

## 'Give-And-Take' Plan Suggested On Buffer

By ROBERT B. TUCKMAN  
MUNSAN, Korea, Oct. 25. (AP)—The United Nations today proposed a give-and-take compromise to set a buffer zone across the war-torn Korean peninsula.

The U.N. proposal called for the Allies to yield about 200 square miles of North Korea in the East, and for the Reds to give up a similar area in the West.

The buffer zone would be about 2 1/2 miles wide and follow generally present battle lines.

The proposal was introduced in

a subcommittee meeting in Panmunjom shortly after cease-fire negotiations were resumed by the main Red and Allied teams, ending a 64-day breakdown in the parleys.

There was no immediate indication of Communist reaction. The Reds previously demanded a buffer zone along Parallel 38, old political boundary between North and South Korea.

Ma, Gen. Henry I. Hodes, subcommittee member who presented the

Allied proposal, cautioned the Reds to accept it, or face a less favorable offer later. He pointed out that while talks were in recess, the Allies had advanced their line many miles northward.

After the proposal, accompanied by detailed maps, was made to the Communists, the subcommittees adjourned until 11 a.m. Friday (8 a.m., CST, Thursday).

Brig. Gen. William P. Nuckols, U.N. command spokesman, said the Communists would be obliged to give up Kaesong, former site of cease-fire talks. It is just below Parallel 38 in Western Korea.

The proposed buffer zone would run from the mouth of the Yesong River in West Korea to 11 1/2 miles southeast of Kosong on the Korean East Coast. The Allies are about 50 miles north of Parallel 38 in that area.

The line would run about four miles south of Pyongyang, apex of the old Iron Triangle bulge area of the Communists. It would bend south to about 6 1/2 miles south of Kumson, the blasted Red headquarters, and supply center on the central front, now virtually in Allied hands.

From that point it would twist northeastward and through a point about 15 miles north of the Hwachon Reservoir on the East Central Front and then generally northeast to the East Coast.

Allied forces would keep hard-won, blood-soaked Heartbreak Ridge on the East Central Front.

Nuckols said the main delegations session was "very amicable."

After half an hour Gen. Nam Il, chief Red envoy, proposed that the cease-fire problem be handed back to the subcommittees. The Allies agreed.

The subcommittees were deadlocked on the issue when the Reds called off the talks at Kaesong Aug. 23.

Thursday night was the first time since negotiations opened July 10 that the United Nations command has publicly announced exactly where it wanted the cease-fire line.

Previously the Allies insisted on current battle lines.

In earlier talks debate had centered around a 20 kilometer (about 12 miles) zone.

The new proposal would incorporate "in general" the gains won by Allied forces in recent weeks.

## UN Planes Hit Red Rail Setup

EIGHTH ARMY, Korea, Oct. 25. (AP)—Planes pounded the crippled North Korean rail system today in one of the war's most concentrated attacks.

Waves after waves of fighter bombers roared down on Red rolling stock. Fifth Air Force officers said the Reds were surprised and had no time to get their trains into tunnels.

Nine locomotives and 90 rail cars were destroyed. Nineteen locomotives and 129 cars were damaged.

Three brief hot battles were recorded during the day. One Russian-made MIG-15 was damaged. There were no reports of Allied losses.

One F-4U Corsair crashed and burned in Red territory after being hit by ground fire. The pilot died.

A comparative lull fell across the battle fronts as truce talks re-

sumed in Panmunjom.

Some sharp action came southeast of Kumson on the Central Front. Tank-supported infantry seized a Communist-held hill despite strong Red resistance.

Troops stormed the high ground as American tanks hit the Chinese entrenched in their bunkers.

South of this peak, other Allied soldiers maintained pressure against Chinese forces clinging to the tip of a high ridge line mostly occupied by the Allies.

Southwest of Kumson a tank-infantry force probed almost a mile deep into Red defenses before turning back.

Elsewhere patrols probed Red positions. All met small arms and mortar fire.

Ten MIG-15s made one firing pass at F-54 Thunderjets during the afternoon. They fled to their Manchurian base before any damage was inflicted to either side.

## Prominent Stanton Druggist Is Dead

STANTON, Oct. 25. —Last rites were to be held here at 3 p.m. Thursday for J. L. (Joe) Hall, 78, who had operated a drug store in Stanton for more than four decades.

Services were to be held at the First Baptist church, with the Rev. Fred McPherson, Lubbock, former pastor, officiating, and burial was to be in the Evergreen cemetery.

Mr. Hall was found at the rear of his drug store at about 11 a.m. Wednesday by his son, Jiggs Hall, pharmacist, who heard a shot. Mr. Hall had a wound in his head and a .38 calibre pistol lay at his side. Death came at 2 p.m. in the Martin County Memorial hospital. An inquest was being conducted but no verdict had been returned.

A community leader as well as a long-time druggist, Mr. Hall had been unable to carry on actively for several months because of failing health. His death occurred on

or near the anniversary of the death of a son, Dr. Leslie Hall, who gave his life in action in the Pacific theatre during World War II.

Mr. Hall was a native of Malden, Mo., where he was born Nov. 3, 1880. He operated a drug store in Loraine for several years before coming to Stanton in 1907. In 1907, in partnership with a brother-in-law, he opened a drug business here. Until ill health intervened, he was regularly at his post for the next 43 years. In that period he earned a host of friends, and his business became a West Texas legend and institution.

Surviving are his wife; one son, Jiggs Hall; one daughter, Mrs. Maxine Gooch, Humble; two brothers, Morgan Hall, Stanton, and Harry Hall, Lubbock; three sisters, Mrs. Ollie Vivian, Asherton, Mrs. Minnie McDaniel, and Mrs. Bert DeVaus, San Antonio. Arrangements here were in charge of the Arrington Funeral home.

## Ike Reported Willing In Case Of Draft

NEW YORK, Oct. 25. (AP)—A former New England publisher says Gen. Eisenhower told him he would run for President "if it were a matter of duty."

Leonard V. Finder, active in the short-lived Eisenhower boom of 1950, wrote in Collier's Magazine that Eisenhower would accept either a Republican or Democratic draft "if it is clearly an expression of the American people's wishes."

## San Angelo Mayor New League Chief

MINERAL WELLS, Oct. 25. (AP)—The League of Texas Municipalities elected Mayor Armistead Rust of San Angelo its president and selected Dallas as the 1952 meeting place Wednesday.

Trustees named include, Mayors E. H. Klein of Amarillo, C. W. McCullum of Odessa, J. L. Bullard of Kerrville, and Otto Plummer of Beaumont.

## Acheson Leaves For Paris UN Meetings

By EDWARD E. BOMAR  
WASHINGTON, Oct. 25. (AP)—Secretary of State Acheson and most of an 81 member American delegation leave today for the United Nations General Assembly session opening in Paris, Nov. 6.

Most of the U. S. delegation is due to sail from New York at 3 p.m. (CST) on the liner America.

Despite the longshoremen's strike, the U. S. Lines told the State Department the America would sail as scheduled (Pier 17, Staten Island). Acheson himself planned to go to New York by train at 10 a.m.

