Lubbock, Texas, Tuesday, October 16, 1956

No. 12

Staff Photo by Bob Burrows

NEW COURT—Newly appointed members of the Tech Supreme Court are, from left to right, Richard Styles, Arts and Sciences; Oral Parks, Chief Justice, Engineering; Barbara Smith, Home Economics; Larry Byrd, Engineering; and Don Brice, Business Administration. Not pictured is

Don Brothers, Agriculture. The student council approved the appointment of the six persons to the court at its regular bi-weekly meeting last Thursday after Student Council President Wallace Wilson recommended them to the council.

Run-Off Elects Class Officers

Run-off elections will be held tomorrow to fill the remaining 13 class officer vacancies.

Only three races were decided definitely in the initial vote last Wednesday. Officers already elected are Richard Ligon, junior class president; Bob Laughlin, senior vice president; and Jane Taylor, senior secretary.

Polls will be open from 8 a.m. to 12 p.m. and from 1 p.m. until 5:30 p.m. Polls are located in the Administration, Home Economics, East Engineering, Agriculture, and Student Union Buildings.

In order to vote a student must present his identification card. All students who have not picked up their I.D. Cards may pick them up at Herald Photo, 1405 College Avenue.

In addition to the run-off ballot, a U. S. presidential straw vote will be taken. The straw vote is being conducted by a Government graduate seminar class.

Student Council officers are hoping that the straw vote will give added interest to student voting in the run-offs. In last week's general election 1,515 ballots were cast.

Dane Grant and Dale Roberts are opponents for senior class president. The two candidates for the other senior class office to be filled, AWS representative, are Beverly Wood and Marianna Wilson.

Three students are running for the junior class vice presidential position. They are Bill Crenshaw, Bill Waddle, and Jim Blackwood.

Candidates for junior class secretary are Revis Jordan and Mary Massey. Pat Curry and Mary Alice Richardson are candidates for AWS Representative.

Sophomore class run-offs include: president, David Steinman and Donnell Echols; vice president, Hollis Swafford and Richard Estes; secretary, Sharla Pepper

and Toni Bannister; AWS Representative, Kay Alexander and Peggy Donnell.

Clashing in the freshman presidential race are Bill Dean and Walter Heffington. In the race for vice president are Dewey Bryant and Kenny Cummings.

Three freshman girls will meet in the secretary race. They are Carolyn Porter, Sandra Hendrix and Johannna Zournas. Candidates for AWS representative are Mary Sue Wilson and Donna Pearson.

Parking Stickers Issued To 5,462

A total of 5462 parking permits have been issued to faculty, staff and students. Freshmen have been issued 774 parking permits; off-campus students, 2,968; south dormitory residents, 265; north dormitory residents, 530; faculty and staff, 925.

S. E. Thomson, chief of the campus security police, urges that students refrain from parking in the Tech Bookstore parking lot while attending classes. A new time limit of 30 minutes is being enforced in the Bookstore parking lot.

Chief Thomson stressed that tickets should be turned in within 48 hours of issuance, or a double violation is incurred upon the offender. When a car is given the third traffic ticket on the campus, it is towed off. According to Thomson, an average of two cars a day were towed off last week.

Cars which park in forbidden parking areas are towed away to the Lubbock Wrecking Co. at the end of College Ave., and a fee of three dollars is charged to the person who has his car impounded. Before an impounded car can be released, it must be cleared through the traffic office in the Aggie Pavilion.

Dads Get Awards, Form Club

Dad's Day Saturday was climaxed by presentation of three special awards and the formation of a Texas Tech Dads Club.

L. C. Cannon from Ica, Peru, was given a trophy for coming the farthest distance. He is the father

of Bob Cannon, sophomore non-major.

The dad who received an award for having the most children in Tech was Truman J. Jones, Littlefield. Besides his two sons, John and Bill, who attend Tech, Jones

is putting two other students through Tech—a daughter-in-law, Madeline, and Udo Strasilla, from Berchtesgaden, Germany.

The oldest dad was Chris Benn, 77, Abernathy. His daughter, Martha, is a junior home economics student.

