## the Treador

Vol. XXX Texas Technological College, Lubbock, Thursday, January 13, 1955 No. 14

### Weaver May Quit Tech To Take Arkansas Post

DeWitt Weaver, head football coach, may resign his position to succeed Bowden Wyatt at the University of Arkansas. Weaver, at present, is the top choice for the Razorback position.

Weaver first entered the picture as a replacement for Wyatt about Jan. 1 when speculation became strong that Wyatt, despite denials by him, would go to Tennessee. Arkansas sports writers have asserted that Weaver could have the job if he wanted it.

#### Weaver Quoted

"On one hand Lubbock is a great place and Tech is a wonderful school. On the other hand, Arkansas has a very attractive set-up for its new coach," Weaver said yesterday.

Weaver was to have telephoned the University of Arkansas yesterday afternoon at 5 p.m. to talk with school officials. No decision was to be made, but he would determine whether or not to go to Fayetteville to meet with the athletic council.

The sports editor of the Arkansas Traveler, the University's newspaper, disclosed yesterday that he had learned from a reliable source that Weaver said he would go to Fayetteville if he could finish up his work here. The Traveler's editor would not disclose his source.

#### Record Listed

John Barnhill, athletic director at Arkansas, was line coach at Tennessee when Weaver played for the Vols. Weaver has talked to Barnhill, but did not make a decision.

COACH WEAVER  
Traveling to Arkansas?

Since taking over coaching duties at Tech Weaver's football teams have won 28 games, lost 14 and tied two. They have won the Border Conference Championship three times and posted two victories in post-season bowl games. Speculation around Tech campus indicates that if Weaver should resign, Wade Walker, former assistant coach under Weaver at Tech, will be the top choice as his successor.

Mike Brumelow, Texas Western coach, has also been in the picture along with Buist Warren, present backfield coach for the Raiders.

### Applications Open For Editorships On Treador Staff

Applications for Treador staff positions should be turned in to the student newspaper office by Thursday, Jan. 27, if possible, and Feb. 1 at the latest, Editor David Clark announced today.

That date is set in order to get operations under way for the first Treador issue of the second semester. Applicants may give their written requests directly to Clark. If the office is closed, they may place them in the Treador mailbox in the corridor of the Journalism Building.

#### Editorships Available

Persons desiring staff assignments must visit The Treador newsroom Monday morning, Jan. 31, to secure initial assignments from the bulletin board.

Applications are being accepted for sports, society, assignment and news editors. Reporting assignments are open in several divisions and departments, and in several areas of student activity. Several rewrite men can be used.

#### Letters Sent

Letters have been sent to all freshmen students with high school newspaper experience, inviting them to participate. Staff assignments are open to all, however, freshmen to seniors, both journalism and non-journalism students.

### Carl Kennedy and Gwen Williams Are Titled Mr. and Miss Texas Tech

By LA DOYCE LAMBERT  
Treador Staff Writer

Carl Kennedy and Gwen Williams copped the titles of Mr. and Miss Texas Tech Tuesday as approximately 825 students went to the polls.

Also in the Tuesday elections, Suzanne Matteson and Bobby Waddle were elected senior favorites. Shirley DuPriest and Bob Williams won sophomore favorite honors and Anisse Baynes and Wick Alexander were chosen freshman favorites. Melvin Deardorff was elected junior boy favorite, but a revote will be necessary on selection of the junior girl favorite because a name was left off one group of ballots. The method of selecting the girl will be announced later.

### Council Considers Revision of Code

Possible revision of the Code of Student Affairs, a foreign student's committee and lack of school spirit at basketball games were subjects of discussion at the Monday night Student Council meeting.

Johnny Meyers mentioned that some confusion exists as to the meaning of several policies contained in the Code of Student Affairs. The Council felt that the specifications were not clear to the average student. President Glenn Rainer appointed Meyers chairman of a committee to make specific recommendations for revision of the code.

Vice President Bill Hudson reported a need for a foreign student committee. He said the committee would help foreign students get started at Tech by finding them a place to live until classes begin. They would also be aided in registration and other matters which might be difficult for a foreign student. The Council decided to refer this matter to a campus organization as a project. Hudson was appointed head of a committee to locate a club interested in such a project.

According to the Student Council Committee, the race for Mr. and Miss Texas Tech was very close. Kennedy edged Joe Jack Reynolds, Slaton; and Miss Williams defeated Kay Lynn Watson, Lubbock, Doris Ellis, Sweetwater, Jane Hampton, Denton. Jerry House, who was previously listed as a candidate for Mr. Texas Tech, failed to get the required number of signatures for his petition.

#### Kennedy In Who's Who

Kennedy, of Pampa, is president of the senior class and a member of Phi Gamma Delta. He also served as junior class president. This year he was named on the list of Who's Who in American Colleges and Universities. Miss Williams of Lubbock is vice president of the Student Union Program Council, secretary of the Student Council and has appeared on the list of Who's Who in American Colleges and Universities for the past two years.

Miss Matteson of Dallas was recently chosen Homecoming Queen. She was elected senior favorite over Joann Hampton of Crowley and Phyllis Martin of Lamesa. Bobby Waddle, an agriculture student, was elected to a committee to locate a club interested in such a project.

### Army ROTC Cadets Awarded Honors For Establishing Outstanding Records

Thirty-five Army ROTC cadets have been honored with awards for establishing outstanding military records during the past year.

Col. Hampton L. Green, commanding officer of the Tech Corps, announced today the names of four cadets to receive the good conduct ribbon, 31 to receive the academic achievement award.

Receiving the good conduct ribbon were: 1st Sgt. J. R. McKenzie, junior electrical engineer, Fort Worth; Cadet J. W. Rhodes, sophomore electrical engineer, Borger; Sgt. R. G. Snyder, junior electrical engineer, Lubbock.

Cadet J. D. Daniell, business administration junior, was awarded the Oak Leaf Cluster denoting the second good conduct award.

