

# Cheerleader, Council Posts To Be Filled Wednesday

A complete slate of Arts and Sciences, Agriculture, Home Economics, and three Business Administration Division representatives and one cheerleader will be chosen in a campus-wide student council election tomorrow.

The run-off elections follow those held last Wednesday in which Student Association officers, and four cheerleaders were elected. Only nine representatives from Engineering and Business Administration were elected while

other candidates were either eliminated or slated for tomorrow's run-off. One remaining cheerleader will be picked from a choice of Ruth Ann Cummings and Donnell Phillips.

Benny J. Bedford, Jack Boggess, Joanne Holmes and Don W. Oatman are the remaining candidates for two Business Administration positions. Two were picked last week.

Donna Abraham, Wick Alexander, Boone Brackett, Mary Ellen Carr, Dan Creason, Wayne James, William K. Jones, Joan Knight, Dan Law, Peggy Miller, George Nelson, Pat Rainer, Joan Z. Roberts, Johnny Winslow, and Charlene Williamson remain as run-off participants for the seven Arts and Sciences Division positions.

Seven candidates for the three Agriculture Division spots are Don Avery, Rob Brown, Wallis F. Champion, Jim Cloyd, Richard Ligon, James McCullough and Kent Shannon.

Frances Allison, Averill Brinkmann, Kay Robinson and Beverly Wood are Home Economics candidates for two posts.

From a field of 29 candidates

# Engineers, HE, Prep For Weekend

## Magic Eggs To Geiger Counters To Spotlight 24th Engineering Show

Everything from magic eggs to Geiger Counters and drilling rigs will be on display Friday and Saturday at Tech's 24th annual Engineering Show, exhibiting projects from departments of geology, physics, chemistry, agriculture engineering, and air and military science.

The outstanding student project will be chosen by three judges and will receive a trophy from the ex-students association. The award went to the petroleum engineering section last year for a model of an off-shore drilling rig.

Electrical Engineering displays include a light organ, radio controlled model auto, an animated spot, a tesla coil demonstration, a mind reader, a candy snatcher, a solar powered radio, and a wireless

magic. A Magic Show, featuring color changes, a hydrogen bomb display, a color clock, mysterious liquids, a "magic egg," and chemical witchcraft may be seen in the chemistry department.

Chemical projects include atomic models, corrosion tests, and steam distillation of used motor oil demonstrations.

The chemical engineering department will also display basic pieces of process equipment that are used in chemical plants, refineries and natural gas plants.

Complete control by instruments of material flow and process conditions will be shown in an instrumentation lab.

Other major engineering exhibits include a model dam and reservoir, Civil Engineering; and time and motion studies and safety devices in industries, Industrial Engineering and Engineering Drawing.

Textile engineers will show a complete mill operation of fabric production—from opening a bale of cotton to the finished woven material.

Six to eight thousand visitors are expected for the show. Exhibits will be open from 2 to 10 p.m. each day.

## 3-A-Week In '57 To Move Toreador Toward Daily Class

By JOAN ABEL

(This is the second in a series of articles designed to acquaint Techsians with their non-compulsory activity fee. The first dealt with athletics. Subsequent articles will deal with remaining student campus activities. A.S.)

How would you like to have a daily Toreador at Texas Tech? This dream is well on the way to reality, because next year The Toreador will be published three times weekly, Tuesday Thursday, and Friday — step two in the move toward a daily paper. Four issues will be published weekly in 1957-58, and by 1958-59, "we hope to publish The Toreador daily," said Dr. William E. Hall, head of the journalism department.

What advantage will you receive? See TOREADOR, Page 3

## 'Home Economics In Action' Theme Chosen For 19th HE Open House

Fashion show rehearsals, poster making, and organization of dozens of displays are underway in the Home Economics Division as several hundred girls make final plans for Open House, Friday and Saturday.

