

NIRA Rodeo Ends Tonight

La Ventana Dedicated To Wiley

La Ventana's "Man of the Year," Dr. Dewey O. "Prof" Wiley, who will leave Tech at the end of this semester, was surprised yesterday by the announcement of the yearbook's dedication to him.

Wiley is leaving Tech to become executive-secretary of Texas Music Educators Assn.

FRIENDS, FORMER students, and editors of the La Ventana went unannounced to the Music Building for the informal announcement to Wiley of the dedication of La Ventana.

This year's La Ventana is being published in a series of 12 sections which are to be patterned after well known magazines. Wiley's picture is being placed on the Tech version of TIME magazine.

CAROLYN MIMMS, co-editor of La Ventana, made the announcement speech. Jerry Martin, also co-editor of the yearbook, presented Wiley with a reproduction of the cover of Tech's Tyne Magazine.

"My 25 years at Texas Tech have been the most productive and satisfying of my life. It's been fun," stated Wiley.

"**LEAVING TECH** will not be easy, but I've been thinking for some time about the tremendous opportunity of working full-time with men and women who are leading our thousands of public school youngsters to appreciate and perform music. I just can't turn this down," said Wiley.

President E. N. Jones, commented on the dedication: "A fitting tribute to a man who has done so much for Tech."

Staff Still Needed For Summer Paper

Applications for the positions of editor and business manager of the TOREADOR during the summer term are still being taken.

Applications should be handed in at room 101 in the Journalism Building.

The editor will be in charge of the news and editorial side while the business manager will take care of the advertising.

Sneed Hall Sponsors New School Outlook

A student-sponsored movement "for the betterment of Texas Tech" has been set in motion by residents of Sneed Hall.

Billy Bob Park, Sneed third east wing supervisor, said Friday afternoon that nearly all the men on his wing gathered in his room Thursday night to formulate a more constructive outlook.

"**SNEED WAS TIRED** of being the brunt of all the riots," Park said. "Every misconduct was blamed on Sneed, so the men met last night in an effort to channel their actions from now on in the right direction."

BEAUTIES AROUND— John Ford, center, smiles happily while the four nominees for Vet's Club beauty surround him. The beauty, to be picked from, top row, Brenda Routt and Louise Aguirre and, bottom row, Beverly Hallingsworth and Lynda Barlow, will be crowned at the Vet's Club dance tomorrow at the National Guard Armory from 8.30 to 11.30 p.m. (Staff Photo)

QUERIES CONTINUE

Rioters Suspended

by **JERRY WAGGONER**

President E. N. Jones announced Friday that two Texas Tech male students have been suspended for their participation in recent campus disturbances by college officials and a considerable number of other participants are being investigated.

The names of the suspended were not disclosed.

PRESIDENT JONES said that the process of investigation is a slow one and that every step of precaution is being taken with the evidence to insure justice for those involved.

The recent uprisings by the students were brought about by a chain of events. A disturbance Wednesday night was the second such incident in the past three weeks.

THE FIRST uprising began when a Lubbock policeman attempted to give a student a traffic ticket on the campus. A bottle was thrown through the windshield of the police car and the riot began. School officials quickly quelled this incident but a patty raid followed.

Wednesday night's disturbance supposedly began when the announcement of the faculty committee was issued. A false fire alarm followed and male students again attempted a patty raid.

President Jones said no further changes had been made yet but the investigations were still underway.

"I deeply regret the fact that relatively few students pushed the matter to the necessity of a show-down, despite previous warnings. Those who are convicted of ignoring those warnings must now suffer the consequences," said Jones.

THE WARNINGS the President referred to were those contained in the recent announcement of the appointment of Tech's newly formed Emergency Committee of 77 faculty members. The committee was formed as a safety group for natural or wartime disasters and student disturbances.

The recent uprisings by the students were brought about by a chain of events. A disturbance Wednesday night was the second such incident in the past three weeks.

Wednesday night's disturbance supposedly began when the announcement of the faculty committee was issued. A false fire alarm followed and male students again attempted a patty raid.

President Jones said no further changes had been made yet but the investigations were still underway.

Final Performance Promises Thrills

Concluding three nights of rough and ready events, Texas Tech College Eighth Annual National Intercollegiate Rodeo reaches its final performance tonight at 8.

Tonight's contests determine the final winners of the various events, with ranking cowboys and cowgirls taking home prizes worth \$1,210.

After the dust settles, cowboys, cowgirls and just plain students will gather in the Tech Union Rec Hall for the Awards Dance, where prizes are to be given top-ranking participants.

FOCAL POINT of the awards is a trophy saddle, donated by the Block and Bridle Club, to be given the Champion All-Around Cowboy, who must have gathered the greatest number of points.

Trophy buckles are to be awarded the top-rankers in each of the eight contests. Second, third and fourth place winners receive boots, hats and other western items provided by Lubbock merchants.

IN LAST NIGHT'S action an estimated 1500 spectators saw cowboys and cowgirls compete in the second performance.

Finals in the first go-around of five events were completed with last night's action.

