

Besancon Selected As Top Beauty By Jester

Varsity Show Announcement Will Reveal Seven Other Selections

Beverly Besancon of Seminole, sophomore in the Division of Arts and Science, was selected by Governor-elect Beauford Jester as the number one Tech beauty to be featured in La Ventana, college yearbook. The selection was made Wednesday, Dec. 10, in Austin. The seven other top beauties will be announced at the Varsity Show in the spring, according to Virgil Miers, beauty selections manager.

The trip for the 15 beauties was sponsored by Tech Chamber of Commerce, and included luncheons, dinners, and coffees given by chambers of commerce of Big Spring, San Angelo, and Fredericksburg en route. A party honoring the beauties was given in Austin Tuesday evening by Sigma Nu, University of Texas social fraternity.

O. W. Ribble, Lubbock florist, presented each girl with a corsage to match her ensemble.

After the selection, the group was conducted on a tour of the University campus, and a luncheon was given them by the Austin Chamber of Commerce. They returned from Austin Wednesday night.

The beauties who made the trip were Jo Ann Bailey, Jeanne Stovall Baker, Beverly Besancon, Dorothy Bivens, Peggy Garrison, Gloria Holleyman, Mary May Johnson, Martha Livley, Bernice Neugebauer, Earline Reid, Johnnie Mae Smith, Maureen Smith, Pat Smoot, Jerry Taylor and Virginia Towns. Pat Smilie was unable to make the trip because of illness.

Others accompanying the group were: La Ventana staff—Alice Meading, editor; Robert Pardo, business manager; Duncan Ellison, photographer; officers of Tech Chamber of Commerce—J. C. Bartlett, president; Hubert Burgess, vice president; Kay Parrish, secretary; President of the Student Council Troy Davidson; and Miers. Faculty members were President W. M. Whyburn and R. A. Mills, sponsor of La Ventana and professor of English.

ALL-CHURCH CAROLING

Student Religious Council will sponsor an all-church caroling party in the gym Monday night at 8 p. m. It will depend upon the spirit of the group whether or not they will visit homes to sing carols said Robert Baumgardner, president of the Student Religious Council, Johnnie Margaret Price will be song leader.

Tech's No. 1 Beauty

BEVERLY BESANCON

Twelve Students Are New Members Of Phi Eta Sigma

Twelve Tech students were initiated into the Tech Chapter of Phi Eta Sigma, national freshmen men's honor society, December 8, in the Aggie Auditorium, Dean James G. Allen, faculty advisor to the organization, stated. This was the second initiation service held this semester by the organization.

Students initiated were: John J. Haynes, Clator; Clarence P. Martin, Lockney; Calvin Carpenter, Sweetwater; Chester C. Jaynes, Amarillo; Kenneth Sutton, White Deer; Douglas Blackburn, Lubbock; Charles E. Bradford, Pampa; John Caviness, Whitesboro; George Gochis, Arkansas City, Kan.; Fernie F. McEwin, Denison; Joseph R. Mica, Flatonia; Clyde Minshaw, Quanah.

T. C. Root, acting Dean of Commerce Division, and W. L. Stangel, Dean of Agriculture Division, were initiated as honorary members.

A business meeting of the chapter was held and plans for activities for the year were discussed following the initiation ceremony. President Dick Copeland reported on the annual convention which he and Dean Allen attended in Iowa City, Iowa.

Clubs Celebrate Holiday Season

Dramatics Club Plans Party

Sock and Buskin, dramatics club, will have its annual Christmas party Tuesday, Dec. 16 at 7 p. m. in 202 of the Administration building, says Lucien Uphaw, speech instructor. The Christmas program will consist of Leonard Jensen reading "My Ladies' Jugler" by Anatole France, and Mary Frances Brashear reading "Anniversary" by Margaret Sangster. The group will sing Christmas carols to conclude the program.

Phi U Has Annual Affair

Phi Upsilon Omicron, national honorary professional Home Economics fraternity, had its annual Christmas caroling party Tuesday, Dec. 10, following the chapter examination, according to Katherine Nelson, club reporter.

Casa Linda Party Is Saturday

Residents of Casa Linda, co-operative house, will have a Christmas party, Saturday night, Dec. 14. "The girls plan to attend a picture show, to go caroling and to return to the house for refreshments and to exchange gifts," says Sybil Edwards, president.

CLOSES FOR HOLIDAYS

Opal L. Wood, manager of the college cafeteria, has announced that the cafeteria will close after the noon meal, Dec. 19 for the Christmas holidays.

