Tech Diggers Unearth Relics On Summer Trip

Seven Skeletons, A Number of Pots And Other Articles Uncovered

Several days' excavation on a pre-pueblo ruin at Tecolote, New Mexico, uncovered seven skeletons, a number of pots, bone needles, awls, spades, fragments of necklaces and other bone articles, along with various articles of flint.

The posterior parts of all the skulls uncovered were artificially flattened, as was the custom of the pre-pueblo people.

This ruin, according to Dr. W. C. Holden of the Tech history department, existed from 1500 to 2000 years ago, as it precedes the pueblo period; and the pueblo period began somewhere between the year One and 700 A. D.

Is Second of Kind

This field course, taken by the class in Archaeology, was the second of its kind conducted by the college. The class of 12 students left Lubbock on June 10 and spent two weeks of intensive class work at the San Geronimo Ranger Station in the mountains some 20 miles west of Las Vegas, N. M. While at the ranger station, a few excavations were made in the immediate vicinity.

On June 25, the class started on a tour of the living pueblos and outstanding pueblo ruins in New Mexico, Arizona and Colorado.

The itinerary included Pecos, Santa Fe, Santo Domingo, Sandie, Ysleta, Laguna, Acoma, Gallup, Zuni, Petrified National Forest, Flagstaff, Grand Canyon, Navajo National Monument, through Utah to Mesa Verde, Colorado; Chaco Canyon, Jemez and El Rio de los Prioles.

Returns July 15

The class returned July 15, bringing about two hundred pounds of valuable artifacts. All the archaeological material has been stored in the workshop in the attic of the chemistry building and is in process of being studied and restored.

The department hopes to have enough pieces restored to make an exhibit during the winter term.

Luggage for the party was carried in a Ford truck, and the students traveled in two touring cars. Total expense per student for maintenance and transportation was \$65.00. The class traveled approximately 3000 miles.

Those students making the trip were Kathleen Wood, Mildred Bagley, Willie Mae Hawthorne, Bonnie Carpenter, Nettie Carpenter, Myrtle Spunklock, Herbert West, Bill McWilliams, Frank Ward, Travis Parker and A. W. Ligon. Dr. Holden headed the trip.

Special Train Will Leave For Dallas Monday Night

Special Train Will Leave On Monday Night

Several Hundred Tech Students And South Plains Citizens Will Witness The Tech Game At State Fair Tuesday

Band Will Go

Harry LeMaire's Organization Will Play At Request Of The Dallas Chamber Of Commerce; Home Wednesday

A special train carrying several hundred Tech students and South Plains citizens will leave for Dallas Monday night. On the following day the Texas Tech Matadors will engage the Haskell Institute Indians of Kansas in a football game, one of the features of the State fair for that day.

Is Tech Day

Tuesday has been set aside for 'Tech and South Plains Day' according to word reaching here. It also has been set aside for 'Dallas Day' The Fort Worth and Denver Railway company is offering a special rate of \$7.10 for a round trip ticket, with also special reductions on the pullman.

The train will leave here Monday night and arrive in Dallas in time Tuesday for breakfast; it will depart from Dallas late Tuesday, arriving in Lubbock Wednesday in time for breakfast—maybe in time for 8 o'clock classes.

No Fair Admission Price

It is probable that the students will have to pay no admission price to enter the fair park, stated Professor W. L. Stangor, member of the Athletic council, this week, but tickets for the game are likely to sell for about \$1.

Class cuts will not be counted against students making the trip on the special train, President Paul W. Horn has announced. The Matador band will accompany the trip and will play at the fair following an invitation of the Dallas chamber of commerce.

Dean William J. Miller Resigns Office As Head Of Engineering Faculty

DEAN W. J. MILLER

To Accept Post At North Carolina University

Expresses Regret

DEAN WILLIAM J. MILLER, head of the engineering school of Texas Technological college since its founding, has resigned his position to accept a post in the University of North Carolina, an announcement from the office of President Paul W. Horn revealed Saturday. Dean Miller's resignation is effective, January 1, 1932.

Dean Miller is to be head of the department of electrical engineering in the North Carolina school, one of the best supported state institutions in the south.

"It is with regret that the college announces Dean Miller's resignation," Dr. Horn said. "He has been with the college since its establishment and organized the school of engineering and placed it on a substantial basis. The faculty which he has selected is an excellent one and reflects credit upon him.

"Dean Miller will be greatly missed from Texas Technological college," he continued. "He has made a host of friends among the faculty and student body and among the citizens of Lubbock. Their best wishes in every respect will go with him into his new field of service."

Successor Not Named

While no definite arrangements have as yet been made as to filling his place, it is understood that steps are being taken to fill the position before the date when Dean Miller's resignation takes effect.

The position at North Carolina was offered to Dean Miller without his seeking the place it was said.

Hail Tech's Aggie Rodeo Queen!

Above is Miss Virginia Wester, 16, who this week was elected queen of the Aggie rodeo which starts tomorrow.

Wester Named Queen During Election Here

Manager Snyder Announces That First Show Will Begin At 3 o'Clock Tomorrow On Tech Campus

Prizes Offered

Winners Of The Various Contests Will Receive Prizes; Proceeds Will Go To Stock Judging Team

Gates of the second annual Tech Aggie rodeo will swing open tomorrow afternoon at 3 o'clock with Miss Virginia Wester as rodeo queen. Rodeo Manager B. E. Snyder of Moran has announced.

