Soldier Hanged For Murdering Texas Girl

By BRACK CURRY
LEON SPRINGS MILITARY RESERVATION, March 18 (AP)—Private George Schubert Knapp, once a St. Paul, Minn., gunsmith, was hanged at 7:38 a. m. here today for murdering Lucy Rivers Maynard near Bastrop last Oct. 4.

"Good bye my mother," were his last words. Addressing a small group of 25th division officers and newspapermen, 20-year-old Knapp said a few minutes before the rope went around his neck: "I didn't rape that girl—I want you to know that."

The soldier in a civil life had once been confined to a Minnesota hospital for the insane, and army investigation disclosed he twice was convicted of larceny.

Lucy Maynard was 8 when she was fatally attacked. Twenty-nine minutes elapsed from the time Knapp reached the gallows a few hundred yards from the base camp of this reservation until he was pronounced dead by the division surgeon at 8:08 a. m.

Knapp arrived at the execution point in a command car escorted by two jeeps. With him on the rear seat was the chaplain, who cannot be identified under army regulations. In the front seat were two armed military policemen. The provost marshal of the division and other army MP's rode in the accompanying jeep.

Wearing a field jacket, olive drab trousers, regulation service cap and no blouse, Knapp stepped briskly from the command car, glanced at the small spectator group and said, "Good morning, Lieutenant."

The division public relations officer said Knapp mistook an officer for the lieutenant in charge of his guardhouse at Fort Sam Houston.

Mounted on the gallows were four military policemen, including a captain. Eleven other MP's surrounded the scaffold.

Knapp paused before the first of the 25 steps of the gallows, chatted briefly with the guards, permitted himself to be handcuffed and impressively mounted the stairs.

For four minutes he talked with the chaplain, asking permission to address a final word to the spectators.

In a clear voice that never wavered, he said: "Say, folks, I didn't rape that girl—I want you to know that."

Then he repeated after the chaplain the Lord's Prayer and the 23rd Psalm.

Over Knapp's head was placed a black hood. His feet were manacled. The rope, specially toughened by chemicals, was fastened around his neck. He stepped onto the trap door.

With a dull plop sounding like a pebble striking a stone, the door clicked, snuffing out the life of the draftee judged by an army general court martial to have murdered and raped the 8-year-old daughter of former County Judge and Mrs. C. B. Maynard of Bastrop.

For 11 minutes his limp body dangled from the nine-foot high platform.

The division surgeon stood on an empty apple box to examine the body, officially pronounced Knapp dead at 8:08 a. m.

Ceiling Fixed On Vegetables

DALLAS, March 19 (AP)—The Office of Price Administration today set ceilings on prices payable to shippers of cabbage, carrots, spinach and snap beans in Oklahoma, Kansas, Missouri, Arkansas, Louisiana and Texas. The new OPA order is effective tomorrow.

Typical prices which shippers can charge at shipping points will be: for cabbage, \$4.25 for 100-pound sack; spinach, \$1.40 a bushel; carrots, crates of six dozen bunches, \$3; snap beans, \$4.50 for a 30-pound hamper. These prices are for first quality vegetables.

Margins are fixed in the order for all handlers of the vegetables, which means wholesalers and retailers will be assigned maximum limits they may charge on these vegetables.

OPA's regional office said the order was designed to relieve wholesale and retailers of a price squeeze between buying and selling prices.

No previous similar order on vegetables has been issued for the six-state region.

The order, said OPA officials, will modify the current temporary freeze order, and will be replaced later by a permanent regulation being prepared in Washington.

Livestock Ceiling May Be Delayed

WASHINGTON, March 19 (AP)—An OPA source predicted today that Stabilization Director James F. Byrnes would postpone for 90 to 90 days at least a decision on imposing ceiling prices on livestock because of pleas Byrnes heard directly from a committee representing livestock producers.

The official who made the prediction could not be quoted. The stockmen's committee, itself, said it was "neither encouraged nor discouraged" after talking to Byrnes.

Nazis Hurling Strong Forces Against Reds

Russian Line Gives Some Ground East Of Kharkov

MOSCOW, March 19 (AP)—Dispatches from the front today said the Germans had thrown new air units, motorized infantry outfits and tank detachments into the battle for mastery of the upper Donets river 15 miles east of Kharkov, and that the tremendous pressure of the new forces in the last few hours had caused the Russian line to yield slightly in the Chuguev sector.

The nazis succeeded in throwing infantrymen across the river in some sectors, but ultimately they were hurled back, while tanks attempting the crossing crashed through the thinning ice, Russian dispatches said.

"In the district of Chuguev fierce battles continued," the Soviet noon communique declared. "The enemy brought up fresh forces of infantry and tanks in attacks on our positions."

"The fighters of XX unit repulsed the attacks of the Hitlerites, damaged five tanks and killed up to 400 German soldiers and officers."

"As a result of the battles in only one sector were enemy tanks able slightly to press back our detachments."

Russian fliers, however, smashed at German transport, the communique said, destroying about 100 trucks hauling men and supplies.

This furnished an indication here that the Germans were depending in this sector on high-way travel rather than by rail, although west of Kharkov they are supposed to have railroads in operation.

The dispatches did not say how heavy the German reinforcements were, but the nazis continued assaults on the Russian line both from the air and on land are perhaps as furious as anything they have attempted in Russia since they tried to take Stalingrad and Voronezh.

New gains in the drive for Smolensk were reported, with a Red army column smashing westward along the Vyazma-Smolensk railway to seize more towns west of Izedehov, 25 miles west of Vyazma, capture of which was announced last night.

About 300 German officers and men were slain by Marshal Timoshenko's legions beating their way toward Staraya Russia, south of Lake Ilmen, it was announced, with several more villages taken in the advance.

Nine Indicted In Union Protection Conspiracy

WASHINGTON, March 19 (AP)—Attorney General Biddle announced today the indictment at New York of nine men on a charge of conspiring with union leaders to obtain more than \$1,000,000 in "protection" payments from four major motion picture producers through "wrongful use of force and fear."

Biddle listed as defendants Frank Mitto, alias Frank Mitto, Louis Campagna, alias Louis Cook, alias Lefty Louie and alias Little New York; Paul de Lucia, alias Paul Rocco; Phil D'Andrea; Francis Maritote, alias Frank Diamond; Charles Gole, alias Charlie Joy; Ralph Pierce; John Roselli, and Louis Kaufman.

The charge is an outgrowth of the case in which George E. Browne, former president of the International Alliance of Theatrical Stage Employees (IATSE) and his persons; representative, William Bloff, were sentenced to prison in 1941 under the anti-racketeering law.

BAN ON NAMES

WASHINGTON, March 19 (AP)—Selective service headquarters said today a ban on release of names of men called for induction was imposed to avoid embarrassment to those rejected.

