Number 1

Fall Enrollment Figures Climb To 1500

President Clifford B. Jones Welcomes Registrants

Prexy Speaks For Administration In Letter To Studes

On behalf of the administrative officers and faculty, a most cordial welcome is extended to the incoming class of boys, who, owing to war conditions will be the smallest in many years. Especially are we pleased to receive the students from various Latin-American countries whose presence here evidences a type of good neighborly policy which we desire to encourage and emulate.

We should like also to emphasize how welcome are the military students who are here for basic or advanced training. It is our great desire to contribute the maximum to their welfare.

We hope the civilian students will take advantage of and benefit from all of the facilities of the college, both the prescribed academic work, the general cultural facilities, and the student activities, all of which contribute to our growth and development as well-rounded citizens. We should like to see these students and their ability, initiative, and incentive to do their work well. At a time when others are giving their lives that they may peacefully pursue a relatively normal course, a greater responsibility than ever rests upon us to do our part.

Best wishes for a profitable, happy, and healthful year.

Clifford B. Jones
President

President Jones

Artists Course Brings List Of Great Performers

Artist Course series of the year includes: Charles Kullman, young tenor of the Metropolitan Opera; the General Platoff Don Cossack Chorus; Mia Slavenska dance ensemble; and Eleanor Steber, Metropolitan soprano.

Charles Kullman is singing on a South American tour. He will arrive in Brownsville, late in September and come directly to Lubbock for performance and then to the Pacific coast to fill a series of programs. He has sung with the Metropolitan Opera at Dallas.

The General Platoff Don Cossack Chorus under the direction of Nicholas Kostukoff was organized in 1921 in Prague. The Chorus is made up of 27 Russians from the region of the Don in southern Russia. I made its debut in Vienna in 1926 and in the United States in 1939 in the San Francisco World's Fair. The programs include Russian liturgical music and folk-songs, Cossack melodies, battle songs, and dances. These Cossacks, who appear in the military dress of a Cossack soldier, are extras from their native land. The chorus is named for the famous Cossack General Platoff who was renowned for aiding in the turning back of Napoleon's invading army on Moscow. The total number of concerts presented in the United States by this group in 1942-43 amounted to 24. These performances included a number of subsequent USO tours of camps and naval bases. The voices in the chorus cover a range from high soprano to low bass, while the chorus itself can produce a harmonious tone. The Don Cossack chorus will make its appearance at Texas Tech in November.

Leading Prima Ballerina, Mia Slavenska, of the Ballet Russe de Monte Carlo will appear with her dance ensemble in February. She was born in Slavonia, Brod, Yugoslavia and studied at the Royal Academy of Music in Zagreb. At 15 she gave a performance at the Zagreb Opera House with her ensemble in a program entirely arranged and choreographed by her. She later went to Paris where she studied under Madame Bronislava Nijinska of the Russian School of Ballet. She appeared in "Giselle," "Swan Lake," "Scheherazade," "Coppelia," and "Nutcracker" and numerous others. Mia Slavenska first became known to the public of the United States when she appeared in the motion picture, "Ballerina." Her first American Transcontinental tour is booked for January, February and March of 1944.

Eleanor Steber, Soprano of the Metropolitan Opera Association is to give a performance in April. She made her debut at the Metropolitan as Sophie in "Der Rosenkranz." She has made many tours to many states and Canadian Provinces. Last winter she was soloist with the New York Philharmonic Symphony Orchestra, chosen by Bruno Walter to appear in several programs as the Force Majeure in "The Marriage of Figaro" and "Cata Hour, and the New York

Craddock Extends Welcome to New, Former Students

On behalf of the officers of the Student Council, I wish to extend to each and everyone of you a hearty welcome. We are very happy to have all of you former students back and very, very happy to welcome all you freshmen and transfers to our campus. We want you that are new on Tech's campus to feel that this is YOUR Tech and that you are definitely a part of it.

The Council asks every student's earnest cooperation in promoting the interests of the student body and that each one do his utmost to maintain a harmonious understanding between the faculty and the students.

We Techsians are very proud that Tech is known as the friendliest college in the nation, and we are asking that the "howdy" spirit that has prevailed on our campus since its establishment remain prevalent. A friendly "howdy" is certainly a good way to win friends.

Though we may be fewer in number this year, let us strive to make Tech even better than it has been in the past.

Techsians, let's keep the democratic spirit alive on our campus! Yours for a successful year,

Maxine Craddock
Student President

Maxine Craddock

Seventy-Nine Are Given Positions Teaching School

Seventy-nine teaching positions, not previously announced, have been placed for former Tech students by the Teacher Placement Bureau. New headquarters for the bureau, of which Dr. D. D. Jackson is head, have recently been moved to the Press Building, rooms 211 and 212.

