Student Council Resolves Against Stadium Proposal

Disapproval for a proposal to move students out of Section O in Jones Stadium was voted by the Student Council Monday night.

The plan, introduced at the Council's last meeting by Coach DeWitt Weaver and Athletic Business Manager Jimmy Wilson, provides for division of Section O into approximately 150 boxes, for which options would be sold. The student section would be moved twenty yards from the present location.

Petitions signed by 736 students were turned in to the Council. The petitions stated: "We, the undersigned, do hereby protest the removal of students from Section O of Jones Stadium."

Discussion

Buddy Barron, business administration representative, explained that the planners seek to increase total revenue at football games and to provide funds to build a minor sports program at Tech.

Jim McGraw, vice president of the Council, quoted Weaver and Marshall Pennington, Tech vice president and controller, in reporting that athletics will probably receive a doubled allocation from student activity fees next year.

Vote Split

A resolution disapproving the action was moved by James Dent. The vote, which was taken by secret ballot, resulted in a nine-to-nine split. Deciding ballot was cast by Council President Harold Brannan. The Council's resolution and reasoning will be referred to President E. N. Jones.

COUNCIL FUND ALLOCATIONS

Campus organizations which wish to receive allocations from Student Council funds next year must send letters of application to Benny Bruckner, Council business manager.

Letters should be sent to Bruckner in care of the Student Council office. Deadline is Saturday.

Union Building Is Formally Opened

Approximately 1,500 persons attended the formal opening of the Student Union Building Sunday afternoon. The building has been open for student use since March 10.

Guests were greeted by the president and vice president of the college, the dean of student life, the registrar, the six academic deans, and representatives of the Student Union Board, Recreation Board, Ex-Students Association, furnishings and equipment committee and hospitality committee.

Bernie Howell, organist, played during the opening. Mu Phi Epsilon, national honorary musical organization, sponsored a program in the downstairs lounge for guests. Miss Mary Jeanne Van Appledorn is sponsor of the organization.

The picture to the right shows alumni and Techsians around the silver punch bowl in the coffee shop.

Run-off Election Tomorrow To Fill Nine Council Offices

Bales Says Senior Carnival Successful; Participating Clubs Make Nearly \$500

Tumultuous fun making and noisy merriment turned the usually staid atmosphere of a structure built for the acquisition of knowledge into an uproarious madhouse Saturday night as a bevy of carefree Techsians rambled through the corridors of the Administration Building at Tech's annual Senior Carnival.

From both a financial and merrymaking standpoint, the gala affair could be considered a success, says Bill Bales, president of the senior class. Clubs so far have turned in \$456.45 with more money still out. Proceeds will be used to buy the annual senior class gift.

The Silver Key, with an intake of \$72.00, topped the clubs with \$85.00; Adelpi took in \$49.50; College Club \$42.00, and Kappa Kappa Gamma, \$38.60.

Tech Professor On Lecture Panel

Two Tech professors and the vice president and general manager of Hemphill Wells Company made up a panel discussion entitled "Understanding the Employee" at a meeting of the Lubbock County Society for Mental Health in the Museum Monday night.

Dr. J. E. Kuntz, associate professor of psychology; Dr. F. L. Mize, head of the management department; and J. D. Fassell Jr., of Hemphill Wells, served on the panel.

This was the sixth and concluding number of a series that began Oct. 14. The previous five lectures attracted capacity crowds.

Other lectures dealt with "Understanding the Adolescent," "Strictly Your Business," "Understanding Sex," "Understanding Hostility," and "Understanding the Child."

Bill Bales, president of the senior class, requests all clubs with money to be turned in to do so as soon as possible.

Engineers Show Nearly Completed

Final plans for the annual Engineers Show will be discussed at a meeting of the show committee at 7 p.m. Thursday in Room 251 of the West Engineering Building.

Posters advertising the event have been put up, programs have gone to press and engineers are putting final touches on model drilling rigs and hydro-electric plants.

The military science department, through its Signal Corps, will send short-wave messages to any military installation in the United States during the show. Relatives of servicemen based anywhere in the United States may make arrangements and have a free, person-to-person conversation.

Petroleum engineers will display working models of drilling rigs ranging from the Chinese springboard used 2000 years ago to the recently-developed jack-knife rotary.

A student-constructed scale-model dam will be shown by the civil engineers.