#### Receive Award

Receiving the academic achievement award were: M/Sgt. Royal Hagarty, junior petroleum geology major, Lubbock; Cadet Rhodes, 1st Sgt. McKenzie; Capt. C. W. Green, senior electrical engineer, Cactus; Major R. N. Floyd, senior industrial management student, Snyder; 1st Lt. Robert Howe, senior textile engineer, Fort Worth; M/Sgt. E. D. Hemmeline, junior industrial engineer, Lubbock; Sgt. Verle Downey, junior petroleum engineer, Perryton;

Major G. A. Erickson, senior

civil engineer, Midland; Capt. L. N. Marks, senior math major, Amarillo; Cadet R. C. Miller, sophomore geologist, Denver City; Cadet Richard Ridgway, sophomore agriculture education major, Brownfield; Cadet P. N. McCullough, sophomore mechanical engineer, Hereford; Pfc. W. M. Craig, sophomore chemistry student, Lubbock; Cadet K. T. Dockray, sophomore pre-med student, Lubbock; Cadet J. S. Rogers, sophomore petroleum engineer, Gainesville; Cadet Robert E. L. Farmer, sophomore electrical engineer, Plainview; Cadet Don E. Fritz, sophomore geologist, Midland; Cadet J. C. Meathenia, sophomore pre-dental student, Shamrock; Cadet Don G. Brothers, sophomore animal husbandry major, Paducah; Cadet Ben R. Jefferson, sophomore petroleum geologist, San Angelo;

#### Cadets Listed

Cadet B. D. Trammell, chemical engineer, Denver City; Cadet D. L. Beilue, sophomore petroleum engineer, Cactus; Cadet Fred Griffin, sophomore agriculture student, Plainview; Cadet H. A. Hayter, sophomore mechanical engineer, Weatherford; Sgt. Robert Beckham, junior animal husbandry

(See ROTC, Page 7)

### Music Department Announces Cast

Casting for "Yeoman of the Guard," an operetta being presented by the music department, Feb. 14-15, has been completed, announces Robert Elson, instructor in music.

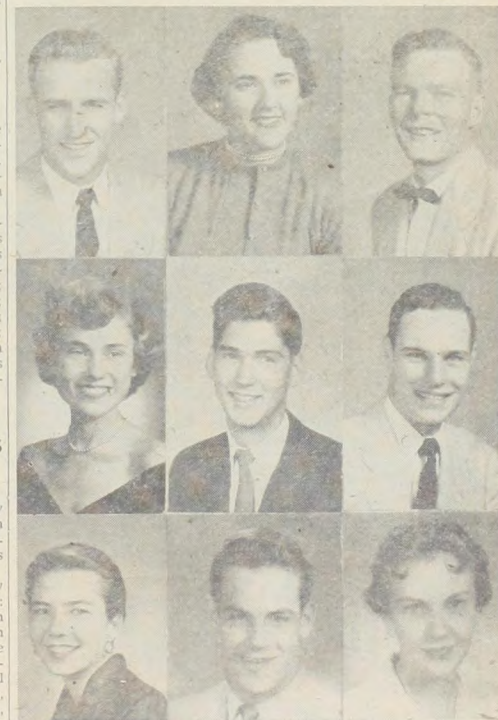

The principals are: Don Armstrong as Jack Point; Ross Cass as Col. Fairfax; Wayland Stephens as Sir Richard Cholmondeley; Clarence Whiteside as Leonard Meryll; Bill Cormack as Wilfred Shadbolt; Bert Tandy as Sergeant Meryll; Ann Hogg as Dame Carruthery; Carol Schultz as Kate; Alice Ann Yates as Phoebe; Gloria Snell as Elsie; Bob Howe as The Headman.

### Aggie Club Elects Wales President

Charles Wales, dairy industry senior from Lubbock, has been elected president of the Tech Agriculture Club. He succeeds Charles Cunningham.

Other officers elected Tuesday night for the spring semester are: Jimmy Smith, sophomore from Roscoe, first vice president; Ben Cross, Paducah senior, second vice president; Richard Stovall, Plainview senior, secretary; Carol Robertson, junior from Jayton, corresponding secretary; Joe Ash, Bronte senior, treasurer; Alton Slagle, Lubbock junior, reporter; and Bob Anthony, Dimmitt freshman, marshal.

Also featured at the regular meeting of the club was the Aggie-of-the-Month award, made to Charles Browning, Burleson senior, for outstanding work in the organization.

COLLEGE FAVORITES chosen in Tuesday's election are, left to right: top row—Carl Kennedy, Mr. Texas Tech; Gwen Williams, Miss Texas Tech; Bobby Waddle, senior girl favorite; middle row—Suzanne Matteson, senior girl favorite; Melvin Deardorff, junior boy favorite; L. R. Williams, sophomore boy favorite; bottom row—Shirley DuPriest, sophomore girl favorite; Wick Alexander, freshman boy favorite; Anisse Baynes, freshman girl favorite. See story above.

### Museum Display Features Prints

Would you like to trace the development of spiritual and graphic art in America from its beginning?

An exhibit in the art and rotunda galleries of the Tech Museum displays three centuries of print making in America.

The exhibition of 113 works offers an opportunity to trace the development of graphic art from the time it was largely a reflection from other lands to the present-day style.

Recognized masterpieces of Whistler, Duveneck, Hassam

### Foreign Students To Submit Notice

Each Tech student from a foreign country must report to a post office during January and submit a notice of his current address, according to a statement made recently by Lubbock Postmaster Amos Howard.

In accordance with Section 265 of the Immigration and Nationality Act of 1952, all aliens are required to notify the Commissioner of Immigration and Naturalization, in writing, of their current

and Benson are also included with the early lithographs. The exhibit will be on display through Jan. 31.

address during the first month of each year they reside in the United States. Address cards must be picked up in person and filled out at any post office or substation in the area. The cards then must be returned to the post office. In no case should the cards be mailed, Mr. Howard emphasized.

This semester 12 students from other countries are enrolled at Tech. Countries represented include: one student each from Puerto Rico, Honduras, Holland, Formosa, Lebanon, Brazil, Mexico, Greece and two each from Guatemala and Jordan.

College smokers are sure going for Winston!

FINER FILTER!

FINER FLAVOR!

KING SIZE, TOO!

# WINSTON

the filter cigarette that really tastes like a cigarette!

No wonder Winston's so popular with college smokers! It's got real flavor—full, rich flavor you'll really enjoy. Winston tastes good—like a cigarette should!

Along with finer flavor, Winston also brings you a finer filter. The exclusive

Winston filter works so effectively, yet doesn't "thin" the taste or flatten the flavor. Winston lets you draw smoothly, easily—there's no effort to puff!

Try Winston, the filter cigarette that tastes good—like a cigarette should!

Smoke WINSTON the easy-drawing filter cigarette!