Latest appointments, as given by Dr. Jackson are: Mrs. Geta Warren, Lubbock, and Mrs. L. E. Groves, Knox City. Mary Lucy Settle, Abernathy, Mrs. Atha Ezell, Snyder.

In Seagraves Miss Bonnie Faye Cogburn, Elizabeth Thacker, and Amy Gladys Wilhelm, all of Lubbock have secured positions.

Levelland schools have employed Miss Evelyn Taylor of Roaring Springs as physical education director.

Misses Nancy Jena Binford of Wildorado, Marcille Burleson of Meadow, Verda Mae Jayton, and Julia Fern Wilbanks of Spearman have accepted positions in Amarillo.

Misses Jena Holloman, Littlefield, and Wardell Sweatt, Munday, have been elected to teach in Valasco. Misses Ella Ruth Zinn of O'Donnell and Myrtle Baum of McAadoo will teach in the intermediate grades at Girard.

Mrs. J. Weldon, Stamford, has accepted the elementary principalship at Frenship Rural school.

Miss Margaret Slover, Whitharrel, is teaching mathematics in Muleshoe.

Miss Grace Cade, Chandler, has been elected high school principal at Chandler.

Miss Mary Helen Appling, Slaton, will teach the second grade in Carlsbad, New Mexico.

Mrs. Helen Waddell will teach high school English at Wolfforth.

Miss Mary Edith Holden, Alledo, will teach fifth and sixth grades in Monument, New Mexico.

G. M. Hudson, Hereford, has been elected to the high school principalship at Brownwood.

Mrs. Kilgore Mission, is teaching in Cotton Center.

Miss Betty Brooks, Lubbock, has been appointed instructor of commercial subjects in Mary Hardin Baylor College.

Miss Grace Montgomery, Tahoka, is teaching commercial work in Monahans.

Mrs. Olive Rackley, Meadow, has accepted the high school English position in Spur.

Miss Elmore Smith, Floydada, is teaching second grade in Stinnett.

Miss Thelma Cromer of Lubbock, is teaching in the grades in Post.

Miss Lillian Tarter, Friona, is teaching in Eunice, New Mexico.

Miss Anna Jo Wilson, Lubbock, is teaching commercial work in Floydada.

Others and the positions they fill are as follows: John S. F. me, Cambridge, Mass., mathematics in Coulbourn; Miss Yvonne Simmons, Clinton, second grade at Hart; Miss Dorothy Baker, public school at Ropes; Miss Emogene Eudy, Lubbock, commercial work at Denver City; Miss Margie S. Dawley, Lubbock, history at Brownfield; Mrs. Katherine T. Parker, Lubbock, high school English at Slaton; Miss Charlene McFarland, Friona, public school music, Clovis, New Mexico.

Nursing Course Offered Here By Home Ec Division

Course for prospective high school home nursing teachers is being offered by the home economics education department this fall for the first time in several years.

This course, which is taught in cooperation with Lubbock hospitals, is designed to help teachers meet the present war need for instruction in home care of the sick, home safety, and common home health emergencies.

Students will be eligible for Red Cross home nursing certificates upon completion of the course, according to the catalogue.

New Employees In Ag Division Given

Two new employees of the department of animal husbandry have assumed positions on the college farm. Dave Little, formerly beef cattle herdsman at Texas A & M and more recently herdsman for J. L. Frazier of Lampasas, has been beef cattle herdsman since August 16. R. H. Taylor, shepherd, who formerly resided and farmed in Fannin county near Leonard, is in charge of caring for the college goat and sheep flocks.

St. Clair Directs Safety Course Extension Work

Three extension courses were formed during registration for freshmen students wanting to major in engineering who do not have enough high school credit in mathematics. Both a one-unit and a half-unit course are being taught in Algebra 2, and one unit is offered in plane geometry.

J. N. Michie, head of the department of mathematics, is teacher of the half-unit course in algebra, and Dr. F. W. Sparks is teaching the one-unit course. Dr. E. L. Thompson teaches the unit in geometry.

Former Tech Engineers Visit Campus This Week

Mrs. Rex Webster, the former Madge Malone is now secretary in the dean of men's office. Mrs. Webster is a graduate of Texas Tech.

Ensign Webster is also an ex-Techian, is in North Africa.

Capt. Loyce Turner of the Army Air Forces was a campus visitor last week. Turner was a mechanical engineering student from Floydada.

Ensign Albert Bartel, 1942 graduate of the engineering division, was on the campus Wednesday. Bartel, whose home is in Dallas, has seen action in the South Pacific.

