Techsians Try Out For College Capers Radio Broadcast

Interested Students Requested To Report For Local Hearing

Tech will again be represented in "College Capers of the Air" which is sponsored by Interstate Circuit, Inc., of Dallas. Local hearing has been scheduled for 8 o'clock Monday, April 23 in room 312 of the Administration building.

All students interested in participating in the contest should report immediately to one member of the College Capers committee for information regarding qualifications and to make application so the committee will know what talent is available on the campus.

Contrary to the usual practice of several contestants in the Dallas contest, this year only one act will be selected. The act winning the local contest will receive \$100 and expenses paid to Dallas. In the final contest, this year being limited to the air, the first winner will be awarded \$200 and the second place winner will receive \$100.

Those serving on the College Capers committee to arrange all details for Tech participation are: Miss Annah Jo Pendleton, head of speech department, chairman; Dr. Julian P. Elitz, head of music department; and Mrs. Johnny Langford, head of the department of women's physical education.

"Texas Outlook" Accepts Tech Student's Article

An article entitled "Improved Salaries Mean Improved Schools", written by Bernadine Grabber, has been accepted by The Texas Outlook, a publication of the Texas State Teachers Association.

Miss Grabber, a senior journalism major from Slaton, prepared the manuscript as a class assignment in Magazine Article Writing.

Used Clothing Drive Started On Tech Campus

Boxes have been set in each of the dormitories on the campus and in the Administration building for the collection of used clothing. Between 350 and 400 pounds have been collected on the campus to date, according to Prof. F. A. Kleinschmidt, who is chairman of the drive. The boxes will remain in place until April 30.

The most urgently needed types of clothing which college students can donate include men's and women's overcoats, jackets, sweaters, knitted gloves, nightwear, underwear and serviceable heavy duty caps and knitted headwear. The clothing can be either for winter or summer wear and must be useful to the people who receive it.

Three fur coats have been donated by students. These are very scarce in the war-devastated countries and are only allocated with a doctor's certificate. More clothing has been collected in the girls' dormitories than in the men's.

The types of shoes desired are either oxfords or high shoes of durable type with low or medium heels. Shoes with high heels, open toes or open back evening slippers and novelty types cannot be used. Size of the shoe should be marked on the sole.

The donated garments will be shipped to the war-devastated countries on the basis of the greatest immediate need and available shipping space. Clothing will be distributed free to the needy without discrimination of any kind. The Far East and Philippines will be included in the event conditions permit distribution of clothing collected in this drive.

Donations Asked For Beautification

Beginning next week, Student council representatives will ask all students to apply 50 cents of their \$12.50 breakage deposit on campus beautification. This was not conducted at either fall or spring registration this year. Student President Maxine Craddock, due to the new method of enrollment.

Students not living in the dormitories will be solicited by mail, and those living in the three residence halls will be contacted personally.

Arrangements for this semester will be added to the student campus beautification fund. A donation of \$454 was recently made by the beautification committee for the new shrubs appearing in the circle and adjoining triangles.

Qualia Attends Language Meet

Dr. Charles E. Qualia, head professor of foreign languages, represented the college March 19-23 at the second professional training workshop of the Inter-American Relations Educational meeting at the University of Texas.

Dr. Qualia read a paper concerning improved teaching of Spanish at the college level, and worked on a committee to draw up additions to the proposed new course of study for the first two years of Spanish in state high schools.

The program was sponsored by the State Department of Education and the University of Texas in cooperation with the Office of the Coordinator of Inter-American Affairs.

La Vera Riley Is Alpha Chi Prexy

La Vera Riley, junior arts and sciences student from Rotan, was elected president of Alpha Chi at a recent meeting. Norma Cleavenger home economics junior of Hart, was named vice president; Sarah Scroggins, Hale Center, senior engineer, was elected secretary; and Jane Wilson, junior arts and sciences student from Lubbock, treasurer.

Plans were discussed for a banquet to be held on Friday, April 27 at which time new officers will be installed and members will be presented with shingles. Patricia Vickers and Betty Grace Pugh will serve on the program committee.

Scenes from the play, "Ring Around Elizabeth," which will be presented Thursday at 8 p. m. in Lubbock High school auditorium. Pictures of cast, left to right. Top row: Louise Ince, Anita Hale, Willella Nelson, Bob Nash, Mary Nees, Bobby Hayes. Second row: Bess Griggs, Mary Maloney, Jimmy Simpson, Eddy Arvayn, Jodie Wofford, Winston Redwine.

