

Fire Strikes Downtown Store In Early Hours; Minor Injury Reported

Flames Miss Spreading To Other Buildings

Damage Figures Expected To Go Over \$50,000

A spectacular early morning fire today all but devoured the G. F. Wacker store at 210 Main.

There were no estimates on loss from officials at noon Wednesday, but the total was almost certain to go beyond \$50,000, and some sources thought it might go twice that figure.

Alarm was sounded at 6:45 a. m. today. By the time firemen arrived, the ceiling on the northside toward the front of the building seemed about to cave in.

Flames billowed high into the air and huge columns of smoke filled the crisp early morning air. Although firemen fought at extremely close quarters, only one injury was reported immediately. Capt. A. D. Meador was struck on the head when a section of the ceiling caved in. He sustained a cut and was dazed momentarily, but he refused to leave the blaze.

Firemen were credited with containing the flames in the 50x100 foot structure. Despite firewalls, fears were felt for a time that the fire would spread to the south and Cannon Shoe Store on the north. Both places had some slight smoke. In the Hampshire-Wells store, Lewis Price had the air circulated out so that there appeared to be little if any damage.

Fire Chief H. V. Crocker said that the blaze was considered under control by 8:30 a. m., little less than two hours after firemen had been called to the scene. He said he could not yet say how the flames originated, although the scene of worst damage was toward the front on the north side. A huge section of the second floor and roof had burned out on the north side.

Although there was severe damage all over the store, the fire did not appear to have consumed all the goods or fixtures on the south side. The lunch counters on the south and the offices in the rear were not burned.

L. B. Edwards, West Texas-New Mexico district manager for Wacker, said he was able to extract vital papers from the office. At that time, it seemed as if fire might consume the office, too. He and Vernon Smith, store manager, were checking records Wednesday morning.

Fire Marshal F. W. Bettle said it might be several days before any firm estimate of damage might be made. T. S. Currie, owner of the building in which the store is located, said that he felt the physical property might be adequately covered by insurance. Store officials also felt that their loss would be protected, too.

Firemen, soaked to the skin, fought the blaze in near freezing temperatures at dawn. Several were shocked severely by electric current which somehow, although the store supply was cut off, continued to contact some areas of the building.

One theory, said Bettle, was that defects in wiring in the upstairs portion might have caused the blaze. Police and sheriff's officers were kept busy diverting busy early morning traffic around the fire on the 100 blocks on East and West Third, the 200 block on Main and Scurry because of wetter of fire hoses.

Despite the intense heat which held firemen at bay at times, the plate glass front of the destroyed store was not so much as cracked. Loss for Wacker will be compounded because it came at a season of the year when Christmas stocks were jammed into the building. Some was stored upstairs, but much of the big reserve was in the basement where water accumulated. Firemen, having drenched the building, were pumping out the basement and sweeping water out of the store at noon in an effort to hold down damage.

The fire was the first major blaze since one destroyed the Barrow Furniture store in the 200 block on Rumbels in May of 1950. In September of 1948, fire razed the C. E. Anthony store.

Store Goes Up In Flames

Firemen battled a spectacular fire for more than two hours here Wednesday morning before bringing it under control. Flames, apparently originating upstairs on the north side of the building, roared high and caused fear for nearby buildings before they were soon subdued. No loss could be estimated at noon Wednesday.

SOVIET TAKES UP CHINA AGAIN

Expect New Big Three Peace Proposal To Be Known Today

By STANLEY JOHNSON

PARIS, Nov. 7. (AP)—Soviet Foreign Minister Andrei Y. Vishinsky asked the United Nations Assembly today to take up the question of a Chinese representation, a major unsolved issue, at the current session.

He tossed in this request as new and important proposals for easing East-West tension were expected from the Western Big Three.

Vishinsky's request concerns whether China will continue being represented in the U.N. by Nationalist delegates or by delegates of the Peiping Communist Regime, as Russia insists.

Vishinsky is expected to make a strong speech against Nationalist China if the Assembly takes up the issue.

Secretary of State Dean Acheson and British Foreign Secretary Anthony Eden meet tonight to talk over policy questions facing the Assembly. It will be the third successive day of conferences for the two, all held in the deepest secrecy.

A British spokesman said tonight's meeting would range over "current issues."

The Big Three plans, believed to contain provisions for a count of the world's atomic weapons, are to be unveiled at midnight (5 p. m. CST).

The proposals will be the major event of the sixth General Assembly of the United Nations, which opened with a call from France's President Vincent Auriol for a Truman-Churchill-Stalin meeting during the U.N. sessions here.

Announcement of the Big Three "peace" program, originally set for Tuesday night, was postponed presumably so it would more closely precede President Truman's broadcast tonight.

The plan is likely to be patterned closely on the terms of the President's foreign policy pronouncement.

Speculation for days has centered on what the Big Three will offer. Reliable sources say the atom bomb count — a sweeping concession by the United States, which until now has objected to such a census — would certainly be the key point.

It is believed to include, also, a call for the Russians to bring about peace in Korea, completion of an Austrian independence treaty — free, supervised all-German elections.

The United States, with Britain and France, asked the Assembly Tuesday to establish a neutral international commission to investigate the possibility of such German elections.

How receptive Russia will be remains a big question mark. It seems likely, strong conditions are attached to the peace terms, Russia may give them the cold shoulder as she has done in the past.

Russia will have some peace proposals to make. Soviet Foreign Minister Andrei Vishinsky said. She always has something concrete to offer in that line, he asserted with a twinkle.

Policy debates begin tomorrow, with Brazil, the Netherlands, the U. S. and Russia scheduled to speak.

ON RADIO TONIGHT

Major Address Is Slated By Truman

By JOHN M. HIGHTOWER

WASHINGTON, Nov. 7. (AP)—Diplomats look for President Truman to challenge Russia tonight to join the United States, Britain and France in actions to ease East-West tensions and give the world real hope for peace.

He probably will remain cool tonight about the idea of a personal meeting with Stalin.

The President will speak by radio and television at 9:30 p. m. CST from his White House office.

In what has been officially described as a major foreign policy speech, he is reported planning to talk about a new peace plan worked out by the Big Three Western Foreign Ministers and due for imminent unveiling.

Informants here and in Paris, where the United Nations General Assembly is meeting, describe the plan as calling for disarmament based on a global census and continuing inspection of atomic and other weapons, an end to the fighting in Korea, steps to create a unified and independent Germany and other measures to resolve issues long in dispute, between Moscow and the West.

Diplomats looked to the President's speech to set at rest speculation about an early meeting of Mr. Truman and other Western leaders with Stalin.

Mr. Truman is understood to regard such a conference with disfavor on the ground that in the present state of world affairs it could make no real accomplishments for peace.

Such suggestions continue to come from the highest British and French officials.

Prime Minister Churchill called again Tuesday for an attempt to settle the East-West conflict "by negotiation at the highest level."

French President Vincent Auriol suggested that "the distinguished men towards whom all anxious eyes are turned" should attend the U.N. meeting and exchange ideas on reducing "the disagreements which paralyze the world."

Numerous negotiations with Russia have produced no concrete evidence of Kremlin good faith.

The main line of American policy was emphasized in advance of the President's speech by the visit here of Gen. Eisenhower.

Eisenhower came to press for a greater allocation of American arms to his international European defense force. He was said to have received assurances that deliveries would be speeded up.

THE WEATHER

BIG SPRING AND VICINITY: Fair and warmer this afternoon, tonight and Thursday.

High today 86, low tonight 46, high tomorrow 88.

Highest temperature in 1951 about this date 89 in 1920, maximum 93 in 1921, minimum 29 in 1922.

UN Slogs Through Mud; Re-Captures Vital Hill

By GEORGE A. McARTHUR

HEADQUARTERS OF EIGHTH ARMY, Korea, Nov. 7. (AP)—Allied troops attacking through the mud recaptured today one of three hills lost to Chinese assaults since Sunday.

The Reds put up little fight to keep the peak northwest of Yonchon. Two battalions of Chinese had overrun it Tuesday.

The Reds drove United Nations infantrymen out of advanced positions northwest of Korangpo, near the 38th Parallel on the Western Front. The Allies promptly counterattacked and ran the Reds back elsewhere along the western sector, rath dampened the savage infantry fighting. Artillery duels thundered along the sector as the U. N. tried to soften up Chinese still holding two peaks they seized Sunday.

Red gunners knocked out five

Allied tanks on the East-Central Front.

Communist jet pilots challenged Allied jets in North Korea Wednesday for the first time in three days. They fought three brief engagements. The Fifth Air Force said nobody was hurt.

Storms deprived attacking Allied troops in the west of all-out air support Tuesday.

Improved weather might signal another all-out drive to push the Reds off the hills. U. N. command artillery has been pounding Communist positions continuously. Communist guns have been almost as active. An Eighth Army spokesman said 3,263 mortar and artillery shells were lobbed into Allied positions Tuesday.

After the first Communist assault in the Yonchon area Sunday, the fighting spread along a 20-mile

front to a point a few miles west of Chorwon, key Allied strongpoint between the Western and West-Central fronts.

Some fighting flared on the eastern end of the battle line Tuesday. The Reds hurled up to 1,000 men at Allied positions south of Kosong but failed to dent the line in a two-hour battle.

Tank-led Allied units ran into Communist fire in strikes up two valleys north of Yonaggu on the East-Central front. Five Allied tanks, a tank retriever and another tracked vehicle were knocked out. The Battleship New Jersey, the Heavy Cruiser Toledo and other ships poured shells onto Communist supply lines along the East Coast from Kosong north to Chongjin.

Duff Off On Texas 'Ike' Tour

By WILBUR MARTIN

HOUSTON, Nov. 7. (AP)—Sen. Duff (R-Pa.) starts learning today how Texans felt about Gen. Eisenhower as a presidential candidate.

He indicated he thinks Texans feel right kindly.

In a cocky, confident mood, the Pennsylvania GOP leader said he was "for Eisenhower for everything in the book."

He ducked the big question Will Eisenhower run? He talked like a man who was backing a winning horse and was sure the horse would run.

Duff will meet with GOP leaders in San Antonio tonight. He'll fly to Fredericksburg Thursday, go to Midland Friday and Saturday will fly to McAllen.

He said it wouldn't be quite right to say he was drumming up interest for Eisenhower.

"I think the interest is already there," he said. "I'm just here to look it over."

Duff said, "You'll have to ask him," when asked whether he thought Eisenhower would run. He gave the same answer when asked what he and the general had talked about in recent telephone conversations.

Duff declared Eisenhower could be elected should the run, and said that this next election is "the last call to dinner for the Republicans."

He said they'd better nominate a "certain winner rather than a possible winner."

If Eisenhower does run, Duff said, he is sure the general could crack the Solid South Democratic stronghold.

While Duff is in San Antonio, Texas' National GOP Committee—not invited to San Antonio—will be making a speech in Houston. Henry Zweifel of Fort Worth will address the Houston Woman's Republican Club.

No drum beating for Eisenhower has come from the Texas State Republican Headquarters. Most of it has come from Jack Porter of Houston, Zweifel's unsuccessful rival for the committeeman post a year ago.

Mahon Sets Talk Here Thursday

A report on affairs in Washington—and how they affect world conditions—will be given in Big Spring Thursday by the district's congressman, Rep. George Mahon.

Mahon, at home during the congressional recess, is including the city on a swing around his district. He is to make two talks during the day, will spend other time in informal visits with his friends.

He is to address the high school assembly at 10:30 a. m., and at noon will be guest speaker at the Kiwanis club luncheon. Kiwanians have asked the general public to join them in hearing Mahon's talk, and reservations for tomorrow's luncheon may be made through the chamber of commerce.

Mahon also is scheduling a visit at the Air Force Base. He serves as chairman of the sub-committee on military appropriations, and has a big say in the military spending being done by the country in its defense program.

Reds Offer New Plan

By WILLIAM JORDEN

MUNSAN, Korea, Nov. 7. (AP)—Red truce negotiators submitted a new buffer zone counter-proposal today strikingly similar to the Allied plan — but with crucial differences.

United Nations representatives turned it down. They said they might talk about it in Thursday's sessions.

Under the Red plan a buffer zone would be created now along the existing front. If subsequent fighting changed the front lines materially, either side could pro-

pose a change in the military demarcation line for the zone. There was no guarantee the other must agree to the change.

"No adjustments could be made in the demarcation line as the Communists obviously would not agree," said Maj. Gen. Henry I. Hodges, head of the U. N. subcommittee.

"It would be a de facto cease-fire. It's the same thing they have brought up for three days."

Brig. Gen. William P. Nuckols, U. N. spokesman, said the Allies had made no "final judgment."

Nuckols said the U. N. felt the

Communist proposal had "many ambiguities and many contradictions."

He said the Red and Allied plans had "superficial similarities and fundamental discrepancies."

Both would accept the actual battle line as the basis for a demarcation line and demilitarized zone. The Allies would provide for "appropriate adjustments" while the Reds would permit either side to veto an adjustment.

Both proposed a buffer zone 2 1/2 miles wide.

Both provide a committee of staff officers from each side to mark the line of contact in detail.

Both would recommend the full armistice delegations go on to other items on the agenda — policing a cease-fire, exchange of prisoners, and recommendations for governments.

The Reds want the present subcommittee to decide now "in general" where a buffer zone should be. The Allies want to wait until just before an armistice is signed.

An official U. N. Communiqué said first study of the formal proposal "indicates little if any departure" from the Red stand of the preceding day.

West Texas Pilot Is Killed In Crash

FORT STOCKTON, Nov. 7. (AP)—Ray Baumgardner, 50, was killed Tuesday when his parachute caught in the propeller of his disabled plane as he attempted to jump.

The West Texas pilot was best known as a hunter of eagles and coyotes from an airplane.

The accident occurred near Gibbs Field.

Eisenhower Lands At Paris Airport

PARIS, Nov. 7. (AP)—Gen. Eisenhower landed today from his trip to see President Truman on a speed-up of European defense.

Told he had been quoted as asking President Truman not to leave him too long in his European command, the general said "That subject didn't even come up."

But as he moved to his car, he said "Of course, when I first came over here a year ago, I mentioned that to the President."

"BALL OF FIRE" Early Risers See A Flaming Meteor

Early rising Big Springers who chanced to look north for an instant at 7:10 a. m. today were treated to a sight of a flaming meteor.

Many called the police desk to report a plane crash east of Coden. Sheriff Jake Bruton and an aide rushed to the area but found nothing.

Those who got a good look at the meteor, which was sighted at widely separated points throughout the Southwest, said it appeared a ball of blue flame, "north of town and streaking from west to east." All agreed it seemed to "go out just east of Big Spring."

But this impression prevailed in other points hundreds of miles away.

