

Final Preparations For Colonization Staged By Alpha Phi and Sigma Kappa

Alpha Phi and Sigma Kappa officers will arrive this weekend to make final preparations for colonization activities next week. A period of no rush is being observed this week by national sororities already on campus.

The Panhellenic Council is sponsoring panel discussions in women's dorms after closing hours this week. Girls interested in fraternity life are invited to attend these meetings in their respective dorms. Panels were held in Horn Tuesday night and Drane last night. The Knapp Hall meeting tonight will conclude the discussion periods.

Alpha Phi and Sigma Kappa alumnae will entertain national officers this week at coffees and luncheons. Alpha Phi officers are Mrs. Noel Keys, international president, of Berkeley Calif., and Mrs. Tom Milam, district governor of Lubbock.

Sigma Kappa representatives are Mrs. Field Brown, national executive secretary, of Denver, Colo., and Mrs. Ed Taggart, national vice president, of Indianapolis, Ind.

Activities next week will include individual meetings and interviews with colonizing representatives, and social activities. The program begins Monday afternoon with a joint social meeting from 4 to 5:30 in Room A of the Union. National officers and local alumnae of both groups, and all rushees will attend.

From 7 to 8 p. m. Monday, rushees will be divided into two equal groups, meeting in A4227 and A4228. Officers of Alpha Phi and Sigma Kappa will alternate in half-hour periods with each group.

Miss Jane Mathews, Panhellenic advisor, asks all interested girls to sign the open rush list in the office of the dean of women as soon as possible. They are requested to make appointments at the same time for 15-minute interviews with officers of both groups. Only those who have signed this list will be eligible to participate in colonization rush. Girls whose names already appear on the open rush list are asked to call at the

dean of women's office and schedule their 15-minute interview. These will be held in Room B and the Anniversary Room of the Union.

Interviewees will sign preference cards at 1 p. m. next Thursday in the office of the dean of women. They will pick up invitations to pledge at 5 p. m. the same day.

The period of silence will begin at 1 p. m. Thursday and end after pledging takes place that evening.

5th Maid of Cotton Is To Be Chosen

The South Plains Maid of Cotton contest is here for the fifth time. The annual judging, sponsored by Chambers of Commerce and South Plains cotton industries, is of special interest to Tech since many students enter each year. Last year's winner was Ann Perkins, Tech student from Pampa.

The 1954 South Plains Maid of Cotton will be an automatic entry in the national contest held annually in Memphis, Tenn. This means that the judging here is as important as a statewide contest, say local contest leaders.

A tentative date of Nov. 22 has been set for the contest, to be held in Lubbock at the Fair Park Coliseum on the grounds of the Panhandle-South Plains Fair. Last year there were 21 entries from South Plains towns and cities. The local contest is financed and sponsored by the Lubbock Chamber of Commerce and the South Plains cotton industry.

The 1953 national Maid of Cotton was Miss Beverly Pack of El Paso, a Texas Western College coed.

NEWMAN INITIATED
Newman Club will have its initiation ceremony following a dinner at 6:30 p. m. Sunday in the church hall at Main and Ave. W. The dinner will cost 65 cents per person. Money will be taken at the door. Father John Gerhard will be the guest speaker.

Radio Station In Grand Operating Condition

Clive Lankford Furthers Progress Of KTTCC By Building Transmitter

By JAN WEBSTER
Toredor Staff Writer

Most of us don't have money to save and couldn't save it if we did. But one Tech senior saved the college about \$375 this fall and put KTTCC in operating condition.

A real spirit of cooperation was the largest factor in the building of the new transmitter. Clive Lankford, technician for the electrical engineering department and senior EE student, used old parts and his spare time to design and construct a new transmitter for KTTCC.

"They really needed something better than they had," was the best explanation Lankford could give. The pleasant, soft-spoken man, just beginning to gray at the temples built the transmitter for about \$75. Cost of a transmitter on the commercial market

would be from \$400 to \$500.

Transmitters aren't the only phase of electrical engineering familiar to Lankford. A Navy veteran of World War II, he spent three years as an instructor in radar at Ward Island, Texas. Design and construction of remote-controlled aircraft equipment was his job in an experimental squadron in Maine. Radio-radar control was in its early stages, Lankford explained.

"A mother ship carried a small TV set showing the instruments of three to seven remote-controlled planes in the squadron," he said. "Of course, TV was just a baby then."

Lankford is a full-time technician for the EE department, and father of two boys, Clive III, 5, and John, 11. Also, he takes engineering courses on the side. He hopes to graduate in 1956 and stay on at Tech as an instructor.

Homecoming Plans Are To Include Queen, Parade, Meetings and Parties

By SHIRLEY HAMMER
Toredor Staff Writer

AFROTC Squadron Sweethearts were chosen last week by the cadet corps. Standing, from left to right, are: Gail Biggers, Squadron D; Pat Christensen, Band; Pat Jones, Squadron A; Anne Rathjen, Squadron B; and Glenda Moses, Squadron C. Selected earlier were Barbara Ware, 821st Group; Revis Jordan, 820th Wing; and Joyce Tharp, 822nd Group. They are shown kneeling, left to right.

Plans for a Homecoming Queen to add to the 29th annual Homecoming festivities are being worked out this week, according to Ann Lee Turner, chairman of the Homecoming committee of the Student Council.

If a Homecoming Queen is chosen this year, it will be for the first time in many years and possibly the first time in the history of the college. Forum is working with the Homecoming Committee in formulating plans and setting up qualifications, which are to be announced later.

Other events planned include the annual bonfire, pep rally and class reunions on Friday night, Nov. 12. On Saturday, Nov. 13, ex-Techsians will continue registering at the major hotels in Lubbock and at principal campus buildings. The colorful Homecoming Parade will highlight the morning, and at 2 p. m. the Red Raiders will play the University of Tulsa.

After the game, various campus honorary, professional and social fraternities and sororities, religious organizations and college departments will have parties and reunions honoring alumni. A dance at 9 p. m. will climax the weekend activities.

Deadline Oct. 28

About 30 campus organizations have already indicated that they will enter floats in the parade. Final deadline for entry is Oct. 28. Last year, the Kemas float, depicting a toredor fighting a wildcat, won the sweepstakes trophy and also the plaque for the most descriptive float.

Plaque for the most beautiful float went to Delta Delta Delta. Their entry was a huge violin in red, white and blue. Plaque for the most comic float went to Phi Delta Theta for their giant blue whale with the slogan "A whale of a victory for Tech."

