

Dulles Terms Reds 'Afraid' Of Elections

GENEVA (AP)—Secretary of State Dulles told Soviet Foreign Minister Molotov in the Big Four conference today that the greatest danger of recreating German militarism lies in "perpetuating German disunity."

Spearheading a Western effort to press Molotov nearer Western ideas on unification of Germany, Dulles in effect accused the Soviet Union of being afraid of the results of free and secret all-German elections. The Western powers have proposed such elections as an essential first step in their unification program.

Molotov has argued here the necessity of preserving what he considers to be Communist accomplishments in East Germany. Dulles and his Western associates have declared the German people must be free to choose the kind of institutions and social systems they want.

Dulles, speaking from notes, said that risk is inherent in free and secret elections. Under the Com-

Bloomin' Pretty

Those are mushrooms decorating pretty Bonnie Jones, 18, of Ulica, N. Y. Bonnie wears the official costume of the "Mushroom Queen" for National Mushroom Week—Oct. 29 to Nov. 6. If you are interested in anything else besides those delectable growths that garnish your steaks, Bonnie's measurements are 35-22-35 and she is the daughter of a farmer.

Israeli, Egyptian Forces Locked In Hard Fighting

Neutral Checkpost Seized By Israel

JERUSALEM (AP)—Israeli and Egyptian forces battled today in the El Auja-Nizana demilitarized frontier zone in the worst fighting between them since the end of the 1948 Palestine War.

Reports of casualties from both sides gave a total of 204 Israelis and 50 Egyptians killed in the clash, which started last night. The battle was for the El Sabha checkpost, which, according to the Egyptians, has changed hands twice. The post is in the demilitarized zone but inside Israeli territory.

Israelis, complaining it had been occupied previously by Egyptians in violation of the armistice, seized it in an attack last night. The Israeli Foreign Ministry today announced the attack had succeeded in "expelling the Egyptian invader" from Israeli territory. A military spokesman in Jerusalem said 50 Egyptians and 4 Israelis had been killed.

But a spokesman in Cairo said an Egyptian counterattack recaptured the El Sabha post. He said 200 Israeli soldiers had been killed. There was no confirmation of the counterattack from the Israeli side but U. N. armistice observers said there was intermittent artillery and mortar fire in the zone today. One Israeli official said the situation was quiet at 4 p. m. after exchange of fire which he called "not serious."

El Sabha is about 9 miles south of the El Auja-Nizana U. N. armistice headquarters and dominates a strategically important plateau on the border.

The Israelis said in addition to the four dead, their casualties numbered 19 wounded. They claimed capture of 40 Egyptians. The spokesman in Cairo said the Egyptians had taken "some" Israeli prisoners and listed 70 Egyptian soldiers as killed or missing.

Egyptian general army headquarters has taken over command of the Egyptian troops in the area, previously controlled by the Egyptian Palestine department. Gen. Abdel Hakim Amer, Egyptian commander in chief, has gone to the front.

Army headquarters in Cairo said the Israelis had thrown 3,000 troops against 100 Egyptians at the El Sabha post. The attack was supported by armored cars and heavy guns, the Egyptian communique said. It said the battle lasted seven hours, but at another point referred to it as "still going on." There were unofficial reports in Cairo of an Egyptian counter-attack, but the communique did not specifically confirm it.

The action by the Israeli defense army last night resulted in the expulsion of the Egyptian invading force," the Israeli Foreign Ministry spokesman said.

"Egyptian positions, which were entrenched in Israeli territory, were supported by other Egyptian posts immediately across the border. In order to accomplish its task of expelling the Egyptian invader, it was necessary for an Israeli unit to silence these supporting posts.

"As soon as this was accomplished, the Israeli unit was able to conclude its mission of expelling the Egyptians from Israeli territory. There are no Israeli forces across the Egyptian border. It is equally true that Egyptian forces are now back in Egypt where they belong. That was the position at noon today."

The spokesman said Egypt was guilty of two armistice violations: Occupying Israeli territory and stationing excessive forces in the "defense zone" at the border.

The U. N. chairman of the Is-

depend upon it for support—and in many cases it is because no one has made the contact.

"We earnestly hope that no one will wait longer to give, but that they will call the headquarters of office in the Settles or will send in their contributions."

Several large groups are still incomplete, and Swartz and their team leaders appealed to workers to finish the job as soon as possible.

"We have arrived at the point now that it is difficult to tell exactly where we are," he said. "We must have cards worked and reported in, or we must have the cards returned to us."

One of the biggest problems has been in getting all prospects contacted with an appeal to give as generously as possible to the effort, he said. Both he and L. H. Shelton, office director, urged that persons who have cards out and who cannot work them to call the office so someone can come and get them.

Swartz said that "clean-up" squads were taking the field in an effort to see as many people as possible who may have been missed so far.

"We know that there are literally several hundred people who have not yet contributed to the United Fund—and the 11 agencies which

A&M Architect Killed When Gun Discharges

COLLEGE STATION (AP)—Arch Baker, 55, architect for Texas A&M, was killed yesterday when a shotgun he was cleaning discharged.

Five Assessed Prison Terms In District Court

Penitentiary sentences were assessed against five persons who pleaded guilty to criminal charges in 118th District Court Wednesday. The sentences ranged from two to five years. Sentenced were John Oakley, Johnny B. Johnson, Nestor Martinez, Jimmie Johnson, and Stanley Troxell.

All were indicted by the Howard County Grand Jury which met last week.

Oakley was sentenced to three years in prison following his guilty plea to charges that he possessed marijuana on Oct. 21.

Johnny B. Johnson was assessed a three-year term on a plea of guilty to burglary charges. He was accused of burglarizing the Walter Green house on Oct. 16.

Nestor Martinez was given a five-year penitentiary sentence after he pleaded guilty to charges that he burglarized the Holman Grocery on Oct. 4.

Jimmie Johnson pleaded guilty to charges that he burglarized the City Laundry on Aug. 30. He was assessed three years in prison.

Troxell was sentenced to two years in the penitentiary following his guilty plea to charges of forgery. He was indicted on a charge that he forged a check for \$14.50 on Sept. 12 and passed the instrument to J. Ike Low.

Each of the defendants was given credit for time spent in the county jail. All had next scheduled for jury trials next week.

Warren's Daughter Weds

Nina (Honeybear) Warren, 22, youngest daughter of Chief Justice Earl Warren, feeds her new husband, Dr. Stuart Brien, 33, Beverly Hills, Calif., physician, a bite of their wedding cake following their surprise elopement to Las Vegas, Nev. The couple were wed by a Justice of the Peace in the penthouse of the Riviera Hotel.

EXPERT TESTIFIES

Lack Of Gas Leaks Told In Clary Trial

DALLAS (AP)—Testimony that no gas leaks and undue pressure were found in the burned home of Clifton Clary was on record today in the murder trial of the West Texas ranchman.

Clary is charged with the death of his wife whose body was found in the ruins of the home near Ballinger Jan. 31, 1948.

Nat Harris, a former chief engineer of the gas utilities division of the Railroad Commission, testified he found "no evidence of undue pressure" in the home's bottled gas system.

C. A. Swann testified he checked the gas heating system of the home 10 days after it burned and found no leaks.

Harris explained how gas expands in a room and will explode when a match is set to it.

"I found no evidence of detonation," he said. "With one excep-

Land Screening Board Proposed

An official of the Texas Veterans Land Board today asked Howard County commissioners to name a "screening committee" to assist in the processing of applications for land loans.

Charles Rainey, land board representative for this area, said the local committee would help prevent the possibility of scandals such as almost wreck the veterans land program in South Texas last year.

Commissioners Arthur Stallings and G. E. Gilliam approved the plan. The other commissioners were not present for the conference with Rainey.

Rainey suggested that the county agent and a banker or some other person with extensive knowledge of land values in the county be named to the committee, which would have three members.

Stallings, Gilliam and Judge R. H. Weaver also conferred with the county auditor and the county judge, Weaver told the group. He suggested that purchases be rotated on a monthly basis between Mead, Staggs, Walker and Derington parts concerns.

The judge said he has received complaints from local dealers that parts and supplies were purchased from out-of-county firms in some instances in which the materials were available locally at comparable prices.

Axilrod Jury Tied Up For Its Third Day

MINNEAPOLIS (AP)—A dogged quest for a verdict by a jury of seven women and five men entered its third day today in the first degree murder trial of Dr. A. Arnold Axilrod, Minneapolis dentist.

The panel failed for the second day to reach a decision on six optional verdicts last night and was locked in dormitory quarters in a downtown hotel.

The 59-year-old defendant, charged with strangling a young woman patient, remained in voluntary custody in the county jail. He was free on \$15,000 bond until the case was submitted to the jury Tuesday afternoon.

There was no suggestion through the jury's 30 hours of deliberation how near it was to a verdict. The jurors received asked for and yesterday a second reading of Judge Leslie L. Anderson's instructions to clarify several points of doubt.

The state accuses Axilrod of slaying Mrs. Mary E. Moonen, wife of a soldier then serving in Korea, after she threatened to accuse him publicly as the father of her unborn child.

The jury is weighing these choices: Guilty of first degree murder, second degree murder, first degree manslaughter, second degree manslaughter, and outright acquittal.

Axilrod, a 42-year-old wife, Fanny, sat in the courtroom reading a Bible.

Mrs. Moonen's body was found in a Minneapolis alley April 23. Axilrod told police he "blacked out" during an auto ride with her and couldn't remember what happened to the young woman.

LATE BULLETIN

KINGSVILLE (AP)—Murder charges were filed today against a woman who said she killed her husband and buried him in a grave he intended for her and her child.

Mrs. Sunny Canales Worden, 43, claimed Don Worden forced her at gunpoint to dig a grave and directed her to kill her 5-year-old daughter and herself. She said he intended then to burn their bodies with kerosene and bury them in the grave.

PROBE FOLLOWED SUICIDE

Two Men, Woman Charged In \$250,000 Shortage At Bank

DALLAS (AP)—Two men and a woman were charged by the FBI today in a \$250,000 shortage which forced the closing of the First National Bank of Lewisville last January.

The complaints filed in Dallas and Sherman named: Joseph Barnett, 45, of Dallas.

Mrs. Bessie Aaron, 39, mother of two, formerly of Lewisville and now of Dallas.

Paul Barnecht, 45, of Hebron in Denton County.

The investigation started in January when the bank cashier, Edgar Walters, 59, an employee for 39 years, committed suicide on the day examiners were checking the records.

Barnett and Barnecht were charged before U. S. Commissioner Catherine Gray in Sherman and Mrs. Aaron was charged before U. S. Commissioner William Hill in Dallas.

Barnett and Barnecht waived formal hearing before Gray and Barnecht posted a \$2,000 cash bond.

A \$10,000 bond was placed on Barnett and the man was released in custody of his lawyers, John Carlisle and Gean Turner of Cleburne. He was ordered to appear in court a. m. tomorrow and either post the bond or go to jail.

Mrs. Aaron was to appear before Hill during the afternoon. A \$2,500 bond was requested by the government.

Barnett was convicted in Federal

Woman Booked In Mate's Death

SAN ANTONIO (AP)—A 250-pound San Antonio wife was booked for murder today after her estranged husband, a 150-pound disabled war veteran, was stabbed to death with a screwdriver.

Mrs. Rachel Cardenas was accused in the death of Elpidio Cardenas, 24, who died of a wound in his jugular vein.

Patrolman Dave Guerrero said Cardenas was stabbed following an argument between the couple in a car in front of the home they jointly occupied although they were estranged.

Joint Thanksgiving Services Scheduled

The annual union Thanksgiving service has been scheduled for the First Baptist Church, starting at 10 a. m. Nov. 24.

The Big Spring Pastors Association yesterday chose site for the joint services and appointed a committee to select a speaker for the Thanksgiving program.

The ministers also elected Rev. C. W. Parmenter, pastor of the Wesley Memorial Methodist Church, as president of the association. Rev. Parmenter takes office immediately, succeeding Rev. E. Otis Moore, former St. Paul Presbyterian pastor who resigned to accept an Austin pastorate.

The association appointed Mrs. J. O. Johansen to teach Bible in the Big Spring schools. The Bible course is optional for students and the teacher's salary is paid by the pastors association.

Mrs. Johansen, a former teacher, holds a master's degree from the University of Texas. She replaces Rev. Ed Welch, Phillips Memorial Baptist pastor who quit the school job in order to devote more time to his church.

Court earlier at Amarillo of violation of draft law in 1944, and in state court in Dallas in 1948 for passing worthless checks.

Barnecht, a former assistant cashier at the bank, was charged with "willfully causing a false entry on bank records on Feb. 16, 1954."

FBI Chief W. A. Murphy said that shortage attributed to Barnecht was about \$6,500.

Mrs. Aaron, an acquaintance of Walters, was charged with "aiding

and abetting Walters in the willful misapplication of funds and credits of the bank."

Murphy said a shortage of \$8,100 was attributed to her.

U. S. Atty. William Steger of Tyler said that he will take the cases before a federal grand jury in January.

Murphy said the investigation required an entry by entry, day by day reconstruction of the bank's business over a long period.

and abetting Walters in the willful misapplication of funds and credits of the bank."

Murphy said a shortage of \$8,100 was attributed to her.

U. N. Refugee Chief Gets 1954 Nobel Peace Prize

OSLO (AP)—The Norwegian Nobel Committee today awarded the Nobel peace prize for 1954 to the United Nations High Commissioner for Refugees. It reserved the 1955 prize.

The United Nations agency is the 53rd recipient of the world's top award for peace making. The cash award amounts to \$35,066.

The office of the U. N. High Commissioner for Refugees was established in 1951 under the direction of Dr. G. J. Van Heuven Goedhart, an Amsterdam editor who formerly was Dutch minister of justice, for the purpose of giving protection to refugees who left their home countries in fear of political, religious or racial persecution. It headquarters in Geneva.

The office administers the U. N. refugee emergency fund, which was set up in 1952 to give emergency aid to the most needy groups

of refugees.

The peace prize is awarded annually under the will of Swedish industrialist Alfred Nobel, inventor of dynamite. Dismayed by the use of his invention in modern warfare, Nobel made provisions for a prize to be awarded each year to the person "who shall have most and best promoted the fraternity of nations and the abolishment or reduction of standing armies, and the formation and extension of peace congresses."

The prize may also be awarded to institutions or organizations. The International Red Cross has twice been honored.

It was the second time the U. N. had been honored. Dr. Ralph J. Bunche won the peace prize in 1950 for his work in getting a Palestine armistice.

George C. Marshall of the United States received the 1953 peace prize, the last awarded. The 1952 award went to Albert Schweitzer.

C-C Panel Hears Bypass Protests

Local businessmen protesting the development of the proposed four-lane Highway 80 bypass across north Big Spring aired their complaints with the Chamber of Commerce Highway Committee this morning.

Worth Peeler, K. H. McGibbon, Leon Rednor, Leonard Coker, and H. W. Wright represented the group that is requesting postponement of the bypass. Rednor told the group that the bypass would "completely ruin" local businessmen and "kill" the tourist trade in Big Spring.

Chamber's Committee, said the bypass was too far in the future to be considered now. He pointed out that the highway was still a long way off. Other members of the committee present at this morning's meeting were J. W. Elrod, O. H. Derington, H. B. Reagan, and Sam McCorn.

Big Spring City Manager Herbert Whitney and Chamber Manager Jimmie Greene were also on hand at the meeting.

McComb told the businessmen that they were just "borrowing trouble." He said that no one was pushing for construction of the bypass and that it would be many years before it was completed.

Cook said the plans being considered now were just preliminary steps to let local citizens know where the highway would be located so that improvement plans can be made in the area.

Wright contended that if the site is picked and the right-of-way purchased, then the bypass will be

built whether the citizens of the city want it constructed or not.

McGibbon said the highway department formerly planned to build the bypass only when Big Springers needed it because of traffic congestion in the city. When asked when he thought the bypass should be provided, Rednor said only when heavy congestion on Third and Fourth streets make it necessary.

Cook said that situation exists already about 5 p. m. in the afternoons.

Reagan stated that he had property on the present Highway 80, but he felt that the bypass would be a help to Big Spring. He pointed out that big trucks should be routed around the business district. Reagan said he did not think the bypass would hurt local business here at all, but be of help. The quicker the bypass is constructed, the better off the city will be, he said.

Whitney pointed out that it would probably be at least 18 months before the plans could be drawn up for the bypass, even if work begins right now. Greene pointed out that no one knows when the work will start, but it is probably a long way off.

The protesting committee members said they wanted to slow down the progress of the bypass because the city was not ready for it yet and did not need it. A petition is being passed around now to be forwarded to the highway department asking that the bypass be delayed, Wright said.

Jen-Talkin

There is still a need for cotton pullers in his area, but the demand has slackened up somewhat the last two weeks. Bill Williams of the Texas Employment Commission said he knew of very few fields where cotton is being pulled, but a dozen or so crews could be used if they were available.

Most of the bracco hauling has stopped and few more will be brought in. He said several truckloads of pickers were heading back south now from the areas around Lubbock and Levelland. Farmers are about ready to start using mechanical strippers, and the price for hand pulling has gone down. Around Lubbock it is down to \$1.50 a hundred; a lot of workers preferred to go home.

Williams says there are more local people pulling bolls than at any time during the last few years. So many are in the cotton fields that jobs for mule workers are beginning. Also several jobs around town usually filled by local people are finding no takers.

The irrigated cotton on the L. C. Underwood place at Luther turned out even better than he expected. He already has pulled a bale to the acre and may get another half bale. He grows the Lankard cotton and had it all pulled. Some of the water from his four little wells was sold to oil drilling companies, but he still had enough left to irrigate about 50 acres. This crop was somewhat better than last year's.

Arthur Caughey who farms seven miles southwest of Knot thinks the cotton crop will be shorter than most estimates have it. He says the early freeze got some of the top fruit, and the late bolls would be much lighter.

His own cotton was planted early and had already matured when the frost came. He expects a third of a bale average.

Maise in the area west of Knot made more than some farmers expected it to. Henry Samples has been hiring his maise threshed and it is making from 1200 to 1500 pounds. His field is one of many in this area that has maise and cotton planted in strips.

Most of the fellows who have been dealing with the Mexican government on labor problems are expecting a lighter agreement for braceros next year. The contracts expire on December 31, and several new clauses will likely be written into the new contracts. One thing most of the association men are counting on is higher wages. Mexico is expected to ask for a 15-cent-per-hundred boost in cotton picking for this area.

The picking price advanced to \$2.45 per hundred in the Pecos Valley around Artesia, N. M., recently. The governor of the state filed a letter to the Mexican Consul protesting the raise. He said farmers were paying only \$2.05 in West Texas and the difference wasn't a fair one. His protest didn't get far because growers over there are

blowing dust. Freezes were recorded in the upper South Plains, along the Red River and south to Fort Worth and General Wells.

Light rain was falling at dawn in Brownsville. During the last 24 hours, Houston reported .07 of an inch, Beaumont .02 and Brownsville a trace.

Lows during the night included Austin and Beaumont 43, Corpus Christi 60, Del Rio 46, El Paso 42, Fort Worth 32, Galveston 55, Houston 51, Laredo 61, Midland 33, San Antonio 49, Victoria 51, Wichita Falls 28, Lubbock 39, College Station 41, Alice 57, Wink 24, Mineral Wells 31, Junction 24, Tezakana 32 and Big Spring 34.

Most of those rescued were hunters, like Johnson, who were stranded in bluffs by high waves. Johnson and a companion were crossing Lake Dallas after a duck hunt when their boat overturned. Both wore life jackets, but began swimming when they could hold on to their boat no longer. Johnson was found floating face down in the water.

The norther that set off the high winds moved out of Texas during the night after kicking up some

Little Houses Were Poor Advertising For Red Plumbing

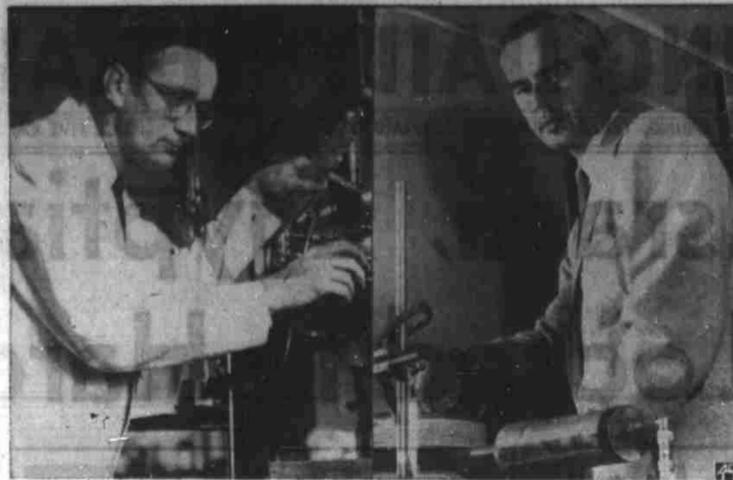

GENEVA (U.S.)—Geneva police with acute embarrassment today removed two little wooden houses from the front gates of Soviet Foreign Minister V. M. Molotov's villa.

"It is unfortunate," said Brig. A. A. Guseon. "The little wooden houses actually are sentry boxes, but someone complained that they resembled another sort of little wooden house and asked that they be removed."

Pressed for details the Swiss officer said: "Someone—I'm not saying who—thought they resembled the little wooden houses that stand behind farm houses in Russia and other agricultural areas of the world. There was a complaint and they had to go."

The little houses were moved from beside each villa gate and placed in a clump of bushes on the other side of the road.

The Geneva newspaper La Suisse politely explained that someone thought they were "too conspicuous."

Share Nobel Physics Award

Dr. Polykarp Kusch, left, and Dr. W. E. Lamb, right, were jointly awarded the 1955 Nobel Prize in physics for their work in connection with atomic measurements. Dr. Kusch is shown in his laboratory at Columbia University and Dr. Lamb works on a project at Stanford University. The two physicists will split the \$36,720 prize money.

LABOR BILL ADDED

President Drafts Republican Program

DENVER (U.S.)—President Eisenhower, still gaining physical strength, today continued drafting a legislative program on which his party will run next year. The Taft-Hartley Act was added to the growing list of controversial issues with which he will confront the Democratic-controlled Congress in January. The action came during a huddle yesterday with Secretary of Labor Mitchell. Mitchell told a news conference afterward the President will resubmit the 14 proposed Taft-Hartley amendments previously rejected by Congress even though Mitchell said "I don't feel that any action is going to be taken by Congress."

