VOLUME III.

TEXAS TECH, LUBBOCK, TEXAS, APRIL 3, 1928.

NUMBER XXIII.

TODAY IS FINAL DAY OF GREAT CONFERENCE

Dr. Read to Give Chemistry Talks In Northwest U.

DISTINGUISHED CHEMISTS TO TAKE PART IN SOCIETY CHEMICAL INSTITUTE.

Dr. W. T. Read, head of the department of Chemistry has been asked to conduct a series of lectures on "Modern Industrial Chemistry" at the second session of the Institute of Chemistry of the American Chemistry Society, to be held at Northwestern University, Evanston, Ill., from July 23 to August 18.

This institute is held for the purpose of giving persons interested in chemistry, either in an industrial way or as teachers, the benefit of the latest in theoretical chemistry.

Men prominent in the chemical field throughout the world will take part in the session to be held this summer. Among these men who will assist in conducting the institute will be Harry H. Holmes, head of the department of Chemistry of Oberlin College. Professor Holmes is an authority on soaps and on general Colloid chemistry.

E. S. Hopkins, of the University of Illinois, and the discoverer of the element thulium, and also noted for his work on osmotic pressure.

Industrial and Engineering Chemistry, which is published by the American Chemical Society, says Dr. Read in regard to his proposed work at the Institute.

W. T. Read, now of Texas Technological College and formerly at Yale University, will discuss "Modern Industrial Chemistry." Perhaps most of our readers know Professor Read best on account of his energetic interest in the student's course at the National Exhibition of the Chemical Industries, since he was responsible for both the initiation and the successful development of the idea. He has maintained a lively interest, not only in the trends of modern industrial chemistry, but in the development of new apparatus and new methods, as well as new products, and represents his subjects with an enthusiasm which is shared by his audience.

Dr. Granbery to Address Abilene Meet

Dr. John C. Granbery is to address a meeting of the West Texas Historical Association which meets at Abilene on April 21. Dr. Granbery is to speak on "Neglected Factors in the History of the South Plains."

Mr. McDonald Judges Three Talkfests.

Mr. J. F. McDonald had a rather unique experience last Friday when he was called to Eledsee to judge the various debates and declamations held in that city. Mr. McDonald was the sole judge of the Junior and Senior Boys' Declamation and the Senior Boys' Debate.

All-College Circus to Be Held in Gym on 31

There is to be an All-College Circus held on April 31 in the Gym. The affair is to be preceded by a parade conducted through the business portion of the city. The various clubs of the campus are to be represented by floats and booths.

The present plans include acts by these clubs, and the different schools of the college. Following the circus proper, there will be dancing and bridge will be played by those who do not care to dance.

Miss Pearl Harrison, secretary to Dr. Horn, went to Roswell last Friday for a visit of a few days with her mother.

College Biographer To be Hostess on Tour

Adela Rogers St. Johns, Hollywood biographer, who has been writing intimate stories about the movie stars in Hollywood for the past five years, newspaper reporter, magazine writer and author of a half dozen novels, is going to act as hostess for the College Humor Tour to Europe. She knows all about the stars both off and on the screen, and she can be persuaded to tell some tremendously interesting stories.

Dick Hyland, football idol from Leland Stanford University and All-American halfback, will be host. The last few years he has turned to writing and some of his articles have been widely commented upon. These two famous writers together with more than one hundred happy collegians set sail from Montreal June 22 to do Europe.

Notice—Return Rifles

Lieut. Killin requests all students not signed up for M. T. this term return all rifles on M. W. F. at 3 o'clock at the Gym.

Tech Alumni Assn. Decides Membership Rank

The Tech Alumni Association met last Tuesday night to formulate and adopt a constitution. Under the provisions of the constitution any person receiving a degree from the institution is to be eligible for membership. An annual fee of \$1.00 is to be assessed each member.

Officers for the succeeding year are to be elected at the annual banquet to be held on the night following the conferring of diplomas.

Newton Here to Attend Internat'l Conference

Jeff Newton, of Anson, Texas, returned to Lubbock last Saturday, after a visit to his home town of a few days. Newton has not been able to enroll in school this term due to ill health, but he has maintained his interest in school affairs and is here to attend the international relations conference.

One-Act Play Tourney To be Held Here Soon

A one-act play tournament, a part of the general competition of the Interscholastic meet, is to be held in the college on April 7, under the direction of Miss Pendleton. This one-act play tournament is a distinct part of the Interscholastic league activity but is to be held here early in April in order that the dates of April 20-21 will not be overly crowded.

Dean J. M. Gordon and Dayle Wallace were called to Stephenville, last Friday by the death of Mrs. Gordon's sister.

Senior Class is to Meet Wednesday Eve

Seniors are requested to meet on Wednesday evening to take up matters relative to the closing exercises. A full attendance is desired.

