## Banquet Climaxes Tech Women's Day

By **CARRIE CHANEY**  
Torreador Copy Editor

Tech campus and classrooms will be dotted with white today as Tech's 3,572 coeds are all temporarily in the spotlight.

The occasion is Women's Day, and it's to be a day full of activities for Tech coeds and women faculty members.

Main event of the 1963 Women's Day schedule is the banquet at 6 p.m. in the ballroom of Tech Union. Speaker for the banquet is Mrs. Hiram Cole Houghton, internationally-known government and social worker. Topic for her speech, as well as the theme for this year's Women's Day is "Challenge of the Day."

Mrs. Houghton will attend a luncheon in Drane.

Others attending the luncheon will be the present officers and incoming officers of AWS, the Women's Day committee, and the three deans of women. A tea will be given in honor of Mrs. Houghton from 1 to 4:30 p.m. in the office of the dean of women. Tech coeds and women faculty members may attend.

Mrs. Houghton serves as member-at-large of the National Committee of UNESCO and has been vice president and president of the Electoral College. In the presidential campaign of 1956, she served as co-chairman of the National Citizens for Eisenhower-Nixon, and President Eisenhower appointed her in 1957 to serve on the Advisory Board of the Office of Civil and Defense Mobilization.

Other activities and awards too numerous to mention include her membership on the UNICEF Board and her position on the Board of Directors of the Philadelphia Woman's Medical College. She was named "Iowa's Most Distinguished Citizen" in 1946 and was the 1948 "Iowa Mother of the Year."

Mistress of ceremonies for the banquet will be Rowena Williams McKinzie, president of AWS. Anne Weaver, president of the Women's Residence Council,

will give the invocation and will introduce guests.

Scholarship awards will be presented at the banquet to high-ranking coeds from each woman's residence hall and to the woman with the highest scholastic average in each sorority.

Miss Weaver will present the residence hall awards and Nancy Jones, president of the College Panhellenic Association, will present sorority awards. Lee McElroy, president of Town Girls,

will present an award to the Town Girl member with the highest ranking scholastically.

Special awards to be presented include Faculty Woman of the Year and Woman of the Year. These two women will be chosen in election today.

When Dr. Florence Phillips, present dean of women, was appointed she established Women's Day as it is known today — as a time of recognition for all women on Tech campus.

## Mortar Board Taps 19 Coeds

Mortar Board, national honorary for senior women, tapped new members Monday. Juniors selected must have a minimum grade point average of 2.8.

Scholarship, leadership, and service are pre-requisites for membership into Mortar Board.

The following women selected for membership will be initiated Sunday, April 21.

**CAROL ANDERSON** — San Angelo—2.9 government major; Drane Hall legislator and chaplain; co-editor of La Ventana Junior View; Pi Beta Phi pledge trainer and chaplain.

**KAREN ANDERSON** — Houston — 3.5 English major; Alpha Lambda Delta treasurer; Freshman Class secretary; President's Hostesses; Junior Council; Student Association Secretary, Kappa Kappa Gamma vice president.

**KAY CRAVENS** — Anthony — 3.1 chemistry major; Tech Band; American Chemical Society secretary; director of public relations of Tech Union; president of Tech Union.

**MARY GASKIN** — Roswell—3.2 elementary education major; Junior Council president; AWS secretary; Doak Advisory Council; President's Hostesses; Delta Delta Delta AWS representative.

**CATHY GORDON** — El Paso — 3.3 Spanish major; Pi Delta Phi vice president; Sigma Delta Pi president; President's Hostesses chairman; Tech Union vice president; Junior Council; Pi Beta Phi president.

**HAZEL HALE**—Dallas—3.9 elementary education major; Alpha Lambda Delta secretary; Junior Council; AWS first vice president; Phi Kappa Phi vice president; Pi Beta Phi censor.

**PAT HAMILTON** — Cleburne — 3.0 home economics major; Student Council; President's Hostesses; Phi Upsilon Omicron president; Alpha Chi Omega vice president.

**JUDY HAWKINS**—Midland—3.8 merchandising major; Alpha Lambda Delta; Phi Upsilon Omicron; Junior Council membership chairman; Kappa Kappa Gamma recording secretary.

**MILA HENDERSON** — San Angelo — 3.0 English and mathematics major; secretary of Science and Engineering Show; Sigma Tau Delta; Junior Council; Delta Delta Delta vice president and Program Council; Junior Council; President's Hostesses chairman; Kappa Alpha Theta historian; Phi Kappa Phi.

**MARY ALICE TERRY** — Coleman — 3.8 — home economics major; Texas Women's University; Sophomore class secretary; Alpha Lambda Delta; Phi Upsilon Omicron; freshman counselor; Phi Upsilon Omicron vice president, Home Economics Club.

**MARILYN TINNEY** — Lubbock — 3.8 Spanish major; Sigma Delta Pi; BSO executive council and program chairman; Chi Omega pledge trainer; President's Hostesses.

**CAROLYN WOOD** — Dallas — 3.4 business education major; Freshman Council; Phi Gamma Nu; Angel Flight drillmaster; President's Hostesses; Junior Council; Delta Delta Delta chaplain, Phi Kappa Phi.

**LINDA HILL** — Cleburne — 3.1 elementary education major; Freshman Council; President's Hostesses, Junior Council; WRC president; Kappa Kappa Gamma president.

**ANNETTE INMON** — Dallas — 3.0 business education major; Phi Gamma Nu; President's Hostesses; Junior Council historian; Alpha Phi treasurer and president.

**NANCY JONES** — Lubbock — 3.4 secondary education major; Freshman Council; Junior Council; AWS representative; Panhellenic president; Gamma Phi Beta president; AWS third vice president.

**JAN JUSTICE** — Lubbock — 3.6 English major; Freshman Council; Alpha Lambda Delta president; Sigma Tau Delta; Junior Council; Kappa Alpha Theta scholarship chairman; Phi Kappa Phi.

**CAROLYN KELLEY** — Midland — 3.1 mathematics major; President's Hostesses; Junior Council vice president; AWS first vice president; AWS president.

**LEE McELROY** — Lubbock—3.1 elementary education major; Freshman Council; Student Council; Town Girls president; Pi Beta Phi program chairman.

**ANN ORRICK** — Wichita Falls — 3.7 secretarial administration major; Alpha Lambda Delta; Phi Gamma Nu; Tech Union president.

## Tech Coeds Elect Outstanding Women

Tech women go to the polls today to elect AWS Woman of the Year and Faculty Woman of the Year.

Polls will be open 10 a.m.-1 p.m. in women's residence halls, Ad. Bldg., Home Ec Bldg. and Tech Union.

### Faculty Nominees

Nominees for Faculty Woman of the Year and their sponsors are Mrs. Harley Oberhelman, Alpha Phi; Mildred Bettencourt, WSO; Mrs. Jean Jenkins, Junior Council; Quannah Lewis, Mortar Board; Mary Gerlach, Phi Upsilon Omicron, Home Ec Club; Mrs. Bryan Edwards, Weeks Hall, Chi Omega.

Also Dr. Mary Brewer, Delta Delta Delta, Doak Hall, Delta Gamma, Kappa Alpha Theta; Mrs. Floyd Boze, Zeta Tau Alpha; Dr. Elizabeth Sasser, Pi Beta Phi; Dr. Olive Wheeler, Phi Mu; Ruth Cowart, Drane Hall and Claire Quicksall, Phi Gamma Nu are nominees.

### Woman of Year

Nominees for AWS Woman of the Year are Judy McKinnon—3.15, Mortar Board, Junior Council; Annette Sims—3.0, WSO president, Campus Service Council, vice president of Gamma Alpha Chi; Anita Queen—3.5, Alpha Lambda Delta, Junior Council; Kay Kagay—3.57, Junior Council, Who's Who, president of Mortar Board;

Nickie Woelfel—3.0, Home Economics Club president, Mortar Board, Student Council; Ginger Butler—3.48, Junior Council, Student Council; Judy Cowger—3.72, Junior Council, Mortar Board, Who's Who; Rowena Williams McKinzie — 3.2, AWS president, Junior Council president;

### Other Nominees

Robbie Ramsey—3.01, Junior Council, Mortar Board; Sunny Palmore—3.2, president of Doak Hall, AWS; Nancy Vincent—2.98, Zeta Tau Alpha, Tech Choir, president of Phi Alpha Theta; Evangeline Young—3.85, AWS, Mortar Board, Junior Council;

Ann Weaver—3.5, Junior Council, Mortar Board, president of Women's Residence Council; Janet Leachman—3.0, Phi Gamma Nu, AWS General Council; Kristi Martin—3.6, Mortar Board, Phi Kappa Phi; and Shelly White—2.6, Phi Upsilon Omicron, Panhellenic Rush Chairman.

Woman of the Year and Faculty Woman of the Year will be announced at the annual Women's Day Banquet today.

MORTAR BOARD TAP—Karen Anderson, Houston junior, right, joins the Mortar Board procession as the group marches from room to room tapping new members. Nineteen coeds were selected.

## Wanta Join? Simple! Marry College Male

Since 1960, Texas Tech has presented the coveted PHT degree to a select group of young women. Diplomas, signed by Dr. R. C. Goodwin, bear Tech's official seal.

These graduates are unique, however. They are not enrolled in Tech and in many cases have never attended a college class.

These women, all members of Tech Dames Club, are recognized for their efforts in "Putting Hubby Through (school)."

Tech Dames Club is a branch of a national organization, founded more than 100 years ago. Tech's chapter was organized in September, 1959.

The main purpose of the Dames is exchanging ideas to lessen the load of putting hubby through school. Members also form cooperative baby-sitting clubs and interest groups.

Membership requirements for the club are simple: marry a college student, pay \$1.50 club dues, and you're in.

# AWS Appoints Five Coeds As Preident's Hostesses

The Assn. of Women's Students executive council recently appointed five new President's Hostesses. They are Ann Mallan, sophomore from Midland; Nelda McQuine, sophomore from Plainview; Judy Price, junior from Lubbock; Nancy Shoemaker, sophomore from Abilene; and Marilyn Tinney, junior from Lubbock.

and the Southwest Library Assn. biennial convention.

**PRESIDENT'S** Hostesses is a committee of AWS that is in its second year of service to all administrators at Tech. The girls work through the Dean of Women's Office. They act as official hostesses for President R. C. Goodwin.

There are 32 regular members of President's Hostesses. The eight executive officers of AWS serve as ex-officio members.

**MEMBERSHIP** in the honor group is open to sophomore, junior and senior girls who have a 2.5 over-all grade average at time of selection. They must have had a 2.5 average for the semester preceding their application. Applicants are rated in the fall, and this rating is used by the selection committee to fill vacancies in President's Hostesses throughout the year.

Women's Day duties of this group includes meeting the banquet guest speaker, Mrs. Hiram Cole Houghton, at the airport and taking her on a tour of the campus. The girls will also escort special guests and serve as hostesses at the afternoon Women's Day Tea in the Dean of Women's office.

**ALL SPRING** some of our members will be in Dr. Boze's office to welcome people to Texas

Tech," said Ann Orrick, chairman. "Perhaps our most important service this year was when we aided Elo J. Ubanovsky and Tech's horticulture and park management department when Gov. John Connally, Lt. Gov. Preston Smith and other legislative dignitaries reviewed Tech's park research last month."

The girls acted as hostesses for the visiting dignitaries at the Lubbock Country Club, were hostesses for a luncheon in their honor and took them on a tour of the library. They accompanied the visitors on a bus tour of the campus and of Lubbock.

**DURING THE** year President's Hostesses have helped with the library open house, helped Dean Thomas with the Water Conference on campus and helped with the Mortar Board Sectional Conference. They registered dads and served as hostesses for the Dad's Day Coffee. Other services included hosting at the Texas Tech Century Club Banquet and at the Ex's Association Banquet at Homecoming.

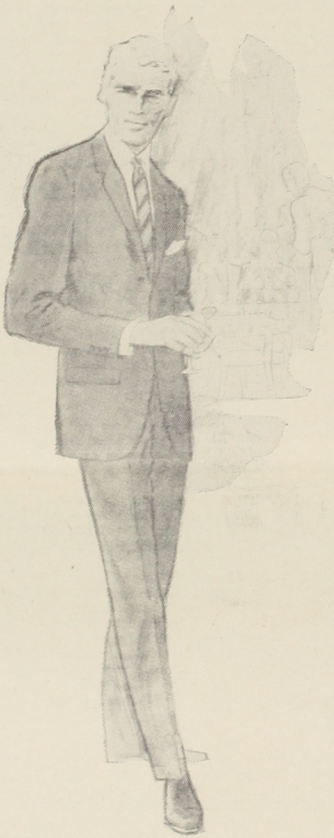

## TLA Honors Ray Janeway

Ray C. Janeway, director of libraries at Texas Tech, has been named Librarian of the Year by the Texas Library Assn.

Head librarian at Tech since 1949, Janeway was previously head librarian at Bradley Polytechnic Institute, Peoria, Ill., and associate director of the University of Kansas library in Lawrence.

He holds a B.A. degree from the University of Kansas and M.S. and B.S. degrees in library science from the University of Illinois.

Janeway is immediate past president of the Texas Library Assn. and has had perfect attendance at the annual TLA District I meetings, the TLA state conventions

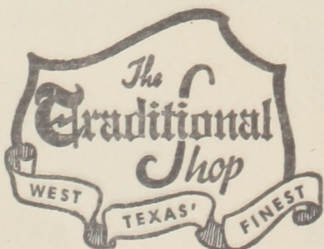

### Presenting for Spring ...

Look imperturbable. That's how you feel in this traditional suit. The color and patterns are muted enough for the classroom, rich enough to come alive after hours . . . Dacron and wool tropical. This fine tailored suit is a must for your Easter wardrobe.

The summer tour to Europe was filled last week. Saturday Mrs. Strout received notice that ship space for two more had been allotted to her. This must be signed for promptly or it will be reassigned to some other group. If interested, check at once with Mrs. Strout, C&O 115.

real stopper

Mennen Spray delivers 3 times the anti-perspirant power of any other leading men's deodorant. The fine spray mist gets through to the skin where perspiration starts. Deodorizes. Effectively. And works all day. Is it any wonder more men use Mennen Spray in the handy squeeze bottle than any other deodorant?

# Women Honoraries Stress Leadership

By KONNIE CLEARMAN  
Women's Day Staff Writer

Anyone who saw Tommie Allen scurrying to her 8 a.m. class Friday morning didn't have to ask her what she thought of Junior Council. It was evident by the smile on her face and the lilt in her voice.

She and 19 other sophomore girls had just been tapped by Junior Council, women's honorary organization. The coeds were selected on the basis of outstanding achievement in scholarship, leadership, responsibility, character, dependability and service to Tech.

At Tech there are three all-school honoraries open to the top women students regardless of their major or school — Alpha Lambda Delta, Junior Council and Mortar Board.

When you see a coed wearing a neat red weskit and the letters "J.C." you know that she has attained the highest all-school honor for a junior woman—Junior Council.

## J C Initiation Today

The 20 newly-selected members will be initiated at 7 a.m. today in the tower of the Chemistry Building.