JOHN BRENNEMAN, Sul Ross, won the first go-around of the calf roping with a time of 12.1 seconds. E. P. Burkhead, also of Sul Ross, took second place with a

12.3. A Tech cowboy, Clyde Fort, won third place by merit of his 12.6.

In the girl's barrel race, Mike Reid, West Texas State, won first with a 14.7 ride around the cloverleaf pattern. Pat Dunningan, New Mexico State University, was runner-up with her 15.3 ride. Hardin Simmons' Ann Langehennig followed in third place with 16.4.

FINALS IN THE first go-around of the ribbon roping saw Kenny Parmarlee, NMSU, take winning honors with 10 seconds flat. Jerry Andes of Sul Ross was second with 11. Tommy Perez, another NMSU cowboy, was third with 12.1.

In competition for the winning buckle in the bareback bronc riding, Edd Workman, Lubbock Christian College, was first with Gilbert Lloyd, NMSU, second.

DON LEE SMITH of Sul Ross won the first go-around of the saddle bronc competition. Edd Workman, LCC, followed closely in second place. Jeff Smith, Sul Ross, won third place in this event.

In other events the Aggie Club won first place in the wild mare race. Team members are Duery and Jim Menzies, and Ken Cunningham.

IN GIRLS' EVENTS the Tau Beta Sigma team of Edwina Rakowitz and Jeannie McCoy took first place in the goat sacking. Pat Dunningan of NMSU won in the goat tying with a time of 15.7.

In the steer dogging last night Bob Johnson, Sul Ross, had a fast 4.5, followed by Tommy Perez, NMSU, who had 5.4.

BULL RIDING results were unofficial but it appeared that Gerald Marr, NMSU, and Don Stuart, Sul Ross, were first in line for honors.

Council Disapproves Of Demonstrations

by **MELINDA HARRISON**

The Student Council went on record Thursday night as opposing the recent student demonstrations that have brought wide-spread unfavorable publicity to Texas Tech.

Discussing the recent riots at great length, the Council felt that the vast majority of Tech students and the college in general is being degraded by these events.

"**A RIOT IS NOT** the solution to any problem a student might have, if that is the real purpose," a spokesman for the Council states. "If these students have actual complaints to register, there is only one channel, through the Student Council."

"The new council stands ready at any time to listen and consider these complaints, even if it means a special meeting next week," Bill Pfleger, president of the Student Council, says. "We sincerely want to represent the students and try and work out realistic solutions to their problems."

"**WHEN A STUDENT** has a problem, he should either discuss

it with his representatives, the staff on duty in the Council office, or come before a Student Council meeting, which is open to all students."

During the discussion it was pointed out by several council members living in various dorms that the riots Wednesday night were actually the work of some 15 to 20 students who do not represent the feeling of the majority.

IT WAS BROUGHT OUT also that many Lubbock high school students were involved in the demonstration.

In one dorm wing meeting, unanimous disapproval of the demonstrations was expressed, and a petition was circulated and signed by every wing member, pledging their desire to work for the betterment of Texas Tech in every instance.

"It is felt that the students at Tech are proud of their school and after graduation they want to remember it as a school they can be proud of, not as a school notorious for patty raids," one Student Council representative states.

Sigma Chi's Name Sweetheart at Ball

Sigma Chi fraternity will name the "Sweetheart of Sigma Chi" at the annual Sweetheart Ball tonight in the Caprock Hotel ballroom.

Sweetheart nominees are: Lynn da Oglesby, Alpha Chi Omega; Judith Simmons, Alpha Phi; Jeanine Whitehead, Gamma Phi Beta; Nancy Carruth, Delta Gamma; Mary Jane Cashion, Delta Delta Delta; Sharon Snow, Kappa Alpha Theta; Nancy Reams, Kappa Kappa Gamma, Delle Tisdale, Pi Beta Phi; Joyce Tallman, Sigma Kappa; Pat Duniven, Zeta Tau Alpha; Sandra Seemann, Phi Mu; Betty Barnhill, independent.

Social Calendar Bulges On Eve of Dead Week

This weekend should be designated "final fling before flunk week" with social functions hitting a high mark as Tech scholars take advantage of the last opportunity to make merry.

Phi Deltas and Phi Psis led off the weekend with annual dances last night. Phi Psis and dates danced and dined at the Palm Room at their spring dinner dance while the Phi Deltas celebrated with their Raunch Dance at Fair Park Coliseum, open to the campus.

Men's Dorm No. 6 held a dance in the dormitory cafeteria, also last night, and Tech Band had a skating party at the Fair Grounds Roller Rink. Sigma Nu planned a

hayride and weiner roast at Buffalo Lake.

Sweethearts will be named tonight at the Tech Vets dance and the Sigma Chi Sweetheart Formal. The Vets dance, 8:30-11:30 at the National Guard Armory, will feature door prizes and music by the Men of Notes. Admission is \$2.50 a couple. The Sigma Chis will crown their sweetheart tonight between 8 and 12 at the Caprock Hotel.

The NIRA Rodeo will be followed by Tech Rodeo Assn. awards dance in the Rec Hall, 8-12 p.m. tonight, with Jimmy Mackey and the Texas All-Stars providing western music.

