

Frank Vernon Heads 1943 Senior Class

Extension Courses To Be Planned Monday Night Marshall Named As Junior President

New Department Head Announces Tentative Plans

McDonald Retires After Forming Tech Correspondence Work

Choice of extension courses will be made at a meeting Monday night at 8 o'clock in room 319 of the Administration building. According to J. H. Millikin, acting director of the extension division, classes will be organized in any subject requested by ten or more persons.

Numerous requests have been received for courses in education, English, history, art, foreign language and commercial subjects. The courses will be open for both graduate and undergraduate credit. The fee is \$15 for a three-semester-hour course.

Millikin replaces J. F. McDonald, who retired this fall after 18 years of public service. McDonald of Lubbock and surrounding counties. In 1933 he organized the department of visual instruction which offers educational motion pictures to schools and individuals.

McDonald also directed the lecture department, which sponsors the preparation of club programs and provides lectures for several towns near Lubbock.

Prior to coming to Tech he was connected with Hardin-Simmons university and Texas A&M. He was high school examiner for the state department of education and a public schools teacher for many years.

Student Service Fund Educational Program Drive

The World Student Service fund is launching a drive to raise funds to assist in continuing an educational program for those students in foreign nations whose college training has been interrupted by the war.

Several groups are included in this program. There are those students who were forced to flee their own countries to attend other colleges in Switzerland, Canada and the United States. Also "universities of captivity" have been established for prisoners of war and evacuees where work of university grade is being carried on.

Among all these groups—evacuees, prisoners and internees, refugees—war relief is given to students and professors with funds raised in American colleges.

The World Student Service fund does the work of money-raising in our colleges. The relatively favored position of American colleges places upon them a great responsibility for aid to their colleagues in other countries.

Student and faculty subscriptions on the part of those who desire to contribute may be left with the business office.

Home Ec Transfers And Frosh Invited To Party

All freshmen and transfer home economics student are invited to attend the annual "get acquainted party" given by the Home Economics club. The party will be held Tuesday night from 7:30 until 9 o'clock in the Home Economics tea room.

College Calendar

- Friday, Sept. 24
Open house, Lubbock churches.
Sunday, Sept. 26
Las Vivarachas formal pledge initiation, 8:00, Hilton hotel.
Monday, Sept. 27
Big Sister-Little Sister week begins.
A.W.S. party, 7:30, gym.
Tuesday, Sept. 28
H E freshmen-transfer party, 7:30-9:30, H E building.
Call meeting of Foreign Language club, 7:15, Administration building.
Wednesday, Sept. 29
WRA dancing, 7:15-8:15, gym.
Thursday, Sept. 30
Big Sister-Little Sister week ends.
WRA cabaret party, 8-10, gym.
Knife and Fork club, Robert Kazamir, "America's New World-Wide Interests."

Navy Reservists May Enter Class In Notre Dame

Dr. H. L. Kent, administrative assistant, received notice from Office of Naval Officer Procurement at New Orleans, La., that college graduates in Naval Reserve may enter the September 30 class at Notre Dame university.

Pre-Law-IRC Club Meeting Monday In Ad Building

A meeting of the Pre-Law-IRC club will be held Monday night for all former members and anyone interested in international relations or pre-law work. The meeting will be held at 7:30 o'clock in room 303 of the Administration building.

If the number who attend is sufficient for the club to be active this year, officers will be elected at this meeting.

Until the latter part of last spring the clubs had always functioned separately. This year they will be combined into one organization.

Order Printed Awarding Cluster To Paul Williams

Paul R. Williams, Awarded the Oak Leaf Cluster (Air Medal), for meritorious service while participating in an flight from Guadalcanal on December 24 and 25, 1942. The flight of nine airplanes proceeded through adverse weather and only two reached the target, where they were attacked by seven enemy night fighters and anti-aircraft fire aided by search lights.

Dr. J. William Davis and Paul Castleberry will serve as sponsors this year.

Fall Injures Tech Instructor

Mrs. A. J. Bahm, general physics instructor, was operated after a fall which caused a severe knee injury. When crossing the street near the court house last week Mrs. Bahm hung her heel on the curb. The fall broke the knee cap and it will be necessary for her to remain in a cast for at least one month.

