

Election Of Class Officers Tomorrow

Elections will be held tomorrow to elect class officers and nine additional persons to the freshman council.

Polls will be open from 8 a. m. until 5:30 p. m., except for a noon break. The polls will remain open 30 minutes longer for the benefit of students with afternoon labs.

In order to vote a student must present his identification card at

any of the polls located in the Administration, Home Economics, East Engineering, Agriculture, and Student Union buildings.

In addition to election of the four officers of each class, freshman will elect 9 additional persons to the freshman council. The names of all candidates who were not elected to the Freshman Council last week will appear on the ballot and freshman may vote

for any of the 9 candidates they wish.

Results from the elections will be posted late tomorrow night on the student council bulletin board in the administration building.

Candidates for senior class president are Dale Roberts, Larry Glasgow, and Dane Grant. Buck Johnson and Bob Laughlin are candidates for Senior Vice President.

Jane Taylor, Pat Stooksberry, and Lucinda Birtziel are candidates for Senior Secretary. AWS representative candidates are Marianna Wilson, Beverly Wood, and Polly Ann Kennedy.

Richard Ligon, Barton Long, and Lynn Elliott are candidates for Junior Class President. Vice presidential candidates are Bill Waddle, Jim Blackwood, Susie Miller, and Bill Crenshaw.

Billy Sue Gregory, Mary Massey, Gerry Lewis, Jackie Brooks, Revis Jordan and Mary Ann Mattox are candidates for Junior Secretary. The four candidates for Junior AWS representative are Sara Sheveland, Mary Alice Richardson, Jane De Wald and Pat Curry.

Sophomore presidential candidates are Don Grimes, Milton

Vaughn, Jerry Thompon, Wayne Gibbon, David Steinman and Donnell Echols.

Candidates for Sophomore vice president include Frank Jones, Hollis Swathford, Richard Estes, Marilyn Adrian and Lloyd Morris. Sophomore AWS representative candidates are Jean McQueen, Simone Smith, Roma Caviness, Peggy Donnell, Kay Alexander and Marilyn Miller.

Kay Atkins, Sharla Pepper, Candy Parker, Toni Banister, and Karen Williams are candidates for Sophomore Secretary.

Eleven nominations for freshman president include Bob Kennedy, Mack Beavers, Mac Robertson, Richard Stewart, Walter (Dub) Heffington, Don Oliver, Norman Womack, Carl Cannon, see Election, page 2

MILITARY DOLLS—These ten Tech coeds were chosen sweethearts of Army ROTC units Saturday. From the left they are Patricia Dennard, sweetheart of Company F; Jo Jones, Company E; Paula Shaw, Company D; Bette Barnhill, selection of the 3rd Battalion; Kaye Funston, regimental

sweetheart; Sandra Brown, 4th Battalion sweetheart; Margie Miller, Company C; Marilyn Abbott, Company B; and Marilyn Adrian, sweetheart of Company A. Not pictured is Renee Miller, sweetheart of the 1st Battalion.

Ten Girls Named ROTC Sweethearts

Ten Army ROTC sweethearts were selected Thursday from a list of 26 nominees by the Army Cadet Corps.

The girls will be furnished military type uniforms and will participate with their respective units in all ceremonial and social functions during the year.

Regimental Executive Officer, Cadet Major Danny L. Beule of Cactus, presided at the election.

Regimental Sweetheart is Kaye Funston, freshman from Anson. She is majoring in medical technology and is a Delta Gamma pledge.

Renee Miller, freshman from Austin, was elected sweetheart of the 1st Battalion. She is pledging Delta Gamma sorority.

Sweetheart of the 2nd Battalion is Bette Barnhill, freshman business education major from Dallas. She is also a Delta Gamma pledge.

Sandra Brown was named sweetheart of the 3rd Battalion. She is a secretarial education major from Levelland.

Company A Sweetheart is Marilyn Adrian, sophomore elementary education major from Houston. She is a Delta Gamma pledge.

