

ANOTHER QUARTER-BILLION ASKED FOR RELIEF

Strategic 'Corridors' Become Focal Points On Major War Fronts

Japs Attempt To Capture Railroads

Narrow Link Of Land Involved In Spanish Campaign

By The Associated Press

The world's two wars are pivoting on the fate of "life-line" corridors.

One such vital strip of territory, a narrow link between two segments of the government-held third of Spain, attained new strategic importance with insurgent armies in position to drive between Catalonia and Valencia to the sea.

Railroad Objective

Around the world in central China, Japanese trying to choke off the Chinese defenders' Lunghai railway artery and add 100,000 square miles to their conquests shifted their big push to another intersecting line, the Peiping-Hankow railroad.

Field guns thundered a prelude to the new drive 90 miles north of Chengchow, junction of the two railways 300 miles inland from the Chinese eastern coast. Seven other Japanese columns were thrusting toward the Lunghai line from north and south.

Japanese reinforcements poured into the Peiping-Hankow railway front despite Chinese guerrilla attacks on the rear guard and a grave state of anarchy which isolated Japanese authority over recently conquered territory in North China.

Spanish insurgent victory along the Alfambra river north of Teruel in a four-day offensive offered what insurgent military advisers termed "excellent conditions" for a thrust some 60 miles to the Mediterranean to shear Catalonia off from the rest of government Spain.

The insurgents said 4,247 bodies of government soldiers were left on the battlefields of the Palomera mountains and in the Alfambra river valley and that 9,300 soldiers were captured.

Farm Checks For Howard May Be Received Soon

Indication that benefit payment checks may be in the process of being written for Howard county was seen Thursday in the report of the administrative per cent to be deducted from the checks.

Word was received that the per cent cost for administration in Howard county on the 1937 program would be 2.5 per cent, slightly under the state average and far under the peak of nine per cent established by some counties.

MONEY TO SCHOOLS

Howard county schools received \$3,029.50 in an appropriation payment from the state Thursday.

The payment was for \$3 per scholastic. The balance of 45 cents per capita county administration was paid out of the appropriation, leaving the rural schools \$2.55 each on 1,197 scholastics.

Weather

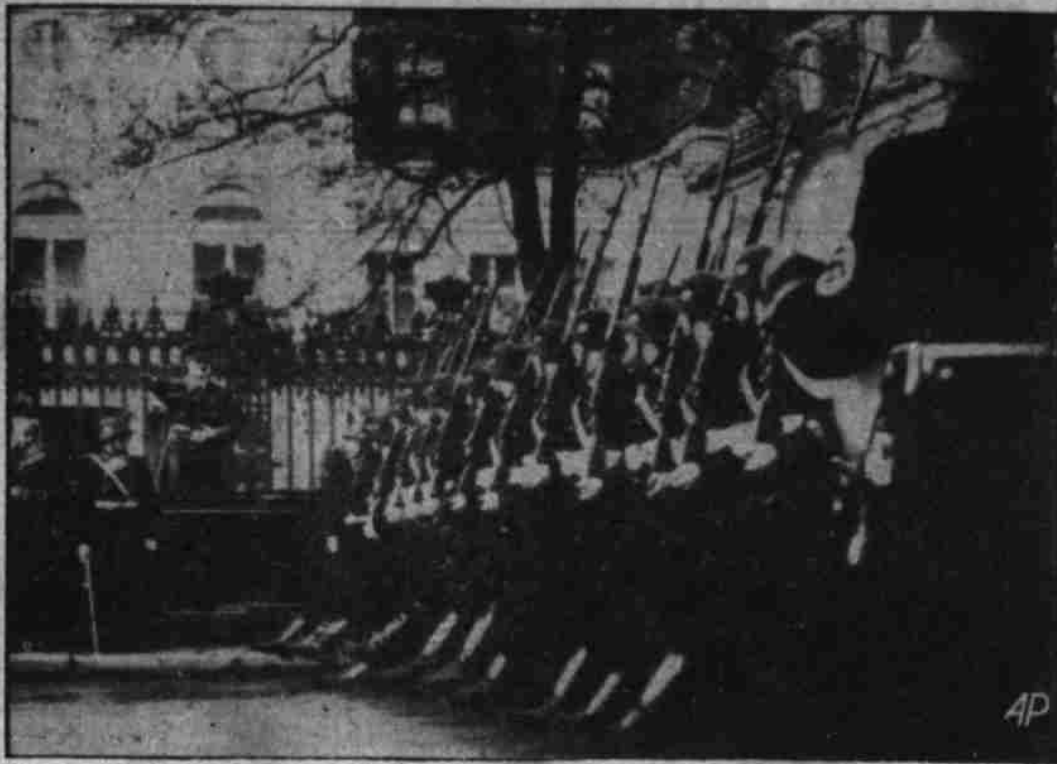

WEST TEXAS—Partly cloudy, warmer in extreme north and extreme west portions tonight; Friday mostly cloudy.

EAST TEXAS—Mostly cloudy to night and Friday; warmer in extreme northwest portion Friday.

ALL EYES RIGHT FOR DER FUEHRER

Goose-stepping Nazi troops are shown as they marched, with eyes right, past Chancellor Adolf Hitler January 30 during a review in Berlin on the fifth anniversary of the founding of the Third Reich. Today the eyes of most European capitals figuratively were turned on Hitler because of his military and diplomatic shake-up. In this photo Hitler, his arm outstretched, is standing in his automobile.

Will Hitler Succeed In Nazifying His Army? All Germany Is Asking

By WADE WERNER
BERLIN, Feb. 10 (AP)—Adolf Hitler, the ambitious ex-corporal who 19 years ago started out to nazify the German army, is renewing the task.

Some have posed the question whether he could do it this time. Nineteen years ago Hitler was a mere party leader trying to win adherents within the army.

This time he is head of the state, with direct control of all its armed forces, and it would be a stout-hearted general, indeed, who defied him openly.

Nevertheless, diplomatic quarters heard reports yesterday that three generals offered their resignations in protest.

The reports raised the questions whether Hitler was stronger than these generals.

Few saw any likelihood that Hitler would back down on his nazification program, begun with last week's army and cabinet shakeups.

When in November, 1933, he tried to seize power dramatically at Munich, he fondly believed that German soldiers would not fire on his brownshirt patriots.

They did fire. Sixteen Nazis died and Hitler went to prison. In 1930, three young army officers spreading the Nazi doctrine were tried for high treason. Hitler testified in their defense, but the Nazi officers went to prison.

Those who remembered the days when it was treason for an officer to be a Nazi did not expect that Hitler would be lenient now with opposing officers.

The nazification program was the subject of a heated discussion in the Reichstag today.

Port Arthur, Texas, is home port of the Nantucket Chief.

SAM FLOWERS AMONG EXAM CASUALTIES IN RICE SQUAD

HOUSTON, Feb. 10 (AP)—The Rice Institute coaching staff today started working out changes of assignments and laying plans for the 1938 football season.

Final reports from the mid-term examinations, disclosed Jimmie Kitts and his aides would be minus Sam Flowers, promising sophomore center from Big Spring; Ross McBrayer, husky sophomore guard and one of the best linemen on the team in 1937; Cleo Cressner, backfield man from Orange who played but a few minutes in 1937; Cecil Sutton, junior college transfer, who was on the freshman team in 1937; Wayne Holt, big freshman guard from Breckenridge.

DIE IN FIRE
MOSTAR, Yugoslavia, Feb. 10 (AP)—Thirty six members of a peasant wedding party were burned to death today at the village of Sretaina when the roof of the bridegroom's father's home collapsed and caught fire. The bridegroom was killed but the bride was rescued.

It is now nearly ready for promulgation. It was reported the order would eliminate chaplains from the army, make the Nazi salute obligatory, confine recruiting of future young officers to men who attended Nazi party schools, and place a political commissioner on each army staff.

The program is intended to regulate abnormal supplies of wheat, corn, cotton, tobacco and rice, and to prevent wide fluctuations in farmer income and consumer prices.

Resides continuing the soil conservation program, it authorizes Secretary Wallace to impose marketing controls, which farmers must approve or reject, when there are indications of huge crop surpluses.

Extending from midway between San Francisco and Los Angeles, to just south of the Oregon state line, the hurricane raised up mountainous waves that pounded the coast line. It tore through cities and towns and ransacked inland for 200 miles, causing damage even in Nevada valleys of the Sierra Nevada.

To Miles An Hour
Victims were four persons who were killed by falling trees or buildings, and a coast guardman who died when his boat overturned.

The hurricane, which centered for a time off the Parollone Islands outside the Golden Gate, blew with a velocity of 70 miles an hour at the gate. The force of the wind twisted the \$35,000,000 Golden Gate bridge, longest single suspension span in the world, more than 12 feet out of line during the height of the storm. The bridge swung back into place.

Sacramento, California's capital, suffered the worst storm losses in its history. More than a score of persons were injured and one man was killed. Most of the city was without electric lights and street car service was halted.

The Sacramento river, running within two feet of flood stage, was expected to rise further today if predicted rains fell.

DEFECTIVE LIGHTS TO PROVE COSTLY
Highway patrolmen gave a tip to motorists Thursday—to make sure that headlights and taillights are all in working order by Thursday night.

Convinced that repeated warnings were not producing results, they planned to start a campaign of ticket-handing to those who ventured on public roads with defective lights.

The patrolmen, up to regular strength here for the first time in months, planned to follow up on the department of public safety's policy of "cracking down" on reckless drivers and speeders. All over the state the highway patrol is committed to rigid enforcement of driving laws in an effort to curb the appalling traffic toll.

CARNEGIE MEDALS TO BE SOUGHT FOR TWO BOY HEROES
KILGORE, Feb. 10 (AP)—Carnegie medals for heroic deeds will be sought for J. R. Holcomb, 11, and his brother, Bobbie Dale, 5, credited with saving the life of their sister, two-year-old Betty Sue, at their Danville community home.

The brothers missed their sister and found her in a coverless 15-foot well into which she had fallen while playing.

The elder lad let a bucket down to the water, secured the rope and slid down. He placed his sister in the bucket and Bobbie Dale pulled her out.

J. R. remained in the well until his brother summoned his mother and neighbors.

SNOW IN HOLY LAND
JERUSALEM, Feb. 10 (AP)—The first snow in 12 years fell in the Holy Land today, blanketing Jerusalem lightly.

Senate Due To Vote Today On Farm Bill

Anti-Lynching Bill Put Aside For Agriculture Measure

WASHINGTON, Feb. 10 (AP)—The senate amid predictions of passage "before nightfall," took up the revised administration farm program today.

Report Read
In so doing, it laid aside for the time being the anti-lynching bill against which southern senators have filibustered since the session started in January.

Debate was delayed at today's convening when Senator Johnson (R-Calif.) forced reading of the full report of a joint senate-house committee on its revisions of the farm measure.

When consideration of the farm bill began in the senate, each senator found on his desk a bulky 105-page volume containing in parallel columns three different farm bills.

These were the original bill approved by the house, the bill approved by the senate, and the compromise bill written by the senate-house conference committee from the first two.

Joining Barkley, Senators Smith (D-SC) and Pope (D-Idaho) predicted the compromise crop control legislation, drafted by a senate-house committee, would be approved by nightfall.

"The farmers are entitled to know right away," Smith said, "what the administration's farm plans for this year are."

Some senators, however, forecast a prolonged debate.

Marketing Controls
The program is intended to regulate abnormal supplies of wheat, corn, cotton, tobacco and rice, and to prevent wide fluctuations in farmer income and consumer prices.

Resides continuing the soil conservation program, it authorizes Secretary Wallace to impose marketing controls, which farmers must approve or reject, when there are indications of huge crop surpluses.

Price-Fixing Seen As An Alternative
WASHINGTON, Feb. 10 (AP)—Chairman Jones (D-Tex.) of the house agriculture committee told congress today that if the new farm bill "does not work out," the government may have to resort to price fixing, at least for cotton.

In revising his final plan for the bill before the house adopted it yesterday, Jones said:

"If this measure does not work out, I feel that the next step as to cotton and possibly as to other farm commodities will be to establish a price for that portion of the production which is used in this country, and through a penalty provision as a regulation of interstate commerce required that such portion be purchased at not less than the established price."

"This would permit the additional production to flow into the markets of the world. The soil conservation payments would thus give an added price equivalent on that portion that is produced for the world markets."

Every store in the state is subject to the tax, although the "chains" come in for the heavy part of the tax under a graduated scale based on the number of stores operated. The tax will be collected for the years of 1936, 1937 and 1938. Single stores, such as are the vast majority of business concerns here, will be subject to a \$1 tax plus 50 cent filing fee per annum, or \$4.50 for the three years.

Call At Office
Only three concerns in Big Spring will be subject to the \$100.50 payment for three stores for three years. Firms operating as many as 51 stores in the state will owe as much as \$41,572.50.

Hanks suggested it would expedite work here if managers of concerns would call at the district office in room 408 of the Petroleum building and fill out their blanks, which must be attested to by a notary public. The office has a See CHAIN TAX, Page 5, Col. 1

To Report On Water Survey
Exploratory Work Of USGS Halted For Time Being

Penn Livingston, associate engineer U. S. Geological Survey, has left for San Antonio where he has been ordered to make a report on the underground water survey work underway in Howard county since last summer.

While Livingston is preparing his report, a task which may require two or three months, certain phases of the work will be continued here. However, officially the project is to be halted until U.S.G.S. receives and acts on the report.

Test wells being sunk southwest of here are to be pushed in locations already staked. Until U.S.G.S. gives the word, the exploratory work will remain at a standstill.

The city included \$2,500 in its 1937-38 budget as its share of the expense to be incurred in the pursuing of an exhaustive survey for underground water supplies in this territory.

Just what the survey will show in the way of results, none can say. The U. S. Geological Survey has a way of keeping its secrets to itself until all information is in and a complete report available.

DIE M'MAHAN UP
Dr. George T. McMahan, superintendent of the state hospital now under construction here, was able to be back at work Thursday after being confined to his home with a severe influenza attack.

TOO MUCH WARM WEATHER—There's Damage Ahead If That Freeze Comes

AUSTIN, Feb. 10 (AP)—Texas orchardists must hold their breath the next several weeks and hope against heavy odds that winter will not make another stand in this state.

J. E. McDonald, agriculture commissioner, pointed out today that the unseasonably warm weather so far this month had caused fruit trees over most of the state to bud or bloom.

"If a freeze comes," he said, "the loss will be terrific. There's a chance the cold weather is over but it's a slim one."

McDonald said the warm weather also had caused grain to grow more rapidly than usual and much of it would die in a hard freeze.

DALLAS, Feb. 10 (AP)—Records at the U. S. weather bureau here gave virtually no hope for North Texas fruit growers whose budding trees were threatened by the possibility of killing frost.

Since the bureau was established in 1914, the last killing frost of the year occurred only once in February. That was February 21, 1918, Dr. J. L. Cline said. Most of the last killing frosts came in March, some in April.

California Storm Takes Heavy Toll

Five Dead, Property Loss Runs To Millions

SAN FRANCISCO, Feb. 10 (AP)—A gale that struck Northern California killed five persons, injured scores of others, and caused property damage estimated at millions of dollars.

The wind, which at several places along a 200-mile front reached almost tornado force yesterday, came as a shrieking climax to 14 days of storm. It died down, leaving in its wake broken communication systems, blocked highways and railroads, and a menace of floods from additional rains, predicted for today.

