

In 6:30 a.m. Ceremony Today

Junior Council Taps 20

Twenty girls who might ordinarily hate getting up in the morning didn't seem to mind at 6:30 a.m. today when they were tapped for Junior Council, women's honorary organization.

The Tech coeds were selected on the basis of outstanding achievement in scholarship, leadership, service to Tech, responsibility, character and dependability.

Each year the Council decides what projects it wants to participate in. This year the projects include counting ballots for elections, academic recruiting and hosting at various campus events.

The new members were honored by a breakfast following the tapping and then participated in pledging ceremonies.

The following women have been chosen as new members:

TOMMIE ALLEN—Sigma Kappa scholarship chairman; Alpha Lambda Delta; and President's Hostesses.

MARY BEHREND—Dimmitt—Kappa Gamma scholarship chairman; Judicial

chairman of AWS; Knapp AWS representative.

EMILY CROOM—Houston—Alpha Phi publicity chairman; Alpha Lambda Delta; Honors Council.

CHARLOTTE DORSEY—Lubbock—Pi Beta Phi; Alpha Lambda Delta; President's Hostesses.

GAY HAUGHT—Lubbock—Alpha Lambda Delta president; Pi Beta Phi scholarship chairman; Freshman Council.

JAN MAYO—Wichita Falls—Alpha Lambda Delta; Freshman Council; Delta Delta Delta.

DARLENE McDOUGAL—Abernathy—Pi Beta Phi pledge trainer; Drane legislator; assistant chairman of Union Committee.

LYNN McELROY—Lubbock—AWS treasurer; sophomore class secretary; Alpha Lambda Delta; Pi Beta Phi.

NELDA McQUIEN—Plainview—Drane Hall president; President's Hos-

resses; Kappa Alpha Theta pledge trainer.

JUANICE NEWBILL—Brownfield—Sock and Buskin vice president; Casa Linda business manager, and house director.

KATHRYN OSTHOFF—Dallas—Knapp Hall legislator; Panhellenic delegate; Kappa Kappa Gamma assistant pledge trainer.

ROSEMARY PATTERSON—Cleburne—Knapp Hall vice president; Pi Beta Phi house chairman; La Ventana Staff.

BETTY NEWBY—Berger—Treasurer, Panhellenic Council; West Hall legislator; IAWS representative for AWS.

PATSY ROHRDANZ—Houston—Alpha Lambda Delta; Delta Gamma scholarship chairman.

NANCY SHOEMAKER—Abilene—Kappa Kappa Gamma first vice president; Alpha Lambda Delta; freshman class secretary.

LOYSANNE SLAUGHTER—Houston—Gamma Phi Beta scholarship chairman; Alpha Lambda Delta; President's Hostesses.

BARBARA SPERBERG—Odessa—Alpha Lambda Delta; Phi Mu pledge trainer; Tau Beta Sigma.

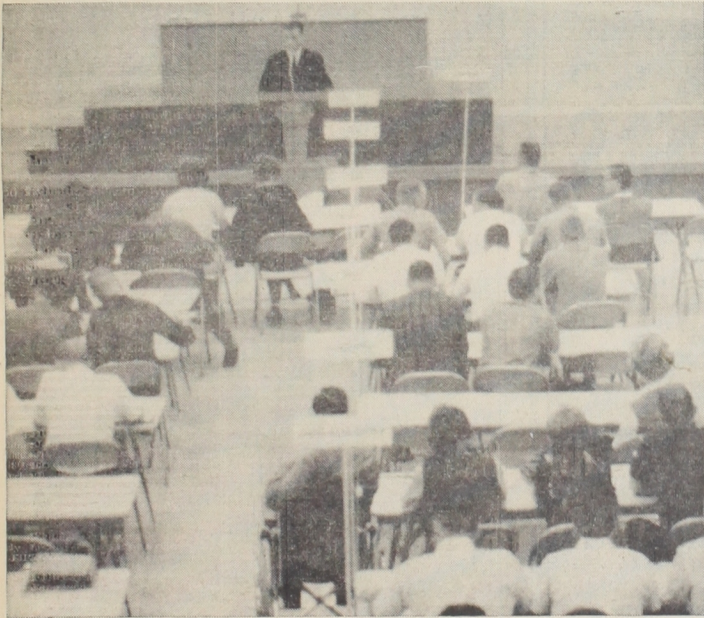

NELL ANN WALTER—Abilene—Drane Hall legislator; Kappa Kappa Gamma pledge trainer; chairman of Hospitality Committee, Tech Union.

NANCY WATSON—Dallas—Vice president of Panhellenic; Chi Omega scholarship chairman; Hospitality Committee, Tech Union.

SUSAN WOOD—Vernon—President, West Hall; Chi Omega pledge trainer; Alpha Lambda Delta.

Initiation ceremonies will be at 7 p.m. Women's Day, April 2, in the tower of the Chemistry Bldg. At that time the initiates will be presented the red blazers worn by Junior Council members.

U.N. Assembly - Tech Version

U.N. Sessions Begin

The first session of the Model United Nations opens at 10 a.m. today.

After months of planning and effort, Tech's Model U.N. will become a reality and take life with the first plenary session, roll call, welcome and introduction of resolution.

Resolved: "The United Nations calls upon the Government of Portugal to cease repressive measures and the denial of human rights and freedom in Angola."

The major topic of the U.N. session is "Colonialism." At 10:30 a.m. the presentation of position papers begins discussions of the topic. The delegations, divid-

ed into six blocks, present these papers. Each bloc is limited to one 10-minute, one 7-minute, and a 3-minute speech by each remaining bloc member.

Presentation of papers is a short philosophy of the countries and how they have voted on issues of "Colonialism" in the past.

Presentation of these papers will continue throughout today.

Tech Union Ballroom has been converted to a model U.N. assembly room, with the authentic U.N. emblem and seating arrangement duplicated.

The sessions are opened to the general public.

U.S. News Summary

Propaganda Mars Schools - Douglas

U.S. Okays Loan To Argentina; Saturn Blasts To Fourth Success

WASHINGTON (AP)—Justice William O. Douglas described American education Thursday night as blemished by "more propaganda than we appreciate"—some of it racial, some religious and some ideological.

"Americanism is often taught as a brief for whatever American foreign policy may be in effect, no matter how defeating it may be," the U.S. Supreme Court justice said in a speech prepared for the National Civil Liberties Clearing House.

"Many texts subtly downgrade the Negroes in favor of the whites," he said. "Some proclaim Protestantism over Catholicism and Christianity over Judaism by failing to describe the history of religious liberty in a fair way."

"Teach communism is becoming a fad," Douglas continued. "Moreover, the tendency has been to serve a political rather than an educational need. Those who travel in Communist lands know that a Communist regime is not all black, while we are all white. Is there enough courage and independence left to disclose what features of the Soviet system are not evil?"

Douglas, in his sharp criticism of American education, enumerated several cases of censorship by school boards of school libraries.

He included the case of a California school board he said banned "a brochure 'The Rule of Law in World Affairs,' by a Justice Douglas."

"Education by those standards is largely propaganda for one point of view or one school of thought," Douglas said.

"That is indeed precisely the Communist approach to sociology, political science, history and art."

Loans Total \$700 Million

WASHINGTON (AP)—A \$322-million credit package to help Argentina meet a critical balance-of-payments problem was announced here Thursday.

Coupled with \$398 million in loans to Brazil announced Monday, it brought to more than \$700 million the financial assistance extended this week in a determined effort to salvage economic and political stability for South America's two largest nations.

A State Department spokesman announced the International Monetary Fund will make available to Argentina \$50 million through October 1963. The U.S. Treasury is extending for an additional four months an exchange agreement for \$25 million.

Moon Rocket Test 'Normal'

CAPE CANAVERAL, Fla. (AP)—The Saturn super-boosted, forerunner of a manned moon rocket, registered its fourth straight test flight success Thursday and demonstrated that it can operate if one of its eight engines fails.

With its mammoth power plant generating 1.3 million pounds of thrust, the world's largest known rocket broke away from its launching pad at 3:12 p.m.

Performing with flawless precision, the 165-foot projectile raced across a clear sky, climbing to an altitude of about 77 miles before plunging back to break up and sink in the Atlantic Ocean about 250 miles southeast of Cape Canaveral.

Convicts Stress Worthwhile Goals

By GAYLE MACHEN
Toreador Asst. Managing Editor

An armed policeman followed the four men as they walked briskly onto the stage at Smiley Wilson Junior High School.

These were not four ordinary speakers at a public school. They were convicts.

The men, clad in white uniforms, were introduced as speakers No. 1, 2, 3 and 4. The four inmates from Huntsville prison spoke to the youths here Thursday just as they have to about 350,000 other Texas adolescents since "Operation Teenager" began 13 months ago.

In their speech series, the convicts tell young people about the things in men's lives which could eventually lead them to prison.

"When I was very young, I felt being the center of attention was very important. My only interest in high school was being popular," said speaker No. 1. "I had the bad habit of blowing my stack."

"I had a girl. We were really in love — then one day we were in

trouble. We decided to get married," he continued.

