution of the Student Association defines its scope of power to include all undergraduates of Texas Tech. This clearly includes the La Ventana elector."

"Once it (La Ventana) decides to include class favorites in the annual election it is bound to present the actual favorite. If the annual staff represents the selection of favorite candidates as the choice of the student body by election, that election must be fair and just. It is not their right to judge their actions, once contested, but that judgment is within the scope of this court. This court recommends that a new election be conducted for freshman favorite."

The election will be held February 7.

The Supreme Court also ruled the selection of La Ventana beauties is restricted by 1.00 grade average requirement.

## Pre-Registration Methods Favored

"Students have cooperated 100 per cent during pre-registration and the Registration Committee sincerely appreciates it," W. P. Clement, registrar, stated. Approximately 6,000 students are expected to enroll in Tech for the spring semester.

Formal registration, making of class schedules, will be January 29-30, according to the hour stamped on the student's permit to register. Scheduling of classes will begin at 8 a. m. Wednesday, Jan. 29. All students are asked to report at the beginning of the hour indicated.

Students entering Tech for the spring semester, who are already in Lubbock and were not enrolled in Tech last semester, will be allowed to begin pre-registration on Thursday, Jan. 23, through Jan. 29, according to instructions from the Registrar's office.

## Tech Board Discusses Summer School Budget

Consideration of the summer school budget of 1947 was the most important matter taken up by the Tech Board of Directors at a meeting in Fort Worth Thursday, January 16.

Persons attending the meeting from Tech were W. M. Whyburn, president, and W. T. Gaston, business manager.

Other matters taken up by the directors included action on stadium plans and a report of the mineral's committee.

## DEAN GOES TO MEETING

W. L. Stangel, dean of Agriculture at Tech attended the meeting of the Texas Agricultural Workers' association in Waco Jan. 10. Stangel is a director and immediate past president of the association.

## NEW LIBRARY CARDS

New library cards issued at pre-registration will be valid between semesters. A. S. Gaylord, librarian, announced Wednesday. Cards for the fall semester expire when examinations are completed.

## Court Decision Demands New Fish Election

Texas Tech Supreme Court ruled January 10 that the freshman favorite election of December was illegal and a second election should be held. Their decision was in reply to a request of the Student Council Election committee as to the validity of the freshman election in which three non-freshmen cast votes.

La Ventana had asked that the first election be allowed to stand since it was under their authority, but the Supreme Court ruled that the election was subject to regulation by the Election committee to whom complaints regarding the election had been made.

The council deeply regrets that a second freshman favorite election need be held, and at the same time wish to make it clear that no one has been accused of any illegal practice in connection with the previous election. We have no way of knowing for whom the illegal voters cast their ballots. We feel, however, that because votes were cast by persons not now in school, and because the disputed election was so close, it is only fair to all concerned that another election be held.

Troy Davidson, President, Justice Amos Howard wrote in the unanimous court opinion, "The Constitution of the Student Association defines its scope of power to include all undergraduates of Texas Tech. This clearly includes the La Ventana elector."

"Once it (La Ventana) decides to include class favorites in the annual election it is bound to present the actual favorite. If the annual staff represents the selection of favorite candidates as the choice of the student body by election, that election must be fair and just. It is not their right to judge their actions, once contested, but that judgment is within the scope of this court. This court recommends that a new election be conducted for freshman favorite."

The election will be held February 7.

The Supreme Court also ruled the selection of La Ventana beauties is restricted by 1.00 grade average requirement.

## Tech Exes Work In Venezuela

Sam Rouch, 1939 graduate of Texas Tech in the department of Petroleum Engineering, visited the Geology department of Tech this week with his wife and daughter.

Mr. Rouch is employed by the Richman Exploration company in Mericabo, Venezuela.

Rufford Maderal, Homer Roberts, and Neal Mcakiol, all graduates of Texas Tech in the Geology and Petroleum Engineering department, are also employed in Venezuela.

## HOMECOMING DAY SET

Official sanction has been given to Oct. 18, 1947 as Homecoming Day, announced Elmer Tarbox, president of Alumni and Ex-Students Association. This date has been selected under the assumption that the Tech-Baylor game will be played in Lubbock. If that game is played in Waco, then preference is given to Oct. 11, day of the Tech-Tulsa game.

## FT. WORTH CHAPTER NAMED

President of the Alumni and Ex-Students Association, Elmer Tarbox, has announced the permanent organization of the Fort Worth chapter. Wayne Sellers was appointed temporary president of the chapter.

## CAMPUS VISITORS

Mr. Harold C. McMahon, publisher of the Abilene Reporter-News, visited the campus Wednesday with his wife and son. His son is transferring here from A&M for the second semester.