Extending from midway between San Francisco and Los Angeles, to just south of the Oregon state line, the hurricane raised up mountainous waves that pounded the coast line. It tore through cities and towns and ransacked inland for 200 miles, causing damage even in Nevada valleys of the Sierra Nevada.

To Miles An Hour

More Jobless Require Aid, FD Writes

Most Of Money Would Go Into Industrial Centers

WASHINGTON, Feb. 10 (AP)—President Roosevelt asked congress today for immediate appropriation of \$250,000,000 to meet relief needs during the next four and a half months.

To Automobile Cities
"Funds available at this time," the president wrote Speaker Harbohead, "will not only take care of the additional burden caused by the recent increase in unemployment but will require a sharp reduction in the near future of the number on the Works Progress Administration rolls."

WPA officials, anticipating the president's request, said most of the money would be used in industrial centers, especially the automobile manufacturing cities.

The money would be in addition to approximately \$487,000,000 which WPA now has remaining from its original allotment for this fiscal year.

"The funds available on Jan. 1, 1938," said the president, "would permit employment of an average

WASHINGTON, Feb. 10 (AP)—President Roosevelt's request for an additional \$250,000,000 for relief indicated today the treasury's deficit would amount to about \$1,544,000,000 by June 30, end of the fiscal year.

This figure is based on Roosevelt's January 3 budget estimates plus today's request. Last year the deficit was \$2,311,318,210 on June 30.

Deducting estimated expenditures for debt retirement, the net deficit is expected to climb to \$1,338,000,000, compared with \$2,307,347,110 last year.

Of the 1,700,000 persons for the six months ending June 30, 1938, the number of persons on the Works Progress Administration rolls today is 1,950,000.

WPA officials said the sum Mr. Roosevelt asked would enable them to give relief to an average of 1,900,000 people during the four and a half month period. Because of heavy winter demands, they added, more than 1,000,000 probably would be added now with curtailments in the spring.

The same officials have reported that if additional funds were not forthcoming, they planned to prun the rolls down to 1,500,000 by the

See RELIEF, Page 5, Col. 1

IS INJURED IN FALL OFF TRAIN

GREENSBURG, Pa., Feb. 10 (AP)—Kevin Butler of St. Paul, Minn., was critically injured today in a fall from a speeding Pennsylvania railroad train.

A spokesman for the Westmoreland hospital said Butler had told attendants he was a son of Justice Pierce Butler of the supreme court.

In Washington, Justice Butler's office declined comment.

Pennsylvania railroad officials said Butler fell through the window of a lavatory, while the train was traveling 50 miles an hour.

The hospital reported Butler's skull was fractured and his face and head badly lacerated.

Exchange May Cut Roster

Leaders Study Way To Reduce Trading Membership

NEW YORK, Feb. 10 (AP)—The New York Stock Exchange announced today it would consider the "feasibility" of reducing the number of its memberships. Currently there are 1,275 members of the organization.

Study of the proposal will be made by a special committee of three, named by Charles B. Gay, president. They are Otto Abraham, Benjamin H. Britton, and E. Lawrence Oakley, all members. Britton is treasurer of the exchange and Oakley a governor.

Gay's announcement said the committee would "study the feasibility of formulating a plan for retirement over a period of time of a substantial number of exchange memberships."

It marked the first definite response by the exchange to a suggestion made recently by William O. Douglas, chairman of the Securities & Exchange Commission, that the exchange modify and "trim many mouths to feed."

CANDIDATE HERE
O. C. "Red" Christie of Abilene, Texas, candidate for railroad commissioner of the state of Texas, was in Big Spring Thursday, viewing voters in the interests of his candidacy. Christie announced his candidacy about a week ago.

Rebekah Lodge To Sponsor A Benefit Party

Public Is Invited To Affair Tonight At I.O.O.F. Hall

Benefit "42" and bridge party will be sponsored Thursday evening by the Rebekah lodge at the I.O.O.F. hall beginning at 8 o'clock to which the public is invited.

At a meeting of the lodge this week, the pink side won over the green in the officer's contest by 100 points.

Mrs. Mable Glenn and Mrs. Hazel Lamar, members, were reported to be ill this week. Regular routine of business was attended in the meeting presided over by Mrs. Josie McDaniels, noble grand.

Those attending were Mrs. McDaniels, Mrs. Gracie Majora, Mrs. Velma Cain, Mrs. Amanda Hughes, Mrs. Lula Harper, Mrs. Nova Ballard, Mrs. Alma Crenshaw, Mrs. Ollie Simmons, Mrs. Ora Martin, Mrs. Maxine Cook, Mrs. Eula Robinson, Mrs. Thelma Randolph, Mrs. Vera Stallings, Mrs. Bertie McLeod, Mrs. Sallie Kinard, Mrs. Maggie Richardson, Mrs. Nora Gulley, Mrs. Stella Miller, Ben Miller, L. L. Gulley and T. H. Hughes.

New Harmony Club Entertained With 1 o'clock Luncheon

Luncheon at 1 o'clock complimenting members of the newly organized Harmony club was given Wednesday at the home of Mrs. Roy Deweese who was assisted by Mrs. J. A. Merritt.

Mrs. Merle S. Dempsey and Mrs. Ben Cole received first and second high gifts.

Those attending were Mrs. A. W. Ellington, Mrs. Walter Wilson, Mrs. Hardy Matthews, Mrs. H. W. Wright, Mrs. Dempsey, Mrs. Cole and the hostesses.

Royce Lay Celebrates Birthday Anniversary

Thirteenth birthday anniversary of Royce Lay was celebrated at the home of his parents, Mr. and Mrs. Roy Lay, 1402 Main, Wednesday afternoon with a party.

After various games refreshments were served to Jean McDowell, Jeanette Marchbanks, Gloria Nall, Myra King, Sara Frances Laney, Mary Kathryn Black, Cole Menefee, Lorena Brooks, Cornelia Frazer, John Henry Day, Billie Jack Limroth, Commodore Rayne and the host.

Misses Emogene and Dorothy Lay and Marie Limroth assisted in serving.

Valentine Dance Is Given At Settles

Misses Clara Bronstein, Marguerite Wood and Freddie Adkins were hostesses to a Valentine party and dance given at the Settles hotel club room Wednesday evening.

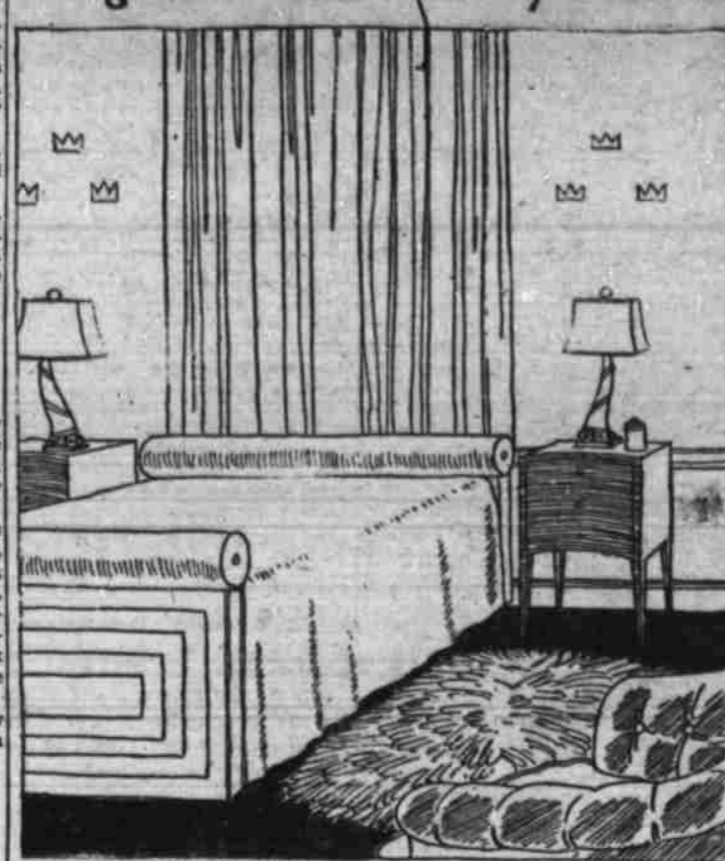

Games and dancing were enjoyed and refreshments served to Misses Rudy Ogles, Lillian Shick, Gladys Smith, Dorothy Driver, Irene Barnett and Lillian Bee Wade, Messrs. R. V. Jones, Granville Dawson, David Bernstein, Milton Walker, Calvin Fry, Joe Rutliff, Brent Jackson and Lewis Cromwell.

Called To Crowell

Mrs. W. M. Taylor was called to Crowell Wednesday morning because of the serious illness of her sister, Mrs. G. W. McGowan.

Beauty And Utility Of Swedish Designs Rediscovered By Artist

NORSE INSPIRATION
Curves and slender lines are the characteristics of Swedish design as exemplified in this bedroom.

By MARY DAVIS GILLIES
Prepared by McCall's Magazine

For The Herald

Every so often, somebody discovers Sweden all over again. Sweden, for years, has been going on quietly making beautiful (and useful) things for itself and for those who care to discover it. Now the enthusiasm for the Swedish has begun to take in just about everything in home furnishings. A glimpse at a piece of Swedish glass is enough to explain why. Swedish dinnerware not only is good to look at but also practical, in its subtle off-colors with decorations which are modern but which will go well with many schemes.

For rich, rough fabrics, in shaded stripes and plaids, in nubby basket weaves and knotted and fringed effects—try the Swedish. For delicately-colored lively, but not crazy, wallpaper, for luxurious rugs in grayed pastels—Swedish. And everybody knows how Swedish silverware has become classic.

Now, particularly, it's Swedish furniture, and American makers are offering fine adaptations—not strict copies. In the modern Swedish style, there are more curves, the lines are slender, the colors light. Many chests and buffets

Mrs. Watson Gives Bridge Party For Group Of Friends

Mrs. Charles Watson entertained a group of friends with a bridge party Wednesday afternoon using the St. Valentine motif.

Mrs. Thomas J. Coffee scored high, Mrs. Joyce Stripling second high, and Mrs. Jake Bishop received the deuce prize.

Guests were Mrs. Coffee, Mrs. Mae Cooley, Mrs. I. S. McIntosh, Mrs. Bishop, Mrs. Hayes Stripling, Mrs. O. W. Waters and Mrs. Jack Terry.

American Music Studied By A Club Group

Mrs. Bernard Lamun Relates High Points This Country's Music

Declaring it is the duty of every American to study its own composers, Mrs. Herbert Keaton led the discussion of American music Wednesday afternoon when the Music Study club met at the Settles hotel at 3:30 o'clock.

Mrs. Bernard Lamun, who read a paper on American music, said that even the architecture of America shows our inborn urge to look upwards, and it is upon this idealistic impulse to soar that this country depends for its progress in music. She named a number of exports that have been received by all the world including the Stephen Foster melodies sung by Europe, the harmonium, the American organ, exported by boatloads, the phonograph, marches of John Philip Sousa, jazz which we inflicted upon a helpless world, and synchronization, the newest development in pictures by which the finest artists are given to the world through the movies.

Music Accomplishments

She further stated that this country has seen great accomplishments in the music of public schools and colleges and the spread of music clubs has raised the standard of appreciation.

Mrs. Keaton gave a resume of the lives of a number of the best known composers, naming Edwin McDowell and Ethelbert Nevin as the foremost.

"O That We Two Were Maying" by Nevin was sung by Mrs. L. A. Eubanks with a violin obligato by Valdeva Childers. Mrs. Keaton played the accompaniment. Mrs. Anne Gibson Houser gave "A Scotch Poem" by McDowell on the piano, first reading the poem, and then telling the setting of the selection.

"To a Wild Rose" by McDowell and "Romance in A" by Ljeurance was played by a violin ensemble composed of Mrs. Chas. Houser, Mrs. D. W. Conley, Mrs. Joe Austin, Miss Louise Berger, Miss Maurine Rose with Valdeva Childers and Mrs. Herbert Keaton at the piano. These numbers were arranged from violin solo by Mrs. Childers.

Songs Sung

Mrs. V. H. Flewellen sang two songs, "Luxembourg Gardens" by Kathryn Lockhart Manning and "I Love Life" by Manna Zeuca. A piano duet by Mrs. Omar Pitman and Mrs. Harry Hurt was played

Advocates Of Equal Rights With Laws Protecting Working Women Are Poppcock

Men Wear Yellow Ribbon Bows

By BETH CAMPBELL
WASHINGTON, Feb. 10 (AP)—Yellow ribbon bowknots worn by women advocates of an "equal rights" amendment provided a reminder today of the suffrage fight 20 years ago when feminists wore gay wide sashes during forays to congress.

The little lapel bows distinguished supporters of the proposed constitutional amendment at hearings before the senate judiciary subcommittee. Mrs. Emma Guffey Miller said the bows were yellow because that was one of the colors of every pro-suffrage organization.

Mrs. Miller, democratic national committeewoman from Pennsylvania, declared the 18-word amendment providing that "women shall have equal rights with men in the United States and every place subject to its jurisdiction" is merely a corollary to the suffrage amendment.

The yellow ribboners, beginning their second day of protests against restrictions on women under the law, also revived the passionate oratory of old suffrage days.

They used plain words. They gestured with spectacles, pencils or whatever was handy.

"Laws protecting women from night work are ridiculous poppcock," declared Mrs. Maud Williams, anburn-haired New York proof reader.

"We working women want equal rights, not so-called welfare laws for women only," added Mollie Maloney, New York bookbinder.

Noted Trumpet Soloist Scores Hit With Big Spring Audience

Grace Adams East and the singing tones of her golden trumpet scored a hit with Big Spring music devotees Wednesday evening when she and her accompanist, Mary Bernard Jacobus, gave a superb performance at the municipal auditorium presented by the Music Study club.

Known as one of the world's great trumpet virtuosos, Mrs. East proves that the instrument, usually considered a man's accomplishment, can be played equally as well by a woman who not only delivers clear, resonant tones but adds a note of suavity not found in most soloists. She says most women try to play the trumpet in a masculine manner whereas they should play it with singing tones.

Given in Variations

"Russian Fantasia" by de Grassi, which was originally written for the trumpet, was rendered in several variations with a grand finale in triple-tongue dedicated to those in the audience who play trumpets or cornets. Listeners especially appreciated this number and "Rhapsody in Blue" by Gershwin. "Home On the Range," played the last time by Mrs. East when she appeared on a benefit program with Will Rogers, was given as an encore.

The artist's perfect breath control of the triple-tongue delighted the audience who declared the concert was among the best presented here this winter.

Mary Bernard Jacobus' rendition entitled "Dance Rustique" by Dr. William Mason.

Members attending were Mrs. J. H. Kirkpatrick, Mrs. P. W. Malone, Mrs. Edmund Berger, Mrs. Raymond Winn, Mrs. Anne Gibson Houser, Mrs. L. K. Talley, Mrs. Albert Darby, Mrs. Flewellen, Mrs. Keaton, Mrs. Charles Houser, Mrs. L. A. Eubanks, Mrs. Austin, Mrs. Bernard Fisher, Mrs. Joyce Fisher, Mrs. S. H. Gibson, Mrs. Hurt, Mrs. Pitman, Mrs. Lamun, Mrs. H. H. Moser, Mrs. G. C. Schurman, Mrs. Herman Williams, Mrs. D. W. Conley, Mrs. Childers and Misses Maurine Rowe and Louise Berger of the Junior Music club.

