

COUNCIL TO ATTEND CONVENTION

THE TOREADOR

Volume XXII X7142 Texas Technological College, Lubbock, Texas, Friday, Nov. 14, 1947 Number 8

BIDU SAYAO
Lyric Soprano

Bidu Sayao Opens Tech Artist Course Series Monday

Bidu Sayao, internationally famous soprano of the Metropolitan Opera, will open the 1947-48 Artist Course series in concert at 8 p. m. Monday in the Lubbock High school auditorium. Students will be admitted upon presentation of Artist Course tickets, said Prof. R. A. Mills, faculty director. The Brazilian singer, often described as "the world's greatest lyric soprano," was introduced to this country by Arturo Toscanini, who chose the petite, titian-haired prima-donna for his soloist in Debussy's "Blessed Damozel" with the New York Philharmonic-Symphony Orchestra. The season after her debut under Toscanini found her at the Metropolitan Opera where she has stayed ever since. A foremost Columbia Recording artist, Miss Sayao has steadily won major triumphs in opera, recital, as soloist with orchestra, and on the radio. Her strikingly beautiful personal appearance, her fabulous jewel collection, and her undeniable musical ability have made her one of the foremost concert attractions in the country. The next attraction scheduled by the Tech Artist Course series is Christopher Lynch, Irish tenor, who will appear in concert Dec. 14.

WSSF Campaign Ends Today

Techsan Voices WSSF Approval For Foreign Aid

By ELAYNE HEAD
Toreador Staff Writer

One student at Tech well knows the need for World Student Service fund for which a drive is currently being conducted at Tech. He is Thomas Cleveland, freshman agriculture student who calls Africa his home.

Born in Lubandai, Belgian Congo, Africa, the son of an American missionary, Cleveland spent his first 18 years there completing his elementary education in a school for children of missionaries. On completion of high school, he was drafted and spent 21 months in the service of the U. S. Army.

Expressing his particular sympathies for natives in Africa, Cleveland said he believed that future development of the resources of that country as well as those of other foreign countries, should not be ignored.

Natives Need Aid
"It is our natural tendency to want to help those people who have gone through the chaos of war," the young Techsan remarked, "but they are not the only ones who need our help. I personally know some young African natives who would be capable of advancement if given the chance for an education," he said. "Civilization to these natives is barely a generation old. They need to be given the chance of an education, and this responsibility must fall upon the white man. Up until this time, the missionaries have been the sole contact and very backbone of relations between the natives and the white man."

(Continued on Page 4)

TCC, TWVA Run Ad Foyer Booth

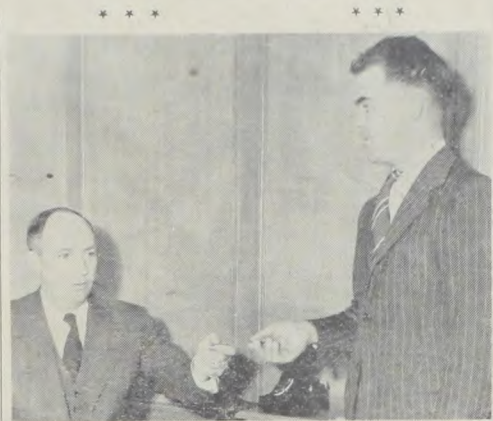

Tech War Veterans association and Tech Chamber of Commerce will operate a World Student Service Fund contribution booth on the first floor of the Ad building today, climaxing the WSSF drive on Tech campus which ends today. Contributions to the fund have progressed satisfactorily up to date, Robert Baumgardner, chairman of the 13-man WSSF steering committee, said yesterday. Clubs that have had the opportunity to make a formal canvass of its members are to be commended on their cooperation, he stated. Tech is the last large, state supported college to join in the World Student Service fund drive. During 1946 over 50 per cent of the total WSSF budget was contributed by U. S. colleges, and this year the WSSF asks that they give 50 per cent of the \$2,000,000 that it will need to provide sufficient aid for only the most desperate cases, Baumgardner said.

Rooting Rooters Rare At Rallies

After a week of rest Raider rooters will meet with the squad for a pre-Lake game rally at 7:30 p. m. Thursday in the gym.