"Home Economics in Action" is the theme for the 19th annual event, scheduled to run Friday afternoon and evening, and all day Saturday.

Displays and demonstrations of student work in each of the six departments will carry out the "action" theme in applied arts, child development, home management, home economics education, foods and nutrition, and clothing and textiles.

A luncheon Saturday at the Union for Home Economics ex-students from the South Plains will be a special feature of the two-day meet. Former student are asked to contact Mrs. A. M. Hall, Jr., 1919 38th, by Thursday for reservations.

Departmental displays include Applied Arts—room arrangements with traditional and contemporary furnishings; art activities for the future elementary teacher; exhibit of suggested color, line and texture for costumes and wood-working, textile and jewelry displays.

Child Development: Displays depicting the differences in courtship, marriage and family relations developed during the past century. The nursery school will also be open from 2-5 p.m. and 7-9 a.m. on Friday and from 9 a.m.-12 noon and 2-5 p.m. on Saturday.

Home Management: Kitchens planned for work simplification; proper lighting and seating arrangements for television; exhibits on the use of leisure time, money and time management and planning.

Home Economics Education: Exhibits on "Careers in Home" See OPEN HOUSE, Page 4

## Here's Answer To Chow Problem

By CATHY DICKSON

Avez-vous de faim? For Gordon Hall residents and others who are finding out that whoever said opportunity lies in the West wasn't talking about food (at least in the dormitories), the Cosmopolitan Club Banquet on April 28 should provide an interesting and entertaining change.

Foreign students are preparing the entire meal themselves, from favorite recipes representing Lebanon, Switzerland, India, Holland, and France.

The main course is "Kousa Nehshi," from Lebanon. Other dishes are spiced eggplant, India; a salad from Holland, a Swiss dessert, French bread and coffee.

Carrying out the international flavor will be decorations and music representative of the various countries. Benefits of the exchange program — to students of all countries — will be explained by Mrs. Alice Pratt, assistant di-

See CHOW, Page 2

### TECH NEWS IN BRIEF . . .

# Meetings, Lectureships, Exams Liven Week At Tech

## HIGH SCHOOL MEET . . .

More than 2,000 Texas High School students from the Oklahoma border area to the Pecos river will match wits and muscle here Friday and Saturday, in the Region I Interscholastic League Meet.

Participants will be champions of district contests held by more than 140 schools in the Panhandle and South Plains area. They will vie for the right to try for state championships later this spring at Austin.

Contests will be held in track and field, tennis, golf, journalism, ready writing, debate, declamation, poetry reading, one-act plays, extemporaneous speaking, number sense, slide rule use, typing and shorthand.

Students will compete in AA, A

or B divisions, based on school enrollments.

Dr. P. Mervile Larson, Tech speech department head, is director-general for the regional meet.

## LECTURESHIP START . . .

Some of the world's leading architects will be brought to Tech for special lectures under a new program established by alumni architects here.

The new lectureship is named in honor of Prof. F. A. Kleinschmidt in recognition of his long and outstanding service to Tech and the architecture profession. Prof. Kleinschmidt founded the Tech department of architecture and allied arts in 1928.

Dr. Thomas C. Howarth of the University of Manchester, England, will inaugurate the lecture-

ship with an address here Monday.

Howarth is a senior lecturer at the Manchester institution and a fellow of the Royal Institute of British Architects.

## SECRETARY'S TEST . . .

Tech has been selected one of 48 test centers in the country for the annual Certified Professional Secretary Examinations May 4-5.

Tech's department of business education and secretarial administration will give the tests here, according to Mrs. Nelda Coats, department instructor in charge of arrangements.

More than 1,100 secretaries throughout the nation are planning to take the 1956 test, sixth that has been given.

Aimed at placing secretaryship on a professional level, the 12-

hour examination is based on actual secretarial duties and responsibilities.

## OIL LIFTING COURSE . . .

More than 300 representatives of oil companies from Pennsylvania to California are expected on the campus Thursday and Friday to participate in the third annual West Texas Short Course on oil lifting.

