

Between Class Periods

SC Plans Traffic Blockade

A LOOK AT TECH PEDESTRIANS' SAFETY PROBLEMS—Larry Akin, Plainview junior, left; Tom Creager, Borger senior; Susan Wood, Vernon sophomore; and Sandy Campbell, Dallas junior, study the danger areas around the Circle with the aid of a small scale model of Tech in the Traffic-Security office. Along with other members of the Student Traffic Committee, they recommended Thursday an experimental plan to halt traffic around the Circle for a week in April. —Staff Photo

A recommendation that all traffic be stopped around the Circle for the ten minute period between classes April 22-27 was decided on Thursday by the Student Traffic Committee.

The Student Council - sponsored 11 - member committee reached the decision to erect barricades at four major points around the Circle as an experiment in its study of the measures that should be taken to protect pedestrians on campus.

ALTHOUGH FINAL approval rests with the Student Council, the plan has been approved by the administration, James Cole, committee chairman announced. The committee will recommend the plan to the Council at its regular meeting next week.

Cole said that the plan was needed "because of the tremendous hazard it (traffic) is to pedestrians on campus."

"The situation is going to get worse; we are trying to do this on an experimental basis to test reaction among the students," Cole said.

THE COMMITTEE PLANS to have either members of campus service groups or maintenance people to put up physical barriers such as sawhorses around the Circle between classes during the week from 8 a.m.-5 p.m. The barriers will be removed after the final bell rings for classes.

"It is entirely possible that next year this change could be instituted by electronically controlled gates," Cole said.

Questionnaires will be circulated by committee members this week to poll drivers and pedestrians on their reaction to the proposed experiment.

A SPECIAL STUDENT Council committee on campus traffic-security in the spring semester of '62 through a formal report to the council and administration strongly recommended, "if the mechanics can be worked out, it would be desirable to stop traffic on the Circle during class changes in order to provide safety for the pedestrian."

The work of the special committee last year was continued with the establishment by the council of a regular traffic safety committee in October. The committee is headed by Cole, Ag representative to the council, and is composed of members from the student body.

OTHER BUSINESS discussed at the committee meeting Thursday was the possibility of having a traffic-safety drive just prior to Easter similar to the TACSOR (Techsans At Christmas Support Operation Roundtrip) campaign last semester.

The committee is also considering a traffic appeals board that the special report recommended be established.

MEMBERS OF THE committee are Tom Creager, Harriet Maxey, Sandy Campbell, Nina Koepf, Bob Tate, Larry King, Susan Wood, Erin Schmidt, Billy Wilson and Dick Bush.

At Coronation Ball

Favorites Named

By GRETCHEN POLLARD
Toreador Staff Writer

The votes have been cast. The results are in. Only the waiting remains.

Candidates for honors of Mr. and Miss Texas Tech are waiting along with the candidates for class favorites.

Mr. and Miss Texas Tech and class favorites for 1963 will be presented at the Coronation

Ball today at 8 p.m. in the Tech Union Ballroom. No admission will be charged to the formal dance.

THEME FOR the annual dance is "Champagne Mist" and Sandifer's Combo will play.

Midway in the dance, the honorees will be presented and winners announced.

Winner of the Miss Tech title will travel to Austin during spring vacation to participate in Roundup activities at Texas Uni-

versity. Both she and Mr. Tech, along with the class favorites, will appear in the 1963 La Ventana in a full page layout.

MR. TECH WAS elected from a field of nine nominees, while Miss Tech was in competition for the title against 12 other outstanding women. Eight students were elected class favorites from a list of 45 candidates.

A poor turnout at the polls was reported by election officials. Only 1,297 students voted Thursday. Election officials were expecting a greater turnout than in previous years.

The Coronation Ball is sponsored by the Tech Union. Pat Murphy, chairman of the dance committee, is in charge of the ball, and Patsy Woodell is chairman of the decorations committee.

ALL NOMINEES for Mr. and Miss Texas Tech and class favorites are asked to be present at the Ball. A pre-dance reception at the Tech Union will be at 7:30 p.m. honoring all contestants.

Mr. and Miss Texas Tech and class favorites will be announced in Saturday's DAILY TOREADOR.

A TOAST TO THE FAVORITES—Ann Jenkins, Deer Park junior, and Stan Treanor, Abilene sophomore, toast the Tech Favorites who will be named today at the Coronation Ball. —Staff Photo

Senate Confirms New Tech Board Member

The Texas Senate this week confirmed appointment of Charles D. Mathews to the Texas Tech Board of Directors.

Mathews, 49-year-old Dallas attorney, is serving out the term of Jim Lindsey, who resigned last summer. The term expires Feb. 19, 1965.

The new board member is a former first assistant attorney general of Texas, serving six years under former Governor Price Daniel.

Mathews practiced law briefly in Lubbock after his graduation with highest honors from the University of Texas Law School in 1937.

Mathews currently is vice president and general counsel for Redball Motor Freight, Inc.

Student Wins Auto; Union Gets TV Set

Tech Union will get a new TV set as a result of a student winning a \$3,400 car.

Russel Montgomery, Lubbock junior, entered 31 times in the L&M Grand Prix 50 sweepstakes drawing sponsored by Liggett and Myers Tobacco Co. As a winner, Montgomery will soon be driving a 1963 Pontiac Tempest Le Mans convertible around campus.

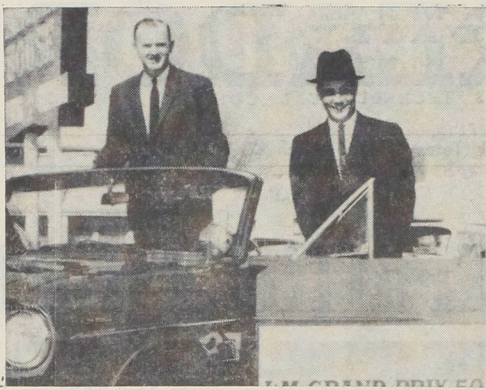

Because Montgomery's winning ticket came from the Tech Union, Nelson Longley, Union director, selected a TV set for the Union through the Dealer's Choice Sweepstakes.

"I chose the RCA remote-control portable TV from the sweepstakes items because it was the only thing the students could use," said Longley.

Montgomery kept a record of his entry numbers and checked THE DAILY TOREADOR for winning numbers. As a winner, he ordered an aqua blue car with white interior.

A former Air Force staff sergeant, Montgomery is married and has two daughters. He said he decided to enter the contest because, "My old Pontiac sure needed some work on it."

Fifteen Tempests were given away in the first two sweepstakes rounds, open only to college stu-

CONTEST WINNER—Russel Montgomery, Lubbock junior, left, is pictured with Jack Sapp, division manager for L&M, in a convertible similar to the one Montgomery won recently in that company's contest. Montgomery got his entry forms at the Union and as a result, that organization receives a portable television set.

—Staff Photo

dents and faculties. Thirty-five more cars will be awarded in the final two rounds.

UT ELECTION

AUSTIN (AP) — Julius Glickman of Big Spring was elected president of the University of Texas Students' Association Wednesday, polling 3,513 of 6,591 votes cast.

Applications Urged For New Fraternity

The Interfraternity Council gave its approval Tuesday for the new social fraternity. The new fraternity will secure the administration's approval if enough men express an interest.

Men who have a 2.00 average and are interested are asked to apply at the Dean of Men's office.

In International Week

Zircus Liederkranz, Model U.N. Featured

Fourteenth annual "Zircus Liederkranz" Tuesday and the Model U.N. Friday and Saturday are the main events of Tech Union's International Week.

Exhibits throughout the Union of artifacts from different countries are planned, and the U.N. flags will be flown, Mrs. Karen Moore, Union Program Director, said. "Our purpose is to emphasize the international aspects of the week," Mrs. Moore said.

The musical "Zircus Liederkranz" will be presented at 7:30 p.m. Tuesday in the Union Ballroom. The program will be a German circus, complete with acrobats, clowns, animal acts, and dancing.