Presentation of the awards was made during half-time activities in Saturday night's game between Tech and West Texas State College by Tech President E. N. Jones and Janet Reaves, Dad's Day committee chairman.

At a stag banquet preceding the game, Tech Dads formally decided to organize a Texas Tech Dads Club. A committee was set up to prepare a charter and plan for election of a board of governors for the club. The committee is made up of three Lubbock residents: Dr. William H. Gordan, Edwin E. Merriman and Earl Collins; Asst. Dean of Women Dorothy Garner; Adrian Vaughan, director of public information; and James G. Allen, dean of student life.

This committee will serve until March when an election of charter members of the board of governors will be held and operation of the club will begin in earnest. Dues are \$3 annually, or \$10 for a life membership.

More than 350 dads of Tech students attended Dads Day, sponsored by the Association of Women Students, and assisted by Alpha Phi Omega, service fraternity and the Men Interdorm Council.

Intramural Action To Begin Sunday

The Fraternity League in the intramural football program will open the season play at 2 p. m. Sunday, Oct. 21. This league with its nine members will play on Sundays and Wednesdays.

Dorm League play will open Tuesday with all five of the men's dorms represented. Seven independent teams are entered in the Independent League. Independent League games will be played on Mondays and Tuesdays.

The tournament runs on the basis of a single round robin tournament, with the three league winners meeting for the all campus championship. League play should end Dec. 1, stated Director Edsel Buchanan.

Sunday's schedule in the fraternity league is as follows: Alpha Tau Omega faces Pi Kappa Alpha, Phi Gamma Delta clashes with Phi Delta Theta, Sigma Nu tangles with Kappa Sigma and Phi Kappa Psi meets Sigma Chi.

Techsans To Vote For Ike And Adlai

Besides electing class officers tomorrow Tech students will get a chance to show their preference for President of the United States. Sponsored by Dr. J. William Davis of the government department, the mock election will be open to all students. Provisions have been made to allow graduate students to participate.

SMU had a similar election recently, according to Ronnie Averyt, graduate student from Andrews. Approximately 48 per cent of the student body participated.

Final Queen Candidates To Be Chosen Here Sunday

Five Homecoming Queen finalists will be chosen in an eliminations revue Sunday in the Tech Union Ballroom. The entries must be turned in by 5 p. m. Friday to the Ex-Student Assoc. office in the Ad Building. The elimination will be under the supervision of the Tech Veterans Assoc. A well known fashion expert will help in choosing the five finalists, according to Bob Bentz, chairman of the homecoming queen committee.

The coronation for the queen will take place on Nov. 2 in preparation for the homecoming game between Tech and Oklahoma A&M, Nov. 3.

Candidates for Queen must meet six basic requirements according to Bentz. The girls must be sponsored by a recognized student organization, be a full time junior or senior student, unmarried, be willing to attend all official Homecoming activities, have a 1-point grade average and meet in the preliminary eliminations. Student Council regulations will apply to the voting for queens, and no campaigning will be allowed.

Any student organization who

desires further information or wants to enter a candidate may contact Bob Bentz, 1909 7th st. or Carl Morrow, Rm. 337, West Hall.

LA VENTANA SLATES PICTURE DEADLINES

Students who have had their pictures made for La Ventana must approve their proofs by Nov. 7, editor Barbara Pearce announced today. She is asking students to take care of this matter before this date if possible.

Organizations which have reserved pages in the annual must be sure that all the requirements are met by Nov. 10 or they will not be allowed their pages and must forfeit the money they have paid, Miss Pearce said.

Deadlines for students to have their pictures made for the annual are Oct. 20 for freshmen and seniors and Oct. 27 for juniors and sophomores. They may be made at Koen's Studio at 2222 Broadway or 1311 College.

Entry Forms Ready For 'Cotton' Maid

Entry blanks for the South Plains Maid of Cotton contest are now available in the Tech public information office and from Lubbock's Chamber of Commerce. The deadline for entries is Nov. 9.