Geology Studies To Make Field Trip to Montana

Announcements are out for the Geology field trip for the summer of 1928. This course is numbered as 330, with prerequisites of Geology 141-2-3.

The field for the 1928 field trip will be Glacier National Park, Montana. While this will be the main objective of the trip, places of geologic interest enroute in Colorado, Wyoming and Montana will be visited and studied briefly. The party will leave Lubbock by motor bus Monday, June 4th, and will be back in Lubbock Monday, July 9th. The party will camp out the entire time of the trip. Tents, cooking utensils, and other necessary camping equipment will be furnished by the college. Each student will provide his own bedding, however. The entire expense of the trip will be \$75. This will include tuition, transportation and board. It does not include laundry. Student desiring to make this trip will make written application, accompanied by a deposit of \$10.00 not later than April 15th. In case more apply than can be accommodated, the deposit will be returned to those whose application is not accepted. Blanks for the purpose of making formal application may be obtained at the office of the department. The remaining \$65.00 must be deposited at the business office not later than June 1st.

It is desired to know the number of students expecting to take this trip. For this reason all students intending to make the trip are requested to report to the geological offices and make application at once. The number to make the trip is strictly limited to twelve.

Dean Gordon to Review College At Clarendon

Colby D. Hall, chairman of the committee on Standards of the association of Texas Colleges has written Dean J. M. Gordon that he has been selected to visit Clarendon Municipal Junior College and investigate that college's application for membership into the association.

The Clarendon Municipal Junior College is not to be confused with the Clarendon College which has for many years been the seat of higher learning in Clarendon but which was discontinued by the action of the Methodist Church last year.

"Mexican Oil Well" Movie to be Shown

Application has been made by the department of Geology for a motion picture on "The Story of a Mexican Oil Gusher." This picture if received by the department, will be presented on the evening of April 3.

The film illustrates the discovery of a bubbling seepage in a Mexican jungle, the efforts of the Mexicans to erect a derrick, the process of spudding in, the drilling of the hole, and finally the pushing black gold to the extent of 150,000 barrels per day.

PRES. HORN TO ABILENE

President Paul W. Horn will go to Abilene tomorrow where he will address the Parent-Teachers Association.

Easter Morning Service Plans Are Announced

The Easter Service which will be held on Sunday morning April 8, from 7:00 to 7:10 a. m. will be the third such service held in Tech since the opening of the school in 1925.

The following program is to be rendered in the archways of the college C. A. and Y. W. C. A.

Music from towers, wood instruments, 6:45 to 6:55. Music, processional, vested choir of Y. W. C. A. Scripture Reading, member of Y. W. C. A. (Matt. 28: 1-10). Easter Hymn—Christ, the Lord is Risen Today. (John 20:11-18). Prayer—Member of Y. M. C. A. Easter anthem—Choir. Prayer—Member of Y. M. C. A. Response by choir. Hymn—Lift up your Voices Now. Address—ten minutes by President Horn. Closing Hymn—O College, Mother Beautiful. The entire student body and friends are invited to attend.

No. 2 District Meet Plans are Being Formulated Now

Preparations are being made to entertain the fifteen hundred or two thousand contestants expected here on April 20-21 to participate in the District Meet, District No. 2 is composed of twenty counties with Lubbock as their nucleus.

Final county meets were held last Friday and Saturday in Lubbock, Hale, Dawson, Dickens, Cochran and Hookley counties. These county finals finish the preliminary competition and entitle the winners in each event to participate in the district meet.

Preliminaries in track will be run off Friday afternoon, April 20 with the finals coming Saturday afternoon, April 21. Preliminaries in debate and declamation will be held Friday morning with the finals coming Saturday. Faculty members and a few advanced students will be engaged as judges for the various events.

The committee charged with making all arrangements for the meet is composed of Mr. A. W. Evans, Dr. W. A. Jackson, Mr. W. P. Clement, and Coach E. Y. Freeland.

Spanish Club to Meet Next Thursday Eve

The first Spanish Club meeting of the third term will be held next Thursday night. The regular meetings of the club are to be held on the first and third Thursdays of each month.

The subject of the next meeting is to be South America. Yerba Amari will be served those present. Officers of the club urge that all members be present and bring 25 cents for term dues.

Tech, Texas-Address Finds Addressee

A letter received on the campus during the past week, was addressed to Mr. (Blank), Tech, Texas. With an address thus unspecified the epistle found itself transported from a town down state to Lubbock and eventually it was put in the hands of the person for whom it was intended.

Thus in less than three years Texas Tech has made such a name for itself within the state that the mere word "Tech" connects Lubbock and the South Plains of Texas, and with no more address than this single word, "Tech" post office officials send the letter so addressed to its rightful destination without contributing to the fate of the far-famed "nixies."

Seniors Attention! Foreign Affairs Conference Now Being Conducted

All Seniors are requested to call at the Post Office for their Junior bid. No Seniors will be admitted to the Prom without their senior bid, and no bids, other than those delivered at the post office will be given to Seniors.