College Calendar

- Saturday, Sept. 18
 - DFD Rush Party 5-7, 2324-17.
 - Ko Shari Party, 7:30-9:30 Hilton Hotel.
- Sunday, Sept. 20
 - Special sermon, 11:00 Lubbock churches.
- Monday, Sept. 20
 - Late registration fee after 5.
 - Las Vivirachas Rush Party 5-7, Hilton.
 - Las Chaparritas Rush Party, 7:30-9:30 Lubbock.
- Tuesday, Sept. 21
 - Opening convocation, President's address, 10:00, Gym.
 - Student election of class officers, 11:00.
 - Sons Souel Rush Party, 5-7, Hilton.
 - Las Vivirachas Party, 7:30-9:30, Hilton.
 - WRA Party, 8-11, 214.
 - Las Vivirachas Party, 9:00-11:30, Hilton. Every student may register for a course.
 - Convocation - Women's Rush Week.
- Friday, Sept. 24
 - Lubbock churches.

First Convocation Set September 21

Men In Minority With 542
Women Students Total 958;

TEXAS Tech begins its eighteenth year with 1500 students enrolled and the first all-college gathering Tuesday morning at 10 o'clock in the gymnasium.

Women students outnumber men students registered with 958 women to 542 men. Monday is the last day for regular registration, and those entering school after that day will have to pay a late registration fee. Late registrants will make application for entrance in the Registrar's office.

Pre-Flight Group Boasts Array Of Experienced Men

Many Men Here From War Theaters; Some Wear Special Awards

Among the newest group of aviation students at Texas Tech is probably the most experienced group of fighters ever to return to the United States. It is difficult to single out any outstanding personalities, for all these men are heroes in their own right, but in the American crew would be:

Aerial Engineer Robert Kerr, born in Waynesburg, Pa., 24 years ago, is an almost every type gliderman and bomber, and has held the transportation of men, supplies and materials to the various war theaters. Kerr has been cited by President Roosevelt, General MacArthur, and General Kenney of the South Pacific Air Command Awarded the D. F. C. for the minimum of 50 combat missions S-Sgt. Kerr had 134 missions and 392 combat hours to his credit, after he has been in the service 31 months.

Ground or line engineer, 21-year-old Ralph Gurley from Indiana was sent to Australia when he was 19 years old. S-Sgt. Gurley remained there until this recent return. On the trip to Brisbane, his ship was attacked three times by enemy submarines, but it came through, sinking two of them.

Radio operator and gunner, S-Sgt. Al Charmauchas, 22-year-old Pennsylvanian who has served aboard B-17s and B-24s in three major campaigns, took part in action at Midway, Bismarck, and in the Paupuan campaign. In New Guinea he applied for cadet training and came back to the U. S. via Australia and Hamilton field, also touching Cuba, Panama, Canton, the Fiji, and New Caledonia.

Pilot, 1st Sgt. William Van Dine, who worked his way up through the ranks and compiled invaluable flying hours in the Southwest Pacific against the Japs.

Bombardier, T-Sgt. Sneider, 25-year-old veteran of 37 Pacific combat missions, is from Altered, Texas. He has been awarded the Air Medal by General Kenney. Sneider received the Silver Star last December for precision bombing from a B-25 Mitchell bomber that sank a destroyer. He enlisted in the army in 1939 and received his present rating last February while a member of the 90th bombardment squadron on patrol duty.

Gunner, S-Sgt. Paul R. Williams of Saxton, Pa., who has been cited the Oak Leaf Cluster, has seen seven months of combat service, 350 hours of actual fighting on Guadalcanal, New Zealand, and New Georgia Islands.

Pep Rally Give Promise Of Much Spirit In 1943

Tech's first pep rally of the football season promises a spirited student body to back up the Red Raiders.

Shortages and rationing does not include freshmen as proved by the large number attending the pep rally. Freshmen girls in their green hats participated for the first time in the annual "Fis" parade leading to the pep rally. "Jeep" hats or girls was a new tradition started on the campus last year.

W. L. Stangel, head of the athletic Council, said that the team is the youngest, strongest, fightingest, team ever. Stangel proposed dedication of Saturday's game to Walter Schlinkman, fullback on last year's team. Schlinkman is unable to play because of a leg injury.

Introduced to the students were Del Morgan, head coach, and Polk Robison, assistant coach. Morgan appointed Buck Gillenwater and Walter Schlinkman as the two captains for this year. They are the only former lettermen back on the team. Coach Morgan presented while a member of the 90th bombardment squadron on patrol duty.

Bill Barnett, Toreador editor, asked students to pledge themselves to uphold the spirit of Tech as it once was in spite of existing handicaps.

Student pep leaders, Charles Fugitt, Jackie Wilkerson, Hoke Holbrook, Dolores Bizzell, and Billy Joe Stovall led familiar yells and Tech band played football songs.