LETTERS TO SANTA

Dear Santa Claus
I have been a good little boy for a long time. No fooling, I haven't taken a penny from the cafeteria cash register since Miss Weeks told me you might think I was bad. So please bring me a piano for Christmas. If you can, I'd like one with the usual number of black and white keys.

Love,
Troy Davidson
Dear Santa,
Please bring me a black wig and a new set of false teeth. If you have this, put the nut-cracking teeth on the left side, cause I'm naturally left handed. I don't know if I'm what you would call a good boy, but none has caught me doing anything I shouldn't.

Love
Jim Humphreys
Dear Santa,
I don't want anything this year, but would you please get Phil Spitzmy another solist—namely me? And please, Santa, don't forget me just because my partner, Sue Son, hasn't done her home work like she should.

Love
Jamie Trainer
Dear Santa Claus,
You cute boy you, would you do me an extra nice favor for Christmas? I'd love you immensely. Dimples, I want you to scatter boys all over this campus when you come around. Not just any boys, but those who appreciate my beauty like "Chuckles" Jester does.

Love and Kisses
Beverly Besancon
Dear Santa,
Not only have I been a good boy and diligently maintained my 2.74 grade point average, but my voice is deep like yours which should rate me special consideration. All I want is a red tape remover which I can use when needed to clear the way for the Engineering show next spring.

Pleadingly,
Jim Wanner
Dear Santa,
Having been the subject of ridicule several times for falling on my face while making an end run, I wish you would bring me some double-grip, slip-proof, patent leather sneakers to wear during intra-mural football games. (The patent leather is to dress them up while I keep firm footing on the dance floor.)

Love
Doug Coker

Maxine McCollum Wins First Prize At Talent Show

Maxine McCollum's impersonation of Betty Hutton and rhumba tap dance won the \$10 first prize in the Texas Tech talent show which was held last Saturday. A trio composed of Lamar Jackson, Don Lummus, and Milton Butler placed second with its rendition of "Rocking Chair" and "Blue Skies." Maida Claiborne won third place singing "The Man I Love." Dorothy Carmack, who sang "Old Black Magic," placed fourth; and Winstead Layman sang "You Keep Coming Back Like a Song" to win fifth place. Local stores donated merchandise for those winners.

Other singers were Joe DePauw, Sue Son, Marvin Hudson, and Billie Gilmer. Jim Thomas did a cake baking act in his role as magician. Dancers were Corrine Kennedy and Joe Miller, and piano solo numbers were given by Pee Wee Lynn, Carolyn Cole, and Nina Potts.

Joe Burson, instructor in the speech department, John Harding, assistant professor of economics and business, and Arnold J. Pendleton, head of the speech department, were judges at the show. Burton and Harding are faculty advisors for the Varsity Show, which will be in April, 1947, according to Jamie Trainer of the Varsity Show committee.

"All Varsity Show scripts must be in by Jan. 15 so we can start practice," said Trainer. "Roles will be given when the script is approved."

HOME FOR HOLIDAYS

Willa Marie Whyburn, daughter of President and Mrs. W. M. Whyburn, will arrive in Lubbock Dec. 23 to spend the Christmas holidays with her parents and brother.

We Dream Of A White Christmas While "Little Gus" Goes Hungry

By MARY KING
Treador Staff Writer
"Little Gus" was what everyone called the hard-working little Greek boy who got his B. A. in Economics from Tech in 1932. It now appears that the trite old story about the starving Greeks has come home to Texas Tech by way of "Little Gus."

This is a letter received by the editor of the Treador:
Patras, Greece
October 26, 1946
Dear Editor:

Will you be kind enough to publish in our beloved newspaper, "The Treador," the following message from Gus Dallas, 1932 graduate of Texas Tech:
My dear fellow classmates of 1932, I greet you all warmly from far across the seas. No doubt all of you remember me when we attended Tech and possibly most of you remember me even prior to that period when I attended Lubbock High School.

In 1932 when we finished our college career, we separated one from another traveling here and there looking for positions in this hard world of living. Certainly we were separated but never stopped thinking and deeply down in our hearts feeling for each other, and this time each of you will respond to an appeal which I will make. When the Germans and Italians in 1941 unfortunately invaded Greece, they burned my home and took everything that I had and I was left in a very, very poor economic position. I have no one here to assist me. I am married with two children. I take, therefore, fellow classmates of '32 the authority to appeal to you to give me any assistance in reconstructing the ruin which the barbarians brought to me and the rest of the world. A small check mailed directly to me from each of you would relieve me lots. Also, a package containing some clothing, shoes or anything else that one may have to spare would be greatly appreciated.