"When I got off work, I always stopped off for a few beers . . . and after so much of this . . . things got tougher. My wife left me."

"I bought a gun — now here I am — I'm really a big man now."

The audience was silent as the second speaker walked to the rostrum and began to speak.

"When I was in high school, I was what people call a 'Mama's Boy,'" he said.

"I never asked my folks what kind of people I should run with nor whom I should date. I had my own car and plenty of spending money.

"I was going with a girl . . . and my parents opposed this when they found out we were serious . . . but we got married anyway.

"For the first time in my life, I had to stand on my own two feet. I couldn't cope with the situation. During this time, I committed a serious crime."

Speaker No. 2 ended by listing two things every young person

needs to acquire: (1) "a respect for money" (2) "a degree of responsibility."

The tall, grey-haired third speaker began by saying he always "wanted to be independent and ran away and joined the Merchant Marine."

He recalled that as a youth he had felt an "inner enemy" was holding him back from standing alone. It was what he thought then was a "childish belief in God," he explained.

"Then one day I became just plain tired — tired of marijuana, alcohol, and all the drunks — I became tired of life itself. I thought this must be as low as a man could get, but I was wrong," he said.

With a tone of despair, he recalled how he had stood one day in an old house "with the evidence of my deeds on my shirt—a few dark, wet, red spots. I finally achieved my teenage ideal — and I really was alone."

The solemn mood prevailed as the fourth speaker began.

He told of being reared in a good home and "never dreaming this (imprisonment) would hap-

pen to me, but it did, and it could happen to you."

"Self-satisfaction was always my number one goal," he said. When he was 17 years old, he married his childhood sweetheart.

He said he "tried to escape from responsibility and turned to alcohol. I began to think of wine, women and song," he said.

"To make a long story short, alcohol has cost me everything in my life I really ever loved — my wife, my son — and many years of freedom."

Then speaker No. 4 returned to the rostrum to summarize what had been said.

"Did you notice that not one of us had a real worthwhile goal in life?" he said. "The deceptive cancer, like defects in our personality, began about your age," he told the junior high students.

"In prison you find every kind of personality — the poor, the rich, the uneducated and educated.

"Weigh your values and your decisions carefully. Sure it's hard to build a good life, but believe us, young friends, it's almost impossible to rebuild a wrecked one."

Doctor Says, 'Teenagers Seduced'

LOS ANGELES (AP) — Teenagers are being seduced by a "culture of fun morality," a doctor says, and many are so mixed up they think pre-marital pregnancy makes them more to be envied than pitied.

Dr. Toshiye Tagasaki said a survey showed the school "with the highest incidence of reported pregnancy had an all-white population with parents generally in a high level of income and education."

MONSTER CONTEST

sponsored by the
PARKER PEN PEOPLE

20 ★ TWENTY ★ 20

MONSTER RALLY KITS

GIVEN AWAY **FREE!**

TO COLLEGE GROUPS
Fraternities, Sororities, Chowder & Marching Societies, etc.

JUST FOR COLLECTING SIGNATURES (see below for complete rules)

EACH KIT CONTAINS:

1 BULL HORN!
... throws the sound of your leader's voice a country mile

20 COUNT 'EM 20 MEGAPHONES!!
... for keeping order amongst the rank and file

50 NOISEMAKERS from Las Vegas
... for keeping disorder amongst the rank and file

Do-it-yourself Effigy
... a bald-headed store dummy who can look like almost anybody

60 YARDS OF BUNTING
... the good, colorful kind

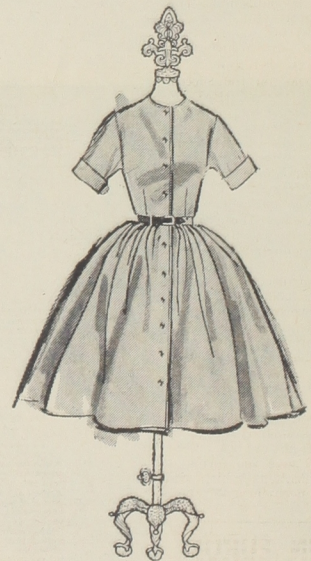

300 BLANK BUTTONS
... fill in your own cause

HERE'S ALL YOU DO TO WIN A MONSTER-RALLY KIT FOR YOUR GROUP:

- 1 Pass the hat and buy one Parker Arrow pen or borrow one—the new clean-filling, smooth-writing cartridge pen. It only costs \$3.95.
- 2 Use this pen to acquire at least 200 (two hundred) signatures of fellow students. They need not be perfectly legible and we'll even accept artful aliases. Neatness does not count, but length does (the 20 longest lists of names win). Duplicate prizes in case of ties.
- 3 Mail your list to: Monster Contest, P.O. Box 5049, St. Paul, Minn. We'll mail kits to winning groups, within 30 days. Sorry, but only one kit to a college or university and only 20 kits nationwide. Be sure to appoint a group leader and include his or her name and address with your entry.
- 4 Consolation prizes will be awarded to each group submitting 50 signatures or more. You'll receive one FREE Parker Quink cartridge for each name (we're no dopes, they'll all have to buy Parker Arrow pens to put 'em in).
- 5 Decisions of judges final. All entries become the property of Parker. Contest void in Nebraska, Wisconsin, and anywhere else prohibited by law. All entries must be post-marked on or before midnight, Nov. 9, 1962, and received on or before Nov. 16, 1962.

'Little 500' Bike Race Plans Roll

Plans are underway for Tech's annual "Little 500" Bicycle Race, scheduled Saturday, April 30.

Organizations may pick up applications at the Student Council office.

As in the past, the race course will be around Memorial Circle and Soapsuds Pavilion. Both boys' and girls' races are scheduled.

Each organization may enter two teams. A team consists of two pit men, four riders and an alternate rider.

During the week preceding the race, convocations are scheduled to help acquaint all riders with details of the race. Time trials are also scheduled for that week.

"Be sure to get your entries in now," urged Larry Maddox, this year's bicycle race chairman.

AT BSO Meet

By ANN BROWN
Toreador Staff Writer

Board of Student Organization representatives Thursday fired several questions at DAILY TOREADOR staff members Charles Richards, editor; Max Jennings, managing editor; and Jeannie Bookout, news editor.

Richards discussed the purposes of the TOREADOR. He said, "We feel that the TOREADOR should keep students in on what has happened, what is happening, and what will happen. Our first goal is to inform. We then aim to educate, entertain, and influence."

Worth Of Toreador

Jennings spoke on the success and failure of the TOREADOR. He said, "You can't base the worth of the TOREADOR on your opinion or on my opinion, because they will be entirely different. Based on professional opinion of the Associated Collegiate Press, the TOREADOR has received approximately 30 All-American ratings. These ratings are given to some 10 college papers in the United States each year."

Miss Bookout discussed the specific problems facing staff members. She answered the questions relating to depth reporting and qualified writers by explaining the set-up of the department. Presently relatively inexperienced students do most of the writing, she explained.

Staff members will work to improve organizational coverage by distributing forms to the BSO. The BSO will give the forms to campus organizations which will submit announcements on these forms.

JOBS IN EUROPE

Grand Duchy of Lux. Mar. 29, 1963
The American Student Information Service, celebrated its 6th Anniversary, will award TRAVEL GRANTS to first 1500 applicants. ASIS is the only authorized organizer offering approved summer jobs in Europe, on a large scale, to U.S. students.

3,000 paying summer jobs (some offering \$190 monthly) are available. Jobs include working in Swiss resorts, on Norwegian farms, in German factories, at construction sites in Spain, and at summer camps in France.

Send \$1 for a 20-page Prospectus, complete selection of European Jobs, Job Application, handling and airmail reply. Write, naming your school, to: Dept. T, ASIS, 22 Ave. de la Liberte, Luxembourg City, G.D. of Luxembourg. The first 8000 inquiries receive a \$1 coupon towards the purchase of the new student travel book, Earn, Learn and Travel in Europe. —Adv.

*Assignment: build
the "grease gun"
into our cars*

**We went to the mountain to
make 1963 Ford-built cars
go 30,000 to 100,000
miles between major
chassis lubrications**

Quite a task faced Ford Motor Company engineers when they set out to eliminate the traditional trip to the grease rack every 1,000 miles.

Like Mohammed, they went to the mountain—Bartlett Mountain on the Continental Divide in Colorado. More molybdenite is mined there than in the rest of the world combined. And from molybdenite ore comes the amazing "moly" grease that helps extend the chassis lubrication intervals for Ford-built cars. This grease sticks tenaciously to metal, stands up under extreme pressures and resists moisture, pounding and squeezing. It is slicker than skates on ice!

New, improved seals were developed. Bushings, bearings and washers of many materials were investigated. Slippery synthetics, like nylon and teflon, were used a number of new ways.

The search for means to extend chassis lubrication also led to New Orleans—where experimental suspension ball joints tested in taxicabs in regular service went two years without relubrication.

It took time. And ingenuity. But the effort paid off when Ford-built cars were the first to build in chassis lubrication good for 30,000 miles or two years—whichever came first.