Snead Hall won the Al Alschuler trophy for the best decorated dormitory with a giant Indian. The display stood over the doorway to the dorm with the words, "Exes-How! Arizona-Ugh!"

But the greatest victory of the weekend was the one the Red Raiders chalked up over the University of Arizona with a score of 52-27.

UN Day Dinner Set For Tonight

President E. N. Jones will be principal speaker at 7 o'clock tonight at the annual United Nations Day Dinner in the ballroom of the Caprock Hotel.

Kareem Habeeb, Palestine, will be a special guest at the dinner. He will represent the Cosmopolitan Club.

The dinner is sponsored by the UN County Council in observance of UN Day.

Philadelphia, Monday through Friday. She is one of four Texas delegates to the association's executive board.

On Saturday she goes to New York to attend the 200th anniversary celebration of the founding of Columbia University, her alma mater.

Air Force ROTC Has Selected Five Coeds Squadron Sweethearts

Five Tech coeds have been named squadron sweethearts by the Air Force ROTC.

Sweetheart of Squadron A is Patricia Jones, sophomore secretarial administration student from Dallas. Anne Rathjen, sophomore marketing major from Canadian, was selected sweetheart of Squadron B. She is a member of Kappa Alpha Theta sorority.

A freshman business administration student, Glenda Moses of Fort Worth, was named sweet-

heart of Squadron C. She is a member of Zeta Tau Alpha.

Gail Biggers, Hereford, was selected sweetheart of D squadron. She is a sophomore secretarial student and a member of Zeta Tau Alpha. Selected as the ROTC band sweetheart was Pat Christensen, Lubbock freshman music student.

The sweethearts will be formally presented at the annual ROTC ball, and will be recognized in the military section of La Ventana.

Four Freshmen Win Scholarships

Four freshmen students have been named to receive the National Insurance Company-A. A. Spack Memorial Scholarships.

Winners are Stuart Carroll Jones, Hereford; Walter Eugene Todd, Sunray; Frank B. Washburn, Kerens; and Fanny Jo May, Ft. Worth.

The scholarships are for \$150 each, and come from the proceeds of the sale of student directories. Student directories will be placed on sale tomorrow, it is expected, at the college bookstore. The Aggie Club will have charge of distribution to downtown merchants.

Home Ec's Dean To Participate In Teacher Education Conference

Dr. Willa Vaughn Tinsley, dean of home economics and a member of the planning committee of Texas Conference on Teacher Education, will participate in the annual meeting of that group in Mineral Wells Sunday through Tuesday.

Tech Town Talk To Be On KTTCC

"Resolved: That parking on Tech Campus will be restricted to faculty, staff members and disabled students."

This is the topic of a forum to be aired over the campus radio station KTTCC at 10:15 p. m. Wednesday, the first in a series of debates titled "Tech Town Talk." Serving as moderator in the debate will be Jack Gibson, while panel members will include R. D. Mack, head of the campus traffic commission; Lou Stamatakos, Student Council sponsor; Bob Richards and Shirley Chapman, representing town students; Huda Hassen and Glen Cary, speaking for students living on campus.

Purpose of the discussion is to promote more student interest in problems with which they are closely related.

Prof. Michie To Attend Convention Of Dietetics Assn. in Philadelphia

Mrs. Johnnie Michie, head of foods and nutrition, will attend the annual meeting of the American Dietetic Association in Phil-

Peter Hurd's Manner, Actions Unlike Stereotyped Artist's
Humane Character of Museum Muralist
Accounts For Lifelike Quality Paintings

By Harold Creswell
 Toreador Staff Writer

I've been locked in a lot of places; but a few days ago I was wandering around Tech Museum not noticing the time, and when I got ready to leave I found all the doors were locked. While pondering my dilemma, I heard a voice from the balcony call out, "Come on up and join the rest of us prisoners." The voice belonged to Peter Hurd, New Mexico artist who is painting the 16-panel mural in the Museum rotunda.

Peter Hurd, I was to find, is a very human character, which probably accounts for the lifelike quality found in all his paintings. At the time of my accident, he was eating dinner; but later I watched him at work.

Unless he is working you might mistake him for an easy-going cowpoke. What a surprise it was to find out that he had attended West Point with the idea of making soldiering his career. After his second year at "The Point" he decided that the career of painting had more appeal for him than soldiering.

Mr. Hurd introduced me to his charming wife, Henriette Wyeth Hurd, and I was surprised to find that she also is an accomplished artist. Here is a combination which is the envy of many married couples. While "Petey" (that's what she calls him) is working, Mrs. Hurd stands at a distance to help him keep his paintings in the proper perspective. The sight of two minds functioning as one leaves a person watching them overcome with amazement.

If you happen to catch Hurd in a moment of relaxation, which seems to be very seldom, don't be surprised if he is twanging a guitar and singing some of his favorite songs. Don't worry about your ear going sour either. If you don't understand the lyrics he may have decided to sing in Spanish. He jumps from English to Spanish like an accomplished acrobat.

Just as I was about to believe I had a pretty good picture of this man, Peter Hurd, he

throws me a curve in the story by saying he was a war correspondent in World War II. This tale would make a very long story itself. I think that its significance lies in the person who lived it. His comment about his reporting of the war goes something like this: "The other day I found some of the articles I wrote during World War II and in reading them I found them to be not unlike a bad dream. I was also disturbed by the similarity of the post-World War II condition with the present-day condition."

I asked him if he had ever regretted leaving West Point about this time. "No, but I have applied for an active commission in the reserves." When? "Recently."

So this was a professional artist I had been talking to. A far cry from the stereotyped artist of the movies and the novel. I had been talking to a man who loves the plains; loves them enough to preserve life on them in paintings; enough to compromise himself in war to keep the land that he paints free from ravaging; loves his neighbor, and is loved in return.

Magazine Contest
Open To Co-eds

Mademoiselle Magazine has opened its annual College Board Contest for outstanding young women undergraduates.

Those who are accepted on the College Board will test their qualifications for professional jobs related to the publishing field on three assignments during the college year.

The 20 best College Board members win guest editorships and spend the month of June, on salary, in New York writing and editing Mademoiselle's 1955 College issue. While there, they will meet distinguished writers and editors.

To be eligible, one must be a woman undergraduate (under 26), enrolled in an accredited college or junior college, and available for work in New York for the month of June, 1955.

