

Greeks Raise \$2,000 To Close Drive

FOREADOR

THE TEXAS TECHNOLOGICAL COLLEGE

Vol. 32 Lubbock, Texas, Thursday, December 13, 1956 No. 34

PIE PAN—Helping out with Dook Hall's contribution to the "Tech Tribute to Freedom" last night was Ronnie Avery, assistant supervisor of Dook and part-time government instructor. Avery, was one of several targets for pies which were sold at auction.

EXPENSIVE DATE—Three hundred dollars was decided as a fair price for a Sunday night dinner date with Enna McDaniel during the "date auction" of the Greek freedom drive in the Tech Union last night. Miss McDaniel is a Kappa Alpha Theta pledge and a Tech Freshman.

By WILBUR JARRETT
Toreador Staff Writer

The Greeks in a hectic, carefree, money-spending night at the Union raised over \$2,000 to capture the spotlight in the Hungarian drive, "Tech's Tribute to Freedom," which ended officially last night at 10:30 p.m.

Attendance and participation at the function was stupendous as 1,001 persons paid \$1 each to enter the Union to join the fund-raising party. All Greek organizations on the campus participated and two trophies were given to the organizations with the best percentage of members present.

Copping the attendance trophies were Phi Kappa Psi and Alpha Phi. Both of the clubs had perfect attendance records of 100%.

The night reached a fever pitch as it was climaxed with the bidding for the Top Twenty Beauties of Tech. The grand finale was the bidding for the last beauty as \$300 dollars was bid for freshman Enna McDaniel of Seagraves. Another beauty, Caroline Woods, was bought for \$100. The high bidders Bob Dunn of SAE and Max Gaines of Kappa Sigma respectively, both received a date with the beauties because of their high bids.

The bidding for Miss McDaniel was the highpoint of the night and bids by two different groups had reached \$150 each. The Union had to close at 10:30 and this caused the bidding to cease. Both groups pooled their money and "bought" Miss McDaniel. They then flipped to see who the lucky one would be and Dunn won.

Miss McDaniel was completely surprised by the enthusiastic bidding for her. She said, "I think that it is great for the wonderful cause. I never suspected this, believe me."

However, this was not all of the fund raising activities as football players were auctioned, four different bands played, dime-a-dance concessions were held, and other skits and pantomimes were held.

Lucinda Birteiel, a Tech major-ette, paid the top price of the night for a football player, Ken Vakey who was the football player (See **DRIVE ENDS** Page 2)

Report Highlights Meeting Of Council

Report on the Texas Intercollegiate Student Association Executive Council meeting highlighted a meeting of the Student Council Tuesday night.

Council President Wallace Wilson discussed the meeting and announced that the annual convention of the body would be held on March 28, 29, and 30 in Beaumont.

He also announced that the Tech Council would immediately begin a study on two projects and would present the findings at the state convention. The studies are to be made on publications and financing of student governments of the different TISA member schools.

Joanne Holmes presented a list of recommendations for the sponsoring of the Homecoming Queen Selection and Crowning for next year. The recommendations were adopted.

Council Vice President Glynn McGee stressed the need that some council member should be in the council office each morning to keep it open. A motion was made and passed that the council members try to stay in the office in the mornings.

Music Dept. To Present Christmas Opera

"Amahl and the Night Visitors," a traditional Christmas opera, will be presented by the newly formed Tech Opera Workshop of the music department next Wednesday and Thursday at 8:15 p.m. in the Lubbock Little Theater.

Written especially for television by Gian-Carlo Menotti, the opera is also at home on the stage. This was the first opera ever commissioned especially for television and was premiered by the NBC Television Opera Theater in New York City in 1951. Menotti has said of his opera:

"As it happens, my operas are not cold, intellectual creatures; they are nice to look at, impulsive, and warm hearted. Although you may enjoy listening to their voices through a speaker, if you are to know them well, I recom-

mend that you spend an evening with them at the theater."