Another assignment completed—another "Ford First" and another example of how Ford Motor Company provides engineering leadership for the American Road.

38 Eligible For New Frat, Will Meet For Interviews

Fifty men have filed applications for the new fraternity proposed at Tech. However, only 38 of these are eligible for membership.

Twelve applicants did not have the required 2.0 over-all grade average and a 2.0 grade average for the preceding semester.

Qualifying applicants will meet as a group next week, with individual interviews slated later. Applicants will be notified by mail of date and place of next week's meeting.

Once prospective members have been interviewed and evaluated, they will make a group study of fraternity functions. This will cov-

er three to four weeks. Then an application will be presented to a national fraternity for a charter as an active chapter. The fraternity to be selected is not yet known.

Thomas P. Stover, assistant dean of student life, will act as the faculty advisor for the proposed chapter while it is being formed.

TINSLEY AT CONGRESS

Dr. Willa Vaughn Tinsley, dean of home economics, will be the principal speaker at the food and nutrition segment of the National Youthpower Congress in Chicago, Ill., today.

by Charles Richards

Thoughts while wondering what happened to the name change proposal:

The Villanova University student body culminated four years of concerted effort earlier this year in solving part of its parking problem.

A former plan stipulated approved seniors could maintain cars on campus for weekends only. Thanks to a drive by the Pennsylvania school's student council, seniors may now keep their cars on campus all the time.

Richards

Last year, of 85 seniors applying for administration approval to park on campus on weekends, 55 were accepted.

Still think we got problems?

★—SS—★

From one of our feature services comes the story of an instructor at San Diego City College at San Diego, Calif.

The instructor okayed a term paper on "Birth Control" for one of his evening students only to approve a dropout slip the following week for the same married student because of her announced pregnancy.

The instructor's comment on the subject was that her knowledge was either "too little or too late."

★—SS—★

While dawdling in the furor currently raging over so-called strict legislation in Tech's women dorms, here's a thought you might enjoy.

At the University of Tennessee, a new honor dormitory for upperclass women students has been instituted.

The 78 junior and senior girls who live in the honor hall have special hours extra social privileges. The major honor regulations include:

Unlimited overnights on any night during the week if the girl properly signs out when she leaves and again when she returns.

Permission blanks for staying out of the dorm aren't given; the signing of the honor code accompanied by parental approval automatically covers all policies of permission sheets.

Closing hours are 11:30 p.m. Sunday through Thursday and 1:30 a.m. Friday and Saturday. Boys may visit until 10 p.m. during weekdays and until midnight on the weekend.

★—SS—★

Who said registration was tough?

At UCLA three male students set up a fake booth during registration and established themselves as "Station A for registration of frosh women for the campus directory."

Each girl was rated for sex appeal on a one-to-ten scale as she filled out a card calling for her phone number and address.

Before running out of cards, according to the UCLA Daily Bruin, the three found some who rated from One ("just a girl, but not worth picking up the pencil for") to Seven ("unbelievably great"). No coed was found luscious enough to merit classes eight, nine or ten.

Out there, they're now talking about registration "curves" instead of lines.

★—SS—★

And to finish the column, we have some propaganda from an organization called SINA — Society for Indecency to Naked Animals.

The organization is dedicated to the philosophy that since we as humans are biologically animals and accept the social custom of wearing clothes, then animals too should be allowed to share our propriety. SINA is concerned mostly about dogs, cats, horses, cows and other domestic animals that stand higher than four inches or are longer than six inches.

It's headed by a bearded leader called G. Clifford Prout who runs the society on an inheritance left him by his father. The members picketed the White House last week in protest of the First Lady and Caroline for riding nude horses.

The group plans to put its full membership of 50,789 behind the protest. And I'm No. 50,790, according to the membership card and other data G. Clifford sent me.

I feel honored.

Letters To The Editor

Teachers Copy Too

Editor,

Earlier in the school year, the matter of the Xerox Copier was discussed in the Toreador. The point was stressed that the machine was being used entirely too much. Students had stopped checking out material; they copied the material instead.

The result, of course, was that the free use of the machine was endangered. The allotted funds for the machine's yearly operation were used almost overnight. The students were reprimanded for the overuse of the luxury.

It has come to our attention that the teachers also infringe upon the rules of fair play concerning the operation of the machine. Only recently we saw a teacher making a large number of copies of the same sheet. Upon closer examination, the material was found to be copies of a test which

was to be given the next day. We feel sure that this was not the first time this had occurred.

Teachers are provided with equipment to mimeograph tests. This seems to us to be much less expensive than copying tests on the Xerox machine.

We certainly do not feel that the students should receive all of the blame for the thoughtlessness and selfish actions of a few people, both students and teachers alike.

Respectfully,

Kenneth O. Wilson
Richard Spikes
350 Wells

(Editor's Note: The article you mentioned was a feature on the intense popularity of the Xerox-914 and not a criticism of those who used it. Library officials have estimated 90 per cent of the machine's use is legitimate, both faculty and student.)

We Need A Marker!

In every school there are certain ideas that bud and gain prominence, only to die from lack of continued drive to push them into reality.

Sometimes this is good; all ideas are evidently not worthwhile. On other occasions, a re-evaluation of the situation might prove the suggestions worth further consideration.

We feel the proposal of a modern, impressive name marker at the campus entrance is an example that fits into the latter category.

The Saddle Tramps decided in a recent meeting to put their time, money and effort into a campaign to get such a marker erected. Whether they can succeed will be shown in the weeks and months to come.

A similar campaign was suggested by THE DAILY TOREADOR a year ago, with the suggestion that the Freshman Council take it as a worthwhile project, but the challenge was not accepted by the group.

There are differing opinions concerning the marker's location, since many believe that with campus growth the 19th Street entrance will be considered the main entrance in years to come. Also, the name change proposal has not been decided.

But all things considered, these are obstacles that will follow the decision to build the marker. The proposal has been shrugged off far too many times in the past without adequate reason.

We feel the Saddle Tramps have made the first move in a plan that will mean much to Texas Tech.

Charles Richards
—Daily Toreador Editor

Support Spring Sports . . .

Spring is a dull time of the year, as far as sports are concerned, to many Techsians.

Football is here only temporarily, and that in the form of spring training. Basketball is over for another year.

Although they're not classified as major, there are other athletic activities on the campus this time of the year. Sometimes we wonder how many people are aware of it.

Texas Tech finished higher in Southwest Conference swimming competition

this year than ever before, although the season has already come and gone now without any extraordinary fanfare.

In golf, tennis, baseball and track there is enough to give an enjoyable afternoon on almost any given day of the week now. And for the first time in several years, Tech is well represented in all.

It doesn't seem right that the two high schools in the city can draw more fans in the spring sports—without exception—than can Texas Tech.

—Editor

Name Change Bandwagon . . .

Pardon us, while we momentarily step off the name change bandwagon.

Becoming a university would, without a doubt, bring a certain amount of prestige and distinction to Texas Tech. Incorporating the word "university" would, so to speak, "project our image." The question at hand is "What image are we trying to project?"

THERE ARE MANY institutions of higher learning in our country which are genuinely distinctive: Harvard and Yale, and other Ivy League universities comes readily to mind. Then, there are universities which are only copies — some masterful and others not so masterful.

Do we wish to be merely a skillful imitation of the real thing that is something other than our own best potential, or do we wish to be a truly distinctive center for higher learning in our own proper sphere?

Someone recently said that, at the present rate, soon there will not be one institution of higher learning in Texas which does not have the word "university" in its name somewhere. Since the recent announcement that Texas A&M

would seek to become a university and since West Texas State has recently succeeded in doing just that, we are inclined to agree.

Texas, it appears, has joined many other states in the "current mad scramble for status among American colleges and universities." Whether this argues for or against Tech's joining the race is a moot question.

THERE ARE TWO things which have contributed to this "status scramble." One reason is that magazines have greatly influenced the reading public with their "authoritative surveys." Through these guides, the "prestige college," "the fast-becoming known" and the "good but unknown" colleges are presented to the public.

Another reason is that today there is more respect for academic excellence than ever. When directed in the right channels this search for academic excellence is most beneficial. However, when pursued for the purpose of securing a certain status, its value may be questionable.

FOR EXAMPLE, many teachers' colleges are no longer content with their role. In many states they have become full-fledged universities even

though they are not prepared to become so.

Perhaps, we, as Techsians, should re-evaluate our reasons for wanting our name changed.

If it is for the sole purpose of status, then we may be destroying our opportunity for supplying diversity in American higher education. If our only goal is status, then we are dependent on senseless collegiate comparisons.

Think about it. Then decide if our motives are entirely worthwhile.

Spring Vacation Blues.

I've heard again and again over the plains, "I can't wait until spring vacation," or, "If we didn't have spring vacation, I don't know what I'd do."

We are all ready for a break or rest from books, classes, meetings and, generally, stopping the dead pace we maintain.

For myself, if I make it alive until then, it will be a miracle.

It's a tribute to our administration that we get this rest. About this time every year spring fever grabs us all. It's only that lovely Oasis called "spring vacation" that keeps some of this fever from erupting into some playful, and not so playful, antics.