Tech Thespians Will Present Annual Spring Play Thursday

"Ring Around Elizabeth," a three-act comedy which is built around "a dandy scheme" according to a New York review, will be presented Thursday at 8 p. m. at Lubbock High school auditorium. The play, written by Charl Armstrong, is being given by the speech department under the direction of Miss Helene Blatner, associate professor of speech.

The plot of the comedy centers around Elizabeth Cherry, the hard-taxed center of an irritating though charming household. Each member has his own particular idiosyncrasy. Her husband is a business man who likes to fish; one of her daughters, Jennifer, is hysterically in love with a cynical playboy; the other, Mercy, is noisily sure that she is a genius.

Other members of the family are a selfish old mother, who collects antiques and a fussy father-in-law who chases fires, an overly inquisitive house guest and a bossy cook. The household is more trying than usual because the whole family is working to get away from Elizabeth's legacy she has received.

Finally reaching the breaking point, Elizabeth contracts a case of amnesia in which twenty years of her life are blotted out and she imagines herself a girl again. This enables her to indulge in caprices like taking up with her daughter's playboy friend and giving all the members of the family her unbiased opinion of them. However, as all comedies, the play ends happily and, according to the New York Post, "—brimming with energy and good spirits at the final curtain."

Students who will take part in the play are: Mary Nees as Elizabeth Cherry; Bob Nash as her husband; Jodie Wofford as Elizabeth's mother; Bobby Hayes as her father-in-law; Jimmy Simpson as Jennifer; Willella Nelson as Mercedes, her younger daughter. Other characters will be Anita Hale, as Vida, the cook; Louise Ince, as Elizabeth's girlhood friend, Bess Griggs, as the banker's wife, James Simpson will take the part of Andy Blayne, the playboy; Eddie Arvayn will play the policeman; and Winston Redwine will be Dr. Hollister, Kidy Cole is assistant to the director.

With the exception of Freshmen Bess Griggs, Winston Redwine, Eddie Arvayn and Bob Nash, all the members of the cast have had previous experience in college dramatics. Jodie Wofford and Anita Hale played in "Ladies in Retirement" and in "Letters to Lucerne" spring plays for 1943 and '44. Louise Ince played the lead part in "Letters to Lucerne." Bobby Hayes, James Simpson, Mary Nees and Mary Maloney have appeared in Sock and Buskin plays. Willella Nelson was in the "TSCOV Christmas pageant" and Mary Nees also played in "Mrs. Moonlight" at Stephens college.

Tickets will be 50 cents including tax and will be on sale Monday at the speech office and at the box office the evening of the tickets. Tech students who hold them will be admitted on their activity tickets. Alpha Psi Omega is in charge of ticket sales and house management.

Invitations will be handled by a committee headed by Mrs. Luta Eaves. Members are Misses Vivian Johnson, Gussie Teague, Ruth Spaulding and Mrs. Johnny Langford. Bobbie Eockman, Norma Lee Thornton, Betty Eoutter and La Nell Doshier.

Mrs. Jonnie Michle will be in charge of the reception committee. Misses Essie League, Mabel Erwin, Elizabeth West and Mrs. Wm. G. Dingus; Ruth Spikes, Jackie Lewis, Glenna Williams and Ruth Bayles are to serve on it.

Ushers committee has Mrs. Mattie Sorenson for its head. Misses Emma Main, Dorothy Rylander, Eloise Burkholder and Mrs. L. G. Harmon are the faculty members. Students will be appointed after the recognition list has been released.

Convocation Is Set Tuesday Morning

Secret Ballot Election Will Be Held May 1

Nominations for student body officers will be held at 11 o'clock Tuesday morning, April 24 in the gymnasium, according to Student Body President Maxine Craddock. All classes will be dismissed at that time for the general convocation.

President, vice president, secretary, business manager of the Student Association, and the student representative to the Athletic Council will be nominated. According to Article 7, section 1, candidates must have at least a C average in all their college work, and must have passed a minimum of 9 semester hours with at least a C average for the semester preceding the one in which the election is held.

Candidates for offices of president and vice president must have at least 90 semester hours at the time of assuming office. Candidates for the offices of secretary, business manager of the Student Association and student representative to the Athletic Council must have at least 90 semester hours at the time of assuming office.

Election of Student Association officers and student representative to the Athletic Council shall be conducted by secret ballot. Printed ballots shall be prepared by the Student Council, according to the constitution, and the referendum method of voting shall be used. Election date is May 1, the time and place of polls to be announced later.