Thanking you in advance for anything you may do for me, I am Truly yours,
Gus Dallas
P. S.
My address is: Mr. Konstantinos A. Dellis, Kato Kiforia, Greece

Students Choose Four 1947 Class Favorites

Two Baldwins, Stine, Hinchey Win Elections Held Tuesday

Election of class favorites to be featured in La Ventana for 1947 were held Tuesday afternoon. Lotta Bess Baldwin, senior Journalism major from Lamesa was elected by secret preferential vote. Others were elected as follows at the class meetings: June Stine, Junior Journalism major from Archer City, Mary Jane Hinchey, Sophomore History major from Lubbock, and Carolyn Baldwin, Freshman Arts and Science student from Lamesa.

Other students in the election were the following: Seniors, Jamie Trainer, Ben Green, Panze Butler, and Lometa Hodge. Juniors: Pauline Lokey, Loy Catherine Barnett, Jean McGregor, and Hoppy Maas. Sophomores: Mary Jane Stucker, Martha Harris, Joan Nislar and Jayne Thompson.

Freshmen: Mary Alice Christian, Patty McDonald, Beverly Holt, Polly Gossett and Jean Schuler.

Over 800 Students Register In Tech Blue Cross Drive

Over 800 students had signed up with Blue Cross by 4 p. m. Wednesday afternoon, George A. Walters, regional director, announced. Walters also said that four Techs are already in hospitals receiving coverage under the plan.

The regional director stated that all other divisions 85 in number were watching Tech this week to find how enrollment was going. "Already," he said, "other colleges have applied for coverage. Tech being first, naturally throws the spotlight here."

Harley West, enrollment director for Group Insurance, visited the college Thursday, Dec. 5, and said that he was elated over interest in the plan.

"Naturally," said Walters, "the first and last days were the best for registration."

Geology Frat Has Initiation

Alpha Beta Chapter of Sigma Gamma Epsilon, national Geology fraternity for men, held an initiation Dec. 3 at a banquet in the Hilton Hotel.

New Members initiated were: G. J. Cadra, J. L. Gamble, J. W. Puckett, Marshal Mason, Alan Nelson, Bill Nugent, Charles Perusek, Marshal Pullen, Keith Wells, Wendell Woods, Neil Walker, and Carl Gooden. Wann Langston was initiated as a associate member. Other associate members are Dr. Leroy T. Patton, and Dr. I. P. Tolmischoff. Faculty sponsor is Dr. W. I. Robinson.

The club will take a field to Carlsbad Caverns this weekend. The group will make a special tour of the caverns to study geological features and processes.

Whyburn Becomes Member Of Philosophical Society

Dr. William M. Whyburn, president of Texas Technological college was nominated as a member to the Philosophical Society of Texas at a meeting in the Baker Hotel in Dallas, Saturday, Dec. 7.

The membership of the society is made up of Texans who have achieved eminence in any field. Fleet Admiral Chester A. Nimitz became a member during the war and Gen. Dwight D. Eisenhower was named a member at the last meeting.

Dr. Pat I. Nixon, San Antonio physician, was elected president to succeed Dr. L. H. Hubbard of Denton.

Cunningham Is Honoree At Autographing Party

Dr. A. E. Cunningham, professor of English, now on leave, will be given an autographing party at the Varsity bookstore tomorrow from 3-6 p. m., according to Mrs. Charlotte Gaylord, manager of the general book department in the bookstore.

The party, which is in honor of Dr. Cunningham's new mystery book, "One Man Must Die," is the first function of this type that Lubbock has had, Mrs. Gaylord said. Dr. Cunningham will autograph all copies of his book that are bought, as well as any of his previous 10 mystery books.

Mowery Takes AH Students On Judging Field Trip

Ray C. Mowery, head of the Animal Husbandry department, and 33 members of the Advanced Livestock Judging class leave Dec. 14 for a field trip.

The field trip includes the inspection of show herds and practice judging at Snyder and Merkel. The members of the class will judge the Southdown flock of Chester Hollingsworth, vocational agriculture instructor of Merkel.

Craddock Announces Plans Of Textile Touring Trip

Maxine Craddock, sponsor of the Textile Engineering society, has announced a tentative schedule for the annual textile touring trip to be made Easter. This year the group plans to visit textile mills in Fort Worth, Dallas, Waco, Austin, San Marcos, New Braunfels, San Antonio, and Eldorado.