Several years ago it seems it did erupt and lead the administration to granting us a holiday away from campus.

Those of us that live in distant parts of the state are glad to get a chance for a few days at home.

Personally, unless it is an extended school holiday, I wouldn't be able to go home. It's just too hard to drive to Austin for a weekend.

Right now it's good to dream

of sleeping late, seeing friends and relatives and maybe getting in a day of water skiing.

AS I SEE IT

Women's Day is Tuesday and many students and faculty women will be honored.

It is one of the few times when all female students participate in one event.

Since the banquet that evening is restricted, I as Society Editor, felt that we needed something for the ones not able to attend.

I came up with the idea of a style show, which is as woman-like as bobby pins and cold cream.

Coeds will get a chance to see spring fashions from swimsuits to formals. The latest in clothing will be augmented by models such as Miss Mademoiselle, Tech's Best Dressed Woman and other campus beauties.

For those who want to come, it will be at 7:30 p.m. in Tech Union Coronado Room.

AS I SEE IT

Briefly, here are the events from the Dean's Calendar slated for this weekend. Alpha Chi Omega dinner dance, 6:30-11:30 p.m. Saturday in the Palm Room.

The Delta Sigma Pi Western Dance from 9-12 p.m. Saturday at the Knights of Columbus Lodge; Phi Delta Theta lodge dance from 8-12 p.m. Saturday at the lodge; Delta Tau Delta hayride from 7-12 p.m. Saturday, Johnson's Ranch; Alpha Phi slumber party at the lodge, beginning at 11 p.m. Saturday and ending (tentatively) at noon Sunday.

Kappa Alpha Theta dinner will be at the lodge 5-10 p.m. Sunday and the Phi Mu informal dinner will be 5-7 p.m. Sunday at the lodge.

Editorial, Advertising Positions Open On Campus Publications

Applications are being accepted for staff jobs on THE DAILY TOREADOR and LA VENTANA.

Editorships of both publications and advertising manager for the TOREADOR are open.

Requirements for editor of the newspaper are 15 semester hours in journalism, junior or senior standing, a 2.0 grade point average for the past semester, a 2.0 over-all grade point average and experience on the TOREADOR.

THE TOREADOR editor's responsibilities include supervising the editorial page, serving as public relations man for all dealings between the staff and the public

and maintaining editorial policies to the letter.

Advertising manager need not have experience on the TOREADOR. He must be a junior or senior and have a 2.0 grade point average for the past semester and a 2.0 over-all grade point average.

LA VENTANA editor must have experience on the annual's staff, have a 2.0 grade point average for the previous semester and must be a junior or senior.

Letters of application must be given to Phil Orman, director of student publications, by April 5. His office is in Journalism Bldg., room 102.

50 CASH AWARDS A MONTH. ENTER NOW. HERE'S HOW:

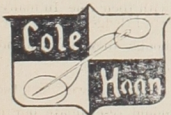

First, think of an answer. Any answer. Then come up with a nutty, surprising question for it, and you've done a "Crazy Question." It's the easy new way for students to make loot. Study the examples below, then do your own. Send them, with your name, address, college and class, to GET LUCKY, Box 64F, Mt. Vernon 10, N. Y. Winning entries will be awarded \$25.00. Winning entries submitted on the inside of a Lucky Strike wrapper will get a \$25.00 bonus. Enter as often as you like. Start right now!

RULES: The Reuben H. Donnelly Corp. will judge entries on the basis of humor (up to 1/2), clarity and freshness (up to 1/2), and appropriateness (up to 1/2), and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entrants and must be submitted in the entrant's own name. There will be 50 awards every month, October through April. Entries received during each month will be considered for that month's awards. Any entry received after April 30, 1963, will not be eligible, and all become the property of The American Tobacco Company. Any college student may enter the contest, except employees of The American Tobacco Company, its advertising agencies and Reuben H. Donnelly, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

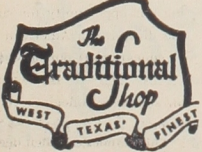

The splendid Cole-Haan Penny loafer and plain toe with low stitch.

Phi Kappa Phi

Honorary Pledges 133

Tech chapter of Phi Kappa Phi, national honorary for academic achievement in all schools of a college or university, has pledged 133 students.

Hazel Hale, Dallas, the junior with the highest grade point average, will automatically become vice president of Tech's Phi Kappa Phi chapter for the coming year.

This spring 55 pledges are in the School of Arts and Sciences; 30 in

engineering; 18 in business administration; 13 in graduate school, 9 in home economics and 8 in agriculture.

Initiates from the School of Agriculture are Elmo M. Beyer, Rosa R. Clark, Zoel W. Daughtrey, Jerry D. DeBord, John M. Gosdin, Ronald D. Hood, Tom M. Neal and Gene G. Sues.

Initiates from the School of Home Economics are Shirrell S. Bell, Myra E. Denton, Debra A. Ferguson, Geraldine A. Haje, Margaret L. Hardien, Judith A. Hawkins, Pauline R. Holmes, Arminda L. Kemp and Barbara A. Sudduth.

Initiates from the School of Arts and Sciences are Bonnie J. Apple, Franklin D. Ashdown, Laura Ballew, Sheldon I. Beck-

er, Ginger L. Butler, Betty R. Cartwright, Mary L. Conner, Ella K. Davis.

Frank Dietze, Teresa G. Dittich, Jean A. Eitelman, Earline Ellison, Ophelia D. Ernst, Karan T. Fickert and Martha C. Flenniken.

Carol J. Francis, Joseph C. Giles, Jeff L. Greene, Miss Hale, Zeida D. Harkins and Marilyn S. Hawkins.

Hunter Heath III, Tommy L. Hendricks, William R. Heineman, Patricia S. Holt, Charles F. James, Sandra Jordan, Jan Justice, Kay J. Kragay, John A. Knight Jr., Ellis L. Langston.

Rosemary Laramore, Billie R. Latch, Wendell E. McClendon, Jayne K. Maddox, Kristi R. Martin, Glenda Miller, Rosemary Mills, Randall M. Parish, Margaret R. Parker, Kithie E. Porr, Anita D. Queen, Barbara C. Short, Anita M. Siewers, Anne M. Spitzer, Jerald D. Tarpley Jr., Ray W. Thompson, Jo Ella Tweedy, Dixie L. Ward.

David W. Watkins, Anne C. Weaver, Frederick W. Weidmann Jr., Roky A. West, Marian S. Wolfe and Susan K. Ziegler.

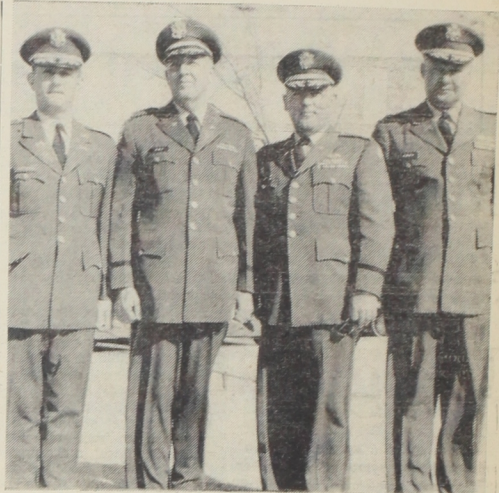

Initiates from the School of Business Administration are Jackie Faidler, Jerry L. Cardinal, Jerry D. Casatevens, Peter B. Feather, Alan R. Henry, John L. Johnson, Kay Keltner, Ezell D. Key, Helen J. Leachman, Lewis G. Lowrey.

Karen L. McClendon, Ann B. Orrick, Jimmy R. Price, Karen S. Ring, Anita R. Smith, Sharon K. Strawn, James E. Ware and Edith C. Wood.

Initiates from the School of Engineering are Ronnie J. Kuhler, Thomas K. Abraham, Carl V. Alexander, Robert J. Almond, Charles D. Bayne Jr., Billy H. Bowerman, Darwin L. Breeding, Lynn E. Butler, Ellis G. Campbell, Joe D. Elder, Lucian S. Franciel III.

Harold M. Goodwin, George A. Guthrie, Thomas A. Hargrave III, John A. Holberg, Dave L. Kinderfather, Pat D. McCarrall, Antonio Masso, Terry C. de la Moriniere, Kenneth W. Patterson, Morris W. Pearson, Harold C. Phuenneke, Don E. Roper, William W. Smith, George L. Uppercamp, Ronald L. Violette, Ralph N. White, Sammie L. Williams, James A. Zorns, Louis W. Joe and Glenn J. Eisey.

The initiates from the Graduate School are Clell Blackwell Jr., William D. Elliott, Eilly M. Jones, Thomas M. Spentz, Jerry J. Joseph E. Piott, Eilly P. Smith, Hubbard E. Ferrell, Malcolm O. Urey, Paul L. Thomas and Dewey L. Bryant.

TOP BRASS — On hand for federal inspection of the Tech Army ROTC unit at 4 p.m. Thursday were, left to right, Maj. T. H. Fletcher, Ft. Bliss; Col. L. T. Ayers, 4th U.S. Army Headquarters; Maj. G. L. Jared, 4th U.S. Army Headquarters and Maj. Howard, Hardin-Simmons University. The annual review serves to evaluate the entire Army ROTC unit on both an individual and overall basis.