The contest will be held in the Caprock Hotel, Nov. 19, with South Plains finals, Nov. 20, in the Municipal Auditorium. Contestants must be five feet, five inches tall and must have been born in a cotton-producing state. They must also be between the ages of 19 and 25 years.

One of 20 girls from the state finalists will be chosen the National Maid of Cotton in Memphis.

Eisenhower Club Formed

"Techsians for Eisenhower" held their first meeting last night at the home of Dave Hand, sophomore pre-med major, 4611 18th Street.

Officers elected include Hand and Mary Jane Turner, co-chairmen, and Bob Castleberry, dormitory publicity director. Miss Turner is a junior government major from Brownwood, and Castleberry is a senior animal husbanding major from Plainview.

The Eisenhower group has accepted a challenge to a debate issued by "Students for Stevenson," campus Democratic group. The debate will be held in the Student Union at a date to be announced later. Joe Ben Hudgens, sophomore from Pecos and an active debater on the Tech campus, will take part in the debate for the Eisenhower group.

Speakers at last night's meeting included John Christman, Lubbock County Republican chairman, and Thurwood Taylor, Lubbock County Republican publicity chairman. About 20 Techsians attended the organizational meeting.

Next meeting of "Techsians for Eisenhower" will be held in the Student Union. The date will be announced later.

Stevenson Students Hear Paul Butler

The newly-formed "Students for Stevenson" group sent a delegation to Cross Roads, N. Mex., Sunday to hear National Democratic Chairman Paul Butler. Butler spoke at a Democratic rally at Cross Roads.

A "Students for Stevenson" meeting was held last night to discuss a fund-raising drive to begin today. The drive has been dubbed "Dollars for Democrats," and will be sponsored by the National Democratic Committee working with the Lubbock County Democratic organization. Also discussed at last night's meeting was the mock student election to take place tomorrow. The mock election will be held in conjunction with student elections.

Charles Stogner, sophomore from Lubbock, was elected chairman of the Stevenson group.

A challenge was issued to the Republican campus group, "Techsians for Eisenhower," for a debate to be held in the near future. According to Dave Hand, co-chairman for the Eisenhower club, the challenge has been accepted and the date for the debate will be announced soon.

TOREADOR

The Toreador, student newspaper of Texas Technological College is regularly published each Tuesday, Thursday and Friday on the campus at Lubbock by the associated students of the College, and is financed by student activity fees, advertising and subscriptions.

THANKS, TECH...

Seldom does one hear a good word about Tech. In fact, if some venturesome Techsan accidentally toots the horn for Tech a little too loudly he is immediately labeled a "flag waver" by the cynics of the campus.

Evidently, however, this sarcastic small juvenile jury didn't have its way Saturday night when the majority of Techsians did an outstanding job of cheering the Red Raiders to their two lonesome touchdowns. It was the finest exhibition of school spirit we have seen in quite some time, and we feel that the Tech student body did a first-class job.

Any dead fish can float downstream with the current. And, to draw a parallel with that trite statement, any student body can cheer a football team that wins every game. But it takes some spunk and guts to get behind a team that has had some rough sledding.

Techsians have what it takes. They proved it Saturday night. Hats off to 'em.
—Paul C. Foraker

TECH MAKES LIKE LIBERACE

(Editor's Note: The following is a reprint from the editorial page of the Woodsboro News. It was published Oct. 12.)

As an aside, I want to repeat what I alluded to last week in this column—"Why was Texas Tech so anxious to get into the Southwest Conference?" The Red Raiders, tame as Liberace this season, are looking woefully bad against Southwest Conference teams.

After all the hulabaloo about its entrance into the conference, one would have thought the Red Raiders were going to tear somebody apart. Of course, their official entry into the conference has been delayed until 1960... but, if this year is any indication of the calibre of play the Raiders will present to the conference, the addition of Tech to the seven present teams is just a bit short of sensational!

I upheld at the time that it would have been much better to keep Texas Tech out—let Texas A&M out of the conference—and add the University of Missouri and the University of Oklahoma.