WIFE STRICKEN

BOMBAY, March 19 (AP)—Mrs. Mohandas K. Gandhi, wife of the Indian leader, suffered two heart attacks this week, but recovered and is now "as well as can be expected," an Indian government communique said today.

SHASTA PROPERTIES SOLD TO STANOLIND

HOUSTON, March 19 (AP)—Clifford Mooers, president of the Shasta Oil company, which maintains headquarters at Midland, Tex., announced the sale of all oil producing properties of the company to the Stanolind Oil and Gas company.

He announced the sale late yesterday, saying the consideration involved was about \$750,000 cash. The properties are in Ector, Howard, Gregg, and Rusk counties, Tex., and Cotton County, Okla.

Promoted—Lieutenant General Henry H. Arnold, commander of the army air forces, was nominated by President Roosevelt today for promotion to the rank of full general. Arnold holds the permanent rank of major general, and he will rank as a full general temporarily, during the period of the war.

Westex Crude Boost Denied

HOUSTON, March 19 (AP)—An effort by the Texas railroad commission to secure authorization for increased use of West Texas sour crudes in refining aviation gasoline has been rejected by the Petroleum Administration for War on the grounds of transportation and refining problems.

History Professor At A&M Expires

COLLEGE STATION, March 19 (AP)—Vangel Konstantin Sugareff, 51, history professor at Texas A. & M. for 20 years, died of a heart attack today.

He was nicknamed "The Count" by students, with whom he was quite popular. He was a native of Monastir, then in Turkey, and he had traveled extensively in Europe in studying the rise of Bulgarian nationalism.

YANKS MOVE ON IN TUNISIA

FD Hopes To Delay Worker-Draft

WASHINGTON, March 19 (AP)—President Roosevelt told a press conference today that he wanted to avoid national service legislation just as long as he possibly could.

No decision has been reached on the question of drafting of workers for war industries, Mr. Roosevelt said, and he added that it might be unnecessary to have it, or that eventually it would have to be put into effect.

Questioned as to why he wanted to avoid such legislation, he said he thought it would create a lot more machinery, make things a lot more complicated in a lot of ways, and people would complain of regimentation.

Of course, he remarked, you can't win a war without regimentation.

A special committee headed by Economic Director James F. Byrnes has been studying all angles of the manpower problem and submitted a report to the president. Asked about some of the general conclusions and findings of fact in the report, Mr. Roosevelt said there wasn't any. He said there had been various memoranda submitted on various things, not only by the special committee but also by a lot of other people, too.

"Is something in the works?" a reporter wanted to know.

"Oh, my, yes," the chief executive responded. Declaring that many American industries still are operating on a "share-the-work depression" basis, Capt. Eddie Rick-enbacker said the nation has more manpower than it needs "if properly utilized."

Testifying before the senate military committee inquiring into the Austin-Wade worth bill to draft men and women civilians into war production jobs, the flying ace of World War I declared that "it's not a case of manpower problems but of production problems."

Reading from a page of notes, Rick-enbacker said that from many discussions with able production men he is convinced that about 8,500,000 men could be salvaged from present war industries by adoption in all war plants of the incentive or piece work plan.

Promoted—Lieutenant General Henry H. Arnold, commander of the army air forces, was nominated by President Roosevelt today for promotion to the rank of full general.

M'Arthur Airmen Hit Widespread Japanese Bases

By The Associated Press

A Tokyo broadcast declared today that the United States was preparing to "launch out in a counter-offensive in the Pacific" even as Gen. Douglas MacArthur's headquarters reported the greatest Allied aerial sweep ever undertaken in the South Sea battle theatre.

"At this very moment," the Tokyo radio said, "America, regardless of the serious blows dealt her, is planning to carry out her warfare in the air and on the sea... in a counter-offensive against Japan."

An Allied communique said United Nations airmen, virtually spreading Japan's ring of island bases above Australia, attacked 14 enemy strongholds and in one of the heaviest assaults dropped 25 tons of bombs on the Japanese camp at Madang, New Guinea.

Allied bombers ranged across a 2,000-mile arc from Timor in the East Indies to New Ireland in the Bismarck Sea, blasting airbases, enemy air bases, shipping and other targets.

On the Burma front British headquarters reported a new break-up of fighting on the Mayu peninsula—the swampy, jungle region along the Bay of Bengal—but said Japanese pressure slackened east of the Mayu river.

"Fighting continues in the area of Taungmaw, 16 miles north of Rathedaung. The enemy has dug-in in the hills east of this village," the British command said.

In the skies, Allied bombers continued to bomb and machine-gun Japanese rail traffic, truck convoys, airbases and railway yards and left fires burning in a raid on enemy-occupied Mandalay.

American bombers hitting at Japanese positions in the Solomons started fires at Vila and bombed Kahili and Ballale, the navy announced in Washington, adding that results of the latter two attacks were not observed.

The committee bill provides no tax abatement, but creates a system of discounts up to six per cent on 1943 taxes paid within the current year, after 1942 taxes have been remitted in full, as a means of encouraging taxpayers to go on a current basis.

The ways and means committee decided unanimously that in house consideration of the tax bill, the measure should be open for the presentation of amendments which probably will bring separate votes on various compromise proposals.

The Ruml plan and the various compromises were voted down in committee several days ago.

British Subs Sink Six Axis Vessels

LONDON, March 19 (AP)—Two British submarines sank six supply ships, a tanker and a naval auxiliary in a recent ten-day patrol in the Mediterranean, the admiralty announced today.

"Within ten days two of his majesty's submarines operating in the Mediterranean have sunk four large enemy supply ships, a tanker of medium size and a small supply ship," the admiralty said in a communique. "In addition, they destroyed a naval auxiliary and another small supply ship."

The new pastor here holds many responsible places in denominational organizations, is a Mason, a Rotarian, an active and veteran Boy Scout worker, and was president of the Conroe ministerial alliance before resigning his charge there.

Eight Killed In Crash Of Bomber

GREENVILLE, S. C., March 19 (AP)—Eight men were killed in the crash of a medium army bomber near Winnsboro late yesterday, officials of the Greenville army air base, from which the plane was flying on a training mission, said today.

None escaped the crash, which destroyed the plane and left wreckage scattered over a wide area.

Retired Officer Dies At Houston

HOUSTON, March 19 (AP)—Major General Charles William Nimmon, 66, retired secretary of the Texas armory board, died here last night.

After some 50 years of army service General Nimmon retired two years ago. As a soldier he participated in the Spanish-American war, the first World War, and Mexican campaigns.

Positions Of A Month Ago Restored

Advance Maintained In The Face Of Flood Conditions

ALLIED HEADQUARTERS IN NORTH AFRICA, March 19 (AP)—United States troops have occupied El Guetar, 12 miles southeast of Gafsa on the road to Gabes, in a pursuit maintained despite torrential rains and flood conditions, it was announced today.

