

Survey Crews Start Working On 80 Project

Survey crews already are at work on the proposed widening of Highway 80 to four lanes between Big Spring and the Martin County line.

The State Highway Commission early this week announced that it was going the go-ahead for planning the highway improvements. Clarence Rea, resident engineer for the highway department, informed County Judge R. H. Weaver that surveyors went to work immediately.

Survey of wider right-of-way, as well as grades, etc., is preliminary to the detailed planning of the new highway. The survey work also will permit the district highway engineer, J. C. Roberts, to provide Howard County commissioners with deeds for additional right-of-way.

The right-of-way deeds may be in the hands of commissioners in the first quarter of 1954. The commissioners court probably will proceed with the task of securing additional right-of-way as quickly as the deeds are secured.

Judge Weaver this morning received a communication from Roberts in which the highway engineer asked that commissioners approve the program and agree to furnish the right-of-way. Weaver said he feels sure the court will give its approval immediately.

Approximately 11 miles of road-way are involved in the program. Judge Weaver said he is confident the county will have sufficient surplus in the road and bridge fund to secure needed right-of-way.

The state is expected to expend about \$700,000 on broadening Highway 80 to four lanes between Big Spring and the Martin line. It is expected that the funds will be provided in the next work program approved by the highway commission according to minutes of the group's last meeting.

Tells Of Being Buried Alive

Sgt. Carey Weinel of Kansas City, Mo., points to a large photograph in Washington, D. C., as he tells Senate investigators he was shot and buried alive after capture by the Communists in Korea. Weinel indicates the spot where he was buried. After seven or eight hours he escaped from his intended grave. (AP Wirephoto).

Shepperd Not To Run For Governor In '54

By BO BYERS

AUSTIN (AP)—Atty. Gen. John Ben Shepperd, considered one of the strongest prospects for governor in Texas as attorney general.

Gov. Shivers steps aside in 1954, took himself out of the race yesterday.

Shepperd said he would be better able to fight Communist influences in Texas as attorney general.

The attorney general was a central figure in the state's investigation—beginning at 3 p.m.—of alleged Communist domination of the unions.

He said he has been "subjected to vilification by phone calls and letters" after speeches last week in which he assailed what he said were past and present connections of the unions with Communist members.

"There have been no direct threats on my life, but the abuse that has been heaped on me has made me more determined to fight these elements to the bitter end," said Shepperd. "My personal life or political future is immaterial."

Shepperd's surprise move seemed calculated to take the wind out of charges by some union officials that he is using the Communist issue for political purposes.

Shepperd said he had not wanted to reveal his political intentions until Jan. 1.

"The term 'politics' has been rather loosely charged in connection with the investigation of these Communist front organizations," Shepperd said.

"I'm taking the term 'politics' out of it."

"I decided it was going to be a long-time process to eliminate these influences from Texas. It's a clear-cut battle. The only place to fight it is in this office."

"This office is more powerful than the governor's in this respect."

"In the governor's race, other personalities and other issues would becloud this question."

"The question, as submitted to the State Industrial Commission by Shivers, is whether the three unions are Communist dominated, and if so, what should be done to rid the state of such influences. The unions are the Distributive, Processing and Officer Workers of America, the Mine, Mill and Smelter Workers, and the International Fur and Leather Workers."

Shepperd has accused them of

being in a Communist-inspired plot to infiltrate Texas. Port Arthur, where a DPOWA picketed 22 firms, was the testing ground of a scheme to gain control of Texas oil and main ports, he also has said.

The CIO has taken over the Port Arthur local, promising to help combat the taint of Communism.

President O. A. Knight of the CIO Oil Workers Union said the pledge was good only if Shepperd and Shivers "will simply keep out of the way."

Shepperd's withdrawal as a potential candidate made it even more difficult to anticipate the contest for governor.

Shivers, who took the post at the death of Gov. Beauford Jester and who has had two elective terms, has not indicated his plans.

Pressure on him to ask a third term is reported increasing from persons anxious to assume continued strong conservative control of the Democratic party machinery in Texas.

House Speaker Reuben Senterfitt of San Saba, a conservative who thinks much like Shivers politically, is the only announced candidate for governor. He might be willing to step aside and bide his time if Shivers runs again.

The list of other possible candidates includes Lt. Gov. Ben Ramsey, San Augustine; Sen. A. M. Alkin Jr., Paris; Ralph Yarborough, Austin attorney; Land Commissioner Bascom Giles; Hopston Mayor Roy Hofheinz; Rep. Lloyd Bentsen, McAllen; James Hart, who has resigned as University of Texas chancellor; Justices R. W. Calvert and Will Wilson of the Supreme Court; and Agriculture Commissioner John White.

Shepperd Opens Hearing On Three Alleged Red Unions

By BO BYERS

AUSTIN (AP)—Atty. Gen. John Ben Shepperd opened the state's investigation of alleged Communist influences today with a promise to show that activities of three unions are "a clear and present danger to Texas and Texans."

As counsel for the Industrial Commission appointed by Gov. Shivers to investigate, Shepperd sketched the points he intended to prove to show a Communist-inspired plan to infiltrate Texas.

Unions he cited were the Distributive, Processing and Officer Workers of America, the International Fur and Leather Workers, and the International Mine, Mill and Smelter Workers.

Four ex-Communists who have repudiated the party were to testify.

Harvey Matusow, the first witness, became a Communist party member in 1947, he said, on solicitation of Local 65, Distributive Workers of America, a predecessor of the DPOWA. He was expelled from the party after giving information to the FBI.

Scheduled to follow Matusow were Maurice Malkin, John Loutner and Matt Cvetlic.

"This hearing is a result of charges that the Distributive, Processing and Officer Workers of America, the International Fur and Leather Workers Union and the International Mine, Mill and Smelter Workers Union are Communist-dominated," Shepperd said.

He said he and his staff intended to show that the IFLWU and the IMMSWU and the predecessor unions of the DPOWA "have long histories devoted to the achievement and the purposes of the Communist party; that when Russia changed courses—not once, but hundreds of times—so did these unions."

U.S. Freighter Reports Attack

CAIRO, Egypt (AP)—The American Embassy announced today that the 7,255-ton American freighter Albion had reported Egyptian shore batteries fired on her as she tried to deliver 9,000 tons of wheat to Jordan for Arab refugees from Palestine.

The attack reportedly occurred yesterday in the Gulf of Aqaba, east of Egypt's Sinai Peninsula. The Albion was bound for the Jordanian port of Aqaba, at the head of the gulf.

The ship's first report made no mention of casualties or damage to the vessel.

It appeared likely that the Egyptian gunners had believed the ship was destined for Elath, an Israeli port also at the head of the gulf to which considerable traffic is routed to circumvent Arab Egypt's ban on Israeli-bound shipping passing through the Suez Canal.

The Albion reported she had pulled out of the firing area but was making another attempt today to reach Aqaba.

The embassy said it had "urgent representations" to the Egyptian government and that President Mohammed Naguib's regime had given "assurances that action would be taken to facilitate the ship's passage through Aqaba Gulf."

The Egyptians also promised an immediate investigation into the reported shooting.

In New York, Drytrans, Inc., owners of the ship, said they had been informed by the State Department that there were no casualties and no damage to the ship as a result of the incident.

Capt. James H. Hassell, of East Williston, N.Y., is master of the Albion.

Forgotten Guard Given Promotion

FRANKFURT, Germany (AP)—Raymond L. Cote, a U.S. Infantryman who was forgotten on guard duty but stuck to his post for a week, was promoted today to private first class.

Cote, of Saco, Maine, was assigned to guard sentries near a small Hessian village during a U.S. Army exercise last October. Through a mistake, he was not relieved and stayed on guard for seven days until members of his unit came for him. German villagers fed him sandwiches but he rejected suggestions that he leave his post because the maneuver was over.

Bond Election Has No Absentee Votes

The absentee ballot box for the \$50,000 street improvement bond election still contained no votes today at noon.

City Secretary C. R. McCleeny said that he has had no inquiries since absentee ballots were received Wednesday. Deadline for casting the early votes is Monday, he said.

The actual election will be held Friday, Dec. 11 at the City Hall fire station. The absentee ballots will be counted at that time by a special canvassing board, McCleeny said.

Poll taxes must be placed with absentee ballots and individuals vote, and both are enclosed in an envelope until counted. Absentee ballots are cast in the city secretary's office.

Four Die In B47

TUCSON, Ariz. (AP)—A B47 Stratofort burst into flames and crashed in the Santa Catalina Mountains 25 miles east of here yesterday, killing all four men aboard.

Eisenhower Arrives At Big Three Parley Site

Eisenhower Will Work Against Some High Odds

WASHINGTON (AP)—President Eisenhower flew to Bermuda today to work, against heavy odds, for French approval of a rearmament pact with Germany, and to argue against Sir Winston Churchill's proposals to meet with Russian Premier Malenkov.

The Chief Executive's party included Secretary of State Dulles and a group of foreign policy and defense experts.

The conference, which British Prime Minister Churchill initiated and which interested Eisenhower and French Premier Laniel only mildly, is dedicated to enlarging Western unity.

But it is plagued by so many divisive issues and so much Russian diplomatic maneuvering that its greatest achievement may be simply a better understanding of the West's various disagreements.

U. S. officials said the Kremlin undoubtedly has maneuvered to make the difficulties as great as possible—particularly by setting up the prospect of a Big Four foreign ministers' meeting and by starting a wave of talk about possible peace in Indochina.

On the other side of the ledger, the Laniel government survived a vote of confidence which enabled the Premier and Foreign Minister Bidault to sit in. Even this provided little long-range encouragement. The days of Laniel's government are numbered, and a new administration takes office at Paris in mid-January. The best hope American officials have is that the January change, like French government turnovers of the past several years, will not bring any important shift in French foreign policy.

A final communique from the Bermuda talks is expected Tuesday.

Perhaps the most specific agreement will be on notes to Russia from the three Western Powers replying favorably to Moscow's Thanksgiving Day proposal for a Big Four foreign ministers' meeting at Berlin, probably in late January. Work on the notes is already under way.

Far more complex and, in the opinion of American officials, far more important is the tedious problem of building a strong defense in Western Europe despite French fears and deep distrust of a rearmament pact with Germany.

The U. S. and British governments insist an effective anti-Communist defense system cannot be built across the heart of Europe without participation by West Germany. The French themselves

FEW TICKETS ARE LEFT FOR CHARTERED BUS

A few more tickets remained to be sold today to assure two chartered Greyhound buses to Brownwood for the bi-district game Saturday.

Until 5 p.m. today, tickets may be purchased at Zale's, Dibrell's, Elmo Wasson's, or The Herald office. Saturday morning, they may be had at the Greyhound Bus Terminal until bus departure time at 8 o'clock. Round trip fare is \$4.84.

The buses are due to arrive in Brownwood at 12:30. They will leave after the game at 6 p.m., with return time set at 10:30 p.m.

The buses will leave Saturday morning from the Greyhound station. Members of the Quarterback Club and The Herald are sponsoring the charter to provide travel accommodations for those not wanting to drive their own cars.

Churchill, Laniel Greet U. S. Chief

TUCKER'S TOWN, Bermuda (AP)—President Eisenhower arrived in Bermuda today for the start of a history-making Big Three conference with Prime Minister Churchill and French Premier Laniel.

The Presidential plane Columbine landed at American-leased Kindley Field at 11:12 a.m. (EST).

Waiting to greet Eisenhower as he stepped from the plane were Churchill and Laniel, together with British Foreign Secretary Anthony Eden and French Foreign Minister Georges Bidault.

A crowd of about 1,000 was on hand to welcome Eisenhower. Also present was a colorful honor guard made up of Royal Welsh Fusiliers, Bermuda militia and U.S. airmen.

Churchill and Laniel, already in Bermuda, reached the airport about five minutes before the Columbine landed.

The British Prime Minister wore a light gray suit with a white handkerchief protruding from his pocket. He had on the same gray homburg he wore on his arrival here from England Wednesday.

Eisenhower stepped off the plane promptly at 11:15 a.m. and was greeted by Bermuda Gov. Sir Alexander Hood and Mrs. Hood, followed by the commanders of the military units drawn up to receive him.

The President then walked a few steps and was met by Churchill, who gave him a hearty handshake. The crowd of Bermudians and Big Three conference officials cheered.

Like Churchill, Eisenhower wore a soft gray suit and gray hat.

In the Presidential party were Secretary of State Dulles and Lewis Strauss, chairman of the U.S. Atomic Energy Commission. Strauss was added to the party at the last minute this morning.

The flight from Washington took 3 hours 10 minutes.

The President's left hand was wrapped in bandages but the cause was not immediately known.

Churchill refrained from smoking his usual cigar during the ceremonies. He walked erect and actively, showing few if any signs of his advanced age or the illness which caused this conference to be postponed last summer.

U.S. destroyers dotted the clear blue sea along the route of the Presidential plane. In Bermuda there was brilliant sunshine for the welcoming ceremonies. Puffy white clouds drifted across the sky.

Dulles, British Foreign Secretary Eden and French Foreign Minister Bidault were scheduled to meet at 3 p.m. to get the formal talks underway, with their chiefs gathering around the table immediately afterward.

The whole group was to dine tonight with Gov. Sir Alexander Hood at Government House.

The colorful reception ceremonies contrasted sharply with the somber questions facing the conference.

Churchill earlier had been believed eager to press his pet scheme for a quick meeting with Russian Premier Georgi Malenkov. By today, however, it seemed obvious that the American desire to give priority to pressuring the French for ratification of the European army treaty now dominates.

Laniel, who arrived yesterday, let it be known through aides that he is just as eager as Eisenhower to tackle this problem in the hopes of gaining from Britain and the United States assurances of protection from the rearmament German units which the projected international army would include.

The exact form of the promises the French want was not made public. Reliable reports earlier this week said Eisenhower was prepared to offer France his strongest personal assurance that the United States would maintain the

Former Official Indicted As Red

WASHINGTON (AP)—Val R. Lorwin, a former State Department official, was indicted by a Federal Grand Jury today on charges that he falsely denied Communist Party membership during a loyalty hearing in December, 1950.

The indictment, returned under the false statements statute, accused Lorwin of falsely stating under oath at the loyalty hearing that:

1. He never was a Communist Party member.
2. He never carried a Communist Party card.
3. He never held a Communist Party meeting in his home.

Lorwin, 46, and no longer with the government, is a native of New York City. The Justice Department said it was unable to supply his present address.

At the time of the hearing, Lorwin was onetime chief of the European section, division of international labor, social and health affairs in the State Department.

Lorwin was indicted under a statute which punishes the making of a false statement to a government representative. The offense is punishable by \$10,000 fine or five years imprisonment.

The former State Department official is a graduate of Cornell University and Ohio State University, and once served as tutor in history at Brooklyn College.

He entered government service in 1935 as an economist with the old National Recovery Administration (NRA), and became a labor standards analyst in 1939.

Later, he was with the War Production Board. He entered the Army in 1943 and served as a lieutenant overseas. He was connected with the Office of Strategic Services in 1944-45 and transferred to the State Department Oct. 1, 1945.

Grunewald Released From D.C. Jail Early

WASHINGTON (AP)—Henry W. (The Dutchman) Grunewald was released from the District of Columbia jail today after serving a term for contempt of Congress.

He got out 10 days ahead of time, for good behavior.

Grunewald, a Washington wirepuller, was given a 90-day suspended sentence June 4 for contempt in refusing to answer questions in a House committee investigation of Internal Revenue Bureau tax scandals in 1951.

In September he was ordered to serve the term because of a parole violation.

Bids Studied For New Unit At Asylum

AUSTIN (AP)—Hospital Board architects were studying today bids submitted yesterday on a new unit for the Big Spring institution, on which contracts will be let Dec. 14.

Two low base bidders were Warner Construction Co. of San Angelo, \$227,524; and Eitz-Kitchens Construction Co. of Austin, \$239,000.

Contracts do not always go to the apparent low bidder because of alternate types of construction proposed.

The board also will award contracts Dec. 14 on the new tuberculosis hospital at Harlingen, and on a medical and surgical building at Austin.

Harlingen bids will be opened Dec. 8, the Austin bids Dec. 10.

Natural Gas Shortage Seen If Independents Regulated

OKLAHOMA CITY (AP)—An immediate shortage of natural gas supply to interstate pipeline companies was predicted today if the Federal Power Commission brings independent gas producers under its jurisdiction.

C. H. Hinton of Kansas City sounded the warning to the Interstate Oil Compact Commission. Hinton is an engineer for Panhandle Eastern Pipeline Co.

The Supreme Court issued a ruling Monday which will bring Phillips Petroleum Co., and other natural gas producers under control of the FPC if allowed to stand.

The court refused to review a ruling of the U. S. Circuit Court of Appeals which had held that the FPC should have jurisdiction over such producers. Phillips and several other producing states have said they will seek a rehearing within the 10 days allotted. Previously such firms were not regulated by the FPC.

"Most certainly drilling activities will slow down drastically," he predicted. "Annual discoveries have just about equaled annual production for the past five years, with a resultant decrease in the number of years of proved reserves due to the increase in the annual production rates."

Hinton said Phillips and other companies have an escape clause in their contracts permitting cancellation in case the Power Commission was jurisdiction.

"The exercise of the escape clause by the producer will create an immediate shortage of gas to pipelines," he said.

"It will be virtually impossible to complete a gas purchase con-

tract for an additional gas supply to an interstate pipeline. Natural gas is much too valuable as a petrochemical raw material for a producer to sell on an FPC regulated basis."

Other oil men predicted many companies will go out of the producing and gathering business rather than face FPC control. A limited profit of 6 1/2 per cent is expected for the gas companies similar to that allowed interstate companies which have previously been under FPC control.

Hinton also predicted that ultimately FPC control will increase the cost of the gas to the consumer, although there may be a decrease in the immediate future.

"So, what has happened to the consumer?" he asked. "A battle has been won by short-sighted regulators but a victory has been lost for the consumer."

"Today not only is the Phillips Petroleum Co. classed as a natural gas company but every major and minor producer is a natural gas company and, unless something is done, each and all will fall under the rule of the federal power commission and can expect the same treatment."

"The Federal Power Commission has also assumed jurisdiction over revenues derived from natural gasoline plants in several rate cases and used such revenues to reduce the operating costs."

"Oil companies delivering natural gas, casinghead gas to an interstate pipeline can now expect a diminishing regulated revenue on the casinghead well. Here FPC ignores the fact that natural gasoline is sold at fluctuating prices over which it has no control."

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon, tonight and Saturday.

High today 60; low tonight 35; high tomorrow 62.

Highest temperature this date 62 in 1926; lowest this date 26 in 1921; next lowest 25 in 1936.

WARMER

Congressman Denies He Ever Sat In At Closed Communist Session

SAN FRANCISCO (AP)—A House Un-American Activities Committee witness testified yesterday that he saw Rep. Robert L. Condon (D-Calif.) at a closed Communist meeting in 1948.

Condon, in New Orleans, said he understood the meeting he sat in on was a trade union affair which he and other Democrats attended in behalf of party candidates. Condon added, "I will put my loyalty and affection for my country and my people against any of the members of the staff of this Un-American Activities Committee who have drummed up these fantastic witnesses."

From New Orleans, where he is participating in hearings of a House committee, Condon told a San Francisco Chronicle reporter on the telephone:

"I am not and never have been or ever will be a member of the Communist party."

Condon, invited to appear before the Un-American Activities Committee in rebuttal at any time, asserted "this is a Republican committee touring the country to smear Democrats."

Condon said on the House floor last July his exclusion from the atomic test came about because the Atomic Energy Commission "did not fairly evaluate the information concerning me." He charged the ban stemmed from a "rehash of state political charges"

by his Republican opponents, and "bearings."

Blodgett, an intense, soft-spoken Chicago salesman of 32, testified he saw Condon at a meeting of the Communist's political affairs committees for Alameda and Contra Costa counties. He said the meeting was called to decide whether the Reds would back a primary candidate against Rep. F. George Miller (D-Calif.) to force Miller to take a campaign stand closer to the left.

Six hundred waterfront workers massed outside the hearing room in response to a stop work call by Harry Bridges' International Longshoremen's and Warehousemen's Union, which is protesting identification by committee witnesses of several Bridges' aides as Communists.

The committee cleared out spectators—including many of the longshoremen—when applause burst from the rear for a defiant witness. He was Robert Traubhaft, labeled by Blodgett as a Communist and onetime law partner of Condon, and an ILWU counsel. Traubhaft refused to testify and harangued the committee.