Free movies to be shown in the Monday nights, with tions as "I'll See Dreams," "Gentlemment," and "Johnny any student who w in, the Union will sp concert once a mont afternoons. For thos the quieter hours every nesday at noon. 4 hours, to be held fr 4:30 every other Tues student a chance to ally with his teacher Jazz Conce

Other than the rec ities, the Union will semester the Lord's eye, a renowned mar designed for the adu Comic Opera Players, opera in a light thea sphere. Also on Feb. Block Seven, recordi Fort Worth, will give cert.

Friday night danc time with such the Sox Hop, Winter W Spring Splash. Music by Burt Hubbard, the the Dunbar Combo, a Cowboy Stomp and with music by the Te Ray Brooks for we fans. If you have been dance at the Union the week and perh classes, you will have next semester. After

### Phi Gamma Initiates Fift

Phi Gamma Nu, n fessional sorority in initiated 15 new me day afternoon in t Union Building.

Those initiated w Yancy, Glens Speer Hintz of Lubbock, Ch ter, Tullia; Ima Jane ton; Betty Lawther Phyllis Emory, Lam Tharp, Littlefield; Jo Joff, Vernon; Shirley Cress; Molly Morrison; Betty Nelson, Pampa; Stanton; Nancy Robe Buena Welch, Post.

New members were a dinner following in vices. Carol Crouch Bible to the sorority the senior members.

Attending the in dinner were: Mrs. Isa water, sponsor; En president; Charlotte L Little, Carol Crouch, Betty Amburgey, Peg Barbara Banks, Pat West, Adair, Lee Tur West and Mary Jane. Pledges collected p friends as a pledge r money which amounte be given to Milam Home.

### BARNEY CHO

Joanne Barney, Ab man, was present Sweetheart by pledge Sigma at the fratern night dance.

### Cell Block Seven, Lord's Puppet Revue And Cowboy Stomp On Union Schedule

Have you been getting the most out of the Tech Union this year? The Union functions for the students of Tech. It provides a place for entertainment and relaxation as well as a place to meet your friends.

Perhaps you have forgotten the \$5 Student Union fee you paid at registration. This money is used to bring the student a well-rounded calendar of activities with varied interests to appeal to the individual student and are presented at the Union free of further charge.

**Better Service**  
For next semester, the Union personnel has tried to give the students a bigger and better calendar and to be of even greater service. Free movies will continue to be shown in the ballroom on Monday nights, with such attractions as "I'll See You In My Dreams," "Gentlemen's Agreement," and "Johnny Belinda." For any student who wants to join in, the Union will sponsor a jazz concert once a month on Sunday afternoons. For those who enjoy the quieter music, there will be listening hours every other Wednesday at noon. Apple polish hours, to be held from 3:15 to 4:30 every other Tuesday, give the student a chance to chat informally with his teachers.

**Jazz Concert**  
Other than the recurring activities, the Union will present next semester the Lord's Puppet Revue, a renowned marionette show designed for the adult level, and Comic Opera Players, who present opera in a light theatrical atmosphere. Also, on Feb. 18, the Cell Block Seven, recording stars from Fort Worth, will give a jazz concert.

Friday night dances will continue with such themes as the Sox Hop, Winter Wonderland and Spring Splash. Music will be given by Burl Hubbard, the Esquires and the Dunbar Combo. There will be a Cowboy Stomp and Howdy Hop with music by the Texas Sons and Ray Brooks for western music fans. If you have been wanting to dance at the Union more during the week and perhaps between classes, you will have your chance next semester. Afternoon record

### Phi Gamma Nu Initiates Fifteen

Phi Gamma Nu, national professional sorority in commerce, initiated 15 new members Sunday afternoon in the Student Union Building.

Those initiated were: Janet Yancy, Glenna Speer and Ann Hintz of Lubbock; Christine Foster, Tulia; Ima Jane Griffith, Olton; Betty Lawther, Andrews; Phyllis Emory, Lamesa; Joyce Tharp, Littlefield; Juanita Haseoff, Vernon; Shirley Crook, Childress; Molly Morrison, White Oak; Betty Nelson, Pampa; Betty Alsop, Stanton; Nancy Roberts, Midland; Buena Welch, Post.

New members were honored at a dinner following initiation services. Carol Crouch presented a Bible to the sorority on behalf of the senior members.

Attending the initiation and dinner were: Mrs. Isabelle Gillenwater, sponsor; Erma Folley, president; Charlotte Love, Frances Little, Carol Crouch, Marie Petty, Betty Amburgey, Peggy Morton, Barbara Banks, Pat Brownlow, Jane Adair, Lee Turner, Jo Nell West and Mary Jane Anderson.

Pledges collected pennies from friends as a pledge project. The money which amounted to \$15 will be given to Milam's Children Home.

#### BARNEY CHOSEN

Joanne Barney, Abilene freshman, was presented as Pledge Sweetheart by pledges of Kappa Sigma at the fraternity's Friday night dance.

dances at 2 p.m. every other Wednesday, and night record dances at 7 p.m. Tuesdays, will be introduced.

The union will provide more games for relaxation along with tournaments in bridge, pinochle, billiards, canasta and scrabble.

This is what is in store for you next semester. In the meantime, the Union director, council and program director invite you to come study or relax at the Union during finals.

### Marie Petty Is Delta Sig Rose

Miss Marie Petty, Texas Tech's Rose of Delta Sig, will compete with 85 chapter sweethearts in the national contest next month.

Miss Petty was presented Saturday night at the formal dance of Delta Sigma Pi, international business fraternity.

The Big Spring senior won over two other finalists, Patricia Johnson, Pampa, and Barbara Cowherd, Dallas.

### McGee Is Named PiKA President

Phil McGee of Fort Worth will serve as president of Pi Kappa Alpha, social fraternity, this spring.

Other officers are: Jerry Fowell, Dumas, vice president; Truman Powers, Stephenville, secretary; Fred Skaggs, Plano, treasurer. The installation of officers was held during regular meeting last week.

Other officers will be announced by President McGee later this week.

Mrs. R. L. Harrington of Plano was named Gardenia Girl for the month of January. She is the mother of Don Harrington, PiKA pledge, who was injured in an automobile accident near Lubbock Dec. 16. J. B. Garibaldi, outgoing president of the chapter, and Fred Skaggs presented Mrs. Harrington with a corsage.

### Richard Lowery Will Head Annual Engineering Show

Richard Lowery, Lubbock engineering junior, will be assistant departmental director of the annual Engineering Show next spring.

### Students Declare Engagement Plans

The engagements of two Tech co-eds have been announced this week.