## Do Students Think? That's The Question

By WINIFRED LARABEE  
Toreador Staff Writer

Do college students think? This question has been raised in the minds of some faculty members and three advanced English majors. So we decided to take a poll of public opinion on this issue, phrasing our question thus:

The first interviewee was a senior agriculture major, Joe—whose last name, strangely enough, is—College. His answer was, "Oh yes. Of course. Quite often. That is, I think I do."

A freshman H. E. major, Susie (whose last name we didn't catch) replied simply, "Natch."

Raymond Bunion, junior journalism student, stopped chasing an ambulance and answered: "I seldom have time, but someday I'm going to start."

Philip Louis Stevenson III, advanced English student, smiled beautifully and stated, "Indeed I do, madam. Verily yes. I have the most beautiful thoughts all the time. You should read the book I've written; it is entitled, 'Beautiful Thoughts.'"

We interrogated an accounting major, but he didn't hear us. He turned to his companion, emitted a low moan, and wailed, "But I can never think which should be credits and which should be debits!" We made a notation of this sage remark and moved on.

The next interviewee was a government student, a sophomore named Roosevelt. We inquired if he is one of THE Roosevelts. His rejoinder was, "ALL Roosevelts are THE Roosevelts." His statement for our poll was as follows: "Yes, I have had two thoughts so far. One was a bad thought, however, so I banished it. The other thought is that I hate war."

"Is this latter thought original with you?" we questioned.

"To the best of my knowledge, yes," stated THE Roosevelt.

To the second part of our question, "Is Thinking Really Necessary?", this comment was made by a candidate for the degree of doctor of philosophy, Willie Aristotle: "Yes and no. It's all in the way you look at it. You see, thinking is like many other ailments—it's all in your mind."

A traveling Mormon missionary who was visiting the campus obliged us with this statement: "When I was a child, I had thoughts frequently. But when I became a man, I put away childish things."

We intended to elicit a few conclusions from this poll, but the undertaking would have required so much thought.

However we have observed people who think enough that they know how to (1) come in out of the rain; (2) cross the street without getting run over—although at Tech this is difficult; and (3) add 2 and 2 to make 4, at least 99-100 per cent of the time.

Once we met a wise father who knew his own child. Or was it a wise child who knew his own father? No that it matters much since, as Wordsworth says, the child is father of the man. Wonder what he meant? We must think about that someday.

## NO SUIT FOR JESTER

Governor-elect, Beauford Jester, will miss the honor of wearing a suit woven by the Textile department of Texas Tech. New governors of Texas have been inaugurated in suits presented to them by Texas Tech for several years.

This year the tailor who was to have made the suit said he could not get to it in time to have it ready by January 21, the day it will be needed.

## Hash House Patrons Suffer Tummy Pangs

By SUE STOCKARD  
Toreador Staff Writer

Dormitory life can be very simple and peaceful when the occupants' stomachs feel that way about the matter, too. The peace and quiet was broken in Dorm 2 last Friday night when a siege on the level of the small pox epic back in "Forever Amber's" time took place. No one knows how come or what for yet.

It might have been that with final exams coming up, we didn't look scared enough (your eyebrows may rise at the mention of "we" since reporter's opinions aren't worth anything anyway, but your delightful author suffered the pangs, too.) so the master of our fate decided that we needed to start dead week off with a bang and who knows a better way to burn the midnight oil, even if the question of studying didn't arouse itself in our sleep-drugged, so-called brains.

It might have been that we were the chosen few because someone's guinea pigs had passed to the "great beyond" and what could be better than to have approximately 361 used-to-be humans to perform the job? This theory didn't hold water when we learned that the manager suffered violent attacks, too.

We all had plenty of company out in the halls and lots of water to drink (those that were able to pull themselves up to the fountain, that is) and we started games of rummy and bridge, even if it was somewhat of a task for our eyes to find if we had a 9 or a 6 of something in our hands at 2:30 a. m.

Some escaped by bumming food elsewhere that night and slept blissfully with no twangs of the tummy. (My two roommates were among the fortunate, I might add in cursing thought) no dizzy sensations, or no wondering if they could make it. After making a survey I found the people entertaining themselves by polishing their nails, singing refreshing melodies, waiting at the top of their voices at the unfairness of life, and blowing smoke rings in the shape of "pepto-bismol."

So passed the night, and then the dawn came and with the dawn came Mrs. Eikel, who made a door

## ROOT ADDRESSES CLUB

T. C. Root, assistant to the president and acting dean of commerce, will speak at a dinner of the Credit Women's club at 7:30 Friday night in the east ballroom of Hotel Lubbock.