Louisiana Tornado Toll Reaches Nine

ALEXANDRIA, La. (AP)—A tornado ripping through central Louisiana yesterday left at least nine persons dead and 20 injured.

Fourteen other persons were injured by a storm in a rural area north of Vicksburg and about 150 miles northeast of here.

The tornado struck first at Leander, 25 miles southwest of Alexandria, killing seven persons. Leaving a path of death and destruction, it touched near here, Paradise, Dry Prong and then killed two more persons at Tullis, 40 miles northeast of here.

SHOPPING DAYS TO CHRISTMAS

Nehru Says There Is No Near Chance Of War Of West, Reds

By RUSSELL BRINES
NEW DELHI, India (AP)—Premier Nehru said Thursday there is no near chance of war, and war plus aggression can be avoided purely for practical reasons.

The Indian leader said in an interview "both sides are aware of the terrible consequences of war and therefore, however much shouting they do, there is a desire to avoid it."

Outlining his philosophy, which sometimes brought him into conflict with American Congressmen, Nehru told three American newsmen that a "military buildup could be overdone and should be judged against the possibility of imminent aggression."

Nehru outlined these points in a 35-minute interview:

1. India and "ever so many" other Asiatic nations want the maximum amount of peace "in order to build ourselves up" economically.
2. The military buildup can be overdone if it means "spending resources too much for military" purposes and "less on economic... strengthening" of needy nations and if it creates a war psychology among the people.
3. India advocated American recognition of Red China as a nation rather than a Communist state because "any policy based on non-recognition" is apt to be "non-effective." China wants to rebuild its "terribly backward" country with machinery from abroad and "the more they get, the more they will broaden their shell."
4. The dominant feeling in Asia is nationalism or national liberation, "which leads to anti-Westernism with which the United States lately has been identified."

"There is no doubt the United States does not favor old-style colonialism, but, nevertheless, colonialism has been supported for other reasons by the United States," particularly in Indochina and parts of Africa.

Nehru indicated he expressed these views to Vice President Richard Nixon in a two-hour "very good talk" last night. But he declined to specify the subjects discussed except to say they included the hot question of American military bases in Pakistan and other Far Eastern questions.

Nehru said the Indian-Russian trade pact signed yesterday was "a simple agreement" which had been discussed during the last three years and pushed through by the new Soviet ambassador. He said it could be "beneficial" to India and might lead to an increase in the relatively small amount of present trade between the two nations but added he knew of no plans for large purchases of Soviet machinery.

Nehru said he did not discuss with Nixon the Indochina war or the recent proposal for an anti-Communist agreement made by Korean President Syngman Rhee and Nationalist China's President Chiang Kai-shek.

Held In Plot

Mrs. Frances Kaplin Fallaro, 30, (above), of Philadelphia, Pa., bites her lip as she sits in Federal Building after hearing at which she was charged with attempting to extort \$25,000 from R. C. Greenlease, father of kidnaped and slain Bobby Greenlease. Mrs. Fallaro, mother of two children, was held in \$10,000 bail. Earlier a Mrs. Betty Robbins, 25, was held in \$10,000 bail on charges of attempting to get \$4,000 from the elder Greenlease. (AP Wirephoto).

Harvard's Editors Rush To Fill News Gap In New York

CAMBRIDGE, Mass. (AP)—Editors of the Harvard University Crimson prepared to send "a few thousand" copies of their undergraduate daily newspaper to New York today to help fill the strike-caused news void there.

Crimson Managing Editor George S. Abrams said: "The thought of a great city like New York without a newspaper can cause only unrest among those interested in the intellectual well-being of the United States. The Crimson, in its small way, could not sit by and see such a situation continue to exist."

Crimson President Michael MacCoby of Mount Vernon, N. Y., said today's edition will feature Associated Press news and "analyses of world and national news by Harvard professors and newspapermen attending Harvard under Nieman Fellowships."

Man Dozes Off With Cigarette; Burns Kill

DAYTON, Ohio (AP)—David Hale, 38, told police before he died that he sat down in a field, lit a cigarette and dozed off.

He was found in the middle of a grass fire yesterday and died in a hospital of burns hours later. Deputy Coroner George Y. Markus listed the death as "probably accidental."

Playgoers Feel Ill

TULSA, Okla. (AP)—A dozen persons watching a high school play, "You Can't Kiss Caroline," developed the same symptoms—sudden nausea. Although none was in serious condition, the play was postponed until tonight. A stomach virus was blamed.

Benson Puts Cotton Quotas Back In Laps Of Congress

By OVID A. MARTIN
WASHINGTON (AP)—Congress had a controversial cotton crop control program back in its lap today—tossed there for the second time in recent weeks by Secretary of Agriculture Benson.

This time Benson wrote to Rep. Whitten (D-Miss) disputing the latter's contention that the secretary could allow farmers to plant more cotton in 1954 than they would be permitted to do under a control program Benson announced in October.

Because of a big surplus, Benson proclaimed marketing quotas on the 1954 crop and announced a national planting allotment of 17,910,000 acres—a reduction of about 26 per cent from this year's plantings.

The GOP farm chief said at the time that such a sharp cut would have serious effects on the economy of the South, but added that he was without legal authority to allow a larger acreage. He did state, however, that he would urge Congress to authorize a reasonable increase.

Two weeks ago Whitten told Benson that farm law did give him authority to set a larger allotment. The secretary said he would re-examine the law and the situation. Several other Southern lawmakers publicly agreed with Whitten.

He wrote Whitten yesterday that the lawmaker was wrong. Furthermore, Benson said, "widespread publicity" given Whitten's argument had resulted in "misunderstanding" of the secretary's authority.

Benson did agree that farm law gave him authority to boost allotments in case of a national emergency. But there is nothing in the cotton supply and demand situation in this country or abroad, the secretary said, which would justify action under these emergency provisions.

Benson said he could foresee no possible situation that would find this country short of cotton.

No Stand On Racial Segregation Due By South's Schoolmen

MEMPHIS (AP)—The Southern Assn. of Colleges and Secondary Schools ended its annual convention today.

The group was not expected to take a stand on the segregation question.

The 1,500 delegates sat in on their final panel discussion yesterday and heard education leaders agree that more needs to be done at all levels of education to meet the teacher shortage problem.

A major factor in influencing prospective teachers, said R. B. Norman, principal of Amarillo High School, is the personal and public life led by the teacher.

He added colleges could aid by improving their functions in guiding the right people into teaching and by setting up scholarships and fellowships to worthy students.

Senior colleges elected to membership included Texas Lutheran College at Seguin.

Fireworks Discharge In Cities Is Illegal

Discharge of Christmas fireworks inside the city limits is prohibited, A. E. Long, county juvenile officer, reminded today.

The officer said the regulation applies to Coahoma and other towns, in addition to Big Spring. Long said his department, as well as police, receive numerous complaints each Christmas concerning the shooting of fireworks.

He asked that persons shooting firecrackers and other pieces do so outside of town.

Aerial Refueling

TOKYO (AP)—Four U.S. Air Force F84 Thunderjets today flew 2,500 miles nonstop from southern Japan to Bangkok, refueling while in flight over the Philippines.

The Air Force said it was the first flight by jet fighter-bombers to use aerial refueling.

\$1,193 To Date Contributed To TB Association

Latest tabulation shows \$1,193.17 contributed to the Howard County Tuberculosis Association through the purchase of Christmas Seals and TB bangles, Wendal Parks, association president, reported.

Christmas Seal purchasers have contributed \$1,086 and students \$107.17 through the purchase of bangles, according to Parks.

Sale of the seals and bangles are the only means employed by the Tuberculosis Association to raise funds for aiding victims of tuberculosis and for carrying on diagnostic services.

The Yule seals traditionally are mailed to virtually every family in the county. Enclosed with the seals are return envelopes in which donors are asked to return their contributions to Post Office Box 1442, Big Spring.

A committee composed of Parks and George Melear, a director of the association, receives and counts the contributions, crediting the donations in a master file of citizens.

While some 5,000 packets of seals were mailed to residents, officials fear that some Howard Countians may not have received the seals. Persons desiring the Christmas seals may secure them by writing the Howard County Tuberculosis Association, Box 1442, or by calling the Big Spring-Howard County Health Unit.

All Big Spring schools have participated in the sale of the bangles, and schools outside of the city are to be given an opportunity to support the tuberculosis work in the next few days.

Dean Bennett, director of elementary education in Big Spring, is chairman of this phase of the program. Cula Grigsby is the seal sales chairman.

Parks announced that persons contributing \$5 or more to the anti-tuberculosis work will receive Christmas "bonds" signed by executives of the association and acknowledging the gifts.

Oklahoma Operators Stake 229 Locations

OKLAHOMA CITY (AP)—Oklahoma oil operators staked 229 new locations the past week. Completions slumped sharply from 256 to 146.

Operators completed 84 oilers, 5 gasers, 7 service wells and 50 dry holes, two of which were said to cost up into the six-figure bracket.

Oil Compact Meeting To Study Proration

OKLAHOMA CITY (AP)—The Interstate Oil Compact Commission got down to business today in committee meetings opening its winter conference.

Regulation of production—always a controversial topic—was expected to stir controversy.

Russian Installed

TAIPEI, Formosa (AP)—The Nationalist Interior Ministry's Ta Tao News Agency said today a Russian has been installed as commander of a Red China-Russian joint air command at Canton.

CONSTIPATION NOW CORRECTED SAFELY, IN TWO TO FIVE DAYS

Tasteless, Jell-Forming Tablet Stops "Cathartic Habit" Develops Natural Regularity Without Discomfort

New wonder-working substance is proved, by hundreds of tests, to be one of the great achievements of medical science—completely solves age-old health problem. Noted doctors and medical journals praise new jell-forming material. Trials with hundreds of stubborn cases conclusively prove it to be the safest, surest way to correct the wide-spread trouble of constipation.

Years of Research Rewarded
The medical profession has long recognized the need for a safe "corrective type" product that could be depended upon to curb the wide use of rapid-acting, habit-forming laxatives, vitamin-robbing pills, irritating salts and, indigestible fibrous-type bulkatives that can cause impaction. The

course of repeated "purgings" can now be ended forever. This truly remarkable new tablet is now available at drug stores everywhere under the name INERGEL.

INERGEL Acts—The Right Way
INERGEL acts in the colon, by forming a soothing jell-like solution that promotes healthy "natural" elimination without a trace of discomfort or embarrassment. INERGEL is completely safe, thoroughly dependable, for young or aged. Ask for INERGEL for the most satisfactory relief you've ever known. Regulate care-free days of healthy regularity with INERGEL. If your local druggist is out of INERGEL Tablets, he will be pleased to order them for you.

Appliances For All

A fair exchange is one of those things that makes everybody happy at Christmas time, such as if hubby gets the wife a kitchen appliance, and she gets him an electric convenience such as a shaver. Nothing more useful, time-saving and economical than such appliances. In fact, they're all-around favorites.

Future Farmer Area Contests To Be Held Here On Saturday

More than 225 high school boys comprising 42 teams from 24 high schools in this West Texas area will assemble at the Big Spring High School at 9 a.m. tomorrow to participate in the Area II contests of the Future Farmers of America.

The winners will be announced at an awards banquet in the high school cafeteria, at 1 p.m. at which honorary Lone Star Farmer degrees will be conferred upon Weldon Latham of Brownfield; John Harvey of Colorado City; Baker Ethridge of Fabens; Leo Richardson of Iraan; L. E. Griffin of Lamesa, and Claude Lantrip of Stamford, a group of West Texans who have supported the FFA program over a period of years.

At the banquet a Meritorious Service Award plaque will be presented L. M. Hargrave associate professor in the Department of Agricultural Education at Texas Tech. Hargrave will also assist in judging tomorrow's contests.

District elimination contests have been held throughout the seven districts in Area II E. L. Tiner of Big Spring, area supervisor of vocational agriculture explains, and the first place teams from each division of the district leadership events is eligible to participate in

the area contests here tomorrow. The contest divisions are green-hand farm skill demonstration, senior farm skill demonstration, greenhand chapter conducting, senior chapter conducting, FFA quiz, and radio broadcasting.

High school chapters that will be represented here include those at Anson, Big Spring, Brownfield, Coahoma, Colorado City, Del Rio, El Paso, Flower Grove, Hamlin, Hawley, Hermleigh, Highland, Lamesa, Marfa, Meadow, Odessa, Pecos, Robert Lee, Roscoe, Rule, Seminole, Stanton, Wellman and Yaleta.

Winning teams in the contests here will be eligible to compete in the Invitational State Contest at Huntsville Dec. 12.

Other judges of the events here tomorrow will include W. E. Williams and E. E. Turner of the Department of Range Animal Husbandry at Sul Ross College, Alpine, and the following teachers of vocational agriculture, R. E. Post of Colorado City, Kenneth Goforth of Snyder, J. T. Henry of Bronte, Tommy Toland of Rotan, Harvey Hinnegan of Big Lake, Truett Vines of Big Spring, and Bill Pollard, now with the Tidwell Chevrolet Co., of Big Spring, but formerly vocational agriculture instructor at Winnesboro.

Leroy Tidwell of Big Spring, for several years the holder of a Lone Star farmer degree, will be a banquet guest.

Small Businessmen To Be Heard Today By House Members

DALLAS (AP)—Small businessmen of the North Texas area got a chance today to talk over their problems with a U.S. House committee dedicated to lending them a helping hand.

Rep. Multer (D-NY) met yesterday with officials of the regional Small Business Administration office. Today he and Rep. Craig K. Zimmerman (R-Calif.), both members of the House Small Business Committee, will preside at a public hearing "to take the temperature" of North Texas businessmen.

Rep. Dies (D-Tex) will sit in. The two committees will hold a similar hearing tomorrow in Texarkana where they will be joined by Reps. Patman (D-Tex), Evans (D-Tenn) and Yates (D-Ill.).

Make-Believe War

SEOUL (AP)—A make-believe war has been going on in Korea 3 1/2 days to test the preparedness of United Nations soldiers.

Viking Sword Found

ST. JOHN'S, Nfld. (AP)—The Newfoundland Museum has announced discovery of a sword believed to be of the Viking era. The sword whose blade is of cast iron and handle of bone, was discovered at Aillik, Labrador.

Five Dutch Divisions

THE HAGUE, The Netherlands (AP)—Dutch Defense Minister Cornelis Staf said yesterday that with continued American aid The Netherlands by 1957 will have five divisions for Western defense.

IN WICHITA FALLS

Another Missing Tennessean Found

WICHITA FALLS (AP)—An attractive young woman planned to fly back today to the Tennessee home she left ten years ago to see parents who thought her dead.

Mrs. Dale Carson told Otis Maynard last night she was his sister, Lytle, whom the family hadn't seen or heard from since she disappeared from Nashville in 1943.

Maynard tracked his sister down on a tip by the Nashville Ten-

nessean, the same newspaper that exposed the 22 year masquerade of Thomas Buntin and Betty McCuddy, dropped from sight. They were found by the Tennessean after an insurance firm said Buntin was alive. Like Lytle Maynard, Buntin and Miss McCuddy had been pronounced legally dead.

Lytle at first denied her identity, then admitted it. "I know I never should have done it," she sobbed. "You never can hide your life forever. I had a hard time when I was young, and I just wanted to get out on my own."

Lytle, who has been married twice here, and has been working in a cafe. She talked to her parents last night, saying simply, "I'm coming home to you."

At her disappearance she was married to David Sartain, who since has secured a divorce. The Wichita Falls Record News said she had been living here for 10 years.

Mrs. Vic Hart, a cousin, supplied information that led to the brother's finding his sister.

Empty Gas Tank Saves Life Of Californian

LOS ANGELES (AP)—Police found William Joe Kraker sprawled in the front seat of his car yesterday, a hose leading from the exhaust pipe through a window, and a suicide note pinned to the dashboard. But Kraker was alive. His gas tank had gone empty.

Goodness Tops Might

NEW YORK (AP)—King Paul of Greece says the "fundamental goodness" of the American people contributes more to the greatness of the United States than does its armed might. The King and his queen, Frederika, sailed yesterday for home.

Madeleine Carroll

Hostess On Starlight Theatre

Friday nights over KTXC finds Miss Madeleine Carroll introducing a series of top-flight Broadway plays under the banner of "Starlight Theatre". This outstanding radio production is brought to Big Spring listeners by the Ideal Laundry and Dry Cleaners, for many years a familiar landmark on Runnels Street. Managed by C. B. South, the Ideal has provided first rate laundry and dry cleaning service to the public since 1947. Mr. South has been associated with the laundry business in this city since 1930 and his experience assures the public the very best in laundry and dry cleaning services. Be sure to listen to "Starlight Theatre" every Friday night over KTXC at 8:30 for the finest in radio entertainment.

(Adv.)

Yuletide Cheer In Bonus Form Begins Flowing

By SAM DAWSON
NEW YORK (AP)—Christmas cheer—expressed in dollars and cents—is beginning to flow.

American business firms are reported planning to hand out just about as much cash this year as last in the form of Christmas bonuses to employees, both of the white-collared and the blue-collared variety.

Year-end dividends to stockholders also are running ahead of payments last year. Dividend checks for the first 10 months of the year averaged four per cent larger than in 1952. With the current burst of specials for Christmas, dividend payments this year are expected to reach a cheery 9 1/2 billion dollar total.

Regular wage and salary payments for the nation as a whole this fall were running, at an annual rate, eight per cent above a year ago—but the trend is slanting down from the peak.

The boss isn't doing too bad, either, although the American Management Assn. stresses today that the average of the total compensation of high ranking business executives has been rising only slightly of late.

Bonus payments often make all the difference to top kicks of industry when they tally up their total take for the year.

Surveying some 15,000 executives in 1,868 companies, the AMA reports that bonus payments are equal to 43 per cent of salaries paid, and retirement compensation contributions equal 13 per cent of salaries. At this level of industry bonuses are usually tied to the profits and sales, and have only a nodding acquaintance with the Christmas spirit.

Workers' chances of a Christmas bonus are fairly bright in those industries which have that pleasant habit, although the National

FORE Foremen's Institute of New London, Conn., reports today that the total of cash handed out may be no larger than last year, despite the business boom of 1953. This is the first year since 1950 that salaries have been free of government controls.

W. M. Newell To Wed In Greenville

Mr. and Mrs. Edward Newell of Greenville are announcing the engagement and approaching marriage of their daughter, Sarah Helon, to Wesley M. Newell, son of Mr. and Mrs. Roscoe T. Newell of Big Spring.

The wedding will take place on Jan. 17 at 3 p. m. at the Central Christian Church in Greenville. The Rev. James L. Sandlin will read the ceremony.

The bride-elect is a graduate of the Greenville High School. She will receive her degree in May from East Texas State Teachers College.

Mr. Newell received his education in the Greenville Public Schools and is now serving with the U. S. Navy.

Ann Newell will attend her sister as maid of honor and Carolyn Newell will be bridesmaid. Candlelighters will be Willem Duncan and Sue Newell and the flower girl will be Elaine Newell.

Roscoe Newell Jr. will serve as his brother's best man.

Wedding music will be presented by Bill Sorrells, soloist, and Mrs. Sorrells, organist.

SARAH HELOM NEWELL

DATE DATA

By Beverly Brandow

Three Letters

Dear Beverly Brandow:

I am planning to give a Christmas party and am wondering about inviting boys. Girls probably won't come unless boys are invited, but is it proper to send invitations to boys I have never dated?

CURIOS

By all means. In fact if the only boys invited were former dates that might make for much jealousy and contention. Any boy you have a speaking acquaintance with may be included on your guest list.

However, for your own date that evening, ask only a boy you have dated before.

The evening will probably be much more successful if each guest is allowed to bring his or her own date, but that, of course, is up to you, and your invitation should make it clear whether guests are to bring dates or come alone.

Dear Beverly Brandow:

Twice before a group of boys have stopped me in the hall to tell me a certain shy friend of theirs wanted a date with me and had asked them to intercede. Each time the boy failed to keep the date and made no explanation then or later, though he has had plenty of opportunity at school.

Is a joke being played on me? I would like to date this shy boy.

but I don't want to make a fool of myself. What shall I say next time they ask?

PUZZLED

Tease the boys a little by replying, "Oh no, not again! He didn't show up the last two times." If they offer an excuse and beg you to make another date, say "Well, maybe, but this time we'll do it my way." Take out a piece of note book paper and write, "Dear John, Speak for yourself. If I am not worth the wooing I am surely not worth the winning. (Signed) Priscilla Your Last Name."

If the shy boy really does want a date he can answer the note or telephone you. Otherwise I advise you to turn down the date. I strongly fear you are getting your leg pulled.