A highlight of the show will be the singing of "Der frohliche Wanderer" and "Schlaf, Kindlein, Schlaf" by a chorus of Lubbock children who are currently studying German at the Tech Kinderschule.

The puppet play "Das Gluckskind" ("The Child of Luck") by Rudolph Otto Wiemers features the stock comic character of German puppetry, Kasper.

In this play Kasper has to perform the task of getting three golden hairs from the devil in order to free the princess and her commoner husband, Jochen, from the king's dungeon.

This year's puppet play features a live princess who in the course of the circus performance falls in love with the puppeteer of Jochen. The puppet play is under the direction of Evelyn Forrest.

The show, which is free and open to the public, is co-sponsored by the Tech German Club and the Union, and is directed by Roy Custer. Tommy Bacon, the show's musical director, will be featured at the organ.

Penny Thornall is choreographer. Costumes were designed by Sherry Myrick; puppets designed and made by Constance Dowling. Nancy Keyton is stage manager and publicity chairman for the event.

Tech Graduate Student Gets Welder Grant

Albert Dean Chamrad has received the first Welder Foundation fellowship to be presented to Tech.

He entered Graduate School this spring to work toward his Master of Science degree in range management.

The Welder Foundation, a privately endowed research organization, gives grants to schools to support superior students in research.

Studying wildlife-livestock interrelations at the Welder Wildlife refuge near Sinton in South Texas, will be Chamrad's main project.

Native of Beeville, Chamrad graduated Magna Cum Laude from Texas A&I in 1960. He has since worked for the U.S. Soil Conservation Service at Brownsville, Carrizo Springs, Cotulla and Rocksprings.

While at Tech, Chamrad will study with Dr. Thadis W. Box, associate professor of range management.

FILING DEADLINE

Eligible Candidates for Student Council executive, cheerleader, or representative positions must file by 8 p.m. Tuesday in the Council office.

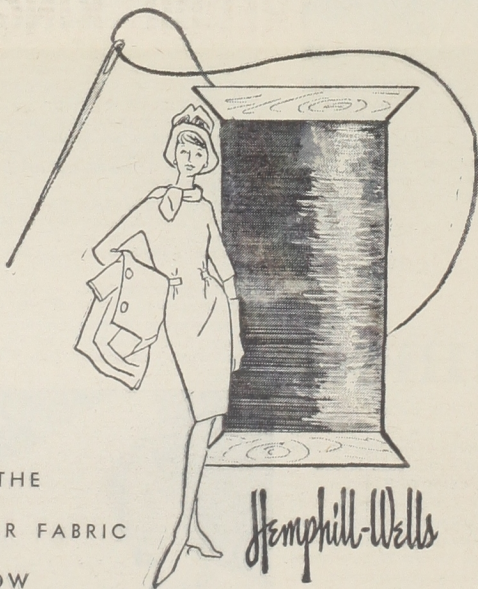

UT President Will Address Banquet Here

Dr. J. R. Smiley, University of Texas president, will be the guest speaker at the annual Phi Eta Sigma-Alfa Lambda Delta banquet at 6 p.m. Saturday in the Tech Union Ballroom.

Phi Eta Sigma, men's honorary, is restricted to students with a 3.5 average their first or second semester. Alpha Lambda Delta, women's honorary, is designated for women students having the same average qualifications.

Awards will be presented to the faculty member contributing most to the organizations and for the sophomore Phi Eta Sigma, with the highest scholastic record.

Faculty members may attend the banquet. Charge is \$2.

DON'T MISS THE
VOGUE EASTER FABRIC
FASHION SHOW

...to be held

• Monday and Tuesday

March 25 and 26, 2nd floor downtown, 11:30 a.m.

and 2:30 p.m.

• Special evening showing Monday at 7:30 p.m. in the Gold Room of our Monterey Center Store.

• Miss Mildred Porter, from Vogue Patterns will commentate.

Nothing rasher for your hair than grease. Let Vitalis with V-7 keep your hair neat all day without grease. Naturally, V-7 is the greaseless grooming discovery. Vitalis® with V-7 fights embarrassing dandruff, prevents dryness, keeps your hair neat all day without grease. Try Vitalis today. You'll like it!

Administration Honors 543 Students

Individual, class, school and college recognition will be given to 543 students Sunday in the Union.

The services, at 2 p.m., will include speeches by President R. C. Goodwin and Dr. William Pearce, academic vice president.

The list of students to be honored, as recently released by the Administration, follows:

SCHOLARSHIP RECOGNITION

Individual Honors
Students receiving individual honors are being recognized scholastically for the first time at a recognition program.

SENIORS

- Alexander, Carl V., Engr.
- Anthony, Philip H., A&S
- Apple, Bonnie Jo, A&S
- Bovyer, Robert L., B.A.
- Caldwell, Jo Anne, A&S
- Campbell, Judith D., A&S
- Carville, Helen Hayes, A&S
- Cline, T. Michael, B.A.
- Cooper, Zuel W., A&S
- Elmore, William G., A&S
- Feather, Peter B., B.A.
- Francini, Lucien S., Engr.
- Gilliland, Martha, A&S
- Holt, Patricia, A&S
- Hood, Ronald David, Agri.
- Jahnel, Henry Floyd, Engr.
- Key, Euell Dwayne, B.A.
- McGahey, William H., Agri.
- Melton, Ellen Wiese, A&S
- Miles, Elan Kloss, Agri.
- Miller, Florence Ann, Patterson, B.A.
- Mills, Rosemary, A&S
- Mitchell, Kelly W., Engr.
- Pearson, Morris W., Engr.
- Pirkle, Dorothy L., A&S
- Porter, Harold C., Engr.
- Riley, Deward A., A&S
- Sherr, Glenn Joe, Engr.
- Sherr, Carl O., Agri.
- Sherr, L. Lynn, A&S
- Smith, William Ward, Engr.
- Street, W. Michael, A&S
- Thompson, Ray W., A&S
- Tinney, Robert W., B.A.
- Tweedy, Jo Ella, A&S
- Ware, James Edwin, B.A.
- Williams, H. Juanette, H.E.
- Wirt, Billy O., B.A.
- Woeifel, Nickie J., H.E.

JUNIORS

- Adkins, Patricia C., A&S
- Armstrong, James C., A&S
- Burgamy, Nona Marie, A&S
- Chandler, Arthur B., A&S
- Cooper, Mary Forte, A&S
- Foote, Austin Lee, Engr.
- Ford, Douglas D., A&S
- Hale, F. Marcheta Wood, H.E.
- Hansen, Dorothy Mary, A&S
- Henry, Alan Ray, B.A.
- Hill, Leroy Vance, Agri.
- Jordan, Sandra, A&S
- King, Tommy Lee, A&S
- Mason, Karen Louise, B.A.
- Masso, Antonio, Engr.
- Perkins, Jerry D., A&S
- Prichard, Jack M., Agri.
- Schoner, Alta Ada Cates, A&S
- Shipley, Danny Ray, B.A.
- Timney, Marilyn, A&S
- Uppencamp, George L., Engr.
- Weidmann, Frederick, Engr.
- Zorn, James Allen, Engr.

SOPHOMORES

- Allison, Billy E., A&S
- Balard, Carolyn L., A&S
- Bennett, Charles L., B.A.
- Bourland, Ronald D., A&S
- Boyer, N. Wayne, A&S
- Cato, James Earl, Engr.
- Clark, Joe Earl, B.A.
- Craig, Carolyn L., A&S
- Ellis, James Alvis, A&S
- Fannin, D. Ronald, Engr.
- Fieldler, C. Robert, B.A.
- Gardner, Robert Lynn, A&S
- Heardick, James E., Engr.
- Higgins, Barbara L., H.E.
- Ivy, Roy, Jr., A&S

- Lancaster, Darrell B., Engr.
- Morris, Karen Edith, H.E.
- Norris, Linda, A&S
- Othoff, Kathryn E., A&S
- Ray, Samuel McElroy, Engr.
- Redman, Carolyn Ann, A&S
- Sinkelman, Marcia, A&S
- Thomson, Ronald Joe, A&S
- Tonroy, Jerry Carl, A&S
- Walter, Nell Ann, A&S

FRESHMEN

- Abraham, William E., A&S
- Adams, Gary Neil, A&S
- Baumgardner, John R., Agri.

