BIG SPRING, TEXAS, FRIDAY, NOVEMBER 2, 1928

By T. E. JORDAN

WATEN HILLSBORO OFFICER NEAR DEATH

Indict Los Angeles Prosecutor For Bribery

ED BRIBE TAKER RICT ATTORNEY SAYS NOT GUILTY

Prosecutor Indicted On Charge of Bribery
National Prominence In Many Sen-
sational Cases—Convicted Hickman.

(By the Associated Press)
LOS ANGELES, Calif., Nov. 1.—Los Angeles was struck
last night when an indictment charging
the Los Angeles district attorney with bribery
by the grand jury. Keyes was arraigned
and pleaded not guilty. The court has not
yet set a date for trial.

Steers Prepare For Friday's Big Encounter

Steers Realize That Friday's Game
Will Be the Hardest and Most
Important of Season

14 Points Behind

Steers Are Sure to Show That
Fighting Spirit for Mother and
Dad Friday Afternoon

The Steers have completed their
hard work in preparation for the
game Friday. They will taper off
this evening, take a good rest to-
night, then they will be ready to
meet the mighty Mustangs. Sad
tales of woe are trickling in from
the Mustang camp. They have sev-
eral additions to the Knee Kap
Klan. They claim to have suffered
severely from the Ballinger en-
counter. The Steers had better not
take to much stock in this kind of
propaganda. It is said that a wound-
ed lion fights hard and it is be-
lieved that the Mustangs have con-
siderable kick left. Such sad tales
are very often meant to throw an
opponent off guard. True enough
the Mustangs suffered considerable
injury last Friday but very probab-
ly they will have a full roster
when the whistle blows Friday.
They are bringing 22 men with
them and doubtless could do with-
out the services of one or two if
the necessity arose. The Steers had
better take very little stock in such
tales of woe. The Mustangs have a
confidence that in itself will be
hard to break. They have not lost
a game this season and were dis-
tinct champions last year. This
would serve to stimulate them to
a very high endeavor on the grid,
and with this as a background
they have a wonderful fighting
machine, a wonderful example of
cohesion and union with several
outstanding stars. All in all the
Steers are considered in betting
circles at least 14 points behind the
Mustangs. This is in itself a hand-
icap of considerable height for the
Steers to surmount. But on the
other hand it will be recalled that
the Steers played during the early
conference games; that they started
to fight only a week ago, that
that fighting spirit has grown to
whale-like proportions in the week
that is drawing to a close, that
the Steers have for the first time
a whole student body plus a united
town behind them. With the nat-
ural ability of the Steers plus this
spirit they possibly have a little
more than an even chance if they
fight. Another thing is that the
Steers are playing on their home
grid with a large proportion of the
spectators sympathetic, means
that they will surely give all they
have, for this the most important
game of the season.

The game will start promptly at
3:30. From the advance ticket sale
which has already been reported
there will be a large crowd there.
Doubtless the largest crowd of the
season. It would be advisable for
you to get there a little early and
get a place on the wire because
the ball park will be filled to over-
flowing tomorrow before the game
starts.

Attends Biennial Of Adventists in Mass.

E. T. Wilson president of the
Texico Conference of Seventh Day
Adventists of which Big Spring is
a part has just returned from
Springfield, Massachusetts where
he attended the Biennial session
of the General Conference of his
denomination, at which about five
hundred delegates representing ev-
ery country in the world were pres-
ent.

Mr. Wilson stated that this was
by far the most important council
ever held by the Adventist people
for said he, "We are launching a
missionary program for 1929 of ap-
proximately four and one half mil-
lions of dollars."

President Wilson stated further
that this budget, although the largest
in the history of the denomina-
tion, would still leave unanswered
many urgent calls for doctors, nur-
ses, teachers and evangelists from
practically every country on the
globe.

The President takes this oppor-
tunity of thanking those who con-
tributed to the 1928 budget and
urges that they, and others be just
as liberal as possible with their
gifts this year when called on by
the representatives who are in the
midst of the annual campaign for
their world-wide uplift work car-
ried on by this church.

As usual the council passed a re-
solution relative to prohibition and
temperance, for the Adventists
throughout their history have been
strong advocates of temperance in
all things, even making the use of
intoxicants a test of church fellow-
ship. The following resolution was
passed at the Springfield conven-
tion:

Man Dies As Flames Destroy Dance Resort

DALLAS, Nov. 1. AP.—Frank Vi-
go, aged twenty-five years was
burned to death and two negro
boys were burned probably fatally,
in a fire which wrecked the Cedar
Palace a dancing resort near here
today. Vigo was employed as a
cook at the Cedar Palace.

The two negro boys with their
clothing burned off crawled to a
farm house, a distance of nearly
two miles, for aid. It is believed
that Vigo was trapped on a sleep-
ing porch on the second floor.
The resort building was complete-
ly destroyed by the flames. The or-
igin of the fire is unknown.

Zep Stowaway Given Big Hand By Germans

FRIEDRICHSHAFEN, Nov. 1. AP.—
Clarence Terhune the Ameri-
can youth stowaway on the dirig-
ible Graf Zeppelin was given a tri-
umphal reception by cheering
crowds here today. He was smug-
gled from the Zeppelin into the cus-
tody of police and to a hotel apart-
ment where John Koehl, American
Consul, had a long private talk
with the boy. When he emerged
from the hotel the crowd raised
him on their shoulders and paraded
with him down the streets.

Cotton Yard To Be Opened By John F. Ory

John F. Ory nominated to be
Public Weigher of Precinct No. 1
of Howard county has decided to
open a cotton yard at the former
cotton yard site on the Bauer tract
two blocks north of the Texas El-
ectric Power plant. This yard is
to be opened at once.

J. W. Carpenter present Public
Weigher is to resign today and Mr.
Ory has purchased his scales and
other equipment which will be in-
stalled at the new cotton yard. T.
W. Angel, former Public Weigher
of this county is to assist Mr. Ory
in the operation of the new yard.
The former plan of handling cot-
ton will be carried out under Mr.
Ory's fulfillment of the duties of
Public Weigher.

A charge of fifty cents per bale
will be made and this will include
weigher's fee, transporting the cot-
ton from the yard to the compress
and will entitle the owner of the
cotton to leave his cotton at the
yard an entire year without addi-
tional charge.

Mr. Ory is taking this step be-
cause he believes he can better
serve the cotton growers and more
efficiently fulfill the duties of the
office.

LET'S ALL GO TO THE GAME

New Air Line For West Texas Is Announced

Purchase of Texas Air Transport
Inc. Was Announced at Fort
Worth Wednesday

A. P. Barrett Owner

Daily Passenger Service Between
Fort Worth and El Paso and
Other Points Is Planned

FORT WORTH, Oct. 31.—Pur-
chase of the Texas Air Transport,
Inc. by A. P. Barrett of Fort
Worth, was announced at the of-
fices of the transport company to-
day.

Immediately after the announce-
ment, Barrett, now the chairman
of the board of directors of the
Texas-Louisiana Power company of
Fort Worth and chairman of the
board of directors of the General
Waterworks and Electric corpora-
tion of New York, made public
plans for the extension and expan-
sion of the network of air service
already controlled by Texas Air
Transport.

Advance Plane Completes Plans For Aerocade

The Texas and Pacific Coal and
Oil Pathfinder plane will arrive in
Big Spring Saturday morning
to complete plans for the
aerocade that is expected to visit
the Big Spring airport on Friday
November 3. In this aerocade there
will be about 40 of the leading busi-
ness men of Fort Worth.

According to D. W. Carlton chair-
man of the aviation committee of
the Fort Worth Chamber of Com-
merce, this advance airship will
complete all arrangements for the
aerocade.

THREE DIE FROM EF- FECTS OF POISON GAS

According to report received here
Wednesday afternoon three men,
employees of the Marfa Cotton
fumigation plant at Marfa, Texas,
were asphyxiated by cyanide
fumes Wednesday morning. A
fourth was overcome by the gas
but was revived. Those succumb-
ing to the gas were Roy Bratcher,
manager of the plant, and two un-
identified Mexicans.

LET'S ALL GO TO THE GAME

The suggestion has been made that all stores
and offices in Big Spring close tomorrow, Friday,
from 3:30 to 5:30 p. m., for the purpose of per-
mitting a full turn-out at the Football game be-
tween the local High school and the team from
Sweetwater High. This is a suggestion cordially
endorsed by The Daily Herald.

LET'S ALL GO TO THE GAME

Student Body To Decide Question Of Campus Booze

SEATTLE Wash. Oct. 31 (AP).—
A committee composed of stu-
dent leaders was appointed here
last night to determine whether or
not prohibition is wanted on the
campus of the University of Wash-
ington.

The action follows president M.
Lyle Spencer's address to the stu-
dents last week in which he men-
tioned reports that drinking was
going on among the students and
appealed for cooperation in meet-
ing the situation.

The committee was named by
the student council, which will
meet again next Tuesday night to
hear the report of the investigators
and decide upon a means of en-
forcement, if student opinion de-
sires such.

Zeppelin At Home Port At 7:06 A. M. Today

FRIEDRICHSHAFEN, Nov. 1. AP.—
Having landed her passengers
and her stowaway from America,
the huge air liner Graf Zeppelin,
was safe in her hangar today with
a new record for trans-Atlantic
flight by airship to her credit. The
dirigible completed her first round
trip commercial flight over the At-
lantic today when she landed here
at six minutes past seven o'clock
this morning after being in the air
seventy-one hours and twelve min-
utes since leaving Lakehurst, New
Jersey.

A boisterous crowd broke thru
the police lines eager to catch a
glimpse of Clarence Terhune, the
nineteen-year old stowaway, but
were disappointed as the youth was
smuggled from the hangar by a
side door.

Mrs. Clara Adams of Tanners-
ville, Pennsylvania, was greeted
with loud cheers as she climbed
from the airship.

Officers Break Up Livestock Theft Ring

SAN ANGELO, Nov. 1.—With the
arrest of three men, a white, a ne-
gro and a Mexican, officers who
have been investigating conditions
in Edwards county, believe they
have surmounted the first barrier
in breaking up a sheep and goat
theft ring. The Mexican and ne-
gro have made statements impli-
cating others, but the white refu-
ses to talk. All are now in the Ker-
rville jail.

Raymond Earwood, ranching 12
miles north of Kerrville reports
the loss of 500 Angora goats, and
O. Q. Marshall has lost 63 sheep
while Mike Steiber has lost 200
sheep. Clipped wool and mohair
has also been missed from time to
time in Edwards county storage
barns.

W. J. BRYAN JR. NOT SUPPORTING HOOVER

LINCOLN, Neb., Oct. 31. UP.—The
Republican state headquarters
Tuesday would not comment on the
denial of William J. Bryan, Jr., son
of the great "commoner," that he
was reported to have declared for
Herbert Hoover.

Winter Coming

JAILER DYING AFTER ATTACK WITH CUDGEL. JAIL DELIVERY FAILS

Two Youths Attempting Jail Break Pounce On Officer
While Making Rounds and Beat Him Senseless,
But Fail to Find Keys to Jail.

(By the Associated Press)

HILLSBORO, Tex., Nov. 1.—Jess Winters, 47 years of
age, jailer at the county jail here is in a hospital today suf-
fering from a crushed skull as the aftermath of an attack
made upon the officer today by two youthful prisoners.

The prisoners were armed with
a wooden cudgel and, according to
Sheriff George Simmons, attacked
Winters while on his early morning
rounds. Physicians report that he
has no chance for recovery.

Sheriff Simmons stated that a
jail break had been frustrated when
the prisoners were unable to find
either the keys to the jail or ste-
arms upon the body of Winters.

Ex-Students Of N. T. S. T. C. Meet Friday

Plans have been perfected for
the ex-students of the North Tex-
as State Teachers College at Den-
ton, Texas, to meet at the First
Methodist church in this city at 8
o'clock Friday evening for the
purpose of organizing an ex-student
association. The North Texas State
Teachers' College is an institution
for the professional training of
teachers in the southwest. Last
spring it was mentioned extensiv-
ly in the educational circles of the
state, as being one of the most
progressive training colleges in the
entire nation. The faculty of this
institution represents a group of
the most scholarly men and women
in the southwest. When the N. E.
A. met in Dallas last spring, a
special train was chartered to take
them to Denton, where they visit-
ed this great educational institu-
tion and also the College of Indus-
trial Arts. At that time the Green
Jackets, pep squad of the Teachers
College served as guides and host-
esses and so fine was the showing
that letters came from all over the
land making inquiries.

Remember this meeting on Friday
night at eight o'clock in the First
Methodist church. While the meet-
ing is being held the debating team
of N. T. S. T. C. will be meeting
the Australian debaters in Denton.
Arrangements have been made to
receive this debate over the radio.
Every Exe is urged to attend. Come
and bring someone with you.

Awards Contract For 3 New Homes

S. L. Everhart today awarded
the contract to J. A. Lee, builder
of fine homes for the erection of
three new homes in McDowell
Heights. One house will consist of
6 rooms and bath, the other two
will be five room residences. Every
modern convenience and the best of
materials will be used in the con-
struction of the three new houses.

Jail Break Attempt Seen

Suspecting that some of the pris-
oners were up to something, Sher-
iff Frank House had the jail
searched yesterday and found a
chisel and file hid away for future
use. A wire, with a hook attach-
ment, supposedly to haul up addi-
tional tools from confederates
without was also found.

There are at least two prisoners
in jail at present who are going
to make a desperate effort to
break jail according to the views
of the officers.