The President, moving further along the road to recovery, eased up on his official schedule today to devote more time to planning for a period of convalescence, recreation and rehabilitation at his Gettysburg, Pa., farm. He plans to leave here a week from tomorrow, spend a day or so at the White House, and then proceed to Gettysburg to which the temporary White House will be shifted in advance of Mamie's 59th birthday, Nov. 14.

The tentative Nov. 11 departure date from Denver will be made firm over the weekend if Dr. Paul Dudley White, the eminent Boston heart specialist, approves. White is returning for another of his

Nurse Dies In Bus Accident

CHARLOTTE, N. C. (U.S.)—A chartered bus loaded with student nurses from Charlotte crashed into a truck 15 miles north of here early this morning. One nurse was killed and 32 were injured. Some of those hurt are in critical condition.

The dead nurse was identified as Clara Jean Dillingham, 19, of Rte. 2, Weaverville, N.C. The bus was demolished.

Highway patrolman W. A. Nichols said the bus was traveling about 55 miles an hour when it rammed into the stalled tractor-trailer truck. Nichols said the bus carried 39 nurses and the driver, George Robert Allen, 29, of Charlotte, who suffered minor injuries. Six of the nurses escaped injury.

Nichols and Patrolman C. C. Tilley were trailing the bus at the time of the accident. He said the truck had almost stalled and the driver was attempting to pull off the four-lane highway.

The patrolman said the bus ripped into a side of the trailer, scattering a cargo of cigarettes over the road, and then ran into a ditch.

He gave 100 per cent backing to Benson's agricultural policies, including the flexible price support program which has been the target of bitter Democratic criticism.

In his State of the Union message last January the President did heaviest emphasis on two of the proposed amendments. In one, the non-Communist oath now required of union leaders would also be asked of management officials. The other would prohibit representation elections demanded by an employer for six months after a strike starts. The latter was aimed at erasing a potential "union busting" aspect of the law, the President said at the time.

Explosive Expert Probes Plane Crash

LONGMONT, Colo. (U.S.)—United Air Lines has hired an explosives expert to delve into circumstances surrounding the crash of one of its DC6Bs near here Tuesday night with the loss of 44 lives.

The announcement from UAL's Chicago office yesterday quoted President W. A. Patterson as saying "all evidence now strongly indicates this accident resulted from an explosion in the air."

Patterson's statement said: "Determination of responsibility for the accident is beyond the authority of United Air Lines alone. Federal and local officials are now working at the scene."

"United has retained the services of Charles Wilson, an outstanding authority in the field of explosives, who is affiliated with the crime laboratory of the State of Wisconsin. Experts from our own organization and the Douglas Co. are cooperating with all federal agencies in the most vigorous investigation. We will search out every possibility, however remote."

Prior to Patterson's statement, a United spokesman in Chicago had said: "Sabotage is not considered."

Government investigators meanwhile sought to determine whether "remedial action" was dictated by the disaster. It was the second in this area in less than four weeks and the fourth UAL crash on the same route in 10 years with a total loss of 180 lives.

Three top officials of the Civil Aeronautics Authority from Washington arrived in Denver last night. With them were James N. Peyton, chief of the Civil Aeronautics Board investigation division, and G. C. Waysber, chief of aircraft investigation for the Netherlands government. He is in this country studying investigative methods.

The air line said yesterday there was no connection between a strike of United's flight engineers and the crash. A number of UAL flight engineers struck a week ago

Big Expose In Washington

SANTA FE, N.M. (U.S.)—In this corner, ladies and gentlemen, is petite, blonde Capitol secretary Geraldine Beers, needle and thread in hand. In that corner is Bureau of Revenue Attorney Louis Lujan, a pair of torn trousers in hand. Lujan is seconded by Asst. Atty. Gen. Walter Kegal, acting as a private lawyer. Geraldine is seconded by her womanly prerogative to stand firm. And that's the setting for the case of the busted britches.

It began when Lujan was walking along a Capitol sidewalk one day recently and snagged his suit on the broken door handle of Geraldine's parked auto. He asked restitution. Geraldine stood pat. He called in Kegal, who suggested Geraldine pay \$75 and mentioned court action as a possible alternative.

Geraldine says she'll wield a needle and thread to patch the punctured pants but that's all. Lujan declined comment, saying he considered it a private matter which he had turned over to Kegal.

First Snowfall Causes 5 Deaths

French Assembly Votes New Election

PARIS (AP)—The French National Assembly today voted 330-211 in favor of holding new general elections next month, but a cloud of parliamentary confusion hung over the future of the plan.

Endorsement of the government's bill to end the present Assembly Jan. 2 — thus advancing the elections from June — came on a vote of confidence for Premier Edgar Faure. The support of 88 members of the 94-member Communist group gave the government its victory.

But what happens now was anything but clear. The fate of the bill is up to the Council of the Republic or Senate. If the upper House does not act within the next two weeks the whole early election project may have to be tossed out the window.

The Assembly debated the bill under a government demand for urgent consideration. Under this procedure debate must be concluded within three days. It also requires urgent treatment from the Senate.

When Faure asked for the confidence vote at Tuesday night's session, he suggested that the ballot be held Thursday. Andre-Jean Godin, an Assembly vice president who was presiding, said such a timetable would put the measure outside the limit for urgent treatment.

The confusion became compounded at the start of last night's session when Assembly President Pierre Schmitter promised liberal application of the Assembly rule limiting speakers to five minutes. The first two spoke more than half an hour.

When the vote was taken after midnight, Schmitter announced the upper House would have a maximum of two months for its consideration. His statement caused considerable surprise.

Schmitter is a member of the Popular Republican Movement which has backed Faure solidly and is anxious for quick elections. Some observers believed the Sen-

ate would take up the question as soon as it returns to work Tuesday. Others are convinced the Senate will insist on taking plenty of time. Faure insists that early elections are necessary because important decisions, especially concerning North Africa, must be taken in the first half of 1955.

Gary Crosby Is Smash Hit

HOLLYWOOD (AP)—Gary Crosby made a smash night club debut last night at Ciro's. The husky, eldest son of Bing played the small role of "Darryl Hump." Hollywood musical comedy star, in a revue. The show spoofs the recent Doris Day-James Cagney movie, "Love Me or Leave Me," the story of singer Ruth Etting.

Any similarity between the MGM movie and the night club revue was intended to be hilarious.

Crosby's brief comedy appearance with Huntz (dead end kid) Hall was easily the show's stand-out. The two also duetted on a rock 'n' roll number called "The Samurai Sword Blues." The Crosby debut was before a hard-to-please show-business audience, most of whom paid Ciro's going price of \$28 per fifth of Scotch. Ringsiders included Milton Berle, Sammy Davis Jr., Sherree North and Ray Bolger, all of whom joined in the crowd's lusty applause for Crosby's performance.

Bing was not there. A friend explained the father was afraid he'd make his 22-year-old son too nervous on an opening night.

Israeli Seeks Arms

NEW YORK (AP)—Abba Eban, Israeli ambassador, arrived today and said he would go later to Washington in an effort to obtain arms.

Five Wives

Louis Alma Kelsch, 48-year-old Salt Lake City tile worker, was charged with unlawful cohabitation after being arrested. Kelsch is accused of having five wives.

Answers Filed In Treasure Suit

DALLAS (AP)—Answers to a federal suit to determine who owns the remaining \$43,430 found under a Dallas home last January were filed yesterday by Sheriff Bill Decker and the family of the late William Felder, a cotton broker.

Jackson Davis, 24, a Corsicana Negro, found \$50,000 buried beneath the home. He claims it on a "finders keepers" basis. He spent some of the money. Relatives say Felder buried the money during a bank panic.

Davis was arrested by Decker's deputies who went to Corsicana to discover why the Negro was spending such large sums. He filed suit in Corsicana to recover the money from the First National Bank in Dallas where Decker deposited it. Davis also seeks \$45,000 for punitive damages for being held in jail eight days.

Artificial Lung Saves Life Of Man Crushed Nearly To Death

CHICAGO (AP)—Surgeons today told of a medical miracle, and the part played by a simple new artificial lung.

It began with the horrible moment when a steel worker was crushed by a locomotive against a stone wall. He was a big man, broadshouldered, weighing 235 pounds.

Yet he was crushed by the monstrous machine into a space only eight inches wide. Worse, he was slowly rolled into that tight area. ribs and bones splintered. He had 35 fractures of 20 ribs, breast bone, clavicles and pelvic bones broken, internal organs injured.

Surgeons and doctors met him at the hospital door. He was unconscious, so badly hurt "it seemed he had absolutely no reason to survive," said Dr. Edward E. Avery.

Modern aids of medicine and surgery flew to his defense. Even with his crushed chest, even if he could begin breathing normally, the motion would prevent knitting of the wired-up bones of his broken ribs.

The simple new lung gave the answer. The story was described to the American College of Surgeons yesterday by Dr. E. T. Morch, inventor of the lung; Dr. Avery and Dr. D. W. Benson of Northwestern Medical School and the University of Chicago Clinics.

The man recovered and is back at work. The lung is helping polio victims, people with injured chests, patients in breathing troubles after surgery or for other causes.

Dr. Morch's lung did the breathing for a month; day and night for the crushed man. It blew air gently into his lungs, then let it escape. The man's own breathing muscles stopped working, his motionless ribs could knit.

The new lung is a transparent plastic box, two feet wide, three feet long, a foot high. It can be shoved under a bed.

A motor-driven piston pumps air through a tube and valve in pulses,

like normal breathing. The air enters through a tube inserted at the throat into the trachea or air-tube of the lungs. The throat tube is necessary if the artificial lung is going to do a person's breathing for days. For shorter periods, the tube can more simply be put into the nose or mouth.

Swivels in the metal part of the throat tube permit the person to move his head, lie on his sides or back, have full range of movement.

Advantages are that it is comfortable, unlike the tight collar needed on an iron lung; that the patient can move, avoiding bed sores from lying only on his back; he can be cared for as easily as any ordinary patient, Dr. Morch said.

The lung has only two levers,

Hearing Held On Rail Service Halt Request

SAN ANGELO (AP)—The Railroad Commission held a hearing today on the Santa Fe Railroad's request to halt passenger, baggage and express rail service on four trains south and west from San Angelo.

The trains operate between San Angelo and Fort Stockton and San Angelo and Sonora.

for adjusting air-flow speed and volume. If electric power fails, the piston can be pumped by hand. Dr. Morch estimates that production manufacture would make it cost \$500 to \$1,000, a third the price of iron lungs.

The medical team said they had not found any difficulty from over-ventilation with the lung. That is, supplying too much air and upsetting the acid-alkali balance of the body.

The lung breathed for days for a young girl, paralyzed "up to her ears" by polio. She recovered completely, and now is taking rhumba lessons, Dr. Morch said.

A&M Student Dies

COLLEGE STATION (AP)—A Texas A&M student died after being pulled out of a campus swimming pool yesterday. James Koym, 19, of Pasadena, was taking his physical education course when other students noticed him floundering.

Killed in Wreck

DALLAS (AP)—Fred Thompson of Dallas was killed last night when a car hit a soft shoulder and rolled over.

Peron Stops In Brazilian City

SALVADOR, Brazil (AP)—Juan D. Peron, deposed dictator of Argentina, stopped overnight in this Atlantic Coast city following his sudden departure from his exile in Paraguay.

Peron flew here yesterday from Asuncion and said he was going to Nicaragua. But there was speculation that his ultimate destination might be Europe.

Peron was granted exile in Paraguay after he was overthrown by the September revolution, but his presence caused disagreement within the government in that country on Argentina's northern border.

Peron told reporters here he decided to leave Paraguay in order not to prejudice that country.

For A Job Well-Done

Cleo Thomas, president of the Seventh Grade Tri-Hi-Y receives the \$50 given as first prize in the ticket-selling contest sponsored by the Big Spring Concert Association during their membership campaign. Offered by Couden Petroleum Corporation, the award was made Wednesday afternoon by Marvin Miller, vice president of the organization, at a meeting of the group.

Hi-Y, Tri-Hi-Y Are Given Prizes In Ticket Contest

Prizes have been awarded in the ticket-selling contest staged by the Big Spring Concert Association for Hi-Y and Tri-Hi-Y members. Winner of first prize, which was \$50 for the club selling the largest number of tickets, was the Seventh Grade Tri-Hi-Y, who bought in \$198. President of the group is Cleo Thomas, and the sponsor is Betty Joyce Gray. The award was offered by Couden Petroleum Corporation. Second prize went to the Eighth

Future Teachers Plan Float For Homecoming

At a meeting of the Future Teachers of American Tuesday afternoon at the high school, plans were outlined for the float to be entered in the Homecoming parade. Jacqueline Smith and Sue Barnes gave the description and a committee was appointed to work on the construction. Jeannie McEvers reported on the district planning meet, which was held in Lamesa recently for the purpose of planning the district meeting scheduled for Dec. 5 in Midland. The local group was named to hold a workshop on "Practice Teaching." Danna Green and Terral Turner were appointed to speak for the Classroom Teachers' Association this evening. Four members were elected as nominees for district offices. They are Gerry Gardner for president; Martha Bost for vice president; Miss McEvers for secretary, and Carol Letcher for treasurer. Eleven members attended, with the two sponsors, Don Green and Mrs. Ellen Bownds.

Kitchen Justice

ROCKFORD, Mich., (AP) — This western Michigan village wouldn't be too surprised if its justice of the peace rapped for order with a potato masher instead of a gavel. The justice is Mrs. Clyde B. Caswell, a housewife, and she has held court in her kitchen at times when no jury was required.

Education Week Slated By Council

Plans were discussed for Education Week when the P-TA City Council met Wednesday, with Mrs. Elviss McGary, president in charge. During the week, dates of which will be announced later, seven civic clubs will present programs and skits over the radio. They are Rotary, Kiwanis, Lions, J.C.'s, ABC, Toastmaster, and Optimist. W. C. Blankenship spoke to the group and stated that the hope of America was in the teachers. Dr. Loyal Norman said that the public needed to get better acquainted with the school and to get a glimpse of the school program. This is the purpose of the Education Week. The devotion was given by J. T. Baird, a high school student, on "Moral Responsibility." Thirty were present.

Holiday Hats Will Be Gay And Dramatic

Holiday hats will be as gay as the ornaments on the Christmas tree this year — and just as important in the festive scene. The new slim silhouettes give added emphasis to hats in the current fashion picture and the bareheaded girl will look strictly out-of-date in the holiday lineup. Milliners of both New York and Paris interpret the bulkier silhouette in various ways, as demonstrated at a recent showing of holiday hats by the millinery industry. The peach basket shape is interpreted by Claude St. Cyr, of Paris, in a dramatic hat with black transparent petals forming the brim, and a tiny blue satin crown. The same milliner shows a striking deep choche of stitched yellow satin banded with brown velvet, worn pulled down on the head and almost covering all the hair. In the spirit of holiday gaiety is John Fredericks' small white satin pillbox in Empress Eugenie style with a point on the forehead, and a large jeweled ornament front and center. Also prominent among the current headliners are many versions of the oriental turban, many little pastel satin sailors, modern adaptations of the Turkish fez and white hats.

Save The Dishes

New plastic tableware items are ideal for small fry. Tumblers, cups and partitioned plates with interesting decorations can be just as attractive as real china and your little one will never know the difference. Wash them carefully after each use.

Mr. and Mrs. D. T. Evans will leave Friday for Wichita, Kans., where they will visit their daughter, Mrs. James R. Hornell, and Mr. Hornell. Mrs. Evans will remain there, while Mr. Evans goes to Philadelphia for a meeting of oil men at the first of the week.

Lay The Pruning Shears Down--Until Next Year!

By ANNE LEFEVER
Restrain yourself or your husband from pruning rosebushes now! Cutting them back at this time will lose months of their flowering strength for the spring blossoming season. Wait until growth starts in the spring and then remove weak canes, being careful not to prune severely enough to retard or prevent blooms from forming. If climbing roses are cut at this time, except for the pruning of dead wood, flowers for next year will be lost. Late winter is the best time for pruning in this locality since early pruning will stimulate new growth, which may be killed by late freezes. Climate and weather vary so greatly that no hard and fast rule can be laid down, but mid-March and April are usually considered a fairly safe pruning time. If you haven't done it yet, get any bulbs that you want to grow indoors. If narcissus and hyacinths are to be grown in water, be sure the roots system has formed and the flower bud is well out of the bulb. They will not do well in two much heat. Now is the ideal time to plant tulip bulbs as they begin forming roots as soon as they are in the ground. These strong roots will make for a much better spring blooming period. Other spring flowering bulbs should go into the ground at this time, too. Pansies may be transplanted this month, and the violet beds should be worked over and given a mulch of barnyard manure. Fall planting is good in this section because plants have several months to establish roots and gain strength for spring blooms. Be sure to give pansies a mulch of straw or peat moss.

Four Members Join Jubilee Hyperions

Four new members joined the Jubilee Hyperion Club at their meeting Tuesday afternoon in the home of Mrs. Conny D. Wade, co-hostess was Mrs. Orland Johnson. They are Mrs. L. D. Harris, Mrs. Robert Heine, Mrs. J. G. Lewis and Mrs. C. L. Richardson. Roll call was answered with a two minute talk on individual hobbies. Mrs. Wade was in charge of the program on "American Women in the News." Assisting was Mrs. Albert Smith. The group decided to have a rummage sale Nov. 12. Announcement was made of their next meeting to be at 3 p.m. on Dec. 6 at the home of Mrs. C. L. Morehead, 900 Birdwell Lane. Each member is to bring canned goods to this meeting to be put in a basket for a needy family. A choral group from Howard County Junior College will present the program. Names for Christmas will be drawn at this time. Eighteen members were present.

'05 Hyperion Hears Talk On Traffic

"Progress and Problems of Texas Traffic" was the subject of the program at the meeting of the 1905 Hyperion Club Wednesday afternoon in the home of Mrs. K. H. McGibbon. George Oldham, local head of the Texas Traffic Commission, spoke to the group on the improvements needed in highways. He recommended that the club women start a movement for such legislation as would help the conditions now existing. A sound film dealing with highway problems was shown by the speaker, who was introduced by Mrs. Norman Read. Lending atmosphere to the meeting were the tiny traffic signs used as tea table decoration in combination with an arrangement of fruits and vegetables. An electric traffic signal was placed at the door through which guests entered the house. During the business meeting, members discussed their year's project, which is to buy a movie projector for the Westside Recreation Center. They will also work with the YMCA, and plans for next year include an all-out effort for improvements or a new building for the organization.

Snacktime For Crowd

Heat tiny frankfurters in simmering (not boiling) water or spillover on the backyard grill. Serve with a dip of cream cheese whipped with a little milk or light cream and season with lemon juice and lots of grated onion and freshly-ground black pepper. Unusual and good! If commercially prepared sour cream is available in your neighborhood, you may substitute it for the whipped cream cheese.

Girl Scouts Work For Christmas And For Civil Defense

Using paper cups and milk bottle tops, Girl Scouts of Troop 20 made Christmas ornaments Wednesday afternoon at their meeting at the Girl Scout Little House. Clowns, with beaded costumes, boots, caps and Santa Claus and his wife were made, as was a small book inscribed "Merry Christmas to You." Decorations featured cotton, tinfoil, ribbon and construction paper. Fourteen attended the meeting with the leaders, Mrs. W. S. Goodlett Jr., Mrs. Jimmy Medford and Nancy Cunningham. Girl Scouts of Troop 6 met in the home of their leader, Mrs. H. E. Bost, Wednesday afternoon. Working on civil defense projects, the group made a stove of tin cans, trench candles and a charcoal stove. They also tested waterproof matches, which they had made at their previous meeting. Seven attended the meeting.

Area Students In Favorites Race

Three students from this vicinity are among the class favorite nominees in connection with homecoming festivities for McMurry College in Abilene this weekend. Coronation of the homecoming "Reservation Princess" is set for Friday at 7 p.m. in Radford Auditorium. Eight class favorites will be presented at that time. Saturday evening the McMurry-Howard Payne football game will climax activities. Among class nominees are Dottie Floyd, Lamesa, seniors; Peggy Campbell, Lamesa, juniors; Wilma Jean Anderson, Colorado City, sophomores.

Fencing For A Figure

Amanda Blake attributes her lovely figure and posture to fencing. The star of CBS-TV's "Gunsmoke" series also has some good ideas on dieting.

HOLLYWOOD BEAUTY

Builds Beautiful Body With Fencing Exercise

By LYDIA LANE

HOLLYWOOD — Amanda Blake, who supplies the glamour on the new CBS-TV series "Gunsmoke," is best remembered to date for her role as the Italian-haired step-sister in "Cinderella."

"I never get credit for being a real redhead," bemoaned the pretty Amanda as we chatted on the set at CBS, "because my hair is exactly the shade the dye manufacturers try to copy."

Amanda's figure has improved so much since I saw her last that I felt I had to comment about it. "What are you doing to keep so slim these days?" I remarked.

"Fencing," she replied brightly. "I love it—it's the best exercise in the world because it reaches every muscle in your body—even those in your toes. And it's helped my posture tremendously and strengthened my back muscles."

"I've been taking fencing lessons for a long time," she continued, "and I still get sore occasionally which shows that I hit new muscles from time to time which have been neglected."

"I think of fencing as restricted dancing. It develops grace in the same way as ballet but it isn't as strenuous," she observed.

"For anyone who leads a sedentary life this is a great way to keep limber and in good shape."

I asked Amanda if her slimming down was due to exercise alone.

"No," she replied candidly. "I had to check some bad eating habits, too. I had to learn not to nibble just out of habit when I was nervous or disturbed about something. I also had to acknowledge that rigid dieting was not for me."

"The studio put me on a diet once when I was several pounds overweight and it was so severe that I was hungry and miserable all the time, the results were slow in coming and I felt it just wasn't worth it."

"I thought it was foolish and felt

that dieting could be pleasant if you found one that suited your taste. So I contrived my own diet—I simply ate the things I wanted only I ate less of them. Being able to have even a little of my favorite foods satisfies my taste for them and consequently my appetite. It was very successful."

As they called Amanda back to the cameras I managed to get in one last question. "What do you consider your top beauty secret?" I asked.

"Facing my problems squarely," she replied. "This gives me peace of mind and confidence in myself. I sleep better and am happier and this gives me a glow that can't be bought at the beauty counters."

