

Planes Bomb Amman, Site Of Arab Meet

Raid Comes Few Hours Before Moslems Gather To Consider Truce Proposal

CAIRO, June 1. (AP)—Jewish airmen bombed Amman, Trans-Jordan, a few hours before Arab League leaders met today on a cease-fire proposal for the Palestine war.

Dispatches from King Abdullah's little capital across the Jordan from Palestine said the bombing aroused bitterness. Observers there said the raids may have blasted away the faint hope of a United Nations truce.

The attack came as the Arab allies reported their troops and armor massing on a 40-mile front in an effort to throw a noose around Tel Aviv, the heart of Israel.

The British announced in Haifa that the RAF field near Amman also was struck. Arab officials in Trans-Jordan said six Arab civilians, including two children, were killed. The British put the total dead at 12, and the wounded at 30.

Tel Aviv has been the target for Egyptian attacks from the air virtually every day since May 16. One such attack wrecked a bus terminal with a heavy loss of life. Indications in Cairo had been that the Arabs would accept a

four-week truce plan of the Security Council only on condition the Jews would repudiate their new state of Israel. The Jews have given every indication they would resist such a demand.

While the political leaders talked, there was no sign of a let-up in the fighting. Official word from both sides indicated a major battle is brewing along a winding 40-mile front from Jerusalem northwest to Tul-karm, an inland city in Arab territory, equidistant from Haifa and Tel Aviv.

The Jews acknowledged that Iraqi troops, moving south, are only nine miles from Tel Aviv at one point. One Arab informant said Iraqi soldiers were only three miles from the city, but this has not been confirmed.

Speaking of the necessity of securing a proper balance in our lives, Dean Root stressed the need of that balance in seeking an education and using it. A student need not have a Ph. D. to be a scholar, said the speaker, but he must desire to move ahead. "An education is a person's greatest asset—it will never decrease in value." Success is sharing that education with others.

Dunlap, valedictorian, brought to the audience evidences of the changes that were coming about in the world, and their subsequent influence on "The Change At Home." He suggested that most

South-Midwest Solons May Defeat DP Bill

Extra Debate Asked To Speed Up Decision

WASHINGTON, June 1. (AP)—A minority combination of Southern and Midwestern senators threatens possible defeat for the bill to admit 200,000 displaced persons from Europe.

Senate leaders called for extra hours of debate today in an effort to speed a decision. The session was called an hour earlier than usual, with a night session under consideration.

But with the calendar already crowded and the adjournment goal less than three weeks distant, opponents are in a strategic position to block the bill merely by prolonging debate.

They are among the 33 senators who failed to defeat the move by Sen. Ferguson (R-Mich) and others last week to double the number of persons to be admitted in the next two years.

The Senate Judiciary Committee had voted to allow 50,000 the first year and the same number the second, a total of 100,000. But Ferguson and others boosted this to 200,000 for two years by a 40 to 33 vote.

Rains Narrow Drouth Belt For Howard

Howard county's drouth belt was narrowed Wednesday while much of northern Howard and most of Dawson county cried for blue skies.

Morning showers in Big Spring poured out little less than an inch on part of the city. The U. S. Experiment Farm, in a dry belt previously, got .81 of an inch, reversing the tables on the U. S. weather bureau, at the airport, where only .24 of an inch was reported.

In northeastern Howard county, in the Luther area, a young cloudburst, punctuated with hail, was reported. Unconfirmed reports were that roads at Vincent were made impassable.

The Herald Correspondent in Ackery reported two and a half inches of rain which fell almost constantly from 7:30 a. m. to around 10 a. m.

At Lamesa, another two and a half inches of rain fell, piling in on top of around four inches Sunday night and five inches Saturday night in a terrific rain, wind and hailstorm. The north and eastern half of Dawson county had upwards of 10 inches in the current spell.

A good shower was reported at Coahoma, and Earl Hull said an inch had fallen at R-Bar when he left in the rain to come to town. About eight miles out on the Gall road, "the bottom dropped out."

Knott had all the way from an inch and a half to two inches, insuring ample planting moisture. Although there were no reports to sustain it, rains may have reached into the Welch area of southwest Dawson county, where reports said not enough rain had fallen to date for planting.

The showers here and immediately to the north supplied planting moisture for a strip approximately eight miles wide and about that long.

Lomax, according to reports here, was not visited by any appreciable shower Tuesday morning. No reports of water in the city lakes were received, and on the basis of only a light shower at Fortson, it seemed doubtful that there would be any run-off on either shed.

TWC Honors Mrs. Roberts

FORT WORTH, June 1.—Mrs. Dora Roberts of Big Spring received the honorary degree of Doctor of Humanities during commencement exercises Monday, May 31, at Texas Wesleyan College.

For the advancement of Christian education, Mrs. Roberts recently added \$500,000 to the endowment fund of the college.

President Law Sone conferred the degree, upon recommendation of the faculty and board of trustees of TWC. Rev. Warren Johnston, president of the board and minister of First Methodist Church, read the citation.

The citation described Mrs. Roberts as "child of faith and vision, worshiper of the living God, believer in His call to stewardship according to the measure of His bounties, attentive listener to the heavenly voices, embodiment of the forthright virtues of the pioneer West, Christian wife and mother, diligent provider of the material and spiritual food for her household and those about her, and benefactor of Christian education today and for all posterity."

Mass Evacuations Begin In Northwest

HELLO, TEXAS—Jerry Aaronson, 8, red-headed, freckle-faced boy from Mount Vernon, N. Y., clutches a western story comic book in one hand and waves his cowboy hat as he arrived in Dallas May 26, for a week's visit in Texas. Jerry won the trip for his essay, "Why My Daddy Is Wrong About Texas," in a contest sponsored by the Madisonville Sidewalk Cattleman's Association. The association recently conducted another contest to pick the Ex-GI who hated Texas most. (AP Photo).

MEMORIAL DAY WEEKEND Drowning Is No. 1 Killer In Texas

By The Associated Press Drowning proved Texas' No. 1 killer as 28 persons died in the state during the Memorial Day week end.

Eight drowned. Seven were killed in traffic accidents and four in plane crashes. There were five homicides. The rest died from assorted causes.

M. C. Goodchild, 50, of Houston was the latest drowning victim reported up to last midnight, end of the three-day holiday. He fell from a speedboat in Galveston Bay yesterday.

Deaths of two other Houstonians were reported yesterday. Edward F. Gillies, 36-year-old dental technician, shot himself fatally Sunday with a .22 automatic rifle he had used for target practice, according to an inquest verdict. Charles

By The Associated Press The nation's death toll from violent accidents over the extended Memorial Day holiday appeared headed close to the 400 mark today. Traffic accidents, as usual at a holiday period, caused more than half of the fatalities.

Moffett, 49, Houston restaurant operator, died of injuries received in an automobile accident south of Humble Sunday.

Howard Bradley, 26, of Dallas was killed Sunday when his car was in collision with a truck near Atlanta, Tex. His wife was critically injured. The truck driver was not hurt.

World Forum Slated Tonight

Directed to all citizens, a final invitation is being issued publicly today to attend the World Government Forum at the municipal auditorium this evening, beginning at 8:15.

Already in the city this morning were two of the three lecturers who will be heard from the platform tonight. They are James P. Speer, II, director of the San Angelo College Institute of World Government, and Dr. August O. Spain, associate professor of government at Texas Christian University. The third speaker, Dr. W. H. Elkins, San Angelo College president, was due in late this afternoon.

Dr. Elkins is to give the first talk on tonight's series, speaking on "The Importance of World Government." Dr. Spain is to present an analogy between the problems faced by the American colonies and those faced by the nations of the world today. Speer will conclude the talks with an address, "Freedom vs. Anarchy."

E. C. Dodd, president of the Howard County Junior college, will preside for the program, and direct a question and answer period at the conclusion of the talks. Speer said today he hoped public participation in the program will be extensive, with the aim of bringing forth as much information as possible on the various proposals for establishment of lasting world peace.

The Forum, sponsored locally by The Herald, is free to the public.

Columbia River Brings New Peril

PORTLAND, Ore., June 1. (AP)—Mass evacuations began today as the flood-swollen Columbia River brought new peril to a 120-mile section at the lower end of the stream.

The river, which already had caused the Pacific Northwest's greatest disaster, threatened to flood hundreds of farms and many small cities in the area, nearly all of which is downstream from Portland.

Army engineers ordered the evacuation of the thousands of residents of the 43 drainage districts area, but said many of them already had run for higher ground.

The Portland Housing Authority estimated at \$27 million the loss suffered by the war-housing city of Vanport, which was crumpled Sunday. That was the only flood loss estimate available, although before the Vanport disaster, Army engineers had predicted a loss of \$30 million to farms and houses, and to valuable topsoil being swept to sea.

The river, second largest in the nation in amount of water discharged, is at flood stage for 750 miles. The crest will reach the Portland area tonight or tomorrow.

Part of Portland's downtown area, including the union station, was under water today after the Willamette River topped the seawall. The station is Portland's only railroad depot, and trains were unable to use it.

In North Portland, where more than 18,000 persons were left homeless in Sunday's Vanport disaster, the flooded area was tripled by the bursting of two more dikes. On top of these two dikes were the approaches to the Pacific highway, principal north-south route.

The breaking of these dikes left three square miles under water, with houses from Vanport pouring through both gaps. Some of them turned end-over-end, and all hope of salvaging these was lost.

No bodies have been recovered from Vanport. Some bodies might be swept so far they never would be found.

Survivors are scattered in thousands of homes throughout the city, in schools and churches.

The major threats downstream from Portland were at Clatskanie, Rainier, Woodland, Kelso, Longview and Kalama. Those areas, where much of the population is being moved out by Army engineers, national guardsmen and civilian agencies, are like vast swamplands.

Melba Brannon First Deputy Clerk Here

Melba Brannon of Vincent, first deputy district clerk in the history of Howard county, assumed her duties at the court house this morning.

She is the daughter of Mr. and Mrs. Lloyd Brannon of Northeast Howard county.

MUSIC DOESN'T HINDER WORK

NEW YORK, June 1. (AP)—A bugler and a drummer in a Police Department band did double duty yesterday.