Officers of the Junior class wish all Seniors to observe the foregoing instructions so that there may be no hard feelings on the night of the affair.

Vocational Ag Students to be Guests of Tech

On April 14, the college will again be host to the vocational agriculture students of the surrounding territory in the second judging meet to be conducted under the auspices of the Animal Husbandry Department. There is to be competition in three branches of judging, namely: poultry, grain, and livestock.

Thirty four schools have already signified their intention of entering teams in one or more of the divisions and more entries are expected before the day of the meet. This will be the only meet of this nature in this portion of the state, and many of the teams are anxious to compete in order to determine their relative strength before making plans to attend the state contest which is held annually at College Station. In addition to the regular teams, many of the schools are expected to bring other students of the agricultural classes along with them for instructional purposes, and the number of students attending will probably exceed the number taking part in the contests.

Prof. R. C. Mowery, coach of the Tech College team is superintendent of the contest, and he has plans well underway for conduction of the contest. The judges for the classes will be chosen from the faculty of the School of Agriculture.

Students of the college from the various competing schools are urged to co-operate in every way with the entertainment committee, composed of Phof. R. C. Mowery, Dean A. H. Leigh, and Prof. W. P. Clement in welcoming the visitors, and in making their visit both pleasant and profitable.

Contributions of Local Authors Sent to T. I. P. A.

Contributions from the college to be entered in the general competition of the Texas Intercollegiate Press Association have been sent to the president of the organization. Judges of national reputation will pass on the merit of the various entries submitted in the contest.

Each year the member colleges of the T. I. P. A. are requested to submit certain original contributions in several phases of creative work, which are then forwarded to judges who select the best work submitted in each class.

The general award is not made public until the last day of the annual meeting which is to be held in April of this year at Canyon, where the association is to be the guest of the West Texas State Teachers College.

The three Abilene schools have announced their intention of securing the convention of the T. I. P. A. for that city in 1929.

The convention last year was held at Waxahachie, at which time Tech was admitted to membership.

TODAY IS LAST DAY OF THE CONFERENCE—MANY VISITORS HERE

The International Relations and foreign affairs conference got off to a fine start Sunday, with local pastors and visitors filling the numerous pulpits of the town addressing their audiences on the subjects of the conference.

Visitors were here from Snyder, Amarillo, Lamesa, and intermediate points for the conference which engaged the attention of the South Plains Sunday, Monday and will again be the center of interest again today.

A general convention was held yesterday morning at which time the student body was formally introduced to the subjects considered.

It is interesting to note that Mr. Sherwood Eddy, one of the principal participants at the conference, has spoken on three different occasions in the last four years at a college in Michigan, and he has been invited to address the student body again.

Due to difficulties encountered in publishing news of the Conference in the Toreador this week a full account of the three days will be carried in the next issue of the school paper.

The program for today follows:

- Tuesday, April 3
- 9:30 a. m.—Business session.
- 10 a. m.—American policy in the Caribbean; Bishop E. C. Seaman. Discussion led by Dr. Hackett.
- 11 a. m.—American policy in China; Miss Hattie M. Anderson. Discussion led by Mr. Eddy.
- 2 p. m.—War debts; Prof. J. L. Dufflet. Discussion.
- 3 p. m.—Soviet Russia and other questions. Mr. Eddy's Discussion.
- 8 p. m.—Distinguished visitors entertained by Faculty club.
- Chairman of Committee on Arrangements: Dr. W. A. Jackson.
- Chairman of Committee on Promotion: Mr. Roy McCollough.
- Chairman of Committee on Program: Dr. John C. Granbery.
- Plan Affairs for Months.
- The Foreign Relations Conference has been the product of three months of planning on the part of the committee which has arranged for the speakers, and provided a program of considerable magnitude.

It is believed that the conference held on Tech's campus is the first conference ever to be held in this portion of the state on a similar question. The meet is sponsored by the college, local women's clubs, the Y. W. C. A., and Y. M. C. A., the local chapter of the A. A. U. W. and others.

Dr. Russell to Take Position in Louisiana

Dr. R. J. Russell, Associate Professor of geology, has resigned his position in the department, such resignation to take effect at the end of the present school year. Dr. Russell has accepted a place as Associate professor of Geography at the University of Louisiana.

THE LAST CHANCE.

Today is the last day in which Tech students will have an opportunity to attend the sessions of the International Relations and Foreign Affairs Conference. To pass up a chance to hear such representative Americans in the fields they specialize in is but little short of an intellectual crime. At the general convocation yesterday morning all Tech was formally introduced to the speakers and given an idea of the extent of the conference.

Many students have taken advantage of the opportunity to hear these speakers, but on the other hand many other students have denied themselves the opportunity of attending the sessions of the conference. As today is the last day, The Toreador urges the students of the college to attend the final meetings of the conference.