Industrial engineers will display a model paper mill constructed by the Hammermill Paper Company.

NOTICE

Clubs are reminded that deadlines for THE TOREADOR are 5 p.m. Monday and 5 p.m. Thursday. Unless special arrangements are made, news submitted after these deadlines cannot be used in the next paper.

Nine Student Council offices will be sought by eighteen candidates in run-off elections scheduled for tomorrow. Polls will be open from 8 a.m. to 5 p.m., announces Wanda Mason, Council secretary and chairman of the elections committee.

Jameson Withdraws

No run-off will be necessary for the position of head boy cheerleader, since Robert Jameson has announced his withdrawal from his race with Bill Philpott for the post.

Candidates for four remaining arts and sciences offices are: Harriet Henderson, E. J. Tarbox, Moody Alexander, Barbara Lu Currie, Don Anders, Jay Fish, Odis Echols and Jerry Raun.

Running for three business administration posts are: Don Harris, Glen Rainer, Bill Fraley, Ed Weyman, Joann Wheatley and Charles Pipes.

One place remains to be filled in the Division of Engineering. Candidates are: Jerry Russell and Allan Tomlinson. Polls for engineers have been moved to the East Engineering Building.

Sue Duggan and Ruth Smalley will compete for the office of home economics representative to the Council.

Major Offices Filled

All major offices are already filled. They include: J. C. Chambers, president; Bill Burton, vice president; Nina Spearman, secretary; Max Preston, business manager; Philpott, head by cheerleader; and Ann Lee Turner, head girl cheerleader.

Black Invader, an Aberdeen-Angus bull, was approved as official Tech mascot.

Councilmen already chosen include: agriculture—Max Von Roeder, Robert Jacobson, Jimmy Nicell; arts and sciences—Gwen Williams; engineering—Paul Griffith, Dale Booher, Terry Young.

Tech's Ugly Man To Be Revealed

Tech's ugliest man will be revealed tonight at a dance from 6:45 to 8:15 in the Student Union Building. The contest is sponsored annually by Alpha Phi Omega, men's service fraternity.

Candidates competing for the title are Dr. H. S. Hartsell, assistant professor of education, entered by Kappa Phi Kappa; Tom Brown, entered by Doak Hall; J. D. Harkey, Kemas; "Hank" Shofer, Adelpi; Moody Alexander, Silver Key; and Dudley Thompson, A.I.A.-Gargoyle.

Officers of Women's Dorms To Attend Meet at Canyon

This year's legislators and those elected to serve next year in Horn and Knapp Halls will attend a workshop and retreat in Palo Duro Canyon Friday and Saturday.

The workshop will be held at a Methodist camp where various problems that will confront the new officers in next year's program will be discussed.

The group will leave at 3 p.m. Friday by chartered bus and will return Saturday night.

Artie Shaw Announced For Junior-Senior Prom

Artie Shaw and his orchestra have been signed to play for the annual Junior-Senior Prom, announces Nina Spearman, secretary of the junior class.

The dance will be held May 15 in the ballroom of the Student Union Building.

Campus Calendar Crowded During April 24 Weekend

Approximately 5,000 persons are expected on campus on April 24 and 25, says Aubrey L. Shouse, public information director.

On these dates, the Region I Texas Interscholastic League high school contests will be held. Students of AA, A, and B schools will participate.

The Engineering Show, Home Economics Open House, annual F. F. A. judging contest, and a photographic clinic for high school annual photographers and sponsors will also be held on the above dates.

Pi Beta Phi, Kappa Kappa Gamma, and Kappa Alpha Theta will hold membership installations on the same weekend. Sorority members from other colleges and universities will participate.

Airline Stewardess Interviews Set

Tech girls who are interested in becoming airline stewardesses should talk to D. W. Patterson, American Airline representative, Saturday from 9 a.m. to 4 p.m.

Applicants must be between 21 and 28 years old, and between 5 feet 2 and 5 feet 7. At least a high school education is required. Starting pay is \$222 with living expenses furnished while away from home base.