Chamber Of Commerce Meeting Tuesday Afternoon

Tech Chamber of Commerce meets Tuesday afternoon at 3 o'clock in C101 to hear Dr. Gus W. Dyer of Vanderbilt university speak according to an announcement made by Dean J. O. Ellsworth. All students enrolled in commerce are invited to be present.

Registration Is Smallest Since 1926 Enrollment

1627 Signed At Tech For Classes During 1943 Fall Semester

Registration figures for the nineteenth annual enrollment had dropped to the lowest point since 1926, Wednesday afternoon, with 1,627 enrolled. This is a decrease of 1,285 from enrollment this time last year when 2,912 students had completed registering.

Of the 1,627 registered, 624 were men and 1,003 women. Wednesday was the final day for registering or adding classes.

Attendance in Tech reached its height in 1939-40 with an enrollment of 4,246. Enrollment figures since the college was established in 1925 are as follows: 1925-26, 1,043; 1926-27, 1,535; 1927-28, 1,683; 1928-29, 2,088; 1929-30, 3,333; 1930-31, 2,319; 1931-32, 2,155; 1932-33, 2,332; 1933-34, 2,261; 1934-35, 2,684; 1935-36, 2,748; 1936-37, 3,010; 1937-38, 3,494; 1938-39, 3,896; 1939-40, 4,246; 1940-41, 4,076; 1941-42, 3,824; 1942-43, 3,079.

WRA To Announce Year's Program

Women's Recreation association will announce the year's program at the annual cabaret party honoring freshmen and transfer women September 30. Committees were appointed and plans were made for the party at a meeting Tuesday night.

WRA officers for the year are: Mary Martha Sufall, president; Yvonne McFarland, secretary; Oleta Cummings, chairman of dancing; Willa Jean Bailey, chairman of recreational sports.

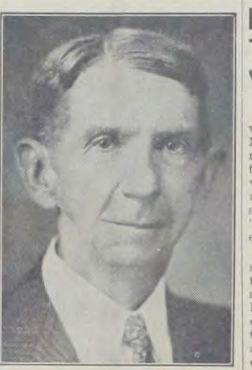

Physical Exams Given PE Studes

Mrs. Johnny G. Langford, head of women's physical education announced that students in that department are undergoing physical examinations in preparation for their first classes, October 4. Freshmen girls will be examined the first week and upperclass girls the second week.

Rush Week For Women Ends; Girls Sign Preference Cards

Rush week, which ended Tuesday evening after the last party, gained 103 new pledges for the five girls' social clubs on the campus. Beginning with the general convocation for rushees in the Hilton hotel ballroom Wednesday evening, September 15, it continued until Tuesday with the period from Tuesday until 5 o'clock Wednesday being a silence period. Preference slips were signed at the second convocation Wednesday afternoon.

With cake dates, dinner dates and rush parties, each of the clubs did its part in making the five days as entertaining as possible.

Gus. W. Dyer

Dr. Gus W. Dyer Guest Speaker At Faculty Meeting

Dr. Gus W. Dyer, professor of political and social economy at Vanderbilt university, will be guest speaker at the Faculty club meeting Monday at 7:30 p. m. on the green south of the Administration building.

A Virginian, a student of the philosophy of Thomas Jefferson, he is recognized in various fields, as a teacher, economist, orator, farmer, and author. His hobby is raising fine fruits and a home garden on his small farm at Ridgely, Tenn., near Nashville.

Dr. and Mrs. Dyer have three sons and three daughters. One of the boys is in overseas duty, one in the Navy, and the other in the Medical Training corps of the army.

A watermelon feast will follow the address. New officers of the faculty club are as follows: R. C. Mowery, vice president; Major F. E. Hays, vice president; Miss Vivian Johnson, secretary; and Miss Annah Jo Pendleton, treasurer.

The following committees are in charge of the watermelon party: program—M. G. Pederson, chairman; Mrs. Margaret B. Manicappelli, Capt. Dale W. Weston, Miss Martye Poindexter, F. L. McRee, goods—Mrs. Neva Bayousett, F. G. Harbaugh, Miss Evelyn Clessell, Robert I. Lockard, T. F. Wiewel, hospitality—Dean R. C. Goodwin, Mrs. J. G. Allen, J. N. Michie, K. M. Renner, J. H. Murdough, arrangements—O. A. St. Clair, Mrs. Inez R. Harmon, Mrs. Mina W. Lamb, C. C. Perryman and S. S. McKay.

mean girls will be examined the first week and upperclass girls the second week.