(A dispatch from the Tunisian front from Noland Norgaard, Associated Press war correspondent, said United States infantry reoccupied positions east of El Guetar, thus restoring their position to a rough approximation of that of two months ago.)

Forward elements from the command of Lieut. Gen. George S. Patton, Jr., entered the town after its abandonment by the enemy, a communique said.

The soldiers often were wading through water in the muddy gullies to press the advantage gained in the reconquest of the Gafsa area.

In the northern sector British first army troops withdrew yesterday from the mining village of Tamera to new positions three miles to the southwest, where they repulsed two German infantry attacks. Tamera itself lies seven miles west of a former British base at Sedjenane and 45 miles southwest of Bizerte, the Axis-held naval base.

(Of this action the German high command communique, broadcast from Berlin and recorded by the Associated Press, said that on the "northwestern Tunisian front an Axis local offensive enterprise is progressing favorably.")

The renewal of activities of the force under General Patton, which includes the First U. S. Army division and the first and 34th infantry divisions, was accepted by military observers here as new evidence of the Allied determination to clean up enemy holdings in Tunisia.

The communique said the British eighth army continued normal patrol activity which resulted in slight local adjustments in the March line zone, while Allied forces withdrew slightly on the northern Tunisian front in the Tamera area west of Sedjenane.

United States armored patrols thrust on from recaptured Gafsa toward the Gulf of Gabes by two roads to squeeze the corridor between the forces of Marshal Erwin Rommel and Col. Gen. Jurgen Von Arnim.

The communique said El Guetar had been evacuated by the enemy before the arrival of the Allied vanguards. The March line adjustments—their nature not officially announced—also were said to have been made "with little interference by the enemy."

Bad weather curtailed aerial operations on the northern front, but fighters and bombers attacked Axis-occupied buildings and started a fire, the bulletin reported.

"The western desert air force continued bombing attacks on the March position," it was announced. "None of our aircraft is missing."

Naples Hit Twice By U.S. Bombers

CAIRO, March 19 (AP)—Liberator bombers of the Ninth United States air force attacked Naples twice yesterday, once during daylight and again after darkness fell, an American communique announced today.

"Results of both attacks were unobserved due to solid cloud cover over the target," the war bulletin said.

(The Italian high command said "enemy planes dropped bombs on the outskirts and on the neighborhood of Naples and in Syracuse province without causing casualties.")

U-Boat Base Under Two-Hour Attack

LONDON, March 19 (AP)—United States air force bombers hit hard at the heart of Germany's U-boat strength again with a two-hour attack yesterday on Vegesack, 15 miles northwest of Bremen, their fourth foray in force on Germany proper.

Flying without fighter plane escort on the 800-mile round trip that marked the deepest penetration yet effected by Flying Fortresses and Liberators in their daylight attacks on Germany, the American fliers fended off nearly five-score German fighter planes, laid a heavy load of explosives on a submarine construction center, and then fought their way back over the North Sea with the loss of two bombers, a communique said.

May Resume Output Of Some Needed Consumer Items

WASHINGTON, March 19 (AP)—WPA Chairman Donald M. Nelson said today some civilian items whose production has been halted "for the duration" would be brought back into production to supply essential civilian needs.

Household refrigerators probably will be among the items, Nelson told a press conference, because the food shortage demands additional refrigeration facilities. The War Production Board is reviewing the whole field of consumer goods with manufacturers and sellers, he added, to learn which other items are most urgently needed.

Rube Melton Shows Up For Workouts With Brooklyn

BEAR MOUNTAIN, N. Y., March 19 (AP)—Frank "Rube" Melton, righthander, has agreed to terms and will report to Manager Leo Durocher of the Brooklyn Dodgers today. Veterans Johnny Cooney and Paul Waner arrived last night.

CAPE GIRARDEAU, Mo.—New zest was added to the St. Louis Browns today when popular George McQuinn, first baseman; veteran catcher Rick Ferrell and infielder Don Gutteridge showed up for practice. Manager Luke Sewell said infielder Don Heffner and pitchers George Caster, Paul Dean and Bill Seisoth are expected to appear in a day or two.

CAIRO, Ill.—As usual, the world champion Cardinals have pitching enough for two teams. In camp today are six righthanders with a combined record last season of 89

Phillips Oilers Go Into Semi-Finals Of AAU Tourney

DENVER, March 19 (AP)—A hastily-assembled mid-western five and three home-grown mountain teams collide tonight in semifinals of the National A. A. U. basketball tournament.

The Phillips Oilers of Bartlesville, Okla., with only two men left of last year's lineup, battle Denver University in tomorrow night's title game, and the defending title, Denver American Legion, meets Wyoming University.

The Oilers, whose chief support, player-coach Jack McCracken, couldn't play because of an aching knee, skinned over the Salt Lake City Ecker Studio team 34-23 in the quarter-final round last night.

Denver University beat the Williams Field Oilers of Chandler, Ariz., 54-44. Wyoming skated by the Fort Collins, Colo., Powder Valley Creamery gang 54-27, and the Denver Legion squad downed the Allen-Bradleys of Milwaukee, Wis., 53-51.

Only Jimmy McFatt and big John Frieberger of last season's Phillips team are in the Oilers uniform again this year. To fill holes left after veterans enlisted in the army or navy, McCracken from the 1942 Denver Legion champion team, and three ex-college men, Will Rothman of Wyoming, Gene Clark of New Mexico Aggies and Gordon Carpenter of Arkansas, were pressed into service. Fred Truller, Bud Browning and Lloyd Tucker of former Phillips teams round out the squad.

TOLEDO, however, salvaged some glory for the favorites by defeating Manhattan, 24 to 47, and earning the right to meet W. and J. in the semi-finals March 27.

The other two games of the first round will be played Monday night, with St. John's meeting Rice and Western Kentucky taking on Fordham.

NEW YORK, March 19 (AP)—The national invitation basketball tournament at Madison Square Garden is running true to its usual form. The favorites lost in the first round last night.

Creighton University, seeded No. 1 and undefeated in college competition this season, was defeated 48-42 by the Washington and Jefferson quintet, seeded No. 5.

South Bend, Ind., March 19 (AP)—The fighters in the 12th annual Notre Dame boxing matches tonight are all amateurs, but the third man in the ring is ranked as one of the country's leading referees.

He is Lt. Arthur Donovan, who was scheduled to come here from the Providence, R. I., naval base where he has been directing physical preparation classes. His son, Arthur Donovan, Jr., is a freshman at Notre Dame.

PHILADELPHIA, March 19 (AP)—Billiard ace Willie Hoppe is taking a little rest these days — by playing a grueling, three-day, 300-point exhibition match with a former world champion.

He calls it "a vacation," and means it—because, he says, on his current exhibition tour of army camps "I've played more billiards in six months than I've ever played before in any three years."