Seven Candidates Vie For Rodeo Queen To Be Elected by Campus-wide Voting

Seven candidates for Tech's Rodeo Queen have been nominated by campus clubs. They are: Kay Jones, Lubbock freshman representing Zeta Tau Alpha; Sandra Spiller, Junction freshman, Tri Delta; Diane Wimberly, Gainesville senior, Knapp Hall; Barbara Ann Hext, senior from Apache Creek, N. M., Home Economics Club; Beverly Ross, Pampa junior, Wranglers; Nancy Chastain, Breckenridge freshman, Kappa Shari; and Tommye Brown, Lubbock freshman, Kappa Kappa Gamma.

The queen will be crowned the first day of the annual Western Days activities. She will be elected by campus-wide voting. Each vote will cost one cent. All nominees will ride in the rodeo parade, scheduled for 4 p. m. to open the

three-day "cowboy" season. During the celebration, Techsians will don traditional cowboy garb and recover some of the romance of the old West.

Student organizations, local groups and business firms, and sheriff's posses from several neighboring towns will take part in the parade.

This year's rodeo is sponsored by the Rodeo Association and the Block and Bridle Club. According to Chuck Sweeney, Rodeo Association member who is promoting the rodeo: "All we need is a little help from all the students and student organizations on the campus. We (the rodeo committee) can make all the plans and preparations for the event, but we can't make it a college-wide success without college-wide participation."

Entries in this year's rodeo are open to 46 colleges and universities which are members of the National Intercollegiate Rodeo Association. At least 20 schools are expected to participate, according to Sweeney, with about 200 contestants in all.

Numerous prizes have been donated by organizations and firms in the surrounding territory. Outstanding among the awards are a silver inlaid saddle to go to the best "all around cowboy", and a pair of silver inlaid boots for the best "all around cowgirl."

Kappa Alpha Theta Pledges Name Their New Officers

Kappa Alpha Theta pledges recently elected officers. They are: Joanne Hampton, president; Nancy Hess, vice-president; Mary Wiley, secretary; Jerry Reeves, treasurer; Sheila Jondahl, editor; Ann Bondurant, parliamentarian; Pat Boles, historian; Rossi Baker, scholarship chairman; Kitty Hinchey, courtesy chairman; and Sandra Shook, song leader.

Liff Sanders, who was the first Church of Christ minister in Lubbock, will conduct the morning watch services April 20-26 at the Church of Christ Student Center.

Dale Hoover Is Aggie of the Year

Dale Hoover, junior from Perryton, was named Aggie of the Year at the Aggie Club's annual banquet Friday night in the Caprock Hotel, announces Robert Jacobson, club president.

An estimated 125 persons attended the banquet, at which Susie Chiesman, Fort Stockton freshman, was named club sweetheart. Raymond King, acting as toastmaster, introduced the speaker, Dr. Joe E. Nichol of Atlanta, Tex.

A gavel was presented to Jacobson for his service as president. A program was followed by Lefty Lettwich, Brian Boyett, Juanelle Talbot, and Judy Parker.

Recent Tour To Be Forum Topic Of Jack Creel at Student Center

Jack Creel, staff member of KFYO, will lead a forum tomorrow night at the Methodist Student Center.

Mr. Creel will show slides and discuss his recent tour of South America.

Alpha Phi Omega Elects Officers For Fall Semester

Alpha Phi Omega elected officers for the Fall, 1953, semester at a meeting last Thursday. They were Rufus Burleson, president; Jack Blackstock, vice-

president; Tommy McPherson, second vice-president; James Henry Dean, recording secretary; Alan Conley, corresponding secretary; Jerry Ford, treasurer; Don Harris, alumni secretary; Bill Ashburn, historian; Bob Dickenson, sergeant at arms.

EVERYONE is Painting Beautiful OIL PAINTINGS

with *Picture Craft*

FOR FUN — FOR DECORATION FOR PROFIT!

No Experience Necessary Results Guaranteed

Men, women of all ages, even children, have taken to this fascinating hobby. Picture Craft's pre-mixed oil colors and numbered canvas guide your hand like a master painter's. You'll be amazed at the professional results, pleased with your new found ability.

No Mix—No Mess—No Errors!

Everything you need contained in the one compact package. Merely open the Picture Craft Kit and enjoy the pleasure of painting in oils the moment your brush strikes the canvas. It's that simple.

Choose from 21 Beautiful Artist-Designed Subjects.

\$2.95 ONLY per set

Includes

- Numbered Artist Canvas (16 x 12)
- Pre-mixed oil colors
- Special artist's brush
- Complete painting instructions

*Larger size canvases (18 x 24) also available at \$6.95.