Big Sister Week To Begin Monday With Gym Party

Annual Big Sister-Little Sister week sponsored by AWS starts Monday with a party at the gymnasium at 7:30 p. m. Representatives from various campus clubs will be present to give information about their organizations. Coffee and doughnuts will be served, and "there will be fun and music for every Tech girl."

All freshmen girls have been assigned big sisters who are supposed to acquaint them with the campus and college life. If a new student has not heard from her big sister, or her big sister did not come back to school, she is invited to come anyway, and to let the AWS officers know if she would like a big sister.

In cooperation with Big Sister-Little Sister week, there will be a party Tuesday night from 7:30-9:30, and Thursday night WRA is entertaining with a cabaret party from 8-10 o'clock in the gymnasium.

Committee Makes Toreador Weekly For 1943

A. B. Strehli Made Chairman For Year; Sponsors Are Named

The Toreador will appear Fridays instead of Wednesdays and Saturdays, this year, it was decided at a Publications committee meeting Monday.

Sock And Buskin Open For Member

Students may sign now the application list for membership in Sock and Buskin club. Anyone interested in any phase of dramatics may become a member, says Miss Annah Jo Pendleton, head professor of speech. Students from all divisions of the college are eligible. On applying for membership, each student will receive a questionnaire which becomes part of a try-out for membership.

Sock and Buskin is under the sponsorship of the speech department. It is a dramatic organization for those interested in drama, the technical part of stage productions, or acting.

Artist's Course Ticket Sales Stop October 2

Students who have not purchased Artist Course tickets for the first semester may do so by paying \$1 at the Business office not later than Oct. 2. Mr. R. A. Mills said today. The program for this semester includes Charles Krumann, Metropolitan opera tenor, now singing in South America; and General Platoff's Don Cossack Chorus and Dancers. Kullman appears Oct. 4, and the Russian chorus Oct. 25.

Tickets will be sold not only to club members and students, but to townspeople. Season tickets and single admission are on sale only at B. E. Adair Music company, 1012 Main, next door to the Hilton hotel.

Rush Week For Women Ends; Girls Sign Preference Cards

Rush week, which ended Tuesday evening after the last party, gained 103 new pledges for the five girls' social clubs on the campus. Beginning with the general convocation for rushees in the Hilton hotel ballroom Wednesday evening, September 15, it continued until Tuesday with the period from Tuesday until 5 o'clock Wednesday being a silence period. Preference slips were signed at the second convocation Wednesday afternoon.

With cake dates, dinner dates and rush parties, each of the clubs did its part in making the five days as entertaining as possible.

Ko Shari started the ball rolling with its Air Corps party Thursday, Sept. 16, at the Hilton hotel. As rushees entered, they were given the badge of a pre-flight and upon leaving received their commission as aviators.

Special contributions made by Tech to the War program have been the housing, feeding, training, and physical fitness of the 309 Army Air crew, and a unit of engineers for advanced training on the campus. Dr. H. L. Kent serves as coordinator. Tech's ROTC still holds the highest rating of the War department, and although the general student body enrollment has decreased, the ROTC enrollment has increased 20 per cent. CAA training is still carried on by Tech and serves both for army and navy. Students and faculty are buying war bonds and stamps, and the College Chorus bought defense bonds that were given to the Military Orphans' Home. President Jones congratulated the faculty and student body on the spirit they have maintained and the way they have made necessary re-adjustments.

Tech will fill its athletic schedule as made out last year President Jones said. Some football games short business cancelled by the opposing teams, but Tech plans to play all games agreed to that have not been cancelled.

Faculty changes and improvements in building and equipment were mentioned. Also he mentioned a few points that will be considered in post-war planning for the future of Texas Tech.

Maxine Craddock, president of the Student body welcomed freshmen and former students back to the campus. She presided over the short business meeting held by the students for the election of a Head boy cheer leader. Double T association recommended Charles Fugitt, senior commerce major from Greenville, who was elected by acclamation. Students then adjourned to appointed places for class elections.

Senior's elected Frank Vernon from Spay as president; Charles Steed from Clovis, New Mexico, as vice-president; and Frances Ford, from San Saba as secretary. Student Council representatives elected are Evelyn Jones, Arts and Sciences; Tommie Fowles, Engineering; and Virginia Lee McSpadden, Home Economics. AWS representatives are Madeline Weith and Ophelia May Beall.

