

317 Students To Be Recognized Tuesday

Safety Council Wants Additional Parking Space

Campus Safety Council recommended in its first meeting Monday that the Student Council present plans for additional parking lots, and hard-surfacing of roads and parking lots, to the Board of Directors June 2.

The consensus of the Council is that parking regulations affecting the circle and streets coming into the circle cannot be effective until satisfactory parking space is made available.

Arnold Maeker, senior engineering student, drew up plans last fall to provide parking area for 1597 vehicles. These plans are being revised by F. L. McRee, professor of civil engineering and member of the Texas Safety association, and Orville Alderson, senior engineering student, since some of the lots were to be located on the sites now designated for the army surplus buildings recently acquired by the college. Maeker's plans were presented to the Board last fall by TWVA but no action was taken on them.

Registration of all cars on the campus was discussed. Floyd Reed, TWVA commander, suggested that an organization such as TWVA could handle registration of cars if another campus group, such as APO, would take over policing duties. Supreme Court justices would hold set aside for future discussion.

Maeker suggested that approval of city officials, state highway officials, bus company manager, and Campus Planning committee members be secured before presenting the plan for parking lots to the Board of Directors. If the Board favors the plan, Lubbock Jaycees have pledged their support to help Tech get the necessary funds.

Jeff Steele, chairman of the Jaycees safety committee, told the Council that any action taken should be in the hands of the student, through a strong Campus Safety Council which would set up campus regulations. Jaycees will give all possible aid in carrying out the plan and helping to get the problem before the public, he said.

The age group of 20-24 furnishes only one-third of the drivers but one-fourth of the cars. Lubbock Jaycees, Steele said, Economic loss to Texas from car accidents last year was \$1 million dollars, and Lubbock's proportionate share and Lubbock's proportionate share was over a million.

Troy Davidson, chairman of the Safety Council, who recently attended a student government convention in Baton Rouge, said that LSU has 13 full-time policemen for a campus no larger than Tech's. W. T. Gaston, business manager, said that by actual count the number of cars on the campus has been as many as 3200 in one day, Davidson reported.

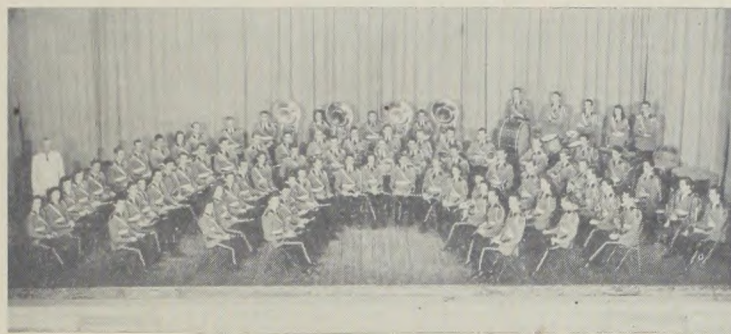

Members of the Safety Council are Davidson, Read, Maeker, Alderson, J. C. Bartlett, Betty Renner, Jim Humphreys, Maxine Harp, Robert Pardue, Elizabeth Schmidt, Amos Howard, James Gunter, and Maxine Hennesdorf.

Toreador Summer Staff Approved

New requirements concerning La Ventana were adopted, summer editor and business manager of the Toreador were approved, and a sub-committee was named to act during the summer session at a meeting of the Publications Committee Monday night.

Editors of La Ventana hereafter are to submit at the first meeting of the year a deadline schedule in which they will set up specific dates on which various phases of copy will go to the printer and engraver. At each monthly meeting, editors must report whether they made the deadline—and if not, why. Through these reports, the committee will be able to give help to La Ventana in order to make the deadline. These requirements were set up in order to give the editors a boost when it is needed, so that the annual will not go to press late in the future, says Prof. Clark Schooley.

Contracts for La Ventana for next year were approved at the meeting. Economy Advertising company of Iowa City will do the printing and Southwestern Engraving company in Dallas will make the pictures. Expenditure of \$300 was authorized for a new camera for the Ventana.

Final Band Concert To Be Given Tuesday

Popular "Porgy and Bess" Is Included On Program

Tech's Concert Band will conclude its 1946-47 concert season with a program in the Senior High School, Tuesday evening, May 13, at 8 p. m.

Director D. O. Wiley states that he has selected a program that should have considerable popular appeal, for it includes some favorites that have been played here in years past, along with some that are being played in Lubbock for the first time.

Soloists will be John James Haynie, cornetist, and Norma Hammer, freshman flutist. Both will be accompanied by the band. A brass quartet, composed of Haynie, Jean Day, Grant Sharman, and Jack Boone will play a new quartet written by Sharman. They will be unaccompanied.

Program of the Concert Band will include "Funiculari" by Denza-Lang, "A Man's Overture" by Haydn Wood, "Carnival of Venice" arranged by Del Stagers and used by Haynie for his solo, "Czech Rhapsody" by Jaromir Weinberger, "Carnival Russe" by Clardi and used as flute solo by Clardi, and "Eras Quartet" by Grant Sharman, "The Hunt" a descriptive fantasy by Kenneth J. Alford, selections from "Porgy and Bess" by George Gershwin, and "Caravan Overture" by Duke Ellington-Jean Tizol.

The public is invited and there will be no admission charge.

TWVA Postpones Action On Vets' Increased Pay

TWVA voted Tuesday night to postpone the decision on the proposed increase in veteran's subsistence.

According to Floyd Reed, commander, the proposal caused so much discussion that it was tabled until next week in order that a larger and more representative portion of Tech's veterans could be on hand to vote.

Read called a special meeting for Tuesday night, at 7:30, in C-101, and urged that all veterans, whether they are members of TWVA or not, attend.

The subsistence increase has been under discussion since the meeting in Austin, of the newly-organized state-wide college veterans' group. The organization chose the proposed increase as one of its principal objections. Arnold Maeker and Earl Gilmore were Tech's delegates to the meeting.

TWVA voted last week to join the organization tentatively, providing the charter meets with its approval. The district delegate was instructed to see that the charter made provisions against political campaigns and that each school be allowed to accept or reject anything the organization does.

Law Suit Dismissed; Tech Gets Bones

Three men who recently discovered the skeleton of a prehistoric mammoth on the D. C. Reed farm in Hockley county signed a release of their claim to West Texas Museum Saturday in the offices of Crenshaw, Dupree, and Milam, attorneys appointed to represent Texas Tech in a title and possession suit.

The hearing, scheduled for May 6, in the 72nd district court at Levelland, has been cancelled, according to C. C. Crenshaw, Jr., of the law firm.

D. C. Reed, owner of the farm on which the bones were discovered, made a gift of the skeleton to the museum at Texas Tech.

Stanley Palmer, F. M. Palmer, and J. F. Miller, discoverers of the skeleton, have been awarded the \$250 previously offered by Tech for claim to the bones.

Dr. W. C. Holden, dean of the division of graduate studies and curator of West Texas Museum, praised Stanley Palmer for his skill in uncovering the bones without damaging them and stated that a plaque will be placed in the museum naming Palmer as the finder of the skeleton.