Marilyn Abbott is sweetheart of Company B. She is a junior secretarial administration major from San Angelo, and a Kappa Alpha Theta pledge.

Sweetheart of Company C is Margie Miller, freshman elementary education from Fort Worth and a Delta Gamma pledge.

Paula Shaw, freshman elementary education major from Lubbock was elected sweetheart of Company D.

Jo Jones was chosen sweetheart of Company E. She is a sophomore applied arts major from Fort Worth. She is a Delta Gamma pledge.

Patricia Dennard, freshman music major from Ralls was named sweetheart of Company F. She is a member of the Tech Choir.

McAden, Young Get Majorette Places

Sue Young, sophomore from Plainview, and Sylvia McAden, sophomore from Midland, have been elected to march as majorettes with the Red Raider Band. Both play alto saxophones in the band.

Miss Young is majoring in Personnel Management, and Miss McAden's major is applied arts.

Other girls who tried out for the open positions were Helen Ethridge, Charlene Jackson, Leta Merle Roberts, and Myrna Thompson.

Don Grimes, sophomore from Seagraves has been appointed drum major of the Red Raider band.

Other majorettes are Sandy Casstevens, Lucinda Birtziel, Arlene Durkee, Betty Alice Lovelace, Janet Wright, and Benni Dunn.

Casa Linda Moves Off-Campus

Casa Linda, Tech's cooperative house, has made its first move in 25 years.

When Tech opened its doors this fall, the old McClellan property was converted to house a new Casa Linda. The old Casa Linda property, a 2-story stucco building on the corner of Broadway and College, is being torn down to make way for the new girls' dormitory.

The McClellan property, which is located across from the campus on the corner of 19th and College, was given to Tech in 1953 by Mrs. Harriett E. McClellan in memory of her late husband, Clem McClellan. Proceeds from the sale of the property were to go for a new infirmary.

Between 15 and 19 girls live in Casa Linda and share house-keeping and cooking responsibilities.

Casa Linda was started by the

Quarterly Club before any women's dorms had been built because there were not enough places for girls to live at reasonable prices during the first years of the college. It was the first officially named building on the campus.

The first Casa Linda was a house rented on Main Street. Two years later the college built the building that has been used as the cooperative house for 25 years.

Phyllis Sears is president of Casa Linda. Dorothy Foltyn is house director and Priscilla Baumgardner is business manager.

Other officers are: Dorothy Lowery, vice president; Betsy Donovan, secretary - treasurer; Helen Etheredge, historian; and Lawanda Vinson, assistant business manager. Dean Jacqueline Sterner is Casa Linda adviser.

Other Casa Linda residents are:

Lynna Arthur, Peggy Hahn, Glenda Harris, Margaret Hash, Beverly Jennings, Shirley Mullins, Carolyn Nelson, Mary Ann Parks, Sandra Standefer, Ruth Anne Strain and Alice Webb.

Any girl who is interested in living in the co-op house can be put on the waiting list in the dean of women's office.

KTTC Now 'On Air' Staff Still Needed

Radio Station KTTC has openings for maintenance engineers, typists, secretaries, publicity workers, artists, announcers and a record librarian.

Anyone interested in working with the campus radio station should attend the staff meeting to be held tonight at 8 o'clock in the Speech Building. Those interested who are unable to attend tonight's meeting should contact Leon Simpson, PO3-1521, after 5 p.m.

Men named to positions in the KTTC organization at this time are: Norman Williamson, station manager; Dick Kardell, president.

KTTC operates from 655 on the radio dial and broadcasts from 5:30 p.m. to midnight, Monday through Friday. The station would begin transmission earlier if more announcers could be secured, Simpson states.

KTTC brings to Tech students music as well as the latest news. Newscasts are beamed every hour throughout transmission. Although it is primarily a music and news station, special broadcasts are being planned for the near future.

