Movie Strike Is Averted As Wage Hike Is Granted

35,000 Technicians To Remain On Job; Increase Effective To Feb. 15

HOLLYWOOD, Nov. 25 (AP)—A strike of 35,000 motion picture technicians which threatened to plunge the nation's theatres into darkness along the studios, was averted today when producers agreed to a 10 per cent wage increase.

A stipulation that the increase would remain effective only until next Feb. 15, when the wage question would be reopened for consideration, was accepted by officers of 24 AFL unions of studio craftsmen.

On or about Feb. 15, 1940, you will give us an opportunity to show you that the conditions of this industry makes a continuance of wage increases impossible, and further to show you that we have taken every possible step within our power to readjust our business so as to make it possible to continue without recalling these wage increases," the producers stipulated.

Should the operators be able to demonstrate their inability to pay the higher scale, they specified the unions would surrender the 10 per cent wage increase, which is to be effective to last October 10 and affect 23,000 studio employees, together with increases granted 12,000 other craft union members since last August 15.

Otherwise, it was agreed, the wage matter will be submitted to three arbitrators whose decision would be accepted by both the producers and the unions as final. Announcement of the strike settlement came after officers of the studio unions had met with William Bloff, western representative of AFL movie craftsmen, to consider their strategy in view of last night's announcement that a strike call would be issued today.

A statement from the union conference that the producers had capitulated to all our demands" was followed by announcement of the producers' reservations and later of their acceptance by the craftsmen.

Investigates Rumors Belligerent Warship In Chilean Waters

SANTIAGO, Chile, Nov. 25 (AP)—Deteras Minister Guillermo La Barra said today he was investigating the possibility that a belligerent European nation was maintaining a warship equipped with planes somewhere in the maze of bays and channels off the southern Chilean coast.

He said the investigation began after a "mysterious, camouflaged plane" landed at Port Natales near Punta Arenas Nov. 16.

Tavern Owner Suicides After Killing Family

SALT LAKE CITY, Nov. 25 (AP)—A tavern owner strangled his wife and three children, then crushed their skulls with a hammer and committed suicide today in his South Salt Lake home.

It was "quadruple murder and suicide," declared Justice of the Peace Arthur B. Bringham, acting coroner, after inspecting the blood-spattered living quarters of the Grant F. Wentz family, located on the second floor of the inn.

Wentz, 35, formerly of Provo, Utah. Mrs. Anton Angus Wentz, 27, his wife. Delena, 7; Marie, 6, and Barth, 5, their children. A 19-year-old waitress, Ming Toy Franche, found the bodies when she came to work shortly after 8 a. m. today.

BRITISH DESTROYER GOES DOWN AFTER STRIKING A MINE

The half-submerged wreckage of the British destroyer Gypsy is shown above after it had struck a mine off the east coast of England. Forty men were missing and 21 injured. Submarines and mines accounted for the war's most disastrous week of shipping, 71,240 tons having been lost. Germany supplemented the sea warfare with an aerial attack on British ships Saturday.

Next Session Due To See Demo Peace

WASHINGTON, Nov. 25 (AP)—Developments indicate that there will be some intense battling in the next session of congress. But, looking the issues over, administration supporters see reason to expect that the warfare will not find a democratic fighting democrat to any great extent.

They earnestly hope that this may be the case. They frankly want a session notable for its shortness and its sweetness, so far as the members of the party are concerned. That, they think, would help produce a united democracy to meet the republican foe in the campaign of 1940.

Each is of a character which on its past record seems more likely to pull the discordant factions of the party together than to divide them. That is, they are issues on which, in the past, the anti-new deal democrats have generally seen fit to support the president's position.

Beyond them, lie the issues of See DEMO PEACE, Page 12, Col. 5

Light Snowfall Over Westex

By the Associated Press

Light snows were reported in Texas Saturday as temperatures divided downward after several days of balmy weather.

Odessa reported the "first sizeable snowfall of the winter" in the South Plains, while a light snow and rain totaling a tenth of an inch visited Midland.

Lowest temperature of the day was at Borger, 28 degrees.

The snowfall in the South Plains lasted five hours and extended east to Big Spring. The flakes remained on the ground at Brownfield, Seagraves, Andrews and Seminole to the north of Odessa and benefitted winter grass. Temperature at Odessa was 36 degrees.

A cold norther accompanied by cloudy skies blew into Paris and sent the mercury down to 34. A minimum of 40 was forecast for Austin Sunday. Fort Worth had a low of 39 but the forecast was for slightly warmer weather Sunday.

On the Gulf, Galveston awaited a forecast of cooler weather. In Big Spring overcast skies and 35 degree weather brought first snow of the season for three hours Saturday. It melted as fast as it fell and precipitation was only .03 of an inch. The weather change failed to break a calm that has stilled windmills and windcharges, creating water shortages on farms and ranches and exhausting power reserves in batteries.

Weather WEST TEXAS—Cloudy, probably occasional rains Sunday and Monday. Warmer Monday in west and north portions Sunday. EAST TEXAS—Considerable cloudiness Sunday; Monday occasional rains, slightly warmer in interior. Moderate northeast and east winds possible.

Postal Workers Stage A 'Love Feast' With Congressman Mahon

200 Present For Annual District Get-Together

Postal workers of the 19th congressional district congregated in Big Spring Saturday night for their annual banquet and get-together, and had as honor guest and principal speaker their representative in congress, George Mahon of Colorado City.

Admittedly a "love feast," the affair took on the aspects of an old-time friendship revival as everybody praised everybody else and honors were passed around so promiscuously that nobody got slighted. And there were about 200 at the gathering in the Settles hotel.

Mahon himself spoke briefly and informally—as did everyone else on the program—and dwelt with his usual oratorical charm on such diversified subjects as friendship, how to grow old gracefully, the challenge of governmental service, West Texas as the greatest country on earth, Americanism and peace. And he welded those topics together with anecdotes and a winning manner so that he had an eminently fitting address.

Mahon slyly admitted he liked the back-slapping, and hoped it would be resumed "in the hot summer days of 1940."

He lauded the postal workers—and all groups of employees were on hand—for their efficiency and devotion to service, and asserted "if my only task in congress had been the recommending of many of these people, I would feel I had ably spent my time."

He reminded his audience that they were representatives of the U.S. government in their own communities, and that that constituted a challenge to them to serve the people honestly and faithfully.

He concluded with an appeal for continued efforts toward permanent world peace; for a continuing stand against getting this nation involved in a dispute.

There are many questions of the future that cannot be answered," he said. "But we must do all we can."

Court Converts Girls' Sentences On Hint Of Newspaperman

CLEVELAND, Nov. 25 (AP)—A reporter was responsible today for adding a two letter prefix to court papers to reduce to 14 months a life sentence intentionally given two young women.

Judge Frank S. Day did not grant mercy 10 days ago when they pleaded guilty—so a sentence was mandatory for burglarizing an inhabited dwelling, John Rees, Cleveland News reporter, called this to Judge Day's attention. "I wouldn't sentence any girls to life—for a charge like that," said the judge.

Solution: The judge, prosecutor and clerk put the prefix "mu" in front of "inhabited"—cutting the sentence to 14 months.

Berlin Claims Four Direct Hits Made

Air Raiders Reported To Have Returned Safely Home

BERLIN, Nov. 25 (AP)—Nazi Germany tonight claimed for its bombing planes a signal success against the British navy—square hits on four warships in the North sea.

DNB, the official German news agency, said the attack occurred 560 miles from the German coast.

Evading heavy fire from anti-aircraft guns, DNB said, the German planes returned safely.

The DNB account ended there, giving no additional particulars. (O a mileage computation as announced by DNB, the attack would have occurred somewhere in the area of the Shetland Islands or the Orkneys. The huge British naval base, Scapa Flow, is located in the Orkneys.)

The high command asserted today a German submarine had sunk "an English U-boat trap, an auxiliary, 7,000-ton warship, and the press recalled with bitter phrases Britain's World war use of such mystery ships.

In its daily communiqué the high command said "the U-boat trap was camouflaged as a Dutch steamer" and the press, which termed this "particularly detestable," added that she went down "in waters north of England."

(In London nothing was published concerning the German claim, and no comment was available. During the World war the British navy used camouflaged ships known as Q-boats in the fight against submarines.)

The press used the occasion to recall the World war snares, which were described as constituting "one of the worst chapters in British barbarity and hypocrisy," and praised the submarine crew which, it said, had escaped "an insidious act."

German press propaganda at the same time hammered away at another point—that neutral shipping must avoid the British Isles.

Germany proposes, in other words, to turn the tables on British as compared to 1914 by starving her out rather than let her starve the reich.

In the west the high command noted only "local scuffling activity and weak artillery fire on several points of the front."

DNB amplified this with a report that the enemy busily dug positions at Apach, Kitang and Manderen, all within France near the junction of the German, French and Luxembourg frontiers.

DNB reported the loss of seven German airplanes in scouting flights which it said occurred yesterday over western France.

(No German losses were given in French reports but the French communiqué of Friday asserted eight German warplanes had been downed over France on Thursday.)

Raid Proved Ineffective, London Says

Many Bombs Dropped, No Casualties, Is Terse Announcement

LONDON, Nov. 25 (AP)—German air raiders twice attacked British warships in the North sea and feinted at important naval points in the Orkney and the Shetland islands today in a dramatic climax to the war's worst week for shipping.

No Casualties

The British admiralty announcement, issued after the Germans published their claim that six bombers scored direct hits on four ships in the North sea attacks said "although many bombs

were dropped no hits were made and there were no casualties."

The British gave no details of the action.

Residents of the Orkneys, site of Britain's great Scapa Flow naval base where a "large concentration" of planes was heard during the day, expressed belief the Nazi raiders were on a mine-laying expedition.

Charges have been made in British that some of the mines, which have, virtually disrupted all shipping on England's east coast, were dropped from German planes.