Dear Beverly Brandow:

Before formal dances, most boys ask their girls what they are going to wear and select a corsage that will go with the color. My boy friend, however, inquires what kind of flower I want. What should I tell him?

IN A QUANDRY

Because you don't know how much do re me he has, name off several suitable flowers. Say, for instance, "My dress is red and white. Red roses or red or white carnations, or gardenias would be pretty." This way the boy can't go wrong, yet he has some selection. (What's your problem? Write to Beverly Brandow in care of The Herald.)

Clementses Are At Home In Stanton

Mr. and Mrs. Herma Lee Clementses are at home in Stanton following their wedding Nov. 25 at the First Baptist Church in Stanton.

The bride is the former Helen Ray Russell, daughter of Mr. and Mrs. A. Ray Russell, Rt. 2, Big Spring. The bridegroom is the son of Mrs. Jack Jagers of Stanton.

The Rev. E. B. Coon, pastor, read the ceremony. The bride wore a blue wool shantung suit. Her "something old" was an ivory Bible given to her on her eighth birthday.

She was a student at Baylor University before her marriage and also attended Howard County Junior College. The bridegroom was a student at Texas Western in El Paso where he was a member of Alpha Phi Omega, engineering fraternity. Both were graduated from Stanton High School.

Turtle Club Plans Progressive Dinner

A Christmas progressive dinner was planned by Turtle Club members Thursday at a meeting at St. Thomas Church hall.

Hostesses will be Angie Fausel, Jan Rankin, Barbara Rome, Marybeth Jenkins and Mrs. L. D. Jenkins, sponsor. A party will be held Dec. 17 at the Jenkins' home. Marie Hill and Leslie Hancox will be new members. Miss Rome served as secretary pro tem and Jimmy Dinoff as treasurer pro tem. Mrs. Jenkins served refreshments. Thirteen attended.

R. D. Ulreys Have Weekend Visitors

Mr. and Mrs. R. D. Ulrey, 420 Dallas, have as weekend guests, Mr. and Mrs. J. B. Neeb of Cross Plains. The Neebes are spending today in Midland but will return tonight.

The Ulreys have just returned from a visit in Albuquerque, N. M., with their daughter and son-in-law, Mr. and Mrs. A. W. Becker.

Take Another Look: Yule Tree May Be Girl

By DOROTHY ROE

AP Women's Editor

Get a grip on yourself, men. This year the girl may look a lot like a Christmas tree.

I don't know why it is that the Yuletide seems to affect some of our most estimable citizens so strangely. They are perfectly sane and reasonable for 11 months of the year and suddenly go shooting off like skyrocket, out of season.

One of the world's most famous beauticians, for instance, ushers in the silly season by advising girls to sprinkle themselves with metallic dust, explaining:

"All the excitement of a season when sparkling things are bound to happen is reflected in this startlingly for eyes, lips, anywhere."

Especially for holiday use, she is merchandising her sparkle dust in gold, silver or multicolor particles, promising a "starry-eyed evening" for the girl who dusts it on over "striking blue" or "striking green" eyeshadow. She also

suggests sprinkling your fingernail polish with sequins while it is still wet.

And a bit of sequin dust on your lipstick is recommended.

Certain hair preparations now come packaged with gold or silver dust to be sprinkled on the hair and held in place with lacquer.

A girl who wants to go all out for Christmas may buy tiny Christmas tree balls to wear as earrings—they tinkle like regular jingle bells. Or she may wear small Christmas tree balls strung together for a necklace or made into earrings.

There are tremendous felt skirts this year which are appliqued with everything from Christmas trees to reindeer, complete with glittering decorations, fringe, bells—everything but electric lights. (Those may come next.)

Personally, I advocate leaving the tinsel on the Christmas tree, the bells on the sleigh and the whiskers on Santa Claus.

Mary Margaret

McBRIDE SAYS

"It's for your own good," the gentle bully always says in the half-veiled, half-needing tones usually reserved for children.

This may be all right—I don't think so—when you're a child, but when you become an adult and are supposed to have put away childish things, the gentle bully seems a tiresome bore, even a mischievous menace.

"Darling," the female of the species will telephone with crocodile concern, "you don't get out enough. Now I simply will not take no for an answer. I'm having a small dinner Wednesday night and you've got to come. It will do you so much good."

I refuse, but gentle bullies never hear refusals and simply ignore legitimate excuses. So on Wednesday night I find myself in my tightest girdle, my most uncomfortable shoes, sitting miserably at her dinner table between a gallant who is fascinated by his partner on the other side and a politician whose sole conversational interest is to give me a complete picture of a campaign he lost in a distant city. I sit and worry about two books for tomorrow's broadcast that I must read before I sleep and desperately contemplate ways to escape. Shall I faint into the broiled chicken or set fire to the tablecloth?

This, I suppose, is doing me good?

I vow I'll never again be trapped by a gentle bully—but pretty soon along comes another friend, this one determined I shall try her massuse. I resist to no avail.

The friend telephones the massuse and says she is giving me the first treatment as a present. I wind up lame, black and blue, and angry—at myself most of all.

I shall never forget the last time I was tortured into forsaking the comfort of my own abode for a weekend in the country—"a change will do you so much good."

I came home a mess. My back was almost broken from the unyielding mattress—"hard mattresses are better for you." I was covered with insect bites and sun-

burn from being practically carried into a windy spot with full exposure to the elements—"sunshine is the best medicine you can have." My clothes were covered with cat hair—"Look, she loves you!"

I've visited doctors, a dentist and dozens of dreadful restaurants completely against my will because somebody had recommended them and then kept sternly nagging me. Also among the worst nuisances are people with pet head-cold remedies and diets. One woman frequently calls me up at midnight to know how much I've lost on her regime, although so far I've been strong—or weak—enough not even to start the wretched thing.

I've tried to analyze why I mostly give in. I think it's partly because the gentle bully invariably makes me feel guilty. Then, too, I want to be approved of. But all that really happens is that after ward the gentle bully goes about making a monkey out of me by bragging to everybody: "Well, I certainly got Mary Margaret out of her rut..."

My only recourse, I see clearly now, is to say a more brutal and final no, and so help me, I'm going to do it, from now on.

Stanley Poulos Has Birthday Party

Stanley Gordon Poulos was honored on his sixth birthday with a party given by his parents, Mr. and Mrs. W. T. Poulos.

A miniature western town was placed on the table and the cake was decorated with tiny horses, cowboys and calves to represent a corral. Movies were shown.

Guests included Jennabeth Clinkscapes, Jimmy Ferrell, Judy and Jo Sparks, Ronnie Thomason, Kenny Lane, Mark, Mike, Don, Ray and Sheri Alexander and Elizabeth Jane Poulos.

Prizes For Decoration Contest Told

Prizes of \$10 each will be awarded first place winners in the Christmas outdoor decorations contest, Mrs. J. E. Hogan, Garden Club project committee chairman has announced.

Second place prizes will be \$5 each. Decorations will be judged in three categories: windows, front door and entire home front and yard.

The contest is being sponsored by the Garden Club and the Chamber of Commerce. Judging will take place Dec. 22 from 9-10 p. m. Entries may be made by calling the Chamber of Commerce, dial 4-641, any time up to 5 p. m. on Dec. 22. Name, address and type of decoration will be listed.

Pilgrimage Of Settings To Be Sunday

Tickets for the fourth annual Pilgrimage of Beautiful Table Settings Sunday will be on sale at the first home of the tour, Mrs. Truman Jones, 1208 Doughass.

Sponsored by the Exemplar Chapter, Beta Sigma Phi, the tour will be on 2-3:30 p. m. Mrs. Jones will sponsor the table setting, "Holiday Buffet."

Other themes and the sponsors will be: "Silver Christmas Serenity," Mrs. Albert Smith, 809 W. 18th; "Wedding Breakfast," Mrs. R. T. Piner, 606 Matthews; "Come and Be Merry," Mrs. Edward V. Swift, 603 Edwards Blvd.; "Elegance of Tradition," Mrs. A. K. Turner Jr., 1004 Birdwell Lane.

Tea will be served in Mrs. Turner's home. Tickets are \$1. Proceeds will be used to support the state project of the sorority, the Warm Springs Foundation at Gonzales.

Church Of God To Open Convention

The Big Spring district convention of the Church of God will begin tonight at 7:30 p. m. at the Galveston St. Church of God.

The Rev. J. D. Bright, state superintendent, will be in charge of all services. The Rev. W. E. Mitchell, pastor of the Galveston St. church is district pastor.

The Saturday schedule includes a service at 9:30 a. m., lunch at the church at noon, and services at 2:30 p. m. and 7:45 p. m.

The public is invited. The church is located at 4th and Galveston.

THIS IS GOOD EATING

CHIFFON PANCAKES

Ingredients: 3 eggs (separated), 1/4 teaspoon salt, 1/4 cup flour, 1/2 cup creamstyle cottage cheese.

Method: Beat egg whites until stiff. Without washing beater, beat egg yolks until thick and pale colored; stir in salt, flour and cheese; fold in egg whites. Drop heaping tablespoonsful of mixture onto very hot lightly greased griddle. Bake

until golden, turning once. Makes 12 to 16 pancakes. Serve these with the menu below.

Orange Juice
Cereal
Chiffon Pancakes
Currant Jelly
Crisp Bacon
Beverage

Officers' Wives Hear Christmas Music

A program of Christmas music was presented by the Music Study Club for the Officers' Wives Club at the luncheon and business meeting Thursday at Ellis Hall.

Mrs. Leonard Shipman, accompanied by Mrs. A. C. Boyd, sang "The Angels' Song" and "Jesu Bambino." A violin trio composed of Mrs. J. E. Hardesty, Mrs. Dan Conley and Mrs. Elmo Rainbolt presented selections and Mrs. Boyd played several Yule numbers.

Also on the program was Mrs. Frank Leavelle, Baptist author and lecturer sponsored by the Southern Baptist Convention, from Nashville, Tenn. Mrs. E. J. Connors was in charge of the program.

Mrs. Newton Hagins discussed Air Force protocol. The discussions may be continued at subsequent meetings, it was announced. The guest-of-the-month was Mrs. G. P. Howell. She was presented a corsage. Guest-of-the-month for January will be Mrs. Aubrey C. Adcock Jr.

Decorations featured a Santa Claus and reindeer centerpiece on the president's table with red car-

nations placed in the miniature sleigh. Pointsettias were placed on the members' tables.

Mrs. Roy Johnson won the centerpiece. Winning pointsettias were Mrs. Ingvar Jacobson, Mrs. Gerard W. Rooney, Mrs. James E. Alexander, Mrs. Leo A. Dempsey, Mrs. Richard B. Monroe, Mrs. Walter A. Coats, Mrs. Richard O. Franz, Mrs. Ivan L. McGuire and Mrs. Richard E. Walters.

Mrs. Johnson was hostess chairman for the meeting. Assisting her were Mrs. Alexander, Mrs. Coats, Mrs. Leo M. Deschand, Mrs. John E. Erb, Mrs. John W. Smith, Mrs. Charles W. Weber and Mrs. Jess B. Williams.

It was announced that the bridge and canasta meeting would be Dec. 17 at 1:30 p. m. A reception following the graduation on Dec. 16 is planned at Ellis Hall.

The next business meeting will be Jan. 7.

Credit Women Hear Jack L. Watkins

The Credit Women's Club heard a talk on installment credit by Jack L. Watkins, manager of Good Housekeeping Furniture Co., at its regular meeting Thursday noon at the Settles Hotel.

Watkins has had extensive training by General Electric in credit management.

Mrs. Johnnie Morrison, chairman of the Girls' Town Committee, gave a report on the gifts being gathered for that institution.

Mrs. Dorothy Ragan, chairman of the entertainment committee, reported on the Christmas party planned for Dec. 10 at 7:30 p. m. at the Douglas Hotel.

Mrs. Ruth Apple presided at the meeting. Nineteen attended. Guests were Lou Bunch and R. L. Helth.

A Bible Thought For Today —

"Whose image and superscription hath it? They answered and said Caesar's." — Luke 20:24. There are some who imagine they need not obey the law because they do not approve of national defense. Christ taught that a conquered province must pay taxes to Rome, a military empire.

Good Old Gee-Tar Not Necessarily Instrument For The Hillbillies

Webster calls it a gitar, with the accent on second syllable, but invariably it comes out "gee-tar" when most folks use the word.

And if you asked a western guitar player if he were playing an instrument of the lute class, he'd probably draw his six-guns and say "we don't allow no lute playing around here."

But, he is playing an instrument of the lute class, regardless. The guitar was introduced into Spain by the Moors about the year 1288. By the beginning of the 19th century the Spanish guitar became a fashionable instrument on the Continent.

Most guitar players today use the plectrum method, that is, a small thin piece of ivory, plastic, or metal, used to pluck the stringed instrument. Originally the instrument was played using the thumb to sound the deepest strings, the first, sec-

ond and third fingers to sound the three highest tones, and the little finger rested on the sounding board.

There are two styles of the guitar, the modern or Spanish, which has a round sounding hole, and the one which has F holes on either side of the six strings, more commonly used in orchestra or symphony playing.

An entertaining instrument, the guitar is commonly thought of as an accompaniment to the voice. However, well known composers such as Bach, Castelnuovo-Tedesco, Manuel Ponce, Villa-Lobos, and Turina have written numbers for the guitar. One of today's most famous classical guitarists, Andres Segovia, 60, of Spain, has recorded transcriptions of these works with the single guitar and some with orchestra accompaniment, which shows effectively that guitar music is not confined to "hillbillies" and cowboys.

Even In Field Of Crime, No. 1 Boys Must Start At The Bottom

Alarming symptoms of crime increase appear throughout land. Law enforcement forces have been increased, but still crime spreads. And, judging from the past, we should predict it will increase.

Many of those who have turned criminal were not work brittle. They found jobs during the prosperous days because workers were too few, but with their eye on the clock they have been culled out as misfits and let out. It is largely this class who today are causing much of our trouble.

And juvenile delinquency has been feeding the maw of the crime machine. It has been grinding steadily because of the amazing numbers of divorces over the land, the desertion of children by parents, and their failure to receive proper train-

ing in religious and moral principles.

These neglected boys and girls want to have a "good" time and denied by the exigencies of their state they filch small articles, especially money. Soon they are in the toils of the law—all because of "the love of gain." A few repetitions of filching and they have become well confirmed, since no one seems to care for them. Remember every Criminal No. 1 started at the bottom. Our correctional institutions have failed to counteract their criminal instincts. They are turned loose, all too frequently, determined on "bigger crime."

The solution is a matter few claim to prescribe. But we do believe that our youth should be taught the penalty of violating our law and instructed in common honesty of our forefathers.

Washington Calling — Marquis Childs

Observers Skeptical Of Chance For Progress At Bermuda Meet

BIG THREE CONFERENCE. Bermuda —The professional skeptics assembling to report the Big Three conference take a doubtful view of what it can accomplish. The political realities in each of the three countries are such that the three heads of state face each other across a considerable gulf of divergence.

In France the recent vote in the Assembly demonstrated that there is not nearly enough support to ratify the European Defense Community pact. The government of Premier Laniel, despite the narrow margin the Assembly gave it in a vote on a watered-down resolution, is a caretaker government since a new regime is due to be installed next month.

In the United States the Republican Party with a narrow majority in Congress looks with distrust on any negotiation leading to talks with the Russians. Among Republican leaders the fear prevails that a conference with the Soviet Union, no matter how limited the agenda, is bound to result in "another Yalta." Secretary of State John Foster Dulles and even the President himself will feel the hot breath of this suspicion as they sit at the conference table.

As for British opinion, suspicion arises from a directly contrary cause. Many British are fearful, and not only the Laborites, that America is determined to prevent a Big Four conference, preferring a continuance of the cold war tensions to any move toward a negotiated peace. This is a deep-seated fear which Prime Minister Churchill must take into account.

But while these doubts have basis in fact, there is at the same time far wider preliminary agreement than appears on the surface. From authoritative sources close to the principals it is possible to give the following background and to venture to look ahead a bit.

When British Foreign Secretary Anthony Eden said on the floor of the House of Commons that the last Russian note had opened the way to a Big Four meeting, he did so by prior understanding with Washington and Paris. Not only had preliminary agreement on a meeting been reached, but both Eden and Dulles were ready to approve Berlin as the place of the meeting.

The desire in London and Washington is to have a Big Four Foreign Ministers

meeting as soon as possible. If the Russians really mean business, it could come as soon as the middle of January.

The Russians proposed Berlin, it is conjectured among the Big Three, because they thought it would be a sticking point with the West holding out for some other location. The thought now is that the sessions could be held alternately in the West and the East sectors of the city, thereby pointing out the advantages of the West Zone where recovery and freedom are in conspicuous contrast to the grim aspects of East Berlin with the reminders of the uprising of last June.

Therefore, short of a snafu over some unforeseen obstacle, the communique at the end of this conference should with confidence and a large measure of real unanimity announce the willingness of the West to meet with Russia at the earliest opportunity. The details will still have to be filled in. The United States, for example, will want to get an assurance that the Russians mean to talk about the tangible problems of Germany and Austria and not simply filibuster over whether Red China should or should not be present at a subsequent meeting.

If the latest Russian note was intended, as it seems to have been, to throw France off balance, then it has badly missed fire. At a most opportune moment the way has been opened for the three Western Powers to present a strong affirmation to a Soviet proposal. And the credit for this opportunity goes in large measure to Dulles.

Three times in three separate notes the Soviets insisted they would not meet without Red China at the conference table. Each time Dulles replied with the same willingness to meet and talk if only Moscow would agree to consider some of the long outstanding problems plaguing the East-West relationship. He said firmly each time, too, that Red China had no place at a conference to consider Germany and Austria.

When it comes to expectation of what may develop from a Big Four meeting to follow quickly upon this Big Three conference, there may also be greater unanimity than appears on the surface. The British have again and again called for negotiation with the Russians. But when they are frank, they will concede that perhaps the most that could come out of a session now is a demonstration that the Soviets are unwilling or unable to make any compromises. This is what the Americans have been saying. Such a demonstration would do a great deal to bring the West closer together.

They're Fenced In

PHILADELPHIA — Pedestrians have been laughing at this sign on a bulwark covering a construction project on busy North Broad Street:

"Have patience—we can't see out, either!"

Wildlife In Meter

DOVER, N. H. — Police were dubious when a motorist told them he had seen two eyes peering at him from inside a parking meter. Investigating, they found an eight-inch snake.

"Look Out—Here Come Those Iron Doves Again"

The World Today — James Marlow

Eisenhower And Laniel Have Granted Heart's Desire Of Winston Churchill

WASHINGTON — President Eisenhower and Premier Laniel of France have granted the heart's desire of the grand old man of the West, Sir Winston Churchill: a meeting with them in Bermuda, due to start today.

But there is no world excitement about it, because this is only a Big Three conference, and not a Big Four conference with Russia's Premier Malenkov.

Without Malenkov the Big Three can't agree on peace. The most they can do is talk about a way to find it, if the Russians are ever agreeable, and meanwhile try to strengthen their defenses.

By the end of the Bermuda meeting Eisenhower, Churchill and Laniel may announce their willingness to have a Big Four foreign ministers' conference in Berlin, perhaps in January, Russia has agreed to such a meeting.

If that conference turned out all right, maybe later Malenkov would be invited to get together with Eisenhower, Churchill and the French Premier.

That's stretching optimism pretty far. The mood in Washington now seems to be one of skepticism about any great progress coming out of the ministers' meeting.

Why hold it at all, then? Some pretty good reasons can be offered.

For one thing, the West doesn't want to appear—in the eyes of its own people and Allies and the rest of the world—to be turning its back on even such a remote chance for peace as might emerge at Berlin.

If Berlin did pave the road for progress toward peace with Russia, fine. But if Molotov stalled, it would strengthen the Eisenhower administration's contention the Russians talk peace but won't prove it by deeds.

And there's a further consideration. This country and Britain have been anxious to have France join a single European army which would also include West Germany, Italy, Belgium, The Netherlands and Luxembourg.

And any kind of rearmaged Germany is what most of the French don't want. The French hold national elections this month. Laniel can't promise the French Parlia-

ment will approve joining the single European army.

In the first place, he may be out of office after the election. And in the second place, the French certainly won't vote on joining that army until after the election.

And, finally, the French seem to be keeping hoping that somehow, Russia, then maybe they would get away, the cold war with Russia into the one army with Germany.

Notebook — Hal Boyle

Professional Comedians Urged For Government

NEW YORK — Politics always has produced some of the nation's greatest unconscious comedians.