Included in the group of advisers and aides announced Wednesday night by the State Department was R. Gordon Aronson, special adviser to Acheson on atomic affairs. His presence reflects the expectations of U. S. officials that Russia will renew pressure at Paris for acceptance of Moscow's plan for international atomic control. The U.N. has overwhelming support for the plan in the past.

Beginning with the acknowledg-

ment by Premier Stalin on Oct. 6 that Russia had exploded an atomic bomb, Moscow has been waging a new propaganda campaign for outlawing atomic warfare of Soviet terms.

Without reference to Russia's rejection of the U. N. proposal for an on-the-spot inspection to see that no nation makes bombs in secret, Moscow has been stressing a contention that Russia wants to outlaw atomic weapons and that the United States refuses to go along.

On the basis of recent statements by Stalin, Foreign Minister Andrei Vishinsky and other indications, diplomats expect that Moscow may press also for a "Big Five peace pact" among the United States, Britain, France, Russia, and Red China.

Ambassador Alan G. Kirk, who leaves from his Moscow post, is in the U. S. delegation among 25 advisers. Others include American members of the U. N. military staff committee, Lieut. Gen. Willie D. Crittendon, Vice Admiral Oscar C. Badger, and Air Force Lieut. Gen. Hubert R. Harmon.

## Remington Is Indicted Anew For Perjury

NEW YORK, Oct. 25. (AP)—William W. Remington, former government economist whose perjury conviction was reversed on appeal, was indicted today by a federal grand jury on new perjury charges.

The new five-count indictment alleged he lied five times at his trial earlier this year.

United States Attorney Myles J. Lane said a grand jury said that Remington perjured himself under oath on the witness stand when he testified that:

He did not pass government securities to an admitted Soviet spy courier.

He never knowingly attended Communist Party meetings.

He never paid party dues.

He never tried to recruit anyone into the party.

He did not know until last year that a Young Communist League existed at Dartmouth College which he attended in the late '30s.

Lane said Remington will be arraigned Tuesday before Federal Judge Vincent L. Leibell.

Remington's previous trial lasted seven weeks. It ended with a jury of seven men and five women finding him guilty of perjury for felling a grand jury that he never had been a Communist.

Federal Judge Gregory F. Noonan imposed the maximum penalty of a five-year prison sentence and a \$2,000 fine.

Remington, 34, has been free in \$7,000 bail since his conviction in February. The conviction was reversed in February.

Under the new indictment, Remington, if convicted on each of the five counts, could be sentenced to 25 years in prison and fined \$10,000.

## SNOW, COLD HIT IN NORTHWEST

CHICAGO, Oct. 25. (AP)—Snow and cold hit Northwest States today but warmer weather was on the way for the North Central States.

Snow fell in Montana, Western North Dakota and Northeast Wyoming, Lewistown, Mont., reported three inches of snow and a reading of 24 above.

The wet area extended into Northern Nevada and Southern Texas, which reported rain. Rain also fell in the Northern New England States. It was generally fair in other parts of the country.

## City Commission Slates Meet Today

City commissioners will meet at 5 p.m. today, H. W. Whitney, city manager, reported this morning.

The meeting will take the place of a regular session postponed from last Tuesday. Up for discussion will be the prospect of disposing of some 30 acres of airport land as a site for a housing project being sponsored by the chamber of commerce.

Tentative agreement on deletion of the land from the airport area was reached by city and Air Force officials at a meeting last Thursday. If the agreement is approved in Washington, the land will probably be sold to a private firm for development as a housing area.

Other points tentatively agreed on at the city-Air Force meeting will probably be discussed today.

## Jail For Strikers

MONTEVIDEO, Oct. 25. (AP)—Impressment of 28 employees of a government commodities purchasing and selling agency has been ordered as a result of the 11-day old general strike here in Uruguay's capital.

## EX-CON ARRESTED

## Moonshine Deaths Now Stand At 33

ATLANTA, Oct. 25. (AP)—A former convict was arrested on a manslaughter charge today in the deaths of 33 persons who drank a deadly moonshine mixture of wood alcohol and water.

Solicitor Paul Webb of Fulton County, said the man who made the liquor would be charged with murder when captured and that he would demand the death penalty.

The two latest Atlanta victims, who died last night, were Negroes. Charles Simmons, 42, entered Grady Hospital immediately after drinking the poison and died within one hour. The other victim was John Blount, whose wife was one of the first to die Monday.

Of 13 Negroes arrested by police, eight have been charged with involuntary manslaughter and placed in \$2,500 bond. The others are still being questioned. They are

## Heavy Vote Turns Out In Britain As Estimates Lower For Tory Seats

### NEARLY 35 MILLION BRITONS GO TO POLLS IN CRUCIAL ELECTION

By The Associated Press  
To be elected—Members to fill 620 seats in a 624-member House of Commons. Four seats have been won by Ulster Unionists.

Conservatives unopposed. The vote for one seat was postponed by the death of a candidate. The party winning most seats in Commons chooses the prime minister and runs the government.

Total candidates—1,369. Labor and allied party candidates, 619; Conservative and allied candidates, 612; Liberals, 108; Independents, 11; Communists, 10; Scottish Nationalists, 4; Irish Nationalists, 3.

Who can vote—34,915,112 Britons over 21; peers and felons are barred. Women voters exceed men by three per cent.

Main contenders—Clement R. Attlee's Labor Party, in control since 1945, and Winston Churchill's Conservatives. At the end of the last Parliament, Labor held 313 seats, Conservatives and their allies, 295. The Liberals, who often vote with the Conservatives, had nine. Labor carried 46 per cent of the popular vote last election; Conservatives and allies 43 per cent.

Issues—On the home front, austerity, nationalization of industries and heavy taxation. In the international scene, problems of rearmament, relations with the United States, setbacks Britain suffered in the Middle East.

Polls close—9 p.m. (4 p.m. CST).

Results—First returns expected around 11 p.m. (6 p.m. CST). Results in 319 districts expected before overnight counting ends at 4 a.m. Friday (10 p.m. CST Thursday). Votes for 297 other seats will be from three isolated Scottish constituencies expected Saturday, one seat Monday.

## Labor Party Gets Out The Workers

LONDON, Oct. 25. (AP)—An unprecedented surge of voting in the British general election today cooled some of the pre-election optimism in the Conservative Party, one of its officials said.

Estimates of the expected Tory majority "have been scaled down," he added.

A Conservative official said the number of people who cast ballots between 7 and 9 a.m. was "much greater than last time." The majority of these early voters would be Socialist government supporters, balloting before they went to factories and industrial plants.

"Every indication is that they (the Socialists) have succeeded in getting out a big vote," the official said.

Between 9 a.m. and noon the source said, the polling appeared to be running two per cent greater than in the 1950 election. Conservatives said they were confident that these ballots were "at least evenly divided, if not favorable to us."

The source, who asked not to be identified, said "estimates of the majority have been scaled down now. They are talking about 35 to 45 seats."

This estimate, in fact, was the one held by independent analysts during the past four days. Conservative supporters had talked of majorities from 70 to 100 seats.

Winston Churchill said he has filed suit for libel against the London Daily Mirror. The Conservative Party central office said the statement came from Churchill's London home. It read:

"A writ has been issued on behalf of Mr. Winston Churchill for alleged libel contained on page one of today's issue of the Daily Mirror."