Miss Wester, who last month created a sensation over the entire country when she brought a string of riding ponies to Tech from here New Mexico ranch, determining to pay her way through school teaching riding lessons, was elected queen by a popular vote of the students Monday and Tuesday. No nominations were made but students wrote the names of the candidates on the tickets as they voted. The names of 100 different girls were written on the ballot, Miss Wester receiving a majority of the votes cast. Miss Geraldine Durham of Hamilton was second in the race. Sue Barton was third and Kathleen Harmon was fourth. The latter was queen of the affair.

Students Are Contestants

All contestants will be students and contests will be in roping, riding, bareback wrestling and other events. Prizes will be offered to the winners of each. Tickets are selling for thirty-five cents, which are good for one performance.

Saturday's show will start at 2:30 o'clock and will be a continuation of Friday's events. Proceeds from the two-day affair will go toward paying the expenses of the Tech livestock judging team to contests at Kansas City, Wichita, Kansas and Chicago this fall.

R. E. Lewis Is New Member Tech Faculty

New Professor Comes To Tech From University Of Illinois; Hall Is Doing Graduate Work In Mass.; Assistants Listed

The mechanical engineering department under G. F. Godeke, has a new instructor, Ralph E. Lewis. Mr. Lewis received his Master degree from the University of Illinois this summer. Elmer Hall, the previous instructor, resigned to take graduate work in the Massachusetts Institute of Technology. The assistants in this department this year are: Roger Clapp, Elton Smith, and Sam Hopper.

The engineering school has a decided decrease enrollment this year from last year; however the electrical engineering department has a larger enrollment. There are 20 juniors and 13 seniors. The main feature of the department is a new dynamometer set.

Are Assistants

The C. E. department's assistants for the fall term are: Bernard Dean, Duane Orr, Travis Parker, and J. P. Rhaman. The assistants in the drawing department are: Frank Hale and W. T. White.

The freshman engineering lecture class will meet for the first time Thursday afternoon and it is very important that all freshmen attend because one unapproved absence is failure in the course.

1931 Officers Are Chosen At Student Meet

Jack Durham Heads Seniors; Moffett Is Elected Junior President, Cowan Chosen As Soph Head And Brown, Fish

Class officers and representatives to the student council were elected Wednesday night of last week at a student convocation at the gymnasium.

Those elected as officers for the senior class were: Jack Durham, Hamilton, president; J. P. Rhaman, Ballinger, vice president; and Linn Gaye Rodgers, secretary-treasurer.

Junior class—Milton Moffett, Stanton, president; Ray Moore, Hamilton, vice president; Jean Shelly Jennings, Lubbock, secretary-treasurer.

Sophomore class—George Cowan, Seymour, president; Bill Stubbs, vice president; Harriet Roach, secretary-treasurer.

Freshman class—Russell Brown, Brownwood, president; Murphy Taylor, vice president and Johnnie Jo Whitley, Lubbock, secretary-treasurer.

Council Members Chosen

Those elected as student council representatives were: School of engineering—Eugene Edwards, senior; James Loughridge, junior; Bud Hoffman, sophomore. School of agriculture—Jason Gordon, senior; Tom Easley, junior; Jess Young, sophomore. School of liberal arts—Harold Busby, senior; 'Jelly' Kelly, junior; Garland Smith, sophomore. School of home economics—Kathleen Harmon, senior.

Don Maddox, president of the student council presided at the election and Mary Lois Gamel of Lubbock, acted as secretary. Moose Witherspoon, vice president-elect of the council last year, is critically ill at a Mineral Wells hospital and was the only member not present.

Mrs. Corry Is YW Secretary

Wife Of Professor O. C. Corry Of Economics Department Is Secretary Succeeding Miss Jo Wilder

The new secretary for the Y. W. C. A. is Mrs. Azes Mae Corry. Mrs. Corry has taken the place of Miss Jo Wilder, the former secretary, who is now Mrs. Herbert J. Abraham of Syracuse, New York.

The officers of the Y. W. C. A. cabinet are: Miss Lillah Gaye Rodgers, president; Miss Cecile Horne, vice-president; Miss Marie Price, secretary; Miss Geraldine Cleveland, treasurer; and the chairman of the committees which function under this cabinet.

These officers were elected during the spring term of the past school year, and will hold their offices until the 1932 spring term.

Debate Club Will Meet On Tuesday

The Debate club will meet for the first time this year in room 202, administration building, at 7:30 o'clock Tuesday, Oct. 3.

The club, sponsored by Miss Anah Jo Pendleton, is an organization for the encouragement of debating in the college, and is also the laboratory for both the debate squad and the debate teams. The teams to represent Texas Tech, both men and women, will be selected from members of the Debate club. There are no requirements for membership, other than attendance and an interest in debating.

The intercollegiate question is not yet selected, but debates will be held on prominent questions until the question is known.