The latest mine victim was the British steamship Sussex, 11,663 tons, which was badly damaged in the English channel and was brought to a Thames mooring today by tugs.

The sinking of a small, unnamed steamer off the Kent coast Thursday also was announced.

Facilities today, anti-aircraft guns were reported to have warded off a long Nazi bomber in the fifth raid on the Shetland Islands in two weeks. Warnings also were sounded in the vicinity of the Clyde ship-building area.

Underlined by objections from six neutral countries and the intense mine warfare, Britain tonight completed plans to clamp down next Tuesday a blockade of German exports in all shipping.

While trade experts sought to tighten the blockade and still meet the protests of Holland, Belgium, Denmark, Sweden, Italy and Japan—all supply sources as well as good customers—for Britain—naval scientists tried to perfect a defense against new airplane land magnetic mines, which, with submarines, have sunk 71,240 tons of neutral and allied shipping in a single week.

The heaviest previous week's loss was 67,000 tons in the first week of the war. In the World war the peak was reached one week in April, 1917, when 86,610 tons were sunk.

To help combat the mines, the royal navy appealed to deep-sea fishermen between the ages of 15 and 45 to volunteer for the hazardous task of sweeping them from the seas.

British authorities said the mines were a "war phase" which would be solved "like the U-boat attack was solved."

City Prepares For Thanksgiving Observance Thursday, Then Will Plunge Into Yuletide Activities

Now that "Thanksgiving" is past, Big Spring will turn its full attention to observing Thanksgiving into an abbreviated Christmas shopping season.

Saturday there were already signs of the approaching Yuletide. The Salvation Army had lassies ringing the bell for the kettles and merchants were hauling out gift into an abbreviated Christmas shopping season.

Business houses of the city will observe the day as a holiday as will most public offices. The schools will take a double holiday. Even the postoffice closed a half day last week for the Thanksgiving proclaimed by the president, will join the parade, closing its windows and services at noon Thursday.

COAHOMA CHURCH TO HAVE RALLY TODAY

An all-day rally with "dinner on the ground" will be held at the First Baptist church in Coahoma today.

In addition to the dinner affair, Rev. W. C. Harrison, formerly pastor of the First Baptist church in Odessa and recently named district Baptist missionary, will speak. Community singing will occupy most of the afternoon. The public is invited to participate in the rally.

The Big Spring Week

This is one Thanksgiving that ought to include more thanks than turkey or football. Consider our blessings in comparison with those of other countries. So whatever else our destiny may be, thank God it included being an American.

But while being thankful, we are also reminded that we have something of which to be ashamed. We live in a community where school officials must post rewards for apprehension of vandals who wantonly destroy public property. This all too prevalent disregard of property rights is amounting to a community disgrace.

Joe Pickle Reviews

As residents of the city turned their calendars to the new year, they had little for which to hope. Never had the area experienced such a drought as had gripped the country in 1937 when only four and a quarter inches of moisture had fallen. The following year had been little better, and although half of the nearly seven inches of rain had come in the autumn, harvest and farmers were still reeling under losses many would never surmise.

Like a powerful argument, the was had diverted many of the people from their immediate troubles. But the war was over, and now the reaction from the outside has set in over the country with a vengeance. It was now 1918.

Bette Davis, Errol Flynn Starred In Film Of Historical Background

Private Lives Of Elizabeth And Essex At Ritz

Termed generally one of the most memorable productions of the year is "The Private Lives of Elizabeth and Essex," a picture in Technicolor which co-stars Hollywood's Queen Bette Davis and the "glamor boy," Errol Flynn. The film is the headline offering at the Ritz for today and Monday; and is being termed one of the most ambitious bidders of the season for Academy Award honors.

Bette Davis, of course, is cast as the self-willed, vain and domineering Queen Elizabeth, torn between her love of England and its people and her overwhelming love for the handsome and dashing young Earl of Essex. Flynn as Essex has precisely the type of role in which he has endeared himself to audiences the world over—that of a handsome, swash-buckling hero as victorious in love as he is in war. But his victory over Elizabeth is short-lived in the film; for, loving him, she sends him to the executioner's block, because she realizes that if England is to live, Essex must die. Played against the spectacular background of the pomp and pageantry of the Elizabethan court, the love story is still the all-important theme on which the film is focused.

The brilliant supporting cast for the two stars includes Olivia de Havilland, Donald Crisp, Vincent Price, Henry Stephenson, Alan Hale, Ralph Forbes, Henry Daniell, James Stephenson, Nanette Fabares, Robert Warwick and Leo G. Carroll.

Michael Curtiz directed the production. Norman Reilly Raine and Aeneas MacKenzie wrote the screen play, based on the stage play by Maxwell Anderson. Erich Wolfgang Korngold wrote the musical score.

PRIVATE LIVES BROUGHT TO LIGHT

Bette Davis and Errol Flynn are co-starred in what is termed one of the most distinctive films of the season, the historically-based drama, "The Private Lives of Elizabeth and Essex," playing today and Monday at the Ritz theatre. Miss Davis, said to reach greater dramatic heights, appears as Queen Elizabeth, Flynn as the dashing young Earl of Essex. The picture is done in Technicolor.

North-South Air Hearing Indefinite

Just when a hearing will be held by the Civil Aeronautics Authority on applications for certificates of operation of an airplane connecting Denver, Colo., and San Antonio by way of Big Spring remains the CAA's decision, and interested towns will have to more or less "mark time" until the case is called up.

This seemed to be the general opinion of West Texas civic leaders working for the line and of aviation officials, who conferred informally at Amarillo Friday. They were on hand for a special dinner given by the Amarillo chamber of commerce Friday night to honor Clinton M. Hester, administrator of the CAA. Hester addressed a crowd of 400, but his talk followed a general aviation theme and made no reference to air transportation problems in the Southwest.

Representatives of Amarillo, Lubbock and Big Spring were in the conference, this city's delegation including Cal Boykin, president of the chamber of commerce; J. H. Greene, C.C. manager, and Bob Whipple, Bob Smith, executive vice president of Braniff Airways, one of the operators seeking a certificate for the "north-south" route, was on hand, and said his company still was anxious to get the hearing. The CAA's docket is full, he said, and there could be no way of determining a definite date of the hearing. Congressional representatives have urged prompt action, and other groups have asked an early hearing. Smith indicated that about all to be done now is to "wait."

Charles F. Horner, president of the National Aeronautical Association and Congressman Marvin Jones of Amarillo were other speakers at the banquet, held in the Amarillo hotel and attended by representatives of a score of Panhandle, New Mexico and West Texas towns.

Stocks Irregular On Day's Trading

NEW YORK, Nov. 25 (AP)—Aside from isolated firm spots, the stock market today finished the week with an indefinite trend.

Steels and selected issues put on a mild recovery show, after an early slipup, but closing prices in the short session were well scrambled in proceedings that were sluggish throughout.

The Associated Press average for 60 stocks was unchanged on the day at 51.1. On the week the composite showed a net decline of one full point.

Transfers for the two hours totaled 293,100 shares against 276,560 last Saturday. The week's volume was the smallest since the period ending July 4. Up fractions to more than a point were U. S. Steel, Bethlehem, Republic and Youngtown. General Motors and Chrysler emerged at their final Friday quotations.

Ginger Rogers, David Niven In Ace Comedy

'Bachelor Mother' Returns Here For Showings At Lyric

Thoroughly delightful and original, as many customers who saw the initial showings will tell you, is the comedy romance, "Bachelor Mother," with Ginger Rogers and David Niven in the stellar roles, and which returns here for presentation at the Lyric today and Monday.

As Rogers in the role of a department store sales girl displays her flair for comedy which she recently employed in "Vivacious Lady" and "Stage Door." A hilarious mix-up over a baby forms the axis about which "Bachelor Mother" revolves. Holding a temporary job in the store during the Christmas rush, Miss Rogers—on her lunch hour—finds an infant on the steps of a founding home, and is instantly mistaken for the child's mother.

The more Ginger protests the more she is disbelieved, and the home authorities report the matter to the store executives. Niven, a vice-president and the son of the store's owner, investigates for himself and he, too, is convinced that Ginger is the mother. He immediately shifts her to the permanent staff and gives her a raise. This only infuriates Ginger who is at her wits' end to shift the care of the child to others.

Horrified, Niven lectures her, and under threat of dire consequences forces her to bring up the youngster. But his interest in the girl arouses the jealousy of a young stock clerk in the store, who anonymously informs Niven's father, Charles Coburn, that Niven is responsible for Miss Roger's child.

Coburn, anxious that his son shall marry and settle down is greatly interested in the report. He shadows Niven, and concludes that his report is true. The situation becomes even more hectic when both Miss Rogers and Niven learn that Coburn is planning to adopt the child as his grandson!

What happens from here on is a series of mirth-packed complications, developing the film into one of the season's most entertaining offerings.

Thompson Seen As A Certainty In Governor's Race

(Herald Austin Bureau) AUSTIN, Nov. 25—Put this down in your political notebook—Railroad Commissioner Ernest Thompson will be a candidate for governor in 1940.

The red-headed state official has his heart set on another race for governor after running second to W. Lee O'Daniel last year, and those who are in the know say that there isn't a chance in a million that he will forego that ambition.

This week Thompson was walking through the capitol rotunda when he passed a watchman.

"Good morning, Governor," the watchman said. "Thompson stopped short in his tracks.

"What did you say?" he asked. "I said, 'Good morning, Governor'—the watchman chuckled. "Well, sir, I certainly hope you're a prophet," Thompson laughed.

IN SPY DRAMA AT THE QUEEN

Jeffrey Lynn, Brenda Marshall (a newcomer) and Joel McCrea have the principal roles in another of those Warner Bros. timely productions, this one called "Espionage Agent" and dealing with up-to-the-minute situations. The picture is at the Queen, today and Monday.