Leading roles in the opera will be sung by Mary Jane Hartley, Amahl; Carol Schultz, the mother, Ross Cass, Kaspar; Don Armstrong, Melchior; Robert Wham, Balthazar; and Rex Pope, the page. Understudies, in the same order of casting, are Nel Northcutt, Joyce James, Charles Sanders, Richard Watkins, Wayland Stephens.

In the chorus will be Miss James, Nel Northcutt, Sarabeth Simpson, Louise Crook, Catherine Clement, Bettye Tyer, Lela Richardson, Sharon Harbaugh, Charles Sanders, James Carthel, Bob Hancock, Cecil Morris, Glenda Keith, Richard Watkins, Wayland Stephens, and Carl Mathis.

The production staff is composed of Timmy Henshaw, Kay Adkins, Louise Crook, Sandra Hamble, Bruce Jackson, Jane Ann Jones, Helen Willis, Martha Sue Bridges, Jean Underwood, and Mathis.

This year's production by the Opera Workshop is directed by Jule Foster, music instructor. In addition to his teaching duties, Foster is summer manager of the Berkshire Music Barn in Lenox, Mass. He has previously been a part of production at the University of Michigan and in Plainview where he was assistant professor of music at Wayland College.

Tickets are priced at \$1.75 for adults and \$1 for students. They

Speech Play To Be Extended Two Days

Due to the full-house audiences this week the speech department's production of Shakespeare's "Merchant of Venice" has been extended to run through Tuesday night instead of Saturday night as previously scheduled, Director Ronald Schulz announced yesterday.

Tickets for the play, which is being held in the Speech Auditorium, are sold out for tonight. For the remaining performances seat reservations must be made in advance at the Speech Building. Tickets are \$1.25 for the public, 75c for students and faculty or activity book tickets. The play begins at 8:15 p.m.

Schulz explained that at every performance so far there have been a few reserved tickets that have not been picked up. These tickets are being released at 8 p.m. to those who have not made advance reservations.

For students who are required to see the play for an assignment or extra credit and have only a certain night that they can go, there is a possible chance of getting a released ticket.

Alpha Phi Omega To Sell Mistletoe

Mistletoe will be sold downtown next week by Alpha Phi Omega, Tech service fraternity for scouts, Piggly Wiggly Super Market, Furr Food Store, and Dunlaps are the centers where mistletoe will be sold.

Money received will pay for scout uniforms and a Christmas party for the handicapped Scout Troop 116, which APO is currently sponsoring.

may be reserved by contacting the main office in the Music Building.

Techsans Elected To Speech Positions

Willis Taylor, sophomore of Lubbock, was elected "speaker of the house" and Betsy Donovan, junior from Sunray, was elected political chairman at the regional congress of Delta Sigma Rho in Wichita, Kan., last weekend. The national honorary forensics society's congress is composed of colleges in eight southwestern states, and is patterned after the Congress of the United States.

With Speaker Taylor presiding the Congress opened with a caucus of the political parties. Then several colleges presented bills for consideration. Following committee discussion and floor debate, these bills were finally passed and will be recommended to the National Congress.

1. That the United States change its economic aid only through the U. N.

2. That the United States act through the U. N. to have the income from the Suez Canal vested in the government of Egypt and that the operation of the canal be supervised by an 11 nation committee from the U. N.

3. That the United States support military action through the U. N. to stop aggression.

Many proposals of past Delta Sigma Rho Congresses have been embodied in the national legislation.

Dr. P. Merville Larson, head of the speech department and national vice president of Delta Sigma Rho, explained that to be eligible for membership in the society students must be in the top one-third of their class academically and must have at least two years of successful intercollegiate debate. Training future American leaders through practical legislative experience is one of the club's aims.

Among the outstanding members of Delta Sigma Rho are U. S. Supreme Court Justice William O. Douglas, U. S. Senator Wayne Morse, U. S. Senator Hubert

Humphrey and Dr. E. N. Jones, Tech president. This club also boasts more members listed in Who's Who in America than any other collegiate organization.