THE WORM BEGINS TO TURN

"Your money, or I'll blow your brains out," commanded the hold-up.

The victim calmly laughed—the joke was on the robber—he had neither. He was a college boy.

The college student is rapidly coming to the attention of the public, along with mother-manding a prominent place in the in-laws, bad these and scoldmen.

Small wonder that excited people are crying frantically, "What's the matter with our young people? What's wrong with our colleges?" when they read jokes and stories and see movies always portraying the college student as a baby-faced flapper with a cigarette and vanity case or if of the other sex, tipsy slick in a con-skin coat, or the borsome person with horn-rimmed spectacles and an inferior complex. All the necessary equipment for filming a sure success college picture is a bevy of chorus girls, a truckload of gin, and a text book.

Incredible as it may seem to the readers of College Humor of college movie fans, who are yelping about the "failures of colleges," some students are thinkers, sane young people who have their careers planned with time for study, class and recreation. It might be surprising to some people to know that quiet hour is held in many dormitories at which time students actually study, and that quite a few professors are able to keep a class awake for an entire lecture period.

The collegian may use a lot of slang, but he usually has a speaking acquaintance with good English. For instance, "The Story of Philosophy" and "The Mind in Making" are not uncommonly read by these young "Jazz-hounds"—not always for credit in an English course.

The monotony of college life would be a painful disappointment to those sincere reformers who associate college life with good liquor, high-priced roadsters and beautiful girls.

To the sane and earnest students, this misrepresentation is sickening. In their own language, "it's the rot." When will people realize that college students are serious minded young people and not dance-crazy, speed-wots?—C. I. A. Lass-O.

The C. I. A. editorial is just another instance of "hit-back" on the part of college students at the class of writing, it does not usually deserve the same literature which has been followed by the national press for the last few years.

The motion picture worlds, always alert to their opportunity, has simply portrayed college life as the laymen knew it should not be.

ABILENE SCHOOLS INVITE T. I. P. A.

The Press Clubs of the three Abilene colleges are solidly behind the move to bring next year's meeting of the T. I. P. A. here. The state meeting is to be held in Canyon, shortly, and it will be decided there where the next meeting is to be held.

A. C. C., McMurry and Simmons are asking that the next meeting be held in Abilene. They have already sent out general invitation to all the schools in the association. This week Simmons is making a personal appeal to the 20 schools to vote for Abilene. It is planned for A. C. C. to make a like appeal next week; and then the next week McMurry is to write each of the 20 schools personally, and bid for their support.

By that time the three clubs will have selected their representatives to the meeting at Canyon, and they will give the invitation on the floor of the convention.

Material for the annual T. I. P. A. contests is now in and will be entered in the state contest at once. Winners of these prizes will be announced at the T. I. P. A. meeting at Canyon, which meets April 28 to 29.—McMurry War Whoop.

Undoubtedly the Abilene schools will be able to land the convention of the T. I. P. A. Such whole-hearted co-operation on the part of the three Abilene schools deserves considerable commendation.

Programme Copy For 2nd Annual Junior Prom

All dances at the Junior Prom to be held on Thursday night are to be carried out as authorized on the programs, a copy of which is given below. Programs will be given to dancers as they go into the Gym on the night of the dance.

All stags, the number of stags being limited, will be requested to stand off the floor during the dances. As the encore pieces are played tagging will be permitted. It would be advisable for the boys to locate the girls of the next dance during this time.

Order of Dances Junior Prom April 5

- 1.
- 2.
3. Grand March.
- 4.
- 5.
- 6.
- 7.
- 8.
9. Intermission
10. Moonlight Waltz
- 11.
- 12.
- Extras
- 1.
- 2.
- 3.

Everyone is urged to be at the dance in time to see the crowning of the Queen, which will be held after the 2nd dance.

Juniors have until Wednesday night to buy their bids at the Post Office.

To Win.

It takes a little courage
And a little self-control
And some grim determination
If you want to reach a goal;
It takes a deal of striving,
And a firm stern set chin,
No matter what the battle,
If you're really out to win.

There's no easy path to glory,
There's no rosy road to fame
Life, however we may view it,
Is no simple parlor game;
But its prizes call for fighting
For endurance and for grit
For a rugged disposition
And a "don't know when to quit"

You must take a blow or give one,
You must risk and you must lose,
And expect that in the struggle
You will suffer from a bruise;
But you mustn't wince nor falter,
If a fight you once begin,
Be a man and face the battle—
That's the only way to win.
J. R. M.

The Bass Voice Serenade.

In the quietness of the midnight
When all is calm and staid,
There breaks upon the breezes
The bass voice serenade.

The trills of the Ukelele,
The banjo's drumming tone,
Wakes the maiden sleepers
With sweetest notes full-blown.

'Tis as the strains of an angel band
To the heart of the lovers' maid,
For the air of night brings nothing sweeter
Than the bass voice serenade.
—Zelma Ringwald

Snowfall.