The exact nature of the libel was not stated.

The weather, foggy and cold when the polls opened, turned fine during the evening.

Some waited in the grey, clammy dawn to cast their ballots as soon as the polls opened. Workmen stopped on their way to factories, mingling with others coming home from all-night shifts.

Conservatives and Socialists sent

## Soviet Envoy Meets Egyptian Officials

By TOM STONE  
CAIRO, Oct. 25. (AP)—Russia's envoy to Egypt met for 90 minutes Wednesday night with Egyptian Foreign Minister Salah El Din and Cairo newspaper editors today with banner headlines on the news.

Salah El Din told reporters after the meeting that he and Soviet Minister Semen Pavlovitch Kovrev had discussed "Egypt's support of Russia's demand for appointment of a Russian judge at The Hague international court and other questions concerning Egypt."

The independent newspaper Al-Ahram said Salah El Din, asked by reporters whether Russia had offered Egypt arms, replied that armament affairs were not discussed.

Britain, already maintaining a tight military and naval control of the Suez Canal Zone, reiterated her determination also not to be forced out of the vast cotton-growing Sudan to the South.

In the Sudan's capital, Khartoum, British Civil Secretary Sir James Robertson told the legislative assembly today, Egypt's cancellation of the 1952 condominium agreement was invalid.

"We foreign minister said 'we must use the arms the British always have used against us,' adding, 'our fight will require all our energies and perhaps blood. We are not against a weak enemy, but a strong one.'"

Underlining the foreign minister's words, Egyptian Royal Air Force jet planes were seen flying low over Cairo today. It was not immediately apparent what their mission was.

Al-Ahram reported—without confirmation—that U. S. Ambassador Jefferson Caffery was acting as mediator between the Egyptians and British in an effort to help settle their dispute over the Suez area.

Caffery was received in audience Wednesday by King Farouk at the Montazah Palace in Alexandria.

Caffery conferred later with British Minister M. J. Cresswell in Cairo.

There was no official announce-

## Some Courthouse Bonds Arrive Here

Some of Howard county's courthouse bonds have arrived here for the required signature of county officials.

The first group includes \$75,000 bonds in the amount of \$1,000 each. The county sold the million-dollar issue to a syndicate several weeks ago, and plans to issue \$688,000 this fall.

County Judge Walter Gries, County Clerk Lee Porter and County Treasurer Frances Glenn are required to sign the bonds.

## Center Point 4-Her Exhibits Grand Champ Pig; Sale Today

Howard county's eighth annual 4-H and FFA Pig Sale, sponsored by local Jaycees, will start at 3 p.m. today in the 4-H building at Municipal Airport.

Some 30 animals, including the grand and reserve champions of Wednesday's Swine show, will go on the block. Approximately half of animals exhibited in the show will be for sale—one for each club member participating.

Donald Fuller, Center Point 4-H clubber, showed the grand champion of the eighth annual show Wednesday. The honor went to his pig entered in the heavyweight class of the market fat hogs division.

The reserve champion was exhibited by Delbert Denslow, LeMay 4-H club member. The reserve champ was first in the light-weight class of the market division.

Denslow also showed the champion animal in the Sears Glits division of the show, while the reserve champion in that division went to Jimmy Weiburn, Martin county club boy.

Jerry Wooten was owner of the champion Sears bear and the champion of the open bear class. Reserve open bear was exhibited by Art Doda, Coshoqua 4-H club boy.

W. A. Douglas, of Martin county, exhibited the champion pen of three at the Sears Area Pen of Three class. Second place in

## Flow Of Trade Shows Donald's Is Popular

The old saying that you can always tell a good place to eat by the number of truck drivers who patronize the establishment doesn't always hold true.

A good recommendation for a restaurant or cafe, however, is the amount of its steady trade. If the amount of that trade is big, then the food prepared by that establishment must be good.

A concern which always does good business with local residents and transient trade alike is Donald's Drive Inn in Big Spring, located at 2406 Gregg street in Big Spring.

Donald's, owned and operated by Donald Brown, offers a varied line of choice, tasty dishes from chops and steaks to sandwiches and short orders.

The establishment specializes in Mexican food, prepared by chefs backed by years of experience in preparing that type of food.

One of the things that makes Donald's the popular place it is, is the car-hop services it extends its customers. Those who desire to dash in for quick meals and have them served in their vehicles can give their orders through courteous car hops.

Plenty of parking space is available at all hours for Donald's customers.

Early callers can have tasty breakfast prepared for them. Business telephone number of Donald's Drive Inn is 220. The concern is open seven days a week.

The Baldwin Acrosonic, pictured above and on display at the Adair Music Company, 1708 Gregg, is a superb instrument. It embodies the extra care and skill, along with top quality materials, that make Baldwin a standout in the piano field. Adair has an unusually wide variety and volume of pianos in stock for discerning West Texans.

## Baldwin Pianos Get Best Of Materials

The final measuring stick for materials which go into Baldwin pianos is a simple question: "Is it the best?"

Through the years Baldwin has stressed this question, rather than raising an issue on cost. This has contributed to the excellence of Baldwin, an excellence which may be seen as well as heard at the Adair Music Company, 1708 Gregg.

Before piano fabrication begins in the Baldwin factory, at Cincinnati, Ohio, selected woods are dried under controlled conditions. These may include poplar for core stock, rock maple for pin blocks, actions and bridges; mahogany, walnut, oak and prima vera for case parts.

Special glues, each adapted to a certain wood or woods, are used

## Rolls Prepared By Mead's Make A Hit

A tasty, as well as easily prepared, addition to evening meals, now that summer is past and the housewife doesn't mind "heating up" the kitchen, is Mead's Brown and Serve rolls.

Good, even in hot weather, Mead's rolls are especially fitting for fall and winter servings. And they can be served with the absolute minimum of time and effort.

Simply slip the cloverleaf rolls in a hot oven, and they're ready to serve, steaming hot, in from five to eight minutes.

The Mead's bakery product is made with pure butter and whole eggs. Their flavor comes out just like homemade rolls when they receive the final baking.

The rolls are prepared fresh daily in the local Mead's bakery plant, one of Big Spring's largest industries. Deliveries are also made daily, assuring Big Springers and people living in this area of always-fresh bread, whether it be the cloverleaf rolls or one of the other Mead's products.

These, in addition to the popular Mead's Pine Bread, are the whole-wheat and buttermilk loaves, Honey Krushed bread (made with pure honey), the convenient sandwich loaf, and rye and French bread.

All Mead's products are manufactured in the company's Big Spring plant, one of the largest in this section of the state, as well as one of the best equipped anywhere. Mead's bakery is fitted with the best equipment money can buy, according to Bob Mead, local manager.

The latest developments in bread-baking equipment are incorporated in the plant. Mead's employs 68 Big Spring people, accounting for one of the largest commercial payrolls in the city.

But the manufacture of bread in the Mead plant involves more than personnel and machinery. One of the principal factors in the baking operation is the know-how that goes into each loaf or roll.

With this know-how, Mead's skilled bakers blend ingredients into the best-flavored loaf that naturally stays fresh longer—without the use of chemicals, the bakery manager said. This fact alone probably accounts for the wide popularity of Mead's bread throughout West Texas.