SPEAKER OF THE HOUSE—Dr. P. Merville Larson, left, head of the speech department, congratulates Tech sophomore Willis Taylor, who was elected "Speaker of the House" at the regional congress of Delta Sigma Rho, national forensics society, at Wichita, Kan. Also pictured are Betsy Donovan, elected chairman of the political committee and Zoe Chimm, who participated in the economics committee.

Words From The Double T

On behalf of the Tech Basketball team we want to express our great appreciation to you for the wonderful support you have given them thus far this season. Your continued loyalty will greatly improve the team's desire as well as the final season record. We feel that this team will be one that you will be proud of before the season is completed.

The new coliseum has made a great difference in basketball at Tech. Organ music during time out, half time programs, and plenty of room with no posts in the way help to make an evening of basketball much more enjoyable.

Enthusiasm in basketball seems to have reached a new high at Tech this year. Nothing could be better but it seems that some of this enthusiasm has spread in the wrong direction. We will all disagree with the referees at times, but it seems that this year, regardless of the score or time left to play, every time the officials blow their whistle against a Tech player they are almost booed out of the coliseum. Booing gains nothing but disrespect for our school and doesn't help the team at all.

It seems that Tech's student body has forgotten some of the essential facts concerned in this business of sportsmanship. Booing and yelling while an opposing player is taking a free throw is something that we all know is wrong. The crowd will follow the example we students have set. We can not afford to set a bad example.

Teamwork has been very evident on the team so far this season. The best way to break down this essential factor is for the fans to take sides with a portion of the team. This could be disastrous. Yelling for individuals or certain groups can only cause dissention on the team. We defeat our own purposes in doing this. Teamwork can only result from the combined efforts of the entire team. We must be behind all of them.

We believe that Texas Tech has a fine coaching staff in all sports. With Southwest Conference competition increasing, the athletic program is growing. To meet this growth, the athletic department needs your support, both for the athletes and the coaches.

Lets cheer the Raiders on to victory and show the Southwest Conference as well as everyone else that we are good sports.

—THE DOUBLE T ASSOCIATION

DRIVE ENDS...

(Continued From Page 1)
 who drew top money.
 The Greek Night idea, sponsored by the InterFraternity Council and the Panhellenic Council, was originated by Scott Hickman and Ardith Campbell. According to Hickman, the goal of \$2,000 was surpassed. Hickman stated that the affair was great

both for the Freedom drive and the good will among the sororities and fraternities.

Doak Hall appeared to be way out in front in the Dorm contributions as they amassed the gigantic total of \$560. Not all of the dorms have reported the final figures on their contributions but none of the early returns have approached this figure.

Jr.-Sr. Registration Continues 5 Days

The five-day pre-registration for juniors and seniors began yesterday with students whose last names begin with the letters I, W, R, S.

Today students with last names beginning with H, E, K, N, O, T, will pre-register. C, D, G, P, Friday, and M, L, U, X, Y, Z, Saturday, will then pre-register.

Monday students whose last names begin with A, B, F, J, Q, V will close out the five day period.

Engineering students should begin registration in the foyer of the East Engineering Building, and the rest in front of the Registrar's Office in the Ad Building.

Final registration for juniors and seniors will be at an early Jan. 31. Registration for freshmen, sophomore and transfers will be held Jan. 31, Feb. 1 and Feb. 2. Classes will begin Feb. 4 and late registration will be Feb. 6.

TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

Strehli Elect

Chuck Strehli, president of Tech Union program, elected vice-chairman of Student Conference of Student Union for 1956-57 last week.

Strehli and 10 other members of the program committee will work with the returned from the Reg. Texas A&I campus. As regional vice-chairman, Strehli will co-ordinate representation from all schools in the area so that a circuit of big bands, art, music and pageant will visit each of the schools.

Tech's executive committee sometime this week discuss reorganization and election of several committees. While meeting with the

Council Lunch To Be Saturday

Panhellenic Council's 14th annual Christmas Luncheon will be held Saturday at 12 noon in the book Hotel.

The pledge class of 1956 will present a skit. The group with the skit will be awarded a trophy.