MENTAL SIDE OF DIET
Amanda is right—if the diet doesn't seem right for you, it won't work. Before you start any diet you should know the mental side of the subject, and you'll find a perfect teacher in leaflet M-3, "The Mental Side of Dieting." Suggestions for menus to follow a diet are included in this important leaflet. Get your copy by sending only 5 cents and a self-addressed, stamped envelope to Lydia Lane, care of The Big Spring Herald.

Slates Meeting Date Change Meeting Date

At a meeting of the Texas Graduate Nurses' Association in Odessa Tuesday evening, members voted to meet on the second Tuesday in December instead of on the regular meeting date.

Midland will be the hostess chapter, with the Christmas party to be held at that time. The Association met Tuesday at the Medical Arts Center in Odessa.

Attending from Big Spring were Martha Scudder, Ruth Jameson, Bo Bowen, Mrs. Doyle Forbus, Mrs. C. O. Trantham, Frances Bartlett and Liz Hall.

Britisher Discusses Margaret's Decision

By JOYCE CONNAWAY

We here in the United States have all had our views and opinions on the much publicized romance between Princess Margaret and Capt. Peter Townsend. Monday night the Princess announced her decision not to marry the 40-year-old divorced British air hero.

Here is what an Englishwoman, who was reared in Renning and lived in London for quite a while before she came to America two years ago to be the bride of a GI, thinks about the decision.

"Mrs. Jack Goode stated that this is just the way she feels about the matter and she has not heard from her friends and family from England to get their comments."

"It is such a shame, really," she said, "that Margaret turned down the man she loved. There are so many angles that the royalty have to consider before they can do anything."

"I wonder if she had married him and stepped down into normal

life away from the palace, if she would have been really happy, for the royal life is all that she has known."

Mrs. Goode said that she told her husband before the 23-year-old Princess announced her decision that she felt that the family would lose their dignity and respect if she married a divorced man. But Lt. Col. Goode was quick to explain that the Crown did not suffer when King Edward chose to marry an American divorcee.

"I certainly thought she was going ahead and marry him, for she is such a lively and gay thing. Also, she had known him for eleven years, and she was mature enough to know the consequences before she let the romance go this far." The English woman stated that she thinks the press and church were the main causes of the rejection of marriage for the princess.

Mrs. Goode has seen Princess Margaret in person and she said that she has the most beautiful complexion she has ever seen and she is a very lovely girl.

Capt. and Mrs. Goode met while he was stationed in England and they were married in New York City. They have a four-month-old son, Michael.

She likes America very much, but said she didn't know which was the worse, the London fog or the Big Spring dust.

Although the English are known to be great tea drinkers, Mrs. Goode offered me a cold drink and explained that, to everyone's surprise, she did not care for tea, even at tea and crumpet time in the afternoon.

Lutherites Entertain, Go On Trips

LUTHER — Mrs. Maude Motley and children of Stanton were recent visitors of Mr. and Mrs. O. E. Hamlin.

C. W. Senn of Jayton visited his sister, Mrs. Edward Simpson, recently.

Ill during the past week were Mrs. Ruby Simpson, Mrs. Callie Smith and Mrs. Edith Owens.

Howard Smith was home from Texas Tech over the weekend.

Mr. and Mrs. George Grogan and Mr. and Mrs. Roy Eastland and children, all of Amarillo, were weekend guests of Mr. and Mrs. W. D. Anderson.

Mrs. Gussie Dumas of Fort Worth and Frank Weaver of Coleman visited Mr. and Mrs. Virgil Little. Mr. and Mrs. W. D. Anderson entertained with a barbecue at home, Saturday afternoon, October 29, celebrating because of their new oil well. Approximately 275 friends and relatives attended the feast. The Andersons left Monday to attend the Downing reunion in Amarillo. Mrs. Anderson plans to spend the week visiting her brothers and sisters.

Mr. and Mrs. C. B. Lawrence of Big Spring visited Mr. and Mrs. Edward Simpson recently.

Mr. and Mrs. Otto Couch of Big Spring were recent visitors of Mr. and Mrs. John Couch.

Mr. and Mrs. Don Lockhart are the parents of a daughter, born October 29, weighing 6 lbs. and 9 1/4 ounces and named Donna Denise. Louie Rawlings; Carl Lockhart, James Foster and Hollis Puckett visited Dug Richardson in a Midland hospital, Sunday. Mr. Richardson was injured, while at work at Reef Field.

Edman McMurray of Big Spring was a recent visitor of Ben Lockhart.

Gay Hill Girl Scouts met Monday night in a regular meeting. All ten members were present with 7 adults. Plans were made for the girls to make a Christmas gift.

Sandra Crow was crowned Halloween Queen at the Gay Hill Halloween Carnival.

1946 Hyperions Agree On Project To Raise Money

The members of the 1946 Hyperion Club decided upon a plan to raise money for their project, the Westside Recreation Center, at their meeting Wednesday.

Place of the gathering was in the home of Mrs. E. H. Boullouin Jr., 428 Edwards Blvd.

The hostess presented the program on "Home Decorating." She showed how different accessories for each type of home can help in convenience and appearance of the residence.

Sixteen were present. A new member, Mrs. W. A. Stanley, was introduced.

The next meeting, Dec. 7 at 2 p.m., will be at the home of Mrs. J. H. Fish, 507 Mountain Park Drive.

Forefinger Mittens

By CAROL CURTIS

Warm wool mittens with long cuffs have an additional advantage in the first finger being separate so that bus fares, coins for newspapers and parking meters can be fished from a purse or pocket without having to take off a mitten in freezing weather. Knitting instructions are included for sizes 8, 8 1/2 and 9.

Send 25 cents for PATTERN No. 444, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

THE NEEDLEWORK GUIDE, 36 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Junior College Meet Begins Today At HCJC

Stressing the "Cooperation of Citizenship Training Between College and Community," the West Texas Regional Junior College Student Council Convention will open here today. Howard County Junior College will be the host.

Registration will begin this afternoon, with late registrants signing up Friday morning at 9 o'clock in the auditorium at the college. Open house is planned for this evening at the Student Union Building at 8 p.m.

Friday morning, the program will include a welcome by Dr. W. A. Hunt, president of the college, with a response by a representative from Amarillo Junior College.

Master of ceremonies will be James Underwood, president of the Student Council.

Bobo Hardy, assistant general secretary of the YMCA will speak on "Cooperative Citizenship Training" at 9:45 Friday morning. He will be introduced by Pat Porter, president of the freshman class.

Selections from "Oklahoma" will be sung by the HCJC Chorus.

During the afternoon, panel discussions will be held on the general subject, "The College and the Home," with the following groups: "Cooperation of College and Home," led by Underwood; "Cooperation of College and Church," which Porter will lead; "Cooperation of College and Civic Clubs," with Robert Robertson as leader, and "Cooperation of College and Community," led by Jimmy Castleberry and Billy McIlvain.

For the general discussion, Dr. J. W. Reynolds of Texas University

will be the moderator. He is responsible for the organization of the student council conferences and is executive secretary of the state group.

A business meeting is scheduled for 3 p.m. Friday. About 40 representatives are expected to attend the conference from junior colleges in Amarillo, Odessa, San Angelo and Borger. Next year's state conference is scheduled for Odessa.

Fairview Club Works On Quilt For Treasury

Work was done on a quilt, which will be sold for the Fairview Home Demonstration Club treasury when members met at the home of Mrs. O. D. Engle Tuesday. The meeting was an all-day affair, with a covered dish luncheon served at noon.

The next meeting will be the club's Thanksgiving dinner, which will be held in the home of Mrs. John Sutherland on Nov. 15. Fourteen attended the quilting.

Mrs. Mary Gibson of Odessa has been a guest in the home of Mr. and Mrs. R. E. Duncan, 2100 Runnels.

Mrs. Hunt Is Speaker For '53 Hyperion

Mrs. W. A. Hunt was guest speaker for the 1953 Hyperion Club when the group met Wednesday in the home of Mrs. Charles Race. Mrs. John Taylor was cohostess. "The Christian Home" was the topic of the discussion for the afternoon.

Plans were made for the annual card party to be given for the benefit of the club's project. The affair, scheduled for Nov. 18, will begin at 2 p.m. in the Student Union Building at Howard County Junior College.

Tickets are priced at one dollar per person, and prizes include homemade cakes and candies, with a special prize to be awarded. Refreshments were served to 18 at Wednesday's meeting.

The modern, fully-automatic way to all-season comfort!

New ALL-ELECTRIC HEAT PUMP

...using only air and electricity!

Now you can enjoy year around central air conditioning that's completely automatic!

The new all-electric Heat Pump both heats and cools from one compact unit that switches automatically from heating to cooling or back again as needed... even within the same day or same hour.

With the Heat Pump there's no manual shut-down or start-up of heating or cooling equipment... no discomfort from unseasonably warm or

cold days. You just set the automatic thermostat once and enjoy perfect indoor climate the year around.

Adaptable to new or existing buildings, the Heat Pump takes up little floor space. In installations now operating in Texas and elsewhere it is providing practical, dependable air conditioning 365 days a year.

For a new experience in carefree comfort, investigate the advantages of an all-electric Heat Pump for your home or place of business.

Get this Free Booklet...

It tells about the Heat Pump... and gives helpful information about all types of electric heating. Phone, write or come by for your free copy soon!

'orange blossom' cake frosting

A different and luscious frosting for your favorite packaged cake mix.
Sift 1 lb. (4 cups) C and H pure CANE Powdered Sugar for the smoothest frosting ever. Gradually add about 1/4 of it to 4 tablespoons soft butter, creaming thoroughly with electric mixer or spoon. Beat in, 1 at a time, 2 unbeaten egg whites. Add dash of salt and 2 teaspoons grated orange peel, or 1/4 teaspoon lemon extract. Beat in rest of sugar and 1 tablespoon orange juice or undiluted frozen orange concentrate. Tint delicate orange with yellow food coloring plus 1 or 2 drops red, and beat well. Spread on cool cake. Dough for two 9" layers.

PURE CANE SUGAR AT ITS BEST!

Lions' Gift To UF

Fred Stitzell, Lions Club secretary, presents his organization's gift to the United Fund to Roy Worley, right, UF worker. The Lions give to the community fund annually, setting the pattern for other organizations.

Lamesa Starts Chest Campaign

LAMESA — Approximately 350 volunteers have financed their drive for \$21,415 to start the work of various Community Chest agencies here.

Ex-Dawson Man's Rites Set Today

LAMESA — Funeral was to be held at 4 p. m. today at the Higginbotham Funeral Chapel for Jack J. Stone, 60, who died Monday evening at his home in Tucson, Ariz.

\$500 Bond, \$50 Fine Set In County Cases

One case was filed in County Court today, with the defendant entering a plea of not guilty and being released on \$500 bond.

Dawson Ginning At 45,000 Bales

LAMESA — Estimates by Dayton Carroll, Texas Employment Commission manager, are that Dawson County has ginned 45,000 bales or 60 per cent of an estimated crop of 75,000 bales.

Gaines County, with a potential of 35,000 bales, has ginned only 11,000 to date, or about 31 per cent.

Terry and Yoakum county have harvested only 8,500 of an estimated aggregate of 74,000 bales between them, he added.

Auto Fire Put Out

Firemen answered a call to the Lone Star Motor Company Wednesday morning and extinguished a fire inside a 1952 Plymouth. Cause of the blaze is unknown and the damage was limited to the interior of the car.

TOUR SHOWS

Despite 'New Look' Russia Unchanged

Fresh from a 6,000-mile tour of Russia, Robert Gros of San Francisco told approximately 250 employees and guests of Texas Electric Service Company Wednesday evening that his journeys had more confirmed his belief that despite a new look Russia is unchanged.

He came away feeling that perhaps the cold war challenge to the United States would be a blessing in disguise.

The most startling impression one gains of Russia, he said, is that of sameness. People are fitted to the common mold so that they actually begin to look alike.

Goods abound, too, but most of them are of third rate quality and are out of the reaches of the masses.

A Bible Thought For Today

We then, as workers together with him, beseech you also that ye receive not the grace of God in vain. (II Cor. 6:1)

Editorial

Ingredient Of Safety: Be Alert

It seems to us the whole philosophy of traffic safety can be summed up in four words: "Be Alert—Stay Alive." If that slogan hasn't already been coined—endless ones have, with small visible effect—it should be.

If you'll think back on all the narrow escapes you've had as motorist and pedestrian you'll probably be able to recall that your own lack of alertness at a critical moment was the core and center of your trouble. At the moment of crisis you were talking to someone, or listening, or thinking of some business or domestic matter, or just not thinking about anything in particular. In other words, your mind wasn't on the business of driving a motor vehicle, or crossing a street in safety.

A split second of inattention is all that's necessary to compound a serious or fatal accident. It has always been that way, and it is doubly so in this age of high speed and reckless driving.

You can't take anything for granted these days. For instance, you're asking

for trouble if you put any faith in traffic lights and stop signs. If you start through an intersection as soon as the green comes on without looking to right or left, you're living on borrowed time; for sooner or later somebody's going to slam head on into the side of your car. Maybe the fellow's brakes failed him at the last moment. Maybe he's one of those traffic hogs who persist in running through red lights to squeeze the last bit of advantage out of the situation. Maybe he's driving a huge truck with so much deadweight that no set of brakes ever built can stop it in time.

In any case, if you go on putting faith in traffic lights or stop signs or caution lights or yield right-of-way signs, your chance of avoiding a collision is very small. Look both ways before you start through an intersection after the light has turned in your favor.

Be alert—stay alive. Your survival depends on your own effort not on the good sportsmanship of your fellow-drivers. There is very little of that stuff any more.

Painful But Heroic Decision

In a country not accustomed to the importance attached to the personal affairs of nobility as they relate to duties imposed by heritage, the decision of Margaret Windsor not to marry Capt. Peter Townsend will find vigorous dissent. We are too accustomed to the philosophy that if that is what we people want, well why should the church, the country, the royal family or anything else stand in the way? Her choice, to be sure, was a heart-rending one, but in the eyes of most people who look upon life as a serious business and duty and obligation as something not to be held lightly will approve her decision as not only sensible, but heroic.

And heroic it was beyond all question. Possible husbands don't happen along very often for royal princesses—that is, suitable and acceptable ones—and the young lady, who is obviously full of the

joy of life and eager for happiness may be in for a prolonged wait.

Her uncle Edward VIII consulted only his own selfish desires and gave up the throne for a bride not acceptable to the established church or to the lords of the realm. This might have wrecked the British people's respect for the crown had not his brother George, father of the present Queen and her sister Margaret, been the fine man he was.

In a few simple, straightforward words the young woman puts respect for the teachings of her church and her sense of duty to the Commonwealth before "any others," meaning her personal happiness. Had some of her royal ancestors and collateral kin done as much, the British Empire might be better off today. We salute her for courage equal to the call of duty. General Lee called duty the sublimest word in the English language.

Marquis Childs

Israeli Calling Urgently For Aid

GENEVA — The power politics of the Middle East — Oil, fanatic Arab nationalism, and the passionate hopes and fears of the new Jewish state of Israel — overshadow the scheduled debates of this Big Four conference that is supposed to work toward a solution of German reunification and European security. The Gaza strip is a long way from this prim city of conferences but the sound of gunfire in that desert country can be heard quite plainly here.

The three Western foreign ministers are unable to decide what to do about the threat of war between Egypt and Israel. All the choices are so charged with the promise of more trouble that the inclination is to wait and hope that the present tension reflected in even more serious border incidents will subside.

But the spokesmen for the Israeli government who have come to Geneva to present their case do not mean to let it subside. They talk with an almost desperate urgency of what they believe is a threat to the very existence of their new state. They say that if measures are not taken to counter the sale of arms by Czechoslovakia to Egypt then Israel's present superiority of armaments will be overwhelmed, and at that point Egypt's Premier Abdul Nasser will attack.

Messrs. Dulles, Pinay and Macmillan have all tried to calm the fears of Premier Moshe Sharett. They believe he exaggerated the dangers inherent in the arms deal. While it may be true that the deal calls for eventual delivery to Egypt of 100 jet planes, who can say whether these planes will actually be delivered or how long a time delivery will take? There is serious doubt about Egyptian capacity to service and fly any such number of jets.

But these soft answers do not turn away the fears of Sharett and those here with him who are sure that this is life or death for the state that is a refuge and a homeland for an oppressed people. If the Egyptians can't fly the planes themselves then they'll hire people who can, they reply. They say that there are today 10 Soviet submarines in the Mediterranean. They say that if an Israeli ship is sunk by a submarine that may be nominally under the Egyptian flag, then it means war.

This is the emotional stuff out of which wars, both big and little, have come in the

past, and the outward calm of the Western ministers conceals very grave concern for the days and weeks just ahead. Their next move in the game of power politics is simply not clear.

From the Israeli perspective it was the mistaken effort of the West to play for power in the Middle East which touched off the present crisis, and it takes no crystal ball to foresee that this becomes a matter of domestic politics at home with a campaign year just ahead.

The men with Sharett on his mission of urgency believe that with Dulles' efforts to build a Middle East defense pact—a pact from which Israel was automatically excluded—the way was opened for Communist intervention. When the Arab state of Iraq joined what is known as the northern tier alliance, then Egypt was a deeply affronted and ready to strike a bargain with the Communist bloc. Britain belongs to that pact but the United States doesn't.

At this point, say the Israeli spokesmen, in order to bring security to the Middle East the United States must become a party to the pact. At the same time the United States must join in a similar defense alliance with Israel.

This will put all nations in the region truly desiring security on an equal footing, with America as the common bond. The prospect of any such interlocking alliance seems remote, but the demand will be heard with ever greater insistence. The bitter complaint of the Israeli is that if the present Administration in Washington had devoted the past three years to trying to bring peace between Israel and the Arab states, instead of playing power politics where the power was in any event a doubtful element, there would be peace in the region today.

There is, however, another and much more imminent demand. Israel's Ambassador to America, Abba Eban, here with Sharett, will leave Geneva with a list of arms he will request from Washington. The list will be made up largely of defensive arms—anti-aircraft batteries, for example. This list is seen as a petition for the right to live, and it cannot be postponed or evaded. These are men in a desperate hurry, conscious always that they speak for a nation of 1,800,000 surrounded by 40,000,000 Arabs. This is not for formal debate next year or next month. It is for tomorrow—and survival.

Hollywood Review

U. S. Surprises Alec Guinness

HOLLYWOOD — Alec Guinness, star of delightful English comedies, is still surprised that so many people in this country recognize him.

The 41-year-old Briton is here on his first Hollywood visit, having been lured to play opposite Grace Kelly in "The Swan." It's no surprise to Hollywoodians that he is recognized here, since his films have been immensely popular.

But to Guinness, a shy, modest chap, it is amazing.

He said he gets many different pronunciations of his name.

"Telephone operators especially have a rough time of it," he observed. Actually it's pronounced Guinness, with a hard G. There is some confusion in the public mind about his name, he added. Enthusiastic fans attribute every foreign-made

comedy to him. On location in Asheville, N. C., an admirer said he was grand in "Mr. Hulot's Holiday," which starred Jacques Tati.

The actor, who has performed "Hamlet" and other classics, said that he fell in to the comedy mold somewhat by accident.

"It was a coincidence that I happened to make two comedies in a row—'Lavender Hill Mob' and 'The Man in the White Suit,'" he remarked. "Both of them were popular in this country. So more followed."

"If I hadn't been careful, I would have been playing nothing but comedies and would soon be dead and forgotten. But I have been stubborn and insist on doing other things."

Disaster Insurance A Possibility

WASHINGTON — Some kind of insurance against disasters—at least against floods like those which followed the visit of Hurricane Diane—may come out of Congress in 1956.

But before Congress approves such protection, it will have to cut its way through three questions which are now very tangled: What kind of disaster insurance? How much insurance for any one individual? And who handles it?

This week the Senate Banking Committee has been holding hearings to find out what government officials propose. None of them has provided a specific plan yet. They promise to have one by the time Congress returns in January.

There is no flood insurance available in this country now, although this fact seemed once again to have been lost sight of until the floods broke loose in New England last August when Diane let the enormous rains loose.

As a result of those floods 179 persons were killed, 6,992 were injured, 813 homes were destroyed, and the damage amounted to more than 450 million dollars.

One of the reasons for the lack of flood insurance, it seems, is the scattered, but nevertheless limited, nature of the problem. The only ones who would want or need it would be those living near streams or rivers which might overflow.

People living on high ground in the area wouldn't need it. Just because that type of insurance would be limited, the price of it would be high if private companies handled it, perhaps out of reach of those who needed it.

Then there is the problem of occurrence that a private company would have to consider: How often would a stream or river be expected to overflow as a result of natural phenomenon, like extraordinarily heavy rains?

Say it was figured that on River AAA, after a search of the records, a flood could be expected on an average of every 50 years. That might seem like a good insurance risk.

But suppose River AAA flooded three times in 150 years—still sticking to the average of one flood every 50 years—but those three floods came in 1956, again in 1957, and the third time in 1958.

The three floods, bunched together like that, might wreck a company. But how then can flood insurance be provided? At the hear-

ings there were two proposals offered although they may not be the ones finally decided upon by Congress.

One would have the government do the insuring; the other would guarantee the losses of private insurance companies over a certain amount.

It seemed agreed that no one, and no business firm, could get any amount of insurance he wanted. Sen. Lehman (D-N.Y.), who presided at the hearings, talked of a possible limit of \$300,000 per company.

Then there was another question: Should the insurance cover not only a man's home but his furniture and other personal belongings, too? The sentiment at the hearings leaned toward coverage for real property, not personal possessions.

But should the insurance cover only homes and business buildings and the merchandise and equipment in those buildings? Or should it cover other things, like a farmer's crops, those still in the field and those already in storage?

One of the toughest problems for the flood victims—in facing the future—is in paying the mortgage still owed on the house which was swept away. Congress will also have to consider that, too.

President Eisenhower has assured New England governors his administration is determined "to assist the states and people of the Northeast in developing adequate protections against future flood and hurricane losses."

But any insurance program approved by Congress—even though, perhaps, it is limited to floods—would cover the whole country.

Hal Boyle

He Loves To Give Away Money

NEW YORK — Giving away money can be almost as exciting as winning it.

Jack Barry says he gets all stirred up inside when he dishes out the big dough, even though it comes out of a sponsor's pocket and not his own.

Barry, master of ceremonies on the new NBC \$100,000 give-away show, "The Big Surprise," on occasion has found that a question can become as big an ordeal to him as it is to the contestant.