"We try to do things that will serve Tech and the whole community. We also try to help ourselves through cultural programs," said Mary Gaskin, Junior Council president.

The junior coeds assist in Sabin Oral Sunday and the Heart Fund Drive. They count ballots in campus elections, hostess at various campus events, and aid in the Dean of Women's office. In the past few weeks, they have been working with the Student Council

on the academic recruiting program. Guest speakers add to the group's regular meetings.

## Members Outstanding

The members of Junior Council are campus leaders and well-rounded personalities. For example, a typical "J.C." girl — Carolyn Wood — is drill master of Angel Flight and was named outstanding drill leader in recent competition. She is a member of Phi Gamma Nu, chaplain of Delta Delta Delta, and has just been admitted to Phi Kappa Phi. Last year she was sophomore secretary and class favorite.

Monday the line of Mortar Board girls went to classrooms "tapping" new members.

To be tapped for Mortar Board, a junior woman must have at least a 2.8 grade point average and excel in scholarship, leadership and service.

## Mortar Boards Meet

Tech's chapter of this national organization hosted the section meeting here this year, with Mortar Boards attending from Texas, New Mexico and Oklahoma colleges and universities. Theme from the section meeting was "To Go Beyond."

Mortar Board's aim is to promote the ideals of scholarship, leadership and service on the campus.

Each year a tutor list is compiled; a Smarty Party is given for freshman women with a 3.0 grade point average; and Mortar Board has a joint meeting with Alpha Lambda Delta and Junior Council.

Tech's entry in the College Bowl was initiated by Mortar Board. They also followed through by as-

sisting in the selection and coaching.

Freshman women who begin their college career by putting their best foot forward receive the Alpha Lambda Delta honor.

"The purpose of Alpha Lambda Delta," says Pres. Gay Haight, is to encourage an intellectual atmosphere. Our activities are mainly cultural."

This group meets once a month with guest speakers from the campus and city.

Any freshman girl with at least 15 semester hours and a 3.5 grade point average for the first semester or during both semesters of their freshman year is invited to join Alpha Lambda Delta.

There are about 30 sophomore members and 41 new pledges. Each spring Alpha Lambda Delta and Phi Eta Sigma, freshman honorary for men, have a joint banquet.

At the Women's Day Banquet, a senior certificate is given to all senior past Alpha Lambda Delta members who have maintained their 3.5 grade point average. Tonight 13 seniors will receive this honor at the banquet.

# Sigma Delta Chi Initiates Four Journalism Majors

Four joined the ranks of the professional journalistic society for men in Sigma Delta Chi initiation ceremonies Sunday.

New members are Ray Finfer, sophomore, Abilene; Max Jennings, senior, Levelland; Bronson Havard, sophomore, Clute; and Lee Sneath, junior, Lubbock.

Pledges were required to work on La Ventana Extravaganza, a beauty pageant sponsored by SDX, and some had parts in the annual Gridiron Dinner show Saturday night at the Lubbock Country Club.

To be eligible for the society, pledges must maintain a 2.0 grade point average in journalism.

NOW YOU CAN BE YOUNGER THAN SHE IS

It is a scientific fact that girls reach emotional maturity earlier than boys. For this reason freshman girls are reluctant to make romantic alliances with freshman boys, but instead choose men from the upper classes.

Thus the freshman boys are left dateless, and many is the night the entire freshman dorm sobs itself to sleep. An equally moist situation exists among upper-class girls. With upper-class men being snapped up by freshman girls, the poor ladies of the upper class are reduced to dreary, manless evenings of Monopoly and home permanents.

It pleases me to report there is a solution for this morbid situation—indeed, a very simple solution. Why don't the two great have-not groups—the freshman boys and the upper-class girls—find solace with each other?

True, there is something of an age differential, but that need not matter. Take, for example, the case of Albert Payson Sigafos and Eustacia Vye.

Albert Payson, a freshman in sand and gravel at Vanderbilt University, was walking across the campus one day, weeping softly in his loneliness. Blinded by tears, he stumbled upon

We could build a Snowman...

the supine form of Eustacia Vye, a senior in wicker and raffia, who was collapsed in a wretched heap on the turf.

"Why don't you watch where you're going, you minor youth?" said Eustacia peevishly.

"I'm sorry, lady," said Albert Payson and started to move on. But suddenly he stopped, struck by an inspiration. "Lady," he said, tugging his forelock, "don't think me forward, but I know why you're miserable. It's because you can't get a date. Well, neither can I. So why don't we date each other?"

"Surely you jest!" cried Eustacia, looking with scorn upon his tiny head and body.

"Oh, I know I'm younger than you are," said Albert Payson, "but that doesn't mean we can't find lots of fun things to do together."

"Like what?" she asked.

"Well," said Albert Payson, "we could build a Snowman."

"Bah!" said Eustacia, grinding her teeth.

"All right then," said Albert Payson, "we could go down to the pond and catch some frogs."

"Ugh!" said Eustacia, shuddering her entire length.

"How about some Run-Sheep-Run?" suggested Albert Payson.

"You are callow, green, and immature," said Eustacia, "and I will thank you to remove your underaged presence from mine eyes."

Sighing, Albert Payson lighted a cigarette and started away.

"Stay!" cried Eustacia.

He stayed.

"Was that a Marlboro Cigarette you just lighted?" she asked.

"What else?" said Albert Payson.

"Then you are not immature!" she exclaimed, clasping him to her clavicle. "For to smoke Marlboros is the very essence of wisdom, the height of American know-how, the incontrovertible proof that you can tell gold from dross, right from wrong, fine aged tobaccos from pale, pathetic substitutes. Albert Payson, if you will still have me, I am yours!"

"I will," he said, and did, and today they are married and run the second biggest wicker and raffia establishment in Duluth, Minnesota.

© 1963 Max Shulman

Freshman, sophomore, junior, senior—all classes, ages, types, and conditions—will enjoy mild, rich, filter-tip Marlboro—available in pack or box in every one of our fifty states.

# Footnotes

by Miller

Well, here it is again—Women's Day.

Maybe it's symbolic that Women's Day falls one day after April Fool's Day this year. Maybe not. At any rate, it's a good day to put on our white dresses and tennis shoes and roam about the campus.

**WHY HAVE a Women's Day?** Is it because it's a slow season

at Tech and this is a good time to have a day to honor something? Perhaps.

Or maybe someone felt that it was time that women openly admitted that they just might have a few members of the female sex that can do more than cook, sew and watch television, and it might be a good idea to recognize these chosen few.

And so we have a day set aside for us. Why Not? We trudge windblown, about the campus all year in search of a college education that will enable us to tell our children why the sky is blue and where all the butterflies go in the winter.

**AND MOST** of us are also searching, either secretly or openly, for the man to help us produce these children. We join sororities, either social, honorary, departmental or all three.

We live in dorms and engage in maneuvers that would put the FBI to shame getting around the rules, we sweat dates on the weekend and grades during the week, we fall in and out of love, and we talk late into the night trying to get a little wider viewpoint. And most of us, at one time or another, suffer and bleed inside for something.

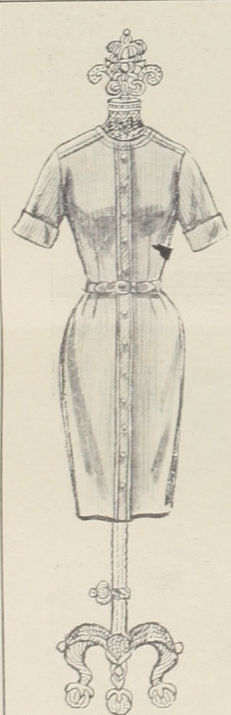

**THIS YEAR**, as every year, is no different. A new crop of freshmen have arrived and have hardened from Harriet High-school into the college coed. Some will drop out, some will stay. A new crop of seniors will graduate to careers and marriage, degree in hand like a club to beat off unemployment. Sophomores and juniors continue their long toil toward various ultimate goals.

**SO HERE** we are, another spring and another Women's Day. To those who will be recognized, congratulations. To everyone else, stop, wipe your brow, and enjoy the day. It will be the last one for awhile.

## Candidates To Meet

All candidates for cheerleader, Student Council representatives and executive officers will meet at 6 p.m. Thursday in Tech Union Coronado Room.

If any candidate is unable to attend, a campaign manager should be sent to this orientation for rules and regulations concerning the election.

## Ladies-We Salute You

Standing high on the list of changes which are heightening Tech's stature are the changes wrought by Tech's women, changes which have given Tech that indefinable charm which only the feminine set can bring.

In the past five years the nation has witnessed a drastic percentage change in its college enrollments. There are 29.9 per cent more men in college now than five years ago and 50.6 per cent more women.

Tech has opened new horizons to women and here, too, the percentage has skyrocketed. Only ten years ago there were 1,683 women enrolled at Tech and 4,202 men. This year the ratio has shot up to 4,254 women to 8,229 men.

Such a tremendous increase in the number of women at Tech has lent a new aura to a campus once noted especially for its engineering and agriculture departments which are primarily for men.

Each semester almost without exception, Tech's women, as a group, maintain

the highest grade point average on campus. They hold impressive positions in nearly every phase of campus activity.

For the most part they have been the "humanizing" element on campus. The women are the ones who entertain Tech board members at an annual dinner, who serve as hostesses for the president to greet official visitors.

Tech coeds have helped create those intangible qualities that give our university the reputation for being friendly and informal without pseudo-sophistication.

"The women at Tech have distinguished themselves, they've been feminine, they've looked like women," said one college official.

And so, although men call it a man's world, Tech women do have a Women's Day, and we salute them on this day set aside in their well-deserved honor.

Jeannie Bookout  
Women's Day Editor

## Mid Term Grade Slips! So What?

Oh no, here we go again!

Thursday Tech instructors finished the process of leafing through page after page of students' names, noting the corresponding grades to the right of

each name, and determining the mid-term grade average for every student.

**FROM** 10 days to two weeks after the April 1 deadline, both students and their parents will receive copies of the grades, and, once more, many students will find it necessary to explain that the grades don't really mean anything, anyway.

Are these progress reports truly indicative of a student's progress? Usually they are not. Students and parents alike eventually come to realize that mid-term reports have little relevance to actual final course grades.

courses in which very few grades are given throughout the semes-

ter and in which the final grade is an over-all evaluation of the student's ability not based upon any particular tests or exercises.

**THIS MID-TERM** reporting process is frequently a pain-in-the-neck for instructors — particularly in some advanced courses. Most students are quite familiar with "blanket" mid-term grades given in some advanced courses — such as English, government and history. Each student receives a grade identical to that of every other student regardless of individual achievements.

While it may be true that parents have a right to know scholastic averages — even at the expense of unwilling instructors — it may also be the right of a student to be properly miffed at this "half-time check-up," both because it does not truly represent his scholastic standing and because it signifies a carry-over from high school progress reports issued every nine weeks.

**THERE MIGHT** be some validity to the thought that entering freshmen need this mid-term report until they are adjusted to the change-over from high school to college. But it is doubtful that the grades are really necessary for students in more advanced courses. Maybe some effort can be made on the part of the administration to limit these reports to freshmen, thus saving wear and tear by instructors, students AND parents dealing with irrelevant progress reports.

**WHILE THIS** situation may seem trivial, the character of a college or university, like that of an individual, is made up of many small things. Elimination of mid-term grades for students beyond the freshman level could well be one more step along the road of Tech's advancement from a college, still employing techniques carried over from high school toward a university employing university standards and practices.

## Theta Sigs Honor Mrs. Louise Allen

By ALAYNE KORNBLUEH  
Women's Day Staff Writer

Amid the reminiscences and memories of the past, Mrs. James G. Allen, retiring journalism professor, was honored at the annual Matrix Table Banquet in the Tech Union Monday night.

"SHE IS A boon to the exes" were the words used to describe Mrs. Allen and her devotion to the journalism ex-students' newspaper and their files by Mrs. James Wentworth, president of the Lubbock chapter of Theta Sigma Phi, sponsor of the banquet.

Mrs. Wentworth also told how Mrs. Allen helped so many graduate journalists get jobs. Perhaps Mrs. Allen's retirement could be summed up by Mrs. Wentworth's concluding statement that she was not really retiring from the field of journalism, but had instead, "just quit teaching."

TANNER LAINE, Avalanche-Journal reporter and an ex-student of Mrs. Allen's along with A. B. Slagle, editor of the magazine, Southwestern Crop and Stock, paid her tribute for the help which she gave them in their work.

Jeannie Bookout, vice president of Theta Sigma Phi, spoke for the student chapter in thanking Mrs. Allen for all that she had done not only to get the journalism chapter established on the Tech campus, but also to guide it

in becoming one of the most active Tech organizations.

MRS. ALLEN was further honored by W. E. Garets, head of the journalism department, who presented her with a gift certificate from her "admiring friends." Alayne Kornblueh, president of the student chapter of Theta Sigma Phi, presented Mrs. Allen with the honor of having the new scholarship for women journalists endowed in her name. It will be called the Louise Crawford Allen scholarship.

After recognition was paid Mrs. Allen, the guest speaker for the evening, Mrs. Robert Lovell, whose Otero County Star was judged the "best weekly in the U.S. edited by a woman" by the National Press Assn. told of her beginnings as a journalist and the experiences she had had in the field.

EDITING A newspaper was not new to Mrs. Lovell as she was editor of the Alamogordo News then a weekly. She amused the audience with her comments or the radio station in Tucson, Ariz. which she operated with Erskin Caldwell and Gene Autry.

Mrs. Lovell writes regular articles for the Denver Post and El Paso Herald-Post as well as the New Mexico Magazine. Especially exciting were her experiences as the only woman to assist in covering the initial high altitude balloon tests at Holloman Missile Development Center which preceded the launching of a man into space

## Active News Editor Chosen For Honor

A Hartley senior sporting a long list of journalism activities has been named Tech's 1962-63 "Outstanding Woman Journalist."

Jeannie Bookout, DAILY TOREADOR news editor, was presented the award Monday night at the annual Theta Sigma Phi Matrix Table banquet.

Tech's chapter of Theta Sigma Phi chose Miss Bookout for her professional experience, journalistic ability and experience on school publications.

Miss Bookout, Toreador BSO

representative this year, is editor of today's Women's Day edition of the TOREADOR.

Last summer Miss Bookout served as a summer journalism intern on the Odessa American. She was the 1961-62 society editor of the TOREADOR and has worked part-time in the women's department at the Avalanche Journal.

Miss Bookout also has served as assistant editor of Tyme section of La Ventana. She has been Theta Sigma Phi's BSO representative

and was named outstanding sophomore reporter.

Maintaining a 2.9 grade point average, Miss Bookout also has been active in other campus activities. She has been a President's Hostess, dorm legislator, dorm publicity chairman and Homecoming Queen nominee.

Recently Miss Bookout was chosen as Chi Omega's outstanding active and she has been corresponding secretary of the sorority. She also was secretary of her pledge class.

## Noted World Traveler Tells Favorite Story

When Mrs. Hiram Cole Houghton speaks tonight at the Assn. of Women Students Women's Day Banquet, Tech women will sit up and listen. Along with her outstanding record of public service, Mrs. Houghton possesses great personal wit and charm.