Special guests will include Women Florence Rhinastant Deans Jacqueline and Dorothy Garner, Jan secretary; and the chapter of all sororities. A Grace is in charge of guests.

John McQueen is in the skills. They will be the basis of originality, and suitability. Skit presented by Kappa Kappa, Delta Gamma, Alpha Omega, Kappa Alpha Theta, Delta Delta, Gamma Phi, Sigma Kappa, Alpha Tau Alpha, and Pi Beta.

Minor Panhellenic officers, Fred, treasurer of Sen Panhellenic, are in charge of sales.

The luncheon committee Peggy Miller, John Knight and Diana

Pig's Pig Dinner Will Be Tomorrow

The Gamma Delta's third pig dinner will be held Saturday night. Dwight L. Mitchell, chairman and ex-field secretary, will be the principal speaker and Charles of the Avalanche will act as toastmaster.

The pig dinner was originated as the result of a Class Day exercises at University of California. A pig became the object of a band of Pigs and was for a feast that night.

Strehli Elected Regional Union Vice Chairman

Chuck Strehli, president of the Tech Union program council, was elected vice-chairman for the Regional Conference of Student Unions for 1956-57 last weekend.

Strehli and 10 other members of the Tech program council have just returned from the Regional Conference of Student Unions on the Texas A&I campus.

As regional vice-chairman, Strehli will work with the chairman to plan next year's conference. A new plan is being set up whereby he will co-ordinate representatives from all schools in the conference that a circuit of big names in sports, art, music and politics will visit each of the schools.

Tech's executive council will meet sometime this week to discuss reorganization and the addition of several committees.

While meeting with Union com-

mittee workers from other schools in the five-state conference, Tech delegates obtained many new program ideas, according to Alice Wells, director of public relations for Tech Union.

Every Sunday from 5:30 to 7 p.m. entertainment is being considered for the snack bar area. A listening room to be set up in the Anniversary Room every afternoon is also planned.

"We've got lots of ideas for married students," Miss Wells said. "Texas University has a married students committee in their program. They have a week for married students, during which baby-sitting is provided, a tea is held for the women and a smoker for the men. The married student can take his family to classes during that week. Something like that will be set up here at Tech."

Southern Methodist University has set up a good program for their foreign students, Miss Wells stated. "We at Tech should work closer with the Cosmopolitan Club."

The Tech delegation also got information for setting up two regular night clubs during the year, one on a Friday night in the ballroom, and the other during the week sponsored by the record

Buck Johnson Receives Kappa Sigma Scholarship

Buck Johnson, Muleshoe senior, was awarded a \$100 scholarship and a certificate as winner of the senior leadership award by Kappa Sigma fraternity Monday night.

Also honored at the annual Founders Day dinner in the Cadrock Hotel were Bob Phillips for the highest grades in the chapter and Doug Hudson for the most

improved member.

The local alumni chapter presented Don Ormand with a scholarship for being the pledge with the highest grades.

Other awards presented included certificates of merit to Bill Jones, Glynn Morgan and Jimmy Jones.

Council Luncheon To Be Saturday

Panhellenic Council will have its annual Christmas luncheon on Saturday at 12 noon in the Lubbock Hotel.

The pledge class of each sorority will present a skit.

The group with the winning skit will be awarded a trophy.

Special guests will include Dean of Women Florence Rhillips, Assistant Deans Jacqueline Sterner and Dorothy Garner, Janet Brown, secretary, and the chapter advisers of all sororities. Atha Lea Grice is in charge of special guests.

Jean McQueen is in charge of the skits. They will be judged on the basis of originality, participation and suitability. Skits will be presented by Kappa Kappa Gamma, Delta Gamma, Alpha Chi Omega, Kappa Alpha Theta, Delta Delta Delta, Gamma Phi Beta, Sigma Kappa, Alpha Phi, Zeta Tau Alpha, and Pi Beta Phi in that order.

Junior Panhellenic and Julia Reed, treasurer of Senior Panhellenic, are in charge of ticket sales.