Waited in Vain

NEA London Bureau
When Lieutenant Commander H.
C. McDonald hopped off from
Newfoundland in a tiny plane,
bent on flying home to London,
his wife and son, Ian, pictured
here, kept a long and hopeful
vigil. Ian is shown calling a wire-
less station for news of his flying
father. But the only reports indi-
cated that another name had been
added to the list of ocean trage-
dies.

U. S. To Erect Large Hospital At Galveston

WASHINGTON, Nov. 1. AP.—The
site for a projected new Marine
Hospital at Galveston, Texas, has
been selected and purchased by
the Treasury Department.

Snowwhite Creameries Open Milk Plant

A modern milk plant is now in
operation in Big Spring. At 2
o'clock this afternoon the Snow-
white Creameries, Inc., opened their
plant to the public and they are
now ready to serve all of Big Spring
with pasteurized Grade A milk,
Bulgarian buttermilk, single and
shipping cream and other dairy
products.

This new plant was installed at
an investment of \$30,000 and is
said to be one of the finest that
money can buy.

The milk plant will utilize all of
the raw sweet milk that can be ob-
tained in Howard county. As much
as 5000 gallon per day will be need-
ed.

Warehouse For Maize Now Being Erected

A warehouse 30x50 feet is be-
ing erected at the Planters Gin
company's plant in this city. This
will be used for storing maize to
be used in the feed manufacturing
department of the Planters Com-
pany.

Jim Black, local manager states
that his company is in the market
for 1,000 or more tons of good
maize heads.

Crowds Amazed At Sheer Beauty Of New Theater

Crowds Stand Patiently in the Rain But Are Amply Rewarded for Long Wait, Chorus Inside

Big Spring got its first glimpse of its first up-to-the-minute motion picture house last night and the first visitors to cross the threshold of the new Robb and Robb Theater were Misses Lillian Hickey and Josephine Culp, two charming young ladies of Big Spring and the slight that greeted their eyes was worth while.

The new theater is all that the advance notices claimed for it. The seats are comfortable and roomy, the color scheme and tones that prevail throughout are restful and soothing and it is quite likely that the first business man will find surprises from his cares and worries here.

The weather outside was not such as would ordinarily tempt a capacity house out of the coziness of their homes but long before the doors opened hundreds were crowded under the theater awning and the awnings across the street and were parked in their cars near waiting for the first signs of readiness on the part of the ushers to throw open the portals.

The ceiling has the new treatment that has not been seen in the West until now. The theme carried out is that of a fleecy cloud mass drifting across the sky; through the breaks in the clouds the stars twinkle as on a cool Autumn evening on the plains; planets and fixed stars greet the eye and the Big Dipper shines in all his majesty. The ceiling attracted more attention than anything else last night and many of the beholders, where the clouds go after they sink below the southern horizon is still a mystery.

The entertainment opened with one of the old, old films that gladdened the eye in the days when the movies were young. King Baggot pulled the old hokum lines every few feet that he was going straight. Mabel of marvels to the present generation was "Our Mary" who took the part of an Salvation Army lassie, with the poke bonnet, long skirts, and everything appearing as Baggot's support and Helen, folks, she was a BEAUTY. Can you imagine?

Best thing is what she was. Of course that was in the old days when all the old stables up on Crown Hill were public stages, and the extras rode the flimsy little saddle cars up the Bright Angel Trail, if they had the nickel, if not, they detoured around the police station and walked in.

Orchestra is all right. Orally given and his orchestra played several numbers that were well received but the best of them was the concluding piece, a negro blues number, in which a young man, who played two clarinets simultaneously, like Strephon with his pipes delighted the ear as well as the eye. The orchestra received a big hand.

The feature film "Our Dancin' Daughters," as not such a theatrical hit to an unbiased critic, but it did afford Joan Crawford more than a few opportunities to dress and address on the screen and to show the latest style in lingerie to the theater-gier. She was not very well supported; but the horse-back scenes around the Pecos Verdes were very beautiful.

Judge James T. Brooks made a formal presentation of the house to the public, but he must have discovered in Miner's on the bowery on a Friday night, when the long hood was thrust from the wings and the judge was mercifully yanked from the stage.

Flower Show To Held Nov. 3 At Wolcott Motor Co.

The third annual flower show of the city Federation will be staged in the display room of the Wolcott Motor company Saturday, November 3rd.

All flowers must be in the display room by 10 o'clock Saturday morning, so that they can be arranged for the judges. The judging and prize-awarding will take place in the afternoon.

Everyone is urged to send in flowers for the exhibit. Select your prettiest pot plants, and cut flowers and send them in. All kinds of bouquets will be gratefully received.

More beautiful flowers have been seen growing in our city this year than ever before, and that is why those in charge of the flower show believe that a prettier and better display will be shown at the Flower show than ever before. Send in your entries and help make the flower show a big success.

Air Trippers To Visit Us Nov. 9

On the afternoon of November 9 a flock of airplanes will descend at the Big Spring airport. This will be a company of Fort Worth business men on a good will trip to West Texas, and our citizenship should be out in force to greet them.

NEW METHODS OF PACKING RADIO SETS IS NOW USED

The day of packing radio sets in cotton is passing. New features which make a radio set nearly break-proof and fool-proof were demonstrated to a representative of the Automotive Appliance company of Dallas, exclusive factory distributors of the Day-Fan line, during a visit to the factory at Dayton, Ohio.

This representative saw W. E. Baker, general manager of the Day-Fan Electric company, deliberately drop the chassis of a new Day-Fan set some eight feet to a concrete floor. A slight twist to the tuning condenser assembly was the only damage.

"Formerly," Mr. Baker explained, "all the parts were hung on to the front panel of a set, which was usually of light bakelite construction. Nowadays though, the parts are firmly set on a sturdy steel base, while the entire chassis frame is also of steel. The power supply is in a steel box and the transformer, diode cells and condenser block are sealed in a wax compound."

"DID YOU EVER STOP TO THINK?" H. R. Horton editor of the Orange (Texas) Leader says: "That when a man parades his private opinion at every opportunity it becomes a nuisance."

Advertising measures both the man and his product. One merchant giving as his excuse for a determined stand against advertising said, "I don't want to get more business. If I do, the chain stores will open in my town and the competition will hurt."

Joseph R. Acuff Dies Suddenly At His Home

Old-Timer of Howard County Claimed by Death As Result of Heart Attack. Buried Today

Joseph Reed Acuff, pioneer settler of Howard county, died suddenly at his home in the Hart Wells community, about 10 miles west of Big Spring, at 5:00 o'clock yesterday afternoon. Mr. Acuff has been the victim of heart attacks for a number of years, and he was stricken by one of these attacks at his home yesterday afternoon, from which he never rallied. Mr. Acuff was apparently in good health, throughout the day, and had remained around the house, because it was rainy and he was unable to go out and work in the fields.

Mr. Acuff, whose age was 78 years, 11 months and 20 days, was one of the old-timers of Howard county. He was born in Tennessee, but came to Texas early, where he has been engaged in the farming industry. He was one of Howard county's progressive and successful farmers, and owns one of the best farms in the county. He was a man of fine character and practiced the teachings of the Golden Rule in his daily living. Mr. Acuff was one of the oldest members of the Church of Christ in Big Spring, and has always been a loyal and devoted member of the church circle here.

Funeral services were conducted at the First Christian church in this city this afternoon at 3:00 p. m. by Brother J. D. Boren and J. D. Harvey of the Church of Christ at Colorado. Burial was made in the New ML Olive cemetery.

Surviving are his wife, three sons, and one daughter, Loy Acuff, Mrs. Acuff, Eugene Acuff, and Mrs. D. C. Buffington, all of Howard county. Heartfelt sympathy is extended to the bereaved ones in the passing of their loved one.

Big Zeppelin Due in Germany Tomorrow

LE BOURGET, France, Oct. 31. (AP)—A wireless message from the Graf Zeppelin informed the officials of the Le Bourget flying field today that the big airship is expected to strike the French coast in the vicinity of Nantes, France, about dark. The officials of the airship notified the French flying field folks that the Zeppelin was traveling at the rate of 60 miles per hour. She was about two hundred and seventy-five miles from the French coast at 12:30 p. m. Eastern Standard time. The airship is expected to reach Friedrichshafen at daybreak tomorrow. Plans which had been made to entertain the crew and passengers of the Zeppelin tonight have been cancelled.

Even if the airship should reach Friedrichshafen tonight it could not dock, as it is doubtful whether the lighting arrangement would be adequate for her landing. The Graf Zeppelin left Lakehurst, New Jersey, Monday morning on her return trip to Germany on the first commercial trans-Atlantic air flight in history. The distance of the trip is approximately 6,000 miles, and was completed in less than sixty hours. Over ninety hours was required to make the trip from Germany to Lakehurst, N. J.

Self Torture Undergone to Prove Faith LAKE BLUFF, Ill., Oct. 31. (AP)—Self torture by fire to prove her faith in the "spirit of love" was advanced today as the cause for the condition of Mrs. Effrieda Knaak, aged thirty years and a Sunday School teacher, who was found near a furnace in the basement of the police station here suffering from severe burns. Police say Charles Hithcock, aged forty-five years, married and father of four children, was brought into the case by the woman, who during the night frequently asked for him. She also stated she had studied elocution under him.

Big Spring Boy Shows Talent in Designing Truck

Luther Hagan a citizen of Big Spring has received the following letter from the International Harvester company, complimenting him very highly on the talent shown in some of his recent sketches of farm implements:

Mr. Luther Hagan, c/o L. A. Byrd, Crawford Hotel, Big Spring, Texas. Master Hagan: "While at Big Spring a few days ago the writer together with some of our other men, had the pleasure of seeing the model that you made of our 54 Truck, as well as the 5-ton Spencer Trailer, and we wish to take this means of congratulating you on the general design and construction of this equipment. Anyone familiar with the different trucks on the market today would readily recognize this as being a model of our 54 Truck. We know this to be a fact for the reason that we heard hundreds of men at the hotel, express surprise that you could do such a good job of duplicating a real motor truck as the one that you had on display at the hotel. Our Mr. C. M. Butler spent considerable time telling the different men who you were, and how you designed and built that particular model."

Mr. Butler also advises that he got you started in school at Big Spring, and we hope that you will continue with your school work until you have grown to be a man for we believe that with the proper training and the natural ability that you seem to have, no doubt, you can develop into a valuable man for some large company that is a designer and builder of trucks and other heavy equipment.

To further convey our appreciation to you, we are sending you one of our toy models of an International truck, which we hope you can use to a good advantage in your fleet of models that you have. The Truck we are sending you is well constructed and is guaranteed to hold 600 pounds. In order that this truck might be sure to reach you, we are sending it to our Mr. L. A. Byrd, in care of the Crawford Hotel, and are asking him to see that it is delivered to you. After you have received this truck from our Mr. Byrd, we would like to have you write us a letter telling us that you received it and indicating how you like it. Yours truly, International Harvesting Company of America.

ROXANA ORDERS IS STEEL OIL TANKS Announcement that the Roxana Oil Corporation has let the contract for the purchase of eighteen 80,000 barrel steel tanks to the United Iron Works of Chicago to cost approximately \$600,000. Two of the tanks will be erected in the Big Spring oil field, four on the company's tank farm in the Yates field and twelve at McCamey. These are to be used in connection with the new pipe line this company plans to build from McCamey to Houston.

JAPAN NEEDS MUCH COTTON The Journal of Commerce reports that advices from Japan are to the effect that cotton mill activity has been well maintained and stocks of cotton have been declining with the probability that Japan will take more than one and one quarter million bales of American cotton during the current season.

AGED WOMAN HERE Seeking Two Sons A Mrs. Rogers aged about 60 years, arrived Saturday from Mansfield, De Soto Parish, Louisiana, in search of her sons Henry and A. K. Rogers. Anyone knowing these men will please advise them that their mother is at the Haley Hotel in Big Spring and to get in touch with her at once.

INCREASING PHONE RATES San Antonio is one of the Texas cities that is having a battle with the telephone company over efforts to increase rates. Several months ago telephone rates were advanced from 25 to 35 per cent. The city tried to enforce its rate control ordinance, but as prevented from doing so by a temporary injunction obtained by the telephone company. The company is asking to perpetuate the injunction, and if it succeeds, the city's controlling ordinance will be nullified. Other cities and towns are wondering what will happen to them if San Antonio should lose its fight.

G. L. A. TO E. A. TO E. L. E. WILL MEET TOMORROW AT 3:00 All members of the G. L. A. to the E. of L. E. are requested to attend the regular meeting of the auxiliary to be held in the Woolmen of World hall tomorrow at 3:00 o'clock. Mrs. C. A. Jones of Ranger, Texas is in Big Spring this week, transacting business and also visiting friends.

Highway Nine Ass'n Elects New Officers

Brooks of Big Spring is President; Watson is Chairman Secretary in Lubbock Meeting

LUBBOCK, Oct. 29.—Judge James T. Brooks of Big Spring was elected president of the highway nine ass'n association at its annual meeting held here today, succeeding Judge J. T. Mathison of San Angelo. C. T. Watson of Big Spring was chosen secretary, and two vice presidents one from north, one south of the T. and P. railway, were elected, namely James W. Stevens and Tullia and Rolla, Brady. The meeting opened with a luncheon at Lubbock hotel. Rainy weather keeping the attendance down to the following: C. L. Martin, Henry O'Dell, R. Grosse, Lamar Thaxton of Mason; J. O. Rosser, W. E. Sneed, J. S. McCright and O. C. Bays of Big Spring; Judge J. T. Mathison and Claude C. Wild, San Angelo; Taylor White and M. L. H. Bazo, Tahoka; Col. Harve H. Haines, Amarillo and Judge George L. Mayfield, Plainview, with a number of Lubbock men present.