Raiders present at the pre-Weekend game rally almost outnumbered cheering Techsans. One unofficial estimate gave these figures: 70 football players, 70 girl friends of the football players, 50 band members, 30 Saddle Tramps, 25 freshmen, four upper classmen, one couple who arrived early for the dance that was to follow, and one junior and his girl friend looking for a place to court.

Clark H. Schooley, assistant professor of journalism and director of athletic publicity, was also present.

FIRST DONATION—President W. M. Whyburn is pictured above starting the WSSF drive Wednesday as he hands a check to Robert Baumgardner, chairman of the steering committee. The campaign to collect funds for support of foreign students will end today. (Staff photo by Mary King).

Cast Of 'Family Portrait' Praised; Lewis Convincing In Role Of Mary

By RAYTHENE BAKER and MARGARET GARY

Students of the speech department gave an adequate interpretation of Lenore Coffey's and William Cowan's Broadway play, "Family Portrait," Tuesday and Wednesday nights in High school auditorium. Director Lucien Upshaw is to be commended for the simple and sincere presentation of his leading actress, Mary, played by Jeanetta Lewis.

DEADLINE EXTENDED
Deadline on La Ventana pictures has been extended one week. Students MUST have their pictures made by Saturday, Nov. 22. Editor Bob Watson announced.

HE Club Sends Boxes Overseas

Forty-four boxes containing dried milk, tooth paste, soap, sugar, and clothing have been mailed to the World Christmas festival in New York by members of the Tech Home Economics club. These boxes will be sent to children overseas. Each girl specified the country to which her box was to be sent and enclosed a letter of friendship. Several girls received answers to letters which were written during the drive last year, and are still corresponding with foreign friends.

Whyburns Attend ETSTC Inaugural

President and Mrs. W. M. Whyburn will represent Texas Tech at inauguration ceremonies of Dr. James Gilliam Gee as president of East Texas State Teachers college at 10 a. m. tomorrow in Commerce. Governor Beauford Taster has been invited as principal speaker for the ceremonies. Some 700 representatives of universities, colleges and learned societies throughout the U. S. are expected to attend the inauguration. Following the inauguration, Dr. and Mrs. Whyburn will attend a reception given from 1-3 p. m.

TWVA Committee Reports On Book-Buying Situation

A report by the bookstore investigation committee is scheduled at the regular meeting of TWVA at 7:30 p. m. Tuesday in C-101, Commander Joe Meador announced. Purpose of the committee is to probe possibility of speeding book-buying lines at registration and feasibility of getting Varsity bookstore sell supplies to veterans.

Twentieth Annual Pig Roast Slated Tuesday In Pavilion

The twentieth annual Pig Roast sponsored by the Aggie club will be held in the aggie pavilion at 6:45 p. m. Tuesday. The annual affair is held in honor of the judging teams members, who will be introduced, Camille Stevens, reporter, said. The largest Pig Roast ever to be held, it will be attended by about 600 persons including 500 students and 100 special guests who have shown active interest in the agriculture division. Aggie club is issuing a blanket invitation to all aggie alumni, Miss Stevens said. Russell Sadler, chairman of the steering committee, said that the judging teams will be introduced by their coaches from the departments of animal husbandry, dairy manufactures and plant industry. Plans were announced at club meeting Tuesday night. The meeting was the first date of the year. Featured on the program were a debate concerning the new length of women's skirts, and group singing.

Study Of National Student Group Sought At Assembly December 6-7

Student council voted Monday night to send five delegates and all Council members who wish to go as observers, to the Texas-Oklahoma Regional assembly of the United States National Student association in Dallas, Dec. 6-7. This action, which included paying expenses of delegates and observers, was passed after a two-hour discussion of the merits of USNSA.

Local Audience Hears Bromfield On Soil Problems

Louis Bromfield, noted author and soil conservation advocate, addressed a group of Tech students and Lubbock residents at the Lubbock High school auditorium last night on the value and practicality of soil conservation. Citing several examples of the most practical methods of soil conservation, Bromfield, author of best sellers "The Rains Came" and "Colorado," told of experiments that had been conducted in various sections of the country in the past. He expressed his belief that a more strenuous campaign for conservation would be carried out in the future.