The luncheon committee includes Peggy Miller, chairman, Joan Knight and Diana Smith.

Fiji's Pig Dinner Will Be Tomorrow

Phi Gamma Delta's third annual pig dinner will be held at the Restaurant Walden Friday night.

Dwight L. Mitchell, Oklahoma oilman and ex-field secretary of the fraternity, will be the principal speaker and Charles A. Guy, editor of the Avalanche-Journal, will act as toastmaster.

The pig dinner was originated in 1893 as the result of a prank at Class Day exercises at the University of California. A squealing pig became the object of pursuit by a band of Fijians and was roasted for a feast that night.

UNION PLANS TWO DANCES

Two big dances are being sponsored by the Union this week.

Square dancing will be in the rec hall at 7 tonight. It is a record dance sponsored by the Union Square-Dance Committee.

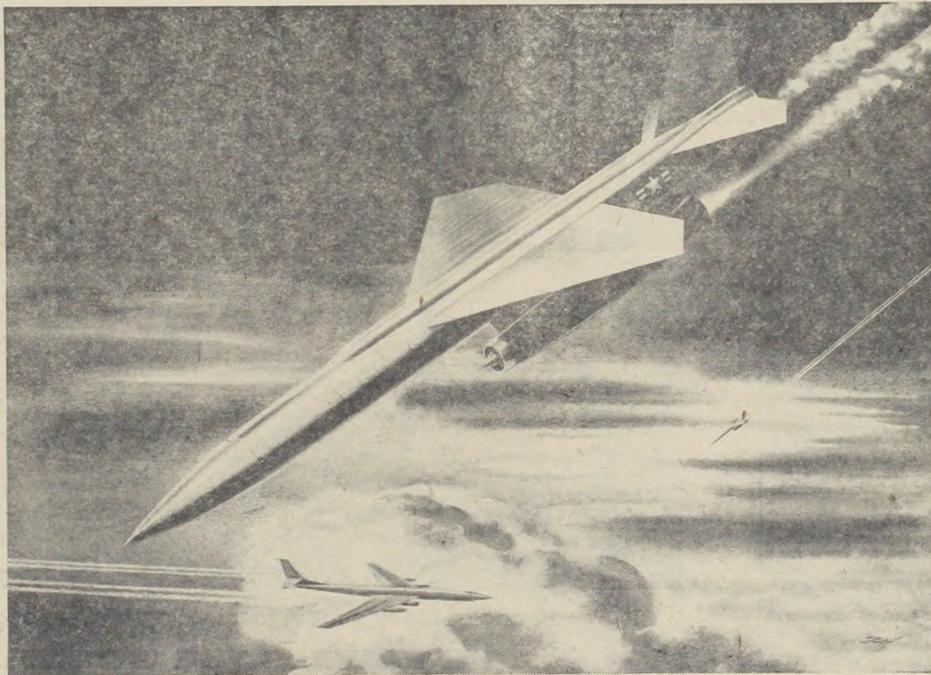

"Swinging in the Snow" will be the theme for the Friday night dance to be held at 8:30 in the Union Ballroom. The Kingsmen Combo will furnish music for the semi-formal dance.

ATTENTION! Students and Faculty

What better gift could you give than a BEAUTIFUL PORTRAIT made from your 1956 LA VENTANA negatives . . . and at the same SPECIAL low prices offered when you received your proofs . . . Your negatives are still on file . . . so come by soon and order the GIFT that only YOU can give.

Boeing research produces a new defense weapons system

Boeing's BOMARC IM-99 is a long-range guided missile designed to strike enemy bombers while still over areas away from vital targets. It's a supersonic spearhead of an entire defense weapons system that includes communications, bases, logistics.

Engineers and scientists of all types contributed to the research that produced this vital weapons system. And they are continuing their contributions, not only to BOMARC, but to other significant advanced projects. Boeing engineers are coming up with solutions that will give direction to developments of the future. If this kind of pioneering appeals to you, and if you enjoy working with engineers of outstanding professional stature, you'll like Boeing.