Applications for the office of head boy yell leader and head girl yell leader should be submitted to Walter Schlinkman, president of the Double T association, before midnight April 21. Nominees will be selected by this group and presented to the student body at the convocation, April 24. Candidates applying for these positions must fulfill the same qualifications as the student representative to the Athletic Council, according to the constitution.

If possible, those persons who plan to make nominations should submit their nominee's eligibility card at the convocation. This is being asked by President Maxine Craddock in order to avoid presenting for the candidacy students who do not fulfill the qualifications.

After the speech a round-table discussion was held and valuable information received about effectively organizing the association. The Lubbock chapter is anxious to co-operate with the other clubs to work out plans for an active organization.

Other guests were J. W. Rollins, president of student affairs at Texas A&M, and Rufus R. Peoples, president of former students at A&M. A luncheon was held from 7 to 8:30 honoring the four guests.

While in Dallas March 22, Dr. Whyburn met informally with a group of exes of the Dallas-Fort Worth area, who were interested in getting the Tech exes association into operation.

The association will gather at Aggie Grove at 6:30 o'clock in the evening for a chuck wagon supper. After supper the group will reassemble in the Museum building for the evening session. Prof. L. F. Shiefly, executive secretary from the Plains-Panhandle Historical Society of Canyon, will give an address, "Colonization of the White Deer Lands."

The museum association announces the acceptance of a painting by Feehin. This was a gift from Mr. and Mrs. Hamlin Overstreet of Forwell, Tex.

The association is honoring those pioneers who came to the South Plains between 1901 and 1909 this year because last year we honored those coming here before 1901," says Prof. W. C. Holden, curator of the West Texas museum.

The museum on the campus has two cases of new exhibits on display this week. One case is filled with items from Puerto Rico and Panama. Among the articles is a Zolera which is the national costume of Panama. A national headdress accompanies the costume. Other exhibits are a snake skin from the Panama jungles, miniature furniture made of seal, and a miniature rubber boat rowed by natives. These have been collected by Mrs. A. B. Strehli.

The other case contains clothes worn around 1830. One model is wearing a black dress with a cape and bustle and the other is clothed in an ankle length dolman with a black bonnet to match. She apparently is dressed for a ride or walk, as evidenced by her small oblong glasses shaded blue.

Parsons To Attend Meet Of Textile School Deans
Prof. L. E. Parsons, head of the textile engineering department, will leave for Birmingham, Ala., Wednesday to attend a three-day meeting of the National Association of Textile School Deans. Parsons attended a similar meeting last fall at Quebec, Canada.

Women's Service To Be Held May 8

Ten committees for the fourth annual Women's Recognition service sponsored by Forum and Quarterly club have been named by Mrs. Mary W. Doak, dean of women. The service will be held Tuesday, May 8, at 5 o'clock on the green south of the Administration building.

Awards are made on the basis of scholarship and qualities of leadership. No woman is recognized who does not have a grade point average of 1.8.

Each committee is composed of students and faculty members. Miss Margaret Weeks is chairman of awards committee. Serving with her are Mesdames Margaret Atkinson, Ethel Terrell, Mina Lamb, Eunice Gates, faculty members; and Johnnye Bagwell, Anna Baker, Audrey Melton, Doris Higley and Maxine Craddock.

Miss Martye Poindexter is chairman of the flower committee. Assisting her are Misses Lucile Gill, Mozelle Craddock, Eleanor Scott, Lucille Finley, Mary Ann Schmidt, Elizabeth Schmidt, Nancy Rea, Mary Teal.

Arrangements will be handled by Mrs. Eleanor Chitwood, who will be assisted by Misses Edith Coleman, Agnes True, Lida May, Mrs. Olga Carter. Students are Mary Frances Barnard, Doris Richardson, Betty Gaston and Frances Smith.

Ceremony will be planned by the committee headed by Miss Annah Jo Pendleton. Others are Mesdames Jane McDonald, Edna Buster, Lila Kinchen and Miss Frances Urban; and students Lucille Melton, Nancy Everline, Jane Oliver and AWS president-elect.

Miss Evelyn Clewell heads the line of march committee with the help of Mrs. Velma Harrison, Miss Elizabeth Hawley, Mrs. Nita Mooney, Miss Sannie Callan, and students Dolores Bizzell, Dorothy Swanson, Donella Bucy and Nina Fairbairn.

The program committee is under the direction of Miss Mayme Twyford. Misses Bonnie Dysart, Doris Neabit, Geraldine Clewell and Kathryn Hagan are the faculty representatives; students serving on this committee are Ava Stangel, Jamie Trainer, Maxine Deardorff and Maxine Harp.