Claudia Martin, Johnson City, will become the bride of Charles E. Maple, of Claude, Feb. 5. Claudia is a senior journalism student at Tech. Lt. Maple is now stationed in Ft. Lee, Va. He is a graduate of Tech.

Frances Edwards, Lubbock, and 1st Lt. Marion (Bud) Henderson, Alton, Ill., are planning an early summer wedding.

Frances is a senior education major at Tech, president of the Major-Minor Club, women's physical education organization. She is a member of Forum, senior women's honorary society, and of Kappa Kappa Gamma.

Lt. Henderson was a student at St. Louis University, prior to entering the Air Force.

Following election to the post Monday evening by the student chapter, American Society of Mechanical Engineers, L. J. Powers, head of the mechanical engineering department, spoke on "The Professional Engineer."

### Badgett Is Named President of SAE

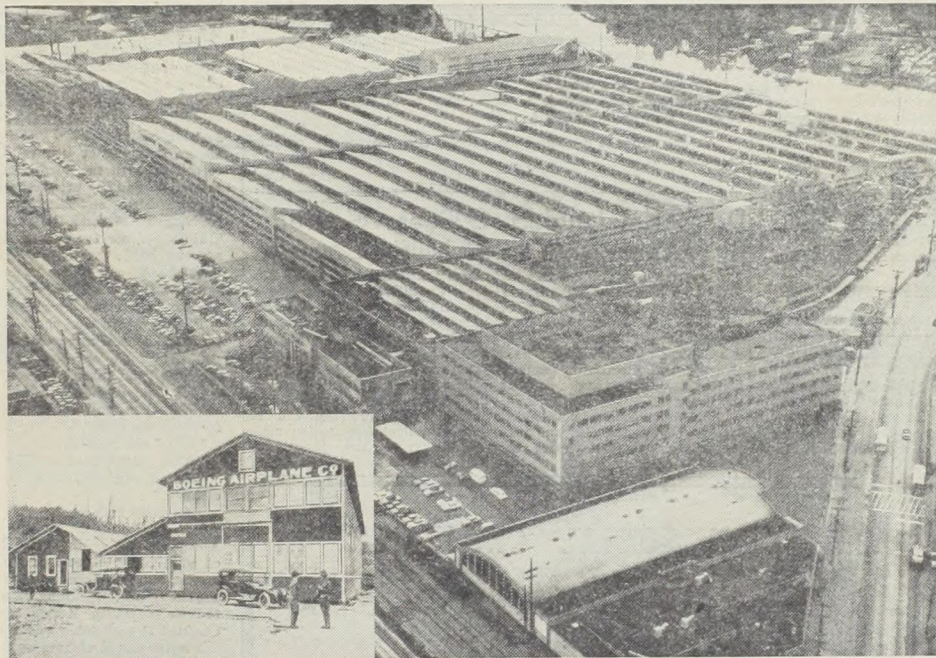

Jack Baggett has been named president of Sigma Alpha Epsilon for the spring semester.

Other officers elected at a Tuesday night meeting of the fraternity are: Mack Price, vice president; Gerald Clark, treasurer; Bill Bynum, recorder; Fred Jobe, warden; John Harrell, correspondent; Bill Eastland, chronicler; Joe McElhany, chaplain; Max Merrell, herald; and James Nuckels, pledge trainer.

### Lackey Is Named Phi Psi President

Joel Lackey was elected Tuesday night to serve as president of Phi Kappa Psi during the spring semester.

Other officers chosen are: Ivan Sorensen, vice president; Robert Faulkner, treasurer; Howard Thomas, recording secretary; Virgil Martin, corresponding secretary; Don Rambo, messenger; George Patterson, sergeant-at-arms; and Chuck Strehli, chaplain.

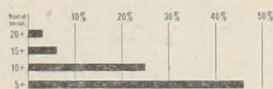

1916—The first Boeing plant, Seattle

1954—Boeing's Seattle plant as it appears today. New Engineering Building is shown in foreground.

### Is career stability important to you?

Then the chart below will be of interest. It shows that 46% of Boeing's engineers have been with this company for five or more years; 25% have been here 10 or more years, and 6% for 15 years.

One reason for this stability is that Boeing has grown steadily for 38 years, providing plenty of room for advancement. Another reason is the highly interesting type of work at Boeing, such as designing and building America's first jet transport and the revolutionary B-47

and B-52 jet bombers, as well as work on pilotless aircraft, supersonic flight and research in nuclear-powered aircraft.

Still another reason is this: Boeing always has put dominant emphasis on engineering development. Pioneering in this field has meant that Boeing constantly has increased its engineering staff in relation to total employees. Fifteen years ago, one out of 16 employees was in engineering. Five years ago the proportion of engineers had been raised to one in ten and today it has climbed to one in seven.

Boeing has rewarding openings for engineers of EVERY category—electrical, civil, mechanical, aeronautical and related fields, as well as for applied

physicists and mathematicians with advanced degrees.

Careers at Boeing afford a wide variety of experience in research, design and production, as well as work with new materials and techniques, and contacts with a cross section of industry through Boeing's vast subcontracting program.

Boeing promotes from within and holds regular merit reviews to assure individual recognition. Engineers are encouraged to take graduate studies while working and are reimbursed for all tuition expense.

For further Boeing career information consult your PLACEMENT OFFICE, or write RAYMOND J. B. HOFFMAN, Admin. Engineer Boeing Airplane Company, Wichita, Kansas

## Letters to the Editor

Dear Editor:  
I recently found this poem on my desk and thought it was very appropriate for this time of year. I haven't the slightest idea as to who wrote it.  
Sincerely,  
Lou Stamatokos  
Supervisor, Sneed Hall  
Late hours, no sleep  
Now you're looking like a creep;  
Coffee flows, aspirin too,  
Seems your eyes are full of glue.  
Roman Empire, calculus,  
Find the unknowns, mustn't fuss;  
Temper short, walk with droop,  
Keep on feeling like a stoop.  
Paper spread on the floor,  
"Quiet, Please!" on the door,  
Books are stacked in towering pile,  
Wonder if it's worth the while?  
Toss a coin, decide the crams;  
Heads, the army; tails, exams.

### HOARE BEST PLEDGE

Marcia Hoare, Amarillo sophomore, has been chosen Delta Gamma best pledge of the month for January. She will wear the sorority's best pledge bracelet during the month.