## DOBKINS VISITS TECH

Joyce Dobkins, a Tech graduate, visited the Textile department Jan. 11. She visits the department twice each year to discuss dying problems. L. E. Parsons stated.

Miss Dobkins operates a small hand weaving concern in Guatemala City, Central America. After she dyes the yarn it is woven into fabrics by the Indians and she then exports the cloth to the United States.

## V. A. SEEKS DOCTOR

The Veterans Administration is training many doctors in Texas, Louisiana and Mississippi in psychiatric work because of the national shortage of trained psychiatrists. Dr. Oscar E. Hubbard, chief of VA's Neuropsychiatric Division in the Dallas Branch Area, said.

About 4000 veterans are now in VA hospitals in the three states for treatment of neuropsychiatric troubles. It is anticipated that many thousands more will require treatment on an out-patient basis in the mental hygiene clinics VA is establishing in the Southwest.

two brothers. His father buys wool in Southern Peru to sell to the mills. He also ships alpaca wool to America and England.

## Hutchins To Be Group Speaker

Noted Educator To Speak For Danforth Foundation

Dr. William J. Hutchins, noted educator and advisor to the Danforth Foundation, will speak Sunday, Jan. 26 at 6 o'clock p. m. in the First Methodist Church to assembled college groups, according to Robert Baumgardner, president of Tech Student Religious council. Dr. Hutchins will be in Lubbock Jan. 25 to Jan. 27 in the interest of the foundation which promotes religious life among college students.

Dr. Hutchins is the father of Robert Hutchins, President of the University of Chicago, and is the former president of Berea College in Kentucky. Baumgardner stated that Berea College is a unique college in that it requires all students to work and earn a portion of their expenses while in college. The college teaches mainly vocational subjects, and its students are largely from the mountains of Kentucky.

All persons are invited and urged to hear Dr. Hutchins, Baumgardner stated.

Dr. and Mrs. A. W. Young are Danforth associates at Tech. Headquarters for the Danforth foundation are in St. Louis, Mo.

## Vet Registration Plans Announced

Veterans who are withdrawing from Tech at the end of this semester to either enter another institution or to go to work, are asked to go by the Veterans Administration office before leaving to fill out an interruption form, according to C. E. Gatlin, veterans coordinator.

If a veteran is entering Tech after staying out a semester, and has previously been to school under the G. I. Bill, he must fill out form VA 7-1961, said Mr. Gatlin.

A veteran entering as a transfer from another school needs a certificate of eligibility. And if the school from which he transfers was under another Regional VA office, he must fill out form VA 1961.

For those veterans entering school for the first time under the G. I. Bill, a copy of discharge is necessary. And if he is married, a marriage certificate or photostatic copy of it is required, said Gatlin.

## Books Support Memorial Fund

Put your books in the boxes! That is the why the boxes are there. And the reason behind it all is to initiate funds for the Tech Veterans Memorial Loan Fund.

This Memorial Loan Fund is set up as a corporation, observing state laws, and has a bonded board of directors. The money will at present be turned over to some company to draw interest, although it will be available to vet's now attending college as a loan.

Primarily it is for children of Tech students killed in the war, who in the future may attend Tech and need support. The money will then be available to them at \$25 a semester, at one percent interest. However if possible help will also be given to other students at that time.

Contribute your books. They will be sold and the money used for this cause.

## Tech Freshman Will Not Take Trip Home Until Graduation

By MARY ELLEN DUFFY  
Toreador Staff Writer

Guillermo Perea, Tech freshman, will not see his home until he has finished college. Perea, Textile Engineering student from Arequipa, Peru, does not plan to go home until college graduation and perhaps after he has worked some in woolen mills in Boston or Philadelphia. That is a long time to be away from home, but Perea likes Tech and has enough interests other than his studies to keep him from being homesick.

One of Guillermo's favorite pastimes is cards. He doesn't claim to be a card shark, but he particularly likes to play black-jack and casino.

Perea loves to dance congas, tangoes, sambas, rumbas, boleros, and waltzes. He has a girl friend in Peru and writes to her when he has time. As for the girls here at Tech, he says they are "friendly and pretty."

Perea said he likes to watch football but had rather play basketball and tennis. The movie stars that interest him are Esther Williams, Hedy Lamar, Bette Davis, and Charles Boyer. The most bothersome thing he has found here at Tech is the long waiting line at meal time in the dorm.

When Perea returns to Peru he plans to work with his father and

# Thirty-Three Gridmen Are Awarded Letters Tuesday

Awarding of Double-T letters to 33 members of the 1946 Texas Tech football team has been approved by the Tech Athletic Council, on recommendation of Morley Jennings, athletic director, and Dell Morgan, head coach.