Students Housed Despite Shortage Visual Education Opens

In spite of a local housing shortage and Army occupation of three dormitories, rooms have been found for everyone, according to Dean of Men James G. Allen and Mrs. Eleanor Chittwood, assistant dean of women.

While one college dormitory has been reserved for women, all men students must find rooms in boarding houses and private homes. Many people have opened homes to students as a cooperative gesture, Dean Allen said. Facilities are scattered throughout Lubbock, but are in the condition they have ever been.

J. F. McDonald of the department of history is retiring. Mrs. McDonald is moving to Oklahoma City by the 18th.

Edith Coleman Is Added To Faculty Of Applied Arts

Miss Edith Coleman is a new faculty member in the applied arts department of the home economics division. She comes here from Silver City, N. Mex., where she taught in the Eastern New Mexico Teacher's college.

Miss Coleman, whose original home is Austin, received her B. A. and M. A. degrees from The State College for Women. She was also studied under Alexander Ince in Taos, N. Mex. She is studying Mrs. Troy Lockard, who has been assigned as instructor of applied arts.

Three other members of last year's home economics faculty will not return to the campus this fall.

Miss Johne Bowles is working with the Dallas War school on the problem of reducing absenteeism in the war industries there. She works in the homes of various employees in an effort to see that they have been on the Tech faculty since 1940.

Miss Elizabeth Hawley, assistant professor of applied arts, is on sabbatical until next spring because of illness. She has been a member of the faculty since 1940. Mrs. Edna Buxter, associate professor of clothing and textile, is on temporary leave of absence. She taught in the home economics division since 1927.

Applications For Publications Jobs Will Be Accepted

Applications for business managers of the Toreador and La Ventana will be taken next week. Eff. A. B. Strehl, head of the publications committee said.

Joak Lee Barnett is acting as temporary Toreador business manager, succeeding Jack Stewart who was appointed last spring and called to service in July. Miss Barnett will hold office until an appointment is made by the committee next week.

George Acton, who was elected business manager of La Ventana is training at Fort Belvoir, Va.

Pictures For La Ventana To Be Made During Week

Pictures for La Ventana will be made in the Sally Port of the Administration building, through the week beginning Sept. 20. Eleanor Cotton, editor, announced today.

Vaccination Certificate Deadline Set October 1

Students who are obtaining vaccination certificates from home economics nurses must bring the certificates to the registrar's office by 1, W. P. Clement, registrar, next today.

Steber Slavensky Don Cossack Chorus Are Scheduled Here

Artist Course series of the year includes: Charles Kullman, young tenor of the Metropolitan Opera; the General Platoff Don Cossack Chorus; Mia Slavenska dance ensemble; and Eleanor Steber, Metropolitan soprano.

Charles Kullman is singing on a South American tour. He will arrive in Brownsville, late in September and come directly to Lubbock for performance and then to the Pacific coast to fill a series of programs. He has sung with the Metropolitan Opera at Dallas.

The General Platoff Don Cossack Chorus under the direction of Nicholas Kostukoff was organized in 1921 in Prague. The Chorus is made up of 27 Russians from the region of the Don in southern Russia. I made its debut in Vienna in 1926 and in the United States in 1939 in the San Francisco World's Fair.

The programs include Russian liturgical music and folk-songs, Cossack melodies, battle songs, and dances. These Cossacks, who appear in the military dress of a Cossack soldier, are extras from their native land. The chorus is named for the famous Cossack General Platoff who was renowned for aiding in the turning back of Napoleon's invading army on Moscow.

The total number of concerts presented in the United States by this group in 1942-43 amounted to 24. These performances included a number of subsequent USO tours of camps and naval bases. The voices in the chorus cover a range from high soprano to low bass, while the chorus itself can produce a harmonious tone. The Don Cossack chorus will make its appearance at Texas Tech in November.

Lost Found Articles Table Information Desk

Lost and found articles should be turned in to the registrar's office, W. P. Clement, registrar, announces.

There is usually a nice collection of hats, gloves, pocket knives, books and keys turned in each year, he said, and students are urged to inquire when they lose anything.

Open Letter By Baker Comends War-Time Studes

Welcome to you Techsians! We are glad you are making Texas Tech your school for here you will find everyone is your friend in your exciting, new life at college. Junior Council is anxious to solve your problems you may be confronted with at Texas Technological College.

You are to be commended on coming to college, especially during war times. The society will not be as gay as usual, but scholastic opportunities are richer than ever. In our striving for knowledge, we must maintain the high standards and many traditions of our college, as loyal Techsians have always done "through thick and thin".

Before you have been here many days, you will see proven Texas Tech's reputation for democracy and friendliness. Not only are the students your friends, but also the faculty. You will find them eager to assist you in all things.

May you reap untold benefits from the unlimited opportunities found at Texas Technological College. We will help you, but it is up to you to make the most of the scholastic and social advantages offered here.