The course is sponsored by the Petroleum Industry of West Texas in cooperation with the Petroleum Engineering department at Tech, headed by Prof. W. L. Ducker, chairman of the meet.

## ADULT EDUCATION . . .

Dr. Per. G. Stensland of Texas Tech will be main speaker at the Arizona Adult Education Assn's

annual conference scheduled Friday at Phoenix.

Dr. Stensland, head of Tech's adult education program, will discuss "The Program of the Adult Education Assn." At the meeting he will be official representative for Dr. Kenneth Benne of Boston, national association president, and for the AEA executive committee.

## PANEL TALK . . .

Three members of the Cosmopolitan Club will present a panel discussion at 7:15 p.m. Thursday in the Student Union Workroom.

The students, Alnor Altamir, junior from Brazil; Yung Ki Kim, freshman from Korea; and Martha Wanner, freshman from Switzerland, will discuss their "Impressions of the United States of America."

### The Big Question . . .

What happened to Belafonte?  
 Since the cancellation of the May 11-12 booking of Jay Richard Kennedy's "Sing, Man, Sing!" in Lubbock Auditorium, rumors have been rolling fast and thick across the South Plains—insidious rumors that are getting worse with each telling.

On first glance, the action taken by Lubbock's Coliseum Board in cancelling the first full-scale musical production scheduled for the city's beautiful new auditorium, to put it mildly, seems uncalled for. And the unsatisfactory reason given by the group only adds coal to the fire. ("This is not the type of show the people of the South Plains would enjoy.")

On closer investigation of all the facts surrounding the veto passed on Harry Belafonte's starring vehicle, however, the action taken by these 15 men begins to make sense.

The Toreador has learned from reliable sources that Mr. Belafonte's color had nothing to do with the cancellation of his show. Rather, the musical, panned severely by critics following its Cleveland opening, was not the same play as originally booked here.

Desiring continued good relations with eastern booking agencies, the Lubbock board decided to attach as little publicity as possible to the cancellation. An unfortunate atmosphere of suspicion was born in this area of ignorance, and rumors were soon flying hot and fast. Truth is the only force powerful enough to subdue the viciousness of rumor, and we were relieved to know the truth concerning the Belafonte episode.

Regardless of color, Harry Belafonte is one of the truly great artists of today. We are looking forward to seeing him, some day, on the stage of Lubbock Auditorium—in a production worthy of his outstanding talent.

### CHOW . . .

rector of the Institute of International Education.

Gus Mitchakes, from Greece, will sing a variety of songs from different countries, including some popular American numbers.

The banquet is scheduled at 7 p.m. April 28 in Fellowship Hall of the Christian Student Center, 2318 13th. A limited number of tickets will be available, for \$1.75, at the Union news stand, as well as from Cosmopolitan Club members according to Karem Habeeb, president.

Tickets should be purchased within the week or 10 days, said Habeeb.

"The banquet is by no means limited to club members," he explained. "We are giving it for the student body, faculty, or townspeople who are interested. It will probably be the only opportunity many of them will have to eat foreign dishes of this type, prepared by students of the different countries, and we hope they will take advantage of it." Guests of honor will be President and Mrs. E. N. Jones.

Final plans for the banquet will be made at 8 tonight, at a regular club meeting in the Union. The program will be based on a talk by Martha Wanner, originally from Hungary, concerning Hungary and Communism.

All students are invited, said Habeeb.

 (Author of "Barefoot Boy With Cheek," etc.)

### PHI BETA KAPPA, I LOVE YOU!

Once there was a Chi Omega named Alfreda Pectate who was beautiful and well-formed and wore clothes of the most tasteful cut and smoked the gentlest of all cigarettes—Philip Morris, of corris!—and had, in addition to these admirable qualities, a brain so massive and retentive that she used to read the Britannica just for kicks.