—William Kennedy
Woodsboro News
Woodsboro, Texas

After searching over the Texas map for a considerable time, we finally found Woodsboro. It's a community of 1,836 and lies north of Corpus Christi.

Any publicity is good publicity as far as we're concerned, and our thanks go to Mr. Kennedy for helping further our cause of getting Tech in the public spotlight.

Mr. Kennedy's address is included at the bottom of his editorial for Techsians who would disagree with him.
—Editor

Delta Gams Read To Blind Students

Members and pledges of Delta Gamma social sorority are devoting one hour weekly to the task of reading to the nine blind students on the Tech campus.

Each girl is assigned a special time, place, and person to whom she will read.

This is a yearly Delta Gamma project for blind students since few textbooks are written in braille.

Instead of reading directly to

the blind students, several of the pledges are making tape recordings to be played back.

Sylvia Pyland, Junior from Fort Worth, is in charge of assignments and duties.

Directories Placed On Sale Tomorrow

Thirty-five cents per copy is the price set on this year's student, faculty and staff directories which will go on sale tomorrow afternoon at Tech Bookstore if printing is completed by that time.

MARKING ON THE CURVE... AND WHAT TO DO ABOUT IT

Twonkey Crimscott was a professor. Choate Sigafos was a sophomore. Twonkey Crimscott was keen, cold, brilliant. Choate Sigafos was loose, vague, adenoideal. Twonkey Crimscott believed in diligence, discipline, and marking on the curve. Choate Sigafos believed in elves, Jayne Mansfield, and thirteen hours sleep each night.

Yet there came a time when Twonkey Crimscott—mentor, sage, and savant—was thoroughly out-thought, out-foxed, out-maneuvered, out-played, and out-witted by Choate Sigafos, sophomore.

It happened one day when Choate was at the library studying for one of Mr. Crimscott's exams in sociology. Mr. Crimscott's exams were murder—plain, flat murder. They consisted of one hundred questions, each question having four possible answers—A, B, C, and D. The trouble was that the four choices were so subtly shaded, so intricately worded, that students more clever by far than Choate Sigafos were often set to gibbering.

So on this day Choate sat in the library poring over his sociology text, his tiny brow furrowed with concentration, while all around him sat the other members of the sociology class, every one studying like crazy. "What a waste!" he thought. "All this youth, this verve, this bounce, chained to dusty books in a musty library! We should be out singing and dancing and smooching and cutting dildoes on the greensward!"

Then, suddenly, an absolute gasser of an idea hit Choate. "Listen!" he shouted to his classmates. "Tomorrow when we take the exam, let's all do one of us—check choice 'A' on every question—every one of them."

"Huh?" said his classmates.

"Mr. Crimscott marks on the curve. If we all check the same answers, then we all get the same score, and everybody in the class gets a 'C.'"

"Hmm," said his classmates.

"Let's get out of here and have a ball!" said Choate.

So they all ran out and lit Philip Morris and had a ball, as, indeed, you will too when you light a Philip Morris, for if there ever was a cigarette to lift the spirit and gladden the heart, it is today's new Philip Morris—firm and pure and fragrant and filled with true, natural, golden tobacco, lip end to tip end.

Well sir, the next morning the whole class did what Choate said and, sure enough, they all got "C's," and they picked Choate up and carried him on their shoulders and sang "For He's a Jolly Good Fellow" and plied him with sweetmeats and Philip Morris and girls and put on buttons which said "I DOTE ON CHOATE."

But they were celebrating too soon. Because the next time shrewd old Mr. Crimscott gave them a test, he gave them only one question—to wit: write a 30,000 word essay on "Crime Does Not Pay."

"You and your ideas," they said to Choate and tore off his epaulets and broke his sword and drummed him out of the school. Today, a broken man, he earns a meager living as a camshaft in Toledo.

©Max Shulman, 1956

At the top of the curve of smoking pleasure, you'll find today's new Philip Morris. So, confidently, say the makers of Philip Morris, who bring you this column each week.

Kappa Sig Rushes Name Miss Pledge

Joan Gilliland, Kappa Sigma pledge from Dallas, chosen Miss Pledge Wednesday night by the Kappa Sigma members. Others who placed in top five were Renee Miller, Funston, Annice Gibbs, and Lise Wood.