At a meeting Tuesday night the society discussed plans for a selling project which will finance the trip. Looms have been set up and in a short time finished products of the following will be available: diaper cloth, buck toweling, chambray, terry towels, handkerchiefs, narrow sheeting and duck.

Texas Tech Bands Present Concert

The Texas Tech bands, under the direction of D. O. Wiley, will present their thirteenth annual Christmas concert at 3 p. m. Sunday in the Tech Gymnasium.

The outstanding feature of the concert will be the first public performance of "Christmas Fantasy" written by Charles Wiley, Tech student, and Robert Dorough, former Tech student.

Soloists for the afternoon will be John James Haynie, cornet, and Grant Sharmar, trombone. Guest directors, composed of band majors, will be Vic Williams, Mary Lou Stewart, and George Mayes.

The program for the second year, under the direction of J. W. King, Jr., will include "March-American War" by Henry Fillmore, "Overture-Student" by Sigmund Romberg; Selection—"Cavaatina" by Joachim Raff; March "El Caballero" by Joseph Olvadiotti.

The concert band will play: March—"Simbolo" (Cuban march) by Lois Casas; "Entr' Acte" from "Orestes" by Taney; Cornet solo—"Grand Russian Fantasy" by Jules Levy, played by Haynie; "Legends of Spain" by Lois Reynaud; Trombone solo—"Atlantic Zephyrs" by Simeons, played by Sharmar; "Christmas Fantasy" by Robert Dorough and Charles A. Wiley.

Young Announces Civil Service Jobs Awaiting Aggies

Twenty positions are open to applicants through the U. S. Civil Service Commission. A. W. Young, head of the Department of Plant Industry, said today. The examinations, Young stated, are for Junior Agricultural Assistants to fill vacancies at \$2644 per year in Washington, D. C. and in the States.

The positions to be filled include Agricultural Bacteriologist, Agricultural Economist, Farm Management Supervisor, Geneticist, Animal Husbandman, Home Economics Agronomist, Horticulturist, Aquatic Biologist, Plant Pathologist, Biologist (Wildlife) Plant Physiologist, Botanist, Poultry Husbandman, Dairy Husbandman, Soil Conservationist, Dairy Manufacturing Specialist, Soil Scientist, Entomologist, and Zoologist (Parasitology).

Application cards 5000-AB can be secured through the local Post-office. Young said and must be sent to the Civil Service Commission, Washington, 25, D. C. This application must be received in Washington, D. C. not later than Jan. 2, 1947.

LIBRARY GETS NEW BOOKS

Addition of 270 volumes to the Library during October was announced Wednesday by A. S. Gaylord, librarian.

The following officers were elected: Mary Platt, chairman; Ruth Ann Febr, secretary; Naomi Duff, reporter;

All sophomore, junior, senior and graduate students majoring in foods and nutrition are eligible to become members.

December Room, Board Is \$47.50

The major gripe these days on the campus is payment of that \$47.50 for only a part of December when the same amount is paid for months when there is no vacation.

In September when school didn't start until the 10th there was a deduction of \$10. This month, with school out on the 19th, there is no deduction.

School officials declare monthly payments are merely installments on what is due for the school year, and has no bearing on how many days of school there are in any specific month. How about that September deduction?

Certain persons in the administration refer all gripes to the catalogue provisions dealing with installments on room and food. The same catalogue rule also says no changes in rates will be made without due notice to the students, a phrase apparently not carried out when rents went up.

It would seem to us there would be less griping if everything was made clear in advance about dormitory rules, instead of so much dictatorship and interpretation to suit the fancy of certain officials, without regard to the interests of the students.—L.B.B.

How Your Library Sees It . . .

After our voluminous editorial last week giving some students' observations and criticisms about the Library, we (editorial WE) were called upon the carpet inside the head librarian's office and with the chairman of the faculty library committee and a representative from the student council, enjoyed an enlightening discussion getting a few facts straight and shattering some opinions.

We all agreed that students have a right to gripe, discuss and ask questions about the status of any situation on their campus. We also agreed that matters are often different from what they seem on the surface.

So here we go with a few FACTS about our library:

I. No one but the student with his own library card may check out a book. If you lose yours show your registration business office receipt at the library and get another one.

II. Reserve books are made so by the instructor who assigns them. Professors—who change their minds about what you should read from year to year, making it difficult to order enough books for a whole class each semester—should assign the books far enough in advance that all the members of a class may read them. You are given a three-day chance to get an overdue book back to the library before you are fined, the librarian stated. Library assistants phone students in time to avoid your being fined. This is a new policy and has not yet become known to all students.