Mrs. Louise Allen is chairman of the publicity committee. Misses Genevieve Porterfield, Bernice Borgman, Edna Houghton and Lucille Robinson with students Betty Ricks, Bea Green, Dorothy Williams and Ernestine Gibson will serve on it.

Early Pioneers To Be Honored By Museum Meet

West Texas Museum association will honor pioneers who came to the South Plains between 1901 and 1909 at its fifteenth annual meeting next Friday.

A board of directors luncheon will be held at 12 o'clock in the Cadet lounge of the Hilton hotel. Following the luncheon an afternoon session will convene at 4 o'clock in the museum building.

Owen W. McWhorter, Lubbock attorney, will speak on "Early Transportation and Communication on the Plains" and will act as chairman for reminiscences by pioneers following his speech.

The association will gather at Aggie Grove at 6:30 o'clock in the evening for a chuck wagon supper. After supper the group will reassemble in the Museum building for the evening session. Prof. L. F. Shiefly, executive secretary from the Plains-Panhandle Historical Society of Canyon, will give an address, "Colonization of the White Deer Lands."

College Alumni Plan New Club

Reorganization of a Texas Tech Alumni association was discussed Tuesday night at the Hilton hotel after a speech by E. E. McQuillen, secretary of the Association of Former Students of Texas A&M. I. M. Hargrave, president of the Lubbock county chapter, appointed a committee composed of Arch Lamb, George Long, Clayton Fuller, Jason O. Gordon, Miss Geraldine Clewell and C. W. Ratliff, to meet with President W. M. Whyburn and discuss plans which will be presented to the board of directors at the spring meeting.

Jason O. Gordon was elected president of the Lubbock county chapter, Lamb was elected secretary, and Miss Ruth Craig, secretary-treasurer. Directors are Long, Polk Robinson, Ratliff and Mrs. Mina Lamb.

McQuillen discussed how the Lubbock chapter of Texas A&M functions and also how Tech could work to organize its chapter effectively. He stressed that the main purpose and aim of any alumni association was to work with and in the interest of its institution. Any student that has ever gone to Tech is considered an alumnus, he pointed out.

After the speech a round-table discussion was held and valuable information received about effectively organizing the association. The Lubbock chapter is anxious to co-operate with the other clubs to work out plans for an active organization.

Other guests were J. W. Rollins, president of student affairs at Texas A&M, and Rufus R. Peoples, president of former students at A&M. A luncheon was held from 7 to 8:30 honoring the four guests.

While in Dallas March 22, Dr. Whyburn met informally with a group of exes of the Dallas-Fort Worth area, who were interested in getting the Tech exes association into operation.

Techsians Meet In Washington

A group of former Techsians met the night of March 17 in a hotel in Washington, D. C. Those who were at that meeting were Anne Birkinman, Mary Jo Ryan, Sarah Jones, Winifred Woods, Jean Benner, Leslie Fox Green, Menon Stangel, Bob Hargrove, Mack Verhyden, Frank Mitchell, Fred Griffin, Hugh Engle, Wendell Coffee, Ben Sides, Julius Young, "Cotton" Wier, Ralph Davis, Joe Terry Jackson, Bob Surratt and Jack Griggs.

Dr. W. T. Read, former head of the chemistry department, also attended, according to a letter received by The Toreador.

Mrs. Godeke Leads Forum Discussion

Parliamentary procedure will be the subject of a discussion at a special meeting of Forum Monday evening at 7 o'clock in the annex G of the Home Economics building. Mrs. H. F. Godeke will conduct the discussion with members and presidents of campus clubs.

Annah Jo Pendleton will lead a round table discussion of other club duties and responsibilities of campus officers. Any club president who has a special problem may present it for consideration, according to Josie Lee Barnett, program chairman.

This meeting is limited to club presidents, both incoming and outgoing. If neither can attend an alternate is to be sent and sponsors are also invited.

This is the first project of its kind which Forum has sponsored and the members hope to make it an annual or semi-annual function.

Karl Hoblitzelle Presents Library Collector's Items

Two book collector's items were recently presented to the library by Karl Hoblitzelle of Dallas, member of the Tech board of directors. One is entitled The James Smithson Memorial Edition of the Smithsonian Scientific series, and is a memorial to Esther Hoblitzelle. It is bound in red leather with gold tooling, and the lining is dark green moiré material. There are 12 volumes in this series.