ONE OF HER favorite stories concerns her visit with Princess Sophia of Greece last year. Prior to her trip to Greece, Mrs. Houghton had purchased a shrimp-pink silk suit in Hong Kong. "I decided to wear the suit since my visit with the Princess came just before her marriage, and it was a gay occasion," Mrs. Houghton related.

When the two women met, it was obvious they had a lot in common. Mrs. Houghton and Princess Sophia were wearing identical outfits.

"HONG KONG?" inquired the Princess with a smile.

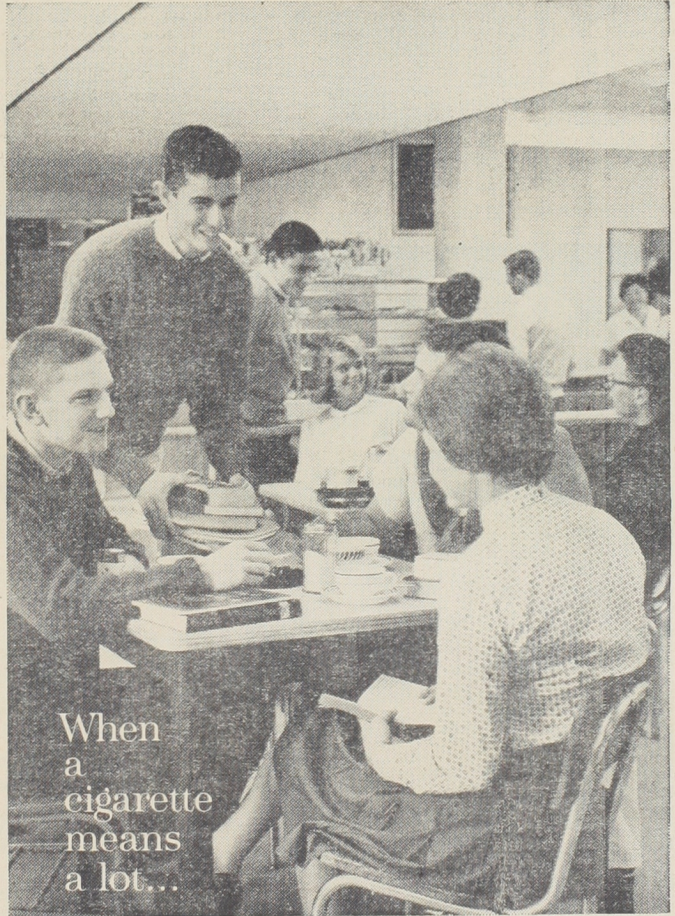

"Hong Kong," Mrs. Houghton affirmed.

The incident served as an ice-breaker and set the stage for a warm, friendly visit, Mrs. Houghton said.

Known as a great humanitarian, she considers public service, "the rent I pay for the space I occupy in the world."

President Eisenhower appointed Mrs. Houghton Deputy Director of the International Cooperation Administration in 1953. She made 28 trips to overseas refugee camps. "When President Eisenhower asked how long it would take to get ready for the job, I said I could be ready to go anywhere in the world in 20 minutes. He made me live up to it," Mrs. Houghton said good-naturedly.

WITH AN ATTITUDE of humility, Mrs. Houghton regards her past service as a foundation for future work.

# Change Seen In Role Of College Women

By SANDRA JORDAN  
Women's Day Staff Writer

The coed of the '20's might have resembled the coed of the '60's in dress appearance. The length of the skirt was the same; knees were very much in style. The hair was as flat as ours is rounded.

But girls at this time went to college for a social experience — to meet a nice young man. (This is not to say that the coed of today doesn't do the same thing).

The roaring '20's coed tended to her books and her social life. She was faced with the choice of marriage or a career. She was not supposed to have both. And if it were a career she was seeking, women made good teachers.

**TODAY WE** see the changing coed. Dean Dorothy Garner, assistant dean of women, had this comment to make, "The coed today is more serious about college

than before. She is preparing for a career. A young woman has a choice today of what she wants to do. The horizon of possible careers has been broadened from the past."

Dean Garner continued by saying that the coed today is also more interested in the college and assumes more leadership in its activities. "The young woman is now interested in philanthropy and her community," she said.

**WHAT HAS** caused this change in the coed? In the beginning it was the movement for women's rights. The further changes that are noted today are the results of World War II.

During the war women were forced, by the shortage of man power, into careers that had once been closed to them. Women also assumed positions of leadership during those times. This transition has carried over to the college campus where coeds today may enter any career field and may take an active part in campus activities.

The result of the changing coed is a different type of woman — better prepared to meet a changing world.

# Reminders Of Communism Mark Moscow, Leningrad

(EDITOR'S NOTE: The writer of this article was a member of a three-week tour of Leningrad and Moscow last May comprised of 34 Scandinavian university students.)

By LYNN BUCKINGHAM  
Women's Day Society Editor

"Forward to the Victory of Communism" in large, red, neon letters flash nightly across Revolutionary Square and the city of Moscow from atop the National Hotel in the heart of the USSR capital.

Communist slogans confront the Russian people in other forms, from flags and banners along the streets and sidewalks, to tapestries in the hotels and the grand curtain of the famed Bolshoi Theater.

**ACROSS THE** top of the stage at the auditorium of the University of Moscow hangs a red banner with a salute to the Communist Party and "Its Illustrious Leaders."

On flag poles placed throughout the parks and in other public areas, banners urge party support and insist that "Our Youths Will Live under Communism."

Whether the Soviet people heed these encouragements or not, they crowd the city streets in both Leningrad and Moscow day and night — perhaps to avoid going home to their over-crowded and sub-standard apartments.

**THE OPERA,** ballet, concert halls, puppet shows, circuses and amusement parks are open every

night and admission prices range from 50 cents to \$3.50. Admission is free to the many museums and art galleries.

Special activities for Russian youths are provided by the party through a youth organization called the Young Pioneers. Children between the ages of eight and 14 are members of the organization and are recognized by their red neck scarves and white shirts. The Young Pioneers celebrated their 40th anniversary the end of May with youth parades and rallies.

**ANOTHER** feature of the uniform of the Russian school child is a small pin in the shape of a Russian star. In the center of the pin is a photograph of Lenin as a child. We noted, however, that the children were eager to trade their pins for a stick of chewing gum — a luxury not provided in the Soviet Union.

Lenin, whose mausoleum occupies the center of Red Square outside the Kremlin, pervades the Russian scene in every possible form: postcards, posters, pins, pamphlets, statues and paintings; he is quoted on posters on the walls of every building from the Lenin Museum to the Moskvitch Auto Factory.

**THE LARGEST** of the stations in the fabulous Leningrad and Moscow subway systems (Metro) are dedicated to Lenin and are decorated with bronze statues and

marble busts of the "father of Communism."

Each of the smaller stations of the Metro are dedicated to Russian heroes, including Gorky, Poshkin and Marx. Escalators, some going as deep as 300 meters, take passengers down to the Metro stations, which are decorated in marble and with mosaics, paintings, chandeliers, and bronze statues. The Metro is as much a symbol of pride to the Russians as the Hermitage Museum is to Americans.

**THE LENIN** Mausoleum, an elegant building of red and black marble, is open three hours each day, during which time the line of visitors waiting to walk through the mausoleum stretches across Red Square and around the Kremlin as far as the eye can see.

As a visitor leaves the mausoleum he is usually guided past a row of rather unimposing-looking graves lying between the mausoleum and the Kremlin wall. At one end of the row, unmarked by a gravestone, is the grave of Joseph Stalin.

**AS MUCH** as Lenin and his Communist Party are emphasized throughout every phase of Russian life, Stalin is ignored.

When asked why a picture of Stalin was omitted from a gallery of photographs of Communist leaders since the Revolution, our Russian guide snapped, "He wasn't a real Communist!"

# U.N. Adopts United Arab Amendment

By ARTIE SHAW  
Toreador Staff Writer

Texas Tech's Model United Nations adopted the amendment put forth by the United Arab Republic late Saturday in the waning moments of the session.

The UAR Amendment, which was passed while the original resolution facing the U.N. was defeated, demanded Portugal release all political prisoners, lift the present ban on political parties and undertake extensive economic, social and political reforms.

Earlier Saturday an amendment by the Soviet bloc, demanding immediate and complete liberation of the Portuguese people, had been soundly defeated by the general assembly, 37-12, with 12 abstentions.

## UAR Amendment Debated

The UAR amendment had been voted on in another way earlier in the afternoon, as some of the member states dissented to parts of it. A vote had been taken on whether or not to consider it as a whole or in parts. The faction trying to keep it a single entity carried the vote, 31-24 with two abstentions.

During the course of debate over the UAR amendment, the delegation from Czechoslovakia supported that amendment, claiming to be departing from the influence of Russia. However, the Russians later came to the support of the amendment also.

Genie Joyner of Peru demanded the UAR withdraw the amendment.

After much discussion the amendment plus the resolution were voted on as one clause. Requiring a two-thirds majority, it did not pass, garnering only 33 of the 57 votes cast. There were two absentions.

Richard C. Hottel, CBS U.N. correspondent, opened the third plenary session with a speech on the real U.N. as compared to what the public thinks of it. He also commended the Tech U.N. for the job being done.

"You have chosen a specific and important problem, rather than one of an enormous, vague scope, such as disarmament. You have chosen a subject that is very much of a human need . . . the craving of freedom the average individual hopes the U.N. Charter can rightfully give him.

He called the problem in Angola a worldwide affair: "The problem (in Angola) involves not only a part of Africa, but the whole world."

"We must come to a decision — not one which will solve the problem entirely, but one that should endure in a world forever subject to change," he said in conclusion.

## Portugal Defends Policies

The first major debate of the day came after formal debate had been suspended and informal debate had been instituted. Portugal presented its reasons justifications for its colonialistic policies.

Karolyn Kirby, Portuguese delegate, pointed out to the assembly that of the nearly 5 million people in Angola, all of them were Portuguese citizens, and 45 per cent were an active part of the administration.

"It grieves us that our more responsible African citizens are being overlooked because of the flagrant atrocities of their reactionary kinsmen," she said.

Portugal concluded, "The goal in Angola has been the same as our goal in Brazil . . . that is the formation of a responsible society, and we were succeeding."

## Russian Amendment Rebuked

Barbara Sudduth, delegate from New Zealand, rebuked the Russian amendment. She said, "New Zealand has found that gradual assumption of power by its trust territories to be most satisfactory after several years of extensive educational and developmental programs."

The Russian amendment was attacked by a series of nations, mostly as being the key to Russian intervention in Angola, as they have done in Cuba.

Jeff Baynham, Russian delegate, said, "We do not believe the UAR

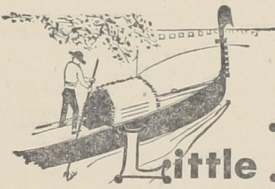

resolution goes far enough, because the complete and immediate liberation of the Angolese must be ascribed first."

## Cuban Refugees Demonstrate

Early in the fourth plenary session the Cubans denounced any nation that did not consider Cuba independent. Several minutes later a contingent of Cuban refugees seized the stand from the speaker and began to shout anti-Castro and Russia slogans. The president ordered them to be removed from the floor and Cuba quickly denied any relation to the outburst, blaming instead the "capitalist war mongers of the north."

Karolyn Kirby, speaking again for Portugal, said late in the fourth session, "We cannot accept foreign domination, communism or chaos in our territory. The delegation of Portugal cannot therefore remain in the proceedings of this general assembly!" Miss Kirby then led the remainder of the delegation (Robbie Ramsey and Ginger Butler) out of the hall.

Late in the fourth session the delegation from Iran made a motion to vote only on the UAR amendment, a move that required only a simple majority voice vote to pass, and it passed overwhelmingly.

*Assignment: build superior stamina  
into our cars!*

**Result: Ford-built cars demonstrate outstanding durability in competitions like the Daytona 500**

Results of recent competitive events prove dramatically the durability and reliability of today's Ford-built cars. Our cars swept the first five places in the Daytona 500 for example. More important to you—Ford-built entries had the highest ratio of finishers in this grueling test of stamina! Less than half—just 23—of the 50 starters finished; 13 of them were Ford-built!

Competitions such as the Daytona 500 are car killers. Piston rings can fail, transmissions can be demolished and engines blow up under these maximum efforts. It's a grinding demand for total performance and Ford-built cars proved they could take it better than any of the others.

Quite an eye-opener for car buyers. And conclusive proof that superior engineering at Ford Motor Company has produced more rugged engines and transmissions, sturdier bodies and frames and better all-round durability for today's Ford-built automobiles.

# Major-Minor Group Offers Experience

By **ROBANNA SUMRELL**  
Toreador Staff Writer

Since 1951 when the Major-Minor Club became a charter member of the American Assn. of Health, Physical Education, and Recreation, it has aimed at promoting professional knowledge for women working toward a degree in physical education at Tech.

"We've doubled our membership since last year," said Jeannie Nesbitt, two-year past president of the club. The doubling has reached into the areas of service, professional and social interests encompassed within the group.

ACCORDING to Margot Purdy, one of the club sponsors, the purpose of the club is to stimulate interest among the majors and minors to keep them informed of trends of the profession.

Meetings strive to present methods and techniques that would make them better physical education teachers. Some of this year's speakers have been from the

Placement Bureau, a local charm school and a local high school.

THE ANNUAL fall retreat has been at Tulia Lake the past two years. Its purpose is to let new members and teachers become acquainted with each other and with the purpose of the club. Some planning is done at this time.

The 62 members belong to the Texas Assn. of Health, Physical Education, and Recreation.

FOLLOWING through on the professional orientation, Miss Nesbitt added, "We try to encourage

our majors to take camp jobs in the summer so they can see physical education in practice."

New officers, installed in January, were Dottie Mize, president; Kit Clemens, vice president; Linda Owens, secretary; Sammy Watson, treasurer; Jan Fauske, AWS; Barbara Lain, historian; and Gayle Golden, BSO. Miss Peggy Williams is sponsor.

**JUMPIN' HIGH**—Basketball is one of the many sports offered by Tech's women physical education department. Major-Minor Club members often get professional experience by refereeing such athletic contests.

## Women Begin Softball Play

First week play in women's intramural softball found seven teams victorious.

Results were Sigma Kappa 14, Alpha Chi Omega 13; Knapp 7, Kappa Kappa Gamma 3; Town Girls 17, Bible Chair 0; Delta Gamma 13, Delta Delta Delta 9; Gamma Phi Beta 16, Pi Beta Phi 3; West 13, Doak 6; Chi Omega 14, Kappa Alpha Theta 4.

Games this week will be played through Thursday. Competing will be Knapp vs. Sigma Kappa; Gamma Phi Beta vs. Town Girls; Delta Gamma vs. Chi Omega, and Pi Mu vs. West.

In the consolation bracket are Kappa Kappa Gamma against Delta Delta Delta, Alpha Chi Omega against Kappa Alpha Theta, and Bible Chair against Doak. Pi Beta Phi drew a bye.

# Executive Platforms Voiced

## Furgeson Seeks One-Day Break

In many conversations with Tech students across the campus, I have found a desire for strong programs and for new ideas from the Student Council. With this in mind, I have tried to develop a platform to meet the desired needs of the student body.