Mu Phi Epsilon has scheduled a slumber party in the Westminster Student Center at 10 p.m. tonight.

Kappa Sigma will end the social year with a western dance at the Hilltop Barbeque and Studio, 9-12 tonight, while Sigma Alpha Epsilon will have a swimming party at the Seahorse Swim School for pledges, members, guests and dates.

Men's professional journalism fraternity, Sigma Delta Chi, plans a picnic at Johnson's Ranch beginning at 5 p.m. tonight.

Social calendar for Sunday includes the Freshman Council picnic, Delta Delta Delta awards banquet, Sigma Alpha Epsilon Big-Little Brother breakfast, and a Phi Delta Theta steak fry, 6-9 p.m. at Johnson's Ranch.

The Freshman Council - sponsored class picnic will be held from 1 to 4 p.m., weather permitting, K. N. Clapp park. Any freshman is invited, stag or drag, to go and take a sack lunch. Cokes and ice cream will be free. Swimming, softball, and juke box dancing will be included in the afternoon's activities.

The SAE breakfast will be held at the Spur at 8:30 a.m. after which members and pledges will attend services at the First Methodist Church. Best pledge and best member awards will be made at the Sunday morning breakfast.

Social, Honorary Clubs Choose New Executives

THE CULVER HILL chapter of Alpha Delta Sigma, national advertising fraternity, elected officers for the fall semester at their last meeting Thursday night.

Elected were William A. Conley, president; Jack R. Moore, vice president; Bill Everheart, secretary; and Tarvis Cupp, treasurer.

Rex Webster, professional and faculty sponsor, gave a brief talk following the election concerning the fraternity's activities over the past year and work for next year.

★ ★ ★

PHI DELTA THETA

Bill Dean, junior from Lubbock, was re-elected president of Phi Delta Theta fraternity Wednesday night.

Other officers are Dewey Bryant, junior from Lubbock, vice president; Mike Lundy, sophomore from Lubbock, secretary; Woody Brownlee, sophomore from Dallas, treasurer; Bill Veshlage, junior from Belton, warden; and Mike Robinson, sophomore from Lubbock, chaplain.

★ ★ ★

ANGEL FLIGHT

Angel Flight officers for next year were elected last Thursday.

Judy Rutledge is commander for 1959-60. Judy Martin was elected deputy commander; Paula Wilkerson, secretary; Nancy Harmon, treasurer; and Judy Morton is social chairman.

Donna Pearson is drillmaster for the third year and Linda Barnhill is alternate drillmaster.

★ ★ ★

ALPHA LAMBDA DELTA

Alpha Lambda Delta, freshmen

women's honorary society, initiated two more spring pledges and elected officers Thursday.

New members initiated are Linda Anderson, Dallas, and Jane Merritt, Colorado City.

Elected to succeed Mabel Blum as president is Mary Jo McClain, Lubbock. Other officers are as follows: Jane Williams, Lubbock, vice president; Mary B. Welch, Breckenridge, secretary; Barbara Henson, Seagraves, treasurer; Shirley Wyatt, Houston, AWS representative; Barbara Woodson, Lubbock, historian; and Gail Pfluger, Eden, initiation chairman.

DEAN STERNER WILL SPEAK AT WORKSHOP

Women's dormitory officers for 1959-1960 will be oriented in their new positions by old dorm officers at the third annual WIDC Dorm Officers Workshop today from 11:45 a.m. to 3 p.m. in the Union ballroom.

Featured speaker is Dean Jacqueline Sterner. A luncheon and discussion groups will comprise the workshop. Entertainment will be presented by new legislators of Drane Hall.

Workshop chairman is Carolyn Jenkins, WIDC president. Nancy Baldwin is reservations chairman. Ann Fursman is in charge of decorations and communications and Donna Christopher is in charge of discussion topics.

'Cotton Around the Clock' Makes Final Performance

"Cotton Around the Clock," featuring clothes made and modeled by Tech home economics students was shown in a final performance at the third annual High Plains Cotton Carnival in Plainview last night.

The show was premiered in January in the Lubbock Municipal Auditorium. Some 13,000 persons have seen the show this year.

It was presented at the Cotton Ginner's Assn. convention in Dallas in April, then the show climaxed the Lorenzo Cotton Week sponsored by the Crosby County Cotton Council.

More than 50,000 persons had the opportunity to see the garments displayed at the Lubbock Avalanches-Journal Home Show, and the clothes were both modeled

and displayed at the Home Economics Open House.

The clothes are constructed according to advanced designs by Vogue Pattern Co., and the fabric was donated by the National Cotton Council.

Thetas Win Trophy

Kappa Alpha Theta captured the women's intramural softball crown by defeating Pi Beta Phi 8-7 in extra innings.

The teams, meeting for the third time, each went into the finals with one loss. The Thetas took a quick lead with four runs in the first inning. The Pi Phis tied it up and went ahead in the third. Judy Gristy scored the winning run on a double by Linda Pratt.

Tri Delts, Alpha Chis Choose Best Members

Delta Delta Delta holds a combination Pansy Breakfast and awards banquet Sunday at Holiday Inn.