Bromfield and a party of business executives from over the United States toured Tech campus Thursday morning, noting particularly the Aggie farms, and returning to the Recreation hall where the author was guest of honor at a luncheon. Dr. Clifford B. Jones, president emeritus, was master of ceremonies. Members of Lubbock garden clubs attended Bromfield's afternoon lecture.

Dallas Geologist Speaks Tonight

"Prospecting for Petroleum" will be discussed by Dr. Everette DeGolyer, senior member of DeGolyer and McNaughton, consulting geologists and petroleum engineers of Dallas, at 8 tonight in the Aggie auditorium. Dr. L. T. Patton, head of the geology department, announced. He will critically examine theories of oil occurrences from the announcement of the anticlinal theory to the present. The outlook for prospecting in the United States and the effectiveness of current exploration procedures will be considered, Dr. Patton said. "Dr. DeGolyer is a pioneer in the introduction of geophysical methods into oil exploration. His wide field experience, both in this country and abroad, has given him the opportunity to evaluate oil exploration techniques," Dr. Patton continued.

Taylor Admitted As First Patient In New Infirmary

Charles Taylor, jr., freshman arts and sciences student from Lubbock, has the dubious honor of being the first patient in Tech's new infirmary. Taylor was admitted Wednesday morning after an appendectomy at a Lubbock hospital. The infirmary had its official opening at 11 a. m. Wednesday, announced Mrs. Marion H. Funk, supervisor. Registered nurses and nurses aides will be on 24-hour duty at both the infirmary and the dispensary, she said. The staff at the infirmary is prepared to take care of medications and ambulatory patients, she said. A student judged by the college physician to need hospitalization (not including conditions which require the services of specialists or surgery) may stay in the infirmary for as many as seven days during a semester without charge, college officials have announced. The student will pay a fee to cover cost for each additional day the college physician requires him to stay, officials said. This medical service is provided by the medical fee, included in the compulsory activity fee of \$30 per year for each student, payable \$15 per semester. The infirmary has six single rooms and six double rooms, a dining room for the nursing staff and a diet kitchen. Flu shots are still available to students, Mrs. Funk said.

BA Division Holds Pre-Registration

A pre-registration system has been devised by the department of business administration which is planned to save students' time as well as give them a better schedule, Dean T. C. Root announced Wednesday. Several weeks ago, blanks were handed students on which they listed courses they expect to take next semester. Classes were then created along the lines of these requests. A tentative hour was assigned students for each course, and interviews were given those dissatisfied with their schedules. Root believes that 60 or 75 per cent of the scheduling will be completed before registration day, but classes can be changed on that day. The plan applies to business administration courses only, he said.

APO Sponsors Clean-Up Drive

The annual clean-up drive will be held on the campus a week from tomorrow, Nov. 22, with the intention of removing bottles, paper and debris before the arrival of alumni and exes for Homecoming. Tentative plans by APO, sponsoring club, call for division of the campus into sections with a supervisor directing the work in his area. The Building and Grounds board will assist in the campaign and TWVA has announced its cooperation.

Band Plays Popular Tunes For Homecoming Games

Texas Tech band will continue to play popular songs at the Homecoming football game, announced D. O. Wiley, director. The numbers were chosen in a poll of the student body, with "Peg O' My Heart" taking number one spot. Other songs chosen were "Who," "Harlem Nocturne," "Near You" and "Fight On For Texas Tech." Vic Williams has arranged the numbers.

Joan Booth Is Chosen Junior Class Queen

Joan Booth, arts and sciences major from Farnell, was chosen queen of the junior class in a class election held Tuesday. Mary Beth Dupree, Joan Nislar, Polly Carroll, and Wilma Koger were elected to be her attendants, stated James Malone, president of the class. Miss Booth and her attendants will represent the junior class in the annual Homecoming parade. Daughter of Mr. and Mrs. Earl Booth, Joan is 19 years old, a DFD and is one of the 36 nominees on the second beauty list. The junior class meeting was the first organized meeting of the group this semester. Jack Blake, vice-president, stated that the class will sponsor a sale of Christmas cards to raise funds for the junior prom which will be held April 23. The prom will be open to all Tech students. He stated that the cards will be of many different varieties and will probably go on sale sometime the middle of next week. Nancy Wilson, secretary of the class, discussed plans for the election of the junior class favorite to be held in January. Charles Hudson, student council representative, was in charge of the election.