Informing that a man in the audience at a Central Park band concert was wanted for car theft, the two musicians stepped out of ranks and arrested him.

Czech Communists Have Easy Triumph

PRAGUE, June 1. (AP)—The Czechoslovak government, which got itself reelected by an 89.2 percent majority Sunday, unanimously halted the vote today as popular approval of its February maneuvers and actions since then.

Cabinet ministers issued a series of statements insisting that the people now have spoken in favor of the government. This was a development which even ordinary observers predicted weeks before the election, when the handpicked single government ticket was announced.

Nearly 11 per cent of the voters were recorded as casting blank (opposition) ballots despite a lack of voters. They cast their ballots and threw away the tell-tale discard in watched waste baskets.

The number of mutilated ballots was not announced. In at least one election place

Anti-Mundt Bill Protest Is Threatened

Leader Says Thousands Will Demand Hearing

WASHINGTON, June 1. (AP)—Belligerent opponents of the Mundt-Nixon anti-Communist bill threatened today to lead a protest demonstration at the capitol Wednesday.

Len Goldsmith of New York, executive secretary of the Committee for Democratic Rights, said "thousands of people" will be on hand to demand a hearing before the Senate Judiciary Committee.

There were angry shouts from the audience when the committee closed public hearings yesterday on the House-passed bill to force registration of Communists. A group of about 30 men and women were waiting to testify.

"We're tired of being shoved around," Goldsmith shouted. "We demand the right to be heard."

But Sen. Wiley (R-Wis), committee chairman, already had left the committee room. Acting Chairman Ferguson (R-Mich) said he had no authority to continue the hearings.

Wiley's committee will meet Thursday, it was learned, to decide what to do about two witnesses who refused to say whether they are Communists.

Singer Paul Robeson and Joseph Kehoe, New York union leader, declined to answer when Ferguson asked them if they are members of the Communist Party.

Robeson termed the question "an invasion of my right of secret ballot." He said he would go to jail if necessary before he would answer.

Kehoe, secretary-treasurer of the CIO American Communications Association, said "I am happy to join Paul Robeson."

There is growing doubt first whether the House-passed bill will clear the committee this session and second whether it could be acted upon by the Senate in the adjournment rush if it does get to the floor.

Motor Union Drive Underway

DALLAS, June 1. (AP)—An AFL Teamsters Union drive to organize employees of four motor freight lines in Texas was underway today.

Meanwhile, a National Labor Relations Board official said the firms have until June 8 to show they are carrying out an NLRB order to "disestablish" a rival union. The order tells the companies not to interfere in the AFL drive.

The drive started yesterday, said Ralph Dixon, business manager for the Teamsters local, after all Teamsters business agents had met with M. W. Miller, international union representative.

The freight lines are Spriess-Red Ball Lines, Dallas; Red Arrow Freight Lines, Houston; Brown Express, San Antonio; and Merchants Fast Motor Lines, San Angelo. Also named in the NLRB order—but not announced as immediate objectives of the AFL organizing drive—were Johnson Motor Lines, Johnson Storage & Distribution Company, and Spriess' Motor Freight Lines, Fort Worth.

Two company officials have taken exception to the ruling. But in Fort Worth, Dr. Edwin A. Elliott, regional NLRB director, said: "We don't anticipate any trouble. The companies must notify our board within ten days after the ruling of their intentions of compliance."

Talks Renewed In Rail Dispute

WASHINGTON, June 1. (AP)—Presidential Assistant John R. Steelman today doggedly renewed the government's search for a way out of the deadlocked rail dispute.

Steelman called negotiators for the nation's big railroads and three disgruntled labor unions to his White House offices. He had recessed the talks over the Memorial Day week end.

The unions, with about 190,000 members, were forced to call off their proposed May 11 strike after the government seized the roads and then got a temporary restraining order from Justice T. Alan Goldsborough.

Goldsborough twice has extended the brief restraining order, which now runs until June 11. On June 10 he will hear arguments on a union motion to throw out the whole injunction proceeding.

Atomic Plant Poll

OAK RIDGE, Tenn., June 1. (AP)—A two-day poll to decide whether 875 atomic plant workers want to accept a final contract offer began here today under auspices of the National Labor Relations Board.

CONGRESS WATCHING CLOCK

Pressure Promised If Demos Fight Present Atomic Bill

WASHINGTON, June 1. (AP)—Sen. Taft (Ohio) said today Republicans may let atomic energy commission appointees go unconfirmed if Democrats make any lengthy fight against the two-year extension bill.

With Congress watching the clock of a proposed June 19 adjournment, Taft said his party won't have any time to spare for a long battle over the measure to extend the commissioners' terms until 1950.

"If we can get it passed without too much difficulty Congress can send the bill to President Truman and let him decide whether he wants to veto it or give the commissioners recess appointments," the Ohioan said.

"But if the Democrats are going to fight it, then maybe the bill won't be passed at all. That would bring the appointment question up again next January."

Chairman David E. Lilienthal and his four commission colleagues would continue to serve under their present appointments until Congress either extended their terms or successors were named and confirmed.

to fight it, then maybe the bill won't be passed at all. That would bring the appointment question up again next January."

Chairman David E. Lilienthal and his four commission colleagues would continue to serve under their present appointments until Congress either extended their terms or successors were named and confirmed.

Mr. Truman renominated Lilienthal for a full five-year term and the others for terms ranging from one to four years.

The two-year extension was proposed as a compromise between those who want to follow the present law and those who favor keeping the issue open in the event

the presidency changes hands in the November election.

Sen. Knowland (R-Calif) said he hopes the compromise measure can be approved so that it will provide more "stability" for the commission's operations.

The atomic bill is only one of several threatened by the jam of legislation piling up before the Senate.

With business starting an hour earlier than usual, leaders hoped to dispose today of a bill to let 200,000 displaced persons into this country.

But Sen. Revercomb (R-W.Va.), original sponsor of the measure, said he doesn't think it can be acted upon that quickly

In lines describing the Cosden picture last week, the Herald inadvertently erred in listing the station manager. The lines should have noted that Haskell L. Autry and J. E. Harland are and have been operating the station for several months. Both are well known in the area.

Westex Abreast On Installations

Recent cool weather allowed the Westex Service Store to catch up on installation work and the firm now is again in position to make immediate delivery on new air conditioners, W. J. (Bill) Sheppard, manager, reports.

With approach of the season when coolers are needed most in the homes, the Westex Service store intends to keep a good stock on hand during the next few weeks. They are available in three sizes. A number of other items, many of which were formerly available in more or less limited supply, also can be obtained now for immediate delivery. They are featuring washing machines, 10-foot deep freeze units for the home, upright type of freeze units and regular electric refrigerators.

MODERN MARVEL is the Maytag Dutch oven range in any kitchen. Sturdy, automatic, beautiful and efficient, the range is the answer to wife's culinary prayers. The new model may be seen at Big Spring Hardware. (Jack M. Haynes Photo).

MAYTAG SCORES WITH DUTCH OVEN RANGE FOR EFFICIENT COOKERY

Set it. Forget it. Serve it. These are the things they are saying about the new Maytag Dutch oven gas range, a modern marvel in convenient, efficient and economical cookery.

Now on display and available at Big Spring Hardware, these ranges offer a good example of why the celebrated name Maytag now conveys more than washing machines. The famous Dutch oven range has a width of 24 1/2 inches, a height of 36 inches to cooking top, an oven 18 inches wide, 19 inches deep and 15 inches high; a broiler compartment; well kettle with six-quart capacity; storage compartments 20 inches deep, nine inches wide and 12 high. Construction is of heavy duty steel with double-tough white enamel finish. The oven is one piece to eliminate seams for collecting grease, etc. Automatic controls on the oven make cooking a cinch, for the mechanism may be set to shut off the gas at any moment. That does not stop the cooking, though, for a piny-pincher idea (a heavy steel plate) keeps the good work going.

Super-Balloon Tires Available

Owners of older style automobiles may acquire much of the style and comfort of the 1948 models by equipping their cars with the new Firestone Super-Balloon tires. Elmo Knightstep, manager of the local Firestone store announced recently.

The new Super-Balloon, greatest improvement in passenger car tires since the Firestone Tire and Rubber company developed the first balloon tire in 1922, offers the motorist more comfort and greater safety than any other tires available today, Knightstep said.

Until now the Super-Balloon tire could be had only as original equipment on 1948 automobiles. However, increased production has made the new tires available in a wide range of sizes. This permits the installation of the Super-Balloon on 1941 and later models.

The Super-Balloon features a new tread and shoulder design that gives the older model vehicles that 1948 "new look." Giving a softer ride, because it contains a greater volume of air at a lower pressure, the Super-Balloon also has a larger "foot print" on the road. This results in greater driving stability, quicker stopping and greatly improved non-

skid characteristics. Firestone recently announced two new tires, low in price and high in quality, the Firestone Super-Champion and the Firestone Standard, backed with the same lifetime guarantee as all other Firestone casings.

Persons who call at the Firestone store will also find they can buy the best and most modern home appliances, including the electric washer, ranges and radios.

Big Spring Hardware Has All Maytag Lines

Big Spring Hardware carries the complete Maytag line—the famous Dutch oven range, the handy and efficient freezer locker, ironer and washing machine. The home freezer is a marvel of efficiency with large storage, a handy height that blends into cabinet arrangements and which may be used as a breakfast table if desired. Moreover, there is a handy fold-down leaf that makes it ideal for a food preparation center. The counter balanced lid and quick food defroster are other features. As for the ironer, it has an unusually long drum that permits handling large volumes of work. Maytag washers are so famous there's no use saying more.

Mimeograph Supplies

The finest in stencils, stencil correction fluid, styluses and lettering guides, put out by the Speed-O-Print company, is available to the public at Thomas Typewriter Exchange, located at 107 Main street.

Federated Council Of Church Women Gives Reports Of Child Welfare

Reports were made on the survey of Child Welfare in Big Spring by members of the Federated Council of Church Women Monday afternoon at the First Christian church.

Mrs. W. A. Laswell, Mrs. Bernard Lamun and Mrs. Dalton Mitchell read the reports.

Mrs. John Warfield gave the devotional. Vevagene Apple and Joyce Howard accompanied by Jane Norris sang a duet.