Luncheon Is Given By Mrs. Ashley For Ely See Club

One o'clock luncheon at the Settles hotel Wednesday afternoon was given by Mrs. Tom Ashley for members of the Ely See club.

High honors were won by Mrs. R. B. Bliss with Mrs. R. E. McEwen as second. Mrs. Bliss is to be the next hostess.

Mrs. Bliss, Mrs. Victor Martin, Mrs. Lee Rogers, Mrs. J. E. Young, Mrs. Robert Wagner, Mrs. R. L. Beale, Mrs. McEwen and Mrs. Ashley were those attending.

Pitch Played By V-8 Club Members

Pitch was played by members of the V-8 club Wednesday afternoon when they met with Mrs. M. H. Merrick, 1308 Johnson, with Mrs. Carl Madison and Mrs. Leon Cole winning high score.

Mrs. M. Stephenson was a guest and Mrs. Cole will entertain the club next week.

Mrs. George Demicho, Mrs. Cole, Mrs. Madison, Mrs. E. A. Merrick, Mrs. C. B. Johnson, Mrs. A. D. Webb, Mrs. Carl Merrick and the hostess were members taking part.

Two Are Guests Of No-Trump Club

Mrs. Howard Harris of Odessa and Mrs. Jack Smith were guests of the No-Trump Bridge club Wednesday when it met at the home of Mrs. R. E. Freeman. High score and bingo were won by Mrs. T. F. Conklin and Mrs. J. A. Scott.

Mrs. Marie Glover will entertain the group next Wednesday at her home, 402 Rubens.

Members present were Mrs. Glover, Mrs. Scott, Mrs. Wayne Pearce, Mrs. Conklin, Mrs. Stanley Clayborne and the hostess.

Spode

Rosebud Chintz

Taken from an 18th Century Chintz. Truly a charming English design of Rosebuds and tendrils painted underglaze in rose, green and yellow. Refreshingly beautiful—Spode patterns are never discontinued.

TAKE WEIGHT OFF TIRED FEET

Less Fat The Easy Way—Without Starvation Diets, or Back-Breaking, Bending and Rolling Exercises.

If your feet and ankles feel tired and ache all over—because you are carrying too much fat—do something about it. Try the treatment that has helped millions to reduce excess weight.

There's a reason why so many people find gaining slow and often times futile in reducing. The reason, doctors say, is often because a little gland in the body goes wrong. All the blood in your body goes through this tiny gland sixteen times every day. If it doesn't pour into the blood stream about one and one-half drops of vital fluid every 24 hours, many people take on ugly fat. This fluid helps Nature to "burn up" excess food and fatty tissue in much the same way as a good "draft" sets in a furnace.

Now, physicians combat this condition by feeding this gland the substance it lacks—and millions of pounds of excess fat has been wiped out in this way.

Marmola Prescription Tablets contain the same element prescribed by most doctors in treating their fat patients. So don't waste your time or money striving to reduce with starvation diets or back-breaking exercises. Start the Marmola treatment today that millions have used to get rid of excess fat. The formula is in every box so you know just what you are taking. Don't wait—get a box of Marmola today from your druggist.

CALENDAR Of Tomorrow's Meetings

FRIDAY
MODERN WOMEN'S FORUM meets with Mrs. I. S. McIntosh, 408 Dallas, at 7:30 o'clock p. m.

Ill This Week
Richard Hitt, son of Mr. and Mrs. R. C. Hitt, is ill this week at his home, 105 1-2 West 8th street.

Little Rock Visitors
Mr. and Mrs. J. M. Homan of Little Rock, Ark., are here this week as guests of Homan's brother and wife, Mr. and Mrs. W. H. Homan, 800 Scurry.

Returns Home
Mrs. M. A. Berry returned Tuesday to her home at Colorado after a short visit with her daughter, Mrs. J. R. Crenth.

El Paso Visitors
Mr. and Mrs. J. H. Jackson of El Paso are here this week as guests of relatives.

Visits Daughter
Mrs. Lillian Carter of Garden City is a guest in the home of her daughter, Mrs. Frank Covert. Mrs. Carter received a message Wednesday of the death of her sister, Mrs. G. W. Marshall, of McAlester, Okla.

Here From Arkansas
Mrs. I. D. Maxwell of Lincoln, Ark., former resident of Big Spring, is here a guest of Mrs. Jack Stephens and Mrs. W. R. Cole.

Kildare Fems Win
KILDARE, Feb. 10 (AP)—The Kildare girls, powerful East Texas high school team, won its 122nd straight in 123 games last night by whipping Caster, La., champions of their state, 53-28.

Kildare, readying for the Southern A.A.U. girls' tournament to be held at Dumasville, Texas, February 17-19, was paced by Mary Dodson with 28 points and Marie Blue, with 25. The local team has scored 1,318 points to the enemy's 480 for the current season.

Only one foul was called on the locals—and it came late in the game.

HE SEES WHO BUYS WHAT TOBACCO

Like so many other independent experts, Bill Whitley, Tobacco Auctioneer of Henderson, N. C., smokes Luckies

WILLIAM D. (BILL) WHITLEY sold over 15 million pounds of tobacco last year. It's easy to see that he's an expert who knows tobacco.

So it's important to you when he says... "At 14 different markets in Georgia, North Carolina, South Carolina, Tennessee and Kentucky, I've seen Luckies buy the best tobacco. I figure it's good tobacco that makes a good smoke. So my own cigarette is Lucky Strike!

"I've noticed, too, that independent buyers, not connected with any cigarette manufacturer, smoke Luckies more than any other brand."

Mr. Whitley is correct. For sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all other cigarettes put together. Remember: The men who know tobacco best smoke Luckies 2 to 1.

HAVE YOU HEARD "THE CHANT OF THE TOBACCO AUCTIONEER" ON THE RADIO?

When you do, remember that Luckies use the finest tobacco. And also that the "Tostling" process removes certain harsh irritants found in all tobacco. So Luckies are kind to your throat.

Sworn Records Show That... WITH MEN WHO KNOW TOBACCO BEST—IT'S LUCKIES 2 TO 1

JUST WHAT WE WERE LOOKING FOR...

FOUND IN THE WANT-AD COLUMNS

The Nooweds wanted a cozy little house... and they found it in our WANT AD COLUMNS. The Ritzdoughs wanted a thoroughbred horse... and they got him through our WANT AD COLUMNS. Tommy Brown wanted a good used bicycle, cheap... and he got it through our WANT AD COLUMNS. Whatever you have to BUY, SELL, or EXCHANGE... you can do it better, quicker, at less cost... through our WANT AD COLUMNS.

CALL "CLASSIFIED" 728 or 729

For Bronchitis—Tough Old Coughs

It's different—it's faster in action—it's compounded on superior, medical fact findings new in this country.

BUCKLEY'S MIXTURE (triple acting) is the name of this prescription that "acts like a flash"—it's really wonderful to watch how speedily hard, lingering colds are put out of business. Right away that tightness begins to loosen up—coughing ceases—bronchial passages clear—you're on your toes again—happy and breathing easier.

Get **BUCKLEY'S** today at any first-class drug store—a single sip tells you Buckley's out-calls all other Coughs and Cold remedies in cold-winter Canada.

COLLINS BROS.

Chain Tax

(Continued from Page 1)

...and the entire payment can be commuted at the office.

No business establishment or store is exempt from the single store tax, but certain exemptions are provided under the chain provision. Among them are retail lumber and building material businesses engaged exclusively in the sale of lumber and building materials, oil and gas well supplies and equipment dealers, service stations (company owned) dealing exclusively in oil and gas supplies, utilities which do not offer appliances, and processors of dairy products for the exclusive sale at retail.

Several of the chain stores operating in Big Spring will pay direct to the state comptroller, it was believed. There are at least five, it was thought, that would be included in the maximum taxing provisions of the act.

Any new business must pay the tax prior to opening, according to terms of the act. A partial list of amounts due the state from concerns operating in the state, graduated for the number of stores, follows: One store, \$450; two stores, \$34; three stores, \$100.50; four stores, \$177; five stores, \$253.50; ten stores, \$1,011; and 51 stores, \$41,872.50.

Mac Neal Irwin Heads Group At Texas A&I

A Big Spring student, Mac Neal Irwin, has been honored with the presidency of the Aggie club at the Texas College of Arts and Sciences, Kingsville. Announcement of his election to the post for the second year was made in the "South Texan" student newspaper at A&I, copies of which were received here.

Irwin, a graduate of the Big Spring high school, is the son of Mr. and Mrs. W. N. Irwin who reside on the Gall road.

Irwin is a senior agricultural student at the Kingsville school. He has been associate editor and circulation manager of The South Texan for the past three years, and is treasurer of the Texas Intercollegiate Press association. He has been a member of the Aggie club for the past four years and is also active in the work of the Collegiate Chapter of the Future Farmers of America.

Relief

(Continued from Page 1)

end of the fiscal year. The WPA announced there were 68,479 more persons on federal relief on January 29 than there were a week before.

The president informed Bankers that a deficiency appropriation of \$250,000,000 would "permit the continued employment" during the remainder of the fiscal year, and that June 30, of persons now on work relief and would "provide a reasonable measure of relief for those who have recently become unemployed and are in need."

5,000,000 Less Jobs

The president said that according to the best available estimate "it appears that, during the past three months, approximately 3,000,000 persons have lost their jobs with private employers."

"This increase in unemployment," he wrote, "could not, of course, have been foreseen at the time the last relief appropriation was under consideration."

"Hundreds of thousands of needy unemployed persons," he continued, "have recently applied for relief work which could not be provided for them with the funds on hand."

"It has become increasingly clear that these needs can not be met unless employment by the Works Progress Administration is increased immediately."

Decisions On Rail Rates Expected About March 1

WASHINGTON, Feb. 10 (AP)—The interstate commerce commission probably will decide the railroad demand for higher rates about March 1, informed observers predicted today.

The roads contended, in hearings which closed yesterday, that only a 15 per cent rise in freight rates to meet increased costs would solve their financial problems.

Against this claim the commission weighed scores of counter-proposals from farmers, manufacturers and others who ship by rail.

After a decision is reached, President Roosevelt will begin round-table discussions with trainmen seeking to solve the riddle of why railroads are often in debt.

No Information From Interview With Mrs. Rubens

MOSCOW, Feb. 10 (AP)—Mrs. Ruth Marie Rubens of New York, pale from two months imprisonment, talked for an hour and 15 minutes today with Loy W. Henderson, United States charge d'affaires, but apparently was able to impart little of her account of her arrest on suspicion of espionage.

Soviet judicial authorities were present to censor the interview. Mrs. Rubens was permitted to answer only questions approved by an examining judge of the Soviet military tribunal wearing the insignia of a brigade commander.

Henderson declined to tell what took place during his visit to the grim old Butirka prison outside Moscow until he had made his report to the state department.

Business Loan Plan Studied

WASHINGTON, Feb. 10 (AP)—The administration extended a virtual promise today to help small businessmen borrow money.

Although details were withheld pending further study, Chairman Jesse H. Jones of the Reconstruction Finance Corporation was reported ready to disclose the loan arrangements within a week or 10 days.

His intention was made known yesterday by Secretary of Commerce Roger, who was host to a thousand small businessmen at last week's turbulent conference.

Usually well informed officials said they "guessed" the administration was not ready to do anything more drastic than to extend and possibly liberalize the type of lending which the R.F.C. has been doing for more than three years.

Dog Guards Boy's Skates

SEATTLE (UP)—Sandy, a German shepherd dog, is not only faithful to 12-year-old Edward Koch, but also to the boy's roller skates. Late one afternoon young Koch left his skates on a parking strip a block from his home, and Sundry guarded the skates for a night and a morning.

Although the Falkland Islands have been held by Great Britain since 1824, Argentina still claims

TAHOE CITY FINALLY GETS FRESH FOOD

TAHOE CITY, Calif., Feb. 10 (AP)—Tahoe City residents were able to buy fresh meat and vegetables today for the first time in a week.

Heavy snows during the past 34 days blocked roads leading into Tahoe City. Last night a snow plow led a caravan of trucks into this snow-bound mountain town with a week's accumulation of parcel post packages and fresh meat, vegetables and bread. First class mail had been brought in by ski runners.

FLOODS KILL 15

RIO DE JANEIRO, Feb. 10 (AP)—Fifteen persons were killed and 20 were injured when several houses weakened by floodwaters collapsed today.

A heavy rain fell overnight, flooding several districts. Water seeped into a first aid hospital, and flooded the press room of the newspaper O Jornal, preventing it from publishing.

Calcutta is the second largest city of the British Empire.

Hospital Notes

Big Spring Hospital

Mrs. L. M. Parker, 709 Douglas street, underwent a minor operation Thursday afternoon at the hospital.

Ella Fay, 2-year-old daughter of Mr. and Mrs. C. W. Brown, 1216 West Third street, is in the hospital ill of pneumonia.

Judge J. A. McElvaney of Wink, Texas, was admitted to the hospital Wednesday for treatment.

Janice, 2 1/2-year-old daughter of Mr. and Mrs. A. R. Houston of Stanton, is in the hospital for treatment.

Count Returns In Ulster Elections

BELFAST, Northern Ireland, Feb. 10 (AP)—Vote counting began today in Ulster's general election, with Prime Minister Lord Craigavon confident the result would be a fresh mandate for his government to combat union with Ireland.

Tallies were to be completed by 7 p. m. on the 31, house of commons seats to which 64 candidates aspired. Twenty-one of the house's

Angelo Asks Study Of Gas Rates

SAN ANGELO, Feb. 10 (AP)—City commissioners here today through Mayor Dorsey B. Hardeman telegraphed the Texas railroad commission asking that it make an early investigation of rates of the Lone Star Gas Co. and its subsidiaries now serving San Angelo.

The request was made pursuant to an order of the state commission that such services would be available upon request.

El Paso had previously requested the service and San Angelo is believed to be the second city to make such a request.

Britain will complete three 35,000-ton battleships this year.

ANTILION MARCH BRINGS NO CHANGE

HARLINGEN, Feb. 10 (AP)—A non-authorized demonstration against citrus-fruit proration and anti-union activity had been completed today, although there had been no change in the conditions which brought about the protest.

The dual-purpose demonstration consisted of a 70-mile trek by occupants of some 80 automobiles. Here the demonstrators were prevented from passing the plant of the Valley Publishing company, where a strike of composing room workers has been in progress 10 days.

J. L. Hilburn, president of the Mercedes local 20663 of the Fruit and Vegetable Workers Union, an A.F. of L. affiliate, said the protest was against the proration of fruits and vegetables shipped from the valley and "against the employment anywhere of non-union workers where a union has been organized."

The Dutch gave New Netherlands, now New York, to England in 1667 in exchange for Surinam, now Dutch Guiana.

STATE FUNDS HAVE \$30 MILLION IN BONDS

AUSTIN, Feb. 10 (AP)—The state treasury budget today with \$30,402,949 in bonds to the credit of various state funds.

Charley Lockhart, treasurer, said the permanent school fund topped the list with a \$25,735,107 investment and the permanent university fund was next with \$28,551,650.

His estimated interest from all bonds approximated \$3,000,000 yearly at an average rate of four per cent.

Displays of the sunray borealis or northern lights, are more frequent at times of sun-spot maximum.

Left-Over Roast Or Steak Is Used To Make Delicious Pies

By MARTHA LOGAN

The nursery rhyme tells of "four and 20 blackbirds baked in a pie," but for my part I prefer beef steak, pork, or kidney fillings for my "dainty dish."