Forty Members Make Up Band

Sixty Students Tryout For 1931 Organization; Competition Is Keen Say Band Officials

Try-outs for the Texas Tech Matador band Friday resulted in the selection of 40 members, 15 of whom are new members. These members were chosen from a group of 60 who had practiced every moment of the week pending the try-outs. The keenest competition was in the cornet and clarinet selections, in which most of the eliminations occurred.

"Practically all the persons who failed to make the band eliminated themselves," stated Fred Fairley, secretary of the organization.

The band will rehearse and drill each morning at 7:00, and at 2:00 p. m. on Sundays in preparation for the trip to Dallas on October 12 and 13. The present members are all experienced musicians and the Matador band will be one of the best in West Texas this year," Mr. Fairley stated.

New Members Listed

The new members of the band are: Paul Brannon, Royce Brooke, Atkinson, Robert Brownlow, Theo Cheaney, Lois Cromwell, Henry Goddick, R. M. Harp, Beauford Haynes, J. McGowan, D. G. Stokes, Arno Struve, Elsie Tatam, and Bates Thornton.

Band Is Ready For Fair Trip

Forty Members Rehearsing Daily; Dallas Chamber Of Commerce Has Requested That Band Play There

The Texas Tech Matador band, under the direction of Harry Le Maire, will accompany the students to Dallas on the football special October 12 and 13. The band will play at the State Fair during the Tech-Haskell football game there on Tuesday, October 13. The Dallas Chamber of Commerce has requested that the band play at the fair while in Dallas, and it will also broadcast over a radio station.

"The forty members of the band are drilling and rehearsing daily in preparation for the trip, and we should make a wonderful appearance at Dallas," Fred Fairley, secretary of the band, stated today.

Indians Next For Matadors

Matadors Work Hard For Game With Haskell Indians Next Tuesday At Dallas At State Fair Park

Boasting a powerful running attack, the Indians of Haskell Institute will take the field against an equally strong Texas Technological college football team Tuesday afternoon at the State fair in Dallas. A colorful game should take place, as both teams have their respective machines built up almost entirely with veteran men, football fans say.

Heading the list of the Indians in the way of ability will be Johnson and Rabbit Weller. Weller can run 100 yards in 10 seconds and has many long runs to his credit. It is said of this small Indian that he does not even count the small runs of 20 and 30 yards. Walter Johnson the big boy of the Indian backfield, will bear the brunt of line smashing. Walter is the type of runner who likes to hit the boys hard. Supporting the Indian backfield, will be a light, but fast charging line.

Matadors Work Hard

Taking the Indians seriously, and in anticipation of the hardest game of the year, the Matadors have put in a week of hard work in preparation for the tilt. Coach Cawthon is likely to throw his entire strength into the starting lineup in hopes of stopping the long sweeps, deceptive spinners, double, triple and fake reverses employed by Indian Dietz.

Women Students Must Sign Up At Dean's Office Monday

All women students who plan to go to Dallas on the special train must sign up in the Dean of Women's office by 5 o'clock Monday. All out-of-town students must have written permission from their parents to make the trip, Dean Mary Doak said.

Mrs. Doak is calling a meeting of all women who are to make the trip for Monday, Oct. 12, in room 302.

"Just put it on my bill," sobbed the young widow as she left a floral offering at the cemetery.

Ancient City Is Believed Found

MOSCOW. (IP)—An ancient city, believed to have thrived in the second to fourth centuries before Christ, has been discovered by Soviet archeologists, buried on the floor of the Black sea on the southwestern extremity of the Crimean Peninsula.

Divers found the city under 40 feet of water, and reported the ruins to be those of a city in the shape of a great horse shoe, with walls. The houses, built on underground tunnels honeycombing the whole. The archeologists believe the city was destroyed in the gradual sinking of the land, which is known to be creeping rapidly into the sea.

The approximate dates of the city were established by red earthenware and crockery lying about.

Over Thousand La Ventana's Sold

More than 1,000 copies of La Ventana have been sold at this time, according to Jesse Cooper, business manager.

A new plan for the arrangement of pictures is to be inaugurated this year; they will be arranged according to classes rather than schools.

"We are planning on a bigger feature section this year," Cooper stated, "though we have not definitely decided about that. We are hoping to make the annual a success in every way."

Girl's Band To Sponsor All Girls Dance Tonight In Gym

The girls' band is sponsoring an all-girls dance in the gymnasium tonight, beginning at 8 o'clock. Members of the band will compose the dance orchestra. An admittance fee of ten cents will be charged.

Churches Of City Are Offering Special Bible Credit Courses

Several churches of the city are offering special Bible credit courses to be taught each Sunday morning at the regular Sunday School hour. These may be added to the regular college curriculum, and count for an hour's credit per term, or three hours for the entire year.

The First Methodist church is offering the "Life of Jesus" to be taught by Dr. A. B. Cunningham; the "Old Testament" by Miss Mary DeBardleben; the "New Testament" by Mr. Jack Boyd; and the "Old Testament" by Professor Fred W. Sparks.

All Geology Students To Go On Field Trips, Says Patton

Definite plans for all field trips in geology have not been completed at present, according to Dr. L. T. Patton, head of the department of geology. It is certain, however, that a number of trips will be made this year in order that every geology student may have the opportunity of making a trip.

"Three or four localities will be picked out where we will study," said Dr. Patton, "and a number of expeditions will be made to each locality. At least one, or perhaps two, localities will be visited each term by a number of different groups."