III. Another new policy is that all graduate students upon request of department head or research advisor are issued stack permits. Under graduates may receive temporary stack permits when professors help students make out bibliographies so that the library assistants can tell at a glance what the students need.

Our library is run like all the other college libraries serving a school as large as ours. But plans for the future will make ours singularly different. All the present faults and future plans are dependent upon that "same old story"—MONEY.

A. As soon as enough money is secured, the library will be departmentalized with the books on shelves where the students may browse. No money is available at present for additional shelves to hold the books and to pay the additional assistants to keep the books straight and answer questions.

B. If we had enough funds at present, the card catalogues would be brought up to date and there would be more assistants to speed up service rendered to the students.

We all then agreed that it was better to cause some attention to be directed towards the library, even if it was the opinion of students which are often prejudiced and misinformed.

The head librarian stated that he would talk with any students who would come in with a problem. He offered the Toreador staff access to all his books and blueprints. He can prove that his main problems are lack of experienced student assistants because he cannot afford full-time graduate librarians as well as lack of thorough library instruction to students and professors, who still send students to the library without all the necessary information needed to get the right books.

It is only fair to give both sides of the question. Perhaps we accomplished our purpose of bringing to light some student problems and questions and getting answers. Perhaps we wasted space and found only another department which needs more money.

If you ever have any library questions, write them in letter form to us and we'll find the answers. Or as we said last week, "How Do You Feel About Your Library?"

Letter To The Editor . . .

Before tearing down anything I usually try to build it up a little, so here goes, being a loyal Techian and having paid my student activity fee I read your paper every week. I am pleased with the policy should be, that is except for one minor item. I use the term "minor" in connection with it because it just fits the people who write the column.

To think in those terms. This gossip is about as worthless as one of my personal checks, and as already stated it contributes absolutely nothing to making the standing of our school in the eyes of outsiders. Why not replace it with a weekly book review by various faculty members or something that improves the intellect of your readers. Well, having had my chance at freedom of speech and press, I am hoping this letter will be published.

Letters To Editor . . .

Madam: It is a pity that there is no large city paper in Lubbock which Tech students might read. Since this is true, however, it is even worse that the Toreador is insufficient and unaccommodating, and in the case of the editorial (unsigned) about the library in last week's Toreador, highly inaccurate, uninformed, and malicious.

Furthermore, anyone who has been so inconsiderate as to allow fines to be exacted on his friend's breakage deposit, might reasonably be expected to have the common decency to repay the friend this amount. This, however, is so obvious that we are reluctant to point it out. The fine rates are not set up for the purpose of collecting money; they are a punitive measure to insure the return of books for the use of other students who need them just as badly.

hardly reason that he should be allowed to deface public buildings and destroy the efficiency of public services, merely because he, as well as his parents, pays taxes. 5) Any graduate student who has a real need for a stack permit will, upon the completion of several very simple requirements, be issued a stack permit. The "sad experiences of the past" contained in the mimeographed letter which the Toreador speaks of, were not fairly tales. They were cold facts! Let the Toreador carp as it may, facts are facts, and no reasoning person will attempt their denial.

Let it be stated now that we present no case for the library in many aspects of its operation. We hold for our own case, that of truth and accuracy. Let us consider, point by point, the attack made on the library:

After all, democracy demands consideration of the other fellow's rights.

As if the Toreador had the right to deny the use of textbooks, let them cite instances of this. We are all advanced students in English and have, as such, probably used the library more than most, and at least as much as any. We have as yet to be denied the use of any book in the library. Perhaps someone else was using "Tech's books" when the hypothetical "advanced students" were denied them; what a pity! Any instructor who has revised his "outlined subject matter is certainly offering a lame excuse or passing the buck to the library if he uses the library's facilities as an alibi. And the books "gather dust" simply because there are more students ready to tilt at windmills and waste their time with the stringing together of untruths and inaccuracies, than students seeking an education.

1) It is not true that "Only Tech students with a library card on his (sic) person (sic) may check out a book." Special cards may be obtained by any person, "Tech student" or not, who wishes to check books from the library. Furthermore, there is no charge made by the Business office or by any other person for a duplicate library card. Miss Flossie Burkholder will confirm this information. The rule is not to keep only "non-Tech students" from carrying off books—it also serves to keep Tech students from the same action; levels of petty thievery probably run about as high in college as in other walks of life. It is definitely not the policy of the library to let any person use any card other than his own; there may be occasional miscarriages through the failings of barkeepers, overworked assistants, but such is certainly not the policy of the library officials. And, if anyone feels so strongly about the "unfairness" of using his friend's card, may we suggest the simple expedient of refraining from the practice and thus sparing his conscience.