## H-D 125 Machine Makes A Fine Christmas Present

Cecil Thixton, the local motorcycle dealer, readily concedes that a Harley-Davidson 125 would make an exceptionally fine Christmas gift for any youngster, and he also is confident that now, and not later, is the time to make arrangements for such a gift.

Thixton, whose place of business is located at 908 West Third street, is assembled by less than 10 of the new 125's in his display room. He scarcely got them out of the packing crates before he learned that delays ranging upward from 60 days may be expected on future orders from the manufacturer.

"They are doing some defense work for the government," and the volume of motorcycles coming off the assembly lines is expected to decrease immediately," Thixton explained.

This, coupled with the fact that dealers all over the country just about cleaned out existing supplies at the factory when they heard that Congress might pass a higher excise tax bill, is expected to keep supplies reduced for some time.

Incidentally, Thixton is making plans to attend the annual convention of Harley-Davidson dealers to be held in Milwaukee on Nov. 21. While there he will pick up two more machines which he has ordered previously, but had to put aside so that he could bring them from the factory personally.

### Mr. Johansen Evaluates Soil For Gardeners

A good soil is one composed of both clay and loam, according to Johnnie O. Johansen, City Park superintendent.

In an address before members of the Garden Club Wednesday afternoon in the residence of Mrs. A. C. Bass, 605 Main, Mr. Johansen told of proper soil for raising various shrubs and plants. He then answered questions from the floor concerning individual garden problems.

Mrs. D. E. Riley also spoke to the group. She told of the work of the City Federation. The business meeting was directed by Mrs. J. D. Benson.

A lace laid serving table from which refreshments were served carried out the Halloween motif. China and silver services completed the appointments.

Displays during the afternoon featured dahlias, bachelor buttons and cosmos.

Some 35 persons were present.

Speedy Beet Soup\*  
Fish Fillets French Fried Potatoes  
Green Peas Bread and Butter  
Apple Cobbler Beverage  
(Recipe for Starred Dish Follows)  
**SPEEDY BEET SOUP**  
Ingredients:  
Two 7 1/2-ounce jars junior-food beets  
4 jars water  
1 clove garlic  
2 tablespoons finely grated onion (soak and juice)  
1 bay leaf  
3 tablespoons lemon juice  
1/4 teaspoon salt  
1/2 cup commercially prepared sour cream  
Method: Put beets in saucepan; add water, using beet jar as measure. Peel and cut garlic clove fine; using a mortar and pestle or blender, grate, crush, garlic, until it disintegrates. Add to beets with onion, bay leaf, lemon juice, and salt. Bring quickly to a boil. Then lower heat and simmer 20 minutes. Remove bay leaf. Serve with 2 tablespoons of sour cream dropped into center of each bowl. Makes 4 generous servings.

### District Conference Of Altrusa In Angelo

Delegates to the 22nd annual conference of the seventh district of Altrusa International to be held in San Angelo Friday and Saturday have been selected by the local club.

They are Faye Kuykendall, Ann Eberly, and Ova Mae Edwards. Others planning to attend from Big Spring are Oma Buchanan, Faye Stratton, Louise Horton, Marguerite Wooten and Ruth Apple.

Included in the seventh district are Arkansas, Louisiana, Oklahoma, Texas, Guatemala City, Mexico, and Korea. The chapter in Seoul, however, has been inactive since the outbreak of the war. About 200 representatives from other states and countries are expected to attend.

Guest speakers will include Miss Gretchen Vanderschmidt of St. Louis, Mo., president-elect of Altrusa International; Grace S. Wallace, Midland, first vice governor in the district and second vice president of Altrusa International. Dr. Nina Fay Calhoun, Fort Worth, past president of Altrusa International, will be present also.

The conference will begin at 8 p.m. Friday with a bus tour of San Angelo. Mayor Armistead Rust and Garland Franks, city manager, will conduct visits to the North Concho Dam and to the Fort Concho Museum.

Friday's entertainment will be mixed with a Round-Up party at the Goodwin Tavern. The program is planned to "give an idea of the Western atmosphere." The Tavern will be transformed into a barn scene with the program theme being, "Texas, Proud and Loud."

The program Saturday will begin with a breakfast at Hotel Cactus, headquarters for the conference. Business sessions will be held in the morning, and a luncheon will be given in the St. Angelus Hotel. Dr. Calhoun will be mistress of ceremonies at the luncheon. Bernice McGee, district governor, will preside, and invocation will be given by Mrs. Una Hutchens.

Lella Cachola of Manila, Philippine Islands, will be main speaker. Workshops will be conducted during the afternoon by Willie (Bill) Walker, immediate past governor.

Climax of the conference will be the governor's banquet Saturday evening at the Cactus. Mrs. Isla Eckert, president of the San Angelo club, will preside.

DESIGNING WOMAN

### Opaque Shades Are Cause Of Softer Lighting Glow

By ELIZABETH HILLIER

"I am a window peeper," writes Mrs. J. W. H. "That is, I gaze into people's living rooms as we drive by, and I envy those whose rooms are lit by warm, soft glow. The majority, no matter how tastefully furnished, are bright, white and glare-y even without overhead lighting, like my own. Is it the fault of the lamp-shades? I am determined to have the lighting effect I covet and will change the shades on all my lamps, should that be the answer." Yes, Mrs. H., lamp shades do make the difference. The warm, soft glow you like comes from lamps which have opaque shades. With opaque shades, there is no glare spot from the bulb and other light through the shade to create the "white" effect—as there is with the translucent white shades that are so popular. A change from shades that you can see through to shades you can't see through makes a striking change in the lighting effect in a room.

Mrs. D. C. — "I have a blond wood table and a mahogany veneer table and would like to know if it is possible to find a fruitwood finish for them."

After removal of the existing finish, it is possible to refinish woods in a number of colors with the many shades of stains of which paint stores supply. You can change these tables to a fruitwood color but their different wood grains will take the finishing differently than a real fruitwood. Be especially careful in treating the veneered table to make sure that the finish remover which removes its present finish does not warp and loosen the veneer.

Mrs. K. H. H. — "I've heard that lamps can be changed from direct to indirect light with a special bulb. Is this possible?" Yes, there is a bulb which is treated in such a way that the direction of light is changed.

Public Okays Admission Of The Greeks, Turks Into Pact Group

By GEORGE GALLUP Director, American Institute of Public Opinion PRINCETON, N. J., Oct. 25.—The fear that admitting Turkey and Greece into the Atlantic Pact will over-extend that treaty organization by guaranteeing the defense of still another frontier, is apparently not widely shared by the American public.

approve allowing Greece to join the pact? Favor including Greece 69% Oppose 11% No opinion 20%

When the subject came up last month at a meeting of the Atlantic powers, several smaller nations felt that if Greece and Turkey were admitted, too great a strain would be put on the military resources of the other members because they would then have to help guarantee the defense of two more countries.

The above questions were put to all voters in the sample, regardless of whether they had any prior knowledge about N.A.T.O. and how it works.