From every section of the highway which traverses West Texas from Amarillo to San Antonio, through the towns of Canyon, Tullia, Plainview, Lubbock, Tahoka, Lamesa, Big Spring, Sterling City, San Angelo, Eden, Brady, Mason, Fredericksburg, Boerne and San Antonio. Reports of increasing interest in good roads were made, many counties either already having voted bonds for county wide building projects, including highway nine, or steps having been taken to do so.

Lubbock county announced, thru Jed A. Rix, chairman of its good roads association, that petitions will be presented to its commissioners Tuesday calling for a \$2,500,000 county wide bond election within the next thirty days.

BURGLARS LOOT FIVE HOMES, SECURE \$6000 Burglars did a wholesale business in Breckenridge Sunday night and a check up every Monday morning showed that they had invaded at least five homes in one of the most exclusive residential areas of the city, their deft fingers leaving sleepers undisturbed but minus cash, clothes and jewelry estimated to be worth \$6,000.

A profit of \$774 above E-1 and labor costs from 47 standard bred Rhode Island Red hens in 10 months time is the proud boast of James Pratt Boyd, a 4-H club member of Wise county. His feed consisted of milled rye, alfalfa and commercial mash and his returns came partly from selling hatching eggs and partly from sale of regular market eggs. James is said to have one of the finest flocks of in the county.

COTTON PICKING HALTED Cotton harvesting was less than half completed when the rainy weather set in Monday. The rain which has fallen has not wrought much damage to cotton so far. Those who have been fortunate enough to have had enough cotton pickers all along say the rainy spell is not going to prove hurtful, as cotton fields were not quite ready for a second picking and will be in good shape when clear weather is again in effect.

AGED WOMAN HERE Seeking Two Sons A Mrs. Rogers aged about 60 years, arrived Saturday from Mansfield, De Soto Parish, Louisiana, in search of her sons Henry and A. K. Rogers. Anyone knowing these men will please advise them that their mother is at the Haley Hotel in Big Spring and to get in touch with her at once.

INCREASING PHONE RATES San Antonio is one of the Texas cities that is having a battle with the telephone company over efforts to increase rates. Several months ago telephone rates were advanced from 25 to 35 per cent. The city tried to enforce its rate control ordinance, but as prevented from doing so by a temporary injunction obtained by the telephone company. The company is asking to perpetuate the injunction, and if it succeeds, the city's controlling ordinance will be nullified. Other cities and towns are wondering what will happen to them if San Antonio should lose its fight.

Funeral Services For Ed C. Tucker This Afternoon

Funeral services for Ed C. Tucker were held this afternoon at 3:30 o'clock at the First Methodist church, Rev. W. G. Bailey, pastor, officiating. Interment in the ML Olive cemetery.

Mr. Tucker passed away at the family home, 210 Pecan street, at 2:55 p. m. yesterday afternoon, following a prolonged illness. He had been in ill health for sometime, but two weeks ago suffered a stroke of paralysis, from which he never fully rallied.

Mr. Tucker is one of the pioneer settlers of this city, having come here ahead of the Texas & Pacific railway, coming here to work on the first depot for Big Spring. Surviving Mr. Tucker are his eight children, John, Will, Andy, Charles, and Miss Emma Tucker of Big Spring; Mrs. C. H. Simmon of Eastland, Mrs. G. W. Sikes of San Angelo and Jim Tucker of Fort Worth, all of whom were here to attend the funeral services.

BERLIN Oct. 31. AP—Clarence Terhune the American boy stowaway on the Graf Zeppelin, will receive a hearty welcome to Germany, and a job will be given him if he wants it. A department store company has sent him a wireless message offering him a job and asking him to name his terms. He will not be molested by police whether he receives a temporary passport or not.

WICHITA, Kan., Oct. 30. AP—When Charles Terhune travels as he often does—he travels in class. The venturesome 19-year-old stowaway on the Graf Zeppelin timed his debut in stowing away on an ocean trip to coincide with the maiden voyage last year of the liner Malolo the Matson Navigation Company's "floating palace," flying between San Francisco and Honolulu.

Mrs. Lucile Woods, Terhune's sister, said Clarence was caddyding in San Francisco when the liner arrived there from Eastern shipyards. She said he stowed away and was not discovered for several days. Then, on Monday when he was found on the German dirigible, he was put to work to pay for his passage. Another time he stowed away on

ALWAYS OWN BOSS—THAT'S NORRIS

Nebraskan Bolting to Smith Has Had Remarkable Career—Broke Cannon's Rule. He Opposed War and Then Tried to Enlist—Original Advocate of Farmer's Relief

BY RODNEY DUTCHER
NEA Service Writer
WASHINGTON, Oct. 30.—The Senate's greatest fighter has marched out to enter another fight.

Sen. George W. Norris, progressive Republican of Nebraska, by coming out for Gov. Alfred E. Smith has added another dramatic chapter to one of the most remarkable political careers in history.

Norris is one man in Washington who has always been his own boss.

He has taken the leadership of more hopeless fights than any other man and he has won many of them by sheer fearlessness, complete sincerity, indefatigable energy and astonishing tenacity.

In Congress 25 years Norris' persistent insurgency has been opposed by every method except physical violence and he has been threatened with that. Because he has no personal ambitions and has become the leader of American progressives by common consent rather than his own political enemies say of him is that he is constitutionally disgruntled. None grudges him admiration or credit for sincerity.

Norris has been 25 years in Congress. He is 67 years old. Before he first came to the House of Representatives he had been a district judge and before that a prosecuting attorney. But he had been fighting from the start.

His father died when he was a child, his only brother was killed in the Civil War and George had his mother were left poor. George hired out to neighboring farmers in the summer and attended district school in the winter. He taught school to earn money for college and at the same time he studied law. He attended Valparaiso and Baldwin universities and finished a law course. He was admitted to the bar in 1883 and moved from Ohio to Nebraska in 1888.

Broke Joe Cannon's Rule.
His first big battle in Washington came when he undertook to overthrow the seemingly impregnable entrenched Cannon machine in the House. The amiable but reactionary Joe Cannon apparently had the House in the iron grip of the speaker'ship. It remained for Norris to show that Cannonism could be unhorsed.

For more than a year he waited, with a resolution to pierce the Cannon armor. Finally the chance came. Norris put in his resolution and the House spent two days and nights in continuous session. At the end of that time supreme authority in the House had passed from the speaker to a committee. It was a tremendous progressive victory and because of his leadership.

HE NEVER TAKES ORDERS

Ship Norris is sometimes said to have then made himself the father of modern progressivism. But Norris refused to join the Roosevelt progressive movement two years later, just as he failed to bolt to La Follette in 1924.

Voted Against War
It was in 1912 that Nebraska elected him to the Senate. Came the World War and Norris, standing beside the late La Follette and others, became one of those senators whom Wilson called the "willful 12." Norris could not believe that the best interests of the great masses of people required our entry into the war. So he made one speech against it and voted against the declaration of war.

Under a storm of abuse from the Nebraska press, Norris offered to resign. His resignation was not accepted. But it was as a pariah among men that he went back to Nebraska. None of his old friends apparently dared visit him and he was threatened with violence if he undertook to make a speech. But Norris made the speech before a packed hall, because he wanted to explain why he had voted against war. And after he had made it the crowd cheered him hysterically. In 1913, just before the armistice, Nebraska re-elected him by a majority of 20,000. In 1924, his majority was 120,000.

It is well known that Norris supported the Wilson administration's war measures. It is not commonly known that he sold all his property in Nebraska and put the proceeds in Liberty bonds. Nor that he attempted to enlist in the marines as a private and deserted only when told that he would not be permitted to go overseas to fight. Norris felt keenly the imputations on his patriotism. He felt that the patriotic thing to do was to keep out of the war.

Norris was the original farm relief fighter. Long before there was any McNary-Haugen bill, Norris as chairman of the Senate Committee on Agriculture, fathered the Norris-Sinclair bill to relieve the farmer. When that bill was reported out of committee it was expected to pass the Senate. But the administration, through Senator Frank Kellogg, put in a far more conservative bill without consulting Norris or the romantics and succeeded in blocking the Norris bill. In a dramatic speech, Norris denounced these Republican tactics and at his close collapsed on the Senate floor. He had worked himself into a dangerous state of health during that first farm relief fight and was forced to rest, away from the Senate, for months.

Miscellaneous Fight
He had been trying to carry on two great fights at the same time. The other was his struggle to preserve Muscle Shoals for the people and on that, for years, he fought alone.

Single-handed, he blocked one bill after another which would have placed that great power site in private hands for private profit. Henry Ford was one of the first bidders, but there have been many others whom Norris has had to beat. At the last session, after many tireless years of effort, Norris saw his Muscle Shoals bill, providing for government ownership and operation and representing one of his greatest ambitions, passed by both houses of Congress. Then President Coolidge vetoed it.

Norris opposed the League of Nations and led the fight for the "lame duck amendment" which would bring members of Congress into office two months after their election instead of 13 months as now provided. It is Norris who has fought hard for an honest investigation of federal patronage scandals in the south which has thus far been successfully blocked by various machinations.

And it was Norris who introduced the resolution demanding an investigation of the Salt Creek oil leases, which the Department of Justice has lately declared to be illegal.

CITY ACCEPTS BID FOR GARBAGE GATHERING; ASKS COOPERATION

Garbage to Be Collected Every Day in Business District; Semi-Monthly in the Residential Section. Nominal Charge to Be Collected By City

The city commission awarded a contract for daily gathering and disposal of garbage in the business section and semi-monthly garbage collection everywhere within the city limits of Big Spring to Fred Hall of Mexico, Texas.

Mr. Hall is thoroughly equipped to render good and efficient service and his work will be under the supervision of the city inspector. A daily cleaning of the streets will be carried out also under the direction of the city sanitary inspector. All rubbish will be carried to the city dumpground, and burned.

For collecting ordinary garbage, from the residences a flat charge of fifty cents per month will be made. This must be paid at the city hall each month. Service per month for night waste will be one dollar per month.

Daily service within the fire limits will be at an agreed price between contractor hauling garbage and the firm or corporation or the agent in charge of property served. This charge will not be any more than most firms are now paying, and may be less.

The object is to keep our city clean and sanitary and with this end in view our entire citizenship should gladly cooperate with the city in getting this garbage disposal plan working smoothly and efficiently. Procure garbage receptacles as prescribed by the ordinance, and see that they are placed when the driver of the garbage wagon can easily reach them. It will be necessary that everyone residing within the city limits provide these receptacles as this ordinance must be city-wide and rigidly enforced to be worth anything. If all will abide by these provisions we will be safeguarding the health of our citizenship, helping rid it of mosquitoes and other pests. Most of our people realizing the need of such sanitary rules will cheerfully render the city officials full cooperation. Some may be forced to abide by the rules. It is the city commission's hopes that a full measure of cooperation be accorded as they do not desire to fine anyone for violations of this ordinance.

Read and study this ordinance, and then aid in putting it over without any kicking and complaining. It is for the general good.

Site Purchased For Presbyterian New Church

A deal has been closed for the purchase of a site 100x140 feet at the intersection of Rannels and East Seventh St. from Mr. and Mrs. D. Price for the handsome new church building the congregation of the First Presbyterian Church plan to have erected at an early date.

The architects Peters, Haynes and Strange of this city have been employed to prepare tentative plans for the structure. These are to be ready at an early date and immediately thereafter a campaign to secure the necessary funds will be launched under the direction of Rev. R. L. Owen and the officers of his church.

They could not have found a more desirable location in our entire city and they are indeed fortunate to have secured this property. The church they plan to build will be a credit to a city several times the size of Big Spring.

Wood's Jewelry To Open Wednesday

The newest jewelry store to open its doors in Big Spring is the store at 122 East Second street owned by J. L. Wood.

The proprietor stated to a Herald representative that he was in business for 10 years in Silver City, New Mexico, and some time ago he tried to retire, in fact, he sold out his business and did for some considerable time, try to "loaf" gracefully. He soon found that this was impossible, the call of the busy markets of trade was too strong to be disregarded.

The Wood Store will open to the public on Wednesday next and the citizens are extended an invitation to come in and look around. They will find several nationally known lines of jewelry that will be handled exclusively by this store in Big Spring and there will also be displayed for their inspection the most complete line of diamonds, high grade watches and sterling silver in West Texas.

Mr. and Mrs. Fred Dozier of Colorado visited Mrs. J. A. Myers and Mrs. N. I. Dalton in this city Sunday.

In China according to custom the family name is always written before the given name.

Accused Man Gives Up For Dual Killing

Surrenders Friday And Is Spirited Through Posse While Hundreds Continued Hunt

The accused slayer of Dudley W. Hamilton, prominent Haskell county farmer and his young son, Earle, was in the county jail in Abilene last night under heavy guard. The prisoner, Bill Fritz, well known character in Haskell county, surrendered to an officer shortly after noon yesterday. He was hurried to Abilene, concealed in the rumble seat of an automobile.

Fearing possible mob violence in the sections where the crimes were committed and where yesterday nearly 2,000 joined in paying final respects to the Hamiltons, Fritz was taken to Abilene for safekeeping.