Presently Tech is accelerating its academic growth just as fast as its physical growth. In this realm I feel the Student Council can promote activities.

The speaker convocation should be greatly intensified in order that Tech students can get a first hand report on national and international activities. These convocations could help us coordinate our in-class instruction with practical, on-the-spot information.

Since I have mentioned the classroom, let me explain another idea I have in relation to academics. At Tech and at other universities in this nation, grades are of chief importance. Since the pressure to make high grades is so great and since final examinations usually determine a grade to a large extent, I feel that we, as students, should have longer to prepare for our tests.

With this explanation I propose to work for a one-school-day break between dead week and final exam week.

I feel that Tech is definitely a university, and next year, I will work to bring university status to our name. These above four programs are the ones I plan to stress in the realm of academics.

Another realm of the Student Council which has not been examined closely in the past is the area of communications between the Council and the student body. I would like to remedy this problem by printing a column in THE DAILY TOREADOR from the Council.

I also feel that we need to have the executive officers before the students for criticisms and suggestions. This could be accomplished by having monthly meetings in the Union composed of the officers and all students who wish to attend. We would also have these mass meetings in the dorms.

Another area where I feel communications need to be improved is between Tech and other Southwest Conference schools.

With these other programs I have mentioned, I would like to emphasize some of the established programs of the Student Council. The Traffic Program is one that needs continual work and supervision. Our Athletic Recruiting Program is also one which can add strength to our athletic system in future years.

All these programs are the ones that I feel Tech needs to enable it to continue to keep pace with the changing times. Since they are important, I have made them the basic points in my platform.

NOT EVEN WIND CAN STOP 'EM—A strong West Texas wind seemingly proved no obstacle to this couple attending Thursday's campaign rally. Perhaps the girl received a lift to obtain a better view of campaign proceedings or merely to provide a balance against the winds. —Staff Photo

## Strickland Sees Small Minority

Will we ever have another chance? If so, when? Do you really care if we have another chance? If so, read on.

Will we let a small minority of students set the policies and procedures of this campus for another term of office? I hope not. Will we continue to permit the leaders to blame the lack of voting on students' indifference? Again I hope not.

The main question is, will we face the following true fact?—We have never had a real reason to vote, mainly because of the self-centered policies and practices of this small minority.

As you read you will be able to understand how my platform isn't constructed to make me sound popular — because frankly, I'm not for everything that is "popular." I stand for the issues that back the rights of every Tech student.

First, I will inform students with a President's Column in THE DAILY TOREADOR, giving factual information of Student Council and administrative decisions and viewpoints.

Secondly, I will earnestly seek possible solutions to the growing parking problem.

Thirdly, I am not completely against a tuition hike if scholarships and other benefits are provided to balance the extra expense, but I will personally lead a campaign against any action that does not enhance the Tech student.

Fourthly, I will use any influence I have to obtain student rates at local theaters.

Other areas of my platform are: further stressing of honors program, hush discontentment about dorm food, reconstruct girls' restriction codes and eliminate out-of-date restrictions, ballot boxes in each dorm, something done about the name change, obtain athletic intergration if Techsians want it and continue study of purposes of class officers.

My platform also includes: unifying Tech organizations to work for advancement of Tech, obtain big - name speakers, raise money for name marker at campus entrance, make Model UN an annual event and work with IFC and Panhellenic to promote TB fund drive.

Let me ask you to study each candidate's platform and make a decision on your own. Then vote.

## Prexy Candidates List Qualifications

### Royal Furgeson QUALIFICATIONS

- ✓ Two-year member of the Student Council, serving on Publications Committee and Athletic Recruiting Committee
- ✓ Saddle Tramps
- ✓ Who's Who in American Colleges and Universities
- ✓ Varsity Basketball Letterman
- ✓ Interfraternity Council
- ✓ Honors Program in English
- ✓ Leadership Recognition in All-College Service
- ✓ High School Senior Class President
- ✓ Sports Editor of High School Annual
- ✓ National Honor Society
- ✓ High School Varsity Basketball

### Gary Strickland QUALIFICATIONS

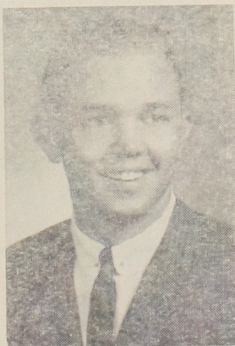

- ✓ Engineering Representative on Student Council
- ✓ Chairman of Class Committee Student Council
- ✓ Co-Chairman of WUS
- ✓ President of Sophomore Class (61-62)
- ✓ Vice President of social Fraternity
- ✓ Activities Chairman of social Fraternity
- ✓ Member of IFC
- ✓ Member of BSO
- ✓ Member of Alpha Phi Omega (service fraternity)
- ✓ On Committees at BSU
- ✓ Participation in advance ROTC
- ✓ Cheerleader in High School
- ✓ Student Council in High School

## President's Duties

- Preside over meetings of the Student Association.
- Serve as presiding officer for the Student Council.
- Be chairman of the Executive Committee.
- See that rules and regulations are executed.
- Appoint all committee personnel not otherwise provided for in the Constitution.

# STRICKLAND

# ROYAL FURGESON FOR

# PRESIDENT COMPARE AND VOTE

# VP Hopefuls Give Platforms

**James Cole**

I propose to work for a compulsory evaluation of the faculty in the hope that such evaluations, if required, will make department heads more aware of teacher deficiencies. I also propose to work for increased student voice in the area of determining, to some degree, academic policy.

I propose to do this by working for joint student-faculty committees on which student opinion is voiced as to departmental policies. I propose to work for ad-

ministrative convocations at which the administration explains its policies and then subjects itself to question and answer periods about administrative matters.

I propose to work this summer on the feasibility and value of a book swap and then incorporate it next year if it is a good proposal for Tech students. I propose a very active name change program to the point of student referendum votes.

I propose to study our freshman orientation program and try to come up with a better orienta-

tion into the areas of campus activity, student life, and school spirit.

My qualifications are as follows:

President of Wells Hall in 1961-62, vice president of Men's Residence Council in 1961-62, member of Saddle Tramps, president of BSO in 1962-63, student council in 1962-63, chairman of the traffic committee, member of the elections committee, Who's Who in American Colleges and Universities, 1962-63, College Awards Board member, Tech Union Board member, committee on student organizations member.

**Doug Gibbins**

I would like to decrease student apathy through more student participation in Student Council and student government.

I propose to do pioneer work toward athletic integration. I also propose to continue and improve upon the athletic academic recruiting program.

I propose to study fraternity and sorority lodging plans and formulate some ideas and plans that would be workable in the future. Also, I would like to find more definite and satisfactory reasons for the tuition hike before we let it be put into effect.

My qualifications are as follows:

Chairman of the special events committee, in charge of the Freshman Dance and Freshman Convocation during freshman year; Games and Tournaments Committee at Tech Union; Wells Hall Social chairman in 1960; Campus Religious Council in 1961; secretary of the Double T Assn.; president of junior class in 1962-63; member of Phi Delta Theta; member of the Saddle Tramps; member of Phi Epsilon Kappa.

# Botkin, Cornell Compete

**Ronnie Botkin**

The position of Business Manager of the Student Association is usually greatly underrated by the average student. Only at election time is anything really heard about the office. The position requires a great deal of work, and only with prior experience on the Student Council and a working knowledge of the duties of the office would anyone be able to do the job correctly and efficiently.

I feel that by being a member of the Student Council and working on the Allocations Committee I have gained the needed experience and knowledge. The responsibilities of the position are great and I think that I will be able to deal with any situation that might arise with the best interest of the students and Texas Tech in mind.

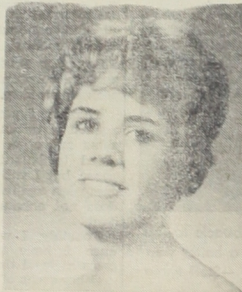

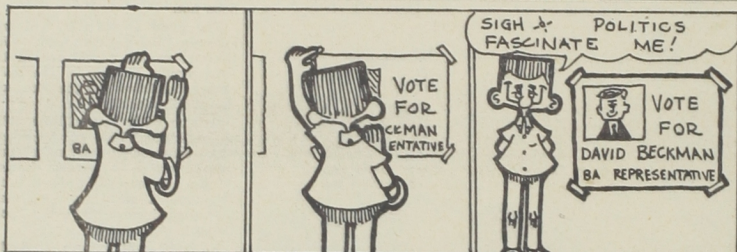

If you choose to select me as Business Manager of the Student Association, I will serve you and this 'university' to the best of my ability.

Jess Cornell is also a candidate for Student Council business manager. His platform does not appear as he failed to submit it to the Toreador by Thursday's deadline.

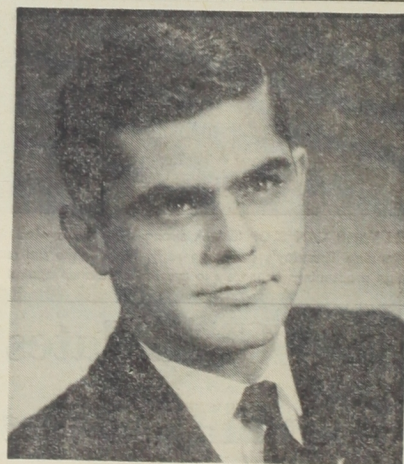

## VP Duties

- Perform the duties of the President in the event of his absence or inability;
- Succeed to the Presidency in the event that the office should become vacant;
- Perform such duties as designated by the President or the Council;
- Be in charge of the annual school trip.
- Keep a complete and accurate record of all financial transactions of the Student Association.
- Serve as chairman of the Allocations Committee of the Student Council.
- Direct the financial activities of the varsity yell leaders.
- Educate all yell leader candidates in regard to the responsibilities and limitations of their positions.
- Be responsible for the approval of all money-making activities of the four undergraduate classes.
- Write an article to be printed in the TOREADOR during the month of December of each year to inform all students graduating at the end of the first semester of the deadline for submitting requests to the office of room reservations for the return of their room deposits.

**Bill Honey - A&S Rep.**

**PRICE  
IS  
RIGHT  
for  
SEC.**

**REMEMBER**...  
**TO VOTE!**

**Pat Hamilton**  
*Secretarial Candidate*

In both leadership and service capacities, I have served and am serving Texas Tech:

**Through school** — I have worked in the Home Economics Club,

and am past CANDLE Editor and incoming President of Phi Upsilon Omicron.

**Through organizations** — I am a member of President's Hostesses, will be a legislator of Doak Hall, and have recently been selected to membership in Mortar Board.

**Through Student Council** — I have served on the Elections, Current Events, and Allocations committees.

If elected your Secretary, I would like to accomplish the following things during my term of office.

- Continue the present secretary's program of opening up the campaigns and putting the candidates in front of the voters.
- Make arrangements so that all counting of votes can be done by IBM computer. This would insure fast and accurate tabulation of votes.
- Hold Freshman Council elections as early as possible in the fall so they may work on a more united freshman class; they could reserve a section of the football stadium for the freshmen whose enthusiasm might boost our school spirit.

**Cecile Camp**  
*Secretarial Candidate*

My qualifications for Student Council secretary are: EXTENSIVE secretarial training, GOVERNMENT minor, EIGHT consecutive year's service on student councils.

My platform is:  
 Ready to serve YOU in:  
 1. Better communications for a better Tech—

- Council members should report back to their organizations
- Minutes of meetings should be printed in the TOREADOR

DOR

2. Fairer elections for a better Tech—

- Re-evaluation of officer qualifications
- Filling cheerleader and class officer vacancies

3. More special events for a better Tech—

- Another all-school program such as the Model U.N.
- Top national speakers

4. Safer traffic for a better Tech—

- Let the students decide

**Judy Price**  
*Secretarial Candidate*

Qualifications:  
 Student Council 62-63, Elections Committee 62-63, Recognized by Student Council for leadership,

Freshman Council 60-61, Junior Council, Sigma Kappa, Phi Gamma Nu, Pi Delta Phi, President's Hostesses.

As Secretary of the Association, improved communications would be one of my goals. As a member of the election committee this year, lack of student interest in campus elections has been painfully evident. Campus positions are often filled by a very small percentage of voters. Integration of students into Tech's student government could be achieved through a coordinated program with the TOREADOR.

I would also work this summer with IBM in the Engineering Department to set up a program for elections. All elections then would be held on IBM cards and counting would be done electronically.

★ **Office Duties** ★

The secretary's duties are:

KEEP the minutes of meetings of the Student Association and of the Student Council; BE responsible for the maintenance and preservation of the official version of the Student Association constitution and all rules and regulations of the Student Association; SEE that a copy of the official version of the constitution and all rules and regulations of the Student Association remain on file in the office of the president of the college; SEND a copy of the minutes of each meeting to the following: President of the College, Dean of Student Life, Dean of Men, Dean of Women, Student Council sponsor, Vice President and Comptroller, Academic Vice President.

AT all times maintain and preserve the official copies of the Student Association constitution and bylaws in the Student Council office.

# Cheerleader Candidates

## And Duties

Candidates for cheerleader are Carolyn Buxton, Linda Edie, Carol Fursman, Gay Gillespie, Jeannine Jones, Nelda McQuien, Camella Moore, Kathy Osthoff, Sandy Sample and Jami Steinhoff.

Other candidates are Myrna Stephenson, Lynn Wallace, Dennis Ashmore, Mike Bohn, Smiley Irvin, James Perry, John Ward and Bobby King.

Those persons elected will:

- Be responsible for all Texas Tech pep rallies
- Coordinate the generation of enthusiasm at all recognized college athletic events
- Be responsible for furnishing a representative to the Southwest Conference Sportsmanship Committee
- Encourage good sportsmanship on the campus
- Be responsible to the business manager for the management of their finances
- Elect, from their number, a

head cheerleader who shall be a male student and shall serve as their chairman.

**PRICE IS RIGHT for SEC.**

# It Takes More Than Yelling To Be A Tech Cheerleader

Lots of people can yell and cheer with gusto when the Red Raiders go over for a touchdown. Quite a few can turn flips, inspire enthusiasm and attend all athletic events.

But there are a few special qualities, perhaps best classified under the term, gung-ho, that sets a good cheerleader apart from the football crowd.

Special qualities don't include regular cheerleader duties such as coordinating pep rallies and being on hand at ballgames.

One Tech cheerleader called it a year-round job. "A cheerleader must attend teas for visiting athletes, entertain visiting yell leaders and when away, attend all planned functions at other schools," she said.

High on her list on what makes a cheerleader really go is being able to perform yells well, en-

thusiasm, and devotion.

"A good cheerleader above all to develop sportsmanship and his enjoys cheerleading," she reflects. "He should at all times strive to develop sportsmanship and his own potential to its fullest."

## Industrial Engineers Win First

Industrial engineering department took its fifth straight first place in the recent Science and Engineering Show.

Industrial engineering exhibits demonstrated techniques in production control, plant design, materials handling, work measurement, statistical quality control, product design, manufacturing analysis and organizations research.

Displays in the 31st SE annual show were judged on appeal to the public, explanation of department curriculum and presentation of exhibits.