4) Texas Tech has, at the present, a student body exceeding six thousand. While not all of the student body would, or could, for that matter, gather in the stacks at once, it is reasonable to assume that at times there might be four or five hundred people trying to move about in space that would be crowded and inconvenient for twenty irresponsible students, and there are many such, as witness the destructive writing on desks, walls, etc., that is seen everywhere on the campus, would constantly shift books about, misplace them, damage them and, in short, completely destroy the library's usefulness. It is necessary that "the majority of the students should be inconvenienced because a few individuals might harm a book," in order that efficient service may be rendered by the library. Even the most ingenious of illiterates would

Raiders Win Home Basketball Opener Over McMurry 62-56

Game Decided In Closing Minutes

By JOHN HASSON
Toreador Sports Writer

The Texas Tech basketball team, making its first home appearance Monday night before an all-student crowd of 2,000 fans staved off a second half rally by the McMurry Indians for their first win of the season by a narrow margin, 62-56.

The Raiders got off to a fast start, building up a comfortable lead in the first quarter and added to it before the half ended.

Coach Earl Huffmann, using a unit substitution system, removed the starting quintet in the second quarter and from that point it looked as if the Raiders were going to coast in. Everybody on the team was hitting the basket freely.

At halftime, center Wayne Bowles led the Tech squad in scoring with eight points each followed by Jay Kerr and Garland Head with six points. The halftime score was Tech 40, McMurry 26.

In the second half, however, the situation was reversed. The Raiders, who seemed to be able to work the ball down the court and score practically as they pleased the first half, started cooling off in the third quarter and the scrappy Indians seemed to get their bearings and began to hit the basket from every angle.

The Indians, coached by Jerome Vannoy, a student at Tech in 1934-35-36, came here with a string of five victories without a defeat. However, fouls and lack of good replacements ruined the Indians' chances to go ahead in the game.

Three of their players fouled out in the last five minutes of the game and their replacements weakened the team.

Leading scorers for the Raiders were Wayne Bowles and Garland Head with 14 points each. Top scorer of the game however, was center Donald Loyd of the Indians with 22 points on 11 field goals, followed by Herschel Kimbrell with ten points.

Kimball, the highly regarded Abilene freshman, was closely guarded throughout the game and did not get many scoring opportunities.

Coach Huffmann substituted freely throughout the game. He used two complete teams most of the time, one team composed of center Wayne Bowles, guards Garland Head and Jay Kerr, forwards Gene Hardey and James Hill. The other team was made up of center Eugene Gibson, guards Ardis Barton and Clayton Roberts, forwards William Banks and Roy Williams. Bill Kelley and Winston Churchill also saw some action.

Any old beaten-up football team want to play in the Annual Sun Bowl classic?

Texas Tech didn't choose to accept their bid (or any other for that matter); Hardin-Simmons turned them down for an engagement in the Chili Bowl at San Antonio Jan. 1; New Mexico planned a busy schedule by meeting Hawaii University, in Hawaii Dec. 21 and will fly back to play Fresno State in the Harbor Bowl, San Diego, Calif., on Dec. 28; Arizona was busy elsewhere—so the El Paso promoters turned up with Virginia Polytechnic Institute vs. Cincinnati.

There is a slight rumor that three thousand bucks is a mite on the light side for any Border conference team to clear for a month's extra work after a hard schedule.

Tuesday's announcement that Frank Kimbrough received the "axe" from Baylor officials brings us to mind that "pressure" can go a long way toward putting the "axe" on almost any football team in the country. We'll predict that ANY outfit that takes the EX-Baylor coach into their fold will be mighty fortunate. His record as a football coach at Amarillo Junior college and Hardin-Simmons is a true indication of the type of coach he really is.

He went from several successful seasons at Amarillo to drag the H-SU Cowboys out of the low levels into a scrapping outfit that paid off—in wins and finances—without even very good high school material.

Personally we are STILL in favor of the OLD college spirit where, "Smile when you mention the three defeats the Raiders suffered this season, parden, we beat West Texas,"—instead of—"Kill the coach and all the players, we lost three games!"