His blue eyes bloodshot, and haggard face, the prisoner arrived there Friday afternoon in the custody of John Epley, Haskell county farmer, who was a bondsman in Abilene officers and placed in a room with W. H. Britton and Felix Itzner, and George Flournoy, Haskell one of Fritz's recent liquor cases county officer. He was delivered to the jail.

Mr. and Mrs. James Little are rejoicing over the arrival of a charming baby daughter at their home on Friday, October 26th.

Championship Game Here With Sweetwater

Every Football Fan is Urged To Turn Out To See This Encounter

Help Steers Fight
It is Hoped the Bull Park Will Be Jammed Full and Running Over

George Gentry and Mr. Cox journeyed to Roby Saturday to get facts and data relative to the quarterback that Snyder played being eligible, and they got them. They found out for certain that their suspicions were justified, and that there was possibly more to the rumor than they had suspected. The outcome of the whole thing will be that they will file an unsettled.

Weekly reviews of domestic cotton goods markets tell of good business with large orders for the spring delivery.

As to rainfall, the local weather bureau reported moderate to heavy rains reported Sunday northeast Texas and mostly light to moderate rain north central portion of belt, moderate to heavy rains reported Monday northwest portion of belt with one to two inches numerous localities in Oklahoma and low to medium elsewhere, and light showers in interior of North Carolina.

It is possible that a wet freeze may be experienced in Oklahoma and Texas panhandle tonight which would probably damage to late cotton in those parts.

Austin, Texas, advised state agricultural cotton crop will not greatly exceed 4,775,000 bales.

Atlanta, Ga., reported commissioner of agriculture of Georgia estimates Georgia cotton crop 841,000 bales.

The government crop forecast as of Oct. 1st, issued October 8th was 5,000,000 bales for Texas and 1,000,000 for Georgia.

Rains or colder weather are considered to be detrimental to grade and development of the cotton crop. Heavy rain is likely in Texas the Mississippi Valley and south Atlantic probably followed by colder.

Trainmen And Railroads Get Board's Decision

WASHINGTON, Oct. 30. (AP)—The emergency board, appointed by President Coolidge to investigate the wage dispute between conductors and trainmen and the officials of the Western railroads has recommended six and one-half per cent increase in wages without a change of rules, or alternately, seven and one-half per cent increase if certain rules are eliminated.

The arbitration board further provided that which ever alternative, the railroad and the train service brotherhoods accept should be put into effect retroactively; and terms made to apply as May 1st, 1928, the date on which the controversy developed.

The solution of the controversy suggested death with a discussion of the complicated rules governing the application of the wage scale hitherto agreed upon between the brotherhoods and railroads. These have long blocked the settlement of this controversy. A number of these rules upheld by the brotherhoods have been viewed by railroad executives as unnecessarily hampering efficient railroad service.

THEY WILL BE HERE

The coming of Woolworth, Montgomery-Ward, Sears-Roebuck, J. C. Penney to Big Spring are the latest rumors which have been going the rounds.

sent enough championship material it is true, but as a mass they are not welded together enough. They, however, are showing fight and unison, and cohesion follows close on a team when they begin to fight. One man's efforts are all in vain if he cannot get the support of ten other men, and this is the light of salvation that has begun to dawn on the Steers. They have tested the sweet dose of victory and are pleased with its reaction. They have had it clearly demonstrated that the reason that they obtained this victory was that they all fought as a mass, and they have determined to beat Sweetwater and annex a pennant. We are with you, Steers, go to it!

Ed C. Tucker Claimed By Death Today

Many friends will learn with deep regret of the death of Ed Tucker, one of the pioneer citizens of Big Spring. He passed away at 1:55 p. m. today at the family home at 210 Pecan street. He was aged seventy-nine years and 26 days, and had resided in this city for more than forty-seven years.

He had been in ill health for some time and about two weeks ago suffered a stroke of paralysis from which he never rallied, except for brief periods.

Mr. Tucker was one of the very first residents of Big Spring, coming here in 1881, ahead of the Texas and Pacific railway to build the depot for the railroad. He was in the employ of the T. and P. Railway for more than fifty years, serving in the railway carpenter shop, and until retired by the company a few years ago. He was a big hearted and kindly man and many are those he has aided along the pathway of life. He was ready to go when the Master called him.

Funeral services are to be conducted at the family home at 3:30 o'clock Wednesday afternoon by Rev. W. G. Bailey pastor of the Methodist church and interment will be made in the Mt. Olive cemetery.

He is survived by eight children, John, Will, Andy, Charles and Miss Emma Tucker of Big Spring, Jim Tucker, of Fort Worth, Mrs. C. H. Simmons of Eastland, and Mrs. G. W. Bikes of San Angelo, and to those who mourn for their loved one is extended the deep sympathy of our entire citizenship.

Plans For Flower Show November 3 About Completed

All plans for the third annual flower show are practically complete, and this year's exhibit promises to be a real one. All who have flowers are asked to bring them to the Wolcott Motor company by 10 o'clock Saturday morning, November 3rd. The following committees have been appointed to help make the flower show a big success.

Advertisement committee: Mrs. W. R. Settle, Mrs. G. L. Brown, Mrs. Jennie Shumake, Mrs. J. M. Manuel, Mrs. Jim Prichard, Mrs. Tom Sullivan and Mrs. Lester King

Arrangement flower shelves: Mrs. Frank Jones, Mrs. Price Rogers.

Placing Flowers: Mrs. Ira Driver Miss Clara Cox, Mrs. L. L. Freeman.

Hostesses: Mrs. C. W. Cunningham, Mrs. F. F. Gary, Mrs. H. DeVries, Mrs. B. Fisher, Mrs. J. D. Biles, Mrs. J. I. McDowell, Mrs. Shine Philips, Mrs. W. V. Montin, Mrs. C. D. Baxley, Mrs. J. E. Britton, Miss Effie Anderson, Mrs. J. M. Fisher, Mrs. A. E. Service, Mrs. R. C. Strain, Mrs. B. Reagan, Mrs. W. C. Barnett, Mrs. J. M. Morgan, Mrs. L. C. Dahme.

Where at all possible please enter your cut flowers so that each variety of rose, chrysanthemum, etc. maybe in a separate vase, so that the judges may see the various varieties separately. Of course, mixed bouquets will also be gladly received. Plan to enter your flowers. Help make this year's show the biggest and best.

New Gas Line From Slaton To Post

SLATON, Tex., Oct. 29.—A natural gas line from Slaton to Post, 28 miles, is being laid by the West Texas Gas Company. When completed, Southland and Post will have natural gas service. It is expected to have the line finished by November 20. Slaton and many other South Plains cities secured natural gas service more than a year ago. Recently extensions were completed giving the service to Tahoka, Lamesa and other points in that territory.

TWELVE REASONS WHY WOMEN SHOULD VOTE FOR SMITH

- 1. He called the New York legislature into special session in 1910, to ratify the Nineteenth or Woman's Suffrage Amendment to the Constitution, in order to help secure nationally this privilege for women.
2. He has brought about increased pay for New York public school teachers, with an average doubling of the salaries of the women in the profession, demanding at the same time equal pay for women with men.
3. He ended the discrimination against women seeking positions under the New York civil service by refusing to allow appointing officials to specify that one sex only could take the examination.
4. He has urged the New York legislature to remove from the statute books all laws that unjustly discriminate against women, but at the same time would not permit any change to be made that might interfere with the statutes for the protection of women in the home and in industry.
5. He secured the forty-eight hour law for New York, making a shorter week and day for women wage earners in factories and in stores.
7. He stood for a minimum wage commission to assure a living wage to women and minors and would have secured the same had not the Republicans in the New York Legislature and Constitutional Convention defeated it.
8. He favors the creation of terminal markets and the proper distribution of food supplies so that the farmer and consumer will have deserved protection.
9. He favors ample school facilities and provisions for the education of children in rural districts. He believes their educational advantages should be as great as those afforded the children of the cities.
10. He will, if elected President, call all of the proper agencies of the Government at his command to his support in order to end profiteering in the necessities of life.
11. He has perfected the workman's compensation law from which women workers receive benefits as well as men. The family of the workman also has profited from this legislation.
12. He secured the passage of New York widow's pension law. Under its terms, generous provision has been made for women left penniless and allowances have been made for their minor children. Thus children have been kept under the care of their mothers rather than of orphanages.

RECKLESS DRIVERS

An automobile driver in Springfield, Mass., was brought into police court the other day on a charge of dangerous driving. And although it was brought out that he had only gone at the rate of five miles an hour, he was found guilty and fined \$50.
His machine was parked at a curb. He got in and, without looking behind, suddenly backed his car so that he could drive away. Two people, starting to cross the street just behind them, were knocked down.
This emphasizes once more that it is not necessarily high speed that makes an automobile dangerous. A driver who does not watch very carefully where he is going can be far more dangerous to others when he travels five miles an hour than a more considerate motorist is when driving at a 40-mile clip.

AFTER ELECTION DAY

A newspaper published in one of the Middle Western "doubtful" States, where pre-election controversies are notable for their acrimony, prints this advice across its front page: "Remember, We've All Got to Live Together After November 6." The hint is one that might well be taken by communities and individuals everywhere.
As a matter of cold, hard fact, there will be no cataclysm directly ascribable to any result whatever that may come of the election next Tuesday. People will get up Wednesday morning and go about their ordinary routine. There are some fact in life in this country that bulk greater than a presidential election.

A proper perspective will enable this citizen to put his politics in its proper place in his scheme of things. That place is somewhere along the scale between the most important and least important things that affect happiness and success. It is less important, for instance, that your candidate be elected than that you will be able to pursue the rest of this year in health and prosperity. The election of your favorite candidate is probably of more moment than that you will be able to get the station you want on your radio.
Fortunately, perhaps, for the peace and progress of this country, Americans, who take their politics seriously and get all "het up" during campaigns, very expeditiously, when the elections is over, lay the whole business on the shelf to stay till the next time. It is for this reason that presidential elections never really disturb the even tenor of progress in these United States.

It is a praiseworthy and wholesome manifestation of citizenship to be intelligently interested in campaign affairs. It is an equally praiseworthy and wholesome quality to be able to have done with the campaign the moment it is over. We should all go out and vote Tuesday. Then we should forget politics and turn to football, or something else, for our public interest.—Fort Worth Star-Telegram.

REPUBLICAN PARTY NO FRIEND OF THE SOUTH

When the smoke of battle is over you are going to find, that real Southern Democrats injure the South by aiding and abetting the Republican party. Many who do not favor Governor Smith's views may remain away from the polls but they will not stop the South in the face by voting for Republican corruption.

The South has nothing to gain by punishing the Democratic party in their own section because they differ with the head of the ticket.

DAIRY COWS ARE NEEDED IN COUNTY

The Snowwhite Creamery can utilize five hundred gallons of sweet milk daily right now and expects to need more later on.
It is very evident that many more good milk cows must be brought to our county. The creamery will pay for milk twice each month, and these semi-monthly pay checks will help to keep prosperity in the saddle. The milk is all graded and the milk containing the greatest amount of butterfat. So in buying milk cows it will pay you to buy pure bred cattle as they guarantee you the greater returns for your time, trouble and investment.

It is stated that San Angelo parties were here the past few days trying to lease a suitable tract of land for use as a dairy farm. It was their plan to bring 100 good milk cows here to supply milk for the Snowwhite Creamery. That farmers can make good money supplying sweetmilk to the creamery was demonstrated to these men, by the plant at San Angelo. The owners of the creamery at that place had one hundred good dairy cattle shipped in and sold them to farmers to be paid for on the installment. In from six to eighteen months the creamery had been paid in full for the one hundred head of dairy cows. The Chamber of Commerce of Big Spring should sponsor a similar movement in Howard county to prove we have faith in the worth of a creamery in our community.

DEFEATING THE COMMON COLD

In its intensive study of the disease known as the "common cold," John Hopkins university will have the aid of 125 families. These people have been provided with specially prepared cards on which they will report everything about their colds from the first sneeze to the last cough. It is hoped that the causes, origins and ultimate conqueror of the common cold will be found as a result of this research. The chief menace of the cold probably lies in the fact that it is so lightly regarded by most persons. Many otherwise intelligent men and women, who would isolate a case of measles in the family even without the health officer's insistence, allow the possessor of a cold to go about freely. They send their children to school with colds. They themselves make calls or go to public gatherings with colds. They may show interest in the fact that there seems to be an epidemic of colds in the neighborhood, but they rarely recognize their own responsibility in starting or helping to spread such a plague. Another serious danger of the cold is the fact that it is often merely the first symptom of other admittedly serious diseases. The person who is careless about spreading a common cold may have spread any of several contagious or infectious ailments. The cold undermines general health and impairs efficiency. If its defeat can be accomplished, a great step in the promotion of public health will be taken.—Cisco News.

IN A FOREIGN DUNGEON

An American citizen named August T. Novy tells a harrowing tale of indignities to which he was subjected in a recent tour of Italy. In Venice, after a slight altercation with a guide, he was arrested at his hotel and thrown into an underground dungeon, damp and dark, only five feet by ten, with nothing to eat but a hunk of stale bread and nothing to drink but water in a filthy picher. There he was kept in chains for three days, in spite of his protests, not being allowed to communicate with his wife and his friends. Finally he was released, as a result of a message he had been able to get to the American consul. There was no apology for the ill treatment, and he had to pay for his food and lodging and his "trial." It sounds bad. Our government may investigate. Our citizens' rights may be protected in foreign lands. It is sometimes embarrassing, however, for the United States to protest in such cases, because foreign governments have a way of replying by giving parallels in our treatment of their citizens here. To tell the truth, we ourselves are sometimes pretty high-handed in arresting foreigners on suspicion and giving them the third degree.—Cisco News.