- Wood, Susan Reed, A&S
- Woodward, James E., A&S
- Yarborough, C. Linda, A&S

School Honors

Students receiving school honors have been recognized scholastically at two previous recognition services.

SENIORS

- Adams, William M., Agri.
- Cross, Lowell M., A&S
- Deen, James Frank, B.A.
- Demic, David A., A&S
- Jones, Connie Holt, A&S
- McCulloch, William H., Engr.
- Pope, Larry D., Engr.
- Yorchalen, Laval M., Agri.
- Watkins, David W., A&S

JUNIORS

- Almond, Robert James, Engr.
- Bayne, C. Dudley, Engr.
- Hajeck, Geraldine Ann, H.E.
- Hale, Hazel Maurine, A&S
- Hawkins, Judith Ann, H.E.
- Heineman, William K., A&S
- Hoberg, John Arnold, Engr.
- Justice, Jan, A&S

- Keeton, Kerry S., Agri.
- Knight, John A., Jr., A&S
- Kuhler, Ronnie J., Engr.
- McCarroll, Pat D., Engr.
- Neal, Tom Morris, Agri.
- Orrick, Ann Bracken, B.A.
- Ring, K. Sue, B.A.
- Wolfe, M. Sandra, A&S
- Wood, Edith Carolyn, B.A.

College Honors

Students receiving college honors who have been recognized scholastically at three previous recognition services.

- Clark, William E., A&S
- Cowder, Judith Ann, H.E.
- Dittrich, Teresa Gayle King, A&S
- Duke, Harold Ray, Agri.
- Gray, Betty L., A&S
- Hendricks, Tammy L., A&S
- Kirby, Carolyn E., A&S
- Murphy, E. James, A&S
- Potts, James Frank, Engr.
- Puclett, Emily, A&S
- Ward, Dixie Lea, A&S
- Young, Beatrice K., A&S
- Young, Evangeline L., A&S

* Students completing degree requirements within three years and recognized scholastically at each Recognition Service during their enrollment also receive College Honors.

SCHOLARSHIPS AND AWARDS

Students here honored have maintained a 3.00 grade average (B) or better for the spring and fall semester 1962-63.

Skip the sulphur and molasses— get a CHEVROLET SUPER SPORT

Chevrolet Super Sports* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impalas, with its adjustable new Comfortilt steering wheel*) Front bucket seats are a great start, but Super Sports also feature plush all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options*. Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super

Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days—you've got to get out in them to savor them. So catch yourself a passing zephyr and wait on down to your Chevrolet showroom.

*Optional at extra cost.

Models shown clockwise: Corvette Sting Ray Convertible, Corvair Monza Spyder Convertible, Chevrolet Impala Super Sport Convertible, Chevy II Nova 400 Super Sport Convertible. Center: Soap Box Derby Racer, built by All-American boys.

NOW SEE WHAT'S NEW AT YOUR CHEVROLET DEALER'S

As I see it . . .

by GRETCHEN POLLARD, guest columnist

AS I SEE IT

I'm really glad to see THE DAILY TOREADOR "on the stands" today since Thursday was the first day of spring and eight paid staff members of the paper are attending the journalism conference at North Texas State University — including Johnnie Lu Raborn, society editor.

Johnnie asked me to be guest columnist for her today, as I have done willingly in the past. However, if this keeps up, we may have to change the column title to "As We See It." Just a thought.

AS I SEE IT

The proposed tuition hike is surely stirring up dust in the conversation of many Tech students. I found something apropos in the West Texas Museum one day — a letter written in 1927 by Tech's first president, Paul M. Horn. In 'he letter, Horn said he had just received one of Tech's first applications and a check for the applicant's tuition — \$15. Guess those were the good old days!

AS I SEE IT

In the same realm of thought — in fall of 1941, a similar situation arose as the present proposed tuition hike. Students were unhappy when the price of dormitory room and board went up from \$25 to \$27.50 per month.

AS I SEE IT

I doubt if anyone could get bored this weekend with all the activities coming up. Furthermore, it will be a good opportunity for girls living in dormitories to wear "oultots or knee ticklers anywhere they please—off campus, that is.

Besides, who could be bored mending a weekend in Lubbock? As my government professor said at the first of the semester — "Lubbock is centrally located — 300 miles from anywhere."

AS I SEE IT

Pledges of Kappa Alpha Order are finally being initiated this weekend. I feel sure that every pledge has thought, "It's about time."

Speaking of KA's, they won their intramural softball game Wednesday over Sigma Nu, 14-5.

AS I SEE IT

Zeta Tau Alpha will entertain from 6:30-midnight today in the Palm Room at their Hawaiian

Dinner Dance. Delicacies such as roast pig and shrimp served buffet will emphasize the Luau theme, and the Straight Jackets will provide music.

The Lubbock Country Club will be the location for the Alpha Phi Spring Dinner Dance from 7-11:30 p.m. today, while the Phi Kappa Phis will "just dance" from 8-11:30 p.m. today at the Cactus Inn.

AS I SEE IT

Saturday sounds good too. Members and pledges of Pi Beta Phi will "make the scene" for their Spring Dinner Dance from 7-midnight at the Holiday Inn. Gamma Phi Beta's will also "dine and dance" from 6:30-10:30 p.m. Saturday at the Hillcrest Country Club.

For Sunday, Delta Sigma Pi, business fraternity, will picnic from 3-6 p.m. at Buffalo Lakes.

AS I SEE IT

Phi Mu officers will "retreat" from the campus from noon to 6 p.m. at the Mackenzie Party House. The Sigma Kappas will leave Saturday to spend a weekend in Ruidoso, N.M.

Weeks, Doak Pick Legislators

Weeks and Doak Halls have announced new legislators for the spring semester.

Weeks Hall legislators are Carol Anderson, Carolyn Barre, Sandy Campbell, Pat Deason, Carol Dennison, Celia Forrest, Karen Hale, Patty Hansen, Kay Karth, Linda Karsteter, Carolyn Kelley, Jari Kendall, Melinda Parish, Sue Ring, Kay Sanders and Loysanne Slaughter.

Doak Hall legislators are Pat Walker, Carolyn Gottschalk, Pat Hamilton, Kim Morris, Susan Johnson, Patty Harrell, Charlene West, Michele Preston, Susan Croft, Pa'sy Mason, Janice Player, Barbara Short, Kay Vick and Dru King.

FACULTY MUSICIANS

Members of the Texas Tech faculty will conduct a concert of chamber music at 7:30 p.m., Thursday, at Bonham Junior High School in Odessa. Featured on the program will be Robert Humiston, Keith McCarty, Paul Ellsworth, and Charles Post, all assistant professors of music at Tech.

BSU LECTURER

The Baptist Student Center's Spring Lectureship Week will be observed Monday through Thursday. W. Howard Bramlette, of Nashville, Tenn., will speak at 3:30 p.m. each day.

THREE PROUD KAPPAS — Jane Loughmiller, Dallas sophomore; Linda Hill, Cleburne junior; and Mary Ann Gleason, Dallas sophomore, look over their Kappa Kappa Gamma symbols in preparation for the sorority's province convention beginning today.

—Staff Photo

Kappa Kappa Gamma Hosts Convention Here

The Tech Chapter of Kappa Kappa Gamma will host the 18th annual convention of Theta Province for sorority actives and alumnae Friday and Saturday.