The specimen has been tentatively identified as an Archidiskodon mammoth, according to Dr. Holden, and it probably lived in the late Pleistocene or early Recent period.

The skeleton is probably that of a young male, say paleontologists who have seen the remains, and when reconstructed, will stand about 14 feet high at the shoulder.

One trained man and assistants will require at least a year to reconstruct the mammoth skeleton, Dr. Holden states, and cost of reconstruction has been estimated at approximately \$10,000.

Graduating Seniors Guests At Banquet

Maurine Hearn, vice-director for women and State Home Demonstration agent from Texas A & M, was guest speaker at the H. E. Club banquet Tuesday night at the Hilton Hotel according to Katherine Nelson, treasurer. This was the twelfth annual banquet honoring graduating seniors of the Division of Home Economics.

Dean Margaret W. Weeks gave a talk, "To the Class of 1947" Introductions, "Presenting the Class of 1947", were made by Gene Martin and Barbara Conkling. Avis Fuchs was introduced as president of the club for next year. Other new officers are as follows: Gretchen Cliff, vice-president; Nell LaRoe, secretary; Katherine Nelson, treasurer.

Retiring officers of the club are: Betty Renner, president; Mrs. Betty Devin, vice-president; Dorothy Creel, secretary; Loy Catherine Barnett, treasurer.

EXAM SCHEDULE

Table with columns for Exam Time, Classes Meeting, and dates from Friday, May 23 to Thursday, May 29, 1947.

1. The time for the examination for classes with laboratories will be based on the lecture hours rather than on the laboratory hour or hours, except in case of conflict when the laboratory hour or hours may be used.

2. The Committee, in making up this schedule, has endeavored to place every class at a definite time. If there is any class not scheduled, a petition should be made to the Schedule Committee to place the examination at a certain time.

Double T Letters Awarded Fencers

Fencing was added to the recognized sport program of Texas Tech by action of the Athletic Council and leading fencers of the school will be awarded Double T letters with crossed sabers shown on them.

The council accepted recommendation of Morley Jennings, athletic director, and George Beakley, fencing instructor, for addition of fencing to the recognized program as a minor sport. It is the first recognition given the sport officially at Tech.

To earn a fencing letter a team member must participate in at least 50 percent of scheduled matches and win two-thirds of his matches, or win first place in a tournament in which two or more colleges are represented. The standards were set up after study of methods of awards made fencers by other leading colleges of the nation. Tech's standards are more strict than any of those at more than 20 schools who advised Beakley as to methods.

MATH SCHOLARSHIP

Formal application for competitors for the William Lowell Putnam mathematical competition to be given May 24, has been sent to Prof. George Mackey, of Harvard University, according to Lida E. May, instructor of mathematics.

Competitors for the team from Tech were Douglass McCoy, James Murray and Chauncey Trout. The other six, Streadfield Cox, Sam Jackson, Daniel T. McElligott, Francis (Choc) Miller, Thomas Summers, Stanley Swenson are individual contestants, according to Miss May.

Parents' Day Set For Next Tuesday

Annual Parents' Day at Tech will be highlighted by the tea and reception in honor of visiting parents Tuesday from 2:30-4:30 p. m. in Drane Hall. Registration of parents will be in Drane Hall at 2 p. m., instead of 10 a. m. to 2:30 p. m. as announced in the letters sent to parents, Troy Davidson, student body president, said Wednesday.

President and Mrs. W. M. Whyburn, and Deans J. G. Allen, W. L. Stangel, and Margaret Weeks have been asked to serve in the receiving line with Davidson and Bob Clark, president-elect of the student body. All faculty members are invited to attend, Davidson said.

Loy Catherine Barnett is chairman of the Student Council arrangements committee for the reception. Others on the committee are Sarah "Baby" McDonald and Gene Harsley. Council members will be at the reception to greet the parents, and will serve as ushers at the Recognition Service at 5:30.

Parents to be recognized at the service on the Administration building green are: those who have Army surplus buildings, Fred Lanford, Mary Lou Lawson, Royce Laycock, with the most children in Tech now, those with the most children who have attended Tech for all time; and ex-Techians with children in Tech now.

(Anyone who can bring flowers for the Recognition Service is requested to bring them to the reception in the Administration building Tuesday by 3 p. m. Maxine Hennesdorf, chairman of the decorations committee, said.)

Four Army Surplus Buildings Arrive

Four wooden buildings, first of 32 Army surplus buildings to be placed here, reached Tech campus Wednesday afternoon. J. D. Letwicz, contractor, accompanied the group on its two day trip from Camp Barkley, near Abilene.

Foundations for the buildings had been poured last week west and north of the Engineering building, and placement was started on their arrival. The first building was lowered from large trailers within two hours after arrival at Tech.

Letwicz said all buildings would also be within about two months, depending mostly on weather conditions. The caravan was bothered by high winds while at Lamesa during Tuesday night's wind and rain storm, according to the contractor.

These buildings, which were used as office and instruction houses at Camp Barkley, are listed for storage here according to blueprints of J. B. Moser, trucker who has contracted for moving all buildings.

Grazing Experiment Proves Successful

Twelve steer calves carried stockers on the Tech farm for a 155 day period showed an average daily gain of 1.3 pounds, it was announced Tuesday from the office of W. L. Sangel, dean of agriculture.

The calves, which were grazed 78 days on winter wheat and barley, supplemented by minerals, and fed 11.8 pounds of hegarl fodder per day in a dry lot for 77 days, now are being used in an irrigated pasture experiment initiated May 1.

They were carried on stockers from Nov. 26 to April 30. Average initial weight was 427 and average final weight of 634.4 pounds, an average gain of 20.7.

The grazing experiment is designed to determine the best mixtures of pasture grasses for irrigated pastures to produce beef most economically.

ELECTRIC SCOREBOARD

Electric scoreboard for the gym, 1947 senior class gift to the college, will be installed this summer, Orville Alderson, class president, announced.

The scoreboard was purchased from International Business Machines company which will handle installation, the total cost being \$490, financed from proceeds of the Senior Carnival and a donation.

Grades, Leadership, Service Are Basis For Recognition

Approximately three hundred students will be recognized at the annual Tech Recognition Service Tuesday, May 13 at 5:30 p. m. on the Administration building green.

Students recognized for making the fall semester honor roll are: Freshmen: William L. Adams, Morris Barrington, Marion Baumgardner, Hilory Bedford, Denzil Bevers, Bobby Bonner, Rex Bradford, Garland Bridges, Maurice Mac Browder, Billy Marshall Bufkin, Alyce Joyce Byrom, Donald Cade, Richard Campbell, Elizabeth Craig, John P. Craig.

Young E. Douglass, Weldon J. Ebling, Jim Elliott, Sterling Emmons, Willa Mae Farris, Lewis Faw, Robert Feyn, Russell Fogerson, Marshall Gettys, Jack Grady, Nelle Hagan, Sebron Hall, Jeanette Hamilton, Kenneth Hancock, Lonnie Harrison, Elizabeth Howard, Billie Hutchings, Nettie Lou Keiser, Richard P. Kelsky, Frank Newton Kerr.

