First Term In' 62 Had 4,757 Enrolled

With enrollment expected to reach 5,000 students, the first summer session begins today with registration from 8 a.m. to 5 p.m.

Saturday's registration will last from 8 a.m. until noon.

West Now Men's Dorm

West Hall once again became a men's dorm this session, holding the overflow from Sneed. Women's dorms are Horn and Knapp.

Classes are scheduled to begin Monday at 7:20 a.m.

Term Ends July 17

The first term will end July 17, when students not enrolled for the second term must vacate their rooms, and new occupants will move in. The second term begins July 18 with registration, and ends with summer commencement Aug. 29.

Last year's enrollment for the first term of the summer session was 4,757. Dr. Floyd Boze, dean of admissions at Tech, has estimated that the figure will increase this year. Enrollment for the second term was somewhat lower at 3,202.

Four Saturdays Have Classes

Classes will be based on a five-day week, except for the following Saturdays designated as regular days of instruction for graduate and undergraduate students: June 22, July 6, July 13 and July 20.

Classes last $1\frac{1}{2}$ hours, with the noon break com-ing at 12:10 p.m. The normal load for a six-week summer term is six semester hours. A student will not be permitted to register for, or secure credit in more than 14 hours in two terms, including correspondence work.

Students who have not done work previously at Tech will enroll for a maximum of six semester hours, exclusive of one-hour physical education courses and one hour's credit in orientation.

Seniors of superior ability may secure approval of their academic deans to enroll for 15 semester hours in the 12-week session if it will enable them to be gaduated at the close of the current summer session

Cecil Ayers Honored

become synonymous with winning crops judging teams at the college, Tech's agronomy department for bership in the New Mexico Future thas been voted an honorary mem-bership in the New Mexico Future thas been voted an honorary mem-bership in the New Mexico Future than 20 years, was notified state supervisor of agricultural ed-bership in the New Mexico Future than 20 years, was notified state supervisor of agricultural ed-bership in the New Mexico Future of the honorary membership by the Board of Directors and Trustees of cational Education.

Here Twenty Years

Helped Improvements

Helped Improvements "This honor was given to you be-cause of the interest and hard work you have put out during the past number of years to improve the New Mexico State FFA Crops Con-test," Grable said. Grable reported that Ayers was one of the very few out-of-state persons to receive this degree.

Honored Last Year

Last year Ayers was one of 10 professors in Texas selected for the Piper Professors award in recogni-tion of outstanding teaching achievements. The awards of \$1,000 are made to encourage educational excellence.

Tech Graduate

Tech Graduate Ayers received his B.S. degree in agronomy from Tech in 1936 and his M.S. degree in 1944. In addi-tion, he has attended the University of Minnesota, where he did course work toward a doctoral degree. Married and the father of two sons, Ayers is a native of Chilli-cothe, where he was graduated from high school in 1930.

Taught High School

Taught High School He taught vocational agriculture at Tahoka High School one year and Spur High School for five years, before returning to Tech as an agronomy instructor in 1942.

Tech Pool

Texas Tech's pool will be open for recreational swimming for all students from 4-6 p.m. Monday through Friday while classes are in session. The pool will be closed dur-ing holidays and deadweeks.

Two things he'll like most about you this summer ... authentic, fully lined imported India bleeding Madras wrap-a-round skirts (with great big pockets) and shorts ...

Top Local, National **Psychologists Gathered To Aid Counselors**

Attracting participants from throughout the United States, the advanced institute for school counselors began Thursday and features a staff of top local and national psychologists.

a staff of top local and national psychologists. Thirty Counselors Attend Thirty counselors, from Pennsylvania, Minnesota, West Virginia, New Mexico, Arizona, Mississippi, Illinois and Texas, have registered for the institute, which is sponsored by Tech's psychology and educa-tion departments under the National Defense Education Act. The institute will place emphasis upon counseling under super-vision and integration of the counseling and guidance program into the total curriculum. It will particularly assist school counselors to work better with the "able under-achievers" in the schools.

Operating on a practicul Work Used Operating on a practicum, or clinic, format the counselors will work with 30 or more boys and girls from the Lubbock area on an individual basis, designed to help the students understand themselves, to know more about their abilities, and to motivate them to do better work.

better work. Director for the institute is Dr. Beatrix Cobb, professor of psychology at Tech. She points out that in addition to the counselors' work with "able under-achievers." the participants will have gained a wide amount of experience in all types of student problems at the end of the six-week course.

arse. Fabulous Experience class experience, for the boys and girls as

Fabulous Experience "It is really a fabulous experience, for the boys and girls as well as for the counscients," Dr. Cobb added. Six hours of graduate credit will be given upon completion of the institute July 17. The classes will be held in the Tech Union Building and in the counseling suite of the psychology department. Lectures and theory will be given by the staff, as well as supervision as the participants counsel the students. Two sessions of group counseling will be held, one with the high school students, and one with the counselors themselves.