But Henry Youngman, "The Comic's Comic" has a new idea.

On the theory that a good pro can always beat an amateur, he thinks it's time to bring a few conscious career comedians into government.

"The people can't help but benefit," he said. "And they'll at least get something new to laugh at."

"What I have in mind is that these comedians will be something like the King's jester in the old days. When the regular government jokers—or the appointed diplomats—get their skulls all heated up in debate, they call a 15-minute break and bring in a professional comic to cool both sides off."

"Any comic who can't make a crowd laugh in 15 minutes is in the wrong business—or maybe needs a couple of new writers. Anyway, the diplomats get a few laughs while they are resting their brains during this time out, and maybe when they start arguing again they'll make more sense because they've got less steam in their heads."

Youngman, who has originated so many jokes that even Milton Berle can't remember them all, feels that staff government comedians would be particularly useful right now in the United Nations and to settle major labor disputes.

"Look how many strikes you might prevent," he said. "If the guys barking at each other across a table would stop and share a belly laugh."

Henny, who says he hasn't bothered to copyright his ideas, offered to guinea pig the experiment himself and become the first U. S. federal government comedian.

"provided the pay is right, and naturally I get a free hand in picking my staff—and top billing, of course."

"I even got a few hundred jokes ready. No, I won't give you any samples. I don't want to tip my mitt."

Like most professional comedians today, Youngman, Brooklyn's gift to the world of japey, feels the nation has let a lot of moss cover its funnybone in recent years.

"People are hungry for a chance to laugh," he said, "but they feel they have to have a reason."

Foreman Finds Own Work Saves His Life

LANCASTER, Pa. — Roy Houts is foreman of a crew that put up a safety fence last week on Route 230.

Driving along the highway near the spot yesterday his car was struck from behind by a trailer-truck and headed straight for a 15-foot embankment. The only thing that saved him was the fence.

That's why practical jokes are coming back. People got so they resented them. Now they enjoy a practical joke again—as long as it is really funny, and not cruel.

Are practical jokes ever anything but cruel?

"Why, sure," said Henny. "If you want to cobweb a guy, really mix him up, you just send him a telegram saying, 'Ignore first wire.'"

"Or, take another example. Suppose you go through a toll bridge. Well, you pay for the guy in the car behind you. He'll drive 50 miles trying to find out who you are and why you paid for him."

Henny said that in his vaudeville days a prank was to sneak into another performer's room, fill his bathtub with hot water and pour in several packages of Jello.

"I'd take him days to get all that Jello out of the tub," recalled Henny, and added reflectively: "If times were tough, he might even decide to eat it."

Henny's other favorite gag was to have a friend at a nearby restaurant table summoned to the phone and then put by his plate a printed card saying, "the management requests that you please leave quietly."

Well, fellow voters, it's up to you. If you want a paid practical joker in government, just wire your Congressman. But will he want any professional competition?

'Holy War' Threat Levied By Moslems

JERUSALEM, Jordan — A "holy war" against Israel was threatened yesterday at the opening of a Moslem "Conference for Palestine's Salvation From Israeli Occupation."

Thirty-four leading Moslem personalities from all Arab countries, as well as from Pakistan, Afghanistan and Indonesia, took part.

Mohammad Mahmud Eisawaf, secretary general of the Iraqi Salvation Committee, said in a speech that "the day will come when we are going to declare a jihad (holy war) for the salvation of Palestine."

He said, "but now they feel they have to have a reason."

Women Have Bigger Waists Than Before

ST. LOUIS — They're planning to put 150 years of St. Louis styles on review next February but original dresses can't be used because women now are larger—in some places.

Miss Marjory Douglas, curator of the "Cavalcade of Fashion," says it's the waists and shoulders that have spread the most through the years. The costumes in most cases will be authentic reproductions.

Around The Rim — The Herald Staff

Texas Well Equipped To Give Anyone It Desires The Bird

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

This state is one for the birds. We Texans might take offense if some "furriner" made that statement in our presence, but it is literally true that Texas is well equipped to give most anybody the bird if it so desires.

The feathered creatures abound throughout the state, and it's such a big state that most any type of bird can find a climate and surroundings that are pleasing for at least part of the year.

Game birds usually stimulate a big portion of the interest at this season of the year, and brother, Texas has plenty of them. If you're interested in ducks you can usually find what you want somewhere in Texas during the fall and winter season.

There are canvasbacks, redheads, pintails, mallards, gadwells, green-wings, blue-wing teals, baldpates and wood ducks. In addition there are white-fronted, snow and Canada geese.

Then there are two varieties of prairie chicken, and half a dozen kinds of quail and three or four types of doves. In addition, Texas has something like half of the wild turkeys in the whole United States.

Moreover there are probably even more non-game birds. Some of these include

the mockingbird, the golden-cheeked warbler, which refuses to breed outside the boundaries of Texas.

Some others, such as the couch jay, the Colima warbler, the green jay and the sennet thrasher are dyed-in-the-wool Texans themselves, because they are not found anywhere else in the United States.

There's a lot of colored feathered life along the Texas coast, including the great blue heron, the reddish egret, the roseate spoonbills, little blue heron, Louisiana heron, American egret, snowy egret, the white and glossy ibis. And, the only known whooping cranes in the world spend their winters on the Texas coast.

There are the usual undesirables among the state's bird inhabitants. There are still a few bald eagles around, along with the great horned owls and umpteen different varieties of hawks. The more rowdy bird citizens of the state also include the English sparrow, raven, buzzard, blue darter, butcher bird, Jay bird, sapsucker, woodpecker, starling, etc.

Birds, like people, have their outlaws on the one hand and their model citizens on the other. And like people, a lot of them know a good place to light when they see it.

—WACIL McNAIR

These Days — George Sokolsky

Many Took Left Wing In Early Thirties, Now They Cover Up

It is not known in this country what Igor Gouzenko has to say. Maybe he has nothing new to add. Maybe he just is bored. Or perhaps he can't put his finger on the two missing spy rings that operated in the United States since 1934 and about which nothing is yet known except that four rings were supposed to exist and only two have been uncovered.

Senator Jenner rejected the Canadian terms. What those terms amounted to was that he or his counsel would go wherever Igor Gouzenko lives under the guardianship of the Royal Canadian Mounted Police; he would talk to Gouzenko; he would submit whatever he learned to the censorship of Lester Pearson, Minister for External Affairs. Then he would forever be bound by the confidence.

No competent reporter today accepts that kind of confidence because he knows that it is a trap to shut him up. What cannot be learned from one source may be obtained elsewhere, but the man who is bound by a confidence is forever interdicted from telling the truth.

On the other hand, Secretary of State John Foster Dulles probably took the only position he could when he upheld Pearson's attitude. If the Canadians refuse to cooperate, we have no way of enforcing cooperation. If Gouzenko's conscience bothers him, he will undoubtedly find a way of getting the truth out.

We need to try to understand the cover-up. In the early 1930's, many young men and women, at college and fresh out of college, joined left-wing movements. Some have remained in them; some slipped into the espionage underground; some gave up the left-wing, became more conservative, and want their pasts forgotten. As more data on those days become available, the guilty and innocent, the continuing wicked and the repentant and remorseful are equally involved. Therefore, those who can prove their subsequent good conduct are as anxious to cover up as the bad boys and girls.

Officials on the rise, in the 1930's and up to 1945, were often associated with, or even employed, men and women who have turned out to have been Communists or spies. It is most embarrassing, especially if there is evidence that the big fellows knew of the involvement. They would like to cover up.

Sometimes the situation is tragic: A father faces the exposure of a son or a daughter, or a husband discovers that his wife has wandered ideologically. Among the recent accusations, there was a clergyman who was practically a party prisoner because his only son had joined them and become an active figure in their movement. The father rationalized it all as doing good. I watched this tragedy closely and know its sadness.

The cover-up aids the enemy, but then there are those who still do not believe the evidence of an espionage conspiracy. It appears to them to be fantastic. The reason is that the pattern, as it unfolds, is so alien to American life and American

thought that it is unbelievable. Some even feel that it is all politics, a synonym in the American mind for something cheap and vulgar. They forget that the initial uncovering job was done by a Democratic house committee on un-American activities and by the Democratic McCarran Committee. In fact, all investigations today are rooted in the McCarran Committee's monumental study of the Institute of Pacific Relations.

It is not politics that brings out the facts of the espionage; it is the evidence of espionage. The opposition to McCarthy, for instance, makes a point that the Fort Monmouth investigation is a hoax. They said that before the open hearings began and therefore the evidence already adduced was undisclosed. Will they call the Fort Monmouth hearings a hoax a month from now? They demand that the congressional committee produce a present-day spy like a jack-out-of-a-box; but if they have any understanding at all, they must realize that a foundation had to be laid by testimony; that, like a mosaic, the pieces of evidence must be brought together in a pattern. How long did it take to convict Alger Hiss?

This is a sad picture which brings joy to no one's heart. Espionage is such a dirty crime that the thought of it is revolting.

Police Are Zoological

SPRINGFIELD, Mo. — Springfield police had to search in one day for a poisonous snake, a skunk, and a 200-pound eagle.

The skunk was killed, with odorous results.

The snake slithered into some brush and got away.

So did the giant eagle. It was an iron lawn ornament stolen from a metal company.

Lovesick, Maybe

BOGOTA, N. J. — The local Board of Education wanted to grant a request of two young women schoolteachers for time off with pay for honeymoons. But they didn't quite know how to go about it.

When one member suggested the honeymooning teachers be placed on sick leave the board agreed unanimously.

Arrow Halts Machine

KEENE, N. H. — This city's biggest power shovel was put out of action when a steel-tipped arrow pierced the big machine's radiator.

Occupational Change

MEMPHIS, Tenn. — Two door-to-door Bible salesmen were arrested here and charged with a \$9 holdup-robbery at knife-point.

Uncle Ray's Corner

Incident Led To Converter

Steel is obtained from iron which has been treated in special ways. Steel contains a small amount of carbon, which is a very important fact. There are three main kinds of steel—hard, medium and soft. Soft steel is used for making boiler plates. Medium steel is widely employed in making frame-work for office buildings. Hard steel is valued for tools, axes and springs. In addition to these steels there are many kinds of alloy steels.

Steel was made in olden times, but it was less common than other forms of iron. At Damascus, an ancient city of Syria, iron workers learned to make swords which won wide fame.

Toledo, Spain, also had its steelmakers long ago, and their swords were about equal in fame to those of Damascus. They "tempered" the metal by plunging it in cold water, and that caused quick cooling.

An important change in the iron and steel industry dates back almost a century, to the time of Henry Bessemer, an Englishman. Bessemer's most important idea grew from a little event which took

place while he was watching a furnace in an iron foundry. One day he opened the door of a furnace in which iron was being melted and noticed two pieces of pig iron which had fallen to melt. When he reached in with an iron bar to knock down the pieces, he found that they were "shells" of iron from which the carbon had been taken away.

This made Bessemer think about a new way of taking carbon from molten iron. "If it can be done by air," he said to himself, "why not find a way to force air through the whole molten mass?"

Soon afterward Bessemer invented a "converter," and forced a blast of air through 700 pounds of molten pig iron. The converter worked. It blew out a mighty stream of sparks, but the trial was a success. Almost all the carbon had been taken from the pig iron.

After further trials, Bessemer found that he could produce steel at the cost of only \$30 or \$35 a ton. In years which followed, Bessemer converters became common in the leading countries of the world.

Dean Tells Reds Unrepatriated Prisoners To Be Freed Jan. 22

By GEORGE McARTHUR
PANMUNJOM (U.S.)—U. S. envoy Arthur H. Dean told the Communists today that unrepatriated war prisoners will be freed Jan. 22 unless a peace conference decides some other course "and no human hand or mind or debate can change it."

"We are never going to agree, under any circumstances, to a change in that date," he declared. Dean and Communist diplomats huddled for almost three hours on plans for a peace conference while a few miles away 30 more South Korean War prisoners unambiguously rejected pleas to return home.

Allied persuaders in three days have talked to 90 South Koreans who chose life under the Communists and not one has changed his mind.

RK officers whisked through 30 interviews before noon today. The U.N. Command asked to interview 40 prisoners Saturday. The repatriation commission said the request for an extra 10 was filled too late, but tonight the commission approved it.

The preliminary peace talks are in recess until Monday. Dean asked that a Saturday session be called off because he will be in Seoul for conferences with South Korea's President Syngman Rhee. He refused to divulge the subject of the talks and would not comment on rumored differences between the U. N. Command and the South Korean government over plans for a peace conference.

The spokesman for 17 Allied nations which fought in Korea spelled

out their position on unrepatriated prisoners after the Communists heatedly insisted that the POWs could "never be released" until a peace conference decides their fate.

Dean said the Reds appeared to be trying to block a peace conference in an attempt to hold in indefinite captivity 22,600 Korean and Chinese war prisoners who have refused to go back to Communist rule.

He reiterated that the Korean armistice provides that unrepatriated prisoners "be released to civilian status" Jan. 22—120 days after they were turned over to custody of the Neutral Nations Repatriation Commission.

Dean told newsmen "some small progress" was made during the 2-hour 55-minute session. The Communists agreed to incorporate in their plans for a peace conference a clause limiting the debating rights of nonvoting neutral nations.

The Allies have contended that Red insistence on giving neutrals the right of unlimited debate would permit nonbelligerents to tie up the conference indefinitely.

U.S., Allies Line Up Support To Keep Assembly In Session

By TOM HOGE
UNITED NATIONS, N. Y. (U.S.)—The United States and its 15 Korean War Allies in the United Nations were reported lining up support today for a plan to keep the U. N. Assembly on tap after it closes shop next week. It then could be recalled quickly if new trouble arises over Korea.

Observers predicted the projected call for an indefinite recess rather than outright adjournment would meet opposition on two counts:

1. The scheme, springing from Allied feeling that Korea should not be debated while Special Ambassador Arthur Dean is negotiating with the Reds at Panmunjom.

Observers predicted the projected call for an indefinite recess rather than outright adjournment would meet opposition on two counts:

2. The proposal reportedly would provide that the Assembly could be reconvened whenever a majority of the 60 U. N. members deems it necessary. This would collide with a resolution put up by India last night proposing that the Assembly recess until February subject to the call of its president—India's Mrs. Vijaya Lakshmi Pandit.

—If the Korean situation warrants.

The Indians are said to oppose the idea of reconvening on the motion of 31 of the U. N.'s 60 members. Some of the Arab-Asian bloc are said to support the Indian stand.

Western sources expressed confidence that the 16-power plan would win approval of the U. N.'s Political Committee, pointing out that most of the 20 Latin American member nations have indicated they would support it.

The recess question is slated to come before the committee as soon as it winds up discussion of the evacuation of Nationalist Chinese forces from Burma, in debate today.

Delegates favoring a recess pointed out that it would avoid the time loss and red tape that would be required if the Assembly were adjourned and a special session had to be called to act on Korea or some other major problem.

Observers viewed the plan as a compromise by the United States, Britain and other powers. They formerly were reported in favor of adjournment, fearing a recess might inspire the Reds to stir things up in Korea for the purpose of forcing the Assembly to reconvene.

Who's Hurted

Sympathy is more than skin deep here. Marilyn Wilkins, 2, closes eyes to bear pain for her Cocker pup, Tiffin, as pet gets anti-rabies inoculation at San Diego, Calif. Tiffin doesn't seem to mind. Dog was one of hundreds inoculated in city-county preventative campaign. (AP Wirephoto).

Benson SCS Changes Praised, Attacked

WASHINGTON (U.S.)—Secretary of Agriculture Benson came under new criticism and praise today, touched off by his reorganization of the Soil Conservation Service.

Carrying on the attack before a House government operations subcommittee, the National Assn. of Soil Conservation districts accused Benson of bad faith and demanded jettisoning of the plan pending further study.

The American Farm Bureau Federation approved the "broad plan" of reorganization and expressed "wholehearted" belief that Benson should carry it out.

The House subcommittee called Benson and others before it in hearings starting yesterday to air the controversy over the reorganization, put into effect Nov. 2 as part of revamping of the Agriculture Department.

Benson's appearance was brief. Asst. Secretary Earl Coke did most of the talking.

Coke declared the plan represented a desirable decentralization of authority that carried soil conservation to the state level where it would be of most help to the farmers.

As the first scheduled witness today, Waters S. Davis Jr. of League City, Tex., president of the National Assn. of Soil Conservation Districts, assailed the Benson reorganization as a "determined effort . . . to make soil conservation a partisan, political issue."

He said Benson's "promise to consult (with the association) was never kept" in its true sense, and that the association was "officially told that we would be shown the plan before it was made public but, if we didn't like it, not to get mad. There was no choice but to rebel."

Davis asserted not a soil conservation committee was among the 24 special advisory committees and conferences called by Benson.

This, Davis asserted, "action only one conclusion: That action was taken based on extreme incomplete facts and serious lack of knowledge about the wishes of those most concerned."

"There is also raised," he said, "the very ugly suspicion that those in charge of reorganization had something to hide."

The association headed by Davis embraces about 2,500 soil conservation districts organized locally throughout the country.

It has levelled its sharpest criticism at Benson's abolition of the seven old regional soil conservation offices.

Conceding Benson has made "great forward strides" in subsequent modifications of the original plan, Davis said the service still "should be returned to the status quo before the Nov. 2 pronouncement by the department."

The Farm Bureau Federation voiced approval of Benson's general plan to regroup services and decentralize functions able to be performed at the state level.

George Wilson, a bureau director, said he felt soil conservation technicians could accomplish more in state offices than "under rigid rules laid down by distant regional or national offices."

Saying the plan was "in line with Farm Bureau thinking," Wilson said: "The membership of the American Farm Bureau Federation . . . wholeheartedly believes the secretary of agriculture deserves an opportunity to carry out his plan of decentralization with respect to not only the improvement and conservation of our soil resources, but also with respect to the Department of Agriculture generally."

Masons Advance Man From Sonora

WACO (U.S.)—A meeting of district deputy Grand Masters was on today following the close of the 118th communication of the Masonic Grand Lodge of Texas here last night.

Paul Turney of Sonora was elected Grand Junior Warden of the Grand Lodge as other high officials were moved one step higher. W. B. (Jack) Bell of San Antonio became Grand Master, succeeding John McKee of Dallas. George Moffett of Chillicothe moved up to deputy Grand Master and W. W. Boothe of Paris became Grand Senior Warden.

Mexico To Add Men To Wetback Detail

LAREDO (U.S.)—A Mexican official said yesterday Mexico would add 100 men on its side of the Rio Grande next year to curb the smuggling of aliens across the river.

Alfredo Silva, Mexican ministry gubernacion supervisor, said 12 jeeps now patrol the Mexican side of the border between Matamoros and Ciudad Miguel Aleman, across from Roma. He said he would ask that the jeep patrol be extended to Nuevo Laredo. Soldiers are stationed in groups of five on border ranches.

Firemen extinguished the flames about 10 p.m., more than three hours later.

Sidney Horan, manager of the Palace Theater, said the small crowd was watching "A Blueprint for Murder" when fire broke out in the electrical switchboard. He said the audience left calmly then stayed at the door to watch as three sailors tried to smother the blaze with fire extinguishers.

About 300 guests in the Nueces Hotel left as a safety measure although the hotel was not considered in definite danger.

Firemen said the blaze was difficult to reach because of a false ceiling. Dense smoke hampered fire fighting.

Hotel Guests Leave Due To Nearby Fire

CORPUS CHRISTI (U.S.)—A movie theater fire forced 30 persons to leave an adjoining hotel last night before firemen could bring the flames under control.

A small supper-time crowd of about 30 patrons had filed calmly from the theater before the fire broke out of control.

One fireman was treated for slight injuries and released.

Firemen extinguished the flames about 10 p.m., more than three hours later.

Sidney Horan, manager of the Palace Theater, said the small crowd was watching "A Blueprint for Murder" when fire broke out in the electrical switchboard. He said the audience left calmly then stayed at the door to watch as three sailors tried to smother the blaze with fire extinguishers.

New Ulcer Pill Shown To Doctors

By ALTON L. BLAKESLEE
AP Science Reporter

ST. LOUIS (U.S.)—A six-pay pill was described as a new and promising treatment for stomach ulcers in an exhibit shown today to the American Medical Assn.

It combines four different anti-acids to counteract excess stomach acids causing or worsening the ulcers. The fifth element is an oatmeal extract which binds the acid-fighters together and releases them slowly for about two hours.

The sixth ingredient is a gummy material which forms a protective coating over the lining of the stomach or the duodenum, the first part of the intestine.