The Province includes chapters from Oklahoma University, University of Arkansas, Tulsa University, Texas Christian University, Southern Methodist University, University of Texas, Oklahoma State University, and Texas Tech. Approximately 300 persons are expected to attend.

The theme for the convention, "We Would be Building," will be carried out in the two-day meeting at the workshops.

Speakers will be Mrs. Little Barbeck of Dallas, national director of membership, and Mrs. Elmer Wagner of Los Angeles, Calif., national director of philanthropy. Mrs. Richard J. Price, province director of chapters and Mrs. Ross Ressler, province director of alumnae will conduct the workshops. Linda Hill, Tech president of Kappa will speak at the Saturday workshop.

The convention will close Satur-

day night with a formal banquet in the Coronado Room of the Tech Union. Mrs. Alexander Pope will be honored at that time as charter member of Beta Xi Chapter which was founded at the University of Texas in 1901.

Judy Stewart and Jean Ayres Jenkins are in charge of the convention plans.

Banquet Scheduled For Today

Phi Epsilon Kappa, national professional fraternity for students and teachers in physical education, is making final plans for the annual Founder's Day banquet today.

Dr. S. C. Staley, Dean Emeritus of the University of Illinois and national leader in physical education, will be on the campus for "the round of activities climaxed by the banquet."

Dr. Staley will deliver the banquet address at 8 p.m. today in the Plaisman Hotel.

Dr. Staley received his B.A. degree in physical education from Springfield College and his M.A. from Clark University. He obtained his Ph.D. from the University of Illinois.

Besides lecturing, Dr. Staley has written many books on physical education and received an honorary degree from Springfield College, the same year he was president of the American Academy of Physical Education.

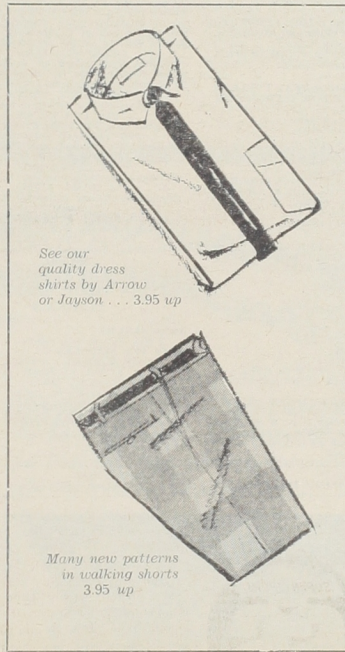

The lecturer-author has served the government and the armed forces in several capacities as advisor and consultant on athletics and physical education during his career.

"The Friday banquet is open to all interested persons, at a charge of \$2.25 each," said Edsel Buchanan, co-sponsor of Phi Epsilon Kappa.

Special guests at the banquet will be the West Texas State College chapter of Phi Epsilon Kappa.

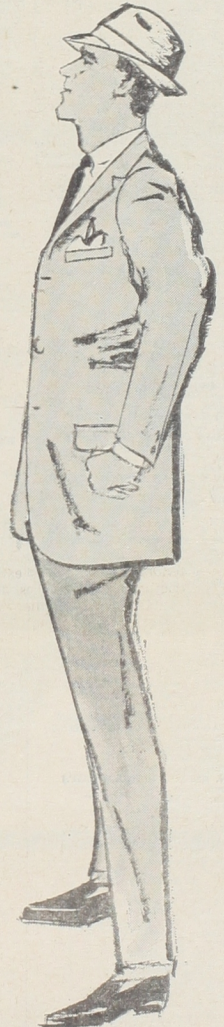

Three members of the Tech faculty, Dr. Ramon Kirellis, Buchanan and Dr. John Cobb are members.

Longer length means milder taste
The smoke of a Chesterfield King mellows and softens as it flows through longer length... becomes smooth and gentle to your taste.

SPORTS X-RAY

by Ray Finfer

Lots of things are going on around Tech this week in the way of sports. The easiest way (and I love to find the easiest way) to let everybody know what is going on is to categorize the events.

SPRING TRAINING — At 3:30 p.m. Saturday, Tech students and fans will have an excellent opportunity to see just what is in store for them next fall football-wise, when the Red Raiders take to the field in the first of the spring training game-like scrimmages, in Jones Stadium.

Coach J T King has done an excellent job this spring whipping his 80-odd charges into shape. The thing that impressed me the most about the squad is the incredible speed. Every man on the team is fast and rangy.

BASKETBALL COACHES — Texas Tech athletic Director Polk Robison and head basketball coach Gene Gibson will attend meetings of the American Basketball Coaches Association at the National Collegiate finals in Louisville this weekend. Robison is a member of two NCAA committees, on tournaments and rules, and was Tech's head coach for 17 years before Gibson took over in 1961.

Robison and Gibson will see four of the nation's top teams bounce basketballs in Louisville. Slow-moving, but almost unbeatable Cincinnati, after its third straight national championship, will take on another deliberate-playing ball team in Oregon State, headed by 7-footer Mel Counts. Second-ranked Duke will meet third-ranked Chicago Loyola. Both these teams use the fast-break method of ball playing. The winners will meet for the finals.

After checking my IBM machine here in my office, I see that Cincinnati will play Duke for the championship with the Bearcats from Ohio taking a seven point win over Duke.

GOLF TEAM — The next action for Coach Jay McClure's golfers will be against Texas Western here on Wednesday. Following this warm-up, the Raider duffers will play at Texas A&M Saturday in the Southwest Conference tournament.

TENNIS TEAM — The Raider tennis team fell victim to Trinity University Wednesday in a match in San Antonio. The victory for the tigers was their 36th straight. No one will question that with Chuck McKinley, Cliff Bucholz, Frank Froehling, etc., etc., etc. on the team, Trinity is easily the top team in the nation. The Raider netters are now in Houston to play in the Rice Intercollegiate tournament, which will conclude Saturday.

Coach George Philbrick took Daryle Allison, Beau Sutherland, Robert Peterson, Greer Kothmann and Don Darper with him for the Rice tourney.

TRACK MEET — One of the area's top track meets will be held at the Tech oval Saturday. Tech will host the University of Colorado in a dual meet, while the frosh will entertain LCC, Abilene Christian frosh and Fort Worth Christian. Also on tap will be a high school meet featuring many 2- and 3-AAAA tracksters.

BASEBALL NEWS — The Texas Tech Raiders will travel to Abilene Monday for a tough double header with Abilene Christian. ACC always comes up with a rugged team. Both ACC and Tech squads played TCU earlier in the season with the Raiders, in their season openers, getting trounced by the Frogs. The Wildcats from Abilene lost both of their games to TCU but by one run each.

The Picadors won their fourth and fifth consecutive games of the season by topping South Plains, 12-3 and 15-4, in Levelland Wednesday. The Pics are undefeated and make things look mighty good for the future. They go to Odessa Tuesday to play the Odessa College Wranglers.

There is just one thing on earth that I am particularly prejudiced for, that being the New York Yankees. Now, I can hear all the muffled, under-the-breath comments from you as you eat breakfast and read this column, but nonetheless, I am one of those dyed-in-the-wool Yankee-lovers.

You Yankee-haters are sitting there now, chuckling with uncontrollable laughter, poking your fellow Yankee-haters in the side and saying, "Fool, doesn't he know the Yanks are getting clobbered in Florida now? They are in the cellar; they have won only four games and they were humbled by the lowly Mets. The Yankees don't have it this year."

Laugh, have your fun and smile now, for in April when the season opens, the unbeatable Yankees will come out of their slump and ride to victory. Watch!

Thinclads Will Run In Mexican Meets

Two meets in Mexico next month have been arranged for Texas Tech's track team, Athletic Director Polk Robison announced today.

Coach Don Sparks' Red Raiders will compete in the Monterey Invitational Meet April 8-9 and take part in a similar meet in Mexico City April 13-14. Both meets come during Texas Tech's spring holidays.

Also, Coach Sparks is slated to

lecture at two track clinics in Mexico during the week.