Each contestant must write a 1,500-word criticism of Mademoiselle's August, 1954, issue. She may select the September, October, or November issue if the August publication is not available; discuss the issue as a whole, stating likes, dislikes and suggestions for changes; then select the field that interests her most to criticize in detail.

On a separate page, she gives name, class year, college and home addresses, major and minor, extracurricular activities and summer jobs.

Entries must be typewritten and postmarked no later than Nov. 30, 1954.

What makes a Lucky taste better?
"IT'S TOASTED"
 to taste better!

Doubtless, you've guessed that the Droodle at the right is: Careless two-gun cowboy enjoying better-tasting Lucky while waiting in ambush. Lots of other two-gun cowboys—and many millions of no-gun folks—agree that Luckies taste better. Students, for example, prefer Luckies to all other brands, according to the latest, biggest coast-to-coast college survey. Once again, the No. 1 reason is that Luckies taste better. They taste better because Lucky Strike is the cigarette of fine tobacco . . . and "It's Toasted" to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. So, enjoy the better-tasting cigarette . . . Lucky Strike.

Society To Honor Freshman Women With Tea Sunday

A fall theme will be carried out at Alpha Lambda Delta's annual tea honoring freshmen women at Tech. The tea will be held Sunday afternoon from 2 to 4 p.m. in the ballroom of the Student Union Building.

Alpha Lambda Delta, honorary fraternity for freshmen women, sponsors the tea each year to introduce the new Tech women to Alpha Lambda Delta's purposes and to "just get acquainted," according to Marilyn Snethen, junior adviser.

In the receiving line will be Sylvia Dietering, president of Alpha Lambda Delta; Miss Florence Phillips, dean of women; Mrs. Leta Holman, sponsor; Marilyn Snethen, junior adviser; and Donna Upton, senior adviser.

Honorary members, Mrs. Margaret Stuart, Miss Martye Pindexter and Mrs. Louise Allen, will serve. Music will be provided by the club alumnae.

Initiation To Climax Tri-Delta Activities

Eight pledges will be initiated into Delta Delta Delta at the close of Delta Week, now being observed by members, initiates and pledges.

The week's activities began with a luncheon in the Student Union Ballroom on Monday. Tuesday evening, a blue jean party was held at the Mackenzie party house. An informal party and open-meeting was observed Wednesday night at the home of Mrs. J. D. Leftwich, Levelland Highway. Fall pledges were guests at the three events.

Schedule for the remainder of the week includes:

Thursday, formal Trident degree of initiation, 7 p.m., First Presbyterian Church.

Friday, Stars and Crescent degree of initiation, 7 p.m., First Presbyterian Church.

Sunday's activities will climax Delta Week. Traditional planting of a pine tree on the campus by new members will take place at 10 a.m. Afterwards Tri Deltas will attend services at the First Christian Church. Sponsor service for new pledges and their big sisters will be held at 5 p.m. in the Student Union Ballroom, followed by a dinner.

Fall pledges will entertain with a coke party in the Horn Hall apartment at 7 p.m. tonight.

The eight initiates are: Darlyne Wood and Pat Garrett, Lubbock; Ann Standifer, Lamesa; Jerry Denton, Childress; Jerry Anglin, Plainview; Sandra Cooper, Snyder; Maricille Wilson, St. Louis, Mo.; and Mary Wood, El Paso.

Alice Irelan Wins Kappa Scholarship

Alice Irelan, Amarillo senior, has received one of the scholarships granted by Kappa Kappa Gamma. The \$250 undergraduate scholarship is one of the many the sorority grants each year to sorority women.

Miss Irelan, senior biology major, is vice president of the Kappa chapter at Tech and secretary of the Biology Club. The scholarship holder is required to have a B average.

Rodeo Club Plans All-Campus Dance

An all-campus Western Dance will be sponsored by the Rodeo Club from 7:30 to 11:30 p.m. Friday, Oct. 29. The Miller Brothers Band will provide music.

The Rodeo Club made final plans for this dance at its bi-weekly meeting. It was also announced that bucking stock has been secured from rodeo producer, Willis Branscum. The club has also purchased twenty roping calves. Rodeo Club members may use this stock for practice this winter.

The Western Dance will mark the second annual all-campus dance sponsored by the club. Tickets may be purchased from club members for \$1.50 stag or drag.

Pledges Initiated Into Delta Sigma Pi

Delta Sigma Pi, International professional business fraternity, recently initiated 21 pledges.

New pledges are: Gerald Abell, Levelland; Rex Black, Brownfield; James Byers, Lockney; Jesse Bumpass, Ed Golden, Jack Gibson, Grey Lewis, Jackie McCuiston, all of Lubbock; Larry Duenkel, John Hutchens and Freddie Williams, Pampa; Glen Cary, Robert Noble, Bob Sampson, Brownfield;

Alfred Evans, Brownwood; Milton Johnson, Hamlin; Howard Parker, Eldorado; Jesse Pharis, Seminole; Fred Schmidt, Brownsville; Lyndell Spears, Floydada; and Jack Pruitt, Odessa.

Delta Sig offers association with members in their chosen profession of business and offers opportunities for close contact between members and instructors.

Delta Sig, on this campus since 1947, has 50,000 members. The fraternity sponsors social events and service projects during the year.

Ten New Pledges Increase Lists of Social Sororities

Ten more pledges have been announced by two social sororities, Alpha Chi Omega and Delta Gamma.

Donna Lewis of Fort Worth, Joyce Harper of Cleburne, Gladys Parkey of Floydada and June Ware of Lockney, Janet Forgey, Canadian, Dana MacNaughton, Plainview, Barbara Marr, N. M., Mary Lou Francis, Carthage have been pledged by Alpha Chi Omega.

Marilyn Dickey of Wellington and Sharon Stubbs of Amarillo have been pledged by Delta Gamma.

Alpha Chi Omega Candy-Stick Dance To Be Saturday at Hotel Caprock

Alpha Chi Omega candy-stick formal is set for 8:30 Saturday night at the Caprock Hotel. Invitations and room decorations will carry out the peppermint stick theme, with girls wearing red and white formals.

Members and their dates are: Erma Folley, Pat Ridge; Dorothy Clements, Greg Keys; Pat Howard, Lamar Gunn; Beverly Thomas, David Wiggins; Jimmie Faye Maxwell, Gene Hamby; Charlotte Pace, Royce Shipp; Annita Powders, Billy Carmack; Bernadine Weatherford, Kelly Randolph; Earlene Blackmore, Bobby Wheeler; Mary Lee Blackmore, John Yarborough; Mary McCann, Bert Grimes; Barbara Blume, Jay Eudy; Pattie Bowlby and Bill Lanier.