The second book is The Presidents: The White House Gallery of Official Portraits of the Presidents. This measures 15 by 19 inches and is bound with black leather with gold tooling. The national seal is also engraved in gold on the front and is the size of a plate.

All the presidents from Washington to Theodore Roosevelt are in the volume and it is considered to be a rare item, says Miss Emma L. Main, librarian. According to a letter received by Hoblitzelle, it was found stored away in an old house in New York city. The original plates were destroyed, so the book can never be duplicated.

The two books are to be placed in the reference room in the library and will be available for all students to read.

National AWS Meet Postponed

National convention of AWS which has been postponed during the war will be replaced this year by a round robin letter, according to the Central Intercollegiate Association of Women Students. Colleges included in the round robin are Michigan State, Grinnell college, Iowa, Western Illinois State Teacher's college and Cornell university.

Lucille Melton is Tech representative in the national organization. First to receive the robin, she has sent it to presidents of other AWS organizations.

Stangel Judges Plainview Show

W. L. Stangel, head of the department of animal husbandry, returned Wednesday from Plainview where he judged Jersey, Guernsey and Holstein-Friesian classes of dairy cattle at the Pnabhandle-Plains dairy show. No Tech cattle were exhibited from the tri-state area of the Texas Panhandle, Oklahoma and New Mexico will compete for \$3,460.50 in cash premiums.

Pictorial Composition Is Topic Of Lecture

"Pictorial Composition" is the subject of the fourth series of talks on "How to Look at Pictures," which will be given by Prof. F. A. Kleinschmidt, architecture and allied arts head. This talk will be given Sunday afternoon at 3:30 o'clock in the Engineering auditorium.

Color slides will be shown in connection with this subject. This will be the last lecture in the series, but they will be continued next fall, according to Kleinschmidt.

Support War Relief

THIS week, April 9 through April 14, has been declared National Clothing Collection week in Lubbock by Mayor O. W. Ribble. The drive, under the sponsorship of the United Nations Relief and Rehabilitation administration and various other voluntary relief agencies of this country, is being made for 150,000,000 pounds of clothing. There are collecting centers in different sections of town, and boxes are stationed in convenient places in several of the buildings on the campus.

The arrival of spring always necessitates going through one's wardrobe with a view to discarding and regenerating used clothing. Now is an excellent time to do this annual task. Go through your clothing and see what you can give to help devastated Europe. Perhaps you've gained a few pounds and cannot wear some of your clothes or maybe you have clothes hanging on your clothes rack that have not been used for several seasons—good, substantial wearing apparel, but garments that you no longer wear.

The administration is asking for usable clothing including infants' garments, men and boys' clothing, women and girls' wearing apparel, bedding, shoes, remnants and piece goods. Donated garments need not be in perfect condition, but they must be useful to the people who are to receive them. The clothing will be shipped to the war-devastated countries on the basis of the greatest need and available shipping space. All contributions received in the United Nation Clothing collection will go into a common pool and will be distributed to the needy without discrimination of any kind.

If you've been putting off going through your closet, it has served a triple purpose. You can eliminate used clothing freely, give yourself a good excuse to go shopping, do a thorough clean-up job and help the needy all in one stroke. Go through your wardrobe today and help the United States meet her war relief goal.—V. M.

High On A Windy Hill

IN KEEPING with *The Toreador's* policy of publishing editorials on vital, up-to-the-minute subjects, we have been urged to write an essay entitled, "How to Walk Gracefully in the Wind."

As this is a matter that concerns the personal life of each and every Techsan, including members of the faculty and administrative staff, and particularly small coeds with full skirts, we have brought our full store of scientific and sociological knowledge to bear on the matter.

"No wonder I am late to class," students report, "when I blow back two steps to every one I take." One freshman was startled to find herself neatly deposited on the steps of the Textile Engineering building, and early, too, when she had started out with sincere intentions of getting to that shorthand class in the Ad building.

The best way to meet this problem, according to our experiments, is to walk, arms linked, with one or preferably two friends. This system works beautifully due to the theory of centrifugal force, or something similar. When walking alone (and the college will not be responsible for any accidents that occur) if going right and against the wind, place the left foot across and at right angles to the right foot, repeating with each step. You will appear no odder than you would skittering along like a leaf in a cyclone, and you will get where you were going.

When going left and against the wind, repeat the performance, crossing the right foot over the left at each step. The two methods may be combined for walking in a straight line. As an extra precaution it is advisable to carry as many books as possible to serve as an anchor.