CHARITY SHOULD BEGIN AT HOME

The Community Chest fund drive for \$150,000 must not fail.
There can be no greater indictment of an El Pasoan than this: He failed to help the needy through the Community Chest.
Contribution to the Community Chest is a civic duty that should gladly be undertaken by every El Pasoan.
Poverty and misfortune we have with us always, and those El Pasoans who refuse to see the poverty here have a void in their heart that charitable instincts would fill completely.
To give of the substance accumulated in one day of the 365 is not a burdensome thing. El Paso Herald.
If El Paso needs to raise such a large sum to aid her charity cases, surely Big Spring ought to raise a few thousand dollars for our needy.

PLAYGROUNDS

How important is the public playground to a city.
Figures just issued by the Children's Bureau of the U. S. Department of Labor are interesting.
In Milwaukee, for instance, the number of juvenile delinquents has decreased 20 per cent in the last 25 years, although the city's population has doubled during that time. Competent observers believe this was due largely to the development of supervised playgrounds during these two decades.
Again: in Dayton, O., the sections of the city with adequate playground facilities have 30 per cent less delinquency than sections which lack them.
A city that spends plenty of money on playgrounds is acting wisely. This is a fact that should be forced on the attention of every city government in the country.

Chilly Blasts On Way Here From Canada

DALLAS, Nov. 1 AP.—On top of the already chilly weather of the last few days, Texas was scheduled to catch the Southern edge of a real cold wave today. Reports last night were to the effect that the worst early season blizzard in history was sweeping across Nebraska, leaving six or seven inches of snow, impassable roads, and impaired communications in its wake. Air mail service between Chicago and the West was unable to bridge the territory covered by the blizzard and mail was being transferred to the railroads.

any part of the territory comprising the said city, they shall be empowered under the provisions of this ordinance to enter into such a contract and they shall be further empowered to make what conditions they deem fit and proper governing the removal of such garbage and waste material where the same are not otherwise provided for in this or other existing ordinance.

SECTION FOUR Disposition of Garbage, Etc. All persons engaged in the removal of garbage or other waste material shall dispose of the same by removal to the City of Big Spring Dumping Ground, or to such other place as designated by the officer of the City of Big Spring appointed to administer this ordinance.

SECTION FIVE All containers employed for the removal of garbage to the City of Big Spring Dumping Ground or to such other place or places as may be designated under the provisions of Section Four hereof, shall be thoroughly disinfected before the same is removed from said dumping ground and returned to the City of Big Spring. The officer appointed to administer this ordinance shall be the sole judge as to the proper disinfecting of such containers and the same must be done to his satisfaction.

SECTION SIX The City Commission of the City of Big Spring reserve the right to demand from any person engaged in the business of garbage removal in the City of Big Spring, a good and sufficient bond in an amount fixed by the City Commission of the City of Big Spring to guarantee to the said City of Big Spring that all of the provisions of this ordinance shall be complied with and this provision shall apply whether the City of Big Spring shall let a contract with one or more persons, firms or corporations or shall grant permits as allowed under the provisions of this ordinance.

SECTION SEVEN Rates to be charged as hereinafter set out shall be due and payable to the Secretary of the City of Big Spring on the first day of each month: 1. Service per month for night waste \$1.00. 2. Service per month outside fire limits for residential trash \$0.50 per month. 3. Daily service in the fire limits to be agreed upon by persons, firms or corporation removing said garbage and person, firm or corporation, or their agent in charge of the property to be serviced.

SECTION EIGHT Penalty Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not to exceed One Hundred (\$100.00) Dollars.

SECTION NINE Unconstitutionality Clause Should any section, paragraph, sentence, clause, article or phrase of this ordinance be declared unconstitutional or invalid for any reason the remainder of said ordinance shall not be affected thereby. Each and every violation of the provisions of this ordinance shall constitute a separate offense.

SECTION TEN Due to the fact that the health of the citizenship of the City of Big Spring is menaced by the unsanitary manner in which the garbage and rubbish of the city is handled at present, which condition demands immediate action, an emergency is hereby declared, and the rule requiring in ordinance to be read at three meetings of the city commission is hereby dispensed with, and this ordinance shall become immediately effective upon its passage at one meeting of said commission, and its publication as by law required.

SECTION ELEVEN Passed and approved at special meeting of the City Commission of the City of Big Spring, Texas, this 27th day of October, A. D. 1928. R. D. MATTHEWS, Mayor. City of Big Spring, Texas.

SECTION TWELVE THE STATE OF TEXAS To the Sheriff or any Constable of Howard County, Greeting: YOU ARE HEREBY COMMANDED TO SUMMON J. L. Hamilton by making publication of this Citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the Judicial District, but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said Judicial District, to appear at the next regular term of the District Court of Howard County, to hold at the Court House thereof, in Big Spring, Texas, on the first Monday in February, A. D. 1929, the same being the 4th day of February, A. D. 1929, then and there to answer a petition filed in said Court on the 31st day of October, A. D. 1928 in a suit numbered on the docket of said Court No. 1308, wherein Ruby Hamilton is Plaintiff and J. L. Hamilton is Defendant and said petition alleging that plaintiff and defendant were legally married on April 17,

1927 and that plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of 12 months and has resided in the County of Howard where the suit is filed, for a period of six months next preceding the filing thereof, and that the residence of defendant is unknown to her, and further alleges that on September 1, 1927, plaintiff and defendant were living in Tucson, Arizona, and that plaintiff was sick and had been sick and confined to her bed for three weeks, and that while she was in bed sick the defendant, in a drunken condition, cursed and abused her and called her the vilest of names and left her and her small child in a strange town among strangers while she was sick, without money, funds or medicine, and caused her to have to wire home to her father for help; that such conduct on the part of defendant was cruel and unbearable and made their further living together insupportable.

Plaintiff prays for a divorce, the cost of suit, and for such other and further relief to which she may be entitled.

Herein Fail Not, but have before said Court, at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.

Witness, J. I. Prichard, Clerk of the District Court of Howard County.

J. I. Prichard, Clerk District Court, Howard County. 7-41

NOTICE

THE STATE OF TEXAS To the Sheriff or any Constable of Howard County—GREETING: YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Howard, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE IN PROBATE

THE STATE OF TEXAS To all Persons interested in the estate of J. M. Wolf, deceased, J. H. Wolf, has filed in the County Court of Howard County on the 31st day of October, A. D. 1928 an application for Letters of Administration upon estate of J. M. Wolf, deceased, alleging that J. M. Wolf, deceased died on or about June 4, 1928. That he died intestate in Howard County, Texas and that his property, both real and personal is situated in Howard County, Texas, and making application that he be appointed Administrator of said estate.

Which will be heard and acted on at the next Term of said Court, commencing the first Monday in December, A. D. 1928, at the Court House thereof, in Big Spring, Texas, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein Fail Not, But have you then and there before said Court, this writ, with your return thereon endorsed, showing you have executed the same. Given under my hand and the seal of said Court, this 31st day of October, A. D. 1928.

J. I. Prichard, Clerk County Court, Howard County, Texas. By Neil Davis, Deputy. 7-21

AN ORDINANCE

Defining "milk" and certain "milk products," "milk producer," "pasteurization," etc., prohibiting the sale of adulterated and misbranded milk and milk products, requiring permits for the sale of milk and milk products, regulating the inspection of dairy farms and milk plants, the testing, grading, labeling, placarding, regrading, distribution, sale and denaturing of milk and milk products, providing for the publishing of milk grades, the construction of future dairies and milk plants, and the enforcement of this ordinance, the fixing of penalties and punishments, and declaring an emergency: BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF BIG SPRING:

SECTION ONE

DEFINITION: The following definitions shall apply in the interpretation and the enforcement of this ordinance:

- (a) MILK: is hereby defined as to be the whole, fresh, clean, lactated secretion obtained by the complete milk of one or more healthy cows, properly fed and kept, excluding that obtained within fifteen days before and five days after calving, or such longer period as may be necessary to render the milk practically colostrum free; which contains not less than eight and one-half per cent (8 1/2) per cent of solids not fat and not less than three and one-fourth per cent (3 1/4) per cent of milk fat. (b) MILK FAT OR BUTTER FAT: is the fat of milk and has a Reichert-Meissel number of not less than twenty-four (24) and a specific gravity of not less than 0.905. (c) CREAM: sweet cream, is that portion of milk, rich in milk

fat which rises to the surface of milk on standing or is separated from it by centrifugal force. It is fresh and clean, and which contains not less than eighteen per cent (18) per cent of milk fat; provided that cream having less than 18 per cent milk fat shall be known as SUB-STANDARD CREAM. Cream having less than thirty per cent (30) per cent milk fat shall be known as LIGHT CREAM. Cream having more than thirty per cent (30) per cent (and less than forty per cent (40) milk fat) shall be known as HEAVY CREAM and cream having more than forty (40) per cent milk fat shall be known as EXTRA HEAVY CREAM.

WHIPPING CREAM AND MANUFACTURING CREAM

CREAM: are creams intended for whipping or manufacturing purposes, and the grades of the same shall not be based on bacterial count.

(d) SKIMMED MILK: is milk which substantially all the milk fat has been removed.

(e) ADJUSTED MILK: is milk in which the percentage of milk fat has been adjusted by the addition or removal of cream or skimmed milk.

(f) BUTTER MILK: is the product which remains when milk fat is removed from milk or cream, sweet or sour, in the process of churning. It contains not less than eight and five-tenths percent (8.5) of milk solids not fat.

(g) CULTURED BUTTER MILK: is the product resulting from the souring or treatment by a lactic acid culture of milk or milk products.

(h) EVAPORATED MILK: Un-sweetened—is milk from which a considerable portion of water has been evaporated and which contains not less than twenty-five and five-tenths (25.5) of milk solids and not less than seven and eight tenths per cent (7.8) milk fat.

(i) CONDENSED MILK: un-sweetened—is milk from which a considerable portion of water has been evaporated to which sugar has been added, and which contains not less than twenty-eight percent (28) of milk solids and not less than eight percent (8) milk fat.

(j) CONDENSED SKIMMED MILK: is skimmed milk from which a considerable portion of water has been evaporated, and which contains not less than twenty percent (20) of milk solids.

(k) POWDERED (dried) WHOLE MILK: is milk from which substantially all of the water has been removed, and which contains not less than twenty-six percent (26) of milk fat, and not more than five percent (5) of moisture.

(l) POWDERED SKIMMED MILK: is skimmed milk from which substantially all of the water has been removed, and which contains not more than five percent (5) of moisture.

(m) RE-COMBINED MILK: is a substance produced by re-combining whole milk, powdered skimmed milk, condensed or evaporated whole milk or skimmed milk, and milk fat with water and shall contain in milk fat percentage and bacterial counts to the provisions of this ordinance relating to milk.

(n) MILK PRODUCTS: shall be taken to mean and include cream, skimmed milk, adjusted milk, butter milk, cultured butter milk, evaporated milk, (un-sweetened) condensed milk, un-sweetened condensed skimmed milk, powdered whole milk, powdered skimmed milk, and re-combined milk.

(o) PASTEURIZATION: the terms "pasteurization," "pasteurized," "pasteurize," and similar terms shall be taken to refer to the process of heating milk or milk products to a temperature of not less than one hundred and forty-two degrees (142 degrees) Fahrenheit, and holding at such temperature (not less than 30-minutes) and temperature and time being automatically recorded by a temperature and time recording device approved by the health officer.

(p) ADULTERATED MILK AND MILK PRODUCTS: are milk and milk products defined in this ordinance which do not conform with the definitions contained in this ordinance.

(q) MILK PRODUCER: a milk producer is any person, firm or corporation who owns or controls one or more cows, a part or all of the milk from which is for sale, or sold or delivered to another person, firm or corporation.

(r) MILK DISTRIBUTOR: a milk distributor is any person, firm or corporation which has in possession, offers for sale, sells or delivers to another, any milk or milk products for consumption or manufacturing purposes.

(s) DAIRY OR DAIRY FARM: is any place or premises where one or more cows are kept, a part or all of the milk or milk products from which is sold or delivered to any person, firm or corporation.

(t) MILK PLANT: a milk plant is any place, or premises or establishment where milk or milk products are collected, handled, processed, stored, bottled, pasteurized, or prepared for distribution.

(u) HEALTH OFFICER: the health officer shall be taken to mean the health officer of the City of Big Spring, Texas, in person or his authorized representative.

(v) AVERAGE BACTERIAL COUNT: shall be taken to mean the average bacterial count of all samples taken during the grading period, including at least four samples taken upon separate days. (w) GRADING PERIOD: The grading period shall be such period of time for all milk and cream supplies provided that the grading period shall in no case exceed six

SECTION TWO

The Sale of Adulterated Milk Or Misbranded Milk or Milk Products Prohibited No person, firm, association or corporation shall within the City of Big Spring, Texas, produce, sell, offer or expose for sale, or have in possession with intent to sell, any milk or milk products which is adulterated, misbranded, or un-branded.