H. H. Lyles and Frank Dunn, on duty in the CAA control tower, got an excellent view of it. They were scanning the sky to the west in anticipation of the arrival of the early morning Pioneer airline flight.

"The big ball was in sight several seconds," said Lyles. "It seemed to be a blue blaze with a trail of smoke haze and red sparks exuding from it. Frank grabbed for his field glasses to get a good look at it, but before he could get them, the thing seemed to go out east of town."

Capt. Charles C. Brotherton, Dal-

las, pilot of the Pioneer plane, described the meteor similarly. He said he sighted it while flying at 1,500 feet over Stanton and that the ball of fire seemed to be moving about level with him and moving in a horizontal plane.

He watched for a very few seconds until "it seemed to go out suddenly over Big Spring."

Horace F. Taylor, who stepped outdoors to come to town, saw the bright flame streak across the sky, and said that it looked like it was "two or three miles north of town. He described it as others. Among persons reported to have had good views of the spectacle were Doc Leonard and Mrs. Grub Broughton.

By The Associated Press

A meteor described "as bright as the sun" flashed across the West Texas skies shortly after dawn today.

The "flaming ball of fire" was seen in three states. A pilot flying over Oklahoma saw the meteor. It was seen at Gage, Okla., and Tucuman, N. M., and at Wichita Falls, Gainesville, Flatview, Lubbock, Pampa, Amarillo and Waco.

Draft-Like Movement Shifts To High Gear

By JACK BELL

WASHINGTON, Nov. 7. (AP)—The draft-Eisenhower movement shifted into high gear today on the strength of the general's hands-off attitude toward volunteer political efforts.

Politicians disagreed on the effect of Gen. Eisenhower's avoidance of party and presidential race commitments while waving a friendly go-ahead to well-wishers who are trying to stake down for him the 1952 Republican nomination.

Senator Duff (R-Pa.), one of the leaders of the latter group, plunged with renewed vigor into a round of Texas speeches and conferences plugging the general. In New York, Gov. Thomas E. Dewey said he was stronger than ever for Eisenhower, if that was possible.

The five-star general's parting shots before his return to Paris convinced Senator Murray (D-Mont.) Eisenhower is going to make himself available for a nomination contest.

"It looks like he is a candidate," Murray said.

The Montana senator, a strong supporter of President Truman's "Fair Deal" program, said he regards Eisenhower as a "conservative" on domestic issues. He said he is not ruling out the possibility that the general might become the Democratic nominee, under certain circumstances.

Senator Anderson (D-NM), head of the Democratic senatorial campaign committee, said he can't see that Eisenhower's public statements changed the political situation.

Eisenhower said Tuesday no one

was authorized to boom him for President. He expressed surprise that the movement in his behalf had reached anything like boom proportions. But he added:

"If I have friends that have been my friends for so long they believe they know how I would act and react under given situations, that's their business and I have never attempted to interfere x x x but no one, after all, would need to speak for me in any case where I should speak for myself."

He described Duff as "a good friend." Duff contends Eisenhower is a Republican and will be available. "I'm for Eisenhower for everything in the book," he said.

Eisenhower left the road open to become such a candidate when he said:

"If the time ever comes when I feel that my duty compels me to say a word of any kind, I will say it x x x positively and definitely."

Senator Ecton (R-Mont.), who

leans toward Taft, said he thinks the Ohioan already is so far out in the lead and gaining in momentum that "it would be hard to stop him even if Eisenhower declared today."

He said he regards the general's statements as indicating "he might be available under certain circumstances," adding "I don't believe he wants to rule himself out."

Ecton said he thinks that if President Truman is the Democratic nominee, either Taft or Eisenhower could carry a half dozen Southern States. He named Texas, Virginia, Florida, Mississippi, Arkansas and South Carolina.

Gov. Earl Warren of California running mate of Dewey on the 1948 GOP ticket, commented that Eisenhower's political comments were in keeping with his job, and he added "I think he has made progress since he's been over there and he's entitled to have the support of all Americans in completing the job that he has undertaken."

Commandant

Lieut. Gen. Lemuel C. Shepherd Jr., (above) was appointed commandant of the Marine Corps by President Truman, effective Jan. 1. He will replace Gen. Clifton B. Cates whose four-year term as commandant expires with the end of the year. (AP Wirephoto).

New Scouts Are Inducted At Honor Court

More than a score of boys were inducted officially into the Boy Scout program Tuesday evening as a highlight of the monthly Court of Honor.

Assisted by 12 Scouts, who represented the 12 points of the Scout law, Jimmie Hale, executive, conducted the inducture at the city auditorium.

Troop No. 5, headed by Walter L. Smith, won the Court of Honor award. Troop No. 9, with J. M. Saunders and Keith Bailey in charge, took the Shick award on advancement.

Lucian Jones made second class award to C. P. Ward and to Bobbie Dunning. Star Awards were made to Billy Art Dillon, Billy Lovelace, Dennis Jones, Jimmy Stelling, Burke Plant, and Bert Brewer made the presentation.

Gil Jones, Court chairman, assisted by Dr. Marshall Cauley, presented merit badges to Tommy Thigpin, Bobbie Dunning, Adrian DeGraffenreid, Art Dodd, Lynn Thames, Dennis Jones, C. P. Ward, Billy Art Dillon, Billy Lovelace, Charles Saunders, Ronnie Wooten, Jerry Murphy, James Murphy, Burke Plant and Eddie Briggs. There were several boys from Troop No. 11 at Fortan, whose names were not immediately available, who also shared in honors. They were led by Scoutmaster Ham Mobley. George Melear was statistician for the meeting.

H-D Meeting Closes

FORT WORTH, Nov. 7. (AP)—Home demonstration leaders closed their national convention today after hearing a plea that they make rural youth politically conscious.

Miss Florence L. Hall declared America's youth should be taught that politics is government and having a part in government is the American way.

Sentence Suspended In Traffic Death

SAN SABA, Nov. 7. (AP)—A two-year suspended sentence was assessed Tuesday night against Burton Livingston of Llano in the traffic death of Mrs. Clara Grimes of Abilene.

Livingston was charged with murder after Mrs. Grimes was killed in a collision Dec. 17.

Maybe He Should Have Stayed In The Rolling Truck

COLORADO CITY, Nov. 7.—Ernest Anderson may be more reluctant to jump if his truck ever gets in trouble again.

The 40-year-old truck driver from 407 State Street, Madison, Wis., was injured late Tuesday afternoon when he leaped from the cab of the truck he was driving near the overpass between Coahoma and Iatan.

He was cruising about 80 miles per hour, he said, when his steering gear appeared to fall as he headed down the north approach to the overpass. As the truck left the road, he opened the cab door and jumped.

"I rolled over and over like a barrel," he said.

While Anderson was shaken and sustained a hip injury, he apparently was not seriously hurt. The truck rolled easily to a stop in a nearby field—undamaged. Anderson is an employee of the Whelan Transfer Co. of Madison, Wis.

Two Report Homes Entered, But Say Nothing Is Stolen

Two persons reported to city police Tuesday their homes had been entered within the past several days but no valuables were said missing.

Dave Duncan, who lives on the state park road, returned from a five-day trip Tuesday and found entry had been gained in his place through a north window.

Mrs. B. A. Averitt returned from work Tuesday to discover her home at 606 West 8th had had unwelcome visitors.

IN ROCKET PLANES

Heavy Clothes May Make You Cooler

By HOWARD W. BLAKESLEE

SAN ANTONIO, Nov. 7. (AP)—You may wear heavy clothes to keep cool in the rocket planes of the future. You will need a breeze in the cabin to light your cigarette.

These are unexpected results of flying where, because of your speed, there is no gravitation.

They were described by Dr. K. Buettner of the Aviation School of Medicine to the Air Force symposium here on physics and medicine of the upper atmosphere.

American rocket planes already fly so high the pilots at times have no weight. Ships of the future are expected to fly that way for long periods.

Not only the pilot but the air inside the pressurized cabin will lose all weight. Buettner said that when air has no weight, it will no longer circulate, unless driven by fans. If the fans stop there will be no air movement to cool your skin.

The sun's direct rays are so hot on the ship that if the air circu-

VOTE NOT SIGNIFICANT

Republicans Pick Up A House Seat; Win All Four Elections

By The Associated Press

Republicans picked up a seat in the House of Representatives by capturing all four special elections Tuesday, but they lost their 68-year grip on the nation's third largest city, Philadelphia.

The off-year balloting, generally regarded as having no great significance, brought victory in New York City to Rudolph Halley of Senate crime and television fame and the defeat of James Michael Curley in an attempt to come back as mayor of Boston.

Democrats appeared to have retained the Kentucky governorship, returning Gov. Lawrence Wetherby and his eight state candidates.

The city hall at Little Rock, Ark., fell to the Republicans for the first time in 64 years. The GOP also took the majority in Indianapolis, home of the new Democratic National Committee chairman, Frank E. McKimsey.

"Clean government" campaigns were waged by the New York and Philadelphia winners. Halley won New York's City Council presidency, second highest position in the metropolis, over Democrat Joseph T. Sharkey and two others. Halley, running on the Independent, Fusion and Liberal party tickets, rolled up a plurality of 183,000 votes.

In Philadelphia, City Controller Joseph S. Clark, Jr., won the majority for the Democrats to end a GOP regime which had stood since 1883. Promising to clean up corruption he laid off the Republicans, he defeated Dr. Daniel A. Poling, Baptist minister who was the Republican candidate.

Some Republicans claimed a trend toward their side in the four special House elections. Three vacancies were in traditionally GOP districts and the remaining one was in a district which has swung both ways in recent years.

The GOP gain was in Ohio, where Paul F. Schenck won a House seat from the district around Dayton, defeating Jesse Yoder, Democrat Edward Breen had resigned because of ill health.

New Jersey's 9th district stayed Republican, as former Rep. Frank C. Osmer, Jr., handily defeated

PLenty Of Duck For The Season

AUSTIN, Nov. 7. (AP)—Texas scatter gunners should find adequate supplies of ducks and geese when they open the migratory waterfowl season Friday, Game Commission officials predicted today.

It will be a 50-day season, longer than last year's. It opens at noon Nov. 9 and runs through Dec. 23.

The commission's chief law enforcement officer, F. M. Cowsett, gave reminders about duck and goose hunting regulations.

He urged hunters to remember: Shooting hours are from one-half hour before sunup to one hour before sundown.

Bag limits are five a day and ten in possession for ducks; for geese it is five a day and five in possession. The goose bag may not include more than either two Canada geese, or one of each.

All waterfowl hunters over 16 must have a \$2 federal stamp.

Longview Due For Rent Housing Units

LONGVIEW, Nov. 7. (AP)—The LeTourneau Technical Institute of Texas will begin building at once 25 low cost rental housing units here.

Carl L. Estes, Longview publisher, said he recently had secured an option on 100 acres just west of the site of the new housing development for a concern that would employ 2,500 persons.

City Fathers Okay A Zoning Change

City Commissioners Tuesday authorized a zoning change and gave their approval to tentative estimates on a proposed new paving project.

The zoning changes are in blocks 54 and 55, between Goliad and Benton streets facing First street. Hereafter, property fronting first from the south side will be designated as an "H" district, instead of "G" designation. The change was recommended by the planning and zoning commission, following a public hearing which failed to attract any protests.

City Engineer E. L. Killingsworth presented tentative estimates of costs for paving 10th street between Goliad and State. The total for gutters and paving was pegged at \$15,387.

The estimates were based on a street width of 46 feet, with six-inch base and two coats of penetration type asphalt. The city is considering construction of gutters only, without curbing.

Commissioners said they were ready to proceed with the project. Property owners adjacent to the street include the city itself, the Big Spring Independent School district and the First Christian Church.

Paving of that street is expected to reduce congestion along 11th Place.

Commissioners instructed the City Manager to forward a letter of appreciation to Ted O. Groehl, who is retiring this month after six years of service on the zoning and planning commission. Groehl who is currently serving as chairman of that commission, requested that he not be reappointed. A successor probably will be named soon.

A discussion was conducted, but no action was taken, on a proposal to organize a citizens traffic committee similar to one already in operation in Dallas. Commissioners expressed interest in the proposal and indicated they would give study to the matter.

PAYING APPROVED

City Fathers Okay A Zoning Change

City Commissioners Tuesday authorized a zoning change and gave their approval to tentative estimates on a proposed new paving project.

The zoning changes are in blocks 54 and 55, between Goliad and Benton streets facing First street. Rheumatism Arthritis Pains Relieved In FEW MINUTES

with Baby's External Prescription

Make This 24 Hr. Test

Enjoy blessed relief from swollen, aching joints, arthritis, rheumatism, sciatica, lumbago or neuritis—or no cost to you for trying this prescription formula called Muscle-Rub, widely used by hospitals, massage parlors and gymnasia; also recommended by doctors, coaches and trainers for muscle soreness, strained ligaments, painful sprains and bruises.

Get quick relief, simply apply this pleasantly scented liquid EXTERNALLY wherever you feel pain—limbs, joints, shoulders, neck, back. Note how much more comfortable you feel all day, how many hours of restful sleep you get at night.

"My patients and I are more than pleased. Warmth supplied soothes and gentle circulation to carry off toxins. Nothing compares to Muscle-Rub for relieving the suffering from arthritis and rheumatoid pain," states Dr. T. Connor, physiotherapist, Philadelphia.

Money Back Guarantee

Get Muscle-Rub today from your Druggist. Use half the bottle. If you are not delighted with results, return what's left to your Druggist, who will cheerfully refund your money. Regular economy or hospital size bottle \$2.50, or

Special Large Trial Size, ONLY \$1.25

All But Impossible to Believe!

It is very difficult to believe—but, each month, there are literally thousands of people who pay as much for their motor cars as it would cost them to buy Cadillacs... and, yet, they don't get Cadillacs.

As we said, this is very hard to believe—but the reasons for it make it more or less understandable.

In the first place, a great many people simply don't know what a Cadillac costs. They don't understand that the lowest-priced Cadillac actually costs less than certain models produced by numerous other manufacturers.

They only know that Cadillac is the world's most renowned motor car—and they assume, from this, that it must also be *exclusively priced*.

Too, some people get discouraged because they can't walk in and order a Cadillac and get immediate delivery — as they can with so many other makes of cars.

This, too, is largely due to a failure to get all the facts and think them through to the inevitable conclusion. You have to wait a while for a Cadillac because so many people want one—and want it so badly that they are willing to wait for it. And that, in turn, is because Cadillac is recognized everywhere as the Standard of the World.

So if you want a Cadillac—and research indicates that a vast percentage of motorists do—come in and talk with us about it.

We'll give you the facts concerning comparative costs. And we will also talk frankly with you about delivery dates, so you may know about what to anticipate.

You really owe it to yourself to do this. For, surely, you don't want to pay the price of a Cadillac—and still not get one!