Alfreda had one great ambition: to be elected to Phi Beta Kappa. Consequently she was all a-dither when she heard a rumor one night that a man from the Phi Beta Kappa selection board was coming over to the Chi Omega house to interview her. Being all a-dither, Alfreda sat down and lit a Philip Morris, as she always did when she was all a-dither, for gentle Philip Morris, as wise Alfreda knew, is comfort to the troubled, balm to the beset, and a haven to the vexed. But gentle Philip Morris, as Alfreda, with her mighty intellect, was well aware, is not only a cigarette for times of stress and strain, but also the perfect accompaniment to happiness and light. For gentle Philip Morris is sunny and cheery and jolly and merry and yummy! All this Alfreda, with her giant cerebellum, knew.

By and by there came a loud, masculine knock on the door, and Alfreda, composing herself, went to answer it. "Won't you come in?" she said to the man outside. "I am Alfreda Pectate."

"And I am Ed Fester," said the man, entering with a friendly smile. Ed had found that a friendly smile was a great asset in the Venetian blind game, which happened to be Ed's game. He had nothing to do with Phi Beta Kappa; he had come over to see about a new blind for the house mother's bedroom. But, of course, Alfreda knew nothing of this.

"Do sit down," said Alfreda.

"Thanks, hey," said Ed. "But I can't stay long."

"Of course," said Alfreda and proceeded without delay to demonstrate how wide and comprehensive was her learning. "Deer," she said, "have no gall bladders."

"Deer," she said, "have no gall bladders."

"Is that so?" said Ed, who until this moment had believed deer had gall bladders.

"Ben Jonson," said Alfreda, "was buried in a sitting position."

"Hm," said Ed.

"'Fortnight' is a contraction of 'fourteen nights,'" said Alfreda.

"What do you know!" said Ed.

"Many people think it is forbidden to wash an American flag," said Alfreda. "That is not true. It is perfectly proper to wash an American flag."

"Learn something every day," said Ed.

"The smallest fish in the world," said Alfreda, "is the Pandaka Pygmea, which is under a half inch when full grown."

"How come they buried that Jonson sitting up?" said Ed.

"It's terribly crowded in Westminster Abbey," said Alfreda.

"Oh," said Ed.

"Ann Boleyn had six fingers on her left hand," said Alfreda.

"Heavens to Betsy!" said Ed.

"Are there any questions you'd care to ask me?" said Alfreda.

"Just one," said Ed. "How big is your house mother's window?"

A tear ran down Alfreda's cheek. "Well, that's the way it goes," she sighed. "You work and slave and study and then they catch you on a trick question! . . . Oh, well, that's life, I guess. Forlorn and bereft, she rose and shambled to her bed and fell upon it and wept for several days. But finally she pulled herself together, and today she is with Byrd in the Antarctic."

### Examination Schedule Released

The spring semester final examination schedule has been released by Miss Evelyn Clewell, assistant registrar. Exams will be held as follows:

**Thursday, May 17, 1956**  
 2:00-5:00 Classes meeting 9 MWF  
**Friday, May 18, 1956**  
 8:00-11:00 Classes meeting 11 MWF  
 11:00-2:00 Classes meeting 2 TTS  
 2:00-5:00 Classes meeting 9 TTS  
**Saturday, May 19, 1956**  
 8:00-11:00 Classes meeting 10 MWF  
 11:00-2:00 Classes meeting 1 TTS  
 and Classes meeting Saturday only  
 2:00-5:00 Classes meeting 8 MWF  
**Monday, May 21, 1956**  
 8:00-11:00 Classes meeting 11 MWF  
 11:00-2:00 Classes meeting 3 TTS  
 2:00-5:00 Classes meeting 10 TTS  
**Tuesday, May 22, 1956**  
 8:00-11:00 Classes meeting 2 MWF  
 11:00-2:00 Classes meeting 4 MWF  
 2:00-5:00 Classes meeting 10 TTS  
**Wednesday, May 23, 1956**  
 8:00-11:00 Classes meeting 11 TTS  
 11:00-2:00 Classes meeting 3 TTS  
 2:00-5:00 Classes meeting 4 TTS