Men honored are: Centers J. W. Coals of Odessa, Roland Nabors of Lubbock and Bobby Williams of Phillips; Guards Russell Birdwell of Bossier City, La., Dorrell McCurdy of Lubbock, Donald Orr of Graham, Carl Smith of Kerrville, James Reed of Lubbock and Floyd Lavhorn of Temple; Tackles Warren Cudd of Perryton, Marshall Gatty and Ted Moss of Amarillo, Clyde Hall of Bonham, Bernie Winkler of Temple and George Zoller of Van; Ends Ralph Geddie of Dallas, Bill Kelley of Idalou, Verlan Roy of Buckeye, Joe Smith of North Ray of Buckeye, Joe Smith of Abilene, Roy Williams of Abilene, and Backs Ernest Hawkins of Lamesa, Dick Standerfer of Plainview, Ralph Earhart of LeFors, Zac Henderson of Quanah, Roger Smith of Rising Star, Charles Hobbs, N. M., Maxey McBufkin of Hobbs, N. M., Maxey McBufkin of Hobbs, N. M., Glenn Lewis of Quitaque, Cecil Norris of Beaumont, Charles Reynolds of Odessa, and Leete Jackson and Ed Robnett of Lubbock.

Jim Humphreys of Kansas City, Mo., senior manager, also was voted a varsity letter.

Awarded numerals were: John Andrews, Jim Blessen, W. W. Fowler, Billy Joe Russell and Glen Quattabaum, Amarillo; Jim Best, Mexico; John Birdwell, Bossier City, La.; J. A. Blackwell, Kemper McGowan, J. D. Miner and Joe L. Thompson, Lubbock; James Conley and J. L. Gully, Quanah; Ray Crenshaw, Temple; Ted Cummings, Amherst; Milburn Hayden and Dick Strain, Weatherford; Ray Hopkins, Chilli-cothe; E. T. Hutchins, Dallas; Deverle Lewis and Calvin Stevenson, Brownfield; Walter Maloney, Roseburg; Scott Rainey, Fort Worth; Eugene Rush, Big Spring; Bruce Shaw, San Antonio; Charles Thompson, Crowell; Luke Thompson, Eldorado; Shelby Cole, Houston; and Keith Butler, Rising Star.

Manager given numerals were: Clois Fowler and Ed Orr, Vernon; and Bruce Pipkin, Eastland.

## DOUBLE-T DOPE

**SAM MALONE, Jr.**  
Toreador Sports Editor

While studying for final examinations this week—cultivating a slight growth of chin-fuzz to qualify as a loyal Techian—we ran across the herewith submitted material.

The only hitch to studying along the lines of the Dope is currently using is to find a professor—preferably plural—who reads the same novels, Life, funnies, Newsweek, and twopenny copy of Punch. Perhaps it would assist said professor in deciphering an intelligent dissonance to Economic Principles. This is a sophomore course bent on teaching sophomores how to conserve energy and save enough money each month to last until the week before another government check comes in.

Philosophy—A study which enables man to be unhappy more intelligently.

Political War—One in which everybody shoots from the hip.

Add Absent professor—He walked into a barber shop and sat in a chair next to a woman who was having her hair bobbed. "Haircut, please," ordered the barber. "Would you mind taking your hat off?" said the barber.

"I'm sorry" the prof murmured apologetically as he looked around. "I didn't know there was a lady present."

There's a lot of men in the world who started at the bottom—and stayed there.

# Nine 1947 Meets Planned For Nichols' Sprint Squad

## Equipment Call Issued For Jan. 24

With nine meets planned, five of them away from home, Coach Walker Nichols today issued the first call for Texas Tech track candidates to appear next Friday and Saturday, Jan. 24 and 25, when equipment will be issued.

"Last year Tech trackmen gave a good account of themselves in many instances," Coach Nichols said in issuing his call. "This year we will have a better team, a winning team, if it is at all possible."

"We have several good athletes back from last year and some promising freshmen. We want every student who thinks he can help the team to report for workouts. Tech faces a heavy track schedule and an interesting one. We want to win every meet we can. To do this we will need every good track and field man we can get."

The coach revealed the Tech track team this spring will participate in the Border Olympics at Laredo, Fort Worth Fat Stock Show meet, Texas relays and the Border conference meet, as well as individual meets. He also said Tech will compete against Hardin-Simmons, McMurry and ACC in a meet at Abilene, against Arizona, New Mexico and Texas Mines in El Paso, against New Mexico and West Texas at Lubbock, against West Texas and Hardin-Simmons at Lubbock and in a dual meet with West Texas here.