If we already have your order for a Cadillac—stand firm in your conviction—for each day brings you closer to your heart's desire.

It is true, of course, that you can get quicker delivery on other makes of cars. But, in all the world, there is no other car like Cadillac.

So be patient—and you will have your reward!

Use Common Sense

to Take Off That Ugly Fat

Overweight can be a nuisance to health, but common sense should be the watchword to get rid of the extra pounds. A rigid diet and a restricted period of sleep, are also debarred.

Why not try the Barometer? Why not something others have done? A remarkable remedy! Barometer contains no harmful drugs. In fact, it contains ingredients that make you feel better. Just go to your druggist and get 4 ounces of liquid Barometer. Pour into a pint bottle and add 12 ounces of canned grapefruit juice. Take 2 tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show you the way to take off your fat, just return the empty bottle for your money back.

Carl White, Former Newsman, Succumbs

PORT ARTHUR, Nov. 7. (AP)—Carl White, 60, former resident of the Texas Editorial Assn., died Tuesday of a heart ailment.

White had worked on newspapers in San Antonio, El Paso, Fort Worth and Beaumont. He published a paper at Port Neches and the Labor Journal here.

He was an arbitrator for the U. S. Labor Conciliation Service. White was a native of Comanche and attended Daniel Baker College.

Memo Blasts Truman For Vatican Envoy

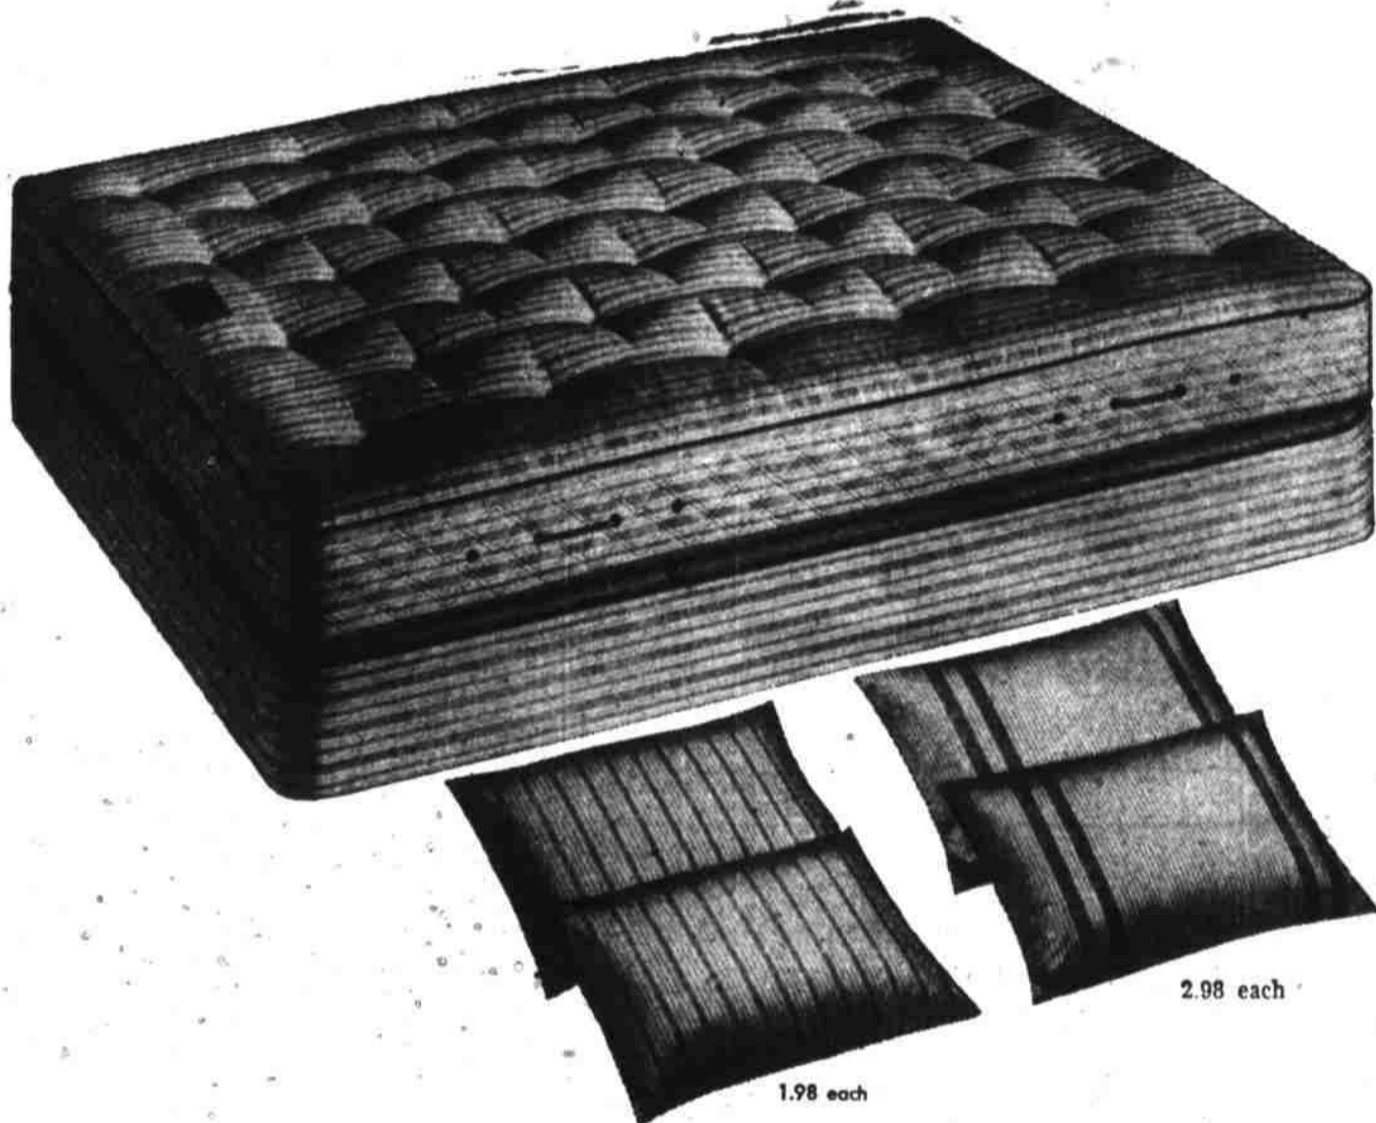

LUBBOCK, Nov. 7. (AP)—The Baptist Missionary Association of Texas passed a resolution Tuesday endorsing President Truman's naming of an ambassador to the Vatican.

Dr. G. C. Keller of Jacksonville was named president

You cannot see love, it is one unseen thing that is more precious than any material thing. Many waste life seeking in vain for material luxuries while matchless treasures are lost. "Better is a dinner of herbs where love is, than a stalled ox and hatred therewith." — Prov. 15:17.

Confusing Language Adds Up To Confusion On Amendment Ballot

Governor Shivers has cautioned Texans not to let a minority of the voters decide the fate of the five constitutional amendments in the special election next Tuesday, Nov. 13. Nevertheless, nobody expects more than a small per cent of qualified voters to turn out, and the fundamental law of the state will be changed by a small minority, after all—if the amendments carry.

Cotton Harvesting By Machinery May Depend Largely On Cotton

In the field of mechanical harvesting lies the greatest opportunity for effecting savings in the production of the South's staple crop, cotton. With growing labor shortages and ever-rising costs of hand-picking, the thoughts of the industry turn more and more to developing harvesting machinery within the means of the average cotton grower.

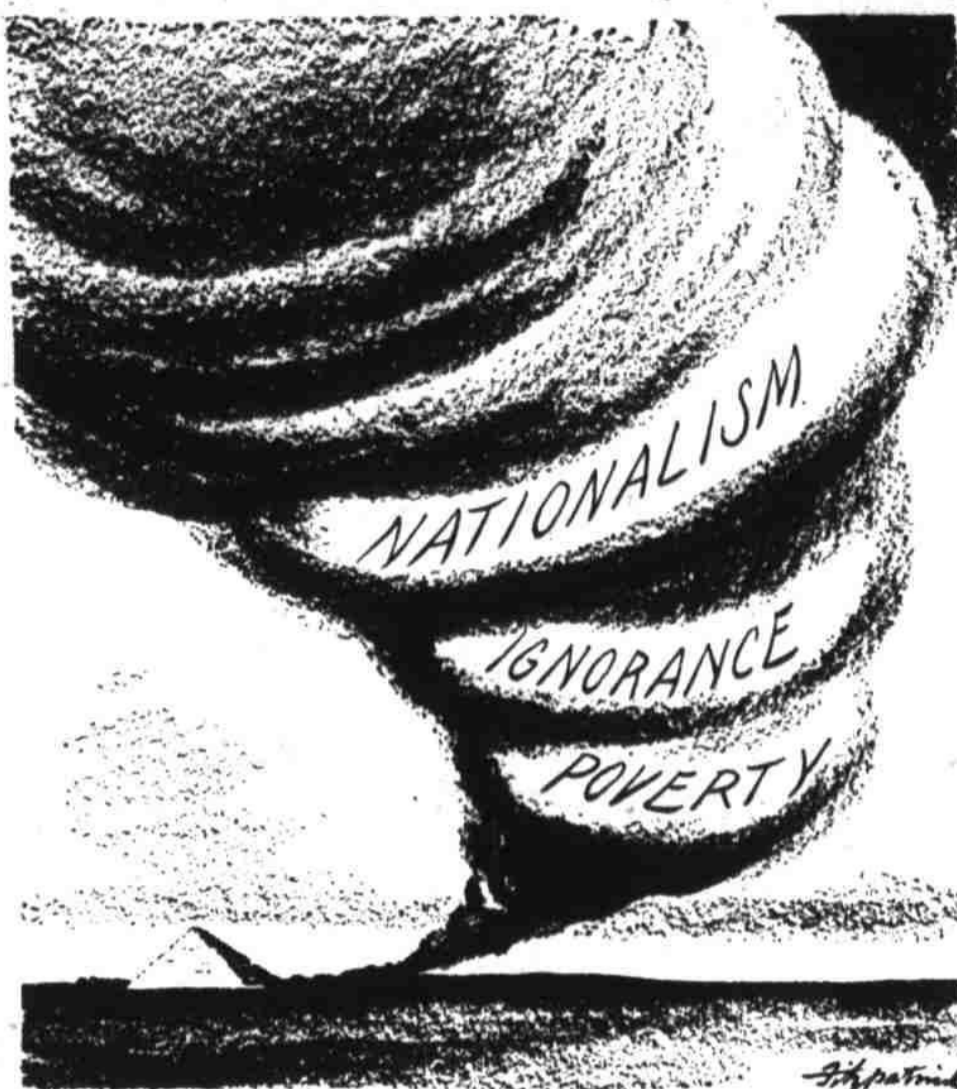

Merry-Go-Round—Drew Pearson

Eisenhower Boosters Disagree On Handling Of His Candidacy

WASHINGTON—Two of Eisenhower's staunchest Republican boosters have just had a significant heart-to-heart talk. Both are Pennsylvanians, but neither has been mutually cooperative in the promotion of Ike for President. The other day, however, Congressman Hugh Scott Jr., of Philadelphia, who devotes all his spare time to beating the bushes for Eisenhower, walked across the capitol plaza to see Sen. Jim Duff, ex-governor of Pennsylvania, and nominal leader of the Eisenhower forces.

The Big Spring Herald

Published Monday morning and Wednesday afternoon. Entered as second class matter July 17, 1936, at the Post Office at Big Spring, Texas under the act of March 3, 1879. The circulation of this newspaper is estimated to be 10,000 copies per week.

Heart Of The Storm

World Today—James Marlow

Eisenhower Is General On Matters Of Vital Import; Hasn't Been Specific

WASHINGTON, Nov. 7. (U-P)—General Eisenhower runs for President he has one big advantage over anyone who runs against him. He never has to apologize for very much he ever said on political, economic or social problems, which are dynamite for most politicians.

This Day In Texas

By CURTIS BISHOP

Death came on this day in 1855 to William Christy of New Orleans, who had spent a large part of his fortune on Texas.

A Kentuckian by birth, Christy became a prominent New Orleans lawyer after the War of 1812, in which he served. A fast friendship developed between him and Sam Houston when both were in the U. S. Army as young men. It was to Christy's house that Houston went to recuperate from his wounds after San Jacinto. Upon his departure "The Raven" presented to his host a saddle that had once belonged to Santa Anna.

Notebook—Hal Boyle

Wives Appear Resigned On Noting Of Anniversary

NEW YORK, Nov. 7. (U-P)—One of the things wives always say to their husbands on wedding anniversaries is: "Marriage hasn't changed you a bit." They could pronounce this sentence in a way to make it sound flattering. But usually it has a note of resignation in it, as if they were discussing the Long Island Railroad, which changes about as much as the Washington Monument.

Hollywood—Bob Thomas

El Capitan Has Run The Gamut Of Show Business

By BOB THOMAS

HOLLYWOOD, Nov. 7. (U-P)—Show business people, who are inclined to wax sentimental about theaters, could have a field day with the El Capitan in Hollywood. In its 25 years, it has just about run the gamut of show business.

house was subjected to long periods of darkness. It looked as though the stage was dying, but somehow it managed to come back, as it always does. Helping this was the federal theater project, which occupied the house with shows designed to keep actors working.

Jack's Bouncing A Ball About, But Nobody Stands To Watch

Oilmen say the last thing they want now is a gusher. Thousands of barrels which once were lost when wells "blew" in did no one any good. Now, with oil prices at fancy figures, there would be a considerable dollar as well as oil loss. Too, unrestrained production sometimes did irreparable harm to reservoirs.

Gallup Poll

Eisenhower Wins First Place In All Sections Of America

(One year from now—on Wednesday morning, November 5, 1952—America will know who the next President of the United States is to be. How is the race shaping up now? What is the popularity of various possible candidates, and what is the relative strength of the parties today?

Dwight Painters Honored; Mrs. Howard Entertains

FORSAN, Nov. 7. (Sp1)—Mr. and Mrs. Dwight Painter of Midland were complimented with a wedding shower Saturday night at the school. Painter is a former resident and a graduate of Forsan High School. Hostesses were Mrs. G. G. Green, Mrs. O'Barr Smith, Mrs. Howard Peacock, Mrs. V. L. Bennett, Mrs. M. M. Fairchild, Mrs. Gene Smith, Mrs. Jesse Overton, Mrs. O. W. Fletcher and Mrs. Mamie Gandy. Peggy Painter presided at the handmade white satin guest register. The serving table was laid with a lace cloth over pink, centered with a pastel green parasol covered with pink net and tied with pink and green ribbons. Green tapers in crystal holders flanked the arrangement.