The industrial engineering display received 3,705 points of a possible 4,000.

Bud Lanham was chairman of the department's exhibit. American Institute of Industrial Engineers and Alpha Pi Mu set up the displays.

**READY TO STOMP**—Judy Richards, junior, and Bob Fouts, senior, are all decked out for the Phi Mu western dance 8-11:30 p.m. today. Jimmy Heap's Band will play for the open dance at Vann's Catering Service. —Staff Photo

## Delegations Plan Trips

Delegates from Tech's history department will scatter to state and regional history meetings in Austin and Albuquerque this weekend and next.

Four faculty members will represent Tech at the Texas State Historical Assn. meeting this weekend. The Austin meet begins today and continues through Saturday. Dr. David Vigness, department head; Dr. Ernest Wallace, professor; Billy Mac Jones, instructor and Richard Marcum, teaching assistant, will attend.

Tech's chapter of Phi Alpha Theta, history honorary, will send five representatives to a regional meeting in Albuquerque, N.M., Friday and Saturday, May 3-4.

Attending will be Dr. Paul Woods, history professor, and Lt. Col. George R. Hull, professor of air science.

Ronald Benson, teaching assistant, will present a paper on the Hay-Pauncefote treaty.

Nancy Vincent, Alpha Theta president, and Sarah Gaston, Austin junior, are Tech's student representatives.

## Why Do You Read So Slowly?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement" mailed free to anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept 9894, Chicago 14, Illinois. A postcard will do.

## Zsa Zsa Stars In Union Show

**Mel Ferrer and Zsa Zsa Gabor** star in "Lili," a technicolor movie, at 4 p.m. and 8 p.m. today and 2:30 p.m. Sunday in Tech Union Coronado Room. The Special Events Committee is sponsor.

## Grads Discuss Negro Novelist

Grover Lewis and Nolan Porterfield, graduate English students, will lead the discussion at today's Noon Forum in the Tech Union Blue Room.

Discussion topic is contemporary Negro novelist, James Baldwin. Baldwin is author of "Another Country."

## Purdue Prof Lectures On European Market

Competition from the European Common Market will force the U.S. to move rapidly if it is to hold onto its world markets or consider expanding them, according to Dr. James Greene, industrial engineer and visiting lecturer at Tech.

His ideas may carry some special weight since he has recently been a consultant to the European Production Agency, a division of the Common Market's organization.

"The U.S. must find ways to produce goods with more efficiency," he declared. "This presents a challenge to our industrial engineers."

Dr. Greene, a Purdue University professor, is spending three days, Monday through Wednesday, at Tech. He is conducting seminars in general industrial engineering research, production control and operations research.

## Positions Open For L-V Staff

Applications are now being accepted for associate editor, copy editor and staff artist for next year's La Ventana.

Students interested in these positions should write a letter giving their qualifications, past experience on an annual or newspaper, why they want the job and any new ideas they may have for next year's La Ventana.

Past experience is not necessary, but preferable. Applications should be turned in to the La Ventana office or to either Johnnie Lu Raborn or Travis Peterson by May 1.

These are paid positions, and applicants should be willing to put in a great deal of time.

### HONORARY MEETS

Psi Chi, psychology honorary, will meet at noon today in Tech Union, Elmer's Lounge. The group will initiate members and present a slate of officers. Those attending must sign up in the psychology office, X-31.

**SURROUNDED**—Carol McCormick, Ennis sophomore, was surrounded by cadets from England's Royal Air Force after their captain said, "If I were you blokes, I wouldn't let these ladies sit alone."

## As I see it . . .

by johnnie lu raborn

"You think we speak the same language, but we don't," said one cadet from Cranwell, the Royal Air Force Academy in England. I had to agree with him.

Tech's Angel Flight was visiting the Air Force Academy in Colorado Springs. Some were dated with English cadets, who were also visiting. It was a real education.

For years, I've heard the English stereotype came out with "jolly good," "old chap" and "ra-ther." They are all true with the addition of an occasional "quite" and "Oh, my yes."

In England, you are not "out to lunch" but "around the corner." When we have a lousy date he is called "cull" or "bad head," but Cranwell calls them "grimmies."

### 'MAKING OUT'

It is a mystery how they got it but "cupeake" is said for "making out." Tennis shoes are called "blimp shoes," and a resounding "dash it" means darn or damn.

We Americans take much for granted. These cadets had never seen a drive-in movie or drive-in restaurant. Motels were also new, for they don't exist in England. Some of the guys got their first taste of pizza, Mexican food and pretzels. They didn't like it.

### 'STATUS SYMBOL'

It is a status at our Air Force Academy for the "firsties" or seniors to have Sting Ray Corvettes. That vast parking lot is full of them. I didn't see five cars under two years of age. The Cranwell "chaps" find it "marvelous" to get to ride bicycles when seniors. They do have cars, but generally these are somewhere in the 30's models. A car 10 years old is relatively new.

I did notice one thing about the cadets as a group. They abounded with national pride. One said, "There will always be an England." To which some of the U.S. cadets sort of laughed. A Cranwell "troop" recounted with a "Don't scoff at it, national pride is a wonderful thing." Their pride was so emphasized that it made me wonder if we "came over" the same way about our country.

On Saturday night, a formal ball was given for our flight, Cranwell and first classmen (seniors) at the academy.

The British boys taught us one way to live up a rather stiff dance. During one of the songs, one Cranwell "troop" yelled "Ants." The cadets immediately fell down on the floor, rolled over on their backs and kicked their feet and arms into the air. At the sound "dead ants," the legs and arms went stiff. Rather quaint, I'd say, but still effective enough to break everyone up.

### GHOUL POOL

The Angels with U.S. Academy dates were wondering that night if they were included in the "ghoul pool." It goes like this. The academy hosts arrangements for blind dates for the formals. Cadets within each squadron enter a "pool" for 25 cents. At the dance, squadron officers act as judges and dance with the dates of each cadet entered in the pool. Afterwards, these officers decide which had the worst date and he wins the money. If we did it here, I would be rich.

### AS I SEE IT

Sigma Kappa will choose a "Mr. Pledge" at 8 p.m. today in the National Guard Armory. Mr. Pledge will be chosen from fraternity pledges. The Caravans will play for the all-school dance.

Phi Mu will have a western stomp, 8-11:30 p.m. at Vann's Catering Service. The open dance will feature Jimmy Heap's band. Tech Union also is having a western dance from 8-11:30 p.m. in the Ballroom. Jimmy Mackey is playing.

### KAPPA KAPPA GAMMA

An informal "German Beer Garden" will be the setting for the Kappa Kappa Gamma dinner dance at 6:30-11:30 p.m. today.

Delta Sigma Pi will have its Rose Dance from 7:30-12 p.m. Saturday at the Pioneer Hotel.

Newman Club will go on a picnic Sunday to Palo Duro Canyon.

# Red-White Skirmish Ends Spring Training

## Scarborough, Ben Elledge Opposing QBs

By ARTIE SHAW  
Toreador Sports Editor

A pair of shining freshman quarterback prospects will be opposing each other at 4 p.m. in Saturday's final spring training scrimmage.

Featured will be Danny Scarborough of Quanah and Ben Elledge of Brownwood.

The annual contest is the rubber game of the series, as the Reds jumped to a quick two-game advantage, only to have it taken away from them in the last two outings by the underdog Whites.

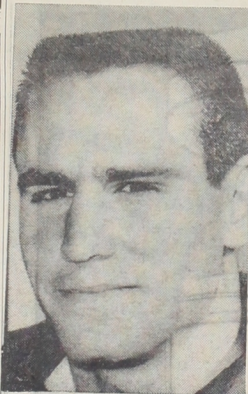

Two upperclassmen quarterbacks, Bill Worley of Midland and James Ellis of Lubbock, underwent knee surgery in December and will probably not see action, although they will be suited.

### Statisticians Overworked

With both the Reds and the Whites threatening to "loosen-up" their previously tight offenses, the stress could be worse on the statisticians than on any one else.

Last week the Reds gathered 364 yards of total offense in a losing cause, while the Whites haled and threw for 277 in their 20-12 victory.

Long gainers have been the word of the day thus far, and any

BILL WORLEY

. . . Will not see action

more would be just icing for the cake.

Jim Zanios, Albuquerque fullback, for example, took a handoff from Red quarterback Ben Elledge and raced 52 yards off tackle in a spectacular gainer.

Elledge connected on two long passes, one to all-Southwest Conference end, David Parks, for 44 yards and another to Stimmert halfback, Donny Anderson, for 41 yards.

For the rubber game, each having won two contests, lineups will be exactly the same as last week. There may be a trade at halfback between David Baugh of Rotan, a Red last week and Jimmy Edwards of Roysie City, who played for the White squad last week.

Admission is \$1 for adults, 50 cents for students and Tech students will be admitted by showing their identification cards.

### Traffic and Security

The staff is comprised of a chief, 10 commissioned officers, one night sergeant, two radio operators, one secretary, one clerk and two part-time employees. There are three radio-controlled patrol cars. In October, 1962, there were 6,240 cars registered to park on campus.

## Tech Linksmen Meet UT At Meadowbrook

Texas Tech, in an effort to get back into the Southwest Conference golf race, engages the University of Texas here on Lubbock's Meadowbrook golf course today.

Tee-off time at Meadowbrook is 12:30 p.m.

Coach Jay McClure's linksmen, 4½-1½ losers to Texas Christian University here Monday, will also be motivated by a desire for revenge. Texas sports five lettermen from the squad that downed the Red Raiders 5-1 in Austin last year.

Texas Tech currently has a 14½-9½ standard. The Raiders lost to Texas A&M, knocked off Rice 6-0 and defeated Baylor 5-1 before dropping the match to TCU.

Texas' players will probably be Bill Munn of Midland, Randy Geiselman of Houston, Oscar Goode of Austin and Pat Thompson of Mission.

Texas Tech golfers for the match will probably be Bruce Dobie of Worcester, Mass., Richard Yates of Corpus Christi, Housty Brewer of Andrews and Jim Davidson of San Angelo.

Yates is Texas amateur champ, and lost his first-SWC match of the year to Jack Montgomery of TCU last week.

# Tech Netters Challenge Rice, Texas In Important Matches

Texas Tech tennis players, in their next two matches, have a chance to influence the outcome of the Southwest Conference championship campaign.

In successive matches—against Rice University here Saturday and against University of Texas in Austin Monday—the Red Raiders tackle the teams currently sharing the lead.

Coach George Philbrick's netters, besides playing the role of potential spoilers will be out to guarantee or better their own third place position. Tech is 14-4 following wins over Baylor University 5-1 and Texas Christian University 6-0 and a split with Southern Methodist University 3-3.

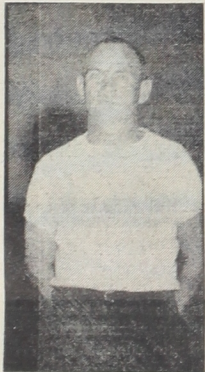

Raiders' netters will be Daryl Allison of Lubbock, Greer Kothmann of Junction, Beau Sutherland of Kerville and Robert Peterson of Wichita Falls.

Rice University is led by the 1962 Southwest Conference finalist in both singles and doubles, Fritz Schunck. The Owls, coached by Sammy Giamalva, are defending Southwest Conference team champions.

Last year Rice downed Tech 6-0, and the Longhorns battled the Raiders to a 3-3 draw.

A re-match of last year's SWC finals doubles match, won by Allison and Sutherland over Schunck and DeEdward Greer, has been virtually ruled out by re-pairings on both teams.

Matches, on the Varsity Courts, will start at 1:30 p.m. The public is invited free of charge, Coach Philbrick pointed out.

GEORGE PHILBRICK  
... Tech tennis coach

## Pics Down AFB, 20-12

Texas Tech's Picadors picked up their eighth win of the season Wednesday as they ran away from Reese Air Force Base, 20-12.

The game, which took three hours and twenty minutes to play, was called at the top of the ninth inning due to darkness. Tech slammed out 17 hits, as converted basketballer Dadid Schmidly picked up his first mound victory of the season. Schmidly pitched the first four innings and left the game with a 15-5 lead. In his four innings stint, Schmidly allowed only four hits, while striking out six and walking three.

The Picadors were led at the plate by second-baseman Buzz Henderson, who collected four hits out of five at bats. Jim Murrell and Ronnie Holly drove in the most runs with five RBI's apiece.

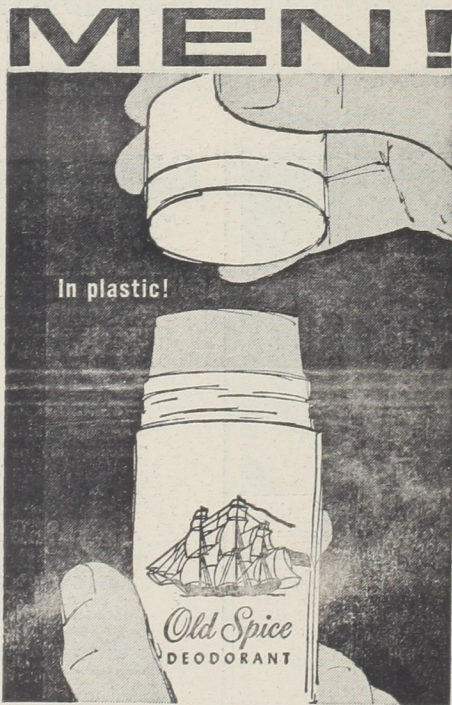

"FLORA-SCENT" makes The Perfect MOTHER'S DAY Gift

## Raiders Visit Highlands Nine

Two improved baseball teams—Texas Tech and Highlands University—clash in a doubleheader at Las Vegas today.

Since Texas Tech posted a pair of wins, 5-2 and 3-0, here earlier this month, the Cowboys have won six straight and now are 10-10 for the season.

The Red Raiders have a three-game streak, and five of the six, going for them. Their only loss came at the hands of the Abilene Christian College nine. Other wins are the twin-killing of Highlands and a double victory over ENMU.

# Woman's World

Society Editor - Johnnie Lu Raborn  
Asst. Society Editor - Gretchen Pollard

The Toreador - Tuesday, April 2, 1963

Any woman's world naturally includes the fashions she wears. The Daily Toreador, with Johnnie Lu Raborn, Society Editor, as co-ordinator, will present a preview of spring fashions today at 7:30 p.m. in the Coronado Room of the Tech Union. The Tech coeds appearing on these pages and the outfits they are wearing will be featured.

A TOAST TO ELEGANCE ... Tech's Best Dressed, Claire Adamson shows the long stemmed look of "after 6" full-length fashion. Her Suzy Perette silk "surrah" has oversized splash print of plum on white. The 108 inch scarf can be used as drape, or hood. The high fashion look is from DUNLAP'S.

GOING TO Press ... Actually, there is little pressing to Sandy Assiter's Railroad Engineer Wrap around shirt of grey and white stripes. The white oxford cloth button down shirt can serve double duty on this crew and is topped off with a scarlet silk scarf at the neck. Her casual outfit is from the TRADITIONAL SHOP.