SECTION THREE

Permits

It shall be unlawful for any person, firm, association or corporation, to bring into or receive into the City of Big Spring, Texas, for sale, or to sell or offer for sale, therein or to, have on hand any milk or milk product, excepting evaporated milk, condensed milk, condensed skimmed milk, powdered whole milk, powdered skimmed milk who has not paid his license fee in advance and who does not possess an unrevoked permit from the health officer of the City of Big Spring, Texas, and on whose vehicles or in whose place of business there does not appear in a conspicuous place a placard showing the permit number in figures at least three inches high and one and one-half inches wide.

Such a permit may be revoked by the health officer upon the violation of this or any other health ordinance of the City of Big Spring, Texas, providing that the holder of said permit shall, after complying with such revocation have the right of appeal to the board of health.

SECTION FOUR

LABELING AND PLACARDING

all bottles, cans, packages and other containers enclosing milk or any milk product defined in this ordinance and sold or served shall be plainly labeled or marked with: (1) the name of the contents as given in the definitions in this ordinance; (2) the grade of the contents if said contents are graded, under the provisions of this ordinance; (3) the word "pasteurized" if the contents have been pasteurized; (4) the word "raw" if the contents are raw; (5) the percentage of milk fat if the package or other container encloses adjusted milk.

Every grocery store, restaurant, cafe, soda fountain or similar establishment selling or serving milk shall display in a place designated by the health officer a card furnished by the health officer, stating the grade of the milk at the time when delivered and whether same is raw or pasteurized.

SECTION FIVE

INSPECTION OF DAIRY FARMS AND MILK PLANTS FOR THE PURPOSE OF GRADING OR REGRADING

At least once during each grading period the health officer shall inspect every dairy farm producing milk or cream for consumption within the City of Big Spring, Texas, and all milk plants whose milk or cream is intended for consumption within the City of Big Spring, Texas. In case the health officer discovers the violation of any item of sanitation, he shall make a second inspection after a lapse of such time as he deems necessary for the defect to be remedied but not before the lapse of three days, and the second inspection shall be used in determining the grade of milk or cream.

One copy of the inspection report shall be posted by the health officer in a conspicuous place upon an inside wall of one of the dairy farms or milk plant buildings, and said inspection report shall not be removed by any person except the health officer. Another copy of the inspection report shall be filed with the records of the health department. In addition, a written notice shall be mailed to or left with the owner or manager in the case of violations.

SECTION SIX

THE TESTING OF MILK AND MILK PRODUCTS

During each grading period at least four samples of milk or cream from each dairy farm and each milk plant shall be tested by the health officer. Samples of milk and cream from stores, cafes, soda fountains, restaurants, and other places where milk products are sold shall be tested as often as the health officer shall require. Said tests shall include the determination of the bacterial count made in conformity with the standard methods recommended by the American Public Health Association and may include such other chemical and physical determinations as the health officer may deem necessary for the detection of adulteration. Notices of bacterial counts shall be given to the producer or distributor concerned as soon as made or to any interested person on request. Samples may be taken by the health officer at any time prior to the final delivery of the milk or milk products.

All stores, cafes, restaurants, soda fountains and other similar places shall furnish the health officer, upon receipt, the name of the milk distributor from whom their milk is obtained.

Should the market value of any single sample exceed twenty-five cents the City of Big Spring, Texas, shall pay the distributor therefor.

SECTION SEVEN

THE GRADING OF MILK AND MILK PRODUCTS

At least once every six (6) months the health officer shall announce through the daily press the grades of all milk and cream supplies delivered by all producers or distributors and ultimately consumed within the City of Big Spring, Texas, said grades shall be based upon the following standard: the grading of cream being identical with the grading of milk except that the permissible bacterial limits shall be multiplied five fold in the case of cream.

CERTIFIED MILK: is milk which conforms with the requirements of the American Association of Medical Milk Commissions, and produced under the supervision of the Medical Milk Commission of the Medical Society of Howard County, Texas.

GRADE "A" RAW MILK: is milk; the average bacterial count of which as determined under Section 6, of the ordinance does not exceed 50,000 per cubic centimeter and which is produced upon dairy farms conforming with all of the following items of sanitation:

COWS: (1) A physical examination and tuberculin test of all cows shall be made at the owner's expense before any milk therefrom is sold and at least once every twelve months thereafter by a veterinarian who is a graduate of a veterinary college recognized by the B. A. I. and who is approved by the health officer. A certificate signed by the veterinarian, and filed with the health officer shall be the only valid evidence of the above test. Every diseased animal shall be removed from the herd at once and no milk from diseased cows shall be offered for sale. All retching animals shall be isolated at once and immediately excluded from the premises. All animals failing to pass the tuberculin test shall be branded with the letters "T" or "T. B." on the shoulder, hip, or jaw and removed at once and slaughtered under the direction of the health officer. Each letter in the brand shall be not less than two inches and one and one-half inches wide.

LIGHTING (2) All dairy barns shall have at least three square feet of window space for each animal.

AIR SPACE (3) All dairy barns shall have at least five hundred (500) cubic feet of air space per cow.

FLOORS (4) Floors and gutters of all dairy barns shall be constructed of concrete or other impervious and easily cleaned material approved by the health officer and shall be graded to drain properly and shall be kept clean and in good repair.

WALLS AND CEILINGS (5) The walls and ceilings of all dairy barns shall be whitewashed once each year or painted once every two years, or finished in a manner approved by the health officer, and shall be kept in good repair. In case hay or other feed stuffs are stored above the barn buildings shall be tight.

COW YARD (6) All cow yards shall be graded and drained as well as practical, and kept clean.

MANURE DISPOSAL (7) All manure shall be removed and stored or disposed of in such manner as best to prevent the breeding of flies.

MILK HOUSE OR ROOM (8) "Construction." There shall be provided a separate milk house or milk room for the handling and storage of milk, provided with a tight floor constructed of cement or other impervious material and graded to provide proper drainage. The walls and ceilings of the milk house or room shall be of such construction as to permit easy cleaning and shall be painted at least once each year or finished in a manner approved by the health officer. The milk house or room shall be well lighted and all openings effectively screened to prevent the entrance of flies and shall be used for no other purpose than the handling and storage of milk or milk products and other operations incident thereto. The cleaning and other operations shall be so located and conducted as to prevent any contamination one to the other. The milk room shall not open directly into the barn into any room used for sleeping or domestic purpose.

CLEANLINESS (9) The floors, walls, ceilings and equipment of the milk house or room shall be kept clean at all times.

TOILET (10) Every dairy farm shall be provided with a sanitary toilet constructed and operated in accordance with the ordinances of the City of Big Spring, Texas. No outside sanitary privy shall be located and sewerage effluent discharged within 150 feet of any milk house or source of water supply.

(11) The water supply shall be easily accessible, adequate and of a safe sanitary quality.

UTENSILS (12) (constructed): All containers or utensils used in the handling or storage of milk or milk products must be of such construction as to be easily cleaned and must be in good repair. Joints and seams shall be soldered flush. All milk pails shall be of narrow mouth design approved by the health officer.

(13) CLEANING: All containers and other utensils used in the handling and storing or transportation of milk products must be thoroughly cleaned up by rinsing with clean water after each usage, scrubbing in an alkaline solution, and rinsing with clean water.

(14) STERILIZATION: All containers and other utensils used in the handling, storage, or transportation of milk or milk products shall between usage be sterilized with steam.

(15) STORAGE: All containers and other utensils used in the handling, storing or transportation of milk or milk products shall be stored so as not to become contaminated until again used.

(16) HANDLING: After sterilization no container or other milk or milk products utensil shall be

handled in such manner as to get any part of the person, or clothing to come in contact with any surface with which milk or milk products come in contact.

(17) UDDERS and TEATS: The udders and teats of all milking cows shall be cleaned and sponged with water containing chloride of lime or any other approved disinfectant and dried with a disinfectant cloth immediately before milking.

(18) PLANKS: The flanks of all milking cows shall be kept free of visible dirt at the time for milking.

(19) MILKERS' HANDS: Shall be clean and rinsed with water containing chloride of lime or any other approved disinfectant and dried with a clean towel immediately before milking. Should the milking operation be interrupted the milkers' hands must be re-disinfected.

(20) CLEAN CLOTHING: Milk-ers shall wear clean outer garments during milking.

(21) MILK STOOLS shall be kept clean.

(22) REMOVAL OF MILK: Each pail of milk shall be removed immediately to the milkhouse. No milk shall be strained in the dairy barn.

(23) COOLING: Milk must be cooled within one hour after milking to 50 degrees Fahrenheit or less and maintained at or below that temperature until delivery unless it is delivered to a milk plant for pasteurization or separation in which case it must be cooled or pasteurized within two hours of the time of production.

BOTTLING and CAPPING: Capping shall preferably be done by machine. In case capping is done by hand, the hands shall be disinfected in a manner approved by the health officer before the process of capping has begun and after each interruption. Caps not purchased in sanitary containers and kept therein until used shall be kept in dust-proof containers and shall be immersed in an approved disinfectant solution immediately before use.

(25) HEALTH CERTIFICATES: Every person whose work brings him or her in regular contact with the production handling storage, or transportation of milk or milk products shall hold a certificate from the health officer certifying to the fact that within twelve months laboratory, and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever and that said person is free of any disease capable of being spread through milk supplies.

(26) NOTIFICATION OF DISEASE: Notice shall be sent to the health officer within twenty-four hours by any milk producer or distributor upon whose dairy farm any case of sickness or any infectious, contagious or communicable disease occurs.

Grade "B" Raw Milk: is milk; the average bacterial count of which at no time prior to delivery exceeds 200,000 per cubic centimeter and which is produced upon dairy farms conforming with all of the items of sanitation required for Grade "A" Raw Milk except (3), (8), (4), (5), and (6), provided the cleanliness of the barn and cow yard shall in no case be omitted. Item (23) shall apply except that the cooling temperature shall be changed to sixty (60) degrees Fahrenheit. Item (14) shall apply except that boiling water may be substituted for steam.

(1) BUILDINGS and EQUIPMENT: The floors of all rooms in which milk is handled shall be smooth impervious, properly drained, and provided with trapped drains, and kept clean.

(2) WALLS and CEILINGS: Of rooms in which milk is handled or stored shall be frequently painted with a light colored paint or finished in a manner approved by the health officer and kept clean.

(3) DOORS and WINDOWS: All openings into the outer air shall be effectively screened to prevent the access of flies. Doors shall be self-closing.

(4) LIGHTING and VENTILATING: All rooms shall be well lighted and ventilated.

(5) PROTECTION FROM CONTAMINATION: The various milk operations shall be so located and conducted as to prevent any contamination to the other.

(6) TOILET FACILITIES: Every milk plant shall be provided with toilet facilities conforming with the ordinances of the City of Big Spring, Texas. There shall be at least one room or vestibule not used for milk purposes between the toilet room and any room in which milk or milk products are handled. The doors of all toilet rooms shall be self-closing. Toilet rooms shall be kept in a clean condition, and good repair, and well ventilated. In case privies or earth closets are permitted and used, they shall be located at least 100 feet from the building and shall be of sanitary type constructed and operated in conformity with the ordinances of the City of Big Spring, Texas.

(7) WATER SUPPLY: The water supply shall be easily accessible and adequate, and of a safe sanitary quality.

(8) WASH ROOM: A wash room shall be provided with hot running water, soap, and sanitary towels of type approved by the health officer. The use of common towels is prohibited.

(9) MILK PIPING: Only "sanitary milk piping" of a type which can be easily cleaned with a brush shall be used.

(10) CONSTRUCTION OF EQUIP-

MENT: All equipment with which milk comes in contact shall be constructed of such material as to be easily cleaned and shall be kept clean.

(11) DISPOSAL OF WASTES: All wastes shall be disposed of in conformity with the requirements of the health officer.

(12) CLEANING and STERILIZING OF CONTAINERS and APPARATUS: All milk containers and milk apparatus shall be thoroughly cleaned after each usage by rinsing with clean water, and finally sterilized in a manner approved by the health officer.

(13) STORAGE OF CONTAINERS: After sterilization all bottles, cans, and other containers shall be stored in an inverted position in a clean place protected from contamination.

(14) HANDLING OF CONTAINERS and APPARATUS: Between sterilization and usage all containers and apparatus shall be handled in such manner as to prevent any part of the person or clothing from coming in contact with any surface with which milk or milk products come in contact.

(15) STORAGE OF CAPS: Milk bottle caps shall be purchased and stored in sanitary tubes and shall be kept therein until used.

(16) PASTEURIZATION: shall be performed as described in the definition section of this ordinance. The time and temperature record charts shall be preserved for a period of three months for the information of the health officer.

(17) COOLING: All milk not pasteurized upon receipt shall be immediately cooled to a temperature of 50 degrees Fahrenheit or less and maintained thereafter until pasteurized; and all pasteurized milk shall be immediately cooled to a temperature of 50 degrees Fahrenheit or less and maintained thereafter until delivery.

(18) BOTTLING: Shall be done in such manner as to prevent any part of the person or clothing from coming in contact with any surface with which milk or milk products come in contact.

(19) OVER-FLOW MILK: Which has become machine contaminated shall not be sold for human consumption.

(20) CAPPING: Shall be done by machinery approved by the health officer. Hand capping is prohibited.

(21) TIME OF DELIVERY: Milk to be consumed in the form of whole milk shall be delivered to the final consumer within thirty-six hours of the time of pasteurization.

(22) PERSONNEL: HEALTH CERTIFICATES: Every person whose work brings him or her in contact with the production, handling, or storage of milk or milk products shall hold a certificate from the health officer certifying to the fact that within twelve months laboratory, and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever and that said person is free of any disease capable of being spread through milk supplies.