Spy Drama Is Featured At The Queen

Joel McCrea, Brenda Marshall To Be Seen In 'Espionage Agent'

A timely and potent warning for the nation, the producers would have you believe, is the Warner Bros. picture, "Espionage Agent" which brings its dire doings to the Queen screen today and Monday. Joel McCrea and Brenda Marshall head the cast.

With uncanny foresight, the picture, which was finished before the European war broke out, envisages just such a situation as that in which the United States finds itself today—a wealthy and powerful neutral in a warring world, a nation which has become the chief reliance of some of the warring countries for the necessities of life.

The picture, at the outset, recalls the extensive campaign of sabotage which was carried out in this country by agents of the central powers long before the United States entered the World War of 1914-1918. Just as if the producers of the film knew in advance that another great European war would break out early in September, the picture tells a highly credible tale of how agents have been making their plans for industrial sabotage in the United States.

The plot of "Espionage Agent" is, of course, fictional, however authentic the background and the conditions it depicts. It tells, in the main, the tale of a girl who has been a tool of a spy ring and of a young "career man" in the United States diplomatic service who marries this girl.

Forced to resign from the service when the past history of his wife comes to light, the young diplomat and his wife engage in an engrossing and highly exciting endeavor to circumvent by themselves the plotting of the spy ring for which the girl had once worked. Undated, they succeed brilliantly after a series of hazardous adventures.

Aside from McCrea and Miss Marshall, the latter a recruit from the stage who makes her motion picture debut in "Espionage Agent," the cast includes Jeffrey Lynn, George Bancroft, Stanley Ridges and James Stephenson.

Tax Remission Issue Headed For State Supreme Court

50 Pct. Gift Seen As 'Just A Starter'

By ALEX LOUIS Herald Austin Bureau

AUSTIN, Nov. 23—The ruling by Judge John A. Rawlins of Dallas upholding the general tax remission act passed at the recent session of the legislature has set the stage for a momentous legal battle the outcome of which will have a far-reaching effect on future state governmental policy.

The Texas supreme court will be the final arbiter of this all-important issue. Attorney General Gerald Mann will defend his position that the act is invalid by strict construction of the constitution. Dallas county will present the case of the more than 200 counties that are hoping to receive \$40,000,000 from the state during the next five years.

The stakes in this legal battle are high, but they involve other things besides money. A victory for the counties will usher in the greatest pork-barrel politics era in the state's history. The counties will start off by taking one-half of the state property taxes, but soon the legislature will be pressed into donating the other half. Observers who watched the tax remission fight in the recent session know that the one-half donation was just a start-

Army Will Re-Open Recruiting Post In Big Spring

The U. S. army recruiting post, abandoned here some two years ago, will be reopened next month. Sgt. J. R. Maples, district recruiting officer, said Saturday.

Sergeant Maples, who previously was in charge of the post here, said that the office would be opened in the upper floor of the First National bank building on December 4.

At the present time, recruits will be accepted for all branches of the army, he said. Sixty thousand men are needed for the regular army divisions and for the air corps.

Those applying must be between the ages of 18 and 35 years, must have parent's consent if under 21, must have a high school education for the air corps and a seventh grade education for the army.

BOUNTIFUL SUPPLY OF FOOD DONATED AT RITZ THEATRE

The destitute of Big Spring will have some good food on Thanksgiving, thanks to a generous group who brought food items to a special Ritz theatre matinee Saturday morning. A large crowd saw the benefit picture, and the "admissions" filled a dozen or so bushel baskets, with fruit, bread, canned goods—a wide variety of staples.

Despite Saturday's bad weather, the Ritz management said the food donations were about as bountiful as last year. The supply will be turned over to the Salvation Army for distribution to needy families for Thanksgiving use.

Disinfectant Taken By Mistake Is Fatal To Two-Year-Old Boy

Two-year-old Charles Waldon Motley died at a local hospital Saturday from the effects of swallowing a quantity of household disinfectant which he drank a week ago.

The child had gotten the disinfectant, kept out for his father who was ill at the time, thinking he was getting a glass of water.

He was brought to a hospital here Wednesday and a tube inserted in his windpipe to facilitate breathing.

Surviving are his parents, Mr. and Mrs. Cecil Motley of Knott; a sister, Elsie Jewell Motley; grandparents, Mr. and Mrs. J. W. Benthal of O'Donnell; and a grandmother, Mrs. J. P. Motley of Knott.

Services were to be held at the Eberly chapel at 11 a. m. Sunday with Mr. Craig, minister of the Knott Church of Christ, in charge. Burial will be in the new city cemetery.

FARMER INCOME IS OVER SIX BILLION

WASHINGTON, Nov. 23 (AP)—American farmers received an estimated cash income of \$6,335,000,000 from marketing and government subsidies during the first ten months of this year.

Reporting this today, the agriculture department said income from the same sources during the corresponding period last year was reported at \$6,183,000,000.

Margaret Speaks, Singer, To Appear Here, Comes From A Musical Family

Margaret Speaks, the golden-voiced soprano who will be heard in a concert here on Monday evening, December 4, is at least the third generation of a musical family.

Old Grandfather Speaks who came up from Virginia to settle in Canal Winchester, Ohio, had a piano in his home, one of the few in the town. His house was the musical center of the town and that community still reverberates with tales of the "musical Speaks."

At first his neighbors were astonished to see such a feminine thing as a piano, for Grandfather Speaks was a giant, six feet, six inches tall, and reputed to be the strongest man in Ohio.

But his physical prowess was tempered by his love of music and all his eleven sons and daughters were musical. At one performance of "Pinetops" back in Canal Winchester there were seven members of the Speaks family listed on the program. The outstanding pianist of the village played the accompaniment. She later married John Speaks and became the mother of Margaret.

Oley Speaks, the composer of "Mandalay," "Sylvia," "Morning" and a number of other songs which are rooted in the foundation of American musical life, was the youngest son of Grandfather Speaks.

Margaret's father and mother both sing and play the piano. One brother is an excellent pianist and two cousins became professional singers. On the rare occasions that

Margaret Speaks has sung a solo note who had a swarm of aunts, uncles, brothers and cousin critics to tell her about it.

From early childhood Margaret has been singing. And since she was old enough to sit at the piano her mother has kept her practicing and studying music. Her mother can be given a great share of the credit for the development of Margaret Speaks through musicianship.

Miss Speaks' appearance here will mark the second of three programs offered this season by the Civic Music association. The program, to be given at the municipal auditorium, is open only to holders of season tickets.

Red Cross Fund Campaign Still \$500 Shy Of 1938 Total

Coahoma Wins Honors With \$100 Raised

Thanksgiving—the one being observed in Big Spring this next Tuesday—nominally means the termination of the Red Cross Roll Call but chapter officials indicated Saturday additional time would be devoted to the campaign, if necessary, to bring the fund up to at least the total of last year. Despite continued contributions, this year's Roll Call is still \$500 behind 1938.

Partial reports had been submitted by various district chairmen. They included:

T&P, \$133, Jim Friend, chairman; city hall, \$31, Herbert Whitney; School teachers, \$97, King J. Sides; Junior Red Cross, \$16.53, King J. Sides; Forsan, \$105, Mrs. Ben LeFevre; Business district No. 3, \$275, Nell Hatch; No. 7, \$128, Mrs. Harvey Williamson; No. 6, \$31.75, Merle Stewart; No. 5, \$70, D. D. Douglas; No. 4, \$26, K. S. Beckett and F. W. Bettle; No. 2, Pa. Kenney, \$90; No. 3, \$34.50, Dan Hudson and Mrs. L. E. Jobe; No. 1, \$10.60, Monroe Johnson.

Stellar district to report was Coahoma, whose chairman, George Borwell, turned in \$100. Moore reported \$7.50, Miss Arah Phillips, chairman; Knott, \$9, Mrs. J. W. Phillips, and Lomax \$9, Mrs. A. J. Stallings.

Mrs. Dorothy Lawrence, executive director of the campaign, said all these reports were incomplete, and additional funds were anticipated. She urged that all chairmen make reports to Red Cross headquarters promptly.

Additional 100 per cent firms also were reported, to include the Rice Printery, Big Spring Cotton Oil company, Howard Cotton Abstract company. The H. W. Wright family joined those making generous donations above the \$1 membership sum.

Negroes are doing a share in the campaign, it was announced. Ten have contributed \$1 memberships, and several others have given smaller sums.

Christian Juniors Hold Party At The Church

Second and third-year junior classes were entertained by the third-year class of the First Christian church when the groups met recently at the church for a Thanksgiving party.

Thanksgiving games were played and refreshments served. Camille Inkman led the games and Jean Berry was hostess. Others assisting were Mrs. J. D. Berry, Mrs. J. Y. Blount and Mildred Creath.

Others present were Bobbie June Baker, Barbara McEwen, June Partin, Treon, Delmeila and Jack Dunn, La Wanda Jean Rice, Mary Lou Buckley, Joy Danna Williams, Martha Winter, J. Y. Blount, Mary Jo Thurman and Celia Westerman.

Venison Dinner Served At Vincent Teacherage

Venison supper was served to a group of friends Friday night when Mrs. Jim Hodnett and Mrs. Paul Swartz served the meat buffet style at the teacherage at Vincent. Bence Brown killed the deer in Mason county and it was an eighty-pound buck.

Attending the supper were Bence Brown, Mr. and Mrs. G. H. Gordon, Mr. and Mrs. Terrell Shafer, Mr. and Mrs. D. B. Cook, Mrs. Harding, Le Roy Shafer and the hosts, Mr. and Mrs. Jim Hodnett and Mr. and Mrs. Paul Swartz. Games of pitch were diversion following the dinner.

Mrs. Wehant Honors Two On Birthdays

Mrs. Seth Wehant, teacher of the 11-year-old girl's class of the East Fourth Street Baptist church, entertained the group with a party Friday at the church and honored Jimmie Lou DeMont and Joan Thompson on their 11th birthday anniversaries.