JOAN BOOTH
Junior Queen

Longtime Friend Of Tech Succumbs

Dr. W. M. Whyburn, Tech president, returned from Dallas Tuesday where he attended funeral services for Judge Lewis T. Carpenter, a longtime friend of Texas Tech. Judge Carpenter was president of the steering committee in the House of Representatives which helped with the legislative act creating Tech. He was principal speaker at dedication services for the college and also at its tenth anniversary celebration. A portrait of Judge Carpenter, presented by him at a banquet given in his honor by the Tech Art Institute, hangs in the Tech museum. John W. Carpenter, a brother, was a member of the first Tech board of directors. Funeral services were held at the Highland Park Presbyterian church and burial was at Corsicana.

Stadium To Be Dedicated In Homecoming Ceremony

Plans are being formed to dedicate Texas Tech's new stadium in a ceremony before the Hardin-Simmons game here Nov. 29, according to Dean W. L. Stangel, chairman of the athletic council. A committee has been appointed and is working on a program for the dedication of Clifford and Audrey Jones stadium, Stangel said. \$500 to WSSF will finance a French student for six days at a French university.

Pollard Elected As Sun Princess For El Paso Fete

Judy Pollard, freshman from Lubbock, was elected Tech's candidate for Sun Princess to represent the college at the annual Sun carnival in El Paso during the New Years holidays. Miss Pollard was chosen band queen and crowned before football fans at half-time of the Tech-Baylor game, Oct. 10. A Tech's candidate she will stay in El Paso at Sun Carnival expense, represent Tech in the Sun queen's royal court and be entertained at the Coronation ball, the Carnival parade, and the Sun Bowl football game. Ten per cent of the student body cast votes in this semester's 17th college election, two per cent less than the largest previous election. Formerly the Sun representative was appointed by Mrs. Johnny Langford, dean of women.

Business Teachers To Meet Saturday

The Panhandle section of the United Business Teachers of National Education association meets 3 p. m. Saturday in Ad-320. Glen I. Myers, Dallas, will speak on "What Is New in Social and Basic Business." A Cornet film will be shown by the Southwestern Publishing company. O. A. Kah Jones, Tulsa, will be the principal speaker of the evening meeting which will be 6:30 p. m. Saturday, in the Yaqui room of the Hilton. Reservations will be \$1.50 per plate at the evening session. Mrs. Ethel Terrell, associate professor of marketing and secretarial administration, asked that all reservations be sent to her. The meetings are open to all teachers, businessmen and business women.

Twentieth Annual Pig Roast Slated Tuesday In Pavilion

The twentieth annual Pig Roast sponsored by the Aggie club will be held in the aggie pavilion at 6:45 p. m. Tuesday. The annual affair is held in honor of the judging teams members, who will be introduced, Camille Stevens, reporter, said. The largest Pig Roast ever to be held, it will be attended by about 600 persons including 500 students and 100 special guests who have shown active interest in the agriculture division. Aggie club is issuing a blanket invitation to all aggie alumni, Miss Stevens said. Russell Sadler, chairman of the steering committee, said that the judging teams will be introduced by their coaches from the departments of animal husbandry, dairy manufactures and plant industry. Plans were announced at club meeting Tuesday night. The meeting was the first date of the year. Featured on the program were a debate concerning the new length of women's skirts, and group singing.

Dorm League Lead In Three-Way Tie

At the midway point in the dormitory league four teams are undefeated, according to George Philbrick, supervisor of the intramurals. These teams are the Eagles, Red Bandanas, Skamps, and the Knats.

The Little Stinkers downed the Wildcats by a 21-7 score last week. A. C. Griffin scored 10 points to lead the Little Stinkers, while Travis Holland scored 4 points for the Wildcats.

The Little Stinkers knocked the Red Bandanas on the undefeated list with a 31-19 setback. A. C. Griffin led the Red Bandanas with nine points while Terry Perkins scored five to lead the losers in scoring.