Girls competing and their titles were: Gamma Phi Catherine Clement and Ba McLean; Kappa Kappa Gamma Jean Gilliland and Ba Bartlett; Alpha Chi Omega, Ha Apple and Nancy Hull; Tau Alpha, Nancy Hooser; Sherry Vick; Phi Beta Phi, Lise Wood and Jean Scheper.

Delta Delta Delta, Li Shale and Janice Van-S; Kappa Alpha Theta, D. O. Pearson and Annice Gibbs; Gamma, Renee Miller and Funston; Alpha Phi, Carolyn and Marsha Wolfe; Sigma Kappa, Rose Cox and Beverly Jones.

The Kappa Sigma fall rush have for the past 25 years held a Miss Pledge. Each sorority has two contestants from the pledge group. Nancy Unger, I Delta Delta from Ft. Worth, Miss Pledge last year.

IRC Hears Talk of Foreign Services

Former Lubbockite and ex-senator William C. Jones was principal speaker at a noon luncheon yesterday sponsored by Tech's International Relations Club. The U.S. State Department representatives spoke to the group on opportunities for college students in foreign service.

Jones said the State Department estimates that seven hundred new foreign service officers will be required during next year to fill positions overseas and in Washington, D.C. The State Department will administer foreign service exams December for exam application Oct. 25.

The State Department representative, who graduated from U.S. Military Academy at West Point, entered the Foreign Service in 1946 and has served posts at Munich, France; Terrey, Mexico; Paris, France; Frankfurt on the Main, Germany.

Date Night Set At Union

Date night and bridge instead of events for the union night. The date night will be in the game room.

A Trustees meeting will be held noon tomorrow, and a recess from 2 to 5 in "the hall" are union activities set for tomorrow. Arthur Murray disc class is scheduled for 6:30 Tuesday night along with an 8 o'clock square dance in the ballroom.

Kappa Sig Rushees Name Miss Pledge

Jean Gilliland, Kappa Kappa Gamma pledge from Dallas, was chosen Miss Pledge Wednesday night by the Kappa Sigma rushees. Others who placed in the top five were Renee Miller, Kay Funston, Annice Gibbs, and Caroline Wood.

JEAN GILLILAND
...MISS PLEDGE

Girls competing and their sororities were: Gamma Phi Beta, Catherine Clement and Barbara McKean; Kappa Kappa Gamma, Jean Gilliland and Barbara Bartlett; Alpha Chi Omega, Monica Apple and Nancy Hull; Zeta Tau Alpha, Nancy Hooser and Sherry Vick; Phi Beta Phi, Caroline Wood and Jean Schepers.

Delta, Delta Delta, Linda Shile and Janice Van-Stone; Kappa Alpha Theta, Donna Pearson and Annice Gibbs; Delta Gamma, Renee Miller and Kay Funston; Alpha Phi, Carolyn Wells and Marsha Wolfe; Sigma Kappa, Rose Cox and Beverly Jones.

The Kappa Sigma fall rushees have for the past 25 years elected a Miss Pledge. Each sorority enters two contestants from their pledge group. Nancy Unger, Delta Delta Delta from Ft. Worth, was Miss Pledge last year.

Coeds Serenaded By Fraternities

Last week, fraternity pins and serenades were the order of the day. At Knapp Hall, Barbara Pearce, Delta Gamma pledge, was pledge serenaded by Phi Kappa Psi. Barbara is pinned to H. A. Sessions. Also Barbara McKinney of Gamma Phi Beta was serenaded by Phi Delta Theta at Knapp Hall.

She was given a corsage of carnations with the fraternity symbols on it.

Jimmy Copeland and Phi Delta Theta serenaded Pat Stanley at Horn Hall. Pat is a member of Zeta Tau Alpha. Lucinda Birteiel of Kappa Kappa Gamma, recently pinned to Jim Burley, a member of the Red Raider football team, was serenaded by Sigma Alpha Epsilon last Wednesday night.