The greatest cue man of them all polished off ex-champ Otto Hessel, always one of his toughest opponents, 80-31 and 50-32, in the first blocks of their three-cushion encounter yesterday.

LAPEL, Ind.—The Cleveland Indians were scheduled for a half-hour indoor batting drill today in addition to a similar period devoted to infield drill. The camp absentees have dwindled to two—Roy Cullenbine, whose wife is ill, and Jeff Heath, a holdout.

EVANSVILLE, Ind.—A shortage of pitchers has caused Manager Steve O'Neill to set up his own rationing program as his Detroit Tigers concentrate on batting drills. Under O'Neill's plan four of the eight Detroit hurlers available will take turns on the mound on alternate days.

FRENCH LICK, Ind.—Jimmy Dykes planned to order a workout for his Chicago White Sox as soon as they reached their camp today.

MEDFORD, Mass.—The big question in the camp of the Boston Red Sox right now is Bobby Doerr.

Club officials are worried over a report that Doerr is planning to remain on his war job, and they acknowledge he returned his contract unsigned. Pitcher Tank Terry is the only other regular unsigned.

LAKESIDE, N. J.—The stocky little guy coveting around first base at the New York Giant camp yesterday was Manager Mel Ott.

This doesn't mean the skipper plans to play that position. It just means no one else was available.

However, Joe Orango has arrived in camp, and upon learning Johnny Mize may not be available and Babe Barna doesn't fit the part, he announced he was ready to give the job to the old college try.

Yanks May Put A Pitcher On First Base

ASBURY PARK, N. J., March 19 (AP)—The first baseman for the New York Yankees this year may be lanky John Lindell, who appears on their roster as a pitcher.

This would be a strange swap in positions, although many years ago a player named George Sizer moved from the mound to the No. 1 sack with an adequate amount of success.

The Yankee brain trusters decided last winter, before they bought Nick Eiten from the Phillies, to have Lindell make a try for first base this spring and to this end had him buy a mitt and work out at the position at his home in California. This turned out to be a smart move because the Eiten deal has been placed in Commissioner Landis' lap and the Yankees aren't sure whether they have him.

Discussing the problem today Manager Joe McCarthy said, "I'm going to shuffle Lindell around a bit this spring—at first and in the outfield—and on the mound, too. What I've got to find out is whether he can hit when he's in the lineup every day. When I know the answer to that, I'll know where to place him."

Service League To Give Oklahomans Real Baseball

OKLAHOMA CITY, March 19 (AP)—Baseball fans can cheer up. The Texas League and Western Association, Oklahoma's professional leagues, may have suspended, but they'll have a potent substitute—one that will show the state some major leaguers in action, right at home.

Lieut. Charles Gelbert, U.S.N., last shortstop for the St. Louis Cardinals, is sponsoring a six-team service league, manned almost entirely by professionals, many of them from the big leagues.

Gelbert will be trainer and play for his naval training base team at Norman, Okla. He's right happy over his prospects, too. His starting battery likely will consist of Al Benton, Detroit pitcher, and Benny Warren, Philadelphia catcher. Out in the field he has ex-Dodger Johnny Rizzo, and with some promising minor leaguers around, he isn't much worried about filling out the spots in between.

When he takes on the naval air station team, also from Norman, he'll meet pitcher Jim Winford, an old Cardinal teammate.

Other members of the league, which starts a 60-game schedule May 15, are the Enid army flying school; Will Rogers air base, Oklahoma City; naval gunnery school, Purcell; and Tinker Field, Oklahoma City.

All of the competing teams are well supplied with professionals—including many who performed creditably in leagues up to and including Class AA last year.

So far, the others haven't any major league talent, but they're not discouraged.

They note happily several draft boards have invited some top notch stars to drop over for a conference.

Go Ahead And Play Golf This Summer

PHILADELPHIA, March 19 (AP)—Ed Dudley, president of the Professional Golfers association, says there's no reason why amateur golfers shouldn't dig divots as usual this year—as long as they do it in their spare time and don't abuse transportation privileges.

Dudley said that "many who want to play x x x are afraid they will appear unpatriotic" and that he has so informed Paul V. McNutt, chairman of the War Manpower Commission. McNutt, he added, expressed surprise and reiterated that the government considers recreational sports a good thing.

Two Gyms Needed For This Contest

PHILADELPHIA, March 19 (AP)—Sailors from the French cruiser Montcalm played basketball against the Overbrook high school faculty last night, and proved such an attraction that they had to use two gymnasiums to accommodate the crowd.

The first half was played in one Overbrook court, the last half on another, where a second crowd was waiting. The sailors lost, 55-53.

Title Claims Involved In Bout Tonight

NEW YORK, March 19 (AP)—Wee Willie Pep and swarthy Sammy Angott collide in Madison Square Garden tonight in a ten rounder that's billed as a non-title lightweight tussle—but no one believes that part of it.

Some of the better 60th street betting shoppes have quoted odds that the winner of this shindig—in which both fighters must come in under the 125-pound limit—will lay claim immediately to at least a portion of the world lightweight title. And get some recognition for it.

This would be a separate portion from the pieces owned by Beau (The Jumping) Jack, who received the New York State Athletic commission's blessing after Angott "abdicated" the crown last fall. The National Boxing association has left the title open.

Japs Organize A War Council

By The Associated Press
Formation of a board of advisers to the Japanese cabinet to help stimulate "an increase of fighting strength" has been announced by the Tokyo radio in broadcasts which also quoted Premier Hiroki Tojo as warning his nation that "the war situation is becoming more serious."

The broadcasts, reported by the Office of War Information, contained the further information that Tojo had decided to set up a "wartime economic council" and an "administrative supervisory council" to help cut government red tape.

Domestic official Japanese news agency, said in an English language transmission recorded by the Federal Communications Commission that appointment of seven men as advisers to the cabinet was expected today.

The Dome broadcast also said the wartime economic council would be headed personally by Tojo and would include all the cabinet advisers, and the army and navy ministers.

A&M Students Go In Reserve Corps

COLLEGE STATION, March 18 (AP)—Activation of Texas A. & M. college's 1,806 junior and senior ROTC students to duty in the activated reserve corps will be marked here tomorrow by a military review.

Col. M. D. Welty, commandant, disclosing plans for the review, explained that the advanced ROTC students would report at induction centers where they will be given physical examinations and government issue uniforms, then will be returned to Texas A. and M. to complete the present semester of study.

