

Play Rated 'Immensely Entertaining'

By NANCY MILLER

Toreador Amusements Editor

One of the hazards of being a so-called critic is the early deadline. The reviewer never gets to see the end of anything, and as a result he is in constant danger of mauling from irate cast members if he gives an unfavorable review. Also, he wonders forever how the play ended.

Wondered What Would Happen

And so it was with "Waltz of the Toreadors." Cursed as we were with a 10:30 p.m. deadline, we settled ourselves among the sparse opening-night crowd and wondered what would happen in the first act.

It was immensely entertaining. Unlike "Toys In The Attic," the last Speech Dept. play, "Waltz of the Toreadors" is a laugh-a-minute satire with several outstanding performances.

Jacobs Is Star

Durward Jacobs is undoubtedly the star of the show. Cast as a crusty French general who is writing and reliving his memoirs, he blusters and storms and is amazingly tender. Kathleen Graw, who plays his wife, is convincingly shrewish, with a voice like a meat grinder running in high gear.

Another good performance was given by Roger Smith as Gaston, the secretary who listens to and vicariously lives the general's amorous exploits. Smith is embarrassed, yet intrigued, and does some very adroit acting in a wonderful bit of confusion at the end of the first act.

Pat Eakins Outstanding

The other outstanding job was done by Pat Eakins, who played Mlle. De St-Euyerte, the woman with whom the general danced at a military ball 17 years previously and whose memory he has cherished ever since. She is suitably dramatic and fluttery, and quite good.

G. W. Bailey, as Dr. Bonfant, looks the part, but is rather wooden. Lisa Craig and Susan Speers, the general's two horrible daughters, do an adequate job.

'Worthwhile Evening'

Judging from the first act, the play is a worthwhile evening of entertainment. Especially good are the costuming, props and the background in general. And the entrances and exits are timed with precision. While not the best thing the Speech Dept. has ever done, it is certainly not the worst, and provides solid entertainment.

'THE WALTZ OF THE TOREADORS'—Durward Jacobs, left, and Pat Eakins enact a scene in the speech department's newest production, to run through Saturday. Curtain time each night is 8:15 p.m. —Staff Photo

THE DAILY TOREADOR

TEXAS TECHNOLOGICAL COLLEGE

Vol. 38 Lubbock, Texas, Tuesday, March 19, 1963 No. 102

With Wilson Fellowship

Techsan Honored

Robert Russell, 23-year-old senior from Commerce, has become the seventh student in Tech history to be awarded a Woodrow Wilson fellowship.

Russell, an English major and alternate to the College Bowl team, has also been nominated for a National Defense Education Act doctoral fellowship which is awarded through the U.S. Office of Education.

BOTH FELLOWSHIPS are for prospective college teachers. The Wilson Fellowship covers tuition and fees for the first year at the graduate school of the fellow's choice, plus a stipend of \$1500 and dependency allowances.

According to Sir Hugh Taylor, president of the Woodrow Wilson National Fellowship

Foundation, 1,475 college students were picked as this year's winners from among 9,767 candidates named by faculty members at 907 colleges in the U.S. and Canada.

"I OWE MOST of my success to the English department here at Tech," said Russell. "In my opinion it is one of the best in Texas."

Among several requirements made in applying for the Wilson Fellowship, Russell had to write a 1,000 word essay on "Intellectual Interests" and be interviewed by a regional committee in Austin. On the basis of recommendation by this committee, his name was submitted to a national committee.

BECAUSE MUCH of his undergraduate work has been in

the sciences, Russell described in his essay how the sciences can be incorporated in fields of literature, and how sciences aid in the study of literature.

Russell, who describes himself as an "avid sports enthusiast," plans to teach college English. He is presently serving as a student assistant in Tech English department and is a member of Sigma Tau Delta.

"THE DEPARTMENT of English is proud that one of its majors has been selected for this significant national fellow-

ROBERT RUSSELL

ship," said Dr. John C. Guilds, department head. "It reflects credit both on Russell and the institution."

William E. Clark, Slaton senior majoring in German, received an honorable mention. In order that those winning honorable mention may be chosen to receive alternate awards from universities or other sources, the Fellowship Foundation is now circulating their names among graduate schools of the U.S. and Canada.

AWARDS BY the Woodrow Wilson National Fellowship Foundation are made possible through grants totalling \$52 million from the Ford Foundation. Most of this year's fellowship winners are in the humanities or social sciences, but there are also 309 scientists among them.

543 Students Win Honors

The annual Recognition Service will honor 543 students at 2 p.m. Sunday in the Tech Union.

Following speeches by Dr. William Pearce, academic vice president, and President R. C. Goodwin, students will receive recognition in 10 categories:

Individual recognition, first award, 196 students; class recognition, second award, 60; school recognition, third award, 26; college recognition, fourth award, 13.