Six of the ten 1946 lettermen will be back in competition this spring. They will include Hewitt Allison, Charles Reynolds and Bill Kelley of the Border conference mile relay champions, all quarter milers; Charles Roe, dash man; Willie Florence, weights; and James Crusier, half-miler and miler. Reynolds also is the Border conference 100-yard dash champion.

Coach Nichols revealed indications are strong candidates will appear for every event, including some lads who competed in the state high school championships last spring and many district and regional high school point men of 1946. He said he expects to carry a large squad on each of the trips away from Lubbock.

The four lettermen who will not be out this spring are: Walter Schlinkman, weight man who has completed eligibility; George Brewer, dash man, who is not attending Tech; Bobbie Lewis, quarter miler, who will be unable to workout this spring; and Bennie Tidwell, broad jumper, now in the Army.

John Case, graduate student who coached the cross-country team last fall and has been one of the nation's leading distance runners, will assist in coaching the track team.

## Basketball Clinic Slated For Jan. 20 In Double-T Gym

Local fans may sit in on a basketball clinic which will be conducted by Chuck Taylor, noted coach in the Double-T gymnasium Monday, Jan. 20 at 7:30 p. m.

A large audience of coaches and fans are expected to attend the clinic from over the South Plains. Taylor will use two squads of Red Raider loopsters for demonstrations as well as show movies depicting finer points of the game.

Discipline—Before you flare up at anyone's faults, take time to count 10—10 of your own.

# Red Raiders Split Two Games

# SPORTS

Friday, Jan. 17, 1947 THE TOREADOR Page 3

## Golden Gloves Scappers Expected To Return

## Lubbock District Fights To Be Held January 27-8-9

At least four of the sensations of last year's Golden Gloves tournament will be back in action Jan. 27 to 29 in the district tourney in Texas Tech gymnasium, sponsored by the Avalanche Journal and Double-T association of Tech.

Entries have been received from Curtis Lebow, Lubbock lightweight champion; Pete Jenkins, Muleshoe welterweight and younger brother of Lew Jenkins, former world light weight champion; Charles Neff, slugging Petersburg featherweight; and Bill Henderson, Tech featherweight who has been approached by professional fight managers.

Lebow, now a resident of Lubbock, but who fought under Abernathy colors previously, was the district champion for the past two years and gave a good account of himself in the state finals in Fort Worth.

Jenkins was defeated in the district finals last year by Ralph White, Petersburg, battler and winner of virtually all of his fights in the past three years.

Neff and Henderson staged bitter battles every time they were in the ring and Neff was a member of the Lubbock team in the state

By JOHN ANDERSON  
Toreador Staff Writer

The Red Raider basketball team broke even in two games played last week in Tech Gym with Border Conference teams, defeating previously unbeaten Arizona State of Flagstaff 44-42, and losing to Arizona State of Tempe 53-52 in a thrill-packed contest.

Coach Bert Huffman shuffled his lineup in the first game, benching Wayne Bowles and Gene Hardey in favor of Roland Nabors and Winston Churchill. The strategy paid off as the Raiders out-busted the Flagstaff team and controlled the rebounds throughout most of the game. The tight defense thrown up by the Raiders in the early stages of the game was the best seen on the local floor all season. Except for the phenomenal accuracy of the Flagstaff quintet in making free throws and some fine long shots by Freely, Flagstaff guard, the Tech defense functioned creditably in bottling up the previously unbeaten Lumberjacks.

The hard-fought game was one of the roughest ever seen in the local gym.

Garland Head, although closely guarded, managed to count 14 points for the Raiders before going out on personal fouls to lead the Tech team and tie Gene Odell of the Lumberjacks for the scoring honors. Odell made eight of nine free throws to account for most of his total.

In the game with Arizona State of Tempe, the Raiders showed the same hustle and fight displayed the previous night but the Tempe crew was "hot" and that proved to be the deciding factor.

Cook of Tempe led in scoring with 16 points. Head was runner-up with 15. Nabors and Churchill again sparked the Raiders.

The next Raider game will be against Hardin-Simmons at Abilene, Jan. 29. The next home games will be Feb. 3 and 4 with West Texas State Teachers and Hardin Simmons.

The box scores:

TEXAS TECH (44)	FG	PF	FT	TP
Williams f	1	5	0	2

## Raider Loopsters May Get Shakeup

### Don Groves, 6-Ft-5 Center Expected To Return Here

The Texas Tech Red Raider basketball team, winner of only one of five starts in the Border conference, may undergo a further shake-up before resumption of competition Feb. 3, when the West Texas State Buffaloes invade Lubbock.