Birthday cake was served and balloons were given as favors. Games were played during the afternoon. Others present were Billie Jo Fenn, Mary Laverne Franklin, Mary Laverne Wehant, Bobbie Hendrick, Barbara Milam, Doris Lou Stuteville, Roselen Nurst and Letha Pearl Halcomb.

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism Denounced" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 26.

The Golden Text is: "When they shall say unto you, Seek unto them that have familiar spirits, and unto wizards that peep, and that mutter: should not a people seek unto their God?" (Isaiah 8:19).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Behold, God is my salvation; I will trust, and not be afraid; for the Lord Jehovah is my strength and my song; He also is become my salvation" (Isaiah 12:2).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In no instance is the effect of animal magnetism, recently called hypnotism, other than the effect of illusion" (page 101).

Completion In Ector County Permian Lime

SAN ANGELO, Nov. 25.—Drilling in of the third producer from a record depth in the Permian lime immediately west of the North Cowden field in Ector county, Sinclair-Prairie No. 3 Fay Holt, and confirmation of published reports late in September that a pipe line will be built from the Wasson pool in Gaines county to the Cowden refinery at Big Spring were among principal West Texas oil developments this week.

Continental and others' No. 4 Todd Community, Crockett county wildcat 15 miles northwest of Ozona, showed a slight amount of oil and an odor of gas as it swabbed rotary drilling fluid to test promising Ellenburger, Ordovician lime that was cored to 4,318 feet, the total depth. Tubing was drawn late in the week for coring ahead. The line was topped high at 6,256 feet, 2,748 feet below sea level. The wildcat is in the southwest quarter of section 30-WX-GC&F.

Sinclair-Prairie No. 3 Holt in Ector county drilled pay lime from 5,145 to 5,160 feet, the total depth, and swabbed and bailed oil at a rate estimated at 770 to 785 barrels daily on a natural test. After the first stage acid treatment with 1,500 gallons, it began flowing 2 1/2 barrels of oil hourly and increased to 120 barrels the last four hours of a 10-hour test. The well is in the southwest corner of the southeast quarter of section 1-A pal, an east offset to Gulf No. 1 Holt, the discovery well producer in the area.

Another Completion

Sloan & Zook and Ferndale No. 1 J. L. Johnson in Ector county, three miles south of the North Cowden field and 1 1/2 miles northwest of Landreth No. 1 Johnson, first well in the Johnson pool one mile northwest of the Foster field, was completed for a 24-hour flow of 79.75 barrels of oil. It had been shut down since late July when it was shot with 340 quarts of nitroglycerin after plugging back from 4,373

J. D. Bodkin, Midland independent operator, obtained from The Texas Co. a farmout on the northeast quarter of section 46-43-18-T&P, and awarded contracts to the Stewart Drilling Co. to start two 4,200-foot rotary tests by Dec. 1. The first will be one-half mile south of ITIO No. 1-B Johnson, a new producer one mile northwest of Landreth No. 1 Johnson; the second test will be a west offset to Landreth No. 1 Johnson.

Pipeline Plans

Claude L. McIver of Fort Worth negotiated contracts with five producers in the Wasson pool in Gaines county for the allowable production from a minimum of 10 wells each to be run through the 93-mile, 6-inch line to be laid to the Cozen refinery at Big Spring. A company to build the line, at a cost of approximately \$500,000, was being formed. Laterals may be built later to the Seminoles and Cedar Lake fields in Gaines county. The Seminoles pool is said to be the largest in Texas without a pipe line outlet.

Cores from 4,624-98 feet in No. 1 American Warehouse Co. quarter mile west of Stanolind No. 1 Rayner, opener of the Cedar Lake pool in Gaines county, showed scattered bleeding and oil saturation. Stanolind No. 1 Riley, three miles north and 1 1/2 miles west of No. 1 Rayner, had drilled past 3,855 in anhydrite and gypsum.

Sloan & Zook and T. N. Sloan No. 1 J. E. Fitzgerald, wildcat in the northeast corner of Yoavum county 2 1/2 miles south and slightly east of the Duggan pool in Cochran county, drilled to 4,843 feet in lime, cemented 7-inch casing at 4,812 and was standing. Fur Trims Are Seen From Head To Toe In Winter Styles

By ADELAIDE KERR
AP Fashion Editor

Fashion is having a lot of fun with fur this winter. About the only place in the wardrobe where it doesn't appear is lingerie—and even some wool versions of that are woven with angora hair.

This year's furs are not simply a matter of coats. They trim clothes for every hour of the day from breakfast to supper and accent every part of the costume from head to foot. Those accents offer a smart economical angle to the woman who possesses both an old muff and the ingenuity to turn it into some of fashion's new fur tricks.

Among the most interesting are bows and clips of leopard, Persian lamb, etc., which can be snapped to a shoe, hat or dress neckline as an accent. A leopard one may be clipped to the neck of a simple black wool dress, for instance, to repeat the furred note of a leopard hat.

Glves are furred, too. Brown ones are sometimes hand in beaver, and gay red ones have strips of black Persian lamb running right up the back of the ring finger. Feet aren't neglected, either, in fur fashions. New spats are topped with a rim of it to match a coat trim, and a few shoes have flat fur buckles.

Add to these such intriguing tricks as fur mittens, fur-trimmed bags, belts with fur buttons, Chamberlain umbrellas whose crooked handles are covered with some pel. Such as Persian lamb or leopard and mink tail necklaces and bracelets in which the tails, looped horse-shoe fashion, swing from gold chains.

Brades these fur fashions, there is a lot to be said about hats. They go everywhere in a great variety of pelts. There are not all made entirely of fur, since many modistes believe the all-fur hat has a heavy look. Many of them are simply accented with a twist or trim of Persian lamb or mink, with a little splash of color somewhere to set it off. Among the most striking all-fur chapeaux are leopard sail-ors.

Fur also goes to the head at night—in little mink pillboxes and toques which top dinner dresses and tailcoats. It makes more evening headlines in tiny mink tail headresses which are tucked into a coiffure above a swishing evening gown and in fox-bordered hoods covering sleek heads.

Muffs make some of the most important fur news this winter. Big lush ones of mink, fox, martens or beaver go places with coats or hats that carry the same fur. They're a strong night-time fashion, for they give a decidedly luxurious air to the costume.

The season's newest wrap is a fur stole of mink, beaver, marten or skunk) with a deep cape top and long stole ends that extend almost to the knees. These cover some of the smartest shoulders in New York, and generally are accompanied by a big muff of the same fur.

Persian lamb does some fashion tricks here—trimming coral suede gloves, making a snooded toque, and handbag and covering the handle of a Chamberlain umbrella. Even the black dress is trimmed with bands of the fur. The costume was displayed at a fashion show at the New York City.

Fur is doing a lot of interesting tricks in trimming clothes. It's dark wool frocks, the jackets of evening ensembles and the hems of dance frocks.

Here are some smart fur-trimmed costumes seen around town this fall: Amber tweed frock with a mink jacket (typical of a trend which is still going strong), mink-trimmed cape and muff; long-sleeved black velvet dinner frock accented at the neck line with a coat of ermine tails, black velvet poke bonnet, black velvet, ermine-trimmed muff.

Homemaking Teachers Meet For Program

Hi Heel Slipper Club Has Dance And Banquet

A banquet and dance was held Saturday night at the Crawford home by members of the High Heel Slipper club and a color theme of blue and white was carried out in the decorations.

Members of the club were present at the banquet with their escorts and guests attending the dance. Placecards were made in the form of a star in white on a blue background and the two color streamers formed a false ceiling for the ballroom.

Members and escorts attending were Pauline Sanders, Bobby Savage, Robbie Piner, Cornelia Frasier, Lewis Gene Thompson, Jean Kuykendall, Blake Tibbet, Dorothy Dean Hayward, James Webb, Hope Sison, Pepper Martin, Betty Bob Dill, Leo Wally, Katherine Fuller, Shirley Jean Robbins, Peppy Blount, Edna Vern Stewart, Vera Jo Stephens, Bruce Frasier, Gloria Nall, Yvonne Hull, Billy Neal, Virginia Douglas, Duval Wiley, Wanda Neal, Rosemary Hanson, Gene Green, Lorena Brooks, C. Doak And Swain Talk Before Group

For talks and an explanation of the AAA program and how it might apply to homemaking, 20 homemaking teachers in the vicinity gathered Saturday morning at the Settles hotel.

J. W. Doak and F. V. Swain, field representatives for West Texas with headquarters at A. and M. college at College Station, met with the group and discussed the AAA program.

Swain told of the cotton situation in the south and Doak discussed the economic situation in the south. He also explained the set-up of the organization and gave examples of triple-A cooperation on farms and ranches.

Cooperating with other agencies has been the theme of the homemaking teachers throughout the year and the talks pointed to ways and means of coordinating the teaching with the facilities offered by the farm organization.

Mrs. Gertrude Flesker, home supervisor of Farm Security Administration with jurisdiction over Howard, Ector, Midland, Glasscock, Martin and Sterling counties, spoke on what the homemaking teachers could do to strengthen the farm security program. She pointed out that family plans and economy measures and sanitation problems should be made practicable in order that they may be carried out in the homes.

During a business session area problems were discussed. Registering were Iva Butler and Joanne Logan of Midland, Marian Mitchell and Vennie D. GILLESPIE LEADS TCU TO TRIUMPH

DLIE CORDILL STARS; OWLS TO CELLAR

By HAROLD V. RATLIFF

FORT WORTH, Nov. 25 (AP)—The Texas Christian University Horned Frogs rode the air lanes with crippled Kyle Gillespie, a sensational sophomore, to storm out of the Southwest Conference cellar here today with a 21- victory over a hapless Rice Institute team that never got farther than the T.C.U. 19-yard line.