Holders of scholarships, 106; scholarship recognition of organizations, 12; top-ranking students within their respective schools, 11; leadership recognition, 11; and athletic recognition, 95.

College awards board recognition, given to students who distinguish themselves and bring honor to the college in ways not recognizable by other sources, will be awarded to 13 students.

Names of students in each category will be released following their notification of the honor by James G. Allen, dean of student life.

An informal tea in the Coronado Room will follow the exercises.

Faulkner Discussion Scheduled In Union

By JACQUE GILL
Toreador Staff Writer

"The Universality of William Faulkner" will be the topic of a panel discussion at 7:30 p.m. today in Tech Union Coronado Room.

Dr. J. T. McCullen Jr. of Tech's English department will moderate the discussion group. Panel members will be Dr. Lawrence Bowling and Dr. E. A. Gillis, also of the English faculty. Others are Alvin Gregg, instructor at Wayland Baptist College at Plainview, and Arthur Chandler, Tech senior English major.

"Faulkner was chosen because he is generally acclaimed to be the greatest writer of this century," said Dr. Bowling.

"He is a universal writer," continued Dr. Bowling. "He does not write just about the South. In fact, although characters he writes about are Southern, the ideas he portrays are national and international in scope."

"The moral and social defects he deals with in the South are actually more pronounced in the North."

He continued, "His settings

are in the South, but he is talking about world problems, not Mississippi's problems," commented Dr. McCullen. "Faulkner is an optimistic writer. He sees man for what he is and maintains faith in him."

Gillis will discuss "The Folk Elements in Faulkner's Writing." Both Gillis and McCullen have had work published in the field of folklore.

Bowling will talk about "The Theme of Love" in Faulkner's work. He has had two articles about Faulkner printed in "The Kenyon Review," and is currently writing a book about Faulkner's work.

Gregg, a graduate of Tech, wrote his master's thesis on "The Bear," a novelette by Faulkner. He will discuss the idea of "Home" in Faulkner's writing.

"Decadence and Honor" will be Chandler's topic.

The panel is jointly sponsored by Sigma Tau Delta, honorary English fraternity, and the Ideas and Issues Committee of Tech Union. A reception will follow the program. All interested persons are invited to attend, Bowling said.

Benefit Movie Set To Aid WUS Drive

"Cat on a Hot Tin Roof," starring Elizabeth Taylor and Paul Newman, will be shown today in Thompson Hall cafeteria. Admission is 25 cents with proceeds going to support the World University Service fund drive.

There will be two showings, the first to begin at 7:15 p.m. with the news, followed by the main feature at 7:30 p.m. The second feature will begin at 9:50 p.m. after the comedy at 9:25 p.m.

The movie is one of several projects of six campus organizations aiding the WUS and its goal to further education. Circle K, Women's Service Organization, Thompson Hall, Interfraternity Council, Panhellenic, and Tech Library are aiding WUS efforts to help students in foreign countries secure educational opportunities available to most American students.

The national goal for this year is \$1.1 million, to be used for scholarships, books, dormitories and health centers in Asia, Africa, Europe and Latin America.

A car wash last week by Panhellenic and IFC saw about 130 cars washed in what was described by Gary Strickland as "an excellent turnout considering the dusty weather conditions."

Strickland, co-chairman of the Student Council WUS campus drive, said the Plains Linen Service furnished towels and cloths free of charge.

He added that several people tipped generously. Many instructors, professors and Lubbock citizens gave of their time and effort to aid in the campaign, he said.

A "Mile of Pennies" starts today on the north side of Tech Union and will continue through Saturday. The WSO and Circle K will collect money for this drive.

Strickland has encouraged all students to go by the library to make their wishes and toss money into the fountain for the WUS.

"Ernest E. Morrison, Thompson Hall superintendent, is helping the fund raising efforts of WUS and the showing of these movies by furnishing us with a place to present them," said Strickland.

From The Placement Service

Editor's note—As a service to students seeking jobs upon graduation and to those looking for summer work, The DAILY TOREADOR will run a weekly column listing the names of employers and the dates they will be on campus to interview students. For more information, phone Tech Placement Service, Ext. 4131.

Victor Borge Plays Here Tonight Only

Victor Borge, comedian-pianist, will give a performance at 8:30 p.m. today in the Lubbock Municipal Auditorium.

No stranger to Lubbock, he brought his one-man show here in 1956, when he played to a capacity house.

Borge, who has been described as looking like, "a handsome George Jessell," is the son of a Danish musician, and at first he planned to follow in his father's footsteps. Debut at 13 launched a concert career throughout Scandinavian countries. At 23 he made his professional comedy debut and in rapid succession became actor, composer, writer and director of stage, screen and radio shows. He made six movies and rose to the highest salary of any pianist star before coming to the United States in 1940.