Yearbook Program Heard By WSCS Of Park Methodist

Mrs. Abbie Anderson, 1506 Main, was hostess Monday afternoon when the Park Methodist WSCS met in her home for a yearbook program and a business meeting. Mrs. Louise Griffin was in charge of the program. Mrs. Anderson read the scripture and Mrs. Cloy Lyles prayed. Mrs. Gould Winn discussed "Contrast in Weather." Mrs. Jo Nell Griffin spoke on "Some Ways of Improving Conditions." There were 12 members present.

FHA Birthday Cakes

Pictured with a cake for each year of their association with the national Future Homemakers of America are top officers of the High School and Junior High chapters. Baked Tuesday by the girls as part of their observance of National FHA Week, the cakes were presented that afternoon to patients of the VA Hospital. Left to right, the girls are Ellouise Carroll, Nannette Farquhar, Patricia Tidwell, Peggy Hogan, Joyce Anderson and Patsy Wilson. Sponsors of the High School group are Mrs. Nancy Annen and Edna McGregor. Mrs. Roberta Wiley sponsors the Junior High chapter.

Mrs. Cowper To Review Wellman Book Thursday

The third in a series of book reviews sponsored monthly by the Thursday Review Club will be given Thursday at 3 p.m. in fellowship hall of the First Christian Church by Mrs. R. B. G. Cowper. Mrs. Cowper has selected "The Iron Mistress" by Paul I. Wellman. A story of the life of James Bowie, the story opens in 1817 in the back bayou country of Louisiana, where Bowie was reared. It gives a clear picture of the daily life of the people at that time and a vivid description of the country over which he traveled. Of Scottish descent, Bowie engaged in slaverunning for a time in New Orleans and Galveston, and later, when he took up land speculation, his business carried him up and down the Mississippi. In 1829 he came to Texas where he died in the Alamo in 1836. One adventure covered in the book is a 1000-mile horseback trip with the Lipans, a nomadic tribe of Indians.

MRS. R. B. G. COWPER

Graduate Nurses Attend District Meeting In Lamesa

Virginia Reed reviewed "The Witch Doctor" when District 21 of the Graduate Nurses Association met at the First Christian Church in Lamesa Tuesday night. A short business meeting was held and refreshments were served to 30 members. Attending from Big Spring were Myrtle Eller, Bo Bowen, Maurine Driver, Jewel Barton, Blanche Owen, Louise Porter, Jane Balk, Bessie Love, Marie Vick, Blanche Jacobs and Margie Brand. The next meeting will be held in Midland Dec. 4.

Presbyterian Men To Hold Conference

Local Presbyterian men will leave Thursday night for Dallas where they will meet with two thousand Presbyterian laymen from Texas and four nearby states to discuss ways in which they can become better churchmen. B. E. Freeman is in charge of registrations in the First Presbyterian Church of Big Spring. The meeting, one of four held throughout the denomination, ties in with a movement to mobilize Protestant laymen throughout the world in building "a world-wide Christian community." Representing the Big Spring church will be T. S. Curtis Jr., A. A. Porter, Lee Mulling, Dr. T. Chalmers Vinson, Dr. Gage Lloyd, Elvis McCrary, H. C. Stupp, Travis Reed, Leon Moffett, Johnny Johnson, Bernie Freeman and J. Y. Robb.

Pre-Nuptial Shower Fetes Recent Bride

Mrs. Wyatt Lancaster, the former Elizabeth McDonald, was entertained prior to her marriage Saturday with a shower in the home of Mrs. R. W. Rogers, 2100 Runnels. In the receiving line were Mrs. Rogers, Mrs. Fred Lancaster, mother of the bridegroom, Mrs. Irma Herndon, aunt of the bridegroom, and the honoree. Darlene Montgomery registered guests and Mrs. W. M. Rogers displayed gifts. Garden flowers were used throughout the entertaining rooms. The refreshment table was laid with a lace cloth over pink satin and centered with an arrangement of white chrysanthemums, fern and white tulip. The centerpiece featured a miniature bride and groom on a pedestal. Mrs. Oleta Rogers and Mrs. Relfee Jones served. Approximately 50 guests attended.

Keek Rebekahs Initiate 3 Members

Dorothy Henderson and Lois and Glenn Smith were elected to membership when the John A. Kee Rebekah Lodge met Tuesday night at Carpenters Hall. Maud Cole, noble grand, presided. Barbara Dailey was installed as warden. Plans were completed for the banquet and meeting to be held Dec. 14 honoring Myrtle Russell, president of the Rebekah Assembly of Texas, and Lue E. Kee, for whose husband the lodge was named and who is past president of the Rebekah Assembly. New members will be initiated Nov. 13 and all members of the degree staff are urged to attend in formal dress. Thirty-two members attended. The study club met in the home of Violet Jarrett Monday night. Fifteen members were present. The next meeting of the club will be Dec. 3 in the home of Hazel Lamar, 604 Lancaster.

Sorority Plans Dance And Banquet

Final plans for the banquet, ritual of jewels and dance Saturday night were made by members of Exemplar chapter of Beta Sigma Phi Tuesday evening at a meeting in the home of Mrs. Willard Hendrick. The banquet in the 'OOF Hall will be followed by the dance in the Settles Hotel.

MENU FOR TOMORROW

WEEKDAY SUPPER
Sautéed Fish Fillets
Lettuce Salad
Pear-Grape Cup
Paprika Potatoes
Palm Springs Dressing*
Bread and Butter
Beverage
(Recipe for Starred Dish Follows)
PALM SPRINGS DRESSING
Ingredients: 2 green onions, 1 cup commercially-prepared sour cream, 2 tablespoons mayonnaise, 2 tablespoons lemon juice, 1-3 cup crumbled Roquefort or Blue cheese, salt, freshly-ground pepper.
Method: Finely mince the onions, tops and all, and stir into sour cream. Add remaining ingredients, seasoning to taste with salt and pepper. Allow to stand several hours before serving. Toss with lettuce torn into bite-sized pieces. Makes 4 generous servings.

Eastern Star Banquet Set For Nov. 20

Dorothy Driver, worthy matron, gave a report on Grand Chapter when the Eastern Star met Tuesday night at the Masonic Temple. Grand officers present were Mrs. Agnes V. Young, Past Grand Matron, and Mrs. Gladys Dalmont, chairman of the welfare committee for Grand Chapter. Plans were made for banquet honoring all past matrons and patrons to be held Nov. 20 at 6 p.m. in the First Methodist Church. The entire membership of the Eastern Star is invited to attend. The refreshment table carried out the Thanksgiving theme and was laid with an ecru lace tablecloth. Chrysanthemums in fall colors formed the centerpiece. Other table decorations were Thanksgiving fruit. Approximately 75 members attended.

B&PW Club Hears Talk On Amendments

J. H. Greene, Chamber of Commerce manager, explained the five amendments to be voted on Nov. 13 at the Tuesday night meeting of the B&PW Club at the Settles Hotel. The program was attended by 12 members.

Son Born In Japan To James C. McNeills

In a telephone call to his mother, Mrs. D. C. Pyle, Capt. and Mrs. James C. McNeill, Eta Jima, Japan, announced the birth of a son, James Calvin Jr., on Nov. 5. Other grandparents are W. M. McNeill of Big Spring and Mr. and Mrs. Zwinge of San Andreas, Calif.

P-TA Meeting

College Heights P-TA will meet Thursday at 3:30 p.m. at the school following an executive meeting at 3. Guilford Jones will be guest speaker.

310

Irish Roses

The rose is crocheted in shaded pink thread, leaves in pale green thread, edging around white background in pink. Fine edging to finish pillowcase and sheet trim is in pure white. Df squares measure 4 inches, smaller rose inserts are 2 1/2 inches. Design achieves a lovely, lacy, pastel-colored effect on guest sheets, cases, towels, runners—and you'll want to do the inserts in all white, too, for tea cloths, for pale pink linen table mats. Send 25 cents for Irish Rose Inserts in Shaded Thread (Pattern No. 310) complete crocheting directions, actual size detail, finishing instructions. YOUR NAME, ADDRESS, PATTERN NUMBER TO CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y. Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

CORISICANA, Nov. 7. (U) - Corisicana voters rejected Tuesday a \$3 million bond issue for a water supply from the Trinity River.

Snow Snarls Traffic. This long line of stalled and blocked cars in the St. Louis, Mo., suburb of Clayton presents an example of why thousands were unable to get to work in St. Louis. Snow piled up to a depth of one foot in the city's worst 24-hour snowstorm in 39 years. (AP Wirephoto).

EARLY OPERATIONS REVIEWED

FCC Hearing Into License For KTXC Continues Today

Review of operations of radio station KTXC in its early days was given by Leonard R. Lyon, former licensee, and later an officer in the Big State Broadcasting Company, as a witness at a Federal Communications Commission hearing today.

The FCC is conducting a hearing in the matter of renewal of KTXC's license, inquiring into an allegation of misrepresentation of station ownership and financing.

Lyons testimony concerning various documents filed with the FCC was that he did not prepare them. He testified that he didn't receive \$8,800 shown to be due him, and that he didn't expect to receive it. He testified about the transfer of license that "I was just trying to get the station into the corporation."

Moving Of Employees Is Critical Problem

NEW YORK, Nov. 7. (U) - When your boss sends you to another town to work, can you expect help from him in financing a new home for you and your family?

But it found a number of companies helped employees, on an individual basis, through the first financial shock of buying a new home in a new community.

Lyons testimony concerning various documents filed with the FCC was that he did not prepare them. He testified that he didn't receive \$8,800 shown to be due him, and that he didn't expect to receive it.

Atomic Attack Refuge Could Be Disease Hostel

By FRANK CAREY
DALLAS, Nov. 7. (U)—Havens of refuge from A-bomb attacks accidentally could become hostels of epidemic diseases unless preventive measures are planned, an Oklahoma doctor said today.

Addressing the Southern Medical Association, Dr. Kirk T. Mosley of the University of Oklahoma outlined the need for vigilance against "deliberate and willful" use of germ warfare by an enemy.

He added: "Attention should also be given to one of the major problems to be faced as a consequence of atomic warfare or mass bombing attacks, and that is the problem of prevention and control of epidemics in the so-called non-strategic areas."

"Such areas will for obvious reasons become havens for refugees fleeing from the prime target areas of the country, either after or before an atomic or mass bombing attack has been made."

"The hurried introduction of large numbers of individuals into new localities may lead to the establishment of the necessary circumstances for large outbreaks of disease."

"The refugees may or may not be immune to strains of organisms prevalent in their new location or the refugees may introduce new strains of (disease-causing) germs to which the local inhabitants are susceptible."

Mosley said overcrowding, overtaxing of sanitary facilities, neglect of personal hygiene and inadequacy of diet would be conditions favorable to the development of serious epidemics of diseases ordinarily at a "low-smoldering" level.

Discussing the possible pattern of any deliberate germ warfare, the doctor said an enemy might select a microbe against which the general population had little appreciable immunity—for example, the germs of plague, yellow fever, "rabbit" fever and "parrot" fever.

TEXAS BRANDS

ISH
R2 15
STV
X O
XL BL
A Y

By JOHN M. HENDRIX
Prominent in the cattle industry of the '80s was W. B. Worsham of Henrietta whose cattle numbered in the thousands in the country west of there. Their trail herds headed out for the far northwest each year and they put thousands upon thousands of cattle in Montana and other western states. In the handling of such a volume of business they necessarily used a number of brands; principal among these and best known was the R2.

In the '30s the Worshams gave their postoffice at Cambridge, which was in effect Henrietta, and their ranch was on the east fork of the Wichita River in Clay County and on Pease River in Wilbarger County.

They worked hundreds of good cowmen in the conduct of their business and were one of the really big outfits of that time. We shall reproduce herewith a many brands of the outfit as they exemplified. A remnant of the ranches and cattle still operate on Pease River in Foard County, Texas, under the STV brand.

Fraternal Head Dies

EL PASO, Nov. 7. (U)—Alden C. Snyder, fraternal leader in the Southwest, died Tuesday night. He was 50.

Mexican Corn Up

WASHINGTON, Nov. 7. (U)—The Mexican corn crop this year is estimated at 12 million bushels, 30 per cent more than last year.

GLASS OF BEER UP ONCE MORE

NEW YORK, Nov. 7. (U)—That old five-cent glass of beer was up to 15 cents today after a long time at a dime. Mixed drinks also have been boosted five cents.

The United Restaurant Liquor Dealers of Manhattan, Inc. voted the new prices Tuesday. They blamed higher taxes and increased labor costs.

AFTER CONFERENCES

Ike Said Assured Of Additional Arms

By ELTON C. FAY
WASHINGTON, Nov. 7. (U)—New conferences by Gen. Eisenhower in Europe and inventory-taking by each of the Western European nations will be needed before the U. S. is ready to translate its broad assurance of a speed-up in arms aid into tonnage.

In his Washington talks, informed sources said today, Eisenhower was assured that the flow of arms to the Western Europe would be increased.

He also was reported to have said he should hold an early meeting with W. Ayerell Harriman, head of the Mutual Security Agency, who left Washington for Paris last week.

Defense Production Administrator Manly Fleschmann planned to start for Europe today to talk with defense chiefs of the North Atlantic Treaty Organization (NATO) nations in Paris and London.

From findings by Harriman and Fleschmann and the reports by Eisenhower, pieces of the problem can be fitted together—how much each NATO member has (now in way of military equipment, how much more it can produce and how fast. Only then can the U. S. be in a position to make specific promises to help get up to 30 divisions fully armed as quickly as possible.

Eisenhower's departure coincided with expressions from official quarters that greater production effort is needed. President Truman spoke of "much trouble."

Anna Rosenberg, assistant secretary of defense, said "The formula of guns and butter is out. It is guns first—then butter, if possible."

Senator Lyndon Johnson (D-Texas), head of an Armed Services

Subcommittee watchdogging the mobilization program, said deliveries to NATO forces are substantially behind schedule and assailed production planners.

"Unfortunately, our defense mobilization planners have devoted too much of our productive resources to non-essential civilian goods and too little to vitally necessary armaments," Johnson said.

"We cannot repel Soviet tanks with passenger limousines, and rubber dolls afford little defense against Russian artillery shells."

Johnson made the comments in a letter to Senator Lodge (R-Mass.), who had suggested an inquiry into reports that Eisenhower's forces were receiving only a fifth of the weapons and equipment which schedules called for.

WANT TO BUY HIGH SCHOOL?

MORRIS, Ill., Nov. 7. (U)—Want to buy an old high school? Nobody is quite sure what it's good for, but you probably can buy it cheap.

A new high school building was completed and occupied this year. Board of Education members are trying to decide what to do with the old one. They are asking for suggestions.

Architects who examined the old building said the board would not be justified in spending money to remodel the building.