Crew hair-cuts are advised for boys and coeds should cover their blowing tresses with nets or scarfs. Note to girls: one hand should be left free at all times for clutching skirts and hairdos. Men are handy to have around for opening doors, etc. Now does anyone wonder why they are so strong and silent?

We hope that our readers will profit by these hints, but of course they are really in fun. The Lubbock breezes give us that healthful "outdoor look" people are always talking about, and besides we are used to it.—K. P.

Don't Wait Too Late

NOW that we are on the home stretch of this semester, more than one student has found that his name fails to appear on the list of prospective graduates simply because of failure to take all the required courses. This could easily have been avoided if he had not neglected to get a degree plan until it was too late.

Of course it is advisable to check the requirements for major subjects in the college catalog, but it is much safer to get an approved list of courses which are necessary for graduation from your dean's office. Sometimes students fail to take required subjects because the catalog has been misinterpreted and often not all the high school entrance credits are acceptable.

If you would make it a special point to get a degree plan as soon as you enroll in college, then you would know exactly what courses are needed in order to finish the requirements. This would also solve the problem of deciding what courses to take each semester, for they would all be mapped out carefully and in such a way as to enable you to complete your college work in the shortest possible time.

A new student who is not familiar with college policies cannot possibly know which subjects to take and which to mark off his list. If you would take those which are required when you first enter college and leave the electives until your junior or senior year, then you would probably find that you are better qualified to select those which will be of most value in later life. Few freshmen have a clear-cut idea of what they intend to do when they graduate, but after attending college two or

53 Instructors Serving Armed Forces, Defense

Twenty-one professors and instructors now in the Armed service and defense work in addition to the 32 mentioned in the March 23 issue of *The Toreador* are:

Athletics
Lt. (sgt.) Gwynn "Mule" Dowell, '41 assistant to the director of athletics, is stationed somewhere in the Pacific.

Capt. George Berl Huffman, '42 associate professor of physical education for men, assistant football coach and head coach of basketball, is directing physical training at Keesler field, Biloxi, Miss. Huffman received his BA at Trinity.

Ens. Walker Leonard Nichols, '42 instructor in physical education for men, freshman and track coach and later assistant football coach, is in the Navy, stationed somewhere in the Pacific. Nichols received his BA at Tech.

Capt. Lewis Manuel "Doc" Spears, '41 instructor in physical education for men, is in the Army Air corps, and stationed in Hollywood, Calif. Spears received his BS at Tech.

Chemical Engineering
First Lt. Charles Christopher Galbraith, assistant professor of chemistry, is now stationed at Fort Belvoir, Galbraith received his BS at Trinity.

Frederick William Rolf, '41 assistant professor of chemistry, is stationed at Ellington field, Ill. Rolf received his BA degree at Augustana college, his MS and Ph. D. degrees at Iowa.

Electrical Engineering
Byron J. Bennett, '43 instructor in electrical engineering, is now stationed as an ensign in the Navy at Massachusetts Institute of Technology at Cambridge. Bennett received his BS degree in electrical engineering at Tech.

English
Capt. Truman Camp, assistant professor of English, is now stationed at Pampa Army Air field. He received his BA and Ph. D. degrees at Yale.

Maj. L. Moffatt Cecil, '40 instructor in English, who was a transportation officer at New Orleans, La., is probably overseas now. Cecil received his BA degree at Wofford and his MA at Vanderbilt.

Sgt. Alan M. F. Gunn, '39 associate professor of English is at Indiantown Gap, Penn. Gunn received his BA at Huron, his MA at Denver university and his Ph. D. at Princeton.

Foreign Languages
Dr. E. T. Ruff, '42 instructor in French, who left Tech in 1942, for two years of war work in languages in San Antonio, was recently formally awarded by the government a certificate of merit "in recognition of an outstanding contribution to the nation's war effort." Ruff received his BA and MA degrees at Northwestern university in 1930 and '31 and a Ph. D. at the University of Texas in 1941. Also, he holds a certificate in French civilization courses from the Sorbonne in Paris. He resumed his work at Tech last fall.

Journalism
David Bergin, '41 instructor in journalism, is now in service with the Army Air forces ground school. Bergin has been in officers training school and was stationed at Bryan and San Antonio.

By COUNT MEOUT

SYBLE CARTER spent the Easter holidays visiting that certain sailor in Houston. Could it be serious?

ARTHUR SHAHAN was seen on the Avenue one night with someone new. What's happened to LUCILLE BURNS?

BILL BURTON and ORVAL STRONG have taken up sleep walking. They've decided they should have tried it long ago.