## A FABLE

### The Vanquishment of Knowledge

Once upon a time, when the earth was young and dragons still roamed about, there was a country. And it was a strong country, a leader among nations. And in the country there was a school. And it was a good school, containing nearly all of that which was considered knowledge in those times.

But gradually an evil spirit entered into the country, and, before long, into the school, for knowledge and learning was the basis of the country's existence, and only by knowledge was it able to fend off evil dragons which lived beyond its borders and sought to devour the people.

And the evil spirit entered into the minds of the students of the school, and clouded their minds, and they were not able to see the reasons for gaining knowledge. And they began to resist learning. And soon the spirit worked its way into the minds of the teachers of the school, and they became fat and lazy in their minds, and were satisfied, and did not care whether the students learned or not, for was not the school already great, and was not the country already great, and did not they already possess knowledge?

When the students began to resist learning, they looked for and found ways to fool the teachers, who did not care much anyway, and were therefore easily fooled. Sometimes the students would pretend knowledge they did not have, by doing dishonest work, but they did not consider themselves dishonest, for the evil spirit had entered their minds and prevented them from seeing the importance of learning.

Before long, the dragons, who had not sent the evil spirit but were glad it had come, gathered together to attack the country and to devour the people.

When the dragons launched their attack, the people were caught off guard at first, but they recovered quickly and sent for those who possessed knowledge, that they might repel the dragons. But lo, those who were thought to possess knowledge were found to be without it, for they had come to believe that knowledge was not necessary. Then the people were almost frantic, for the dragons were devouring many of their countrymen every day. So the people asked the teachers to use their knowledge and overcome the dragons.

But the teachers found that they had lost their knowledge, because there had not been anyone to whom they could impart it, and so, by disuse, their brains withered.

So the dragons devoured the people, and the country perished from the earth.

—David Clark

### Dr. McKay Lauded By Eisenhower

A special note of commendation from President Eisenhower was sent recently to Dr. Seth S. McKay, Tech history professor and author of the recently published book, "Texas and the Fair Deal." The President thanked McKay for sending him a copy of the book.

Sen. Lyndon Johnson also lauded McKay, saying that he was performing a valuable service for Texas.

### Officers Elected By Music Council

The Department of Music Student Executive Council elected Gordon Collins president and Alice Yates secretary at their regular meeting Tuesday.

The Inter-Fraternity Sing, scheduled for March 30 in the Union Ballroom, is the main event on the Music Council's agenda. Fraternities and sororities will be sent additional information after registration for the spring semester, Miss Yates reports.

## A GUIDE FOR THE DATELESS

With the cost of dating rising higher and higher (seems the only pleasure that costs the same these days is Philip Morris), it is no wonder that so many of us men are turning to discuss throwing. Naturally, we would prefer nuzzling warm coeds to flinging cold discs, but who's got that kind of money? Prices being what they are, the average man today has a simple choice: dating or eating.

Unless the average man happens to be Finster Sigafoos.

Let me tell you how Finster Sigafoos, a man no smarter, no richer, than you or I, solved his dating problem. Finster came to college with the normal ambition of any average man: he wanted to find the prettiest coed on campus and make her his. He looked long and carefully, and at last he found her—a tall job named Kretchma Inskip, with hair like beaten gold.

He asked her for a date. She accepted. He appeared at her sorority house that night, smiling, eager, and carrying a bouquet of modestly priced flowers.

"Now then," said Kretchma, tossing the sleazy flora to a pledge, "where are we going tonight?"

Finster was a man short on cash, but long on ideas. He had prepared several attractive plans for this evening. "How would you like to go out to the Ag campus and see the milking machine?" he asked.

"Ick," she replied.

"Well then, how about running over to the dental school to fool with the drills?"

"Bah," she replied.

"Well, what would you like to do?" he asked.

"Come," said she, "to a funny little place I know just outside of town."

And away they went.

The place was Millionaires Roost, a simple country inn made of solid ivory. It was filled with beautiful ladies in backless gowns, handsome men in dickies. Waiters scurried about bearing costly eats on flaming swords. Original Rembrandts adorned the walls. Philip Morris trays adorned the cigarette girls. Chained to each table was a gypsy violinist.

Finster and Kretchma were seated. "I," said Kretchma to the waiter, "will start with shrimps remoulade. Then I will have lobster and capon in madeira sauce with asparagus spears. For dessert I will have loads of out-of-season fruit."

"And you, Sir?" said the waiter to Finster.

"Just bring me a pack of Philip Morris," replied Finster, "for if ever a man needed the soothing, steady, beneficent aromas of mild vintage tobaccos, it is me now."

So, smoking the best of all possible cigarettes, Finster watched Kretchma ingest her meal and calculated that every time her fetching young adam's apple rose and fell, he was out another 97¢. Then he took her home.

It was while saying goodnight that Finster got his brilliant idea. "Listen!" he cried excitedly. "I just had a wonderful notion. Next time we go out, let's go Dutch treat!"

By way of reply, Kretchma slashed him across the face with her house mother and stormed into the house.

"Well, the heck with her," said Finster to himself. "She is just a gold digger and I am well rid of her. I am sure there are many girls just as beautiful as Kretchma who will understand the justice of my position. For after all, girls get as much money from home as men, so what could be more fair than sharing expenses on a date?"

With good heart and high hopes, Finster began a search for a girl who would appreciate the equity of Dutch treat, and you will be pleased to hear that he soon found one.

Today Finster goes everywhere and shares expenses fifty-fifty with Mary Alice Hematoma, a lovely three legged girl with sideburns.

### Jr. Dairy Cattle Judges To Seek Fort Worth Title

Tech Junior Dairy Cattle Judging team will be seeking its third consecutive win when it competes in the Southwestern Junior Dairy Cattle judging meet in Fort Worth later this month.

The judging will be held in conjunction with the Fort Worth Southwestern Exposition and Fat Stock Show Jan. 31.

Seven students are working for places on the team. Dr. W. H. Cloninger, associate professor of animal husbandry and team coach, announced he would select three team members and an alternate. Final eliminations for the team will not be made until later this month, he said.

Competing against an average of six other collegiate teams, Tech has taken five first places in 18 years and in the last five years has never placed lower than third.

This will be the first judging meet for the new team which will be composed entirely of juniors majoring in animal husbandry.

### LITTLE MAN ON CAMPUS

by Dick Bibler

"I better help that new student stretch his canvas—he seems pretty anxious to get started."