This trip is believed to be the first such made by a Texas Tech track team, although Tech fencers competed several times at tournaments in Chihuahua.

"It is a wonderful opportunity for us, and everyone is enthusiastic over the trip," Coach Sparks said.

Before making the trip the Raiders are slated to compete in a dual here with University of

Colorado Saturday, in the San Angelo Relays, where Sparks will serve as referee, March 30, and at the Texas Relays in Austin, April 5-6.

SPORTS X-RAY

by Ray Finfer

SO MANY PEOPLE seemed to get such a pleasure out of my missing the predictions of the Cincinnati-Duke basketball championship, which Cincinnati was supposed to have won. Unfortunately, Loyola of Chicago slipped past Duke and toppled the mighty Bearcats in the finals in overtime 60-58.

A NUMBER OF PEOPLE have also commented that since I so resoundingly missed my predictions perhaps the guess that the Yankees will win the pennant might be wrong too. However, upon thinking it over, consulting my roommate and a few other devout Yankee fans, I find that it has been agreed upon that the Bronx Bombers will once again become World Champions.

NOTICED ON the wire Monday that the Yankees won their sixth game of the Grapefruit League against only 10 losses and that we have moved ahead of Minnesota in the standings. We're all the way up to ninth place now. Grass doesn't grow around the spikes of a Yankee.

TEXAS TECH STAR sprint swimmer Phil Simpkins, sophomore from Houston, will begin competition in the National Collegiate championships in Raleigh, N.C., this weekend. Simpkins will swim in the 50 and 100 and may possibly compete in the 200. His appearance there marks the first time in history that a Tech swimmer has gone to the nationals.

Simpkins was first in the Southwest Conference 100 with a record-breaking 48.6.

COACH GEORGE PHILBRICK is in his 11th year of tennis coaching at Texas Tech and has one of his finer teams in competition this year. Led by the duo of Daryl Allison, senior from Lubbock, and Beau Sutherland, junior from Kerrville, 1962 SWC doubles champions, Tech has a team of young tennis players, with a lot of desire and ability. In the next few years, the Raider netters will be high in the SWC in all categories.

Other varsity tennis men are Don Draper, junior from Houston; Don Foles, sophomore from Harlingen; Greer Kothmann, sophomore from Junction; Robert Peterson, sophomore from Wichita Falls; and Fred Wickett, sophomore from Fort Worth Arlington Heights.

Next tennis action will be Saturday with Hardin-Simmons in the morning at 9 a.m. and Abilene Christian in the afternoon at 2 p.m. on the varsity courts.

Both Win, 1-0

Tech, ACC Split Two

Fans in Abilene Monday were treated to some exciting baseball as the Texas Tech Red Raiders and the Abilene Christian Wildcats exchanged 1-0 wins in a doubleheader.

The highlight of the dual match was the sparkling pitching per-

formances in the first game by ACC's Sam Carpenter and Tech's Morris Huddle. Carpenter tossed a one-hitter at the Raiders in the opener with shortstop Foy Williams getting a single in the first inning.

Dudley, pitching his finest game of the year, was barely outdone as he threw a two-hitter at the Wildcats. His losing effort brought his season record to 1-1.

Raiders Came Through

In the second game, ACC again handled the Raider batsmen seemingly with ease, but Coach Berl Huffman's baseballers came through when needed.

ACC's Don Lewis allowed Tech only four hits in the nightcap, but the Raiders fashioned a run in the fifth to win the ball game for ex-Abilene Eagle Frank Ray, taking his first win of the season against two losses.

McCrummen Scores For Tech
Marshall McCrummen, batting for third baseman Richard Barker in the fifth, led off the inning by reaching first on ACC's Norman Scott's error. Lewis then hit

Yippy Rankin, batting for left fielder Doug Gibbins, to advance McCrummen to second. Ray fanned and Ronnie Ayers went out. Then Tech first baseman Bob Fielder hit a sharp single past third baseman Duncan Boyer to drive McCrummen in. That was the only run Ray needed to win, allowing ACC seven scattered hits.

Fielder Was Big Gun

Fielder was the big hitter of the second game with two-for-three. Williams added another single in the second game to his lone single in the opener. Richard Perry in a pinch-hitting role got Tech's other hit of the second game.

The Raiders are now 2-4 for the season. They will remain idle until April 5-6 when they will meet New Mexico Highlands.

Golfers Meet Texas Western

Texas Tech's golfers tackle Texas Western here Wednesday, then take on defending Southwest Conference champion Texas A&M at College Station Saturday.

Coach Jay McClure's linksmen for the two matches probably will be chosen from three lettermen—Housty Brewer of Andrews, Jim Davidson of San Angelo and Bruce Doble of Worcester, Mass.—Gary Littlejohn of Midland and Richard Yates of Corpus Christi. Yates is Texas amateur champion.

Texas Tech did not meet Texas Western last year. Despite finishing sixth in the conference race, the Red Raiders upset titlist A&M here 5-1 in the 1962 season finale.

BULLETIN

Phi Epsilon Kappa won the All-College Championship in basketball Tuesday night 43-42 over the Devils. Bickie Williams was the leading point scorer for Phi Epsilon with 26, while Bill Logsdon scored 15 points for the Devils.

Team totals for the fall semester and for two of the spring sports have been compiled and in first place is Phi Delta Theta with 136 points. In second place is Thompson Hall, with a total of 121; in third place, Carpenter Hall with 94 points. These totals are for the leading teams in this year's intramural program.

TOTALS ARE COMPILED in the order a team finishes in its respective league. Points are for first and second place teams. A first place is worth 50 points and a second place merits 40 points. Any team finishing first or second in open play receives five and three points respectively.

OVERALL OUTSTANDING team this year has been Delta Tau Delta; it has netted 1122 points.

The Deltas are followed in order by: Pi Kappa Alpha, 1084; Bledsoe Hall, 707; Carpenter Hall, 679; Thompson Hall, 661; Sigma Nu, 617; Sigma Alpha Epsilon, 575; Gaston Hall, 572; Phi Kappa Psi, 567; Kappa Sigma, 501; Air Force ROTC, 486; and Phi Gamma Delta, 421.

EDSEL BUCHANAN, intramural director, has announced the final results of the fall-spring semesters curling championships. Gordon Hall and the Pi Kappa Alpha "B" team tied for the championship with four wins and one loss each, but Gordon was given the title because of a win over the Pikes in season play, 6-2.

Delta Tau Delta "B" team was second, followed by Sigma Nu, the Delta "A" team and the Pikes "A".

SOFTBALL RESULTS — Several leagues are underway in intramural softball competition. The Phi Deltas lead the fraternity "A" league with a perfect four wins, followed by Sigma Chi and the ATO's with two wins and one loss.

Sunday's results of the fraternity leagues had the Sigma Chi with a bye; Phi Deltas 14, ATO 4; Sigma Nu 18, SAE 13; Kappa Sigs 7, Phi Psi's 25; KA's 17, Deltas 11; and Figs 24, Pikes 10.

MONDAY'S RESULTS in the independent league found the Crusaders 1, Rodeo Association 0; Phi Epsilon Kappa 15, AFROTC 3; and BSU 12, Newman Club 7.

Phi Epsilon Kappa leads the independents with two wins and no losses.

VOLLEYBALL STANDINGS—In the dorm league, Gordon beat Thompson's "B" 2-0, and Bledsoe's "C" team topped Bledsoe's "B" team 2-0. Gordon will meet Bledsoe's "C" team at 7 p.m. Monday for the dorm league championship.

The Chicks beat the PhiEK's No. 1, 2-0 and the PhiEK No. 2 team beat AFROTC No. 2. The Chicks will meet the PhiEK's No. 2 at 8 p.m. Monday to decide the independent champ.

HELP WANTED

HERE'S AN EXCELLENT OPPORTUNITY FOR AN AGGRESSIVE COLLEGE MAN.