In 1956, he was a recipient of the Royal Order of Danneborg and in 1957, he won the Brotherhood Award. He was voted the TV Father of the Year in 1958, and in 1959 served as national chairman of the public service committee for CARE.

He is able to speak Swedish, French and German, besides his native tongue, and mastered English by spending many hours in American movies.

Tickets to the Victor Borge show are on sale at the Lubbock Music Center, and the box office of the Auditorium until concert time tonight. Special Tech price is \$2 and presentation of ID's.

Tech Students Play 'Bus Stop' Leads

Tech students Irene Hicks, Cynthia Moore, and Barry Corbin, will be featured in the eight-member cast of "Bus Stop" at the Lubbock Theatre Centre Thursday through Monday.

In the role made famous by Marilyn Monroe in the movie version, Miss Hicks will take the role of Cherie, the night club singer. Corbin will portray the young cowboy, Bo Decker, who falls in love with Cherie. Miss Moore will play the part of Elma Duckworth, the young high school girl who serves as part-time waitress.

This will be the fifth LTC play of the 1962-63 season and the first LTC production for newcomers Miss Hicks and Miss Moore.

Other cast members include Jerry Henderson, as Will Masters, the local sheriff; Mike Gates as Carl, the bus driver; Mary Mills

as Grace, the owner of the bus stop cafe; Doyal Boring as Virgil Blessing, cowboy friend of Bo's; and Roy Freund as Dr. Gerald Lyman, an ex-college professor and semi-vagabond.

TOM O'NEIL will be one of the featured players at the "Hootenanny" set for 7 p.m. today at Tech Union Snack Bar.

Union Hosts Games Night

Got anything planned for Wednesday night?

Tech Union's Games and Tournaments Committee will sponsor a free Games Night from 7-8:30 p.m. Wednesday in the games area of the Union.

Students may participate in pool, snooker, shuffleboard, darts, password, and marbles. Winners will receive prizes, and entertainment will be provided.

Groups Name Nominees For Favorite Honors

Class councils have met... Campus organizations have met... The names are in.

All that's left now is for students to vote for their choices for class favorites and Mr. and Miss Texas Tech in general election Thursday.

Twenty-four students have been nominated by campus organizations for the Mr. and Miss Tech title, and 49 have been selected by the four classes as candidates for favorites.

All winners will be announced at the Coronation Ball in Tech Union Ballroom Friday.

Miss Tech

Girls nominated for the Miss Tech title, and the organization nominating them, include Carol Bray, Women's Service Organization; Jan Barton, Chi Omega; Polly Dahl, Delta Delta Delta; Carolyn Davis, Pi Beta Phi; Carolyn Horschler, Zeta Tau Alpha; Kay Kagay, Kappa Alpha Theta.

Others are Karolyn Kirby, Honors Council; Sherre Mc-

Clung, Tech Rodeo Association; Rowena McKenzie, Mortar Board; Kristi Martin, Delta Gamma; Dixie Ward, Town Girls; Anne Weaver, Wells Hall and Phi Upsilon Omicron; and Pam White, Kappa Kappa Gama.

Mr. Tech

Those running for Mr. Tech include Kenny Abraham, Phi Beta Phi; Charlie Aycock, Town Girls; Bill Barrett, Tech Rodeo Association; Dale Bennett, Kappa Alpha Theta; Amon Burton, Phi Upsilon Omicron and Mortar Board.

Also nominated for Mr. Tech are Arthur Chandler, Honors Council; Paul Dinsmore, WSO; Mark Murdock, Kappa Kappa Gamma; Gene Price, Delta Sigma Pi; Jim Riley, Sigma Alpha Epsilon and Gaston Hall; and Jim Sudduth, Mu Phi Epsilon.

Class Favorites

Candidates for the senior class favorite girl honor are Betsy Baker, Lynn Buckingham, Ginger Butler, Ann Morrow and Susan Taylor. Boys vying for the title are Pete

Feather, Larry Maddox, Lee Pfluger, Charlie Steinman, Mark Taylor and H. C. Zachary.

Junior girl nominees include Carolyn Buxton, Karen Capps, Cathy Gordon, Diana Harbert, Jeannie Jones, Nancy Jones, Judy Price, Beth Reavis, Sue Ring, and Marilyn Tinney. The four junior boys on the ballot are John Farrell, Shelby Miller, Cliff Mowery and Bill Worley.

Tommie Allen, Lady Jane Henry, Lynn McElroy, Nelda McQuien, Cynthia Myrick and Nan Taylor are the sophomore girl nominees, while James Ellis and Bill Lamb are the only boys selected by the class.