PEOPLE LOOK AT YOUR COVER, TOOL

Despite the proverb's warning, people do judge a book by its cover . . . and you, too! Stop in and let us show you clothing of superior style and finer fabrics that will do a lot to get you favorable reviews from all your critics!

### Annual Publication Holds Staff Articles

Articles by three Tech staff members have been included in the 1954 edition of the Yearbook, annual publication of the West Texas Historical Association.

Dr. S. S. McKay, professor of history, Dr. Ernest Wallace, professor of history and assistant dean of the Arts and Sciences Division, and Frank M. Temple, catalog librarian, contributed articles to the yearly review of history.

McKay wrote about "The Rainey-Jester Campaign for the Governorship," a description of one of Texas' most bitter gubernatorial battles.

Wallace contributed "David G. Burnet's Letters Describing the Comanche Indians."

Temple's article was "Federal Military Defense of the Trans-Pecos Region, 1850-1880."

### Graduate Students Offered 15 Foreign Scholarships

Opportunities for graduate students to study in schools of 15 foreign countries was announced by the Institute of International Education, 1 East 67th St., New York 21, N.Y. General eligibility requirements for fellowships and scholarships in Austria, Brazil, Ceylon, Cuba, Denmark, Great Britain, France, Germany, Iran, Italy, Mexico, the Netherlands, Sweden and Switzerland are: U.S. citizenship; proof of good academic record and capacity for independent study; good character, personality, adaptability and health; ability to read, write and speak the language of the country of study.

Detailed information on these grants is available from the offices of the Institute. Closing dates for applications vary from Jan. 31 to sometime in May.

### Model High School Paper Will Be Set Up By Class

A hypothetical high school newspaper will be set up by students in Journalism 432, High School Publications, it was announced today by Dodd Vernon, who will teach the course at 7-10 p.m. Wednesdays during the second semester.

Students will select a name for the paper, form a staff, set up a simple bookkeeping system, prepare advertising contracts, printing contracts, and write examples of editorials, news stories, feature stories, and editorial platforms. They will examine problems of supervision, type selection, news policies and finances.

What young people are doing at General Electric

## Young manufacturing expert pioneers in automation at General Electric

In 1964, our greatest shortage may be working people. This country's demand for electrical goods will be 100% greater than it is today. But there will be only 11% more workmen. How can production per man be boosted enough to close the gap?

For one answer, 31-year-old P. H. Alspach, Manager of Manufacturing Development at G.E., is exploring automation.

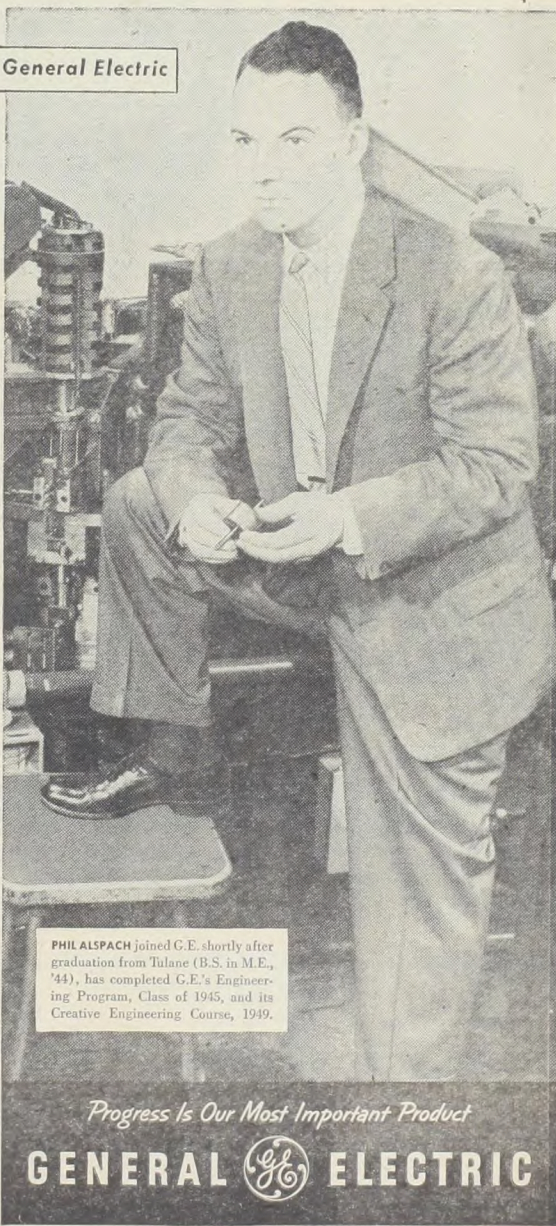

### Automation: Continuous Automatic Production

Automation is a way of manufacturing based on the continuous-flow concept. Products will be made, inspected, assembled, tested, and packaged by a series of integrated machines in one uninterrupted flow. As industry evolves toward greater automation, more workmen will become skilled machine specialists or maintenance experts able to control complete systems.

Phil Alspach and the men under him now draft layouts for automatic systems, tackle the engineering problems involved, design automation equipment, and even build some.

### 23,000 College Graduates at G.E.

This is a big and important job. Alspach was readied for it in a careful, step-by-step program of development. Like Alspach, each of G.E.'s 23,000 college-graduate employees is given his chance to grow, to find the work he does best, and to realize his full potential. For General Electric has long believed this: When fresh young minds are given freedom to make progress, everybody benefits—the individual, the company, and the country.

PHIL ALSPACH joined G.E. shortly after graduation from Tulane (B.S. in M.E., '44), has completed G.E.'s Engineering Program, Class of 1945, and its Creative Engineering Course, 1949.

Progress Is Our Most Important Product

STUDENTS BENEFIT

Campaign Launched To Increase Sales Of Spring Student Activity Tickets

A drive to boost activity ticket sales for the spring semester was started today by Jack Pruitt, Student Council member in charge of activity ticket sales.

"There is not a student in any division who can say that he is not benefiting, both directly and indirectly, from funds acquired through ticket sales," said Pruitt, pointing out several college activities which are financed through the funds.

The Student Council has allotted money for the following spring activities: Engineering Show, two Artists Course performances (Houston Symphony and American National Theater Academy's production of Thornton Wilder's "Skin of Our Teeth,") two speech department plays, The Toreador, KTTC, Tech Choir concerts, Tech Band, Home Economics Open House and at least four basketball games. In addition, funds may go to other events, said Pruitt.