The next question dealt with Greece, as follows: "How about Greece—do you favor or oppose allowing Turkey to join this pact?" Favor including Turkey 69% Oppose 11% No opinion 20%

Approximately one person in three (33 per cent) was able to give a reasonably correct description of N.A.T.O. or its purposes.

## Billy Graham Talks At Baptist Meeting

HOUSTON, Oct. 25. (AP)—Evang-  
list Billy Graham speaks today to  
the Baptist General Convention of  
Texas.

The Baptists attacked "moral de-  
generacy in our government" Wed-  
nesday and said it threatened the  
existence and security of the na-  
tion.

Delegates adopted a strongly  
worded statement to that effect.

The convention will vote today  
whether to increase the 150-man  
executive board to 180 members.  
The 20 new members would be lay-  
men. Officers also will be elected.

A building and loan association  
was established for loans on church  
construction and repairs. This was  
a major recommendation by the  
executive board. Headquarters will  
be at Dallas. Plans are to set up a  
central fund of \$250,000 to start the  
loan fund.

Dr. J. Howard Williams estimat-  
ed a need for 1,000 more churches  
in Texas. He said churches are in

drastic need of repair. Dr. Williams  
said many of the churches could  
not obtain commercial loans.

The commission report urged  
support of the United Drys cam-  
paign against liquor in Texas and  
commended the seminaries and  
"some of our colleges in admitting  
to their classes qualified students  
without racial discrimination."

Wayland College at Flatview re-  
cently opened its doors to qualified  
Negro students.

The Christian Life report was  
presented by Rev. A. C. Miller of  
Dallas, director of the ministry to  
minorities.

Dr. J. W. Bruner, executive sec-  
retary, reported total receipts for  
Baptist schools and hospitals were  
up \$1 million over last year — to  
\$7,022,388.95.

Miller said the property value of  
the schools increased to \$25,550,  
\$28,511 over last year, a gain of  
\$28,410.81; that the property value  
of hospitals increased to \$19,023,  
\$25,721 — a gain of \$5,300,264.12.

Dr. Williams said in the first 11  
months gifts of \$18,155,434.95 had  
been received for permanent im-  
provements and endowments.

He reported Texas Baptist gifts  
to foreign missions this year total  
\$1,511,314.48.

Miss Gladys Allen of Waco and  
Cazlow Morris of Houston were  
named Baylor trustees. They re-  
place J. Sayles Leach of Houston  
and Wiley Atkins of Fort Worth.  
The number of Baylor trustees will  
rise from 36 to 48 next year. The  
board will include 11 members  
each from Waco, Dallas and Hous-  
ton, where Baylor branches are lo-  
cated, and 13 members from the  
state-at-large.

The \$10 million budget for the  
general convention was approved.

## State Cautious Over Oil Talk Resumption

By JOHN M. HIGHTOWER  
WASHINGTON, Oct. 25. (AP)—  
State Department officials appear-  
ed cautiously optimistic today  
about chances for the resumption  
of talks between Britain and Iran  
in their bitter tug-of-war over  
Iran's oil nationalization.

American officials were reported  
to be exploring intensively with  
Iranian Premier Mohammed Mos-  
sadeq various proposals for a for-  
mula which might provide a basis  
for negotiations. The British gov-  
ernment was being kept informed  
of developments.

If an understanding can be  
reached it will provide one of the  
first great international tasks for  
the British government to be  
seated following today's national  
election in Britain. A previous  
American effort to help work out  
a settlement of the oil dispute  
broke down last August.

American officials appeared to

be most hopeful today of working  
out some formula which would  
meet Iran's adamant insistence on  
control of its rich oil industry, but  
still permit Britain to continue  
marketing the oil at a substantial  
profit.

The British so far have been  
determined that an agreement on  
internal management of the indus-  
try must be reached along with  
any agreement on external man-  
agement of oil. It is their view, to  
which American officials also sub-  
scribe, that Iran has neither the  
experience nor the experts to man-  
age the British-developed industry.

Some chance is seen of working  
out this problem by placing ac-  
tual operational management of  
the industry under a competent  
"neutral" oil man — neither Iran-  
ian nor British — without prej-  
udicially Iran's claim to overall con-  
trol.

## Rain Threat Puts Damper On AEC Test

LAS VEGAS, Nev., Oct. 25. (AP)—  
Threatening rain, moving down  
from the Northwest, put a damper  
today on the preliminary phase of  
Exercise Desert Rock, the joint  
Army-Atomic Energy Commission  
maneuver.

The initial rehearsal for the  
atomic battlefield test was held at  
dawn Wednesday with B-29 bomb-  
ers making what appeared to be a  
conventional bomb run.

About 1,000 troops, including units  
from Camp Roberts, Calif.; Fort  
Lewis, Wash., and the 11th Air-  
borne Division from Camp Cam-  
pbell, Ky., were believed to have  
been in forward positions for the  
TNT type blast.

The AEC did not say how many  
such dry runs will be made before  
the atomic drops start. But it was  
considered significant that the AEC  
called Wednesday's run "an initial  
rehearsal" indicating more warm-  
ups to follow.

No test was scheduled today; any  
decision about Friday probably de-  
pends on the weather.

The commission's test chiefs re-  
turned to Las Vegas from the site  
Wednesday night as the weather  
bureau forecast rain in the Yucca  
Flat area, 75 miles northwest.

They declined comment on the  
dry run, which was held primarily  
to test communications, sound blast  
waves, etc.

Planes from the Air Force Strate-  
gic Weapons Command flew from  
Kirtland Air Force Base, Albuquer-  
que, N. M., to take part in the  
tests. Several B-29s from Indian  
Springs Air Base, near the test site,  
also were said to have participated.

### TO GET BEEF

## Seek To Allow Army Pay Premium Price

By OVID A. MARTIN  
WASHINGTON, Oct. 25. (AP)—A  
proposal that the Army be allowed  
to offer a premium price to get  
essential supplies of beef was being  
discussed in government circles  
today.

The proposal found considerable  
support at the Agriculture Depart-  
ment, where there has been a re-  
luctance to join the Office of Price  
Stabilization (OPS) on some other  
proposals which some OPS offi-  
cials say would not only get sup-  
plies for the military but help to  
enforce price ceilings.

The armed services have been  
unable to buy all the beef they  
need recently. Relatively few  
slaughterers have bid on Army  
purchase offers. Some have said  
they have been unable to buy  
enough beef cattle to supply their  
normal civilian customers. Others  
have said that government price  
ceilings are such as to make it  
more profitable to sell to civilian  
outlets.

The OPS has submitted a plan  
under which the government would  
regulate beef production of in-  
dividual eligible slaughterers un-  
der certain conditions.

The plan would attempt to limit  
beef production by individual

slaughterers for civilian markets  
to 100 per cent of the quantity pro-  
duced in the like period last year.

The OPS contends that such a  
limitation would tend to reduce  
cattle buying by some plants which  
have greatly expanded operations.  
This expansion has resulted in  
sharp competition for cattle and  
much overpayment.

The Agriculture Department is  
willing to go along with the OPS  
on a requisition program to get  
supplies for the military, and op-  
erate it.

Such a system was used during  
the last war. But department of-  
ficials believe the job of getting  
military supplies could be done  
more simply merely by allowing  
the Army to offer a price prem-  
ium.