Freshman girl candidates are Becky Collins, Ann Courtney, Jan Fauske, Kay Farrell, Carol Fritz, Kay Keeline, Rita Reynolds, Tanya Tarkington, Mira Taylor and Vala Dawn Taylor. Freshman boys include Roland Anderson, Tim Evans, Ron McClarty, Barry McNeil, Joe Murfee and Clark Pfluger.

EASY COME, EASY GO—Lee McElroy, Lubbock junior, readies a coin to flip into the library fountain. Miss McElroy is no eccentric philanthropist carelessly throwing away money. She is contributing to the World University Service fund drive. Other Techsians may make wishes and toss coins throughout the week. —Staff Photo

Recruits Sought

Dr. Sterling Fuller, government professor, has announced that two Peace Corps representatives will be on campus today and tomorrow to talk to interested students.

The representatives will speak with students beginning at 9 a.m. both days in Social Science Bldg., room 202.

Students with engineering, agricultural and academic skills are especially urged by the representatives to attend.

— Faculty News —

Tech President Dr. R. C. Goodwin headed a group of Tech officials Monday at the Dallas kickoff of the College Loyalty Alumni Support Program (CLASP) at Southern Methodist University.

CLASP is a cooperative effort by local alumni of colleges and universities to strengthen higher education in Texas and the Southwest and to assist schools financially.

Display Art

Faculty members of the Tech applied arts department, headed by Dr. Billy C. Lockhart, will display their art until April 5 at the Fine Arts Festival of Amarillo Junior College.

Contributing faculty members are: Mrs. Jane Beitler, yarns and enamels; Suzanne Dale, yarns and wood; Ray Hellberg, painting and printmaking; Clarence Kincaid, painting and jewelry; Troy Lockard, relief carving in wood and other materials; Bill Lockhart, sculpting; John Queen, metal sculpting with welding torch; and Mickey Fay Story, jewelry, yarn and metal.

Educational

D. M. McElroy, director of KTXT-TV, leaves today to attend an educational television directors meeting in New York City.

German Honorary Initiates Members

The Texas Tech chapter of Delta Phi Alpha, national German honorary fraternity, recently initiated 13 students and 2 faculty members.

Faculty members initiated are Hermann H. Fink, visiting assistant professor of foreign languages, and Leonid A. Jirgensons, assistant professor of foreign languages.

Students initiated are James H. Avinger, Rosemarie I. Bahmani, Norma D. Battles, William G. Elmore, John M. Haschke.

Other initiates are J. Dale Howard, Nancy E. Keyton, John A. Knight, Anita D. Queen, Erin L. Schmidt, L. Lynn Sherrod, and Betty J. Smith.

Tech Can Be Proud . . .

If Texas Tech and Lubbock officials had practiced dutily for months, it is doubtful they could have done a better job entertaining Texas legislators visiting the campus Friday to review Tech's proposed improvements to the state parks system.

The research project presented by the horticulture and park management department was well received by the solons, and Techsians can be proud of the leadership given the project by department head Elo J. Urbanovsky.

The Austin visitors seemed impressed not only with the park plans but also with the campus. The "little old school out in West Texas" was apparently bigger and more modern than they had anticipated.

Lubbock Sen. H. J. "Doc" Blanchard was master of ceremonies for the luncheon Friday, and at one point he told the legislators, "This place (Tech Union) is

one thing on campus you boys didn't pay for." Following a tour of the Library and Union, one senator looked at the modern facilities around him and commented wryly, "Too bad Doc told us we didn't pay for these buildings, or we'd sure be braggin' about how pretty they are!"

Perhaps the seven-hour stay in Lubbock will give the legislators a new realm of respect for Texas Tech. And since a majority were members of either the Senate Finance Committee or the House Appropriations Committee, we hope there is in the future a deeper realization of Tech's growing financial needs.

With the parks improvement project, one Tech department gave an excellent example of the service collegians are capable of performing. It is this type service which makes us proud to walk up to anyone — any time — and say proudly: "We are from Texas Tech."

Toreador Editor

How far can your ideas take you in the new world of opportunity in data processing at IBM?

Growth and discovery: The development and application of data processing at IBM open a new world of exciting opportunities for individual career growth. Data processing is producing some of the most far-reaching developments of our age. Each basic advance in technology and application requires new concepts. Ideas—new thinking and new ways to approach problems—are needed. For the individual who likes to discard conventional solutions and find new ideas, there's room to grow in IBM.

IBM offers graduates with Bachelor's or advanced degrees in Engineering, the Sciences, Business Administration, Economics, or Liberal Arts challenging assignments in the marketing of information systems and equipment. These opportunities increase with each new system that is designed to meet the growing needs of business, industry, government, research, education, and space. Each technological advance and each new application can enlarge the scope of your own career at IBM.