We have an opening for a sales position for the right man. Desirable qualifications: sharp dresser, some sales experience preferred but not required, preferably freshman, sophomore, or junior. Minimum 20 hours work week. It is desirable that the applicant be free either mornings or afternoons. Apply in person . . .

Simpkins Vies In Meet At Scene Of Big Upset

By BILL HOLMES

Tech Sports News Director

Although it will be a definite upset for Phil Simpkins to win a National Collegiate swimming title this week, at least he'll be competing at the scene of probably the biggest surprise a Texas Tech team ever pulled. In December 1951, the Red Raider basketballers beat by 63-62 in Raleigh, a North Carolina State team ranked in the top ten. The Raiders, down 10 at halftime, caught up via the zone press and went ahead in the final seconds as Jim Sexton stole the ball, passed to Jack Alderson, whose shot stayed on the rim long enough for Paul Nolen to dunk it.

TT TT TT TT

Speaking of upsets, Texas Tech's Don Sparks used his secret weapon to nip Abilene Christian's freshmen 65-63 in last Saturday's meet. The weapon? Reinforcements from freshman footballers, who delayed suiting out for Saturday's scrimmage long enough to account for 20 points.

Center Steve Stephens of Roswell, N.M., won the shot put; tackle Don Wagner of Perryton, the discus; and fullback Bobby Carbone of Albuquerque, N.M., the javelin. Tackle Roy Brown of Carlsbad, N.M., placed third in the discus, and quarterback Ben Elledge of Brownwood, second in javelin.

Elledge's javelin effort apparently was a good warm-up for the scrimmage, since he threw two touchdown passes and connected on

RAIDERS USED TO MATADORS

During the 1930's Collier Parris, hen sports editor of the Lubbock Avalanche - Journal was inspired by a combination of Texas Tech's coast-to-coast schedule and the all-red football uniforms, to dub the team the Red Raiders. Coach Pete Cawthon liked the new nickname and although the official name for Tech is the Matadors, the team is called the Red Raiders.

ROBISON SUCCESSFUL

Polk Robison, head basketball coach at Tech for 18 years, had a 500 or better mark in conference play with every SWC member. He had a similar mark as a Border Conference member before Tech left that league to join the SWC.

two extra point tries as his Red team won 38-20.

TT TT TT TT

Junior Arterburn, who set Texas Tech's one-game total offense record as a quarterback in 1951, frequently can be found in Tech's whirlpool, treating a leg broken in a church league basketball game. He was playing against Elmer Tarbox's team at the time. Tarbox, a member of Tech's Athletic Hall of Honor for his three-sport stardom in the late 30's, has moved his athletics weights business to Lubbock.

TT TT TT TT

Bill McClure, the Abilene Christian track assistant, and Jay McClure, Texas Tech golf coach, are brothers.

TT TT TT TT

Rocky Hill, the former Albany

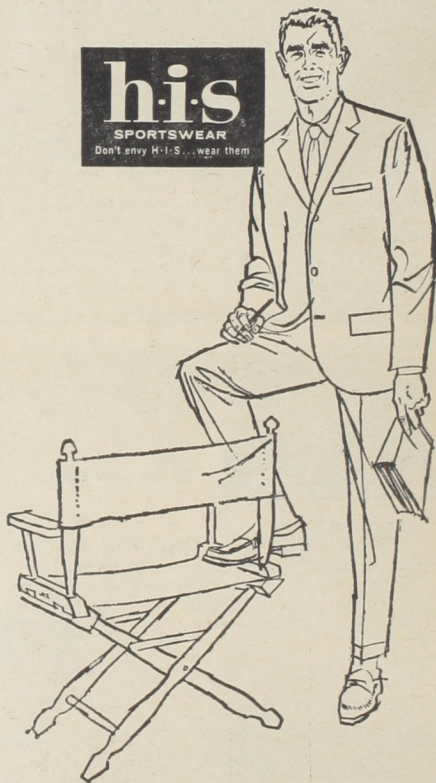

all-state end, now in the Texas Tech backfield, placed third in the Conference A state high school golf tournament and ran on the Lions' fourth place 440 relay team.

TT TT TT TT

Texas Tech's football spring training wind-up game will be played at 7:30 p.m. April 27. In conjunction, Tech will conduct a high school coaching clinic for 300 high school coaches.

TT TT TT TT

Texas Tech's Don Sparks, track and field coach, will serve as referee of the San Angelo Relays Friday and Saturday. Tech will enter the relays, but the Picador thin-clads, upset victors over ACC Saturday, will resume action at the Texas Relays next week.

REMEMBER...
TO VOTE!

Pat Hamilton Secretarial Candidate

In both leadership and service capacities, I have served and am serving Texas Tech:

Through school — I have worked in the Home Economics Club,

and am past CANDLE Editor and incoming President of Phi Upsilon Omicron.

Through organizations — I am a member of President's Hostesses, will be a legislator of Doak Hall, and have recently been selected to membership in Mortar Board.

Through Student Council — I have served on the Elections, Current Events, and Allocations committees.

If elected your Secretary, I would like to accomplish the following things during my term of office.

- Continue the present secretary's program of opening up the campaigns and putting the candidates in front of the voters.
- Make arrangements so that all counting of votes can be done by IBM computer. This would insure fast and accurate tabulation of votes.
- Hold Freshman Council elections as early as possible in the fall so they may work on a more united freshman class; they could reserve a section of the football stadium for the freshmen whose enthusiasm might boost our school spirit.

Cecile Camp Secretarial Candidate

My qualifications for Student Council secretary are: EXTENSIVE secretarial training, GOVERNMENT minor, EIGHT consecutive year's service on student councils.

My platform is:
 Ready to serve YOU in:

1. Better communications for a better Tech—
 - Council members should report back to their organizations
 - Minutes of meetings should be printed in the TOREADOR

DOR
 2. Fairer elections for a better Tech—

- Re-evaluation of officer qualifications
- Filling cheerleader and class officer vacancies

3. More special events for a better Tech—
 - Another all-school program such as the Model U.N.
 - Top national speakers
4. Safer traffic for a better Tech—
 - Let the students decide

Judy Price Secretarial Candidate

Freshman Council 60-61, Junior Council, Sigma Kappa, Phi Gamma Nu, Pi Delta Phi, President's Hostesses.

As Secretary of the Association, improved communications would be one of my goals. As a member of the election committee this year, lack of student interest in campus elections has been painfully evident. Campus positions are often filled by a very small percentage of voters. Integration of students into Tech's student government could be achieved through a coordinated program with the TOREADOR.

I would also work this summer with IBM in the Engineering Department to set up a program for elections. All elections then would be held on IBM cards and counting would be done electronically.

Office Duties

The secretary's duties are:
 KEEP the minutes of meetings of the Student Association and of the Student Council; BE responsible for the maintenance and preservation of the official version of the Student Association constitution and all rules and regulations of the Student Association; SEE that a copy of the official version of the constitution and all rules and regulations of the Student Association remain on file in the office of the president of the college; SEND a copy of the minutes of each meeting to the following: President of the College, Dean of Student Life, Dean of Men, Dean of Women, Student Council sponsor, Vice President and Comptroller, Academic Vice President.

AT all times maintain and preserve the official copies of the Student Association constitution and bylaws in the Student Council office.

**RONNIE
 BOTKIN**

for
Business Manager

WHO WILL IT BE? — Techsians voting by secret ballot today will choose three boys and three girls from the 18 candidates for cheerleaders to rally students behind the Raiders next fall. Run-off elections are set for Monday. —Staff Photo

Cheerleader Candidates

And Duties

Candidates for cheerleader are Carolyn Buxton, Linda Edie, Carol Fursman, Gay Gillespie, Jeannine Jones, Nelda McQuien, Camella Moore, Kathy Osthoff, Sandy Sample and Jami Steinhoff.

Other candidates are Myrna Stephenson, Lynn Wallace, Dennis Ashmore, Mike Bohn, Smiley Irvin, James Perry, John Ward and Bobby King.