While completing their educational work they will receive regular enlisted men's pay, and then be sent to officer candidate school's. Maintenance will be paid by the war department.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, March 19 (AP)—Greg Rice, who has no equal at picking 'em up and laying 'em down in track meets, puts a lot of store by the mental aspects of foot racing. . . . At least, he admits that the reason he doesn't try conclusions with the millers is "mostly mental"—he doesn't know how well he can do at a mile and therefore wouldn't feel so sure of himself as he does at two miles. . . . And when he's shooting for a record, as he likely will be in tomorrow's Chicago relay, he does "really try" until he sees how the first half mile goes. . . . The slow first quarter, he says, ruined last week's bid for a new two-mile mark, but he may set his sights on an 8:50 record tomorrow. . . . It was on the Chicago track that Greg set the current two-mile record, incidentally working in a 4:16 mile as he did it.

If National League baseball games are called for any reason but the weather—Sunday curfew, catching trains, etc.—this year, they'll be regarded as "suspended" games and must be completed when the teams get together again. . . . When Jack Jacobs, former Oklahoma halfback, was washed out by the army air corps because of four crippled toes on one foot, Harold Keith, the Sooners drummer, suggested they got that way when Jack punted a wet football 88 yards against Santa Clara.

Humble Sets Record In Toluene Output

Since 45 days before Pearl Harbor the Humble Oil and Refining company has been producing more toluene (basic ingredient of the deadly T.N.T.) than was formerly available from all other combined manufacturing sources in the entire United States.

Furthermore, the production of this toluene by this Lone Star industry is over double the amount produced in World War I from coal tar. As in the last war Texas crude is in the forefront of vital material for war.

Service League To Give Oklahomans Real Baseball

OKLAHOMA CITY, March 19 (AP)—Baseball fans can cheer up. The Texas League and Western Association, Oklahoma's professional leagues, may have suspended, but they'll have a potent substitute—one that will show the state some major leaguers in action, right at home.

Lieut. Charles Gelbert, U.S.N., last shortstop for the St. Louis Cardinals, is sponsoring a six-team service league, manned almost entirely by professionals, many of them from the big leagues.

Gelbert will be trainer and play for his naval training base team at Norman, Okla. He's right happy over his prospects, too. His starting battery likely will consist of Al Benton, Detroit pitcher, and Benny Warren, Philadelphia catcher. Out in the field he has ex-Dodger Johnny Rizzo, and with some promising minor leaguers around, he isn't much worried about filling out the spots in between.

When he takes on the naval air station team, also from Norman, he'll meet pitcher Jim Winford, an old Cardinal teammate.

Other members of the league, which starts a 60-game schedule May 15, are the Enid army flying school; Will Rogers air base, Oklahoma City; naval gunnery school, Purcell; and Tinker Field, Oklahoma City.

All of the competing teams are well supplied with professionals—including many who performed creditably in leagues up to and including Class AA last year.

So far, the others haven't any major league talent, but they're not discouraged.

They note happily several draft boards have invited some top notch stars to drop over for a conference.

There Are Some Tax Sources That Just Naturally Have Disappeared

By DAVE CHEAVENS
AUSTIN, March 19. (AP)—The legislature has come to grips with the problem of taxless taxes. The lightning rod salesman and street car tracks.

The lawbooks say the state can levy from \$36 to \$100 each on lightning rod peddlers, and \$2 a mile for every mile of street car track.

There aren't any more lightning rod salesmen—they went out with bustles. What are street car tracks these days? Mostly scrap. Axis-bound. Last year this source of revenue swelled the state treasury by the grand total of \$250, and not a nickel came in from lightning rods.

This vexing situation was unloaded on the house revenue and taxation committee by the comptroller's office.

H. A. Smith of the occupation tax division explained that it's better just to have taxes on the books that can be collected, and asked that the law be revised to achieve this end.

There was once a day, he explained, that a farm-to-farm peddler with a snappy line of churns, clocks and kitchen stoves could do a big business with rural wives, make enough money to fork over \$250 a year to the state.

But no more. Their business has dropped off to the point where the comptroller feels that he had

WAAC Recruiting Booth Operates Again Saturday

Encouraged by results during the week, army recruiters will maintain a booth Saturday in the J. C. Penney Co. store in order to talk with women interested in enrolling in the Women's Army Auxiliary Corps.

Two women were shipped Thursday to Lubbock for examination and enrollment, said Cpl. Ray Noret, in charge of the recruiting station here, and several other applications were distributed as the results of contacts made by two WAAC recruiters Tuesday and Wednesday.

Others here and in the area were due to be furnished transportation as soon as applications are complete. Cpl. Noret and Cpl. Jim Wright, who will alternate with him at the information booth Saturday, said they were finding an increased interest among women in WAAC service.

rather settle for \$5 a year, than nothing.

The same holds for hundreds of old folks, some of them crowding 75, who hawk patent medicines, razor blades, and hairnets. The law gives the comptroller the legal right to bracket them with a \$50 tax each year, but try and get it.

Hereford Shows Will Continue

FORT WORTH, March 19. (AP)—Officers of the Texas Hereford association are considering holding more shows during the next year with the belief the program will not interfere with the war effort.

Dr. Charles H. Harris, Fort Worth Hereford breeder, and several others are backing the plan.

Those reporting that the livestock industry is cooperating 100 percent in the war effort included the newly elected president of the association, Jack Frost of Dallas.

Quin Is Called In Utilities Inquiry

AUSTIN, March 19. (AP)—Former Mayor C. K. Quin of San Antonio was listed today as witness before a house committee investigating the sale of utilities properties to the city and the city's lease of part of the properties to the city.

The city purchased San Antonio Guadalupe-Blanco river authority. Public Service company's properties for approximately \$34,000,000 and leased a steam power plant at New Braunfels to the river authority.

Both the city and G. E. R. A. were bidders on the company's properties and both had attempted to condemn the properties at one time.

Club Sees Film On Military Courtesy

A sound movie on "Military Courtesy" was presented to the American Business club members and guests at luncheon Friday noon at the Settles hotel.

Lieut. Arthur Foulka, of the special services department, presented the film which is required to be shown to military personnel.

Sgt. Valt Rice was in charge of the projection of the film. Helen Duley was program leader.

Frances Rigony of the Sun Flower Troop Two spoke on the Girl Scout work and accomplishments since its beginning and of the need for more leaders to carry on the work.

She issued a plea to the club members to assist girl scouts in securing leaders.

Guests included Paul Carroll, E. H. Boulter of Lubbock, L. E. White, Mrs. Jean Park, Sgt. Rice and Lieut. Foulka.