Pledges and their dates are: Mary Jo Worstell, Lindell Ross; Pat Flanagan, Raymond Speer; Ruth Anderson, Charles Bartlett;

UNION CALENDAR October 21-28

Thursday:

6:30-8:30 — Arthur Murray Dance Instruction, Union Ballroom.

7:30 — Square Dancing: Rec. Hall.

Friday:

8:30 — Overall & Apron Dance. A western dance with music furnished by the Texas Sons. Ballroom.

Saturday:

*2:00-5:00 — Jazz Concert. Musicians sit in, Snack Bar.

8:00 — Football Listening Party. Refreshments will be served during the half. College of the Pacific.

Monday:

7:00 — Free Movie, "Les Miserables" with Michael Rennie and Debra Paget.

7:00 — Girls' Billiards. Game Room.

Tuesday:

12:15 — Football Movie. College of the Pacific.

7:00 — Bridge Instruction.

Wednesday:

*3:15-4:30 — Apple Polish Hour.

Thursday:

6:30 — Dance Instruction. Ballroom.

7:30 — Square Dancing. Rec. Hall. *Events not scheduled on Union Calendar.

SENIOR AWS ELECTION
Runoff election for senior representative to the Association of Women Students will be held from 2 to 5:30 Monday afternoon in the Student Council Office.

Carolyn Callaway and Frances Edwards are candidates for the post.

PiKA Chooses Gardenia Girl

Miss Mary Francis Wiese, a sophomore Delta Delta Delta from Lorenzo, was selected as Pi Kappa Alpha Gardenia Girl for the month of October. Miss Wiese was presented the gardenia by Henry Taylor last Wednesday night following a fraternity serenade in front of Knapp Hall.

Each month the local chapter of Pi Kappa Alpha elects a gardenia girl and presents her with a flower following a serenade.

AN EDITORIAL

Plenty of Opportunities

Do the 6,257 students presently enrolled realize the opportunities and benefits Texas Tech offers?

Not the least of them is the Placement Service, which keeps a file of every graduate, strives to secure positions when asked to do so, and acts as a liaison between student and employer.

The Library consists of 112,537 catalogued volumes, 26,294 periodicals and 302,696 documents.

The Testing and Counseling Center aids students in deciding on a choice of major, an occupational objective, or procedures in meeting personal problems.

The College Health Service, a 20-bed unit, offers medical services without additional cost to the regularly enrolled student.

The Art Institute sponsors traveling exhibitions of works of art and lectures on art. At present it has a permanent collection of original oils, watercolors and prints valued at \$25,000.

The Museum houses objects of scientific, historic and artistic value. The Spitz Planetarium, located just behind the Museum, gives demonstrations concerning the solar system each Sunday.

And the college has its own radio station, KTTC, operated by Tech students.

Letters to the Editor

(Editor's Note: free expressions of opinion on pertinent subjects are welcomed and encouraged and will be printed as space permits. To be considered for publication in the current week's paper, a letter should be turned in by 1 p.m. Tuesday.)

Dear Editor:

In the regular Student Council meeting, the Council voted the cheerleaders \$375 for expenses for the Fall Semester. At the time of the meeting, the cheerleaders had spent \$288.62 for uniforms. It was a very lively discussion and the two sides are presented in two parts—the Majority Report and the Minority Report. Melvin Deardorff has written the Majority Report and Ronnie Avery has written the Minority Report.

MAJORITY REPORT. First of all, the Council made a mistake in not setting a budget for the cheerleaders. However, this was mainly my fault as Business Manager and not that of the Council as a whole. Last year the cheerleaders spent \$340, which was considered to be very liberal. The Council voted this year to spend \$375, more than one-fourth of the entire student allotment for this semester, for the five cheerleaders. Just as members of the judging team, engineering society, speech program, Student Council, etc., must pay part of their own expense when they represent the school, so must the cheerleaders.

The question seems to be whether the Council should have paid all cheerleaders expenses to LSU instead of only about \$17. This could have been done at no additional expense to the Council had we followed the same policy as in previous years. That is, have the Council pay the trip expenses of the cheerleaders, but only a part of the clothing expense. It was felt by the Business Manager that it would be more satisfactory to the cheerleaders (since clothing expense for boys and girls vary) for the Council to pay clothing expense and only part of the trip expense. Actually, then, the amount would be the same.

I feel that the decision by your representatives (which carried by a majority of more than two to one) is a just expenditure of the students' money.

MINORITY REPORT. The minority feels that \$375 would have been enough for the cheerleaders last spring if the Council had set that amount up in the Budget at that time. If we had set them up a budget, they would have stayed within it and not been in the financial trouble they are in today. The Council made a mistake by not doing so. The minority feels that the cheerleaders should have their entire uniform, including socks, shoes, shirts and ties paid by the Council. The boys this year paid for their own shoes, but due to the varying cost of the uniforms, the girls turned theirs in with the expenses of \$288.62. The Council let the

cheerleaders spend this \$288.62 and then set the limit on their fund. This plus the \$127.50 it took for the five of them to go to LSU, puts them in the red by about \$40; thus causing each cheerleader to have to pay \$8 of his own way to LSU.

It has always been traditional for the Council to pay the cheerleaders' way on the official out-of-town trip. This trip has been and is the only trip that their expenses are paid by the Council. Cheerleaders pay their own expenses on any other trip they make (example: \$9 each for the Texas A&M game). In addition the cheerleaders have spent about \$20 on their own for signs, the printing of yell, and other incidents to promote school spirit. They did not expect to be reimbursed for this \$20 and it was not

reported in their expenses of \$288.62.

The minority feels that the cheerleaders are being forced to pay out of their own pockets for a mistake the entire Council made last spring, and that the Council has a moral obligation to pay the difference of \$40 (more or less a few dollars), either from the General Fund or the Surplus Fund, which contains about \$5,000.

This should be done in order that the cheerleaders may receive a "Fair Deal." The minority feels that the student body will support their argument on this matter.

These are the lines of thought on the situation. We hope that the students will talk it over with each other, with their Council

See Letters, Page 5

WHAT EVERY YOUNG COED SHOULD WEAR

Gather round, girls. Snap open a pack of Philip Morris, light up, relax and enjoy that mild fragrant vintage tobacco while Old Dad tells you about the latest campus fashions.