Those persons elected will:

- Be responsible for all Texas Tech pep rallies
- Coordinate the generation of enthusiasm at all recognized college athletic events
- Be responsible for furnishing a representative to the Southwest Conference Sportsmanship Committee
- Encourage good sportsmanship on the campus
- Be responsible to the business manager for the management of their finances
- Elect, from their number, a

head cheerleader who shall be a male student and shall serve as their chairman.

PRICE IS RIGHT for SEC.

It Takes More Than Yelling To Be A Tech Cheerleader

Lots of people can yell and cheer with gusto when the Red Raiders go over for a touchdown. Quite a few can turn flips, inspire enthusiasm and attend all athletic events.

But there are a few special qualities, perhaps best classified under the term, gung-ho, that sets a good cheerleader apart from the football crowd.

Special qualities don't include regular cheerleader duties such as coordinating pep rallies and being on hand at ballgames.

One Tech cheerleader called it a year-round job. "A cheerleader must attend teas for visiting athletes, entertain visiting yell leaders and when away, attend all planned functions at other schools," she said.

High on her list on what makes a cheerleader really go is being able to perform yells well, en-

thusiasm, and devotion.

"A good cheerleader above all to develop sportsmanship and his enjoys cheerleading," she reflects. "He should at all times strive to develop sportsmanship and his own potential to its fullest."

Industrial Engineers Win First

Industrial engineering department took its fifth straight first place in the recent Science and Engineering Show.

Industrial engineering exhibits demonstrated techniques in production control, plant design, materials handling, work measurement, statistical quality control, product design, manufacturing analysis and organizations research.

Displays in the 31st SE annual show were judged on appeal to the public, explanation of department curriculum and presentation of exhibits.

The industrial engineering display received 3,705 points of a possible 4,000.

Bud Lanham was chairman of the department's exhibit. American Institute of Industrial Engineers and Alpha Pi Mu set up the displays.

READY TO STOMP—Judy Richards, junior, and Bob Fouts, senior, are all decked out for the Phi Mu western dance 8-11:30 p.m. today. Jimmy Heap's Band will play for the open dance at Vann's Catering Service. —Staff Photo

Delegations Plan Trips

Delegates from Tech's history department will scatter to state and regional history meetings in Austin and Albuquerque this weekend and next.

Four faculty members will represent Tech at the Texas State Historical Assn. meeting this weekend. The Austin meet begins today and continues through Saturday. Dr. David Vigness, department head; Dr. Ernest Wallace, professor; Billy Mac Jones, instructor and Richard Marcum, teaching assistant, will attend.

Tech's chapter of Phi Alpha Theta, history honorary, will send five representatives to a regional meeting in Albuquerque, N.M., Friday and Saturday, May 3-4.

Attending will be Dr. Paul Woods, history professor, and Lt. Col. George R. Hull, professor of air science.

Ronald Benson, teaching assistant, will present a paper on the Hay-Pauncefote treaty.

Nancy Vincent, Alpha Theta president, and Sarah Gaston, Austin junior, are Tech's student representatives.

Why Do You Read So Slowly?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement" mailed free to anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept 9894, Chicago 14, Illinois. A postcard will do.

Zsa Zsa Stars In Union Show

Mel Ferrer and Zsa Zsa Gabor star in "Lili," a technicolor movie, at 4 p.m. and 8 p.m. today and 2:30 p.m. Sunday in Tech Union Coronado Room. The Special Events Committee is sponsor.

Grads Discuss Negro Novelist

Grover Lewis and Nolan Porterfield, graduate English students, will lead the discussion at today's Noon Forum in the Tech Union Blue Room.

Discussion topic is contemporary Negro novelist, James Baldwin. Baldwin is author of "Another Country."

Purdue Prof Lectures On European Market

Competition from the European Common Market will force the U.S. to move rapidly if it is to hold onto its world markets or consider expanding them, according to Dr. James Greene, industrial engineer and visiting lecturer at Tech.

His ideas may carry some special weight since he has recently been a consultant to the European Production Agency, a division of the Common Market's organization.

"The U.S. must find ways to produce goods with more efficiency," he declared. "This presents a challenge to our industrial engineers."

Dr. Greene, a Purdue University professor, is spending three days, Monday through Wednesday, at Tech. He is conducting seminars in general industrial engineering research, production control and operations research.

Positions Open For L-V Staff

Applications are now being accepted for associate editor, copy editor and staff artist for next year's La Ventana.

Students interested in these positions should write a letter giving their qualifications, past experience on an annual or newspaper, why they want the job and any new ideas they may have for next year's La Ventana.

Past experience is not necessary, but preferable. Applications should be turned in to the La Ventana office or to either Johnnie Lu Raborn or Travis Peterson by May 1.

These are paid positions, and applicants should be willing to put in a great deal of time.

HONORARY MEETS

Psi Chi, psychology honorary, will meet at noon today in Tech Union, Elmer's Lounge. The group will initiate members and present a slate of officers. Those attending must sign up in the psychology office, X-31.

SURROUNDED—Carol McCormick, Ennis sophomore, was surrounded by cadets from England's Royal Air Force after their captain said, "If I were you blokes, I wouldn't let these ladies sit alone."

As I see it . . .

by johnnie lu raborn

"You think we speak the same language, but we don't," said one cadet from Cranwell, the Royal Air Force Academy in England. I had to agree with him.

Tech's Angel Flight was visiting the Air Force Academy in Colorado Springs. Some were dated with English cadets, who were also visiting. It was a real education.

For years, I've heard the English stereotype came out with "jolly good," "old chap" and "ra-ther." They are all true with the addition of an occasional "quite" and "Oh, my yes."

In England, you are not "out to lunch" but "around the corner." When we have a lousy date he is called "cull" or "bad head," but Cranwell calls them "grimmies."

'MAKING OUT'

It is a mystery how they got it but "cupeake" is said for "making out." Tennis shoes are called "blimp shoes," and a resounding "dash it" means darn or damn.

We Americans take much for granted. These cadets had never seen a drive-in movie or drive-in restaurant. Motels were also new, for they don't exist in England. Some of the guys got their first taste of pizza, Mexican food and pretzels. They didn't like it.

'STATUS SYMBOL'

It is a status at our Air Force Academy for the "firsties" or seniors to have Sting Ray Corvettes. That vast parking lot is full of them. I didn't see five cars under two years of age. The Cranwell "chaps" find it "marvelous" to get to ride bicycles when seniors. They do have cars, but generally these are somewhere in the 30's models. A car 10 years old is relatively new.

I did notice one thing about the cadets as a group. They abounded with national pride. One said, "There will always be an England." To which some of the U.S. cadets sort of laughed. A Cranwell "troop" recounted with a "Don't scoff at it, national pride is a wonderful thing." Their pride was so emphasized that it made me wonder if we "came over" the same way about our country.

On Saturday night, a formal ball was given for our flight, Cranwell and first classmen (seniors) at the academy.

The British boys taught us one way to live up a rather stiff dance. During one of the songs, one Cranwell "troop" yelled "Ants." The cadets immediately fell down on the floor, rolled over on their backs and kicked their feet and arms into the air. At the sound "dead ants," the legs and arms went stiff. Rather quaint, I'd say, but still effective enough to break everyone up.

GHOUL POOL

The Angels with U.S. Academy dates were wondering that night if they were included in the "ghoul pool." It goes like this. The academy hosts arrangements for blind dates for the formals. Cadets within each squadron enter a "pool" for 25 cents. At the dance, squadron officers act as judges and dance with the dates of each cadet entered in the pool. Afterwards, these officers decide which had the worst date and he wins the money. If we did it here, I would be rich.

AS I SEE IT

Sigma Kappa will choose a "Mr. Pledge" at 8 p.m. today in the National Guard Armory. Mr. Pledge will be chosen from fraternity pledges. The Caravans will play for the all-school dance.