Many times the family will declare that the meat pie made from left-over roast or steak is better than the original meat service. There are many ways of varying the filling but one should remember to apply savory sauce or gravy generously because the oven period and the biscuit topping will reduce the liquid.

Your family recipe for meat pie may call for ground meat, but we like to cut it into small pieces rather than to grind it. When using beef or lamb, we brown the meat in a small quantity of drippings so that the gravy is a rich brown. If the family likes a highly seasoned sauce, brown a little sliced onion, some chopped green peppers and a little celery to add to the gravy. Because veal and pork are such delicately flavored meats, these pies are usually made with a white sauce to which is added cooked peas, celery, diced cooked potatoes, or hard cooked egg.

For added flavor one may add some minced ham or bits of crisp bacon. A variety of cooked vegetables may be used, though diced carrots, peas, tomatoes, and mushrooms are the favorites.

Then for the topping, a rich baking powder biscuit dough. Combine the seasoned cubed meat, sauce and vegetables. Heat. Place in a hot greased casserole. Cover with small diamonds or rounds cut from baking powder biscuit dough and bake in a hot oven until the biscuits are baked and brown. Some may prefer a pastry, mashed potato, or rice covering, or perhaps these toppings are varied from time to time. Whatever the combination, here are the characteristics of a good meat pie: Plenty of cubes of well seasoned meat in a goodly amount of rich gravy with a crisp flavortul

topping, brought to the table steaming hot and altogether delectable.

Beef Steak and Kidney Pie

Filling:
2 pounds beef steak (cut 3-4 inch thick),
2 veal kidneys,
2 small onions,
1 teaspoon salt,
1-4 teaspoon pepper,
1 cup flour,
1-3 cup fat,
2 teaspoons Worcestershire sauce.

Cut steak into 1 1/2 inch squares. Dredge with flour and season with salt and pepper. Sauté until brown in heavy kettle. Add sufficient water to more than cover the meat. Add chopped onions, sauce and seasoning. Place on heat to simmer.

Prepare kidneys as directed. Place in a kettle, cover with cold water, bring to a boil, drain, and repeat a second time. Add kidneys to the meat in the kettle and simmer all together until tender, about two hours. Continue to add liquid and stir from time to time to keep meat from sticking. Remove meat to a casserole, add enough liquid from the kettle to fill the casserole, and set aside to cool.

Cover with plain pastry and bake in a hot oven (450 degrees F.) 12 to 15 minutes, until the crust is a golden brown.

Wage Issue Not Clarified In New Steel Contract

NEW YORK, Feb. 10 (AP)—The United States Steel corporation and the Committee for Industrial Organization, their 1937 labor contracts renewed indefinitely, left unanswered today the question of whether cuts in steel prices would force wage reductions.

The contracts, announced yesterday at the end of a three-day conference, left open the way for either a reduction or increase in wages at any time and even for termination of the agreements.

"We are of the opinion that the agreements definitely stem the tide of wage-slashing which has been imminent throughout the country," said Philip Murray, chairman of the Steel Workers Organizing Committee. Several independent steel companies however, announced a cut of 44 a ton in the price of cold-reduced and oiled sheets.

The Carnegie-Illinois Steel corporation, largest subsidiary of U. S. Steel, immediately met the new price.

CAMERA CATCHES DEATH ON THE HIGHWAY

An amateur cameraman took this graphic picture of a fatal highway accident near Selling, Okla., immediately after the car overturned because of a blowout. Victor H. Howard, 42, of Selling, whose body is in the right foreground, was killed. His injured companion, Homer Walker, is being aided by passing motorists.

4-H Club Boys To Share In Awards

\$3,000 Premiums To Be Offered At San Angelo

SAN ANGELO, Feb. 10—Around 300 West Texas 4-H club boys and Future Farmers of America members from 20 West Texas counties are expected to share more than \$3,000 in cash premiums of the Seventh Annual San Angelo Fair Stock Show and Rodeo here, March 4-8, inclusive.

Entries are being received daily from vocational agriculture instructors and county agents and present indications are that around 2,000 choice fat lambs and baby heaves will be exhibited here next month. The 1938 show will run for five days, one day longer than previous exhibitions, and the fat stock sale, in which prize winning animals will be auctioned, will be held the final day, Tuesday, March 8. Culbertson Deal, manager of the show, says as many as 2,500 animals can be shown in the enlarged cattle and sheep barns.

Local livestock shows are being held in more than 30 West Texas towns this month for selection of winners to be exhibited here. R. M. Millhollin, connected with the soil conservation service here, is serving as judge for many of the shows. In the San Angelo show he is superintendent of the dry lot calf division.

Abe Mayer is head of the milk fed calf division, Foster Rust head of the fat lambs, and R. O. Sheffield, boys' breeding sheep and goats.

Judges will be John H. Knox, New Mexico A. and M. college, baby heaves, and John H. Jones, Texas A. and M., fat lambs. Wallace Dameron, ranch experiment station, Sonora, boys' breeding sheep and goats.

Court Of Honor For Scouts Set This Evening

In the midst of their observance of the 28th anniversary of the founding of the Boy Scout movement in America, scouts of five troops will participate in one of the biggest events of the week at 7:30 p. m. Thursday in the district courtroom.

It is to be a court of honor affair with approximately two score boys due to receive awards. Among them are two candidates for Eagle badge awards—R. H. Miller, Jr. and J. L. Wood, Jr.

As an extra feature to the court of honor session, awards will be presented to winners in the window decoration contest. Displays may be seen in the Meilinger and the J. C. Penney windows.

TO STUDY BRAIN

TEMPLE, Feb. 10 (AP)—Officials of Scott & White hospital announced here today that they would file a formal request for study of the brain of Ira M. Hicks, who died in Chicago two weeks ago.

Hick's will bequeathed the brain to the University of Chicago with the provision that it be loaned to the Scott & White hospital here.

Dr. Arthur C. Scott, Jr., of the Temple hospital, said the hospital staff was exceedingly anxious to make a pathological study of this brain to determine the extent of healing following an operation performed in 1932.

CRASH KILLS TWO

DALLAS, Feb. 10 (AP)—Mrs. Ollie Nichols, 22, and her son, Bob Williams Nichols, 5, both of Gravett, Ark. were killed today when the pickup truck in which they were riding with eleven other members of their family figured in a collision on the Dallas-Fort Worth pike.

Two Dallas women, Billy Taylor, 50, and Margaret Morrow, 28, occupants of a passenger car, were injured seriously. The only other member of the family in the truck to be injured was Robert Todd, brother of Mrs. Nichols. He was taken to a hospital with a possible brain concussion.

Mrs. Ed Studer of Odessa, who has been the guest of her parents, Mr. and Mrs. T. J. A. Robinson of Big Spring, returned to her home Thursday.

KING OF HOBOES FORCED TO PAY HIS WAY ON SHIP

NEW YORK, Feb. 10 (AP)—There's no way a knight of the road can "ride the rods" on a paternal ocean liner, so Jeff Davis, self-styled king of the hoboes, is paying his way—against his principles—to Europe in a third class cabin of the Queen Mary.

The self-styled sovereign of America's "Weary Willies" is on his way today to the international convention of hoboes "some place in England."

Senator Scores As Movie Actor

HOLLYWOOD, Feb. 10 (AP)—If the enthusiastic reports from a location company are correct, J. Manley Head, 28, youngest state senator of Texas, has a new career—acting.

He was engaged a year ago by Paramount to give technical advice on the production of "The Texan." Scenes are now being filmed at the 35,000-acre La Mota ranch near San Antonio and Head has been given an important role.

The youthful legislator, who still maintains his law practice in Stephenville, plays a carpenter in the early days of the Lone Star State.

Refresher Course For Physicians At Midland

AUSTIN, Feb. 10—The first of a series of two refresher courses in pediatrics and obstetrics for the practicing physicians of the second medical district will be held in Midland, February 16 and 17, according to Dr. Geo. W. Cox, state health officer.

Hotel Scharbauer will be headquarters for the session. Lectures in obstetrics will be given by Dr. Ben H. Passmore, San Antonio, and the subject of pediatrics will be discussed by Dr. M. H. Woodward of Sherman.

These lectures will serve to bring to the attention of the attending physicians late developments in these fields and give an opportunity for discussion of the general data and problems of obstetrics and pediatrics.

Dr. W. E. Ryan of Midland is local committee chairman in charge of arrangements. Dr. F. E. Hudson, counselor for the second medical district of the state medical association, has urged all physicians in his district to attend this series of meetings, and it is expected that a large number of physicians will be in Midland on these dates.

A second meeting for the district will be held in Sweetwater, March 9 and 10.

Supply Levels On Products Are Fixed

WASHINGTON, Feb. 10 (AP)—Here are the "ideal" supply levels of major farm commodities which the "ever-normal" granary program would attempt to maintain at current consumption and export rates:

- Cotton, 18,200,000 bales.
- Corn, 2,600,000,000 bushels.
- Wheat, 910,000,000 bushels.
- Rice, 12,100,000 barrels.
- Flue-cured tobacco, 1,585,000,000 pounds.

Marketing quotas would become effective (except for wheat and rice in 1938) when supplies—surpluses from previous years and the current year's production—reached these levels:

- Cotton, 19,500,000 bales.
- Corn, 2,845,000,000 bushels.
- Wheat, 945,000,000 bushels.
- Rice, 13,800,000 barrels.
- Flue-cured tobacco, 1,680,000,000 pounds.

Final Tribute Paid A. P. McDonald

Last rites were to be held at 4 p. m. in the First Methodist church Thursday for Alexander Parker McDonald, pioneer merchant and civic and church leader, who succumbed at his home Wednesday morning following a long illness.

McDonald had been in a serious condition most of the time since he suffered a stroke more than a year ago. A resident of the city since 1897, he had been in business here for 27 years prior to the time when he retired in 1935. He was a steward in the Methodist church, a Scottish Rite Mason, and was on the city commission when the first paving and the sewer system were started, and when the new city water wells were located.

Masons were to be in charge of the services at the graveside. Burial was to be in the Masonic cemetery. Rev. W. C. House, pastor of the Methodist church, and Rev. C. A. Buckley, former pastor, were to be in charge at the church.

Funeral Service For Mrs. McCoy To Be Friday

Funeral services for Mrs. Mary R. Rilla McCoy, 76, who died at the home of a daughter, Mrs. J. A. Davidson, here Wednesday morning, were to be held at 2 p. m. Friday at the East Fourth Baptist church with Rev. W. S. Garnett, pastor, in charge.

Mrs. McCoy was the mother of Mrs. J. A. Davidson of Big Spring, and Mrs. M. E. Broughton and Mrs. Ches Anderson of near Big Spring. She leaves another daughter and two sons.

Burial is to be in the Mount Olive cemetery.

HAS NO DESIRE TO ALTER GOVERNMENT, JACKSON ASSERTS

WASHINGTON, Feb. 10 (AP)—Robert H. Jackson told a senate committee examining his qualifications today to be President Roosevelt's solicitor general, that he did not leave private law practice for government service with any desire "to change the government of the United States in any way."

Jackson summed up his constitutional views by saying: "All I desire is that the government of the United States function in such a way as to the greatest benefit to the greatest number of its people."

Senator Austin (R-Vt.), asked if he still believed his recent statement that the supreme court trend was toward a "veto" of legislative enactments.

Jackson replied that recent decisions of the supreme court had changed this situation.

"I think it is a dangerous thing when citizens refuse to obey an act of congress until it is held valid," Jackson said.

EXAMS SCHEDULED FOR STATE POLICE

AUSTIN, Feb. 10 (AP)—Examinations for the 100 openings on the state police force will be conducted Saturday at Dallas, Austin, San Antonio, Houston, Wichita Falls, Corpus Christi, Tyler, Lubbock, Pecos, San Angelo, Amarillo and Abilene.

Officials said 1,897 persons had signified intentions of entering the competition whereas only 816 took examinations last year when 140 jobs were available.

Highway patrol captains in the various districts will supervise the examinations.

The successful candidates will attend a training school here starting March 2. Their addition will swell the state's motorized police force to 300 men.

Collins Bros. Drug Store offers FREE Sample of new High Blood Pressure treatment

Every High Blood Pressure sufferer in Big Spring, Texas, is urged to go to 122 E. 2nd and receive a free sample of ALLIMIN Essence of Garlic Parsley Tablets for High Blood Pressure. These are the tablets used by Dr. Frederick Danzmann, eminent physician of New York City, in his now famous clinical work, when he reduced the blood pressure and relieved dizziness and headaches in the great majority of all cases treated. Get a copy of Dr. Danzmann's interesting report, along with your free sample of ALLIMIN. A special new process by which these tablets are processed makes them both tasteless and odorless. A two week treatment costs only 50c.—ads.

FIRST LADY AND LEWIS MEET

Mrs. Franklin D. Roosevelt and John L. Lewis, chairman of the Committee for Industrial Organization, exchanged greetings when they met in Washington at a session of the advisory committee of the National Youth Administration.

Life In Belgian Congo Described In Club Address

The weekly meeting of the Kiwanis Club was featured by an interesting talk on life in the Belgian Congo by Rev. Ansel Lynn, guest speaker, who has recently returned from missionary work in Africa.

Rev. Lynn discussed the vast strides in the development of the Congo in the past few years as compared to the conditions existing there when he first visited Africa in 1920 as a Methodist missionary. He told of the different modes of transportation he found there on his first visit to the post he was assigned in interior of the African continent.

The program, in charge of Clyde Waits, was rounded out with two songs by Jimmy Lynn accompanied by Miss Jeanette Barnett. Two new members, Rev. C. E. Lancaster and Monroe Johnson were introduced to the club.

RADIO PERMITS

WASHINGTON, Feb. 10 (AP)—The communications commission authorized today construction of new radio stations in Beaumont and Laredo, Tex.

The Beaumont Broadcasting company was given permission to establish a station with a frequency of 1490 kilocycles, power of 100 watts and unlimited time.

Greater London spr. sds over 600 miles.

French Probe New Border Plot

BAYONNE, France, Feb. 10 (AP)—French police studied today what they described as a Spanish insurgent plot to assassinate with microbes Spanish government representatives in France.

The investigation resulted from clues uncovered after questioning of Marques Antonio De Portago, who was held on a charge of using a false passport to cross the Franco-Spanish frontier at Hendaye, France.

Evidence of smuggling arms into France for the C. S. A. R., rightist revolutionary organization, also was involved, officers stated.

Three other Spaniards were in custody: Jesus Martin, 27; Jose Estorlas, 38; and Joaquin Aranas, age not given.

Test tubes of "poisonous bacilli," which police stated they found in Martin's car, were sent to Paris for analysis.

There were reports that police had possession of a list of persons to whom germs were to be administered.

Brothers Apart 50 Years Meet

WINDSOR (UP)—Two brothers met here for the first time in half a century on a railway platform. Martin Ryan, 56, of Windsor, walked up to his brother Hugh, 58, who was on his way to Liverpool after 14 years in Vancouver, and slapped him on the back, saying, "well, old boy, I guess we have met at last."

Those Bids For US Alliance Are Just Like Looking For A Strong Man When A Fight Threatens

By DEWITT MacKENNIE AP Foreign Affairs Writer NEW YORK, Feb. 10 (AP)—They're determined to get Uncle Sam into some sort of alliance, demonstrating anew that a strong man acquires an astonishing number of friends when there is a fight in sight.