(23) NOTIFICATION OF DISEASE: Notice shall be sent to the health officer within twenty-four hours by any milk producer or distributor upon whose dairy farm any case of sickness or any infectious, contagious or communicable disease occurs.

Grade "B" Raw Milk: is milk; the average bacterial count of which at no time prior to delivery exceeds 200,000 per cubic centimeter and which is produced upon dairy farms conforming with all of the items of sanitation required for Grade "A" Raw Milk except (3), (8), (4), (5), and (6), provided the cleanliness of the barn and cow yard shall in no case be omitted. Item (23) shall apply except that the cooling temperature shall be changed to sixty (60) degrees Fahrenheit. Item (14) shall apply except that boiling water may be substituted for steam.

(1) BUILDINGS and EQUIPMENT: The floors of all rooms in which milk is handled shall be smooth impervious, properly drained, and provided with trapped drains, and kept clean.

(2) WALLS and CEILINGS: Of rooms in which milk is handled or stored shall be frequently painted with a light colored paint or finished in a manner approved by the health officer and kept clean.

(3) DOORS and WINDOWS: All openings into the outer air shall be effectively screened to prevent the access of flies. Doors shall be self-closing.

(4) LIGHTING and VENTILATING: All rooms shall be well lighted and ventilated.

(5) PROTECTION FROM CONTAMINATION: The various milk operations shall be so located and conducted as to prevent any contamination to the other.

(6) TOILET FACILITIES: Every milk plant shall be provided with toilet facilities conforming with the ordinances of the City of Big Spring, Texas. There shall be at least one room or vestibule not used for milk purposes between the toilet room and any room in which milk or milk products are handled. The doors of all toilet rooms shall be self-closing. Toilet rooms shall be kept in a clean condition, and good repair, and well ventilated. In case privies or earth closets are permitted and used, they shall be located at least 100 feet from the building and shall be of sanitary type constructed and operated in conformity with the ordinances of the City of Big Spring, Texas.

(7) WATER SUPPLY: The water supply shall be easily accessible and adequate, and of a safe sanitary quality.

(8) WASH ROOM: A wash room shall be provided with hot running water, soap, and sanitary towels of type approved by the health officer. The use of common towels is prohibited.

(9) MILK PIPING: Only "sanitary milk piping" of a type which can be easily cleaned with a brush shall be used.

(10) CONSTRUCTION OF EQUIP-

MENT: All equipment with which milk comes in contact shall be constructed of such material as to be easily cleaned and shall be kept clean.

(11) DISPOSAL OF WASTES: All wastes shall be disposed of in conformity with the requirements of the health officer.

(12) CLEANING and STERILIZING OF CONTAINERS and APPARATUS: All milk containers and milk apparatus shall be thoroughly cleaned after each usage by rinsing with clean water, and finally sterilized in a manner approved by the health officer.

(13) STORAGE OF CONTAINERS: After sterilization all bottles, cans, and other containers shall be stored in an inverted position in a clean place protected from contamination.

(14) HANDLING OF CONTAINERS and APPARATUS: Between sterilization and usage all containers and apparatus shall be handled in such manner as to prevent any part of the person or clothing from coming in contact with any surface with which milk or milk products come in contact.

CASH NEAR FATAL FORD IS HIT BY TRUCK NOW IN JAIL

Woman in Hospital After Wreck—Other Injured Caused by Careless Drivers

John S. Burke and John S. Burke are in the Big Spring jail after a wreck which occurred about ten miles west of town on Highway 1.

The wreck occurred on Highway 1, about ten miles west of town. A Ford touring car driven by G. H. Dix containing Dix and his wife and two children and also Dix's father.

According to the story told by the officers, the Dix's saw that the Hudson was wobbling from side to side of the road as it approached them and Dix slackened his speed in order to be ready to stop if necessary, but as the cars neared each other Burke seemed to step on the gas and crashed headlong into the Ford.

The force of the collision was so great that John Burke was thrown through the windshield and landed on the highway some distance from the tangle.

Mrs. Dix, sitting beside her husband, was thrown forward into the windshield of the Ford, sustaining what appeared to be severe head injuries. Burke was also rendered almost unconscious.

Officers in Big Spring were notified and the injured parties were conveyed to the Big Spring sanitarium where their injuries were attended to. Inquiry at the hospital late last night disclosed that the injuries were not as serious as first anticipated, and that both parties would be able to leave the sanitarium in a few days.

The officers upon their arrival at the scene of the accident placed G. W. Burke under arrest on a charge of operating an automobile while in a state of drunkenness.

United Charity Association Is A Necessity

A United Drive Necessary For Funds to Take Care of the Needy In Our City

All Must Aid

We Can't Depend Upon Individuals To Assume the Burden of Our Organization

"Passing the buck" on our charity cases cannot continue. City and County officials and big hearted individuals cannot be expected to assume a burden in which the entire citizenship should share.

Prosperity has blessed our section the past few years and we can well afford to plan a Community Chest Drive to raise funds to handle cases of charity, and there are going to be many of them during the coming winter. It is not any individual's job to donate to every appeal—the many of them do. It is a community proposition. Along with the handling of charity cases

Many people come, expecting to find money on trees, and are soon a charge on the community. If they need and deserve charity they must be given same. With some sort of a United Charity Association we would be in a better position to conduct investigations which would disclose the fakirs and unworthy.

The time to plan for a United Charities Association is right now and every organization in our city as well as every individual should give this movement their loyal cooperation.

Former Secretary Of State Lansing Be Buried Friday

WASHINGTON, Oct. 31 AP.—Funeral services for Robert Lansing, former Secretary of State will be held at his home here, tomorrow afternoon and interment will take place in Brookside Cemetery at Watertown, New York on the following day. Lansing died here yesterday after a long illness. He was sixty-four years of age. He served as Secretary of State under President Wilson.

Stores May Close For Football Game Here Friday P. M.

A petition is being circulated today asking all business men to close their stores, on Friday afternoon, for 2 hours during the football game, between the High School Steers and the Sweetwater Mustangs. A large number of the merchants are favoring this suggestion and it is believed that the entire town will turn out to the game.

And they should. Sweetwater is chartering a special train, and hundreds of rooters will accompany the team to Big Spring for this important conference game. It would be a shame if more Sweetwater rooters were seen on the side lines Friday afternoon than home-folks. Everybody should turn out en masse and cheer for the Steers. They must have our backing to be victorious.

Oil Directors Named NEW YORK Oct. 30.—Arthur W. Cutts today was elected a director of Sinclair Consolidated Oil Company to fill the vacancy caused by the resignation of P. W. Thirtle, comptroller. Thirtle was elected a vice-president.

SHERIFF'S NOTICE OF SALE STATE OF TEXAS, COUNTY OF HOWARD

WHEREAS, by virtue of and execution issued out of District Court of Eastland county Texas, on a judgment rendered in said court on the 15th day of November A. D. 1921, in favor of the said The Guaranty State Bank of Ranger, Texas, and against said judgment in the sum of twelve hundred fifteen and 27/100 cent and cost and the said J. M. Morgan No. 7532 on the docket of said court, I did, on the 10th day of October A. D. 1922 at 5 o'clock p. m. levy upon the following described tracts and parcels of land situated in the county of Howard, State of Texas and being and belonging to the said J. M. Morgan; to-wit: Being all right, title and interest of the said J. M. Morgan in and to the South Ten (10) feet of lot thirteen (13) and all of lot twelve (12) in block fourteen (14); of the McDowell Addition to the town of Big Spring, Howard County, Texas;

After first giving notice of publication in the English language once a week for three consecutive weeks preceding said sale in the Big Spring Herald, a newspaper published in said county, I will on the 4th day of December A. D. 1922, being the first Tuesday of said month; between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day at the court house door of said county, offer for sale and sell at public auction for cash, all the right, title and interest of the said J. M. Morgan in and to said property.

Dated at Big Spring, Texas, this 12th day of October A. D. 1922, FRANK HOWARD, Sheriff of Howard County, Texas. 6-21.

Woods Jewelry Store Has Big Opening Today

The formal opening of the Woods Jewelry company located in the Collins building on East Second St. was held this afternoon, and the doors of the new business house will remain open during the evening hours, so that everyone will be given an opportunity to visit it. Many took advantage of the opening this afternoon and visited the jewelry store.

J. L. Wood proprietor of the new jewelry concern has one of the finest little stores to be found in the west. Equipped with the finest fixtures of the very latest design, the store offers an unusually attractive appearance.

The fixtures are of mahogany finish and many of the display cases are mirrored. The store which might be called a "palace of gems" offers the highest grade watches, diamonds and silverware. The stock is attractively arranged in the cases, and there is such a wide assortment on display, that one can always find just what he is looking for in such a stock. Besides specializing on diamonds, high-grade watches, and Sterling silver and Sheffield plate silverware, Mr. Woods stocks electric clocks, a full line of leather purses, billfolders, and other leather articles.

Of especial importance to the new jewelry store is the most modern and up to date burglar proof safe that has been installed. This safe contains a safety vault which is absolutely burglar proof, in which the diamonds and other valuables are kept.

The women who visited the new jewelry store were given carnations as favors this afternoon. The beautiful carnations were obtained from the Couch Greenhouse and Floral company. The men were favored with cigars.

A cordial welcome awaits one and all at the opening this evening. Favors will be given each one attending the opening. Everyone is invited to come and see the beautiful display of jewelry, silverware, etc. The motto of the firm is "If it's from Wood, it's good." Make a visit through the new store and be convinced.

Name Nominating Committee To Select Forty Names

President Shine Phillips has named a nominating committee to select the names of forty of our citizens to be submitted to the membership of the Chamber of Commerce so they may select twenty directors. The following have been named on this committee: Dr. E. O. Ellington, chairman; J. D. Biles, Homer McNew, Duck Richardson, W. O. Thompson and Fred Phillips.

As the committee is to meet within a few days, it might be well for any member of the Chamber of Commerce who wishes to suggest someone for the consideration of the committee, to do so in writing at once.

You will doubtless notice that the Sweetwater squad outweighs the Steers just a fraction, but it seems to me that two more evenly matched teams, as to weight and experience could not be procured. All that remains apparently to become a winner is just to fight a little harder than the opponent, that is what Bill Stephens is working on.

The list of officials has been announced as follows:
Medley, McMurray, referee.
Cranfield Simmons, umpire.
Spikes, Texas U., head line man.
Smith, Big Spring (to be supplied) Sweetwater, time keepers.
Coaches: Griffith, N. T. S. C., Mustangs, Stevens, A. C. C., Steers.

Every minute detail has been cared for. Even an advance ticket sale at the drug stores around town. Get your ticket early and be there. This will most assuredly be the hardest fought football encounter that will be seen here this season, and the most important one that has been played here for several seasons.

Rome Flight Delayed By Bad Weather

ROOSEVELT, FIELD N. Y. Oct. 31 AP.—Adverse flying weather over the Atlantic Ocean prevented the monoplane, Columbia, from taking off today on its projected flight to Rome. Roger Williams and Peter Bonelli who borrowed the plane from Charles Levine for the flight were at the field during the morning.

MAGNOLIA BUYS MORE GAINES COUNTY LANDS

It is announced from reliable sources that the Magnolia Petroleum company had purchased six sections of land in four nine miles east of Seminole formerly known as the Slaton ranch.

This same company only recently purchased 28 sections of land west of Seminole.

When children are healthy and playfully grin their faces and sleep restlessly, have their eyes clear and shining, look of content, and their teeth are white and firm, their parents will always agree that they are reaping from wisdom. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Sulphur, the sure exponent of sound and pin worms. If your child has any of these symptoms, try this White's Cream Sulphur, which is the only medicine that will kill the worms.

Brick Work Started On Hospital Bldg.

The new Buick is the new Style

Men and women on every street--
--in every city and town--are pro-
nouncing the new BUICK, with
Masterpiece Bodies by Fisher, the
most beautiful automobile of the
day.

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—

A mode of body-symmetry—of size and magnificence—of soft contours instead of straight lines—of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed—and the full significance of Buick's achievement has become apparent to the public—enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken. Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

City Federation Flower Show On Nov. 3rd

Committees Named to Assist in Arranging Flower Exhibit and Help Make Show a Success

Everyone Asked to Bring Flowers and Plants to Wolcott Motor Co. By 10 A. M. Saturday

The third annual flower show of the City Federation will be held in the Wolcott Motor Company next Saturday November 3rd. All are asked to bring their flowers to help make the flower show a big success.

Advertisement committee—Mrs. W. E. Settles, Mrs. G. L. Brown, Mrs. Jennie Shumake, Mrs. J. M. Hamel, Mrs. Jim Prichard, Mrs. Tom Sullivan and Mrs. Lester King

Arrangement of flower show—Mrs. Harry Lester, Mrs. Jake Bishop, Mrs. Dave Jones.

To receive flowers: Mrs. Frank Jones, Mrs. Price Rogers.

Placing flowers: Mrs. Ira Driver, Miss Clara Cox, Mrs. L. L. Freeman.

Hostesses: Mrs. C. W. Cunningham, Mrs. F. F. Gary, Mrs. H. DeVries, Mrs. E. Fisher, Mrs. J. D. Biles, Mrs. J. I. McDowell, Mrs. Shine Phillips, Mrs. W. V. Montin, Mrs. C. D. Baxley, Mrs. J. E. Dristow, Miss Effie Anderson, Mrs. J. M. Fisher, Mrs. A. E. Service, Mrs. R. C. Strain, Mrs. E. Reagan, Mrs. W. C. Barnett, Mrs. J. M. Morgan, Mrs. L. C. Dahme.