A nominating committee composed of Mrs. J. E. Duggan, Mrs. Lena Koberg, Mrs. George Hall and Mrs. Bob Eubank was appointed by Mrs. Bernard Lamun, the president.

A letter was read from W. R. Breg of the Allied Youth thanking the Council for their cooperation in the establishment of an Allied Youth group in the schools of Big Spring for the Alcohol education of the youth.

The subject of supporting an international organization for the care of children was introduced to the council. The drive for used clothing will begin in June so that it can be distributed to the children by winter. Each person has been asked to contribute two articles of used clothing or 15 cents to ship the used clothing overseas.

Those present were Mrs. P. Marion Simms, Mrs. Joe M. Fawcett, Mrs. Bob Eubank, Mrs. J. B. Pickle, Mrs. Arthur Pickle, Mrs. Cliff Wiley, Mrs. Nell Robinson, Mrs. N. W. McCleskey, Mrs. W. D. McDonald, Mrs. D. H. Fiewellen and Mrs. J. D. Benson.

Mrs. Harry Lees, Mrs. G. W. Dabney, Mrs. Justin Holmes, Mrs. Lloyd Thompson, Mrs. W. G. Wilson, Jr., Mrs. Frank G. Powell.

Mrs. W. A. Laswell, Mrs. John F. Warfield, Mrs. Dalton Mitchell, Mrs. Bernard Lamun, Mrs. H. J.

Rebecca Rogers Hosts High Heel Slipper Club

Rebecca Rogers was hostess to members of the High Heel Slipper Club Monday evening in her home.

Additional plans were made for the bathing review which will be held on June 13 as sponsored by the club.

Those present were Nancy Whitney, Jean Robinson, Patsy Ann Young, Billie Jean O'Neal, Nancy Lovelace, Curtisteen McCauley, DeLores Hull, Sue Nell Nall, Earlynn Wright, Rita Wright and the hostess.

Mrs. Rufus Miller Wins High At Bridge

Mrs. Watson Hammond won high score at the Kill Kare Klub Monday evening in the home of Mrs. Ollie Anderson.

Other winners were Mrs. Phil Smith, second high and Mrs. Roy Lassler, bingo score.

Mrs. Oscar Nabors and Mrs. Gene Nabors were guests.

Mrs. Watson Hammond will be the next hostess.

Others attending were Mrs. Rufus Miller, Mrs. Carl Madison and Dorothy Driver.

Frank Barton, a senior student at the Sul Ross State Teachers College in Alpine spent the weekend with his mother, Mrs. R. J. Barton.

Stanton Visits Are Reported

STANTON, June 1 (Sp)—Mr. and Mrs. Clayton Henderson and son have moved to Garden City.

Mrs. W. D. White has as her guests, Mrs. Jim Wood and son, Ronnie.

Mrs. A. J. Graham returned Friday from Gatesville, where she has remained at the bedside of her son, Herbert, for the past two months.

Mr. and Mrs. Charlie Hall and daughter, Loretta, visited her mother, Mrs. Lula P. Metcalfe.

Mrs. A. Z. Hart and children of Pecos are visiting her parents, Mr. and Mrs. Penny Stroud of Courtney.

Mr. and Mrs. Edman Toms and son, Rufus visited her parents, Mr. and Mrs. Ruff Davenport in Temple and returned via San Antonio where they met their daughter, Lesley Jean, who attends school at Our Lady of the Lake.

Mrs. W. Y. Houston is spending a few days with her son, A. L. and family in Odessa.

Mr. and Mrs. T. E. Bentley and daughter, Becky, spent the week end in San Angelo with their daughter, Mrs. Speedy Moffett and family.

Gunshot Kills Marine Writer

NAPA, Calif., June 1. (U)—William Martin Camp, author and marine combat correspondent in the late war, died of a gunshot wound yesterday. Searchers found his body on a hilltop in the middle of his 200-acre ranch near Calistoga. A .45 caliber revolver lay at his side.

Coroner Charles Burchell said Camp, 38, had been worried over money. His wife organized a search after he failed to dress for Memorial Day exercises at which he was to have spoken.

Camp edited the North China Marine late in the war. He was author of "Skip to My Lou," a best seller novel; "Retreat, Hell!," a novel about Marine warfare in the Philippines before Corregidor's fall; and "Port of Gold," a history of San Francisco harbor.

Navy Rushes Aid To Drifting Japs

KOBE, Japan, June 1. (U)—A Japanese fishing vessel, the Taiyo Maru, has been drifting helplessly with 19 men aboard in mid-Pacific for nearly a month, the U. S. Navy reported today.

The destroyer John T. Kreg was expected to reach the 64 ton craft tomorrow.

The Taiyo Maru, the Navy said, broke down between Guam and Okinawa May 5. It was discovered two days ago by an Army patrol plane about 200 miles south of Kobe. The plane dropped food to the helpless crewmen yesterday.

Wants School Funds Hiked

AUSTIN, June 1. (U)—Gov. Beauford H. Jester said today he would advocate increased appropriations for schools during the next two-year fiscal period.

In a statement enlarging upon some points of the program upon which he seeks re-election, Jester called attention to the fact that "the public schools of Texas are receiving over 59 million dollars more in state funds than during the preceding two-year period."

Jester advocated prompt passage of emergency legislation by the 51st legislature to supplement the equalization or rural aid fund. He said he would also recommend action to make full payment of the \$2,000 minimum salaries to all teachers who hold bachelor's degrees.

Jester said he was sure the report of the Gilmer-Aikin Committee, now studying public schools needs, will be worthy of our most earnest support.

Six jurors were qualified yesterday. They were Ted Thompson, L. G. Yarborough, Jr., W. T. Taylor, Barron Wadley, George Vanaman and T. E. Stewart.

Spears is charged with shooting Wallace last Oct. 12.

Jurors Are Sought In Midland Case

MIDLAND, June 1. (U)—Selection of a jury to try Armo Spears for murder in the death of Robert L. Wallace, a restaurant cook, was to resume here today.

Six jurors were qualified yesterday. They were Ted Thompson, L. G. Yarborough, Jr., W. T. Taylor, Barron Wadley, George Vanaman and T. E. Stewart.

Spears is charged with shooting Wallace last Oct. 12.

Unhungry Chinese Girl Goes Home

CHUNGKING, China, June 1. (U)—Yang Mei, China's medical puzzle—a girl who says she never eats—went happily home today after what doctors swear was a three-week fast. She didn't look hungry, either.

With Yang Mei went two nurses. They will continue a constant observation of the 20-year-old peasant girl who insists she hasn't eaten for nine years.

Doctors in Municipal Hospital, where she had been under day and night observation 21 days, say they are certain she had no food in that period.

She shows no ill effects.

Mrs. Ida Collins Withdraws Name From Local Ballot

STANTON, June 1 (Sp)—Marriage vows were read for Dorothy Eubanks, daughter of Mrs. Eula Eubanks, and J. C. Newland, Jr., son of Mr. and Mrs. J. C. Newland, Saturday evening.

The Rev. T. R. Hawkins, pastor of the First Baptist church, officiated at the double ring informal ceremony, held in the parsonage.

White tapers in crystal candelabra illuminated the large floor baskets of white calla lilies, which were placed in front of curtained double windows.

The bride was attired in a street length butcher linen dress of blue, with gold buttons and black accessories. She carried a white orchid on a small white Bible. For the traditional something old, she wore a gold piece, coined in 1853, as a necklace; for something borrowed the white Bible, belonging to Mrs. Ellmore Johnson; something new, were her earrings of tiny pastel shells, set with sequins and given the bride by her sister, Mrs. Morris Ballard; something blue were her garters. She also wore a penny in her shoe.

Mrs. Morris Ballard acted as matron of honor and she wore a grey figured street length dress, with grey accessories and a white carnation corsage.

Roland Cross served as best man. Pat Madison and Winona Adams lighted the tapers preceding the ceremony and Mrs. Paul Jones played the pre-nuptial selections and the wedding marches.

A reception was held immediately following the ceremony in the dining room of the pastor's home. Jane Mints served the two-tiered wedding cake, which was topped with a miniature bridal couple and was placed at one end of the lace-laid table.

Mrs. T. R. Hawkins attended the punch service.

Mrs. Newland recently graduated from high school and the bridegroom is now employed by Higginbotham-Bartlett Lumber company.

Following a short honeymoon trip the couple will be at home in Stanton.

Out of town guests attending the wedding were Mrs. Morris Ballard and son, Derrell, of California, Mrs. V. A. Masters, grandmother of the bride, of Big Spring, Mr. and Mrs. Melvin Newland and son and Mrs. Earl Newland of Lubbock.

Hitler's Aid Dies

GIESSEN, Germany, June 1. (U)—Dr. Theodore Morrell, once Adolf Hitler's personal physician, died last week. It was learned here today. He was released from an American internment camp only a few months ago.

Dorcas Class To Meet

The Dorcas class of the East Fourth Baptist church will meet Wednesday afternoon at 2:30 p. m. at the church for business. All members are urged to be present.

Episcopal Youth Elect Officers

Officers of the Young People of the St. Mary's Episcopal church were elected at a dinner meeting Sunday evening at the Parish house.

Officers include Omar Pitman, Jr., president; Robert Utley, vice-president; and Martha Ann Johnson, secretary-treasurer.

New Officers Will Be Installed By OES

Installation of new officers will be held tonight at the Order of Eastern Star which convenes at 8 p. m. at the Masonic Hall.

Gladys Dalmont will act as installing grand officer for the services. Mrs. Fannie Mae Eaker will be installed as worthy matron and Fred Eaker as worthy patron.

All members are urged to attend. A social hour will follow the installation services.

Sub-Debs Discuss Sale At Meeting Monday Night

A discussion of a pie and cake sale in the near future was held at the Sub-Deb meeting in the home of Patty McCormick Monday evening.

Refreshments were served to Jean Pearce, Patty McCormick, Rose Nell Parks, Betty Lou Hewett, Sue Wesson, Ann Currie, Jane Stripling, Marietta Staples, Mrs. Willard Hendrick, the sponsor and the hostess.

Mr. and Mrs. George P. Mizell, Sr. of Waxahatchie are visiting with their son and daughter-in-law, Mr. and Mrs. George P. Mizell, Jr.