Phi Mu will have a western stomp, 8-11:30 p.m. at Vann's Catering Service. The open dance will feature Jimmy Heap's band. Tech Union also is having a western dance from 8-11:30 p.m. in the Ballroom. Jimmy Mackey is playing.

KAPPA KAPPA GAMMA

An informal "German Beer Garden" will be the setting for the Kappa Kappa Gamma dinner dance at 6:30-11:30 p.m. today.

Delta Sigma Pi will have its Rose Dance from 7:30-12 p.m. Saturday at the Pioneer Hotel.

Newman Club will go on a picnic Sunday to Palo Duro Canyon.

Red-White Skirmish Ends Spring Training

Scarborough, Ben Elledge Opposing QBs

By ARTIE SHAW
Toreador Sports Editor

A pair of shining freshman quarterback prospects will be opposing each other at 4 p.m. in Saturday's final spring training scrimmage.

Featured will be Danny Scarborough of Quanah and Ben Elledge of Brownwood.

The annual contest is the rubber game of the series, as the Reds jumped to a quick two-game advantage, only to have it taken away from them in the last two outings by the underdog Whites.

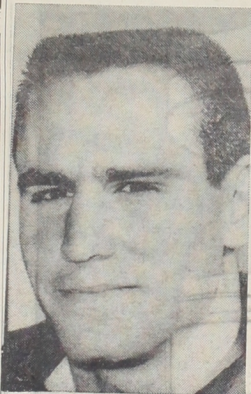

Two upperclassmen quarterbacks, Bill Worley of Midland and James Ellis of Lubbock, underwent knee surgery in December and will probably not see action, although they will be suited.

Statisticians Overworked

With both the Reds and the Whites threatening to "loosen-up" their previously tight offenses, the stress could be worse on the statisticians than on any one else.

Last week the Reds gathered 364 yards of total offense in a losing cause, while the Whites haled and threw for 277 in their 20-12 victory.

Long gainers have been the word of the day thus far, and any

BILL WORLEY

. . . Will not see action

more would be just icing for the cake.

Jim Zanios, Albuquerque fullback, for example, took a handoff from Red quarterback Ben Elledge and raced 52 yards off tackle in a spectacular gainer.

Elledge connected on two long passes, one to all-Southwest Conference end, David Parks, for 44 yards and another to Stimmert halfback, Donny Anderson, for 41 yards.

For the rubber game, each having won two contests, lineups will be exactly the same as last week. There may be a trade at halfback between David Baugh of Rotan, a Red last week and Jimmy Edwards of Roysie City, who played for the White squad last week.

Admission is \$1 for adults, 50 cents for students and Tech students will be admitted by showing their identification cards.

Traffic and Security

The staff is comprised of a chief, 10 commissioned officers, one night sergeant, two radio operators, one secretary, one clerk and two part-time employees. There are three radio-controlled patrol cars. In October, 1962, there were 6,240 cars registered to park on campus.

Tech Linksmen Meet UT At Meadowbrook

Texas Tech, in an effort to get back into the Southwest Conference golf race, engages the University of Texas here on Lubbock's Meadowbrook golf course today.

Tee-off time at Meadowbrook is 12:30 p.m.

Coach Jay McClure's linksmen, 4½-1½ losers to Texas Christian University here Monday, will also be motivated by a desire for revenge. Texas sports five lettermen from the squad that downed the Red Raiders 5-1 in Austin last year.

Texas Tech currently has a 14½-9½ standard. The Raiders lost to Texas A&M, knocked off Rice 6-0 and defeated Baylor 5-1 before dropping the match to TCU.

Texas' players will probably be Bill Munn of Midland, Randy Geiselman of Houston, Oscar Goode of Austin and Pat Thompson of Mission.

Texas Tech golfers for the match will probably be Bruce Dobie of Worcester, Mass., Richard Yates of Corpus Christi, Housty Brewer of Andrews and Jim Davidson of San Angelo.

Yates is Texas amateur champ, and lost his first-SWC match of the year to Jack Montgomery of TCU last week.

Tech Netters Challenge Rice, Texas In Important Matches

Texas Tech tennis players, in their next two matches, have a chance to influence the outcome of the Southwest Conference championship campaign.

In successive matches—against Rice University here Saturday and against University of Texas in Austin Monday—the Red Raiders tackle the teams currently sharing the lead.

Coach George Philbrick's netters, besides playing the role of potential spoilers will be out to guarantee or better their own third place position. Tech is 14-4 following wins over Baylor University 5-1 and Texas Christian University 6-0 and a split with Southern Methodist University 3-3.

Raiders' netters will be Daryl Allison of Lubbock, Greer Kothmann of Junction, Beau Sutherland of Kerville and Robert Peterson of Wichita Falls.

Rice University is led by the 1962 Southwest Conference finalist in both singles and doubles, Fritz Schunck. The Owls, coached by Sammy Giamalva, are defending Southwest Conference team champions.

Last year Rice downed Tech 6-0, and the Longhorns battled the Raiders to a 3-3 draw.

A re-match of last year's SWC finals doubles match, won by Allison and Sutherland over Schunck and DeEdward Greer, has been virtually ruled out by re-pairings on both teams.

Matches, on the Varsity Courts, will start at 1:30 p.m. The public is invited free of charge, Coach Philbrick pointed out.

GEORGE PHILBRICK

Pics Down AFB, 20-12

Texas Tech's Picadors picked up their eighth win of the season Wednesday as they ran away from Reese Air Force Base, 20-12.

The game, which took three hours and twenty minutes to play, was called at the top of the ninth inning due to darkness. Tech slammed out 17 hits, as converted basketballer Dadid Schmidly picked up his first mound victory of the season. Schmidly pitched the first four innings and left the game with a 15-5 lead. In his four innings stint, Schmidly allowed only four hits, while striking out six and walking three.

The Picadors were led at the plate by second-baseman Buzz Henderson, who collected four hits out of five at bats. Jim Murrell and Ronnie Holly drove in the most runs with five RBI's apiece.

Raiders Visit Highlands Nine

Two improved baseball teams—Texas Tech and Highlands University—clash in a doubleheader at Las Vegas today.

Since Texas Tech posted a pair of wins, 5-2 and 3-0, here earlier this month, the Cowboys have won six straight and now are 10-10 for the season.

The Red Raiders have a three-game streak, and five of the six, going for them. Their only loss came at the hands of the Abilene Christian College nine. Other wins are the twin-killing of Highlands and a double victory over ENMU.

Here's deodorant protection YOU CAN TRUST

★ Sports Shorts ★

If a sports fan wants to stay busy here this weekend, he won't have much difficulty.

Touching off the crowded schedule was an NRA Rodeo, which begins at 8 p.m. Thursday. Other night sessions are carded for tonight and Saturday night. One is also slated for 2 p.m. Saturday afternoon.

★ ★ ★

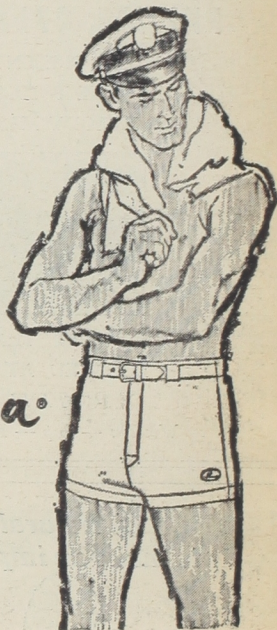

A football clinic gets underway at 2 p.m. today and continues through Saturday. It is being hosted in conjunction with the annual Red-White scrimmage and will include a barbecue tonight and sessions Saturday morning. Head Coach J T King and his staff are holding this clinic for high school coaches.

★ ★ ★

Starting at 1 p.m. Saturday will be finals in the Red Raider Relays, open to state track and field meet qualifiers. The strongest events prior to the start of the Relays appear to be the 100-yard dash, pole vault and high jump.