Shivers Lashes At U. S. Tides Stand

CHICAGO, Nov. 7. (U)—"The tidelands belong to the states; the national administration is trying to steal them, and I'm against it," Gov. Shivers of Texas said today.

Shivers flung the blunt accusation in a speech to the American Petroleum Institute.

Speaking as governor and chairman of the Interstate Oil Compact Commission, Shivers said: "The incredibly aggressive and cynical attitude of Washington bureaucrats in the tidelands controversy has reached a new high, or low, within the last few days."

"They propose to invoke the provisions of a federal surplus property act to take over the control and administration of the tidelands—thus in lieu of congressional authorization that they have been unable to obtain."

"In polite language this would be called 'expropriation without congressional sanction.' In my language it would be called 'theft without license.'"

Should the Interior Department actually attempt to take over Texas tidelands, the governor said he believed "Texans generally will look upon such an attempt as an invasion of states' rights that will put the carpetbaggers to shame."

"Instead of a carpetbag to carry off the loot, the Interior Department proposes to use tank cars and freighters," he said. "This demonstrates, I assume, the progress we have made in 85 years."

He accused the federal government of creating the tidelands controversy, but promised there would be no end of it "as far as Texas is concerned" until every possible defense and resource is exhausted.

Shivers told the oil officials it is the mutual and grave responsibility of the states and oil industry to combat "this trend toward over-centralization of our government." Such a fight, he said, is "not only for the good of the industry but for the welfare of the nation."

WHY MOTHERS GET OLD, GRAY

PORTLAND, Me., Nov. 7. (U)—A Portland woman is laid up because she has an affectionate soldier son.

Cpl. Wallace Leavitt, 22, a Korean veteran, came home, on a weekend pass and gave his mother, Mrs. Mable Campbell, a vigorous hug.

A rib snapped. Mrs. Campbell said she expects to be six weeks mending.

Oil Firm Reports Vital New Strikes

HOUSTON, Nov. 7. (U)—Continental Oil Co. reported today two important oil strikes.

One was in the Canyon Reef in the Aspermont Lake Pool in West Texas. The other was a gas-distillate discovery that launches the rich Ranch Pool in Hidalgo County.

The Canyon Reef strike brings prospects of opening extensive new production. It was Continental Scoggins Well No. 1-A, five miles southeast of Aspermont in Stone-wall County.

The discovery in Hidalgo County is 30 miles north of McAllen and one mile east of the La Reforma field. Continental owns 12,600 acres in the area.

try also "must pay its fair share of the state's expenses, and sometimes a little more."

Big Spring (Texas) Herald, Wed., Nov. 7, 1951
"It (the industry) must be, in a collective sense, a good citizen. Otherwise the state could not justly a friendly and constructive attitude toward the industry," he advised, adding: "The state, in justice and common sense, must try to protect all industry—including the oil industry—from excessive and confiscatory taxation."

What could be Fairer?

Judge for yourself! Use new, Improved Phillips 66 Heavy Duty Premium Motor Oil for ten days—or up to 1,000 miles. If it doesn't satisfy you on every count go to any Phillips 66 Dealer, and he'll arrange for a refill using any available oil you want at our expense.

Yes, we guarantee this great new motor oil will satisfy you. We can do this because we know it has the quality you need. It brings you a new high in Lubri-taction:

WEAR PREVENTION? Yes! It keeps corrosion and friction from harming your engine.

BEARING PROTECTION? Yes! Acids are neutralized—protecting bearing surfaces from pitting.

CLEANING ABILITY? Yes! And a clean engine means more power—less gasoline consumption.

LOW OIL CONSUMPTION? Yes! It resists decomposition. Fewer make-up quarts are needed over thousands of miles of operation.

It's because of important features like these that Phillips 66 Heavy Duty Premium Motor Oil surpasses manufacturers' specifications for all makes of cars. It's truly a "Heavy Duty" oil—will do an outstanding job in trucks as well as cars. Try it! We guarantee satisfaction!

Better performance 4 ways with DODGE 2-TON "Job-Rated" TRUCKS

1 MORE ECONOMICAL POWER
A big, high-compression 236.6-cubic-inch engine developing 109 h.p. You get the right engine for top economy with aluminum pistons, four piston-rings (top ring chrome-plated), exhaust valve seat inserts and other extra values.

2 SPEEDIER DELIVERIES
Five-speed transmissions, 2-speed rear axle, and choice of axle ratios give you greater pulling power, faster getaways and higher top speeds. Low loading height and hinged, stake center sections help you to save work and time.

3 EASIER HANDLING
You can turn sharper, maneuver better and park easier with a Dodge 2-ton "Job-Rated" truck... because you get wide front tread, cross-steering (except on C.O.E. models), short wheelbase and worm-and-roller steering gears.

4 BIGGER PAYLOADS
In Dodge 2-ton "Job-Rated" trucks you can move extra-big payloads without overloading. That's because a lot more of your load is carried on the front axle. Deep, rugged frame and all-steel body stakes and sills mean extra strength.

Powerful 236.6 cu. in. engine

Five-speed transmission available
Two-speed rear axle available, too

Heavy frame; long, strong springs; big-capacity axles

Cross-steering, wide front tread

THIS 2-TON CHASSIS is engineered to fit your body needs. On wheelbases of 125", 152", 170", and 192", it will accommodate a wide variety of bodies, from 8 ft. to 18½ ft. in length.

Dodge 1½-ton "Job-Rated" trucks provide similar features and advantages.

The choice of champions! 59 out of 97 State Champions chose Dodge to drive in the 1951 National Truck Roadshow

HERE ARE SOME OF YOUR

Friends and Neighbors WHO BRING YOU YOUR Electric Service!

BUILDING
Big Spring
-1951-

In the interest of building Big Spring, the following individuals, business, industrial and professional firms join in presenting this series of informative pages designed to show that Big Spring is a BETTER town.

Providing good electric service takes a lot of people with a lot of know-how.

Here in the Big Spring area, an average of around 68 skilled men and women make your electric power supply their number one responsibility. When you flip a switch, day or night, and your electric service goes to work for you instantly, some of these friends and neighbors of yours are at work, making sure that the electricity is there, ready to do your bidding.

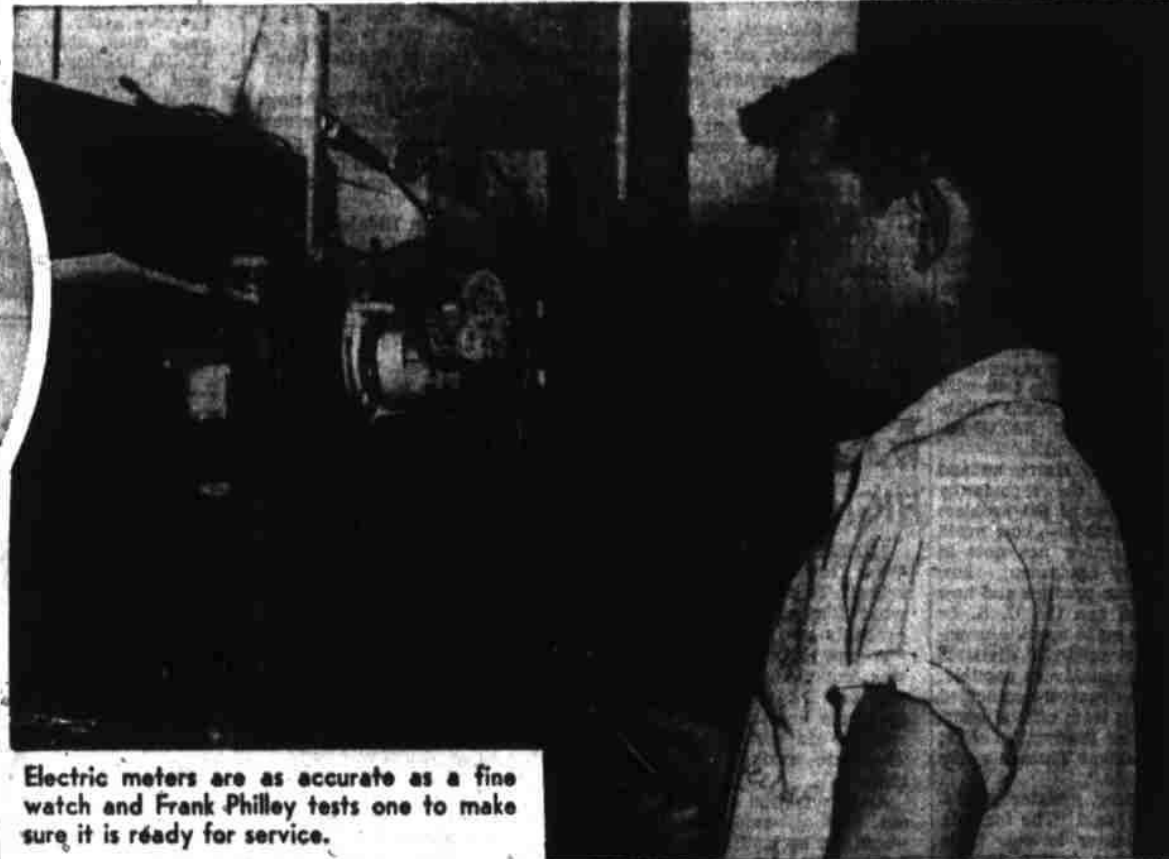

Good electric service doesn't just happen. It takes folks like these at Texas Electric Service Company to keep it working for you.

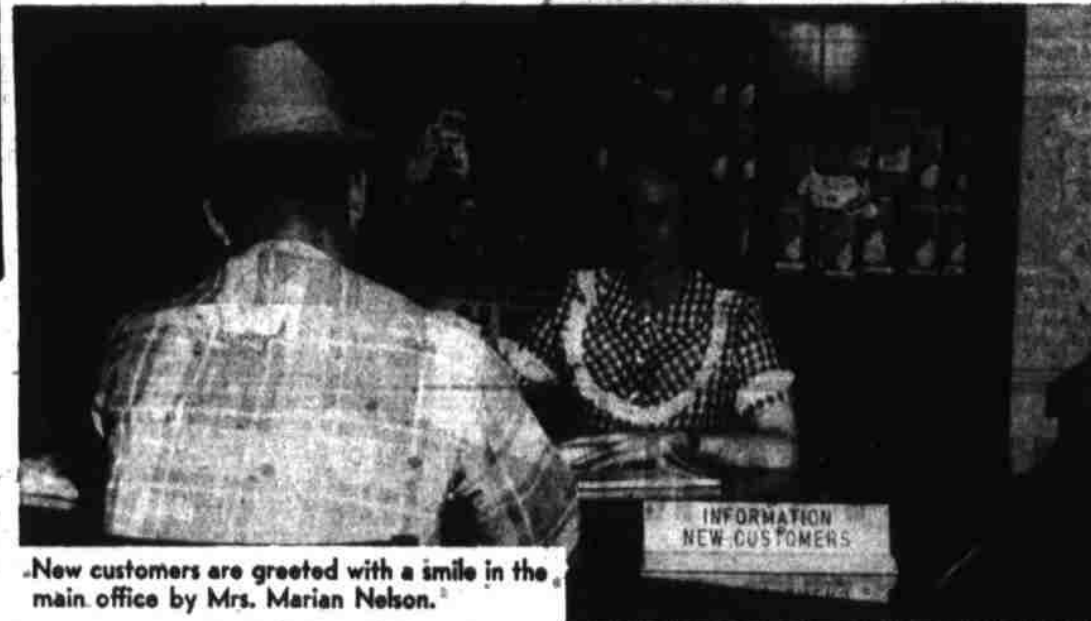

L. N. Palmer tends the control panel at the Big Spring switching station east of town.

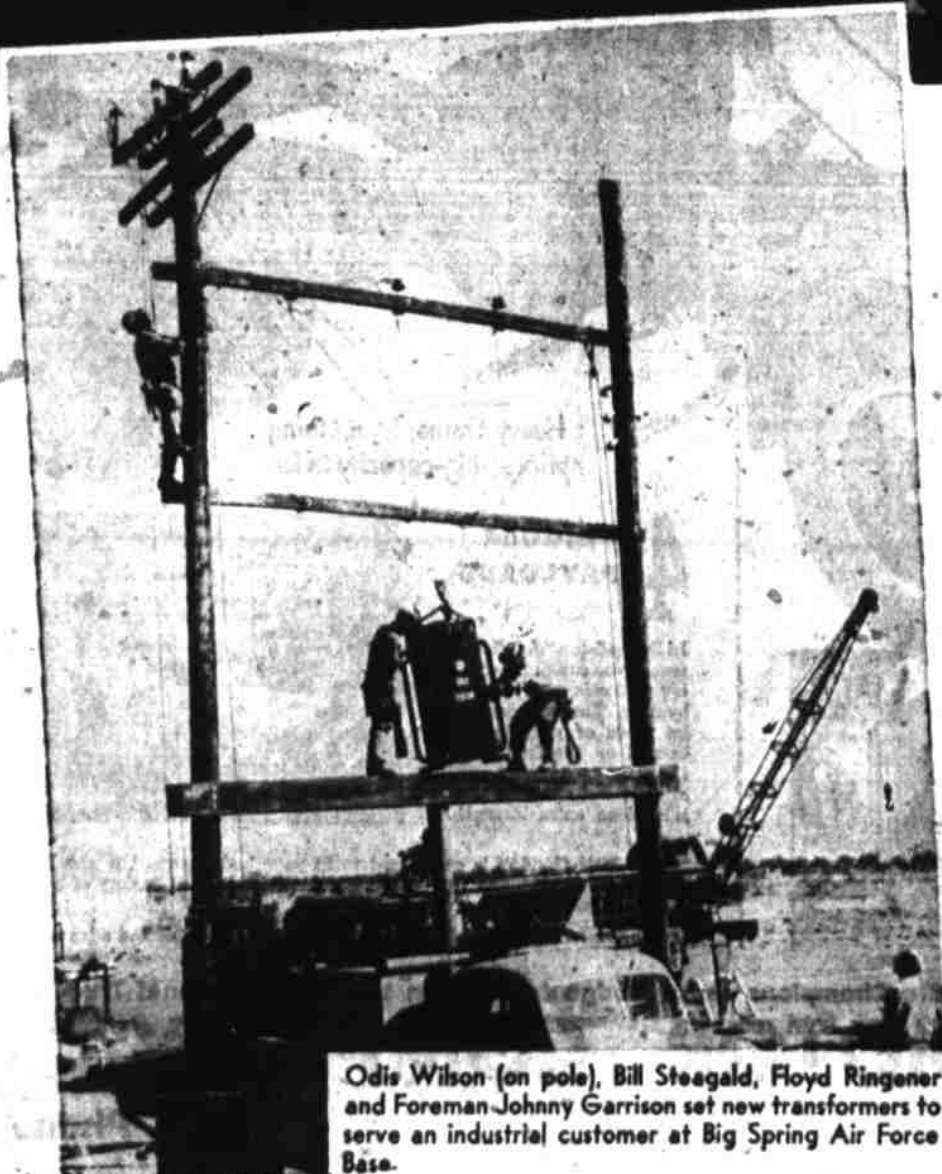

Doug Hill (below) and O. F. Priest, Jr., use the two-way radio to speed up service calls.