The department is reluctant to  
be drawn into a program which  
would attempt to limit slaughter  
operations by individual packers.  
Officials say Congress banned such  
a program when it specifically pro-  
hibited the use of slaughter quotas.

Officials emphasized, however,  
that the department was not un-  
willing to help with a price con-  
trol program if it did not conflict  
with the intent of Congress.

Just what will come of the OPS  
proposal may be determined af-  
ter Secretary of Agriculture Bran-  
nan returns to his office today  
from a speaking engagement in  
the Midwest.

### Butcher Charged With Threat To Export

FORT WORTH, Oct. 25. (AP)—A  
reported \$2,500 extortion plot  
against a wealthy Fort Worth ex-  
ecutive brought charges of threat to  
export money Wednesday against  
Leslie E. Sapp, 33, butcher.

Sapp was arrested after Loy Wat-  
tenbarger, head of a Fort Worth  
wholesale gasoline firm, told po-  
lice of an extortion plot against him.

Wattenbarger said he had received  
a threat Monday. He said he  
was told that if he did not leave  
\$2,500 cash in an envelope in his  
office by noon his home would be  
"blown up" 20 minutes later.

# Brief Scuffle Hits Gotham Waterfront

**NEW YORK, Oct. 25. (AP)** — A brief but spirited scuffle erupted on New York's strike-became waterfront today when some 100 longshoremen drove through the strikers' picket lines.  
The scuffle, led by a supporter of President Joe Ryan of the AFL International Longshoremen's Association broke through and around a picket line of 250 men at a Hudson River pier where the liner Coronia had just docked.  
Fist fights broke out. There was shouting, yelling and gouting. No one was seriously hurt, police said.  
Virtually all piers in the big Port of New York, including New Jersey docks, and in Boston already have been shut down by the strike.  
A total of 122 ships have been immobilized, some of them with perishable cargoes rotting in the holds. Tons of other freight was piling up on docks at the rate of \$25 million worth a day.  
John J. (Gene) Sampson, who heads the insurgent pier workers, said pickets already had left New York for the three cities in an effort to idle piers there.  
Sampson's assertion came after a three-hour heated session between the split factions of the AFL

International Longshoremen's Association which broke up at midnight (CST) today.  
Federal Mediator Clyde M. Mills, who presided at the meeting, when asked about the progress of negotiations to end the 11-day old rebel strike, said only: "They got things off their chests."  
Mills added that he would call another meeting later in the day.  
Meanwhile, Joseph P. Ryan, I.L.A. president, said he would meet with his executive board today to cope with the new developments.  
Besides the New York and New Jersey piers, Boston and Albany, N. Y., docks are idle as a result of the strike.  
Last night a plan to end the crippling strike collapsed when rebel dock workers refused to follow Sampson's suggestion that a new vote be taken on a recently approved contract.  
The contract, which upped hourly pay from \$2 to \$2.10 is the main contention in the intra-union fight. The insurgents want to scrap the agreement and get a 25-cent hourly wage raise.  
Ryan's contention that the new contract was approved by a two-to-one vote among 85,000 longshoremen from Maine to Virginia is disputed by the dissident group.

# Tri-State Area Is Hit By Milk Strike

**NEW YORK, Oct. 25. (AP)** — Almost all milk supplies were cut off from 12 million consumers in the three-state metropolitan area today by a strike of 15,000 drivers and dairy plant workers.  
Hope for settlement rested largely on the imminent probability of an Office of Price Stabilization order raising retail milk prices. This might place the employers in a position to satisfy the strikers' pay demands.  
Marathon negotiations, which started Wednesday noon, continued almost continuously through the night and early today in an effort to settle the dispute.  
Mediators representing the federal government, New York State, New Jersey, Connecticut, and New York City guided the talks.  
Latest word on the course of the negotiations was a mediator's statement Wednesday night that "definite progress" was being made.  
The strike, which began at 3 p.m. (CST) Wednesday, was called by five locals of the AFL International Brotherhood of Teamsters in a move to enforce a demand for a 20 per cent wage increase.  
The walkout hit some 200 companies serving New York City, Long Island, suburban Westchester County, N. Y.; eight counties in Northern New Jersey and parts of two more, and the southwestern corner of Connecticut.  
Deliveries to plants from New York's milkshed started to halt as soon as the strike started upon expiration of a company-union contract.  
Many of the milked farmers, who normally ship \$500,000 worth of milk daily into the New York market were expected to send their milk to local plants for conversion into cheese, ice cream and other products.  
The strike's impact on consumers

was felt starting at 1 a.m. (CST) today when milk trucks failed to roll.  
The union continued deliveries to hospitals, schools, military installations, convalescents and certain other institutions.

# Plan Public Probe Over Barkley Aide

**WASHINGTON, Oct. 25. (AP)** — Senator Nixon (R-Calif.) called today for a full-scale inquiry and public hearings to bring out all the facts about any government loan activities of Mrs. Flo Bratten and Charles D. Shaver.  
Shaver submitted his resignation Wednesday as counsel for the Senate Small Business Committee. Chairman Sparkman (D-Ala.) accepted it promptly.  
Shaver has said that Mrs. Bratten, secretary to Vice President Barkley, joined him in making visits to officials of the Reconstruction Finance Corporation (RFC) to ask about more than a million dollars in federal loans.  
Both of them denied they exerted influence in connection with the loans.  
Both already have been questioned in a preliminary inquiry by the Senate Investigations Subcommittee, but Nixon told reporters that only "a thorough public investigation will clear up the situation." Nixon is a member of the committee.  
Barkley said at a news conference Wednesday, after talking privately with Mrs. Bratten, that he already had notified Chairman Hoey (D-NC) he would cooperate fully in an investigation. Mrs. Bratten has worked for Barkley 25 years.  
The Vice President said that he is reserving judgment on whether or not to retain Mrs. Bratten.  
In accepting Shaver's resignation, effective Oct. 31, Sparkman said "the criticism of his conduct" might impair the work of the small business group.  
Involved is RFC approval of a \$1.1 million loan for a proposed luxury hotel — The Chalfonte — in Miami Beach and a \$325,000 loan to the Mercury Record Company of Chicago. Sponsors in each case objected to the RFC's terms and no money was advanced to them.

While Anheuser was on his back, another cameraman—Jim Conklin, of the Milwaukee Journal—snapped this picture.

### B String Seeks Revenge In Go With Angelo

Upset by San Angelo's Kittens in San Angelo a couple of weeks back, the Big Spring B team will try to avenge that loss in a Saturday night game here. The win over the Dogies was the only one the Kittens have been able to achieve all season. They've lost four games. The Angelenos beat the Shortboms by four touchdowns and did it with passes and interceptions. Last week, while Big Spring was cleaning up on Snyder, Angelo was losing 47-23 to Odessa. The Angelo coaches are Jim Brasher and Mason Gorby while Wayne Bonner and Larry McCulloch tutor the local eleven. The Big Springers have chilled Stanton, Lamesa's B team and Snyder's reserves on two occasions, while losing to San Angelo and Sweetwater. In six games, the locals have counted 77 points, compared to 62 for the opposition. James Hills has been the team's leading threat and has plenty of help in the backfield from such backs as Rex Bishop, Kirk Faulkner, Freddy Black and others.