A LITTLE EARLY FOR SWIMMING ... says Carolyn McDuff but not to early to sun in her Americana red knit swim suit designed by Oleg Cassini for Peter Pan. The one piece "maillot" has contured legs and a new "two-piece" look in the back for sun-bathing. The suit is featured at DUNLAP'S.

# Spring Fashions Feature

## Stand-outs, Standbys

STEPPING UP THE FASHIONS ... is Susan Manning in a jonquil yellow "Shaft". The all cotton dress by Mamselle is worn in the East as a school dress and could be easily converted to such in this part of the country. Her slim lined outfit can be found at MARGARETS.

By: Charles Richards and Max Jennings

It seems as if every modern Young Miss treading in the fashion world is three people, completely unrelated in every way, except possibly name and history.

For example, there's this girl I used to know...

I met her in the usual way... you know, coffee in the Union after we walked out of class talking about the lecture and all that stuff. She had everything, the works, Fluffy hair blended into a multitude of colors, the oft-washed but dingy tennis shoes just beginning to split across the top of the foot, the wrap-around skirt that was at times breath taking in the gusty spring wind... Yeah, this girl had IT!

I lit up her brown Turkish cigarette, gazed into her sparkling green eyes flecked with black. And I did it.

"How 'bout a date...tonight... 7:30...anywhere...with you?"

"Okay, see ya then."

She snubbed out the cigarette and left silently on her sneakered feet, that wrap-around swishing to expose a bare knee as she walked.

And 7:30 came. Pushed the door open to Horn (I can't ever remember which one opens) and walked into the lobby in my natural shoulder suit.

She had said she would be right down when I called but the only girl who came down was fine, fine... but she wasn't the one. I watched, with relish, as she came walking toward me. I wasn't surprised at her black loafers and bobby socks. That's what all the rest of the girls wore-- everywhere-- to everything. But I knew my date wouldn't, not this time... we were going dancing. This date was costing me a pile of money but it would be worth it.

But she kept walking toward me, flashing green eye shadow everytime she blinked.

"You ready to go," she said. And she was talking to me. Was this the same girl I met in the Union? The one I had a

date with tonight?

"Er, sure I said...uh, you look nice." But I just couldn't help glancing at her sweater, which dropped to a point somewhere between her waist and her knees. There wasn't any doubt about the knee bit, because they were showing, all of them. She must have been a basketball player, I thought, eyeing the scars.

And this time her hair was swept back over one ear, and she looked about 10 years older than she had earlier in the day.

But, I thought, I'm a man, and this Tech "fashion," I just don't know.

The next night I had the nerve to make a surprise visit. Sure she said. She came tripping lightly down the stairs. I was prepared this time... for the hair in curlers... for the sloppy blouse hanging over her bermudas... for everything except that giant bubble that came billowing between her lips... bubble gum?

But I'm just a man. This is the going fashion and ...

FASHIONABLE LEISURE ... Relaxing with Coco, a French poodle, is Val Garner in her Italian imported sports outfit. The black pants are silk "Beueberg" with a black and white ribbon braid top. Completing the ensemble are black small heel shoes all available at GODWINS.

RELAXING AT HOME ... Jan Cone can stay in style while being comfortable in her bermuda shorts by Jack Winter. The white cotton shorts are topped off with a Stag knitabout shirt in black, white and taupe stripes. Her costume is from HEMPHILL-WELLS.

READY FOR EASTER ... Ethel Glasscock chose a cotton tweed plaid walking suit as her own. The sheath dress and cape coat were modeled by Ethel in a VOGUE style show for Hemphill-Wells. Accenting the outfit are red shoes and bag plus a perky black straw hat.

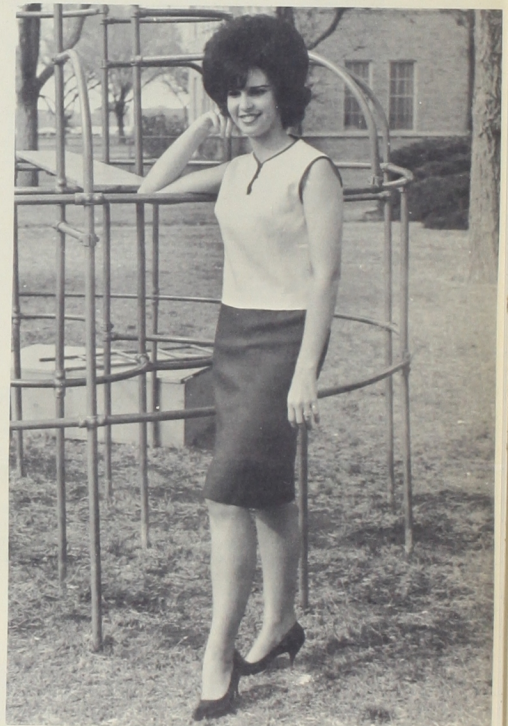

GIRL ON DIVING BOARD ... Carolyn Horschler enjoys a windless day on the Plains by perching on a diving board in her waterfall print swimsuit by Cabana. The one piece red and white suit has a matching cotton voile beach jacket and hood. The suit is from MARGARET'S.

SPRING FOOTBALL WORKOUTS ... draws many observers and here Jodi Conway looks over the team in a multi-colored stripe shift by Villager. The casual dress knits in at the waist with a tie belt. Her dress is from the TRADITIONAL SHOP.

*So Easy To Be Chic,  
In College A Must*

CASUALLY ELEGANT ... is the word for Linda Nolan's two piece date dress. The Robert Sloan creation is in pink and raspberry moygashel linen with skirt and overblouse. Her outfit is from GODWINS.

**SNOWING IN APRIL?**—No, most Tech coeds just wore white on Women's Day Tuesday. The campus turned nearly all white as Tech women wore the traditional attire for the day. Some coeds indicated they would have worn white if the special day had been after spring vacation and a trip home for spring wardrobes.  
—Staff Photo.

## Engagements...

Barbara Boswell, Houston junior, and Harry Moore, Coleman junior, announce their engagement. Barbara, a WSO member, is a home economics major and Harry is majoring in electrical engineering. He is a member of Alpha Phi Omega, service fraternity. The wedding is set for April 13 in Houston.

Another spring wedding! Ferrelene Peterson, sophomore from Lorenzo, is engaged to Phil Suitt, junior from Lubbock. A Zeta Tau Alpha pledge, Ferrelene is majoring in secondary education, with a teaching major in English. Phil is majoring in civil engineering. He is a member of Kappa Alpha Order. The wedding will be May 30.

Ginger Vinson and Tony Sutton announce their engagement. Ginger is a freshman from Dallas majoring in elementary education, and Tony, Lubbock sophomore, is an industrial management major. The wedding date has not been set.

## On Grizzly Bears

# Tech Grad Publishes New Children's Book

Mrs. Gustave Ivan, Tech graduate, has had a book published entitled "Track The Grizzly Down."

The authoress, now chairman of the English department at Kilgore Junior College, obtained her B.A. and M.A. degrees from Tech.

The book was written in collaboration with her husband, Gustave Ivan, under the pseudonym of Gus Tavo.

"Track The Grizzly Down" is an authentic, colorful and vivid story of a Texas family who set up a homestead in Wyoming in the 1880's, according to Alfred-A-Knopf, Inc. publishers. The book is for 17-year-olds and up.

The couple met and married in Kilgore, where Ivan was a member of the faculty. The authors have had two previous books published entitled "Hunt The Mountain Lion" and "The Buffalo Are Running."

Both books were selected in 1960 by the Austin Chapter of Theta Sigma Phi, national fraternity of journalism for women, as two of the five outstanding juvenile books by Texas authors.

# Get Lucky Play "Crazy Questions"

(Based on the hilarious book "The Question Man.")

**50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:** First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below; then do your own. Send them, with your name, address, college and class, to **GET LUCKY**, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded \$25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a \$25.00 bonus. Enter as often as you like. Start right now!

**RULES:** The Reuben H. Donnelley Corp. will judge entries on the basis of humor (up to 1/2), clarity and freshness (up to 1/2), and appropriateness (up to 1/2), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelley, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

Adapted From Novel

# Southern Childhood Life Revealed In 'Mockingbird'

By NANCY MILLER  
Toreador Amusements Editor

Summertime, with its long days and heavy sweet nights, is a time of childhood. The pace slows almost to a halt, life takes on a ripe quality, and through it all runs a thread of half-remembered days and half-forgotten dreams.

And so it is in "To Kill a Mockingbird." Set in the deep Southern town of Maycomb, Alabama, during a dreamy mid-summer, the movie deals with rape and race relations in a manner not of violence but of timelessness.

"To Kill a Mockingbird" has two outstanding qualities: its story and its overall mood. Adapted from Harper Lee's Pulitzer Prize-winning novel, it is the story of a trial, in which a Negro is accused of assaulting and raping a white woman. Atticus Finch, adequately played by Gregory Peck, is chosen to defend the Negro. And his two children, Jem and Scout, find their lives tangled in the case because their father's life is tangled in it.

The Finch family is not alone. Jem and Scout have long been puzzled by Boo Radley, near-legendary person who lives in a shuttered house on the corner of their street, and who is rumored to have committed crimes so unspeakable that he never ventures outside. Their curiosity is such that it leads them to dare each other to run up and touch the house and to sneak up at night to try to get a look at Boo. And when the rape case so involves them that their lives are threatened, they find that they have, in Boo Radley, a friend.

Gregory Peck, as Atticus Finch,

is good insofar as his rather limited acting ability goes. As the quiet lawyer trying to rear his two motherless children and uphold what he believes is right, he does his best job to date in the courtroom scene.

Mary Badham, as his six-year-old daughter Scout, also does a good job, although at times her acting seems to be nothing so much as a series of carefully arranged expressions.

The show is worth seeing, especially if you've read the book. The dreamy quality is a rarity in movies and the story is excellent. And if you've ever climbed trees, been afraid of ghosts, or spent the

summer in a tree house, you'll remember and smile, because the children are all the children that have ever lived.

## Dorms Show Peyton Place

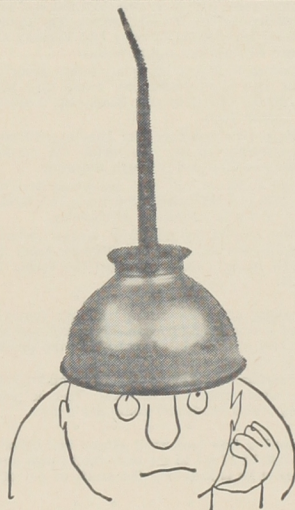

The movie "Peyton Place" will be shown at 7:30 p.m. Wednesday and Thursday in the Carpenter - Wells cafeteria. Admission to the Cinemascope film will be 25 cents.

"BEST VOCAL GROUP" — The Four Freshmen will appear at 7:30 p.m. Thursday in the Municipal Auditorium. Admission is 75 cents for Tech students, \$1 for faculty and other students, and \$2 general admission. The group is sponsored by the Special Events Committee of Tech Union.

## ROOM FOR 2 MORE!

The summer tour to Europe was filled last week. Saturday Mrs. Strout received notice that ship space for two more had been allotted to her. This must be signed for promptly or it will be reassigned to some other group. If interested, check at once with Mrs. Strout, C&O 115.

Mennen Spray delivers 3 times the anti-perspirant power of any other leading men's deodorant. The fine spray mist gets through to the skin where perspiration starts. Deodorizes. Effectively. And works all day. Is it any wonder more men use Mennen Spray in the handy squeeze bottle than any other deodorant?

# SPORTS X-RAY

by Ray Finfer

Texas Tech's athletic teams will be making good use of the spring holidays beginning Saturday to get in a lot of competition without missing classes.

Don Spark's team will cover the most miles of any squad as they trek off to Mexico for two, two-day meets. The Raiders will compete in the Monterey Invitational Monday and Tuesday and in a similar meet in Mexico City Friday and Saturday.

Coach George Philbrick takes his tennis team to Abilene for a return match with Hardin-Simmons, whom they beat Monday, and then on to Abilene Christian and Beaumont Wednesday and Thursday to meet Lamar Tech.

Tech golfers, victorious over Rice Monday, will take time out from their busy conference schedule to tackle the All-America Intercollegiate at Houston Thursday through Saturday.

Coach Berl Huffman will pack his baseballers off to Alpine for three games with baseball-minded Sul Ross. The Raiders play a single game Tuesday and a doubleheader Wednesday.

Footballers, now in the middle of spring training, will go home, which I would imagine is a welcome place for them. They will resume workouts April 16 with an eye toward the spring training wind-up game April 27.

And speaking of Tech's spring training games, the scrimmage Saturday was a fine head-knocker. From my vantage-point high in the pressbox (out of the rain), I could hear the sound of leather popping, which is a grand sound to coaches.

Danny Scarborough, Donny Anderson and David Parks looked great — the whole team looked great. Tech is going to be giving some opposing teams headaches come September.

Tech signed a fine basketball player in Lubbock High's Danny Davis. Davis will be of aid to the basketball squad and to the baseball team. Right now he is knocking the stuffings out of balls in district play.

Some of the state's finest will show their wares Friday and Saturday at the Texas Relays. Abilene Christian will be out trying to grab off its sixth meet of the season. Tech will send a squad of varsity and freshmen to the meet. The Tech Picadors seem to be chomping at the bit to prove to everyone that their defeat of ACC's freshmen was not a fluke.

## Golf, Tennis Teams Crush Rice, H-S U

Texas amateur champ, Richard Yates, led the Red Raider golfers to a sweeping 6-0 victory over Rice at Houston Monday.

Yates shot a 74 to defeat Rice's top linksman, Jack Creel, 5 and 3. Housty Brewer, with a 78, toppled Jim Crownover, 5 and 4. Yates and Brewer combined to win the best ball, 3 and 2, over Creel and Crownover.

Bruce Dobbie defeated Vic Anderson in a close match, 1-up. Jim Davidson stomped Don Fizer, 5 and 7. Dobbie and Davidson won their best ball competition handily at 6 and 5.

The Raiders now stand 1-1 in conference play and will take on Baylor in a loop duel Friday at the Meadowbrook Country Club in Mackinzie Park.

After rain postponed a tennis match with Abilene Christian Saturday, the Texas Tech netters met another Abilene school, Hardin-Simmons University, Monday and defeated them, 6-0.

The Raiders lost only one set in whitewashing the Pokes. Tech's number one player, Daryl Allison, lost his first set to Johnny Paylor, 4-6, but came back to win 6-3 and 6-1.

Other Tech victories included: Beau Sutherland defeated Larry Bates, 6-0, 6-0.

Greer Kothmann defeated Jim Birdwell, 6-0, 6-3.

Robert Peterson defeated Gary McBrayer, 6-0, 6-0.

Allison - Sutherland defeated Paylor - Birdwell, 6-1, 11-9.

Peterson - Kothmann defeated Bates - McBrayer, 6-0, 6-1.

Tech is now 1-2 for the season.

Texas Tech's track team, in one of its finest showings of the year, ran fifth in the San Angelo Relays. Favorite Abilene Christian outdistanced the field to win its fifth straight meet of the year.

Tech scored 19½ points in a loaded field including Texas A&M, Southern Methodist and Texas.