School students, and one with the counselors themselves. Tech Faculty Members The highly-rated staff for the institute includes six Tech faculty members. In addition to Dr. Cobb, director, Dr. Murray Kovnar, pro-fessor of psychology, will be in charge of group counseling; and Robert Heaberlin, assistant professor of psychology, Mrs. Betty Sturm, teaching assistant, and Mrs. Virginia Horsman, teaching assistant, will supervise the individual counseling. Once a week the counselors will have a clinic, with Dr. Mary Bublas, child psychiatrist from Plainview, conducting the sessions other lecturers include Dr. Lyle Miller of the University of Michigan and Dr. Bernice Milburn Moore of the University of Texas.

and Dr. Bernice Milburn Moore of the University of Texas. Distinguished Group Conducting courses for the first two weeks will be Dr. Fred Proff, University of Illinois psychologist, Dr. John Shlien, University of Chicago psychologist, will conduct the second two weeks; and Dr. Allan Krasnoff of the Veterans Administration in St. Louis will conduct the third two weeks. Tech has participated in the NDEA sponsored institutes every year but one since the act was passed in 1958. The local institute is one of 90 being conducted throughout the United States this year.

Tech History Professor Travels to Uruguay As Fulbright Lecturer

Dr. David H. Kelley, associate the father of two children, Becky professor of history and anthropol-ogy at Texas Tech, will be a Ful-**Family Will Join Him** bright senior lecturer at the University of the Republic in Montevideo, Uruguay.

Goes To Washington

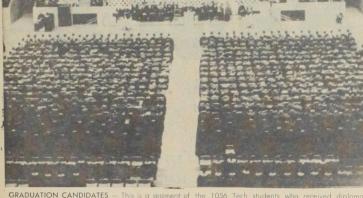

Dr. Kelley will leave Lubbock this month and participate in a U.S. State Department briefing in Wash ington, D.C., before leaving for Montevideo June 22.

He will conduct lectures in Span-ish at the South American Uni-versity on the methods and theory of archaeology from July 1 through November. In December Dr. Kelley will conduct a field course to ex-cavations near the city.

Family will join him to Mon-tevideo in mid-July, when Mrs, Kelley completes her teaching as-signment in the first term of the summer session at Tech. She is an assistant professor in history and anthropology.

Union Offers Varied Slate For Summer

Five Receive Grant

Five Texas Tech seniors in the department of education are recipients of the second annual Kuykendall scholarships of \$200 each.

The winners are Teresa Dittrich of Cranfills Gap, Connie Oliveros of Houston, Jo Ann Twentier of Monahans, Susan Burkett of Lub-bock and Cynthia Ann Sinclair of Vernon.

The scholarships, set up last year by G. P. Kuykendall of Lub-bock, are designed for students who have been in the teacher educa-tion program since their freshman year, are getting their B.S. degree in education, and have completed their student teaching assign-

ments.
The sholarships are based on scholastic achievement, need and a definite commitment to teaching. The grades of this year's recipients ranged between a 3.0 and a 3.7 out of a possible 4.0.
Miss Dittrich, a secondary education major in the field of mathematics, will be teaching in Lubbock, along with Miss Sinclair and Miss Twentier, both in elementary education.
Miss Oliveros will be doing substitute teaching in Houston. She is a secondary education major in the field of English. Miss Burkett also plans to teach next year, although she has no definite location is yet.

Toreador Announces Deadline

Deadline for news items in the Summer Toreador is 3 p.m. Tues-day beginning next week, the editor announced Thursday.

editor announced Thursday. Anyone having news for the pa-per should call Exts. 4254 or 4252 or bring the item by the news room on the second floor of the Journal-ism Bidg. Hours in which the news room will be open are 1-5 pm. Monday and Tuesday. The Summer Toreador will be published every Thursday during the summer.

ersons interested in working or the paper should call or come by also. No journalistic experience is required but the applicant should have an interest in The Summer Toreador.

Lubbock Iceland is now under new ownership and manage ment. We are offering for two weeks a special rate of 1/2 off the regular price and admission and 1/2 price to Tech Students only.

If Tech Students show appreciation for the special rate by coming out and skating, the discount rate for Tech Students will become permanent.

If you don't know how to skate, come out and learn. Limited FREE INSTRUCTION will be furnished.