Dr. Patton stated that a number of short trips are to be made around the campus during laboratory hours for the purpose of studying soils. Such trips will take the place of the laboratory, he said.

Plans for the annual geological expedition made each summer are not complete at present.

Miss Jean Dorrell, Formerly Of Tech, Is Now In Wyoming

Miss Jean Dorrell, who was head of the applied arts department in the school of home economics in Tech is now in the fine arts department of the University of Wyoming.

Miss Harriet Tilden of Ames, Iowa, has accepted the position left vacant by Miss Dorrell. Miss Tilden has her Masters degree from Columbia University and is a former instructor in Texas university.

Freshmen YMCA Council Will Hold First Meeting Tonight

All freshmen interested in forming a Fresh Y Council are requested to meet tonight at 7:30 in room 310 administration building.

The Fresh council is entirely a freshman organization controlled by officers from their own group. Temporary officers will be probably elected at tonight's meeting, according to Jack E. Boyd, YMCA secretary.

Seventeen Slaton Students Charter Auto To Ride To Classes At Tech

soft, white pillows and the leisure of yawning and stretches. Each morning ere the sun has scarcely left the long, unbroken line of horizon, there comes from out of the southeast a string of dark objects, rushing like so many swift, darting arrows. A hum of motors and a rumble of tires against the pavement tells us that someone has greeted the first hours of day in person.

While most students are mumbling sleepy, incoherent phrases at a persistent alarm clock, Slaton students have long since forgotten the comfort of

New Reading Room Established In Home Economics Building

Miss Frances Larmer, graduate of the school of home economics of the Texas Technological college has charge of the new reading room which has been established on the second floor of the home economics building.

This room is open from 8:30 to 11:30 o'clock, and from 1 o'clock to 5:15 from Monday until Friday, and from 8:30 to 12:15 on Saturday.

Books, periodicals, pamphlets and other reading matter are filed in this room for the student's use.

Tech Board Of Directors Will Meet Next Tuesday

The Board of Directors of Texas Technological college will hold a special meeting at 9:30 o'clock Tuesday morning in the office of John W. Carpenter at Dallas. President Paul W. Horn, Tech president said this week.

Mr. Carpenter is a member of the board.

To Hold Tennis Event

A tennis tournament, open for both freshmen and upperclassmen, will be held Saturday and Sunday. It was announced this week. Students interested should see Professor O. C. Corry, W. B. Rushing or Cecil Blockley.

Don't speak of your private worries in public—she may hear you.

LOOK OUT, DALLAS!

Look out, Dallas, here comes Tech!
Open your doors, clear your streets, get your key ready—Texas Tech is coming to town.
Seven years ago the City of Dallas heard that Texas Technological college at Lubbock had opened its doors. Seven years ago you first heard about a bunch of Texas Tech Matadors.
Perhaps you have followed with pride news of the success of the state's youngest institution. From time to time you have sent your sons and daughters to the state's best technical school. From time to time they have brought back to you news of a fighting squad of Matadors; time after time you have read of these Matadors — but next Tuesday—Boy, howdy!—you'll get a chance to see them in person.
The Matadors are coming to town and they're not coming alone. With them will be several hundred students and South Plains citizens bringing to you greetings from the state's youngest college.
Make ready, Dallas, for a new visitor is coming to town.

'AND NOW WE WALK'

"We'll walk to dances this year" say the Texas university coeds.
Trying to do their part to help their boy friend through the depression, several coeds at Texas university recently passed a resolution that they would not ride to dances in borrowed or hired cars, but instead would walk. A noble resolution, thinks The Toreador, and the girls should be commended.
But at Texas Tech, where people speak to each other, where the meaning of Greek letters is not so essential and where people are judged for what they really are, such a resolution this year was unnecessary.
For seven years Tech coeds have lived up to a similar resolution—a sort of unwritten law. True many coed ride to dances, perhaps the most of them do, but always Tech women have preferred to ride rather than for the young ed to hire or borrow a car. Tech coeds can walk and don't mind it when they know their date has no auto.
While Texas citizens are praising a few university coeds who made such a temporary resolution, it might be well to look across to West Texas where such a custom has existed for years.

New Books Are Ready For Use

Two Books Added To Architectural Department; Also Added To Journalism and English Departments

A number of new books have been added to the library. In the architecture department are two new books, "Domestic Art of Old England" and a valuable old copy of "Pen and Ink Drawings."

In the English department Dr. S. L. Carter has added more works of Shakespeare and Chaucer and a copy of "Swift's Works" edited by Sir Walter Scott.

Twenty five or thirty books have been added to the journalism department. Three of the new books in this department are, "The Coming Newspaper" edited by Merle Thorp, Professor of Journalism in the University of Kansas, "What Is News" edited by Gerald W. Johnson of the Baltimore Sun, and "Joseph Pulitzer, His Life and Letters" edited by Don C. Seitz. According to Mr. Cecil Horne, more books will be added to the journalism department throughout the year.

Mr. Robert Cooper And Miss Beatrice Casteel Are Wed

Miss Beatrice Casteel and Mr. Robert Cooper of this city were married at Clovis, New Mexico, Saturday, September 19, at 3:45 p. m. Mrs. Cooper is the daughter of Mr. and Mrs. W. M. Casteel 2402 Main street. She was a freshman at Texas Technological college the past year.