Anyone here named "Cannonball" Frobisher?

BASES FULL. Fat part of the opposition batting order coming up. The manager needs a new pitcher—fast! So he did what most everybody does in an emergency—reached for the telephone. It connects bull pen and dugout. "Cannonball" was elected to put out the fire.

Ever wonder why people place so much faith in telephones in time of emergency? It's because they know it is dependable—a real friend.

This dependability is a tribute to the men and women of the Bell System. They are forever working on new ideas or improving old ones to give the nation the best telephone service in the world.

The interesting and rewarding work they do could be yours as well. Your Placement Officer will be happy to give you details about the many opportunities for employment in the Bell System.

CIVIL DEFENSE IS DISPLAY TOPIC

Home Economics Open House To Have Clothing, Foods Exhibits April 24-25

Everything from style shows and food demonstrations to provisions for civil defense will be features of the 16th annual Home Economics Open House scheduled for April 24 and 25.

Hours for the Open House are 1 to 10 p.m. Friday and 9 a.m. to 5 p.m. on Saturday, according to Patti Pipkin, chairman.

Demonstrations of cookie making, using a cookie press, will be given in the foods and nutrition department throughout the Open House, says Chairman LeNeil Enoch. Students taking the foods demonstration course will perform these "tricks."

Cup and Saucer Collection
 A collection of china cups and saucers from various countries will be shown. Included will be porcelain cups from Germany belonging to Dr. Mina W. Lamb, of the foods and nutrition department, and her sister, Miss Ise Wolf, who is with the U. S. Department of State in Germany. Bone china from England, owned by the foods department, will also be shown. Other items include cups and saucers from Ireland and France. These belong to Miss Ellen Wright, clothing and textiles department, and Mrs. Jonnie Michie, head of foods and nutrition.

Articles made in textile design classes will be shown in the applied arts department. Examples of stenciling, block printing, batik and tie-dye will be on display, says Rosemary Bloodworth, chairman.

Coffee tables, bowls, chests, and picture frames will be among furniture exhibited in the wood-working laboratory. Hand-made silver, copper and dress jewelry will also be on display.

Clothing Designs, Exhibits
 Sketches of dress designs made by costume design students will be shown together with paintings

and color studies in abstraction made in Applied Arts 131 and 133. House plans, including colors, drapes, rugs, furniture and arrangement will be featured in the interior design laboratory.

Style shows are scheduled for 2:30 and 7:30 p.m. on Friday and 10:30 a.m. and 2:30 p.m. on Saturday, says Shirley Waterstreet, director. Garments made in clothing classes will be modeled by students.

Weaving and hand looms will be demonstrated. There will be an exhibit of historic textiles in the clothing department, according to Chairman Alberta Curry. Speed methods of construction will be shown. Seven blouses, made from the same pattern, but each with a "different look" due to choice of design detail, fabric and buttons, will be displayed. Draping and flat pattern design laboratories will also have exhibits.

Exhibits on time and energy management will be shown in the home management laboratory. Students will demonstrate proper methods of using modern appliances, says Mary Lou Crump, chairman. The Home Management House will also be open to visitors. Chief feature of the child development department will be the Nursery School, according to Chairman Jan Edwards. Art by the young pupils will be on display along with equipment in the school.

Civil Defense will be the main topic of home economics education displays. The basic essentials for an emergency such as flood, tornado, or bombing attack will be exhibited in the home nursing room.

More than 4,000 visitors from schools and junior colleges in this area attended Open House last year, Tech students and Lubbock residents are invited to attend the affair.

TV Programs 'Why Go to College' Being Presented by Tech Over KDUB

The first and second telecast of a series of five one-hour programs entitled "Why Go to College?" were presented over KDUB-TV at 11 a.m. yesterday and today. The purpose of the productions is to emphasize the importance of a college education and explain the opportunities at Tech. The programs, which are produced, directed, and cast at Tech, involve more than 300 persons directly, and required more than 5,000 man hours to prepare, according to Ferron Halvorson, director of the series and assistant professor of speech.

Next Programs Varied
 Wednesday's program will feature the departments of petroleum engineering, geology, and foreign languages and the Division of Business Administration. Nancy

Davis and Jack Balentine will present entertainment.