The key word this year is casual. Be casual. Be slapdash. Be rakish. Improvise. Invent your own ensembles—like ski pants with a peeka-bo blouse, like pajama bottoms with an ermine stole, like a hockey sweater with a dirdnl.

(Dirdnl, incidentally, is one of the truly fascinating words in the English language. Etymologists have quarreled over its origin for years. Some hold with Professor Manley Ek that Dirdnl is a corruption of Dardanelle and is so named because it resembles the skirts worn by the women of that region. This theory is at first glance plausible, but begins to fall apart when you consider that there are no women in the Dardanelle region because of the loathsome local custom of female infanticide.)

(Another theory is advanced by Dr. Clyde Feh. Dirdnl, says he, is a contraction of "dairy in the dell" and refers to the milkmaidish appearance of the skirt. But again close examination causes one to abandon a plausible hypothesis. As every child knows, it is not "dairy in the dell" but "farmer in the dell", in which case the skirt should be called *no dirdnl*, but *farndl*.)

(There are some who contend we will never know the true origins of dirdnl. To those faint hearted Cassandra's I say, remember how everyone laughed at Edison and Franklin and Fulton and Marconi and Sigafoos. Sigafoos, in case you have forgotten, invented the nostril, without which breathing, as we know it today, would not be possible.) The origins of dirdnl will be found, say I, and anyone who believes the contrary is a lily-livered churl and if he'll step outside for a minute, I'll give him a thrashing he won't soon forget.)

But I digress. We were smoking a Philip Morris and talking about the latest campus styles. Casual, we agree, is the key word. But casual need not mean drab. Live up your outfits with a touch of glamor. Even the lowly dungaree and man-shirt combination can be made exciting if you'll adorn it with a simple necklace of 120 matched diamonds. With Bermuda shorts, wear gold knee-cymbals. Be guided by the famous poet Cosmo Sigafoos (whose brother Sam it was who invented the nostril) who wrote:

Sparkle, my beauty, Shimmer and shine, The night is young, The air's like wine, Cling to a leaf, Hang on a vine, Crawl on your belly, It's time to dine.

(Mr. Sigafoos, it should be explained, was writing about a glow-worm. Insects, as everyone knows, are among Mr. Sigafoos' favorite subjects for poems. Who can ever forget his immortal *Ode to a Boll Weevil*? Or his *Tumbling Along With the Tumbling Tumblebug*? Or his *Fly Gently, Sweet Aphid!*? Mr. Sigafoos has been inactive since the invention of DDT.)

But I digress. We were smoking a Philip Morris and discussing fashions. Let us turn now to headwear. The motif in hats this year will be familiar American scenes. There will be models to fit every head—for example, the "Empire State Building" for tall thin heads; the "Jefferson Memorial" for squatty ones; "Niagara Falls" for dry scalps. Feature of the collection is the "Statue of Liberty," complete with a torch that actually burns. This is very handy for lighting your Philip Morris, which is very important because no matter how good Philip Morris are, they're nowhere unless you light them.

We come now to the highlight of this year's fashion parade—a mad fad that's sweeping the chic set at high tone campuses all over the country. All the gals who are in the van, in the swim, and in the know are doing it. Doing what, you ask? Getting tattooed, of course! You just don't rate these days unless you've got at least an anchor on your biceps. If you really want to be the envy of the campus, get yourself a four masted schooner, or a heart with FATHER printed inside of it, or a—

I interrupt this column to bring you a special announcement. A runner has just handed me the following bulletin:

"The origin of the word dirdnl has at long last been discovered. On June 27, 1846, Dusty Schwartz, the famous scout and Indian fighter, went into the Golden Nugget Saloon in Cheyenne, Wyoming. The Golden Nugget had just imported a new entertainer from the East. She came out and did her dance in pink tights. Dusty Schwartz had never seen anything like that in his life, and he was much impressed. He watched with keen interest as she did her numbers, and he thought about her all the way home. When he got home, his wife Feldspar was waiting to show him a new skirt she had made for herself. 'How do you like my new skirt, Dusty?' said Feldspar. He looked at the large voluminous garment, then thought of the pink tights on the dancing girl. 'Your skirt is darn dull,' said Dusty. 'Darn dull' was later shortened to 'dirdnl' which is how dirdnls got their name."

This column is brought to you by the makers of PHILIP MORRIS who think you would enjoy their cigarettes.

Letters, continued

representatives and the cheerleaders, and then let their wishes be known.

Respectfully yours, Melvin Deardoff, Business Manager, Ronnie Averyt, A&S Representative

Dear Editor:

When one sees and hears the things that are done on a college campus and compares them with things done on similar occasions by activities outside the college he sometimes wonders what and why is education?

As an example, take the Tech-Texas Western football game. Between halves bands marched out upon the field, accompanied by a drum major in a monkey suit and a group of majorettes with as few clothes as the law will allow.

A band must have a leader but he doesn't have to go through a lot of silly motions with his knees cracking his chin, his back in a horizontal position and a lot of other silly gestures.

As for the girls, sans clothes, we can not see that they add anything to an atmosphere this is supposed to be saturated with culture and high moral standards. Bare legs, with high stepping, high kicking, body twisting and clown hats, belong to a burlesque theatre and not to a college campus.

In one of the eastern professional football games recently, a symphony orchestra was set up on the field during the intermission.

Dec. 15 Deadline In Essay Contest

Students wishing to express their views on international affairs have until Dec. 15 to enter the essay contest being conducted by the Foreign Service Journal.

Subject for the essay is: "The Organization of American Representation Abroad." The grand prize will be \$1,000, or a tuition scholarship amounting to \$1,750 at the School of Advanced International Studies of the Johns Hopkins University in Washington.

The essay should deal with the question of what kind of foreign service organization can best serve our national interest in foreign relations. The student may write a general article, one philosophical in tone, or an examination of a broad, central problem.

Entries will be judged on the measure in which the contestant presents thoughts or proposals and the excellence of presentation.

The student category is one of four groups into which contestants are placed. First prizes of \$750 will be awarded to winners in each of the three categories aside from the grand prize, and second place awards of \$150 each will be given in the four groups.

Students wishing more details on entering the contest are asked to write to the Foreign Service Journal, Contest Committee, 1908 G St., Washington 6, D. C.