Glady's Kiely, Fred Lanford, Mary Lou Lawson, Royce Laycock, Jean McNeill, Sam Malvica, Emory Menefee, Curtis Miles, Jesse Miles, Louis Mills, Ralph Mills, Mary Ellen Moloney, Mac Montgomery, Carol Moor, Joe Morris, Floyd L. Napier, Warner Petricola, Clavin D. Pigman, Morris W. Rantz, Mary Louise Rea, Floyd C. Rector, Michael Rimar, Rush D. Robinett, Doyle E. Rogers, James M. Rogers, Betty Jean Ryan, William T. Simpson, Claf Sivage, Kenneth L. Sterne, Oleta Stewart, Sam Storrs.

Betty Jean Sullivan, Charles Bryan Valliant, Dorothy Mae Vrooman, Mary Virginia Winn, Richard Oliver Wolff, Dorothy Louise Womack and Billie Jo Wright. Sophomore: Clifford Jean Arnold, Wesley Askew, Glenn Bandy, William Blackwell, Jack Blake, James Alben Block, Melvin Bobo, Charles Bradford, George R. Brown, Thomas I. Brown, Jr., Ralph Buck, Donese Campbell, Elwood Cafurth, J. W. Chatwell, Charles E. Claws, Jr., Samuel Combs, Ruth Evans Cowan, Estelle Cumming, Frank Denton, Glenn Emmett, Fred Ferguson, Wallace Finley, Imogene Fortenberry.

Raymond Fowler, Vignere Garoutte, William Gosdin, Sue Guthrie, Laura Beth Hall, John Haynes, John Holmes, Lamar Jackson, Chester C. Jaynes, Eugene A. King, Herbert L. Lamb, Allan J. Lewis, Mrs. Miriam Lewis, John P. Lilly, Jr., Bryan Lovelace, Clyde Minshew, Harold Morris, Charles E. Newton, Claude Nichols, Wenas C. Nutt, Dwight Perkins, William K. Puryear, Levon Ray, Paul A. Reed, Evanda Joy Sawyer, James Spain, Barron Spaulding, Mary Cathryn Speer, Vincent Stackhouse, Gwynolda Stinnett, Thomas W. Sumner, Jr., Henry A. Tackett, Carol E. Thompson, Billie Jo Whitworth, and Raymond James Yuzbick.

Students to be recognized for recognition: Ernie Dell Adams, Bonnie Allen, Joe Anderson, Dorothy Jean Appling, John Allen Ash, Harold Bailew, Rex Bauerlein, Robert Baumgardner, Stephen Brooks, Margaret Bruce, Joseph Carlisle, June Cartwright, Ray, Clepper, Archie Cookburn, William Carl Collins, Gilbert Loy Cook, Clarence Dorsey, Carl Dwyer, Billy Enlow, Margene Fry, Charles Wade rick L. Shaw, Eva Ruth Turnbough, and Ardie Marion Westbrook.

Seniors: James E. Archer, Bobby N. Armstrong, R. V. Ball, John J. Bayles, Arthur L. Bell, Jr., Marion Benham, Claude Boren, Pance Butler, Lewis Allen Cobb, Ann Cranshaw, Robert Dean, Charles Edman, Thomas Edwards, Winifred Evans, Mary Boese Erskine, James Fleming, Dale Foreman, T. D. Gardner, Bill Garrison, Victor Gerdes, Horace Gordon, John Halburton, Maxine Harp, Tom Hassell, Edward Havran, Walton Henderson, Pete Hines, Mrs. Adela Chel-land, Amos Howard, C. S. Olson, Charles L. Jon, Winifred Larabee, Texie Myrtle Alister, Walter McBee, George McLeary, Mrs. Irene McNeill, James Merriman, Lucy Miller, Judd Morrow, William Keith Patton, Willis P. Phillips, Otto H. Rablfs, Jr., Herbert B. Reeves, Frank F. Revier, Glenn Robertson, Elizabeth K. Schmidt, Marion Sprague, Arthur M. Stoy, Joel M. Simmons, Jr., Mrs. Charlene Tabor, Chauncey M. Trout, Jr., Charles J. Vinyard, Bob Weddle, Howard Webborn, Robinson Duval

Wiley, Delmar Maurice Woods, and Carl Junius Young.

In Absentia: Mrs. Jean Carmichael, Vada DeWitt, James L. Jackson, Ann C. Newman, Dorothy Del Golden, James C. Kersten, Wayne Ogle, Mrs. Norma Crump Davis, Peggy Wright Murphy, Aubie Jo Batcum, Mrs. Billie Bechtel, Alex Cook, Ben E. Cowling, Jr., Clarence W. Coyle, Bertell Jackson, Raymond McWilliams, Lee Perry, Rodgmond honor and awards announced in the College Catalogue during 1946-47 are: Nita Delane Adams, Marion Baumgardner, Arthur L. Bell, Bill E. Blackenship, Betty Jo Bomar, Albert P. Devin, James H. Gunter, Sue Lynn Guthrie, Kenneth Hancock, Maxine Harp, Ava Hasty, Tommie Gene Hewlett, Carlton Eugene Hardey, Doudlen H. Kowinger, Loris Lamonte Leddy, Kenneth O. Lewis, Anna Belle Meadows, Lois Ray Mills, William S. Montgomery, Helen Robin, Bobby Salem, Betty Lou Seaman, Dora Elizabeth Shaw, H. G. Sprawls, Del Wells, Barton Willingham, Kathryn Witty, Dorothy Womack, Franklin Terry Perkins.

In Absentia: Nathan J. Allen, Jr., John E. Dwyer, and John Bill Wheeler.

Students recognized because of outstanding leadership or service to the college or student body are: Orville Alderson, Imogene Bagwell, Robert Baumgardner, Jane Burns, Pance Butler, Bob Clark, Dorothy Cliff, Troy Davidson, Betty Devin, Mary Flatt, Bea Green, James Gunter, Gene Hardey, Maxine Harp, Tom Hassell, Maxine Hennesdorf, Eugenia Hopper, Amos Howard, Jackie Lewis, Bill Nugent, Betty Renner, Elizabeth Schmidt, Jim Wanner, and Barton Willingham.

In Absentia: Betty Jo Crisler, Roderick Shaw, and Dan Young.

Parents' Day Tuesday

COLLEGE CALENDAR listing various events from Friday, May 9 to Thursday, May 15, including banquets, dinners, picnics, and meetings.

# Theta Sigma Phi Members To Attend State Convention

Five members of Tech's Alpha Upsilon chapter of Theta Sigma Phi, national honorary and professional fraternity for women in journalism, will attend the first state convention of the organization in Austin, May 10 and 11.

Delegates who left this morning by car and will return Sunday, are Bea Green, president; Hopsy Maas, president-elect; Margene Fry, treasurer; Winifred Larabee, keeper of the archives; and Ellen Helm Miller, sponsor and alumna of the Tech chapter.

Hostesses are Xi chapter of the University of Texas and the Austin alumnae.

The highlight of the two-day program will be a Matrix Table Banquet on the evening of May 10, when Lois Sager, reporter for the Dallas Morning News, will speak on reporting of post-war Europe and the United Nations Conference.