Plaques will be presented to the member who has contributed most to Tech Chapter of Tri-Delta, and to the member who has contributed the most to Texas Tech. Receiving charms will be the outstanding Tri-Delt in each class.

The girl who has the highest scholarship in the chapter will receive a diamond trident to wear as a guard for her pin.

After the breakfast, the Deltas will attend church together at First Methodist Church, and then meet for a rush workshop to be held at their lodge.

Alpha Chi Omega has had its annual senior banquet for mem-

bers, pledges and alumnae.

Awards were presented to Judy Speer, Amarillo, outstanding senior member, who served as Alpha Chi president this year.

Scholarship honors were given to Yvonne Skinner, Lubbock, Joan Carvey, Lubbock, and Carol Sue Fields, Fabens.

Carnation Girl of the Month and best pledge awards were presented to Carolyn Symes, Lubbock, and Sandra Clark, Vernon.

Ginger Meyers, Dallas, was presented with the Carnation Girl of the Year award.

"A climax to the program was the presentation of gifts to Miss Anna Jo Pendleton, sponsor, and Miss Jacqueline Sterner for their outstanding service to Alpha Chi," stated Nancy Hull, president.

'CLUB 77'

A THOUGHT FOR TODAY—They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety. —B. F.

The "Committee of the 77" has probably aroused more spontaneous controversy than this campus has seen in years. Everybody is involved — the students, faculty and administration. In our opinion, the committee is one of the most ridiculous and ambiguous organizations that could possibly exist. Here are 10 reasons on which we base our comment:

1. This committee obviously has been set up to act, at least secondly, as a police force over the students and prevent anything which might result in "bad publicity" for the college.
2. Announcement of the committee was timed very poorly since there is only three weeks left to this school year.
3. The other function of the committee — to deal with natural or national disasters — seems to take a back seat to the disciplinary function, at least as far as most students and many faculty members are concerned. What can 77 faculty members be expected to do in event of a tornado disaster or similar occurrence but crawl under the nearest bed just like everybody else.

★ ★ ★

Committee Lacks Support

4. It could be an attempt of the administration to "pass the buck" to the faculty, to let the faculty absorb some of the criticism that has plagued the administration all year.
5. The committee does not have even the support of all its members. Several of the faculty have been appalled at the idea of such an organization. Some were not even consulted before being appointed and did not know they were members until the story in Thursday's Toreador. A few knew about the uprising Wednesday but refused to come to the campus.
6. Student opinion definitely opposes such aggressive action. We have not heard one student issue support of this committee. Many have denounced it, however.

★ ★ ★

Students Were Ignored

7. This committee has been organized more because of public opinion than an actual need. The dignity of Texas Tech was hurt in the first party raid and Tech, struggling to find room for one more as it is, heard a few pious individuals say that they might change their minds and not send their children here after all. We don't believe that this group is going to restore Tech's face.
8. A committee acting in this way violates all concepts of rights of the individual.
9. Student representation was completely ignored when the committee was set up.
10. The main target should be how to improve the living conditions of the students at Texas Tech, not how to make them bury their dissatisfaction and discontent and keep it quiet.

★ ★ ★

We Aren't Supporting Riots

We have a couple of recommendations that might help remedy the situation. First, take the "student demonstration" clause out of the hands of the 77 Club.

Second, if a committee is thought to be needed for "natural or national emergencies," then put some students on it. Student organization at such time is more important than anything the faculty or administration can do.

We don't feel that we have to sanction food riots and party raids in order to protest this committee. The riots and the committee are connected in operation, but in principle they can be separate.

The TOREADOR, official student newspaper of Texas Technological College, Lubbock, Texas, is regularly published each Tuesday, Thursday and Saturday morning during the two long terms, excepting holidays, by students of the College as an expression of student news and opinion only.

The TOREADOR is financed by a student matriculation fee, advertising and subscriptions. Letters to the editor represent the views of their writers and not necessarily those of the TOREADOR. Letters must be signed, but may be published without signatures in justifiable instances. The views of the TOREADOR are in no way to be construed as necessarily those of the administration.

Entered as second class matter at the Post Office in Lubbock, Texas, under the act of March 3, 1879.

Techsans Talk

Student Protests Committee

Editor,

What is the enrollment at Tech? If over 750 men represent a "small fraction of one per cent of the student body," why all the empty dorm rooms?

It's characteristic of our administration to minimize the magnitude of any student protest. They also find it easier to explain any such protest as simply "spring fever" or just "blowing off steam."

I've bought many five dollar parking stickers, which incidentally cost ten cents at Texas Western, for four years of college. I've eaten many dorm meals, and regurgitated a few, which could adequately be described as slop.

★ ★ ★

I'VE PAID THE matriculation fee which is also unfair. I feel no obligation whatsoever to attend any extra-curricular activities. Yet, I am forced to support them.

These gripes — Money, Meals and Medicine or if you like, Food Fees and Fever, — are shared by a large body of students. Many letters of protest have been published in the past, but to

no avail. Consequently, there have been disturbances. I feel sure many more students would join the Red "Pantie" Raiders if they weren't afraid of retaliation. It's not the immature students parading across Broadway, it's the one with guts enough to express their feelings in the only manner left to them.