These new pills, not yet on the market, have relieved pain within a few days in most of more than 250 patients treated so far, according to the exhibit.

The exhibit is staged by Doctors Leo L. Hardt and Frederick Steigmann, Stritch School of Medicine of Loyola University and Cook County Graduate School of Medicine, and Clarence A. Maaske and Robert Grover of the University of Colorado School of Medicine, Denver.

The pills are known to have helped the healing-over of ulcers in the stomach, Dr. Hardt said. And X-rays of many patients show no ulcer scars in the duodenum, an area which can't be seen by the gastroscope, a tube which takes pictures within the stomach.

The pills combine four anti-acids commonly used for ulcers—calcium carbonate, aluminum hydroxide, magnesium trisilicate and magnesium carbonate.

Can Strike Into Its Third Day As Talks Stalemated

PITTSBURGH (AP)—Stalemated contract negotiations pushed a nationwide strike against two top can manufacturers into its third day today, intensifying the concern of the citrus industry over dwindling can supplies.

Citrus canners in Florida, hit hardest by the walkout of 33,000 CIO United Steelworkers at 73 U.S. and Canadian plants of American Can Co. and Continental Can Co., predict a major crisis if the strike lasts much longer.

Scattered reports from other sections of the country indicate no widespread ill effects yet. Officials of the California fruit industry and producers of milk, baby food, coffee and other items say the

walkout poses no immediate threat to their operations.

The union called the strike at midnight Tuesday when negotiations ended in a stalemate. Management representatives said the USW sought a 26-cent hourly pay package increase, including 8 1/2 cents across the board. The union has not disclosed its demands.

Both companies offered a 10 1/2 cent hourly wage package boost. Workers now average \$1.80 an hour in U.S. plants and \$1.50 in Canada.

Snowball Melts Away

RENO, Nev. (AP)—Harry Snowball, serving a 90-day term for vagrancy, was sent out on a work gang and just melted away.

At the vernal and autumnal equinoxes, about March 21 and Sept. 21, night and day are the same length throughout the world.

Trailer Attack Victims

Mrs. Betty Pays Allen, 22, shown in a wedding photograph with her husband, Raymond Bruce Allen, 25, was tortured and slain as her husband, bound and helpless, listened to her screams in their auto trailer near Holbrook, Ariz. Allen subsequently broke loose and wounded the man charged with the attack, Carl J. Folk, 60, a carnival owner. (AP Wirephoto).

Pitdown Discovery Clears Up Evolution

By CHARLES MERCER

NEW YORK (AP)—Now that "Pitdown" has been exposed as a hoax, where does man stand in his knowledge about evolution.

The answer: just about where he did before that famous fossil skull was found to be a fraud.

In fact, the exposure clears the air. Physical anthropologists have been viewing Pitdown with skepticism for years.

When the pieces of skull and jawbone were found in an English gravel pit near the Sussex village of Pitdown between 1912 and 1915 some scientists concluded they were parts of the same creature who lived anywhere from 50,000 to 500,000 years ago.

On the basis of evidence then at hand, Pitdown seemed to them to be either a superior type of sub-human or a sub-normal type of true human. Yet his head was curiously different from those of other pre-historic men found in various parts of the world. He was a puzzle in the whole evolutionary picture.

Dr. Harry Shapiro, head of the department of anthropology of the American Museum of Natural History, says Pitdown "never was consistent with other data. He was out of line chronologically. His removal, instead of weakening, in

effect strengthens our knowledge of the evolutionary process."

Prof. Ernst A. Hooton of Harvard, one of the world's most famous anthropologists, says the hoax "doesn't disturb our ideas of human evolution at all. If it is right that the head is a fake, it loses all its significance and removes a very puzzling link."

In England, Pitdown's time-stained skull and ape-like jawbone have become the butt of cartoonists' jibes and comedians' jokes. In this country some fundamentalist churchmen, who maintain that man was created in his present image about 6,000 years ago, have used the Pitdown hoax as a lever to pry at the whole theory of evolution.

Actually, scientists say the only disservice that possibly could come from exposure of the Pitdown fake about other important discoveries of mankind's vestigial past.

People usually bandy the phrase "man came from monkeys." Most authorities today agree there are five families in that part of the living animal kingdom to which man belongs—the human family, the great anthropoids, the small anthropoids, the old world monkeys and the new world monkeys. All developed from the same stem hundreds of thousands of years ago, which is quite a different thing from saying "man came from monkeys."

In the study of mankind's evolution through fossils the most important discovery was made in Java in 1892 by a young Dutch physician, Eugene Dubois. He found the famous Java Man skull—an ape man twice the size of a gorilla who prowled the volcano slopes of ancient Java possibly 750,000 years ago, a real missing link between ape and man.

About the same period another giant peered out of a cave near modern Peking. Imagine a 3,000-pound brute with over-size jaw and under-size brain, even bigger and tougher than Java Man. His fossil remains were discovered in 1929 by Franz Weidenreich, who—incidentally—was convinced that Pitdown was a phony.

A third giant was added to this company in 1948 when Robert Bloom, a renowned anthropologist, found its petrified remains in South Africa.

It is interesting to recall the Book of Genesis: "There were giants in the earth in those days." In 1921 the remains of Rhodesian Man were found in northern Rhodesia. Far down the evolutionary chain from the giants, he lived from 20,000 to 40,000 years ago. He stands as an ancestral type to modern man, about five feet 10 and stoutly built. But his brain space was small, his face reminds you of a gorilla's.

Since World War II, paleontologists have been aided in some phases of their work by fluorine testing.

With advances in methods of fluorine testing Pitdown recently underwent his final examination. Then the world learned that fragments of the cranium are genuine remains of a primitive man but the jaw is from a modern ape and deliberately faked.

Scientist Says Sex Problems Biochemical

AUSTIN (AP)—Acute sex problems are probably related to individual body and biochemical variations generally disregarded by science, a renowned scientist said last night.

Dr. Roger Williams, University of Texas Biochemical Institute director, urged more awareness for extreme variations in humans and need for taking these differences into account in biochemical and other human-science research.

New York Paper Shutdown Hits Suburb Sheet

NEW YORK (AP)—The Long Island Star-Journal halted publication today when stereotypers refused to handle advertisements from struck papers in Manhattan.

Stephen Rogers, editor of the Queens afternoon paper, said in a statement, the stereotypers, who make casts for the advertisements, refused to handle the ads, contending it was "struck work."

The Star-Journal thus became the eighth paper in the Metropolitan area to give up publication because of a strike of photo-engravers against six Manhattan papers.

Negotiators and a special panel of Federal mediators were due to pitch in again today at 9 a.m. (CST) in efforts to break the deadlock in the week-old photo-engravers' strike which has left the city without a major newspaper.

A 2 1/2-hour mediation session recessed early last night. Walter A. Mcggololo, general counsel of the Federal Mediation and Conciliation Service, reported no progress.

The dispute involves wages, hours, welfare benefits and holidays.

The special three-man mediation panel was set up yesterday on orders from Washington. It entered the talks at once.

The strike of 400 photo-engravers has choked off a total newspaper circulation of almost 5 1/2 million and idled about 20,000 employees of six newspapers—the Times, Daily News, Daily Mirror, World-Telegram and The Sun, Journal-Amer-

ican and Post. The papers were closed when nonstriking members of mechanical, craft and editorial-business-of-fice unions honored the photo-engravers' picket lines.

A seventh major newspaper, the Herald Tribune, suspended publi-

cation Monday night in sympathy with the other publishers. Its photo-engravers is done by a commercial firm.

The photo-engravers, who have turned down proposals by the publishers and by federal officials to arbitrate four deadlocked issues,

have cut their demands from a \$15 weekly package to a \$7.50 package. The publishers have been standing on their prestrike offer of a \$3.75 package.

Wages under the expired contract were \$120 a week for day work and \$131 for night work.

Husband, Another Man Held In Insurance Death Of Wife

DENVER (AP)—A young salesman and a co-worker were held today after police said they admitted a holdup-slaying to collect insurance on a pretty red-haired telephone operator.

Detective Capt. Charles Burns described the strangling of Mrs. Evelyn Leick, 26, last Tuesday night as one of the strangest ever investigated by Denver police.

In custody were her husband, Le Roy Leick, 30, and Gene Dukes, 20, employees of the same brokerage firm here.

Detective Capt. William E. Flor said both signed statements admitting a plot to kill Mrs. Leick but each blamed the other for throttling her. They were quoted as saying it took 20 minutes.

Mrs. Leick was found dead in the back seat of the family car 20 minutes after her husband was discovered, bleeding and semiconscious from a beating in a downtown alley. His wife's sister, Miss

Vera Monroe, had been pushed out of the car in another alley, also after a beating.

Leick and Miss Monroe told officers then they were clubbed by a man who rose from the back seat of the Leick car as the trio left their apartment house and started to a movie.

Detectives reported yesterday two other men had volunteered the information that Leick, married in 1948, had offered them money to help make the death of his wife look like a holdup slaying. One said this took place in 1951.

Paint Firm Head Selected As NAM Officer At Meet

NEW YORK (AP)—A minister's son, who developed a broken-down paint factory into a flourishing enterprise, is the new president of the National Assn. of Manufacturers—the first Pacific Coast man to head the organization.

Harold C. McClellan, president of the Old Colony Paint & Chemical Co., Los Angeles, was elected last night at the 58th annual Congress of American Industry. He succeeds Charles R. Sligh Jr., president of the Sligh Furniture Companies, Grand Rapids, Mich., who becomes chairman of the Board of Directors of the association.

McClellan bought a run-down paint factory, employing four workers, in 1927 for \$10,000. He built up the business from a \$900-a-month gross to a company now totaling annual sales of between two million and three million dollars. The plant now employs 150 persons.

Jet Crash Victim's Name Is Announced

WACO (AP)—Air Force officials have identified the victim of a jet training plane crash yesterday near here as student pilot Orvin Vail, 21, of Riverside, Calif.

The plane, from James Connally Air Force Base here, crashed at Bosqueville near Waco. A housewife, who was knocked down by the explosion that followed, said she saw the plane coming in as if it were going to land and noticed a parachute coming out of the opened canopy.

Angelo Flip Is Fatal

SAN ANGELO (AP)—Jimmy J. Hignight, 30, was killed last night when the car in which he was riding overturned seven miles east of here. Hignight was returning from a duck hunt when the accident occurred.

Zone Goods Taken

CAIRO, Egypt (AP)—Police sources say British military authorities at Fayid in the Suez Canal zone have confiscated \$700,000 worth of goods in Egyptian shops there because traders refuse to sell to the British army.

Igor Gouzenko Must Remember Fearful Days After His Flight

By WARREN ROGERS JR.

WASHINGTON (AP)—Igor Gouzenko, as he ponders repeated bids for his testimony about Red fifth columns in North America, must recall a night of terror in 1945 when he could convince no one that such a thing existed.

The State Department yesterday asked the Canadian government to arrange an interview between Gouzenko and Sen. Jenner (R-Ind) and Robert Morris, chairman and counsel, respectively, of the Senate internal security subcommittee.

Gouzenko has been living in Canada under an alias and with police protection since, as a Russian code clerk at the Soviet Embassy in Ottawa, he exposed a Red spy ring operating in Canada in 1945 with contacts in the United States.

In a note to the Canadian Embassy, the State Department emphasized that Jenner's subcommittee would abide by Canada's decision as to what part of Gouzenko's testimony, if any, could be made public.

Accepted also were Canada's other terms: (1) that the interview must be under Canadian auspices, and (2) that Gouzenko must be willing to risk his police-guarded obscurity by testifying.

The State Department said it has no official word on the latter. But in an announcement, which indicated the meeting might already have been arranged, it said:

"In view of the necessity of protecting Mr. Gouzenko's security, the arrangements concerning the time and place of the meeting cannot of course be made public."

If he read that, Gouzenko perhaps thought back to a different time and place. Back to Sept. 5, 1945, when he was not a naturalized Canadian with a craving for anonymity. Back to when he was Igor Gouzenko, a native citizen of Russia and, at 26, a Red army lieutenant especially trained to decipher codes.

The picture of him then is dramatically painted in "The Report of the Royal Commission," a 733-page paper-backed volume published by Canada June 27, 1946.

The report summed up the hearings in early 1946 of a royal commission before which, Gouzenko was star witness and accuser. More than a dozen Canadians testified. Some of them were later convicted in the courts on espionage charges.

Gouzenko, the report says, had been having a struggle with him-

self. He had been ordered back to Russia after serving two years at the Ottawa embassy. He did not want to go. He wanted to live in Canada with his wife and child. For the first time, he said, he had discovered freedom—in the store windows full of things anybody could buy, and in elections where more than one candidate stood for office.

So he began dog-eating some of the documents in the files of the Russian Embassy—damning evidence of a spy ring involves atomic secrets and Canadian government employes. About 7 p. m. on Sept. 5, 1945, he picked up the papers he had marked and walked out of the embassy.

Then, says the report, he went to a newspaper with his story and, the next day, to various official offices, but "he was unable . . . to have anyone accept him seriously."

The report does not name the newspaper or the offices.

What was he to do? He knew the embassy would be looking for him. He went back to his apartment with his wife and son. As he entered the apartment house, he thought he saw two figures lurking in the shadows across the street.

Inside, he sat quietly and tried to think. There was a knock on the door. He did not answer it. Perhaps, if he made no noise, they would go away . . .

But then, as children will, his son scrambled across the floor. The man at the door spoke. Gouzenko recognized the voice of Un-

der Lt. Lavrientev, a driver for the embassy's military attaché.

Gouzenko reacted instinctively. He went out the back door to a balcony onto which opened other apartments. He begged his neighbors to care for his son if anything happened to him and his wife.

One neighbor, a woman whose husband was away—for the night, took the Gouzenkos in. Another, a Royal Canadian Air Force non-commissioned officer, got out his bicycle and rode for the police.

The Canadian Mounties arrived but the Russian driver had disappeared. They set up a watch, telling Gouzenko to leave the bathroom light burning in his neighbor's apartment unless something went wrong. If the light went out, the Mounties were to come up from the street and investigate.

Around midnight four men knocked on Gouzenko's empty apartment. Getting no answer, they broke the lock of the door and entered. The RCMP man heard the noise and sounded the alarm. The Mounties closed in.

They found the Russians, including the head of the NKD (Soviet secret police) unit in Canada, ransacking Gouzenko's apartment. The bashed-in lock was on the floor.

From then on, Gouzenko and his family—there is now another child—were under the Mounties' protective guard.

The Soviet Embassy sent the apartment house \$5 to pay for the lock.

Firms Are Merged

DALLAS (AP)—Houston Technical Laboratories have become a part of Texas Instruments, Inc., of Dallas. It was announced. The Houston firm manufactures gravity meters and special optical components primarily for the oil industry. Texas Instruments makes geophysical equipment.

Churchmen In Meet

SAN ANTONIO (AP)—The 17th annual Council of Young Churchmen, Diocese of West Texas, opens here today. Some 300 persons are expected to attend the meeting.

MINORS HOPEFUL MAJORS TO HELP

By JACK HAND
ATLANTA (AP)—Baseball's minor leagues close their annual convention today, hopeful that majors will act favorably next week on their petition for new controls of radio and television broadcasts.

A carefully worded resolution was adopted unanimously at yesterday's closed session.

Sen. Edwin Johnson (D-Colo.), president of the Western League, drew up the new plan, and Allen Russell, president of the Beaumont club of the Texas League, added amendments.

Big league commercial radio-TV broadcasts would be barred in minor league cities on the date when the minor club is playing home or away unless consent is given by the minor league club.

Noncommercial radio-TV broadcasts and TV, however, would be permitted without restriction.

Johnson said he thought this eliminated any possibility of a violation of the First Amendment of the U.S. Constitution, guaranteeing freedom of speech.

All restrictions on baseball radio-TV were dropped in 1951 under pressure from the Justice Department.

The senator claimed the favorable Supreme Court decision that baseball was not interstate commerce continued the "responsibility of baseball to do its own legislating."

There was considerable doubt about the majors' reaction to this plan. Many clubs have chain radio broadcasts of their games. The St. Louis Cardinals, for instance, beamed their games over more than 100 radio stations last year. There also was a "Game of the Week" telecast stretching into many minor league cities each Saturday afternoon from Cleveland, Chicago or Philadelphia.

In the works is a proposed "Game of the Week" telecast for 1954 that would span the nation with all clubs participating, bringing in close to two million dollars. If this should become definite the minors might be cut in one some of the money.

A representative of one big league club with an extensive radio network said he thought the Johnson resolution had "a fighting chance" of being adopted by the majors next week in New York.

"I have nothing but hope," said Johnson. "It is reasonable, right and necessary and I am sure most major league clubs are in accord with the idea that they ought not to violate the territory of the minors."

Johnson Named To All-America Eleven By AP

By BOB HOBBING
NEW YORK (AP)—Notre Dame's John Lattner and Minnesota's Paul Giel, a pair of halfbacks who proved as outstanding in one-plateon football as in the two-plateon era, are the only repeaters on the 1953 Associated Press All America team announced today.

Paul Cameron of UCLA and David (Kosse) Johnson of Rice join the two Midwesterners to form the first-team backfield.

Recommendations by regional boards of newspaper and radio experts covering the entire nation formed the basis for the selections.

The line is composed of Capt. Don Dohoney of Michigan State and Sam Morley of Stanford at ends, Stanley Jones of Maryland and Jack Shanafelt of Penn at tackles, J. D. Roberts of Oklahoma and Crawford Mims of Mississippi at guards and Larry Morris of Georgia Tech at center.

Lattner, who played both ways even in the days of specialists, was the "bread and butter" performer for the Irish. A tireless worker and team inspirational leader, he was a driving runner, excellent tackler and a good punter. After he had ripped through the huge Southern California line for four touchdowns Coach Frank Leahy called him "a wonderful competitor" and a "fine clutch player."

"The finest I ever have coached," says Minnesota's Wes Fesler of Giel. Against Michigan he ran for 112 yards and two touchdowns, completed 13 of 18 passes for 169 yards and another score, came up with two leaping interceptions and some important tackles. His three-year total of handling the ball 1,560 times was a passed for 1,339 yards this year.

Cameron, UCLA's workhorse at tailback in the Bruin single wing, rushed for 672 yards and scored 72 points to lead the Pacific Coast Conference in both departments. The lightest man on the team at 178 pounds, Johnson combined speed and power at fullback for Rice. His 94 net rushing yardage was second highest in Southwest Conference history. He also rated tops as a punter, linebacker and blocker.

The All America line, which averages 203.5 pounds per man, is flanked on one side by Dohoney, a 193-pounder who checked Giel and threw back a Wolverine threat in Michigan State victories over Minnesota and Michigan.

Morley, who caught 5 passes for 594 yards and six touchdowns, was exceptional in his first year of playing defense.

Georgia Tech's Morris, the only junior to go with the otherwise all-senior lineup, was the best line-backer and blocker for the Engineers.

Mims, who stood out in every game, and Roberts, the kingpin of one of the finest lines in the nation, were excellent 200-pound guards. Mims rushed opposing passers and kickers constantly, blocking three punts in two games. Roberts, a defensive specialist in '52, was unsurpassed on offense.

Rochester Wins Regional Title By Licking Coahoma

By TOMMY HART
HASKELL — Using plays that fielding Yost must have introduced but which Coach Phil Simmons improved upon, the Rochester Steers of District 8-B copped the Region II football championship by beating the Coahoma Bulldogs, 46-7, here Thursday afternoon.

The outcome was surprising in view of the fact that Coahoma was favored. The Steers were supposed to be weak on defense but somewhere along the line they had repaired the links in their armor. Coahoma, unbeaten going into the game, gave it all it had but was no match for the Steers.

Tony McWhorter, Billy Joe Hollingsworth, Rogers Nanny and Donnie McNelly all had big hands in the conquest.

The Steers were deadliest on end sweeps and the option play, where the quarterback can keep the ball after heading into the line or pitching it to a teammate running to the outside.

Jerry Springfield emerged as about the brightest Coahoma star but he was injured in the fourth period.

Rochester scored without losing possession of the ball following the opening kickoff, end Pat Glover going over 19 yards away on an end-around. McWhorter ran across the extra point.

Coahoma came back to get its lone tally. Murphy Woodson lugged the leather into the end zones at the end of a six-yard carry. When Skeet Williams booted the point, the outlook looked better for Coahoma.

Rochester was only warming to the task, however.

Once they got the wind to their backs after the end of the period, the Longhorns struck for three touchdowns and led, 27-7, at half-time.

McWhorter gobbled up 75 yards on one grand run to put the Steers out in front, 13-7, when he plunged over for the extra point.