"The tension builds up in you," he remarked, "because you sometimes get as deeply involved emotionally with the contestants in the 20 minutes you deal with them as you would if you had known them for 20 years."

"When they win, a wave of excitement hits you, too, a feeling which lasts until you suddenly realize it is really somebody else who won the money and not you."

However, Barry can console himself with the thought that after all he doesn't have to borrow money to meet his grocery bill. TV emcees aren't paid off in peanuts.

And right now, Barry is riding high financially as the new king of the give-away, a position he seems likely to hold until someone dreams up a program on which

the sponsor will reward the winning contestant with the key to Ft. Knox.

Barry is typical of the new type of television emcee, who is brightly eager to shower you with cash if you can show your head holds even the smallest nugget of knowledge.

The old-style emcee often had a different aim—to see that only a certain amount of the sponsor's money was given away. Sometimes they had it neatly figured out just how often they wanted the jackpot won. And if a particularly bright contestant threatened to upset their financial schedule they had a number of sure-fire ways to see he didn't hit the jackpot.

One was the filibuster technique. The emcee would confuse a contestant by rapid-fire chatter until the going rang ending his time to answer the question.

There was also the "soft-death" approach. The emcee would keep cooing, "remember you have just 15 seconds. Ooooh, there's the gong. Sorry, your time is up."

And, of course, the emcee always had one final ace up his sleeve—the impossible question, one that would stump even a Greek oracle.

Barry says the attitude on the new huge give-away program is just the opposite.

"They've found out that the money is less important than the good will of the audience," he said. "The more money we give away, the happier people will be, the more they'll watch the show and the more they'll buy the sponsor's product."

Automotive Trap

CHICAGO — "Help," said a voice from under the trunk lid of a car, "let me out of here."

Police pried open the lid. Out popped Mrs. Kathleen Keefe. She explained to Sgt. Richard Stahlman that she was looking for something in the trunk and the cover snapped shut.

She didn't say what she was hunting for or whether she found it.

Do-It-Yourself Divers

CORPUS CHRISTI — Drahn Jones, city public works director, and Henry Lewis, street superintendent, turned skin divers to inspect underwater sections of a pier. A professional diver would have charged \$25 an hour and they said the city didn't have that kind of folding money to lay out.

Around The Rim

Plenty Of Power, But No Harness

They've harnessed the atom bomb, to a limited extent, but it's doubtful that men will ever be able to put the hydrogen bomb to work at anything more constructive than making nothing out of something.

The "hydrogen" (thermonuclear) source of energy is literally too hot to handle. And the reason atomic energy can be used and thermonuclear energy can't explains the difference in the "A" and "H" reactions.

Atomic energy comes from "fission"—taking atoms apart. Thermonuclear energy is released through "fusion"—putting atoms together. Atoms, of course, are the smallest units of matter, if you don't go into the positive, negative and neutral particles that atoms are made of.

Fusion takes place when a particle from one atom knocks a chunk out of another atom, releasing the energy that holds the atom together. Man takes the atom apart by "shooting" the particles at the heart of an atom, knocking it apart and releasing its energy. This operation is performed on thousands of atoms at once, liberating the uncontrolled energy that is the atom bomb.

Scientists have found a way to control

fission, and use the energy that is released on a much smaller scale than in an atomic explosion. The energy that is utilized in the form of heat, which can make steam just as well as burning coal or oil.

Fusion is the joining of atoms. Scientists can perform this operation, but the only result they're able to get is the "hydrogen" explosion. They are unable to control the energy released.

That's because fusion takes place only at temperatures of a million degrees and above. There's no known substance that will withstand such heat—consequently, science has nothing to make thermonuclear "harness" out of.

There's some speculation that scientists may learn how to produce enough heat electromagnetically to start a thermonuclear reaction that might be controlled by confinement in electronic and magnetic fields.

Such a process probably will prove impractical, however, because it would likely require more energy than it would produce. We may have to get by with oil, coal and atomic power for a long time to come.

David Lawrence

Democratic Concern Over Ike's Health

WASHINGTON — Some Democratic senators are scared lest President Eisenhower recover his health to the point where he can be urged to run again for the presidency.

A curious kind of concern about the President's health in relation to the next campaign has arisen among such Democrats—they regard it as mischievous for anyone to suggest that maybe the President might be well enough to hold office for a second term.

Senator Paul Douglas of Illinois, Democrat, told a press conference the other day, for example, that Republicans "ought to be indicted for murder in the first degree" if they "force" Mr. Eisenhower to seek a second term.

Senator Kefauver of Tennessee, Democrat, says it is "sadistic" to suggest that President Eisenhower, if not well enough to serve his fourth year might resign, or that, conversely, if he is well enough to stay in office a fourth year he could serve a second term.

What the Tennessee senator thinks, evidently, is that there should be only one kind of comment on the President's health—a negative one. Apparently he doesn't want Mr. Eisenhower to run again, and neither does Senator Douglas.

But there are lots of people who feel that a heart attack does not necessarily disqualify a man from serving his countrymen in the presidency and there are physicians of note who concur.

Certainly Senator Lyndon Johnson of Texas, Democrat, leader of the Senate, who recently suffered a heart attack, should not be because of this banned from the Democratic presidential nomination. Certainly those of his friends who think he would make a good candidate and want to see him run aren't going to relish the charge that they might be "indicted for murder" in the minds of other citizens because they want Lyndon Johnson to run.

Many men are today active in business and are carrying big responsibilities, though they suffered heart ailments of a serious nature. The President of the United States has a big job but he can also be protected against the time wasting ceremonies of his office and participation in celebrations of various kinds.

At this time when the whole world looks to President Eisenhower for guidance in the complicated business of the "cold war," it is natural that the people who want his steady hand in the White House should

hope that the heart attack will not deprive them of his services.

If Mr. Eisenhower is seriously ill, he is the kind of man who wouldn't stay in office a single day beyond the time the physicians told him so. He would resign. The Constitution takes account of that possibility by mentioning the word "resignation." In fact, Senator Fulbright of Arkansas, Democrat, said in 1948 before the election that if Dewey won, President Truman should resign. His concern rightly was with the gap in government such as occurred when Mr. Hoover was defeated and for four months there was uncertainty about the monetary policies of the incoming Roosevelt administration.

What Mr. Fulbright was concerned about holds good in a case of disability or a fatal illness that might strike a president. It is that there should be no interregnum of uncertainty—a period in which the whole world is in doubt as to executive policies in Washington.

Because Mr. Eisenhower has been making such splendid recovery, his many friends are hopeful he will run again. That wish comes from "right-wingers" and "left-wingers" and the only people who seem to be anxious for that not to happen are the Democratic politicians with a stake in the outcome. They want Ike eliminated because they think the Democrats then will win. They are mistaken, of course, because if the election were held today any Republican nominee would win and would carry both houses of Congress.

What some of the Democratic spokesmen overlook is that their campaign will have to be waged on the Eisenhower record whether or not he is the candidate. The Democrats may find themselves in the position of denouncing Eisenhower politically even though he isn't a candidate.

So it is beginning to be puzzling as to why there is so much eagerness on the Democratic side to see Ike decline a second nomination. For, as long as "peace and prosperity" prevail, the Republicans are bound to win the next election. Actually the Democrat might make a stronger campaign against President Eisenhower if he runs than against his record if he doesn't run because he would still be popular but in no position due to illness to answer his critics on the stump. That would arouse resentment among the voters and tend to benefit the Republican ticket.

Business Mirror

New Rise In Metal Prices Looms

NEW YORK — Another rise in metal prices is threatening today to plague the manufacturers of many of the goods you want to buy.

Copper prices have jumped in London again and users here are wondering what's in store. Nickel prices have risen in Canada. Platinum has gone up \$6 an ounce. A maker of magnesium forms has hiked prices, 5 per cent, and a few special steel products have risen.

Prosperity is labeled the cause of much of the inflation in metals. General prosperity around the world has swelled the demand for cars, refrigerators, TV sets and other things of metal that men want. Prosperity has encouraged labor to ask higher wages. With demand for metals rising and the costs of producing them also rising, the two forces have united to boost prices.

The latest ferment in the copper market started in Chile where the miners went on a 24-hour strike against the American-owned mines. So tight is the world copper supply that the loss of even one day's production is felt and the uncertainty over the length of the strike and the ultimate terms of settlement upset the market.

Copper has been in short supply here for some time. American mines are charging 43 cents a pound. A year ago the standard price was 30 cents and the postwar

low was 16 cents. In 1949. The increase has spurred many of the big users of copper to look for cheaper substitutes. Aluminum has been the chief gainer.

Many products that once used copper extensively are now being made of aluminum. This has spurred producers of aluminum to plan another round of expansion to be in position to get after still more of the market. Aluminum, too, has risen in price since the war, but much more modestly and now sells at 24.40 cents a pound.

Grand Jury To Decide Action In Woodward Case

MINEOLA, N. Y. (AP) — Nassau County Dist. Atty. Frank A. Gulotta says the November grand jury must decide whether Mrs. William Woodward Jr. should be required to reenact the shotgun killing of her husband.

Woodward, 35-year-old socialite and turfman, was shot to death early Sunday in the dark hallway of his Oyster Bay home by a blast from a shotgun wielded by his blonde wife, Ann, 39.

Mrs. Woodward has told police she fired in panic outside her bedroom door after being awakened by what might have been the barking of the family dog. Reports of a prowler in the fashionable neighborhood caused the couple, who occupied separate bedrooms, to keep guns by their beds for protection.

Police said a young man, arrested and charged with burglarizing a home in the area, had admitted breaking into the Woodward's slacker garage and a cabana beside their swimming pool late Friday night. He is 22-year-old Paul W. Wirths, a German refugee bricklayer. Wirths has denied, however, being on the Woodward property at the time of the shooting.

Wirths, arrested Tuesday, is being held in lieu of \$5,000 bail in Nassau County Jail pending grand jury action.

After Woodward was buried yesterday, Gulotta — asked if Mrs. Woodward would be required to appear before the grand jury — said he would "do anything the grand jury requests" in the way of reconstructing the fatal shooting.

The November grand jury is to be sworn in next Wednesday at Mineola.

The district attorney said that if Mrs. Woodward volunteers to go before the panel the request must be granted and she must waive immunity.

On the other hand, Gulotta said, should she be ordered before the grand jury she automatically would be granted immunity — that is, anything she told the jury could not be used against her.

Gulotta said he had no present intention of subpoenaing Mrs. Woodward to appear before the jury.

On Saturday night the Woodward parents of two sons — William III, 11 years old, and James, 8 — had attended a party in nearby Locust Valley in honor of the Duchess of Windsor.

Gulotta told newsmen yesterday that every one of the three score guests who were at the party would be questioned, presumably to shed possible light on the Woodward's words and actions during the affair.

Henry G. Walter Jr., attorney for the Duchess of Windsor said yesterday she had received a telephone call from a person representing himself as from the Nassau County district attorney's office.

"It was a casual question," Walter said. "There was very little the Duchess could add to their information. It was just a routine thing."

Last night a spokesman for the Duchess of Windsor said she had noticed "nothing out of the ordinary in the conduct of the Woodward's at the party."

"She had merely congratulated them on the performance of their great horse, Nashua," the spokesman added.

The spokesman said the Duchess is just a casual acquaintance of the Woodward's.

The grief-stricken Mrs. Woodward, former model and radio actress, has been in Doctors' Hospital in New York City since Sunday for treatment of shock.

Last night it was disclosed that precautions had been taken against the possibility Mrs. Woodward might attempt suicide.

Beats Surgery With Cough

Mrs. Louise Froseth, Minneapolis, Minn., shows her son Gregory, 3, the two-inch rusty nail he coughed up just in time. Gregory was only 20 minutes away from surgery when he coughed, reached into his mouth and pulled out the nail for a surprised nurse. Mrs. Froseth said Gregory picked up a nail in July last year, but she assumed he had not swallowed it. Recent coughing spells sent him to a doctor who discovered the presence of the nail in a bronchial tube and recommended surgery.

ON MARGARET

Archbishop Denies Church Pressure

LONDON (AP) — The archbishop of Canterbury denied last night that the Church of England had brought pressure on Princess Margaret to give up Peter Townsend.

The archbishop, Dr. Geoffrey Fisher, ranking prelate of the Anglican Church, made his statement on a television program of the government-sponsored British Broadcasting Corp. He broke his silence on the Margaret-Townsend

Jaycees Seeking Outstanding Men

GRAND PRAIRIE — The search for Texas' Five Outstanding Young Men has begun, according to Don C. Baker, executive vice president of the Texas Junior Chamber of Commerce.

Baker said that he had sent nomination blanks from Texas Jaycee headquarters in Grand Prairie to all Jaycee clubs in the state, all daily and some weekly newspapers and to many civic, fraternal, religious, labor, educational and professional groups throughout Texas.

Nomination blanks may be obtained from the Texas Jaycee office, Box 428, Grand Prairie, by any interested individual or organization. Deadline is Dec. 5.

Each year prominent business, professional and civic leaders act as judges and select five outstanding young men from Texas between the ages of 21 and 35 from nominations presented.

Any young man between 21 through 35 years of age, who has not reached his 36th birthday any time during 1955, and, who has been of service and is an outstanding example of the above precept and personal development, is eligible to be nominated as a candidate for recognition as one of Texas' Five Outstanding Young Men of 1956, according to Baker.

The attention of Texas will be focused upon these five outstanding young men in Snyder, where an awards ceremony and banquet will be held on Jan. 21, 1956, in their honor.

romance, terminated by the Princess because of the Anglican ban on the remarriage of divorced persons, after some sections of the press had called for disestablishing the state church.

As the archbishop spoke, audiences at London movie theaters were hissing newsreel scenes showing him at a recent opera performance.

The archbishop has repeatedly stated that the church does not countenance the remarriage of divorced persons whose former spouses are living.

Townsend, a Royal Air Force group captain, divorced his wife in 1952 on grounds of adultery.

Margaret's announcement Monday that she had decided not to marry Townsend came four days after she had a private 50-minute interview with the archbishop at Lambeth Palace.

Commentator Richard Dimbleby commented during the TV show that some people regard the church as timid in its attitude toward divorce.

"Timid?" asked the archbishop. "We are fighting against a great popular wave of stupid emotion, and we are winning the battle."

Prime Minister Eden told the House of Commons Tuesday the royal family had neither sought nor received any advice from his government on Margaret's romance.

The Princess made her first public appearance since her decision when she attended a special service at St. Paul's Cathedral last night.

Integration Just Big Word For These Children

OKLAHOMA CITY (AP) — Integration is just a big word in the dictionary for children of a half dozen races and nationalities at the Lincoln Grade School.

The youngsters who frolic on the playground and walk arm-in-arm through the corridors apparently have shown no interest in the historic end this fall of segregation.

The school was one of those desegregating last month and Mrs. Nina Birkhead, the principal, said she was "almost disappointed" at the smoothness of integration.

"I had expected surely there would be a number of problems to work out," she commented today.

The school has 48 Negro children among its 500 pupils. There are nearly 50 Indian and Mexican children, 3 German-born youngsters, 3 from the Philippines and one whose mother was a Japanese war bride.

Mrs. Birkhead said the Negro children have brought sunny spirits to the school.

Original Lincoln School students, she said, "just opened up their arms and took everybody in."

The children's acceptance of integration has been reflected in the school's Parent Teacher Association. Five Negro mothers attended the first meeting and one was named hospitality chairman.

Woman Kills New Mate, Claims He Threatened To Shoot Child

KINGSVILLE, Tex. (AP) — A striking brunette who declared she killed her new husband because he threatened to shoot her 5-year-old daughter and burn the body, awaited a preliminary hearing today.

She was Mrs. Canales Worden, 43, San Antonio, recently divorced from a Texas millionaire oilman-cattleman.

Texas Rangers and other officers said she related that she dragged the body of Don Worden, 45, into the grave he had forced her to dig, then kept vigil the remainder of the day and all night.

She hunted up a Texas Ranger, Zeno Smith, to tell her story. Smith, other Rangers and Kingsville and San Antonio local officers said she told them:

She was divorced from Prexides Canales, 52, of Fremont, Tex., Aug. 3.

Already she and Worden had visited Bend, Ore., and bought an \$87,000 motel there, making a down payment of \$45,000.

About a month ago they were married, she first related. Then she said perhaps the marriage wasn't legal.

Between the time they met — he showed her and Canales a \$40,000 San Antonio home which they bought — he got \$90,000 cash, a \$45,000 home and jewelry from her.

Oct. 22, he suggested a fishing trip to Padre Island. At an isolated spot, he produced a spade and at pistol point forced her to dig a grave.

At this point, reports of officers vary somewhat.

Most reported he then announced he was going to kill Maria Teresa, 5, burn the body with some kerosene he had purchased en route, and bury whatever didn't burn.

The child screamed and ran. Worden turned to catch her and Mrs. Worden, an expert huntswoman, grabbed a second pistol from his belt and shot him. He fell to his knees and she shot him again. Then she dragged the body into the grave and covered it.

Bexar County (San Antonio) Chief Criminal Investigator Oscar Warnke said she told him Worden forced her to sign a will in his favor at the graveside, then announced he was going to kill both his wife and her daughter.

The morning after the shooting she drove to San Antonio, stopping en route to bury both pistols. Officers later recovered them.

The body was found last Saturday by two fishermen and was not identified until Mrs. Worden told her story.

Warnke said he found correspondence at the Worden home indicating Worden had taken out insurance on the child naming himself as beneficiary. He also quoted Mrs. Worden as saying Worden had asked her to make him the beneficiary of life insurance policies on her and her three children.

In the divorce, she gained custody of the daughter, while Canales was awarded custody of two sons.

Here it is for '56 — **Best Buick yet**

When better automobiles are built Buick will build them

IT COMES upon the heels of the most successful Buick in history—and beats it on every score.

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in the sweep-ahead styling of it—from the air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there—in the decorator fabrics and décors—in the jewel-like finish of the fittings—in the precisely shaped steering wheel and controls—in the rich new instrument panel with soft-padded top and glowing dials that detail your progress in changing colors.

But it's when you put this beauty to the city streets and the open highways that you learn the best of it.

Performance Without Parallel

A new advance in Variable Pitch Dynaflo* goes airplanes one better—steps up your get-away in normal driving without switching the pitch. But when you need that extra surge, it's there, instantly—and in extra abundance.

The might of big 322-cubic-inch V8 engines in every Series brings new record high power to all Buicks—Roadmaster, Super, Century, and the bedrock-priced Special. Yet this is such high-compression power, such dynamic driving power, such completely usable power at the rear wheels—the whole rear end has been endowed with extra brawn and left and solidity to handle it.

We could spread before you an acre of blue-

prints on the engineering gems that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

We could tell you about a new double-Y manifold of the engine for more usable power. And about a brilliant new front-end geometry that adds a whole new "sense of direction" to the car's travel. And about massive new direct-action shock absorbers that move three times more oil to cushion your all-coil-spring ride that much more buoyantly.

But you can get the full story right now, at our showroom, in a face-to-face meeting with the best Buicks yet—now on display, and setting a dazzling new pattern for 1956.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Enjoy cooled, filtered air for less than you think with Buick's AIRCONDITIONER It's a genuine Frigidaire

Demos Plan Vote-Getting To Beat Republican Offers

STONEWALL (AP) — Democratic congressional leaders are planning legislation on a grass roots voting level to match anything the GOP may offer in the 1956 presidential campaign.

Majority Leader Lyndon Johnson held another pre-congressional conference yesterday with an influential member of the Senate, Robert Kerr of Oklahoma.

They talked about such voting appealing subjects as income tax relief for low income groups, a farm program based on 90 percent of parity as contrasted with the GOP flexible price supports, stepped up federal help for flood control and roads.

Also: Increased social security, grants of federal funds without strings attached to help relieve the states under school building need pressure, a measure to exempt natural gas gatherers from federal power commission regulation.

They planned to press these subjects among others when Congress goes back into session in January. Johnson, who said he hoped he would be well enough from his heart attack to resume full leadership duties, emphasized that the subjects listed were "far from all the program."

Johnson said he talked with Kerr about them because they are topics in which Kerr was especially interested.

Johnson again minimized speculation that pre-convention presidential politics was entering into his talks with Democratic leaders at his ranch near here.

"If we do our job in Congress

Bragan Is Buc Boss

PITTSBURGH — Bobby Bragan, a 37-year-old veteran of eight years as a minor league manager who makes no secret of his admiration of Branch Rickey, is the new field manager of the Pittsburgh Pirates.

Rickey, who became chairman of the board after resigning as general manager, wasn't at the new conference when Bragan was handed a one-year contract for an undisclosed salary yesterday.

Bragan, apparently referring to the help Rickey has given him, made it clear he owes a lot to the mahatma and will try to exploit the youth movement which Rickey began in his five year reign. Rickey was succeeded by 37-year-old Joe L. Brown, one of his front office assistants.

Just as he did in becoming manager of Hollywood of the Pacific Coast League, Bragan follows Fred Haney as manager of the Pirates. Haney was let out by Rickey at the end of last season after three years.

Haney recently signed as a coach with the Milwaukee Braves. While Haney was struggling with the last place Pirates, Bragan was having fine success in Hollywood. In 1953, his first year as manager, he was voted the most valuable manager in the PCL for winning the championship.

Lewis Eleven Plays Tonight

A game originally scheduled to be played next Thursday has been moved forward to this evening.

It pits the Seventh Grade teams of Snyder and Big Spring and it closes out the 1955 campaign for Dan Lewis' Yearlings. It starts at 6:30 at Steer Stadium.

The Snyder team will be seeking its sixth win in eight starts in this one. It has suffered one loss and been tied once. It holds a 26-6 victory over the Yearlings.

Big Spring will not be at full strength. Linemen Jake Glickman, Richard Adkins, Jimmy Haynes and Mike Worley are all out with various ailments and Quarterback Tommy Whately is favoring a bad ankle.

Probable offensive starters for Big Spring tonight are Ronnie Hamby at center, Buddy Newell and Bill Copelin at guards, Tim Williamson at left guard, Pittman at right guard, Copelin at right end, Paul at left end, Dunlap, Bowerman and King as linebackers Anthony Pelache at left halfback, W. L. Nowell at right halfback and Whately at safety.

Ford Emulates John's Feats

ABILENE (AP)—Kenneth Ford will make all-everything before he finishes.

He will start Ford against Texas Western here tomorrow night.