Return to school of Don Groves, 6 foot, 5 1/2 inch Hobbs, N. M., center, will bolster the team somewhat. Coach Bert Huffman believes Groves, who has been in the armed forces, lettered in 1943-44. Tech has not been too successful in combating opposition height under the basket and officials are hopeful Groves may remedy this situation.

Garland Head, Raider high scorer, fractured a finger on his right hand last week and his injury proved costly when Tech dropped a 53-52 game to Arizona college of Tempe. Head, who has averaged better than 13 points a game in netting 54 baskets and 38 of 54 free throw efforts for 146 points in 11 games, is expected to be ready to return when play is resumed after the semester examination period. Jay Kerr, Odessa, holds second scoring spot with 74 points.

Coach Huffman may shift Center Roland Nabors to a guard spot when Groves joins the squad, shifting Kerr to forward.

## College Club Top Centaurs 25-7

### Silver Keys Nose Out Kemas In 7-2 Tilt

Men's social club touch football competition continued Sunday, when College Club defeated the Centaurs, Silver Keys downed the Kemas, and Socii forfeited the game to the Wranglers.

In the opening game at Tech field College Club scored against Centaurs 25-7. Elmer Hargrove, Bobbie Lewis, Paul Haskins, and Phillip Sweeney made the four touchdowns for the winning team. Red Miller kicking one extra point. Edgar Self scored a touchdown for the Centaurs with Tom Lemond making the extra point from placement. This was the first touchdown scored against College Club this season.

Silver Key defeated Kemas 7-2. Orville Alderson made the lone touchdown for the Keys, Bob Coffee kicking the extra point. Kemas scored two points when Robert Pardue on the opposing team was tackled behind the goal line.

### Archer Is Prexy Of Physics Club

Physics Club officers and a sponsor were selected January 7 in C. I. E. The new officers are: James Archer, president a junior Arts and Science major; Harold Ballew, vice-president; Eleanore Hammond, secretary; Nettie Lou Keirse, treasurer; and Kenneth Davidson, sergeant-at-arms.

Dr. C. C. Schmidt, Head of the Department of Physics, was elected sponsor by the club.

February 4 has been set for the next meeting of the club according to Archer, president.

### TECH-SAND—

(Continued from Page 2)

brary.

BILLYE LACKEY and M. J. Craig are to be married soon.

BEVERLY BESCANNON, Tech beauty, and DONALD ZELENY are going steady now.

Ex-Techman GEORGE BREWER visited the campus last week-end. He plays football at OU.

What with the food-poisoning in Drane the mumps in Sneed, won't you think that it's about time Tech had a doctor on the campus.

WALTER SCHLINKMAN is registering for the second semester. He's been playing pro football for the Green Bay Packers.

NANCY CALDWELL, graduate of Tech, has been visiting friends on the campus.

BOB MACINA, who says he's afraid of women, was recently seen with four at once.

"PUG" HAMMON and ANITA OLIVER are new additions to the steady list.

LOUIS WALD was with BOBBY CHILDERS at the Centaur-College Club game.

That sleek new Buick convertible belongs to CLINTON DEWOLFE.

There are a few boys on this campus that seem to need a shave, such as TROY DAVIDSON, J. C. BARTLETT, JACK WALKER, GARLAND HEAD. Shall we go on?

Why is GLENNA BAILEY worried about getting mumps, was a question somebody asked. The answer must be that VERNON KEESSEE has been in bed with them.

FRANCES CLARK is wearing PAUL NAIL'S Kemas pin.

NINA HICKMAN and JACK NESBIT are still dating quite frequently, we see. That's the long and short of it all.

FRANK NEAL was one of the Dead Week casualties of Sneed Hall.

The Kemas pep squad was red-hot Sunday at the game.

LAURA LOU JOHNSON has been dating CHARLES BOMAR.

JAMIE TRAINER and HARVEY HICKS have been seeing a lot of each other.

We are glad that BILLIE JEAN PRICE is feeling OK and is back in school.

ANNE HURT, a June grad, and HERSHEL LAMB are to be married in Feb.

CHRIS LUCE and GENE SMITH will also become Mr. and Mrs. between semesters.

JANE EVERLINE is wearing BILLY AYCOCK'S Wrangler pen.

PAUL BERTHELOT was passing out cigars this week. He's a proud daddy.

DOROTHY CARMACK has been dating CAROL DYSART.

MAURENE SMITH goes with JIMMY COOK.

We hear that VIRGIL MYERS fell in love with a SMU girl during the Xmas holidays.