A wide range of positions: Rewarding opportunities will exist in more than 190 IBM Sales and Service Offices, located in major cities throughout the United States. Positions open include:

Marketing-Sales: The IBM Data Processing Representative is a consultant to his customers. He calls on customer executives, giving timely information, presentations, and demonstrations for better business management and controls through data processing.

Systems Engineering: IBM Data Processing Systems Engineers are men and women who study customer requirements in depth, devise the best approach, define a preferred machine and operational solution, and assist in the implementation of this solution.

Customer Engineering: The IBM Customer Engineer is a specialist in precision data processing machines and systems. He is responsible for the installation, maintenance, and functioning of IBM's vast line of electronic and electromechanical equipment.

Opportunities for advancement: IBM offers you extensive initial training, both in the classroom and on the job, in the area of your special interest. This training continues as you advance along a planned career path leading to professional or managerial positions. IBM also offers company-sponsored education programs to keep you abreast of developments in your field, and a tuition-refund plan to give you financial assistance for graduate study.

Company-paid employee benefit plans are comprehensive, and include life insurance, family hospitalization and major-medical coverage, sickness and accident pay, and retirement benefits, to name but a few.

See your college placement director to determine when IBM will interview on campus, and make an appointment to see our representative. We will be glad to discuss openings and opportunities at IBM, including our training and education programs, financial rewards, and company benefits. IBM is an Equal Opportunity Employer.

For information on career opportunities, write or call: D. B. Stuart, Br. Mgr., IBM Corp., 1207 13th Street, Lubbock, Texas. PO 2-0855.

DATA PROCESSING DIVISION

Letters To The Editor

Femme Revolution?

Editor,

I am overwhelmed with the biting remarks of both Miss Pierce and Mr. Irwin — with the remarks of Miss Pierce because they indicate that one woman (as differentiated from co-eds), indeed realizes that there is something to protest about and does — with Mr. Irwin's because his indicate that he actually believes 20-year-old co-eds are capable of living their own lives.

I should like to say that I hold only the bitterest contempt for dormitories, dorm 'mothers,' and enforced morality. I should delight in seeing them all taken up in a whirlwind and deposited in Heaven.

On the other hand, I consider the view that co-eds are capable of deciding and acting on anything more grave than the problem of which sorority to join an unrealistic view. Most of these shallow little pseudo-sophisticates wouldn't last three months in college if their guiding light regulations were waived. All the same, I'd like to see them repealed. The herd of females would doubtless dwindle to a handful, but those would be worth having around, and, as for the others, I'd be happy to see them gone.

Miss Pierce, I'm sorry you're alone. Mr. Irwin, I'm sorry you're disillusioned.

Though the authority would be impossible to overthrow, I'd like to see a large-scale revolution (not to be confused with a slow process of evolution) occur from within the ranks of the nymphs.

But, BEWARE! There have been those among you who have been strangely whisked away from the midst for their unorthodoxies. I know — or knew one . . .

Joe D. Stewart

NOTE TO EDITOR: Please do not print this if edited.

(Editor's Note: And I'm sorry you're overwhelmed, Mr. Stewart. I'm overwhelmed to some degree myself at a few of your suggestions. To clarify one point, M. L. Pennington, Tech vice president in charge of student affairs, has always openly invited students to come to his office to air their complaints. I do not think you can verify your claim of students being "strangely whisked away" from school unless their "unorthodoxies" were of a criminal nature.)

A Moral Question

Editor,

I think that if anyone were to attempt to regulate my conduct, as it would seem that the conduct of the young ladies living in the dormitories is regulated, I would almost certainly react in a negative, not to say hostile, manner, as I consider my personal conduct to be no one's responsibility but my own, and since I am responsible for my actions, I am entitled to the right to manage my life as I please.

The consideration of responsibility leads me to another consideration, that of morality. I believe in the concept (certainly not my own) that the basis of morality is personal responsibility. Of what value are moral codes if they must be enforced by authority imposed upon the individual? Then too, what right does a person have to force a code of conduct on another person? Morality is not determined by actions; actions are determined by a person's sense of responsibility to internalized concepts. In fact, it might even be said that imposing an exterior code of conduct is not to allow the process of conduct regulated by concepts of responsibility to function, or perhaps not to allow such concepts of responsibility to develop, which would seem to me to be a highly immoral act because it destroys the individual's sense of responsibility which is the basis of morality.

I am also led to consider the function of higher education, which is in part to produce people with a mature, responsible attitude toward life. I cannot see how learning may be accomplished with out practice, and it certainly seems to me that the young ladies on this campus are not being encouraged to learn how to live as responsible people. Therefore, I feel that this school not only fails to accomplish its purpose but actually promotes immorality by stifling the development of individual responsibility.