Over the housetops noiselessly, slow,
Lightly and softly fell the snow,
Tripping gently with mirth,
Slowly, smoothly, hiding the earth
Along came the wind ready for play,

Drifting the snowflakes in rills by the way
Transforming the earth's coverlet to broadened down,
Miniature hills and valley over the town.
Zelma Ringwald.

Lubbock Man is Candidate for Masters Degree

PROFESSOR MATTHEWS OF L. H. S. APPLIES FOR FIRST ADVANCED DEGREE.

Professor Matthews, Principal of the Lubbock High School, is the first candidate for the Master of Arts degree whose candidacy has been approved by the committee on advanced standing.

Several candidates for this degree are expected to register their application for the Master of Arts degree but they have not done so as yet.

Mr. Matthews attended school at the old Polytechnic at Ft. Worth, before it was converted into the present Woman's College. He also attended college at T. C. U. and S. M. U., doing under graduate work at these institutions. Mr. Matthews was a member of the first graduating class at S. M. U. in 1916. According to his statement there were 26 A. B. degrees, and 7 M. A. degrees awarded by S. M. U. at this time.

Leaving S. M. U., Mr. Matthews taught school for one year in Spur High School, leaving this place to enter the service of his country. He served in the Aviation Service during the war. After the cessation of hostilities, Mr. Matthews did not at once reenter school work, but later became affiliated with the school system of Lovington, New Mexico. He was at Lovington for one year and then went to Plains, Texas.

Mr. Matthews has been in Lubbock for the past five years. The first year he was a teacher in the Junior High School; the second year he taught Physics in the High School; the third year he was principal of the Central Ward, and the fourth and fifth years he has been Principal of the Senior High School.

Mr. Matthews has done 45 hours of graduate work in Texas Tech, this being 9 hours more than is required for the Master's degree. The subject of his thesis is: "Financial Survey of the Lubbock City School for 1927-28." As the complete statement will not be available until the end of the present year, Mr. Matthews will not be able to complete his thesis until the first months of the summer. Upon completing his thesis he will come up for oral examinations, and upon successfully completing them he will be awarded his degree.

Sophs to Meet Next Wednesday Evening

The Sophomore Class is to meet next Wednesday night in room 220, according to the President, William Sewell. All members of the class are urged to be present in order that business of great importance may be transacted.

Student Council to Meet Thursday Eve

The Student Council is to meet Thursday night before the Junior Prom. By meeting at 7:00 P. M., the members will have ample time to attend the Junior festivities.

"Littlefield College" Name of New School

The Junior College which is to be located in Littlefield is to be named "Littlefield College," according to Prof. Freeman, Business Manager of the new institution. The College is to begin operation as a fully accredited junior college, according to the same informant.

Tech Senior is Leading "Pug" in This Vicinity

Claude Hutcherson, Senior of Lubbock is rapidly developing into one of the fore-most "pugs" of the South Plains. He engages in fistic encounters with the leading leather puaders in this vicinity, usually emerging victor.

Some three weeks ago, Hutcherson K. O'ed Chuck McCurry of Snyder in the third round of their scheduled six round bout. Prior to being vanquished by the scholarly pugilist McCurry had a series of 16 straight knockouts to his credit.

Last week Hutcherson was challenged through the Snyder press and in the pages of the Police Gazette, nationally known sport journal, by Ross McNeil who at this time claims Snyder as his home. Due to an injury sustained in his bout with McCurry, Hutcherson is at this time unable to take on the unknown McNeil, but he has accepted a bout to be fought three weeks hence with the victor of a McCurry-McNeil fiasco, which is to be fought in Snyder soon.

Hutcherson does not intend to follow the squared circle life as a profession after finishing college but plans to enter business on the Plains.

Hutcherson is a welterweight and before becoming a professional fighter participated in some of Tech's amateur matches.

18 Cattle to be Entered in Dairy Show

The Department of Animal Husbandry is entering eighteen animals in the Dairy Show at Plainview this week, according to information supplied by members of the school of agriculture. This herd will be representative of the College Dairy Herd, and will be under the general supervision of Prof. W. L. Stangel, in addition to supervising the Tech herd, is one of the officials of the Dairy Association, which is sponsoring the show, and will probably be in attendance during the greater part of the show.

Prof. K. M. Renner, of the Dairy Products Department, is also planning to carry an exhibit as a part of the educational side of the exposition, and mimeographed sheets of proper dairy rations and methods of feeding will be distributed to the visitors to the show. This exhibit will feature the production of pure milk, the production of dairy by-products and the results of proper dairy management.

The freshmen of the college of agriculture, who at the present time are studying the Dairy and Dual purpose Cattle, are planning to attend the show with their instructors, and as many advanced students are planning to take advantage of the opportunity of seeing the animals which will be on exhibition.