And you'll find plenty of room for advancement. Boeing's growth—a 400%

jump in the number of Boeing engineers in the last 10 years—assures openings ahead, and job stability. Boeing promotes from within, and every six months a merit review gives each engineer a personal opportunity for recognition, advancement, increased income.

Starting salaries at Boeing are high. If you are interested in continuing graduate studies, Boeing will arrange a special work schedule for you and pay all tuition and fees.

Other Boeing advantages include a liberal retirement program and the backing of outstanding research and test facilities.

You will enjoy life in any of the three young-spirited communities in which Boeing is located. Pick the climate and living advantages that suit you best. Each offers an abundance of recreational

activities, plus good housing, schools, convenient shopping centers.

You'll be proud to be associated with a leader in one of the most exciting—and promising—industries in the country. Why not find out how Boeing can help you get ahead in your engineering career?

For further Boeing career information consult your Placement Office or write:

All 'Mural Team Chosen

By WILBUR JARRETT

This year for the first time in Tech history, an all-intramural team has been chosen. In the end and backfield positions it was hard to leave some very fine players off the list but it was impossible to list all of these.

Here then is your all-intramural team for 1956.

FIRST TEAM		
Position	Player	Team
End	Tom Nash	Kappa Sigma
Tackle	Don Barton	Phi Delta Theta
Guard	Corky Black	Sneed Hall
Center	Jerry Craft	SAE
Guard	Fritz Munzinger	Doak Hall
Tackle	Larry Glasgow	Alpha Tau Omega
End	Kenneth Cobb	Sneed Hall
Back	Bill Jones	Kappa Sigma
Back	Don Rambo	Phi Kappa Psi
Back	Lynn Wallace	Bledsoe Hall
Back	Jerry Pearson	SAE

ALTERNATE TEAM		
Position	Player	Team
End	Ralph Sherrill	Pi Kappa Alpha
Tackle	J. Don Williamson	Phi Gamma Delta
Guard	Bob Alread	Kappa Sigma
Center	Kemp Derrick	Sigma Chi
Guard	Jimmy Crump	Gordon Hall
End	James Lewis	Phi Gamma Delta
Back	Don Hay	Phi Mu Alpha
Back	Bill Harmon	SAE
Back	Darrell Summers	Sneed Hall
Back	Nelson Berry	SUBS
Back	Danny Beilue	BSU

Jerry Pearson of Sigma Alpha Epsilon has been chosen BACK OF THE YEAR because of his fine pass and team leadership.

Don Barton of Phi Delta Theta was chosen LINEMAN OF THE YEAR due to his aggressive line play.

Jr. All leagues were represented with the fraternity league placing the most players because they had more teams from which to pick. Sr. All-College Champ SAE and runnerup Sneed Hall both placed three men on the first two teams. Soph Fraternity runnerup Kappa Sigma also placed three on the mythical team.

If you're planning to be an

Dewitt or Desire

By WILBUR JARRETT

As we look back and see Tech in defeat and victory we wonder what was actually wrong with the 1956 version of the Red Raiders. What was lacking? Was it experience or was it coaching? What about the desire to win?

First, I don't believe it was experience that was lacking. Nearly all of the starters had two or more letters. In addition to these college letters many of the linemen had quite a few seasons of service football behind them.

Secondly, the coaching staff even though it has changed as far as assistants still has the head man DeWitt Weaver at the helm. Now, many people seem to believe the sole factor behind Tech's losing season is DeWitt. However, is it quite possible or probable for one person to completely change his ability in one season. For four or five seasons he has developed good teams here at Tech, some of them were great. Can he lose his ability to produce overnight? No, I don't believe this. Do you?

No Goals

Eliminating experience and coaching, let's discuss the desire for a while. The 1956 Raiders had nothing to shoot for in the way of a championship. They couldn't compete in the Border Conference or the Southwest Conference this year. With nothing to shoot for except for revenge against TCU, the players seemed to drift along just to finish the season especially after lopsided losses to Baylor and Texas A&M. Some will disagree with this theory. If you do then answer truthfully this question—was Tech's victory over TCU a fluke?