Sneed Hall To Hold Mixer With Knapp Hall Tonight

The Sneed Hall Dormitory Association will hold a mixer at Knapp Hall at 7 p.m. tonight. Dancing, entertainment and refreshments will be featured on the program.

Election of the Queen of Sneed Hall's third annual turkey run, to take place next month, will highlight a business meeting and smoker to be held at 6:30 p.m. Monday in Sneed lounge.

and played classical ("long hair") music, for which the audience showed high appreciation. We do not believe that the audience was composed of the metropolitan elite, but rather the rank and file of common people, yet they seem to have an appreciation of higher standards than the "college intelligentsia," so we ask again, what and why is education?

Annual Business Convention Slated For This Weekend

The annual convention of the West Texas Business Teachers Association is to be held at the Caprock Hotel on Friday evening and Saturday morning. According to Dr. Donald J. Tate, president of the association and head of business education, the program will consist of a dinner Friday evening, a luncheon Saturday morning, business meetings, and machine exhibits which will be held all during the convention.

A. B. Watkins, assistant store manager of Dunlap's, Lubbock, will be the main speaker for the luncheon Saturday. His topic will be "Laughter." Robert V. Thurmond, associate county agent, Lubbock County, is to be the speaker for the dinner Friday evening. His topic will be "Irrigation and Its Importance to West Texas."

Dr. John Rowe, Northern Illinois State Teachers College,

DeKalb, Ill., will speak on "Skill Building Procedures in Beginning and Advanced Typewriting" at the secretarial meeting, 8:30, Saturday morning. At 10:45 L. Edwin

Smith, C.P.A., Lubbock will speak on "The Internal Revenue Code for 1954."

The convention will adjourn at 1:30 Saturday afternoon.

What have VICEROYS got that other filter tip cigarettes haven't got?

THE ANSWER IS 20,000 FILTERS IN EVERY VICEROY TIP

Inside every Viceroy tip is a vast network of 20,000 individual filters to filter your smoke over and over again. You get only the full, rich taste of Viceroy's choice tobaccos... and Viceroy's draw so freely.

Yes, you get Viceroy's remarkable new tip... with 20,000 individual filters... plus king-size length for only a penny or two more than cigarettes without filters.

McKay Completes Sixth Texas Book

Dr. S. S. McKay, described one reviewer as "one of Texas Tech's most prolific authors," recently completed his sixth book on Texas politics. "Texas and the Fair Deal" has been published by The Naylor Company of San Antonio.

The book is devoted to that period of Texas government under Govs. Allred, O'Daniel, Stevenson, Jester and Shivers.

Dealing with the unusual trend in 1952 Texas voting, the author points out that this is the result of building anti-New Deal feelings. He explains: "In Texas the citizens shared the general belief of many people of other states that Truman had made many and costly mistakes and that he was not the man to bring the nation back to its proper place among nations."

"Texans also shared the Southern resentment," he continues, "against the civil rights program and other policies which seemed detrimental to the South."

In addition to his books, Dr. McKay contributes regularly to various other publications. He has 63 articles included in The Handbook of Texas, 10 in the Dictionary of American Biographies, and has contributed to the Southwestern Historical Quarterly, the Southwestern Social Science Quarterly and the West Texas Historical Yearbook.

GAMMA DELTA PARTY

Gamma Delta will be host at a social for their organization and the Walthier League at Redeemer Lutheran Church at 7:30 p.m. Sunday. Games will be played and refreshments served. All Lutheran students and their guests are invited to attend.

EE Honor Society Initiates Pledges

The Texas Tech Electrical Engineering Honor Society initiated eight new members Tuesday night.

They are: George Baker, Bonham; Hardy Bourland, Lubbock; Robert Coleman, Lubbock; Robert Keith, Whiteface; Lynn Libby, Redwater; John Partin, Borger; Richard Snyder, Lubbock; James C. Wine, Amarillo.

The initiation ceremony was conducted by the officers with Weldon Green presiding.

William Blackwell, sponsor, read correspondence from Eta Kappa Nu Society, national electrical honor society, leaving an optimistic impression that the national would consider the Tech organization for charter sometime this year.

The initiation service was followed by a banquet at Underwood's dining room. Charles V. Bullen, head of the electrical engineering department, and his wife attended.

WRA MEETS TONIGHT

Badminton Match In Final Stages

Grady Graves and Walter Bryan have reached the finals of the badminton doubles tournament offered by the intramural sports program. They will play the winner of the Gordon Harmon-J. D. Snyder, and Ned Underwood-Jim Crawford match.

Graves and Bryan defeated Marion Stewart and George Demere in the semi-finals after dropping Keith White and Jackie Miller in the second round. Stewart and Demere bested Dwayne Reynolds and Mortimer Rush in the second round, who had beaten Weldon Swann and Mike Harris in the first round.

Underwood and Crawford bested L. A. Noles and Carl Kautz in the quarter-finals. Each drew a bye in the first round.

Harmon and Snyder defeated Billy Ricketts and Charles Mason in the quarter-finals to gain a berth in the semi-finals. Ricketts and Mason defeated Don McGuire and George Wilkerson in the first round.

women students are invited to attend, according to Dr. Mary E. Dabney, WRA sponsor.

Donald W. Sundstrom received his B.S. degree in Chemical Engineering from Worcester Polytechnic Institute in 1953. He's currently studying for an M.S. degree and expects to receive it next year. Like other engineering students, he's asking a lot of searching questions before deciding on a permanent employer.

Jerry Risser answers:

I THINK I know exactly what's behind that question, Don, because the same thing crossed my mind when I first graduated and looked around for a job. That was about seventeen years ago, when the Du Pont Company was much smaller than it is today. And there's a large factor in the answer, Don, right there! The advancement and growth of any employee depends to a considerable degree on the advancement and growth of his employer. Promotion possibilities are bound to be good in an expanding organization like Du Pont.

Right now, for example, construction is in progress or planned for three new plants. That means many new opportunities for promotion for young engineers. And, in my experience, I have found it is a fundamental principle of Du Pont to promote

Don Sundstrom asks:

What are my chances for advancement in a big firm like Du Pont?

Gerald J. Risser, B.S. Chem. Eng., Univ. of Wisconsin (1937), is now assistant manager of the Engineering Service Division in Du Pont's Engineering Department, Wilmington, Delaware.

from within the organization—on merit.