Gillespie was forced to retire in the fourth period due to a recurrence of a knee injury but he already had done the damage as far as Rice was concerned.

The 158-pound quarterback sparked the Frogs to two touchdowns in the first period, one on a pass to Don Looney for a Rice gain of 62 yards. He led a 59-yard march for the second Texas Christian counter, finally driving to the goal line only to fumble, but the alert Looney was there to recover the ball across the look white stripe for a touchdown. Bob Cook kicked both extra points.

A had punt by Olie Cordill—incidentally, it was the only poor one gotten off by the Rice star all day—led to the final Christian counter. The ball carried but 20 and rolled back to the Rice 12. Rusty Cowart made two at the line and Cowart passed to Taylor who drove to the Rice one-foot line. Cowart failed to gain but Connie Sparks drove over for the touchdown. Cook added the point.

A Jinx that has hovered over Rice since 1924 was here perpetuated. Not even in their championship years of 1934 and 1937 were the Owls able to beat the Christians.

The defeat dropped Rice into last place in the conference, the Owls having only a tie with Arkansas to give them any points at all.

The statistics tell the story—and they also tell of a grand football player, Olie Cordill, who fought his heart out here today, smashing through for gains without interference, pitching passes and punting in sensational fashion. It was Cordill who led the way to the only threats Rice made for a score.

The Owls got six first downs, gaining 104 yards net from passing and punting while the Frogs ran up 10 first downs and gained 252 yards net. In passing Rice got only 27 yards while T.C.U. was making 158.

Ambers After Welter Title

NEW YORK, Nov. 25 (AP)—Scene three of the Henry Armstrong-Lou Ambers flatfoot follies will be put on in Madison Square Garden Friday night, and bash whom to put its money on.

The first time they tussled, Armstrong took the Herkimer Hurricane's lightweight championship away last summer, Lou won it back, with the referee taking five rounds from Armstrong for hitting low.

Turning their backs on the 135-pound crown, they'll tangle this time for Armstrong's welterweight title over the regulation 15-round bout.

At the moment, Armstrong rules a slight favorite, although a heavy cold has hampered his training. Ambers has been married since their last fight.

For Henry, who has indicated he's about ready to turn to writing, the fight may be his last.

Should Ambers win, he may be faced with the same problem which confronted Armstrong when he became the first boxer in history to hold simultaneously the featherweight, lightweight and welterweight titles. Every logical contender in each division, and some who just thought they were, challenged him.

Finally, he abdicated the featherweight throne, then lost the 135-pound belt to Ambers after 46 consecutive victories.

Touring Cage Teams Booked At Sterling

STERLING CITY, Nov. 25—The Whiskered Wizards, traveling basketball troop, will play an all-star team of Sterling City here Monday, December 4.

The Wizards are one of the most colorful crews to ever show in this sector. One of the players is eight feet three inches in height. Another can juggle four regulation basketballs at one time. Another can start a basketball spinning on his finger, transfer it to a walking cane and in the process walk the full length of the court.

Their opposition will be made up of Sterling City current and ex-high school players.

The Eagles scored 140 points to 101 for the opposition.

The Garner team, incidentally, brought along their basketball together that even were defeated in a night game by Sterling, 20-10.

Red Raiders In 13-0 Triumph Over Montana

C. L. Storrs Stars As Texans Rally After Being Outplayed

LUBBOCK, Nov. 25 (AP)—The Texas Tech Red Raiders rallied in the second half to defeat the bulky, scrappy Montana State University Grizzlies 13 to 0 here today.

The teams played sluggishly in almost freezing temperature and before a crowd of less than 3,000 spectators, neither side threatening seriously until late in the second period. Then Montana's Don Bryan intercepted a Tech pass and returned to the Tech 32. A 15-yard penalty and two time plays hauled Montana up to Tech's 13 yard line for the most severe threat of the half.

In the last half, Tech played deeply in Montana territory. C. L. Storrs passed to Milton Hill for 18 yards to Montana's 15. Hill ran to the 10 Storrs lateraled to Douglas to the 4-yard line, and Storrs went to the two. Storrs plunged over momentarily. Bain's try for point was low. Montana players protested the touchdown decision and drew a 15-yard penalty for "too much arguing with officials" on the kickoff.

Early in the final period, Tech instituted a drive after Center Rex Williams had intercepted Bryan's pass on the Tech 33. Williams ran it back to the 45, from where Hill, Caloun and Storrs pushed it to the five. Hill went over on the fourth down.

J. B. Gilbert converted from placement.

Down Town Booth For Turkey Day Game Tickets

Reserve seat tickets for the Sweetwater-Big Spring District 3-AA football game here Thursday afternoon will go on sale at a booth in the Crawford hotel lobby Tuesday morning. The booth will be open through Wednesday and until noon Thursday. The ducks are being offered to the public at 75 cents each, the regular conference price. A large crowd is expected here from Sweetwater. School officials of that city are sending the high school band and pep squad here aboard a special train.

W. C. Blankenship, school superintendent, lauding the local people for supplying courtesy cars for the Midland people during the recent Bulldog-Steer game, again urged that all local people who have cars cooperate in transporting the incoming fans to and from the playing field.

The game will get underway at 3 p. m.

Texas Miners Cuff Aggies

LAS CRUCES, N. M., Nov. 25 (AP)—In a game marked by flat-cuffs on the sidelines and mayhem on the playing field, Texas College of Mines walloped New Mexico A. & M. 34 to 0 today for one of the worst defeats ever suffered by the hard-riding Aggies.

An uproarious crowd of 8,000 was on hand and partisans kept extra-curricular activities moving at a lively pace. The highlight was reached late in the game when one slacker kayoed three valiants with as many well-timed uppercuts.

The Muckers from El Paso ripped the Aggie line to shreds and turned the New Mexico passing attack into shambles.

BREAKS FIGURE PROMINENTLY IN DECISION

By FELIX R. MCKNIGHT
DALLAS, Nov. 25 (AP)—Cagey Southern Methodist cashed a couple of quick breaks then shredded Baylor's storied line for a stunning 21-0 triumph in an icy wind before 14,000 here today.

Idle at College Station, where they drilled for their big final next Thursday against the University of Texas, the unbeaten Texas Aggies applauded.

Baylor's collapse today automatically clinched the Southwest Conference championship for the Aggies—the first in a dozen years filled with broken chances.

Opportunists all the way, Southern Methodist didn't let a thing sneak past it today. Meanwhile Baylor, a thunderous club in its last three games, time and again stumbled when it seemed headed for six points.

Sophomore Roland Goss, a dynamic end who only two weeks ago almost sent the Aggies tumbling from the heights by blocking a kick on their goal, repeated against Baylor today and broke their backs. Just when it appeared the Golden Bruin was rolling, he smashed in to block an attempted field goal placement and sprint 67 yards to set up the first Methodist score.

Baylor never recovered from the shock.

Wilson Stars
Baylor went sprawling but its big sophomore fullback, Jack Wilson, was quite a figure. He ripped the Methodist line for 58 yards on 19 runs and once got away on a 25-yard break over tackle that was recalled on an offside penalty.

Late in the game, with the Methodists leading 14-0, Ray Millout, the SMU triple-threat whose back has been in a cast since the Notre Dame game five weeks ago, pranced into the line in the second period. He took personal charge after queering an earlier chance on a bad pass to Pete Ewald who was galloping back of the Tornado secondary in the end zone.

His boot for the point that proved vital split the uprights squarely. From Southern Methodist's 17-yard line across the Baylor goal stripe for a Methodist score.

From its 45 Baylor poured steadily downfield on a pass interference ruling and magnificent squirming and plowing by Jim Witt and Wilson, the latter throwing in a 17-yard sprint on a fake pass.

Down on the SMU 17 two Wilson passes failed and Center Bob Nelson, a great field goal kicker, ambled back to try for a kick. Goss charged in, blocked the kick, bobbed it in the air for a couple of seconds and then streamed downfield 67 yards before Wilson tagged him from behind.

Johnston Scores
On two triple attempts, Johnny Clement to Will Mullenweg to Preston Johnson, the Methodists scored, despite an offside penalty mixed in between the plays. Johnston swept wide around left end from the seven for the score. Jack Sanders converted.

Deep in the first period Baylor's most serious scoring threat suddenly boomeranged and in less than two minutes the ball shifted to Baylor. Once more appeared headed for six points when Wilson, apparently stopped in a scrimmage pileup, suddenly belted through a crack and went 27 yards to the Methodist 40. He teamed with Witt to push on to the SMU 25 on tackle drives but Center Wilburn Echols, a magnificent defensive player today, dropped Witt for a six yard loss and then intercepted Wilson's pass, returning 13 yards to the SMU 38.

The Lamesans' last desperate assault culminated moments later on the San Angelo 40-yard stripe when Vaughn, after ripping off a 12-yard gain, fumbled the ball and lost possession.

Lamesa led in first downs, 12-11, and in yards gained from passes, 75-29, but the victors were in front on rushing gains, 154-105.

TRINITY VICTOR OVER SUL ROSS

ALPINE, Nov. 25 (AP)—Trinity University, sparked by Trinidad San Miguel, got away to an early lead to defeat Sul Ross Teachers college 13 to 7 here today.

Early in the first period Sparks plunged over after a pass, Miguel to Wilson, had set up the touchdown. Koonen converted.

Miguel tossed a 20-yard pass to Koonen in the end zone for another touchdown in the second period. Wilson failed to convert.

The Sul Ross Lobos came back strong in the second period but penalties and fumbles cut them down. They had the ball on the Trinity six as the half ended.

The Sports Parade

BY HANK HART

The Lamesa high mentor, Ted McCullom, a veteran of 18 years in the coaching business, will probably retire from the game after the current season. He'll devote his time to the job of being principal at the Lamesa school. District 3-AA officials may get together with Chairman W. G. Blankenship here soon to discuss a basketball league that will be operated similarly to the football loop. Most of the coaches are said to be in favor of such an organization. The schedule would have no bearing on the state race. The unit could offer a trophy to the winner.