SPORTS

Mets, Angels Set Exhibition League Pace

(Editor's Note: A number of requests have come from students and faculty members asking that more major league baseball be run in THE DAILY TOREADOR. To answer these requests, twice a week, the TOREADOR will run standings and a story on pro baseball.)

The New York Yankees are gaining momentum rapidly. Joe Pepitone, first base replacement for the traded Moose Skowron, clobbered two home runs Wednesday as the Yankees tipped Minnesota, 7-6. The Yanks are now in eighth place ahead of Washington and the Twins.

In other action Wednesday, Cincinnati routed the Dodgers, 6-0, with Jim O'Toole running his string of consecutive scoreless innings to 14. Milwaukee beat Detroit, 6-1, with Lew Burdette taking the win.

The New York Mets showed promise of great things to come as they beat St. Louis, 6-4, and moved up to number one in the National League Grapefruit standings.

The Los Angeles Angels edged past Boston, 4-3 and took over first place in the American League Grapefruit standings.

The Chicago Cubs and Cleveland Indians battled in a hitting duel, with the Cubs finally taking a 12-11 win. The Chicago White Sox shut out Washington, 3-0.

Philadelphia beat Kansas City, 9-2, and the San Francisco Giants were topped by their farm team, Tacoma, Wash., of the Pacific Coast League, when the minor leaguers came up with seven runs in the ninth.

Standings in the Grapefruit League are as follows:

AMERICAN LEAGUE				NATIONAL LEAGUE			
Team	w	l	pet.	Team	w	l	pet.
Los Angeles	13	5	.722	New York	11	7	.611
Baltimore	12	5	.706	Houston	10	7	.588
Kansas City	11	5	.688	St. Louis	9	10	.474
Cleveland	12	7	.632	Cincinnati	9	10	.474
Chicago	12	7	.632	Philadelphia	8	9	.471
Detroit	10	9	.526	Pittsburgh	7	8	.467
Boston	8	11	.421	Los Angeles	8	10	.444
New York	7	11	.389	Milwaukee	8	10	.444
Washington	6	11	.353	San Francisco	6	12	.333
Minnesota	6	12	.333	Chicago	6	13	.316

San Angelo Relays To Host Top Stars

Saturday some of the best high school teams in the state will compete at San Angelo in the San Angelo Relays, along with some of the nation's top college and university teams.

Young Meet

The San Angelo Relays, a relatively young meet, draws topflight track teams every year. This year the best university division team in Texas, Abilene Christian will compete.

Headed by Dennis Richardson, another in a line of great ACC sprinters, the Wildcats are favored to take their fifth straight meet title of the season. Richardson ran a 9.3 Wednesday in a dual meet with Colorado in Abilene. He added a 20.9 220 to his hundred time. The 9.3 is the fastest century mark in the nation this year.

Best Times Falling

The best times in the state in high school division are being bet-

tered every week. The best times in each event this season are as follows:

100 YARD DASH — Charles Mitchell, Childress, 9.5; James Jackson, Lubbock Dunbar, 9.6.

220 YARD DASH — James White, Dallas Sunset, 21.0; Mike Bell, Tascosa of Amarillo, 21.2.

440 YARD DASH — Conley Brown, Houston San Jacinto, 48.7; Steve Langham, Dallas Jefferson, 48.8.

HIGH HURDLES — Buddy Woodall, Texas City; John Morris, South Houston; John Herring, Alice; Stan Morrison, San Marcos; all have 14.5.

LOW HURDLES — Jimmy Epps, Galena Park, 18.9; Dave Chambers, Grand Prairie, 19.0.

880 YARD RUN — John Moss, Austin, 1:55.7; David Webb, Amarillo Tascosa, 1:56.3.

MILE RUN — Geoffrey Earl, Midland Lee, 4:26.4; Carlos Vela,

Pharr - San Juan - Alamo, 4:27.4. **440 RELAY**—Galena Park, 42.2; Tascosa, 42.4.

MILE RELAY—Tascosa, 3:18.4; Permian, 3:18.9.

SHOT PUT — Randy Matson, Pampa, 64-4; Toby Belt, Westbury, 62-4.

DISCUS—Randy Matson, Pampa, 188-7½; Joe Williams, Odessa, 175-7.

HIGH JUMP — Johnny Morris, 6-5½; George Toon, Henderson, 6-4½.

BROAD JUMP — Lester Williams, San Antonio Edgewood, 23-5½; Harold Jackson, El Paso Burgess, 23-4¼.

POLE VAULT—David Jeffries, Abilene, 13-10; Mark King, Midland, 13-6.

Dobie-Led Linksmen Top TWC

Texas Tech's golfers showed promise and power in their impressive victory Wednesday over Texas Western's linksmen, 6½-1½. It was the Raiders' first dual match of the season.

Bruce Dobie, Worcester, Mass., led the Raiders with a three-under 69. He easily toppled the Miners' No. 2 player, Harry Jensen, a retired Army lieutenant. Jensen fired a 77.

The two teams' top players, Tech's Housty Brewer and TWC's Jack Hardin, halved their round when the Miners' No. 1 player birdied the 18th hole with an 8-foot putt. Brewer had gone ahead in a 1-up lead on the 17th, when Hardin three-putted.

Brewer and Dobie won the best ball competition 3 and 1.

Richard Yates, Texas amateur champion, had little trouble in disposing of TWC's No. 3 player, Ronnie Dean, 5 and 4. Yates shot a 74. Tech's Jim Davidson edged Joe Martinez, 1-up.

Yates and Davidson combined to take their best ball competition 2 and 1.

In another singles match, Gary Littlejohn shot even par 72 to decision Ronnie Ward of Texas Western, 1-up.

Coach Jay McClure will next send his linksmen to Texas A&M today and then on to play Rice in Houston Monday in a series of conference tests.

Gurney Nears Auto Record

INDIANAPOLIS (AP) — Handsome Dan Gurney, who holds auto track records on three continents, came close to another Thursday with a 150.501 mile-an-hour lap at the Indianapolis Motor Speedway.

Gurney, in an Anglo-American hybrid he dreamed up five years ago on the Grand Prix road circuit, was just a shade under the record 150.729 lap set by Farnelli Jones in time trials for last year's 500-mile race on a clean, repaired track.

Executive Platforms Voiced

Furgeson Seeks One-Day Break

In many conversations with Tech students across the campus, I have found a desire for strong programs and for new ideas from the Student Council. With this in mind, I have tried to develop a platform to meet the desired needs of the student body.

Presently Tech is accelerating its academic growth just as fast as its physical growth. In this realm I feel the Student Council can promote activities.

The speaker convocation should be greatly intensified in order that Tech students can get a first hand report on national and international activities. These convocations could help us coordinate our in-class instruction with practical, on-the-spot information.

Since I have mentioned the classroom, let me explain another idea I have in relation to academics. At Tech and at other universities in this nation, grades are of chief importance. Since the pressure to make high grades is so great and since final examinations usually determine a grade to a large extent, I feel that we, as students, should have longer to prepare for our tests.

With this explanation I propose to work for a one-school-day break between dead week and final exam week.

I feel that Tech is definitely a university, and next year, I will work to bring university status to our name. These above four programs are the ones I plan to stress in the realm of academics.

Another realm of the Student Council which has not been examined closely in the past is the area of communications between the Council and the student body. I would like to remedy this problem by printing a column in THE DAILY TOREADOR from the Council.

I also feel that we need to have the executive officers before the students for criticisms and suggestions. This could be accomplished by having monthly meetings in the Union composed of the officers and all students who wish to attend. We would also have these mass meetings in the dorms.

Another area where I feel communications need to be improved is between Tech and other Southwest Conference schools.

With these other programs I have mentioned, I would like to emphasize some of the established programs of the Student Council. The Traffic Program is one that needs continual work and supervision. Our Athletic Recruiting Program is also one which can add strength to our athletic system in future years.

All these programs are the ones that I feel Tech needs to enable it to continue to keep pace with the changing times. Since they are important, I have made them the basic points in my platform.

NOT EVEN WIND CAN STOP 'EM—A strong West Texas wind seemingly proved no obstacle to this couple attending Thursday's campaign rally. Perhaps the girl received a lift to obtain a better view of campaign proceedings or merely to provide a balance against the winds. —Staff Photo

Strickland Sees Small Minority

Will we ever have another chance? If so, when? Do you really care if we have another chance? If so, read on.

Will we let a small minority of students set the policies and procedures of this campus for another term of office? I hope not. Will we continue to permit the leaders to blame the lack of voting on students' indifference? Again I hope not.

The main question is, will we face the following true fact?—We have never had a real reason to vote, mainly because of the self-centered policies and practices of this small minority.

As you read you will be able to understand how my platform isn't constructed to make me sound popular — because frankly, I'm not for everything that is "popular." I stand for the issues that back the rights of every Tech student.