**EXAMINATION SCHEDULE FOR EVENING CLASSES**

**Thursday, May 17, 1956**  
 6:30-9:30 pm Classes meeting 8-9:30pm TT  
**Monday, May 21, 1956**  
 6:30-9:30 pm Classes meeting 8-9:30pm MW

**Tuesday, May 22, 1956**  
 6:30-9:30 pm Classes meeting 8-9:30pm TT  
**Wednesday, May 23, 1956**  
 6:30-9:30 pm Classes meeting 8-9:30pm MW

Miss Clewell states the above schedules applies to classes meeting one and one-half hours, twice a week. Other classes meeting in the evenings only will have examinations at the regular class meeting during examination week.

Classes scheduled for more than an hour will take the first hour on the exam schedule, and two-semester-hour courses will take precedence over one-semester-hour courses, Miss Clewell said.

In case of conflict of orientation with regular exams, the orientation exam should be given the last day the class meets.

Requested changes in the schedule of a student will be considered by the dean of the division in which the student is registered.

## TOREADOR

### TOREADOR . . .

ceive from a daily Toreador? First you will know about all campus events before they happen, so you can plan to attend them if they appeal to you. Without publicity, most campus events would be so poorly attended that they would not be worthwhile.

How did you know which candidate was best-qualified in the recent student council election? A special edition of The Toreador came out the day before the election with a picture and list of qualifications of each of the 107 candidates.

How do you know when the run-off election will be held? A front page story in last Friday's Toreador notified you, the stu-

### RECORD DANCE IN HOLE TONIGHT FROM 7 TO 9.

The Union Record Dance Committee will introduce its five newest acquisitions to the student public at the Record Dance scheduled for 7 to 9 o'clock tonight.

The Hole will be decorated like a Parisian cafe with checked tablecloths and candles on the tables. Refreshments are obtainable in the Hole.

dent body, that you could cast your ballot tomorrow for candidates in the run-off.

A daily newspaper will get the news to you faster. The results of a Tuesday election will not have to be held until Friday's paper, but will get to you, the voter, in a Wednesday paper.

If it weren't for publicity, it would not be as important if you were selected for Who's Who in American Colleges and Universities, or Tech Salutes, two of our college's highest honors, because nobody would know about your honor.

The cost of publishing The Toreador for nine months (1955-56) is nearly \$20,000. The student activity fee allots \$1,728 out of each \$21 activity book purchase to The Toreador.

Only about one-third of the publication cost is supplied by the student activity fee allotment, however. Advertising pays for over half the cost. Subscriptions and a balance at the beginning of the year account for the remainder.

Some will argue that anyone can have a copy of The Toreador regardless of whether or not he pays an activity fee. They are right — students who pay for activity books pay The Toreador "subscription" for those who don't. But if only students who

### LIEDERKRANZ THEATER TONIGHT IN UNION

The annual German Club presentation, Liederkranz Theater, is scheduled for 8 o'clock tonight in the Student Union Ballroom, according to Prof. T. W. Alexander of the German department.

Co-sponsored by Der Liederkranz and the Tech Union, the free program will have a mock television show theme. Students will give commercials and a variety of musical and dramatic entertainment in German.

Soloists for the TV station, WOLF, will be Don Elliott, Tom Brown, Martha Mack, Carol Schultz and David Lindsay. Announcers for the program will be Doyle Carson and Barbara Pearce.

owned activity books (and therefore got The Toreador) knew about such activities as Union dances, concerts, and debates, or speech plays, attendance would be very low. These affairs which students without activity books CAN attend FREE OF CHARGE would not be publicized to those students.