Sincerely,
Joseph L. Jones

(Editor's Note: The protecting care of the male for the weaker sex continues to amaze me. I'll have to admit, however, that it's the first time I've heard of room checks in girls' dormitories promoting immorality.)

More Letters -

Carpenter Won

Editor,
Recently an article appeared on page one of the Toreador stating that Miss Carolyn Barre and Mr. Richard Dawson were the winners of the Beauty and the Beast contest. We commend you on this. However, the article nowhere mentioned that both these entries were sponsored by Carpenter Hall. The men of Carpenter worked hard for our candidates, and we were a little chagrined when we failed to secure proper reward for our efforts.

Far be it for us to suggest that the Toreador is guilty of (shudder) managed news, but we cannot help wondering what would have happened if a fraternity had sponsored both winning candidates. This particular issue is important only to the men of Carpenter, but all year long fraternities have received publicity galore, while the dorms are mentioned only when someone sets a fire in one of the restrooms.

But all is well that ends well. No doubt the Letters to the Editor column is read by more students than the front page anyway. So—we won folks!

Sincerely,
Carpenter Hall

Questions Authority

Editor,
In reply to the editorial of the March 13 edition of the TOREADOR, entitled "Medic Exodus?" may I make the following comments:

The FACTS used in the column were not only questionable, unsubstantiated, but were also non-authoritative. The attempt to correlate British conditions with those in the U.S. regarding any phase of medicine, doctors, or what-have-you, is flagrantly flimsy, presumptive, and lacks validity.

Most fallacious is the statement—or rather hypothesis—that the doctor-patient ratio "may worsen by 50 per cent" and therefore it "follows that the United States, without so-called "socialized medicine," may fall behind . . . while a country with 'socialized medicine' forges ahead." I urge the reader to note the temerity in the word "may." The allegation is pure fiction.

In essence, this "writer" has used all of the recognized devices delineated by the Propaganda Research Institute to confuse and to otherwise misconstrue the information available for the purposes of persuasion. There were the Glittering Generalities without authoritative support; the Band Wagon suggestions (to "clear the air" and to see which of the two systems is "best for mankind;") the Plain Folks fallacies of "great vigah (sic)," the testimonial quotations of—whom???: the Name Calling, by "incautious" implication against the AMA; the Card-Stacking of the statistics to "verify" assumptions and theories and personal opinions; and the Transfer of the whole socialized medicine farce from Britain to our shores.

I trust all of the readers of this editorial were aware of the dangerous inadequacies inherent in believing such writing and that they will join with me in awarding a large SNEER for the not-so-sneaky SNEATH.

Regards,
J. S. Gibson, Jr.

Sigma Delta Chi — luncheon — Tech Union.

Phi Gamma Nu — luncheon — Tech Union — room 202.

7:30 p.m. — American Institution of Physics—Science Bldg., room 44.

Thursday

7:30 p.m.—Movie in Carpenter-Wells cafeteria—"Satellite in the sky."

A Phi O Hosts Tri-State Meet

Texas Tech's chapter of Alpha Phi Omega will host a conference for the A Phi O chapters from New Mexico, Oklahoma, and Texas this weekend. Representatives from some 25 schools are expected to attend.

Tech's Dean of Men Lewis N. Jones, who is a member of the National Executive Board of A Phi O will be master of ceremonies of the banquet in Tech Union.

RACKING UP ONE MORE—Angel Sheila Helbing, left, is placing the fourth consecutive trophy won by Tech Angel Flight in drill competition. Carolyn Wood, Angel commander, is adding her trophy for best drill commander to the group. Miss Helbing was named "Miss Top Flight" at the military ball Saturday night.

—Staff Photo

Angel Flight Places First; AF Honors Sheila Helbing

Tech's Angel Flight marched to its fourth straight win in area drill competition at Reese AFB Saturday. Also taking honors was Carolyn Wood, who won outstanding women's drill team commander.

Shelia Helbing, Richardson sophomore, was named "Miss Top Flight," wing sweetheart, at the military ball that evening.

The Angels were in competition with North Texas State University, which took second place, and Texas Christian University. The women's divisions included both regulation and fancy drill in the honors.

Louisiana Polytechnical Institute took five awards in the men's drill competition. Overall honors went to them, plus first place in regulation drill and a second in fancy drill. LPI's drill commander took second in that division and the team completed the honors with the highest firing individual in rifle competition.

The University of Oklahoma and the University of Texas monopolized the rest of the honors. Oklahoma took a first in fancy drill and a second in regulation

drill. UT placed third in both of the categories.