My own field, development work, is a natural for a young graduate, because it's one of the fundamental branches of engineering at Du Pont. There are complete new plants to design, novel equipment problems to work on, new processes to pioneer—all sorts of interesting work for a man who can meet a challenge. Many of the problems will involve cost studies—some will require evaluation in a pilot plant—but, in every case, they'll provide the satisfactions which come from working with people you like and respect.

All in all, Don, your chances of advancement on merit are mighty good at Du Pont!

Want to know more about working with Du Pont? Send for a free copy of "Chemical Engineers at Du Pont," a booklet that tells you about pioneering work being done in chemical engineering—in research, process development, production and sales. There's a step-by-step outline of the leadership opportunities that confront a young Du Pont engineer—how he can advance—and how he can obtain help from experienced members of the team. Write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington, Delaware.

Raiders Stumble Before Tigers, 20-13

Breaks Deciding Factor For LSU

By KENNETH BENNETT
Toreador Sports Editor

For the first time in over a year, the Red Raiders of Texas Tech tasted the same flavor of defeat that they had so willingly handed their opponents. It turned the Techs' dreams of a brilliant season into a nightmare.

Coach Weaver's squad will be trying to punch their way back into the win column Saturday night when they invade College of Pacific at Stockton, Calif.

Johns Tiger Star

Chuck Johns was the big gun in the Louisiana State attack Saturday, leading the Tigers to their first win of the season over the stubborn Raiders in one of the major upsets of the week.

Johns scored all three Tiger tallies by crashing through the Raider line.

Trailing 13-0, the Lubbockites showed what looked like the old Raider form with two explosive thrusts in the late third and early fourth quarters. Handed a break moments later, the Techs failed to capitalize, lost the ball to the victory-minded Tigers and, actually, the game with it. The Louisiana lads turned on the steam for the winning score.

Johns put the Tigers out in front 6-0 in the second period, plunging three yards to cap a 69-yard drive. The extra point attempt was blocked, and the Raiders were already playing catch-up.

Just after the half, the Bengals fell on a bad Raider pichout on the Tech 24, and there was no stopping the determined underdogs. Just six plays later, Johns crashed through for the remaining two yards, to put the Raiders in a hole they hadn't seen since the Gator Bowl game last January. Doggett converted, and the Tiger fans came to their feet amazed at their 13-0 lead.

Graham Scores

Deciding they didn't want a rout, the Raider squad went to work. Ronnie Herr returned the kickoff 24 yards to the 36. Three plays later found the Techs on the LSU 48. On the next play, Graham grabbed the leather on a pichout from Northam at the 37, and galloped into the end zone. Johnson's kick was wide, but the Raiders were back in the game.

Raiders Even Score

Tech opened the fourth quarter looking like they were going to come through. Herr scampered 16 yards, tossed back to Sides, who opened the throttle for 56 yards to cap an 80-yard drive that only took three plays. Spinks converted making the score 13-13, and it was anyone's game.

The turning point came late in the last period. Guard Doug Campbell fell on an LSU miscue on the Tiger 33, but LSU, thinking that was a good trick, reversed the antic and fell on Herr's bad pichout on the next play.

Raiders Penalized

The Raiders held and forced the Tigers into punting, but were guilty of roughing the kicker, and LSU had a first down on the 44. The following play found the Lubbockites paying another fee for unnecessary roughness, setting the ball on the Tech 36.

The Tigers rolled to the Tech seven but Kirkpatrick intercepted Doggett's aerial and returned to the 22. Kirkpatrick's intentional grounding of the ball found Weaver's Techsans on their own five.

May took the Raider punt on

Games This Week

(All games Saturday except as noted. A date after any school's name is the date it played or will play Texas Tech this fall. If teams matched this week played each other last year, the 1953 score is given.)

- Texas Tech at College of Pacific. Last year, Tech 34-7
- Arizona (Nov. 6) at New Mexico. Arizona 20-0
- Tulsa (Nov. 13) at Detroit. (Friday night) Detroit 33-0
- Houston (Nov. 20) at Villanova. (Friday night)
- Hardin-Simmons (Nov. 27) at Okla. A&M (Oct. 2). Okla. A&M 20-0
- Texas A&M (Sept. 18) at Baylor. Baylor 14-13
- West Texas (Sept. 25) at Arizona State. Arizona State 39-20
- Texas Western (Oct. 9) at North Texas State. Western 26-21
- Florida at Louisiana State (Oct. 16). Tie 21-21

Last Week's Scores

Louisiana State 20, TEXAS TECH 13	Texas Christian 21, Texas A&M 20
Houston 14, Oklahoma A&M 7	Cincinnati 27, Hardin-Simmons 13
Arizona 35, Idaho 13	Baylor 34, Washington 7
College of Pacific 15, Colorado A&M 7	Trinity 20, Texas Western 14
SMU 20, Rice 6	West Texas State 41, New Mexico A&M 7
Arkansas 20, Texas 7	Kansas State 20, Tulsa 7
	Georgia Tech 14, Auburn 7

Intramural Football Is Well Underway; Play Will Continue During Coming Week

Texas Tech's intramural football program has gotten well underway in each of the three leagues.

ATO is leading the Fraternity League with two wins and no losses. PiKa and Sigma Nu are making a bid for top honors with one win each.

In the Dormitory League, Sneed Hall boasts the best record with two wins, while Bledsoe Hall challenges with one decision.

The Chowhounds and Nameless Wonders each have two triumphs in the Independent League, followed closely by the Wolves and Tech Vets with one win each.

This week's schedule calls for play in the Fraternity League Sunday. ATO will meet PiKa, Sigma Nu will challenge twice-

the 40 and returned to the 38 with only four minutes remaining. Capitalizing on the clock, and the magnificent running of Johns, the Bengals iced the game 20-13, with only 49 seconds remaining. Johns hit the double strip from 1 yard out.

Louisiana State had their first win of the season, and Tech absorbed its first defeat since Oct. 10, 1953.

beaten Phi Delt, SAE plays Kemas, and Phi Psi battles Kappa Sig.

Monday's schedule lists Bledsoe vs. West, and Doak vs. Gordon in the Dormitory League, while the Sugar Lumps will meet the Wolves in an Independent League game.

The Manzy Gritters challenge the Tech Vets and the Nubins will meet the Chowhounds in Independent League games Tuesday.

Wednesday will finish up the Dormitory League with Sneed playing Doak, and Bledsoe meeting West.