Where at all possible please enter your cut flowers so that each variety of rose, chrysanthemum, etc. may be in separate vases so that the judges may see the various varieties separately. Of course, mixed bouquets will also be gladly received.

Office Building Work Started

Teams were busy today on excavation work for the six-story office building at the corner of West Second and Seary streets.

7,391 Bales of Cotton Received

Cotton has certainly been rolling in at a rapid rate the past week due to the prevalence of fine weather.

Public Weigher J. W. Carpenter had weighed 5300 bales up to Saturday night. In addition there has been received from the gins at Ackerly, Coahoma and this city, 3,782 round bales counted as half bales this would give 1621 bales to be added, to make this total receipts 7391 so far this season.

The compress warehouse is finding it necessary to double deck the cotton in order to take care of the vast amount of cotton accumulating here. It is now rolling in at the rate of 300 or more square bales per day and practically as many round bales.

Mrs. J. W. Ward arrived Friday night from Berkeley, California, for a weeks visit in this city. From here, Mrs. Ward will go to visit friends in Fort Worth.

Just Like An Ostrich

A medical authority says that a person who tries to cover up skin blemishes and pimples with toilet creams and powders is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that competition is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. The best way to do this is with a course of Hecol, the vegetable medicine that acts naturally and easily, which you can get at

Extend Concrete Platform At T. And P. Station

The Texas and Pacific Railway company is to extend the concrete platform at the passenger station here some six hundred feet to the eastward for the convenience of passengers debarking from West bound trains.

The L. C. Hunt Construction Co. has been awarded the contract to build this platform. It will be 600 feet long, twelve feet wide and six inches thick and to be constructed of the very best materials.

Barrow Held Here In Jail After Break

Gained Liberty By Hoodwinking Years Ago Here

Broke Prison

Volunteered to Guide Tom Green Authorities to Robber's Lair

J. S. Barrow, who broke jail in Big Spring a year ago after being transferred there from this county on two felony charges, is back in jail here after twelve months' liberty gained by hoodwinking officers to whom he had voluntarily surrendered with an offer to aid them in locating other escaped prisoners. Barrow was returned to the Tom Green County jail early this morning by Captain Bill Taylor, deputy sheriff, following his capture by eight state rangers at Gatesville.

Escaping from the Big Spring jail in company with several other prisoners, Barrow returned here and gave himself up to the authorities, promising to lead them to the retreat of "Billy Bowlegs," bank robber and notorious criminal, who had escaped during a jail break here and was said to be hiding in Coleman county.

Hills Searched

Organizing a posse of officers from Tom Green and surrounding counties, the band began a search through the hills near Coleman for the fugitives. Barrow was sent ahead up a ravine in which the escaped prisoners were believed to be hiding, and the officers stationed themselves at the mouth of the canyon to await a pre-arranged signal from Barrow, at which they were to close in on the quarry. The signal was never given, and Barrow made good his escape. After an all night vigil, the posse returned to Coleman.

Barrow, in jail this morning, denied that he had fallen in his promise. "They were making so much noise themselves that they couldn't hear me when I coughed," he said. "I decided they didn't want the men, so I walked away and came back to Coleman."

The prisoner said he visited the courtroom in Coleman unrecognised the next morning, and heard W. R. Hamilton, sheriff of Coleman and member of the pursuing party, order silence in the room because a cold which he had caught while waiting at the mouth of the ravine the night before had affected his hearing.

Picked Cotton

"I stayed on a farm near Coleman for six months and was never molested," Barrow said. "I was picking cotton on my son's farm near Gatesville when three county officers visited me on the pretext of hiring me to work for them. The next day eight rangers arrested me and I was brought back here."

Barrow claims he does not fear the outcome of the charges against him in this county, one of which is for theft of a number of turkeys several months ago near Wall. He also denies that he broke out of the Big Spring jail.

"Somebody had unlocked the door, and I just walked out," he said. "I came over here and surrendered to show them I didn't take the charges against me seriously."

Mountain View Subdivision Is Sold to Settles

Mr. and Mrs. W. R. Settles Buy 20 Acres on Highway West of Big Spring to Open New Addition

Settles Heights

City Lights, Water and Other Facilities Will Be Extended to New Subdivision Shortly

Mr. and Mrs. W. R. Settles have bought of Opre and Miener owners and developers of Mountain View, the new subdivision, recently opened on the Bankhead highway, just west of town, the 50 acres, comprising this new addition. Mr. and Mrs. Settles plan to open up a high class subdivision, within a short time. For the present the lots have been taken off of the market. Opre and Miener were to have sold some of the lots at public auction next Saturday but the sale has been called off since the sale of the land.

City facilities will be available in the new subdivision, and the name is to be changed to "Settles Heights." The streets will be graded, water and lights will be available, and the addition will have all of the earmarks of the most up-to-date subdivision of any city.

M. M. Miener will be associated with Mr. and Mrs. Settles in putting on this addition. The lots will be put on sale as soon as the improvements to the subdivision are made. They plan to have an up-town office, as well as a tract office on "Settles Heights."

Mr. and Mrs. Settles have proved their faith in the Big Spring country in more ways than one. The purchasing of this land is further evidence that they believe that Big Spring is just now really beginning to grow.

Completing Paving Contract in New Resident District

The L. C. Hunt Construction Co. expects to soon complete a paving contract in Washington Place addition. In addition to constructing concrete curb and gutters at the entrance to this popular residential subdivision they are constructing a block of asphalt paving in the addition. They have prospects for more paving in the addition and also in Highland Park addition.

Texas Cotton Com. To Meet At A And M

AUSTIN, TEXAS, Oct. 29.—Dr. A. R. Cox, director of the Bureau of Business Research at the University of Texas and chairman of the Texas Cotton Committee which meets Wednesday, October 31, at College Station, announces the following program for the meeting:

L. P. Gabbard, chief of the farm and ranch division of the Texas Agricultural Experiment Station, will report on "One Variety Community Cotton"; Homer C. McNamara, superintendent of the United States Breeding Station at Greenville, will discuss "The Cause for the Decline in the Yield of Texas Cotton"; W. J. Neale of Waco, representing the Texas Cotton Association, will speak on "The Preparation and Ginning of Cotton"; and John D. Rodgers, president of the Texas Cotton Seed Breeders' Association, will report on "Cotton Seed Supply and Distribution."

What's Doing In West Texas

Pecos recently celebrated the opening of the new Graham Hotel there. It is Pecos' largest hotel and represents an investment of \$175,000 by Mr. and Mrs. W. H. Graham and stock holders. The building is three stories high and built of brick.

John P. Fleming of Archer City is taking a trip through East Texas and shipping back fifty head of registered pure bred milch cows. He will sell them to farmers who will give proper care for exactly what they cost to interest them in dairying.

The Lamoine Hotel at Happy is gaining quite a reputation for distinctive accommodation and service among the people who have been its guests since its recent opening. Mr. and Mrs. M. M. Morris are proprietors.

The West Texas Chamber of Commerce Agricultural exhibit program for the year will be launched at the Louisiana Fair in Shreveport. The WTCC exhibit will not attempt to win prizes and will be totally representative of West Texas agricultural products.

A paper from Amberst states that Boy Scouts of the Central Plains will get the benefit of \$500 that was the result of a recent Old Fiddlers contest. A. F. Copeland of Amberst won first prize of \$100.

Adcock and Brown of Alvord have loaded their seventh car of peanuts out of town. Peanuts are bringing \$10.00 per bushel and about \$10,000 worth of them have been marketed in Alvord to date.

A Modern Cinderella

Here's the department store Cinderella of Albany, N. Y., whose engagement has been announced to a socially prominent English millionaire. Betty McCormick, 20, was a salesgirl and model before she met John Robert Lawson-Johnston. He soon will come to America, reports say, and they will be married in Albany within a month. Lawson-Johnston, 28, was divorced a year ago by the former Barbara Guggenheim, heiress to the huge Guggenheim copper fortune.

\$600 To \$800 Was Secured From Store At Ackerly

Knob knockers forced an entrance into the store of Joe Britton at Ackerly at Ackerly, Texas some time during Sunday night and secured from \$600 to \$800.

They seized a sledge hammer and chisel in knocking the knob from the safe and were then able to get into the cash drawer and made away with all the cash.

Sheriff Frank House made an investigation yesterday and secured some fingerprints which may aid in the arrest of those guilty of this crime.

Safe And Saner Hallowe'en Plea Of Our Officers

A safe and saner Hallowe'en is advocated by the officers of Big Spring and Howard county.

Although we want everyone to be happy and have a good time, we have issued order to stop all pranks that will cause destruction of property or injury to anyone. Special officers will be on duty to prevent those who fail to observe the rights of others from going too far with their stunts.

NOTICE THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County, Greeting: YOU ARE HEREBY COMMANDED TO SUMMON M. P. Schmidt, the Gold Coin Quartz and Pincer Association, formerly of Jackson County, Oregon, and the unknown officers, trustees and stockholders of the said Gold Coin Quartz and Pincer Association, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in any newspaper published in the 32nd Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Howard County, to be holden at the Court House thereof, in Big Spring, Texas, on the first Monday in February, A. D. 1929, the same being the 4th day of February, A. D. 1929, then and there to answer a petition filed in said Court on the 27th day of September, A. D. 1928 in a suit numbered on the docket of said Court No. 1246, wherein H. Clay Read and Little A. Read are plaintiffs, and A. M. Kripp, M. P. Schmidt, the Gold Coin Quartz and Pincer Association formerly of Jackson County, Oregon, and the unknown officers, trustees and stockholders of the said Gold Coin Quartz and Pincer Association are defendants. Plaintiffs petition alleges a suit in TRESPASS TO TRY TITLE and for damages, and alleges on or about the 26th day of December 1921, the Plaintiffs were lawfully seized and possessed of the following described property situated in the town of Big Spring in Howard County, Texas, and being all of Blk. No. 33 containing 9 acres of

\$50,000 Building To Be Erected In Business Section

H. Clay and Earl Read Let Contract for Modern Two Story Brick

Work Starts Monday

Suggs and Dunlap of Abilene Secure the General Contract Plumbing and Electric Wiring Separate Contracts

H. Clay Read and Earl Read have awarded the contract for the construction of a two story brick business structure at the corner of East Second and Runnels Streets and work on same is to be started Monday. The building will front 140 feet on East Second and 50 ft. on Runnels.

There were fourteen bids submitted and the general contract was awarded to the low bidder, Suggs and Dunlap of Abilene at \$41,280. The plumbing contract was awarded to J. C. Koriath of Sherman for \$4500; and the Sun Electric Company securing the electric wiring at \$1470. Side walking building and other extras will run the total cost up to about \$50,000.

The David S. Castle firm of architects of Abilene prepared the plans and specifications for the new building.

This is to be a modern fireproof structure 60x140 feet, two stories high. The upper story is to be arranged for use as a hotel of 25 rooms. The owners of the building have already applicants from thirteen parties seeking a lease on the hotel space.

The lower floor is to be subdivided into seven business spaces; three of these will be 30x50 feet and the remaining four spaces will be smaller. Applications for these spaces have started to roll in since the announcement has gone out that the contract for the building has been awarded.

Broadway Hotel Open

Another addition to the caravans in Big Spring has been made by the opening of the Broadway Hotel at 813 East Third street. The new hotel is owned by Steve Canonico and is under the direct management of Mrs. Steve Canonico.

"Mrs. Steve" as she is affectionately called by her many friends, offers the best of accommodations and reports capacity houses every night since she opened the doors. The building is fully modern and is heated by gas.

Foundation On New Refrigeration Plant Completed

Work on the foundation for the new refrigeration and storage plants for Ashcroft and Brinker, on East Third street, is nearing completion and brick work will be started soon.

Mr. Brind, contractor of Dallas, was awarded the contract for this plant, which will be estimated at a cost of approximately \$100,000.

Another Nursery To Be Located Here

W. C. Ross of Dallas was here this week to close a deal for the establishment of a nursery in this city. He has secured a tract of land from H. Clay Read and expects to return between November 15 and 20 to start the nursery.

During the week ended, fines collected through the activities of the sheriff's department amounted to \$247.23, making the total for the month of October \$3264.44.

Fines for drunks and gambling while intoxicated with fines and trimming amounting to \$122.85, helped swell the total.

Asks For More Than \$16,000,000 In Suit Against Husband

Battle over the partition of Guy L. Waggoner's third interest in the millions of his father, W. T. Waggoner, as begun in 48th district court of Fort Worth Tuesday before Judge Bruce Young.

Anne Valliant Burnett, granddaughter of Burk Burnett, millionaire oil and cattleman, is suing her former husband for community interest in his share of the W. T. Waggoner trust estate.

Her suit asks for an amount in excess of \$16,500,000 or half of \$33,333,333 alleged to be the value of Guy Waggoner's present interest in the estate.

Separate From Divorce Action

Anne Burnett's suit sets forth the value of the Waggoner estate at \$100,000,000 of which \$26,000,000 is said to be interest, earnings and increment since the establishment of the fund in 1923.

Progress Of New Railroad

Good progress is being made on the construction of the new railroad from Monahans to the Winkler county oil field. It is expected that trains will be operating between Monahans and Kermit of the county seat, of Winkler county by January 1st.

Every purchaser of new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free