Are MARJORY TISDALE and DENNIS BEAVERS going steady?

NOVELINE FREEMAN wrote a short story that interested a class in journalism. Wonder if she'd contribute one to the paper?

NELL PIPKIN and JACK DAVIS are going steady, we surmise.

We saw BETTY and DICK COPELAND at the Shakespearean play, "Merchant of Venice".

JEANNE STOVALL BAKER is the winner of her badminton gym class tournament.

CHARLENE BUCY and ROBERT BAUMBARDNER are to be married April 3, in Lubbock.

CAMILE STEVENS had to walk over to BOB RENNER'S house for a dinner engagement with him and his folks. It was only a joke, but had Bob plenty worried. Seems that his sister slipped off with the car.

MARTHA LIVELY is pinned to HOWARD SCHMIDT; BETTY GILBERT is wearing a pin from BILL ANTHONY—Kemas pins both.

GLYNNA WILLIAMS is to be married in the near future to a Lubbock Bond salesman.

### Tenth Air Force Has Supervision Of Senior ROTC

The Tenth Air Force has taken over supervision of the Senior Air ROTC program at the universities and colleges within its five-state area, Major General Howard M. Turner, Commanding General, announced at headquarters here December 14.

"It is the mission of the Senior Air ROTC to produce junior officers who have the qualities and attributes essential to their development as AAF officers," he said. "While in college they will train for administrative duties only, with flying orientation contemplated in the future. After graduation they may take, if qualified, the prescribed pilot training course of the AAF."

A special branch of the operations section of the Tenth Air Force has been established to coordinate Air ROTC matters between the institutions and with the AAF. Officers in charge of this branch are Lt. Jack A. Wendell and Major James W. King.

At present there are seven Air ROTC units in the Tenth's area to which professors of Air Science and Tactics are assigned. These units and the professors assigned to them are as follows: University of Arkansas, Fayetteville, Major Arden S. Freer; University of Oklahoma, Norman, Major Richard S. Reid; Oklahoma A&M, Stillwater, Major Perry H. Penn; Louisiana State University, Baton Rouge, Lt. Col. L. B. Matthews; Texas A&M, College Station, Lt. Col. Dexter L. Hodge; Texas Tech, Lubbock, Lt. Col. Robert P. Riordan; and New Mexico A&M, Las Cruces, Lt. Col. David W. Wallace.

The total complement of AAF personnel to these institutions will consist of three officers and three enlisted men.

It is expected that during 1947, Air ROTC units will be set up at the following institutions: Arkansas A&M College, Monticello; Tulane University, New Orleans, Louisiana; Southwestern Louisiana Institute, Lafayette; University of New Mexico, Albuquerque; Baylor University, Waco; Rice Institute, Houston; Southern Methodist University, Dallas; and University of

### 46 New Members Received by WRA

Forty-six new members were initiated into the Womens Recreation Association Dec. 12 in a candlelight ceremony conducted by Association President Ann Casner.

Mrs. Casner was assisted in the initiation by Polly Utz, Lucile Sorrells, Frances Rhodes and Margaret Carey, officers of the W. R. A.

Initiates were: Betty Alexander, Joyce Bugg, Mary Burgoyne, Margaret Burnham, Gloria Caraway, Florence Carrithers, Margaret Clark, Zoe Ann Colles, Peggy Compton, Josh Cook, Margaret Daniel, Betty Jo Deck, Imogene Fortenberry, Joan Galloway, Bonnie George, Norma Hammer, Rosa Lea Hamilton, Betty Hardison, Fay Hogg, Pat Holland, Dorothy Hurst, Betty Joe Johnson, Betty Jay, Ann Crawley, Virginia Kennedy, Bracie Lafor, Mary Lewis, Mary Liles, Mary Pearl Markham, Pat Montgomery, Dorthy Nelson, Lo Rena O'Neal, Betty Price, Berdine Priole, Edith Sours, Genera Smith, Mary Cathryn Spear, Nina Starkey, Charlene Vaughn, Jo Verden, Geraldine Walthall, Nancy Wilson, Mary Virginia Winn, Beverly Wright.

Texas, Austin.

The first year's advanced curriculum—which is the students' junior year at college—calls for 82 hours' study of AAF subjects followed by a summer encampment of from six to eight weeks.

The last year will be made up of 89 hours' study in one of the following subjects: AAF Supply, Statistical Control, Personnel Administration, Armament, Communications, Meteorology, and Aircraft Maintenance Engineering. No one institution is expected to offer all seven of these advanced subjects to Senior Air ROTC's, but will specialize in one or more of them.