Thursday's schedule will give special attention to the Home Economics Division and the departments of civil engineering and dairy manufactures. The discussions will be interspersed with entertainment.

Presentation on Registration
 Friday's program will follow a typical freshman around the clock on the day of registration. The day will be completed with his participation in a Howdy Square Dance.

The first two programs presented the Placement Office, the Testing and Counseling Center, and the departments of physical education, music, architecture, commercial art, textile engineering, and agronomy.

Home Economics Division Plans Trips and Meetings for the Week

To Judge Style Show
 Five home economics seniors and Dr. Geraldine Clewell, associate professor of home economics education, will go to Dickens Thursday to judge a style show. Shirley Waterstreet, Mary Kilgore, Connie Hopster, Frances White and Mrs. Mamié Dodds will act as judges in the high school clothing classes style show as part of Home Economics Education 412.

Mrs. Michie To Give Paper
 Mrs. Jonnie Michie, head of the foods and nutrition department, will present a paper to the Texas Dietetic Association in Houston Friday and Saturday. "A Summary of Recent Research in Foods

and Nutrition Done in Texas" is the title of the paper.

Students Are Guests
 Students who have lived in the Home Management House this semester were the guests of Dean Margaret W. Weeks and Miss Mabel D. Erwin, head of clothing and textiles, for dessert Monday night at their home.

HE Club Meets Tonight
 "Quiz Kids" will answer questions at 7:15 tonight at the Home Economics Club meeting. Patti Pipkin and Joan Patching are in charge of this "Preview of Open House." Nominations for next year's club officers will also be made, says Nancy Crosby, club president.

Engineering Ball To Be Saturday

The annual Engineering Ball will be held at 8 p.m. Saturday in the ballroom of the Student Union Building. Music will be furnished by K. Carter's orchestra.

Tickets for the Ball, which is held each year preceding the Engineers Show, are priced at \$2 per couple. The dance will be informal.

Guests will include: President E. N. Jones; Marshall Pennington, vice president and comptroller; J. Roy Wells, assistant to the president; Deans James G. Allen, Marjorie M. Neely, W. L. Stangel, R. C. Goodwin, W. B. Gates, Margaret W. Weeks; and Assistant Deans S. M. Kennedy and N. C. Fine.

All members of the engineering, military science and air science faculties are invited.

Tech Fraternities Celebrate Spring

Kemas and Soci held big brother-little brother breakfasts Sunday morning.

Adelphi held a breakfast Sunday morning in the Caprock Hotel honoring two members of the Sigma Alpha Epsilon chapter of the University of Texas, John Seale and Joe Hurlocker, who were in Lubbock to meet the club. Adelphi is petitioning SAE. Also attending the breakfast were James G. Allen, dean of student life; T. O. Murphey and Bill Oden, alumni.

Tech Professor Writes Article

An article, "Spraberry Structural Conditions," by G. Frederick Warn, assistant professor of geology, appears in the April issue of World Oil magazine.

TO GET CHAPTER

Centaur, men's social club, received a telegram last week stating that their chapter charter of Phi Kappa Psi had been granted by the Executive Council. Texas Beta chapter will be established at Tech in May, according to Charles Armstrong, president.

SPORTS

Tech Swimmers Take Dual Meet From NMMI

Tech's fin men swept by New Mexico Military Institute, 61-19, in a dual swim meet at Roswell Saturday, taking first place in every event.

Bob Kain and Brooks Alkin, each with two first places, led the Raiders to their fourth victory of the season. Previously the Tech crew had won two practice meets with Odessa High School and a telegraphic meet with Baylor.

Bill Lashier also turned in a good performance for the Raiders, taking first place in the 200-yard backstroke event, second in the individual medley relay, and swimming on the winning medley relay team.

Other swimmers who chalked up points for Tech were: Bob Shackelford, Donald Davis, Malcolm Daniel, Norman Hemphill, and Jim Brasch.

Fencers To Vie In Section Finals

Tech fencers won first or second in 12 matches in the tourney at Denton Saturday, with these winners tying in the sectional finals slated for Tech Gym, May 2.

Women foil: prep—Zoe Merriman, second; novice—Merriman, first; junior—Iva Crowley, second.

Men's foil: intermediate—Jack Carnell first; Roddy Hobson, second; open foil—Carnell, first; Hobson, second.