Mr. Alexander Troyanovsky, Russia's pleasant and suave ambassador to Washington, made a speech down in North Carolina advocating an alliance of the United States, Britain and the Soviet Union as the "only way" to forestall another world-war.

Almost simultaneously the Japanese war minister, General Sugiyama, told a parliamentary committee in Tokyo that Nippon's expansion of armaments is due to the growing military strength of Russia.

We thus have an illuminating coincidence in which Sugiyama unwittingly gives one very good reason—not altogether altruistic—why the Soviet would like an alliance with the two greatest naval powers.

War has been brewing openly between Russia and Japan for a long time and, as a Moscow newspaper remarked a while ago, the "only strange thing is that it hasn't come before now."

Incidentally, this writer is curious to know why Mr. Troyanovsky didn't include Russia's great ally, France, in his projected alliance.

There is no possibility of any such alliance as suggested, short of the three nations being thrown together as allies in a world war. Even in that contingency neither America or Britain would be happy, because of their avowed aversion to communism.

Mr. Troyanovsky says "there is more danger of war at the present time than there was in the days preceding the world war." Certainly there is more apparent danger, but this apparentness tends to lessen the threat. There are plenty of European statesmen who, while admitting the gravity of the situation, don't believe that war necessarily must come.

The danger of Russo-Japanese war have been greatly increased recently by Russia's unofficial aid to China against the Nipponese in-

MEXICAN FARMERS FACE COMPLAINTS

MAYAGORON, Tamaulipas, Feb. 10 (AP)—Twenty-five farmers opposed to the agrarian movement face complaints of rebellion here.

Gen. Gabriel Cervera, commander of the Mexican garrison stationed here, said a preliminary hearing would be held this week with a view to federal court action if the evidence warranted.

Cervera said the defendants, who were lodged in jail after several days questioning, were members of the small farmers association and were involved in recent disorders on the border. They were not "Gold Shirts," Cervera said.

Hearing Called On Town's Gas Rate

AUSTIN, Feb. 10 (AP)—The railroad commission made public today an order setting a hearing in Trenton, Pannin county, for Feb. 21 to determine a fair rate for gas distributed in that town by the Community Natural Gas company.

Trenton is one of 189 towns in the Lene Star system where commission engineers have completed investigations as a basis for fixing rates. Auditing in some of these towns has reached a point hearings can begin.

A statement said the commission, in response to a request of the Trenton city council, was exercising its original jurisdiction to fix the rates.

Recently the commission, in a declaration of policy, announced it was prepared to investigate rates in any incorporated city in Texas where requested to do so by the city's governing body. Expenses of the investigations, it said, would be defrayed from a special tax levied for the purpose and would cost the cities nothing.

ORIGINATOR OF THE SIT-DOWN STRIKE IS DEATH VICTIM

NEW YORK, Feb. 10 (AP)—M. Wilkes, who was called the original soap-box maker and who claimed to have founded the sit-down strike, is dead at the age of 77.

Taken to a hospital last week from the four-room flat he occupied in a condemned and deserted tenement, he died yesterday of pneumonia disease.

His lungs gave out after years of shouting against the sin of wealth and the jeers of hoodlums on the street-corners of two nations.

WAKE UP YOUR LIVER BILE

Without Colman's—And You'll Never Get Out of Bed!—The Morning Rush is On!

The liver should work and then you can liquid bile into your blood stream. It is the most flowing fluid, your blood, and it is just as easy to be blocked. And when your stomach, you get constipated, the whole system is poisoned and you feel sick and the world looks gray.

A more powerful movement doesn't get to the liver. It takes three good, big Colman's Little Liver Pills to get them free again. It's the only way to get your liver working "up and up." Buy Colman's Little Liver Pills in making his own family. Ask Dr. Carter's Little Liver Pills, by name. Be stubbornly refuse anything else.

**THREE INDICTMENTS
IN STANTON COURT**

STANTON, Feb. 16 — Three in-
dictments were returned here Wed-
nesday as the 70th district court
grand jury completed its first ses-
sion of a two weeks court term.

J. Alfred, who was sentenced for
forgery in Big Spring, was among
those indicted, this time on a simi-
lar count. One other person, bil-
lied for forgery, was unarrested.
Willie Orville Woody was indicted
on a charge of assault with in-
tent to rape.

Criminal docket of the court has
been set for Monday when the two
billed this week will appear. Also
scheduled for trial are Dewey
Hanks and Dudley Wooten, charged
with a \$50 robbery of an Achery
service station on Nov. 28, and Sam
Elus, billed for cattle theft.

**Labor Leader To
Face Hearing On
Deportation**

WASHINGTON, Feb. 16 (AP) —
Gerard Reilly, labor department ap-
plicant, said today a deportation
hearing for Harry Bridges, West
Coast maritime labor leader, would
be held shortly.

Reilly made this statement to re-
porters after appearing before a
closed session of the senate com-
merce committee which has been
investigating Bridge's status in the
United States in connection with
a broad survey of maritime labor
conditions. He was born in Aus-
tralia.

Reilly was called before the com-
mittee to produce confidential re-
ports from the Seattle immigration
office, including depositions which
Chairman Copeland said recom-
mended the arrest and deportation
of Bridges.

**200 City Folks, Resettled By U. S.,
Turn Into Mighty Slick Farmers**

MAKING THE FARM PAY
Here's Poultryman J. D. Pittman (left), of Pine Mountain Val-
ley, going over plans with the settlement manager, W. Tapley Ben-
nett.

By PAUL SIMMONS
AP Feature Service Writer
HAMILTON, Ga.—A promise of
a different kind of farming in the
South—a kind that not only brings
a good living but also regular cash
profits—is emerging from a 12,000-
acre settlement in the red hills of
Georgia.

It is coming from community
farm industries built around 200
families who are finding a new life
on land the Federal Relief Admin-
istration bought four years ago for
\$11 an acre.

Hard hit by the depression, the
families were none too hopeful
when they settled on the 16 to 36-
acre farms in Pine Mountain Val-
ley. But now their pantries are full
and their produce is selling.

From Ships To Chickens
Pierce Thomas, a former ship-
yard worker, for instance, cleared
\$800 last season on his farm. He
expects \$1,200 this year—a 35-1-3
per cent return on a \$2,500 invest-
ment in land, livestock, buildings
and equipment sold him on a long
term payment plan.

Allen Meeks made \$40 from poul-
try in one month and paid more
than \$300 last year on his indebted-
ness. E. W. Brannon, who used to
operate a string of filling stations,
is raising so much food that his
wife can hardly decide what to
cook.

E. J. Snodgrass, a former food

**Some Politics In
Land Hearings,
M'Craw Says**

AUSTIN, Feb. 16 (UP)—Attorney
General William M'Craw, return-
ing from hearings on the Green
estate case in the east today, threw
no light on his political plans in the
looming Texas elections.

The unannounced candidate for
governor countered questions as to
his opinions on the quarrel between
Governor James V. Allred and
Land Commissioner William H. Mc-
Donald over the latter's leasing
policies.

Allred asked the attorney gener-
al's department to file 12 suits
seeking to cancel leases. His first
request, a suit to void a renewal
contract on a lease to Herbert
Mallinson, was complied with by
First Assistant Attorney General
Scott Gaines.

"It's generally conceded there's a
good deal of politics in the matter,"
M'Craw asserted. "The Mallinson
case, or a similar one, perhaps will
serve to determine the policy of the
land commissioner and settle the
matter. I would rather file one
good test case than go into court
with a number."

**SCHOOL BOARD TO
CONVENE FRIDAY**

Regular meeting of the school
board, originally scheduled for last
Monday, will be held at 2 p. m. Fri-
day when brick will be selected for
the two new school buildings now
under contract. Other important
business is to come before the
board.

Women Warned About 'P. J.'s'
NEW YORK (UP)—Women
must purge themselves of "petty
jealousies and personal feelings if
they are to succeed in business,"
believes Mrs. Katharine Bloeker
Moyle, president of the New York
League of Business and Profes-
sional Women. "It's the 'P. J.'s"
(petty jealousies) that keep women
down," she said.

Winnipeg Building Booms
WINNIPEG (UP)—Building
permits for the present season in
Winnipeg are within a few thou-
sand dollars of the \$2,000,000 mark.
This year's figure of \$1,976,700 ex-
ceeded by nearly three-quarters of
a million dollars the total last year
at the corresponding time.

**CLEAN FALSE TEETH—
GET RID OF STAINS**

New Easy Way—No Brushing
Stern-Kleen, amazing new discovery, re-
moves blackest stains, tar, tartar, limes
scale. Just put false teeth or bridges in a
glass of water and add Stern-Kleen powder.
No messy brushing. Recommended by den-
tists—approved by Good Housekeeping. At
all drug stores. Money back if not satisfied.

The cowboy on the range and the city
dweller in his home share at least one
thing in common—a love of Admiration
Coffee. Balled over a camp fire or brewed
in the latest coffee-making device, this
favorite coffee of Texans everywhere has
a tempting deliciousness that cannot be
excelled. After all, the TASTE of a coffee
is what counts most, and Admiration's
sparkling, invigorating flavor appeals alike
to the out-door man or to
those who work in city of-
fices or live at home. Try a
pound today—so many
Texans can't be wrong.

...This life is not so sumptuous,
I'm not longing for a change,
For there is no place so homelike
As a cow camp on the range.

—from "A COW CAMP ON THE RANGE"

This is one of a series of advertise-
ments finding inspiration in the
authentic, original cowboy ballads.
Selections are from the John A.
Lomax collection.

LEGAL NOTICE

NOTICE OF BANKRUPTCY PETITION FOR DISCHARGE IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS

IN THE MATTER OF HARVEY LEE RIX, Bankrupt, No. 1812 in Bankruptcy.

OFFICE OF REFEREE

Ahlene, Texas, February 9, 1938.

Notice is hereby given that Harvey Lee Rix of the County of Howard, and district aforesaid, did, on the 1st day of February 1938 file in the Clerk's office of said Court, at Ahlene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

FIRESTONE STORE TO CLOSE FRIDAY

Out of respect to the memory of Harvey E. Firestone, noted tire manufacturer, who died several days ago, the local store bearing his name will be closed the entire day of Friday, February 11th.

Maybe This Is Why You're Constipated

Perhaps the kind of food you eat doesn't give your bowels anything to work on. Meat, potatoes and bread don't form the kind of soft, bulky mass that will help move your bowels.

Famed Editor Reaches 70th Milestone

White Says He's More Free As He Grows Older

EMPORIA, Kas., Feb. 10 (AP)—William Allen White—a busy newspaperman in robust spirits—became 70 today.

He is "not afraid of tomorrow for I have seen yesterday and I love today."

The editor of the Emporia Gazette feels he gets "more and more free as I grow older. It's a reversal of the customary ways of man and I can't explain it."

WHITE

From 50 on he regards his viewpoint as having grown more liberal.

"In my youth," he said, "I believed this a perfect world. I thought any attempt to change it was wicked and futile. I've always been proud of my constancy geographically; I've stayed at home. But I've gone a lot of places spiritually in my last 40 years."

He won't stand for eulogies—even at a dinner with a few friends tonight. "I have made too many of them myself to be fooled by them," he explained.

His day was divided in a familiar pattern. At 8 o'clock away from Red Rocks, his comfortable stone and brick home, and to the newspaper he bought 53 years ago. At work in an office as private as a park bench. A light lunch; some answers to hundreds of messages and then greetings for the guests he has asked to dinner. A vintage automobile is his conveyance.

Emporia's 15,000 citizens found a way to express their affection in group singing. W. L. White, a son, came from New York to visit his mother and father. Congratulations piled up from around the world. All were welcome—except one. It was the salutation "The Hon." Never, the editor snorted, had he

Wants Music For His Walk To The Death Chair

OSISING, N. Y., Feb. 10 (AP)—In the death-house at Sing Sing, Charles J. Brown, 30, a negro of Ellenville, N. Y., wants to walk to the electric chair to the hot shrub of swing music.

His lawyer got his bizarre request. Warden Lewis E. Lavers said today, although ordinarily the bleak corridors of "murderers' row" are silent on the day of an execution.

"A sort of electric tension you can feel right through your bones grips all the prisoners in the death house on the day of an execution, and everything is done to quiet their nerves," said a prison attaché.

Brown's request for a jabb accompaniment to the final steps he will take on earth is without precedent at Sing Sing.

"If he wants some music, we can give him a portable phonograph in his pre-execution room," the warden said.

The condemned man was convicted of robbing and murdering Isadore Handelman and his wife, in Ellenville, and then setting their home afire in the vain hope of concealing his crime.

WALLY'S CHILDHOOD HOME IS FOR LEASE

BALTIMORE, Feb. 10 (AP)—The childhood home of the Duchess of Windsor, complete with its reputedly lucky bathtub, its red wallpaper and its 20-foot mural of the Duke and Duchess, is for lease.

Miss Lillian Bennett, who lives next door, said the hostess at the house, converted into a museum, told her it was to be closed because it was not making any money.

Attorney Harry Green, representing the owners, said some of them had moved away from vicinity and wanted to sell out.

The house was opened almost a year ago and at first sightseers paraded through at \$1 a head.

deserved pomposity.

Of the national scene Editor White had this observation.

"I don't believe there will be a cataclysmic change. We have too large a middle class capable of choosing and following an intelligent leader in crisis."

"We must realize the American workers have a right to organize. The right to collective bargaining carries with it the implied right to work. We need vertical unions such as those of the C.I.O. just as we need the craft unions. Labor has to get together."

READING AND WRITING

"CONQUEROR OF THE SEAS,"

by Stefan Zweig (Viking, \$3.50)

It seems that not long ago Stefan Zweig journeyed by sea from Europe to South America. He enjoyed the ship's luxuries for a while, and then they began to bore him intensely—as many who have crossed on big ships can very well understand.

But in the end he grew ashamed of his ennui. After all, he thought, what is my boredom compared with the tortures of the men who conquered the seas? And he grew interested in these men, and after a reasonable space of time, "Conqueror-

of the Seas" appeared.

This is the story, strange in part and remarkably familiar in others, of Ferdinand Magellan. The name of Magellan calls up such vague shapes that there are many beyond doubt, who will not even know that Magellan actually did not circumnavigate the globe—that he died before his ship had straggled into its home port, but after he had brought it back into known waters.

It is also the indirect story of one of the world's truly great ages, that half century after the year 1492 when the geographical horizons of mankind were being pushed back far faster than are the scientific horizons of today. We can realize, Zweig points out, what this meant to the age of Columbus and Magellan better than any intervening age, however, because that time is a reasonable space of time, "Conqueror-

making a world.

Although for a brief time all time made Portugal the great nation of the world, it was in the service of Spain that Magellan sailed in his five ships with his 265 men. It was in her service also that 38 men straggled back in 1522, three years away. Magellan was dead, and got no honor proportionate to his service. Indeed, it must have been difficult to apportion honors, since most of these intrepid men were really in the service of big business even in those days. The root of all this adventurous urge lay, as Zweig points out, in the spice trade.

This is perhaps a superficial book, because its sources have been few and scattered. But it is much needed.

TO LAMONA

Earl Scott, manager for the Texas Electric Service company, has been transferred to Lamona, where he will become manager of the ice plant there operated by the same company. He has already assumed his duties.

Bank Clearings At Low Level

NEW YORK, Feb. 10 (AP)—Bank clearings in the United States for the week ended February 9 dropped to the lowest level for a full week in over four years and registered the thirteenth consecutive decline under the comparable previous year total, Dun & Bradstreet reported today.