Miss Sager will be initiated as an

# IBS Is Meeting In Three Cities

The students who operate the country's 66 campus radio stations are converging on Boston this week for the spring convention of the Intercollegiate Broadcasting System. Because IBS has doubled its membership this year, the annual session has been divided for the first time, into three sections, with meetings in Philadelphia and Columbus, Ohio, to supplement the Boston discussions.

In a total of six days of meetings, the student managers, business managers, program directors, and engineers will discuss station management, programming, sales, research, promotion, and engineering topics. Several sessions are devoted to meetings of the Governing Council, comprising representatives from each IBS station, which governs the nation-wide system.

Broadcasting to the colleges is community only with programs directed toward the special interests of students, the campus stations of IBS now reach from coast to coast and are considered a prime training ground for future radio professionals. Harvard, Yale, Princeton, Stanford, Alabama, and Stephens are among the colleges included.

# THE TOREADOR

Student newspaper of Texas Technological College, published every Friday on the campus in Lubbock by students.

Entered as second class matter, Oct. 31, 1925, at the Postoffice in Lubbock, Texas under the Act of March 3, 1879.

Editorial offices, Press Building, rooms 103, 105, Telephone, College Switchboard; night editor, 5548.

Member Associated College Press

REPRESENTED FOR NATIONAL ADVERTISING BY National Advertising Service, Inc. Dallas Publishers Representatives.

420 MADISON AVE. NEW YORK, N. Y. CIRCULO • BOSTON • LOS ANGELES • SAN FRANCISCO

STAFF BEA GREEN, Editor BILLIE BURRELL, Associate Editor BURTON CROSTON, Business Manager

John Anderson, David Buckingham, Lucille Burns, Billie Jean Burrell, Margaret Cary, Frances Clark, Bobby Childers, Troy Davidson, Calla Mae Deaton, Mary Ellen Duffy, Duncan Eliason, Marjorie Foster, Nelouise Grace, Neiva Joyce Halbert, John Hanson, Margaret Hendrick, Joyce Hendrick, Lonnie Hoise, Joe Horne, Choc Hutcheson, Joe Terry Jackson, Mary King, Winifred Larabee, Franz LaRoe, Herbert Leaverton, Vera Maas, Virgil Myers, Joe Meador, Halcyon Pollard, Maureen Smith, Roger Southall, Mary Lou Spence, June Stone, Susan Stockard, Jerry Stovitz, Charles Lee Stone, Bill Sayers, Jamie Trainer, Lois Jean Weeks, Glynn Williams, Jack Williams, Bob Watson.

associate member of Xi chapter at a breakfast Sunday morning. Mrs. Jo Caldwell Meyer of Austin, national executive secretary for Theta Sigma Phi, will preside at the breakfast when there will be an informal discussion of professional journalistic opportunities in Theta Sig and chapter problems.

Opening the conference will be a get-acquainted luncheon on Saturday. A job forum and an open house will follow.

Texas has seven Theta Sig chapters. In addition to those in Lubbock and Austin, there is an alumnae chapter in Dallas and student chapters at TSCW in Denton, SMU in Dallas, and Mary Hardin Baylor in Belton.

# Photo Girl

The 1947 National Photogenic Girl Contest, a search for new, attractive types of American girls to become top-flight professional models conducted by the Society of Photographic Illustrators with the nation's leading photographers as members will open on May 8th, announced the plans for the contest, the second to be conducted under the Society's auspices. Last year's competition was won by the now famous Korky Kelly, and Nancy Gahagan, now equally well-known in the modeling field, was one of the other prize winners.

This year for the first time leading department stores of the country have been appointed regional headquarters for the competition, Mr. Bruhl explained. Filene's in Boston will be the center for New England entrants and will stage the semi-finals contest at the opening of its Sun and Surf Shop on June 4th, at which twelve girls picked by a Boston jury will model and one winner will be chosen to go to the final judging in New York. Other stores in other sections of the country will be announced later, Mr. Bruhl said.

The final judging of the competition will be held at the Society's headquarters on June 16th. The jury will be composed of the forty members of the Society.

The contest is open to any girl in America between the ages of 17 and 25. Entrants must obtain and fill out a standard application giving their measurements, coloring, etc., and attach a full length snapshot or photograph of themselves.

In order to qualify for the competition, every girl must agree to remain in New York for one year after winning the contest. The winner of first prize receives a guarantee of \$5,000 in model fees for the first year. Four other girls chosen as runners-up will receive guarantees of \$4,000, \$3,000, \$2,000, and \$1,000 respectively in model fees for one year.

Applications for entrance may be obtained by writing direct to the Society of Photographic Illustrators, 480 Lexington Avenue, New York, New York.

# SCHOLARSHIP

Students majoring in foreign languages who are interested in applying for the Roscoe Wilson Memorial Scholarship are urged to submit their applications to Dr. C. B. Qualia, head of the Department of Foreign Languages. The scholarship pays a stipend of 30 dollars per month for the student selected by the staff of the Department of Foreign Languages. The selection will be made sometime this spring.

VIRGIL MYERS

Hottest issue on the campus the past two weeks has been the discussions of national fraternities and sororities at Tech. Concerning this question: Three of the seven men's social clubs have voted to begin work on the obtaining of the chapters they want. Several downtown businessmen have written national headquarters of certain fraternities to obtain the latest data on establishing new chapters. One Tech administrator is acting unofficially to ask universities that have them, what problems they cause.

Lubbock is the type of community where, if you see a girl dining with a man old enough to be her father, he is.

Note to Tech Administrators: At a recent meeting of the Southwestern Journalism Congress at Fort Worth, every college and university represented reported some type of student campaign that had been directed against the administration of their school, except two — Texas Tech and Baylor. Baylor reported, however, that due to strict regulations, it could not raise its voice against a single practice. Thereby, leaving Tech the only college in the Southwest that had not had a student uprising.

Did You Know That: There are no official records on the campus of the age of various social clubs, thereby giving no light on the old controversy of which are the oldest clubs — TCU still holds to the theory that Tech should not be admitted to the Southwest conference because it cannot draw large enough crowds, regardless of the huge attendance last year at all of Tech's big games.

What kind of a dress did she wear to the party last night? "I can't remember, I think it was checked."

You don't say? That must have been a real party!

La Ventana Preview: This year's annuals will be distributed sometime during exam week. It will be the largest annual Tech has ever had, containing 416 pages. The dedication will not be to an individual, but an In Memoriam page will be devoted to three Tech students who lost their lives this year. The cover will be in red and white leather, and du-tone, a color process, will be scattered throughout the annual.

# SOCIALITES BEAT W. R. A.

The all-star girls' social club softball team defeated the W.R.A. all-stars Monday evening 15-10.

Playing for the winning social club all-stars were: Delphine Porter, Frankie Robbins, Barbara Claus, Kay Parrish, Gloria Carraway, Nona John Harp, Nancy Wilson, Jean Holt, Carolyn Harris and Betty Davis.

The W.R.A. lineup included: Sue Everitt, Virginia Kennedy, Nina Starkey, Virginia Dacus, Dorothy Cantrell, Jean McFarland, Mary Francis Kelley, Gloria Holleman, Lois Bassmer, Mary Liles, Maisie Price and Fay Hailan.