JANE BATES has been seen quite a lot lately escorted by "the Cisco Kid." They hunt peaches almost every night.

Votes for the sweetest weddings of the season go to ex-Techans EVELYN LEA, who became MRS. GLENN FLETCHER, and PHYLLIS GOETH, who became MRS. ROBERT ADAIR. Both ceremonies were Saturday evening.

TOMMY "DING-DONG" BELL has been having lots of trouble with a certain cute freshman in Doak Hall. Never mind, Tommy, because they say true love never runs smoothly.

Count wonders whose ring O'VETA MORRIS is wearing. She was kissing one Navy man goodbye down at the station the other night, and it seems there is another overseas. That girl certainly gets around.

We Techsians will certainly miss JANE BURTON and DOROTHY MOORE. They left Friday night for Austin, where they will attend Texas U. for six months, training to be Army Engineers' assistants.

Proud possessor (and who wouldn't be) of a lovely diamond engagement ring since her return after the holidays is EULAH MAE WATSON.

ETHEL BURNS and EMMA GENE TONN were slightly upset Friday night when their dates were a little late. What's the story behind the story, girls?

ZOE RAMSEY recently received flowers from a lieutenant overseas. Incidentally, he's her husband.

JACKIE FORSCYTHE seems to have taken over the bombardiers who drive the bright red convertible Power to you, Jackie.

QUEENELLE BROWN took a deep plunge into the famous sea of matrimony during the holidays. Those are beautiful rings she's wearing, too.

HELEN HODGES is losing lots of weight lately. Could it be worry about that HUME HOWARD heart-throb of hers? Or is there anything to worry about?

LOMETA HODGE received a very pretty bracelet of shells last week in a package from her sailor in the Philippines.

JEAN PEELER and ROYCE BLANKENSHIP are still going strong. They were in church together Sunday.

Apparently the Easter bunny transformed himself into cupid this year. Entering their names on the role of matrimony are FRANKIE CUMMINGS, ESTELLE DEBUSK and FRAN BUCHANAN. Also, it seems that WANDA BARKER received quite a reception at the DFD presentation after an elopement.

Last to take the fatal step was SUE KEENE who took Dorn No. 11 by surprise Tuesday night. ERNESTINE GIBSON, too, received a beautiful engagement ring along with Easter candy.

The Count has been quite confused over BOB HOLT and MAURINE SMITH. Why don't you make up your mind, Bob?

Two of the latest couples to step onto the platform of the steady... TUNEY WHITKER, RUTH ANTHONY and W. O. RUCKER, WILMA BAKER. As to the former, it looks as if IVAN TUCKER got lost in the shuffle... the latter may have definite plans... so they say.

PAT SMOOT and ED BOAZ certainly made a striking couple at the Wrangler dance.

Speaking of Operations!

An invasion fleet of several hundred warships uses some 48,000 telephones—from 1,500 on a battleship to 10 on a motor torpedo boat. That's as many as are used by most cities of 160,000!

Our fighting men are using telephones, wire, switchboards, and other communications equipment in huge quantities. And Western Electric workers, peacetime suppliers to the Bell System, are busy meeting those needs.

That is why there are not enough home telephones right now. But we are looking forward to the day when the Bell System can again provide telephone service to anyone, anywhere, at any time.

25 Raiders Begin Spring Training

Tough Gridiron Schedule Slated For 1945 Season

Tech's Red Raiders, faced with one of the toughest football schedules in their history, took to the turf last week to start 30 days of spring training.

Coach Dell Morgan announced a list of 25 men who were expected to answer the first call, among them 11 lettermen likely to be back with the team this fall. At least eight of the squad of 25 announced, however, expect to go into service before fall.

The eleven lettermen listed were reasonably sure of being on hand at the opening kickoff, all being either discharged veterans or disqualified for service.

The lettermen include six linemen and five backs. With more members of the squad returning, the team promises to start with much brighter prospects than last season, but Coach Morgan is keeping his fingers crossed.

"A year ago," Morgan's statement was, "the Texas Tech football team had to enroll between then and the start of the season. The situation is changed but little this year. Morgan is assured of more experience on the ball club around which to build his team, but much of the club must yet enroll in school, and uncertain manpower conditions in the nation may change the picture greatly.

Lettermen still on hand are Otis Turner, Floyd Lawhorn, Bobby Hays, Clyde Black, Billy Joe Shadgrass, Jack "Spider" Dillon, Gene Hardey, Arthur Shahan, Walter Schlinkman, Cecil Norris, and T. M. Cox. Others either exempt from service or discharged are Russell Birdwell, Jay Kerr, Ed Orr, Malcolm Mitchell and Billie Kelley.