However we have figured out a system whereby everyone could be made happy at every football game. Each "pressure group" be allowed a place in the grandstand equipped with a walkie-talkie. As each game develops they could hold a quick strategy check and radio their results to the home team center, carrying a receiving set under his left ear. Hence, when the coach sends in his prize punter, and the "game board" doesn't agree that to kick would be the best policy, they could negate the order, return the substitute to the bench and proceed with their idea of how to roll up the points the easy way. In case any coach tried to object to this petty meddling in his affairs, "The axe, the axe, the axe, na-na coachie, we hold the contract."

Let's be democratic, organize the pressure bodies, and run the team right. And make sports writers chairmen!

We feel as out of place at a tea party as would a woodpecker in a petrified forest.

It was Will Roger who said "Everything is funny as long as it is happening to somebody else."

Reds Get Crack At Border Loop Quint Saturday Night

Tech's Red Raider courtmen left Thursday for Arizona to open the 1946 Border conference basketball play with two games slated on the swing.

Saturday they meet Arizona State at Tempe and move on to Arizona State at Flagstaff Monday night. This trip will mark the last conference games before Jan. 9 when they play Arizona of Flagstaff here.

Coach Huffman has spent a busy week working the members of Tech's football squad into his lineup this week as several of the gridgers will be used this season.

Traveling squad for the trip will be virtually the same as the one playing in Oklahoma last week with a few changes. Harry Lutrick, who has shown good form on the court this season will possibly miss the Arizona trip due to illness. He is a freshman student from Abernathy.

Bob Lofland has withdrawn from the squad this season.

Coach Huffman had not definitely decided on his travelling squad Wednesday night. Probable

All-Opponent Eleven Picked By Red Raiders This Week

Students Have Two Games To Determine Ticket Sales

Tech students still have the opportunity to 'hog' basketball seats, according to the recent ruling made by the Tech Athletic Council.

The next two home basketball games, to be played here Jan. 9 and 10 against Arizona State of Tempe and Flagstaff will determine whether or not tickets will be offered to the general public and students who have not purchased activity books.

squad members making the trip however may include: Wimpy Hill, Winston Churchill, Clayton Roberts, Ardis Barton, Gene Hardey, Garland Head, Jay Kerr, William Bowles, Eugene Gibson, James Kerr, Red Williams, Bill Kelley, Ernest Hawkins and Tuffy Nabors.

The Raiders will enter the Houston Post Invitation tournament Dec. 20 and 21 before resting during the Christmas holidays.

Rice, H-SU Each Place Three Men

Rice and Hardin-Simmons players dominated the 1946 Tech all-opponent team with three men each as chosen by the coaching staff and released by Clark Schooley, publicity director.

Arizona placed two men on the team and Oklahoma A. & M., Texas A. & M., and New Mexico one each.

The complete squad follows:
Ends: Neil Armstrong, Okla. A. & M., Wendell Williams, Rice.
Tackles: James Winkler, Texas A&M; Harry Varner, Arizona.
Guards: Weldon Humble, Rice; Al Milch, Hardin-Simmons.
Center: "Red" Cleveland, Hardin-Simmons.

Quarterback: Al Johnson, Hardin-Simmons.
Back: William Penn, Arizona.
Back: Huey Keeney, Rice.
Back: Lou Cullen, New Mexico.

TECHSUN ELECTED

Marion Baumgardner, freshman agriculture major from Wellington, was elected vice-president from the North West Texas conference to serve on the 1946-47 Texas Methodist Student Movement council. Marion was installed at the Texas Methodist Student conference held at First Methodist church, Hillsboro, Texas, Nov. 29-Dec 1. Rev. Cecil R. Matthews, Lubbock Wesley Foundation director, remains conference dean.

Techsuns attending the conference were: Johnnie Price, Galen Carr, Zackie Reynolds, Anna V. Moren, Ann Casner, Lenora Lowe, J. A. Hall, Sue Lynn Guthrie, Mildred Young, Betty Faye White, Joe Neal Hindman and Mrs. Cecil R. Matthews.

Tech To Face Another Tough Grid Schedule In 1947

Three Southwest Conference Teams Signed; One More

Looking forward to the 1947 football season schedule again finds the Red Raiders facing some of the nation's toughest grid foes.

To date three of the Southwest conference schools are lined up with negotiations for another game underway. Rice, Texas A. & M., and Baylor are definite foes for next season with final plans for a possible fourth as well as game dates will be settled at the Southwest conference officials' meeting in Dallas today and tomorrow. S. M. U. and Texas are possible opponents.