Homecoming Fete At Coahoma Set

COAHOMA — A big bonfire on the school campus at 7 p.m. today will inaugurate a round of homecoming festivities for Coahoma High School.

There is to be a pep rally in connection with the fire, and all-school pep rally is scheduled for 8:45 a.m. Friday in the high school auditorium.

Homecoming queen will be crowned during half-time at the Coahoma-O'Donnell football game which starts here at 8:30 p.m. Friday.

All ex-students of Coahoma High School will be issued badges as they come to the game, and there will be a reception at the school for students and former students immediately following the game.

Arrangements for the affair are being handled by the student council with Warren Wise as president.

Ex-Lettermen Are Due Back At MC

ABILENE, (SC) — Three young ex-McMurry College Indians who now comprise the Tribe's coaching staff will welcome an expected 400 ex-lettermen of McMurry back for their homecoming clash with Howard Payne's Yellow Jackets here Saturday night. Game time is 7:30 p.m.

The three ex-Indians turned chiefs are Doug Cox, athletic director and football coach; Tommy Ellis, basketball coach; and Joe Burk, track coach. Ellis and Burk assist Cox with the football team. McMurry's ex-lettermen athletes in all sports since 1923 will be special sideline guests of the athletic department for the homecoming encounter with the Tribe's oldest gridiron rival. It will mark the college's third annual "Ex-Lettermen's Day."

The new Indian chief couldn't have picked a tougher opponent against which to display his 1955 grid machine to former Redskins. Howard Payne will bring to Abilene all but three of last year's Yellow Jacket starters who defeated McMurry 13-6 for the Texas Conference championship.

Horses Move In On Florida

MIAMI, Fla. (AP)—The annual horse migration is under way, with 3,200 thoroughbreds headed for Florida and another winter racing season.

Gulfstream Park bedded down 47 head yesterday, and first arrivals are expected at Hialeah and Tropical later this week to await the season's opening Nov. 28.

Transporting these spirited animals from Northern tracks is a risky and expensive business. The ordinary horse car provides 18 stalls. Fifteen of the stalls are for the horses themselves; the remaining stalls are used for feed, water and other supplies.

The horses stand three abreast on fresh beds of shavings. They are fed hay and plenty of water, but oats are taboo. Being a heavy food with body heating qualities; oats bring the horse's temperature up and induce shipping fever.

Men must accompany the horses, and six are allowed in each car. They get a free ride. The horses are given generous doses of raw linseed oil, repeated frequently during the trip South.

Overfeeding and drafts, two of the dangers facing thoroughbreds in transit, must be guarded off by alert stablehands who sleep with one eye open.

The horses will stay in Florida until April, then head North for summer campaigns.

Youngsters Get Plaudits In Mexican Amateur Meet

MEXICO CITY (AP)—Doug Sanders, a Georgian playing south of the border for the first time, had the Mexican Amateur golf title today, but most of the plaudits were reserved for a pair of youngsters, Vidal Palacio, the runner-up in the men's division, and Miss Sandra Clifford, the women's champ.

Tournament officials picked the unveiling of the two 17-year-old kids as the major accomplishment of the competition at the Mexican Golf Club course.

Palacio, a Laredo, Tex., high school student, gave in to Sanders 3 and 1 in the title match yesterday, despite a rally to start the

final 18 holes. Sanders, a native of Cedartown, Ga., led 5 up after the first, 21st and 22nd holes with birdies to get back into the fight.

Sanders, who ousted defending champ Rex Baxter of Amarillo, Tex., in the quarter-finals, finally put the match away on the 35th, Miss Clifford, daughter of the British pro at the host club, defeated Nan Hervey of Mexico 3 and 1. Sandra, who's been playing golf just 22 months, got going in the tournament by upsetting Mrs. Jack Munger of Dallas. She hopes to enter the U.S. National next year.

Captains Named

ABILENE, (SC) — Bill Astmos, senior guard from Clovis, N. W. Mexico; and Bob Carlson, junior forward from Fort Worth; will serve as co-captains for the Hardin-Simmons University Cowboy basketball team this season.

McIlvane Doubts Austin Can Go

SAN ANTONIO (AP)—"Perhaps we should have taken a little more time in selecting a spot for the Beaumont franchise," Stan McIlvane, general manager of the San Antonio Missions, said yesterday.

Speaking about the revised Texas League, McIlvane said, "After all Austin will be the smallest city in the league and its record in the Big State League last season, in drawing power, does not seem to justify its gaining a place in an AA League."

KTXC TO AIR JUNIOR GAME

The Ninth Grade football game between Snyder and Big Spring, scheduled to be played in Snyder starting at 7:30 o'clock this evening, will be broadcast over Radio Station KTXC Big Spring.

Vince Larsen will be at the microphone.

Southern Given Area Backing

DALLAS (AP)—The Southwestern AAU nominated former Dallas Sunset High School track star Eddie Southern for the Sullivan Award given annually to the athlete considered outstanding in the nation for his skill, leadership and good sportsmanship.

Southern, now at the University of Texas, set a national 440-yard dash record and tied the record for the 220 last spring.

Steers' Opponent, Vernon, Toyed With Palo Duro Dons

If there was ever any doubt about the ruggedness of the Big Spring Steers' opponents this weekend, the Vernon Lions eliminated it in their game against Palo Duro of Amarillo last week.

The Lions, coached by Bob Percival, scored an 18-6 victory over the Dons. That, in itself, isn't impressive but the manner in which the Vernons won about it was.

Vernon rolled up 322 net yards rushing against the downed Dons. In doing it, they used their reserves most of the time. The regulars sat on the bench, awaiting the challenge by Big Spring.

The Lions have lost games to Snyder and Sweetwater this season but they turned in impressive games against each club, Percival and his coaching aide, I. D. Rus-

sell, perfected a tough-as-shoe-leather defense that any team has found hard to penetrate.

The Lions were supposed to be weak this year but they played creditably in their opener with Wichita Falls, though losing; and then knocked off a highly favored Pampa team.

In conference play, they've beaten Plainview and Palo Duro while losing to Snyder and Sweetwater. Big Spring, grim and determined, went through another lengthy workout Wednesday and could be ready to play its best game Friday night.

Judging off their performance in workouts, the Steers will be hard to contain.

The colder weather has served to give the Longhorns more pep than they've shown in some time.

Foot Soldiers To Decide Tilt

ABILENE, (SC) — Foot soldiers, rather than air power, appear to hold the key to the Texas Conference championship box, which will be broken open here at 7:30 p.m. Saturday when McMurry meets Howard Payne.

At least that is the clue apparent from a close scrutiny of the league's team and individual statistics. Howard Payne has averaged 235 yards per game rushing and 61 with passes. McMurry has averaged only 31 air-yards per contest while gaining 223 per game on the ground.

Eloy Payne, McMurry fullback, is tops in rushing and total offense with 641 yards on 128 carries, all made the hard way. The Yellow Jackets' best Payne-remedy is half-back Dave Smith, the loop's No. 2 rusher with 406 yards, and No. 4 total offense leader with 435.

Backing up these two captains of infantry are McMurry's Weldon Brevard, third ranking rusher with 325 yards; and Howard Payne's Jerry Millsaps, fifth with 257.

Eastern New Mexico University, already eliminated from the title scrap, owns the league's most productive passer, Curtis Blair; and the top receiver, Ronnie Holcomb.

However, McMurry and Howard Payne aren't without tactical air power. McMurry's all-conference end Tommy Watkins has bagged a touchdown pass in five of the Indians' victories, and has a total of 6 for 141 yards. Howard Payne's starting ends, Louis Holt and Harold Garma, have caught 10 between them for 246 yards and two touchdowns.

If the TC playoff turns into a punting duel, it will be close. McMurry's Buddy Fornas has the top average — 37.1 yards per kick on 23 — but Dave Smith of Howard Payne has kicked 31 times for a 34.6 average.

Those with an eye for the scoreboard will likely give the nod to Howard Payne. The Jackets' Jerry Millsaps and Dave Smith lead the scoring parade with 31 and 30 points, respectively. Howard Payne has averaged 18.2 points per game in scoring, while McMurry has averaged 15.1 per contest, both against seven foes.

Choose America's First Choice For Styling And Wonderous Warmth!

Its The **Stadium Coat** By Buck Skein Joe \$17.95

Here's the ideal way to take the nip out of frosty days this winter. Choose this handsome stadium coat in all wool Melton, Tan and grey, button front with large patch pockets. Wear it as an overcoat to football games, hunting or whenever you have to be out in the weather. Come in tomorrow and pick the right warmth for all winter.

Point For Plainview

The victory-hungry Lakeview Rockets of Big Spring (above) are working hard this week for their Saturday night game here with Plainview. Coach Theodore Brown says his team may be in its best shape in weeks. Lakeview lost to Carver of Midland last weekend. At the same time, Plainview was yielding an 18-7 verdict to Blackshear of Odessa.

Ganders Set To Lead Way Into Playoffs

District championships go on the line all over the far-flung Texas schoolboy football race this weekend. Mighty Class AAAA may have its first and it could be undefeated, untied Baytown.

The Ganders, winners of four straight in the conference race, have only to beat Galveston at Baytown Friday night to become "dormie" in District 8—that is, gain no less than a tie for the title although losing their two remaining games.

Every district of the upper class has important conference tests except No. 1 where defending state champion Ahlene holds forth. Everybody is idle in this district for the week.

District 3 has a crucial game with Fort Worth Arlington Heights battling Fort Worth Amon Carter. Riverside Thursday night to decide first place. They are the only undefeated teams left in the conference drive.

There are five undefeated, untied teams in Class AAAA and three of them are busy this week. Ahlene and Tyler rest. Wichita Falls opens the District 5 race against Austin while Corpus Christi Miller takes on Brownsville in a District 6 conference game.

Headlining Class AAA is the clash of undefeated, untied Alice with San Benito in District 8. San Benito could win the title by beating Alice but isn't expected to do so.

Class AA has the only game in the state matching undefeated, untied teams and it's a crucial test indeed in the District 5 race. Abernathy and Spur get together Friday night at Spur. Abernathy could win the district championship by beating Spur.

There's another game between undefeated teams but one of them—Nederland—has been tied. Nederland plays unbeaten, untied Port Acres in a crucial battle in District 28.

Class A appears destined to decide at least one district championship. Alto is undefeated in District 18 and closes the schedule Friday night against Elkhart. If Alto wins or ties it is champion.

There are other important games in this class. For instance, Franklin meets Teague with the former able to sew up the title with a victory. Llano plays Burnet in District 23 with the winner becoming an overwhelming favorite for the crown.

It is the most important week of the campaign. There are only two more left before Classes AA and A have to determine district championships. Classes AAAA and AAA have three more weeks after this one.

Billies Poised For Dragon Go

KNOTT (SC) — The Knott Billies are poised to invade Flower Grove Friday afternoon for a game that could send them into the regional season playoffs.

Bill Bolin's team will be favored to defeat the Dragons in the feature of District 6-B play, which gets under way at 1:30 p.m.

However, the coach is worried over the mental letdown the gridder suffered in their last game. In that one the Knott team had to score a touchdown in the final eight seconds of play to defeat Loop.

Bolin said the team did not look very impressive in workouts in a week but had shown much improvement the past several days. The contest is the next-to-last regular season contest for the Knott team. They wind up play in Ackerly a week from tomorrow.

All players on the Knott team have been pronounced ready to play.

Arkansas seeks its first victory over Rice in Texas with the services of regular left halfback Joe Thomason. Thomason suffered a fractured arm in the game with Texas A&M last week.

Rice Coach Jess Neely said his squad "looked pretty good" in a limited workout. He cut the drill to 10 minutes of contact because of fear of further injuries. While end Marshall Crawford may return to action, Jay Riviere, starting tackle, probably won't be ready. He has a groin injury that has kept him out of the last two games.

Friday Night's football game between Vernon and Big Spring has been designated as "Fathers' Night."

All paternal parents of boys on the Steer squad will have numbers corresponding to those their sons wear pinned to their backs and will be given special seats on the sidelines.

The Big Spring Quarterback Club will help in pinning the numbers and have asked the fathers to gather near the dressing rooms at Steer Stadiums between 7 and 7:30 p.m. Friday.

Quarterback Club officials have again directed an appeal at persons who have unused membership cards to turn them in by next Tuesday night's meeting of the booster club.

A final inventory on club funds cannot be made until all funds are checked in.

OKLAHOMA CITY (AP)—A Negro football team tonight will play a regularly scheduled game against a white public school for the first time in Oklahoma, but a sellout crowd isn't paying much attention to the race issue in this high school attraction.

PHILADELPHIA (AP)—The salvation of a major league baseball operation is down on the farm, says General Manager Roy Hamey of the Philadelphia Phillies.

Aggies Picked To Lick SMU This Weekend

By LEDGERWOOD SLOAN
The Associated Press
The Texas Aggies and the Southern Methodist Mustangs are in top condition for their crucial Southwest Conference football game at College Station Saturday night.

That was the word Thursday from Texas A&M Coach Bear Bryant and Southern Methodist Coach Woody Woodard. Neither reported any players on the injury list.

It will be the first time for the teams to meet under the lights and a crowd of 40,000 is expected as the Aggies seek to protect their half-game lead in the championship race.

Texas plays Baylor at Austin and Rice meets Arkansas at Houston in day games. The Rice-Arkansas contest will be telecast regionally. Texas Christian takes the week off.

Reports from Austin indicated that the Texas Varsity didn't do very well in practice against Baylor passes as thrown by Longhorn Freshman Vince Matthews. Neither the No. 1 nor No. 2 unit could stop the passes that Matthews tried in the fashion of Baylor's Doyle Traylor and Bobby Jones.

The varsity had better luck against Baylor running plays. Baylor had a sizable injury list with nine players nursing hurts. These included five guards. And Reuben Sage, the battering Baylor fullback, may miss the game entirely.

Arkansas seeks its first victory over Rice in Texas with the services of regular left halfback Joe Thomason. Thomason suffered a fractured arm in the game with Texas A&M last week.

Rice Coach Jess Neely said his squad "looked pretty good" in a limited workout. He cut the drill to 10 minutes of contact because of fear of further injuries. Aggies And Ponies Attain Top Shape For Encounter

By HAROLD CLAASSEN
NEW YORK (AP)—Having survived football's cardinal sin—that of picking Notre Dame to lose a specific game—this forecast returns with a nice, shiny new list of blue plate specials. The wrong pick of Notre Dame last week was one of 13 bad guesses. Thirty-six others, however, were correct for a weekly average of .735. That makes the season's totals 235 right, 85 wrong and 734.

Here are this weekend's answers: Maryland over Louisiana State, Oklahoma over Missouri, Michigan over Illinois, Notre Dame over Penn.

UCLA over College of Pacific, Navy over Duke, Georgia Tech over Tennessee, Michigan State over Purdue, Texas A&M over Southern Methodist.

Army over Yale, Southern California over Stanford, West Virginia over George Washington, a Friday night game. Syracuse over Penn State, Kentucky over Vanderbilt, Auburn over Mississippi State, Skipping over the others:

FRIDAY NIGHT
Miami over Boston College, Texas Western over Hardin-Simmons.

SATURDAY
East Boston University over North Carolina State, Colgate over Bucknell, Columbia over Dartmouth, Cornell over Brown, Del.

FRIDAY NIGHT

Bowden Wyatt May Again Have Cotton Bowl Team

By HAROLD V. RATLIFF
DALLAS (AP)—Georgia Tech, Tennessee, Mississippi State and Auburn will get the eye this week as the Cotton Bowl starts looking over prospects for its Jan. 2 football game.

Others on the list are West Virginia, Mississippi, Army and Navy but Tech hooks up with Tennessee and Mississippi State with Auburn Saturday in two of the nation's big games. Thus the Cotton Bowl's attention will be centered on them for the time being. Also, these are the only instances of Cotton Bowl prospects meeting each other.

With the announcement by Cotton Bowl President Felix McKnight yesterday that representatives would be present for those games came the revelation that Tennessee had moved into the picture.

The Volunteers got off to a poor start, losing their first two games, but winning the next four, and a victory over Georgia Tech would make them good prospects for the bowl in which they already have twice appeared. Should Tennessee get the bid it would mean that Bowden Wyatt would be sending a team into the Cotton Bowl two years in a row. He had his Arkansas team here last Jan. 1 before going to Tennessee as coach.

McKnight already has seen Auburn. He was in New Orleans attending a newspaper meeting Saturday and went out to watch Auburn lose to a Tulane team McKnight described as "inspired." He said he was impressed with Auburn despite its loss.

Host team in the Cotton Bowl is supposed to be the Southwest Conference champion but right now Texas A&M is leading the race and if it wins the title can not play in the game because it is under probation for recruiting violations. Some other conference team would have to be selected, probably the runner-up.

Barnes has been one of the team's most effective ball carriers in recent games and much is expected of him tonight.

In the previous game between the teams, Snyder was on Big Spring's two-yard line when the half ended but the Yearlings repaid the favor by working the ball down to the Kittens' two-yard line. Time ran out on them at that point and deprived them of victory.

After tonight, the Yearlings have only two games left on their schedule, a Nov. 10 engagement here with Bonham and a date with Lamesa there Nov. 17.

Stears, Rice And Aggies Favored
Texas, Rice and Texas A&M have been installed as favorites to win Saturday's Southwest Conference football games.

Texas is a 7-point choice over Baylor at Austin. Rice is given 5½ points over Arkansas at Houston and A&M is a 7-point pick over Southern Methodist at College Station.

Texas Christian, seventh member of the conference, doesn't play this week.

FRIDAY TO BE POPS' NIGHT
Friday Night's football game between Vernon and Big Spring has been designated as "Fathers' Night."

All paternal parents of boys on the Steer squad will have numbers corresponding to those their sons wear pinned to their backs and will be given special seats on the sidelines.

The Big Spring Quarterback Club will help in pinning the numbers and have asked the fathers to gather near the dressing rooms at Steer Stadiums between 7 and 7:30 p.m. Friday.

Quarterback Club officials have again directed an appeal at persons who have unused membership cards to turn them in by next Tuesday night's meeting of the booster club.

A final inventory on club funds cannot be made until all funds are checked in.

Snyder Juniors Here Tonight

Eighth Grade football teams of Snyder and Big Spring clash at 8 o'clock at Steer Stadium here this evening.

Snyder brings a 7-0 won-lost record to town and already holds one victory over the Yearlings, having topped the locals in Snyder by three touchdowns Oct. 6.

The Yearlings may be prepared to give the Kittens a busy evening, however. They've scored four victories this season and only last week belted a good Bowie of Odessa club.

Big Spring's losses have come at the hands of Andrews (29-13) and Snyder (28-7).

Defeats May Be Blessing In Disguise: Steinkraus
By ED CORRIGAN
NEW YORK (AP)—Rilly Steinkraus, captain of the United States international jumping team philosophized today that maybe it's a blessing in disguise that the Americans have drawn a big, round zero so far in the national horse show.

"We certainly haven't been covering ourselves with glory," said the Westport, Conn., squire. "But by losing, at least people come to the realization that we do need help for the Olympic next year."

BIG SPRING, TEXAS

Dear Friends,

We have for your inspection, Friday, November 4, one of the finest and most up-to-date automobiles that has ever been offered to the public at any price. One of the newest additions that has been added to our line is the Four-Door Hardtop Sedan available in Bel-Air or Two-ten series. This is truly a remarkable Chevrolet. HORSEPOWER? WE'VE GOT IT! STYLE? WE'VE GOT IT! PERFORMANCE? IT IS UNQUESTIONABLE! And with the all-safety Fisher body that has been yours for years.

There will be favors for the entire family, as well as \$150 cash door prizes for those over 18 who register Friday, November 4.

Free coffee and donuts served all day.

We will be looking for you, Friday, November 4.

Pilotless Jet Is Shot Down

AUSTIN (AP)—An F4U Thunderbolt from Bergstrom Air Force Base was shot from the sky yesterday after its pilot bailed out over Matagorda Island on the Texas Coast.

The pilot, Capt. Rex Knak, parachuted to safety.

The Air Force said Knak was on temporary duty at Matagorda for gunnery practice. A spokesman said the pilot "evidently got in trouble and left the ship. The plane kept circling after he bailed out, thereby creating a danger to the base at Matagorda and surrounding civilian homes and communities."

The base commander ordered the plane shot down.

The pilotless jet, making a wide circle over the Gulf and coastal area, was downed by machine gun fire from a fighter, piloted by Capt. Glendon Dunaway of Bergstrom. The riddled jet crashed five miles out to sea.

October Postal Receipts Amount To \$18,714.48

Big Spring post office receipts totaled \$18,714.48 during October, Postmaster E. C. Bontler reported. The total was about \$2,000 less than the aggregate for October, 1954, but the revenues pushed the year's total to \$190,772.52 which is better than \$7,500 ahead of the first 10 months of last year.

October, 1954, postal revenues amounted to \$20,997.28. Total for 1954, through October, was \$182,132.29.

September receipts this year amounted to \$17,726.95 and last year totaled \$18,765.28.

Former Big Spring Resident Dies

Mrs. Emma Fogelberg, former resident of Big Spring, died in Richmond, Calif. on Oct. 29 at the age of 91.

Mrs. Fogelberg was a native of Kankakee, Ill. and was a member of St. Peter's Episcopal Church in Pittsburg, Kan. For 13 years she made her home in Big Spring.

Survivors include three daughters, Mrs. Marie Hinman, 1208 Main, Big Spring; Mrs. Ester Schildknecht, Wichita, Kan.; and Mrs. Ida Ward, Richmond, Calif.; and one son, O. E. Fogelberg, Orinda, Calif. She also leaves a sister, Mrs. Elizabeth Bradley, Hinsdale, Ill.; six grandchildren and five great-grandchildren. Funeral services will be held at 10 a. m. Friday at the E. K. Smith Mortuary in Pittsburg, Kan.

Cattle Prices Down Slightly At Auction

Most lines of cattle were bringing slightly lower prices at the Big Spring Livestock Auction Company's sale Wednesday.

Bulls sold for 11:00 to 12:25, fat cows from 9:00 to 10:00, butcher cows from 7:00 to 9:00, fat butcher calves from 15:00 to 18:00, stocker steer calves from 16:00 to 17:50, heifer calves from 14:00 to 15:50, cows beside calves from 9:00 to 12:50 and hogs up to 15:00.

An estimated 400 cattle and 25 hogs went through the ring.