Clearings in 22 leading cities for this week totaled \$4,322,516,000, a drop of 2.3 per cent from \$3,620,000,000 in the like 1937 week and \$712,240,000 under the previous week. Between the two similar weeks of 1937, there was a loss of \$1,250,000,000.

Turnover at New York sank to \$918,364,000 from \$3,705,188,000 a year ago, a drop of 29.4 per cent.

Majority of outside centers again showed up declines under a year ago.

New Orleans advanced 22.3 per cent and Dallas and Portland, Ore., showed minor gains, however.

Deny Capone Is In A Strait-Jacket

SAN FRANCISCO, Feb. 10 (AP)—Out of a welter of conflicting reports today came a flat denial that ex-gangster Al Capone was confined in a strait-jacket in Alcatraz Island's penitentiary prison hospital.

The only thing definitely certain is that the once boastful Chicago gang chief is in a hospital cot in the prison for America's most hardened criminals under observation for insanity. Warden James A. Johnston said "he has shown no signs of violence since entering the hospital and has not been in a strait-jacket."

"I don't propose to issue hourly bulletins on Capone's temperature and pulse. Capone has no special nurse. He is being given the usual care."

The San Francisco Examiner today said an "unimpeachable" source had disclosed Capone would be on his way to the federal hospital for delinquents at Springfield, Mo., in a few days.

LONG FILIBUSTERS

WASHINGTON, Feb. 10 (AP)—Although the senate filibuster against the anti-lynching bill is among the longest in congressional annals, it is still far from a record.

Debate on the measure has occupied 26 days—127 hours in all—not counting interruptions for other business.

Senate attaches said the longest filibuster on records developed over the silver purchase bill of 1893. That one lasted from Aug. 29 to Oct. 21.

PLAYWRIGHT DIES

QUINCY, Ill., Feb. 10 (AP)—Charles T. Dasey, 52, playwright whose drama of the turf, "In Old Kentucky," brought him nationwide fame, died last night.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many millionaires neglect backaches until they discover that the real cause is kidney trouble.

The kidneys are Nature's chief way of taking waste and water out of the blood. When they get clogged, it stays a day or about a week in the system.

Persons of every age with aching and burning backs there may be something wrong with their kidneys or bladder.

An excess of acids or poisons in your blood, also due to functional kidney disorders, may cause a variety of backaches, rheumatic pain, loss of pep and energy, general weakness, puffiness under the eyes, and other ailments.

Don't wait until your druggist for Don's. Get it immediately by mail for over 40 cents. It gives happy relief and will help the kidneys to filter out waste and poisons from your blood. Get Don's Pills.

Spring Upturn Awaited By Oil Men

TULSA, Okla., Feb. 10 (AP)—Oil producers and refiners, having taken drastic steps to halt overproduction of crude and finished products, sat back today and waited for a spring upturn to take up the slack.

In a general way the industry was in status quo. Cut-backs of crude production had reduced the flow nearly 200,000 barrels daily in the past two weeks. Curtailment of refinery operations halted the steady growth of stocks of gasoline in storage.

The market structure of crude, strengthened by the cut-back program in heavy producing states, remained steady. While the gasoline market was regarded as steady in tone there was as yet no apparent broad pickup in demand hoped for with the approach of the heavy consumption season.

Too Much Gasoline

Operators generally were agreed that an unusual upturn in demand for gasoline would be necessary to make a change in the picture. They said there was too much gasoline in storage and still too much being manufactured.

Petroleum circles here took sharp cognizance of the fact that President Roosevelt had expressed interest in the bill of Representative Boland of Pennsylvania to place a tax of one cent a gallon on oil used for fuel, except the fuel for Diesel engines.

It was pointed out authoritatively the industry already was engaged in a campaign to lighten the tax burden on petroleum and undoubtedly would oppose the bill about which the president had sent a memorandum to Chairman Doughton of the house ways and means committee.

One commentator noted that placing a tax on fuel oil used in domestic burners would be to the advantage of the coal industry in the competition to sell fuel for homes.

Within the past two weeks trade organizations, including the Independent Petroleum Association of America, have bespoken the industry's opposition to the proposal and Representative Disney (D-Okla.) is on record against it.

Governor E. W. Marland of Oklahoma, returning from the conference of oil states representatives at Hot Springs, Ark., declared, in commenting on the bill, that he thought "the government should lay off the oil industry for a while."

Steps Taken, Meanwhile, To Hold Down Production

WASHINGTON, Feb. 10 (AP)—The state department has asked the American consul in Barcelona for information on the welfare of Cliff Halsey of Tacoma, Wash., who has been a volunteer machine gunner in the Spanish loyalist forces.

Senator Bone (D-Wash.), who made the request, said the youth's father reported his son had been arrested by Barcelona police after he tried to get on a tanker bound for Port Arthur, Tex.

The crew sent word of the arrest to Halsey's father, Bone explained, adding that the father feared his son might be shot.

Americans fighting in Spain have been notified they were doing so at their own risk.

Big Spring Girl Receives College Degree This Week

DENTON, Feb. 10—Receiving the degree of Bachelor of Science, Miss Lillian Seden of Big Spring, was a member of the largest midwinter graduating class in the history of Texas State College for Women. Diplomats were awarded to more than twice as many Tuesday as at this time last year.

Miss Seden, who has done her major work in the department of business administration, majored in English.

MORE HOME LOANS

WASHINGTON, Feb. 10 (AP)—The federal home loan bank announced that direct reduction home mortgage loans made by 117 insured savings and loan associations in Texas during 1937 rose from \$30,432,051 to \$44,832,627, an increase of \$14,400,576.

The loans were made for the construction, purchase and reconditioning and refinancing of homes.

The bank reported assets of the associations increased from \$49,398,716 to \$64,229,837. At the close of the year savings invested in the associations totaled \$39,986,609.

ENJURIES FATAL

MEXICO CITY, Feb. 10 (AP)—Radio Operator Carlos Ortopes of the Mexican Aviation company died last night of injuries from the crash of an airplane on a trial flight from the city's central airport. E. J. Kennebeck, 44, native of San Antonio, Tex., and Pilot Armando Cosio were killed instantly.

DENTAL ADVERTISING CASE IS ADVANCED

SAN ANTONIO, Feb. 10 (AP)—The fourth court of civil appeals Wednesday granted a motion by a group of San Antonio dentists to advance a hearing on their appeal from a decision of District Court Judge John F. Onion upholding the recently enacted state law against dental advertising.

The court, taking the case's constitutional aspects into consideration, set the case for March 16 when attorneys for the state and dentists will argue their sides.

The plaintiffs had previously petitioned Judge Onion in 73rd district court for an injunction to restrain the state board of dental examiners from enforcing the status against dental advertising. The district court in its ruling denying the writ on Jan. 24, held with the state that the constitution granted the state regulatory powers over the dental profession.

SEEK INFORMATION ON YOUTH FIGHTING FOR LOYALISTS

WASHINGTON, Feb. 10 (AP)—The state department has asked the American consul in Barcelona for information on the welfare of Cliff Halsey of Tacoma, Wash., who has been a volunteer machine gunner in the Spanish loyalist forces.

Senator Bone (D-Wash.), who made the request, said the youth's father reported his son had been arrested by Barcelona police after he tried to get on a tanker bound for Port Arthur, Tex.

The crew sent word of the arrest to Halsey's father, Bone explained, adding that the father feared his son might be shot.

Americans fighting in Spain have been notified they were doing so at their own risk.

BRYAN CELEBRATES 71ST BIRTHDAY

LINCOLN, Neb., Feb. 10 (AP)—Former Governor Charles W. Bryan, brother of the "Great Commoner," celebrated his 71st birthday anniversary today in a fighting mood.

"I feel 100 per cent plus today," he chuckled, "and be it remembered this son of battle never has one good fight left."

Bryan indicated several weeks ago he may be a candidate for governor "if necessary" to assure enactment of his somewhat tax exemption plan.

NEBRASKA OFFICIAL IS CONVICTED

LINCOLN, Neb., Feb. 10 (AP)—Defense attorneys prepared motions today for a new trial for Lieutenant Governor Walter E. Jurgensen of Nebraska, convicted by a district court jury of embezzling \$648 from Chester C. Kaderli, western Nebraska depot agent.

The penalty on conviction is one to 10 years in prison.

Jurgensen had no statement to make after the verdict was read yesterday. During the trial he had asserted the charges were instigated by political enemies.

Informal Tea Is Given For Guest Of Mrs. Spence

Mrs. Phillips And Mrs. Inkman Are Hostesses

Friends of Mrs. E. V. Spence dropped in for an informal tea Wednesday afternoon at the home of Mrs. Sabine Phillips to meet her mother, Mrs. Will Wright of Alice, Texas. Mrs. W. W. Inkman assisted Mrs. Phillips in entertaining.

Guests served themselves from a buffet centered with a bowl of fruit and burning tapers.

Those calling were Mrs. M. H. Bennett, Mrs. H. W. Leeper, Mrs. V. Van Gleson, Mrs. J. B. Young, Mrs. John Hodges, Mrs. Geo. Oldham, Mrs. Marvin House, Mrs. Torace Wooten, Mrs. Geo. Garrett, Mrs. Carl Blomshild, Mrs. C. W. Cunningham, Mrs. R. T. Piner, Mrs. Spence and her mother.

SUSPECT CONFESSES STARTING 50 FIRES

NEW YORK, Feb. 10 (AP)—A 26-year-old man, John Wade, quoted by Deputy Fire Marshal Martin Scott as admitting he had started 50 or more incendiary fires, one of which cost three lives, was arrested here early today.

Booked on charges of arson and homicide, Wade admitted that he started a fire in a rooming house, after his mother, a brother and sister perished in a fire Sept. 25, 1935.

The marshal quoted him also as saying he started many fires in unoccupied baby carriages in Brooklyn apartment houses.

Early today, said Deputy Marshal Scott he took Wade to a 3-story frame house where Bertha and Morris Rabinowitz burned to death New Year's morning. Their mother jumped to her death when trapped on the third floor.

Wade reenacted the kindling of a fire in a hallway closet, the marshal said, and told him when firemen came, he helped carry hose.

CONTINUE PROBE OF PENDERGRASS DEATH

SWEETWATER, Feb. 10 (AP)—Nolan county officers today continued their investigation of the death of J. H. Pendergrass, 68.

The body of Pendergrass, a traveler from Cookeville, Tenn., was found in a ravine near here several days ago.

A grand jury which had been investigating the case adjourned, but the foreman, Charles Paxton, told Judge A. S. Mausey that jurors recommended that officer continue the investigation.

WOMAN DIES OF GAS POISONING

NEW YORK, Feb. 10 (AP)—William Quigley, a waiter, refused to kiss his wife when he left home for work last night after an argument, he told police. When he returned this morning he found she had died of gas poisoning.

A patrolman summoned by tenants of the building in which Quigley lived found Mrs. Quigley lying on the floor in her kitchen. Gas was flowing from the range.

PREVIOUS RECORD

SAN DIEGO, Calif., Feb. 10 (AP)—"Any police record?" queried Judge Lloyd E. Griffin as he prepared to sentence James (Barracuda) McMahon accused of burglary and attempted arson.

"Well, I never stole nothing."

"What did you do?"

"You gave me 90 days for driving while drunk. They arrested me once for stealing a net, but dismissed the charge. Then I hit George Sears (police chief) in the nose and did 57 days for that."

McMahon went to jail.

COOPERATIVE PLAN

LOS ANGELES, Feb. 10 (AP)—A suggestion that the United States, Japan and China share in the development of North China was made here today by Baron Kistiro Okura, in an interview.

Okura, who heads 50 industrial and banking companies in Japan, said he would recommend such a plan to his government.

EARNINGS DOWN

NEW YORK, Feb. 10 (AP)—Western Union Telegraph Co. reported today preliminary net income for 1937 of \$3,325,769 after charges but before provision for federal surtax on undistributed profits, equal to \$3.18 a share of capital stock, compared with \$7,199,129 or \$6.89 a share in 1936.

Memorial To Noted Detective

Above is an architect's drawing of the proposed \$40,000 gymnasium, which Cotton Center, Texas, hopes to erect and dedicate as a memorial to J. Frank Norfleet, noted West Texas detective. Funds are being solicited now by a memorial association, chartered by the State of Texas, for the school annex, J. C. White, Cotton Center, is treasurer of the association. He reports numerous contributions have been received to date for the building. Many of them have been anonymous.

Inset picture is of Norfleet, who, in 1917, set out to round up a gang of swindlers who fleeced him of \$45,000. He was successful in his chase, rounding up all seven men and placing them behind bars. Since then, he has been employed by numerous other victims of swindlers—and has been successful in bringing to justice more than 100 operators of con games, rackets and other swindle schemes.

The memorial building will be erected on a site just a few yards from the original Norfleet ranch.

FACES WRIGHT

Mrs. Jess McBride, mother of Mrs. Evelyn Wright, is shown on the witness stand in Los Angeles as she testified for the prosecution in Wright's trial on charges of slaying Mrs. Wright and John Kimmel.

Today's Sousa Conducting A Dance Band

PALM BEACH, (AP)—Now John Phillip Sousa is leading a dance orchestra. This one is the third John Phillip and he's a grandson of the famous bandmaster and composer. He's 24, but looks younger. His post as conductor of a hotel orchestra is his first real job since he was graduated from Princeton in 1936.

For a while he worked in the script department of a Hollywood studio, then in an NBC broadcasting studio in New York, starting as messenger.

Fool Errands

John Phillip Sousa III In Action

GIRL ACCUSED OF MURDER APPEARS IN OWN DEFENSE

NEWARK, N. J., Feb. 10 (AP)—Mrs. Ethel "Bunny" Bohi, 30, on trial with a girl companion for murder in the "adventure" slaying of a bus driver, took the witness stand in her own defense shortly after court opened today.

Ethel, daughter of a Newark policeman, and Genevieve Owens, 18, are charged with killing William Barhorst, 34, in his bus during a holdup at Belleville December 21. Ethel's Mrs. Bohi seemed scarcely more than a child as she sat quietly in the witness chair and answered questions of her counsel, Gerald McLaughlin.

McLaughlin has asserted that Maribouans changed Ethel from "a nice a kid as you ever saw" to a "queen of the wild west."

Mrs. Bohi told him a brain concussion received in an auto accident at New Haven four years ago left her with a pain in her head.

CITY TO BUILD TWO NEW WADING POOLS

The city will start work shortly on two wading pools for parks within the city limits.

One will be the A.B. Club-sponsored West Side park at W. 3rd and Galveston streets. The other will be on the Lions plaza east of the Mexican ward school building in the northwest part of town.

ON NEW JOB

BERLIN, Feb. 10 (AP)—Joachim Von Ribbentrop, formerly ambassador to London, took up his new job as foreign minister today. Baron Konstantin Von Neurath formally handed over the foreign office, introducing the staff to his successor.

The largest of the Egyptian pyramids, at Gizeh, was originally 481 feet high and still measures 450 feet.

has made a study of orchestration, though he plays no instrument except the drums. He has transcribed several of his grandfather's marches into dance rhythm. His favorites are the "Washington Post March" and "Stars and Stripes Forever," but he won't try to do those in swing.

Sousa, who says his name is of Portuguese origin, is a movie enthusiast. He isn't married, "isn't engaged yet."