The Knats bowled over the Owls to the tune of 25-10. Andy Williamson led the Knats to victory with 10 points. Bud Davis racked up 5 points to lead the Owls.

The Mustangs turned the Bobcats by a 7 margin in a 26-19 victory. Harold Britton led the Mustangs while Clarence Darter helped stem the tide for the Bobcats.

Independent league competition began too late to get the score when the Lazy Five met the Polecats at 9:30 p. m. Tuesday. Other games in this league will be played soon, Philbrick said.

Students are urged to attend the games if they want to. So far the crowds have not been startling, but more than expected, according to Philbrick.

Intramural handball and tennis tournaments started Wednesday. Results will be announced when available.

Larrymore DANCE STUDIO
1405 Ave. R.
Ph. 2-9254

Dear Buck:
I know I haven't written since last week, but I've been too busy to turn around. This Larrymore Dance Studio is the closest thing to perpetual motion I've seen in a long time. Something is happening all the time. Why, only a week or two ago some of the kids gave four shows out at the Roscoe Wilson Grade School. Remind me to tell you about that sometime. . . it was quite an experience, I kid you not.

I'm sending you another picture this week, Buck. He's Hardie Matthews, another Tech student who works down here at the studio. Believe me, that man has plenty on the ball. You've probably heard of him—he marches with the Tech Band (that snappy twirler on the right). At the present, he gives baton instruction to about 17 students from all over West Texas. In fact, he walked away with the second prize in Tech's amateur contest last summer. Not bad, huh?

Those ballroom classes I told you about are still going strong and turning out some darn good dancers, too. Lots of kids who already know how to dance are "brushing up" in some of the classes. They're getting in on the newest twists and improving their style others are learning from the ground up. Of course, some of the students are unbelievably lousy dancers right at first, but nothing pleases the Larrymore clan as much as helping the worm do a little plain and fancy turning.

Be sure to look me up if you ever come by Larrymore's place. You'll probably find me cutting a wicked rug in one of the several practice rooms.

Yours for some better dancers,
WING
P. S.—An extra feature offered down here is lessons given twins and married couples for the price of one.—Adv.

Raiders Outscore Wildcats 41-28

JOE SMITH, Tech Senior in action for the week, is shown going into a block on an Arizona back on the right of above picture. Smith lettered with the Raiders in 1942 and in 1946. He spent three years with Marines, 15 months of it in the Pacific, in the period between letters. He is from Electra, weighs 190 pounds and is 6 feet tall. So far this fall "old reliable 68" has snagged six passes for a total of 101 yards and two touchdowns.

Kemas, Wranglers Win; Socli Ties College Club

Intramural Football Favorites Emerge

By BILL CARPENTER
Toreador Sports Writer

MICC touch football rolled into the second week of play as favorites began to emerge. The Wranglers racked up their second straight victory last Sunday by downing Los Camaradas by a score of 26-0. Team reserve strength and outstanding play by Dick Harbord and Bob Barron led the Wranglers to victory. Bill Stalls and Harry Kerbow turned in fine defensive work for the Los Camaradas.

Socli staved off College Club to the end for a scoreless tie. College Club attempted three field goals in the fourth quarter and repeatedly threatened to score. Bobbie Lewis led the College Club in a rugged offensive, while Don Sloan spearheaded the rugged Socli defense.

Kemas rebounded from last week's 13-0 loss to Centaurus, to win the Silver Key's opener by a 6-0 score. Gene Thomas took the touchdown pass for the six points. An 80 yard quick kick by Joe Rushing set up the Kemas score. Brutal line play kept substitutes running.

Centaurus did not play this week. Next games will be played November 23. Los Camaradas will meet Socli, College Club tangles with Kemas, and Centaurus play Silver

Seventy Try Out For Fencing Team

Seventy students including four of last year's lettermen are now participating in fencing at Tech in anticipation of another successful season. Last year the A team won the championship and the B team second in all three weapons in the southwest and were invited to New York which was remarkable for the sport's first year here.

This year Tech will have two teams in all three weapons: foil, epee, and sabre, and two girls' team in foils. The southwest has been divided into two competing regions, the winner of which will go to New York with Colorado to fence for the national championship.