Mr. Cooper is the son of Mrs. J. R. E. Cooper of this city. He was also a student at Tech this past year.

This popular young couple are residing at 2010 Main street.

District Home Economics Supervisor Will Come Here

Miss Sybil Thomas, district supervisor of home economics will make her headquarters at Texas Technological college with her office in the home economics building. Miss Thomas is in Austin at present, but will come to Lubbock shortly.

Spanish Club Will Hold First Meeting Tonight

The Spanish club, "Capa y Espada", will hold the first meeting of the year tonight, in room 310 at 7:30. The officers for the year are:

Faye L. Bumpass, president; William Nello, vice-president; Geneva Adamson, treasurer; Mart Woodson Jones, secretary; Mrs. W. B. Gates and Miss Frances Whitley, sponsors. All old members are urged to come, and all students who are interested in Spanish and have had one year of college Spanish and two years of high school Spanish are eligible for membership. An interesting program and social hour has been planned.

BEATS THEM ALL

It has been told that a certain Tech boy had a date with Dodson's "half man-half woman". It has also been told that the half-man part slapped the Tech student's face.

"That bully old slogan hits me just right—

... no bamboozlin' about that!"

SURE! When a word fits, you know it! "Satisfy" just fits CHESTERFIELD. A smoker picks up a package, and he likes its neat appearance — no heavy inks or odors from ink. That satisfies him.

Then he examines a Chesterfield. It is well-filled; it is neat in appearance; the paper is pure white. And that satisfies him.

He lights up. At the very first puff he likes the flavor and the rich aroma. He decides that it tastes better—neither raw nor over-sweet; just

pleasing and satisfying.

Then he learns it is milder. That's another way of saying that there is nothing irritating about it. And again he's satisfied!

Satisfy — they've got to satisfy! The right tobaccos, the CHESTERFIELD kind, cured and aged, blended and cross-blended, to a taste that's right. Everything that goes into CHESTERFIELD is the best that money can buy and that science knows about. CHESTERFIELDS do a complete job of it. They Satisfy!

Matadors Ready For Haskell Indians Next Tuesday

Coaches Have Tested Squad For Fair Tilt

First Two Games Of Season Give Cawthon And Smith Chance To Look Over 1931 Prospects; Matadors Ready

The Matadors are ready for the Indians! After having tested the strength of both the non-lettermen and the lettermen in the games with the Canyon Buffs and New Mexico Aggies, Coach Cawthon has been preparing his men for the game in Dallas with the powerful Haskell institute Indians.

Coach Sam Burton's Buffaloes proved only a fair test for the Matadors. The "shock troops" made the Buffs look pitiful, and when Coach Cawthon sent in the regulars with France and Price carrying the brunt of the attack, the Buffs never had a chance. Both Tech teams seemed to be in mid-season form.

Teams Mixed
Last Saturday in Las Cruces, against the New Mexico Farmers, the Matadors had some difficulty winning by score of 7 to 0. Coach Cawthon experimented with some tests by mixing the two teams which so decisively beat Canyon, no matter how he places them or on which team they play it is hard for the casual observer to notice much difference. Nichols, Crites, France, Moffett, Price, and Close gave the Farmers fits.

Coach Cawthon has been working his men hard all week in preparation for the Indians, who are touted to give the Matadors their first defeat of the season. Coach Dietz has a well balanced team, and the Indians, although lacking slightly in weight, have speed and deception which Dietz has capitalized on. The Matadors and Indians should stack up about equal in weight.

Tech Classes In Wrestling Have Started

Les Tribble Starts Wrestling Course To Be Held Each Tuesday Evening In Gym; No Charges For Lessons

Les Tribble, famed Tech wrestler, announces that he has started his class for wrestlers. The class will meet each Tuesday night at 7:30. Everyone is extended a cordial invitation to attend, and lessons are absolutely free.

After football season, elimination contests in each of the schools will be held to determine the winners of the various classes. Following the eliminations in the different schools, contests are to be held between the schools to determine the champions of the college.

Eight Divisions
There are eight divisions, ranging from the 115 pound class to the heavyweight which includes everything over 175 pounds.

Tech has some very capable wrestlers in July Owens, college heavyweight last year, Cy LaMasters, Bass, the tiny boy from Athens, and Les Tribble the 165 pounder from Sherman. Les has the most colorful wrestling career of all. This summer out of 32 matches he lost only one. Tribble wrestles according to professional or amateur rules.

Under Coaches' Supervision
All matches in the contests are to be under supervision of coaches F. W. Cawthon and Del Morgan. They will sponsor the program throughout, and schedule the most important matches for All College Fun nights.

Former Gridster Of Tech At A.J.C.

AMARILLO, Oct. 8. (Special)—A lonely Double T sweater can be seen wandering about the miniature campus of the local Junior college each evening following the daily drill of the Badger football squad. Jewell Darr, former Texas Tech line-man, is a candidate for a guard job on the local eleven. Darr threatens to become a power in the Amarillo defense as he has already established himself as a fighter. Former school-mate of the New Mexico lad will see him in action when Del Morgan brings his Tech freshmen here for a game later this month.