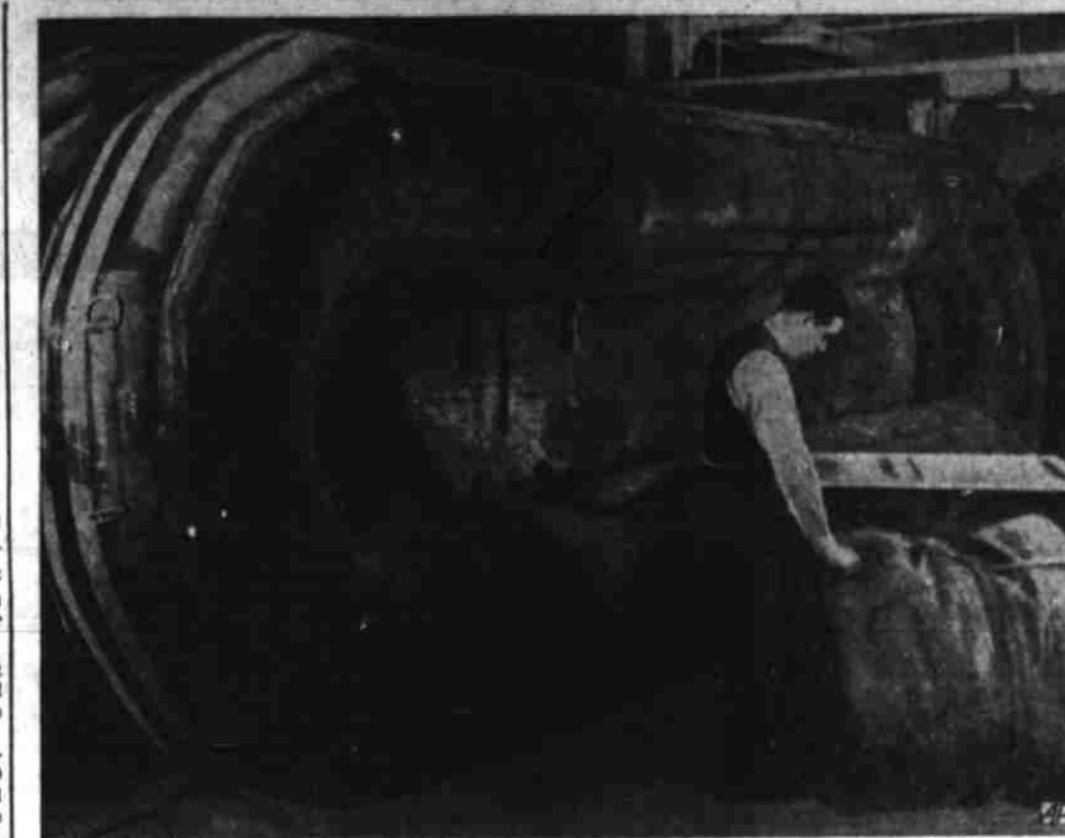

Wall Street

NEW YORK, March 19. (AP)—It was another of those selective stock markets today with scattered favorites managing to post good advances while many leaders loafed in the minus column.

Top marks for 1943 or longer were recorded for such stocks as American Airlines, Eastern Air Lines, United Air Lines, Goodyear, United Gas Improvement and American Sugar. Resistance was displayed by Bethlehem, Goodrich, U. S. Rubber, Sears Roebuck, United Corp. preferred and Youngtown Sheet. Among laggards were American Telephone, Santa Fe, Southern Pacific, Eastman Kodak, Pepsi-Cola, Chrysler, General Motors and Dow Chemical.

RC Fund Now Over \$15,000

Red Cross war fund receipts continued to come in slowly but steadily Friday as the record contribution grew past \$15,000.

Several reports from workers added approximately \$260 to the previous total reported Wednesday to place the amount on hand at \$15,244.05, according to a check by Mrs. Ralph Baker, Howard-Glasscock chapter treasurer.

Still not reported were contributions by civilian workers at the Big Spring Bomberider School and those from Glasscock county residents. Berry Duff, who is heading the Glasscock county drive, said that around \$400 had been received at Garden City by midweek.

Quota for the chapter was \$13,800 and Roy Reeder, fund drive chairman, was cheered by prospects that people of the two counties are determined to show a record excess on the record quota.

Livestock

FORT WORTH, March 19. (AP)—Livestock: Medium to good fed steers and yearlings 13 to 13.75; good beef cows 11.50 to 12.75; bull prices 9 to 12.50. Fat calves 13.50 to 14.50 with good vealers up to 15.50; stocker steer calves topped at 16 and stocker heifer calves at 15.00. Stocker and feeder steers and yearlings 10.50 to 15.00.

Civil Service Tests To Be Given Tonight

Test will be given at 7:30 p. m. today at the high school for applicants for civil service appointments as stenographer-clerk, junior stenographer and senior typist.

R. E. Divine, district representative for civil service, is here to conduct the tests, said O. R. Rodden, manager of the Big Spring district office for United States Employment Service.

Those interested in seeking appointment to positions in Washington, D. C., by submitting to the tests should either call at the USES office or telephone 1531 for an appointment, said Rodden. However, if this is impossible, it will be permissible to report at the school at 7:30 p. m. and make arrangements.

Positions offered pay the following rates: \$1,971, assistant clerk-stenographer; \$1,752, junior stenographer; \$1,752, senior typist.

The Price Of Fame

HOUSTON—Twelve-year-old Catherine Stokes dashed the champagne bottle against the prow of an escort vessel with a practiced—but cautious—swing.

When she learned she was to christen the ship named for her river-fighting great-grand uncle of the 1860's, Lieut. Charles Swasey, she went to the back yard of her Berwyn, Pa., home to rehearse.

She chose a tree for the prow and used a stick instead of a bottle, she explained.

The stick didn't break. Her arm was sprained.

Three Little Troubles

LOS ANGELES—Mrs. Virginia Washburn has the sympathy of 75 landlords—but still no home.

"All I've done is bear triplets," she sighed; "you'd think I'd committed some horrible crime."

Typical landlord reactions to the six-months-old trio:

"Oh, how wonderful! But of course, we don't take children."

"You poor girl! I'm so sorry."

"Gracious! How perfectly horrid."

Sandstorms Are Preferred To The Rains Of Guinea

Complain about West Texas sandstorms if you will, but Lieut. Col. Jim R. Dillard places a pretty high value on "one."

Writing from the jungles of New Guinea to Shine Phillips after having read Phillips' book—"Big Spring—the Biography of a Prairie Town"—Col. Dillard had this to say:

"Just a note to tell you that I have just finished your book away out here in the jungles of New Guinea and I think you have done a swell job. It was most interesting."

"It was all a far cry from this damp, rainy jungle country. I wouldn't give one sandstorm for 20 years of this stuff."

Once a physician in Big Spring, Col. Dillard is in command of a hospital in New Guinea and he said "We have a grand place at present with orchids, et cetera all over the place."

"Our boys are doing a wonderful job here: if you people back home could really know how wonderful our boys are... We all miss the dear old USA and long to be back."

Three Howard Leases Sold

Payment of \$45,000 cash and contract to pay \$14,500 out of oil for three Howard county leases was reported Friday in a transaction between R. G. Rodman and the Humble Oil and Refining Co.