Junior class—Dean Marshall from Whitesboro as president; Dub Blankenship, Levelland as vice-president; and Moreen Roberts secretary. Student Council representatives are Rita Norman, from division of Arts and Sciences; Betty Jo Morgan from Home Economics; Bernice Cocanougher from Commerce; Charles Bucy, Agriculture; James Dement, Engineering. AWS representatives are Ernest Gambill and Lucille Melton.

Sophomore class—Buster Melton from Merkel, for president; J. C. Powell of Lubbock as vice-president; and Margaret Ann Bell from Vernon as secretary. Representatives to Student Council are Audrey Mae Melton from Home Economics; Lou Dean Blair from Commerce; Randolph Rutledge from Arts and Sciences; Aubrey Ferguson, Engineering; and Troy Caldwell from Agriculture. AWS representatives are Mary Jean Webb and Anita Hale.

Freshman class—Ted Caiger of Plainview was elected president, and Tom Pirtle vice-president. A secretary will be elected at a meeting called by the president, and Student Council representatives are to be elected the second semester.

Tech band under the direction of Prof. D. O. Wylie played before the opening of convocation. It was the second appearance of the band at a college gathering. Dean O. V. Adams of the Engineering division pronounced the convocation.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Friday on the campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under the Act of March 3, 1879.

Editorial offices, Press Building, Rooms 103, 105. Telephone: college switchboard; Night editor, 8549.

Stir Yourselfs Techsams...

SINCE last Saturday night's football game it has come to the attention of this office the need for more and better coordinated action among members of the student association. Spirit shown at the opening pep rally Thursday night, September 16, led us to believe that a lack of interest would never be shown by the present student body. Saturday night we were greatly surprised at the show made by the students.

Part of the cause of such weak response to yell leaders pleadings may be due to the fact that the students were widely scattered through the stands. With the pre-flight detachment occupying their seats, the civilian students were forced to sit where they could best find room.

However, this does not excuse the lack of interest shown among the upperclassmen, as well as the freshmen. Perhaps in the future a better seating arrangement will be made, and a better response will be shown.

To the freshmen, however, we wish to explain that the word spirit is not confined to football and other athletic contests. The word covers quite a bit of territory in connection with the campus and its activities.

Spirit is something that comes out in your general attitude toward the school and its activities. A pacific attitude gives a loosely knit student body, and interest if found to be lacking in every phase of campus activities. Spirit is the way your fish cap sits on your head, whether or not you are ready and willing to undertake any job to promote the college, or whether you had just as soon stay in your room and listen to Dick Tracy on the radio as walk across the campus to a class meeting.

It has been said many times before in these columns, and we repeat, the job of keeping Tech a first rate school is gradually being moved from the upperclassmen to the frosh. As our advanced students diminish in number, each and every one of us is forced to shoulder one or more new responsibilities. The freshmen must learn quickly the ways of student life, and the fact behind the student government. They are the student body of next spring and next year. In four short months they will be taking an active part in our "democratic way of life" here and will be having a big voice in every phase of campus life. What you do today will determine what you are, and what you do next spring.

We are not advocating that every student begin immediately to campaign for some campus office, but we do hope that all will better prepare themselves for the job that is facing them. Student constitutions are on hand in the Student Council office for the benefit of all who are interested. They are free, and there are enough copies for every student to have one. By reading this through once a student will find himself, or herself, much more enlightened as to the functions of our council.

But all of the needed information can not be gleaned from a piece of paper. Experience will teach many where other methods fail. There is much about Texas Tech that is not to be found in the constitution. Such things are called tradition.

Tradition also has a wide scope. It begins when you are a freshman and have to wear a little green cap, and continues until you receive your degree. As each year passes, and you come to know the college and love it more, these little things in everyday life will mean more and more to each and every one. When your college days are done and you look back upon them as some of the happiest you have spent, then you can see how each little incident has helped correct your mistakes and make a man, or woman, of you.

These are the reasons we implore all to go "all out" for the college during this year. Much depends on all of us. A pacific attitude will yield no gain, and we will all lose materially and personally before the year is out. Immediate and concerted action will overcome every problem we will have to face during the year, and leave no unsettled problems behind us.