Nanny got another shortly thereafter on a 54-yard sprint and McWhorter again added the PAT on a run.

Nanny accounted for the fourth Rochester TD of the first half on a 21-yard sprint shortly before the second period came to a halt.

Rochester took up right where it had left off early in the third when Hollingsworth drifted through an opening and churned 60 yards across the double stripes to make it 33-7.

Not long after that, McWhorter breezed 75 yards on a brilliant run and the score mounted to 39-7.

Late in the final period, Glover—who had been moved into the backfield—thundered over from 15 yards away and Nanny plunged for the point to make it 46-7.

Coahoma got several drives going in the last quarter but fumbles and a stout Rochester line discouraged any scoring threat.

Rochester employed plays like the outside kick and kickoff hurdle to befuddle the Bulldogs. It was all very old stuff but, with the Steers using it, it looked good.

Score by quarters:
Rochester..... 7 20 12 7—46
Coahoma..... 7 0 0—7

LOOKING 'EM OVER

With Tommy Hart

If the Big Spring Steers approach their task in Brownwood with the same enthusiasm and hustle that the Rice team showed in its Big Game last Saturday, then local fans can start making plans for the semi-final game.

If the local club is "over the hill," with the best games behind it, as some people claim, then the football season for Big Spring is only about 24 hours away from its end.

The Brownwood team is lying in ambush. The Lions intend to avenge themselves for their only reversal this season, a 13-6 bushwhacking job done by Big Spring in early October.

At that time, the Steers combined brute strength with a great desire to thoroughly defeat the Lions. It took the Brownwood team a long time to recover from the defeat but recover they did and they want this one so much, they can almost taste it.

Jess Neely, the Rice mentor, who rarely speaks in superlatives, was quoted as saying he was never as proud of one of his teams as he was the Rice team that went after Baylor.

I hope Carl Coleman can say the same thing about his Big Spring team following their invasion of Brownwood.

Nine Texas Teams In Bowl Games

WACO (AP)—Texas will have still another team in a bowl game, bringing to nine the number to appear in the post-season classics.

Paul Quinn Negro college of Waco will meet Allen University at Columbia, S.C., in the Iodine Bowl, Saturday.

Also Saturday Boys Ranch of Dallas will play in the Milk Bowl at Lufkin, meeting the New Orleans Mills, and Prairie View will clash with Florida A&M at Miami, Fla., in the Orange Blossom Bowl.

Sunday Sam Houston State plays College of Idaho in the Refrigerator Bowl at Evansville, Ind.

Dec. 28-29, Compton Citadel of Dallas will appear in the Santa Claus Bowl at Miami.

Jan. 1 Rice plays Alabama in the Cotton Bowl, Texas Tech clashes with Auburn in the Gator Bowl, Texas Western meets Mississippi Southern in the Sun Bowl, East Texas State plays Arkansas State in the Tangerine Bowl and Prairie View engages Texas South-ern in the Prairie View Bowl.

Midwestern Defeats Frogs; SMU Runs Up Huge Score

By The Associated Press
Defending Southwest Conference basketball champion Texas Christian got a rude shock and Southern Methodist ran up its biggest score in recent memory Thursday night in a conference play.

Midwestern University of Wichita Falls hung a 67-64 upset on Texas Christian while Southern Methodist walloped Texas Wesleyan, 105-70.

Friday night Baylor plays host to Lamar Tech at Waco and Saturday five games are on tap. Texas A&M entertains Trinity at College Station, Arkansas meets Tulsa at Tulsa, TCU takes on Oklahoma City University at Oklahoma City and Lamar drops down to Austin to tackle Texas.

Texas Christian, which had opened its season Tuesday night with a one-sided 73-39 victory over Austin College, couldn't find the range against Midwestern. The Horned Frogs hit on only 28 of 85 field goal attempts while Midwestern sank 22 of 53, running up 22 points in a wild fourth period—nine from the free throw line.

Henry Ohlen of TCU, who fouled out with four minutes to play, led scoring with 25 points. Gene Gipsman paced Midwestern with 20.

The 105 points scored by SMU was the biggest point total anybody around the SMU gym Thursday night could remember. Matty Bell, SMU athletic director, said he couldn't remember any Mustang team ever scoring 100 points before.

Gus Bell, outfielder for the Cincinnati Redlegs, lives a few blocks away from Pee Wee Reese of the Dodgers. They make their homes in Louisville.

Aragon Winner

LOS ANGELES (AP)—Art (Golden Boy) Aragon Los Angeles, 146, regained some of his flaccid luster last night by pouncing out a unanimous 10-round decision over Danny (Bang Bang) Womber, Chicago, 148, at the Olympic Auditorium.

Jordan's Contract Extended To 1960

AUBURN, Ala. (AP)—Victory-happy Auburn has rewarded coach Ralph Jordan for bringing the Tigers their best football season since 1935 by extending his contract until Jan. 1, 1960.

Auburn accepted a Gator Bowl invitation to play Texas Tech after winning seven games, losing two and tying one this fall in Jordan's third season.

Homer Barnes, who was superintendent of schools at Knott for a number of years and before that was a football coach, must be in Seventh Heaven.

Homer is now at Meadow. Today, that school's football team battles Stinnett for the Regional championship at Berger. Meadow was the Rice team that went after Baylor.

Buddy Grimes, who got his start in professional baseball here, has enlisted in the Army. Grimes spent last season with Roswell, where he hit in the neighborhood of .350. He was sold to Chattanooga at the end of the campaign.

West Virginia, which landed the Sugar Bowl plum, drew only 5,000 fans to its final game of the season, at which time it met North Carolina State.

Charley (Chuck) Warren, Big Spring's gift to the University of Texas basketball team, may study dentistry.

At 5-feet-9 and 145 pounds, Warren is the smallest player on the Texas squad.

Jimmy Magill and Bill Warrick, both of San Angelo, are the only other players from this immediate area on the Longhorn squad.

In seven District Seven six-man football games the past season, Ray Johnson of Blackwell averaged 8.17 yards per carry in 95 thrusts at the line. He weighs only 155 pounds.

Hobbs, N. M. High School's football team lost two highly important conference games by a margin of one point this year.

Artesia beat Hobbs by a score of 21-20 after the team had been tied by Carlsbad and yielded that game on penetrations.

LOOK, BOYS The ice has been broken—6 sales made out of the last 8 cars advertised. Some couldn't read. Some didn't care and some actually believed what we say about our used cars. No matter what category you fall in we appreciate your business and have a car that will fill the bill—

- 1951 Super Riviera Club Coupe. Here's a lovely little gum drop that sure needs a new owner. She's had so much loving care and kindness that she's sad and lonely on a bleak and cold used car lot. For her benefit and certainly not ours, please buy.
1950 BUICK Special 4-door. A December baby (December, 1950). Latest series. 31,000 actual miles. Only stipulation in buying this one is that you furnish crying towels. (NOT for your use, but for our sales force). We just hate to see such a nice one leave.

1949 NASH '600' 4-door Sedan. We think this one is the Kelvinator model. At least we're sure it's as cold as a 100 pound cake of ice. A pukey brown color. If you have enough money to buy this one. Don't buy 3 War Bonds, a short time and go to the Brownwood football game.

1951 FORD Convertible. Man alive, we've said so much about this one and by golly we've still got her. There must be someone, somewhere who'll bail us out on this one. No holds barred. We'll tell you anything about this one you desire to hear and it's red even.

Forsan Methodists Plan Bake Sale

FORSEAN — Members of the Methodist Church WSCS will sponsor a bake sale Saturday in the Forsan Hardware store all day. Mrs. C. J. Lamb has announced.

Mr. and Mrs. Ray Crumley have announced the birth of a son, Elton Leon, Dec. 2 at Medical Arts Clinic-Hospital. The infant weighed 7 pounds 3 ounces.

J. R. Pike is a patient in a Big Spring hospital. His wife has been dismissed from the same hospital. Mr. and Mrs. W. H. Foresythe and June were in Abilene recently visiting relatives.

Mr. and Mrs. James Eufanks and children have returned from Luefers where they attended funeral services for his uncle.

Mrs. J. P. Kubecka has returned from Fort Worth after a several days' visit with Mrs. H. E. Hood.

Arrested In Armored Truck Looting

The FBI announced the arrest of a Quincy, Mass., family of three: George O'Brien 43, (left), George Jr., 18, (center); and Mrs. Margaret O'Brien in connection with the \$881,000 Danvers, Mass., armored truck looting, March 25, 1952. George Sr. was charged with theft of property belonging to a Federal Reserve Bank and held on \$100,000 bail. His wife and George Jr. were charged with receiving stolen property. The son is held on \$5,000 bail and Mrs. O'Brien was released on \$1,000 personal recognizance. (AP Wirephoto).

Irish Heavily Favored In Tilt

SOUTH BEND (U)—Undefeated but one-tied Notre Dame is a three-to-one favorite over SMU tomorrow in a football game of uncertainties.

The weather is one uncertainty, with rain or snow possible. Weather has kept the Notre Dame practice field soggy, preventing the Irish from going all out in the final week of drills.

Another uncertainty is halfback Joe Heap's knee. He twisted it in Notre Dame's 45-14 rout of Southern California Saturday. Heap may see only limited service being replaced by Sophomore Dick Fitzgerald.

Heap's handicap has been a matter of great concern for Coach Frank Leahy this week, for the 180-pound junior left half is Notre Dame's best pass catcher.

Another uncertainty is the nationally-televised season windup is the type of attack that can be expected from the Mustangs, who have a mediocre 5-4 record and who have everything to gain and nothing to lose in this finale.

SMU has six or seven backs who can run or pass. Although concentrating on a ground attack this season, the Mustangs may have something special cooked up for Notre Dame in the way of spread formations, or some new combination tricks off the split T.

Leahy, aiming for his first unbeaten season since 1949, asserts he can't see how Notre Dame can be rated a three-touchdown favorite. He adds up all the uncertainties and then points to the previous four games between Notre Dame and SMU.

A capacity turnout of 55,000 is expected at 1 p.m. (CST).

Cowboys Finally Lose To Chiefs

OKLAHOMA CITY (U)—Hardin-Simmons' Cowboys, smarting under two straight defeats in a Sooner state tour, pushed a heavily favored Oklahoma City team to the limit last night but finally lost, 64-52.

The Cowboys held the Chiefs pretty well until the closing minutes when the OCU team pulled safely ahead.

Arnold Short, star Chief guard shifted to forward, racked up a total of 33 points. He was held to four field goals in the second half.

Francis, a gangling 6-9 sophomore, averaged 50.1 points per game last season against a mixture of small colleges, business schools and junior colleges. Last night was his biggest test.

He had been averaging 50 to 60 shots a game but against a collapsing zone defense which literally put him in a cage during the second half he managed just 28 attempts. He connected on 10.

"Our defense hurt us most," Oltver said. "We let them shoot from outside and they hit everything in sight. I don't make Bevo play defense much, anyhow not a light one. I can't afford to let him foul. I don't even have another center."

In the other half of the Garden's first college double-header of the season, St. John's of Brooklyn outlasted Lafayette, 68-61.

Elsewhere, the biggest upset of the night was the 67-64 defeat of Texas Christian by Midwestern of Texas. TCU is the two-time Southwest Conference champion.

Francis Glum Over Show

NEW YORK (U)—It's hard to think of a basketball player as a flop when he scores 32 points in his New York debut but Bevo Francis, the scoring sensation from Rio Grande College, is mighty unhappy about his first game at Madison Square Garden.

"I don't blame anybody. I just had an off night," he said dejectedly in his dressing room last night after Rio Grande had suffered its first loss in 41 games, 53-76 to Adelphi College of Garden City, N. Y.

"We played our worst game," agreed Coach Newt Oltver, who has guided Bevo and the tiny Ohio school to national basketball prominence. "I don't know why we had to pick this one to play so poorly."

Francis, a gangling 6-9 sophomore, averaged 50.1 points per game last season against a mixture of small colleges, business schools and junior colleges. Last night was his biggest test.

He had been averaging 50 to 60 shots a game but against a collapsing zone defense which literally put him in a cage during the second half he managed just 28 attempts. He connected on 10.

"Our defense hurt us most," Oltver said. "We let them shoot from outside and they hit everything in sight. I don't make Bevo play defense much, anyhow not a light one. I can't afford to let him foul. I don't even have another center."

In the other half of the Garden's first college double-header of the season, St. John's of Brooklyn outlasted Lafayette, 68-61.

Elsewhere, the biggest upset of the night was the 67-64 defeat of Texas Christian by Midwestern of Texas. TCU is the two-time Southwest Conference champion.

Godfrey Is Now A Gee-Gee Man

By ORLO ROBERTSON
NEW YORK (U)—Arthur Godfrey, whose name is almost synonymous with radio and television, is hopeful that before many years roll around he will be as well known in horse racing.

And the redhead is basing his immediate hopes on two well-bred horses—a colt and a filly—purchased at the Saratoga yearling sales last August. The colt, a son of Case Ace out of Dutch Cut, cost him \$38,500. He paid \$9,500 for the filly, a daughter of Pavot.

To the colt he has given the name of Lord Willin', which Godfrey fans will recognize as the signoff on his radio and television shows. Fraulein is the filly's name. Godfrey admits she got it because he got the breeding of the two yearlings mixed up and thought the filly's dam had the Dutch connection.

Godfrey talked of his horses and ambitions last night before the annual dinner of the Thoroughbred Racing Assn., at which he was master of ceremonies.

"I've always been interested in horses and have exhibited show horses and raised hunters and saddle horses," he said. "A long time ago I made up my mind I would own a race horse when I got enough money to purchase the best stock and employ a top trainer."

Lord Willin' and Fraulein have been turned over to trainer Morris Dixon and are receiving their early racing lessons at Dixon's farm near Philadelphia. Both are boys.

"The colt will be brought along slowly," said Godfrey. "He is a big horse and growing rapidly. I doubt if you'll see him in action until Belmont Park's spring meeting."

"Fraulein is a dainty miss and is likely to be ready for the races before Lord Willin'. But we are not going to hurry either of them. Both are entered in most of the important 1954 2-year-old stakes and if the Lord Willin' and the horse are good enough I hope to win my share of them."

Giambra Meets Jimmy Herring

By MURRY ROSE
NEW YORK (U)—He ought to be in pictures is what the girls say when either Joey Giambra or Jimmy Herring steps into the ring.

Tonight the girls will get a double thrill when blond Jimmy and dark-haired Joey try to mesh each other up in the middleweight main event at Madison Square Garden.

They're two of the best-looking fighters in the game.

"They'll be seen on coast-to-coast TV (NBC). The 10-pounder also will be featured (ABC). Starting time is 10 p.m. EST. Giambra, a better puncher and boxer, is a 3-1 favorite. The Buffalo N. Y., 22-year-old is ranked fifth among the 160-pound contenders, has won nine in a row and has a 34-2-1 record. He has scored 20 knockouts and never has been stopped.

Herring, 21, has won five of six fights this year against minor opposition. He was beaten by Ralph (Tiger) Jones. His record is 54-13-2 with 22 kayos. He has been stopped six times. He is not ranked in the first 10.

Giambra is aiming for a title shot at middleweight king Bobo Olson. Herring, a pro since he was 17, is wondering whether he should stay in the fight game. Giambra is the test. If Jimmy can beat him or make it reasonably close, he'll keep on fighting. If he takes a bad beating, he may call it quits.

Army engineers and cavalry played an important part in surveying the route of the Union Pacific, first transcontinental railroad.

Hartwig And Rose Upset Favorites

MELBOURNE, Australia (U)—Australia's second-string team of Rex Hartwig and Mervyn Rose upset heavily favored Ken Rosewall and Lewis Hoad today to win the Victorian doubles tennis championship. The scores were 3-6, 6-1, 6-4, 6-4.

Meanwhile, at Perth, Belgium won the right to play the United States in the Davis Cup interzone finals by beating India in the doubles match of their interzone match today.

Belgium and the United States will play at Brisbane Dec. 18 for the right to oppose Australia in the Challenge Round starting Dec. 28.

Faloney Uncertain He'll Play Jan. 1

COLLEGE PARK, Md. (U)—With first-string Bernie Faloney still an indefinite starter in the Orange Bowl, substitute quarterback Charley Bonoid is getting special attention from the University of Maryland football coaching staff.

Trainer Duke Wyrse said Faloney, key operative of the nation's No. 1 team, "still limps slightly" from a knee injury suffered against Alabama.

Harlingen, Corpus Now In Big State

ATLANTA, Ga. (U)—Harlingen and Corpus Christi, Tex., have switched from the Gulf Coast League to the Class B Big State League.

Big State president Howard Green announced yesterday that the two cities had been awarded franchises.

The Gulf Coast League is being disbanded effective Dec. 31. Galveston earlier had been granted a franchise in the Big State League.

Last year, Wichita Falls, Tyler, Longview, Austin, Texas-Kana, Temple, Paris and Bryan finished out the season in the Big State. Green did not give the remainder of the teams expected to start in the Big State this season.

Lake Charles, La., Port Arthur and Texas City, Tex., have moved from the Gulf Coast to the Class C Evangeline League. The other two Gulf Coast clubs, Brownsville and Laredo, Tex., have until Dec. 31 to dispose of their players if they do not enter another league.

Guy Airey, president of the disbanded Gulf Coast League, said the primary reason for the league's failure was that the member cities were spread out over too large an area.

Huk Rebel Killed

MANILA (U)—A Huk rebel officer with a \$25,000 price on his head was killed last night. Cmdr. Magtanggad was wanted for the killing of seven persons, including two mayors.

DRIVING TO BROWNWOOD SATURDAY? DRIVE CAREFULLY MORE THAN 37,000 KILLED ON HIGHWAYS LAST YEAR

Yes... That is correct! In 1952 more than 37,000 men, women and children were killed on our streets and highways. For every child crippled by dreaded Polio, 25 were crippled in traffic accidents. Following is a summary of the traffic accidents causing death, injury and property damage during the year 1952.

37,000 deaths
2,090,000 injuries
It was the worst traffic toll in history.
609,410 casualties from speeding
Speed was the principal cause of accidents.
274,080 pedestrian casualties.
The pedestrian record was 8 per cent better than 1951.
415,720 drivers under 25 in serious accidents.
Young drivers were involved in almost 25 per cent of the year's fatal accidents.

Two factors can save many of the lives that will be lost in the dreadful toll of HIGHWAY ACCIDENTS.
THE FIRST... "Recognition and acceptance of personal responsibility by the 'man behind the wheel'."
THE SECOND... Car care sufficient to insure safe vehicle operation.

Accidents Don't Just Happen! PEOPLE CAUSE THEM! TAKE CARE— DRIVE SAFELY— STAY ALIVE—

Newsman Booked For Checking Story

BATON ROUGE, La. (AP)—Police booked a reporter yesterday on charges of disorderly conduct and interfering with officers while he was working on a story.

A warrant was served on reporter E. E. (Jerry) Smith at his typewriter in the Morning Advocate city room. He was taken to headquarters and released on his own recognizance.

Arraignment was set for 4 p.m. Monday. Conviction on the disorderly conduct charge carries a maximum fine of \$100 or 30 days in jail while interfering with officers carries a maximum fine of \$25 or 10 days in jail.

Smith was arrested Tuesday night at fire alarm headquarters where he was checking on an anonymous telephone tip that a police department hearing was being held on the suspension of an officer on a morals charge.

The reporter was taken to the station house and searched after he attempted to interview two women sitting outside the hearing room.

After the arrest, he was released without charge and Police Chief Joe Green ordered an investigation.

"I have a great respect for freedom of the press," he said in a statement, ". . . but I feel the press should also respect the privacy of investigations being conducted."

A State-Times editorial denounced the arrest as a "hollow mockery" of freedom of the press, and said "things have come to a sorry pass in Baton Rouge" when reporters are subject "to the humiliation of the shake-down and the frisk" while covering stories.

The disorderly conduct count against the reporter said he was "loud and boisterous in his conversation, using profanity and continually trying to enter a room he had been told by officers was off limits to him. . . and did enter one room which was closed and attempted to interrogate persons therein."

The charge of interfering with officers said Smith "interfered by worrying officers and making a nuisance of himself in general."

General Tire Firm Stockholders Okay New Stock Class

AKRON (AP)—General Tire & Rubber Co. stockholders have authorized directors to amend its charter to permit issuance of 35 million worth of a new class of preferred stock.

That authorizes the setting up of a new class of 350,000 preferred shares at a par value of \$100 a share. William O'Neil, General president and chairman, said no plans have been made for the issuance of the stock now.