Readers Always Free To Speak

Although letters from the public have been fairly infrequent over the years, The Herald has received in growing volume in recent months a type of letter suggesting the airing in public print of more comment from readers.

To which we add a hearty Amen. Editors generally are able to regard themselves as having the customary number of human failings, and realize that their own observations are many times less than perfect, and that their range of comment is not always as wide as it should be.

They would like, then, to depend upon help from readers of judgment who very often see injustices, or can suggest various improvements, that have escaped a newspaper staff. The Herald is one of those newspapers which welcome such help from its readers at any time, and would be glad to establish a regular "forum" of letters that might be submitted. If some good for our community comes from such letters, then The Herald is as pleased as all other citizens.

Letters used for publication must conform to some general rules. They should not be of excessive length, and naturally must be free of libel and stay within the bounds of good taste. Honest criticism, honestly given, is always acceptable; vicious statements are not.

The unsigned letter, of course, is unacceptable. It is unfortunate that many individuals, in their zeal to "get something off their chest," submit heated comments to the editor, and leave off a signature. Anonymous notes cannot be published, and we believe that everybody will agree that a writer who shirks from revealing his identity is a writer whose comments deserve no circulation.

But to the person who wants to submit an idea, a comment, or a criticism, and who does it with honorable intentions, The Herald's columns are open. In fact, we invite such communications.

Material For The Campaign

More campaign material was laid before the public, by way of a message to Congress, in which President Truman repeated his recommendations for increased social security. The whole message amounted to a request for more taxes so there would be more money available for people out of work, or who had retired from work because of age.

"People whose sole income is from social security payments have just about reached the breaking point. All of them face a desperate struggle in trying to produce bare necessities at present prices," he told the Congress. As the people who expect to receive this increase combined with friends and relatives who want them to receive it, outnumber those who have to produce the necessary money, the President's statement will have ballot box appeal.

It is true that this country has grown in wealth and also in the number of people in need during the years. It did not grow in wealth by providing ample living for people unable or unwilling to work. It grew in wealth because of people who worked and saved and invested their savings in enterprises that offered work and pay to many others. It will continue to grow in wealth if those people willing to take a chance on getting some profit from establishment of industries are allowed to do so without being hampered by bureaucratic rules and regulations, and practical confiscation of their money by taxation. The President's message asked an increase in social security taxes, to meet the increasing demand.

Nothing but a Congress that is willing to brave the popular cry for more social security can save us from increasing debt and increasing taxes.

Today's Birthday

FRANK MORGAN, born June 1, 1890, had a rich father, but chose the hard way to become a stage, screen and radio comedian. His family, the Wuppermans, were makers of a popular bitters, but Frank's brother, Ralph, used "Morgan" as a stage name and Frank adopted it. He first had a vaudeville spot in his native New York, then joined the old Vitagraph pictures.

The Cost Of Wars

By HAL BOYLE
NEW YORK (AP)—It takes generations to clean up a battlefield. One lifetime for the hurt to heal, perhaps several lifetimes for the hate to heal. And eventually someone has to foot the bill for the battlefield.

America yesterday laid memorial wreaths on the graves of all the servicemen who died to keep the nation's pattern of freedom. It is a land still busy cleaning up its battlefields, old and new.

Only two of its nine wars have been written off the books. They are the revolutionary war and the war of 1812. The others are still being paid for.

Memorial Day is an outgrowth of the first U. S. billion dollar war—the "Civil-War-Between-the-states," which cost the North alone \$3,000,000,000 in four years, 110,070 battle dead and 221,791 who died of disease.

But the government by 1915 had expended \$7,696,594,101—twice the initial cost of the war—to the Union veterans. The southern states paid the Confederates, of whom 56 still live. There are only 32 living Union veterans—but last September 16,351 persons were still on the Civil War pension list.

The brief Spanish-American war cost \$1,901,962,000 but only 700 American lives in battle. Some 290,564 saw service. By 1933 Spanish-American war pension costs totaled \$211,819,000.

But all these were penny wars in terms of cost compared to the two world wars.

The first World War sent 4,800,000 Americans into uniform. More than 51,000 were killed or died of combat wounds and 56,000 died of "flu" and other diseases. The treasury in 1920 estimated the tab for this conflict at \$24,000,000,000. In 1927 treasury secretary Andrew Mellon raised the estimate to \$47,957,272,333. Still owed and unpaid by foreign countries from this First World War is about \$15,000,000,000.

The Second World War cost scored above three hundred billion dollars. It cost more in blood, too, than any previous American war—about 275,000 lives. And more than 14,500,000 men entered the armed forces—more than the total that had fought in our country's eight other wars.

Today there are in America 18,400,000 veterans of its wars. Well above 3,000,000 disabled veterans or survivors of deceased veterans draw monthly pensions. The veterans' program this year will cost about twice what it cost Abraham Lincoln to wage a four-year war.

The Nation Today

Red Leaders Experienced

By JAMES MARLOW
WASHINGTON, June 1 (AP)—A Communist leader gets to the top the way a man gets to be a bank president: He has to work his way up.

He may join the party with a belief that communism is best for mankind. He may be young when he joins. But by the time he reaches leadership, he's generally a middle-aged man.

A subcommittee of the House Committee on Foreign Affairs has made a study and report on 506 Communist leaders.

They're leaders in countries outside the western hemispheres. Which means they're leaders in Europe, Asia and the Pacific. The report shows this:

The average age of those 506 leaders is 46. Many had not been workers. At least one out of five had university schooling.

Among them are a lot of professional men: teachers, architects, doctors, engineers, lawyers, and economists.

Nearly half have been imprisoned, many more than once. And many, although still alive, were sentenced to death.

About one out of four has been active as a labor organizer, about one out of three as a Communist journalist, and at least one out of four has done guerrilla fighting against the Nazis or other forces. More than one-half of the 506 have been Communists since 1922 or before, while fully three-fourths have been Communists since 1927. The report says:

"Prison and exile have been their common fare, but that their careers have not been failure so far is marked by the fact that 20 per cent of them today hold cabinet posts in various governments, while 40 per cent are members of their national legislative bodies.

"They have played the game of world revolution for years, with the stakes of life and death always on the board or only momentarily withheld. . . .

"The lives of the men and women who have devoted themselves to communism are in accordance with the doctrine and strategy. They are in accordance with the book. . . . Few groups in all history have ever conformed so closely to a pattern."

This study of the subcommittee makes clear that the direction of the Communist revolutionary parties is in the hands of experienced men and women, not youths.

HIRLWIND FINISH

Washington Merry-Go-Round

U. S. Losing Battle Of Notes With Reds

WASHINGTON.—Reports from Europe indicate that we are miffing the ball in the exchange of so-called "peace notes" with Russia. We wrote a note to the Russians saying that the door was open to diplomatic discussions. The Russians fired back saying that they would like to talk. Then we replied that we didn't want to talk after all.

There have been some explanations and counter-explanations since then, but the net impression in Europe has been bad. The Moscow radio makes us out as warmongers.

While the State Department may be right that diplomatic talks with Russia are of doubtful value, there can be no doubt about the value of getting to know the Russian people and letting them know that we Americans are not warmongers.

If the Russian people and the American people could pierce that of the iron curtain and ever get on speaking terms, there would be as little chance of war between us as between the U.S.A. and Canada. For governments don't declare war when their people are overwhelmingly opposed to war.

Believing, therefore, that the only sure way of preventing war with Russia is a people-to-people relationship, I have written a letter to Joseph Stalin. It may not accomplish anything. It may not even get a reply. But you never accomplish anything in this world without trying, so here is the letter:

LETTER TO STALIN
"WASHINGTON, D. C.
"May 31, 1948

"MY DEAR PREMIER STALIN:
"As you may have heard, a large number of Americans, acting quite spontaneously, last year organized a Train of Friendship to carry food and good will to the people of Europe at the Christmas season.

"There was nothing governmental about this Friendship Train. We, the American people, were merely conscious of the fact that Europe was suffering and we wanted to do our part—and do it directly from people to people. So a Friendship Train started rolling from California to New York with the hope of collecting perhaps 100 car-loads of food. In the end, 700 boxcars of food were collected by all sorts of people, farmers, housewives, war veterans, school children, labor union members, and businessmen—all of it collected in the spirit of the Sermon on the Mount.

"I recall, Premier Stalin, that at one time you studied for the priesthood, and doubtless remember from those days the messages of the Sermon on the Mount and the brotherhood of man. The Friendship Train was conceived in that spirit.

"We carried our food not only to an old ally, France, but to our former enemies—Italy, Germany and Austria. We would have liked also to have visited Eastern Europe and your country—had Americans been permitted to go there.

"We, the American people, know the tremendous sacrifices of the heroic Russian people. We know the devastation suffered by your towns and villages. And we, having been spared Hitler's bombing and blitzkriegs, feel a certain responsibility to alleviate suffering and hunger wherever it exists.

"Therefore, this letter is written to you, Premier Stalin, as we commemorate America's war dead, who more than anything else would like to know that they had not died in vain, and that their sacrifice had finally ushered in an era of peace. It is written to you

at a time when tension between our two governments is great, at a time when your newspapers and ours are speaking of a war which neither of our peoples want."

LIFT THE IRON CURTAIN

"One reason for this tension is suspicion on the part of the peoples of both countries, suspicion generated by the fact that they do not know what is going on inside the other's country. The so-called iron curtain has given Americans the impression that Russia hates and fears the United States. It has given Americans the impression that something mysterious is being developed inside your country which may lay waste our cities and farms.

"So I would like to suggest to you, Premier Stalin, that you lift a corner of the iron curtain as the first step toward improving diplomatic relations between us—which you have requested in your recent notes. I propose that we, the American people, again organize a Friendship Train, this time from the people of the United States to the children of Russia. For children should not be made to suffer the mistakes of their fathers. We will take this Friendship Train full of food to the Soviet Union on a nonpolitical basis so as to prove to you and your people that the American people want friendship, not fear; that we are very weary of war.

In Hollywood

Oldtimer Recalls Big Movie Premiers Of Past

By BOB THOMAS
HOLLYWOOD (AP)—"Yes, that was a big bash that Paramount tossed it for its picture this week," said the oldtimer, "but it doesn't hold a candle to the premieres we used to have."