Here's to you, our friendship, and a wonderful year at Texas Tech! Sincerely,
Anna Baker, President
Junior Council

Anna Baker

A Hint To The Wise...

WE ENTER this brief note in our editorial columns with the hope that the ancient proverb, "a hint to the wise is sufficient", will hold true in this instance.

Freshmen, boys and girls alike, are expected to purchase in the very near future the regulation caps that denote their class, and traditionally referred to as "slime caps". Such hats are on sale at Hemphill-Wells department store in down-town Lubbock.

These caps have become a tradition at Texas Tech and we feel that the "fish of '47" will be missing something if they fail to wear them. In later years the present freshman class, as individuals, will be able to look back on these days that are coming all the rest of their lives. Failure to participate in activities carried on by the "fish" will be a regrettable omission in the future.

Hazing has been eliminated by state laws, but we feel that this is no cause for the cancellation of tradition. There will probably be little, or nothing, done to the person who fails to observe this custom, but he will lose much materially.

With this, we drop the subject with the hope that the present group of freshmen will respond in the traditional manner and that there will be no "uncovered heads" among the beginners at Tech.

Post Office Boxes Rent For 45 Cents Per Quarter

Post office boxes will rent for 45 cents for the quarter beginning September 30, Mrs. L. A. Royalty, Texas Tech postmistress, announced today.

Mrs. Royalty asks that students who call for their mail, leave their addresses at the post office on the first floor of the Administration building across from the business office.

Deadline for dormitory board and room for the month is Sept. 23, according to H. L. Burgess of the business office. Payment is \$2.50, a slight increase over last year's.

Band Rehearsal Held Wednesday

Texas Tech band began activities Wednesday night with a rehearsal in preparation for the pep rally Thursday night. Enrollment in band this semester consists of about 50 per cent girls, whereas previously they have made up an average of about 20 per cent.

"The band is much better than anyone expected," says D. O. Wiley, director, "and prospects for a good band during the year are very favorable under the circumstances."

Campus Organizations Are Outlined By Junior Council

Aggie Club
The Aggie club was founded in 1926 by Dean A. H. Leidigh, first club sponsor. The club's purpose is to foster and promote interest in all matters pertaining to agriculture and to encourage cooperation of members in major projects undertaken by the college. All agricultural students and graduates in the division are eligible for active membership. The club sponsors social events, athletic contests and programs for development and entertainment of members.

Alpha Chi
Organized in Georgetown, Texas in 1915, Alpha Chi became statewide in 1922 and was made a national society in 1934. Its first president was Dr. H. Y. Benedict, formerly president of the University of Texas. It was established at Texas Tech by A. W. Evans and Professor R. C. Harrison in 1926. Alpha Chi is dedicated to a stimulation of a spirit of sound scholarship and devotion to truth wherever found. It opposes narrowness and distinction on any basis save true worth. Active members are selected from the upper tenth of the junior and senior classes.

Alpha Epsilon Delta
Founded at the University of Alabama in 1925, Alpha Epsilon Delta is an honorary pre-medical fraternity. The Texas Gamma chapter was organized at Texas Tech in 1938. The society's purpose is to encourage excellence in pre-medical work, to offer a goal toward which the students may strive, and to bind together students with similar interests.

Alpha Psi Omega
Tau Cast of Alpha Psi Omega, organized in 1926, is made up of students doing outstanding work in the field of drama. The organization has as its purpose to seek to become a humble artist. Active participation in dramatics is necessary for membership. Meetings are held at the call of the president in the Campus Playhouse. A supper is held following the initiation of new members in the spring.

B. A. Club
The B. A. club was organized in 1937 under the supervision of Professor T. C. Root. Membership is made up of business and economics majors with a "C" average in 12 hours work in commerce. Meetings are held monthly at which a speaker advises students in business fields.

Baptist Student Union
The B. S. U. was organized to promote student participation in the religious programs of the church. To become a member a person must be a Baptist and a student at Tech.

Biology Club
The purpose of the Biology club is to stimulate interest in biology by sponsoring field trips, presentation of papers of professional and semi-professional interest, and entertainment of its members.

Book Reviewers
A girls literary group to encourage reading of current editions and to teach them to review books. Membership is limited to 45 girls a year. One social function is sponsored a year.

Debate Club
Debate club was organized to interest students in debating in all forms, and to give them an opportunity to express themselves and hear the opinions of others on the current topics of the day. Any student may join. The club meets every second and fourth Tuesday evening of the month.

Forum
Forum is an honorary organization composed of 15 girls outstanding for leadership, scholarship, and character. To be eligible for membership, a girl must have a

B-average and at least 20 activity points. Purpose of the Forum is to promote worthy undertakings on the campus.