THE SPORTS PARADE By HANK HART

The new ruling governing transfers in the Oil Belt football district next season is one whereby a party is guilty until proved innocent.

A school, in listing its transfers with other members of the conference, is forever open to question from other members. It must prove that the student's action was in no way brought about by the school.

Jack Hutchinson, by letter Wednesday, gave the department assurance that he would be on his way here within a week to look the sites over for the erection of his baseball park.

Hutch said that he was considering several applicants as his manager for the approaching season but as yet had made no choice.

That, incidentally, is the first direct communication that we have had with the gentleman.

Wallace Fuglar, Coahoma's leader of a year ago, dropped by recently to give assurance that he had applied for a job as the Big Spring manager.

He also has communicated with Jim Payne, Roswell owner, for possibilities there.

Wallace seems very interested in Class D baseball and wants to get started somewhere due to connections that he could make later on.

He gave assurance that he could make several immediate deals for the good of the club.

Big Spring, it is assured, will have the best lighting facilities on any park in the entire league if Hutch moves his system here.

The hookup is almost twice as powerful as can be found anywhere in this section.

Local fans say that all is needed to give Jack the right kind of support is to give them the right kind of ball club.

Well, he has that, the public can be assured. His club boasted ten 300 hitters last season and he will bring seven or eight of those back this year.

Due to urgent pleading by Don Legge and Bill McCall, who are promoting the San Angelo A&U football Friday night in San Angelo, a local team will be sent to that city Friday night for a series of exhibitions.

Several of the champions are going to have to be called upon again to fight.

Alton Bostick, who should have beaten Don Beck in the Golden Gloves welterweight fight last week, will make the trip along with Red Womack, James Skalkis, Leonard Morgan and Ellis Reed.

The San Angelo club wanted Red Cunningham and J. C. Wallace on exhibition but neither of the boys could go.

Wallace is expected by local quarters to advance a long way in the state finals at Fort Worth next week and he can't take a chance on being hurt while Cunningham is in the midst of a training drill that should work him down into the lightweight ranks.

Fla. Tourney Is In Semifinals

PALM BEACH, Fla., Feb. 10 (AP)—A match between Kathryn Henyon of Columbia, S. C., and Marion Miley of Fort Pierce, Fla., featured the semi-finals of the Palm Beach women's tournament today.

Miss Henyon advanced yesterday with a 6 and 5 victory over Sally Guth of Webster Grove, Mo.

Miss Miley was carried a full 18 holes before winning, 1 up, from Dorothy Traung of San Francisco.

The other semi-final brought together Jane Cothran Jameson of West Palm Beach, one of the favorites, and Helen Hockenjos, of Lake Hopatcong, N. J.

DON BUDGE MUST REST FOR WARS

By GAYLE TALBOT

NEW YORK, Feb. 10 (AP)—Don Budge, whose winter campaign in Australia has proved something less than the triumphant procession it was intended to be, finally is ready to leave for home, and none too soon for the peace of mind of this country's tennis fathers.

The champion and his touring companion, Gene Mako, are expected to sail for California within a day or two. They will be welcomed heartily upon their arrival and told that if they don't play another lick of tennis until the middle of July it will be esteemed a high favor by the Davis Cup committee.

For the committee has awakened belatedly to the painful thought that it might have blundered in shipping Budge out of earshot of the wicked professional promoters. They feel now that it might have been better to let their white hope stay at home and taken a chance on his ability to withstand financial blandishments.

Budge comes back worn to a frazzle after a year of constant competitive tennis. His two defeats by Baron Gottfried Von Cramm and a loss to Jack Bromwich make it all too obvious that he has lost the playing touch that made him unbeatable in England and America last summer. Bromwich, in particular, couldn't have touched him with a pole at the time Budge was winning the Davis Cup at Wimbledon.

Must Rest
The shoulder injury Don received in an automobile accident just before going to Australia has had no chance to mend properly. A few weeks ago at Adelaide he was so weak and ill that a physician ordered him to rest.

It seems clear that Budge and Mako will have to be broken up as the cup doubles combination. They haven't been able to beat anybody. Right now Wayne Sabin is tipped to be paired with Budge when the cup is defended next September.

"Of course, we can't tell these boys to stop playing tennis, but we would be pleased if Budge didn't touch a racket again until mid-July," said one tennis official.

It is doubtful, from what he said, that the members of the American cup squad will be sent to Wimbledon, though Budge probably will receive an invitation, expenses paid, to defend his all-England title.

Bobby Riggs will be the other singles player this year, and the betting is that he and Frank Kovacs will comprise a powerful team by 1939, maybe good enough to keep the Davis Cup.

UNKNOWN TOPS FRISCO FIELD

SAN FRANCISCO, Feb. 10 (AP)—With plenty of room for improvement on all sides, including the weather, golf's touring professionals and a sprinkling of amateurs tee off today in the second qualifying round of the \$5,000 San Francisco match play open tournament. Thirty-two qualifying positions were open for the match play rounds, starting tomorrow. A red hot scramble for the choice places was forecast as the result of yesterday's first round scores that soared to record high figures.

Charles Congdon of Tacoma, Wash. paced the field with a first round 75, four strokes over par.

The wind reached the proportions of a gale, toppled trees, fences and even the score board and rain whipped the course into a soggy condition while he was doing it.

A stroke behind the leader was Lawson Little, who posted a 42-34 for his round.

Tied at 77 were Jimmy Demaret of Houston, Texas, John Revolta of Evanston, Ill., and Neil Christian of Yakima, Wash.

Only 15 players of the starting field were able to negotiate the course in less than 80 shots.

Midgets Defeat Mexicans, 9-2

In a game witnessed by a crowd of several hundred people, the Mexican Tigers lost out to the West Side Midgets, 9-2, Wednesday afternoon in a basketball game on the Mexican school courts.

Neither team tallied during the first half but Sherrod found the basket for the Midgets soon after the rest period and accounted for all the West Siders' points, sinking three field goals and three free tosses.

Marques dribbled in for the Tigers and made good a crisp shot for the only Tiger score.

'FORTY' SAYS LOU TO JAKE

Lou Gehrig (left), who holds down first base for the New York Yankees, has turned to another kind of holding—holding out. Col. Jake Eppert (right), his boss, offered Lou \$50,000 again this year, but Lou told Eppert, as he shook hands with him in New York, that he must have \$40,000.

Local Fighters To Go To San Angelo Friday To Fight Exhibitions With Boys From Abilene, Mertzon And Brady

A team of five fighters, including three champions of the recent Herald-Cosden Golden Gloves boxing tournament, will play a trip to San Angelo Friday evening where they will exhibit their wares over the three round route with boxers from other nearby cities in Don Legge's Friday night jamboree at the San Angelo Athletic club.

Red Womack, bantam kingpin who earned his title without fighting the final night, will make the trip to battle Cecil Knox of San Angelo in a featured battle.

Others who will go along are Ellis Reed, busy lightweight titlist who earned his title by knocking Frank Barnes in the final go; Alton Bostick, slashing welter, who lost in an unpopular decision to Champion Don Beck in a welterweight bout; Leonard Morgan, a whirlwind middleweight who did not enter the tournament here and James Skalkis, featherweight champ.

The battlers will fight along with boxers from Abilene, Mertzon, Brady and San Angelo.

Silent Man Is Fighting For Raise, Too

Myrl Hoag Holding Out But Doesn't Broadcast It

SAN FRANCISCO, Feb. 10 (AP)—New York Yankee officials, engaged in financial wrestling bouts with some of their superstars, will be pleased to learn they have another disgruntled player who should be described as "a club owner's hold-out."

Myrl Hoag, regular left fielder, had the best season of his career last year and was "rewarded" with a contract calling for the same as in 1937.

Joe DiMaggio asked for an increase of 100 per cent and threatens to stay home and wash dishes unless favored with a 100 per cent boost. Lou Gehrig is putting for a mere 15 per cent "up" of his baseball contract.

Hoag, who outplayed DiMaggio in practically all departments in the world series and was the third leading hitter on both sides, is making less noise in his salary demands than an oyster taking an afternoon nap.

The "silent man" of the Yankee squad, wintering in Sacramento, is going to carry his troubles to spring training headquarters in Florida. Then he'll try to convince his bosses that his work last season deserves better recognition.

"I'm certain everything will come out all right," he said. "I'm not complaining but naturally I don't expect to play for the same money I got last year."

BULLDOGS DRILL FOR BATTLE

Coahoma To Be Underdog In Title Game

COAHOAMA, Feb. 10 — Coach Lloyd Devan and his Coahoma Bulldogs made ready for the invasion of the Foran Buffaloes, scheduled to appear here for the county basketball championship Friday night, with a lengthy drill Wednesday.

Seriously handicapped by the loss of James Hunter, first string forward, Devan has had to rebuild his offense, working Echols and Collins at intervals at that position.

The Coahomans will offer their biggest threat in Ralph Marshall, ace center, who led the team to a close victory over the Buffs two weeks ago.

Assistance Of City For Meet Asked By Akey

Gives Discussion Of Attraction At Recreation Confab

Five members of the advisory council of the recreation department were in attendance Wednesday evening in the city court room of the municipal auditorium for the regular monthly meeting.

Ben Daniel, W. C. Blankenship and E. V. Spence were unable to be on hand due to other activities but plans were formulated toward a successful spring and summer season.

Chairman Pat Murphy called on each member on hand to lead discussion of the program to which he had been assigned.

Harold Akey brought to light the fact that the municipal golf course, of which he is the professional, is going to need the cooperation of the recreation department and the city to make the July district junior golf tournament the success that it was last year.

Ways and means of housing, feeding and entertaining the contestants who will be here was discussed.

Other members responded with short talks on other summer sports including tennis, swimming and softball.

M. K. House, Sr. Harold Akey, Walton Morrison, H. F. Malone, Hank Hart and Murphy answered the roll call.

Cities Derive Profit From Team Visits

Advertising Enough To Offset Training Provisions

ST. PETERSBURG, Fla., Feb. 10 (AP)—Florida cities find the cost of providing training facilities for major league baseball clubs is far offset by the advertising and entertainment derived from the big leaguers.

In the words of Al Lang, St. Petersburg's contact man, the resorts gain "inestimable thousands of dollars" in publicity, and provide tourists and homefolk with a major sports attraction.

Eight National and American League clubs will hold their spring workouts in Florida this year.

The clubs—looking for plenty of sunshine, a well-groomed park and reach various accommodations — cities they choose for training sites.

All contracts provide the resorts must furnish playing fields which meet major league specifications and offer no unusual hazards which might bring injury to high-priced stars.

The St. Louis Cardinals at St. Petersburg, the Cincinnati Reds at Tampa and the Boston Red Sox at Sarasota will take the receipts from home exhibition games without any guaranteed return.

The New York Yankees are reported to receive the highest guarantee of any club training in Florida, but Lang said St. Petersburg loses nothing.

Andy Slaughter, chamber of commerce secretary, said Orlando may "make a little money" by having the Washington Senators there.

The Detroit Tigers, at Lakeland for the fifth consecutive year, are paid \$3,000. Bradenton has guaranteed the Boston Bees \$3,000.

Proceeds from ticket sales and a pledge they will equal \$2,000 were the inducements offered the Brooklyn Dodgers by Clearwater.

JACK DOYLE INJURED

LONDON, Feb. 10 (AP)—Jack Doyle, the Irish boxer, suffered glass splinters in the right eye and bruises in an auto collision today near Dunstable.

Baylor Falters Before Charge Of Texas A&M

Bears, Defeated 48-46 In Extra Period, Suffer Initial Loss

By The Associated Press
Arkansas University, now the lone undefeated quintet in the Southwest Conference, will play the refurbished University of Texas at Fayetteville tomorrow night. The Texans have dropped down into fifth place in the league standing, Texas A. & M. having advanced to fourth place in the defeat of the Baylor Bears last night at College Station.

Other games scheduled for this week include a repeater for Texas-Arkansas at Fayetteville tomorrow night, T.C.U.-Texas A. and M. at College Station and Southern Methodist-Rice at Houston, also tomorrow night.

It was a split second in an overtime game that spelled a 48-46 defeat for the hitherto undefeated Baylor Bears last night—a split second that jeopardized their title chances.

Hub Kirkpatrick, Baylor center, made a crisp shot for the tying points, but timekeepers ruled that, although the gun had failed to fire, the whistle had been blown before the ball left Kirkpatrick's hands.

A crowd of 8,500 milled around the floor for 15 minutes while timekeepers, coaches and officials conferred over the finish.

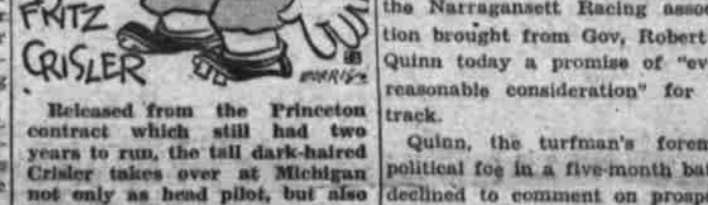

Baylor went into the second half trailing 15-17. Thereafter the lead changed hands 10 times and the teams were tied 10 times. In the extra period the lead changed four times and the score was tied twice.

Kirkpatrick again took the conference scoring lead with 18 more points.

Crisler Moves From Post To Michigan U.

Assumes Job As Head Coach And Asst. Director Of Athletics

PRINCETON, N. J., Feb. 10 (AP)—Herbert Orrin (Fritz) Crisler, ending his six-year job of rebuilding Princeton's football fortunes, was back in the Big Ten today as Michigan's head grid coach, with assurance that the athletic directorship would follow in the not-too-distant future.

Released from the Princeton contract which still had two years to run, the tall dark-haired Crisler takes over at Michigan not only as head coach, but also as assistant director of athletics, at first.

"Later, I will become director of athletics," he said last night in announcing his Princeton resignation and Michigan acceptance. He probably will get more than \$7,000 annually.

It was generally believed that some assurance of the position was made in order to get Crisler to transfer from Tigertown.

Yanks Shorten Farm's Fences

By EDDIE BRIETZ
NEW YORK, Feb. 10 (AP)—The venerable Amos Alonzo Stagg hoid in at Lake Worth, Fla., for a time, but swore it wasn't to escape the "rigors" of the California climate.

The Yanks have laid the groundwork for another home run crew by shortening the park of their new Kansas City farm.... At the same time, the name of the ranch was changed to Ruppert Stadium....

There's a gal out in Joplin, Mo., who thinks Ky Laffoon's first name is Kentucky.... And did any one in the congregation ever hear Buddy Baer called by his front handle?... It's Jacob.... Wade Ison, former sports editor of the Charlotte (N. C.) News is doing such a fine job putting N. C. State athletics on the map they've hoisted his salary to more than \$4,000 per year, which is all right for a college press agent in any league.

Here's a guy who really got "that old feeling" in a football game at Florence, Colo., last season, one of the teams got its signals mixed and the snap from center went straight back.... The referee, a former backfield man, made a perfect catch and gained five yards before he realized what he was doing....

One reason Henry Cotton, the high hat British golf pro, isn't coming to the U. S. this year is that he doesn't need the shillings, by Jove.... He's guaranteed \$20,500 for 1938 and everything he gets out of writings and other sidelines is just that much gravy.... For the second consecutive year, Sonja Henke has been selected as the prettiest girl athlete in the world by the Youthful Faces and Figures Institute.... We wouldn't argue about it, but we'd settle for Kay Stammers....