FRATERNITY LEAGUE		
Team	Won	Lost
ATO	2	0

West	0	2

INDEPENDENT LEAGUE		
Team	Won	Lost
Chowhounds	2	0
Nameless Wonders	2	0
Tech Vets	1	0
Wolves	1	0
Nubins	0	2
Sugar Lumps	0	2
Manzy Gritters	0	2

Executive Board Elected By BSO

The Board of Student Organizations elected six executive committee members at a meeting last Thursday. They are: Kay Lynn Watson, Donnie Dean, Glen Cary, Jack Gibson, Dick Gray and Iris Brunson. Others nominated were: Tommie Wynn, Allan Conley, and Charlie Browning.

Also on the committee are: Glen Rainer, president of Student Association, and a student council member not yet appointed. The BSO is composed of representatives from each of the campus groups. The purpose of BSO is to constitute a unitary campus program for students.

Earl Dietering, Lubbock Senior, Wins Scholarship

Earl A. Dietering, senior major in petroleum engineering, has been awarded a \$1,000 undergraduate scholarship given by the Gardner-Denver Company of Quincy, Ill., it was announced last week by Dean Dysart E. Holcomb of the Engineering Division. It is the largest single undergraduate scholarship awarded at Tech.

Dietering, who has better than a 2-point average, is currently serving his second year as business manager of La Ventana. He is a member of Tau Beta Pi, and secretary-treasurer of Pi Epsilon Tau. He is also treasurer of the Phi Delta Theta social fraternity.

The Gardner-Denver Company award stipulates that the recipient be a junior or senior student majoring in petroleum engineering, having an excellent scholastic record and a knowledge of Spanish prior to graduation.

Team Competes In Dairy Judging

The dairy industry judging team will compete in two intercollegiate contests this month.

On Friday, they will enter the Southern Dairy Products judging at Virginia Polytechnic Institute. Following this, they will compete in the International Intercollegiate Dairy Products Contest at Atlantic City, N. J., Monday.

Dairy industry teams judge milk, cream, cheese and ice cream according to various standards of taste, quality and appearance. J. J. Willingham, head of dairy industry, is team coach.

Team members include: James Morgan, of DeLeon; Charles Wales, New Deal; Richard Stovall, Plainview; and Ray McDonald, Blanket. All are senior students majoring in dairy industry.

Pledges Initiated By Phi Gamma Nu

Phi Gamma Nu, national professional sorority in commerce, initiated 17 pledges recently. Miss Delores T. Paulikas from Chicago, second national vice president, was guest of the occasion.

Pledges are: Molly Morrison, Nancy Roberts, Betty Alsop, Betty Lawther, Ima Jane Griffith, Joyce Sharp, Phyllis Emory, Glenna Speer, Buena Welch, Juanita Haseloff, Christine Foster, Shirley Crook, Ann Hintz, Betty Nelson, Janet Yancy, Betty Hancock and Revis Ann Gilbert.

Immediately following the initiation of pledges a reception was held in the Anniversary Room of the Union. Guests were: Mrs. Donald J. Tate, Mrs. T. F. Weisen, Mrs. Charlotte Ewing, Mrs. George Heather, and Mrs. Isabelle Gillenwater.

Wilmut Is Winner Of Dress Revue

Sonya Lynn Wilmut, 18-year-old freshman home economics student from Wilmer, won fourth place in the state 4-H dress revue last weekend at the State Fair in Dallas.

Miss Wilmut was the 6,146th student to register at Tech this year, and was given many gifts from local merchants for breaking the old enrollment record.

Miss Wilmut became eligible for the state revue by winning district competition in the 4-H contest.

Placement Service Offers Interviews

Students with interests in science, mathematics, accounting, engineering and military careers may meet the representatives of prospective employers in a series of interviews next week.

Appointments may be made through the placement service office.

Peat, Marwick, Mitchell & Company of Dallas will talk to prospective accountants. A general meeting with all who are interested is scheduled for Monday in Ad264. Individual interviews will follow the next day.

Also interviewing students Tuesday will be the Columbia-Southern Chemical Corporation of Corpus Christi, which is interested in chemical engineers. A few openings are available in civil, electrical and mechanical engineering.

Sylvania Electric Products, Inc., of Mountain View, Calif., will interview students majoring in electrical engineering, physics and mathematics Thursday.

A representative of the U. S. Marine Corps will interview ap-

Annis Baynes Is Kappa Sig Choice

Annis Baynes, representing Pi Beta Phi social sorority, was elected "Miss Pledge of 1955" at the Kappa Sigma rush party Tuesday night.

Two pledges from each of the seven women's sororities competed in the contest. Jane Cooper, Kappa Kappa Gamma, was runner-up for the title.

Other entrants were: Delta Gamma, Shirley Harrington and Charlene Tatum; Pi Beta Phi, Annis Baynes and Sandy Castevens; Zeta Tau Alpha, Glenda Moses and Claudette Burkett; Kappa Alpha Theta, Barbara Ware and Ann Rathjen; Delta Delta Delta, Revis Jordan and Beverly Cole; Kappa Kappa Gamma, Donna Abraham and Jane Cooper; Alpha Chi Omega, Mary Sue Lewis and Davie Narrell.

plicants Thursday and Friday.

The U. S. Marine Corps is interested only in 1955 graduates for its officers' candidate program and other students for its platoon leaders' class.

PROFESSOR MAKES ANNOUNCEMENT

Professor Bald, new exchange instructor from Oxford, had this to say about American education: "Blimey, but I like the students and my fellow instructors, but best of all, I like that wonderful drink... Dr. Pepper." He went on to say, that after drinking Dr. Pepper at 10, 2 & 4 there was little wonder in his mind "why Pepper received his doctorate." Wake up your Taste... Drink Dr. Pepper!

Wake Up your Taste ^{Drink} Dr. Pepper®

JACK WEBB AND BEN ALEXANDER

You know them best as Sgt. Joe Friday and Officer Frank Smith—stars of Chesterfield's award-winning "Dragnet" on TV and Radio. They're now starred in the movies, too, in Warner Bros.' great new picture, "Dragnet."

WHAT A PAIR!

WHAT A BUY! Chesterfield regular and king-size. (Both at the same price in most places).

Jack Webb and Ben Alexander want what you want from a cigarette. Relaxation, comfort, satisfaction. They know where to find it—because in the whole wide world, no cigarette satisfies like a Chesterfield.

Chesterfields are best to smoke because they alone have the right combination of the world's best tobaccos. Chesterfields are best for you because they're highest in quality, low in nicotine.

Try a carton of Chesterfields today.