★ ★ ★

THE FEELINGS between the administration and the student body are bad, have been bad and are getting worse. There is an atmosphere of animosity and ill-will which will continue until the student is given a fair shake.

Under the prevailing conditions I am in full support of these demonstrations. Why? Perhaps they will help the school. If they attract enough attention, maybe enrollment will drop enough to force a change in the administrative policy.

I believe the prospective student who enjoys a degree of personal freedom in deciding for himself, wouldn't enjoy the Kingdom of Tech anyway. I wouldn't recommend the school to any of my friends.

J. G.

Techsan Says '77' Is Misaimed

Editor,

Once more our administration has conquered the situation and put the delinquent student body in its place. No longer must we fear the good name of TEXAS TECH being dragged through the mud by student disturbances. Congratulations to the administration for quick and decisive action on the situation. It has assured any riots planned for next week will now be cancelled.

The administration cannot be blamed for taking action. Something should have been done. However, the dorm food situation, the names of profs on class schedules, and a DEAD dead week, in the same quick manner, would have given the student body much more confidence in the administration.

This most recent action of the administrators is disappointing in that immediate action is taken concerning matters which seldom occur, while those pertinent and pressing are "viewed with grave concern" — period. Then again, perhaps these student problems take years of deliberation before it is decided to deliberate for several more years.

It is difficult to understand why the administration does not realize that failure to offer the students more advantages can ultimately lose as many students as any riot could. Is it too much to expect action? Or can we, with regard to student problems, expect Tech to remain stagnant?

B. B.

Poor Judgment Is Charged; Start Anew

Editor,

Here we are calm and serene on the campus again. Girls dorms are open — no mass crowds await the doors. Everyone's gone home and should be doing some serious thinking.

It's hard to believe we can condemn an uprising in Bolivia because a magazine article criticizes their country, or scorn a coup in Iraq where terror and force are used. These never happen in America where people are sensible and always compromise.

★ ★ ★

BALONEY! Last Wednesday's riot was the climax of one of the biggest power-politic games seen here. It started in Sneed with a food strike (threat, show of force). A warning from the opposition threatens cancellation of a games room (threat, show of force). A counter move hangs Dean Hassler in effigy. Then, to completely throw the other side off balance, they go into a mass riot (threat, show of force). Seeing a setback, the opposing forces organize, very tactfully and timely, a "77" club to quell further disturbances — although its main purpose is for natural disasters — (threat, show of force). Of course, the main engagement followed, being Wednesday's mob action.

The riot failed along with moves to prevent it. Nothing was accomplished, damage was done, two girls ended up in the hospital along with an injured school reputation.

★ ★ ★

SOMEONE MIGHT WONDER where that great spirit of cooperation and compromise is that we condemn the Commies for lacking. Now we're back where we started, only Tech's dirty wash is hung where everyone can see it. Nobody

earned satisfaction, except those with low senses of values.

A disgusting part of last Wednesday is the way some very young and ignorant person touched off the spark — sending in a false fire alarm. All that was needed was a fire cross-town where someone was killed because of inadequate fire protection and we would have an unknown but 'sorry' criminal on the campus. As it stands, we have just the unknown criminal.

★ ★ ★

I BELIEVE The Student Council could have taken up the loss of leadership that occurred and tried to bring the students in closer with the machinery of running Tech. If they had a closer sense of being part of the college, instead of letting frustration build up by being left feeling helpless, this might not have occurred. Letting them tackle the small problems along with the administration through the various student organizations, and, even if having failed, they would know the reasons and understand the situation. This way creative energy won't be wasted.

Tech's reputation has suffered. Some students, maybe outstanding high school athletes, will think twice before coming here. The town of Lubbock won't forget that false fire alarm. Disrespect given to our college and its teachers will, unfortunately, see this in exaggerated size during their short stay.

We are back where we started. We now have the opportunity of starting anew — in more constructive ways.

Sincerely,
Jim Walsh

WILEY HONORED— Dr. and Mrs. D. O. Wiley look at the front page replica of Time magazine following dedication services of the 1959 La Ventana Friday noon. Dr. Wiley, better known as "Prof.," leaves Tech this year after 25 years of service. (Staff Photo)

Scholarships Given To Eight Engineers

Engineering scholarships totaling \$4,800 have been awarded to eight Tech engineering students by seven Texas firms, Dean of Engineering John R. Bradford announced.

The recipients, who will receive the scholarships for the 1959-1960 academic year, were named at a meeting of the Tech Engineering Society.

THEY ARE George B. Gibson, mechanical engineering sophomore from Dallas, who received the \$400 Cabot Carbon Company scholarship plus tuition; Theodore A. Dumas, junior mechanical engineer from Fort Worth, recipient of the \$500 Hughes Tool Company

scholarship; James M. Tarpley, Gladewater, \$1,000 Gardner-Denver scholarship.