Tech's quartermile relay ran third, but turned in its fastest time of the year with a 42.1. ACC won in 41.3. Tech's mile relay led for most of the final event until A&M's fabulous Ted Nelson anchored home the winners in 46.9. A&M was timed in 3:14.9; Tech clocked 3:15.9. Tech's anchor man Noel Carter ran a 48.3.

Tech's sprint relay ran fourth with a 3:27.7. Rex Wilson of Texas had to outrun Tech's Ronny Biffle twice to take both titles in the hurdles. Wilson won the 330 intermediate hurdles in 38.6, with Biffle right behind at 38.9. Biffle set a new school record in the high hurdles with a time of 14.1. Wilson won the event in 14.1, in what was termed the finest and closest race of the day. Wilson and Biffle both lunged for the tape and were given the same time.

Jeffrey Brock ran a 4:20.4 in the mile to take a tie for third. Twink Terry jumped 6-0 to take a tie for fourth place.

The next meet for the Raiders will be Saturday at the Texas Relays. The Tech freshmen will also be at the meet. They haven't been in action since they upset the ACC freshmen March 23.

### TECH'S TEN BIGGEST SCORES

1. 120-0, Wayland, 1925; 2. 79-0, Trinity, 1932; 3. 71-0, New Mexico A&M, 1953; 4. 64-0, Austin College, 1932; 5. 62-0, Panhandle A&M, 1927; 6. 60-0, Oklahoma City, 1938; 7. 55-0, Loyola of the South, 1938; 8. 54-0, Arizona State, 1939; 9. 61-0, Texas Western, 1950; 10. 61-14, University of Houston, 1954.

# Executive Platforms Voiced

## Furgeson Seeks One-Day Break

In many conversations with Tech students across the campus, I have found a desire for strong programs and for new ideas from the Student Council. With this in mind, I have tried to develop a platform to meet the desired needs of the student body.

Presently Tech is accelerating its academic growth just as fast as its physical growth. In this realm I feel the Student Council can promote activities.

The speaker convocation should be greatly intensified in order that Tech students can get a first hand report on national and international activities. These convocations could help us coordinate our in-class instruction with practical, on-the-spot information.

Since I have mentioned the classroom, let me explain another idea I have in relation to academics. At Tech and at other universities in this nation, grades are of chief importance. Since the pressure to make high grades is so great and since final examinations usually determine a grade to a large extent, I feel that we, as students, should have longer to prepare for our tests.

With this explanation I propose to work for a one-school-day break between dead week and final exam week.

I feel that Tech is definitely a university, and next year, I will work to bring university status to our name. These above four programs are the ones I plan to stress in the realm of academics.

Another realm of the Student Council which has not been examined closely in the past is the area of communications between the Council and the student body. I would like to remedy this problem by printing a column in THE DAILY TOREADOR from the Council.

I also feel that we need to have the executive officers before the students for criticisms and suggestions. This could be accomplished by having monthly meetings in the Union composed of the officers and all students who wish to attend. We would also have these mass meetings in the dorms.

Another area where I feel communications need to be improved is between Tech and other Southwest Conference schools.

With these other programs I have mentioned, I would like to emphasize some of the established programs of the Student Council. The Traffic Program is one that needs continual work and supervision. Our Athletic Recruiting Program is also one which can add strength to our athletic system in future years.

All these programs are the ones that I feel Tech needs to enable it to continue to keep pace with the changing times. Since they are important, I have made them the basic points in my platform.

NOT EVEN WIND CAN STOP 'EM—A strong West Texas wind seemingly proved no obstacle to this couple attending Thursday's campaign rally. Perhaps the girl received a lift to obtain a better view of campaign proceedings or merely to provide a balance against the winds. —Staff Photo

## Strickland Sees Small Minority

Will we ever have another chance? If so, when? Do you really care if we have another chance? If so, read on.

Will we let a small minority of students set the policies and procedures of this campus for another term of office? I hope not. Will we continue to permit the leaders to blame the lack of voting on students' indifference? Again I hope not.

The main question is, will we face the following true fact?—We have never had a real reason to vote, mainly because of the self-centered policies and practices of this small minority.

As you read, you will be able to understand how my platform isn't constructed to make me sound popular — because frankly, I'm not for everything that is "popular." I stand for the issues that back the rights of every Tech student.

First, I will inform students with a President's Column in THE DAILY TOREADOR, giving factual information of Student Council and administrative decisions and viewpoints.

Secondly, I will earnestly seek possible solutions to the growing parking problem.

Thirdly, I am not completely against a tuition hike if scholarships and other benefits are provided to balance the extra expense, but I will personally lead a campaign against any action that does not enhance the Tech student.

Fourthly, I will use any influence I have to obtain student rates at local theaters.

Other areas of my platform are: further stressing of honors program, hush discontentment about dorm food, reconstruct girls' restriction codes and eliminate out-of-date restrictions, ballot boxes in each dorm, something done about the name change, obtain athletic intergration if Techsians want it and continue study of purposes of class officers.

My platform also includes: unifying Tech organizations to work for advancement of Tech, obtain big - name speakers, raise money for name marker at campus entrance, make Model UN an annual event and work with IFC and Panhellenic to promote TB fund drive.

Let me ask you to study each candidate's platform and make a decision on your own. Then vote.

## Prexy Candidates List Qualifications

### Royal Furgeson QUALIFICATIONS

- ✓ Two-year member of the Student Council, serving on Publications Committee and Athletic Recruiting Committee
- ✓ Saddle Tramps
- ✓ Who's Who in American Colleges and Universities
- ✓ Varsity Basketball Letterman
- ✓ Interfraternity Council
- ✓ Honors Program in English
- ✓ Leadership Recognition in All-College Service
- ✓ High School Senior Class President
- ✓ Sports Editor of High School Annual
- ✓ National Honor Society
- ✓ High School Varsity Basketball

### Gary Strickland QUALIFICATIONS

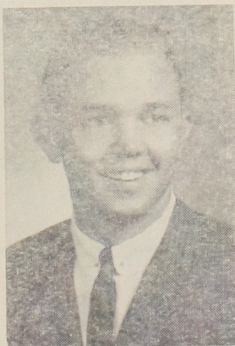

- ✓ Engineering Representative on Student Council
- ✓ Chairman of Class Committee Student Council
- ✓ Co-Chairman of WUS
- ✓ President of Sophomore Class (61-62)
- ✓ Vice President of social Fraternity
- ✓ Activities Chairman of social Fraternity
- ✓ Member of IFC
- ✓ Member of BSO
- ✓ Member of Alpha Phi Omega (service fraternity)
- ✓ On Committees at BSU
- ✓ Participation in advance ROTC
- ✓ Cheerleader in High School
- ✓ Student Council in High School

## President's Duties

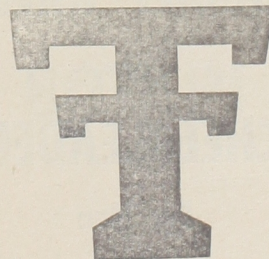

- Preside over meetings of the Student Association.
- Serve as presiding officer for the Student Council.
- Be chairman of the Executive Committee.
- See that rules and regulations are executed.
- Appoint all committee personnel not otherwise provided for in the Constitution.

# STRICKLAND

# ROYAL FURGESON FOR

# PRESIDENT COMPARE AND VOTE

# VP Hopefuls Give Platforms

## James Cole

I propose to work for a compulsory evaluation of the faculty in the hope that such evaluations, if required, will make department heads more aware of teacher deficiencies. I also propose to work for increased student voice in the area of determining, to some degree, academic policy.

I propose to do this by working for joint student-faculty committees on which student opinion is voiced as to departmental policies. I propose to work for ad-

ministrative convocations at which the administration explains its policies and then subjects itself to question and answer periods about administrative matters.

I propose to work this summer on the feasibility and value of a book swap and then incorporate it next year if it is a good proposal for Tech students. I propose a very active name change program to the point of student referendum votes.

I propose to study our freshman orientation program and try to come up with a better orienta-

tion into the areas of campus activity, student life, and school spirit.

My qualifications are as follows:

President of Wells Hall in 1961-62, vice president of Men's Residence Council in 1961-62, member of Saddle Tramps, president of BSO in 1962-63, student council in 1962-63, chairman of the traffic committee, member of the elections committee, Who's Who in American Colleges and Universities, 1962-63, College Awards Board member, Tech Union Board member, committee on student organizations member.

## Doug Gibbins

I would like to decrease student apathy through more student participation in Student Council and student government.

I propose to do pioneer work toward athletic integration. I also propose to continue and improve upon the athletic academic recruiting program.

I propose to study fraternity and sorority lodging plans and formulate some ideas and plans that would be workable in the future. Also, I would like to find more definite and satisfactory reasons for the tuition hike before we let it be put into effect.

My qualifications are as follows:

Chairman of the special events committee, in charge of the Freshman Dance and Freshman Convocation during freshman year; Games and Tournaments Committee at Tech Union; Wells Hall Social chairman in 1960; Campus Religious Council in 1961; secretary of the Double T Assn.; president of junior class in 1962-63; member of Phi Delta Theta; member of the Saddle Tramps; member of Phi Epsilon Kappa.

# Botkin, Cornell Compete

## Ronnie Botkin

The position of Business Manager of the Student Association is usually greatly underrated by the average student. Only at election time is anything really heard about the office. The position requires a great deal of work, and only with prior experience on the Student Council and a working knowledge of the duties of the office would anyone be able to do the job correctly and efficiently.

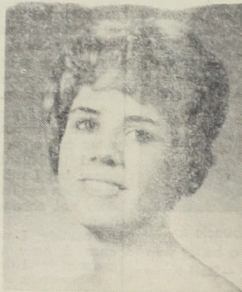

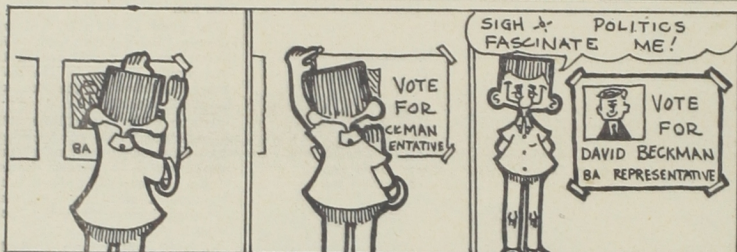

I feel that by being a member of the Student Council and working on the Allocations Committee I have gained the needed experience and knowledge. The responsibilities of the position are great and I think that I will be able to deal with any situation that might arise with the best interest of the students and Texas Tech in mind.

If you choose to select me as Business Manager of the Student Association, I will serve you and this 'university' to the best of my ability.

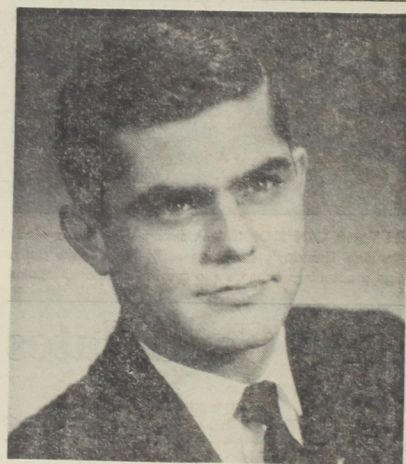

Jess Cornell is also a candidate for Student Council business manager. His platform does not appear as he failed to submit it to the Toreador by Thursday's deadline.

## VP Duties

- Perform the duties of the President in the event of his absence or inability;
- Succeed to the Presidency in the event that the office should become vacant;
- Perform such duties as designated by the President or the Council;
- Be in charge of the annual school trip.
- Keep a complete and accurate record of all financial transactions of the Student Association.
- Serve as chairman of the Allocations Committee of the Student Council.
- Direct the financial activities of the varsity yell leaders.
- Educate all yell leader candidates in regard to the responsibilities and limitations of their positions.
- Be responsible for the approval of all money-making activities of the four undergraduate classes.
- Write an article to be printed in the TOREADOR during the month of December of each year to inform all students graduating at the end of the first semester of the deadline for submitting requests to the office of room reservations for the return of their room deposits.

## Pat Hamilton

### Secretarial Candidate

In both leadership and service capacities, I have served and am serving Texas Tech:

**Through school** — I have worked in the Home Economics Club,

and am past CANDLE Editor and incoming President of Phi Upsilon Omicron.

**Through organizations** — I am a member of President's Hostesses, will be a legislator of Doak Hall, and have recently been selected to membership in Mortar Board.

**Through Student Council** — I have served on the Elections, Current Events, and Allocations committees.

If elected your Secretary, I would like to accomplish the following things during my term of office.

- Continue the present secretary's program of opening up the campaigns and putting the candidates in front of the voters.
- Make arrangements so that all counting of votes can be done by IBM computer. This would insure fast and accurate tabulation of votes.
- Hold Freshman Council elections as early as possible in the fall so they may work on a more united freshman class; they could reserve a section of the football stadium for the freshmen whose enthusiasm might boost our school spirit.

## Cecile Camp

### Secretarial Candidate

My qualifications for Student Council secretary are: EXTENSIVE secretarial training, GOVERNMENT minor, EIGHT consecutive year's service on student councils.

My platform is:  
 Ready to serve YOU in:

1. Better communications for a better Tech—
  - Council members should report back to their organizations
  - Minutes of meetings should be printed in the TOREADOR

DOR

2. Fairer elections for a better Tech—

- Re-evaluation of officer qualifications
- Filling cheerleader and class officer vacancies

3. More special events for a better Tech—

- Another all-school program such as the Model U.N.
- Top national speakers

4. Safer traffic for a better Tech—

- Let the students decide

## Judy Price

### Secretarial Candidate

Qualifications:

Student Council 62-63, Elections Committee 62-63, Recognized by Student Council for leadership,

Freshman Council 60-61, Junior Council, Sigma Kappa, Phi Gamma Nu, Pi Delta Phi, President's Hostesses.

As Secretary of the Association, improved communications would be one of my goals. As a member of the election committee this year, lack of student interest in campus elections has been painfully evident. Campus positions are often filled by a very small percentage of voters. Integration of students into Tech's student government could be achieved through a coordinated program with the TOREADOR.

I would also work this summer with IBM in the Engineering Department to set up a program for elections. All elections then would be held on IBM cards and counting would be done electronically.

## Office Duties

The secretary's duties are:

KEEP the minutes of meetings of the Student Association and of the Student Council; BE responsible for the maintenance and preservation of the official version of the Student Association constitution and all rules and regulations of the Student Association; SEE that a copy of the official version of the constitution and all rules and regulations of the Student Association remain on file in the office of the president of the college; SEND a copy of the minutes of each meeting to the following: President of the College, Dean of Student Life, Dean of Men, Dean of Women, Student Council sponsor, Vice President and Comptroller, Academic Vice President.

AT all times maintain and preserve the official copies of the Student Association constitution and bylaws in the Student Council office.

# Cheerleader Candidates

## And Duties

Candidates for cheerleader are Carolyn Buxton, Linda Edie, Carol Fursman, Gay Gillespie, Jeannine Jones, Nelda McQuien, Camella Moore, Kathy Osthoff, Sandy Sample and Jami Steinhoff.