Announcement of the winner came at the military ball given in conjunction with the drill meet. The visiting students were guests of the evening at the dance which featured Tech Stage Band.

Lt. Col. George R. Hull, professor of air science, presented Miss Helbing as "Miss Top Flight" for the coming year. She was chosen from a field of five group sweethearts also introduced at the ball.

The Lewis C. Ellis Jr. Squadron of the Arnold Air Society organized the weekend meet with the cooperation of Reese AFB.

Greek News...

Tech will be the scene of a province convention this weekend, and other sororities have announced officer elections.

KAPPA KAPPA GAMMA

Kappa Kappa Gamma will be host to the 18th annual province convention this weekend for sorority actives and alumnae. The theme will be "We Would Be Building" and includes chapters from Oklahoma University, Southern Methodist University, University of Texas and Tech. Approximately 300 persons are expected to attend.

LINDA HILL, a junior from Cleburne, has been elected as new president of Kappa Kappa Gamma. Nancy Shoemaker will take over duties as vice president and Becky Hord as second vice president. Other officers include Suzanne Langley, assistant secretary.

Karen Anderson, recording secretary; Jo Davidson, corresponding secretary; Jane Loughmiller, treasurer; Betty Johnson, assistant treasurer; Joan Grinnell, Panhellenic officer; Kathy Osthoff, Panhellenic delegate and Cindy Strawn, social.

ALSO ELECTED were Beck Collins and Susan Wilkinson, social assistants; Donna Aigner, song leader; Michele La Marca, public relations; Sue Walker, assistant public relations; Mary Behrends, scholarship; Elaine Walters, assistant scholarship; Jane Hetherington, marshal; Jean Capshaw, cultural; Lynn Walton, AWS.

Michele Gainey, registrar; Kay Rhew, house; Nelle Ann Walters, pledge trainer; Jan Keen, assistant pledge trainer; Beverly Earl, activities; Rita Reynolds, assistant activities; Nan Taylor, philanthropy; Lana Walker, membership; Melissa Scott, assistant membership and Sue Sovell, intramurals.

ZETA TAU ALPHA

Zeta Tau Alpha sorority chose **BETTY MCFARREN**, a Cleburne junior, as president for the coming year. Jeannine Jones will be vice president and Ginalu Holmes, pledge trainer.

Others named are Trudy Fox, recording secretary; Suzanne Chaney, corresponding secretary; Pat Hull, treasurer; Judy Neal, historian; Phoebe Pack, rush chairman; Sharyn Bledsoe, ritual; Nancy Telfair, house; Anita Edmiston, parliamentarian; Nancy Keyton, scholarship.

DIANE TAYLOR, standards; Beverly Waggoner, social; Linda Karsteter, activities; Joyce Kimmons, intramurals; Joy Dunlap, service; Judy Fite, magazine; Nancy Telfair, song leader; Shirley Waggoner, AWS; Phoebe Pack, BSO and Karen Kisler, Panhellenic.

ALPHA CHI OMEGA

At initiation services Alpha Chi Omega named Ann Morrow as best active and Carolyn Russell as best pledge. Big and Little Sister with best grades were Betty Newby and Ann Moore.

THE BELL TELEPHONE COMPANIES SALUTE: GEORGE SERPAN

Soon after George Serpan (B.S.E.E., 1960) joined A.T.&T.'s Long Lines Department in Kansas City, he set to work revising and teaching the company's technical orientation course. A significant contribution for a man on his first assignment.

Handling the job well, he received favorable comments from both his engineer students and supervisors.

Equally outstanding performance on other jobs earned

George his present position interviewing and hiring craft employees. On this job he shoulders an important amount of responsibility since his decisions directly affect the quality of service in his district.

George Serpan and other young engineers like him in Bell Telephone Companies throughout the country help bring the finest communications service in the world to the homes and businesses of a growing America.

Intramural Corner

By JIM WESTBROOK
Toreador Sports Writer

The spring intramural program for men gets into full swing this week with first round play beginning in dorm, slow pitch, independent and fraternity league softball, handball (singles) and tennis (singles).

Involved in second-round play this week will be those men participating in table tennis, badminton (doubles) and tennis (doubles). First round play in golf (singles) and badminton (singles) starts next week.

Handball last round matches in singles must be played by May 13, while last round matches in doubles must be played by May 1.

Last round tennis matches must be concluded by May 15, doubles by May 6. The deadline for completing play in badminton singles is May 1, doubles by April 30. The all-college championship in both singles and doubles badminton will be played at the Noche de Conquistadores, May 2, in the Lubbock Coliseum.

Singles play in golf must be concluded before May 15 with team play scheduled to end April 22.

Playoffs in the all-college basketball championships are underway now with four of the eight teams in the finals already concluding first round action.