Next week Border conference officials will meet in El Paso to boil down that loop's schedule. Four teams, New Mexico at Albuquerque, West Texas, Arizona and Hardin-Simmons, here have been agreed upon with one other school to be added from that circuit to the Raider schedule. Denver Pioneers will also meet the Raiders next season at Denver, while Coach "Buddy" Brothers will bring

Four Raiders Picked By Arizona On Their All-opponent Team

Four Texas Tech football players were included on Arizona University's 1946 all-opponent team, according to Don Phillips, Director of Athletic Publicity at Arizona.

Those players named by the Arizona squad were end Joe Smith, guard Floyd Lawhorn, center Roland Nabors and fullback Ed Robnett.

Only other team to place more than one man on the team was Hardin-Simmons with Al Johnson, "Doc" Mobley, and Earl Rowen.

Three sets of American Presidents have had the same last names. They are John Adams and John Quincy Adams; William Henry Harrison and Benjamin Harrison; Theodore Roosevelt and Franklin D. Roosevelt.

It's the first of the month—
every few days.

The first few days of the month were once a time of feverish activity for telephone accounting personnel. In that short period millions of telephone bills had to be prepared, checked and mailed. But the Bell System accounting staff, seeking to level off this work peak, found a practical solution.

It's called "rotation billing." Now in our accounting departments, a new month begins every few days. Accounts are divided into six or more

even groups, each with a different billing date. This spreads the work evenly and eliminates the old last-minute rush.

This special problem, solved by telephone accountants, is typical of those which often confront management in the many branches of our business. They present a stimulating challenge to the young men with initiative and imagination who will find just such practical solutions... young men who find telephony an exciting and rewarding career.

Kligman Will Play At Xmas Dance For Aggies Tonight

Aggie club will hold its Christmas dance tonight Friday, Dec. 13, in the gymnasium, according to Bob Armstrong, club president. Phil Kligman and his orchestra will play, Armstrong said, adding that tickets are on sale for \$75 in the Aggie club office.

Armstrong announced a called meeting of the club January 7, 1947 for the nomination and election of officers for the spring semester. All members of the club are asked to attend.

James Gunter, senior animal husbandry major from Claude, discussed events at the International Livestock judging contest in Chicago Nov. 30, in which Tech judging team placed fourth, with Nathan Allen, senior animal husbandry major from Big Spring, ranking highest in the entire contest.

Attempts are being made to organize the Tech Roddo Association, which will make plans for the spring rodeo according to Ed Hughes, junior agriculture student.

Social Clubs Give Christmas Parties

Five of Tech's Social clubs are celebrating the holiday season with special functions. They are as follows:

DFD
DFD, girls' social club, will hold its Christmas function tonight from 8:30 to 12:00 at the Larrimore dance studio. Members, pledges, and their dates will attend. Special guests are to include Mr. and Mrs. J. N. McDonald, Misses Annah Pendleton and Marty Poindexter.

V.V.S.

LETTER TO EDITOR—

(Continued from Page 2)

The Toreador says, "you can think of others" (faults); certainly there are faults, but apparently the Toreador was unable to think of any real ones; e. g. 1) The library is dreadfully handicapped by the lack of funds to hire a sufficient number of student assistants and library and; 2) the loan desk, at present, is far too small for the congestion at rush hours; 3) the library should remain open on Sundays; 4) an excessive amount of noise and confusion raised by irresponsible students disturbs those students genuinely desirous of studying.

Even the most uninformed student is well aware that the Toreador is not widely noted either for its accuracy or for its journalistic excellence. The matter discussed above is no isolated instance. Practically every issue of the Toreador will reveal evidence of some such bungling. Since this is the publication of the student body of an institution whose ideal is the pursuit of truth, let its publication reflect the same ideal.

Madam, this letter requires more than mere printing in your columns; it requires a full and complete answer and an apology to the library.

Very truly yours,
Sylbe Brown
Joe H. Anderson, Jr.

EDITOR'S NOTE—For the benefit of these advanced English students who work in the library building, we would like to state that any editorial printed by any paper without initials is supposed to be that of the editor. Since we did not point out every specific gripe we had about the library and you disapproved, we ask you to point out examples of the Toreador's mistakes week by week, which you mention. However, you might remember mentioned. However, you might remember that we too are working with student reporters, who have had no experience and there is a shortage of newsprint which forces us to leave out some details. To settle your nerves, read our editorial this week, which is more of a howling note to personal mistakes than we imagine you would do.