The old boy was talking about the glittering opening for "The Emperor Waltz"—television "n" everything—and the big supper party that followed. Even stay-at-home like Crosby, Loy, Fontaine, Gable and Loretta Young showed up.

"But that ain't nothing like the blow-outs we used to have," said the oldtimer. "I remember when Warners dreamed up the '42nd Street Special'. It was a big gilded train with searchlights in the baggage car and it took a load of stars all over the country right at the depth of the depression.

"The train was in New York when the Long Beach earthquake struck, and all the stars—Tom Mix, Joe E. Brown, Bette Davis and others—were frantically phoning their homes.

"Warners played that special train stunt to the hilt. They took a mob to Dodge City at a time when effects of the dust bowl were still felt. Then came Virginia City, and I think that little Nevada town is still mad at Hollywood.

"The most unpleasant of the Warner junkets was the S. S. America jaunt from L. A. to San Francisco for 'The Sea Wolf'. It was a rough sea, and nearly everyone was leaning over the rail instead of watching the picture.

"Who could ever forget the 'Hell's Angels' preem at Grauman's Chinese. There were airplanes all over the skies and the leather-bound programs cost more than the tickets.

"Then there was the time Wally Berry came to a Garbo premiere

"Our Friendship Train through Russia will not engage in politics. We will ask no special privileges, no political priorities. We only ask that we have the opportunity to deliver our gifts in person as guests of your people, to meet them face to face and tell them that these gifts are from the heart of the American people.

"I can assure you that your acceptance of this friendship gesture would be carried out in all sincerity by us and might be a milestone in avoiding the war which I am sure none of us wants, but toward which we seem to be drifting.

"Very Sincerely Yours,
"Drew Pearson."

That's the letter I am sending Stalin: I don't know that he will act on it, but if he doesn't, then we will know exactly where we stand with Russia. We will know—and can tell Europe—that the shoe is on the other foot and that it is Russia, having rebuffed this act of friendship, which is the real warmonger.

I also know that if Stalin should act favorably and if a new American Friendship Train were ever allowed to visit Russia, a part of the Russian people would realize that the American people are not warmongers, but genuine believers in people-to-people friendship. And between people who understand each other, it is not easy to make war.

Pity Patpups

MELBOURNE, Australia (U.P.)—A sudden worm shortage has hit here, but no one minds much except Barligan, the zoo's lone platypus. Barligan sits nearly a quarter of his own weight in worms every day. The zoo is offering a shilling a pound for wigglers.

New Shrine For State

By WILLIAM C. BARNARD
Let Houston have its battleship. Texas and San Antonio its Alamo. Bryan, Tex., has a battle shrine of its own, a B-17 bomber with tired wings, brought home by the navigator who rode it on 32 missions over Germany.

Milton Buckhaults, now a Bryan business man, is the veteran who refused to give up the flak-scarred ship that carried him safely through the war. When the B-17 was put in surplus storage in Arizona, Buckhaults persuaded his father to buy it for \$300.

The bomber's last flight, a memorable one, was made March 31, 1946—from Kingman, Ariz., to Bryan, with the ship's war-pilot, Clarence L. Pickens of Anderson, S.C., at the controls and Lt. Buckhaults as navigator and sole passenger.

Pickens brought the bomber in to a bobble-free landing at Bryan's little Coulter Field where hundreds of spectators, including a band, were waiting. In a ceremony, Lt. Buckhaults, a handsome, firm-jawed young man turned his prize over to the Bryan-College Station chapter of the National Aeronautics Association.

Today, the "Irresistible You," its four engines stilled with rust, sits inside a picket fence at Coulter Field. Today it is the target, not of flak, but of thousands of school children of the Bryan area.

From as far as 50 and 75 miles away, school buses bring delighted students for all-day picnics. Children play in the shadows of the plane's great silver wings, they frolic through its tough interior. They fondle the ammunition belts that still dangle from the gun positions.

"The bomber has proved a great attraction," Mrs. R. J. Cardwell, whose husband runs a flying school at the field, said.

Faded, now, is the curvaceous beauty painted on the nose of the bomber, and faded, too, are the names of the officers and crew, lettered on the sides of the craft. Besides Buckhaults and Pickens, the men of the bomber were F. D. Patterson, Oakland, Calif., co-pilot and the gunners: R. L. Pender, Des Moines, G. R. Wetzler, Millerstown, Pa.; B. L. Berklund, Cumberland, Wis.; G. W. Murray and G. F. Haase, Philadelphia; L. H. Beus, Salt Lake City and J. O. Wolfis, Musk, Mich.

"A few months ago," Mrs. Cardwell told us, "a lumber truck stopped on the highway by the field and then its driver came running up to look at the bomber. He stood staring at it, as though he couldn't believe his eyes."

The man was the former gunner, Wetzler, Pennsylvanian who had come to Texas to live.

"He didn't know his old ship had been brought to Bryan," Mrs. Cardwell said. "He could hardly keep back the tears."

Affairs Of The World

Disaster Of Smuts

By DE WITT MACKENZIE
The fall of a heroic figure from his political pedestal always is a matter of regret, and so it is that we find the world at large, irrespective of ideological beliefs or international leanings, shocked at the disaster which has overtaken famous old Field Marshal Jan Christiaan Smuts.

Prime Minister Smuts' United Party, which stands for imperial unity, was swept from power in last week's voting by the Nationalist-Afrikaner coalition which stands for separation from Great Britain. Not only that, but the 78-year-old Smuts himself was defeated for reelection to parliament. Dr. Daniel Francois Malan, leader of the victorious coalition, was called upon to form a new government.

The result of the election naturally is a terrific shock to England. Its significance is well described in the comment of two London dailies. Lord Beaverbrook's Evening Standard said: "This is a grave hour for the empire." The Daily Mail declared the Nationalists would "like to sever the British connections and set up a free republic," weakening empire defense lines.

This mention of defense lines was reference to the fact that since the end of the war Britain has undertaken a revamping and extension of her defenses. Instead of placing reliance on domination of the Middle East, she has been in process of supplementing these defenses with others in East, West and South Africa.

An isolationist Union of South Africa presumably would mean disruption of this military program. Worse, yet, from England's standpoint, it might mean the loss of a rich and important unit of the British commonwealth of nations. The political and economic implications would be enormous.

However, these are possibilities and not accomplished facts. So let's not jump to conclusions regarding the extent of the threat to the British commonwealth. It is plenty, in any event.

Smuts has taken his defeat philosophically. His future, and the future of South Africa as a member of the British commonwealth, are on the knees of the gods.

Around The Rim—By The Herald Staff

Different Dishes Needed On Menu

Why doesn't someone invent or think up something new and different to eat?

This is almost a universal cry among women (and even some men) as they go to the grocery store to purchase food for the family.

Even though there is always potatoes, canned food and a variety of fresh vegetables and meats, one gets tired of the same old thing and while purchasing food tries to think of something different.

New recipes and menu combinations are a good way to add variety to the known foods, they tell me. The cook of the family, however, is hesitant about trying out a new recipe. It takes more concentration on a new recipe to say nothing of the risks involved as to whether the family will like the taste, if the finished product turns out as it is supposed to turn out. There always is worry about losing the precious ingredient.

Several years ago, I graduated to making pies from the more simple cookery. My first chocolate pie shall always haunt me, for that was a new recipe and as usual when I try a new way to cook anything, the success was nil. Feeling unsure of myself anyway, I was stirring the mixture and overlooked the phrase that said, "beat eggs and mix thoroughly with sugar." I had the mixture almost completely before I discovered the phrase that the pie had to have some eggs in it—because the recipe called for them—so I broke them into the mixture. The result was that I had small portions of what resembled in taste, fried eggs all through the cream filling.

One trouble that I have had in planning menus is that I have too many starchy foods in one bill of fare. When I try meat substitutes, such as dried beans, which is a starch, this is especially hard to avoid. I hardly know how to combat this, but most food experts do.

Not long ago I ran across a booklet prepared to save money for the housekeeper. It is called "Money Saving Main Dishes" and lists the most common protein foods and how they may be used as main dishes together with menu suggestions. The money saving qualities, however important, did not impress me so much as the variety of new recipes and menu suggestions.

The booklet was published by the United States Department of Agriculture and may be had by sending a penny postcard to Food Conservation, Washington, 25 D. C. No message is required; the writer will automatically receive one copy of the booklet, provided, of course, he includes his return address.

Other than different recipes, variety can be added to the menu with a different sauce or salad dressing to the same dish that one has always served.—BILLIE BURRELL

Today And Tomorrow

State Department 'Voice' Trouble

By WALTER LIPPMANN
Any one with experience in journalism could have told the State Department, and several of us did, that it would get into trouble if it took responsibility for radio programs. That is because it is a technical impossibility for the department to direct or to supervise broadcasts to all parts of the world in dozens of languages on all kinds of subjects.

For how is it conceivable that officials of the department can read all the scripts before they are broadcast? How can they know what has happened to the scripts when they have been translated into foreign languages? How can they know what they sounded like when the broadcasters had supplied their own personal inflections and emphasis?

In the case of the scandalous, and perhaps malicious, broadcasts to Latin America, the Voice of America seems to have been Mr. Rene Borgia, of Venezuela, and a Mr. Alberto Ganderu, who is now in Cuba. Obviously their broadcasts were not "supervised" successfully. But where are we going to find the all-seeing eye and the all-hearing ear which will supervise hour by hour what the Voice of America says to the world in Spanish, Portuguese, French, German, Italian, Czech, Hungarian, Polish, Roumanian, Greek, Finnish, Swedish, Norwegian, Arabic, Chinese—or even in English?

Mr. George V. Allen, the Assistant Secretary of State who now chaperones the Voice of America, had nothing whatever to do with the scripts which have aroused Congress and the public. Mr. Allen was our Ambassador in Iran when they were broadcast. But from now on he will be responsible, and so he really ought to consider whether he could, as he says in his letter to Senator Smith, of New Jersey, "supervise the programs" if he had "the authority and the machinery for supervision." What authority and what machinery would he like to have in order to discharge successfully the responsibility of supervision? It will take some machinery to enable Mr. Allen to supervise Mr. Richardson of N.B.C. who was supposed to supervise Mr. Ganderu, who was supposed to supervise Mr. Borgia.