He also listed a few fall activities aided by ticket funds. Among these were: Religious Emphasis Week, which brought Dr. George K. Schweitzer to the campus; sending of the crop and livestock judging teams to Kansas City and Chicago, where they received international honors; and the purchasing of cheerleader uniforms.

Pruitt pointed out that through the sale of activity tickets many activities are brought to the student body at much cheaper prices. "The Artists Course would cost each student \$2 at the door. Basketball games would cost \$1

per ticket. The Toreador, speech department plays and music department presentations might be unavailable," the Student Council member said.

"Every time you read about Tech being outstanding in some cultural or athletic activity it reflects in some measure on the activity ticket."

Sorority Names Social Chairman

Mary Jane Anderson, Dallas junior, was elected social chairman of Sigma Kappa sorority Tuesday afternoon.

Members of the newly colonized Sigma Kappa had previously elected other officers. They include: Mary Catherine Cole, president; Elaine Brandenburg, vice president; Pat Kerr, secretary; Dorothy Briggs, activities chairman; Frances Culvahouse, phil-

anthropy chairman; Betty Alsop, scholarship chairman; and Freda Brown, reporter and magazine agent.

LOOK! LOOK! LOOK! LUCKY DROODLES!

WHAT'S THIS? For solution see paragraph below.

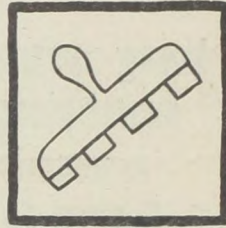

OBVIOUSLY, THE TITLE of the above Droodle is: 47 insectology students enjoying better-tasting Luckies while studying 3 fireflies. All kinds of students are bugs about Luckies. Matter of fact, college smokers prefer Luckies to all other brands—and by a wide margin—according to the latest and greatest of all college surveys. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better . . . cleaner, fresher, smoother. So, enjoy the better-tasting cigarette . . . Lucky Strike.

Carnell Will Try For Olympic Team

Jack Carnell, Tech graduate student and varsity fencing coach from Clifton, has been appointed to the United States Olympic fencing try-out squad.

Carnell will be a member of a group of some 80 men, 25 of whom will be selected to represent the United States in the Olympic Games in 1956.

One of the better known fencing instructors in the world, George Santelli, will give Carnell instructions.

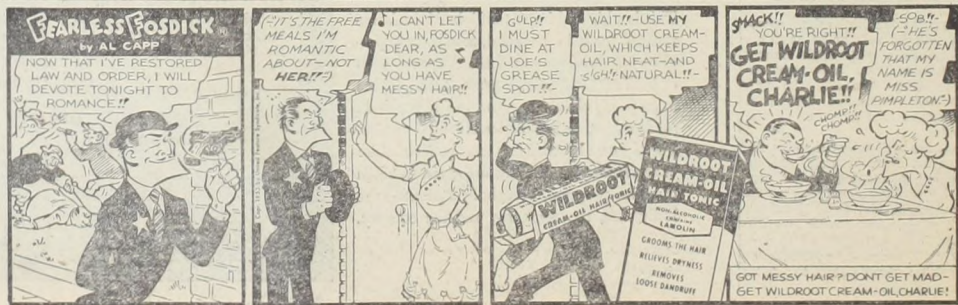

Carnell will also attend the national fencing tournament in New York this summer. It will be the third year Carnell has attended.

Professor Brand Gets \$500 Grant

Dr. John P. Brand, associate professor of geology, has received a \$500 research grant, given by Dr. R. K. DeFord, full professor and graduate advisor for the University of Texas geology department.

It will be used for a continuation of a personal research project begun by Dr. Brand in 1952 in the study of sub-surface strata in the Trans-Pecos area of Texas. In conjunction with Dr. DeFord, Brand is working on geological problems regarding the Kent Quadrangle, which includes all of the southwestern part of Texas and the Big Bend region.

Dr. Brand received his B.A. and M.A. degree in geology from the University of Texas and his Ph.D. from Miami University at Oxford, Ohio. He joined the Tech faculty in 1948 as assistant professor of geology and was appointed associate professor the following year.

# Red Raiders Defeat Two Loop Foes During Week

Texas Tech's Red Raiders trounced two Border Conference foes during week to continue sharing the top position in the loop basketball race with West Texas State. Friday night the Raiders dropped New Mexico A&M, 83-54, and Monday evening routed Texas Western, 86-66. Both games were played in the Tech gym.

There was little to be said about the way Tech walloped New Mexico A&M. The Raiders were hot and the Aggies just couldn't stay on the same floor with them.

In the game with Texas Western the Techsans got off to a slow start, but finished the game in their usual fast-and-furious style to rout the Miners, 86-66.

### Second Border Win

It was the second Border Conference victory of the season in as many starts, giving the Raiders a 9-4 seasonal record. Jim Reed and Carl Ince opened the gate for the Lubbockites with 29 and 26 points, respectively. Ed Haller led the ill-fated Miners with 23 points.

The Texas Western lads took an early lead that reached seven points and the Raiders were play-catch-up. Behind the shooting of DuWayne Blackshear, Reed and Eugene Carpenter, the Techsans pulled to within one point. Carpenter dropped in a free throw to knot the score.

Reed followed the toss with the tie-breaking goal, his 100th of the season, but Haller tied it up again. Ince sank a short jump shot and moments later tossed in two charities to give the hosts a 19-15 lead.

But the Miners weren't through. Two baskets in quick succession tied it up. Ince repeated his performance at the free-throw line and the Techsans took a lead they never lost.

### Raiders Take Lead

Robison's Raiders opened fire on the Miners with a volley of shots that doubled their score. At the end of the half the Techsans were out of reach with a 42-29 lead.

With five minutes of the second half gone and the Techsans

leading by 16 points, the Miner attack started rolling. All five of the visitors began dropping in points to pull their score to within eight points of the dominating Tech cagers.

Tired of seeing their lead sliced to ribbons the Raiders again took over the spotlight with Ince, Reed and Bill Buchanan paving the way to victory.

### Season Standings

# Tech To Debate With HSU Team

Tech's debate team will go to Hardin-Simmons Saturday for a four-round debate tournament. The subject is a national debate question, "The United States should extend diplomatic recognition to the Communist government of China."

Sophomores Bob Richards, history major, and Richard Bell, government major, will engage Friday in a public debate against a Hardin-Simmons team.

Others on Tech's debate team are Dick Blendon, Joseph Bogar, Derry Harding, Jody Miller, Barbara Smith and Sharlene Steelman.