Homecoming Is Planned By T.C.U.

FORT WORTH, Oct. 8.—The annual homecoming for Texas Christian university alumni and ex-students will be held this year on Nov. 28 with the T. C. U.-S. M. U. football game as the chief drawing card. Plans for the day's entertainment will be in charge of the state alumni association and the Fort Worth branch.

PIN IS FOUND
WOOSTER, O.—(IP)—A Sigma Pi pin, lost recently by Mrs. Krauss, wife of Dr. W. E. Krauss, dairy specialist at the Experiment station here, was found in the stomach of a cow butchered at the station.

Intramural Basketball Starts; Games Scheduled

Under The Double "T"

BY LYLE HOLMES
Toreador Sports Editor
The Haskell Indians certainly served notice on all future opponents when they downed the Kansas university Jayhawkers Friday night, 6-0. It is an ill wind that blows nobody good, for any team that can beat the Jayhawkers, 1930 Big Six Conference champions, is a football team and make no mistake about that. The game also proved that Haskell has other stars than Rabbit Weller for it was Fullback Walter Johnson who was the main cog in the Haskell team Friday night. Haskell lost only one game in 1930 and that was to Kansas U. They defeated Washburn, Baker, Wichita U., Creighton, Oklahoma A. & M., Gonzaga (Wash.), Southern Idaho, Butler, St. Xavier, and Tulsa U.

Coach Cawthon will have about ten days to prepare the team for the battle the 13th of this month. This will give them ample time to recover from any injuries that may have been received in the A. & M. game Saturday. And folks, if the Matadors aren't doing anything else that Tuesday evening down at Dallas, I'll bet my bottom dollar on one thing and that is that they are in there fighting every inch.

It also looks like the Fish are in for a tough time the evening of October 15 when they tangle with the Amarillo Junior college Badgers. Saturday, the Badgers defeated the strong New Mexico Military Institute team 8-0. From all reports they have as strong a team this year as was their undefeated team of last year. A valuable addition to the Badgers is Lard, former Pampa high school flash, who is playing quarterback. The Badgers have been set back once this year by the strong Cameron Aggies, 6-0. This proves that they can be beat, so up and at 'em Fish.

In the Haskell-Tech game fans will have an opportunity to see how Price and France stack up with the two All-American prospects, Weller and Johnson. We'll be adding to the list now that the two Indian stars don't hold any edge.

Let's remember that this is the lucky seventh for Tech and get behind that team and push. I'm warning you right now that Tech is going to have a winning team from now on and so you had better get on the right side of the fence now. Why, in two or three years we are going to have that Southwest Conference up here asking us, yes, even Tech is going to come down and join their little organization. So let's get behind our team, beg, borrow, or steal the money to go to Dallas on, no matter how you get it if it is for the good of that ball club it is all right.

Coach Cawthon has not said so in so many words but it is a sure bet that he has plenty of definite plans saved for the tilt with Haskell. You may be sure that this coach plans on winning the Haskell tilt and has not given out much "dope" in the past two games. Don't be surprised if the Matadors open up with a brilliant attack of any kind.

The Matadors topped over the New Mexico Aggies last week 7-0. The score wasn't topheavy as many expected it to be but a win is a win, he is 70-0 or 7-0. The closeness of the score may be somewhat explained by the fact that Coach Cawthon mixed his regulars and reserves.

The Haskell game is but one of the several intercollegiate games carded by Coach Cawthon. The winning of these intercollegiate games is important in that it will give Tech a place in the future schedules of teams in these foreign sections.

Del Morgan is starting his basketball campaign early this

The above gentlemen will engage in one of their hardest battles of the season Tuesday when they meet the Haskell Indians at the State fair at Dallas. A special train, carrying several hundred Tech students and South Plains fans, will accompany the squad. The Scarlet and Black Warriors will try Tuesday to keep their "lucky seventh" unmarred by a loss, they having won their first two games of the season.

Mathematics Club Will Hold First Meeting Of Year Tonight

The Mathematics club, an organization for the benefit of all upper-classmen who are majoring in mathematics, will hold its first meeting tonight at 7:30. The meetings, which will be held for an hour on the second Thursday in each month, will be in room 206 in the administration building.

Colleges Blamed

SOUTH HADLEY, Mass.—(IP)—Speaking before the tenth annual meeting of the International Student Service at Mount Holyoke college here, Dr. Walter M. Kotschnig, of Austria, said he believed the unemployment situation could be blamed on the colleges for their failure to cope with vital economic problems.

Toreador Reporter: "I've got a perfect news story."
Your Editor: "Did the man bite the dog?"

Toreador Reporter: "Now—the bull threw Pender."
"Not a day passes but my wife shows her incompatibility."
"It's a crime the way women dress these days."

year. Intramural basketball started Monday. Coach Morgan hopes to take the cream of the crop and use it as material for future Tech basketball teams. Coach Morgan isn't going to pass up any cage material, and when he makes that northern invasion this winter he will have a team capable of performing in any company.

Terrible Tribble, the mauler from Sherman, is devoting a few moments of his spare time helping prospective Tech grapplers in the art of head pulling, ear twisting, eye gouging, etc. Les should know how this is done, since he lost but one of the 32 matches this summer, and this to a well known champion of the Southwest.