### Important Tilts Loom Saturday In Local Loop

Though East Ward and Airport have been eliminated from title competition, the Ward school football league race may not be decided until the final week of competition. The race ends Nov. 2. At the present time, five teams are still given chances to finish on top of the standings. North Ward has the best opportunity, since the Hilltoppers have copied three decisions and played one tie in four games. West Ward and College Heights have each lost one game. Central is unbeaten in four starts but has been tied twice. Kate Morrison has an outside chance at the crown, having won two and lost two in four games. Contests Saturday morning will pit Kate Morrison against North Ward at 9 a.m., Airport against Central at 10 and West against College Heights at 11. ### ONLY SMU IS IDLE Southwest Teams In Rugged Tests

The Southwest Conference season will be half over this week after the unpredictable teams play two championship and two inter-sectional games. Four training camps reported injuries but no team was crippled badly. Standings, after last week's upsets, were upside down. Saturday's schedule: Texas A&M vs Baylor, College Station, 2 p.m. Rice vs Texas, Austin, 2 p.m. TCU vs Southern California, Los Angeles, 2:30 p.m. Arkansas vs Santa Clara, Little Rock, 8 p.m. SMU sits this one out, but prepared workouts Wednesday in preparation for its Nov. 3 game with the Texas Longhorns in Dallas. In conference standings all the early-season big guns, excepting Baylor, are at the end of the list. From the bottom up its the Mustangs, Aggies, Longhorns, Razorbacks, Owls, Bears and Frogs. Following the unsuspected upsets last week Rice, never figured to beat SMU, and Arkansas, who topped mighty Texas, came up Wednesday with the top linemen in the nation. An Associated Press poll ranked center Bob Griffin of Arkansas the top defensive star and Rice End Bill Howton top offensive star. Some figured Arkansas would defeat Texas, but mostly the figures thought Texas would continue its victory march. High spot in this week's schedule is the Baylor Bruins (and Larry Isbell) against Texas A&M (and Glenn Lippman). Most of Baylor's workout Wednesday was spent scrimmaging against Aggie tactics. No injuries were reported. A&M was studying the Bruins' passing plays and perfecting their own offensive plans. In Austin, Ed Price was searching for a way to stop Rice's Dan Drake-to-Bill Howton touchdown passing attack. He showed his starting offensive halfbacks into the defensive secondary. This gave the Steers two speedsters, Don Barton and Gib Dawson, to team with safety Bobby Dillon against the fleet-footed Howton when the ace Owl end

### LOOKING 'EM OVER With Tommy Hart

Charley Lee Harris, the Plainview quarterback who broke his arm in last week's game with Austin of El Paso, wasn't the Bulldogs' first string signal barker. His spelled Dale Scott at that position, although he took over regular duties for a while when Scott suffered a similar mishap last year. Scott is a two-year letterman who weighs 180 pounds. Plainview has been spotted by Big Spring on two occasions this season. Plainview hasn't quite lived up to expectations this season but could still win 1-AAA honors without lifting too many eyebrows. Larry Isbell, the Baylor grid wizard, had two kicks partially blocked last week but still has a season's booting average of 40.3 yards. Only one player in the Southwest Conference—Jerry Norton of SMU—has a better mark (41A) and Jerry has punted 15 fewer times than Isbell. Conn Isaacs, the Big Spring high school assistant mentor, left last week for his new job at Amarillo but his son, Larry—an up-and-coming end with the Yearlings—will remain here until mid-term. RUBBER FOOTBALL IS NOT NEW HERE The rubber football, used in several games down in Dixie, isn't exactly a similar model has been employed in Physical Education classes here for years. The model which has gained favorable reception in some big-time games is called the Voit XFO. The X, no doubt, stands for experimental. Two of Oklahoma A&M's stellar basketball players of last season—Gale McArthur and Keith Smith—are now with the Air Force at Amarillo. Both will play basketball for the post team next season. TOO MANY SCHOLARSHIPS, SAYS BONES IRVIN Bones Irvin, the athletic director of Texas A&M, says that the Southwest Conference should get together and adopt regulations governing the number of scholarships available to athletics before each school is ruined financially. He adds A&M has 60 scholarships and suggests that the number be placed at between 55 and 60. Five of Midland's 1951 baseball players are spending the winter there. They are Eddie Jacobs, Hayden White, Bruce Blumenthal, Eddie Melillo and Rudy Eschobar. Jacobs works for an oil company and serves as an athletic director for the Midland Youth Center.

### Confidence In Seives Could Mean Lot To Longhorns Friday Night

The poet Virgil once put it thusly: "They are able because they think they are able." That could apply to the Big Spring Steers in their Friday night football outing with the Plainview Bulldogs in the local stadium. The Longhorns have some good football within them. They showed they could rise up in the face of disaster and win when Haskell threatened to score for the second time and achieve victory last week end. The win over Haskell broke a losing streak that had extended through ten games over a period of two years. There is more than suspicion that the Big Springers have yet to play their best game this year. If they carry confidence, among all other things, onto the field Friday night, then Plainview is in for quite a time. By any measuring rod, the Bulldogs could be favored to cop that one with yards to spare but, if the locals elect to contest for the decision, they could send the Bulldogs back to Plainview licking their wounds. The Longhorns have been showing hustle in camp all week. Their blocking has been improving steadily. The spirit is good, as evidenced by the fact that ball carriers have praised their blockers consistently on scrimmages against the B team. In Plainview, the Steers are going to meet a capable, battle wise team that could go all the way, unless the Steers do their part toward deterring the express. Several of the lads on the team were regulars two years ago. One of the best known Plainview players is Tom Caskey, good even in 1949. Since that time, Caskey has come a long way. Of the lads who will start against Big Spring, ten are lettermen, Jake Finney, a 205-pound tackle; and Dale Scott, 180-pound quarterback, along with Caskey have won two numerals. The Bulldogs hold wins over Poly of Fort Worth and Austin of El Paso and have lost to Lubbock, Amarillo and Pampa. Last year, Plainview won four and lost six games.

### Vois, Spartans Retain Respect As Best 11's

By ED CORRIAN NEW YORK, Oct. 25. (AP)—It's the halfway point in the college football season and time for some stock-taking. Writers who voted in the Associated Press' pre-season poll thought Tennessee and Michigan State would finish at the first and second teams in the country. The two powers have found their level and that's just how they stand now. And both have a good chance of finishing that way. The Vois still play Tennessee Tech, North Carolina, Washington and Lee, Mississippi, Kentucky and Vanderbilt — not a particularly strong array, while the Spartans face Pitt, Notre Dame, Indiana and Colorado in their final four games. Texas and Texas A&M also were voted in the first ten before the season opened. They both have been beaten only once, and Texas is No. 10 in this week's AP poll. But their one defeat each has been in the Southwest Conference, which means they'll have to go fast to overtake undefeated Baylor. The four surprise teams of the country have been Georgia Tech, Illinois, Northwestern and Princeton. Oklahoma, the national champion last year, was pegged at No. 4 this time, but the Sooners have played just 500 football with two victories in four games. Colorado is leading the Big Seven, a league which doesn't have an undefeated team. Ohio State probably is the biggest disappointment. The Buckeyes were supposed to win the Big Ten title without too much trouble. They are tied for ninth place currently and have lost three of their four games. Kentucky was to give Tennessee "fight for Southeastern Conference honors, and Alabama was rated high, too. Washington was the power of the West Coast outside of California, and if the Golden Bears stumbled once, the Huskies would grab the Pacific Coast title and a Rose Bowl spot. Kentucky is hobbling along in eighth place in the "Southeastern loop while Alabama is a solid last. California stumbled, but Washington wasn't there. It was Southern California, which could go right into the Rose Bowl.