For the benefit of Tech, and for the benefit of the student body, as a whole and as individuals, we ask all to cooperate, to quit working against each other for some selfish gain. Put the best person in the job best suited for him, or her, and stay together behind your leaders. The outcome can only be one thing... perhaps not a bigger college for a few years, but a better college than can be found in the "great Southwest"... Texas Tech.

AMERICAN HEROES

BY LEFF

Heavy Jap Naval bombardment of our forces on a Pacific island destroyed our communications. Then Marine Corporal George J. Conlon went out to help lay a telephone trunk line between headquarters, the base radio and other strategic points. Caught in the open, he kept on working throughout five bombing attacks, and vital communications were restored. He won the Silver Star. Will you keep on investing everything you can in Payroll Savings?

From.... 1

2 ...Another

By COUNT MEOUT

We're all wondering just how long BUSTER MELTON and HOPE CADE are going to continue to play their little game of "You stand me up, I stand you up." And while we're wondering let's wonder how long J. C. POWELL will keep his Wrangler club pin after HELEN GILLHAM sees it.

Those two steadies, PAT BLOUNT and MARY WELLS are still going strong and MARY's wearing PAT'S so-called "friendship ring" on the third finger, left hand.

Did anybody ever tell the freshmen that it's a custom to take their high school letters off their jackets when they come to Tech? I always thought it was an old custom but some of these fish evidently haven't heard about it.

That double-life that JIMMY DONAGHEY is leading is going to get him in trouble sooner or later. Anybody who didn't read LOU's column last week will want to know that BOBBY BOULTON has finally found a Lt. to suit her taste enough to take that final step.

I'll bet there are several boys on the campus who are glad that rush week is finally over.

Why was RUTH ANTHONY so interested in who the engineer's division of the Sophomore class picked for their representative to the student council?

So far as anybody knows the newest steadies are MARTHA, better known as "FRISSEY" PRICE, and T. C. BOYD.

DAN YOUNG is getting to be a regular Casanova with the upperclassmen girls.

What about this ex-Techsan sailor or that EDY HILL writes to so faithfully?

MILLY COLEMAN was so anxious to see FRANCINE YOUNG as secretary of the sophomore class

that she didn't consider the minor details—such as FRANCINE'S being a Junior.

For those who are interested DOROTHY MARRS is now foot-loose-and-fancy-free. The same might be said for MARY JANE JOHNSTON, who says that she isn't writing to BILLY HALE.

GENEVIEVE DECKER seems to be very interested in DON JOHNSTON, that piano playing engineer. What will EARNEST'S mother have to say about that?

HOOPER STILES says that he'll be glad when rush week is over and sister NANCY comes back home to live.

Charlie Benson Receives Commission In Marines

The Toreador has received official notification of the commissioning of Charles Benson, former Techsan who graduated from this school in May of 1942, in the United States Marine Corps Reserve. While in school here Benson was

Max Flynt Joins Westinghouse In Graduate Course

BLOOMFIELD, N. J., Sept. 20—William Max Flynt of Ft. Stockton, Texas, '43 graduate of Texas Technological college, has joined the Westinghouse Electric & Manufacturing Company's graduate student course.

One of more than 250 men selected from colleges and universities throughout the country, Mr. Flynt is receiving engineering and classroom instruction designed to fit him for active participation in the Company's war production program and for future leadership in the electrical industry.

The course was originated by Westinghouse 50 years ago to help college graduates bridge the gap between academic preparation and actual production work.

Born in Ft. Stockton, Texas, Mr. Flynt graduated from the Texas Technological college with a Bachelor of Science degree in Electrical Engineering.

While in college he became a member of the student branch of the Engineering Society.

Mr. Flynt is the son of Mrs. H. W. Chriesman of Ft. Stockton, Texas.

William Max Flynt of Ft. Stockton, Texas, '43 graduate of Texas Technological College, is shown at work in one of the laboratories of the Westinghouse Lamp plant in Bloomfield, N. J. Mr. Flynt is looking through a glass shield while fusing a piece of quartz. He is a member of the Westinghouse Graduate Student Course and is receiving engineering and classroom instruction designed to fit him for active participation in the Company's war production program. The course was originated by the Westinghouse 50 years ago to help college graduates bridge the gap between preparation and actual production work.

Advanced ROTC Discontinued For Duration

Due to war emergency the advanced course in ROTC, for juniors and seniors, has been discontinued for the duration. The 1943 graduates are now at officers candidate schools at Ft. Belvoir, Va., and the Signal Corps is at Ft. Monmouth, New Jersey. The junior ROTC students, class of 1944, are in replacement training centers and later will go to officer candidate school.