Rodman is reported to have paid \$20,000 cash, \$10,000 out of 1-16 of gross oil production for the C. H. Arrington lease in the west half of the northwest quarter of section 22-33-42s, T&P, a tract that has four wells.

A consideration of \$10,000 cash and \$3,500 out of 1-16th of gross oil production was paid for the Nat Washer lease comprising the east 120 acres of the north half of section 20-33-1s, T&P, with two producers. Rodman also was said to have put up \$15,000 cash and \$1,000 out of 1-16th of the oil for the E. W. Douthett lease on the northwest quarter of section 115-29, W&N, with three producers.

"A nitrated aromatic hydrocarbon, my old chem prof called it... $CH_3C_6H_2(NO_2)_3$ or trinitrotoluene... just plain TNT to me... I didn't think I'd ever be sitting over a load of it headed air-express for an Axis rat's nest... but here we are over the target... and here they come, Adolph... here's a touch of Texas for you."

Hitler is feeling that touch of Texas from many sources—from the tens of thousands of Texas boys serving in every branch of our armed forces—from the tens of thousands of bombs and shells loaded with TNT made from Toluene that Humble processes from Texas crude oil. Since 45 days before Pearl Harbor, Humble has been producing more toluene than was formerly available from all other manufacturing sources in the United States combined.

Toluene is only one of the Humble war products. Millions of gallons of 100-octane and higher fighting fuels and additional millions of gallons of 91, 87, and 73-octane training gasolines are being produced by the same refineries which have always supplied you with Esso Extra, Humble and Thriftane gasolines for your car. From the plants that produce Esso, 997 and Velvet Motor Oils come also thousands of gallons of Humble-Esso Aviation Engine Oils. Special Navy Fuels, stratosphere greases, rust preventives, asphalts, and marine paints are other examples of the way Humble is converting Texas oil into war products for victory.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Unifin Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Resistant Protective Coatings, Stratosphere Greases, Toluene, Torpedoes, Greases, Waxes, Waterproof Lubricants FOR THE MACHINES OF INDUSTRY: Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes, FOR YOUR CAR: Products and service to help you care for your car for your country.

Stimson Opposed To Kilday Bill On Deferment

WASHINGTON, March 19 (AP)—Supporting the principle of inducting men without dependents before fathers are called up, Secretary of War Stimson today opposed the Kilday draft deferment bill on the ground it "would completely break down" selective service administration.

The war secretary's letter was made public by Chairman Sabath (D-Ill.) as the house rules committee resumed hearings on the bill of Rep. Kilday (D-Tex.) to put draft quotas on a statewide instead of a local board basis and to give deferment priorities to men with children.

Stimson said the legislation, approved last month by a 23 to 2 vote of the military committee and apparently headed for a house vote next week, would "prevent an administrative impossibility."

In language, he wrote Sabath, is not clear enough to prevent possible confusion through individuals appealing to the courts from induction orders on the ground that all available men in prior draft categories within the same state had not been called.

More Promotions At Flying School

Public relations office of the Big Spring Bombardier School announced today the promotion of three lieutenants to the rank of captains.

The group includes Capt. Edwin C. Sims, Jr., formerly of Mt. Pleasant, who is commanding officer of the 812th training squadron; Capt. John A. Buck, statistical officer for the department of training, formerly of Pittsburgh, Pa., and Capt. Richard T. Allen, school secretary from Eureka, Ill. Lieut. Benton F. Fuller, ground school instructor, was promoted to the rank of first lieutenant.

Pastime Club Meets In Amerson Home For 42 Game Party

Mrs. Tom Amerson won 42 high score when the Pastime 42 club was entertained in Mrs. Paul Brad-ley's home Thursday afternoon.

Refreshments were served and others playing were Mrs. D. F. Day, Mrs. Dalton White, Mrs. Jim Harper, Mrs. Ethel Vanselt.

Mrs. Lewis Cherry will be next hostess when the club meets in her home at 1104 Austin next Thursday afternoon.

Ration Books Being Issued To Children

The busy season is on this week at the ration board for issuance of War Ration Book Two for children the local board members said Friday.

Children are eligible for the second ration book, J. B. Pickle, chairman, said, but also pointed out that it may be necessary to require birth certificates of the children if there is any doubt of the validity of the application.

It would be well for the applicant to secure the birth certificate before contacting the board to remove any doubts, Pickle said.

Scrap Payoff

LITTLE ROCK, Ark.—Governor Homer M. Adkins of Arkansas is preparing to send ten pounds of Arkansas bauxite to Governor Sam H. Jones of Louisiana.

The Arkansas governor waged the bauxite against ten pounds of Louisiana sulphur plus a quantity of molasses that Arkansas would collect more scrap metal than Louisiana.

Governor Jones reported Louisiana collected 108.6 per cent of its quota; Arkansas, 61.2.

Damage Suit Is Heard In Court

Hearing on the suit for damages of Mrs. Morris Nissenon, et al versus T. & P. Transport company, was under way Friday morning at the 70th district court.

Testimony was being taken before Judge Cecil Collins. Judge Collins was in Midland Thursday where a plea of abatement was heard in the suit of the First National Bank of Midland versus Penn Royalties and others, suit on note. Briefs are to be presented to the judge.

Court will be in session in Odessa Saturday.

Those attending were Mrs. Mable Glenn, Mrs. Ella Lloyd, Mrs. Rosalee Gilliland, Mrs. Gertrude Newton, Mrs. Beulah Hayworth, and Mrs. Ella Lloyd.

Downtown Stroller

Thought the wedding boom was over for awhile but it was just a breather, seems like. At least we know of two more that are due to come up soon and that's likely to start off another cycle of marriages.

Mr. and Mrs. STONEY HENRY claim their new little son is just about the best baby around. At least, he's not a cry baby but just spends his time peacefully sleeping and their friends love to have them come visiting because he's such a good infant.

Had quite an academic discussion with LEE PORTER over this subject of spring fever. He claims we have it all year around, but our point is that we don't talk about it until the weather gets right, like yesterday, and that makes it almost legal.

Got a real kick out of hearing that the army has taken over some of the sorority houses on the old alma mater campus. We have visions of the khaki blending with the pink and gold and a white settings of some of the houses built for frilly white curtains and chintz bed spreads.

Caught a glimpse of the new home demonstration agent, RHEBA BOYLES having breakfast down town. She looked nice in a green outfit with one of those beanie berets that were made to defy West Texas March winds.

Personally, we know what to do with people like FERN SMITH who tantalized us the other day by talking about a homemade chocolate cake her mother was baking. We should have just shut up shop and taken our appetite over to her house.

First Grade Class Presents A Musical Program At Monthly Meeting Of East Ward P-T. A.