The Daily Herald's 1939 All-District 3-AA football team for the 1939 season will appear in the Dec. 3 edition. Mineral Wells, which met and defeated the Big Spring Steers in the season's first game for both teams, would be on the Bovines' schedule again next fall if left up to Cy Perkins, Resorter coach. Cy has contacted the local mentor, Pat Murphy, for a 1940 game but, since the Bovines' card may be cut to nine games, the bid may have to be ignored. Perkins apparently was pleased with the 3,000 paid admissions that were represented at the game here.

Paul Kasch, recovering from a leg injury suffered in the game with Odessa's Hosoes some time ago, wanted a chance to get back into action against the Sweetwater Mustangs this week but Murphy advised him to wait until next season. Kasch would probably have made the all-conference team had he been able to continue play.

Lefty Bethel, the Steer backfield ace, has scored 37 points instead of the 36 credited to him by 3-AA statisticians. Besides his six touchdowns, the wrongnumber accounted for an extra point in the Lamesa game when he took a pass from Johnny Miller.

Other scorers and their point total are D. E. Gartman, 12, Owen Brummett, 12, Bobby Martin, 6, Jack Graves, 6, and W. E. Davidson, 6.

without relief. Others who have had little relief are Brummett, fullback, Douglas Eyle and Clifton Patton, tackles, and Ralph Stewart, center.

Two former Oil Belt stars have gained starting berths on the Texas A&M freshman football squad. Jake Webster, Sweetwater, is holding down a half back position and doing the team's kicking. Dub Sibley, Abilene, is the crew's regular center. He'll be competing with another boy, O'Dell Herman, for the pivot post on next year's varsity squad.

Maurice Fincher, the Abilene net star who competed in several Big Spring tournaments in other years, is 10th in statewide singles rankings, according to the Texas Tennis association. Fincher has proved himself an even better doubles player, gaining with Bobby Tam-

Spaulding payroll. Surprise: In naming its All-Big Ten football team for the 1939 season, United Press nominated Nile Kinnick, Iowa, and not Tom Harmon, Michigan, as its standout back. Harmon, however, was selected in the secondary along with Don Scott, Iowa State, and George Parkman, Wisconsin. Completing the squad were Ecco Sarkindin, Ohio State, and Dave Rankin, Purdue, ends, Mike Enrich, Iowa, and Jim Reeder, Illinois, tackles, Frank Bykowski, Purdue, and Hal Method, Northwestern, and John Harmon, Northwestern, center. If there's an All-American line in the bunch it's Harmon.

Tommy Yarbrough, Forsan, would like to know if there is going to be another Munny basketball league in operation here this winter. Burl Cramer, Chalk, has organized a quintet and will enter it into competition here if such a loop does function. From all indications there is enough interest in such a unit now to warrant an organization meeting.

Buckeyes Lose To Wolverines

ANN ARBOR, Mich., Nov. 25 (AP)—Ohio State university won the Western conference football championship today in much the same manner that Max Schmeling won the world's heavyweight title—flat on its back.

Iowa, needing a victory to tie Ohio State for the title, lost its chance by playing a 7-7 deadlock with Northwestern.

Michigan's wily Wolverines wrecked the Buckeyes' hopes of a "clean" conference season by spotting Ohio two first-period touchdowns and then roaring back to win by 21 to 14, the second time this year that Ohio State surrendered a two-touchdown edge. Cornell came from behind earlier in the campaign to hand the Buckeyes their only previous loss.

Tom Harmon, Michigan's mighty halfback, stood head and shoulders above the rest of the field, his passing and running constituting a one-man victory parade—but Buckeye mistakes cost Ohio State the laurels. Twice the alert Wolves turned Ohio fumbles into touchdowns.

Cornell Rolls Over Quakers

PHILADELPHIA, Nov. 25 (AP)—In 21 plays and a blocked kick, Cornell's heavily manned football battalions put over four touchdowns today to bury Pennsylvania under a 26-0 score, win the championship of the Eastern Ivy league for the second year in a row and, best of all, finish their season unbeaten and untied and hailed as the kingly of eastern football.

Before a crowd of 69,000 in Franklin field, the Ithacans cut together those 21 plays in three higher-scoring drives of 50, 49 and 44 yards. In between the first two

marches, they sandwiched the blocked kick and, for the entire afternoon, they kept Penn outside their own 40-yard stripe.

Pete Pressley as he rammed over for a reserve touchdown but managed to do some scoring of their own when D. R. Gartman and Lefty Bethel romped to play dirt. Bobby Savage booted one point after touchdown while Pressley drop kicked for the reserves' conversion.

Coach Pat Murphy dispatched the team through a heavy scrimmage Thursday afternoon but tapered off with a light play drill Friday.

In the Thursday workout the regulars had difficulty in defeating the reserves, 13-7, as the stubborn "bench warmers" fought them all the way.

BEARKATS TRIP LUMBERJACKS

NACOGDOCHES, Nov. 25 (AP)—The San Houston Bearkats took over an undisputed second place in the final Lone Star conference standings today by defeating Stephen F. Austin's Lumberjacks, 14 to 0, before 3,000 homecoming S. F. A. fans, in the season's final for both teams.

The issue never was in doubt after Bartfield passed 37 yards to Gifford for a touchdown early in the second period and the Bearkats proceeded to hold the 'Jacks within the 20-yard line for the remainder of the contest.

After a crowd of 69,000 in Franklin field, the Ithacans cut together those 21 plays in three higher-scoring drives of 50, 49 and 44 yards. In between the first two

Stewart's Successful Try For Point Gives Cats Win

By HANK HART
LAMESA, Nov. 25—J. W. Stewart's successful try for point after his second quarter touchdown proved enough to give the San Angelo Bobcats a 7-6 victory over the Lamesa Tornados here Friday night and their season's first victory in 3-AA competition.

The Cats were afforded numerous other chances to score but, in all, were extremely lucky to escape with a one-point triumph.

Sparked by Jackie Vaughn the Lamesans made several threats themselves and were in the thick of battle until late in the game when the invaders' line finally began opening huge gaps in the Lamesa forward wall.

Stewart scored all the Angellans' points, hugging the ball over from the one on the touch-

down drive on the second play up and scored a touchdown on four brilliant cutback runs that stacked up 39 yards.

The Tornados retaliated shortly thereafter and moved with finesse into San Angelo territory. Their final drive came too late, however, just when it appeared that it would pay dividends. Vaughn faded back and passed successfully to Gus White on the 'cats' 15-yard stripe at the gun.

In the third period the Angellans took command again, driving all the way to the Lamesans' five-yard stripe at which point the Tornados rose to the heights and stopped them cold. A fourth down Stewart pass fell untouched in the end zone and the swine hide was moved out to the 20 and given to the Tornados.

Early in the fourth Stewart attempted to boot from danger from his 15 but the inspired Lamesa line, led by Oswald, broke through and intercepted the ball as it was going aloft. The great wind sprang cruelly toward the Bobcats' goal and Lee Holliday scooped it up and ran on to pay dirt.

White's try for the try point was blocked.

Southern Cal Powerhouse Decisions Notre Dame, 20-12

Four Of Five Scores Made In 4th Period

Grenny Lansdell And Bob Peoples Star In Triumph

By WHITNEY MARTIN

SOUTH BEND, Ind., Nov. 25 (AP)—The mighty Trojans of Southern California roared along their undefeated way today, and the 56,000 fans who shivered and shrieked and moaned as the western team won 20 to 12, left the game with a feeling of awe at the spectacle.

Awe for the sheer power of the white clad giants from the west; awe for the spirit of an underdog Notre Dame team which never would admit it was licked.

It was a football game which built climax upon climax; a game in which an out-powered Irish eleven, which seemed on the verge of annihilation, suddenly began rising back at its giant foes until it had tied the score, and never gave up even after the Trojan powerhouse again had taken command.

Four of the five touchdowns were scored in the last frenzied quarter when for a time it seemed that the impossible would happen; that the Irish youngsters, dwarfed by their foes, would steal the game.

In the first period even the most violent Notre Dame fans wouldn't have given a worn nickel for their team's chances. The first time the Trojans got the ball, they began to march, led by Grenville Lansdell and Bob Peoples, but mostly Grenville Lansdell.

Sixty-seven yards they marched in 13 plays, for Lansdell to shoot over from the two yard mark.

For the remainder of the period, and well into second quarter the dazed Irish were back on their heels. Doyle Nave had taken over the Trojan offense at the start of the second. It was Nave, one of the heroes of the last Rose Bowl game, running, passing and kicking, and the law of averages almost promised a score from his efforts.

He did carry the invaders to the Irish one yard line, but there his own fumble ruined the bid as Harry Stevenson recovered in the end zone for a touchback. That break was a tonic to the bewildered Irish.

GENTS COP, 13-7
SHREVEPORT, La., Nov. 25 (AP)—Centenary college won its first victory of the season here this afternoon, defeating Southwestern of Memphis, 13 to 7.

Both teams scored on passes.

Titles Are Decided In Many Sections

Texas A&M And Buckeyes Back Into Crowns

By HERB BARKER

NEW YORK, Nov. 25 (AP)—Southern California's unbeaten Trojans, driving toward another Rose Bowl assignment, knocked off Notre Dame today as Cornell, Missouri, Texas A. & M., Ohio State, Clemson and Duke clinched official or unofficial sectional football championships.

The Trojans, tied by Oregon in their first game but unchecked since pushed over two touchdowns in a wild fourth period to hand Notre Dame its second defeat of the season, 20-12, before a crowd of 56,000 at South Bend.

Cornell, unbeaten and untied, buried Penn under a 26-0 count before 69,000 at Philadelphia and won the unofficial eastern Ivy League crown for the second year in a row and general recognition as the east's outstanding outfit.