First, I will inform students with a President's Column in THE DAILY TOREADOR, giving factual information of Student Council and administrative decisions and viewpoints.

Secondly, I will earnestly seek possible solutions to the growing parking problem.

Thirdly, I am not completely against a tuition hike if scholarships and other benefits are provided to balance the extra expense, but I will personally lead a campaign against any action that does not enhance the Tech student.

Fourthly, I will use any influence I have to obtain student rates at local theaters.

Other areas of my platform are: further stressing of honors program, hush discontentment about dorm food, reconstruct girls' restriction codes and eliminate out-of-date restrictions, ballot boxes in each dorm, something done about the name change, obtain athletic intergration if Techsians want it and continue study of purposes of class officers.

My platform also includes: unifying Tech organizations to work for advancement of Tech, obtain big - name speakers, raise money for name marker at campus entrance, make Model UN an annual event and work with IFC and Panhellenic to promote TB fund drive.

Let me ask you to study each candidate's platform and make a decision on your own. Then vote.

Prexy Candidates List Qualifications

Royal Furgeson QUALIFICATIONS

- ✓ Two-year member of the Student Council, serving on Publications Committee and Athletic Recruiting Committee
- ✓ Saddle Tramps
- ✓ Who's Who in American Colleges and Universities
- ✓ Varsity Basketball Letterman
- ✓ Interfraternity Council
- ✓ Honors Program in English
- ✓ Leadership Recognition in All-College Service
- ✓ High School Senior Class President
- ✓ Sports Editor of High School Annual
- ✓ National Honor Society
- ✓ High School Varsity Basketball

Gary Strickland QUALIFICATIONS

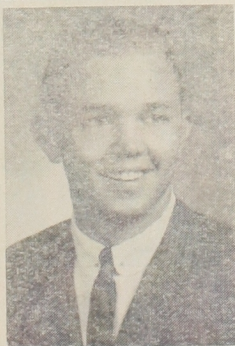

- ✓ Engineering Representative on Student Council
- ✓ Chairman of Class Committee Student Council
- ✓ Co-Chairman of WUS
- ✓ President of Sophomore Class (61-62)
- ✓ Vice President of social Fraternity
- ✓ Activities Chairman of social Fraternity
- ✓ Member of IFC

- ✓ Member of Alpha Phi Omega (service fraternity)
- ✓ On Committees at BSU
- ✓ Participation in advance ROTC
- ✓ Cheerleader in High School
- ✓ Student Council in High School

President's Duties

- Preside over meetings of the Student Association.
- Serve as presiding officer for the Student Council.
- Be chairman of the Executive Committee.
- See that rules and regulations are executed.
- Appoint all committee personnel not otherwise provided for in the Constitution.

STRICKLAND

ROYAL FURGESON FOR

PRESIDENT COMPARE AND VOTE

VP Hopefuls Give Platforms

James Cole

I propose to work for a compulsory evaluation of the faculty in the hope that such evaluations, if required, will make department heads more aware of teacher deficiencies. I also propose to work for increased student voice in the area of determining, to some degree, academic policy.

I propose to do this by working for joint student-faculty committees on which student opinion is voiced as to departmental policies. I propose to work for ad-

ministrative convocations at which the administration explains its policies and then subjects itself to question and answer periods about administrative matters.

I propose to work this summer on the feasibility and value of a book swap and then incorporate it next year if it is a good proposal for Tech students. I propose a very active name change program to the point of student referendum votes.

I propose to study our freshman orientation program and try to come up with a better orienta-

tion into the areas of campus activity, student life, and school spirit.

My qualifications are as follows:

President of Wells Hall in 1961-62, vice president of Men's Residence Council in 1961-62, member of Saddle Tramps, president of BSO in 1962-63, student council in 1962-63, chairman of the traffic committee, member of the elections committee, Who's Who in American Colleges and Universities, 1962-63, College Awards Board member, Tech Union Board member, committee on student organizations member.

Doug Gibbins

I would like to decrease student apathy through more student participation in Student Council and student government.

I propose to do pioneer work toward athletic integration. I also propose to continue and improve upon the athletic academic recruiting program.

I propose to study fraternity and sorority lodging plans and formulate some ideas and plans that would be workable in the future. Also, I would like to find more definite and satisfactory reasons for the tuition hike before we let it be put into effect.

My qualifications are as follows:

Chairman of the special events committee, in charge of the Freshman Dance and Freshman Convocation during freshman year; Games and Tournaments Committee at Tech Union; Wells Hall Social chairman in 1960; Campus Religious Council in 1961; secretary of the Double T Assn.; president of junior class in 1962-63; member of Phi Delta Theta; member of the Saddle Tramps; member of Phi Epsilon Kappa.

Botkin, Cornell Compete

Ronnie Botkin

The position of Business Manager of the Student Association is usually greatly underrated by the average student. Only at election time is anything really heard about the office. The position requires a great deal of work, and only with prior experience on the Student Council and a working knowledge of the duties of the office would anyone be able to do the job correctly and efficiently.

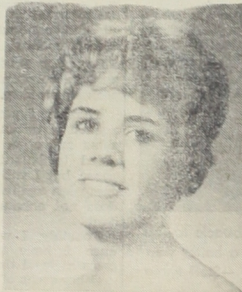

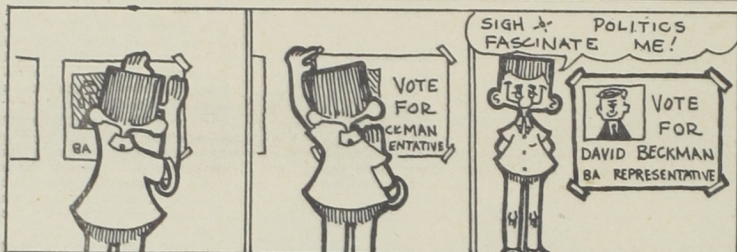

I feel that by being a member of the Student Council and working on the Allocations Committee I have gained the needed experience and knowledge. The responsibilities of the position are great and I think that I will be able to deal with any situation that might arise with the best interest of the students and Texas Tech in mind.

If you choose to select me as Business Manager of the Student Association, I will serve you and this 'university' to the best of my ability.

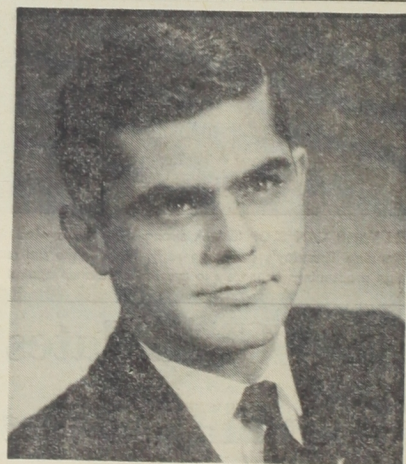

Jess Cornell is also a candidate for Student Council business manager. His platform does not appear as he failed to submit it to the Toreador by Thursday's deadline.

VP Duties

- Perform the duties of the President in the event of his absence or inability;
- Succeed to the Presidency in the event that the office should become vacant;
- Perform such duties as designated by the President or the Council;
- Be in charge of the annual school trip.
- Keep a complete and accurate record of all financial transactions of the Student Association.
- Serve as chairman of the Allocations Committee of the Student Council.
- Direct the financial activities of the varsity yell leaders.
- Educate all yell leader candidates in regard to the responsibilities and limitations of their positions.
- Be responsible for the approval of all money-making activities of the four undergraduate classes.
- Write an article to be printed in the TOREADOR during the month of December of each year to inform all students graduating at the end of the first semester of the deadline for submitting requests to the office of room reservations for the return of their room deposits.

REMEMBER...
TO VOTE!

Pat Hamilton
Secretarial Candidate

In both leadership and service capacities, I have served and am serving Texas Tech:

Through school — I have worked in the Home Economics Club,

and am past CANDLE Editor and incoming President of Phi Upsilon Omicron.

Through organizations — I am a member of President's Hostesses, will be a legislator of Doak Hall, and have recently been selected to membership in Mortar Board.

Through Student Council — I have served on the Elections, Current Events, and Allocations committees.

If elected your Secretary, I would like to accomplish the following things during my term of office.

- Continue the present secretary's program of opening up the campaigns and putting the candidates in front of the voters.
- Make arrangements so that all counting of votes can be done by IBM computer. This would insure fast and accurate tabulation of votes.
- Hold Freshman Council elections as early as possible in the fall so they may work on a more united freshman class; they could reserve a section of the football stadium for the freshmen whose enthusiasm might boost our school spirit.

Cecile Camp
Secretarial Candidate

My qualifications for Student Council secretary are: EXTENSIVE secretarial training, GOVERNMENT minor, EIGHT consecutive year's service on student councils.

My platform is:
 Ready to serve YOU in:
 1. Better communications for a better Tech—

- Council members should report back to their organizations
- Minutes of meetings should be printed in the TOREADOR

DOR

2. Fairer elections for a better Tech—

- Re-evaluation of officer qualifications
- Filling cheerleader and class officer vacancies

3. More special events for a better Tech—

- Another all-school program such as the Model U.N.
- Top national speakers

4. Safer traffic for a better Tech—

- Let the students decide

Judy Price
Secretarial Candidate

Qualifications:
 Student Council 62-63, Elections Committee 62-63, Recognized by Student Council for leadership,

Freshman Council 60-61, Junior Council, Sigma Kappa, Phi Gamma Nu, Pi Delta Phi, President's Hostesses.