My own view is that the Voice of America to the outer world should be the voice of the President of the United States and of the Secretary of State, and that to let any one else call himself the Voice of America is certain to diminish, not to enhance, the prestige and influence of the United States.

I think it absurd that the Voice of America, an official organ of the Department of State, should be heard around the world singing songs, cracking jokes, entertaining the kiddies. It is arguable that a summary of the news from the press associations should be broadcast on the knees of the gods.

Government Spending Falling Short Of Truman Estimates

WASHINGTON, June 1. (AP)—Government spending is falling short of White House estimates for the fiscal year now drawing to a close.

Fiscal experts said privately today that treasury outlays will run between \$300 million and \$400 million below President Truman's January forecast of \$37,728,000,000 (B).

The chief reason, they said, is that actual spending for foreign aid has failed to hit expected levels, partly because the European Recovery Program got into operation behind schedule.

With only one month to go, ERP expenditures so far total under \$500,000—or less than one-tenth of one per cent of the \$500 million budget allowance for the year ending June 30.

Under-spending on the scale now forecast assures an historic surplus of at least \$7.2 billion.

There even is a fair chance for a \$7½ billion surplus—Mr. Truman's January figure—despite the new tax cut, which had been calculated officially to trim the excess cash to \$6.9 billion.

Some government analysts be-

would be to bolster next year's weaker budget prospects. Mr. Truman in January put the probable June 30, 1949, surplus at only \$4.8 billion. Since then there have been predictions that the tax cut bill might lead to a deficit on that date.

The under-spending on foreign aid this year goes beyond the lag in European recovery outlays.

The Greek-Turkish aid program is another which won't use up its current year budget allowance of \$275 million. This appears likely to fall \$100 million short of estimates, largely because this program, too, was slow in getting started.

No Pressure Seen On MacArthur Visit

WASHINGTON, June 1. (AP)—Gen. Douglas MacArthur's not-expected response to a homecoming invitation goes before the Senate Appropriations Committee today with little indication that the matter will be pressed.

Chairman Bridges (R-NH), to whom the Far Eastern commander addressed his reply to the committee invitation last week, said he expected no outright demand for the general's return.

"If anything should happen while he was away," Bridges said, "I certainly wouldn't want the responsibility of having him back here."

The committee had asked MacArthur to testify on conditions in Japan and other areas in the Far East.

The general, however, said any such journey in advance of the Republican national convention opening June 21 at Philadelphia would be misunderstood as "politically inspired." He offered to return later if the committee still wants to question him then.

Gen. Jonathan M. Wainwright, leader of a MacArthur-for-president movement, wired Bridges last night suggesting that the commit-

tee re-word its motion to change it from a "mere invitation" to a "formal committee request."

Wainwright said he thinks MacArthur would come home at once if that were done.

On the other side of the political fence, Georgia's 28 votes to the Democratic national convention lined up solidly against President Truman.

The State Executive Committee yesterday instructed the delegation to vote as a bloc, with no dissenters. While the anti-Truman stand was not put into a formal pledge, party leaders left no doubt that the state's votes will be cast for someone other than the President.

As for Mr. Truman's western swing starting Thursday night, GOP National Chairman Carroll Reece said in a statement last night that it will be "as non-political" as the Pendergast machine.

Alabama completes its 26-vote Democratic delegation by choosing 11 in a run-off primary. Fifteen were picked last month.

Tired, 'All-In'—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel dazed-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often weakens down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is normally too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour-food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—Ours. Freshen up your blood. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Panthers Add To Loop Lead

By The Associated Press

The Fort Worth Cats held a tighter clutch on first place in the Texas league baseball standings today.

The Cats' lead over Houston looked in danger until they beat Tulsa for a change last night. Their 2-0 victory came after two straight losses on Tulsa's diamond, and it put Fort Worth three and a half games to the good.

Houston helped out by dropping a 3-0 decision to the Shreveport Sports.

Meanwhile, the Dallas Rebels, who have been up and down like a yo-yo this season, rolled a turn back up the string within sight of the first division by trimming the Oklahoma City Indians, 5-2.

The Beaumont Exporters, down in the cellar, came through in the tenth inning to snatch a 3-1 decision from San Antonio's fourth-place Missions.

Huge Appropriations Are On House Agenda

WASHINGTON, June 1. (AP)—The House headed today into what appears likely to be the biggest peacetime appropriation week in its history.

Led off by a relatively small measure for the Treasury and Postoffice Departments, four money bills carrying between \$15 billion and \$20 billion were lined up by the Appropriations Committee for House action by Saturday night.

Heads Church

HOUSTON, June 1. (AP)—The Rev. Miguel C. Mojica is to become director of the Houston Baptist Goodwill Center Aug. 1. He is now pastor of the Jerusalem Mexican Baptist Church in San Antonio.

Angelo Loses To Austin Hi

DALLAS, June 1. (AP)—Second-round games in the State High School Baseball tournament are scheduled here today and tonight.

Longview meets Austin and Beaumont meets Highland Park of Dallas in afternoon games and Hondo meets Wichita Falls and Amarillo meets Adamson of Dallas in night games.

Results of yesterday's games: Longview 5, North Side of Fort Worth 2; Austin 3, San Angelo 0; Beaumont 17, Jasper 3; Highland Park 6, St. Thomas of Houston 4; Hondo 3, Ball High of Galveston 2; Wichita Falls 4, Irving 2; Amarillo 3, Waxahachie 2, and Adamson 11, Bryan 1.

Clovis Air Service Being Inaugurated

Scheduled air service is being inaugurated into Clovis, New Mexico today, according to an announcement today by Pioneer Air Lines.

Permission was granted Pioneer to use the Clovis Air Force facilities through the special efforts of the U. S. Army Engineers on May 26.

Pioneer was granted two routes through Clovis by the Civil Aeronautics Board in February. One route was from Texas to Albuquerque via Clovis, Tucuman, Las Vegas and Santa Fe. The other gave the route from Amarillo to El Paso via Clovis and Roswell.

Philippine Loan

MANILA, June 1. (AP)—Legislation authorizing the Philippines to seek a foreign loan to finance an \$88 million power development for the islands was signed by President Quirino today.

GOP Making Ready Social Security Plan

WASHINGTON, June 1. (AP)—Republicans made ready today to unveil their own social security program. It is expected to fall something short of President Truman's call for higher old age benefits and the addition of 20 million people to the social security rolls.

Republicans cried "election year politics" when Mr. Truman sent his proposals to Congress last week.

The Republican bill has been prepared by a House Ways and Means subcommittee headed by Rep. Reed (R-NY). It will be presented to the full committee today or tomorrow.

While details have not been made public, the subcommittee bill is not expected to propose any board increase in old age benefits or any immediate increase in social security taxes. However, it may open the way for about 3 1-2 million more people to take part in the program.

The increased participation, it is understood, would be principally through a provision that employs of state and local government agencies could come into the program, if the local governments gave their approval.

Mr. Truman asked that the old-age and survivors insurance be broadened to cover self-employed, farm workers, domestic workers and other groups that were ex-

cluded from the original law because of difficulties in collecting security taxes from them. He said experience now has proved that this tax problem can be licked.

T. Rodriguez poked a home run in the fourth inning Sunday to provide the winning margin for the Big Spring Tigers who copped a 2-1 decision from the Pecos Latin-American Wildcats.

The Bengals had picked up a tally in the second when Gamboa was hit by a pitched ball and moved around on a stolen base, a Wildcat error and a long fly. The visitors counted their lone tally in the sixth.

Twelve Republican and seven Democratic national conventions have been held in Chicago.

Griswold Optimistic Over Greek Outlook

NEW YORK, June 1. (AP)—Dwight Griswold, chief of the American mission for aid to Greece, says he is "very optimistic about the Greek situation."

Leaving for Athens by plane last night after conferring for two weeks with U. S. government officials, Griswold said there is no change in American policy toward Greece as a result of the visit.

Back In Cabinet

LONDON, June 1. (AP)—Hugh Dalton is back in the British cabinet today, less than seven months after he quit because of a budget leak while he was chancellor of the exchequer.

Pattern for the fine cars of the 'Fifties

THE LINCOLN

TWO COMPLETELY NEW 1949 Lincolns

IN A CHOICE OF MAGNIFICENT BODY STYLES AND TWO SEPARATE PRICE RANGES

A NEW fine car isn't made overnight. Not a really new and really fine car.

The 1949 Lincoln you can see now at your Lincoln dealer's have been years perfecting. Here was a job that couldn't be rushed. For these 1949 Lincolns were designed to meet the 1950s more than half way; to be the automotive pattern for years to come.