BOXERS WELCOMED AT LEGION POST GYM

Tech boxing enthusiasts are invited to use the facilities of the G. S. Berry American Legion Post, according to Comm. O. L. "Iron" Head.

Workouts are held every evening, 7-10.

Drane Mixer Scheduled With Gordon Hall Tonight

Tonight from 7 until 8:30 Drane Hall residents will serve as hostesses to Gordon Hall men for the third in a series of inter-dorm mixers.

The Association of Women Students has planned two more mixers this year for Drane Hall. Oct. 2, Bledsoe Hall residents will be guests of Drane. A mixer with Doak Hall will be scheduled also.

IRC Hears Talk On Foreign Services

Former Lubbockite and ex-Techman William C. Jones was principal speaker at a noon luncheon yesterday sponsored by Tech's International Relations Club. The noted State Department representative spoke to the group on opportunities for college students in the foreign service.

Jones said the State Department estimates that several hundred new foreign service officers will be required during the next year to fill positions both overseas and in Washington, D. C.

The State Department will hold foreign service exams Dec. 8. Deadline for exam applications is Oct. 26.

The State Department representative, who graduated from the U. S. Military Academy at West Point, entered the Foreign Service in 1946 and has served in posts at Munich, Germany; Monterrey, Mexico; Paris, France; and Frankfurt on the Main, Germany.

George Lincoln asks:

What do metallurgists do in a chemical company?

GEORGE M. LINCOLN, JR., expects to receive his B.S. in metallurgical engineering from Lehigh University in 1957. George was vice president of his junior class, is active in sports, and a participant in many other campus activities. He's starting his employment investigations early, for he feels that the selection of an employer is one of the most important decisions in a man's career.

Date Night Set At Union

Date night and bridge instruction lead events for the union tonight. The date night will be in the game room.

A Toastmasters meeting will be held noon tomorrow, and a record dance from 2 to 5 in "the hole" are union activities set for tomorrow. Arthur Murray dance class is scheduled for 6:30 Thursday night along with an 8 o'clock square dance in the ballroom.

CHARLES I. SMITH, JR., received his B.S. Ch.E. from V.P.I. in 1943, served in the Navy as an engineer officer, and joined Du Pont's Engineering Department in 1946. Since then, he has advanced steadily through a number of interesting assignments at various Du Pont plants. He was recently promoted to manager of the Technical Section of Du Pont's Pigments Department.

Charlie Smith answers:

They have an almost endless variety of interesting problems to face, George. As a student of metallurgy, you know that about two-thirds of all known chemical elements are metals. Many of them are revealing valuable new applications, when highly purified on a commercial scale. Du Pont is greatly interested in several metallic and semi-metallic elements.

My own experience at Du Pont ranges from work on titanium pigments, to metallic titanium production, and to the ultra-pure silicon used in transistors. You can appreciate some of our metallurgical problems when I point out that impurities in transistor silicon have to be below one part in 100 million. That's equivalent to one pound of impurities distributed through a train of ore cars twenty miles long!

Some of our metallurgists carry out fundamental research on new metals, and, in the development stage, they frequently operate pilot plants for producing them. Other metallurgists study problems relating to engineering materials used in construction, carry out research on intergranular corrosion, or investigate fatigue relationships encountered in dynamic, high-pressure operations.

You'll find many challenging opportunities in every phase of metallurgy at Du Pont, George.

Metallurgists and Metallurgical Engineers can find some of Charlie Smith's challenging new problems described in "Engineers at Du Pont." For a free copy of this booklet write to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington 98, Delaware.

Raiders Take Week Off After Buff Loss

By ROBERT JOHNSON AND BILL SUMMEY

Toreador Sports Writers

Texas Tech's winless Red Raiders take this week off in preparation for their upcoming Oct. 27 clash with Arizona's Wildcats at Tucson.

For the first time this season, the DeWitt Weaver team may go into the game as favorites. The Wildcats, under Coach Warren Woodson, have been having a rough time in losing three while winning two.