This region will consist of Oklahoma A&M, SMU, Texas University, Baylor, John Tarleton college, Dallas YMCA, and Tech. The matches are slated to start next month and continue throughout the winter and next spring.

The team is to give an exhibition match Monday at noon in the Lubbock Hotel for the Junior Chamber of Commerce.

Anyone who wishes to participate in fencing should contact Keith Wells, fencing instructor, at the gym.

Key (Correction: Last week College Club defeated Los Camaradas by a 7-0 score. 'Scuze pliz!')

Picadors Tie Little Cowboys In Scoreless Game Tuesday

Tech's hustling Picadors battled a game Hardin-Simmons university reserve team to a 0-0 tie in Abilene Tuesday which may be a preliminary glimpse of the approaching clash between the Raiders and Cowboys.

Ray Crenshaw, who made the trip with the reserves, broke his arm in the game and will probably be lost for the remainder of the season. Crenshaw has been valuable to the Raiders this fall and his services will be missed in the remaining games.

The Tech reserve team held the junior cowboys four times within the Picador 20 yard line. Once Hardin-Simmons battled to the Tech 1-yard line but failed to stop by the stubborn Techans.

Tech's offense could not get to rolling and only once were they able to penetrate beyond the Hardin-Simmons 50-yard line. This thrust came in the final quarter and carried all the way to the Hardin-Simmons 14 yard line.

have gained only 800 yards in five games." That statement was true but we wonder what kind of yardage the then high flying Orediggers would have been able to exhibit if they had been playing teams in the same category with those played by the Raiders.

Sports editor, Leslie Turner, of The Prospector, please note: have you noticed Tech's net yards gained since they began playing teams that your Orediggers had played when you made that remark.

Border Standing Hangs In Balance

By JAN BLACKWELL

New Mexico university's Lobos tromped a fighting eleven from Fresno State 34-3 last week in a game on the west coast.

Homecoming day next Saturday in Albuquerque, plus the rivalry built up in the past 16 years and the fact that ex-Tech coaches Bert Huffman and Walker Nichols are charting the Lobo course this fall, adds up to a tough November afternoon as the Matadors seek their third conference victory.

New Mexico's season record: won three (Kansas State 20-18, N. M. Aggies 20-0 and Fresno State 34-3); lost three (Tempe 25-12, H-SU 33-7 and Arizona 22-12); tied one (Texas Mines 20-20). Past Tech-New Mexico record: Tech won 9; lost 1; tied 1. Tech scored 249, New Mexico 60.

Border Conference Standings

Team	W	L	T	Pct.
Hardin-Simmons	3	0	0	1.000
Texas Tech	2	0	0	1.000

No. 1 gift with seniors at 20 universities

Parker "51"

Again this Christmas, Parker "51" is the world's most-wanted gift pen. In fact, seniors at 20 great universities voted Parker more-wanted than the next three makes of pens combined! All in all, 77 surveys in 29 countries confirm this preference. • Incomparable in its styling and performance—the "51" makes all writing a pleasure. So perfectly balanced—so responsive—so smooth gliding. And only the "51" is designed for satisfactory use with remarkable new Parker Superchrome—the super-brilliant, super-permanent ink that dries as it writes! • Choice of custom points to suit your individual style of handwriting. . . and smart gift colors. \$12.50; \$15.00. Pencils, \$5.00; \$7.50. Sets, \$17.50 to \$80.00. Parker V-S Pens, \$8.75. Pencils, \$4.00. The Parker Pen Company, Janesville, Wisconsin, U. S. A., and Toronto, Canada.

World's most wanted pen "51" writes dry with wet ink!

Dances, Open House Highlight Weekend

Social activities this weekend include two dances and a Sadie-Hawkins dance-party tonight, two dances Saturday night and an open house Sunday.

THREE DANCES TONIGHT
Alpha Phi Omega, national service organization, will have a semi-formal dance for members and dates 8:30-12 tonight in Seaman hall. Chaperones are Dean and Mrs. J. G. Allen, Prof. and Mrs. S. S. McKay and Prof. and Mrs. H. A. Anderson.
DFD annual fall dinner-dance

Rec Hall Observes Sadie Hawkins Day

Sadie Hawkins dance is being featured tonight from 8-11 in the Recreation hall. Francis Bearden, director, announced.