As Secretary of the Association, improved communications would be one of my goals. As a member of the election committee this year, lack of student interest in campus elections has been painfully evident. Campus positions are often filled by a very small percentage of voters. Integration of students into Tech's student government could be achieved through a coordinated program with the TOREADOR.

I would also work this summer with IBM in the Engineering Department to set up a program for elections. All elections then would be held on IBM cards and counting would be done electronically.

★ **Office Duties** ★

The secretary's duties are:

KEEP the minutes of meetings of the Student Association and of the Student Council; BE responsible for the maintenance and preservation of the official version of the Student Association constitution and all rules and regulations of the Student Association; SEE that a copy of the official version of the constitution and all rules and regulations of the Student Association remain on file in the office of the president of the college; SEND a copy of the minutes of each meeting to the following: President of the College, Dean of Student Life, Dean of Men, Dean of Women, Student Council sponsor, Vice President and Comptroller, Academic Vice President.

AT all times maintain and preserve the official copies of the Student Association constitution and bylaws in the Student Council office.

PRICE IS RIGHT for SEC.

Business Manager

WHO WILL IT BE? — Techsians voting by secret ballot today will choose three boys and three girls from the 18 candidates for cheerleaders to rally students behind the Raiders next fall. Run-off elections are set for Monday. —Staff Photo

Cheerleader Candidates

And Duties

Candidates for cheerleader are Carolyn Buxton, Linda Edie, Carol Fursman, Gay Gillespie, Jeannine Jones, Nelda McQuien, Camella Moore, Kathy Osthoff, Sandy Sample and Jami Steinhoff.

Other candidates are Myrna Stephenson, Lynn Wallace, Dennis Ashmore, Mike Bohn, Smiley Irvin, James Perry, John Ward and Bobby King.

Those persons elected will:

- Be responsible for all Texas Tech pep rallies
- Coordinate the generation of enthusiasm at all recognized college athletic events
- Be responsible for furnishing a representative to the Southwest Conference Sportsmanship Committee
- Encourage good sportsmanship on the campus
- Be responsible to the business manager for the management of their finances
- Elect, from their number, a

head cheerleader who shall be a male student and shall serve as their chairman.

PRICE IS RIGHT for SEC.

It Takes More Than Yelling To Be A Tech Cheerleader

Lots of people can yell and cheer with gusto when the Red Raiders go over for a touchdown. Quite a few can turn flips, inspire enthusiasm and attend all athletic events.

But there are a few special qualities, perhaps best classified under the term, gung-ho, that sets a good cheerleader apart from the football crowd.

Special qualities don't include regular cheerleader duties such as coordinating pep rallies and being on hand at ballgames.

One Tech cheerleader called it a year-round job. "A cheerleader must attend teas for visiting athletes, entertain visiting yell leaders and when away, attend all planned functions at other schools," she said.

High on her list on what makes a cheerleader really go is being able to perform yells well, en-

thusiasm, and devotion.

"A good cheerleader above all to develop sportsmanship and his enjoys cheerleading," she reflects. "He should at all times strive to develop sportsmanship and his own potential to its fullest."

Industrial Engineers Win First

Industrial engineering department took its fifth straight first place in the recent Science and Engineering Show.

Industrial engineering exhibits demonstrated techniques in production control, plant design, materials handling, work measurement, statistical quality control, product design, manufacturing analysis and organizations research.

Displays in the 31st SE annual show were judged on appeal to the public, explanation of department curriculum and presentation of exhibits.

The industrial engineering display received 3,705 points of a possible 4,000.

Bud Lanham was chairman of the department's exhibit. American Institute of Industrial Engineers and Alpha Pi Mu set up the displays.

READY TO STOMP—Judy Richards, junior, and Bob Fouts, senior, are all decked out for the Phi Mu western dance 8-11:30 p.m. today. Jimmy Heap's Band will play for the open dance at Vann's Catering Service. —Staff Photo

Delegations Plan Trips

Delegates from Tech's history department will scatter to state and regional history meetings in Austin and Albuquerque this weekend and next.

Four faculty members will represent Tech at the Texas State Historical Assn. meeting this weekend. The Austin meet begins today and continues through Saturday. Dr. David Vigness, department head; Dr. Ernest Wallace, professor; Billy Mac Jones, instructor and Richard Marcum, teaching assistant, will attend.

Tech's chapter of Phi Alpha Theta, history honorary, will send five representatives to a regional meeting in Albuquerque, N.M., Friday and Saturday, May 3-4.

Attending will be Dr. Paul Woods, history professor, and Lt. Col. George R. Hull, professor of air science.

Ronald Benson, teaching assistant, will present a paper on the Hay-Pauncefote treaty.

Nancy Vincent, Alpha Theta president, and Sarah Gaston, Austin junior, are Tech's student representatives.

Why Do You Read So Slowly?

A noted publisher in Chicago reports there is a simple technique of rapid reading which should enable you to double your reading speed and yet retain much more. Most people do not realize how much they could increase their pleasure, success and income by reading faster and more accurately.

According to this publisher, anyone, regardless of his present reading skill, can use this simple technique to improve his reading ability to a remarkable degree. Whether reading stories, books, technical matter, it becomes possible to read sentences at a glance and entire pages in seconds with this method.

To acquaint the readers of this newspaper with the easy-to-follow rules for developing rapid reading skill, the company has printed full details of its interesting self-training method in a new book, "Adventures in Reading Improvement" mailed free to anyone who requests it. No obligation. Simply send your request to: Reading, 835 Diversey Parkway, Dept 9894, Chicago 14, Illinois. A postcard will do.

Zsa Zsa Stars In Union Show

Mel Ferrer and Zsa Zsa Gabor star in "Lili," a technicolor movie, at 4 p.m. and 8 p.m. today and 2:30 p.m. Sunday in Tech Union Coronado Room. The Special Events Committee is sponsor.

Grads Discuss Negro Novelist

Grover Lewis and Nolan Porterfield, graduate English students, will lead the discussion at today's Noon Forum in the Tech Union Blue Room.

Discussion topic is contemporary Negro novelist, James Baldwin. Baldwin is author of "Another Country."

Purdue Prof Lectures On European Market

Competition from the European Common Market will force the U.S. to move rapidly if it is to hold onto its world markets or consider expanding them, according to Dr. James Greene, industrial engineer and visiting lecturer at Tech.

His ideas may carry some special weight since he has recently been a consultant to the European Production Agency, a division of the Common Market's organization.

"The U.S. must find ways to produce goods with more efficiency," he declared. "This presents a challenge to our industrial engineers."

Dr. Greene, a Purdue University professor, is spending three days, Monday through Wednesday, at Tech. He is conducting seminars in general industrial engineering research, production control and operations research.

Positions Open For L-V Staff

Applications are now being accepted for associate editor, copy editor and staff artist for next year's La Ventana.

Students interested in these positions should write a letter giving their qualifications, past experience on an annual or newspaper, why they want the job and any new ideas they may have for next year's La Ventana.

Past experience is not necessary, but preferable. Applications should be turned in to the La Ventana office or to either Johnnie Lu Raborn or Travis Peterson by May 1.

These are paid positions, and applicants should be willing to put in a great deal of time.

HONORARY MEETS

Psi Chi, psychology honorary, will meet at noon today in Tech Union, Elmer's Lounge. The group will initiate members and present a slate of officers. Those attending must sign up in the psychology office, X-31.

SURROUNDED—Carol McCormick, Ennis sophomore, was surrounded by cadets from England's Royal Air Force after their captain said, "If I were you blokes, I wouldn't let these ladies sit alone."

As I see it . . .

by johnnie lu raborn

"You think we speak the same language, but we don't," said one cadet from Cranwell, the Royal Air Force Academy in England. I had to agree with him.

Tech's Angel Flight was visiting the Air Force Academy in Colorado Springs. Some were dated with English cadets, who were also visiting. It was a real education.

For years, I've heard the English stereotype came out with "jolly good," "old chap" and "ra-ther." They are all true with the addition of an occasional "quite" and "Oh, my yes."

In England, you are not "out to lunch" but "around the corner." When we have a lousy date he is called "cull" or "bad head," but Cranwell calls them "grimmies."

'MAKING OUT'

It is a mystery how they got it but "cupeake" is said for "making out." Tennis shoes are called "blimp shoes," and a resounding "dash it" means darn or damn.

We Americans take much for granted. These cadets had never seen a drive-in movie or drive-in restaurant. Motels were also new, for they don't exist in England. Some of the guys got their first taste of pizza, Mexican food and pretzels. They didn't like it.

'STATUS SYMBOL'

It is a status at our Air Force Academy for the "firsties" or seniors to have Sting Ray Corvettes. That vast parking lot is full of them. I didn't see five cars under two years of age. The Cranwell "chaps" find it "marvelous" to get to ride bicycles when seniors. They do have cars, but generally these are somewhere in the 30's models. A car 10 years old is relatively new.