Start Plans For University City

MADISON, Wis.—(IP)—Plans for the creating of a "university city" have been developed by the regents of the University of Wisconsin here, as a means of relieving the meagre housing facilities for the several thousand students of the university. Discovering that the present dormitory system cares for only 500 men and 365 women, that fraternity and sorority houses take care of only 1,500 men and 600 women, and that the rest of the 6,000 students stay in rooming houses, poorly ventilated and lighted and without proper toilet facilities, the regents have worked out a plan whereby the university would purchase land on the ridge overlooking Lake Mendota, and offer rent-free sites to all fraternities and sororities that wish to build thereon.

College Club Holds First Business Meeting Of Year

The college club held its first regular business meeting last Thursday night at the club house 3224 College avenue. Jelly Kelley is president of the club.

The club held its annual term smoker Sunday night at the Hilton hotel. Guests were entertained by members and alumnae.

Son—"Daddy, what is a bachelor?"
Dad—"A man who looks before he leaps—and then doesn't leap."

Forty per cent of the teachers on the Island of Porto Rico spent the past summer attending schools in the United States.

QUICK ENOUGH

AUSTIN, Texas.—(IP)—Professor Alfred Kennott, instructor of romance languages at the University of Texas, while on a visit to Germany this summer, met a woman salesman in a hat shop, liked her looks, and three days later married her. The couple made a wedding trip to Locarno, then returned to the United States Aug. 12.

Fifteen Teams Have Entered Annual Games

Seasoned Men Will Coach The Various Squads As Competition Looks To Be Keen; Other Tilts To Be Scheduled

Intramural basketball started with a bang this week. Fifteen teams have entered the competition representing every class in every school on the campus, as well as the Y. M. C. A., Bookstore, Band, Military unit, and an independent team unit, may be known as the "Coo-coos."
Capable coaches who have had experience have been selected for the teams. Several of the varsity members will help. Tad Tadlock of Amarillo, center and guard with three years experience on the varsity, will coach the Soph. Eng. team. Bud Fisher and Clarence Hodges, both former captains on the Matador varsity will coach the Junior liberal arts and the Soph. L. A. in order named. And Darr, on the varsity last year, will coach the fish L. A. team. Other varsity men who have played with the varsity cagers and will coach team are Moody the Jr., Sr. engineer team. Crews the fish Eng. team. Wiese the Y. M. C. A., and Baker the fish Aggies. Other coaches and teams are: Jesse Holmes, Bookstore; Gordon Jones, Senior L. A.; Hale, Soph. Ags.; Thomas, Band; Stoops Bryant, Army; and Tom Easley, Jr. Sr. Ags.

The teams are divided into five groups of three teams each. They will play for the championship of their respective group, then the five winning teams will play for the intramural championship of the college.

Every man who is eligible for the varsity should enter in order to get as much practice as possible. All men are urged to join some team. Credit will be given for P. T. to those who join a team.

When the intramural schedule has been played the outstanding players will be picked for the All-Intramural team, and appropriate rewards will be given them.

The intramural schedule includes the following games:
Oct. 5—Band vs. Bookstore—7-8 p. m.; Jr. Sr. Ags. vs. Fish Ags.—8-9 p. m.
Oct. 6—Jr. Sr. Eng. vs. Soph. Eng.

—7-8 p. m.; Soph. L. A. vs. Sr. L. A.—8-9 p. m.
Oct. 8—Y. M. C. A. vs. Band—8-9 p. m.; Fish L. A. vs. Army—7-8 p. m.
Oct. 12—Soph. Ags. vs. Jr. Sr. Ags.—8-9 p. m.; Jr. L. A. vs. Sr. L. A.—7-8 p. m.
Oct. 13—Soph. Eng. vs. Fish Eng.—7-8 p. m.; Army vs. Independents—8-9 p. m.
Oct. 15—Y. M. C. A. vs. Bookstore—8-9 p. m.; Fish L. A. vs. Independents—7-8 p. m.
Oct. 19—Jr. L. A. vs. Soph. L. A.—8-9 p. m.
Oct. 20—Fish Eng. vs. Jr. Sr. Eng.—7-8 p. m.
Candidates are asked to save this schedule.

Matadors Win Over Farmers By 7-0 Score

Scarlet And Black Warriors Keep 'Lucky Seventh' Unmarred By A Loss As They Outplay N. M. Aggies

The Matadors defeated the New Mexico Farmers Saturday by a score of 7 to 0.

In doing this they continued to keep the "lucky seventh" unmarred by a loss. The Matadors out-played the Aggies throughout the contest, the line always holding at the most opportune moments. The first half both elevens battled on even terms waiting for some break which might give them an advantage. France's punting kept the Matadors out of danger more than once.

The third quarter marked the downfall of agglander, Nichols, diminutive fullback for Tech, carried the ball through the farmer line for a touchdown, extra was added.

The last quarter the Matadors coasted on their lead and with a great defensive line which held the Aggies scoreless.