Rev. H. C. Smith Is Guest Speaker At Unit Session

Demonstrations of work and studies taught in first grade classes were presented Thursday afternoon when the East Ward Parent-Teacher's Association met at the school in monthly session. Mrs. J. J. Throop, teacher of the first grade class, directed the program which featured story telling, choral speaking and songs.

The Rev. H. Clyde Smith, pastor of the First Methodist church was guest speaker and Mrs. Throop's class was awarded the prize for having most mothers present.

"Wide Awake Boy" and "Bunny" were among the stories told by the children and choral numbers included "Lady Moon," "The Mitten Song" and "Who Has Seen the Wind." Songs were "Bluebird," "Robin Red Breast" and "Over in the Meadow."

Attending the meeting were Mrs. H. D. McKenney, Mrs. Cecil Milam, Mrs. Hiram Glover, Mrs. C. C. Coffey, Mrs. J. C. Sewell, Mrs. J. J. Throop, Mrs. Norman Priest, Mrs. Ruth Burnam, Mrs. D. P. Thompson, Mrs. Fred Beckham and Mrs. Roy Veatch.

hundred years ago. So now again my son will carry on, a ruling O'Shanessy in his own island kingdom.

The old man talked on and on of the past glory of the O'Shanessy family, and Jim sat quietly smoking and listening. "I'm old now," his heavy voice stressed the final words. "I live on my memories and my one dream that's still unfulfilled. You can see, young man, why this marriage of Don and Land's means so much to me."

Jim nodded and crushed out his cigarette in a tray on the desk. "Shall we join the others now?" O'Shanessy suggested.

Jim followed the old man back to the living room. Land's was playing softly on the grand piano. Don sat at her side. The picture instantly struck Jim as something that was just as it should be.

As O'Shanessy and Jim walked over to stand beside the piano, Land's fingers stopped moving over the keys and she looked up with a smile. "Have you two had a good talk?"

"I guess I did most of the talking," O'Shanessy laughed. "But say, this fellow Blair is a whole of a good listener."

"After Land's had finished playing O'Shanessy turned to Jim. "Well, Blair, I suppose now that you've located the submarine you'll be leaving us shortly?"

"Depends on how things go," Jim said. "There are still pictures to take and a lot of reports to make out."

"Oh, I hope you don't leave too soon," Land's said a little anxiously, and then to cover her quick embarrassment she added, "That is, not until I've had a chance at some under water painting."

O'Shanessy caught the urgent tone in her voice. A dark look for an instant seemed to hover over his heavy features like a passing shadow.

Sam Rayburn's Brother Dies

BONHAM, March 19 (AP)—Will Rayburn, 65, who had helped his brother, Speaker of the House Sam Rayburn, operate their farm near here the last 15 years, died in a hospital yesterday.

He had been seriously ill with a heart ailment for the last three days. He died about 5 p. m., shortly before Speaker Rayburn, who was hurrying from Washington to his bedside, entrained for Texas.

Funeral services will be held tomorrow and burial will be here.

Will Rayburn, formerly deputy U. S. marshal under Judge Randolph Bryant at Sherman, had lived here most of the time since 1888. He was born in Roan County, Tenn.

Majority Leader McCormack of Massachusetts was chosen speaker pro tempore by the house to serve in Rayburn's absence.

Survivors include three sisters, Miss Lou Rayburn and Mrs. S. E. Bartley of Bonham and Mrs. W. A. Thomas of Dallas, and four brothers, Speaker Rayburn; Jim Rayburn of Dodd City; Dick Rayburn of Dallas, and Tom Rayburn of Bonham.

Would Require Resignation To Run For Office

AUSTIN, March 19. (AP)—Railroad and highway commissioners who want to run for governor would have to resign their commission posts before becoming candidates under a bill sent to the floor of the house today.

Backed by Speaker Price Daniel, the measure was reported favorably for house action by its committee on privileges and elections. The measure was overwhelmingly approved, and committeemen indicated further that they would press for its passage.

Daniel and Rep. Hugh Wood of Bronson are co-authors of the bill, which provides that persons elected or appointed to offices for a term or more than two years shall not be eligible for nomination or election to other offices "without first resigning from the original office."

Such candidacies would be legal, however, during the last year of tenure in the original office.

Daniel two years ago was instrumental in pushing through the house a similar bill, which later died in the senate.

Excepted under the bill are state senators and members of the judiciary. Neither would the bill prevent an attorney general-elect for a two-year term—from seeking the governorship.

Since 1906, children from poor homes in Great Britain have received free meals at school.

Local Workers Must Share Cars

Necessity for workers at Condon Refinery, the Big Spring Bombarrier school and the railroad to adopt the share-the-car plan in order to obtain supplementary mileage ration cards was announced Friday by Sam Goldman, chairman of the gas panel for the local ration board.

According to Goldman, OPA officials from Lubbock were here recently to contact these three large companies to explain the necessity of conserving rubber through car sharing.

Effective March 22, Goldman said, people must share their cars with neighbors in the same area in order to obtain the supplemental books.

Goldman also spoke of the speeding law and said that regardless of the state revoking the 35 mile speed law as not valid, the government issuance of ration books for gasoline and tires is dependent upon the conditions that the car is not driven over 35 miles an hour. Therefore, OPA has instructed ration boards to continue to enforce the speed limit law to the extent of not granting tires and gasoline to fast drivers.

School Men Go To Lubbock Session

Four Big Spring representatives are scheduled to leave Saturday for Lubbock where they will attend a House of Delegates meeting of the State Teacher's Association.

The session which will get underway at 1 o'clock at the Lubbock high school auditorium, is to take the place of the annual convention.

W. C. Blankenship and John Dibrell will be delegates from the city schools and Walker Bailey and George Boswell of Coshoma from the county schools.

Blankenship, who is on the nominating committee for next year's officers will attend an early session of the committee at 10:30 o'clock Saturday morning at the high school.

Date for a speaker, Dr. Willis A. Sutton, superintendent of Atlanta Public Schools, to be in Big Spring has been set for 3 o'clock March 29th at the Big Spring high school auditorium. Since this year there will be no convention, the speaker has been secured to talk in eight towns in the district to teachers.

Nancy Dawes Wins Acclaim In Dallas Piano Program

Nancy Dawes, daughter of Mrs. W. R. Dawes of Big Spring, received a glowing review in the Dallas Morning News Thursday concerning her program on the Civic Federation Series Tuesday night in Dallas.

According to Patricia Peck, the reviewer, Miss Dawes presented a program of solid musical values and refreshing sophistication. She further states that Miss Dawes has "a confident stage presence which shifts her audience immediately from herself to her music and this she plays with the detachment that makes it personal as nothing else can."

The reviewer praised Miss Dawes' phrasing, her technical equipment, tone coloring and dynamic shading of her playing.

Beware Coughs That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

THE OLD JUDGE SAYS...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."

"Glad to, Jim. I told her, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make just last week that goes to prove it. If told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago."

"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."