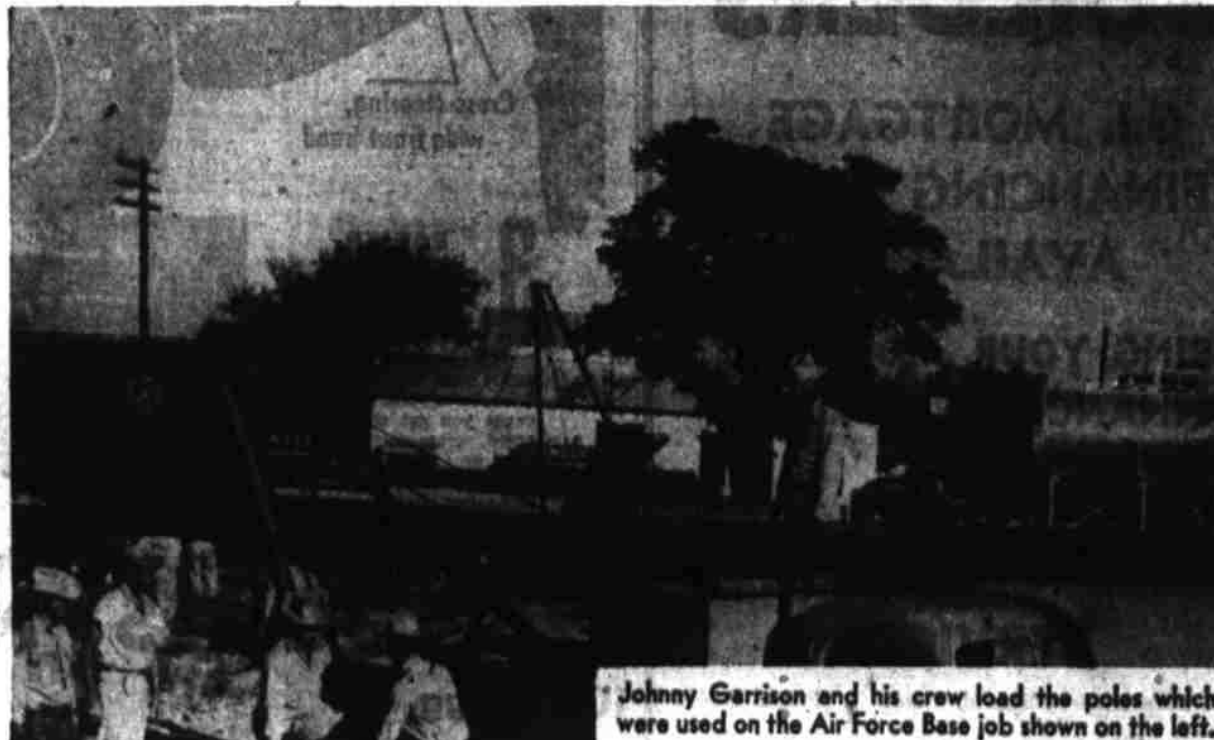

Electric meters are as accurate as a fine watch and Frank Philley tests one to make sure it is ready for service.

New customers are greeted with a smile in the main office by Mrs. Marian Nelson.

Odis Wilson (on pole), Bill Steagald, Floyd Ringener and Foreman Johnny Garrison set new transformers to serve an industrial customer at Big Spring Air Force Base.

Johnny Garrison and his crew load the poles which were used on the Air Force Base job shown on the left.

Dallas Attorney Is Free On Bond In Fraud Charge

DALLAS, Nov. 7. (U-P)—A Dallas attorney, who says he helped about a fourth of Texas 254 counties collect delinquent taxes, was free on bond today on charges of using the mails to defraud.

Horace Walker was indicted last week in Fort Worth by a federal grand jury. The indictment was not made public at the time. He was arrested Tuesday.

The charges are an outgrowth of embezzlement complaints in Eastland County.

Walker's attorney, Ivan Irwin, asserted the Eastland indictments had political implications. He said the Walker case was an important political issue in Eastland County last June. The Commissioners Court voted 3 to 2 to hire a special prosecutor, Frank Sparks, to help the county attorney in the case.

Walker was arrested at his fashionable Dallas home. Bond was set at \$3,500 and put up immediately.

U. S. Dist. Atty. Frank Potter said Walker had been employed by Eastland County for a five-year period as collector of delinquent taxes. Three embezzlement indictments returned against him in the county claim about \$2,500 was taken from collections.

Walker also was sued by Eastland county for \$101,228.

Potter said the mail fraud case involves five indictments.

Potter said the government's case rests on alleged false statements mailed to Austin as to the amounts collected. He accused Walker of pocketing the difference between amounts reported and amounts actually collected to settle tax cases.

TEETOTALLER IS MIXED UP

WESTMINSTER, Md., Nov. 7. (U-P)—Maryland's teetotaling Governor McKeldin found himself on a wet platform Tuesday night.

Somebody accidentally elbowed vases at the speakers platform during ceremonies at the anniversary of the Masons lodge near here.

Toastmaster J. Francis Reese introducing McKeldin, glanced at the dripping table and said, "At last we have the governor on a wet platform."

Plane Taking War Vets Home Crashes

This broken wreckage of a chartered plane which was taking Korean war vets home, lies on the prairie about 100-yards short of the runway of the Tucuman, N. M., municipal airport. The plane crashed while attempting to land in a snowstorm. One of its load of 26 Korean war veterans was killed. Nine other persons, including the crew of three, were injured. The plane, a Martin, 202, was chartered by the Army from Trans-Ocean Airlines to take rotated soldiers from Oakland, Calif. to Indiantown Gap, Pa., and Fort Devens, Mass., enroute to homes in the East. (AP Wirephoto).

AFTER SHIP BLAST

Seamen Wait For Rescue In Ocean

SEATTLE, Nov. 7. (U-P)—Driven to their lifeboats by a raging fire and explosion that killed three men, 27 seamen awaited rescue today in rough Pacific waters while their ship burned fiercely from bow to stern.

Seven had been rescued by a Japanese merchant ship. It was attempting the difficult task of bringing aboard the remainder of the fire-seared, cold-chilled crew.

Pinehurst Play Opening Today

PINEHURST, N. C., Nov. 7. (U-P)—Sam Snead, in his familiar role as the man to beat today at the North and South Open Golf Tournament's first round got underway.

Snead, has won this tournament the past two years and three times in all. Four times, he's been second. Three of those years saw him take runner-up money behind Ben Hogan, but with Hogan not around, Snead overshadows the field of 111 more than ever.

This 72-hole, \$7,500 tee party carries at \$1,500 first prize.

Snead was paired with one of the few players given a chance in the opening round. His foe is Max Faulkner, British Open champion, whom he subdued in a Ryder Cup match here three days ago. Completing one of the classic three-somes was Pinehurst's Dick Chapman, reigning British Amateur champion.

The entire British Ryder Cup team was on hand. Clayton Heafner, Skip Alexander, Ed Oliver and Henry Ransome of the victorious American squad were also around.

Other threats were expected from Cary Middlecoff, Claude Harmon, Julius Boros, Johnny Palmer, Skee Riegel and the surprise of yesterday's qualifying round for 115 lesser lights, Lionel Herbert, Vernon, Pa., pro had a two-ender par 70 to show the way.

Jane Russell Brings Second Child To Adopt

LONDON, Nov. 7. (U-P)—Movie Actress Jane Russell was on her way home today with a fair-haired, blue-eyed 15-month-old Irish boy handed to her at the airport by his sobbing mother.

Miss Russell, who has been touring Europe in search of another baby to adopt, took the child from the mother before she departed Tuesday night. The child began to wail and reached back towards his mother, and then Miss Russell, too, broke into tears.

"I don't think I can do it. — I don't think I can do it," cried the actress. She was helped aboard with the child, Thomas Kavanagh.

Miss Russell said this was not officially an adoption, since there are immigration difficulties barring such an action just now.

The actress and her football star husband, Bob Waterfield, already have adopted a baby girl.

TEETH ARE MORE VITAL

HOUSTON, Nov. 7. (U-P)—The Criminal Courts building elevator stopped for 10 minutes between floors Tuesday.

Operator N. P. Peterson, 72, had dropped his upper plate in the shaft.

He refused to budge until Janitor Jake Scinski rigged a ladder, climbed down and rescued the teeth.

Sportsman Dies In Heroic Try To Save Wife

CASABLANCA, Nov. 7. (U-P)—Millionaire Society Sportsman Freddy McEvoy, ex-husband of two oil heiresses and boyhood chum of Actor Errol Flynn, died a hero's death Tuesday in a vain attempt to save his third wife from drowning off the stormy Moroccan coast.

McEvoy, his French wife, Claude, 30, and four others perished when his yacht "Kangaroo" was driven on the rocks about 100 yards offshore in a violent storm 100 miles south of Casablanca.

Three of the yacht's crew swam to safety.

The 43-year-old society figure was swimming through 30-foot-high seas only six feet from shore, the survivors said, when he turned back to aid his wife. As he neared her side, their strength failed and both sank.

They died after 18 hours of terror — 12 in darkness — aboard the wrecked yacht. Two French sailors were swept overboard. A Spanish sailor threw himself into the sea and sank. Mrs. McEvoy's French maid, lashed to the mast, was torn loose by the wind and carried away.

The yacht, on a cruise from Cannes to the Bahamas, was trying to enter Saffi but was kept out by blinding sand clouds. It ran aground Monday a few miles north of Cap Cantin and turned on its side.

McEvoy had lived most of the time in recent years on his yacht and took great pride in it.

He was married previously to Mrs. Beatrice Benjamin Pratt Gibson Cartwright, a granddaughter of Standard Oil Organizer H. H. Rogers, and to Irene Wrightsman, daughter of Houston Oil Man Charles B. Wrightsman. Both divorced him.

Several years ago he was a suitor of Woolworth heiress Barbara Hutton.

Mohair Buyers Clean Up On 1951 Fall Clip

SAN ANGELO, Nov. 7. (U-P)—Mohair buyers had just about cleaned up the 1951 fall clip today.

Buyers have purchased about a million pounds in three days. Prices ranged up to \$1.07 a pound for adult hair and to 1.32 for kid hair.

The biggest sale Tuesday was 400 thousand pounds at Sonor.

Another accumulation of 300 thousand pounds sold at Del Rio at \$1.95 for adult hair and \$1.30 for kid.

Weather Lashes St. Louis With A Heavy Snow

ST. LOUIS, Nov. 7. (U-P)—This giant city of the Mississippi River Valley started to shake the snow from its shoulders today, hoping to get back on its feet after the weather delivered a surprising, near knock-out punch.

The forecast was encouraging. Higher temperatures and cloudy skies — but no snow — was forecast.

Hundreds worked through the night clearing away tons of snow that brought traffic and business in this city of a million to a virtual standstill. Surrounding areas aren't quite sure the worst is past.

High winds and sub-freezing temperatures Tuesday night made roads hazardous because of ice and though most of the roads remained open, traffic moved slowly.

A heavy snow also blanketed Southern Missouri and Southeastern Kansas. The fall ranged up to 20 inches. Many Missouri deer hunters were caught in the storm. Stalled cars lined the highways. Numerous accidents were reported.

WHAT A LIFE!

HOUSTON, Nov. 7. (U-P)—To win a \$100 bet, Sam Cash, 250-pound ice dealer, ate 18 dozen oysters Tuesday. He topped off the meal with eight steins of beer.

Rayburn Urges U. S. Think Before Change

DENISON, Nov. 7. (U-P)—Speaker Sam Rayburn, pointing to American prosperity, advises voters Tuesday night to think of their living standards before voting for a change in political parties.

"The present party has guided the United States to the greatest prosperity ever," Rayburn said.

CULTURE WON'T HALT FOR LINE

TEXARKANA, Nov. 7. (U-P)—You can't halt culture with a state line.

Texarkana, Tex., donated the site for a new public library and voted bonds to build it. Voters of Texarkana, Ark., a hypothetical line down main street away from Texarkana, Tex., voted Tuesday a mill tax to support the library.

BELGRADE, Nov. 7. (U-P)—Seventeen persons were killed Tuesday night when the Simplon Orient Express, traveling from Istanbul and Athens to Paris, crashed into the rear of a local passenger train between here and Zagreb, the Croatian capital. Thirty-two others were injured. A signalman was responsible.

Dogie Threat

James Hollis probably will return to action for the Big Spring B team when the Dogles play in Lamesa Saturday. Hollis, standout runner, performed for the A team last week and did not see action against the Odessa reserves. He's only a sophomore. (Staff Photo).

OVER WOLFPACK

Yearlings Storm To 20-6 Victory

A magnificent Ninth grade football team of Big Spring routed the Colorado City B squad, 20-6, in a football game played here Tuesday night.

Thunderous runs by Buddy Cosby and Brick Johnson plus some neat sprints by Tommy Taylor, Nugent Reid and Bobby Blum helped repel the Wolves, who earlier had fought the Yearlings to a 13-13 deadlock.

Only a costly penalty or two kept the score from mounting higher. The Yearlings simply were not to be denied. They spotted the Wolves a touchdown and then came roaring back to dominate play for three quarters.

Stout line play helped contain Colorado City's backs, although leads like Hollis Gainey and Jim Shurleff remained constant threats. Youngsters like Jimmy Slate, Warren Anderson, Jerry

Graves and Don Reynolds refused to yield yardage while Linebackers Cosby and Carlisle Robinson were letter perfect in their roles.

Gainey put the Wolfpack out in front with a 20-yard scoring jaunt early in the second period, the run climaxing a drive of about 80 yards.

The Yearlings swept right back down the field to a TD, with Johnson traveling the last ten paces on a pass from Reid. Johnson then added the point on a run around end and Big Spring led at half time, 7-0.

The Big Springers went right back to work in the third, scoring from far out when Reid tucked the ball under his arm and churned 42 yards to pay dirt.

Minutes later, the locals drove 70 yards to touchdown land, with Blum whirling over from two yards away. Bobby then booted the point to make it 20-0.

A bruising 90-yard run by Cosby, who simply wouldn't be stopped, set up the TD.

Colorado City swept back down the field, moving within 20 yards of the Big Spring goal, but the locals dug in to throw back the threat and take the ball on downs.

Larry Isaacs caught a nice pass or two when it counted for Big Spring and boys like Dickie Milam, Ron Wooten and others glinted.