Dean E. Long, petroleum engineering senior from Henry, Ill., who received the \$1,000 Gardner-Denver award for the second time; Jimmy R. Gibson, junior petroleum engineer from Lubbock, \$500 Standard Oil of Texas award; Bill Boverie of Olton, senior electrical engineer, who received the \$250 Rowan Drilling Company scholarship.

JAMES E. Steelman, electrical engineering senior from Plainview, \$400 Texas Electric scholarship; and Leonard F. Short, senior electrical engineer, \$400 Western Electric scholarship.

Adams Gets Top Office

James Adams, freshman engineering physics major from Tahoka, was chosen president of the Pre-Law Club for next fall.

Other officers are Kathy Slaughter, first vice president; John Stokes, second vice president; Jan Hemphill, secretary-treasurer; Jerry Sherrill, parliamentarian; and Bill Sherbert, publicity and historian.

The annual banquet for Pre-Law is Sunday at 7 p.m. at the Johnson House Restaurant.

Calloway Huffaker, attorney from Tahoka, is the guest speaker for the banquet.

Call for Tramps

Feature Story Wins \$50 for Cretsinger

Mary Alice Cretsinger, junior Journalism major from Graham, was awarded a \$50 savings bond by the Dallas Press Club for her feature article written in the Southwest Journalism Forum contest. Mary Alice was 1958 Toreador summer editor, and currently is Tucker, currently playing in "The

Music Man" road show and New York Yankee baseball star, Mickey Mantle. She then submitted an article contrasting the two celebrities, winning first place among 25 high school and college entries.

Mary Alice was 1958 Toreador summer editor, and currently is Saturday copy editor.

NEA Hears Dr. Hill Speak at Installation

"Risks in the Teaching Profession" was discussed by Dr. Ishmael Hill, assistant superintendent of Lubbock Public Schools, in an address to the Paul W. Horn chapter of the Student National Education Assn. at its annual installation banquet Thursday. Jerry Houchin, president of the LCC chapter of SNEA, delivered the invocation. Incoming presi-

dent of Tech's SNEA, Barbara Vandiver, gave highlights of 1958-59. Linda Hart, soprano, and Harlin Reddell baritone, provided entertainment.

Jill Jost, TSEA vice president, and Billy Joe Davis, Mr. Future Teacher of Texas for 1958-59, were recognized for honors they received at the 12th annual TSEA convention in Houston. Donald Gill,

TSEA president from West Texas State College, was also to be recognized, but he and nine delegates from Canyon were unable to attend due to the weather.

Installed as officers for 1959 are: president, Miss Vandiver; vice president, Billy Joe Davis; secretary, Jeanne Price; treasurer, Albertina Braden; historian, Peggy Harvey; AWS representative, Donna Magee; and public relations, Linda Luska and Mickey Story.

Dr. Carey Southall, sponsor of the Horn chapter, was presented with a gift for his services as sponsor and as May Teacher of the Month.

WHO SAID IT FIRST?

A column of incidental intelligence by **Jockey brand**

"GENTLEMAN AND SCHOLAR"
High praise, indeed, for any man! But did you know that the description comes from Robert Burns—who said it first about a dog? Here's the quote: "His locked, lettered, brow brass collar. Showed him the gentleman and scholar." You'll find the couplet in Burns' "The Two Dogs."

"THE MORNING AFTER"
This horrible time was first immortalized by George Ade in "The Sultan of Sulu." Here's the way he put it: "But, R-E-M-O-R-S-E! The water-wagon is the place for me; It is no time for mirth and laughter, The cold, gray dawn of the morning after!"

"MAN BITES DOG"
That's everybody's definition of news, and we're all indebted to John B. Bogart, city editor of the old New York Sun (1873-90) who first said: "When a dog bites a man, that is not news, because it happens so often. But if a man bites a dog, that is news!"

Jockey Underwear

What's true about expressions is also true about styles. Somebody always got there first. Take Jockey brand underwear. Jockey brand is made only by Coopers. Coopers invented Jockey underwear—and no copy can compare with Jockey brand for quality, comfort and fit. For underwear that feels better because it fits better, insist on Jockey brand—the original comfort-tailored underwear. You'll find it at better stores everywhere. Recognize it by the Jockey trade mark.

Downs Wins Presidency

Bill Downs, junior chemical engineering major was elected president of the Engineering Society at their regular meeting Thursday night.

David Herd, junior mechanical engineer, is vice president; Glenn Walsler, senior industrial engineering major, secretary and Bill Bo verie, electrical engineering major, treasurer.

Heating Plant Doubles Steam

Tech has accepted a low bid of \$37,270 from James E. Walker and Co. of Lubbock for additions and alterations to the heating plant which will almost double its steam-generating capacity.

Most of the construction is for a new boiler building housing a new \$193,000 boiler. The boiler is to be fully automatic in operation.

THE NEW STRUCTURE will be located just north of the original boiler plant.

Construction is expected to get underway within the next week or so and it is to be completed by Jan. 1, according to Olan R. Downing, plant superintendent.

Dudek Attends Engineer Meet

Prof. Richard A. Dudek, head of industrial engineering and engineering drawing, will attend the 10th annual convention of the National Industrial Engineering Society at Atlanta, Ga., Thursday and Friday.