Only the basic course, first two years is now in progress, with an enrollment of 164. Major Charles H. Swick, professor head division of military science and tactics, was retired this summer upon reaching the statutory age and Major Frank E. Hanks is now commanding officer.

a member of the College Club, as well as being active in other campus affairs.

Former Techsan Promoted Rank In Air Corps

Frank M. Maddox, Jr., 1908 N. 18th St., Waco, has been promoted to the rank of First Lieutenant at Randolph Field.

He will perform duties for the Headquarters unit of the Army Air Forces Centray Flying Training

Command, control point for the legion air stations that dot the Southwest area.

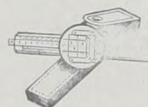

Lieutenant Maddox received the bachelor of arts degree from Texas Technological college, Lubbock, in civilian life, as a power and light Texas, in 1935. He was employed salesman for the Texas Power and Light Company in Dallas.

He was commissioned Dec. 5, 1942 on graduation from Officer Candidate School in Miami Beach, Fla.

Raiders Meet Oklahoma Aggies Tonight

Versatile Techsans Invade Taft Stadium

Captain Gillenwater Playing Last Game In Red And Black

COACH Dell Morgan's red-hot Red Raiders invade Oklahoma City and Taft stadium tonight to seek vengeance on the Oklahoma A & M Aggies of Stillwater for the stinging 9-6 defeat handed the local collegians by that team last season.

The Raiders come fresh from a 26-14 victory over the Lubbock Army Air Field Flyers, while the Aggies will field a team for the first time during the 1943 season. Both are civilian teams with the Red Raiders a little better prepared after last week's game. The Ags are composed mostly of high school products fresh on the college gridiron, and the game is unpredictable as to its outcome.

In Freddie Brown the Raiders have one of the best triple-threat backs seen in this sector in years. Brown is by far superior in passing ability to any member of the present squad, and much better than any in the past few years. Brown is small, but fast. His "limp-leg" styles of running held the exper-

enced Army team at bay last Saturday night, proving very difficult to stop. In the punting division, the little cast back of Burk Burnett is one of the best on the squad and is developing fast in this department.

In Bob Brewer, Coach Morgan has another great player. Brewer finished high school last spring, but is showing veteran form on the field as a runner, blocker and defensive back. He alternates at wingback and fullback.

In the line is "Buck" Gillenwater, massive tackle and co-captain, who will be playing his last game for the Raiders for the duration. Gillen-

SWC Football Opens Tomorrow

Arkansas Faces Missouri Team; SMU Plays Tulsa

Razorbacks To Open Conference Play With TCU Next Week

The Southwest Conference, problem of child of sport's prophets, opens its gridiron drive next Saturday with five of the teams swinging into action expecting a tight, thrilling race.

Fellows fresh out of high school liberally sprinkle starting lineups as three squads march against service teams and the other take on inter-sectional college opponents.

Southern Methodist's aerial circus gets its test against Tulsa university at Dallas in top game of the week's slate. Tulsa was unbeaten last fall and played in the Sugar Bowl. What Henry Frka has to offer this year is something of a mystery.

The Mustangs certainly are not up to past standards but they also do not look like a gusty breeze would knock them flat either.

Arkansas tackles a ponderous Missouri Mines outfit at Fayetteville. The Razorbacks, with their share of veteran material as compared to other conference teams, will be making their bow under a new coach, John Tomlin.

The team has continued to pick up veteran material along the way and the sun has a brighter tint each day as it dips behind the Ozarks at the close of practice.

Defending champion Texas engages Blackland Army Air Field of Waco at Austin. Coach D. X. Bibbe has named three lettermen who will alternate as acting captains of the Longhorns during the season.

They are Joe Magliolo of Galveston, blocking back; Joe Parker of Wichita Falls, end; and Ralph Park of Austin, back.

Texas A & M will open their season at College Station against a reported powerful Bryan Air Field eleven.

Rice plays Randolph Field at Houston in a night game Saturday. Both teams are shrouded in mystery although Coach Jess Neely of the Owls has made post-season statements concerning the Rice team, and has been very optimistic.

Texas Christian waits another week before opening the campaign. The Horned Frogs play Arkansas at Little Rock in their inaugural October 2. It also will be the first conference game of the season.