Tech Draws Top Artist Course Seats

Aisle seats will be available to students attending this year's Artists Course Concerts for the first time. Dr. Gene Hemmle, chairman of the Tech Artists Course Committee, announced today.

The change is possible since this year's concerts will be held in the new Lubbock Auditorium.

"Because Artists Course Concerts will be given in the new Lubbock Auditorium, it will be possible for the first time since this series of concerts began for students to obtain aisle seats," Dr. Hemmle said.

"Tech students will be offered not only some of the top perform-

ers in the entertainment world, but also the best seats in the house," he continued.

"Starting with Row B, every other row is reserved for Tech students, giving them access to every possible viewing angle to the stage."

Anticipating large crowds from the campus population because the new auditorium is located on college grounds, Dr. Hemmle added that the entire balcony will also be reserved for Tech students.

HOLDERS of student activity tickets will be admitted upon presentation of the activity book to each see **Artist Course**, page 2

Dorm Construction Begins

Construction began yesterday on a new women's dormitory which will cost an estimated \$1,895,000. Final obstructions to building were cleared by Tech's Board of Directors at a meeting in Fort Worth Saturday after the US Housing and Home Finance Agency approved the loan.

The board also authorized the advertising for bids on construction of two new men's dormitories, and approved investigation of a proposal to enlarge Jones Stadium, which will house 1,436 students will cost approximately \$6 million. According to a tentative schedule, construction would begin Jan. 2, 1957, with completion set for Sept. 1, 1958.

In voting on methods of enlarging the stadium to a 45,000-seat capacity by 1960 when Tech becomes a full member of the Southwest Conference, the board heard a proposal that the east stands be moved toward College Avenue 250 feet and that the playing field area be excavated 35 feet deep, to

allow construction of an additional 22,000 seats on sides of the slope extending down from the present stadium.

Moving of the stands would cost an estimated \$200,000 and construction of the concrete stands on the slopes would cost an estimated \$132,000. Additional improvements would bring the total cost of enlarging the stadium to approximately \$942,000.

Double-decking of the present stadium would cost \$1,900,000. Construction of a new stadium would cost \$2,500,000, by the most conservative estimate, according to a report by W. D. Watkins, chairman of the board's athletic committee.

In other action, the board accepted a herd of "straight bred Anxiety Hereford cattle" from the Jack Frost ranches and accepted an offer of Davis and Humphries, owners of Piggly Wiggly Stores, to pay \$900 a year for a period of 10 years for erection of a basketball scoreboard in the Lubbock Municipal Coliseum.

Clubs Plan Meetings, Elect Officers

CAPA Y ESPADA . . .
 Capa y Espada, Tech Spanish club, will present a short play in the SUB Work Room at 7:15 p. m. tonight entitled "Alicia la Prudente."
 Donna Koistra will narrate the play in English before curtain time. Students in the play will be Mary Catherine Birklebach, Bill Beal, Hignacio Huertira, Avonlee English, and Jackie Breeding.
 Those taking Spanish or interested in Spanish culture are invited to join Capa y Espada.

Meetings are held the second Tuesday of every month.
OPTIMATES . . .
 Optimates, Latin and Greek club at Tech, elected new officers at its meeting this week.
 They are: Peggy Malinak, president; John Early, vice-president; Avonlee English, secretary; Linda Fruitt, treasurer and Jerry Haley, reporter.
 Students enrolled in Latin or Greek classes or interested in the classics may join. The club meets at 7 p. m. the first Tuesday of

each month, in the Student Union Work Room.
DOUBLE T . . .
 The Double T Association, fraternity for Tech lettermen in football, basketball, golf, track, baseball and tennis, will hold an organizational meeting in the West Hall Lounge Thursday at 7:30 p. m.
 Special speaker for the meeting will be Polk Robison, Tech basketball coach, according to Harry Sealing, president of the club.
 Sealing said that the association had about 45 members this year, and that it was especially urgent that every member be present at this week's meeting.