# VA Says Ex-GIs Good Loan Risk

Ex-GI Joe thus far has proved to be a good loan risk, according to latest Veterans Administration figures on defaults for loans guaranteed by the Government under the Servicemen's Readjustment Act (GI Bill).

As of March 25, VA had approved for guaranty more than 93,000 home loans with a face value of \$3,642,000,000 and carrying guaranty commitments of \$1,707,000,000.

As of the same date, claims had been made against the guaranty by lenders in only 212 home loan cases, and 42 of these subsequently were withdrawn by the claimants. Of the remainder, 135 claims in the net amount of \$235,400 have been paid—and this amount will be reduced by further recovery through liquidation of security for the loans.

VA said the small number of current defaults could not be expected to reflect the long-term trend. The loans are made repayable up to 25 years. The contracts have been negotiated since September, 1944, when the program went into effect.

Casualties among veterans who went into business with the aid of GI funds, however, are high. Of 59,450 such loans totaling \$187,000,000, some 960 have resulted in claims. VA has paid 732 for \$680,000, also subject to further recovery through liquidation of assets.

VA said business loans are made repayable in much shorter periods of time than real estate loans, therefore a higher rate of defaults during the 2 1/2 years of operation of the GI Bill is to be expected. Only 26,700 farm loans, had been approved by VA through March 25. Claims had been filed against 68, of which 42 had been paid in the amount of \$31,700. Farm loans may be amortized over periods up to 40 years.

On the other side of the ledger, VA said that 12,590 loans of all types had been repaid in full by March 25. These included 7,698 home loans, 3,920 for business and 972 for farms. Their aggregate face value was \$42,470,000.

# MATH ASSOCIATION

The Texas section of the Mathematical Association of America held a meeting here last Friday evening in the Hilton hotel. A research paper on extensive analytic geometry by R. S. Underwood, professor of mathematics, was read and discussed Saturday morning in C-253. Dr. F. W. Sparks, professor of mathematics, and Dr. E. Richard Heineman, associate professor of mathematics, led a discussion of the teaching problem in C-251 Saturday afternoon.

# The Know

By TWO WHO DO

Open Road Song: There comes a time in every little boy's life when he wants to run away with a circus or something. Carl "Big Deal" Jensen had his Saturday night when he became a stage door Johnny at the Carnival.

Among the opera fans who journeyed to Dallas last week end were Martha Lively, Howard Schmidt, Earl Hubbard, Frances Dalmasso, Robert Lively, Ruby Tom Rhodes, and many other of the "elite". The lucky people, namely Joe Terry Jackson, Mary King, Jamie Trainer, Bob Williams, and Jane Watson, who went to Columbia for the photography convention plan to come back by St. Louis even though it is slightly off the beaten track. Nothing those people might do will surprise us. A bunch of people including George Howell for one are looking forward to hearing to reflect the long-term trend. The loans are made repayable up to 25 years. The contracts have been negotiated since September, 1944, when the program went into effect.

The Good Old Summer Time: The heat wave is driving everybody to the drink. No you landlubbers, that's a Navy term for water. We mean Buffalo. Dead fish can be brushed aside and it's so wet out there. Bevo Montagne has been out a couple of times or so. Johnny O'Neal and Virgil Myers played hero and dragged a drowning female out of the lake Sunday. That same day, Fuzzy Dennison and Martha Myers had altercations. Wimmen will never learn. John Waddell and Beth Ann Ryan who will be married this summer were there, star. Guess Ann decided to be nice and let him go out with the fellows. Bathing beauties are the only thing that Tech has no shortage of.

Local Vocals: Virginia Forbes, who is evidence concrete that local gals can make good, is visiting the family in Lubbock. A journalism grad of Tech, she is working on an Austin paper. Bob Watson meets the most interesting people when he hitch-hikes to the city. Mary Jane Hinchey was with Joe Arrington again at the DFD farewell dance and did you hear that at this same dance, there was room to dance? It is only a rumor. People are still talking about the May Day decorations at the Silver eye dance Saturday night. Ah, for the days of our childhood—never was there a prettier Maypole. Margaret Smart was at the Pre-Law barbecue with Jack Blake, Earl Hubbard and Francis Dalmasso, to mention two people twice in the same day, were there together. James I. Campbell went to a movie with Barbara Bedford.

# WESLEY ASSOCIATION

Robert W. Baumgardner, junior aggie major, has been elected President of the Wesley Student Association for the 1947-48 school term.

Other officers elected were: Johnnie Margaret Price, Vice-President; Ada Jane Magee, Secretary; Bob Cooper, treasurer; and Sue Lynn Guthrie, publicity director.

Saturday night and to a picnic Sunday with Lib Schmidt. Darrell Carpenter clobbered up his papa's car one Saturday night. Eight uninjured passengers, we hear.

Sulpher and Molasses: The news (?) is very dull this week. Nobody went snacking. Nobody stole the girl friend's boyfriend. Nothing scandalous or libelous happened. All at Tech was peaches and cream.

There was some competition between Jack "Snowball" Walker and Joe Slater. Seems they both got out with a Lubbock beauty on 20th St. Four Souci's found themselves pinned. Beryl Nowlin to Tom Hassell, Kay Parrish to Red Miller, Top Larson to Bud Enoch, and Dorothy Carmack to Cabot Dysart. Katherine Thomas is engaged to the home town flame. Arline Spivey who became pinned a very short while ago to Jimmy Witt now has a diamond from the same man. Must be something to the "love at first sight" gag. Maxine Hennersdorf is wearing a diamond. Martha Bracheen is engaged to Johnny Birdwell. Betty Gilbert will marry Bill Anthony in the fall. Jeanie Watkins is pinned to Lem Tittsworth. Jim Sammons is going steady with Tillie Jones. And, according to Joe Berry Meadow who was at the Key dance Saturday night, Nell Young wants the whole world to know that she is going steady with Norris Young. We looked high and low and high and low for some gossip fit to be whispered over a self respecting coffee cup, but we heard was talk of wedding bells, pins, and a growing list of steadies.

Could it be the breeze?

# Techsans Elected State Officers

Two Techsians were elected to state student offices, Sunday April 20, at the first annual Texas District Student Fellowship Retreat which was held at Round Rock April 18-20.

Jerry Sides, president of the Tech DSE, was elected vice-president and Joyce Yocum, a committee chairman of the Tech DSE, was elected a member of the State Executive Council.

Other Techsians attending the retreat were Melvin Howe, Jack Light, David West, Martha Ford, and The Rev. Dearl Richardson, assistant minister and director of student work at the First Christian Church.

Delegates from the following colleges were also in attendance: University of Texas, Texas Christian University, Hardin college, West Texas State, and Tyler Junior college.

Techsans Conference

Primary trials... Halsey Drug College Ave. 1308 Broad

# 16 Track Men Go To Albuquerque

## Techsans Compete Today in Border Conference Play

Preliminary trials in the thirteenth annual Border conference Track and Field meet get under way today in Albuquerque without a clear-cut favorite for the first time in the history of the meet.

Arizona University, perennial king pin of the loop and winner of all the meets since the conference was organized in 1931, is defending champion. The Wildcats, with seven members of last year's squad back, would appear to rule favorites. However, all other teams have added strength since the last meet and every team is strong in some department.