I did notice one thing about the cadets as a group. They abounded with national pride. One said, "There will always be an England." To which some of the U.S. cadets sort of laughed. A Cranwell "troop" recounted with a "Don't scoff at it, national pride is a wonderful thing." Their pride was so emphasized that it made me wonder if we "came over" the same way about our country.

On Saturday night, a formal ball was given for our flight, Cranwell and first classmen (seniors) at the academy.

The British boys taught us one way to live up a rather stiff dance. During one of the songs, one Cranwell "troop" yelled "Ants." The cadets immediately fell down on the floor, rolled over on their backs and kicked their feet and arms into the air. At the sound "dead ants," the legs and arms went stiff. Rather quaint, I'd say, but still effective enough to break everyone up.

GHOUL POOL

The Angels with U.S. Academy dates were wondering that night if they were included in the "ghoul pool." It goes like this. The academy hosts arrangements for blind dates for the formals. Cadets within each squadron enter a "pool" for 25 cents. At the dance, squadron officers act as judges and dance with the dates of each cadet entered in the pool. Afterwards, these officers decide which had the worst date and he wins the money. If we did it here, I would be rich.

AS I SEE IT

Sigma Kappa will choose a "Mr. Pledge" at 8 p.m. today in the National Guard Armory. Mr. Pledge will be chosen from fraternity pledges. The Caravans will play for the all-school dance.

Phi Mu will have a western stomp, 8-11:30 p.m. at Vann's Catering Service. The open dance will feature Jimmy Heap's band. Tech Union also is having a western dance from 8-11:30 p.m. in the Ballroom. Jimmy Mackey is playing.

KAPPA KAPPA GAMMA

An informal "German Beer Garden" will be the setting for the Kappa Kappa Gamma dinner dance at 6:30-11:30 p.m. today.

Delta Sigma Pi will have its Rose Dance from 7:30-12 p.m. Saturday at the Pioneer Hotel.

Newman Club will go on a picnic Sunday to Palo Duro Canyon.

Red-White Skirmish Ends Spring Training

Scarborough, Ben Elledge Opposing QBs

By ARTIE SHAW
Toreador Sports Editor

A pair of shining freshman quarterback prospects will be opposing each other at 4 p.m. in Saturday's final spring training scrimmage.

Featured will be Danny Scarborough of Quanah and Ben Elledge of Brownwood.

The annual contest is the rubber game of the series, as the Reds jumped to a quick two-game advantage, only to have it taken away from them in the last two outings by the underdog Whites.

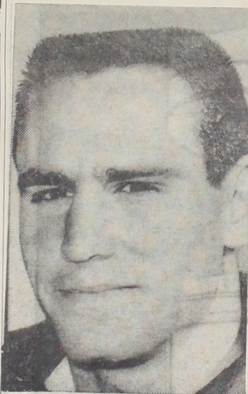

Two upperclassmen quarterbacks, Bill Worley of Midland and James Ellis of Lubbock, underwent knee surgery in December and will probably not see action, although they will be suited.

Statisticians Overworked

With both the Reds and the Whites threatening to "loosen-up" their previously tight offenses, the stress could be worse on the statisticians than on any one else.

Last week the Reds gathered 364 yards of total offense in a losing cause, while the Whites haled and threw for 277 in their 20-12 victory.

Long gainers have been the word of the day thus far, and any

BILL WORLEY

. . . Will not see action

more would be just icing for the cake.

Jim Zanios, Albuquerque full-back, for example, took a handoff from Red quarterback Ben Elledge and raced 52 yards off tackle in a spectacular gainer.

Elledge connected on two long passes, one to all-Southwest Conference end, David Parks, for 44 yards and another to Stimmert half-back, Donny Anderson, for 41 yards.

For the rubber game, each having won two contests, lineups will be exactly the same as last week. There may be a trade at half-back between David Baugh of Rotan, a Red last week and Jimmy Edwards of Roysie City, who played for the White squad last week.

Admission is \$1 for adults, 50 cents for students and Tech students will be admitted by showing their identification cards.

Traffic and Security

The staff is comprised of a chief, 10 commissioned officers, one night sergeant, two radio operators, one secretary, one clerk and two part-time employees. There are three radio-controlled patrol cars. In October, 1962, there were 6,240 cars registered to park on campus.

Tech Linksmen Meet UT At Meadowbrook

Texas Tech, in an effort to get back into the Southwest Conference golf race, engages the University of Texas here on Lubbock's Meadowbrook golf course today.

Tee-off time at Meadowbrook is 12:30 p.m.

Coach Jay McClure's linksmen, 4½-1½ losers to Texas Christian University here Monday, will also be motivated by a desire for revenge. Texas sports five lettermen from the squad that downed the Red Raiders 5-1 in Austin last year.

Texas Tech currently has a 14½-9½ standard. The Raiders lost to Texas A&M, knocked off Rice 6-0 and defeated Baylor 5-1 before dropping the match to TCU.

Texas' players will probably be Bill Munn of Midland, Randy Geiselman of Houston, Oscar Goode of Austin and Pat Thompson of Mission.

Texas Tech golfers for the match will probably be Bruce Dobie of Worcester, Mass., Richard Yates of Corpus Christi, Housty Brewer of Andrews and Jim Davidson of San Angelo.

Yates is Texas amateur champ, and lost his first-SWC match of the year to Jack Montgomery of TCU last week.

Tech Netters Challenge Rice, Texas In Important Matches

Texas Tech tennis players, in their next two matches, have a chance to influence the outcome of the Southwest Conference championship campaign.

In successive matches—against Rice University here Saturday and against University of Texas in Austin Monday—the Red Raiders tackle the teams currently sharing the lead.

Coach George Philbrick's netters, besides playing the role of potential spoilers will be out to guarantee or better their own third place position. Tech is 14-4 following wins over Baylor University 5-1 and Texas Christian University 6-0 and a split with Southern Methodist University 3-3.

Raiders' netters will be Daryl Allison of Lubbock, Greer Kothmann of Junction, Beau Sutherland of Kerville and Robert Peterson of Wichita Falls.

Rice University is led by the 1962 Southwest Conference finalist in both singles and doubles, Fritz Schunck. The Owls, coached by Sammy Giamalva, are defending Southwest Conference team champions.

Last year Rice downed Tech 6-0, and the Longhorns battled the Raiders to a 3-3 draw.

A re-match of last year's SWC finals doubles match, won by Allison and Sutherland over Schunck and DeEdward Greer, has been virtually ruled out by re-pairings on both teams.

Matches, on the Varsity Courts, will start at 1:30 p.m. The public is invited free of charge, Coach Philbrick pointed out.

GEORGE PHILBRICK

Pics Down AFB, 20-12

Texas Tech's Picadors picked up their eighth win of the season Wednesday as they ran away from Reese Air Force Base, 20-12.

The game, which took three hours and twenty minutes to play, was called at the top of the ninth inning due to darkness. Tech slammed out 17 hits, as converted basketballer Dadid Schmidly picked up his first mound victory of the season. Schmidly pitched the first four innings and left the game with a 15-5 lead. In his four innings stint, Schmidly allowed only four hits, while striking out six and walking three.

The Picadors were led at the plate by second-baseman Buzz Henderson, who collected four hits out of five at bats. Jim Murrell and Ronnie Holly drove in the most runs with five RBI's apiece.

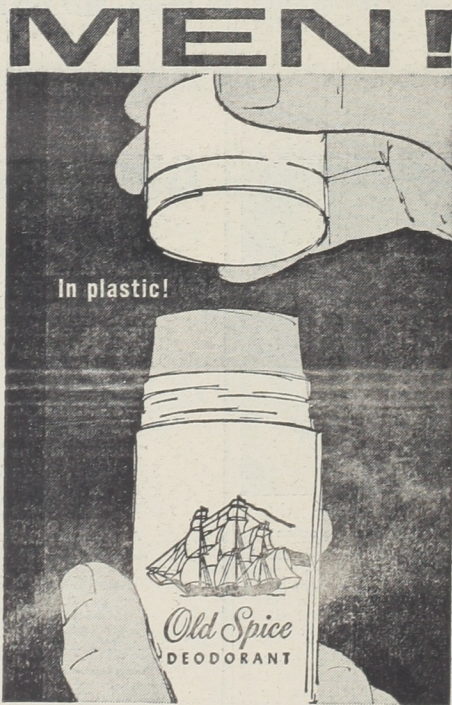

"FLORA-SCENT" makes The Perfect MOTHER'S DAY Gift

Raiders Visit Highlands Nine

Two improved baseball teams—Texas Tech and Highlands University—clash in a doubleheader at Las Vegas today.

Since Texas Tech posted a pair of wins, 5-2 and 3-0, here earlier this month, the Cowboys have won six straight and now are 10-10 for the season.

The Red Raiders have a three-game streak, and five of the six, going for them. Their only loss came at the hands of the Abilene Christian College nine. Other wins are the twin-killing of Highlands and a double victory over ENMU.