Lineup Summary

TEXAS TECH	Pos.	LAAP
Bechtol	L.E.	Passmore
Gillenwater	L.T.	Nabors
Road	L.G.	Cotten
Williams	C.	Clark
Pirtle	R.G.	Morris
Robertson	R.T.	McWhorter
Anderson	R.E.	Schmidt
Thompson	R.B.	Robinson
Brown	L.H.	Smith
Winkler	R.H.	Holland
Winkler	P.B.	Dixon
LAAP	7 0 0 7-14	
TEXAS TECH	13 6 0 7-26	

Scoring: LAAP—Touchdowns, Schmidt (Pass from Dixon), (rushing). Points after touchdowns, Smith 2, placements.

Texas Tech—Touchdowns, Anderson 2 (Pass from Brown), Melton (intercepted lateral), Bechtol (pass from Brown). Points after touchdowns, Winkler, Brewer, (both placements).

Substitutions: LAAP—Waldrep, Cautley, ends; Amason, Clark, tackles; Eickel, guard; Solly, Snow, Vols, (backs).

Texas Tech—Dudley, Hall, ends; Doss, White, Morris, tackles; Watson, Browning, guards; J. Brewer, center; Smith, Cooper, Peden, Hall, Riley, Cox, Melton.

Owls Open Season Tomorrow With Randolph Field

Morganmen To Face Neely's Squadmen In Houston Oct. 30

HOUSTON, Tex., Sept. 22—Green but willing is a summary of the Rice Owls of 1943, now busily engaged in preparing for their season's opener against the Randolph Field Ramblers of San Antonio.

Coach Jess Neely and his aides have a large squad, more than 60, working out a little more than an hour a day. "They are the most willing bunch of boys I have ever seen," he says. "You just couldn't ask for a better spirit. They want to play football, and they should make an interesting team to watch."

Green is the right word for them, however. Out of the more than three-score candidates, only two have played varsity football. They are both tackles, Charles Malnberg, two-year man at Rice, and Orville Crutchfield, 200-pounder from Louisiana Poly.

Of the others, only four have played any freshman football. They include Leonard Kilgore, 185-pound center from Louisiana Poly, George Grininger, Wichita Falls youth who played end on the Rice freshman team, Benton Davis, 222 pound tackle from Dorchester who went out for the Rice freshman team two years ago, and H. J.

Scarlets Continue Eight-Year Rivalry

Raiders Hope to Avenge Loss Handed Them By Ags In 1942

TEXAS Tech's Red Raiders will continue an eight year old rivalry tonight when they face the Oklahoma A & M Aggies of Stillwater and attempt to avenge a 9-6 defeat handed last year's Raider team by the Oklahoma aggregation.

In 1935 the Scarlet and Black met the Aggies for the first time and handed them a decisive 14 to 0 defeat. At this time the Raiders were under the tutelage of Pete Cawthon.

In 1936 the Raiders continued their rivalry with the Oklahoma team and again handed them a decisive two-touch-down defeat. This time the score was 12 to 0.

Carrying on where predecessors left off, the 1937 Raiders again trounced the "Ole" team. This year the score was 14 to 6 with the Ags landing their first touchdown in the series.

After omitting the neighbor-state club from the schedule, the Raiders again faced them in 1940. In this game the Ags fought the local collegians to a 6 to 6 tie.

In 1941 acting for the first time under the directions of Coach Dell Morgan, the Red Raiders journeyed to Oklahoma City and handed the Aggies a 16 to 6 defeat after a hard-fought game.

Last season the Ags returned the compliment and downed the locals 9-6 in a closely contested battle in Tech stadium. The Raiders were suffering from injuries received in the Texas Aggie game the previous week, and many regular starters were missing from the lineup. However, the local defense as well as blocking was missing noticeably from the game, and the out-of-state team held the upper-hand throughout the entire game.

The game tonight will find a Red Raider team fighting hard to avenge that defeat, while the Oklahoma eleven will be determined to continue their string of victories over the locals.

Nichols, Houston guard, who missed most of his freshman work here because of a broken hand.

Neely is spending most of his time looking for a passer. At present his number one passer is Buck Sheffield, husky 200-pound all state back from Paris, and Buck didn't do any passing in high school. He is the best punter on the squad, however, and a hard runner.