On the basis of potential point-making ability Arizona State of Tempe, Texas Tech, and Arizona University appear stronger than the other entrants and should stage a three-way fight for meet honors.

Arizona nosed Tech out in the Texas Mines meet earlier this season but Tempe did not compete in this spring meet earlier.

In a dual meet earlier this week later, however, in a triangular meet including New Mexico, Tempe came out on top with 75-6-6 points to 67-1-6 points for Arizona. New Mexico got 20 points.

Individually the teams stack up something like this: Tempe has good all-around strength which may bring the Arizona school through on top. Tempe's strength is pronounced in the shot put, high jump, high hurdles, javelin, pole vault and the 100 yard dash. Batiste, a colored boy, holds the National Interscholastic league record of 14 seconds flat for the high hurdles which is a full 6 seconds better than the present conference mark set by Don Kinzie of Temple in 1942.

In addition to Batiste, Tempe has Diggs, another colored boy, in the 100 yard dash, Frankie Bostock, 440 yard dash, and Jim Strangeland, pole vault. Bostock and Strangeland are defending champions.

Arizona is strong in the shot put, high jump, 440 yard dash, 2 mile and half mile run. Tim Ballantyne won the high jump last year with a height of 6 feet 1.34 inches and has bettered that mark this year. William Evers, winner of the 2-mile event last year has been clocked in 9 minutes 59.9 seconds for that distance this season. Another defending champion, William Daum did the half mile at Tucson earlier this year in 11 minutes 20 seconds. Crouch, a newcomer to the Arizona squad has done a 49.8 second 440 yard dash.

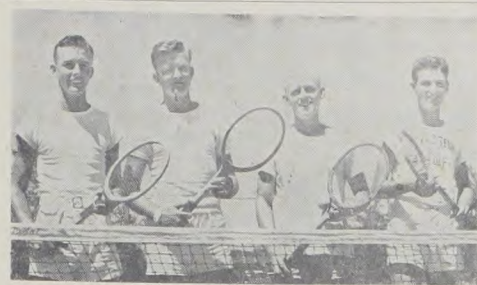

Texas Tech has proven strength and depth in the 100 yard dash, 220 yard dash, 440 yard dash, and the mile relay, with possible point-makers in the half mile, low hurdles, discus and the javelin. Should Tech place two or three men in each of the dashes and should the relay team come in first, the Raiders could garner enough points to win the meet, providing Arizona and Tempe divide honors in the shot put, javelin, high jump, mile, and two mile runs.

The Tech dash men include: Charley Reynolds, defending 100 yard dash champion, Seth Murphey, Costin Bufkin, Joe Wilson, Bill Kelley, Ralph Earhart, Kenneth Hite and Hewitt Allison, team captain. The mile relay quartet is made up of Kelley, Allison, Wilson and Reynolds. Ernest Hawkins, in the half mile, Willie Florence, discus, Ed Clepper, low hurdles, and Charles Florence, javelin, should be able to pick up a few points for Tech.

Other point-makers but not probable meet contenders include: Texas Mines' Fred Wendt, 100 yard dash; New Mexico's Cullen, shot put; Devott, miler, Watson, miler, and Madden, half miler; Hardin-Simmons' J. C. Cook, high hurdles and West Texas' Lloyd Johnson, broad jump.

Preliminary trials begin at 1:30 p. m. today in the following events: 100 yard dash, 440 yard dash, 120 yard high hurdles, 220 yard dash, and 220 yard low hurdles. Finals get under way at 2:00 p. m. tomorrow.

The golf tournament starts tomorrow with the first round due to get under way at 8 a. m. over the University Golf course. The tournament will consist of four-men teams playing over a 36 hole course. A trophy will be awarded to the low four-man team, and another to the individual low medalist. E. H. McKinney, Jerry Stoltz, Jack Walker, and Bill Baxter make up the Tech team.

LEFT TO RIGHT: A. J. "Jake" Broyles, Glen Ivey, Tippy Lee, and Joe Montgomery members of the Tech tennis team began play today in the Border conference meet at Albuquerque.

## Track Team Scores An Impressive Win

The Texas Tech track team, making the first and only home appearance of the season last Saturday won an impressive victory over West Texas State and Hardin-Simmons in a triangular meet.

Total team scores were: Tech 86; West Texas 31; Hardin-Simmons 22.

Best event of the day was the highly contested 100 yard dash, in which Charley Reynolds beat out teammate Ralph Earhart in a close finish. Techsans Seth Murphey and Kenneth Hite gave the Raiders a clean sweep of the event by taking third and fourth. Lloyd Johnson of West Texas State, who consistently beat Reynolds last year up until the Border meet, ran a poor seventh. Official time was 9.8 seconds. However, three times' watches differed, one showing 9.6, one 9.8 and the other 9.9 seconds. The average 9.8 figure was finally taken. That was the best time made by Reynolds and Earhart this season.

Ed Clepper, lanky Tech hurdler pulled a minor upset in beating out Claude Freeman finished 1-2 in the mile; Costin Bufkin, Joe Wilson, and Bill Kelley finished in that order in the 440 yard dash with Jim Wilson of West Texas State, fourth; Murphey, Reynolds, and Hewitt Allison took the three top spots in the 220 yard dash with Lloyd Johnson of West Texas State fourth, and Charles Florence and Bufkin were 1-2 in the javelin.

Under near-perfect weather conditions, several Raiders turned in their best times of the season. Crusier's 4 minutes and 35 seconds in the mile was a full 11 seconds better than he has ever done before; Bufkin bettered all his previous times in the 440 yard dash with a creditable 51 seconds. The 9.8 seconds by Reynolds in the 100 yard dash tied the Border conference record; Murphey clipped one-tenth of a second off his best time of 21.7 seconds for the 220 yard dash and Ed Clepper turned in a 24.6 seconds in the low hurdles.

Ernest Hawkins won handsily in the half mile as did the mile relay team of Kelley, Allison, Wilson and Reynolds.

High individual point maker of the meet was J. C. Cook who made 18-3-4 of Hardin-Simmons 22 points. Cook got his points by winning the

## Tech To Compete At Tennis Meet In Albuquerque

The Tech tennis team, boasting one of the strongest entries in recent years, left for Albuquerque yesterday to compete in the annual Border conference meet which gets under way at 8 a. m. today on the University of New Mexico courts.

The Raider squad, which has registered wins over Hardin-Simmons, New Mexico and West Texas State this season is composed of A. J. Broyles, Glenn Ivey, Tippy Lee, and Joe Montgomery. Broyles is from Lamesa, the other three from Sweetwater.

Border conference rules require the teams to be ranked and then split into an A and B bracket. The number one and two men go into bracket A and three and four into bracket B, and the two brackets compete separately. Coach Polk Robison has designated Broyles and Ivey for the A bracket and Lee and Montgomery for the B bracket.

Coach Robison indicated that he expected the strongest competition from the University of Arizona, team which will probably be composed of Tom Van Fleet, defending singles champion, Marvin Boyd, Ed Ormond, Park and a fourth member not yet determined. Tempe and Flagstaff are an unknown quantity and one or both could come up with a winner.