Freshman Honor Society
The Freshman Honor Society is an honorary organization composed of freshman girls maintaining a B average. The society is sponsored by the A.W.S. and Forum with Miss Martye Poindexter, instructor in home economics, and Mrs. William Dingus of the foreign language department as faculty advisers. Girls are eligible for membership from the beginning of the second semester of their freshman year to the end of the first semester of their sophomore year.

Gargoyle Club
The Gargoyle club is composed of members of the department of architecture and allied arts. Purpose of the club is to stimulate interest in the study of architecture and art, and to give students of the department a chance to become better acquainted.

Home Economics Club
Not only is the Home Economics club one of the largest organizations on the campus, with its membership over 200, but it is one of the most active ones as well. The club sponsors the Margaret W. Weeks loan fund, which aids home economics students in attending school; the annual Home Economics open house, which is visited by students from nearly all surrounding high schools.

Through programs at regular meetings, every member is given an opportunity to display leadership and entertaining ability.

I. R. C.
International Relations club is open to all students interested in world affairs. Organized at Tech in 1930, the club operates under sponsorship of the Carnegie Endowment fund for international peace. The programs are lectures, debates, and discussions of world conditions.

Junior Council
Composed of 20 outstanding girls of the junior class, Junior Council working with A.W.S. helps promote many school activities. The outstanding function of the council is the assistance given freshman girls during their first year at Tech.

La Capa y Espada
La Capa y Espada, Spanish club was organized in 1925. It gives the student a better understanding of customs, traditions, and histories of Spanish-speaking nations of the world. Two years of high school Spanish or one year of college Spanish is necessary for eligibility for membership.

Las Leales
"Honor Above All" is the motto of the honor and fellowship club whose name means "The Loyalists". Las Leales was organized in 1928 as a service club for women students of outstanding character and ability. Membership requirements are junior or senior standing and a "B" average in all previous work in college. Girls who are chosen according to their extra-curricular activities are eligible for membership.

L'Entente Franco-Americaine
Purpose: To promote interest outside the classroom in French culture and language. Probably meets the fourth Tuesday in every month in the evening. The programs are talks on topics of interest, clubs, French games and songs. Usually a play in French is presented by members of the club sometime during the spring semester. Any Tech student who is taking or has taken French is eligible for membership.

Liederkrantz
The Liederkrantz of the foreign language department was organized during the year 1928-29. Purpose of this club has always been as its name implies, to learn German folk songs and folk dances. Anyone interested in the German language, music and science, is eligible to membership, or may visit the meetings held each month.

Newman Club
The Newman club was established at Tech in 1936. Its purpose is to provide intellectual, spiritual and social activities of a suitable kind for its members. To become a member the pledge must be a Tech student and a Catholic. Meetings are held weekly and dances are generally given once a month for members and dates. Dr. Bessie League is faculty sponsor.

Phi Upsilon Omicron
Omega Chapter of Phi Upsilon Omicron, national honorary home economics fraternity, was installed at Texas Tech in the spring of 1938. Purpose is to promote the moral and intellectual development of its members, and to advance and promote home economics. Membership is composed of students who have reached the last semester as a sophomore in home economics, who rank well in general ability, and who are in the upper two-fifths of the class in scholarship.

A. W. S.
Association of Women Students welcomes all new and former women students to Tech campus. This year A.W.S. would like to bring all of the girls together in more group meetings.

Pre-Law
Purpose of this club is to familiarize pre-law students with the profession of law and to help them understand matters pertaining to law schools. Membership shall be open to all regularly enrolled students of Texas Tech who are interested in the study of law.

Pre-Med
The Pre-Med society was organized in 1925 and has as a main object to acquaint pre-med students with their chosen profession. Officers are elected in the spring, and qualifications for membership are that the prospective member be interested in medicine and be in good standing on the campus. The annual banquet and dance is held in the spring.

Rock and Buskin
Organized in 1925, Rock and Buskin has placed Texas Tech high in the ratings of intercollegiate drama. Its purpose, the promotion of collegiate drama, has inspired the production of many plays and programs on the campus of interest to both students and the general public.

S. P. Q. R.
S. P. Q. R. is an organization of students in Latin. Anyone interested in the language may become a member. Purpose of the organization is to study Rome's culture and its application to present-day life.

Tech Accounting Society
The Tech Accounting society was organized May 5, 1939, with 21 charter members. The club has as its aim the affiliation of those students who are interested in accounting, and who have completed the minimum requirements for club entrance which include junior standing, approval of members, eight hours of elementary accounting with an average of "C".

W. I. A.
The Women's Independent association, now called Collegium, is open to all women students enrolled at Tech and who are not social

Dairy Dept Gets Approval U. S. Govt.