If they were good enough to beat TCU without the help of some fluke why couldn't they beat Hardin-Simmons or at least hold the score down? Incidentally, Tech led 14-0 in the first quarter only to get trounced 41-14 by a second-rate team. Once the players hit the field there's nothing the coach can do.

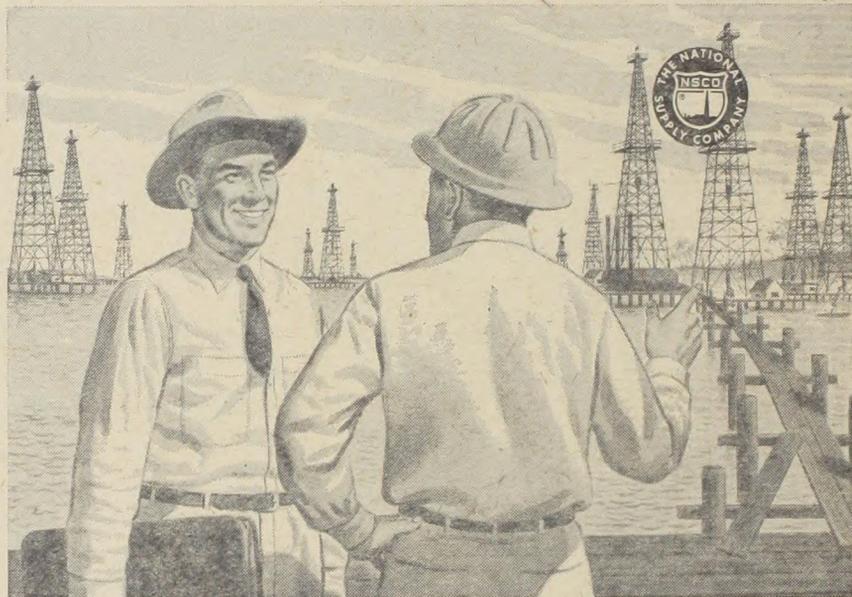

It is Dewitt or Desire?

in one of today's most fascinating businesses...

HE TRAVELS THE WORLD

Not long ago he was a young man with an apartment in New York and a future with National Supply. Now, as evidence of that future, he finds himself 2,700 miles to the south, calling on a drilling superintendent on the shore of Lake Maracaibo, in Venezuela.

The Many-Sided Travellers—They make quite a group, these travellers who cover the entire free world for National Supply. They work with our representatives and agents in 24 countries on six continents. Selling oil field machinery, they handle orders involving hundreds of thousands. Negotiating with high government officials as well as with businessmen, they must be diplomats as well as salesmen.

All Roads Lead Up—If our traveller had elected a National Supply career closer to home, he might now be managing an oil field store with annual sales over a million; helping to streamline a cost system at one of our six plants; trouble-shooting an engineering problem on a drilling rig in Illinois; helping to build our dis-

tribution for pipe and conduit in the heavily populated areas of the country.

These are only a few of the good stepping-stones in National Supply. With some \$260 million in sales last year, with product lines that cover a very wide range of industry, National Supply is big enough so a good man need never be stymied by lack of a better job ahead. But it is not yet so large that a good man can be lost in the crowd.

Just Twenty-Five—Every year National Supply conducts a search for twenty-five exceptional college graduates. Accountants, industrial management majors, salesmen and engineers—men who want responsibility, who prefer to move up rather than

vegetate. For those interested in a general business career there is a broad nine months training program which includes indoctrination lectures, field assignments and plant visits. For the engineer who seeks the challenge of product design there is a longer range development program embracing indoctrination, plant and field experience. In either case, they will be men who are attracted by National Supply's growth possibilities.

The National Supply men coming to your campus soon can tell you more. Meantime, for further information, write to the Supervisor of Personnel Training, The National Supply Company, Two Gateway Center, Pittsburgh 30, Pennsylvania.

THE NATIONAL SUPPLY COMPANY

World's largest manufacturer and distributor of oil field machinery and equipment