James Gimmel is only 17 years old, and likely to be around this fall. Others expected out for spring training but likely to be gone by fall are John Birdwell, Reeves Moran, Billy Webb, guards; John McDermott, Don Grove, J. D. Graham and Harold Feiger, tackles; and Glenn Lewis, back.

Tech Rifle Team Wins Matches

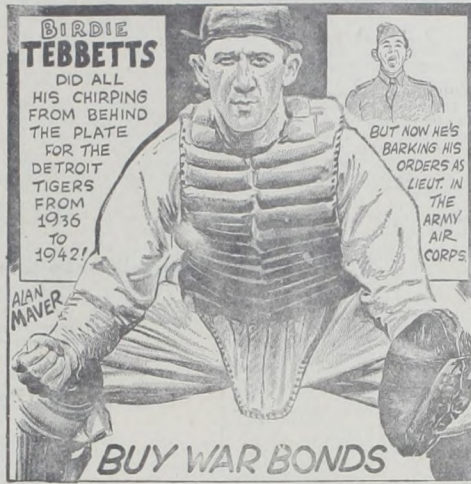

The Texas Tech Rifle Team won recent matches with the following colleges: Henderson State Teachers college, Arkadelphia, A. E. University of Oklahoma; and Rice Institute. Tech team won over the opponents by a fairly safe margin ranging from 50 to over 200 points in the final scoring.

Members of the team firing in these paper matches were: Joe Farabee, Roy Dunlap, Charles Sylvester, James Springer and Edward Graf. Farabee was high man in these matches.

Walt Schlinkman Chosen "Powerhouse" By Packers

Texas Tech's own Walt Schlinkman was first pick of the Green Bay Packers, professional football's powerhouse of the league, when pro grid teams started their annual "draft" of college players. The Dumas Dynamiter is a veteran Raider fullback.

Lots of Hot Water With Natural Gas

Hot water spells freedom to the housewife... freedom from the old-fashioned tea kettle and from the tyranny of an uncertain supply. Hot water makes light work of laundry, dish-washing, cooking, and cleaning, as well as baby-care and health and beauty routines. Every household can afford the luxury of WATER HEATED BY NATURAL GAS. The extra economy and satisfaction of an AUTOMATIC GAS WATER HEATER soon pays for the cost. After the war, look for the embodiment of new ideas in the science of water-heating by gas, and make your plans now to enjoy these benefits.

Bill Guinn will be tried for the fatal shooting of Max Gray, Monday evening at 8 o'clock in the Aggie auditorium in the spring mock trial of the Pre-Law-IRC club. Gray was "shot" Thursday evening at 9:20 o'clock in front of the Silver Dollar night spot as he left the building with Ned McClesky; he "died" Friday morning at 4 o'clock from the gun wounds.

There had been a fight earlier in the evening when Guinn tried to cut in on the couple while they were dancing. The defendant is being held in the local jail until trial. He told reporters that he was angry with Gray after the scuffle, but he did not shoot to kill him.

He states, "I thought that Ned and I were going steady, and when I saw her dancing with my one-time best friend I couldn't control myself for the moment." Guinn says he has full faith in his attorneys Troy Davidson, Bob Deavenport and Oliver Ramsey. His only worry at the moment, he confided, is "I am afraid that Ned is angry with me and that I shall get behind with my studies while they are holding me here. You know, I am pretty proud of my A- average at Tech."

Prosecuting attorney, Darrell Carpenter, says that he has witnessed Guinn is guilty and he hopes to protect Tech college from similar scandals in the future by making an example of the killer. "It is a pity students are not taught to control their tempers along with other required subjects," says Carpenter.

The fight on the dance hall floor was broken up by Walter Schlinkman, who will be called to the witness stand for the trial. He told reporters that he heard the shots but did not see the shooting. He said, "When I made the boys stop fighting, Guinn fell to the floor and as he got up, he said 'I'll see you later about this, Max.'"

Max Gray was a freshman in the Arts and Sciences division. He is survived by his mother Mrs. Max Gray and four brothers who reside in Seminole. Gray was expected to enter the service in the near future, according to his draft board.

Services were held for Gray in Seminole yesterday. Ned McClesky attended with his mother. Members and pledges of Tech's three social clubs for men were present.

Judge Patti Hall will preside with assistant judges Mary Nixon and Jack Bundurant. A twelve man jury will decide the case. As specta-