A grand march to the music of a string band composed of college students will begin the night's program. Prizes will be awarded to the most authentic Li'l Abner and Daisy Mae, and to the person wearing the most original costume.
Girls will choose their partners for the night in regular Doppatch fashion. Relay games will be played, and a boy-friend-calling contest will be held. Dancing will follow.

Techsan---

(Continued from Page 1)
white man and natives," stated Cleveland.
Cleveland firmly believes that WSSF will be of great aid to those who need it most, and that they should be remembered by every Tech student on the campus this week.

Gives Own Plans

The young Techsan himself hopes to return, under the auspices of the government or some foreign post, to his birthplace in the near future to serve as a missionary in the vast, undeveloped field of agriculture. He expressed confidence in the agriculture division here. He believes it will help him in such a way that he might return to work among the natives and teach them better ways of living and working together, in order to some day be self-sustaining.
When asked why he chose to come to Tech, Cleveland smiled and said: "I have heard of the fine technical education which Texas Tech offers long before I came to this country. After I was discharged from the service, I came to visit a sister at Lamesa. I was so impressed with the friendly atmosphere, as well as the fact that Tech was a non-sorority or fraternity school, that I decided to try Tech rather than some other agricultural college in the East. I am certainly pleased with my decision, as I am most happy here at Tech."

- FRIDAY, NOVEMBER 14**
DFD dinner dance, 7:30-12 p. m., Lubbock hotel.
Fun night, 8-10 p. m., Rec hall.

will be held 7:30-12 tonight at Hotel Lubbock with Bailey Ireland's orchestra playing for dancing. Decorations will carry out a Thanksgiving motif.

Special guests will be Dr. and Mrs. Doyle D. Jackson, Dr. and Mrs. J. N. Michie, Misses Martye Poindexter and Ina Bacon.
Sadie Hawkins dance-party will be featured on the Fun Night program in the Recreation hall 8-10 tonight.

SATURDAY FUNCTIONS

Kemas will honor new members and pledges with a semi-formal dance 9-12 Saturday night in Hotel Lubbock with Bailey Ireland's orchestra furnishing dance music.
Chaperones will be Dean and Mrs. T. C. Root and Prof. and Mrs. H. A. Anderson. Alumni will be special guests.

The regular all-campus dance will be held 8:30-11:30 tomorrow night in the Rec hall. Ted Crager's orchestra will play.

OPEN HOUSE SUNDAY

DFD will hold an open house to introduce its new pledges from 4-7 p. m. Sunday at 2109 Seventeenth street. Guests invited include members of men's and women's social clubs, Double T association patronesses and alumnae of DFD and faculty members.

In the receiving line will be Mrs. Joe Arrington, president of patronesses; Mrs. Glennis Anderson, president of Alumnae association; Misses Ina Bacon and Martye Poindexter, sponsors; officers of the club and pledges.

Council---

(Continued from Page 1)
education regardless of sex, race, religion, political belief or economic circumstance" is one of the purposes of USNSA as stated in the preamble to the constitution.

Tech delegates to the Southern and Southwest Student conference last April, Copeland, J. C. Bartlett, who was then a member of the Council, and Troy Davidson, last year's student body president, reported that the conference discussed USNSA's constitution and the consensus was that adequate opportunities should be available to Negroes, but that the present policy of racial segregation should be continued. Davidson did not favor Tech's joining USNSA.

History of USNSA

The new national organization grew out of the World Students' congress which met in Prague, Czechoslovakia, in the summer of 1946 to institute the International Union of Students. Ten U. S. colleges and universities, including the University of Texas which has been active in forming USNSA, were represented, and it was discovered that the U. S. was the only major country in the world which had no national student organization.

USNSA was organized in December, 1946, at the Chicago Student conference, as an outgrowth of the Prague congress. The U. S. was divided into 30 regional districts, each of which had a conference last spring, the Texas-Oklahoma regional meet being held in Austin with the University of Texas as host. The constitutional convention of the national group met at the University of Wisconsin, Aug. 31-Sept. 8.

The constitution ratified at the Wisconsin meeting will be presented at the Dallas assembly next month. Southern Methodist university is host to the assembly.