ARTIST COURSE . . .
 (Continued From Page One)
 of the six concerts scheduled for this academic year.
 "Students who do not hold activity tickets pay \$1 for a ticket to any of the concerts," Dr. Hemmle said. "We also have season tickets on sale for each Tech faculty member and his family."
 Season tickets for townspeople and Tech faculty are on sale at Adair Music Company, 1112 Avenue Q. After Saturday the tickets will be moved to the Music Building where they will remain on sale until concert time, Oct. 26.
 The Dublin Players, who were to have appeared Jan. 11, have been replaced by the Canadian Players, who will appear in April," Dr. Hemmle explained.
 "This month will hold extreme interest for Lubbock theatergoers," he continued. To-You-Za, Theater of the Far East, opens the Artists Course Oct. 26. Three days later on Oct. 29, soprano Nadine Conner of the Metropolitan Opera Company will appear.
 Other artists programmed for the school year are: Hernan Pelayo, South American baritone, Nov. 15; Vienna Academy Chorus, March 14; Canadian Players in "Hamlet," April 1; and the famous pianist Rubenstein, April 11.

Tech Campus 'Rainmakers' Water Down Student Body

BY CAROL STONE
Toreador Feature Writer
 Rain coats, galoshes and umbrellas may soon become the height of fashion on the Tech campus; and not because of any stray rain clouds inhabiting our Texas sky. While park and ground engineers are busy keeping the campus covered with lush green carpet, Techsians are busy wading through soggy grasslands to escape the numerous spouting sprinklers that threaten to dampen curly coiffures and endanger blue suede shoes.
 But despite its shortcomings Tech's sprinkler system is endowed with a few unsung advantages. When 8 a. m. finds Tommy Techsian drowsily groping his way

across campus and suddenly—slosh!—there's nothing like waking up in the morning to the music of waterfalls gently cascading out each ear.
 Held in high esteem by campus worms are the members of the ground crew. Each morning the crawly creatures wriggle from their earthy dungeons to eagerly await the first drop of moisture escaping from the strategically spaced "old faithfuls." This gives early birds and campus biologists ample opportunity to study the physical and mental aspects of the species. It is reported that a few misguided frogs have also been seen in the vicinity.
 It seems that a few Tech art students have been spotted "cashing in" on the mechanical dew by reproduction on canvas. They then pawn the paintings as "Fontaines de Paris" or "just some old fountains. I splashed off while in Rome."
 But chances are you're neither a worm nor an artist, but a regular guy like Jacky G. Techsian the Third, who has this to say about the excellent job being done to keep Tech's landscape green and thriving—"One of these days, Dad, SPLAT! Somebody's gonna get wet???"

Bible Chair Opens New Building Soon

The student center of the Church of Christ is now in the final stages of construction and will be ready for occupancy about the last of October, according to Goebel Music, director of the Bible Chair.
 An open house is being planned for the formal opening of the new building.
 Official estimate of the cost of the building, begun last May, is \$75,000. Of brick construction, the building will contain a chapel, capable of seating 200 to 300 persons; one classroom; a carpeted lounge; a library room; two offices, a prayer room, a large kitchen, and storage space as well as a stage and restrooms.
 Students already have been holding evening devotionals in the new fellowship hall for a short time. Top attendance at a devotional for the semester has been 77, according to Music.
 Temporary location of the Bible Chair is 3315 College Avenue, and all Church of Christ students are invited to attend functions at both its present and new locations, Music stated.

League Managers To Hold Meetings
 Managers of Fraternity Independent Leagues will hold meetings today and tomorrow to discuss plans for the coming intramural touch football program.
 Fraternity managers will meet at 5 p. m. today at the Tech Gym. Independent managers will meet tomorrow at 5 p. m. at the same location.
 Attendance at the meetings is extremely important, according to Edsel Buchanan, intramural director.
 The meetings are designed to cover such topics as fees, eligibility, playing rules, schedules, officiating and other subjects.