Arizona and Tech have both played Texas Western this season to give the two teams the only basis for comparison. Tech lost 17 to 13 while Arizona dropped a 28 to 6 decision.

Guard Floyd Hood, a standout in the Raider forward wall against West Texas, is the only main casualty. He received an ankle and knee injury late in Saturday's game.

According to Coach Weaver, Hood and Guard Ray Howard, who was spiked in the hand, will both be ready for service in two weeks against the Wildcats.

Weaver also stated that Don Williams probably will remain at halfback. Williams was shifted for the West Texas game. He expressed hope that the Raiders will forget the past and improve for the future.

In the West Texas game the Buffalos of Coach Frank Kimbrough handed the Raiders their worst loss in the 21 meetings of the two teams, 34 to 14, without the benefit of one completed forward pass.

A Dad's Day crowd of 25,500, many from Canyon, watched the Buffs roll up 398 yards, all on the ground, to Tech's 250 in handing Weaver's men their fourth straight loss.

Buddy Hill, starting for the first time, was the whole show for the Raiders. He scored both touchdowns on runs of one and seven yards and added both extra points.

His efforts, however, couldn't match those of Buff Fullback Charles Sanders. Sanders tallied three times and ripped the Tech defensive wall to shreds all night long.

However, this was more than just a one man show. When San-

ders didn't run through Tech, Halfbacks Dave Corley and Ron Mills ran around them. Quarterback Bubba Hillman's skillful direction was superb, as was the entire forward wall, led by End Ken Ballard and Guard Joe Brooks.

The Raiders were plagued by fumbles and a strong Buffalo defense. They fumbled four times and lost the ball on three of those occasions. They gained a good deal of their yardage via the air, completing 11 out of 19 passes for 115 yards. But five of those passes were intercepted.

It didn't take the fired-up West Texans long to get started. They scored the second time they got the ball on a 20-yard run by Sanders at 10:19 of the first quarter. Sanders made it 14 to 0 in the second quarter on a one-yard plunge.

Then Tech marched for their

first score climaxed by Hill's sneak. This gave the partisan crowd some joy — but not for long.

With little time left in the half Corley took a hand-off from Hillman, found a gaping hole at left tackle, and danced 67 yards to make it 21 to 7 at the half.

Mills romped 25 yards early in the third period for the fourth Buff tally and a 28 to 7 lead. Then Hill's second touchdown and Sanders' third closed out the scoring.

The remainder of the game threatened at times to become a lively free-for-all as both teams mixed it up freely. It ended with the Buff rooters whooping it up and the Tech fans shaking their heads and wondering if the victory ball is going to be able to ring all this year.

The victory put the Buffalos in a tie with Texas Western for first place in the Border loop.

Intramural Notes

Deadline for entries in the Intramural Boy's Singles Tennis tournament has been moved back to Saturday with play beginning Oct. 24.

The Intramural Handball tournament will open for entries on Thursday. All entries must be in by Oct. 3. Those interested in the tennis or handball tournament should sign up at the intramural office in the Tech Gym.

An officials meeting for Touch Football Officials will be held tomorrow at 5 p. m. in the Tech Gym. All those who plan to officiate this year must be present, stated Edsel Buchanan, director of intramural sports.

BASEBALL MEETING

Beattie Feathers, head baseball coach, reminds all baseball prospects for the coming year of an organizational meeting tomorrow at 7 p. m. in the lounge of West Hall.

J. Paul Sheedy* Was A Lone Wolf Till
Wildroot Cream-Oil Gave Him Confidence

"I'm starved for affection", wailed Sheedy, "but the girls think I'm just a cur. Whenever I paws to talk to one she makes tracks for the tall timber and hides." Poor old Sheedy felt so lousy he wanted to pack up and flea. "Don't be such a shaggy dog", said his Den Mother. "Get yourself some Wildroot Cream-Oil and spruce up." Now J. Paul's the most popular wolf in the forest, because his hair looks healthy and handsome, the way Nature intended... neat but not greasy! Try Wildroot Cream-Oil yourself, in the bottle or handy tube. You'll soon be a howling success with the girls.