The action "gives the directors an opportunity to capitalize on business developments in the future," O'Neil said. "We could now protect the company's best interests by valuing ourselves of favorable market conditions x x x when advisable."

O'Neil said the next directors meeting will be held at Waco, Tex., Jan. 19, the first time the board has ever met outside of Akron.

Texans Still Tough; Take Life In City

SAN ANTONIO (AP)—Are Texans cracking up under the strain of big city life?

How are residents of the state, for years used to the open prairie, and life on thousand-acre ranches, standing up under the strain of living in the mushrooming cities of today?

Answer to the first one: Hmmm, not necessarily so. To the second: Cowpokes are getting used to it mighty fast.

Take it from Dr. Wayne Holtzman, psychology teacher at the University of Texas, the principal reason for the number of psychologists doubling in Texas in the past eight years has been the tremendous growth of the state's population—mostly.

Holtzman, here to attend a convention of psychologists, said: "Of course people do live at a faster pace in the cities than in the rural areas, and are under more of a strain. Our fast-growing cities, with these adds stresses, have more demand for the use of psychologists than in the past. People in this area are also becoming more aware of their need."

Psychologists are very rare in rural areas, says Holtzman. The biggest number will be found in the larger cities and around industrial areas.

Taking everything into consideration, it seems the average Texan hasn't been too emotionally upset in his transition from a hard-riding cowboy astride a cow pony.

Advisory Committee To Help Fill UT Post

AUSTIN (AP)—An advisory committee to help select a new chancellor for the University of Texas is headed by Hines Baker, Houston oil executive.

Chancellor James Hart has resigned effective Jan. 1.

The committee has been asked to submit a list of nominees as soon as possible. Regent Chairman Tom Sealy of Midland said. The regents will name the chancellor with the aid of the committee.

Inspection Trip

WASHINGTON (AP)—Gen. Matthew Ridgway, Army Chief of Staff, will leave Monday for an inspection trip to Fort Bliss, Texas, and the White Sands, N.M., guided missile proving ground. He is due to at El Paso about 1 p.m. (CST).

Pace Bridge Teams

DALLAS (AP)—Oswald Jacoby, Dallas; Cliff Bishop, Detroit; Douglas Steer, Los Angeles and Don Oakie, San Francisco, paced the 29 open bridge teams-of-four qualified last night in the sixth scheduled championship of the winter national tournament.

Colossus Of Rhodes Called Hollow Sham

LONDON (AP)—The Colossus of Rhodes, one of the seven ancient wonders of the world, was described by a British scientist last night as a hollow sham. Herbert Maryon, 79-year-old sculptor-archaeologist, told a meeting of the Society of Antiquaries the giant statue was:

1. Too small to stand astride the harbor of Rhodes.
2. Made of thin bronze sheets instead of solid bronze.

The Statue, of the sun god Helios, was the work of a sculptor named Charles, who spent 12 years on his masterpiece. It was erected in 280 B.C. An earthquake tumbled it 53 years later.

The story handed down through the years is that the statue stood with a beacon in its hands and one foot on each side of the harbor entrance, with enough clearance for ships to pass underneath.

Maryon said he has determined from a study of classical inscriptions that the statue was in fact 120 feet high and the harbor 60 feet wide, which would make the famous straddle an anatomical impossibility.

Furthermore, he said, his research indicated the heroic figure was not cast in one piece, as hitherto supposed, but was made of bronze sheets beaten into shape and riveted together. Maryon estimated the thickness of the sheets as equal to that of a British penny—about a 15th of an inch.

CARD OF THANKS

We wish to thank our many friends for the beautiful flowers, their messages of sympathy and other expressions of kindness extended to us at the loss of our beloved daughter and sister, Ella Mae Newton. May God bless you all.

Mr. and Mrs. Howard M. Newton and Family,
Mr. and Mrs. W. R. Pope,
Mr. and Mrs. D. R. Hale.

Early Fire Burns Down Two Buildings

CROCKETT (AP)—An early morning fire of undetermined origin destroyed two buildings here today.

They were the three-story R. L. Shivers Building housing the R. L. Shivers Hardware Store, the accounting office of Harry Simmons and the Crockett Elks Lodge, and a smaller building housing the Hams Ladies Ready to Wear Store.

John Shaver, Crockett volunteer fireman, was inside the Shivers building when a wall collapsed. He was knocked to the ground but was not injured.

Lae Tulainyo in California 12-865 feet high, is believed to be the highest in the United States.

Where Death-Bent Twister Struck

This is what's left of two Leander, La., homes after a tornado struck, killing seven persons. The other home, about a half-mile away, looked much the same—a pile of rubble. Neighbors and sightseers

were standing amid the ruins as the picture was taken. Leander is between Leesville and Alexandria, La. (AP Wirephoto).

McCarthy Thought To Be Planning Chat With Ike

By ED CREAUGH
WASHINGTON (AP)—Sen. McCarthy (R-Wis.) was reported today to be planning a personal chat with President Eisenhower soon after the President returns from the Big Three talks in Bermuda.

This report came from a person in a position to know. McCarthy declined to be quoted on the subject, and the White House press office said it hadn't heard anything about such a meeting. McCarthy yesterday disclaimed any intention to challenge Eisenhower's leadership of the Republican party but he reserved the right to criticize the administration "when I think it is making mistakes."

This was a reply to statements earlier in the week by the President and Secretary of State Dulles rejecting McCarthy's demands for drastic revision of some phases of administration foreign policy. McCarthy's statement was phrased for the most part in conciliatory tones.

But at the same time he appealed over the President's head, in effect, to the American people on the question of cutting off American aid to any foreign country which trades with Red China so long as any American war prisoners are held by the Communists.

Central Airlines Hearing Nears End

MUSKOGEE, Okla. (AP)—A Civil Aeronautics Board hearing today the last witnesses before deciding whether to certify Central Airlines applications to expand into Arkansas and Missouri.

Fort Smith Mayor H. R. Helstend said local industry required more air service, especially Central's proposed route to Dallas. Central is seeking a line from Kansas City to Dallas via Joplin, Mo., Fayetteville, Fort Smith and Paris, Tex.

Departing from his prepared statement, McCarthy urged all who share his view that such trade should be stopped to write or wire the President.
This invitation was filmed for television, and news programs from coast to coast carried it last night.
As of 8:30 p.m. last night, the White House said 120 telegrams had come in. Asst. Press Secretary Murray Snyder said "they were not all one way," but said no breakdown had been made.

McCarthy told reporters he addressed the appeal "on the spur of the moment."
"Now I think President Eisenhower is an honorable man," he said in this unprepared part of his statement. "I think he will follow the will of the American people if that will is made known to him."

The administration's position is that the British and other Western nations have stopped sending to Red China all goods which could be used to wage war. Such trade as the West is conducting with the Chinese Communists, in the administration's view, is advantageous to the free world.

McCarthy rejected this viewpoint and demanded "we refuse to give any American dollars to any nation shipping any goods to Communist China so long as a single American remains in a Communist blood-stained dungeon."
In yesterday's statement McCarthy moved to take some of the sting out of his earlier criticism of the administration. There were reports, which couldn't be pinned down, that he rewrote the new statement and toned it down to make it more palatable to the White House.

He said the administration has made "a fine record" in weeding out subversives on the government payroll—though he'd said previously the administration had "struck out" in a few such cases.

Motorists Are Urged To Get Inspections Before Holidays

Area motorists were reminded today that a backlog could create a confused rush later on, unless greater numbers have their vehicles inspected soon as required by the state law.

O. L. Birchfield, who is in charge of vehicle inspection stations in Howard and several neighboring counties, said the inspection program was moving along well here, but he reminded that the very essentials of winter driving — proper brakes, lights, horn and windshield wiper operation — are the back bone of the new motor vehicle inspection program.

"With 10 months of 1953 already behind us, the state is 106 highway deaths behind the 1952 total for a comparable period, and we think this can be improved upon despite

the fact that the deadly holiday season is fast approaching, Birchfield said.

Persons who have their vehicles inspected now can do their winter driving safely and with fewer operational worries, and at the same time avoid the last minute rush next spring, Birchfield reminded. He said the Department of Public Safety is particularly anxious for as many as possible to have their cars inspected before they start on Christmas vacation.

Birchfield said the department He said that of all cars inspected program has been a factor in reducing the traffic death rate in the state this year.

He said that all cars inspected so far, records show that 58 per cent

need some adjustment or repair. Seven per cent alone needed some so far, records show that 58 per cent need head light corrections. At the same time, total cost of inspection has averaged only \$1.77 per car, which includes the regular inspection fee.

There are 14 inspection stations in Howard County. They include the following: Clark Motor Co., 1107 East Thurd; Big Spring Motor Co., 500 West Fourth; Driver Truck and Implement Co., La-mesh Highway; Eason Bros., Garage, 507 West Third; Jones Motor Co., 101 Gregg; Truman Jones Motor Co., 403 Runnels; Tidwell Chevrolet Co., 214 East Third; McEwen Motor Co., 403 Scurry; S & S Wheel Alignment, 401 East Third; Shroyer Motor Co., 424 East Third; Marvin Wood Pontiac Co., 504 East Third; Lone Star Motor Co., 600 East Third; Big Spring Hudson Co., Fifth and Main; Fowler and Fowler Service, Coahoma.

Hard Man To Move

GRAYLING, Mich. (AP)—It took two companions two hours to get William Howe, 33, out of a swamp after he was accidentally shot in the leg while deer hunting. Howe is 6 feet 3 and weighs 300 pounds. He's recuperating in a hospital.

See The Famous Sunbeam Appliances Demonstrated At Big Spring Hardware Saturday

COME IN! LET US SERVE YOU A FREE CUP OF DELICIOUS COFFEE MADE FRESH BEFORE YOUR EYES IN THE NEW SUNBEAM COFFEEMASTER...

Factory representative will be in our store all day to demonstrate the sensational new Sunbeam products for you. If you'll come in and let us show you, then you'll understand why we're howling about how wonderful these new labor-saving devices are...

GIVE ASSURANCE OF A PERFECT CUP OF COFFEE—EVERYTIME—AUTOMATICALLY

Sunbeam COFFEEMASTER

You simply put in the water and coffee, flip the automatic switch and forget it! Yes, that's all—absolutely all there is to making the most delicious coffee you ever tasted. No watching, no guess work. No glass bowls to break. You get the same perfection everytime, whether you make one cup or eight. Only Sunbeam gives you the correct high water heat, vigorous agitation of all the water in the brew-top and uniform brewing time. That's the secret of perfect coffee-making and controlled automatically in Sunbeam.

SET IT! FORGET IT!

See these and other Sunbeam Appliances.

Sunbeam COOKER & DEEP FRYER

It cooks! It deep fries! Does more things better. Has greater usefulness. Use it every day for cooking, deep frying, as a bun warmer, steamer, etc.

Sunbeam MIXMASTER

New exclusive bowl-fit beater for lighter, higher, finer textured cakes, creamier mashed potatoes, etc. All the batter goes into and through them for more even mixing. Greater aeration.

Sunbeam TOASTER

Gives you the same perfect toast whether the bread is frozen or fresh, rye or white, thick or thin. All you do is drop in the bread. It lowers itself automatically and the toast rises silently.

Sunbeam SHAVEMASTER

Sunbeam offers a 5 YEAR FREE service guarantee. Only Sunbeam has the bigger, single, smooth head that shaves closer, cleaner and smoother than any other method—wet or dry. America's most popular Electric Shaver.

GIVE Sunbeam

THE BEST ELECTRIC APPLIANCES MADE

...and you give the finest!

WHENEVER a Sunbeam appliance goes into a home, it isn't long before others follow. That's because each Sunbeam appliance gives that extra measure of satisfaction that creates sincere enthusiasm and confidence. Whether it's a Sunbeam Mixmaster, Coffee-master, Cooker & Deep Fryer, Toaster, Iron, Waffle Baker, or a Sunbeam Shavemaster, one Sunbeam appliance will always recommend another. We know that you will find this to be true just as it has been true in 20 million American homes that are now enjoying Sunbeam appliances. Give Sunbeam and you give the finest.

America's most popular food mixer. There's only ONE MIXMASTER—it's made by SUNBEAM. Give the famous standard-size Sunbeam Mixmaster for ALL the time and labor-saving advantages of an electric food mixer. If it's a junior-size Mixmaster—the Sunbeam is the best junior mixer made.

SUNBEAM TOASTER has exclusive Radiant Control that "adjusts itself" automatically to every kind of bread, frozen or fresh, rye or white, thick or thin. Bread lowers itself automatically—no levers to push. Toast raises itself silently without springs—no popping or banging. Automatic Beyond Belief!

Every woman wants the SUNBEAM STEAM OR DRY IRON that gives 70% more steam because of gravity feed and gives continuous steam for nearly two hours without additional weight to push around. Or, the light-weight SUNBEAM IRONMASTER for dry ironing, that gets hot in 30 seconds.

Only SUNBEAM SHAVEMASTER has the big smooth single head and Powerful 16-bar armature "Real" Motor that shaves CLOSER and FASTER than any method, wet or dry. Because of superior engineering and workmanship it has a 5 YEAR FREE SERVICE GUARANTEE and a 10 DAY HOME TRIAL offer.

Ask people who use the SUNBEAM COFFEE-MASTER and they'll tell you it has given them that wonderful assurance of the same delicious coffee every time—all automatically. No guess work. You can't miss. And for rich, lovely, long-lasting beauty that women cherish, the Sunbeam has no equal.

The SUNBEAM WAFFLE BAKER makes 4 good-sized waffles at one time—automatically. You get perfect, even, all-over baking that makes Sunbeam waffles so delicious. Also makes four toasted sandwiches with the new aluminum sandwich grids that can be placed right over the waffle grids.

Preferred by women everywhere because the SUNBEAM COOKER & DEEP FRYER does more things better. It's a cooker, deep-fryer, chafing dish, casserole, steamer, bun warmer, and it blanches vegetables for home freezing—ALL IN ONE. Has deep circular well, shaped like a cooking saucepan.

Government Under God

CHRISTIANS OBEY THE LAWS OF GOD AND EARTHLY RULERS

Scripture—1 Kings 9:3-8; Isaiah 31:1; Acts 5:17-29; Romans 13:1-10; 1 Peter 2:13-17.

By **NEWMAN CAMPBELL**
OBEDIENCE to law is surely a most timely topic in this day of disobedience, vandalism and every type of violence and cruelty. Even small children, and many adolescents are involved in these crimes, as well as adults. They are a sad commentary on our way of life.

What should Christians do about the problem? Parents are blamed for a good deal of the vicious acts of their children. In a home where obedience is taught from the very beginning, and respect and obedience to all law, even the very smallest, children are not likely to take part in disgraceful conduct.

King Solomon was warned by God Himself when Israel was at the peak of its prosperity. The temple and various other buildings were finished, and the Lord appeared to the king, telling him He had heard his prayers and had hallowed the temple.

If Solomon and his people obeyed His laws and were faithful to Jehovah, He would "establish the throne of thy kingdom upon Israel forever." If the people turned away from the Lord,

ing, "The prison truly found we shut with all safety, and the keepers standing without the doors; but when we had opened, we found no man within."

Then someone came and said that the men they sought were preaching in the temple, which they had been forbidden to do. The officers took the men to the council, but used no violence, for they feared the people.

Imagine the stern countenance of the high priest as he asked: "Did not we strictly command you that ye should not teach in this name? and behold, ye have filled Jerusalem with your doctrine, and intend to bring this man's blood upon us."

Facing their enemies without fear Peter said simply: "We ought to obey God rather than men." That is the exception to the rule of obeying the law. If a cruel or unjust law outrages our sense of right, we should oppose it and in a free country, work for its repeal. God's law is higher than man's.

Writing to the Romans Paul states obedience to law in these words:

MEMORY VERSE
 "He shall not fail nor be discouraged, till He have set judgment in the earth; and the tales shall wait for His law."—Isaiah 48:4.

however, and disobeyed His laws, "I will cut off Israel out of the land which I have given them; and this house which I have allowed for My name, will I cast out of My sight."

You may remember that toward the end of his life, this king, so famed for his wisdom and justice, did forget his Lord and, through his heathen wives, turned to the worship of strange gods.

Isaiah warns his people not to trust war and help from more powerful governments as a means of overcoming their troubles, instead of turning to the Lord.

After Jesus had ascended into heaven, the Apostles preached and healed tirelessly. Multitudes brought their sick and demon-possessed to them, "and they were healed every one."

The high priest and the Sadducees were jealous and angry at this, and they seized the Apostles and put them in prison. However, an angel of the Lord opened the prison doors, brought them out, and said, "Go, stand and speak in the temple to the people all the words of this life."

They proceeded to do as they were told, but the high priest called the council together next morning and he sent to the prison for the Apostles. The high priest's officers went to the prison, found no prisoners, and returned, say-

"Let every soul be subject unto the higher powers, for there is no power but of God: the powers that be are ordained of God."

"Whosoever therefore resisteth the power, resisteth the ordinance of God: and they that resist shall receive to themselves damnation."

"For rulers are not a terror to good works, but to the evil. Wilt thou then not be afraid of the powers? do that which is good, and thou shalt have praise of the same; . . . But if thou do that which is evil, be afraid; for he beareth not the sword in vain; for he is the minister of God, a revenger to execute wrath upon him that doeth evil."

"Wherefore ye must needs be subject, not only for wrath, but also for conscience sake."

Peter also writes: "Submit yourselves to every ordinance of man for the Lord's sake; whether it be to the king, as supreme; or unto governors, as unto them that are sent by him for the punishment of evildoers, and for the praise of them that do well."

"For so is the will of God, that ye should do well, and that ye should be subject to the Lord; as ye are free, and not using your liberty for a cloak of maliciousness, but as the servants of God. Honor all men. Love the brotherhood. Fear God. Honor the king."

Dr. O'Brien And Rev. Parks To Follow Up On Home Life Study

Dr. P. D. O'Brien and the Rev. James S. Parks Sunday will follow up a four-day study course on home life given by Mrs. Frank Leavell this week at the First Baptist Church.

Dr. O'Brien will speak on "Jesus and the Home" (John 11:30) at the First Baptist Church. Rev. Parks' subject at the Baptist Temple will be "The Home" (I Kings 20:12-13). Both services will be at 11 a.m.

Dr. O'Brien's 8 p.m. service will be "Christ Crowded Out" (Luke 2:7) and Rev. Parks' will be "Good News of the Gospel" (I Cor. 15:1).

Other services Sunday will include the following:

CATHOLIC
 The Rev. William J. Moore, O. M. I., will say Mass at 7 a.m. and 9:30 a.m. at St. Thomas Church. Rosary and Benediction will be at 5 p.m. Confessions will be heard from 4-6 p.m. and from 6:30-8:30 p.m. Saturday.

The Rev. B. A. Wagner, O.M.I., will say Mass at 8 a.m. and 10:30 a.m. at Sacred Heart Church (Spanish - speaking). Confessions will be heard from 7-8:30 p.m. Saturday. Rosary and Benediction will be Sunday at 6 p.m.

CHRISTIAN SCIENCE
 The Christian Science Lesson-Sermon entitled "God, the Only Cause and Creator" will emphasize that human progress rests upon mankind's understanding of the wholly spiritual origin of man and the universe.

CHURCH OF CHRIST
 Lyle Price, minister of the Main St. Church of Christ, will speak on "Backsliders" at the 10:30 a.m. service. His topic at the 7 p.m. service will be "Conversion of the Corinthians."

"Give" will be the topic Darrell Flynt will speak on at the 11 a.m. service at the Church of Christ on Air Base Rd. Bible study will be at 10 a.m. Flynt will speak on "Practical Christianity" at 7:30 p.m.

T. H. Tarbet will speak at both the 10:40 a.m. and 7:30 p.m. services at the Benton St. Church of

Christ. His evening subject will be "Sanctification."

CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS
 Services of the Church of Jesus Christ of Latter-Day Saints will include a priesthood meeting at 9 a.m. followed by Sunday School at 10 a.m. and a sacrament meeting at 6:30 p.m. Services will be held at the Girl Scout Little House.

CHURCH OF GOD
 The Rev. W. E. Mitchell, pastor of the Galveston St. Church of God, will speak on "The Secret of Success in the Early Church" (Acts 4:14) at the 11 a.m. service. "There is a River" (Ps. 46:4) will be his topic at the 7:30 p.m. service.

"Light and Truth Develop Sin" (Rom. 5:20-21) will be the Rev. John E. Kolar's topic at the First Church of God for the 10:50 a.m. service. His message at 7:30 p.m. will be "What Is Life?" (James 4:14, Ps. 90:1-12).