The department of dairy manufactures of Texas Technological College has been approved by the United States Department of Agriculture as a cooperative agent in grading butter and cheese purchased by the government for the lend-lease and military services. Handling the inspection of butter and cheese bought in West Texas by the federal government at the present time are three officially recognized graders: K. M. Renner, head of the department of dairy manufactures; M. G. Pederson, professor of the said department; L. G. Harmon, associate professor of same.

Under the W. A. E. appointment in June Prof. Pederson has been doing the grading up to date. Due to the college's location the area is widespread, extending as far east as Denison and south to Comanche. Lubbock is situated in a concentrated butter-producing area of the state.

The main office, located in Dallas, supervises the two government agents in Texas, which are Texas A & M and Texas Tech.

R. C. Mowery, professor of animal husbandry, will judge the Junior Livestock show at DDMitt on Sept. 24. The county agent, M. U. May, has charge of the show arrangements.

club members. Purpose of Collegium is to develop a spirit of unity among independent women students, to support and promote activities among members, to cooperate with other campus clubs in furthering their aims and ideals of the entire college.

TEXAS TECH COLLEGE "IMMEDIATELY WEST OF GIRLS' DORMITORY" ON THE CAMPUS

Red Raiders Clash With LAAF Tonight

Inexperienced Tech Team Faces Veterans

SOME 40-odd Red Raiders closed two weeks of intensive drills yesterday, and stand ready to open their 1943 season against the Lubbock Army Air Field Flyers tonight in Tech stadium.

Football hopes received a blow early this week when Walter Schlinkman, potential All-America fullback, broke his foot in scrimmage and is probably out for the season. However, Coach Dell Morgan immediately drew Bob Brewer, Lubbock High Star of last season, from his long list of reserves, and continued preparations for the game tonight.

The Red Raiders are, for the most part, an entirely new group, and few of them have had college

FOOTBALL PROGRAMS

Boys interested in selling football programs may do so by seeing Bill Parker in the Press building by noon Saturday.

experience on the gridiron. Of the group but two have played football for Texas Tech before. E. W. "Buck" Gillenwater, massive tackle of last season, is the lone varsity letterman to be found among the ranks. Buster Melton is the other returning Techman, lettering in freshman football last season. Melton is running in the tailback slot, formerly occupied by Tech's great back, J. R. Callahan, recently called to the Navy.

Among the frosh backs, all freshmen being eligible for varsity competition this year, who are bidding strong for a starting berth tonight are Brewer; Freddie Brown, a nifty runner and passer; Harry Riley, scat back from Pasadena Texas; Owen Peden, a speedy runner who is looking good in the wing-back slot. Also looking well at the blocking back post are Joe Thompson, Bobby Hayes, and Raymond Smith.

At the end positions are Hubert Bechtel, rangy end from Lubbock who hawks the ball both offensively and defensively; Nolan Weeks, another tall lad who is an excellent pass receiver; Don Dudley, a man who shows exceptional speed and who has been showing up well on blocking and tackling; Lee Anderson of Lubbock, and a star at West Texas State at Can-

yon last season, has looked well at his end position; and Jerry Doss, another tall rangy lad shows much promise.

Gillenwater has a starting place cinched at left tackle, and has as his understudy Harry Walker, 210 pounder from Muleshoe.

Burton Adams, veteran right tackle, will miss tonight's tilt due to a chipped bone in his foot, but Coach Morgan had his choice of Donald Grove, giant tackle from Monument, New Mexico; or Ed Watson of the same city; Joe Morris, a newcomer who has shown great promise in a remarkably short time; Tom Pirtle, a Lubbock high star of last season and an excellent blocker and defensive player; and Bill Gipson, returning from last spring's squad.

Coaches Morgan and Robinson have their choice of three centers for tonight's kickoff. They are Bobby Williams, Ralph White, and Jack Brewer. Williams holds a slight edge over the other two as a possible choice for a starting berth.

Coach Dell Morgan said, "The Raiders are young and inexperienced, and anything may happen tonight, but the team shows fine spirit and a willingness to learn. We are hoping for the best."

The Raiders will take the field against such former Tech stars as Roger Smith, speedy back and excellent passer, Rafe "Moose" Nabors, massive tackle who is reportedly in better shape than ever before; "Lefty" Sallis, another former Tech ace; Norman Volz, former Raider basketball star who is another lightning back, and many other college stars.

The game will match experience against youth, with speed about evenly distributed. "Bing" Birmingham, former Tech and LAAF star is missing from the lineup, and weakens the Flyer's passing game some, while the Raiders have plenty of long rangy ends and two

Oklahoma Aggies Next Foe As Raiders Begin Road Season

THE RED Raiders open their season at home tonight with the Lubbock Army Air Field in one of their scheduled four home games for the 1943 season.