CHANGES IN PITT CODE IN EFFECT

PITTSBURGH, Feb. 10 (AP)—Two changes in athletic policy, designed to place the University of Pittsburgh's teams under the same "restrictions as those of the 'Big League' and 'Big Ten'" go into effect next March 1.

One change shifts control from the athletic council of the university to a newly organized, all-faculty committee.

The other revises the code of eligibility standards.

Chancellor John G. Bowman of Pitt made the announcement.

These changes top a program of athletic policy revision that began last fall with announcement of the "Hagan plan," which eliminated athletic scholarships and subsidies.

Some of the new rules are already in effect, Dr. Bowman added.

Athletic Director James Hagan explained that the new code embodies the best features of eligibility rules of the so-called "Big League" schools and those of the "Big Ten."

Must Complete Work
Dr. Bowman said: "Athletics are an undergraduate affair. Matters of the scholarship of players, rules of eligibility and athletic relationship with other institutions, because they affect undergraduates' education, are naturally faculty problems."

The most important change under the eligibility code states: "No student shall be eligible to membership on any university team until he has completed satisfactorily a full year's work at the university and has satisfied the requirements for advancement with his class as determined by the faculty."

A total of approximately 30 credits is necessary for advancement in most courses.

Under the old code only 12 credits in the preceding semester were required.

The football schedule is limited to eight intercollegiate games a season, except on approval of the athletic council—and the first game cannot be played before Oct. 1.

The new code makes no mention of post-season games, Hagan explaining that would be left entirely up to the members of the team.

DOG SHOW OPENS IN MADISON SQ. GARDEN TODAY

NEW YORK, Feb. 10 (AP)—Twelve months of grooming and training reach their climax this weekend at Madison Square Garden, where, for three days starting today, the Westminster Kennel club show, dogdom's world series and Kentucky derby combined, holds sway.

There will be 2,000 dogs from tiny Chihuahuas to lordly Great Danes on the benches. From this array of canine aristocracy, John G. Bates of Morristown, N. J., on Saturday night will select the best dog in show.

Leading to this grand finale the judges will select the best in each of the 90 breeds in 13 judging rings pitched in the garden's main arena.

Then, on Saturday, the variety competition will be held in which the six winners in the group—sporting, hounds, workers, terriers, toys and non-sporting—will be chosen. From this last select six the best in show is annually chosen.

The Cocker Spaniel is again the most popular dog in the show.

— but it takes the modern motor bus to handle modern city transportation... just as it takes —

ARMSTRONG IN 31ST KO WIN
SAN FRANCISCO, Feb. 10 (AP)—Featherweight Champion Henry Armstrong added the veteran Al Citrino of San Francisco to his list of knockout victims as number 31 today.
The Los Angeles negro floored Citrino 14 times last night before Referee Joe Gorman halted the one-sided affair after two minutes and 35 seconds of the fourth round.
Armstrong's title was not at stake in the 10-round match. Armstrong weighed 123, Citrino 121.

United Electric Service

108 West First St. For "Complete Electrical Repairing"

Big Spring Herald Published Monday morning and each weekday afternoon except Sunday by THE BIG SPRING HERALD, Inc.

Washington Daybook

By Preston Grover

WASHINGTON—Regardless of whether the foreign policy of the government is clear to Senators Johnson and Borah, who questioned it, the state department officially stands by a summary made by Secretary of State Hull last July 16.

1. This country constantly and consistently advocates maintenance of peace. (That always has been so.)

2. We advocate national and international self-restraint. (Undoubtedly every nation would publicly subscribe to that.)

3. We advocate abstention by all nations from use of force in pursuit of policy and from interference in the internal affairs of other nations. (The Kellogg outlawry-of-war treaty, the Pan-American non-intervention treaty, the condemnation of Japanese invasion of China, likewise the Italian invasion of Ethiopia.)

4. We advocate adjustment of problems in international relations by processes of peaceful negotiation and agreement. (Hague and Pan-American arbitration treaties, Kellogg Pact.)

5-8-7-8. We advocate faithful observance of international agreements. Upholding the principle of the sanctity of treaties, we believe treaties, when need therefore arises, by orderly process carried out in a spirit of mutual helpfulness and accommodation. We believe in respect by all nations for the rights of others and performance by all nations of established obligations. (No nation would disclaim those high, moral purposes, and as a matter of fact this country has tentatively agreed to a revision of the Panama Canal treaty.)

Says Unification Of M. E. Church Nears Reality

DALLAS, Feb. 10 (AP)—Bishop John M. Moore of the Methodist Episcopal Church, South, believes the unification movement is on the road to reality. Bishop Moore, chairman of the unification committee for the Southern church, took issue with Bishop Collins Denny of Richmond, Va., who had cited church law to the effect that the unification had failed. The North Mississippi annual conference had voted against the plan, Bishop Denny was quoted as having said, whereas church law required that each annual conference must agree. Bishop Moore said that present church law requires a three-fourths vote of members of all conferences.

NEWS NOTES FROM THE

OIL FIELD COMMUNITIES

Mrs. and Mrs. W. F. White of Tyler arrived here Sunday to visit Mrs. White's mother, Mrs. J. F. Maxwell, and Mr. and Mrs. Frank Maxwell. Mrs. White remained here with her mother for an extended visit and will spend part of her visit with her daughter, Mrs. Lee White.

Mrs. H. J. Lee of San Jose, Calif., arrived here this week to visit her daughter and son-in-law, Mr. and Mrs. George Johnson, and daughters.

Mrs. Carl Blackwelder returned here Monday from Excelsior Springs, Mo., where she has been for the past month recovering from a major operation. Mr. Blackwelder met his wife in Fort Worth Sunday after attending the State Band and Orchestra association meeting.

Mr. and Mrs. T. O. Peary of Albany are visiting relatives, Mr. and Mrs. W. H. Peary and Mr. and Mrs. Carl Cunningham.

Supr. and Mrs. L. L. Martin and Burnett Hinds visited in Snyder Sunday.

Maxine Thompson of Lubbock arrived here Saturday to visit her parents, Mr. and Mrs. J. E. Thompson.

John Camp Adams of Texas Tech spent the weekend here with his parents, Mr. and Mrs. C. M. Adams.

Mr. and Mrs. W. B. Dunn spent the weekend in Iraan with Mr. Dunn's mother, Mrs. E. W. Sikes and sister, Ada.

Rev. and Mrs. A. Short and daughter were visitors in Odessa Tuesday evening en route to Goldsmith where they attended the Baptist Workers conference.

Mrs. C. A. McDonald returned here this week from Texarkana, Vivian and New Orleans, La.

Mr. and Mrs. Herman Williams spent the weekend in Bald visiting Mrs. Williams' mother, Mrs. E. W. Sikes and sister, Ada.

Mrs. Nora K. White was called to Stephenville Friday upon the death of Mrs. A. Metagar, her grandmother. Funeral services were held in Stephenville Sunday.

The Ladies of the W. M. U. met in the Baptist church Monday for a Royal Service program with Mrs. H. A. Hobbs in charge. Devotional was given by Mrs. C. C. Kent and the program included the following: The Homeland Fifty Years Ago, by Mrs. O. A. Nichols; Home

Texas Swimmers Set New Marks

AUSTIN, Feb. 10 (AP)—Coach Tex Robertson of the University of Texas swimming squad said today he would seek A.A.U. recognition of swimming marks set here last night.

Jane Dillard, breast stroke star, was timed in 100-meter event at 1:28.5. The present record, held by Agnes Geraghty, is 1:30.6. Miss Dillard is a high school student here.

Bob Tarleton, sophomore from Fort Worth, bested the American records in the 200-yard, 200-meter and the 220-yard backstroke. For the events in the order named, his times compared with the records were 2:16.3 against 2:19.6; 2:29.5 against 2:35.6, and 2:30.1 against 2:36.8.

Ralph Flanagan of Miami was 3 of a second under Johnny Weismuller's old 200-yard free style mark of 1:58.4, but fell 1.2 seconds short of Weismuller's 220-yard figure of 2:18.

Adolph Keifer of Chicago missed by less than nine seconds Jack Medina's 500-meter mark of 4:40.

Mission Beginnings, Mrs. A. Short; The Homeland Today, Mrs. Pete Huddleston; Home Missions-Saving the Homeland, Mrs. C. H. Tipter; Reaping With Joy, a Golden Sheaf of the Red Race, Mrs. C. J. Grant and Mrs. E. J. Thompson. Ten members attended the meeting.

Fairview News

Regular preaching services are scheduled for Sunday morning and Saturday night at the Prairie View Baptist church. Everyone is urged to attend. Sunday school will be at 10 a. m. Sunday.

Mr. and Mrs. Jesse Henderson are the parents of an eight-pound daughter, born Sunday at Mrs. Henderson's mother's home. Mother and child are doing nicely.

A son was born at the Big Spring hospital to Mr. and Mrs. Don Dodson. They have moved to the home of her mother, Mrs. Hopper, and are getting along nicely.

Some improvement is reported in the condition of the baby of Mr. and Mrs. Clyde Bloodworth. The child has been in a hospital at Big Spring, but has been taken to the home of Mrs. Bloodworth's mother.

F. A. Bloodworth made a trip last week to Elmer, Okla., to be at the bedside of a grandbaby who was ill.

Mr. and Mrs. Jackson and daughter, Robbie, and son, J. D., left last weekend for Altus, Okla., where Mr. Jackson's mother is ill.

Miss Minton of Center Point was a Sunday guest in the T. M. Bailey home.

Miss Lucille Grant, a student in Texas Tech, visited relatives over the weekend.

Mr. and Mrs. J. G. Hammack and Mr. and Mrs. Ralph Hammack visited the Howard Newtons in Midland Sunday.

Mrs. W. H. Ward is still on the sick list.

Mr. and Mrs. Walker Bailey of Center Point visited in the community Sunday.

Mrs. C. E. Gaylor and children.

Joyce and Bud, were guests Sunday in the J. W. Wooten home. Miss Della Wittingham of Ardmore, Okla., also was a guest of Ermance Wooten.

Little Carol Hammack has been on the sick list for the past few days.

Louie Langley of Dallas is expected here Saturday to visit his parents for the weekend. He will continue on to El Paso on a business mission.

The Fairview home demonstration club met Thursday in the home of Mrs. Dick Hatch. Mrs. J. W. Wooten discussed tax topics, and Mrs. Willard Smith gave an outline of the dress scarf project to be undertaken by the club. Plans were discussed for the social affair to be held at the Moore schoolhouse Saturday night, when a recreation program and cake walk will be featured. A quilt will be given away. Proceeds from the program will go toward financing the club's activities.

A recreation period for the club was conducted by Mrs. E. D. Hatch. Members present included Mrs. H. A. Davis, Mrs. W. H. Ward, Mrs. Gabra Hammack, Mrs. J. G. Hammack, Mrs. J. G. Gooch, Mrs. E. D. Hatch, Mrs. J. W. Wooten, Lora Lee Couch, Mrs. Willard Smith, Mrs. Ray Smith. Visitors were Mrs. Ralph Hammack, Mrs. P. C. Leatherwood, Mrs. Happy Hatch, Mrs. R. D. Hatch, Jr. The next meeting will be held on February 17, at the home of Mrs. Ray Smith in Big Spring.

Return From Dallas

Mrs. J. L. Hudson, Lane Hudson and Mrs. N. W. McCleskey returned the first of the week from Dallas where they visited Mrs. Hudson's daughter, Miss Margie Hudson, who is attending Miss Hockaday's School for Girls, and Mrs. McCleskey's sister, Mrs. Pearl Roberts.

Mahon Can Brag To Other Solons About Cotton Production; His District Tops All The Rest

WASHINGTON, Feb. 10 (AP)—Representative George Mahon of Colorado, Tex., said today his congressional district last fall produced more cotton than any other in the United States, outstripping even the Delta district of Representative Whittington, Mississippi.

He cited census bureau figures to show his district (25 counties including Howard) produced 1,132,531 bales, as compared with 1,077,306 bales in Whittington's district, and 791,170 bales for the district of Representative Driver (D-Ark.), the third high.

The nearest Texas congressional district to that of Mahon in cotton production was that of Majority Leader Sam Rayburn of Bonham, which produced 389,359 bales. The third high was that of Representative Johnson of Corsicana, which produced 378,692 bales.

Of the four counties in Texas producing 100,000 bales or more last year, three are in Mahon's district. Lubbock was first with 140,927 bales, Lynn next with 140,564, Dawson third with 106,000 and Ellis fourth (Johnson's district) was fourth with 102,638. All four were among the thirteen leading cotton counties in the United States.

First among all counties in the country was Mississippi County, Ark., with 233,771 bales; Bolivar County, Miss., second with 187,843; Sunflower County, Miss., third with 186,343; Tulare County, Calif., fourth with 156,777, and Maricopa County, Ariz., fifth with 153,766. Lubbock county ranked sixth in the nation.

With the aid of experts of the department of agriculture, Mahon estimated that if all the cotton pro-

duced in his district was manufactured into bed sheeting 81 inches in width, it would reach around the earth 16 times. It would be adequate to supply every woman in the district with 100 dresses, every man with 100 shirts, and every household with 100 bed sheets, and there would be enough left over to supply every woman in America outside West Texas with 13 frocks.

Finally, he estimated, if the crop were converted into money at the rate of 10 cents per pound, it would supply each of the 254,000 residents of the district with \$223.13; a grand total of \$56,576,550.

'ZOLA' PICKED AS OUTSTANDING FILM

MINNEAPOLIS, Feb. 10 (AP)—Motion picture critics in all parts of the nation selected "The Life of Emile Zola" as the outstanding picture of 1937 and the work of its star, Paul Muni, as the best performance of the year by an actor in a poll conducted by the Minneapolis Journal. Results were announced today.

The 998 critics from all states save Vermont chose the performance of Luise Rainer in "The Good Earth" as the best by an actress during 1937.

Tenant Program To Be Under Way By Weekend

JASPER, Ala., Feb. 10 (AP)—A federal government program designed to lift eventually 45 percent of the nation's farm population from tenancy to home-ownership will begin actual operation Saturday in ceremonies marking consummation of the first tenant-aid loan.

Exactly a year ago the president's committee on farm tenancy said "it is high time that this nation begin the task" of halting a 25-year decrease in ownership. The last congress appropriated \$10,000,000 as a starter, and last week Wiley J. Langley, 88, and father of 12 children, received approval of his purchase loan application.

Langley will play a part in the ceremonies at Bankhead Farms, a farm security administration colony, three miles from here in the home county of Senator John H. Bankhead (D-Ala.), co-author of the tenant-aid act. Langley will receive a check for \$3,000 with which to buy the 150-acre farm he now operates, an additional \$800 for building, repairs and fencing, and \$400 to pay debts which federal agencies induced creditors to reduce from \$1,082.

Coming—another year of NEWS supremacy

This newspaper enters another year unswerving in its determination to provide the news of the whole world—accurately, swiftly, completely.

The record for last year already has been written. Through the vast facilities of THE ASSOCIATED PRESS, this newspaper reported daily the rapid story of current events, illustrated with fast, vivid pictures. The supremacy of this close partnership of news and pictures was boldly reflected in coverage of such big front page stories as The Devastating Ohio River Floods, The Texas School Explosion, The Hindenburg Disaster, The War in China.

As a member of THE ASSOCIATED PRESS, world's largest non-profit, cooperative, news gathering organization which serves 1400 member papers; this newspaper was proud to share in the achievements of 1937. The same vigilance which made such achievements possible is the watchword for 1938.