Bridge was played during the afternoon, Mrs. Frank Jones won a beautiful bud vase as high. Miss Alma Spikes received a powder jar as low. A salad course was served to the following guests and club members: Mrs. Frank Jones, Mrs. Campbell Anderson, Mrs. Ross McWhorter, Misses Margaret Smith, Mary F. Nichols, Jane Mast, Rachel Cole, Novelle Hemphill, Alma Spikes, Glenna Simms, D'Ann Sammons, Helen Womack, Jerry Smith, Donna Vaughn, and Mrs. Al Jennings.

An Easter Message For Men Only

Let those men who wish to voice their enjoyment of the Spring with a whoop and a howl, get about clad in billous greens and reddish tan shoes. The dark attire of the conservative, well dressed man seems to express dignified disapproval of the crude capers of the mob.

In neckwear alone is Mere Man permitted to express his love of color, and that is one of the reasons why we took such pains in the selection of our Easter stock. If neckwear is the only outlet for man's artistic cravings, then the best is none too good—and the best is exactly what you will find in our Men's Department for your Easter choosing.

Tech Tracksters Ready For Sam Houston Meet

The Tech thinly clads are rounding into form with the last few practices. It is thought that better time in practically all the events will be shown here this year. Coach Payne has been favored by the return of several veterans of the Matador cinder path and in addition is building up some stellar material.

The first dual meet on the program is with the Sam Houston Teachers. This go is scheduled for April 9, to be run off on the Matador field.

Matadors Beat Shallowater; Road Trip is Next

The Matador nine played a full nine inning game with the Shallowater town team here last Friday afternoon. The Matadors were able to emerge the victors in this struggle to the tune of 13-2. Coach Higginbotham was optimistic over the result, feeling that his charges had gotten their stride.

The Matadors leave this week for a road trip to various points in the state. Games are scheduled with Baylor, St. Edwards, and Southwestern University.

Slaton Tigers Win County Go Here Last Week

The Slaton Tigers defeated the Lubbock Westerners (high school teams) in the county track and field events held in the Matador arena on Friday and Saturday of the past week. The county winners will compete with high winners of the other nineteen counties of the district here on April 20-21.

Collection of Books in Aggie School Increased

The facilities for the teaching of advanced classes in Animal Husbandry have been greatly aided during the past year by the acquisition of quite a large number of reference books. The collection of the department has increased to such an extent that it is imperative that some provision for storing them, and of placing them at the disposal of the student, be devised. With this in mind the department plans to provide a special room for these and similar collections. It is impossible to handle this work in the nature of regular library work, it being more of the nature of research work, rather than simple reference.

The major portion of the collection, which consists largely of Herd Books of the various breeds of livestock and other similar volumes, have been contributed by friends of the college, and books which would otherwise have been unavailable are now placed at the disposal of the students interested in advanced work.

Pre-Law Feed Featured By Friendly Talks

JUDGES MULLICAN, HAMILTON, AND SENATOR BLEDSOE ARE GUESTS.

The Second Annual Pre-Law Banquet was held at the Hotel Lubbock last Friday night, with Judge and Mrs. Clark M. Mullican, Senator Bledsoe, Judge Hamilton and Dr. and Mrs. Paul W. Horn as honor guests.

Approximately sixty members of the club and guests enjoyed the affair. J. W. Jackson served as Toastmaster, Trett Smith, President of the club, who has withdrawn from school to make the race for County and District clerk of Lynn county, was likewise present and made a talk to the members of the club.

Dr. Horn spoke on the topic, "Can a Lawyer be Truthful?" Judge G. E. Hamilton, general attorney for the Quanah, Acme and Pacific Railroad, and the father of John Hamilton, member of the club, spoke on, "The Human Element of the Legal Profession."

Judge Clark M. Mullican addressed the gathering on "The Future of the Legal Profession". Judge Mullican said that the future of the legal profession was in the hands of the men who are at this time studying law.

Pi Gamma Mu to Consider Place Of Social Study

Pi Gamma Mu in regular monthly meeting April 13, is to consider "The Place the Social Sciences should occupy in our Colleges."

Mr. Evans of the department of education is to discuss, the increasing interest in the social sciences and the changes brought about in the curriculum due to the increased interest in these sciences.

Mr. Nissley, is to discuss, "The increased interest in Business Administration," while Mr. Jackson is to call the attention of the society to the question, "What the Social Science departments of Texas Tech should do in order to receive adequate recognition."

Sans-Souci Club Entertained by Allyne Felmit

The Sans-Souci Club was entertained Friday, March 30, by Miss Allyne Felmit at the home of Mrs. Lawrence Bacon on 13th street.

Professor W. L. Stangel, head of the Animal Husbandry Department, states that other volumes are available, but that due to lack of facilities for the keeping of the books, many offers have been refused. The setting aside of a special room for this purpose will enable the college to take advantage of these offers, and as a result, the collection will be materially increased.

A value that formerly was \$1.95, all silk chiffon and in full fashioned construction—made with narrow ankle and comfortable foot—a hose that is to be had in every new spring shade and in complete size assortments.