Starting Lineups:
Texas Tech Positions Aggies
Matthews L. E. Rooney
Langford L. T. Newcomer
Turner L. G. Ray McCorkle
Tribble G. Seley
Greer R. G. Roy McCorkle
McWilliams R. T. McLernon
Teal R. E. Mechem
Moffett Q. B. Corley
Crites L. H. Baird
France R. H. Lee
Nichols F. B. Fritz

GLEE CLUB REORGANIZED
FORT WORTH, Oct. 8.—After a lapse of two years, the Men's Glee club at Texas Christian university is being reorganized. David Scouler, instructor in voice, will direct the organization.

Bits of News From Other Colleges

NOT SO HOT

Southwest conference eleven turned out to be quite the "bunk" in games played last Saturday. Rice tumbled before a semi-sophomore eleven wearing the colors of Oklahoma U. The T. C. U. Frogs took a beating from Tulsa U. Texas Aggies traveled to New Orleans for a taste of mud and defeat from Tulane. The Steers, however, sent the Missouri Tigers back to Columbia smarting under a 31 to 0 beating.

BET PAPA'S PROUD

Once upon a time Jimmy Cook was a star athlete at the University of Illinois. That was many years ago. Jimmy married and took up a coaching job in St. Louis. Young Dave came to bless this Cook household. This same Dave grew into a husky lad and became his father's backfield ace at Soldan High school. Saturday for the first time he wore the orange and blue of his father's alma mater, Illinois, in a game with St. Louis U. Jimmy must have been proud of his boy.

LOOK HERE FOOTBALL FANS

Here's some questions for our would-be followers of the gridiron: Who is Ish Pilkington? How bad did Notre Dame beat Indiana? What little college nearly beat the Navy? What eastern eleven drubbed Iowa?

What color uniforms did Notre Dame wear last Saturday? Who is Collier Parris?

EARLY PREDICTIONS

The once over of last week's scores seems to suggest that the best teams in the nation are: Army, Dartmouth, Notre Dame, Texas, St. Mary's (California), New York University, Washington, Minnesota, Alabama, Fordham, Northwestern, Pittsburgh, Georgia, Tennessee, Michigan, and Washington State. It looks like this weekend's battle between Northwestern and Notre Dame will decide the National Championship.

OUR OWN LEAGUE

Why not organize a Technological conference. Here's what the Tech boys did last week: Williams beat Renesseleer, Poly, Detroit Tech slipped one to Concordia, Hanover whipped Stevens Tech; Wisconsin crushed Bradley Tech; Rose Poly beat Earlham; Lowell Textile defeated Middlebury; and Georgia Tech trounced South Carolina.

TIME AND TIDE

BY WILL BRISBARTON

OUTBREAK

"Facilists, hell, I'm a pacifist, but I always have a club behind my back." is the latest outbreak of Major General Smedley D. Butler, much quoted and reprimanded Quaker gentleman.

FLICKERING CANDLE

The light burns low in the life of that matchless American, Thomas Alva Edison. Perhaps before these words are in print the feverish flame will have consumed the candle. Tonight when you sit in your room, you may well grow conscious of the electric bulb that gives you light. Over the world innumerable billions of such lights radiate and will radiate turning darkness into day. It is a blaze that caught its light from the flicker of this once brightly burning candle. The telephone, the telegraph, the moving picture, the phonograph and many other modern conveniences owe their development or invention to Edison. Surely this man, who puzzled so much over the inscrutable mystery of immortality, lives mightily among us.

STOCK SKYROCKET

Tuesday stocks went dizzily upward in the largest general advance since November 14, 1929. Cotton advanced about \$1.75 per bale. Based on the standard statistics—Associated Press averages the gain amounted to 8.7 points. Bright prospects for a good war in the Orient and President Hoover's constructive business conference got some of the blame for the upturns.

DEAD

Dwight W. Morrow, senator from

walloped them two weeks ago and last week they came back for another beating. The S. M. U. Mustangs gave the Cranfill-ed boys a 27 to 10 defeat. They're still some more beatings coming, too.

IT TAKES GUTS

When a team can stay in there and take a 67 to 0 trouncing and just before the final whistle blows make one last effort to score and put that effort across they've got what it takes to play good football. Knox, sadly outclassed by West Point, rallied to push over a last minute tally.

TOUGH ON THE BOYS

The forty Tech boys who gathered in the tickets out at Dodson's carnival found that they were not the only football fans on the lot. "Uncle Harry," head man on the lot, took his every game—and he knew his football, too, as he once cut cappers on the gridiron for Princeton.

A DIVIDED HOUSE

The Avalanche-Journal has plenty of inside turmoil. Last week Bob McCall's boy friends from Missouri fell before Texas. This week we'll probably see Parker Prouty and Charley Guy putting up some clever alibis on why Oklahoma dropped to Texas. The real holler is coming when Collier Parris finds his Baylor Bears taking a licking from C. W. Ratliff's Texas Tech Matadors.

IT WON'T BE LONG

Jewell Darr is counting the minutes until Del Morgan's freshmen call in Amarillo for a game with the Badgers. And a few of the freshmen are counting the minutes, too.

DALLAS FAIR SCORES

Iowa 27, Texas A. and M. 7. Texas Tech 7, Haskell 6. Texas 30, Oklahoma 2. Centenary 13, S. M. U. 7. S. M. U. 'B' 3, Mexico 0. Tech Fish 57, Terrell 0.