### Annual Pee-Wee Bowl To Open

COLORADO CITY, Oct. 24. — Play in the Fifth Annual Pee-Wee Bowl will open Thursday at 2:30 p.m., with the Mighty Mites of Sweetwater and Snyder clashing, closely followed by Colorado City and Lorraine. All games will be played in Wolf Stadium, northwest of Colorado City. The annual pee-wee events are sponsored by the Quarterback Club of Colorado City and Ross Daniels, Quarterback President, has announced that final plans have been made for the contest. After the afternoon games, the youngsters will eat in the new cafeteria of the elementary school at 5:30, with the first of the two night games scheduled for 7:30. The Championship battle is set for 9:30 p.m., and awards will be made at 9:30. In the Colorado City classic, which Colorado Citizens believe favored other pee wee bowls, players may not weigh more than 105 pounds, be more than 12 years old and must have passing grades in school. Because, last year's winner, will not play this year. A squad is limited to 24 players and coach, the latter taking the field with his charges. He must remain five yards behind the line of scrimmage during play. All players were entered prior to October 15th. An official insignia has been chosen for the game and will be copyrighted. Cops will be present to the winner and runner up and each participant in the games will receive a "pee" shirt with the words, "Pee Wee Bowl, 1951" printed thereon—in the proper school colors. In addition to the "T" shirts, each performer will receive a certificate of award and an ID card from the Pee Wee classic and the local Quarterback Club. Boo Nall, who has officiated at each game in the past, will again call the penalties. If scoring results in a lopsided count, penalties and first downs will be used to determine a winner.

### Marciano Not Awed By Joe

GREENWOOD LAKE, N. Y., Oct. 25. (AP)—Quiet optimism oozes from this training camp of Rocky Marciano, unbeaten heavyweight with 37 straight victories. You'd think he was ready for another Humpty-Dumpty in Providence rather than the chance of a lifetime against old Joe Louis Friday night. "Other fighters died" in the dressing room from fear of the Brown Bomber's fists. This won't happen to Marciano. "Louis — even if he is 37 and showing signs of wear and tear — is enough to inspire deep respect especially in a youngster who was only nine years old when Joe fought his first pro fight."

### Texas Teams Getting Bowl Consideration

BAKERFIELD, Calif., Oct. 25. (AP)—Seven junior college teams are in the running for the fourth annual Potato Bowl game here, Dec. 1. The Kern County Shrine Club, sponsor of the event, lists the likely candidates as Olympic College of Bremerton, Wash.; Tyler, Kilgore and Wharton of Texas, and Compton, Long Beach and San Bernardino of California.

### IN WILLIAMSON'S EYES

## Cornell, Baylor, Stanford Favored To Win Battles

By PAUL S. WILLIAMSON A writer of jagged pieces were left over from last week's wave of astounding upsets on the gridiron. Experience indicates that after every such curious rebuff of the "Big" teams, the teams settle down and return more or less to the expected form. The Williamson system will try for a better percentage this week, although its record of 84.3 per cent correct last week was nothing to be ashamed of under the circumstances. On Thursday the annual Clemson-South Carolina State classic occurs. Take the Clemson Tigers. On Friday Chattanooga butts into the Black and Gold of Mississippi Southern. Both of them are terrores in mid-bracket circles. So have a slightly in favor of Chattanooga's Moccasin. Another close one will be Oklahoma A&M to trim Duke. The system missed on Miami of Florida last week, but the Rebels of Ole Miss should stem the Miami Hurricane this Friday. There will be three games of the week, each accorded prime importance depending on the fans' locale. In the East Cornell ought to squeak by Princeton. In the Southwest the figures say Baylor over Texas A&M but don't be surprised either way. On the Pacific slope Stanford should down Washington by a touchdown. Other games Saturday worthy of the spotlight, either because of tradition or of closely-raised opponents include: Citadel over Presbyterian, Denver over Brigham Young, Iowa State over Drake, Duke over Virginia (one of the oldest football classics in the south), Michigan over Minnesota, Wisconsin over Northwestern (tough), Penn over Navy, Boston U. (and Agassiz)

## IN 5-B HEADLINER Cardinals Host Steers Friday

Hermleigh faces the task of trying to stop Robert Lee's surge to the District 5-B crown this week. The Cardinals, recent upset victors over Coahoma, tonight with the Longhorns at Herculais. If Hermleigh wins, the race will be marred to such a degree that it may require the remainder of the season to untangle. Robert Lee, loser of three straight non-conference struggles, has been the surprise outfit in conference play, having won three games in a row. In other matches this week, Hobbs invades Coahoma for an important bout, Ira visits Trent and Brown squares away with Lorraine in the Lorraine park. If Coahoma can kick Hobbs, the Bulldogs will be in good shape to contest anybody for the conference flag. The Panthers will not be pushovers, by any means. The Hobbs team has lost only one game in six starts. STANDINGS TEAM W L T Coahoma 3 1 0 Hobbs 2 1 0 Lorraine 2 1 0 Trent 1 2 0 Brown 1 2 0

Rearmament

NEW YORK, Oct. 25. (AP)—The former President Herbert Hoover says the burden of rearmament is straining the nation's economy.

The answer to the problem, he said Tuesday night, is to reduce government spending and balance the budget as nearly as possible.

He said the country must re-arm, however, because "the Communist menace will be with us as far ahead as any man can see."

Two Minor Traffic Mishaps

In the area of foreign policy, local points of disagreement are relations with the United States, methods of conduct in the cold war with Russia and the struggles in Iran and Egypt.

Ever in the final hours the Socialists pounded the theme that Churchill, at the head of the government, would endanger peace. He has called this charge a "cruel and ungrateful accusation."

Livestock Feed Shortage Said Facing U.S. In '53

WASHINGTON, Oct. 25. (AP)—The Agriculture Department cautioned today the nation will face a livestock feed shortage in 1953 unless more corn and other grains are produced next year.

The department predicted domestic consumption of raw cotton during the current marketing year will total about 10 million to 10.5 million bales. It forecast exports of six million bales, and added "The large exports will be caused by an effort on the part of hot importing countries to replenish the extremely low stocks existing at the beginning of the crop year and a continuation of world consumption slightly below the record level of last year."

REARMAMENT IS STRAINING THE U. S. ECONOMY

NEW YORK, Oct. 25. (AP)—Former President Herbert Hoover says the burden of rearmament is straining the nation's economy.

The bureau said higher prices for feed grains are in prospect for the year ahead. "This outlook was said to be based on the smaller supply of feed, larger numbers of livestock, and continued high prices for livestock products."