All in all, it was one of the most notable victories of the year for the team coached by Roy Baird and Earl Crawford.

Starting lineups:
BIG SPRING—Larry Isaacs and Don Reynolds, ends; Jerry Graves and Jimmy Slate, tackles; Dickie Milam and Warren Anderson, guards; Carlisle Robinson, center; Bobby Blum, Nugent Reid, Brick Johnson and Buddy Cosby, backs.
COLORADO CITY—Bill Preston and Charles Salmon, ends; Alvin Lockett and Jim Cawthron, tackles; Weldon Ennis and Don Miller, guards; Arliss Parkhurst, center; Hollis Gainey, Bud Windham, Jim Shurleff and Roy Belyeu, backs.

Vaught Of TCU Defensive Star

FORT WORTH, Nov. 7. (AP)—What was TCU's offensive loss was its defensive gain.

It's been going like that all season for the Southwest Conference leaders. Every time it lost a quarterback one came up played even better.

This time it's a wingman.

Ted Vaught, the compact and agile end from Lubbock can hold down almost any position. A top pass receiver and slashing blocker, he was a top performer in the Christians' first six games.

After the battle with Southern California, in which the Trojans damaged the right side of the Purple line with running plays Ted got orders to report to Dutch Meyer's defensive unit "just to learn what to do if needed."

Ted played defense against Baylor — and how. He ended up by dropping back in the flats to intercept two of Larry Isbell's passes, the last one leading directly to the Frogs' third touchdown in the 20-7 victory.

LOOKING 'EM OVER
With Tommy Hart

Ben Hawkins, a tax man for Uncle Sam and a TCU alumnus, says Ray McKown won't be running first string for the Frogs next year, or second, or third.

It seems Gilbert Bartosh and Malvin Fowler will be back for the Christians in 1952, and both are considered better hands than McKown. Then there's a young fellow by the name of Danny Powell on the squad this year who, Ben says, runs better than McKown. Maybe so.

A Wichita Falls sports writer says Odessa would be willing to pay Joe Gidding, the Coyote coach, \$25,000 to move in as coach of the Bronchos.

That's a bit hard to swallow. Not even Tugboat Jones of Midland makes that kind of money out of football.

IS SNYDER READY FOR LEAP TO AAA?
Walter Reed, the former principal of Big Spring high school who is now assistant superintendent at Levelland, says he's sure Snyder will be forced into AAA athletics by 1952-53.

If that be the case, then District 1-AAA will have to admit the Tigers. People move in and out of Snyder so fast that Coach Speedy Moffett really hasn't had time to get his system working. He perhaps would prefer to stay in AA circles at least for another year.

An observer says the Big Spring Steers didn't need their shoulder pads in the Lamesa game last week, meaning the lads were reluctant to make shoulder tackles.

The Steers are going to have to tighten the rivets on the defense if they hope to contain the Midland attack this week end to any degree.

Galileo high school in San Francisco has probably produced more stellar athletes that went on to world fame than any other prep school in the country.

Fremont high of Los Angeles will rank high. Highland Park of Dallas would be near the top. Odessa is coming along as a school of champions, too, does so well because it doesn't emphasize football at the expense of other sports.

The Longhorn baseball league provides money for the operation of its central office by taking five cents from each admission during the course of the season.

The Florida International league, which supplies many of the players which come to Big Spring, will get its operating funds in the form of 25 per cent of the net gate from one game at each of the eight member cities in 1952.

Incidentally, the Florida International, which is toying with the idea of moving to a classification next year, will play a 154-game schedule, compared with 140 this year.

Steers Faced With Big Challenge Friday Night

There is no need to remind the Big Spring Steers that they have a District 3A-1 game coming up Friday night with the Midland Bulldogs.

Perhaps it would be wise to remind them, however, that they are beat before they ever go onto the field if they think they are beat, this upsets are sprung mainly by teams which go onto a field mentally prepared to give the opposition the business in a football way.

Should the Steers decide that the team which they will be playing is just another group of good athletes but a team that can be stopped, then chances are they will give the Bulldogs all they can handle.

Football, to most players is 'mental.' In other words you do

what you think you can do and if a boy goes onto the field determined to gain respect in the eyes of the opposition, then chances are he'll do that very thing.

The Steers set their own example two weeks ago when they upset a Plainview team that was supposedly superior in every department to the Big Springers. They did it by carrying the fight to the opposition and never letting up, even when they were two touchdowns behind.

It's an accepted fact across the land that, in order to play football, you've got to like to play football.

In other words, the lads wouldn't absorb the physical beatings they take week in and week out—in scrimmages and actual combat—unless they relish it.

As one party put it: "You can't pay anyone to take the physical whipping those boys take on the field. The only way anyone can take that beating and survive is to like it."

In brief, spirit is the greatest part of football. It's spirit that often makes a great team of one and lack of it that betrays another. It serves as a cudgel for the weaker team to punish the mighty.

A player who believes in himself and his ability has the battle half won before he ever takes the field. His show of confidence puts the other team on the defensive.

Midland will bring a great team to town—favored by five or six touchdowns.

Against all that, the Steers can field a team willing to take its lumps without protest or a club eager for battle and a chance to

look adversity in the eye, then draw an imaginary line and dare the foe to cross it.

Midland has held the whip hand over Big Spring all too long. All records point to another Midland win this week. For that reason, the game provides a greater challenge than any the Steers have met this season.

The Steers' ability to make a good showing won't depend upon one boy, or even on one team, but rather on the whole squad. The backs must run as they never have before, the blockers must sweep down the opposition as they never have and the defense must be resolved that it will not yield.

The overall effort of the team will depend upon how each boy carries out his individual assignment.—T. H.

WINDOW WIPERS?

Are Scriveners Of Sports Now A Sissy Lot?

(The following article was written by Frank Grimes, able editorial writer of the Abilene Reporter News.)

Have our sports writers gone sissy? The point is raised in Wes Izzard's column in the Amarillo Daily News, when he notes that members returning from the Amarillo-Borger game of Friday night complained there were no windshield wipers on the windows of their steamheated press box.

"We have had a feeling for a long time that the sports writers of the current generation are spoiled when it comes to digging in and covering an event at close range," writes Wes Izzard. "And while we don't want to be in the position of an oldtimer bragging about how much better things were in the good old days, we would like to make a few observations on old-fashioned sideline coverage."

He then proceeds to reminisce about the good old days, when covering a football game meant racing up and down the sideline to get a close-up view of every play. Later in the development of the game press boxes were added to the grandstand, but they were usually open-air affairs with no real protection from the elements except maybe a roof.

Also, as we ourselves recall, there was usually a battle to gain a seat in one of the shambles, for a lot of privileged characters there, and the working press often found itself frozen out. Later on the press box was enclosed with glass, and somebody was usually put on the door to exclude the hot-poll. Now that they've begun to complain about the lack of windshield wipers—after all, a press box is not good unless the press can follow the play visually—the oldtimers can be forgiven for entering a few reminiscent comments about the ruggedness of the good old days.

Steam-heated press boxes and all, we do not envy the sports writers. We served our time covering sports, and found it sheer drudgery, with few compensations. Having to be out in all kinds of weather, having to listen to the gripes of coaches and sports heroes, having to work hard all through the game and twice as hard after everybody else went home, soured us on sports writing. We do not envy them in the least.

Midland Sixth In Grid Poll

DALLAS, Nov. 7. (U.S.)—The mighty Temple Wildcats for the sixth straight week remained atop the Class AAA schoolboy football ratings in a poll of sports writers taken by the Dallas News.

Only one new team is in the top 10 this week. Conroe of District 6 took over tenth. Brownwood, ninth last week, dropped from the select circle.

Stephenville, fourth a week ago, dropped to ninth after taking a 33-13 shellacking from Breckenridge.

The top 10:

1. Temple
2. Breckenridge
3. Palestine
4. Grand Prairie
5. Longview
6. Midland
7. Gladewater
8. Vernon
9. Stephenville
10. Conroe.

3A-1 Cage Play Opens Jan. 18; Dogs Host Herd

The District 3A-1 basketball race will get underway Jan. 18 and continue through February 19.

Opening round assignments send Big Spring to Midland, Sweetwater to Vernon and Plainview to Lamesa.

All quintets will play a double round robin schedule.

Basketball drills are due to get underway here immediately following the end of the football campaign, which ends Nov. 23.

Coach Larry McCulloch, who faces a huge rebuilding job with the Steers since all his regulars graduated last May, is busy lining up practice tilts at the present time.

The SA-1 schedule:

District 1-AAA Schedule

January 18-Friday: Sweetwater at Midland, Plainview at Lamesa, BIG SPRING at Midland.

January 19-Saturday: Lamesa at Sweetwater, BIG SPRING at Vernon, Midland at Plainview.

January 20-Friday: Lamesa at Midland, Sweetwater at BIG SPRING, Plainview at Vernon.

January 21-Saturday: Midland at Sweetwater, Vernon at BIG SPRING, Vernon at Lamesa.

February 1-Friday: Lamesa at Midland, Vernon at Sweetwater, Midland at BIG SPRING.

February 2-Saturday: Midland at Lamesa, BIG SPRING at Sweetwater, Vernon at Midland.

February 3-Friday: Sweetwater at Midland, Plainview at BIG SPRING, Lamesa at Vernon.

February 4-Saturday: Sweetwater at Midland, Midland at Vernon, BIG SPRING at Lamesa.

TEXARKANA MEETS WACO

Several District Titles Will Be Decided Friday

By HAROLD V. RATLIFF
Associated Press Sports Editor

Two district championships have been determined and several others are on the line this week in a 226-game schedule of Texas schoolboy football.

There are 80 districts in the four divisions that play to state championships. Next week will see the Class AA and Class A divisions end their district campaigns and square off for the play-offs.

Three more weeks are ahead for the Class AAAA and Class AAA divisions before district titles are all crowned.

One district champion in Class AAAA is expected to be determined this week. Texarkana, leading District 5 unbeaten and with one game to win to set it up, plays Waco at Waco Friday night in the play-off.

In Class AAA Grand Prairie will be at Paris and the winner will become a prohibitive favorite in District 3. Grand Prairie and Paris are tied with 3-0 records.

Grand Prairie is one of the

state's undefeated, untied teams, sharing this honor in Class AAA with Palestine.

In Class AA Tahoka is champion of District 6 although not one of the undefeated, untied teams over the season route.

In Class A Abernathy holds the title of District 3 and is one of the unbeaten, untied teams.

In Class AAAA has three undefeated, untied teams—Lubbock, Ray (Corpus Christi) and Lamar (Houston). None appear in danger of falling this week although Lamar plays Reagan (Houston), its 1950 nemesis. Lamar was in the same boat last year—picked as one of the top teams of the state. Reagan upset it.

Palestine plays Nacogdoches and shouldn't have much trouble keeping its perfect record.

In Class AA the unbeaten, untied, teams are Anson, LaVega, Lampasas, Lamarque, La Porte, Cuero and Gonzales.

Brownsville, Shamrock, Pittsburg and Center are unbeaten but tied.

In Class A Canadian, Dimmitt, Iraah, Abernathy, Wink, Eden, Edgerton, Wylie (Abilene), Newcastlesville, Hawkins and Honda have perfect records; Elkart, Wilmer-Futchins and Taft are unbeaten but tied.

Newcastle has the state's gaudiest record—eight straight wins with 191 points to none for the opposition. Newcastle plays Crowell and might get scored on.

Smith Of Illinois, Vols' Pearson Selected AP's 'Linemen Of Week'

NEW YORK, Nov. 7. (U.S.)—Rex Smith, Illinois end, and Bill Pearson, Tennessee tackle, were selected today as linemen of the week in the weekly Associated Press poll.

Smith caught the forward pass that brought the Illini a 7 to 0 victory over Michigan in the last 70 seconds of their Big Ten game. That earned him the nod as the offensive linemen.

Pearman against North Carolina became tops among the defensive boys. His key tackles stopped the Tar Heels in their tracks and was a major factor in Tennessee's 27-0 victory.

Pearman's feats helped keep the Vols in the top spot in the AP team poll. Smith's ability to get clear in the Michigan end zone to catch Tommy O'Connell's aerial boosted Illinois into the No. 2 spot.

Jim Cordial, Oregon State end; Sam Duca, tackle for Arizona State (Tempe); James Fowler, Texas A&M center; and Leo Sugar, Purdue end, were four other linemen commended for noteworthy play against Washington, West Texas, Arkansas and Penn State.

The list of linemen nominated this week includes also: End—Ted Vaught, TCU. Tackle—Bill Forester, SMU. Centers—James Fowler, Texas A&M; Don Rhoden, Rice. Guards—Bill Athey, Baylor; Harley Sewell, Texas.

Oille Matson, of San Francisco, and Keith Flowers of TCU were named Tuesday as the backs of the week for their performances against Santa Clara and Baylor.

DETROIT, Nov. 7. (U.S.)—Kid Gavilan, the welterweight champion with the bolo punch, ranked as a 7 to 5 favorite to defeat Middleweight Contender Tony Janiro in a 10-round, non-title fight here tonight.

During the second week of football practice, Georgia Tech had three of its first four tackles, its first three left halfbacks and two of its first three fullbacks sidelined by injuries.

WACO, Nov. 7. (U.S.)—"A bad day" for Baylor's Larry Isbell is such a rarity that some have been scanning the files.

Larry failed to engineer his team to a victory Saturday against TCU. When did Isbell last have such a day?

Oct. 14, 1950, in Fayetteville against the Arkansas Razorbacks. He hit but five of 21 passes, none for touchdowns, that day and Baylor lost, 27-6. Since then, the brilliant T-quarterback, who leads the Southwest Conference in total offense and forward passing, has been slightly terrific every Saturday.

Larry has: Played a leading role as his team won nine games, lost one and tied one in its last eleven games. Tossed 19 touchdown passes in eleven games. Scored three touchdowns in his team's last five games, and set up numerous others with his passes and runs. Passed for at least one touchdown in nine of his team's last 12 games. Made more touchdowns and more yards than any other T-quarterback in the conference. Sparkled game after game as a punter and ball-handler. Until Saturday, Isbell never had more than three passes intercepted in a single game. TCU hooked onto five of his throws. Larry just said: "Some days you just can't hit em."

Indiana University Opens Search For New Mentor

By DALE BURGESS
BLOOMINGTON, Ind., Nov. 7. (U.S.)—Indiana University began looking today for something it never has had—a football coach who can win consistently in the Western Conference. Officials had no idea who he could be.

Clyde B. Smith is the tenth who couldn't make it. He resigned Tuesday with two years to go on his contract.

Alvin N. (Bo) McMillin, Smith's predecessor, came closest to a winning record in Big Ten competition. His 14 P. U. teams broke even in the tough circuit, winning 34, losing 34 and tying six. His 1945 team won Indiana's only conference championship.