Quotas for enrollment will be allocated each year by the War Department. Student participation will be voluntary. Applicants must meet such requirements as: Citizenship of the United States, acceptance by the institution as a regular student, be physically qualified, be 14-22 years old at the time of enrollment except for World War II veterans who enrolled at colleges prior to January 1, 1945.

Among other things, the applicant must agree to complete the course of instruction offered unless released by the War Department. The contract will expire if the student's attendance is interrupted for more than two calendar years.

### OUR SCHOOL SPIRIT

Publishing news items is not the only service of The Toreador, student newspaper at Texas Technological College. The publication recently contributed \$500 toward landscaping and beautifying the grounds around the Journalism building.

### ROOT TO ATTEND MEETING

T. C. Root, assistant to President Whyburn and acting head of the Commerce division will leave the middle of next week for Atlantic City, New Jersey where he will attend joint meetings of the American Finance Association and the American Economic Association on January 24, 25, and 26.

### EXAM SCHEDULE

Full semester 1946-47 examination schedule will be as follows:

Friday, Jan. 17, 1947			
8:00 — 11:00	Classes meeting	11:00 — 12:00	MWF
11:00 — 2:00	Classes meeting	5:00 — 6:00	TTS
2:00 — 5:00	Classes meeting	1:00 — 2:00	MWF
7:00 — 10:00	Classes meeting	7:00 — 8:30	TT
Saturday, Jan. 18, 1947			
8:00 — 11:00	Classes meeting	11:00 — 12:00	TTS
11:00 — 2:00	Classes meeting	3:00 — 4:00	MWF
2:00 — 5:00	Classes meeting	2:00 — 3:00	MWF
Monday, Jan. 20, 1947			
8:00 — 11:00	Classes meeting	8:00 — 9:00	TTS
11:00 — 2:00	Classes meeting	5:00 — 6:00	MWF
2:00 — 5:00	Classes meeting	9:00 — 10:00	TTS
7:00 — 10:00	Classes meeting	7:00 — 8:00	MWF
Tuesday, Jan. 21, 1947			
8:00 — 11:00	Classes meeting	8:00 — 9:00	MWF
11:00 — 2:00	Classes meeting	3:00 — 4:00	TTS
2:00 — 5:00	Classes meeting	9:00 — 10:00	MWF
7:00 — 10:00	Classes meeting	7:00 — 8:00	MWF
Wednesday, Jan. 22, 1947			
8:00 — 11:00	Classes meeting	10:00 — 11:00	MWF
11:00 — 2:00	Classes meeting	4:00 — 5:00	TTS
2:00 — 5:00	Classes meeting	1:00 — 2:00	TTS
7:00 — 10:00	Classes meeting	6:00 — 7:00	MWF
Thursday, Jan. 23, 1947			
8:00 — 11:00	Classes meeting	10:00 — 11:00	TTS
11:00 — 2:00	Classes meeting	4:00 — 5:00	MWF
2:00 — 5:00	Classes meeting	2:00 — 3:00	TTS

Notice:

1. The time for the examination for classes with laboratories will be based on the lecture hours rather than on the laboratory hour or hours, except in case of conflict when the laboratory hour or hours may be used. If the course is wholly laboratory, then the hour of the examination will, of necessity, be one of the laboratory hours.

2. The Committee, in making up this schedule, has endeavored to place every class at a definite time. If there is any class not scheduled, a petition should be made to the Schedule Committee to place the examination at a certain time. Any change in this schedule which would affect a group of students must be approved by the Schedule Committee. Requested changes in the schedule of an individual student will be considered by the Dean of the division in which that student is registered, according to a notice from the Schedule Committee.

### Willingham Receives Award,

Barton Willingham, of Tulla, was presented the \$300 Borden scholarship at the Aggie club meeting, Jan. 7 by Prof. Kenneth M. Renner, head of the Department of Dairy Manufacture. This scholarship is awarded to the senior student who has the highest grade point average in the Aggie division, who have had two dairy courses. Tech is one of the 21 schools of the nation receiving this award.

Officers for the spring term were elected at the meeting: Harold Eastland, president; William

### PETRO ENGINEERS

Sigma Gamma Epsilon, honorary geology fraternity, elected officers for the spring semester, Tuesday, Jan. 7, according to Alan Nelson, newly elected reporter.

Officers elected were: president, John Hallbert; vice-president, Vernon Oakes; secretary, Arthur Martin; corresponding secretary, John Buyers; treasurer, Marshall Pullen; parliamentarian, Jesse George; and reporter, Alan Nelson.

Montgomery, vice-president; Pat-sy Jones, secretary; George Wall, treasurer; Ed Havran, reporter; and Johnny Leathers, marshal.