ACCOMPANYING Professor Dudek, will be Richard N. Miller, engineering major from Fort Worth. Miller was elected at a meeting of the American Institute of Industrial Engineers to represent the Tech chapter at the national convention.

After attending the convention at Atlanta, Professor Dudek will meet Saturday with the National Advisory Committee at Georgia Tech concerning the research project he is helping conduct of "Disposable Versus Reprocessed Hospital Supplies."

Faculty Committee Presents Proposal

COLLEGE STATION, Tex. (AP) — The faculty committee of the southwest Conference opened its spring meeting Friday with a recommendation from athletic directors and football coaches that there be no restrictions on athletic scholarships.

THIS FURTHER indicated that proposed limit on the number of athletes that could be signed in year had failed.

It previously had been indicated that backers of the plan, designed to both economic and equitable measure, didn't have sufficient support on the faculty committee to pass the rule.

SIX OF THE eight votes are

Norman Refuses Detroit Proposal

St. Louis (AP) — Big Bill Norman, fired last Saturday after less than a year as manager of the Tigers, plans to remain in baseball. But, he said Friday, "I won't work for Detroit again."

SHORTLY AFTER the 48-year-old Norman got the ax, Tiger General Manager Rick Ferrell said Norman would be offered a job with the club.

Norman said at his home, "I'm absolutely not interested."

Lettermen Announced

Coach Polk Robison has recommended 11 Tech basketballers to the athletic council for varsity awards for the 1958-59 season and Freshman Coach Gene Gibson has recommended 11 Picadors for meritorials.

TECH LOSES six lettermen by graduation, Don Apple of Aledo, Leon Hill of Sudan, Chuck Key of Lubbock, Charley Lynch of Sudan, Gerald Myers of Borger, and Wade Wolfe of Lubbock.

Other lettermen were juniors Gene Arrington of Amarillo, Dale McKeehan of Sweetwater, Sid Seigmann of San Antonio, James Wiley of Lubbock, and sophomore Steve Lee of Cotton Center.

PRESTON DAVIS of Lubbock will receive the managers award and Gib Weaver of Kilgore a trainer's award.

Freshman numeral winners include Gene Calvert of Lubbock, Jerry Cowan of Lubbock, Marvin Henderson of Karens, Roger Henning of Mathis, Dean Horton of Lancaster, Dwayne Key of Lubbock, Vance Moxom of Borger, Del Ray Mounts of Perryton, Mac Percival of Vernon, Bill Spitzer of Lubbock and Billy Wilbanks of Belton.

necessary and three members — Arkansas, Texas and Texas A&M — already have said they are opposed to the plan.

The athletic directors and coaches also recommended a transfer rule that would cut down on so-called "tramp athletes."

Under present rules a boy with an athletic scholarship who did not participate as a freshman could transfer to another school without a vote of the conference and have three years of eligibility.

Tech Baseballers Hoping Rain Ends

Tech baseballers had their "eyes on the sky" Friday. The players were hoping the rains would stop long enough to allow them to get in a game against ACC at Abilene today.

THE RAIDERS were deprived of seeking victory number eight Thursday when rain forced cancellation of the West Texas State game. Feathers said the tilt would not be rescheduled.

IN CONFERENCE MEET

Stafford Sets Record

COLLEGE STATION, Tex. (AP) — Bruce Parker of Texas hurled the javelin 226 feet 1 1/2 inches Friday to crack his own record of two years standing and headline the Southwest Conference track and field meet.

PARKER WAS leading the Longhorns into the top spot in qualifying for Saturday's finals. Texas got 14 places in the 9 preliminaries held while Texas A&M, showing surprising strength, gained 13 spots.

Also, Baylor took the lead in the one final event held as John Fry and Buddy Tyner won second and fourth places in the discus throw for six points. Owen Hill of Texas A&M was first with a throw of 165 feet 8 3/4 inches and got five points. Alex Palmros of Texas was third and Jim Allison of Texas fifth for four points.

TEXAS TECH qualified 8, Arkansas 7, Rice, Southern Methodist and Baylor 6 each and Texas Christian 3.

Parker was wiping out the record of 220 feet 7 3/4 inches he set in 1957 as a sophomore.

THE FRESHMAN division which had six finals and six preliminaries, produced two records. Baylun Bennett of Texas leaped 13 feet 4 1/2 inches to set a pole vault record. Richard Stafford of Texas

Tech threw the discus 154 feet 10 1/2 inches to hang up the other new mark. Both came in final events.

Two freshman records were bettered but could not be allowed because of an aiding wind from six to eight miles per hour. Ray Cunningham of Texas ran the 120-yard high hurdles in 14.3 and Bob Swafford of Texas Tech did the event in 14.6. Both bettered the record of 14.7. Cunningham also ran the 220-yard low hurdles in 22.9, which was six-tenths of a second under the record. But the wind denied these boys record.

ROY SMALLEY of Baylor, Bert Coan of Texas Christian and Jimmy Barber of Southern Methodist each ran 100 yards in 9.7 which equalled the record but could not be recognized.