League Managers To Hold Meetings

Court Selection To Be Made Soon
 The Tech Supreme Court will be appointed sometime this week, announced Wallace Wilson, Student Council President.
 The governing body consists of a Justice from each division who is appointed by Wilson. The Chief Justice must be a Senior pre-law student, and is selected by Dr. J. William Davis, head of the government department. The appointments are then approved by the Student Council.

TOREADOR
 The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

COSMOPOLITAN CLUB . . .

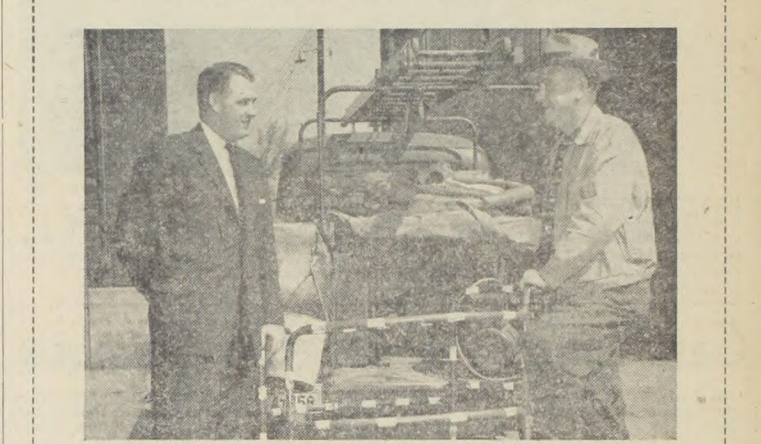

Iran, the far east oil empire, will be the topic of the second weekly meeting of Tech's Cosmopolitan club tonight at 7 p. m. in the Union Ballroom.
 Habibullah (Rais) Raiszadeh, freshman petroleum engineer from Iran, will speak on his native country. The club will also elect a new president. Officers for the club are Cesar Pieve, acting chairman and permanent treasurer; Mary Randal, vice pres., Pat Cullum, sec., and Ruth Anderson, reporter.

ELECTION . . .

(Continued from page one)
 Bill Dean, Joe House and Pete Dyson.
 Vice president candidates are Gordon Graves, Gordon Deering, Lloyd Lane, Bill Lyles, Joe Winston, Larry Todd, Kenneth Cummins, Joe Gilliland, Dewey Bryant, and Buddy Whippo.
 The dozen candidates for freshman secretary include Sandra Hendrix, Rosa Riojas, Boo Brown, Sandra Burt, Evelyn Whittenber, Johanna Zourna, Margie Miller, C. V. Johnson, Kay Linner, Carolyn Porter, Jimmy Nolen and Ruth Swanland.
 Fresh candidates for AWS representative include Kay Miller, Jeanette Gross, Jean Smith, Mary Sue Wilson, Ann Fish and Donna Pearson.

A Campus-to-Career Case History

Roger Lindblom (left) discussing a construction job with J. R. Young, Wire Chief of Huron, S.D.

"I'm learning more every day—and like it"

Roger Lindblom, B.S. in General Engineering, Iowa State College, '49, is today District Plant Superintendent for the 11,000 square miles of the Huron, South Dakota, district.
 "The openings are there," says Roger, "and the telephone company trains you to fill them. I joined Northwestern Bell in 1950 and spent one year learning pole line and cable construction. This, plus short periods in other departments, gave me a good telephone background.
 "My experience really grew when I became an installer-repairman, then a construction crew foreman, and, in 1952, Wire Chief at South Sioux City, Nebraska. There I was responsible for the 3500 dial phones that served the town.
 In March of 1954 I went to Grand Island, Nebraska, to help supervise dial conversion projects in that district. Everything I'd learned to date came in handy on that job.
 "A year later I went to Omaha on a staff assignment, and in March, 1956, I moved up to my present position.
 "I head a group responsible for installing and maintaining Plant equipment in the Huron district. We supervise ordering and distributing supplies, and I'm responsible for personnel and employment. I work with other department heads in the administration of our district.
 "Each assignment I've had has been broader than the last, and believe me, the more I learn, the better I like it."