Men's epee: junior—Cecil Bradshaw, second; intermediate—Benny Dougherty, second.

Sabre: prep—Bradshaw, first; novice—Bradshaw, first, Sims, second; open—Hobson, first, Carnell, second.

Tracksters Finish Fourth In Abilene

Tech's tracksters rolled up 32 points to take fourth place in a five-team track meet at Abilene Saturday.

Abilene Christian College took the meet with 63 points, followed by Howard Payne with 39 and McMurry with 24. Hardin-Simmons, who had 16, finished last.

The Raiders were tied for third with McMurry going into the final event—the mile relay—but the Abilene Red and White team threw everything they had into the race, taking second place and nosing out the Raiders, who finished

fourth. Jerry Fairley, Tech's sprinting flash, was high point man of the meet with 10 1/4 points. Don Covey, Tech's broad jumper, who won the NAAJ meet last summer, was held to second place in the event.

Jim Farrell finished second in the low hurdles and fourth in the highs for Tech. Billy King was third in the pole vault. Ronnie Herr grabbed fourth in the 100-yard dash; and the Tech team managed four places in the 440 and the mile relays.

Wranglers Sink Red-Hot Faculty

The Wranglers slipped by the red-hot, but short-winded Faculty Quintet, 34-30, last Saturday evening in Tech Gym.

The "older boys" played some flashy ball in spots but the fast pace set by the younger Wranglers proved too much for them.

Barton Massey led the Wranglers in scoring 13. Jeff Hooper, with 14, was high pointer for the Faculty.

MURAL SOFTBALL SCHEDULE

- Independent League
 March 15 — Rebels vs. Wesley Wildcats.
 Blue Angels vs. 4 F's Architects vs. BSU Bums
 March 17 — Steers vs. 4 F's Dorm League . . .
 March 15—Bledsoe vs. Doak Aggie League . . .
 March 17—Block and Bridle vs. FFA Fresh and Soph. vs. DM

Action In Three Sports This Week

Raiders tennis, swimming, and golf teams will be seeing action Thursday. The golfers take on Handin-Simmons at Abilene while the tennis team engages Abilene Christian College in a match here.

The Raider Racquetballs will be seeking to duplicate their March 11 win over Abilene Christian in Abilene. Tech's tennis teams has a three won and five lost record so far for the season.

The fin men will have a return match with New Mexico Military Friday at 2 p.m. in the Lubbock Boys Club.

Air Force Tech Sergeant Joins AFROTC Personnel

Tech Sgt. Ronald R. Rider, Hodge, La., has been appointed administrative clerk in the freshman section, Air Force ROTC.

Sgt. Rider joined the Air Force in 1946 at Shreveport, La. After completing basic training he was sent to Okinawa for a year. He returned to the states for two years before going to Japan. He was assigned to the Tech ROTC unit from Amarillo Air Force Base.

Five Job Interviews for 1953 Grads Will Be Held During Coming Week

Five job interviews have been set by the Placement Service for 1953 graduates.

Graduates interested in teaching will be interviewed tomorrow by O. L. Douglas, superintendent of schools of Brownfield. Positions are open in the 3rd and 4th grades, distributive education, science and mathematics and 6th and 7th grade language arts.

B. R. Boyse and John Rayburn, Amarillo representatives of Allis-Chambers Manufacturing Company, Milwaukee, will be on campus Friday to interview electrical, industrial, mechanical and chemical engineers. Jobs are open in the water conditioning department of the General Machinery Division,

manufacturers of the following equipment: electrical, power plant, pumping, blowers and compressors, V-belts, flour mill and industrial electronics.

Also on campus Friday will be E. E. Casey of the Firestone Tire and Rubber Company, Oklahoma City. Mr. Casey will interview business administration graduates and others interested in store management or merchandising for positions in sales, finance and production. There will be a general meeting at 5 p.m. tomorrow in Ad172.

J. J. Richey, of Procter and Gamble Distributing Company, will interview graduates interested in sales positions Monday.

Outstanding women graduates to be commissioned as second lieutenants in the Women's Army Corps of the Regular Army will be interviewed by Maj. Elizabeth A. Rutledge, WAC/WAF Coordinator, Tuesday. Eligibility requirements and career opportunities are on file in the Placement Office.

Persons interested in any of the above programs should report to the Placement Office to schedule interview appointments. Additional company information is on file in the office.