Former Techsan In Prison Camp

Dr. R. A. Studhalter, head of the biology department, recently received a postcard from the Mediterranean battle area. Apparently one of a number captured from German forces, Ensign Fred Widmoyer sent the card, which was somewhat larger than our postcards, from a German prison camp.

Designed for use by German forces in the field, it contained a quotation from one of Hitler's speeches. Ensign Widmoyer, who took part in landing operations on Sicily, graduated from Tech in 1942.

Thanks--

Girls and fellows for all the swell business you gave us last week.

It was sincerely appreciated

BELL SYSTEM

Symbol of Service

...in peace and war

This emblem is familiar throughout the nation as the symbol of a well-trained team, integrated for service in peace or war—The Bell Telephone System.

1. American Telephone & Telegraph Co. coordinates all Bell System activities.
2. Twenty-one Associated Companies provide telephone service in their own territories.
3. The Long Lines Department of A. T. & T. handles long distance and overseas calls.
4. Bell Telephone Laboratories carries on scientific research and development.
5. Western Electric Co. is the manufacturing, purchasing and distributing unit.

The benefits of the nation-wide service provided by these companies are never so clear as in time of war.

Bahm Appointed To Three Offices

Dr. A. J. Bahm, professor of Philosophy and sociology, has recently been appointed to three regional committees. He will serve as regional consultant for the American Institute of Family Relations, Los Angeles to which he was named by Dr. Paul Popenoe.

The American Humanist association has appointed him Southwestern Regional secretary. He has also been appointed secretary-treasurer of the Southwestern Philosophical conference.

New Member of Library Staff From Washington

Miss Hendrine Rozendal, new member of the library staff, came to Texas Tech from the library of the U. S. Department of Labor at Washington. She has a B.A. degree from Dakota Wesleyan university, Mitchell, S. D., and B. S. and M. A. degrees in library Science from the University of Illinois. She has had college library experience at Yale university, Oregon State college, and the Eastern Oregon College of Education.

"JEEPERS, DADI I'M WRITING UNCLE SAM'S HANDSOMEST FLYER AND MY PEN CONKS OUT. THINK IT CAN BE FIXED?"

"SEARCH ME, PAT. PENS AND REPAIR PARTS ARE SCARCE. WHY DIDN'T YOU PROTECT IT WITH PARKER QUINK? IT HAS SOLV-X IN IT!"

Pen shortage grows!

To keep your pen writing...use Quink with solv-x!

DON'T expect to replace your pen if it fails now! Production of all pens—especially of first-choice brands—has been sharply reduced by Government order. Repair parts, too, are scarce!

Why not let Parker Quink provide the "ounce of prevention"? This ink alone has the magic ingredient, solv-x.

Solv-x roots out the causes of most pen failures. It fights off the metal corrosion and rubber rot always caused by highly acid ink. It ends clogging and gumming...cleans your pen as it writes!

For steel pens, too, Quink is ideal. The Parker Pen Company, Janesville, Wisconsin, and Toronto, Canada.

FOR V... MAIL "Micro-film Black." Parker Quink in "Micro-film Black" photographs perfectly! It is jet-black—ideal for every use. Quink comes in 7 permanent colors: Micro-film Black, Blue-Black, Royal Blue, Green, Violet, Brown, Red. 2 washable colors: Black, Blue. Family size, 25¢. Other sizes, 15¢ and up.

MAKE YOUR DOLLARS FIGHT—BUY WAR BONDS NOW!

PARKER Quink

THE ONLY INK CONTAINING SOLV-X

SOLV-X in every bottle of Quink... protects pens in 5 ways!

1. Protects rubber...lengthens the life of sac or diaphragm.
2. Dissolves sediment and gum left by other inks. Cleans your pen as it writes.
3. Prevents clogging of feed.
4. Safeguards base metal parts...
5. Assures quick starting and even flow at all times.

"I THINK I SHALL NEVER SEE ... ANYTHING SO LOVELY AS A TREE"

And if you Tech students want to see something that will give YOU real pleasure —, take a look at CUNNYNGHAM'S Junior Golf Course at 1619 College Avenue.

This course, which drew more than 3000 golfers every week this summer is conceded by other operators to be one of the finest courses in the entire Southwest. It is more than just a miniature golf course, being much larger and offering wider fairways and larger putting green.

You'll understand the immense popularity of CUNNYNGHAM'S course when you play the exciting 18 holes of Junior Golf at