The Delta A team, champ of the A league, toppled the Chinese Bandits, champions of the inde-

pendent No. 4 league, in first round play, 50-38. The Phi Delt B team, B frat champs, edged Thompson Hall B, champion of the dorm B league, 48-46 to move up into semi-final bracket. The independent No. 3 champs, the Devils, Wednesday will meet Gordon, A champs, to decide who goes to the semi-finals to meet the Delts. Phi Epsilon Kappa, champion of the independent No. 1 league, meets the Baptist Student Union, independent No. 2 champ at 9 p.m. today in the Intramural Gym to decide who will play the Phi Delt B team in the semi-finals.

Fraternity softball has entered its second round of play with the Phi Delt B and Kappa Sigs leading the league with two wins. Sunday's action saw Sigma Chi edge Kappa Alpha 9-8; Phi Delt B topped the Figi's, 15-10; Sigma Nu and Pikes battled in a hitter's spree with the Sigma Nu's taking the game 37-27; and Kappa Sig squeezed past the Delts 14-13. The SAE's drew a bye.

Dormitory league softball gets into full trot today with Thompson playing the Bledsoe B team, Gaston vs. Bledsoe A, Wells vs. Sneed and Carpenter vs. Gordon.

In fraternity bowling, the Sigma Nu B leads with a four-way tie for second place among Phi Psi's, SAE's, Pikes and the Chinese Bandits.

Gordon Hall and Thompson Hall are tied for first place in the dormitory league bowling.

Intramural Director Edsel Buchanan announced that today is the final deadline for students wishing to enter horseshoe throwing, wrestling, fencing and weightlifting. Any information may be obtained from Buchanan in the intramural gym or at ext. 3113.

Raider Nine Splits Pair Against SW Oklahoma

Home runs were the order of the day as Texas Tech gained a split in a doubleheader with Southwestern Oklahoma State Saturday at Hodges field.

A total of six home runs were clubbed by both teams as Tech took the opening game 5-3. Doug Cannon and Ronnie Ayers drove two balls out of the park in the first game to assist Moose Dudley to his first win of the season.

In the second game Southwestern smashed four homers, two by Larry Powers and one by Jon Darby and Phil Burden on the way to a 7-4 victory.

Dudley Has 5-Hitter
In the opener Dudley put the

Bulldogs down on five hits, gaining the Raiders' first win of the season.

Ayers led all hitters for the day with two singles and a homer in the first game and two singles in the second game. Cannon's blast over the right-center field fence came in the first inning with Doug Gibbons on board, and gave the Raiders a 2-0 lead.

Emory Newberry took over the pitching chores in the fifth inning with the score tied 3-3 and was touched for two final Raider runs and was charged with the defeat.

Tech Led In Second Game

Texas Tech jumped out to a quick 4-0 lead in the second game on two walks, an error and three successive singles by Yip Rankin, Bob White and Ayers. But the Raider scoring for the day ended there.

Meanwhile, the Bulldogs picked up three runs in the second frame on two singles, a force play and Burden's homer over the left field

fence. This was followed by two more Bulldog runs in the third when Powers hit his first home run, with Tom Sweet on base, that put SW Oklahoma ahead 5-4.

The scoring ended with Darby's blast over the center field fence in the fourth and Power's second home run over the left field fence in the fifth. Lethander George Nichols started the second game and was followed by Ramey Brandon in the fourth and Frank Ray in the sixth. Ray pitched the last two innings without giving up a run, while Nichols was charged with his first defeat of the season. The Raiders now stand at 1-3 for the season.

PICS WIN TWO

Strong pitching and clutch hitting were the key factors in the Picador's double win over South Plains Friday, 12-1 and 12-2.

Stan Coffee tossed a five-hitter in the opener to win for the frosh, while Rick Freivogel allowed only six hits in the nightcap.

Swim Team Takes Third In Conference

Texas Tech's swimming team finished third in the Southwest Conference swimming meet Saturday, the highest finish in history for a Raider team.

Southern Methodist took top honors for the seventh straight year, beating runnerup Texas 175½ to 155. Tech's team grabbed 44½ points, followed by A&M's 23 and Baylor's 8.

Phil Simpkins, sophomore star from Tech, won the 100 freestyle in a record time of 48.6.

The win put Simpkins in the NCAA meet in Raleigh, N.C., in two weeks.

Ron Grim set a new school record in the 100 yard butterfly with a 58.7 time. Also the 400 yard freestyle team, placing third, set a new Tech record with a time of 3:25.9. Simpkins, Grim, Terry Schmidt and Dich Haase swam on the relay team.

RODEO CLUB WILL MEET

Tech Rodeo Association will meet at 6 p.m. today in the Coliseum. Pictures will be made for La Ventana.