Aggie Eco Majors To Picnic Tonight

A weiner roast at 8 o'clock tonight in Aggie grove will highlight a membership and "get acquainted" drive by the newly formed Agricultural Economics club, it was announced by James Denton, club reporter.

The club, composed of those students majoring in agriculture economics, was organized October 23. Officers are: Ray Bowen, president; Calvin L. Carpenter, vice president; Martin Morgan, secretary-treasurer; James Denton, reporter; and Miles Caudie, historian. Unanimous approval by all members was given the new constitution drawn up by the constitution committee, Denton said.

MANUSCRIPTS READ

Original manuscripts by members were read at a meeting of the creative writer's workshop Tuesday night at the home of Mrs. Charles Cobb. This group is sponsored by the American Association of Women Students.

Louise Battin, senior arts and sciences student from Lubbock, is chairman of the workshop, and William Raffanelli, instructor in the English department, is chairman of the program committee.

SURPRISE PARTY GIVEN

Office members gave an informal surprise birthday party to President W. M. Whyburn Wednesday afternoon in observance of his 46th birthday.

Those present were: Mrs. Whyburn, Dean Trent C. Root, Mrs. A. B. Gibson and Mrs. Emma Belights, secretaries to the president, and Mrs. Jean Jenkins, secretary of the placement service.
Coffee and cake was served.

BETA RHO MEETS TODAY

Lutheran students are invited to join Beta Rho chapter of Gamma Delta at its meeting in Ad-206 at 5 p. m. today.

Junior council will induct two new members, Estelle Cummings and Wilma Wheeler, at 5 p. m. today in HE-102.

Four Champion Livestock Donations Received By Tech Aggie Division

Texas Tech's Aggie division received four gifts last week in the form of a quarter-horse filly, a quarter-horse mare, two Aberdeen Angus steer calves and a Hereford bull, according to W. L. Stangel, dean of agriculture.

Tom Elrod, Odessa quarter-horse breeder, presented a two-year-old filly to Tech during his sale of 70 quarter-horses at Big Springs. Frank Carter, manager of Combs and Worley, breeders of registration Herefords in Pampa, gave the college a Hereford bull which was a first prize winner at two Southwestern Exposition Fat Stock shows.

Carlton W. Corbin, Ada, Okla., presented two registered Aberdeen Angus steer calves to Tech. These calves will be used for class instruction in feeding and will be exhibited at the Texas State fair in 1948 and the Fat Stock show in 1949, Stangel said.

Quarter-Horse Given

R. L. Underwood, Wichita Falls breeder who has exhibited many champion quarter-horses at various shows in Texas and adjoining states, has presented Tech with one of his quarter-horse breeding mares. This mare, selected by Stangel and a committee from the

American Quarter-Horse association, is expected to arrive tomorrow.
"Gifts of these quarter-horses will increase to five the registered mares owned by the college. These and a stallion, Sir Chubby, will be used to start a string of quarter-horses to use in instruction," Stangel said.

Sir Chubby was a gift of Hemp-hill-Wells Co of Lubbock, Stangel said. These horses will be trained as cow horses and a total of 10 will make up Tech's string of quarter-horses, he added.

Kappa Alpha Mu Selects Officers; Installs Pledges

Initiation service for new pledges of Kappa Alpha Mu, national honorary fraternity for photography students, was held Tuesday afternoon. Those initiated were Joe France, Elayne Head and Anita Oliver.

Newly-elected officers for 1947-48 are: Mary King, president; Bob Williams, vice president; Carol Sherrod, secretary-treasurer; and Bob Watson, Hypo-Graphic editor.

Adams To Attend Meeting At Capital

O. V. Adams, dean of engineering, is attending a meeting of the Engineering College Administrative council of the American Society for Engineering Education in Washington, D. C. Dean Adams is a member of the council.

Efforts are being made to coordinate the programs of the Administrative council and the Engineering division of the land-grant colleges and universities.

Topics proposed for consideration are: the supply and demand of engineering school graduates in the next few years and War Assets Administration's program and policies in connection with engineering education and research.

LOST: Kemas fraternity pin with gold at Sunday afternoon football game north of gym. Call Bob Macina at 2-2005. Reward.