Duke and Clemson, winding up with victories, gained half-shares in the mythical Southern conference title. Banks McFadden led Clemson to a hard-earned 14-3 decision over Furman while Duke defeated North Carolina State 28-0.

Missouri, meanwhile, won the Big Six championship for the first time, handing Kansas a neat 20-0 lacing.

Aggies Win Title
Both Texas A. & M. and Ohio State backed into sectional titles. The Aggies, unbeaten and untied and rated the No. 1 team in the last Associated Press ranking list, was idle but clinched the Southwest crown when Southern Methodist routed Baylor, 21-0.

Ohio State surrendered to Tom Haimon and Michigan, 21-14, in a brilliant duel before 80,227 at Ann Arbor but took the Big Ten championship when Iowa's sensational Hawkeyes were held to a 7-7 draw by Northwestern.

Nile Kinnick, after six successive games without relief, finally was hurled and had to be replaced in the Iowa lineup.

Yale's unpredictable forces took advantage of Harvard errors and trounced the Crimson, 20-7, before 52,000 astonished spectators while Penn State upset Pitt for the first time in 20 years, 10-0. Howard Stanley, Tiger end, scored three touchdowns as Princeton, beaten only by Cornell, routed the Navy, 28-0.

Duquesne, unbeaten and untied, routed Carnegie Tech, 22-7; Villanova stopped Manhattan, 7-0; Boston College overpowered Kansas State 38-7; George Washington nosed out Bucknell, 7-6; Lafayette crushed Lehigh, 29-13, in the 73rd renewal of their ancient rivalry.

Routs Sewanee
Tulane, ready to dispute Tennessee in any argument over the

Southeastern title, scored two touchdowns a period in a 23-0 rout of Sewanee and remained unbeaten although tied by North Carolina. Tennessee was idle, awaiting next Thursday's clash with Kentucky.

Georgia Tech's fine array trounced Florida, 21-7, Auburn outpointed Georgia 7-0, and Mississippi State rallied to whip Mississippi, 18-6. South Carolina edged out Miami, 7-6.

Minnesota, Purdue and Illinois earned Big Ten victories, the Gophers whipping Wisconsin, 23-4, while Purdue barely fought off Indiana 7-6. Illinois ran up a 46-0 count on Chicago.

Oklahoma's second successive defeat was a 13-7 setback by Nebraska, which thus finished second to Missouri in the Big Six group. Michigan State easily checked Temple, 18-7. Texas Christian outpointed Rice, 21-0, in a meaningless Southwest conference game.

In the far west, the undefeated Bruins of UCLA had to come from behind to hold powerful Oregon State to a 13-13 deadlock. California routed its old rival, Stanford, 32-14.

In the Mountain states Big Seven, Wyoming surprised by holding Brigham Young to a 7-7 tie.

McMURRY LOSES TO WILDCATS
AILENE, Nov. 25 (AP)—Abilene Christian college chalked up a 26 to 0 homecoming victory today over McMurry's Indians and took over half interest in the Texas conference championship. The other 50 per cent of the title is owned by St. Edward's.

The Wildcats started scoring late in the second period when Fullback Thurman Jones faked a reverse and went off tackle for eight yards.

Quarterback Chubby James romped 20 yards around end for the second tally in the middle of the third period, and Jones, the conference's leading scorer, plunged four yards for the third counter in the same quarter.

On the final play of the game Harold Perry broke through the center of the line and reeled 43 yards for a touchdown. Ray Debusk, sub back, and Tackle Tyson Cox converted after the third and fourth scores.

HUSKERS UPSET OKLAHOMA, 13-7
LINCOLN, Neb., Nov. 25 (AP)—Two touchdowns passed for a 13 to 7 victory over Oklahoma before an estimated 37,000 here today. Oklahoma scored with a minute and a half to play on three successive completed passes by Clark Coppage took the third one for the score.

LENICOLA, Neb., Nov. 25 (AP)—Two touchdowns passed for a 13 to 7 victory over Oklahoma before an estimated 37,000 here today. Oklahoma scored with a minute and a half to play on three successive completed passes by Clark Coppage took the third one for the score.

WATKINS STARS IN 35-7 WIN
CANYON, Nov. 25 (AP)—Filippa Foster Watkins of West Texas State college completed 19 of 28 passes to subdue the South Dakota Aggies 35 to 7 here today.

Playing his last home game behind brilliant support, Watkins breezed 11 eleven across in each period and personally kicked every extra point.

The visitors gained well in mid-field but aside from their lone tally, never threatened. At that, their touchdown came as a result of a Buff fumble. Anderson recovered for the Aggies and raced 66 yards for the score. Schroeder kicked the extra point.

Sanders, Stephenson, Cornell, Foust and Prices scored for the Buffs. With the exception of Stephenson's touchdown, which was made on a pass from Watkins, all Buff scores were made on plunges.

TIES NORTHWESTERN
EVANSTON, Ill., Nov. 25 (AP)—Iowa's amazing band of gridiron warriors came from behind in the fourth period to score a touchdown against the Northwesterns, 7 to 7, in a thrilling, bruising game played before 40,000 spectators.

Coahoma Cage Quint Trims Ackerly

COAHOMA, Nov. 25—Coahoma's Bulldogs, victors over the Ackerly Eagles here Friday night, will play the Garden City Bearcats here Tuesday evening.

The tilt will be the feature of a triple header. The senior girls' and junior boys' teams of the two schools will also meet.

The Eagles were downed, 42-23. Eddon Hull and Everett Little paced the Dogs to their win, Hull roping 15 points while Little had eight field goals and a grating toss.

In other games the Coahoma junior boys stopped the Ackerly juniors, 22-4, but the Coahoma senior girls lost to the Ackerly girls, 19-5.

Moore Cagers Beat Midway

Play got underway in the Howard County Rural basketball league Friday on two fronts.

Elbow invaded Gay Hill and won, 20-6. High point man was E. Henry, Elbow, with eight points. The Gay Hill girls team forfeited their game to the Elbow team.

At Moore Anna Smith's boys defeated Midway 12-2, with Brown's four points leading the way. In the clash between the girls' teams of the two schools, Midway repulsed Moore, 4-2. Jean Priddy made all of Midway's points. Marjorie Sandridge, starred on defense.

Richland school has recently been admitted to the league and will play their first game next week against Vincent in Vincent.

Other games next week will pit Chalk against Midway at Midway, Center Point against Elbow at Elbow and Gay Hill against Moore at Moore.

LATE COLORADO CITY RALLY DEFEATS SWATZY'S ELEVEN

COLORADO CITY, Nov. 25—The Colorado City junior high school gridgers came from behind twice to defeat Howard Schwarzenbach's Big Spring Yearlings, 20-12, here Friday night.

The Wolves scored twice in the third quarter and again in the fourth to turn the trick. Junior Moore and Blake Talbott starred on the offense for Big Spring while Billy Parker was the whole show on defense until he was kayped at the beginning of the third period.

The Yearlings tallied after taking the opening kickoff, traveling more than half the distance of the field. Moore plunged over from inside the five after figuring in the drive from two long runs.

After Colorado City had regained the lead in the third period the Yearlings came crashing back with a desperate drive that paid off when Moore passed to Talbott for a 55-yard gain and a touchdown. Talbott took the ball on the Wolves 35-yard stripe and ran the remainder of the distance for the score.

Royce Smith scored all three Colorado City touchdowns. Score by quarters: Colorado City 0 0 14 6-20 Big Spring 6 0 6 0-12

Kaiser's Kin At The Front

BERLIN, Nov. 25 (AP)—One son, 11 grandsons and one grandnephew of former Kaiser Wilhelm II are serving at the front under the swastika flag of Adolf Hitler, according to data supplied by the supreme high command.
 One grandson has fallen in battle. One grand-daughter is a volunteer apothecary in the army drug department at Potsdam.
 Prince Oscar of Prussia, fifth son of the "Sage of Doorn," a colonel of the reserve, commands a regiment at the front.
 Prince Oscar's oldest son, Oscar, 24, a lieutenant in the 51st infantry regiment, fell while leading a charge in Poland September 5. Two other sons, Burchard, 22, and Wilhelm Karl, 17, are respectively first lieutenant in infantry regiment No. 9 and sub-lieutenant with an artillery regiment.
 Of the four sons of former Crown Prince Wilhelm and Crown Princess Cecilie, three are in active service, while the youngest, Friedrich, 27, has been interned on the estate of a prominent Scotsman, "Fritzie" working in a London bank when the war started and was ill when other Germans sped back to the Fatherland.
 Prince Wilhelm, 33, the former crown prince's oldest son, is a reserve captain in the first infantry regiment.
 Prince Louis Ferdinand, 32, a first lieutenant in the Hindenburg bombing squadron, is a member of the air force's teaching staff at Rangsdorf, near Berlin. Since

That Something Called HEALTH

We Chiropractors work with that subtle substance of the soul. We release the prisoned impulse, the tiny rivulet of force, that emanates from the mind and flows over the nerves to the cells and stirs them into life. We deal with that power that transforms common food into living, loving, thinking clay; that robs the earth with beauty, and hues and scents the flowers with the glory of the air.

In the dim dark distance long ago, when the sun first bowed to the morning star, this power spoke and there was life; it quickened the slime of the seas and the dust of the earth and drove each cell to union with its fellows in countless living forms. Thru aeons of time it finned the fish and winged the birds and fanged the beast. Endlessly it worked, evolving its form until it produced the crowning glory of them all. With tireless energy it blows the bubble of each individual life and then silently, relentlessly dissolves the form, and absorbs the spirit into itself again.

Chiropractic is nature's way of doing things natural. Our Creator designed us to work in harmony; one part with the other. It is the Spinal Sub-luxation, and that alone that prevents harmony within us. If we are sick it is because the organ or tissue affected is not receiving its portion of the power generated with us that keeps us healthy. The Chiropractor, alone, can remove this cause and bring about harmony within the living body.