Priced \$1.49

HENPHILL WELLS CO.

Honor Roll for Winter Term—As Compiled by Registrar Dohoney

Students carrying seven courses with an average grade of "A":

Mrs. Thom. H. Dodson.
Dayle Wallace, Mt. Cain, Texas.
Students carrying over six courses with all "A" grades:
James Allredge, Lubbock.
G. L. Farrin, Lubbock.
Clauda Hope, Sweetwater, Texas.
Mrs. Elizabeth Wedgeworth Snyder, Texas.

Students carrying six courses with an average grade of "A":

Mrs. B. M. Barnett, Lubbock.
Claborn J. Bell, Roaring Springs, Texas.
Nell Gault, Bellevue, Texas.
Tommie Lyle, Ralls, Texas.
Elton Minns, Water Valley, Texas.
Mary F. Nichols, Georgetown, Texas.

Mary Steele, Lubbock, Texas.
Margaret Williams, Lubbock, Texas.
Mary Jo Robinson, Lubbock, Texas.

Students carrying over five courses with all "A" grades:

H. B. Carroll, Lubbock, Texas.
Owen Murle Fowler, Lubbock, Tex.
Troy Olene Baker, Lubbock, Texas.
Mary Louise McNeil, Lubbock, Tex.
Mamie Wolfarth, Lubbock, Texas.

Students carrying five courses with an average grade of "A":

Lila Alred, Chillicothe, Texas.
Faye Bumpass, Lubbock, Texas.
Laurena Bussey, Lubbock, Texas.
Mrs. Lucille Carsey, Dallas, Texas.
Lizzie Belle Clements, Lubbock, Tex.

Students carrying eight courses with an average grade of "B+":

R. Hugh Anderson, Haskell, Texas.
John Burroughs, Lubbock, Texas.
Flora Goforth, Lubbock, Texas.
Florence Jackson, Lubbock, Texas.
Jane Mast, Lubbock, Texas.

Students carrying seven courses with an average grade of "B+":

James B. Biggers, Dallas, Texas.
Inez Marshall, Santa Anna, Texas.
Lester Brooks, Lubbock, Texas.
Students carrying seven courses with an average grade of "B+":

Dan S. Gillean, Dallas, Texas.
Neville Graham, Guion, Texas.
Lloyd Hill, Lubbock, Texas.
Clovis L. Vaughn, Lubbock, Texas.

Students carrying six courses with an average grade of "B+":

Claudine Cook, Lubbock, Texas.
Herman S. Darby, Snyder, Texas.
Ruth Forbess, Lubbock, Texas.
E. J. Foster, Lockney, Texas.
Grace Gippert, Teague, Texas.
Paul W. Griffith, Salado, Texas.
Anna Belle Guffin, Lubbock, Texas.
Annye L. Hammons, Dordon, Texas.
Naomi Hancock, Lubbock, Texas.
Juanita Haney, Lubbock, Texas.

Students carrying seven courses with an average grade of "B+":

Pauline Hargrove, Colorado, Texas.
Elmer Hartman, Lockney, Texas.
Kenneth Hemphill, Littlefield, Tex.
J. P. Hewlett, Wilson, Texas.
Mildred Holt, Lubbock, Texas.
Wynona Jones, Roscoe, Texas.
Walker M. Lane, Clarendon, Texas.
Guy Martin, Knox City, Texas.
J. J. Nelson, Clifton, Texas.
Winfield Nicklaus, Amarillo, Texas.
Joe Noah, Lubbock, Texas.

Students carrying five courses with an average grade of "B+":

Helen G. Ponder, Lubbock, Texas.
Mattie Russell, Crowell, Texas.
Marion Sanson, Lubbock, Texas.
Theresa Swell, Lubbock, Texas.
Mrs. Mildred Spear, Lubbock, Tex.
Lonsie Starr, Palestine, Texas.
Bettie K. Stewart, Wilson, Texas.
Irene Vermillion, Bowie, Texas.
Fay Wiggins, Lubbock, Texas.

Students carrying six courses with an average grade of "B+":

Marion Yager, Dallas, Texas.
Stancel Bagwell, Lubbock, Texas.
Mrs. Rosa M. Burford, Lubbock, Texas.

Students carrying five courses with an average grade of "B+":

Arnold Correy, Dell, Texas.
Bonita Chandler, Avoca, Texas.
Wylie Sue Cole, Pecos, Texas.
Margaret Cooper, Lubbock, Texas.
Kenneth Cope, Parnell, Texas.
Vaughn Corly, Wolfforth, Texas.
Opal Crawford, Lubbock, Texas.
Elizabeth Crews, Lubbock, Texas.
James H. Cross, Lubbock, Texas.
Loy Cross, Lubbock, Texas.