Airman Asks Help In Locating Car

A Webb AFB airman and his wife were arrested about 2:30 a. m. today by police and are being held for investigation of theft. The arrest was the result of a complaint by L. C. Richards, Settles Hotel, who lost \$50. Police said the couple would be transferred to the county for charges.

Raymond Cooper, 207 E. 21st, asked police to locate his car which he loaned to a friend Wednesday. The car should have been returned at 9 p. m., Cooper said. Officers put out a call for the car.

Police Investigate 3 Traffic Mishaps

Three minor accidents were reported in the city. Cecil Ray Crow, Luther, and Jimmy Barraza Abreo, 605 NW 5th, were drivers involved in a mishap at Runnels and Fifth. Opal Davidson, Dunbar, 1105 E. 15th, and N. G. Haggard, Stanton, were in collision at Gregg and Fourth.

This morning, Leonardo Villa, 203 NE 6th, and Marie Green Harper, 806 Wyoming, were drivers in an accident at Gregg and Fourth. No major damage or injuries were reported.

Local Man Gets Post With Finance Group

Roy B. Reeder, owner of the Reeder Loan Company in Big Spring, has been named a member of the board of directors for the Texas Association of Automobile Finance Companies.

President of the organization will be O. L. McFaddin, Lufkin. Convention city for 1956 will be Fort Worth.

NFFE To Hold Meeting Tonight

The National Federation of Federal Employees holds its monthly meeting at the WOW Hall, starting at 7 o'clock this evening.

Jack Roberts, president, said matters of importance would be discussed and urged all members to be on hand. Coffee and doughnuts will be served, he added.

Guided Missile Cruiser Readied

Members of the crew of the U.S.S. Boston, which the Navy describes as the world's first guided missile cruiser, swab down the deck in preparation for the ship's recommissioning at the Philadelphia Navy Yard. Two of the vessel's needle-nosed supersonic "Terrier" guided missiles, which can take off in automatic pursuit of a foe, are seen poised on the launcher at top.

Shepperd Requests Court To Reconsider

AUSTIN (AP)—The Court of Criminal Appeals was asked by Atty. Gen. Shepperd yesterday to reconsider a decision which wiped out 104 Duval County indictments.

Dist. Atty. Sam Burris of Alice joined Shepperd in presenting oral arguments.

Directly involved is the case of R. L. Adame, former county school superintendent, who won in the appeals court after being convicted on a felony theft charge.

The appeals court by 2-1 vote threw out his conviction, asserting the grand jury which indicted him was illegally constituted.

Shepperd, whose remarks were cut short because the court wouldn't allow him an extra 15 minutes yesterday, criticized the opinion written by Judge Lloyd Davidson.

He said he felt Davidson's language had raised questions as to the propriety and motives of the handling of my office and of those of Judge A. S. Broadfoot of Bonham.

Judge Broadfoot was the trial judge. He had been sent from Bonham to Duval County in South Texas to preside temporarily as judge of the 79th District in 1954.

Shepperd said one might conclude from Davidson's opinion "that Judge Broadfoot and I had 'collaborated' in Austin, after which this fine retired judge rushed to Duval County, held a hurried 'secret session,' then precipitously discharged the old grand jury and appointed commissioners who would be subservient to my wishes."

"This version cannot withstand the light of the uncontradicted facts in the record in this case," Shepperd declared.

Davidson had ruled that the grand jury which returned the 104 indictments against Duval County officials and others was "without proper authority." He held that Broadfoot acted improperly in throwing out one grand jury and appointing a new grand jury commission "of his own choosing" to select the grand jury which later returned the indictments.

The Adame decision reversed a 1954 ruling by the Court of Criminal Appeals in a related Duval County case.

Burris said it was the court's 1954 ruling—also by 2-1 vote—which served as a "green light" for Broadfoot to empanel a new grand jury commission.

The change in court interpretation resulted when Davidson succeeded former presiding Judge Harry Graves, who retired in January. Graves and Judge K. K. Woodley had formed the majority last year, with Judge W. A. Morrison in the minority. In the Adame case, Davidson and Morrison, now the presiding judge, formed the majority, with Woodley dissenting.

Boatler Urges Early Mailing Of All Christmas Packages, Cards

Prompt mailing of all Christmas packages and cards is being urged by E. C. Boatler, Big Spring postmaster.

Early mailing will assure delivery before Christmas, as well as ease the pre-Christmas burden of postal workers, he pointed out. Less than two weeks remains for sending Yule parcels overseas with assurance that delivery will be completed prior to Christmas, the postmaster reminded.

The deadline for mailing to any APO or FPO address is Nov. 15. Packages mailed after that date will be delivered, of course, but postal authorities won't guarantee that the delivery will be made by Dec. 25. As a result, Boatler recommended prompt mailing of overseas packages.

In fact, the postmaster urged residents to mail parcels to U. S. addresses as early as possible. Simply mark the packages "not to be opened until Christmas" and get them in the hands of the recipients as quickly as is convenient, he suggested.

Boatler pointed out that there

Truman Praises Aide's Service

WASHINGTON (AP)—The wartime service of New York's Gov. Averell Harriman draws praise from former President Truman in the first volume of Truman's memoirs.

The memoirs, published yesterday, mentioned Harriman in connection with his high government jobs some years ago — before his present prominence as a Democratic presidential possibility.

The book does not touch on Adlai Stevenson, the 1952 nominee. Truman has praised both Stevenson and Harriman as "56 possibilities for president but his first volume, "Year of Decision," deals with a period when he had no contact with Stevenson.

Declaring that Harriman performed "vital service" as U. S. ambassador to Moscow in World War II, Truman tells of a White House meeting with the New Yorker April 29, 1945. That was shortly after Truman became president and before the war in Europe had ended.

Truman quotes Harriman as saying the United States was "faced with a barbarian invasion of Europe" by the Soviets after the war, and that this country should stand firm against such a move.

"I stopped Harriman to say that I was not afraid of the Russians and that I intended to be firm," Truman recounts. "I would be fair, of course, and anyway the Russians needed us more than we needed them."

Touch Of Winter In Broad Areas Of Midcontinent

By The Associated Press

There was a touch of wintry weather, snow and cold, over broad areas of the midcontinent and Northwest areas today.

The first snow of the season fell in many parts of the Midwest, with three inches reported in northern Illinois, and from one to two inches in Chicago. The blowing snow and slippery streets were blamed by police for five deaths in traffic accidents in Chicago in seven hours last night.

Temperatures edged to near zero in some northern Midwest areas. Readings in the teens extended southward over the Dakotas into Nebraska. The freezing line covered sections from the eastern part of Lake Superior southward to northwest Indiana and southwest into central Oklahoma, across the Rockies, over most of Nevada and northeastward into central Montana. Brisk northerly winds were reported in many areas.

The wet belt during the night extended from the central Gulf Coast up the Mississippi Valley and over the eastern Great Lakes region. Snow fell southward to Indianapolis and rain mixed with snow fell in Michigan. The snow was reported as far south as Springfield, Ill.

A new storm from the Pacific spread rain and snow over the Northwest States. Two to four inches of snow fell in the mountain regions of Washington.

Wet and cooler weather was in prospect for wide sections in the Northeastern part of the country.

Early morning temperatures ranged from 73 degrees at Bronsville, Tex., to 8 above in Dickinson, N. D.

Frustrated Poodle Showers Mother Love Upon Toy Canine

ALBUQUERQUE (AP) — A frustrated French poodle called Mandy is showering a toy with mother love.

And the unresponsive toy—a rubber poodle about the size of a pup—has Mandy questioning her mistress with whines and deep, brown eyes asking for sympathy.

Petite Mandy was to have been a mother last Saturday. Showing all signs of expectancy, Mandy ran through the house of her mistress, Mrs. Muriel Carpenter, building nests of clothes and rags.

"When the weekend passed, we were worried," Mrs. Carpenter said. "Finally, yesterday, we took her to the veterinarian. He X-rayed her and said despite the symptoms, Mandy was not going to have pups."

Dr. J. H. McCahan, the veterinarian, said the reason for Mandy's condition is not quite understood but it has to do with hormones. He said she'll either mother inanimate objects or perhaps, like others, nurse another sort of animal—such as a cat or chicken—until the phase passes.

"Mandy, of course, doesn't know all this," said Mrs. Carpenter. "All

she knows is that she's built nests and waited for her pup. And now she has a pup, a strange one it's true, but it's hers.

"She carries it in her mouth and whines. It always has to be near her. Then she'll pick it up again, and look at me with her deep, brown eyes and whine."

Mrs. Carpenter says Mandy won't "go to bed without the little

toy. Sometimes it's under her, sometimes alongside. She licks it and shows obvious displeasure if anyone else touches it."

Mandy used to bring the pink rubber toy to people to play tug of war, as dogs are prone to do. But that is a forgotten past.

"Now the toy has come to life," Mrs. Carpenter said, "and no one is going to tug at Mandy's puppy."

Saturday Is 'Poppy Day' In Big Spring

Saturday is to be Poppy Day in Big Spring as well as other cities of the nation, and the American Legion Auxiliary will be offering the traditional remembrances to the public.

As Big Spring and Howard County people wear the tiny red flowers in memory of those who gave their lives in defense of the nation, they also will be contributing to welfare of disabled war veterans and needy children of veterans.

Mrs. Carl Eason, chairman of the auxiliary, is heading plans for the observance. She has enlisted a corps of volunteer workers who will offer them to the public.

There is no set price, but purchasers are asked to be as generous as possible.

The poppies, made of crepe paper, are replicas of the flowers which are native to France and Flanders and which bloomed "between the crosses, row on row."

Big Spring's supply has been received from the McKinney Veterans Administration Hospital where they were fashioned by disabled veterans.

All proceeds, other than the cost of the flowers which goes to the disabled veterans who made them, will be applied to the Legion and Auxiliary work for disabled veterans and for needy children of veterans. Much of the welfare funds thus derived are applied also to aiding the comfort of veterans who come to the VA Hospital here for treatment.

Mexican Champion Rider Notes U. S. Use Of Horse Whips

NEW YORK (AP) — Gen. Humberto Mariles, horseman extraordinary from Mexico, said today he can't understand how the United States' riders train their horses.

"I stand there and watch them," commented the Olympic champion, "and wonder why they hit the horses."

Gen. Mariles, who probably could give anyone in the world lessons on how to handle a horse, said he never takes the whip to his own mounts.

"I try to teach my horses to love jumping," he said. "If they make a mistake, I bring them back to Mexico and train them some more. I also teach the other members of the Mexican team not to touch the horse going over a jump."

Gen. Mariles refused to say he thought the American team was wrong in its methods, but when asked why the Yanks resorted to this system, he answered:

"I don't know why. Maybe they want to be sure the horse gets over the hurdle."

In any case the Americans have been shut out in the first two international events of the National Horse Show which went into the second session of an eight-day run in Madison Square Garden today. Mexico won the first international test and Ireland the second. The Americans were last among the four teams in the Mexican triumph.

Pro-Peron Papers Are Taken Over

BUENOS AIRES (AP) — The provisional government today took charge of two General Confederation of Labor newspapers minutes after djehard Peronista leaders of the organization had called off an attempted general strike.

One of the newspapers was La Prensa, formerly the big independent daily run by the Paz family, which was expropriated by the Juan D. Peron government in 1951. The other was El Lider.

A government announcement said both would be administered temporarily by one government appointee, to be named later.

Since the fall of Peron there have been demands that the government return La Prensa to its former owners. La Prensa of late has been following a subdued course though backing the pro-Peron wing of the General Confederation of

Russia Treats Romania Like 'Colony' For Exploitation

BUCHAREST, Romania (AP)—Western diplomats here say Russia treats Romania "like a colony, to be exploited."

But things in Bucharest, though poor by Western standards, look better than the same things in Moscow.

That doesn't mean Romanians are prosperous or glowing with

happiness, nor that the people dare to talk to Western visitors. This is one of the most difficult countries in which to make contact with the people. Some Westerners think the Romanians are afraid to complain about conditions in their country, but other experienced observers figure the easy-going Romanians are too smart to complain about something they can't do anything about.

Western diplomats say things have improved here recently, even though the Romanian economy is controlled and exploited by the Russians.

Some Romanians can beat the high prices on food by getting one meal a day at low fixed prices in factory canteens. But when they

go out to shop for other necessities, it's difficult to see how they can beat the fantastic prices.

Romania now is producing more of its own consumer goods, but one still may have to wait a month or so for a new model radio or stove if it can be afforded. Most clothing produced here is still very poor by Western standards, as well as expensive.

About 25 per cent of the country's arable land is socialized in collective farms, state farms and peasant cooperatives.

Romanian officials recently have been talking a lot about doing more business with the capitalist West. But what can the Romanians pay or give in exchange? The oil and uranium go to Russia and Westerners say even timber is hard to get.

NEW YORK (AP) — A group of women, gathered for a charity meeting, had a different kind of money problem yesterday: They had \$18,540 in cash and couldn't account for it.

The money, in \$50, \$20 and \$10 bills, was discovered by a member of the Baron De Hirsch Ladies Aid Society at the Yorkville Temple when she went to prepare refreshments. The bills were in a paper bag in a cupboard.

Since no one could explain where the cache had come from, the ladies turned the money over to police.

The money may go to the organization if the rightful owner does not claim it within 90 days.

Here tomorrow and ready to roll!

New models—all with bold new Motoramic Styling. More models—including two new 4-door hardtops and two new 9-passenger station wagons. New excitement under the hood—up to 205 horsepower and 9.25 to 1 compression ratio. This—remember—is the car that broke the Pikes Peak record in a history-making, pre-production trial. Come on in, look it over and try it out!

They're sitting in our showroom right now championing at the bit. For these '56 Chevrolets were born with an urge to go places! But look 'em over first. Look at that bigger, wider, more massive grille.

Follow that lower speedline of chrome back to those sassy, high-set taillights (the one on the left swings down to uncover the gas cap!).

V8 or 6—19 Models in 3 Series

Any kind of model anyone could want! Your choice of the new "Blue-Flame" 6 with 140 h.p. and new higher compression or Chevrolet's record-breaking V8 power ranging up to a new high of 205 h.p. and 9.25 to 1 compression ratio! Automatic, and comfort and safety features? If Chevrolet doesn't offer them, it's only because they haven't been invented yet.

We can hardly wait to have you see and drive this '56 Chevrolet. Come in, real soon, won't you?

Uncle Ray:

Passengers Rode On Eight Trains-In One Trip

By RAMON COFFMAN
An advertisement printed 115 years ago gives an idea of travel in the United States at that time. The public was told that a trip could be made from New York to New Orleans in only one week. The passenger had to change several times—from train to steamboat, from steamboat to stage-coach. He paid \$115 for the passage.

In the same year another advertisement outlined a train trip from Philadelphia to Charleston, S. C., in only 60 hours, or two and a half days. The passenger boarded the first train at 1 o'clock in the morning, and occupied seats on eight trains before finishing his trip! A few of the changes took place during the three nights of the journey.

Q. Did railroads develop in the area west of the Allegheny Mountains before the American Civil War?

A. Yes. Many cities were joined by railroads. A person could travel from Cleveland to Cincinnati in 11 hours. The cost of the trip, according to a railroad "route book" printed 102 years ago, was seven dollars.

Other items in the same volume show that a passenger paid four dollars to go from Cincinnati to

Pioneer passenger coaches in the United States.

Indianapolis, a distance of 177 miles.

A 407-mile trip from Chicago to St. Louis could be made in 24 hours at the cost of only seven dollars. More expensive, and also longer, was the trip from Nashville to Chicago for \$17.

Q. Did southern states keep up Charleston, S. C., took the lead?

A. Yes. Hundreds of miles of tracks were laid in Georgia, and tracks were laid in several other southern states. A 191-mile line in Georgia ran from Savannah to Macon.

Unfortunately there were only a few railroad lines which ran between northern and southern states. If such lines had existed in sufficient number, there would have been better understanding between the main sections of the United States. In that case it has been suggested that the American Civil War might never have taken place.

For HISTORY section of your scrapbook.

Transport Firm Wins Third Safety Award

For the third consecutive year, Texas Consolidated Transport Co. has topped first place among nationwide competition in a contest sponsored by the National Safety Council.

Texas Consolidated won out for overall performance of its drivers and vehicles in the Inter-city Petroleum Transport division of the 24th Fleet Safety contest. The award was made during the 43rd National Safety Congress in Chicago.

The company, with terminals in Big Spring and nine other cities in Texas, recorded 10,405,000 miles during the year ending June, 1955, with an accident rate of only .23 accidents per 100,000 miles. Texas Consolidated competed against approximately 1,000 other firms for the award.

According to John Summers Jr., supervisor of the Big Spring terminal, all drivers for the company must go through rigid road examinations before beginning to work. In addition, the company employs two safety supervisors who are constantly working with the drivers and their equipment to maintain the safety side of operations. And this department has helped achieve the record, Summers noted.

Fifteen drivers work from the local office, with seven of them boasting a total of 21 years of safe-driving awards from the company. Heading the list is Alvin C. Allen, who has a nine years safe-driving award. Two operators have six years, Harvey H. Harris and Gerald P. Thompson.

Buford D. Wells and Sherman H. Shuffield claim four-year safety records, and Oliver J. Allred and A. H. Dubose have one-year awards.

Texas Consolidated operates only within the state, and the other offices are in Luling, San Antonio, Corpus Christi, Tyler, Houston, Sweetwater, Waco, Wichita Falls, and Brownsville.

DATE DATA
By Beverly Brandow

Stuck At The Dance

Dear Miss Brandow:
How is it possible to exchange partners at a dance? I always get stuck with one person.

Perplexed

Your signature gives little hint to your gender. However, a boy may dance his girl up to another boy and date whom he knows and suggest a swap right there in the middle of the dance floor.

Prior to the dance, the boy should arrange to have several of his friends ask his date for a dance, and he, in exchange should offer to do the same for them.

Since it is difficult for any boy to get free of his date in order to ask another girl to dance, the aid of a stag friend should be enlisted to get the ball rolling.

Girls, seeking to break the monotony should retire to the powder room at intervals to make-up repair. This will set your date at liberty. When you emerge, if he is dancing, it will give others the opportunity to ask you. Though it is legal, many boys are afraid to ask a girl while she is with her escort.

Dear Miss Brandow:
What can you do when your legs are always stubby feeling because you have them. It started out as an experiment. Now I can't stop. The stubble feels terrible so I must have it off, but it comes right back. It's a vicious cycle.

Clady

Unless you have fantastically

May Be Wiser Than He Thinks He Is

Detroit (AP) — Cletus Kennelly, 44, who has been a traffic manager for the Michigan Bell Telephone Co., he commented: "I don't think I would know any more about them in 44 more years." But he did give out with one bit of insight he had gained: "Women love kind words and a little flattery—but they can read through insincerity with frightening accuracy. Don't try to fool them."

VAN BUREN, Ark. (AP)—The Van Buren School Board last night voted to resist efforts to mix white and Negro students in this north-west Arkansas city's schools.

Rain Needed Again In Texas

AUSTIN (AP)—Rain is again needed over most of Texas, the U. S. Department of Agriculture said today.

Farmers have had the full benefit of three weeks of good planting and harvesting weather, the USDA's weekly crop and weather bulletin said. Now, they need rain for small grains, winter legumes and pastures.

Freeses and killing frosts have ended the growing season on the High Plains, Northern Low Rolling Plains, parts of the Plateau and Trans-Pecos and strong, drying winds were sapping remaining moisture.

In the Cross Timbers, Edwards Plateau and eastward, small grains and winter legumes urgently needed rain to bring them along. Frosts have stopped development of cotton in most western and northwestern areas with production from late acreage reduced in some counties. Cotton harvest was very active in the Low Rolling Plains and will be stepped up rapidly in the High Plains following killing frosts, said USDA.

Attendance Drive Begun

COAHOMA — School authorities here are launching an all-out campaign to get all scholastics in school.

As of Nov. 1 the compulsory six months attendance period was declared in effect. H. L. Miller, superintendent, and other school officials have been instructed to do all that they can to see that children of school age are in attendance.

Miller said that a number of youngsters who entered at the beginning of the year have dropped out due to the cotton harvest. There are many more who never even bothered to enroll, he said.

Officials appealed to all landowners and tenants to make sure that there are no persons of school age working on their farms during school hours. They also are asked to report to school authorities the names of those they believe to be school.

Miller said that officials would be obliged to check throughout the district to see that school attendance laws of the state are observed.

Transit Strike Is Called Off

PITTSBURGH (AP)—A threatened strike of bus and trolley operators against the Pittsburgh Railways Co. was called off early today.

Less than two hours after a midnight strike deadline, Mayor David L. Lawrence announced an "indefinite postponement" of the scheduled walkout by 2,280 members of Division 85, AFL Amalgamated Assn. of Street, Electric Railway and Motor Coach Employees.

Lawrence's announcement came a short time after the union rejected a new contract proposal by a vote of 809-554.

The proposal would have given the men a four-cent hourly pay increase immediately and another five cents an hour hike next May 1. About 1,500 trolley and bus operators are earning \$2.01 under a contract which expired last April. Some 700 other workers have been paid \$1.59 to \$2.11 an hour.

The union, which reportedly seeks a 10-cent an hour wage boost, had no immediate comment on the strike postponement.

Furr's Manager At Lubbock Receives Citizenship Award

Wayne D. Griffin, 2505 37th Street, Lubbock, manager of a Furr's Super market in Lubbock, was named a national winner in the nationwide Citizenship Award program of the National Association of Food Chains at the Association's 22nd annual meeting in Chicago.

The 39-year old Texan was one of twelve chain super market managers honored by NAFC. Announcement of the awards was made by Lansing P. Shield, president of the Grand Union Company, East Paterson, N. J., Jersey, and chairman of the NAFC Awards Committee on the NBC network television show, "Home."

The winners were presented bronze medallions inscribed with their names for "outstanding achievement in promoting better community relations."

The twelve national winners were selected from more than 1,000 chain super market and food store man-

agers who were given certificates naming them as "Good Citizens of 1955" by NAFC last spring. The local winners were chosen from more than 10,000 managers who filled out a special questionnaire designed by the Teachers College of Columbia University operating under a grant from the Carnegie Foundation to study the elements of citizenship.

A native of Putnam, Griffin began his career in the food chain industry after his discharge from the Air Force in 1946. Starting as a stock checker, he was appointed assistant manager of Furr's in Lamesa, in 1948. He was promoted to store manager and transferred to Lubbock in November, 1949, taking over his present store in 1950.