Smith, a short muscular man who refrains from liquor, tobacco and profanity, walked into Athletic Director Paul Harrell's office and said he was quitting because "I'd like to be happy for the next three weeks and coach the boys like they deserve to be coached." He did not elaborate.

Smith's four teams at Indiana

have won eight, lost 34 and tied one—well under the university's all-time 218-220-36 record.

Alum began sniping at Smith after his squad, expected to be his best, lost one-sided games to Notre Dame and Michigan and defeated Pittsburgh by only one touchdown.

The glamor subsided for a time after Oct. 20 when Indiana upset Ohio State, 33-10. The team since has lost to Illinois and Wisconsin.

Broncs Ranked Last In Double Plays

The 1951 Big Spring Broncs had one of their greatest double play combinations in history in Shortstop Al Costa and Second Baseman Mike Lastra yet the team as a whole completed less twin killings than any other club in the circuit.

The Hoses executed 121 fewer double killings. The pace setting Roswell Rockets staged 174, 25 more than other teams in the wheel.

GOES TO DOGS AND IS LUCKY

NEW YORK, Nov. 7. (U.S.)—Louis de Rosa, 6, playing in the hallway outside his family apartment Tuesday, slipped and fell five stories down a stairway—and landed on a dog's back.

Louis suffered only cuts and bruises.

The dog, a German Shepherd named Prince, was dazed but had no broken bones.

LEE HANSON
MEN'S STORE

Nobody needs heavy-feeling clothes!

Change to Plateau®, the clothes with the weightless feel... by Timely® Clothes

What with better heated homes, cars, offices, buses... you just don't need heavy clothing. And you certainly have no need for clothes that weigh you down! Plateau® suits and topcoats are tailored of a regular-weight all-wool worsted, providing all the protection you need this season. Yet, because the fabric has been pre-laxed by Pacific Mills, you hardly feel any of its weight on your back! Instead, you experience a new kind of clothing comfort... a refreshing feeling of lightness and freedom. What's more, Plateau suits and coats have Balanced Tailoring, the scientific blending of hand-needlework and machine sewing that puts in smarter appearance... and keeps it there! Only Plateau can give you this weightless feel plus Balanced Tailoring. Choose yours here tomorrow.

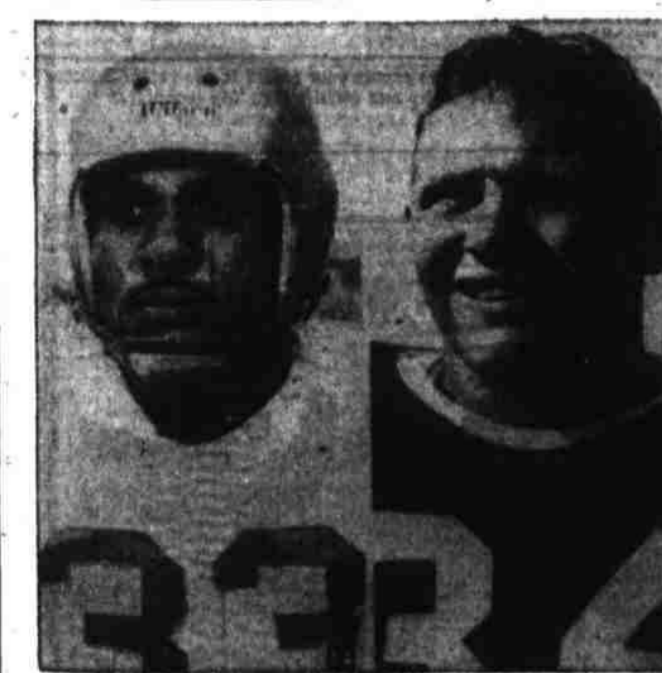

*Reg. U. S. Pat. Off.

Plateau suits \$75
Plateau topcoats \$65

Backs Of The Week

Oille Matson (left), University of San Francisco fullback, and Keith Flowers (right), Texas Christian University linebacker, have been named by The Associated Press as backs of the week for this week. Matson, named offensive back, has averaged 7.4 yards per carry. Flowers, the defensive back, calls defensive signals for TCU and is an outstanding pass defender. (AP Wirephoto).

NOW LOOK BOYS!
Use Your Heads For Something More Than A Hot Rack

Save yourselves some money. And we're just the ones that can tell you how to do it. Don't lump off on just any old used car you see. Check every lot in town. See if they sell clean cars, cars that are ready to go out and do the job, and cars that are guaranteed. If you find that all of these qualifications are met, then price the automobile, or better still, price the difference you will have to give between your old car and the one of your choice. It makes no difference how a car is priced. The difference in the cars is what actually counts. If a dealer adds to the top he can very easily take off of the bottom. After you check all of the lots in town; then come into McEwen's modern lot of fine used cars and you will know what we meant when we said you could save yourselves some money. The same thing is true of our new Buick automobiles. Each car is priced legitimately. We try to give a fair trade-in allowance on every used car. Another way to save money is to purchase your new car NOW. The stock we have on hand now is for sale minus the 3% tax increase. Our next shipment will come equipped with some said 3% increase. Think it over. Come in today and Save Yourselves Some Money.

HEARING

Continued From Page 8

diot stations, and his service, as a radio technician with the Coast Guard in World War II.

He originally had contemplated backing from L. N. Kennedy of Chickasha, in his application for a license to operate a station in Big Spring. But among contacts made when he came to Big Spring in January, 1949, Lyon said, was V. T. Anderson. He said Anderson expressed interest in the station, and the upshot of "more or less daily" conferences during the early months of the year was that he would be joined by the Anderson brothers in the enterprise.

He had filed application for the license in October, 1948, and this was pending before the FCC. Letters were introduced showing that he had asked the FCC about the status of the application, and was

advised at the end of March that the application was undergoing examination.

It was on April 22 that the partnership agreement was signed, and Lyon received his construction permit May 6, 1949.

Another exhibit was a release from all interest and responsibility in the station, signed by Kennedy, and dated April 24. Lyon said that the Andersons gave him expense money to make the trip to Chickasha to see Kennedy.

Lyon then was asked repeatedly by attorneys, as well as Commissioner Walker, about the matter of reporting to the FCC the partnership agreement, and why an application for transfer was not filed. Lyon said the matter was discussed several times, but that nothing was done. He said that the Andersons did nothing to encourage filing for the change, in fact discouraged it, while Anderson had testified that Lyon had discouraged it.

Both witnesses had said they wanted to avoid a delay in getting KTXC on the air.

"It should have been transferred immediately if it had been on the up and up," Lyon said at one time. Later he said "time just slipped by—it got past us." On another occasion in his testimony he said that none of the principals knew how to go about getting the transfer effected. Lyon's testimony brought several complaints from attorneys that he was too vague. He did enter into the record that by mutual decision, no action was

taken to transfer the license from himself to the partnership.

Questioning of Lyon showed that the FCC never received a copy of the partnership contract until November 20, 1950, when it was forwarded to the agency with a letter by Lyon himself. This occurred soon after Lyon had severed relations with the Big State Broadcasting Company, which had succeeded the partnership, and whose formation had been reported to the FCC.

Anderson earlier had testified that Lyon's resignation was accepted in October, 1950, after several meetings of corporation officials who were concerned about the lack of profits.

Anderson also testified to the filing of a suit against Lyon, and the award of a district court judgment against him in the amount of \$2,840.39. Court records were offered also to show that suit was filed against Big State by the Andersons for guarantee of Lyon's stock in the corporation; and that the stock was acquired by the Andersons through public sale to satisfy the judgment.

Later testimony from Lyon detailed activities to get KTXC on the air. He told about purchase of used transmitting equipment from KCRS, Midland; about the modification of that equipment to meet license specifications; about contract for the tower and construction of the building. In all these

activities, said the witness, Anderson had a part.

In the matter of getting a lease from the city of Big Spring for the station site at the city park, Lyon said "I never could have gotten that by myself." He said Anderson told him that he had discussed the lease matter with a member of the city commission.

LOSE OUT TO OWN KINFOLKS

RICHMOND, Va., Nov. 7. (AP)—Prosecutors in two adjoining Virginia Counties bowed in elections Tuesday to their own kinfolk.

Lyon G. Tyler, Jr., was a knocked out of office in Charles City County by his cousin, J. Alfred Tyler, 599 to 367. Both are descendants of President Tyler.

In New Kent County, W. W. Richardson dislodged his distant cousin, Richard C. Richardson, 507 to 398.

More Casualties

WASHINGTON, Nov. 7. (AP)—The Defense Department identified today 206 more battle casualties in Korea. A new list reported 46 killed, 150 wounded, eight missing and four injured.

CLARK NAMED MAYOR

Dems End 68-Year GOP Rule In Philly

PHILADELPHIA, Nov. 7. (U—) The Democrats, electing a mayor and other officers, captured control Tuesday of the city government, dealt the Republicans their worst defeat in Philadelphia history and ended a 68-year GOP rule. City Controller Joseph Sill Clark, Jr., 50, won the mayoralty post by more than 123,000 votes over Republican Dr. Daniel A. Polling, 66, internationally known Baptist minister and writer. Elated, Clark said "This is not a victory of any group or clique. It is a victory of all decent people regardless of party." Polling wished the Clark admin-

istration "every worthy success" but insisted in a statement, "I was defeated by Republicans who are still Republicans and who will vote the Republican ticket when the Republican party is completely reorganized."

Polling referred to city registration figures which show the GOP outnumbered the Democrats better than two-to-one.

It was a landslide, in both votes and results, as the Clark-led Democratic ticket elected 30 of its 31 candidates. It lost only one contest—for district councilman—though winning 14 of the 17 council seats. Complete returns showed Clark 42,133. Polling 319,977.

Clark pegged his campaign in this nation's third largest city to recent federal, state and municipal probes that uncovered graft and corruption in many city offices.

Republicans won two special congressional contests, continuing Pennsylvania's delegation in the U. S. House at 20 for the GOP and 13 for the Democrats.

Democrats lost out to the GOP in three long-time strongholds—Reading, Easton and Carbonale. Erie and Coatesville turned out the GOP mayors and elected Democrats.

NAMED COUNCIL PRESIDENT

Crime Group's T-V Counsel Wins Vital New York Voting

By GEORGE CORNELL. NEW YORK, Nov. 7. (U—) Scrupulous Rudolph Halley, gunning for crooks in government, won New York City's second highest office Tuesday in a startling upset of mighty Tammany Hall. By a smashing 163,492-vote margin, he was elected city council president, beating the acting Democrat incumbent, Joseph T. Sharkley. He did it with only splinter-party support—and on his first try for public office.

It was a stunning blow to the ruling Democratic organization, and the second year in a row that Tammany has floundered in defeat.

It also was a great victory for the Liberal Party, Halley's chief sponsor. The Liberals had more than 51,000 votes on their voting

machine line, almost 90,000 more than the second-place Democrats. Halley's total was built up with Independent and Fusion Party votes.

Democrats had predicted the light "off year" registration would work in their favor, but a party spokesman asserted "off year" indifference caused the defeat.

Halley said "A victory has been won by all citizens for decency in government."

The winner, pledged to war on what he calls "corruption, and gangster domination" in politics, rose to national renown as the adept, quick-minded chief counsel of the Senate Crime Committee's dramatic probe here.

As in 1933 when the late Mayor Fiorello H. LaGuardia was swept into office on the heels of the Seabury investigations, Halley's victory was seen as a public outcry against the official dirt he exposed.

Halley said "A victory has been the whipped-up Fusion-Liberal Independent ticket for the \$25,000 a-year post.

Halley got 657,158 votes Sharkey 493,666; Republican H. S. Latham, 485,744; and Clifford T. McAvoy, ALP, 104,166.

Scandals had reverberations in other local elections in New York state.

Strong upstate Republican gains also were noted. Twelve cities replaced Democratic mayors with Republicans, while Democrats captured the office from the GOP in nine cities.

Staten Island, halted by a state crime commission probe, turned Democratic District Attorney Herman T. Methfessel out of office

and elected a Republican for the first time in 43 years.

Methfessel was under fire for allegedly failing to act against gamblers. Sidney O. Simonson, 40, insurgent Republican, won with 30,822 votes to Methfessel's 14,770.

Mayors Picked By Large Cities

By The Associated Press. Mayors elected in some of the larger cities Tuesday.

Philadelphia — Joseph S. Clark, Jr. (D), party turnover.

Indianapolis — Alex M. Clark (R), party turnover.

Boston — Mayor John B. Hynes, re-elected.

Cleveland — Thomas A. Bufile (D) re-elected.

Columbus, O. — James A. Rhodes (R) re-elected.

Little Rock — Prat Remmel (R), party turnover.

Bridgeport, Conn. — Jasper McLevy (Sec) re-elected.

Gary, Ind. — Peter Mandiek (D), party turnover.

Port Wayne, Ind. — Harry W. Baals (R) party turnover.

Salt Lake City — Mayor Earl J. Glade re-elected, unopposed.

Oilmen Told To Stay Away From Controls

CHICAGO, Nov. 7. (U—) Lt. Gen. Ernest O. Thompson of Texas warned the oil industry today to steer clear of the "withering hand" of federal control.

Thompson, senior member of the Texas Railroad Commission, accepted the American Petroleum Institute's industry award of a gold medal in a speech emphasizing that progress in developing and conserving oil has come under state controls.

The industry has made great achievements "under state control of production by your own state officials and by an active industry under the free-competitive, profit-motive system," the veteran conservationist said.

"It's the American way of life in action," Thompson told the oil men. "Let's steer clear of federal control that lays a withering hand on inventive initiative. We do not want security that stifles progress. We do not want any welfare state. All the oil industry wants is a free opportunity in a fair field to serve the people with their own oil and gas needs at bargain prices."

Thompson said that price is the greatest conservation "gent."

He illustrated by citing what has happened recently to the flare gas, or casinghead gas, produced along with oil in Texas.

In the past it had no value and was wasted. Building of pipelines out of Texas gave such gas definite market value, and the Railroad Commission began insisting that the gas so produced be returned to the reservoir for lifting more oil, or de-processed and utilized.

Fields left behind in the fields thought to be depleted, is a great untapped reserve of oil for the future, Thompson said. In many fields not more than 15 or 20 per cent of the oil was recovered under old methods and conservation practices.

Modern conservation practices developed through research are bringing ever-increasing percentages of recovery of oil, Thompson said.

Braceros Can Work On Ranches In U. S.

EL PASO, Nov. 7. (U—) Rep. Clark Fisher said Tuesday Mexican officials have agreed to recommend lifting of a ban on Mexicans working on ranches under Bracero contracts.

He said this to the Texas Sheep and Goat Raisers Assn.

Gov. Shivers spoke briefly before leaving for Chicago to address the American Petroleum Institute.