Students carrying four courses with an average grade of "B+":

James H. Dallas, Brownfield, Texas.
Theresa Dudley, Comanche, Texas.
Frank Emison, Brownwood, Texas.
Mary Virginia Erwin, Lubbock, Tex.
Dimple Ford, Lubbock, Texas.
George C. French, Greenville, Texas.
Hill Garrison, Lubbock, Texas.
Clarence Grable, Colorado, Texas.
Mollie Belle Green, Graford, Texas.
Flake Hankins, Lubbock, Texas.

Students carrying five courses with a grade of "B-Plus":

Floy Anglin, Tahoka, Texas.
Mary L. Arwin, Bridgeport, Texas.
Faye Brooks, Thorp Springs, Tex.
Helen Chase, Lubbock, Texas.
Louise Chisholm, Brownfield, Texas.
Bob R. Crozier, Godley, Texas.
Lowell Crozier, Godley, Texas.
Ethy Lee Edwards, Lubbock, Texas.
J. W. Forbes, Waxahachie, Texas.
Louise Green, Levelland, Texas.
Roxana Ruth Ford, Lubbock, Texas.
Mancel L. Hall, Lubbock, Texas.
C. E. Houston, Lubbock, Texas.
Lucille Houston, Lubbock, Tex.
Avena Hufstедler, Lubbock, Texas.

to them every possible courtesy on the part of the college.

In this connection it is interesting to note that there are 52 local presidents of Rotary clubs within the 41st district.

The committee has listed Rotarians who have education as their classification, and the committee has made arrangements to get in touch with such Rotarians when they are the guests of Lubbock at the convention here. There are over a hundred persons in the district who have education as their classification. This group comprises superintendents, principals, teachers, and athletic coaches.

Tech Offers Medals For Fast Men

The district interscholastic track and field meet will be held on the Tech field the twentieth and twenty first of April according to announcement by Coach E. Y. Freeland. The preliminaries in each up to half mile will be held on Friday with the finals following on Saturday.

Officials of the meet who are composed of the Tech coaching staff, faculty members and letter men are expecting a bigger track meet this year with more rivalry and closer competition. Last year Lubbock high school won the meet by a margin of about twenty points. Owing to the interest and development for track teams on the plains shown in dual meets this year it is not likely that Lubbock will be able to repeat their performance of last year.

Tech is duplicating the offer of medals which was given to the meet last season. Attractive loving cups will be presented the teams winning the relays and to the team making the highest score. A special medal of beautiful design will be presented to the individual winning high point honors.

One professor, after seeing the two plays given in the gym by the Coffee-Miller Players, when the reserve seat section was rushed by a mad horde of students after the lights went out made the statement, "when the cat is away, the mice will play" could be changed into "when the lights go out the students will go in."

"The Distinctive Year-Book" to Publisher

Copy is being sent in to the printer for the 1928 La Ventana, which according to the staff is to be distributed about May 15. There are to be 1,225 copies of the 1928 La Ventana of 288 pages each.

"The most distinctive year book in the state" has been the aim of the staff and indications point to a realization of this aim. The motif of the annual is gather from characteristic

words taken from the architecture of the main building.

Especially is the cover design to be elaborate. The staff has expended one hundred dollars in addition to the original contract price to bring this feature of the book up to their expectation.

Within the next few weeks the business manager of the year book will make public announcement as how students are to obtain copies of the book.

MR. EVANS TAKES EXAMS

Mr. A. W. Evans head of the department of education was in Austin last week to take the final oral examination for his Ph. D. degree.

All sizes are here.

Barrier Bros.
DEPENDABLE MERCHANDISE

Questions for a Model Examination

After experiencing various kinds of misery and discomfort, during the last term exams, one of the students has prepared this set of questions for instructors to use as a model in the future. The author claims the questions are elastic enough to be used in all courses.

- How did the snake navigate before the Lord forced it to crawl on its stomach?
- Why did Columbus cry Eureka when he first sighted the Panama Canal?
- Did Napoleon smoke Camels or Chesterfields? Why?
- Was Sampson (the Biblical strong man) a Mellon's Food Baby? a Mellon's Food Baby?
- History tells us that Nero set fire to Rome so he might be inspired to write a poem. One of the products was "The Boy Stood on the burning Deck." Name three others he composed the same night.
- What great Opera was first made famous by Lucky Strikes?
- Why does 2 and 2 make 7 instead of 3?
- Which of the following persons possessed or do possess the most "IT": Cleopatra, Clara Bow, Queen Marie, Poli Negri, Queen Elizabeth, or Marie Antoinette? Explain in full.
- What famous Jewish writer introduced the "Hula" in Hawaii?
- Why did Caesar exclaim, "The bones are loaded," when he crossed the Mississippi?

Tech Hopes to Assist in Feting Rotarians Soon

President Horn has written the presidents of all of the Rotary Clubs in the 41st District which is to hold its district convention in Lubbock on April 19 and 20, offering the co-operation of the college and extending