If the paper were financed by student subscriptions, Techians would have to pay at least \$2.75 per subscription. By buying a student activity book, they save over \$1.00.

### Volleyball Champs To Be Chosen In Game Here

The all-college volleyball championship will be at stake tonight in Tech gym, when two undefeated intramural teams, the Spikers and the Subs, collide for the title.

Gametime is 7:00 p.m. The Spikers were pace-setters from the start of the season, and are the owners of an unblemished 4-0 record.

The Subs finished fast and possess an identical, 4-0 slate. The Subs gained the playoff berth by sweeping to a double-header win last Tuesday. They defeated the BSU Bums two straight by identical scores of 15-0, then took two from the Doak Hinks, 15-5, 15-3. Members of the Spikers, com-

### Tech Tracksters Finish 2nd

Texas Tech's track squad made its best showing of the spring Saturday by capturing the runner-up spot in a five-way intercollegiate meet in El Paso.

Host Texas Western's Miners dominated the field, taking all but

one running event, and placing in every event, scoring 66 points, to Tech's 23%. Following Tech in the scoring were New Mexico Military Institute with 19, Hardin-Simmons, 15%, and Sul Ross with 15.

Tech had one first place — a 2,079.880-yard run by Robert Wilson. Ray McDonald tied with three others for first in the high jump, at 5'10", several inches under his usual form.

Other Techsians who placed included Larry Palmer, tied for third in pole vault; Ed Robertson, fourth in broad jump; Don Roberts, third in the 440; Leon Chester, second in both high and low hurdles; Ken Osborne, third in high hurdles; McDonald, fourth in the 880, and Neil McMullen,

posed almost entirely of Tech basketballers, are Du-Wayne Blackshear, manager, Don Harris, Ned Underwood, Leon "Podd" Hill, Charley Lynch, Gerald Myers, Wade Wolfe, and Bobby Wilson.

Members of the Subs are J. D. Snyder, manager, L. A. Noles, George Demere, Bill Harmon, Morris Scales, Jim Crawford, Carey Hobbs, Cal Mitts, and Melade De Gaish.

fourth in low hurdles. The Red mile relay, only relay event on Raiders also finished second in the program.

### OPEN HOUSE...

Economics: Film, "Careers in Home Economics;" Pictorial representation of the number of graduates with Bachelor of Science and Masters of Science degrees, and a display of Home Economics teaching materials.

Foods and Nutrition: Classes in elementary nutrition and food preparation will meet Friday and Saturday from 2-4 p.m. Classes in principles of cookery will meet Saturday from 9-11 a.m. Classes in institutional organization and management will meet Friday from 7-9 p.m. Albino rats which are a part of the department's experimental program in nutrition will be on display.

Clothing and Textiles: "Togs by Techsians," the department's annual fashion show, will be held in Room 207 Friday at 3 and 8 p.m., and Saturday at 10 and 11 a.m., and 2 and 3 p.m. Other exhibits will include clothing, fabrics, upholstery work on chairs and looms and weaving.

Co-chairmen for the open house are Nancy Phillips and Gwen Govens of Lubbock.

So Quick on the DRAW!

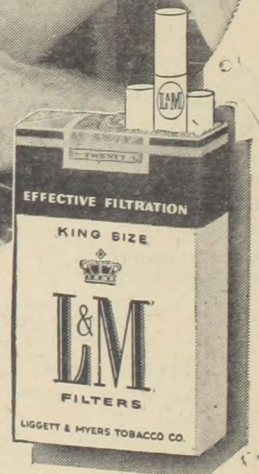

#### 1. SUPERIOR TASTE

So good to your taste because of L&M's superior tobaccos. Richer, tastier—especially selected for filter smoking. For the flavor you want, here's the filter you need.

#### 2. SUPERIOR FILTER

So quick on the draw! Yes, the flavor comes clean—through L&M's all white Miracle Tip. Pure white inside, pure white outside for cleaner, better smoking.