Roger Lindblom is one of many young men who are finding rewarding careers in Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. See your placement officer for more information on career opportunities in the Bell Telephone System.

Tech Union
 Two dances, a debate, a play concert are scheduled at Tech this week.
 On Tuesday night at 7 p. m. bridge class will meet in Room 100. Also at 7, there will be a re-dance in the Snack Bar. The Tech Debating Society will meet in Ballroom at 8 p. m. and discuss whether the United States should cut taxes or give foreign aid.
 Wednesday the Toastmaster Club will hold a noon lunch. Thursday night the Arthurian dancing classes meet in ballroom at 6:30 and are followed by a play.

Block and Bridle Names Committee
 Block and Bridle, organizing the annual husbandry operations, started fall semester activity yesterday in its first meeting.
 Committees appointed were: entertainment, initiation and grants. Serving on the entertainment committee will be Jim C. Smith, Bob Anthony and Phyllis. The initiation committee includes Troy Jones, Don Brot, Les Wagner and Len Danton. Osborne, Bill Cowart, Jack Moran and Charles Probrant serve on the programs committee.
 A committee was also appointed to check on the tentative date of the "Little International Live Show." The committee appointed includes David Bean, De Frampton, Allen King, Gary Quade, Bobby Joe Browning and Gary Allen.
 Dr. N. C. Fine, acting head of the Animal Husbandry department and past president of the Block and Bridle Club gave a talk on the program for the year.
 A watermelon feed will be held by the club for all the animal husbandry faculty and members Monday at 7:30 p. m. in the Pavilion.

Sorority To Treat Pi Phi's To Eats
 A barbecue in honor of Pi Phi sorority is being given a day by members of Kappa Alpha Theta. The sorority, the barbecue is a result of a challenge between the two organizations for high campus scholarship.
 According to Pat Boles, president of Kappa Alpha Theta, newly chosen pledges of sorority will present a ski party this weekend. Also, a group of active members of Theta and Pi Phi will participate with ukelele and homemade instruments.

Tech Union Schedules Dances, Debate

Two dances, a debate, and a jazz concert are scheduled at the Tech Union this week.

On Tuesday night at 7 p.m. the bridge class will meet in Room A. Also at 7, there will be a record dance in the Snack Bar. The Tech Debating Society will meet in the Ballroom at 8 p.m. and discuss whether the United States should cut taxes or give foreign aid.

Wednesday the Toastmasters Club will hold a noon luncheon.

Thursday night the Arthur Murray dancing classes meet in the ballroom at 6:30 and are followed

by a Square Dance at 8.

Friday the ballroom will rock to the tunes of the Paul Bley Trio as they present a jazz concert at 8.

Monday the week begins anew

with the movie "Three Coins in A Fountain" at 7 p.m. in the ballroom. The picture stars Dorothy McGuire and Clifton Webb.

Block and Bridle Names Committees

Block and Bridle, organization for animal-husbandry upperclassmen, slated fall semester activities yesterday in its first meeting of the year.

Committees appointed were for entertainment, initiation and programs. Serving on the entertainment committee will be Jim Cloyd, Jim Smith, Bob Anthony and Bill Phinzy. The initiation committee includes Troy Jones, Don Brothers, Les Wagner and Len Datsoon. Jim Osborne, Bill Cowart, Jack Moreman and Charles Probant will serve on the programs committee.

A committee was also appointed to check on the tentative dates for the "Little International Livestock Show." The committee appointed includes David Bean, DeLacy Frampton, Allen King, Dean Quade, Bobby Joe Browning and Gary Allen.