Griffin's civic activities in Lubbock take a great deal of the limited amount of free time he has. He works with both the white and colored Boy's Clubs. He is a charter member of the South Plains Lions Club, having held an office in the club since its inception in 1950. A former member of the Junior Chamber of Commerce, he is active in the Cancer Crusade, the American Red Cross and the P-T-A. Mrs. Griffin is also active in P-T-A work and has helped with numerous charity drives.

November Is Month To Bake Fruit Cakes

Now is the time to start making those fruit cake to store away for Thanksgiving and Christmas holidays. Mrs. Bob Eberly gives the recipes for two cakes, one that is extra simple to make and the other, a regular one.

Mrs. Eberly lives at 701 Main, which is one of the oldest houses in Big Spring.

"I can remember back when I was just a child, when Dr. J. Baird came to town and built a two-room house, which is now the kitchen and dining room," Mrs. Eberly said.

"As he added to his bank account, so did he add to his house. Next he built two rooms over the first two. Then came the front bedroom which was his office. The house has grown until it now has ten rooms and a porch that circles the front half of the residence.

Each of the downstairs rooms has an outside entrance, and each door has a glass panel with a different design.

Mrs. Eberly has lived in the old estate since 1927. With the exception of the kitchen, each room is furnished with antiques.

Mrs. Eberly likes to bake cakes for her friends and give them before Christmas time, for the first cakes always taste best before gets tired of the holiday sweets. Last year she made 15 of these cakes.

EAGLE BRAND CONDENSED MILK FRUIT CAKE
 1/2 pound candied pineapple
 1/2 pound candied cherries
 1 pound dates
 1 pound pecans
 2 cans coconut
 2 cans condensed sweetened milk
 Chop pineapple, cherries, dates and pecans coarsely. Mix all ingredients together. Bake for 1 hour at 350 degrees and then increase the heat for 15 minutes.

FRUIT CAKE
 1 pound mixed fruits (candied pineapple, cherries, citron and lemon peel)
 1 pound seedless raisins (3 cups)
 1 pound seeded dates (3 cups)
 1/2 pound (2 cups) walnut meats or pecans.
 1/4 cup sherry wine or dark fruit juice
 1 cup butter
 1 1/2 cups brown sugar
 4 eggs
 2 cups sifted flour
 1/4 teaspoon baking soda
 1/4 teaspoon salt
 1 teaspoon cinnamon
 1/2 teaspoon cloves
 1/2 teaspoon mace
 Mix the fruits and dates, quartered, nuts, molasses or honey and wine. Cream butter, gradually add sugar, then beat in eggs, one at a time, beating each in very thoroughly. Transfer to a large mixing bowl and add fruits. Sift dry ingredients, mixing all together. Mix both mixtures together thoroughly. Bake in two medium loaf pans.

Vary Routine By New Way With Spuds

The old rut of putting the potatoes on to boil an hour before mealtime is all too universal. One of the easiest ways to avoid such a dilemma is to combine potatoes and meat to create main dishes.

POTATO STUFFED FRANKFURTERS
 8 skinless frankfurters
 1 cup finely diced cooked potatoes
 4 slices bacon
 Heat oven to 450 degrees F. Split frankfurters, lengthwise almost through to the opposite side. Lay open. Combine potatoes, and seasoning and spoon over split frankfurters. Top with another split frankfurter, sandwich style. Hold in place with toothpicks. Wrap a strip of bacon around each serving. Bake 15 to 20 minutes or until bacon is crisp. Yield: 4 servings.

TUNA STUFFED POTATOES
 6 medium sized baked potatoes
 2 tablespoons butter, melted
 1-3 cup dry milk
 1/2 cup water
 1 tablespoon grated onion
 1 teaspoon salt
 1/2 teaspoon pepper
 1 cup flaked tuna fish
 Cut 1/4-inch lengthwise slice from top of each potato. Scoop out potatoes, saving shells. Mash potatoes, add melted butter and blend well. Beat in dry milk powder, adding water gradually. Divide potatoes in half. To first half, add onion, salt, pepper and tuna fish, mixing well. Fill half of each potato shell with this mixture. Spoon remaining potatoes on top of tuna mixture to fill shells. Sprinkle with paprika. Place potatoes on top of tuna mixture to fill shells. Sprinkle with paprika. Place potatoes in oven until lightly browned. Serve with mushroom sauce. 4-6 servings.

MUSHROOM SAUCE
 1-1 1/2 cups milk
 3 tablespoons flour
 1 teaspoon salt
 1/2 teaspoon pepper
 2 (3-oz.) cans sliced mushrooms, drained
 Pour milk into top of double boiler. Sprinkle flour, salt and pepper over surface and add Worcestershire sauce. Beat with rotary beater until smooth. Add cheese. Cook over hot water, stirring constantly, until slightly thickened. Combine remaining ingredients in a 2-quart casserole. Pour cheese sauce over mixture; stir until just blended. Bake in a moderate oven (350 degrees F.) about 30 minutes or until mixture begins to bubble.

which should be lined with greased paper. Bake in slow oven (275 degrees) for about 2 1/2 hours. Have a pan of water on the oven floor. Remove cake from pan to cool, but leave paper on cake to store.

Here's Snacks For After School Meals

School days bring hearty appetites in their wake, with distracted mothers worrying about filling bottomless little stomachs. One simple answer is to turn the old "jingle, 'I Scream, You Scream,'" into good use by serving ice cream.

Simply prepared snacks don't interfere with supper preparation and these snacks also provide a way of disguising milk and eggs for the "don't like" crowd.

ICE CREAM SANDWICHES
 Slice a tray pack of ice cream into 12 portions (divide the long side into thirds, the short side into fourths) and place, sandwich fashion, between two cookies. Wrap in waxed paper and store in freezer until ready to serve. If the occasion is special or if the appetites need to be curbed, each serving of ice cream can be labeled with its own toothpick flag. Small flags bearing the child's name or the day of the week designate each packet.

Ice cream sandwiches can also be made with graham crackers.

BANANA SPLIT
 1 ripe banana
 2 or 3 balls of scoops ice cream
 2 or 3 tablespoons chocolate sauce
 4 to 6 tablespoons fruit sauce.
 Crushed fruit or preserves
 Whipped cream
 Finely chopped nuts
 Cherry or berry
 Peel banana and cut lengthwise into halves. Place halves cut side up, side by side, into a shallow dish. Place balls or scoops of ice cream, side by side, in center on top of banana halves. Pour chocolate sauce over 1 portion of ice cream. Cover other portions of ice cream with fruit sauce, crushed fruit or preserves. Garnish with whipped cream, nuts and cherry or berry, if desired. Makes 1 full-sized banana split.

BANANA SUNDAE
 1 ripe banana
 1 scoop ice cream
 2 tablespoons chocolate, or fruit syrup
 2 tablespoons crushed fruit or preserves
 Whipped cream
 Nuts, whole or chopped
 Cherries or berries
 Peel and quarter banana by cutting one lengthwise and once crosswise. Arrange banana pieces opposite each other in a sherbet dish with cut sides of the banana facing inside. Place ice cream in dish between banana pieces. Cover ice cream with syrup and add crushed fruit or preserves. Garnish with whipped cream, nuts, cherries or berries. Makes 1 sundae.

BARBECUED LIMA BEANS AND SPARERIBS
 2 cups (1 lb.) dried lima beans
 6 cups (1 large can) tomato juice
 3 teaspoons salt
 2 lbs. spareribs
 1 teaspoon salt
 1 medium-sized onion, chopped
 1/4 teaspoon black pepper
 1/4 teaspoon dry mustard
 1/4 teaspoon tabasco sauce
 1/2 cup molasses
 Wash beans; soak overnight in 5 cups tomato juice. Add the 3 teaspoons salt. Cover. Simmer until beans are tender. Pour half the beans into a casserole. Rub the 1/4 teaspoon salt over spareribs; place over beans. Add onion. Mix remaining ingredients with remaining 1/2 cup tomato juice; pour over beans. Cover. Bake 3 1/2 hours in moderately slow oven (325 degrees F.). Uncover; bake until brown (20 to 30 minutes). Yield: 10 to 12 servings.

HAM AND CHICKEN CASSEROLE
 1 1/2 cups water
 1/2 cup dry milk
 3 tablespoons flour
 1 teaspoon salt
 Dash pepper
 1 tablespoon Worcestershire sauce
 1/4 cubed American cheese
 2 cups cooked rice (2-3 cup uncooked)
 1 cup diced cooked ham
 1 cup diced cooked chicken
 1 1/2 cups cooked lima beans
 1 can (3-oz.) mushrooms, drained
 2 tablespoons diced pimiento
 Pour water into top of double boiler. Sprinkle milk powder, flour, salt and pepper over surface and add Worcestershire sauce. Beat with rotary beater until smooth. Add cheese. Cook over hot water, stirring constantly, until slightly thickened. Combine remaining ingredients in a 2-quart casserole. Pour cheese sauce over mixture; stir until just blended. Bake in a moderate oven (350 degrees F.) about 30 minutes or until mixture begins to bubble.

Mrs. Bob Eberly has all the ingredients and is ready to make a condensed milk fruit cake for the holiday season.

Jiffy Fruit Cake

Skewer Cooking Is Fun; Makes Delicious Meals

For outdoor suppers this fall, try skewer cooking.

BEEF KEBOB
 1 pound sirloin steak, about 1 inch thick
 1/4 cup wine vinegar
 1/4 cup salad oil
 4 teaspoon thyme
 1/2 teaspoon salt
 Dash tabasco sauce
 12 small onions
 1 tablespoon liquid spices
 Cut meat into 1-inch squares. Mix vinegar, oil, thyme, salt and tabasco together and toss with steak cubes. Marinate for several hours, turning meat a few times. When ready to broil, peel onions and parboil for 3 minutes. Drain meat well and string alternately with onions on 4 large skewers. Brush meat with liquid spices. Place in broiling pan. Broil quickly to desired doneness. Makes 4 servings.

BREAKFAST SKEWERS
 1 cup canned apple slices
 1 7-ounce can cocktail sausages
 1/4 pound chicken livers, halved
 1/4 pound bacon strips, halved
 2 tablespoons butter or margarine
 Alternate canned apples slices on skewers between sausages, chicken livers and bacon (folded in thirds). Brush food with melted butter or margarine. Broil, turning to brown all sides. Yields 4 servings.

ORANGE AND MEAT BALL KEBOBS
 1 pound ground beef or hamburger
 1 egg, beaten
 1 teaspoon salt
 1/4 teaspoon pepper
 1/4 cup finely chopped onions
 1 tablespoon soy sauce
 1 tablespoon Worcestershire sauce
 Dash of allspice
 1/2 cup bread crumbs
 1/2 cup brown sugar
 6 oranges, peeled and cut into slices or bite size pieces
 Add brown sugar to oranges and allow to set while preparing meat balls. Mix together remaining ingredients until well blended. Form into 24 little balls. When ready to barbecue, thread beef balls on metal skewers, alternately with lemon, caper sauce and broil. Brush frequently with sauce during barbecuing process.

LEMON CAPER SAUCE
 1/2 cup lemon juice
 1/2 cup salad oil
 1/2 teaspoon celery salt

APRICOT BLOSSOM
 1/2 cup marshmallow whip
 3 cup apricot nectar
 Ginger Ale
 Combine marshmallow whip and chilled apricot nectar. Divide among four tall glasses. Fill each glass with ice cold ginger ale. Stir gently to mix.

MAPLE FIZZ
 2 tablespoons maple syrup
 1 or 2 scoops lemon, orange, lime or pineapple sherbet
 1/2 cup carbonated water
 Pour syrup into tall glasses. Add

PEACH BLOSSOM
 1 pint vanilla ice cream
 1/2 cup peach nectar
 Ginger Ale
 Divide ice cream among 4 tall glasses. Add 2 tablespoons peach nectar to each glass. Fill glasses with ice cold ginger ale. Stir gently to mix.

LA CONGA
 1 tablespoon instant cocoa
 1/2 cup sieved fresh peaches
 Ginger ale
 Dissolve instant cocoa in a small amount of ginger ale; add the bottom of a tall glass; add peaches. Fill glass with ice cold ginger ale. Stir gently to mix.

FRUIT DRINKS EASILY FIXED
 Equally easily prepared fruit coolers are made with fresh or canned fruits and juices and carbonated beverages.
LEMON PEACH COOLER
 2 cups sieved fresh peaches
 1/4 cup light brown sugar
 Lemon soda
 Fresh mint
 Combine peaches and sugar. Divide among four tall glasses. Fill glasses with chilled carbonated lemon soda. Stir gently to mix and top each glass with a sprig of mint.

Casserole Cooking Is Easy For Working Wife

Main dish meals can be easily solved with casserole cooking.

CORNEBEEF VEGETABLE CASSEROLE

1 12-ounce can cornebeef
 2 cups lima beans
 2 cups cooked, cut asparagus
 4 tablespoons butter
 4 tablespoons flour
 1/2 teaspoon salt
 2 cups milk
 2 cups hot mashed potatoes
 1/2 cup shredded sharp cheese
 Cube cornebeef. Arrange vegetables and beef in layers in large well-buttered casserole. Melt butter in a saucepan over low heat and blend in flour and salt. Add milk slowly and cook, stirring constantly until sauce is smooth and thickened. Pour cream sauce over all. Blend mashed potatoes and cheese. Top vegetable beef mixture with mashed potatoes, arrange in peaks and swirls. Bake in moderately hot oven (375 degrees F.) for about 25 minutes or until browned. Serves 6.

QUICK BARBECUE LIMAS

2 tablespoons butter or margarine
 1 chopped onion
 1 pound hamburger
 1 can condensed tomato soup
 1 1/2 tablespoons brown sugar
 2 teaspoons vinegar
 1/4 cup Sherry wine
 3 cups cooked dry limas
 1/4 cup grated American cheese
 Heat butter. Add onion and hamburger. Cook and stir until onions are soft and meat loses red color. Stir in tomato soup, brown sugar, vinegar and Sherry. Heat through and pour over limas in casserole. Top with grated cheese. Bake in moderate oven (350 degrees F.) 30 to 45 minutes. Serves 4.

LIMAS IN GREEN PEPPERS

4 large green peppers
 2 cups cooked dried large lima beans
 1/2 cup canned tomatoes
 1/4 cup thinly sliced green onion
 1/4 cup grated American cheese
 1/2 cup bread crumbs
 Salt
 Black pepper
 Remove stems from green peppers, cut into halves lengthwise and remove seeds. Cook peppers in boiling salted water 5 to 10 minutes. Drain. Combine lima beans, tomatoes and onion. 1/2 cup grated cheese and 1/2 cup bread crumbs. Season to taste with salt and pepper, and heap into pepper halves. Top with the remaining crumbs and cheese. Place close together in shallow baking pan or place each in shallow custard cup or muffin pan. Bake in moderately hot oven (375 degrees F.) 20 to 25 minutes. Serves 4.

GOLDEN LIMA BAKE

2 1/2 cups cooked dry limas
 2 eggs
 1/4 cup milk
 1/4 cup melted butter or margarine
 1/4 teaspoon salt
 1/4 cup chopped parsley
 1 cup grated American cheese
 Drain limas and turn into shallow baking dish. Beat eggs and stir in milk, butter, salt, parsley and cheese. Pour over limas. Bake in moderate oven (350 degrees F.) 30 to 35 minutes, until set in center. Makes 4 or 5 servings.

BEEF AND LIMA SOUP

1 1/4 cups dry limas
 3 1/4 cups cold water
 2 pounds beef brisket or chuck
 1 No. 2 1/2 can tomatoes
 Celery leaves
 Parsley sprigs
 2 cups chopped celery
 3 chopped onions
 2 diced cloves garlic
 1 tablespoon salt
 Pepper to taste
 Soak limas in the water several hours or overnight. Add beef, tomatoes and celery leaves and parsley tied in a bunch. Cover and boil gently 2 hours. Stir in chopped celery, onion, garlic, salt and pepper. Simmer 1 hour longer or until meat is tender. Slice meat and serve with soup or at a later meal if desired. Serves 6.

DRAIN LIMA BEANS

1 package frozen lima beans
 2 pounds short ribs of beef
 1 small onion, sliced
 Flour
 Salt and Pepper, to taste
 1 teaspoon paprika, optional
 2 tablespoons fat
 1 cup water
 Cut ribs into serving pieces. Heat

sherbet and stir well. Then add carbonated water. Garnish with slice of fruit or grated rind. Serve at once. Makes 1 serving.

WIDE CARROT CURLS

Ever wonder how cooks make those big wide carrot curls? The trick is to cut a large carrot in half lengthwise; then cut thin lengthwise strips of carrot, starting from the cut side and using a swivel-blade vegetable peeler. The carrot strips are then rolled up, fastened with toothpicks and given an icy bath for a couple of hours so they will crisp and stay in shape. Remove toothpicks before serving. With a sprig or two of parsley, the carrot curls make attractive garnishes for luncheon sandwiches.

PEACH BLOSSOM
 1 pint vanilla ice cream
 1/2 cup peach nectar
 Ginger Ale
 Divide ice cream among 4 tall glasses. Add 2 tablespoons peach nectar to each glass. Fill glasses with ice cold ginger ale. Stir gently to mix.

LA CONGA
 1 tablespoon instant cocoa
 1/2 cup sieved fresh peaches
 Ginger ale
 Dissolve instant cocoa in a small amount of ginger ale; add the bottom of a tall glass; add peaches. Fill glass with ice cold ginger ale. Stir gently to mix.

MAPLE FIZZ
 2 tablespoons maple syrup
 1 or 2 scoops lemon, orange, lime or pineapple sherbet
 1/2 cup carbonated water
 Pour syrup into tall glasses. Add

FRUIT DRINKS EASILY FIXED
 Equally easily prepared fruit coolers are made with fresh or canned fruits and juices and carbonated beverages.

LEMON PEACH COOLER
 2 cups sieved fresh peaches
 1/4 cup light brown sugar
 Lemon soda
 Fresh mint
 Combine peaches and sugar. Divide among four tall glasses. Fill glasses with chilled carbonated lemon soda. Stir gently to mix and top each glass with a sprig of mint.

APRICOT BLOSSOM
 1/2 cup marshmallow whip
 3 cup apricot nectar
 Ginger Ale
 Combine marshmallow whip and chilled apricot nectar. Divide among four tall glasses. Fill each glass with ice cold ginger ale. Stir gently to mix.

LA CONGA
 1 tablespoon instant cocoa
 1/2 cup sieved fresh peaches
 Ginger ale
 Dissolve instant cocoa in a small amount of ginger ale; add the bottom of a tall glass; add peaches. Fill glass with ice cold ginger ale. Stir gently to mix.

 Equally easily prepared fruit coolers are made with fresh or canned fruits and juices and carbonated beverages.

Food Novelties Achieved With Bacon 'N Cucumbers

The versatile bacon also comes to the table in the guise of salad and food novelties.

BACON 'N CUCUMBER SALAD

8 slices bacon, cut in 1/2-inch pieces
 4 green onions, sliced thin
 2 medium size cucumbers, sliced thin
 1 1/2 teaspoons salt
 1 tablespoon vinegar
 1 tablespoon sugar
 1/4 teaspoon pepper
 1/4 cup sour cream
 Lettuce
 Cook bacon in heavy skillet. Drain on absorbent paper. Put onions and cucumber in a bowl. Stir in salt. Let stand 30 minutes. Press as much water as possible out of cucumber. Pour off water. Stir in remaining ingredients. Serve on a crisp lettuce leaf.

HOT POTATO SALAD

5 to 6 medium potatoes (2 lbs.)
 1/4 cup diced celery
 1 tablespoon finely chopped onion
 3 teaspoons salt
 4 slices bacon, cut in 1/2-inch pieces
 2 tablespoons flour
 1/4 teaspoon dry mustard
 3 tablespoons sugar
 1/4 cup vinegar
 1/4 cup water
 12 slices bacon
 1 tablespoon finely chopped parsley
 Cook potatoes; drain and peel. Slice in 1/4 inch pieces. Put in 2-quart casserole; add celery and onion. Sprinkle with 2 teaspoons of the salt. Cook bacon slowly over low heat until crisp; remove from pan and add to potatoes. Remove pan from heat. Into the bacon fat blend the flour, mustard, sugar, and remaining 1 teaspoon salt. Add vinegar and water, cook, stirring constantly until mixture thickens and boils. Pour over potatoes. Mix lightly with a fork. Let stand one hour. Put bacon on wire rack in shallow pan. Cover casserole and place with bacon in

moderate oven (375 degrees F.) 20 minutes. Place casserole in center of large chop platter; garnish with parsley and arrange bacon around casserole. Yield: 6 servings.

BACON VEGETABLE STICKS

1 pound bacon
 Cook carrots or long pieces of cooked celery; or cooked potatoes, cut in quarters, lengthwise.
 Wrap 1 piece of bacon around a carrot spiral fashion. Fasten with a toothpick. Broil 2 to 3 minutes on each side or until done. Serve with cheese sauce, if desired.

CHEESE SAUCE

1/2 pound pasteurized process cheese food
 1/2 cup milk
 Stir and heat cheese food and milk in a saucepan over low heat until cheese is melted and sauce is hot.

Spice Fruits For Garnishing Purpose

As the holiday season approaches, you will want to use spiced fruits as garnishes. Here is how you make them.

TO SPICE FRUIT

No. 2 1/2 can fruit in heavy syrup
 1/4 cup sugar
 1/4 cup unrefined molasses
 1/4 cup cider vinegar
 One-eighth teaspoon salt
 1 stick cinnamon
 1/4 teaspoon whole cloves
 1/4 teaspoon whole allspice
 Drain fruit. Mix fruit syrup with remaining ingredients in saucepan (the whole cloves and allspice in a bag). Boil 2 minutes. Add fruit; simmer about 15 minutes. Remove spice bag. Drain fruit and use with 1/4 cup of syrup for making the salad. Save remaining syrup for basting hams.

RISING SUN RISES AGAIN — Looking as GI as the GI's they once battled, Japan's Self-Defense forces engage in first post-war maneuvers on Hokkaido. Tanks, planes, ships and ground forces used U.S.-made equipment in the maneuvers.

RELIGION IN REFLECTION — The Catholic chapel at Brandeis University in Waltham, Mass., is bathed in light at night, its reflection clearly visible in a nearby pool.

PORTABLE 'ISLAND' — Self-elevating platform, for use to reduce offshore oil drilling costs, dwarfs everything in sight on Mississippi River near Vicksburg, Miss. Platform, which stands on 140-foot legs, will be floated 400 miles downstream to Gulf of Mexico where it will be used as portable "island."