In matches on the Tech court last Saturday, "Jake" Broyles continued his mastery of Border conference foes by downing J. L. Hauser of West Texas State 6-0, 6-0. Broyles has not lost a single set to a Border conference member this season.

Glen Ivey defeated Hubert Kithens 6-4, 6-3, 6-2 in the other singles match and Ivey and Broyles teamed to beat Hauser and Kitchens, 6-3, 6-2 in doubles.

Susie Blackwell defeated Frances Rhodes 6-1, 6-3 to take top honors in WTA tennis club tournament held last week on the Tech courts. In doubles, Blackwell teamed with Charlotte Kleinfelder to down Carla von Roeder and Mary Knauer 12-10, 6-3.

shot put, discus, and high hurdles and finishing second in the low hurdles.

## Odds and Ends...

By JERRY STOLTZ  
Toreador Sports Writer

Admittance of Tech to the Southwest Conference is a good topic for discussion at any time. Here is a little fuel to add to the fire on this subject. This does not mean that it is a rumor if you wish, but it is pretty close to being the straight stuff.

Tech will become a member of the Southwest conference whenever she decides the time is right to enter. Of the seven members now in the conference only one is opposed to letting Tech in, according to our sources in the newspaper circles. Of the other six, Arkansas is willing, as long as it does not impair her relations with the conference. And since it won't she will vote "aye" whenever it comes time to vote. Three of the remaining five are definitely hot on the idea of admitting Tech. The other two are lukewarm, but will vote in favor of Tech.

Tech will enter the Conference with the same status that Arkansas holds. That is we won't enter into conference play in baseball, since the trip to Lubbock is too costly for all of the members to make the trip every spring. Track, tennis and golf teams compete in conference meets that designate the champion and Tech would enter these meets. We are already competing in the same league with the Southwest conference fencing teams, in fact Tech won the first and second places this spring.

The rumor that the conference will play football schedules like the Big Nine isn't true. The Big Nine is set up so that each member must play every other member once every three years, and must play at least six conference games a year. This allows the schools to maintain their traditional rivalries and still play the rest of the conference teams every year or so. But the Southwest conference will continue as it is now, with every team playing a complete conference schedule

every fall. So if it came to a vote tomorrow, Tech would become a member. Because the pressure on the one dissenting vote would be so strong that they would change their viewpoint.

The tennis team is entering the conference meet in Albuquerque this weekend with a record of five wins, two losses, and one tie. They defeated McMurray, ACC, Hardin-Simmons, West Texas, and New Mexico, split with Texas Mines for a tie, and lost to SMU and TCU. If they can bring back the championship it will be the first in the chapters of tennis history, as far as we can find out, here at Tech.

The golf team finishes up their season also with the conference meet Saturday. This will be 36 holes of medal play, with the low team total winning the crown. Up to here the golf team has a 500 per cent average, they beat Hardin-Simmons twice, and New Mexico A&M and ACC once, lost to Texas Mines, New Mexico, SMU, and TCU and tied McMurray. Allow us one prediction for this week and we will take E. H. McKinney as the Border Conference individual champion for this year.

### THETA SIGS

Winifred Larabee, Bea Green, Vera (Hoppy) Maas, Margene Fry, and Ellen Helm Miller, sponsor, will compose the delegation to represent Tech's Alpha Upsilon Chapter of Theta Sigma Phi, national honorary fraternity for women journalists, at the first State Convention of Theta Sigma Phi in Austin May 10 and 11.

## McFarlan, Dacus Take Top Honors

Jean McFarlan and Virginia Dacus tied for top honors with 23 points each Saturday as Women's Recreation association staged its 17th annual Play Day program.

Winners of events included: Tennis singles—Carla von Roeder; Tennis doubles—Lucille Sorrells and Frances Rhodes; Jacks—Foy Hogg; Table tennis singles—Betty Hatcher.

Table tennis doubles—Virginia Dacus and Jean McFarlan; Relays—Kathryn Starkey, Margaret Burnham, Elizabeth Thomas, Foy Hogg, Betty Jay, Frances Horn, Johnny Johnson.

Volleyball—Betty Jay, Frances Rhodes, Lucille Sorrells, Virginia Dacus, Jean McFarlan, Lois Bassemir, Marie Priebe, Elizabeth Thomas, Doris Irvin.

Basketball—Betty Jay, Jean McFarlan, Virginia Dacus, Linda Lee, Dot Harbin, Jo Callan.

Washers—Mary Anderson, Eadmonitones—Faye Harlan, Badminton doubles—Virginia Dacus and Jean McFarlan.

## Thirty Basketball Players Workout

Fundamentals of basketball and free shooting are being emphasized as 30 men complete the second week of spring training under Polk Robison. Fast break type offense is getting some attention, but Tech's new head coach is using basic elements of the game to determine his men's eyes for the basket and general basketball sense.

Nine men, including three 1943-44 squadmen, are showing well against last season regulars and substitutes. They are Paul Haskins, Johnny McClellan, and Jan Blackwell, who gained freshman numerals in 1944, and newcomers Durwood Patterson, Neal Johnson, Jerry Thrush, Joe Wheatly, Wade Eller, and Leon Grissom. Wheatley, freshman from Brownfield, played independent basketball last winter and was a high scorer in his league.

Jay Kerr, who played with the Raiders until January of this year, is out for training and may be back next season, as may former letterman Jiggs Jackson and Athol Craver.

Week-end Socials Include Picnics, Sport Dances

Five Tech Social Clubs have planned the following social functions for the coming weekend. CENTAURS will honor new members, pledges and alumni with its annual spring dinner dance Saturday evening, May 10, 7:32, at Hotel Lubbock. Dancing will be to the music of Joe Bob Menster. Mothers of the Centaurs will be honored with the traditional Mother's Day breakfast the following morning at Hotel Lubbock at 8:30. LAS VIVARACHAS, women's social club, will hold a spring picnic Friday, May 9, from 6 to 8 p. m., at Mackenzie park. LOS CAMARADAS, men's social club, will hold its annual spring picnic at Mackenzie park Friday, May 9, from 5-9 p. m. Los Camaradas recently initiated two men who have become members through six weeks pledgeship. They are Jim Herring and Jim Christian. KEMAS will have a buffet supper and sport dance at the former Officers' Club at L.A.A.F., Friday, May 9, at 7:30 p.m.

Two-Day ROTC Inspection Begun By Army Officers

The annual two day federal inspection of Tech ROTC began yesterday, according to Lt. Col. L. C. Adams, professor of Military science and tactics. The purpose of the inspection is to determine the degree of proficiency attained by the Tech ROTC unit. Col. Adams said. Highlighting the inspection is a full dress review of the cadet corps, which will be held on the parade grounds in front of the Military Science building, beginning at 1:15 p. m. today. This review is open to the public. The inspection party is made up of the following 4th Army officers: Delbert L. Bjork, Lt. Col. Infantry; Thomas M. Scott, Jr., Lt. Col., Ordnance, and Forrest V. Diehl, Major, Signal Corps. One 10th Air Force officer, Capt. E. F. Kelly, is also a member of the inspection party.