Other candidates are Myrna Stephenson, Lynn Wallace, Dennis Ashmore, Mike Bohn, Smiley Irvin, James Perry, John Ward and Bobby King.

Those persons elected will:

- Be responsible for all Texas Tech pep rallies
- Coordinate the generation of enthusiasm at all recognized college athletic events
- Be responsible for furnishing a representative to the Southwest Conference Sportsmanship Committee
- Encourage good sportsmanship on the campus
- Be responsible to the business manager for the management of their finances
- Elect, from their number, a

head cheerleader who shall be a male student and shall serve as their chairman.

**PRICE IS RIGHT for SEC.**

# It Takes More Than Yelling To Be A Tech Cheerleader

Lots of people can yell and cheer with gusto when the Red Raiders go over for a touchdown. Quite a few can turn flips, inspire enthusiasm and attend all athletic events.

But there are a few special qualities, perhaps best classified under the term, gung-ho, that sets a good cheerleader apart from the football crowd.

Special qualities don't include regular cheerleader duties such as coordinating pep rallies and being on hand at ballgames.

One Tech cheerleader called it a year-round job. "A cheerleader must attend teas for visiting athletes, entertain visiting yell leaders and when away, attend all planned functions at other schools," she said.

High on her list on what makes a cheerleader really go is being able to perform yells well, en-

thusiasm, and devotion.

"A good cheerleader above all to develop sportsmanship and his enjoys cheerleading," she reflects. "He should at all times strive to develop sportsmanship and his own potential to its fullest."

## Industrial Engineers Win First

Industrial engineering department took its fifth straight first place in the recent Science and Engineering Show.

Industrial engineering exhibits demonstrated techniques in production control, plant design, materials handling, work measurement, statistical quality control, product design, manufacturing analysis and organizations research.

Displays in the 31st SE annual show were judged on appeal to the public, explanation of department curriculum and presentation of exhibits.

The industrial engineering display received 3,705 points of a possible 4,000.

Bud Lanham was chairman of the department's exhibit. American Institute of Industrial Engineers and Alpha Pi Mu set up the displays.

**READY TO STOMP**—Judy Richards, junior, and Bob Fouts, senior, are all decked out for the Phi Mu western dance 8-11:30 p.m. today. Jimmy Heap's Band will play for the open dance at Vann's Catering Service. —Staff Photo

## Delegations Plan Trips

Delegates from Tech's history department will scatter to state and regional history meetings in Austin and Albuquerque this weekend and next.

Four faculty members will represent Tech at the Texas State Historical Assn. meeting this weekend. The Austin meet begins today and continues through Saturday. Dr. David Vigness, department head; Dr. Ernest Wallace, professor; Billy Mac Jones, instructor and Richard Marcum, teaching assistant, will attend.

Tech's chapter of Phi Alpha Theta, history honorary, will send five representatives to a regional meeting in Albuquerque, N.M., Friday and Saturday, May 3-4.

Attending will be Dr. Paul Woods, history professor, and Lt. Col. George R. Hull, professor of air science.

Ronald Benson, teaching assistant, will present a paper on the Hay-Pauncefote treaty.

Nancy Vincent, Alpha Theta president, and Sarah Gaston, Austin junior, are Tech's student representatives.

## Why Do You Read So Slowly?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement" mailed free to anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept 9894, Chicago 14, Illinois. A postcard will do.

## Zsa Zsa Stars In Union Show

**Mel Ferrer and Zsa Zsa Gabor** star in "Lili," a technicolor movie, at 4 p.m. and 8 p.m. today and 2:30 p.m. Sunday in Tech Union Coronado Room. The Special Events Committee is sponsor.

## Grads Discuss Negro Novelist

Grover Lewis and Nolan Porterfield, graduate English students, will lead the discussion at today's Noon Forum in the Tech Union Blue Room.

Discussion topic is contemporary Negro novelist, James Baldwin. Baldwin is author of "Another Country."

## Purdue Prof Lectures On European Market

Competition from the European Common Market will force the U.S. to move rapidly if it is to hold onto its world markets or consider expanding them, according to Dr. James Greene, industrial engineer and visiting lecturer at Tech.

His ideas may carry some special weight since he has recently been a consultant to the European Production Agency, a division of the Common Market's organization.

"The U.S. must find ways to produce goods with more efficiency," he declared. "This presents a challenge to our industrial engineers."

Dr. Greene, a Purdue University professor, is spending three days, Monday through Wednesday, at Tech. He is conducting seminars in general industrial engineering research, production control and operations research.

## Positions Open For L-V Staff

Applications are now being accepted for associate editor, copy editor and staff artist for next year's La Ventana.

Students interested in these positions should write a letter giving their qualifications, past experience on an annual or newspaper, why they want the job and any new ideas they may have for next year's La Ventana.

Past experience is not necessary, but preferable. Applications should be turned in to the La Ventana office or to either Johnnie Lu Raborn or Travis Peterson by May 1.

These are paid positions, and applicants should be willing to put in a great deal of time.

### HONORARY MEETS

Psi Chi, psychology honorary, will meet at noon today in Tech Union, Elmer's Lounge. The group will initiate members and present a slate of officers. Those attending must sign up in the psychology office, X-31.

**SURROUNDED**—Carol McCormick, Ennis sophomore, was surrounded by cadets from England's Royal Air Force after their captain said, "If I were you blokes, I wouldn't let these ladies sit alone."

## As I see it . . .

by johnnie lu raborn

"You think we speak the same language, but we don't," said one cadet from Cranwell, the Royal Air Force Academy in England. I had to agree with him.

Tech's Angel Flight was visiting the Air Force Academy in Colorado Springs. Some were dated with English cadets, who were also visiting. It was a real education.

For years, I've heard the English stereotype came out with "jolly good," "old chap" and "ra-ther." They are all true with the addition of an occasional "quite" and "Oh, my yes."

In England, you are not "out to lunch" but "around the corner." When we have a lousy date he is called "cull" or "bad head," but Cranwell calls them "grimmies."

### 'MAKING OUT'

It is a mystery how they got it but "cupeake" is said for "making out." Tennis shoes are called "blimp shoes," and a resounding "dash it" means darn or damn.

We Americans take much for granted. These cadets had never seen a drive-in movie or drive-in restaurant. Motels were also new, for they don't exist in England. Some of the guys got their first taste of pizza, Mexican food and pretzels. They didn't like it.

### 'STATUS SYMBOL'

It is a status at our Air Force Academy for the "firsties" or seniors to have Sting Ray Corvettes. That vast parking lot is full of them. I didn't see five cars under two years of age. The Cranwell "chaps" find it "marvelous" to get to ride bicycles when seniors. They do have cars, but generally these are somewhere in the 30's models. A car 10 years old is relatively new.

I did notice one thing about the cadets as a group. They abounded with national pride. One said, "There will always be an England." To which some of the U.S. cadets sort of laughed. A Cranwell "troop" recounted with a "Don't scoff at it, national pride is a wonderful thing." Their pride was so emphasized that it made me wonder if we "came over" the same way about our country.

On Saturday night, a formal ball was given for our flight, Cranwell and first classmen (seniors) at the academy.

The British boys taught us one way to live up a rather stiff dance. During one of the songs, one Cranwell "troop" yelled "Ants." The cadets immediately fell down on the floor, rolled over on their backs and kicked their feet and arms into the air. At the sound "dead ants," the legs and arms went stiff. Rather quaint, I'd say, but still effective enough to break everyone up.

### GHOUL POOL

The Angels with U.S. Academy dates were wondering that night if they were included in the "ghoul pool." It goes like this. The academy hosts arrangements for blind dates for the formals. Cadets within each squadron enter a "pool" for 25 cents. At the dance, squadron officers act as judges and dance with the dates of each cadet entered in the pool. Afterwards, these officers decide which had the worst date and he wins the money. If we did it here, I would be rich.

### AS I SEE IT

Sigma Kappa will choose a "Mr. Pledge" at 8 p.m. today in the National Guard Armory. Mr. Pledge will be chosen from fraternity pledges. The Caravans will play for the all-school dance.

Phi Mu will have a western stomp, 8-11:30 p.m. at Vann's Catering Service. The open dance will feature Jimmy Heap's band. Tech Union also is having a western dance from 8-11:30 p.m. in the Ballroom. Jimmy Mackey is playing.

### KAPPA KAPPA GAMMA

An informal "German Beer Garden" will be the setting for the Kappa Kappa Gamma dinner dance at 6:30-11:30 p.m. today.

Delta Sigma Pi will have its Rose Dance from 7:30-12 p.m. Saturday at the Pioneer Hotel.

Newman Club will go on a picnic Sunday to Palo Duro Canyon.

# Red-White Skirmish Ends Spring Training

## Scarborough, Ben Elledge Opposing QBs

By ARTIE SHAW  
Toreador Sports Editor

A pair of shining freshman quarterback prospects will be opposing each other at 4 p.m. in Saturday's final spring training scrimmage.

Featured will be Danny Scarborough of Quanah and Ben Elledge of Brownwood.

The annual contest is the rubber game of the series, as the Reds jumped to a quick two-game advantage, only to have it taken away from them in the last two outings by the underdog Whites.

Two upperclassmen quarterbacks, Bill Worley of Midland and James Ellis of Lubbock, underwent knee surgery in December and will probably not see action, although they will be suited.

### Statisticians Overworked

With both the Reds and the Whites threatening to "loosen-up" their previously tight offenses, the stress could be worse on the statisticians than on any one else.

Last week the Reds gathered 364 yards of total offense in a losing cause, while the Whites haled and threw for 277 in their 20-12 victory.

Long gainers have been the word of the day thus far, and any

## Tech Linksmen Meet UT At Meadowbrook

Texas Tech, in an effort to get back into the Southwest Conference golf race, engages the University of Texas here on Lubbock's Meadowbrook golf course today.

Tee-off time at Meadowbrook is 12:30 p.m.

Coach Jay McClure's linksmen, 4½-1½ losers to Texas Christian University here Monday, will also be motivated by a desire for revenge. Texas sports five lettermen from the squad that downed the Red Raiders 5-1 in Austin last year.

Texas Tech currently has a 14½-9½ standard. The Raiders lost to Texas A&M, knocked off Rice 6-0 and defeated Baylor 5-1 before dropping the match to TCU.

Texas' players will probably be Bill Munn of Midland, Randy Geiselman of Houston, Oscar Goode of Austin and Pat Thompson of Mission.

Texas Tech golfers for the match will probably be Bruce Dobie of Worcester, Mass., Richard Yates of Corpus Christi, Housty Brewer of Andrews and Jim Davidson of San Angelo.

Yates is Texas amateur champ, and lost his first-SWC match of the year to Jack Montgomery of TCU last week.

13th St.

BILL WORLEY

. . . Will not see action

more would be just icing for the cake.

Jim Zanios, Albuquerque full-back, for example, took a handoff from Red quarterback Ben Elledge and raced 52 yards off tackle in a spectacular gainer.

Elledge connected on two long passes, one to all-Southwest Conference end, David Parks, for 44 yards and another to Stimmert half-back, Donny Anderson, for 41 yards.

For the rubber game, each having won two contests, lineups will be exactly the same as last week. There may be a trade at half-back between David Baugh of Rotan, a Red last week and Jimmy Edwards of Roysie City, who played for the White squad last week.

Admission is \$1 for adults, 50 cents for students and Tech students will be admitted by showing their identification cards.

### Traffic and Security

The staff is comprised of a chief, 10 commissioned officers, one night sergeant, two radio operators, one secretary, one clerk and two part-time employees. There are three radio-controlled patrol cars. In October, 1962, there were 6,240 cars registered to park on campus.

# Tech Netters Challenge Rice, Texas In Important Matches

Texas Tech tennis players, in their next two matches, have a chance to influence the outcome of the Southwest Conference championship campaign.

In successive matches—against Rice University here Saturday and against University of Texas in Austin Monday—the Red Raiders tackle the teams currently sharing the lead.

Coach George Philbrick's netters, besides playing the role of potential spoilers will be out to guarantee or better their own third place position. Tech is 14-4 following wins over Baylor University 5-1 and Texas Christian University 6-0 and a split with Southern Methodist University 3-3.

Raiders' netters will be Daryl Allison of Lubbock, Greer Kothmann of Junction, Beau Sutherland of Kerville and Robert Peterson of Wichita Falls.

Rice University is led by the 1962 Southwest Conference finalist in both singles and doubles, Fritz Schunck. The Owls, coached by Sammy Giamalva, are defending Southwest Conference team champions.

Last year Rice downed Tech 6-0, and the Longhorns battled the Raiders to a 3-3 draw.

A re-match of last year's SWC finals doubles match, won by Allison and Sutherland over Schunck and DeEdward Greer, has been virtually ruled out by re-pairings on both teams.

Matches, on the Varsity Courts, will start at 1:30 p.m. The public is invited free of charge, Coach Philbrick pointed out.

GEORGE PHILBRICK  
... Tech tennis coach

## Pics Down AFB, 20-12

Texas Tech's Picadors picked up their eighth win of the season Wednesday as they ran away from Reese Air Force Base, 20-12.

The game, which took three hours and twenty minutes to play, was called at the top of the ninth inning due to darkness. Tech slammed out 17 hits, as converted basketballer Dadid Schmidly picked up his first mound victory of the season. Schmidly pitched the first four innings and left the game with a 15-5 lead. In his four innings stint, Schmidly allowed only four hits, while striking out six and walking three.

The Picadors were led at the plate by second-baseman Buzz Henderson, who collected four hits out of five at bats. Jim Murrell and Ronnie Holly drove in the most runs with five RBI's apiece.

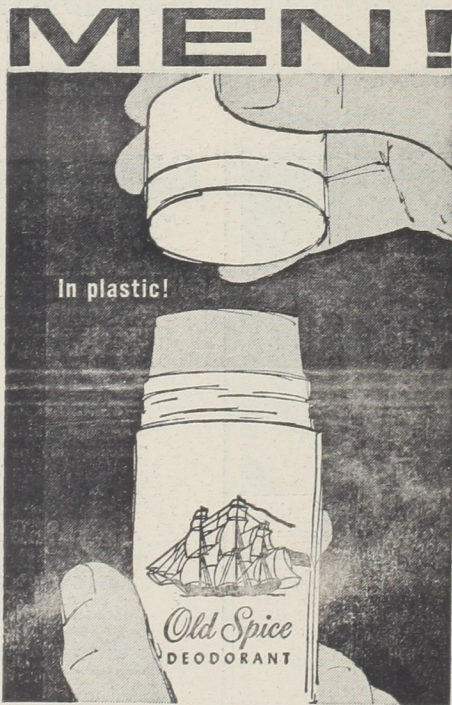

"FLORA-SCENT" makes The Perfect MOTHER'S DAY Gift

## Raiders Visit Highlands Nine

Two improved baseball teams—Texas Tech and Highlands University—clash in a doubleheader at Las Vegas today.

Since Texas Tech posted a pair of wins, 5-2 and 3-0, here earlier this month, the Cowboys have won six straight and now are 10-10 for the season.

The Red Raiders have a three-game streak, and five of the six, going for them. Their only loss came at the hands of the Abilene Christian College nine. Other wins are the twin-killing of Highlands and a double victory over ENMU.