A MOTHER'S WAY — San Antonio Queen, mother jaguar at Washington Park Zoo, Milwaukee, Wis., carries one of her babies, born in September. Father is Pedro of zoo family.

FREDERIC MARCH A GRANDFATHER — Actor Frederic March, right, looks at his one-day-old grandson, Jean Frederic, held by his wife, actress Florence Eldridge, in Florence, Italy. Watching are baby's parents, Umberto Fantucci and March's daughter, Penelope.

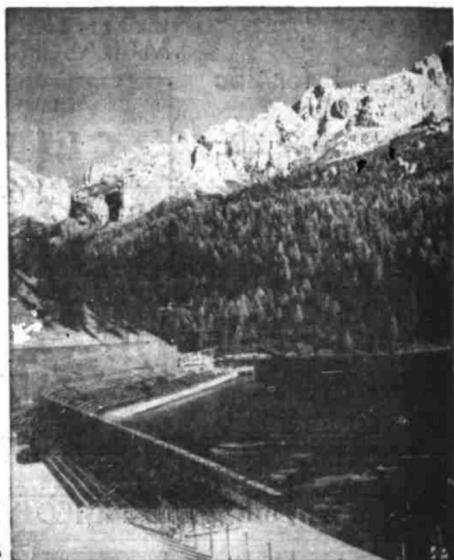

BARRELING IT OUT — Casks of sherry form a solid front in a Jerez, Spain, winery, as they are rolled in line to be prepared for shipment to the United States.

HONORED — Dr. Albert Schweitzer, 80, missionary, musician and Nobel Prize winner, poses in London where he received from Queen Elizabeth II, princess insignia of honorary member of Order of Merit.

HEADY STUFF — Squirrel munches grape on head of Gregory "Bozie" Wallis, 3 1/2, of Washington, D.C. Neighbor rescued animal from heavy rainstorm, showed it to Bozie before turning it loose.

OLYMPIC PREPAREDNESS — Stands are built on bank of Italy's Lake Misurina in preparation for the 1956 winter Olympic championships. Speed skating events will be held on the lake, which freezes over during the winter months.

MEMENTO OF WORLD WAR II — Ruined beyond hope of restoration is the ancient Uspensky Cathedral in the Lavra monastery complex at Kiev, Russia. The Nazi armed forces blew it up after looting its treasures in World War II.

CAVERN 'TABLE' — Shapely Laura Holmes looks at three-legged "table" fashioned completely of natural onyx at Miramonte Caverns, Stanton, Mo. The "table" is seven feet high.

PARTY PUFFERS — Pipes are the order of the day at British Labor Party's annual conference in Margate, England. Herbert Morrison, left, and party leader Clement Attlee pull away as they follow proceedings at the conference opening.

THE BIG LIFT — Mountainous Paul Anderson, 22, of Toccoa, Ga., lifts 410 pounds in the press event at the Olympic stadium in Munich, Germany. He set world record in this event.

MINIATURE SPEEDSTERS — Hot rodders from 4 to 14 roll around 50-yard oval "Jelly Bean Bowl" before race in Escondido, Calif. The two-horsepower motors cost from \$350 to \$500 each, can reach top speed of 30 miles an hour. Six to eight cars enter each race.

BUZ SAWYER

BUZ, YOU NEEDN'T TRY TO HIDE IT FROM ME—YOU DON'T SLEEP A WINK ALL NIGHT. ARE YOU AFRAID SOMETHING WILL GO WRONG AT THAT BOARD OF INQUIRY TODAY?

LOOK, CHRISTY, IF SOMETHING DID GO WRONG AND EVERYBODY TURNED AGAINST ME, WOULD YOU STILL STICK BY ME?

BUZ, DARLING! YOU KNOW I WOULD!

THANKS, CRIM. JUST KEEP YOUR FINGERS CROSSED, AND REMEMBER YOUR PROMISE.

DIXIE DUGAN

OH, FLY BOY! REMEMBER ME—

HI "DREAM BOAT"

WHY SO GLUM, CHUM? DON'T YOU REALIZE YOU'VE GOT A DOUBLE HEADER?

ELUCIDATE, LASSIE

WITH DIXIE AS SECRETARY AND WILLY HER "ROOMIE" HERE, FOR EXTRA CURRICULAR ACTIVITIES YOU CAN'T MISS!

CHEER UP, YOU PITOMIC BLONDE! THE RIGHT ROMEO WILL COME ALONG SOME DAY

GET OUT OF HERE AND WALK WISE GUY!

BELIEVE ME—I WILL!

NANCY

I WISH I HAD A TWIN BROTHER

WHY?

IT WOULD BE NICE TO HAVE A BROTHER WHO LOOKED EXACTLY LIKE ME

IT DOESN'T ALWAYS WORK OUT THAT WAY---

LOOK AT THE JONES TWINS

L'L ABNER

WHIFFO! IS YOU SOBBI' HOPEFUL?

BECAZ AH IS SO HOPELESS! AH'LL NEVER KETCH TINY IN TH' SADIE HAWKINS DAY RACE!!

WHY NOT? YOU GOT AS GOOD A CHANCE AS ANY OTHER

HE'S—GONNA BE COACHED BY L'L ABNER—AN' HE'S—GONNA BE AN EXPERT!!

WAL, AH'LL COACH YOU!!—AH IS EVEN MORE OF AN EXPERT!! AH CAUGHT L'L ABNER!!

BLONDIE

I'M HAVING LEFTOVERS FOR SUPPER TONIGHT, AND DAGWOOD JUST HATES THEM

SO DOES HERB

I'VE GOT AN IDEA— LETS TRADE

FINE—YOU TAKE MY ROAST BEEF AND I'LL TAKE YOUR MEAT LOAF

AH—THIS MEAT LOAF IS WONDERFUL

THANK YOU, DEAR

THIS ROAST BEEF IS DELICIOUS

ANNIE ROONEY

GOLLY MR. HARDMARE! YOU'VE WRECKED A HELPER ALREADY!

AY-YUH, DILL DUDLEY A GOOD MAN, WORKED UNDER ME IN THE OLD DAYS AT MATRICK'S

I'LL NEED MORE MEN WHEN I MAKE SOME CHANGES 'ROUND HERE. HAVE 'EM BRING IN ELECTRICITY, BUT IN SOME POWER TOOLS, MAYBE PUT UP A WHOLE NEW BUILDING

YEAH I SPOSE SO, BUT IT'S KINDA GETTIN' AWAY FROM THE IDEA OF MAKIN' ANTIQUE REPRODUCTIONS IN THE OLD-FASHIONED, ANTIQUE WAY, MAYBE I'M WRONG, BUT—

NO, YOU AINT WRONG! UP TILL NOW I'VE BEEN WRONG 'BOUT EVERYTHING 'AN YOU'VE BEEN RIGHTER THAN BAWN! SO IF YOU SAY IT'S WRONG, IT'S WRONG!

SNUFFY SMITH

AIN'T IT WONDERFUL, PAW, TH' WAY SO MANY FOLKS CRAVE TO HELP INVENTIN' WINTON GIT HISSELF A PATENT PAPER?

THEY CRAVE TO GIT THEIR PAWS ON HIS THREE HUNNERT DOLLERS

PAW!! YE DON'T SPOSE THAT'S WHAT THEY'RE UP TO!!

WAAL—TH' LAST TIME I SEEN SUCH A SWARM OF VARMINTS TRYIN' TO PERFECT SOMEBODY WUZ WHEN TH' WIDDER DOWDY WUZ LEFT THAT TEN-ACRE FARM THUTTY WHITE LEGHORNS, A MULE AN' THREE ROO HAWKS—UH— GIT ME SOME VITTLES--

GRANDMA

MAY I BORROW TH' CRUTCHES YOU USED WHEN YOUR ANKLE WAS SPRAINED, GRANDMA?

SURE, JOE! THEY'RE HANGIN' ON A NAIL IN TH' WOODSHED!

HOT ZIGGY!! I KNEW I COULD GET MORE SPEED THIS-A-WAY!!

DONALD DUCK

WAW! YAW!

NOW STOP CRYING EVERY TIME YOU'RE GOING TO BE OWAY!

WAW! YAW!

THERE! NOW MAYBE WE CAN FIND THE SPLINTER!

JOE PALOOKA

"SCARIS GOT UP AT THE COUNT OF TWO— THE REF WIPES SCARIS' GLOVES— AND ABLEE IS ON THE ATTACK AGAIN."

HE'S REALLY SOMETHIN', JOE. LOOK AT THAT FOR A GUY GO...

I'M WATCHIN' EVERY MOVE... LOOKS LIKE WE WANT SEE 'EM MUCH THO... IT'LL FINISH QUICKLY...

"SCARIS IS HURT... HE'S DOWN AGAIN... FOR THE SECOND TIME IN THIS ROUND... THE COUNT IS SEVEN..."

SEVEN...

SCORCHY SMITH

I WONDER IF MAKE HAS LEFT FOR THE STATES YET.

YOU'D BETTER TAKE YOUR MIND OFF HER!

AS A WHILE—

THIS ISN'T EXACTLY THE PLACE FOR A PRETTY GIRL!

I THINK I'VE CAUSED SOME TROUBLE TO ALL YOUR PEOPLE HERE!

OUR PLANE IS READY TO TAKE YOU HOME, MISS!

BYE—AND THANKS AGAIN!

OAKY DOAKS

FATHER, THERE'S ONLY ONE WAY TO GET OAKY TO MARRY ME!

WHAT WAY IS IT, POMONA?

HE WOULD HAVE TO MARRY ME IF YOU ORDERED HIM TO!

BUT, POMONA...

—I HATE TO GET ROUGH!

YOU WOULDN'T MIND GETTING ROUGH IF YOU KNEW HOW MUCH I WANT TH-THAT B-DIG-DOPE!

B-HOO-H-HOO-HOO!

ALL RIGHT! THE NEXT TIME I SEE HIM I'LL GET ROUGH!

12 Big Spring (Texas) Herald, Thurs., Nov. 3, 1955

One Of 19 New Chevrolet Designs

Frontal appearance of the 1956 Chevrolet models has been smartly altered in 19 new body models by redesigned sheet metal and bright grillework. Performance has been improved (horsepower is greater, among other things) along with design of the newer offerings. This is the Bel Air sport coupe, an outstanding style leader on the Chevrolet list. The 1956 line will go on display here Friday at Tidwell Chevrolet Co., 214 East 3rd.

ON DISPLAY HERE FRIDAY

Chevrolet Presents 1956 Line With Notable Improvements

Emphasis on superior performance and sleeker lines of styling are to be noted in the Chevrolet cars for 1956, which go on display Friday. Tidwell Chevrolet Co., 214 E. 3rd, will be the setting for a local presentation.

The new Chevrolets have increased horsepower, a fleetier appearance and the broadest array of body styles yet offered. Chevrolet offers this year a four-door hardtop sedan.

The new model sixes rate at 140 horsepower, and the Super Turbo-Fire V8, which has recently set a new record at Pike's Peak, develops 205 horsepower.

Chevrolet is bearing down on safety features, with such options as seat belts and shoulder harness. Improved headlights, and crash-tested door locks.

Lively paint schemes are offered in accord with the increased color consciousness of car buyers. Choices range from black to a newly developed pigmentation in beige and red. Original two-toning gives each of three price-graduated series an exclusive pattern. Ten solids and 14 two-tone combinations are on the 1956 color chart.

Novel trim ideas, with particular attention to the low-price One-fifty series, are evident in the interior as well as the exterior treatments. Charcoal shades are new. In a simplification of options, the company announces each series will have a "standard" interior two-tone trim. A wide range of other harmonizing interiors will be available on an optional basis.

In the 1956 Chevrolet, completely new sheet metal complements a more massive grill in all models. The grille is a wider, lattice-work design and the effect of staunchness and beauty is aided by a heavier chromium header bar. Fender lines at the front and rear are higher and straighter. The hood plane is flatter and extends four inches farther forward before dipping to meet the grille.

Chromium molding, applied for the first time on the One-Fifty series, sweeps along the sides of the 1956 bodies to increase the low, ground-gripping aspect of the cars. Headlamp visors are more pronounced. Parking lamps are square and set low over the reshaped bumpers. A novelty is the location of the gasoline filler, concealed by

the hinged rear left tail lamp. The following bodies will be available in the 1956 Chevrolet line: One-Fifty Series—Two- and four-door sedans, utility sedan and two-door, six-passenger station wagon.

Two-Ten Series—Two- and four-door sedans, Delray coupe, sport coupe and sedan, two- and four-door six-passenger station wagons and four-door, nine-passenger station wagon.

Bel Air Series—Two- and four-

NOVEMBER 16th IS THE DATE

door sedans, sport coupe and sport sedan, convertible, Nomad station wagon and four-door, nine-passenger station wagon.

These 19 models compare with 14 available at the start of 1955 production.

In place of the two sizes of different horsepower that were presented in the 1955 line, six-cylinder output will be concentrated on one 140-horsepower engine with an 8 to 1 compression ratio. This engine may be coupled with either the Powerglide automatic transmission or the manual shift.

Of traditional economical, valve-in-head design, the new six is equipped with a high lift camshaft, hydraulic valve lifters and extra alloy exhaust valves which are slanted to minimize the build-up of deposits. The new engine provides even better performance than its predecessors, particularly for highway passing. Gasoline mileage has also been improved.

In addition to sixes, the 1956 Chevrolets may be powered by a variety of V8s, a type of engine which totaled almost a million in the company's 1955 model production. One develops 162 horsepower and is installed in cars with the standard shift. The second is designed for Powerglide and produces 170 horsepower. The Super Turbo-Fire with four-barrel carburetor furnishes 205 horsepower. Fitted with a new head, the compression ratio of the Super is at an all-time Chevrolet high of 9.25 to 1.

Nobel Prizes Go To 3 Americans

STOCKHOLM 28 — The Nobel prizes in chemistry and physics went to three Americans today. Dr. Vincent du Vigneaud of Col-

nell University's medical college won the prize in chemistry. The physics award went jointly to Dr. W. E. Lamb of Stanford University and Dr. P. Kusch of Columbia University.

The physicists will split prize money of \$36,720 for their work in correcting an error made by a British physicist who previously won the Nobel prize. Their work was in

connection with atomic measurements. Dr. Du Vigneaud will receive the \$36,720 chemistry award for his work on two hormones that help in childbirth and keep a check on vital body organs like the kidney. The chemist is the first scientist ever to take apart and put together

a hormone produced by the pituitary gland. His work on the two substances — oxytocin and vasopressin — is described by Nobel authorities here as "a historic feat in biochemistry." The physicists' work was important to atomic science.

Available in one- and two-pound packages.

More Tax Latitude Called School Aid

AUSTIN — More latitude for the states in their taxing program was suggested here yesterday as an alternative to federal aid to the states in their public schools.

The suggestion came from Thomas B. Ramey of Tyler, chairman of the State Board of Education. He spoke at the closing session of the Texas Conference on Education.

Ramey agreed with Gov. Allan Shivers' stand against federal control of the local schools.

"Let our friends in Washington relieve us of a goodly portion of the stupendous federal tax burden under which we are staggering," Ramey suggested. "Thus, he said, the states could adequately support their schools without federal aid."

The conference was held here to help formulate ideas for presentation to the White House conference later this month.

Ramey said Texans can afford no less than the best education possible for their children.

"To those among us who may be inclined to question whether we can afford the kind of education we are undertaking to provide for our children, may I say in all earnestness, we can afford no less," Ramey said.

Ramey said that important as they are, reading, writing, spelling and calculating are but means to an end.

"Essentially, education is of the spirit," said Ramey. "It is that which is designed to furnish the youth a satisfying and understanding perspective toward life and its problems, to the end that he may become a useful and purposeful citizen."

Ramey praised the 1,000 participants in the conference for their contributions.

"One of the most heartening signs of the times," Ramey said, "is the enhanced interest which our citizenship generally is evidencing in the cause of education."

Ramey outlined some of the advances Texas public education has made during the last few years: Professional standards of teachers have been elevated, educational services have been extended, physical facilities have been modernized.

"More children are getting more and better education than ever before," he said.

Quality Farm Idea Is Backed

FRESNO, Calif. (AP)—The Senate Agricultural Committee found new backing today for the idea that farmers be required to produce top quality products in order to be eligible for full benefits of farm programs.

Rep. Sisk (D-Calif.) suggested price supports on major crops be placed on a sliding scale. Highest grades would be supported at 90 per cent of parity with poorer grades drawing lower price guarantees in the parity scale.

Sisk said this would discourage farmers in many areas of the country from producing low grade cotton and other crops for disposal to the government under the government's surplus program.

Truman Honor Guest At Autograph Party

KANSAS CITY (AP)—Harry S. Truman is going to do a lot of writing today — all of it autographing.

The former president is guest of honor at a party in connection with publication of the first volume of his memoirs, "Year of Decisions."

He'll autograph books for some five hours in downtown Kansas City.

Queen Meets Star

Queen Elizabeth II extends a greeting to Italy's film queen, Gina Lollobrigida, at a royal cinema show in London. The show is an annual event for the benefit of the film folk.

Teenage Girls Safer Drivers?

Who are the best drivers, boys or girls?

According to insurance company figures, the girls are the best risk. George Oldham, executive secretary of the Citizen's Traffic Commission, said teenagers who have completed the driver education course at school can lower the cost of automobile insurance by 10 per cent.

"The Driver Education course will pay one year's insurance every ten years," Oldham said. This much would be realized in savings using the discount.

The basic limits of liability for auto insurance is \$5,000 per person, \$10,000 each accident, and \$5,000 property damage. Cost for this coverage for one year with no persons under 25 years of age driving the car, is \$28. If a boy between 14-25 years is a driver, the cost is \$45. If a driver of the insured car is a girl between 14 and 25 years, the cost is \$37.

Thus the insurance company figures that the girls are \$8 per year safer drivers than the boys.

If a boy or girl is the principal operator of the vehicle and is under 25 years of age, the cost is \$55. These figures are for liability insurance.

For \$50 deductible collision insurance, the cost is \$40 where no teenagers will be driving the car. A teenage boy will increase the cost to \$65 and a teenage girl increases it to \$54. If a teenager is the principal driver, the cost is \$79 per year.

The total cost for insurance in a year, with no teenage drivers,

would be \$68. Total cost when a teenager is the principal driver would be \$134.

If a teenage driver uses the family car occasionally, and is between 14-25 years of age, the cost would be \$110. If a boy, but only \$91. If a girl. This is a savings of \$19.

In each of these cases, if the boy or girl has completed the school's driver education course, a discount of ten per cent is allowed, making the costs \$99 and \$81.90 respectively.

Patient Wife Gets Watch

MEMPHIS, Tenn. (AP)—At long last, Mary Kelly had time on her hands today — the jeweled cocktail watch her husband selected as a Christmas gift for her 11 years ago.

Willie Kelly, a truck driver, saw the \$395 watch in a downtown jewelry store in September, 1944, and made a \$2 down payment.

He wasn't able to pay it out by Christmas, however — nor by the next Christmas nor the next.

The store agreed to hold the watch indefinitely, and little by little Willie paid in \$283.91.

The granddaddy of layaways was brought to light recently by columnist Lydel Sims of the Commercial Appeal. Readers from as far away as King Salmon, Alaska, chipped in \$105.50.

This brought the balance down to \$56.94 from the original cost and tax, and the jeweler agreed to pay that.

Yesterday a broadly smiling Kelly got the Christmas gift out of layaway and presented it to his wife.

Shepperd, Burris Opposed In Attempt To Pick Trial Site

AUSTIN (AP)—The State Supreme Court has been asked for permission to seek an order that would prevent Atty. Gen. John Ben Shepperd and Dist. Atty. Sam Burris of Alice from picking the county for prosecution of recovery suits against George B. Parr.

The motion was filed by Laredo Attorney Gordon Gibson, who also wants the court to make Dist. Judge C. Woodrow Laughlin of Alice set aside an order suspending Mrs. Estella G. Garcia as a county commissioner and appointing Thomas H. Molina in her place.

The motion claims the attempt to remove Mrs. Garcia is void and unconstitutional because the county attorney of Duval County did not join in the action.

Supreme Court action on whether to permit filing of the petition is expected within a week.

Filing of the motion is the latest development in a continuing fight over where the state will get to prosecute a recovery suit against Parr, political kingpin of Duval County.

Suspension of Mrs. Garcia on a charge of incompetence and official misconduct in office avenged the Commissioners court from a pro-Parr to an anti-Parr majority.

Gibson's brief seeking the Supreme Court writs of mandamus claims that "the removal from office of Mrs. Garcia which purportedly was accomplished by the order signed by C. W. Laughlin is an obvious and fraudulent scheme to deprive her of her vote on the commissioners court and to replace her with a puppet who will vote with Dan Tobin and Mrs. Juan Leal to dismiss the (Laredo) suit and to authorize the prosecution of the suits in La Salle and Jim Wells counties."

Bad Handicap

SCHENECTADY, N.Y. (AP)—Kenneth S. Sheldon, a Republican candidate for city council, winds up his campaigning under a serious handicap. He fell while hanging storm windows and sprained his right—or handshaking—wrist.

Zale DIAMOND

Just put your "pin money" to work! The few odd cents you spend each day and never miss, at the soda fountain, at a news stand — those are the pennies and nickles that can buy you the most beautiful diamonds in America today! Each of these breath-taking creations is true to our high standards of craftsmanship, design, beauty and extra value. Your choice can be conveniently yours with no money down and small weekly or monthly payments that actually figure as little as 15c per day... and you may take a full year to pay

Your Choice \$50. 15c PER DAY

- Breathtaking beauty of 10 diamonds in 14k gold mountings. \$50.
- 6 fiery diamonds in lovely stars! 14k gold. \$50.
- His own brilliant diamond in rich 10k gold. \$50.

Your Choice \$100. 30c PER DAY

- Double rows of 25 brilliant diamonds. 14k gold. \$100.
- 3 brilliant-cut diamonds in heavy 14k gold. \$100.
- 12 beautiful diamonds in curved ribbons of solid 14k gold. \$100.

Your Choice \$150. 45c PER DAY

- Exquisite with 12 diamonds in 14k gold! So EASY to own! \$150.
- Interlocking rings with 22 diamonds. 14k gold. \$150.
- Brilliant, massive 5-diamond, 14k gold ring. \$150.