Friday night, September 24, the Scarlet and Black will journey to Oklahoma City to seek revenge on the Oklahoma A & M Aggies for the 9 to 6 defeat handed them last year by that team.

October 2 the Raiders will again seek revenge against an Aggie team, this time the foe being the Texas A & M aggregation. The site of the game will be in Alamo Stadium in San Antonio. The Ags trounced the local team last season on Kyle Field, 19-0.

Meeting the mighty Golden Hurricane of Tulsa University in Tulsa the following week, the Raiders will be facing a team never before on the regular schedule of Tech. The two teams met on January 1 of 1942 in El Paso's Sun Bowl with Tulsa emerging a 6-0 victor. The game is for October 9.

October 16 the South Plains Army Air Field will oppose the Red and Black on Red Raider ground. This will be the first meeting between these two teams.

October 23 the Raiders again play host as they meet the New Mexico Lobos of Albuquerque. Last season the local team journeyed to that city and trounced their hosts 20-0.

Rice Institute will play host to the Raiders for the second consecutive year on October 30. Last season the Owls defeated the Morgansmen 19-7 in Houston.

Texas Christian University's Horned Frogs will seek to erase the 13-6 loss they suffered last season at Raider Homecoming when they met the locals in Fort Worth November 6.

A powerful North Texas Agricultural College squad will visit Lubbock November 13 to close the

passers who show a great deal of accuracy.

The kickoff tonight is slated for 8:15 in Tech stadium. The admission will be \$1.10 for reserved seats, or general admission; \$1.65 for box seats; and soldiers and wives will be admitted for fifty cents.

Chinese Offered To All Students

Chinese is being offered as an elective to all students this semester. Men in school expecting to enter military training soon are especially urged to take advantage of the two Chinese courses, said Dr. C. B. Qualla, head professor.

A course on language and one on manners and customs of China are being taught. Dr. B. C. Ling of the faculty will teach both courses.

Pre-flight students, and men from LAAF and SPAAF are also invited to take these courses.

The home season. The Aggie team is composed of Marine-officer candidates, and their lineup is spotted with former college stars. Among these are four former Raiders; Doyle Caraway, guard and selected on Little All-America last season; James Reed, guard; Harold Crossen, end; and Peter Blanda, back. Early season dope has stated that the three linemen have their positions cinched as starters, with Blanda named as one of the outstanding passers of that aggregation.

The Scarlet and Black close their season November 20 with the Southern Methodist University Mustangs in Dallas. This will take up a rivalry dead some ten years, the last game between the two teams being in 1933. In that game the Mustangs won over the locals 14-0, avenging a 6-0 defeat handed them by the Raiders the previous year. This closes the season as it was regularly scheduled and gives Coach Dell Morgan and company a tough schedule to complete by "turkey-time".

The schedule is as follows:
Sept. 18 LAAF at Lubbock
Sept. 24 Okla. A & M at Okla. City
Oct. 2 Texas A & M at San Antonio
Oct. 9 Tulsa U. at Tulsa
Oct. 16 SPAAF at Lubbock
Oct. 23 New Mexico U. at Lubbock
Oct. 30 Rice Institute at Houston
Nov. 6 Texas Christian at Fort Worth
Nov. 13 NTAC at Lubbock
Nov. 20 Southern Methodist at Dallas

Field Educator Added To Staff

Dr. George P. Mecham has been added to the faculty as field supervisor of elementary education. He will give in-service training to elementary teachers in Sundown, Seminole, Denver City, Andrews, Lamesa, and Big Springs.

Working with teachers both in and out of their classrooms and at general faculty meetings, Dr. Mecham will attempt to improve elementary schools in this area. This

ing to Dr. Garlin, head of the department of education, since many school boards must accept sub-standard teachers.

A native Texan, Dr. Mecham attended Texas A & M, and received his B. A. from North Texas State Teachers college. He obtained his master's degree at Columbia and his Ph. D. from Peabody college in Nashville, Tenn. Before coming to Texas Tech he was supervisor of elementary education at Denison.

Dr. Strout's Pedometer Registers 50 Mile Hike

Dr. Alan Strout, English professor at Texas Technological College, walked 50 miles over rough mountain trails as registered by his pedometer while vacationing in the mountains at Cowles, New Mexico. Dr. Strout has never owned an automobile and does not even know how to drive one.

Pre-flight students, and men from LAAF and SPAAF are also invited to take these courses.

The home season. The Aggie team is composed of Marine-officer candidates, and their lineup is spotted with former college stars. Among these are four former Raiders; Doyle Caraway, guard and selected on Little All-America last season; James Reed, guard; Harold Crossen, end; and Peter Blanda, back. Early season dope has stated that the three linemen have their positions cinched as starters, with Blanda named as one of the outstanding passers of that aggregation.