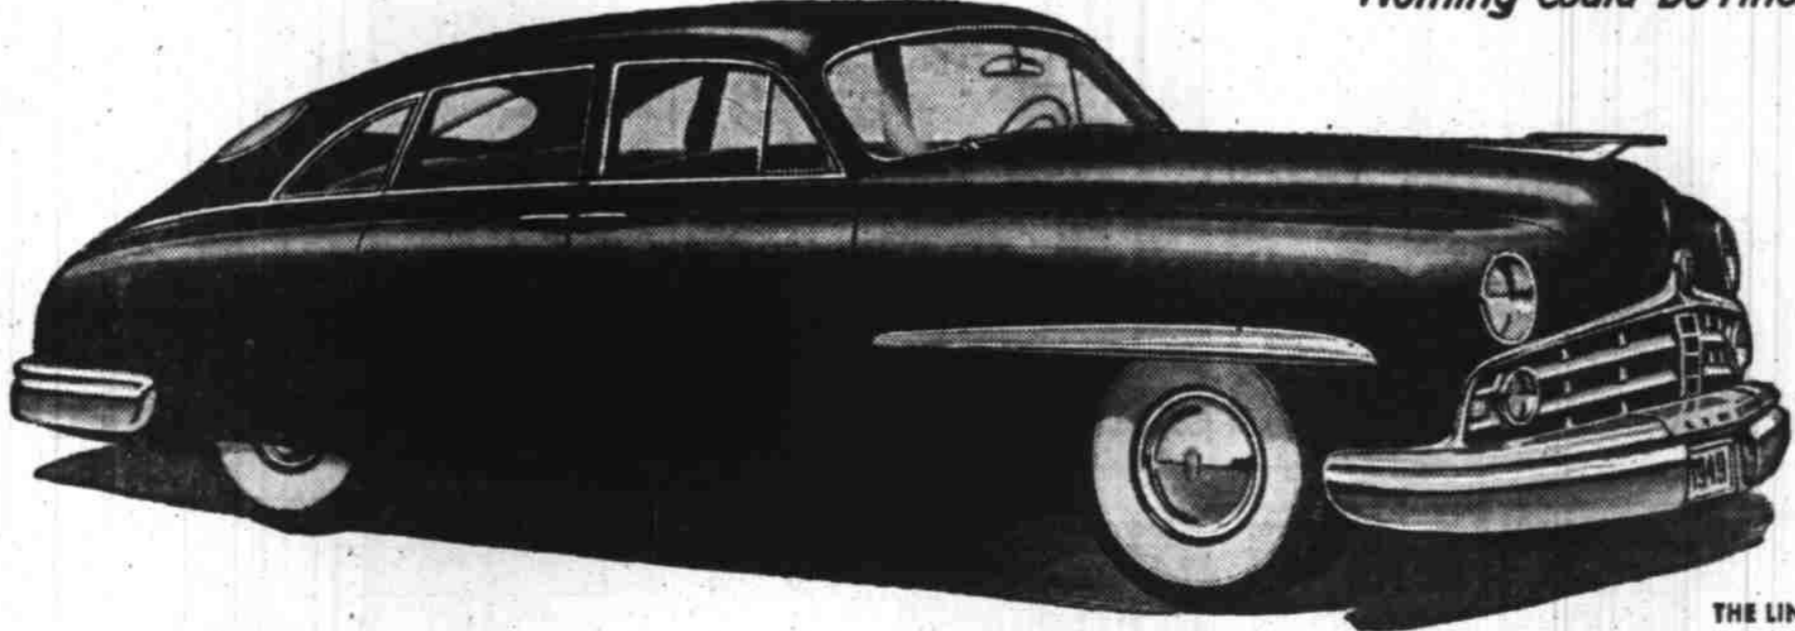

Are they beautiful? Of course, with a new, massive breadth of line that's fresh to the eye...and sheer joy when you see how much extra room it means. They've got a low, hug-the-road look. And feel how their new super-balloon tires, with their wider, safer rims, really cushion your ride.

Are they powerful? In both the Lincoln and Lincoln Cosmopolitan, there's the same powerful engine. Newly designed right from the blueprints up, 8-cylinder, V-type, 152-horsepower...It's as fine an engine as human skill can make. A fortress of strength...built with the precision that goes into aviation engines.

Are they luxurious? These new Lincoln? Naturally. From the smart upholstery fabrics and distinctive color combinations to their new carefree, effortless ride, these Lincolns are a revelation and a new experience in motoring.

Yes, look at the fine cars of the '50s...Look at Lincoln.

Nothing could be Finer...or Newer!

Odessa, Broncs Try Again, BS To Be Home Wednesday

REDBIRDS IN SLUMP

Record Throngs See Major League Games As Giants Take Loop Lead

By The Associated Press
Memorial Day, 1948, which produced the greatest single day turnout even witnessed in the major leagues, will be remembered by baseball fans for a long time, but it will bring only poignant memories to followers of the St. Louis Cardinals.

Only a comparative handful—24,000 persons—of the record paid admissions of 337,776 were on hand in Cincinnati to see the lowly Reds inflict two decisive defeats upon the slump-ridden Redbirds that knocked the Cards out of first place in the National League.

The scores were 4-3 and 7-0. The defeats were the fourth and fifth straight suffered by the Cards. Today, as they prepare to open a long home stay, they find themselves out of the league lead for the first time since May 12.

The new occupants of the top berth are the New York Giants, who assumed a half-game lead over the Cards by earning a split in their doubleheader with the Dodgers in Brooklyn. The Giants bowed, 4-3, in the morning game as Ray Poat failed to last, but came back strong to win the afternoon game, 10-1.

The Philadelphia Athletics bounced first out and then back into the lead in the tight American League race by dividing a doubleheader with the Boston Red Sox before 24,838 hometown rosters. After Joe Dobson of the Red Sox

had blanked them, 7-0, on four hits, the A's came back to win the second, 2-1, to retain their game lead over the Cleveland Indians. Lou Brissie was the loser for the A's.

Held scoreless for 14 innings, the A's were presented with a pair of runs when Lefty Mickey Harris gave up a hit, three walks and committed a balk which allowed Hank Majeski to stroll home.

The Red Sox have won only three of their last 15 games and Dobson has won them all.

Manager Lou Boudreau's grand slam home run helped the Indians defeat the St. Louis Browns, 8-3, in the first game to put the Tribe into temporary possession of first place. The huge crowd of 48,961 Cleveland rosters was doomed to disappointment, however, when the Browns came back to win the second game, 6-0.

The New York Yankees defeated the Washington Senators in both ends of a doubleheader, 10-0 and

5-4, before 62,626 fans at Yankee Stadium. Frank Shea, backed by a 16-hit attack, held the Nats to two hits in registering his third victory and second shutout for the Yankees.

Detroit's biggest crowd of the year—55,875 fans—saw the Tigers divide a doubleheader with the Chicago White Sox. Scoring four runs in the first two innings, the Tigers won the opener, 5-4. The Sox belted four pitchers for 15 hits to win the second game, 9-3.

The largest attendance in the history of the Chicago club—46,965—saw the Cubs and Pittsburgh Pirates split a twin bill. The Cubs won the opener, 4-3, and the Pirates took a 4-2 second game and left the third place Bucs only one game behind the front-running Giants.

After losing the opener to Philadelphia, 6-3, the Boston Braves sent the home crowd of 17,400 home happy by whipping the Phillies, 10-4, to snap a four-game losing streak.

LOOKING 'EM OVER

With TOMMY HART

A good bet to win individual batting laurels in the Longhorn baseball league this year is Cotton McCaskey, the Vernon first sacker. McCaskey, no baseball freshman, can hit from either side of the dish and with power. He clouts with more authority than Jim Prince, the league's top hitter in 1947, boasts much more power.

Cotton has been in professional baseball five years, won the minor league batting championship in 1945. He is one of the big reasons for the improvement of the Vernon club this year.

Bob Jones, Vernon's first sacker last season, was only a so-so tick man and showed no ability to hit behind the runner.

EXTRA BASE CLOUTING OFF PACE THIS YEAR
Not only batting averages but extra base clouting is hitting a new low in the Longhorn league market this year, due, no doubt, to the "dead" ball.

The six-team circuit in 1947 drove out a total of 86 home runs during the first month of the campaign. The eight teams this year collected a total of 95 for the same period of time.

JACOME AND CRISMAN TOPS IN McCLAIN'S BOOKS
Jake McClain, the Broncs' second sacker, says Leland Crissman and Eddie Jacome of Vernon have shown him more stuff than any hurler in the circuit this year but he hasn't seen any as good as Dewey Jacobs, ace of the Ballinger staff in 1947.

Dewey, who joined the Cats after the season got underway, is with Tyler this season and doing quite well.

RECORDS BEAR OUT CLAIMS OF JUSTO AZPIAZU
Justo Azpiazu, the Steeds' classy first sacker, insists he got one more base hit in Ballinger last week than the official scorer gave him credit for and the record bears out his claims.

One of his drives hit a Broncs base runner.

The rule book reads:
"In all cases where a base-runner is retired by being hit by a batted ball, unless batted by himself, the batsman should be credited with a base hit."

LOCAL IVORY HUNTER LINES UP ROOKIE FLINGER
Obie Bristow says he has found an Arkansas pitcher who might help the Broncs' mound corps and will try to run him down the next time he's down that way.

It seems Obie's friend is a squirrel hunter who hunts the little furry creatures with rocks. His aim is near perfect.

It would be necessary for the Broncs management to paint a bold picture of a squirrel on one of Tony Trapanese's mitts to insure the Arkansas' accuracy, however, points out Obie.

The lad shagging bats for Stasey and Company is Eddie Murphy, son of Pat Murphy, the former Big Spring high school football coach. Stasey says little Ed is about the best he's ever seen in action.

Pipeline Holds Drill Tonight

The Cosden Pipeline softball team will stage a long workout at the city park diamond starting at 6:30 o'clock tonight in preparation for their Thursday night Texas softball league game with Nathan's at Forsan.

The Pipelers also play two games with Crane at Crane Saturday night.

Cohen, Clements Winners At AC

Sammy Cohen, who oftentimes bills himself as the Red Devil, cleaned up on Billy Hickson in the spotlight event of the Big Spring Athletic club's wrestling program Monday night after those two had proved themselves the most elusive if not the best in the rattle royal.

As the largest crowd in months looked on, Cohen won the odd fall from his Tennessee rival after Hickson had utilized his speed to square accounts.

Ray (Big Train) Clements, the Lubbock toughie, pounced on Eddie Gideon of Springfield, Mo., for two straight falls in the semi-wind-up after Referee Pat O'Dowdy practically had to get a block and pulley to get him out of the ring in the rattle royal.

The other fellows ganged up on Clements to stash him away but apparently he thought their tactics unethical. He refused to budge and proceeded to shout defiance to the high heavens.

Sports Here For 3 Games

An abbreviated Big Spring Broncs road trip was cut further still when a sand storm forced postponement of a game in Odessa Monday night.

The two teams will try to play a single contest tonight, after which the Cayuses return home for a six-game stand starting Wednesday night.

Lefty Gumbo Helba will probably shoulder the pitching burdens for the Pat Steeds forces against the surging Oilers. Helba absorbed a defeat his first time out but gave promise of developing into a top-flight flinger.

The postponement was welcomed by the Broncs management because of the plague of injuries that has descended upon the local club. As it stands now, Tony Trapanese will probably have to doff the catching harness and go to third base. Joe Arencibia will move from that position to the short field to spell Ray Vasquez, who is out for a while.

Orlie Echeverria, who has been favoring a game shoulder, will be behind the plate.

Rolly Viadora, one of the brightest pitching prospects in the league, may be in good enough shape to open against Sweetwater here tomorrow night. Viadora has been taking it easy with a swollen hand.