EPISCOPAL
 Services in St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a.m., family worship service at 9:30 a.m. and morning worship and sermon by the Rector, The Rev. William Boyd,

at 11. The Young People's Fellowship will meet in the Parish House at 6 p.m. and the Instructions Class in the Rector's office at 7 p.m.

LUTHERAN
 The Lord's Supper will be celebrated at the 11 a.m. service at St. Paul's Lutheran Church and the new altar covers made by the Ladies Aid Society will be dedicated. The Rev. A. H. Hoyer will speak on "Our Church and Its Services." Sunday School will be at 10 a.m. Voting members will meet at 2 p.m. and the Waltham League at 7:30 p.m.

METHODIST
 Communion will be at 9 a.m. at the First Methodist Church. The Rev. Jordan Grooms will speak on "The Great Deceiver" and Mrs. Don Newsom will sing "The Lord Is My Light" by Allisen at the 10:55 a.m. service. The Youth Choir will sing special music at the 7:30 p.m. service and Rev. Grooms' sermon will be "Christmas in Poetry."

Dr. Orion W. Carter, superintendent of the Big Spring district, will preach at the 7:30 p.m. service at the Wesley Memorial Methodist Church. The Rev. Marvin Fisher,

pastor, will speak at the 10:55 a.m. service.

PRESBYTERIAN
 "What Is the Christmas Spirit?" (Matt. 2:10) will be Dr. R. Gage Lloyd's topic at the 11 a.m. service at the First Presbyterian Church. His topic at the 7:30 p.m. service will be "When Jesus Was Twelve." The Children's Choir will sing "Why Do Bells for Christmas Ring?" and "The Bethlehem Lullaby."

TEMPLE ISRAEL
 Regular Friday evening services of Temple Israel will be held in Room 30-D of the Settles Hotel at 8.

BUSINESS MEN'S BIBLE CLASS
 The Business Men's Bible Class will meet at 9:15 a.m. Sunday in the ballroom of the Settles Hotel.

BUILDERS BIBLE CLASS
 Builders' Bible Class will meet at 8:30 a.m. Sunday in Carpenter's Hall. Coffee and doughnuts will be served prior to the lesson.

WEBB AIR FORCE BASE
 The Rev. B. A. Wanger will say Mass in the Academic Building at Webb Air Force Base at 9:15 a.m. Confessions will be heard Saturday from 5:30-6:30 p.m.

Chaplain Francis E. Jeffery will conduct a Lutheran Service at 10 a.m. in Building 481 and teach the adult Bible class at 11 a.m. Sunday School will also be at 11 a.m.

Chaplain Grant E. Mann will speak at the general Protestant worship at 11 a.m. in the Academic Building on "Providential Pre-ordination."

Baby Gorilla Pet Headed For Zoo

ANACORTES, Wash. (AP) — Bobo, the pampered baby gorilla whose antics have cost him his happy home, is heading for the zoo.

Mrs. Ray Lowman broke into tears yesterday as she reported Bobo's sale to the Seattle Park Department for \$5,500.

Describing herself as "almost heart-broken," the woman who has cared for the ape for most of his 2 1/2 years added:

"We just have to get rid of him, and the first thing we're going to do is renovate our whole house. We haven't any chinaware left. There isn't a floor lamp in the house either. And just yesterday he jumped up on the dining room table and broke that too."

Bobo has grown to 60 pounds, just a start toward his eventual 500 to 600 pounds.

Nonconfidence Vote Smashed In Canada

OTTAWA (AP) — Prime Minister Louis St. Laurent's Liberal forces smashed down a Progressive Conservative motion of nonconfidence in Canada's government last night. The House of Commons vote was 153-56.

The ballot came after a three-week debate on the government-prepared throne speech which opened Parliament and outlined the Cabinet's program. The House action cleared the way for immediate consideration of government legislation.

The defeated motion stated that Canada's welfare depends on free competition and urged action to "restore" markets and promote world trade.

Mitchum Faces Auto Speeding Charges

WEST LOS ANGELES, Calif. (AP) — Actor Robert Mitchum is scheduled to appear in court today to answer a charge of speeding 70 miles an hour in the city limits.

After his attorney posted \$250 bail yesterday, a warrant charging escape and evading arrest was withdrawn.

Motorcycle officer J. N. Ryan said Mitchum suddenly drove off while he was writing out a ticket for speeding Wednesday night.

Ryan said the actor later phoned the police station and explained, "I wasn't sure you were a cop, Dad; I thought you were a bandit, so I went home."

Neutrality Policy Is Threatened By Egypt

WASHINGTON (AP) — Egypt has served notice it will adopt a policy of neutrality in the cold war unless the Western Big Three find a formula at Bermuda to meet Egyptian demands for control of the Suez Canal.

Diplomatic officials disclosed that Egyptian Ambassador Ahmed Hussein notified Secretary of State Dulles of his country's attitude during a confidential meeting Tuesday.

Officials See Chiang

TAIPEH, Formosa (AP) — Navy Secretary Robert B. Anderson and Asst. Defense Secretary Charles S. Thomas arrived here today from Hong Kong for a two-day visit.

LITTLE BOY IN HIS DADDY'S SHOES...

Imitation is one of the basic impulses of human life. From earliest infancy man has learned the ways of life and the paths of progress by imitating others who possess and practice such knowledge. The child learns to walk as the fledgling learns to fly — by imitating its parents.

The impulse to imitate others is stronger in infancy and childhood than at any other period in life. The child is anxious to learn things and to be able to do things as grown-ups do in this great, big interesting world. That is why the little boy in the picture tries to walk in his daddy's shoes.

Children learn to walk in their parents' footsteps in many ways, during this formative period of their lives. They acquire their habits, their mental attitudes and their sense of values mainly from their elders. And these are the things that will most largely determine their characters and shape their courses in the years to come.

This makes it all-important for people to walk uprightly before their children, and lead them in the ways of strength and safety.

Above all, parents should teach their children the dependence of all life upon God, and the value of religion and the Church as the guardian of man's spiritual existence. And this must be done, line upon line and precept upon precept, in practice as well as in words.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Book	Chapter	Verses

Senate Probers Leave Way Open To Ask Truman Aides To Testify

By JOHN CHADWICK
WASHINGTON (U)—Senate investigators left the way open today for inviting some Truman administration Cabinet members to explain what they did about FBI reports on spy suspects in government.

But first the Senate internal security subcommittee went ahead with efforts to accumulate more evidence about the dates these FBI reports were compiled and distributed among top officials of the Truman administration.

Robert Morris, subcommittee counsel, told newsmen the Justice Department has been asked to supply such information about five former federal employees — Alger Hiss, Irving Kaplan, Harry Magdoff, Edward J. Fitzgerald and Maurice Halperin.

They are among nine former employees whose cases are receiving special scrutiny. Chairman Jenner (R-Ia) said there is evidence the nine kept their jobs and in some instances were promoted despite derogatory security information.

The four others are Harry Dexter White and three subcommittee members when he was assistant secretary of the Treasury: Harold Glasser, Victor Perlo and V. Frank Coe.

Jenner, meanwhile, was making plans for—or had already arranged—a secret interview with Igor Gouzenko, the onetime code clerk at the Russian embassy in Ottawa who exposed a Soviet spy ring in Canada in 1945.

Jenner's group has agreed to Canada's stipulation that Canada decide what part, if any, of the interview can be made public. The State Department announced last night that Jenner and Morris would represent the U.S. government at the interview, adding that to protect Gouzenko there would be no public word of when, where and how the meeting is held.

Gouzenko now lives in Canada under an alias and with a police guard.

The subcommittee, with its hearings in recess until sometime next week, received from the Justice Department yesterday lists of government officials, with dates, Morris said those named received FBI reports containing what he called the "Communist records" of Coe and Perlo and Solomon Adler, another former Treasury official.

better ones after FBI information on them was sent to the White House; to Tom Clark, then attorney general and now a Supreme Court justice; to the late Secretary of the Treasury Fred M. Vinson, and to other high officials.

The subcommittee introduced evidence that Clark Clifford, former special counsel to Truman, had advised and sent FBI reports on Perlo, Adler and Glasser July 25, 1948.

Sen. Welker (R-Ia), a subcommittee member, said Clifford should be invited to tell the subcommittee what he did about these reports.

Subsidy, Tariff Question Dealt With In Metals

WASHINGTON (U)—The Mid-Century Conference on Resources for the Future today pondered whether high tariffs or peacetime subsidies would be the best way to foster production of strategic war materials.

The subsidy proposal, as an alternative to suggested tariff protection for the lead and zinc industry, came from Charles P. Taft, brother of the late Sen. Robert A. Taft (R-Ohio).

In a prepared statement, Taft told the conference, which is closing today:

"Any tariff is government intervention not quite in harmony with the position of the supporters of the free enterprise system. It is a concealed subsidy, which no doubt is why it is preferred."

Andrew Fletcher, president of the St. Joseph Lead Co., last night called for a tariff, adjustable to the rise and fall of foreign lead and zinc prices, to protect domestic mines from low cost foreign competition.

Taft argued such a tariff "would produce immediate reprisals, and justifiably—it is one more piece of economic warfare on Canada, our best friend and ally."

But Fletcher contended: "The major portion of our lead and zinc mining industry will be shut down unless some constructive action is taken."

"We must not jettison the safety of our nation, and possibly even of the free world, by shutting down our mines."

Taft said the government should subsidize mining exploration and operation of "truly marginal higher cost mines."

Taft is president of the privately formed committee for a national trade policy.

The St. Joseph's Calendar is a calendar consultant ever since.

It started back there early in October when that greatest rain in years fell on the first Saturday in the month. At that time I called attention to the fact that nobody who had a St. Joseph's Calendar had been surprised, for that calendar predicted that rain. My story got to the St. Joseph's Calendar headquarters and I've been a calendar consultant ever since.

Riding THE GRUB LINE With Franklin Reynolds

The North Pole December 6, 1953 By Wireless

Dear Grub Line Rider: I wish you'd tell the kiddies in Big Spring, and everywhere else that you go, that I'll be in Stanton, 20 miles west of Big Spring, at 10 o'clock next Wednesday morning, December 9, with my reindeer and my sleigh, and that I'll be glad to have them come over there and see me.

I've been mighty busy trying to get around over the country in automobiles and on horses and every other way, and now I'm going to use my reindeer and sleigh again. There were a lot of kiddies that I didn't get to talk to in Big Spring. Now when I get to Stanton I'm going to take my time and I want all those kiddies, especially the little ones to crowd up close so I can pick a lot of them up and talk to them and listen to them tell me just what they want for Christmas.

You tell them to get their fathers and mothers to bring them over to see me, because I've talked to Sheriff Dan Saunders and he says there aren't going to be any big rough boys getting in the way of the little boys and girls over there. And we're going to have free candy and fruit for the kids, too.

SANTA CLAUS

All over the country, according to reports, the newly-appointed Republican postmasters have been engaged in taking down the private office photographs of Presidents Roosevelt and Truman who appointed the retiring predecessors, and in hanging new photographs of President Eisenhower instead.

But Elmer Boatler didn't have to do that in Big Spring. Nat Shick beat him to the draw. While the retiring Shick did denude the walls of the many photographs that were his personal property he did leave Elmer the American flag and a picture of Ike.

The Grub Line Rider has just received a pocket-size certificate notifying him that he has been placed in "Illustrious company."

The certificate calls him a "savant" (whatever that is) and makes him a member of the Society of Sagacious Savants and Perspicacious Predators.

He is now supposed to know what the weather will be any day in 1954; when the fish will be biting; the expert thing to do in cases of snake-bite; when to plant cow peas in Alabama; what night the coyotes will howl the longest and loudest, and many other things.

All this because I have been presented with a Saint Joseph's Calendar.

It started back there early in October when that greatest rain in years fell on the first Saturday in the month. At that time I called attention to the fact that nobody who had a St. Joseph's Calendar had been surprised, for that calendar predicted that rain. My story got to the St. Joseph's Calendar headquarters and I've been a calendar consultant ever since.

wonderful institution according to a letter I have received. This letter even intimates that there's a St. Joseph's Calendar hanging in Heaven somewhere that's regularly consulted in scheduling rainfalls and storms and winds and the times best suited for setting incubators.

Dr. R. Gage Lloyd calls our attention to the fact that in the story of Mrs. Lillian Marks Carter last Sunday we didn't mention the fact that she is a Presbyterian. Dr. Lloyd says he has heard that if Mrs. Carter turns on the radio, gets a preacher and he isn't a Presbyterian, she turns him off.

He believes in that kind of Presbyterianism.

We were out in the Hobbs area Wednesday and they had a wonderful way it wet down those

off rigs. They were getting pretty dry. The rain continued on through the Seminole Country and into within a few miles west of Lamesa where it lightened up. Then a few miles south of Lamesa and toward Big Spring it got much heavier again. It looks like the rain is as afraid of Lamesa as the devil is of a church.

More than 30 Stanton boosters who visited all the county and city schools in Martin County (and that part of Ackerly that's in Dawson County) Wednesday returned home praising their county roads. They traveled 125 miles in three hours driving time, according to B. F. White, and weren't off paved roads all the way.

The purpose of their visit was to invite the kids to come to Stanton and see Santa Claus next Wednesday, and to bring their pets and get in the pet parade, which will be held at 3 p.m. Dec. 19, the last Saturday before Christmas.

Jimmy Wheeler, son of Mrs. and Mrs. S. W. Wheeler, formerly of Big Spring, went along with the boosters dressed as a lovely girl.

The boosters report panics came right up out of the earth when Jimmy started making love to the boys in the schools they visited.

FCC Sets Hearings On Beaumont Channel

WASHINGTON (U)—The Communications Commission will hold a hearing Dec. 15 whether the Jefferson Amusement Co. application for a Channel 4 television station at Beaumont, should be dismissed.

The action was a reconsideration of the case by the FCC, which earlier had dismissed the application. Port Arthur College and Smith Radio Co., both of Port Arthur, also seek the channel and will be allowed to participate in the hearing on Jefferson's application.

The commission dismissed the Jefferson application April 22, ruling. The company has some of the same officers and directors as an earlier Channel 4 applicant, the Lufkin Amusement Co.

Chicago Girl Due To Leave On Mark Try

CHICAGO (U)—Pam Martin, 23-year-old artist and advertising copywriter, planned to leave today on her 21,878-mile flight by commercial air lines around the world hoping to set a new record.

Miss Martin's schedule calls for completion of the trip in 91 hours and 25 minutes. The present record for around the world in commercial planes is 99 hours and 18 minutes.

Her trip is being planned and paid for by a Chicago travel company.

Negroes Ask God's Aid In School Case

HOUSTON (U)—A Houston minister said last night he had sent letters to 30 Negro churches in Houston asking special prayer services for the public school segregation cases to be heard Monday before the Supreme Court.

The Rev. L. H. Simpson, pastor of Pleasant Hill Baptist church, said the original copy of the letter asking ministers to lead their congregations in "beseeching divine guidance and victory" came from the Houston branch of the National Association for the Advancement of Colored People.

Mexican Model Says She, Cooper May Wed

MEXICO CITY (U)—Mexican model Lorraine Chanel said yesterday she and film star Gary Cooper may wed shortly.

Miss Chanel, 29, was born in Mexico and went to school in San Antonio. Her father was a North American, her mother a Mexican of Spanish descent.

She said she and Cooper had met a year ago at Acapulco and added: "We are very much in love and possibly we will marry soon."

GIVE Sunbeam AND YOU GIVE THE FINEST

A 3-D Western

Act Actor John Wayne is in one of his popular characterizations for the new picture, "Hondo." It comes to the Ritz Theatre Sunday as a special attraction to mark opening of that theatre's new screen and sound facilities. A wide screen that permits showing 3-D, CinemaScope and other films of today's advanced techniques features the new Ritz facilities, along with special sound system. "Hondo" is in the perfected 3-D photography.

Many Items Stolen From Parked Autos

During the first 11 months of 1953 a total of 201 articles were taken from automobiles parked on the streets of Big Spring. Hub caps led the list of items stolen, and a large number of fender skirts were also taken. Other car parts reported missing include wheels, rims, radios, batteries, tires, a tool box, window shades, chrome exhausts, cigarette lighters, rear view mirror, sun visor, and a trailer hitch. Practically all the items were taken at night, police reports show. And by far the majority of the items came from late model cars. Police Chief E. W. York believes that most of the items are stolen by boys from neighboring cities. He further believes that most of the items find their way to one or more individuals purchasing them

for resale. "Some items are taken by boys wanting the parts for their cars, but most are taken to be sold," he said. York explained that none of the local dealers in car parts are guilty of purchasing stolen parts. "We've checked them time and again, and the stolen parts just don't show up here," he said. "Everytime a theft is reported police go to the dealers. Even if they were inclined to buy such items, which they aren't, they would almost find it impossible."

March had the largest number of automobile accessory thefts reported. Records show 34 items missing that month. November and February followed close behind with 29 items taken each month. Twenty-four accessories were stolen in May. There were 109 hub caps taken during November of this year. Some 45 fender skirts were stolen during the same period. Nine wheels, two exhausts, four rims, two window shades, seven car radios, three batteries, and 13 tires were also taken. One each of the other items mentioned were stolen.

Private Who Kept On Job Rewarded

FRANKFURT, Germany (AP)—U. S. Army authorities have recommended a commendation for a private who stuck to his post for a week after the Army forgot him. The soldier, Pvt. Raymond L. Cote of Saco, Maine, was assigned to guard pontoons near the small Hessian village of Ginsheim during maneuvers last October. "Somebody slipped up and he was not relieved," an Army official here said today. For a week Cote stayed on guard. At night he bedded down in the open in a sleeping bag. Worried Germans living nearby fed him sandwiches. Later in the week they urged him to leave his post because the exercise was over. But Cote stayed on until members of his unit returned seven days after they left him. Back with his company, he got his first hot meal in a week.

FINE GIFT, SHE SNORTS

MEMPHIS, Dec. 4 (AP)—Mrs. Alex Sternberger excitedly unwrapped the beautiful gift-wrapped package handed her by her husband on her birthday. Tearing her way through the tissue paper she came to her present—receipt for a \$35 speeding fine Sternberger had paid for her.

'Oklahoma' Will Be Filmed In Three States

By BOB THOMAS
HOLLYWOOD (AP)—Oklahomans can rest more easily. "Oklahoma" will be filmed in their state. Also in Arizona and California. Some Sooners had been wrought up over reports that the film version of the hit musical would be shot on locations in Iowa or elsewhere. I have the assurance of Arthur Hornblow, producer of the film for Rodgers and Hammerstein, that such sacrilege will not take place. I lunched with Hornblow at Romanoff's and learned many things about the ambitious project. Not too much about the new filming process, Todd-AO, however. Hornblow says that is the province of its namesake, Michael Todd, the mercenary producer. "We will definitely shoot near Claremore, Okla., which is the actual locale of the story," reported Hornblow, an eager, articulate fellow. "We toured all over the state, shooting thousands of feet of film—an actual panorama of that country. We found some wonderful scenes."

More information about the film version of "Oklahoma!" The script, authored by Sonja Levien and William Ludwig, has already been finished and approved. All the songs from the play will be included. Agnes de Mille has been signed to re-create her dances, but on a scale fitting the scope of the movie screen. Fred Zinneman, whom Hornblow rightfully calls "the hottest young director in the business," will direct. He's the fellow who did "High Noon" and "From Here to Eternity." This will be his first movie with music (Hornblow doesn't think it should be called a "musical").

No one has been cast for the parts, although press agents have been busy mentioning their clients as being signed. Tests are being made on both coasts, and R. and H. may choose big names or unknowns. They have complete say-so, naturally. Production is expected to begin in March. I managed to glean some info about the Todd-AO process. Todd was one of the developers of CinemaScope, but broke away from that storm-tossed organization. He joined with Dr. Brien O'Brien and the American Optical Co. in developing a new filming method. It has been kept under wraps, having been shown only in a theater in Buffalo, N. Y., near the AO plant. CinemaScope and CinemaScope are wide screen methods. Apparently Todd-AO is not. It is also projected on a big, curved screen, but the proportion is much the same as ordinary screens. It's bigger, that's all. Ordinary movies are made on 35mm film. Todd-AO is done on 65mm. Big difference.

Pilot Killed In Jet Crash Close To Waco

WACO (AP)—A jet training plane crashed and exploded near here yesterday, killing the pilot. The force of the explosion knocked down a woman out hanging out clothes. The plane, a T-33, was from James Connally Air Force base here. Officials withheld the pilot's name.