Club News

The end of school always brings a group of speeches, functions, and entertainments. Some of those happening at Tech are: Dr. E. A. Hazlewood, professor of mathematics, will discuss "The Army System of Education," and J. Hollie Cross will present "A paradox, a paradox, a most astounding paradox!" before the after dinner forum meeting May 14, in the Chlmayo room at the Hilton hotel at 8:45 p. m. Reservations may be made at the foreign language offices from 10-12 a. m. Monday and Tuesday, according to Dr. T. Earle Hamilton, associate professor of foreign languages.

John Stribling, senior electrical engineer, spoke on "Use of Thermistors in a Neuroscope," at a district meeting of the American Institute of Electrical Engineers which was held May 5-6 at the University of New Mexico in Albuquerque. Others attending the meeting were C. E. Houston, associate professor of electrical engineering and sponsor of Tech chapter of AIEE, and Roger Owen, student member of the association. Texas Tech Rodeo association will hold its final meeting of the semester Thursday evening at 7:30 in the Aggie Pavilion. Plans will be discussed for the continued activity of the club this summer. "It is the intention of this group that the Association be, not the most exclusive, but rather the most inclusive club on the campus," said Edd Hughes, president of the Association.

Twenty-five mechanical engineering students attended the Southwest sectional convention of the A.S.M.E. which was held April 28-30 in Norman, Oklahoma, according to O. V. Adams, dean of the Division of Engineering. L. J. Powers and Robert L. Newell, of the mechanical engineering department, accompanied the group.

Representatives of colleges and universities in New Mexico, Texas, Oklahoma, Kansas, Louisiana, and Arkansas attended the meeting. Billie Kathryn Lancaster, Billie Hutchings, Joanne Crabtree, Floyd Saddler and Betty Jo Maynard were initiated into Alpha Psi Omega at initiation ceremonies held April 28, preceding the Alpha Psi Omega banquet in the Hilton hotel. Mr. and Mrs. John Harding and Holly Cross were guests at the banquet.

Doctor and Mrs. A. W. Young entertained the members and dates of the Plant Industry club and faculty members of the Division of Agriculture with a steak fry at their home Monday night. The annual WRA banquet will be May 15 at 7:00 p. m. in the cafeteria. Awards for winners of Play Day, WRA tennis tournament, and total athletic points will be made, according to Mary Peacock, physical education instructor.

Dr. and Mrs. W. M. Whyburn and Dean Margaret W. Weeks were dinner guests in the Home Management house Friday night, according to Betty Fagan, hostess. Residents of the Home Management house who attended the dinner were: Miss Lola Drew, Betty Fagan, Alice Slater, Dorothy Halavaty, Gladys Dawson, Avis Fuchs, and Loy Catherine Barnett.

Annual Sigma Delta Pi barbecue supper will be held at Mackenzie Park May 15, at 5 p. m., according to Su Walker president. Tickets are 65 cents each, and are available to all foreign language students and members of foreign language clubs. They may be obtained from any foreign language instructor.

Levelland High School Is Entertained By Techsians

Jim Thomas, Tech student, pre-Levelland high school Thursday sent a magic show to students of night, May 1. He was aided in the show by his sister, Katherine. Other students from Tech who took part in presenting the entertainment were: Dorothy Carnack, Jackie Cogdill, Betty Weaver, Maxine McCollum, Bob Burks, Wilburn (Sam) Hollis, Bill Watson and Joe Garrison. Joe Meador was master of ceremonies.

Former Army Officers Will Be Interviewed

A roving screening board to interview and examine former army officers who wish to re-enlist will be at Tech Monday, May 12, according to T. C. Root, assistant to the president. The date had been tentatively announced as May 9, but will be May 11. Qualified applicants from Tech and the surrounding territory will be interviewed. The board which is composed of seven army officers and one civilian or enlisted assistant will be at Tech six days.

Those interested in an interview may secure additional information from C. E. Gatlin, coordinator of veteran's affairs. Clubs. They may be obtained from any foreign language instructor.

Banquet Honors Student Officers

Student Association officers for next year were presented at the annual Student Council banquet last night in the Cafeteria, and representatives to next year's council were sworn into office. Troy Davidson, student body president, presided. Dr. Doyle D. Jackson, professor of education and psychology, spoke on college welfare, with emphasis on the importance of student government.

Those attending the banquet were Student Association officers and representatives for this and next year, members of Tech Supreme Court, and dates. Special guests were: Dr. and Mrs. W. M. Whyburn, Mr. and Mrs. T. C. Root, Dean and Mrs. J. G. Allen, Mr. and Mrs. George Langford, Dr. and Mrs. Clifford B. Jones, Mr. and Mrs. O. B. Ratliff, Dean and Mrs. R. C. Goodwin, Dean and Mrs. W. L. Stangel, Dean O. V. Adams, Dean Margaret W. Weeks, Mr. and Mrs. W. P. Clement, Mr. and Mrs. W. T. Gaston, Mr. and Mrs. G. W. McClary, Dr. and Mrs. J. W. Davis, Mr. and Mrs. John Harding, and Joe K. Burson.

Freshman Aggies Compete In Contest Tomorrow

The 21st annual freshman livestock judging contest sponsored by the Block and Bridle club, will be held Saturday, with all students of animal husbandry 122, required course for agriculture majors, eligible to participate. About 75 participants are expected, according to officials. Contestants will judge draft and light horses, fat barrows, dairy cows and breeding gilts. Judges will be Euel Liner and Joe Christian, both animal husbandry graduates of the college. Kenneth Lewis is general superintendent of the contest, assisted by L. D. Boone, William Montgomery and Jim Christian. Section leaders will be C. T. Hamilton, Carl Dwyer and Olen Elkins. In charge of livestock will be Edd C. McLeary, John Simpson, Woodrow Allen, Russell Sadler, Joe Ketchersid, Thurman Brook, William Atwood. Records will be kept by Jim Humphreys, George McLeary, Lewis Cobb and Horace Underwood.

KEMAS OFFICERS

New Kemas officers, who are to serve until the spring of 1948, installed April 31, are: Floyd Read, president; George Wall, vice-president; Newell Reed, secretary; Horace Crawford, treasurer; Howard Schmidt, pledge trainer.

Prom Will Honor '47 Junior Queen

Queen of the Junior class will be elected and crowned at the Junior prom tomorrow night, 8:30 to 12, in the gym. Karl Hansen's orchestra will furnish the music. Nominations for queen will be made at a junior class meeting today at 5 p. m. in C101. Voting will take place at the prom with a booth just inside the door, open from 8:30 to 9:30. Results of the election will be announced before intermission. Bob Click, class president, will crown the queen and the floor show will be given in her honor. Committees in charge of prom arrangements are: program, Clint Formby, Loy Catherine Barnett, Mary Lou Bizzell; decorations, George Wilmoth; concessions, George Wall, tickets and finances, Robert Pardue, publicity, Hopy Maas. Tickets, \$1.00 date or stag, will be on sale in the Ad building today and tomorrow.

HODGE FODGE QUEEN

Jane Coffey, commerce student from Pecos, was crowned queen of the Sophomore Hodge Fodge Friday night. Joe Bob Menster's orchestra provided the music for the annual all-college dance sponsored by the sophomore class.