The idleness proved profitable to the Cayuses. Fourth-place Ballinger lost ground by dropping a decision to Pepper Martin's San Angelo outfit while third-place Vernon was being surprised by Del Rio.

Clark Brothers Pace HCJC Team With Hickory And In The Box

Don Clark, infielder-pitcher, continues to pace Howard County Junior college baseball hitters through the Jayhawks' first 20 games. His average is a lofty .534. Eleven of his 39 base hits have been for extra bases.

Ray Clark continues the club's leading hurler, having chalked up four wins as against no losses.

The records:

Player	AB	R	H	TB	2B	3B	HR	SO	RBI	Pct.

Rose, Holland, Nalon And Horn Finish In That Order In Race

INDIANAPOLIS, June 1. (AP)—ready with the traditional kiss, but he kissed his fiancée, Miss Ruth Wentworth of South Bend.

Mauri Rose of South Bend, Ind., yesterday won the speediest 500-mile automobile race since the Indianapolis motor speedway's first Memorial Day feature in 1911.

Rose crossed the finish line with an average of 119.813 miles an hour for his third speedway victory and his second in a row.

Right behind the wiry little Hoosier were his hard luck teammate, Bill Holland, Reading, Pa., at 119.147; Duke Nalon, Los Angeles, 118.034, and Ted Horn, Paterson, N. J., 117.844.

All four of those times were better than the previous record of 117.2 miles an hour, set 10 years ago by the late Floyd Roberts.

It seemed to be a record crowd as well as a record race. Although the speedway management never discloses attendance figures, the crowd appeared to be between 150,000 and 200,000.

Drivers had to fight off challenges from behind all the way and any one of the first four finishers could have won with a few breaks. Rose got them.

Last year Holland led most of the race and surrendered the victory to Rose.

Holland had bad luck again yesterday. He was running strongly near the end when his transmission began kicking out of gear. Duke Nalon also was coming up fast in the Novi grooved piston special when he had to make a pit stop for fuel.

Nalon and Horn both made two pit stops to one piece for Rose and Holland, and that was the difference at the finish. Horn nevertheless retained the most consistent driver who ever rode the Indianapolis bricks. It was the ninth straight race in which he had placed fourth or better, although he never has won. He drove Wilbur Shaw's old Masteral, now owned by H. C. (Cotton) Henning, which apparently was unharmed by a mysterious 'pre-race sabotage attempt.

Mack Hellings, Burbank, Calif., won fifth money in the new Don Lee Kurtis-Kraft. The other Don Lee entry, a pre-war Mercedes, was a disappointment for the second time. Chet Miller, Glendale, Calif., had to pull the German car off the track at 108 laps with oil line trouble.

Finishers besides Hellings were Hal Cole, South Gate, Calif., sixth, in the "City of Tacoma" Kurtis-Kraft, and Lee Wallard, a first-time driver from Schenectady, N. Y., seventh in the Iddings Special.

Rose undoubtedly became the first man ever to back off from a beer and Barbara Britton in the same breath. He turned down the beer for water. Miss Britton, the movie star, presented the Borg-Warner trophy to Rose and was

Finishes besides Hellings were Hal Cole, South Gate, Calif., sixth, in the "City of Tacoma" Kurtis-Kraft, and Lee Wallard, a first-time driver from Schenectady, N. Y., seventh in the Iddings Special.

Local Fighters On Odessa Card

Trainer Burt Gannon takes a team of Big Spring boxers to Odessa tonight when they compete in a series of exhibitions with Billy Wooster's resident fisticufflers in the county auditorium.

Gannon this morning was uncertain about the numerical strength of his battalion but knew for certain that Jimmy Eppler, classy middleweight; Billy Bob

Whittington and Billy Carlisle, welter; would make the trip.

Eppler will probably enter the ring against Billy Scott, the TAAF 160-pound champion. The Big Springer edged Scott in a close battle here last month.

Carlisle may be pitted against Ken Mason, a stylish welter who has won several titles in that area.

Others who may accompany Gannon include Cecil Gilstrap, lightweight; Cliff Prather, lighthweight; and Doyle Maynard, flyweight.

Several members of the team will join forces with the Odessans when a Fort Worth contingent invades Odessa for a series of exhibitions June 7.

APPEAL FOR CALMNESS MADE

Heated Cuban Campaign Is Climaxed By Election Today

HAVANA, Cuba, June 1. (AP)—Cuba elects a new president today and a hot campaign by the four candidates brought predictions of a heavy vote.

With 2,506,754 Cubans eligible, a vote in the neighborhood of two million is expected.

In all, 572 men and women are running for 132 offices—54 seats in the Senate, 70 seats (half the membership) in the House of Representatives, six provincial governorships and the presidency and vice presidency. The four men seeking the presidential chair range in political leanings from the right to the far left.

The polls are open from 7 a. m. to 5 p. m. (CST) today and although presidential returns will be counted first, the official results may not be known before Thursday, unless there is a runaway.

The campaign has been so heated that the government issued a last-minute appeal to citizens for "calmness, patriotism and common sense" to keep the peace. The Army was put on 24-hour duty to guard the polls and the sale of liquor was banned for the day.

The stormy drive for votes continued right up to the end. Trucks, cars, motor launches at sea, and even airplanes were used to advertise the candidates.

The issues are national, centering around present and past administrations.

The administration of President

Ramon Grau San Martin became an issue when he endorsed Sen. Carlos Prio Socarras, 44, an anti-Communist revolutionary for the presidency. Critics accused Grau's administration of "waste, inefficiency, graft, corruption."

Prio praised Grau as one of Cuba's greatest presidents, citing public works projects throughout the island as proof. By Cuban law, Grau is ineligible for re-election.

Dr. Ricardo Nunez Portuondo, 54, a surgeon and a rightist, is

the anti-Grau candidate and is regarded as Prio's main opposition. The two other candidates are Sen. Eduardo Chibas, 40, and Senator Juan Marinello, 49, a Communist. They also blasted Grau.

Ex-President Fulgencio Batista who took over after Machado was ousted and who now is in exile in Florida, is a candidate for the Senate on the Nunez ticket. Predictions here are that if he wins today he will be a candidate for the presidency four years hence.

MEMORIAL DAY PARADE LEAVES BURNED YOUTH'S EYES SHINING

WESTBROOK, Me., June 1. (AP)—Westbrook had two Memorial Day parades, one for its war dead and one for its "best soldier"—a nine-year-old boy who has fought for two years to recover from burns that covered him from waist to feet.

"David's parade" marched right up to David Gagnon's home yesterday. His face aghast, his eyes shining David watched from a bedside window.

Uniformed police, National Guard, Boy Scouts, war veterans and the Catholic Action Crusaders

drum and bugle corps saluted the excited boy with a snappy "eyes left."

Through a public address system microphone David shouted greetings to the marchers and friends in a crowd of 100 neighbors.

"I'm feeling fine and I hope you are the same," he said.

Drum Major Victor Ledoux of the Crusaders, arranged the pre-view parade when he learned that David had heard his drum corps practicing and wanted to see it march.

When the marchers left for the municipal parade David shouted to Boy Scout pals, "I'll be with you next year."

He doesn't know that it will be longer than that before he'll have enough skin graft to make him well again.

West Germany Plan Progresses

LONDON, June 1. (AP)—A six-nation conference on Western Germany's political and economic future put its special drafting committee to work today polishing final recommendations.

The discussions have been conducted for more than a month by the United States, Britain, France, Belgium, The Netherlands and Luxembourg.

A plenary session of the nations was called for noon, but there is no certainty the conference will end today.

The chief difficulty remaining is to obtain agreement upon phrasing of the document.

Young Mother Is Awaiting Hearing On Cabbie Death

GALVESTON, June 1. (AP)—A young mother with shoulder-length hair and an upturned nose remained in jail here today awaiting a hearing next week in the death of a Houston cabbie.

The woman is Mrs. Margie Dee Carreon, 22, of Houston, whose husband came here to be by her side when he heard she was involved in the cab driver's death.

The driver, Merion Metts, 45, of Houston, was found dead early Saturday in his cab. A woman's brassiere was looped around his neck. Mrs. Carreon was found in the cab with the dead man.

When photographed by news photographers she was wearing a V-necked button-up print dress.

She is held under \$2,500 bond. An examining hearing, originally scheduled for Wednesday, was postponed to June 9. The hearing was reset because two witnesses could not appear at that time.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. C. Kirkland of Dallas. "In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Mertox Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloating, which were very painful. I felt tired and rundown; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can eat anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before."

You can get Mertox Compound from any Texas druggist at the new REDUCED price.

Mother Keeps Body Of Son In Parlor

FARMINGTON, Me., June 1. (AP)—Like all the veterans graves in Fairview Cemetery Pvt. Earl E. Sawyer's was decorated by the American Legion yesterday.

But Sawyer's grave, unlike the others, contains no body.

His remains are in his mother's parlor. His body in a sealed casket has been there since it was returned from Europe last November.

"In a few weeks now," Mrs. Rita Brown said, "there will be a quiet service and burial for my son."

All over America... Smokers Report

NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

...because PHILIP MORRIS is

DEFINITELY LESS IRRITATING

than any other leading brand!

Every day... more and more people are discovering in PHILIP MORRIS a milder smoke, a fresher, cleaner smoke than they've ever known before!

If you're tired of "cigarette hangover"—tired of that stale, musty taste in your mouth—that dry, smoked-out feeling in your throat... join the millions who CALL FOR PHILIP MORRIS.

Remember... PHILIP MORRIS is the ONE the ONLY leading cigarette recognized by eminent nose and throat specialists as definitely less irritating!

NO OTHER CIGARETTE CAN MAKE THAT STATEMENT!

Read What One of America's Top-Ranking Doctors Says About PHILIP MORRIS

"There is no doubt in my mind that PHILIP MORRIS Cigarettes are much less irritating than other cigarettes. We would be neglecting our patients who smoke if we did not suggest that they smoke PHILIP MORRIS."

From one of a series of PROFESSIONAL STATEMENTS by EMINENT NOSE and THROAT SPECIALISTS.

CALL FOR PHILIP MORRIS

You'll be glad TOMORROW... you smoked PHILIP MORRIS TODAY!