Hollis Gaaney of Texas ran the 100 in 9.5 in the varsity division and this tied the record but it also was not allowed.

TAYLOR JONES, the great Rice sophomore sprinter who had been expected to win both varsity sprints, pulled a muscle in his heat of the 100 and was lost for the meet.

Texas racked up 20 1/2 points to take the lead in the freshman division and also qualified for 12 places in the preliminaries. Texas A&M got 19 1/2 points, Texas Tech 14, Baylor 11 3/4, Arkansas 7 1/2 and Rice 1 3/4. Tech and Baylor qualified for 8 places apiece, Southern Methodist 7, Texas Christian 6, Texas A&M 4, Arkansas 3 and Rice 2.

TEXAS IS favored to win the championship despite the closeness of Texas A&M in qualifying and the fact that it is behind in points. The Longhorns still have some big guns to come, such as the 440-yard and mile relays and the distance races.

Corpus Broad Jumper Sets New State Mark

AUSTIN (AP) — Dudley Haas of Corpus Christi Ray flew more than 25 feet Friday to smash the state schoolboy broad jump record by nearly 10 inches.

HAAS' MID-AIR contortions carried 25 feet 1 3/4 inches before a sparse mid-afternoon crowd to highlight the state track and field meet.

Bert Coan, TCU freshman from Pasadena, set the record as a junior in 1957 with a 24-4 jump. Coan's jump then was the first time a Texas schoolboy had topped 24 feet. It also stood as the Class AAAA mark.

HAAS SNAPPED the record on his first preliminary try with a 24-8 effort and then added another half foot on his second try. His record is only a little under the national standard 25-4 1/2 but he said he thought it was the best he could do and passed up three chances to better it in the finals.

Fred Hansen of Cuero, jumping in the Memorial Stadium pit

called by many collegiate broad jumpers the best in the country, chalked up a Conference AAA mark.

HANSEN'S JUMP of 23 feet 11 3/4 compared with the 23-9 1/4 mark set in 1956 by Tommy Minter, Gladewater, now running for Baylor.

Wink raced to a new conference B mile relay record and is a strong favorite to win the title in tomorrow's finals.

CONFERENCE AAA and AA finals followed a day of Class B qualifying in which Wink smashed a 9-year-old mark.

MIKE BALLARD brought the baton home for Wink in 3:29.2 after Cleveland Robinson had put Wink into a comfortable lead at the half-mile point.

Bob Macy Defeated At College Station

COLLEGE STATION, Tex. (AP) — An all-Rice final was reached Friday in tennis singles of the Southwest Conference.

RONNIE FISHER, the defending champion, and Paul Como will meet today for the title.

FISHER advanced to the finals Friday with a 6-2, 12-10 victory over top-seeded Richard Keeton of Texas. Como got there with a 6-2, 6-3 decision over Bob Macy of Texas Tech.

MACY HAD been second seeded.

GAME WASHED OUT

The Phi Delta Theta, Chinese Bandit game was rained out Thursday. The all-college championship tilt will be played Wednesday at 5 p.m. on field one.

The Bandits are the independent champs, while the Phi Deltas won the Fraternity division.

Ceremony Set For Tuesday

A brief ceremony will be held Tuesday at 4 p.m. at the south end of Jones Stadium in which the first ground will be broken in the long-awaited expansion of the stadium.

ON HAND WILL be members of the Tech staff and many Tech friends from throughout the state who are supporting the expansion movement. Representatives of the Tech student body will be on hand including cheerleaders and football players who will hand silver shovels to key men behind the expansion who will turn the first dirt.

The Big Red band will play the famed Matador song. Loudspeakers will be placed in the stadium so that visitors can hear the proceedings.

Tech Golfers Tied in SWC Meet

COLLEGE STATION, Tex. (AP) — Gene Teter of Southern Methodist shot 1-over-par 141 Friday to take the lead in the Southwest Conference golf tournament.

DON MASSENGALE of Texas Christian, the defending champion, had 143 for 36 holes and was two strokes off the pace.

Teter was even par 70 on the second 18 to clinch the halway lead as Billy Martindale of Texas A&M came in with 72-70-142.

IN A TIE for fourth were John Farquhar, Don Kaplan and John Paul Cain of Texas Tech, each with 144.

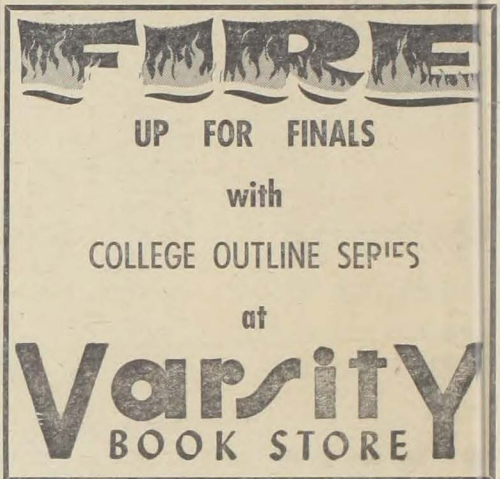

BOWL The finest in equipment and atmosphere.