Anyone wishing to represent Tech at the 22nd annual Abilene Christian College speech tournament Feb. 11 and 12 should contact Dr. P. M. Larson, head of the speech department. There will be divisions in poetry reading, oratory, after dinner speaking, Bible reading and extemporaneous debate.

**SOMEBODY GOOFED!** Texas Tech's Walt Newton, No. 61, is being called out of bounds during Monday night's game with Texas Western. As this photo clearly shows, his foot is several inches in bounds. Tech went on to win, 86 to 66. (Photo by H. A. Tuck.)

# L&M's Got *Everything!*

MIRACLE TIP

Janet Blair, Actress: "I have the fullest confidence in L&M's Miracle Tip... and L&M's taste so good, I made them my regular cigarette."

John Robert Powers, Creator of the Powers Girls: "I think L&M's filter is far superior to the others. Great smoke... wonderful flavor."

Patricia Morison, Musical Comedy Star: "I love L&M Filters. Never dreamed a filter cigarette could filter so thoroughly, yet taste so good!"

## Stands Out FROM ALL THE REST!

**STANDS OUT FOR FLAVOR.** The pure, white Miracle Tip draws easy, lets you enjoy all the taste.

**STANDS OUT FOR EFFECTIVE FILTRATION.** No filter compares with L&M's Miracle Tip for quality or effectiveness.

**STANDS OUT FOR HIGHEST QUALITY TOBACCOS,** low nicotine tobaccos, L&M tobaccos... Light and Mild.

**MUCH MORE FLAVOR — MUCH LESS NICOTINE**

## Picadors Top Odessa College

The Picadors, Tech's freshman basketball team, scored their sixth win of the season against one loss Tuesday night by trouncing the Odessa College Wranglers 86-62 in Odessa.

Bobby Wilson, Tech freshman from Lipan, topped the scoring column for the night with 19 points.

The next scheduled game for the Picadors will be Jan. 28 when they challenge the West Texas State freshmen. The game will be played as a preliminary battle to the Raider-Buff game in Canyon.

## Senior Appointed To Yearbook Post

Jimmie Bennett, Big Spring senior, has been appointed assistant editor of La Ventana, according to a recent announcement by Linda Hudson, editor.

Miss Bennett was formerly layout editor and has assisted the 1955 annual staff for some time. She is filling the vacancy left by Jan Webster who resigned in December.

## ROTC—

major, Abilene; Cadet J. E. Bradshaw, junior agriculture engineer, Graham; Sgt. J. T. Wiley, junior finance major, Lubbock; 2nd Lt. R. J. Hansen, senior accountant, Slaton; 2nd Lt. C. T. Gatlin, senior agriculture engineer, Sanderson; Col. Jesse K. Newman, senior finance student, Farmington, N.M.

## Students To Sign For Union Jobs

Students interested in being on a Union committee or the chairmanship of a committee may register tomorrow in the program office at the Union Building.

The Union is in need of a number of students to fill the committees, according to Carol Seibert, Union program director. Everyone who signs up will be used in some capacity as far as possible, she said.

### Chairmen Needed

Chairmen and committeemen are needed in five general areas. They are dance, recreational, cultural, entertainment and house.

Three committees, record dance, weekly dance and square dance committees, will work on preparation for the mid-week afternoon and night record dances, the Friday night dances and the western and square dances.

The recreational group of committees will include crafts and games, and tournaments. The crafts committee will take care of student participation in painting, sculpturing and other crafts in the Union.

### Functions Explained

The cultural area will include movies, world traveler, and lectures and debates committees. The movie committee selects a foreign movie each week as well as the regular Monday night movies. The World Traveler is a discussion of the life and culture of different areas of the world.

Under entertainment will come committees in music, special events and hospitality. The music committee will handle listening hours and other such activities. Special

### FAVORITES—

culture student from Cedar Hill, is a member of Phi Gamma Delta and Alpha Zeta fraternities and a representative to the Student Council. Others nominated for senior boy favorite were: Gayle Erickson, Midland; Joe Goodin, Claude; and Jerry Jackson, Lubbock. Elmer Wilson of Pampa was nominated, but was declared ineligible.

### Deardorff Business Manager

Deardorff, elected junior boy favorite, is business manager of the Student Council and president of the Student Union Program Council. Three other juniors who were nominated are: Glen Cary, Brownfield; Gerald Clark, Corpus Christi; Alan Conley, Lubbock. Danny Owen was nominated but was ineligible. The junior girls who were nominated for favorite include: Mary Alice Braselton, Plainview; Virginia Carr, Lubbock; Virginia Mitchell, Fort Worth; Bette McGeehe, Canyon; Patti Price, Lubbock.

Miss DuPriest of Waco, a member of Kappa Alpha Theta, has served as activities chairman and assistant pledge trainer of her sorority. Other girls nominated for sophomore favorite were: Sandra Cooper, Snyder; Ruth Ann Cummings, Whitewright; Doris Wampler, Lubbock; Anne Witty, of Hamilton. Bob Williams of Fort Worth is a member of the Air Force ROTC Flying Club and served as vice president of the freshman class. He won sophomore favorite over John Harrell of Carlsbad, N.M. and Wallace Wilson of Lubbock.

### Baynes From Houston

Miss Baynes is from Houston and is a pledge of Pi Beta Phi sorority. She was selected Miss Pledge of 1955 by Kappa Sigma fraternity earlier this year.

Other girls in the race for freshman favorite were: Susie Allen, Fort Worth; Shirley Caldwell, Lubbock; Mary Jo Cappleman, LaMarque; Jolene Hale, Gayle Hunt, Revis Jordan and Nina Smith, all of Lubbock. Wick Alexander is from Amarillo and is on the freshman football team. He won freshman favorite over Douglas Hudson of Fort Worth and Walter Schuler of Lubbock.

committee will deal in providing events will work on preparation for the big events coming to the Union. Hospitality committeemen will have charge of such things as

the apple polish hours.

The house area will include decorations. There will be committees in dance decoration, building decorations and arts and exhibits.

### TATE TO ODESSA

Dr. Donald J. Tate, head of the department of business education, will speak to the Odessa League of Women Voters Saturday. His theme will be "World Trade and

Peace."

The talk outlines the importance of free trade to the continuation of peace in the World and stresses the part women can play in this endeavor.

## MEN WANTED

For training in seismograph exploration work. College work should include basic training in Physics and Mathematics. Geology, Electronics, Surveying and Mechanical Drawing are also desirable.