Dr. N. C. Fine, acting head of the Animal Husbandry department and past president of the Block and Bridle Club gave a talk on programs for the year.

A watermelon feed will be held by the club for all the animal husbandry faculty and majors Monday at 7:30 p. m. in Aggie Pavilion.

Sorority To Treat Pi Phi's To Eats

A barbecue in honor of Pi Beta Phi sorority is being given at the home of Dr. S. C. Arnett Wednesday by members of Kappa Alpha Theta sorority. The barbecue is a result of a challenge between the two organizations for highest campus scholarship.

According to Pat Boles, president of Kappa Alpha Theta, the newly chosen pledges of each sorority will present a skit for the occasion. Also, a group made up of active members of both Theta and Pi Phi will perform musically with ukeleles and homemade instruments.

A NEW DOWELL SERVICE

High horsepower needed by new Riverfrac treatment is provided by rugged Allison-powered pumping units.

New fresh water treatment fractures oil and gas wells

RIVERFRAC* is a new Dowell treatment for fracturing oil and gas wells. It uses fresh water, with or without sand, as the frac fluid. After outstanding results in gas wells in the San Juan Basin of New Mexico, Riverfrac is now moving into other areas.

This economical treatment is performed by maintaining relatively high injection rates—usually 30 to 65 barrels per minute.

These rates are easy for the Dowell Allison-powered pumping units. Each unit is capable of delivering 613 hydraulic horsepower. And a companion blender mixes 60 barrels of water and sand per minute. You get high horsepower with a minimum of equipment.

Riverfrac provides other advantages in addition to its availability and low cost. The use of water practically

eliminates the fire hazard. And addition agents — such as fluid-loss control and surface-tension reducing agents — are available for use in Riverfrac.

For more information or service, call any of the 165 Dowell offices in the United States and Canada; in Venezuela, contact United Oilwell Service. Or write to Dowell Incorporated, Tulsa 1, Oklahoma, Dept. J-81.

Aggies Argue 40-7 Over Tech Raider Team

By BILL DEAN
Toreador Sports Writer

Texas Tech learned the hard way Saturday that the Texas Aggies don't forget and can now look for more fireworks this weekend from another old rival, the West Texas State Buffaloes.

West Texas, boasting one of their best squads in years, will be out to hang loss number four on the Red Raiders. The Buffaloes have already made several visits to Jones Stadium this year but Saturday night will be the official one.

The Aggies left no stones unturned Saturday night at Cotton Bowl in avenging a 41-9 loss to Tech in 1954 with a convincing 40-7 romp.

Aggies Jack Pardee, John Crow and Ronnie Osborne led the main barrage that punched out 395 yards against DeWitt Weaver's crew. The trio accounted for 196 of those yards. The scoring was spread out among four players. Crow tallied twice,

as did Bobby Conrad. Pardee and Don Watson accounted for the other two scores.

After the opening kick-off it was all A&M. Tech's Ronnie Herr returned the kick to the Farmer 45. The Big Red couldn't move from there and after an exchange of punts A&M recovered a Williams' fumble on the Tech 13. Two plays later Crow dashed 11 yards for the first Aggie tally.

Five minutes later Conrad bulled two yards into the end zone, capping a 50-yard drive in five plays, and A&M led 14-0.

Early in the second period the Aggies smothered Don Williams, attempting a fourth down kick, and took over on the Tech 10. On the first play Quarterback Conrad dropped back and hit Don Watson in the end zone to boost the lead to 21-0 and close out scoring in the first half.

The Aggies took the second half kick-off and marched 84 yards in seven plays, ending with a 20-yard pass and run play from

Quarterback Jim Wright to Crow. Pardee tacked on the final Aggie score with a five-yard blast early in the fourth period. He set up the score with scampers of 19 and 20 yards during the drive that went 66 yards in nine plays.

The Raiders mounted their only real offensive later in that final period.