Class Ready For Servants

With 23 women actively engaged in household service signed for the course, the first of a series of classes on phases of household service will be started as soon as they have passed physical examinations. E. C. Pennington, supervisor of the adult evening school program, pointed out that a complete physical examination was a part of the course and that those who employ women from the class will be assured that they have a clean bill of health. Employers may yet enter their servants in the course, he said.

Meanwhile, an evening school course in electrical mathematics is hitting full stride under the direction of H. C. Hamilton, telephone company wire chief, as teacher. Fourteen men are enrolled in the class that meets for two hours on Tuesday and Friday evenings.

Pennington said that an organization meeting would be undertaken sometime this week for those who are interested in an evening course in natural gas. H. Charles Landers has been named teacher of the class and the supervisor said that a sufficient number of men had indicated their desire to take the course to insure its being offered. Other courses in a varied field of activities were indicated.

Wizard

(Continued from Page 1)

burning effect. Into this picture of despair, like mana from Heaven, came a figure, who, by one magic word, was to plunge the town into its most fantastic period of activity. That man was Seymour Earnest Jacobson Cox and his word of magic was oil.

Why he placed his finger upon Big Spring for his fabulous activities is probably Cox's secret, but he professed to see the city as the pot of gold at the end of a rainbow that raised a prophetic voice in describing his vision of a line of derricks 75 miles across this country.

Dream Came True

History not only bore out his dream, but enlarged it even beyond the wildest flights of his gifted imagination. He erred, however, in the place which he assigned himself and General Oil company in the later development; for although he actually struck oil, Cox never brought in a well in this area and in the space of a few years found himself bound for federal prison for using the mails to defraud.

Almost from the moment he made his fateful decision to use Big Spring as the outpost base for promoting lease, royalty and stock sales, the little city of 4,000 people began to feel the exhilarating effect of thousands of dollars lavishly spent.

A short space of time he had more than 150 sections of land under lease in Howard county alone, had taken over several buildings, including a hotel, and had started oil well equipment and personnel flowing into town in a steady stream. Awakened from a stupor that adversity had befallen Big Spring plunged into the intoxication of an "oil boom."

Had A Forerunner

Cox, like most miracle men, did not suddenly appear on the scene unheralded. The great forerunner was a spare man, not particularly commanding in appearance, who had laid aside his barber's tools in Houston to follow the promotive genius of L. B. House, personal representative of Cox, was about five feet and 10 inches in height, comparatively thin and a modest but meticulous dresser. He possessed little of his employer's gift for stirring multitudes, but in ordinary dealings, conversation flowed from him like the waters of an inexhaustible spring.

But what he lacked in silver-tongued oratory, House made up in a flair for showmanship. He seldom exercised his full authority in routine operations, but when he did he blessed them with a dramatic touch. His decisions could change an ordinary circumstance into something spectacular, and with the cornucopia of the General Oil company at his beck, it mattered not that occasionally the cost ran into amazing figures.

Like the company he represented, Bert House spent freely of his fat salary and saw to it that his wife and daughter kept up with the modest social activities of the town.

From the moment he walked into the office of the local power company in 1919 until he abdicated with Cox when the General Oil company collapsed, House was a man with a pocket full of surprises.

(Monday: The "Wizard of Oil" series is continued with a personality sketch of S. E. J. Cox.)

providing special taxes to cover the increased cost of national defense, and of confirming whenever the president appoints to the supreme court vacancy created by the recent death of Associate Justice Butler.

Either of these questions could cause trouble. The first, however, is a highly tentative stage. Mr. Roosevelt mentioned it Friday as something to think about. Its trouble-making possibilities might develop if Mr. Roosevelt proposed and insisted upon a tax of a controversial nature.

The appointment of an extreme new dealer to the court could open wide the party wounds.

But, of the two certain congressional controversies, national defense is an issue which generally cuts across party lines, and finds as many republicans voting the president's way as it does democrats voting against him.

The tariff row shapes up as largely a battle between the two parties. Some democrats dissent from the administration position on the reciprocal trade program but they include very few of those who have registered consistent opposition to new deal measures.

4-H CLUB BOY HAS BIG COTTON YIELD

Bert Matthis, son of Mr. and Mrs. L. C. Matthis of the Knott community, has a cotton production record which many adults can look upon with envy.

On his five-acre demonstration plot, Bert has already gathered three bales of cotton with a total weight of 1,004 pounds. He had an estimated 1,000 pounds left in the field which will yield around 340 pounds of lint, or a total yield of approximately 1,344 pounds. This happens to be an average of 388 pounds to the acre, far above the county average of 135 pounds. Bert, a 4-H club boy, planted Texas Mammoth.

CISCO MAN ROBBED, BUT GOODS RETURNED

William Morton, enroute to his home in Cisco, was robbed and then had his money and goods restored Saturday, police reported.

They said that he had been relieved of his suit case and \$2.75 in cash with an "old knife trick," but that when he called on the law his property was restored and his assailant fled.

Patrolman Feels Effects of Snow

The weather played a trick on Hardy Matthews, inspector of the drivers license division of the state highway patrol, Saturday.

During the morning, when snow was falling, Matthews issued only one operators and one chauffeurs license. In the afternoon, however, he was swamped with eight of each class and six applications for duplicates.

The Week

(Continued from Page 1)

doesn't affect it.

Efforts to promote some sort of a child welfare program here last week revived an old issue of a centralized welfare agency for the city. In some quarters this idea seems to be gaining favor. Political agencies might warm to it.

Here's making the most of opportunity. A well dressed gentleman rushed to the aid of an elderly man who stumbled and fell on a downtown street here. The old man, slightly in his cups, cocked one bleary eye as he was picked up and asked: "Got a cigarette, Bud?"

News that a six-inch pipeline, costing \$500,000 together with pump stations, will be built to connect the Cosden refinery with the Wasson and possibly the Cedar Lake pools in Gaines county wasn't hard to take here last week. Such a line will stabilize Cosden's production and help the town.

Thursday Big Spring people will have their last opportunity to see the high school football team in action. While the Steers don't have a chance at the district title, they have a chance at Sweetwater, the probable winner. The most improved team in the district is Big Spring, and the boys deserve support for that record.

A story on a swindle bared last week said gold bricks were unearthed on a ranch near Big Spring. We know H. Clay Reed had some gold samples on his land east of here, but this brick business is an asset we had overlooked.

and three nephews and nieces.

Funeral services were to be held at 2 p. m. Sunday at the First Methodist church with the pastor, Rev. J. O. Haynes, and Rev. Homer Sheats, Assembly of God pastor, in charge. Burial was to be in the city cemetery.

Palbearers were to be T. J. A. Robinson, Edgar Stringfellow, M. E. Creek, M. L. Windham, Stewart Womack and Clyde A. Nations in charge.

Honorary palbearers were to be Johnny Roberts and Harve Gann of Lovington, N. M., J. H. Marr, C. D. Cody, Tom Tripp, E. V. Graham, W. H. Rhodes and Carl Akin of Odessa, Allen Z. Misses License Plates

W. N. King missed his license plates and for a very good reason. A man and a woman wanted in connection with hot checking episodes in Fort Sumner, N. M. and a robbery at Mesa, N. M., were using Texas license plates which corresponded to the ones issued to King here. When police checked, King found that his plates had been stolen.

NEAT SHOPLIFTING DEVICE UNCOVERED

A neat shoplifting device has been taken over by police.

An officer discovered a box, neatly bundled in wrapping paper and tied securely with strings as if ready for shipping. The catch, however, was that one end of the box would swing open readily so that goods jerked from the counter could be thrown inside. Since it looked like a wrapped package, it naturally would arouse little or no suspicion.

Philatelists Plan Exhibit

Another exhibit of stamp collections is being planned by the Inter-City Philatelic Society for Big Spring on December 9-10.

Members of the organization, which sponsored a similar affair here last year that attracted exhibits valued at several thousand dollars, said they hoped to have an even larger display this season.

In charge of arrangements are W. E. Harriott, Foran, president of the society, and Harold Bottomley, secretary-treasurer. The exhibit will be held at the Settles.

Registration of collectors from Big Spring, Midland, Foran, Abilene and other points will begin at noon December 9 and a banquet, followed by a stamp auction, will be held in the evening. The exhibits will remain on display the following day.

can in our own way to stand by the flag, to fight 'isms' of all kinds, to foster peace and international goodwill, and to protect, foster and feed the way of life that is best—the American way."

Nat Shick, host postmaster, was in charge of opening formalities, and J. H. Greene, chamber of commerce manager, served as master of ceremonies. He had a joke pointed at each speaker he introduced, and in turn was on the receiving end of several gags.

The visitors — and they came from all corners of the far-flung district, despite inclement weather — were welcomed by District Judge Cecil Collins, and the response was by W. E. (Happy) Smith, postmaster at Tahoka. The postal groups voted, at the conclusion of the meeting, to meet next year in Smith's town.

Short talks were made by Alex Caldwell of the postal inspection service, Dallas; C. C. Thompson of Colorado City; and these spokesmen for the various postal groups: Hilton Lambert, Snyder, city carriers; Sam Stamps, Stanton, rural carriers; E. C. Evans, Big Spring, star route carrier; J. N. Greenfield, Brownfield, postal clerks.

Musical numbers were presented by Big Spring's two vocal trios, the Melody Maids — Juanita Cook, Beatrice Peck and Marie Baird; and the West Texans — Mrs. R. E. Blount, Miss Ruby Bell and Clarinda Mary Sanders. Owen Taylor of Lamesa gave the invocation.

Veterans in the postal service were introduced, including D. F. Lawrence of Luther who, at age 79, is retiring from his postmaster-ship next January 31, after 32 years of service. Previously, he served as postmaster for several years in another state. His tenure is believed to be the longest in Texas.
